Records Tumble In Third Running Of Ozona Relays

Junction Eagles Cop First Place With 38½ Points

Five records fell, another was tied, and a new event instituted at the third annual Ozona relays were held in Ozona last Saturday.

In contrast to last year's freezing weather which forced postponement and resulted in several teams having to withdraw, this year's event was held under ideal conditions as clear skies and little wind greeted a record number of athletes.

Junction's Eagles topped the team title as they chalked up 38½ points to best McCamey, who came in second with 25½ points. In third position was Fort Stockton with 22 points and in fourth place was Big Lake with 19½. Byron Ritchie of McCamey was the day's most outstanding individual as he cracked records in the pole vault and broad jump. Ritchie first broke the broad jump record with a leap of 21'6" in the prelims and then broke his own record with a leap of 21'11" in the finals.

In the pole vault, Ritchie cleared 11'2" to set a new mark and then settled for a three-way tie for first place in the high jump with a leap of 5'10" which was only one inch short of the record set by Miller of Crane two years ago.

Runner up in the individual point getting was Fort Stockton's Don Holt. Holt won the 100 and 220 yard dashes and anchored his 440 relay team to garner 11¼. Others who won two events were Dobbs of Junction who won both hurdles and McHaney of McCamey who won both the shot and the discus.

Highlight of the day for Ozona was the running of the 880 which matched Junction's fine half miler, Jerry Dutton, with Ozona's Bobby Martinez. Dutton had bested Martinez in Sonora last week with the help of some bumping that Martinez got from other runners in the first leg of the run, and it looked like Martinez was in for another hard day when he failed to draw a front lane and had to start a yard or so behind Dutton but the Ozona star pulled into a commanding lead about 220 yards from the finish and stood off Dutton to win the event and crack the record with a 2:05.9 time which is among the best in this section of the state this year.

Ozona's only other points came when freshman Jerry Jacobs won third place in the 440 yard run. Big Rayford McHaney of McCamey cracked the record in the shot with a heave of 50'5" while Dyson of Fort Stockton set a new mark in the mile run with a 4:52. For the first time since the meet began admission was charged and resulted in the largest crowds in the meet's history.

Growers Have Until April 30 to File for Wool Incentive Pay

A change in the deadline date for filing applications for payment under the wool incentive plan has been announced through the local ASC office.

Wool growers will have until April 30 to file their account sales and sign applications for payment on their 1955 wools. Claude Russell, ASC administrative officer, announced. It had been previously announced that applications had to be in by March 31.

To qualify for the 1955 incentive payments, all wools must have been sold on or before March 31, but the grower will have until April 30 to sign application blanks. Payment under the incentive plan is expected to be made to growers sometime in mid-summer.

It has been established that there will be no incentive payment on mohair for the 1955 production year, Russell said. Mohair sold above the 70-cent support price set by the Department of Agriculture.

Iraan Wins Top Honors In Ozona Volleyball Meet

Ozona Runner-Up In High School Division of Tourney

Iraan came from behind a short Ozona lead early in the first half last Saturday night to win a 19 to 11 victory and the championship of the high school division of the Ozona invitational volleyball tournament.

Previously Fort Stockton had copped the Jr. High crown with a one-sided win over Eldorado and Ackerly took the high school consolation with a well earned win over Eldorado. Iraan Jr. High copped the consolation title in the Jr. High bracket with a victory over Menard.

The Ozona high school girls had fought their way into the finals with a 45 to 10 win over Menard and a 27 to 7 win over Eldorado.

Iraan won its way into the championship finals with a 32 to 10 win over Ackerly and a 29 to 16 win over Big Lake.

The Fort Stockton Jr. High team outclassed all of its competition as they whammed Big Lake 31 to 9, Iraan 43 to 10 and Eldorado 39 to 7. Ozona's Jr. High won its initial start with a 27 to 14 edge over London but then bowed 27 to 22 to runner up Eldorado. The host team dominated the all-tourney selections by placing three members on the mythical team, they were Carolyn Stuart, Carol Friend, and Cecilia Cooke. Ackerly and Champion Iraan placed two each to round out the squad. The girls named were Patricia Iben and Wanda Williams of Ackerly and Joy Autery and Eynon Grantham of Iraan.

Products of Blind On Sale Today By Ozona Lions Club

Brooms, Mops, Ironing Board Covers, Mats In Caravan Sale

The Texas Blind Shops Caravan is in Ozona today for the annual sale of ironing boards, covers and pads, brooms, mops and floor mats, all products of Texas blind workmen in Blind Shops or Lighthouses.

The Caravan is brought to Ozona, this the second year, by the Ozona Lions Club, with a double-barreled purpose, one, to help the blind sell their products and to earn a part of the fund for its own Little League program in Ozona.

The trucks bearing the Blind Shops products will be parked in front of the Ozona postoffice all day and members of the Lions Club will make a house-to-house canvass in selling the articles. Several hundred dollars worth of the products were sold here last year and the Lions hope to better their mark today.

The profit percentage which the local club will retain from sales will go into the club's fund to support its part of the Little League program this summer. The Lions have assumed responsibility for paying the salary of the director of Little League activities this summer. So, be ready to buy your next year's supply of brooms, mops etc., to help the blind and to support the Lions in their Little League endeavor. And, by the way, the stuff is something of a bargain at that.

Also, each team graded ten animals as to slaughter market value. The Ozona team was under the supervision of M. A. Barber, vocational agriculture teacher in Ozona High School.

The Concho district includes schools in Wall, Blackwell, Bronte, Robert Lee, Sterling City, Big Lake, San Angelo, Eldorado and Ozona. First year chapters in the district are Wall, Sterling City and Ozona.

TS-GRA Officials Urge Rancher Support In Good-Will Visit

R. B. McCord of Coleman, president, and Ernest Williams of San Angelo, secretary of the Texas Sheep & Goat Raisers Association, paid a good-will visit to Ozona Wednesday afternoon, meeting and chatting with ranchmen and other friends in the office of the Ozona Wool & Mohair Co.

Mr. McCord voiced hope that more Crockett County ranchmen would become members of the growing association during 1956. This county, he said, is somewhat under the percentage of most other counties of this area in memberships and he urged careful consideration by ranchmen of this most aggressive grower organization.

"The Association is instituting a new method of electing directors at the next annual meeting," Mr. McCord said. "The state is now being divided into ten districts, (Continued on Last Page)

CLEAN-UP WEEK

Frequently visitors to our city, tourists passing through or salesmen here on business stop at this newspaper office, come to ask questions about the town or area, or to find out certain facts about the town or its people.

Nearly every one of these strangers who visit our office at one time or another in the course of the conversation comment on what a beautiful town Ozona is, how clean its streets and yards, and, of course, about its pretty homes.

These comments on how "clean" the town is, is somewhat intriguing inasmuch as many towns we have visited are "clean" after a fashion, although many, we must admit, are anything but. Ozona, however, is different in many ways. It's clean appearance, its well kept yards and gardens, its neat parks and public buildings, its attractive stores, all reflect the pride of a people, pride in their home town. And that makes an impression on visitors, a far departure from the sloppy appearance some towns of comparable size present.

A clean town has been something of a community project in Ozona for nearly a half century. It has been under the leadership of the women's organizations of the town that Ozona has been kept "clean" conscious through the years. And that's not meant to reflect in any wise on the community spirit of the men, but an annual clean-up drive, such as that coming next week, sponsored by the Women's Club and the Women's Forum this year, is something like a revival meeting -- a springtime focus of attention on the town's appearance and a cooperative ef-

fort to pick up all its faults. It becomes an all-out effort to get every tin can and every rubbish pile, moved to the dump ground, and every weed-littered vacant lot and every disorderly alley and side street cleaned and made attractive.

For you, the newsmen in Ozona, it may be a new experience, this interest of your neighbors in the appearance of your premises, but remember it's a friendly interest and a community-wide interest and it's an interest that is well understood by those of us who have lived here long. So, if some lady calls you on the phone and reminds you it's clean-up week, she's not necessarily singling out your premises as needing cleaning -- she's more or less playing missionary and indoctrinating you with the community pride which has made Ozona "the best place on earth to call home." But she's also reminding you that Ozona is going to have a thorough housecleaning next week, a once-a-year clean-up that is designed to ferret out all of those messy accumulations we have been intending to haul off but never got around to, and a week in which every household will be expected to give a close look-see at its immediate surroundings and take advantage of the free hauling service to be provided by the county to get rid of rubbish and trash.

You may think your place looks pretty orderly, and you may think you don't have any trash. Every housewife spends hours every day keeping her house in order, but just the same she gives it an extra thorough going-over at least once a year, that Spring house cleaning every husband knows about. A town's the same. It needs a good going over every now and then. Let's give our town one next week.

For the construction of a building for Crockett Co., Ozona, Texas, hereinafter called the Owner, in accordance with the Plans and Specifications, and Contract Documents, prepared by, and which may be obtained from, John Linn Scott and Associates, Architects, 406 West 17th Street, Austin, Texas, will be received by the Commissioners Court at the County Court House, District Court Room, Ozona, Texas, until 2 p. m., April 6, 1956. These bids will then be publicly opened and read aloud. Any bid received after the closing time will be returned unopened.

Proposals will be received on the Building for all General Construction, Electrical, Plumbing, Heating, Ventilating and Air Conditioning, as a combined bid. Cashier's Check, certified check, or acceptable Bidder's Bond, payable to the Owner, in an amount not less than five per cent (5%) of the largest possible total for the bid submitted.

Attention is called to the fact that there must be paid on this Project not less than the general prevailing rates of wages for all classes of laborers and mechanics in the City as required by law. In case of ambiguity or lack of clearness in stating prices in the Proposal, the Owner reserves the right to adopt the prices written in words, or to reserve the right to reject any or all bids and to waive any formalities.

Plans and Specifications may be examined without charge in the office of John Linn Scott and Associates, Architects, 406 West 17th Street, Austin, Texas and may be procured from him upon a deposit of Twenty-five (\$25.00) Dollars as a guarantee of the safe return of the Plans and Specifications. A German allegory tells of two little girls. They had been playing together in a strange garden, and soon one ran to her mother full of disappointment.

"The garden's a bad place, Mother," she complained.

"Why, child?" asked the mother. "I've been all around, and every rose tree has sharp, long thorns on it, and they scratch me." Soon the second little girl came in breathless.

"O Mother, the garden's such a delightful place!" she exclaimed. "How so, my child?" inquired the mother.

"Why, I've been all around, and every thorn bush has lovely roses growing in it, and they smell so nice."

And the mother wondered at the difference in the two children.

THE STORY OF EASTER

The greatest festival of the Christian church commemorates the Resurrection of Jesus Christ. It is a movable feast, that is, it is not always held on the same date. The church council of Nicaea, A. D. 325, decided that Easter should be celebrated on the first Sunday after the first full moon on or after the vernal equinox (March 21). Easter can come as early as March 22 or as late as April 25.

In many churches, Easter is preceded by a season of prayer and fasting, called Lent. This is observed in memory of the 40 days fast of Christ in the desert. In the Western church the Lenten season is from Ash Wednesday until the noon of Holy Saturday—the day before Easter. These six weeks and four days included 40 fasting days, since Sunday is not a fast day. In the Eastern churches, Lent extends over eight weeks, and they do not observe Saturdays as fast days.

"Ash Wednesday gets its name from the practice, in the Roman Catholic Church, of putting ashes on the foreheads of the faithful, to remind them that "man is but dust" and that he must do penance. The second Sunday before Easter is "Passion Sunday," and the week following is now usually called "Passion Week," though Passion Week originally meant the week before Easter. "Palm Sunday," one week before Easter, commemorates the triumphant entry of Christ into Jerusalem. Churches are decorated with palms, and in Roman Catholic churches palms are blessed and distributed. Holy Week begins on this day. Holy Thursday, or Maundy Thursday, commemorates the Last Supper of Christ with his

disciples. Good Friday commemorates the Crucifixion.

The Easter service is the most elaborate of the church year. The message, "The Lord is risen," is expressed in ceremonies, prayer, and music. Besides the elaborate church services, sunrise services are held outdoors in many places. Some of these have won national fame because of the beauty of their surroundings.

Many and various are the Easter customs that have been brought to the United States from the Old World. The white lily, the symbol of the Resurrection, is the special Easter flower. Colored eggs and rabbits have come from pagan antiquity as symbols of new life. The Easter Monday egg rolling on the lawn of the White House, a custom of European origin is said to have been introduced by Dolly Madison in Washington.

In many Catholic countries, Lent is preceded by a carnival season. Carnival means flesh, farewell, and this is a time for merrymaking.

The name Easter comes from the ancient Anglo-Saxon goddess of spring, Easter or Ostara, in whose honor an annual spring festival was held.

LOOKIN' AROUND

Hello there!

Everyone has been pretty busy lately with track, volleyball, and the one-act play. The play was given Friday and even though we did not win the play was still great in our eyes. We have two outstanding performers in our school. Roy Mann was chosen to the All-Star cast, while Carol Blackstone received an honorary mention.

Saturday, both the track meet and volleyball tournament was held in Ozona. The finals in track were at two that afternoon. Even though we did not win the meet, we are proud of Bobby Martinez, Jerry Jacobs, and the rest for their fine show.

The girls also seemed to have an interest in the finals. Saturday night, Ozona lost to Iraan for championship and won second place. Though winning second place we placed three girls on the All-tournament team. These were Carolyn Stewart, Cecilia Cooke, and Carol Friend.

I almost forgot! Our FFA boys attended a contest in San Angelo and came out on top. Congratulations boys!

From the looks of all reports, Ozona had a very busy week-end. Don't you agree?

Now for a bit of good news. School will be out on Thursday for Easter Holidays and will take up again on Tuesday.

Until next time — Happy Easter

FHA NEWS

We are now practicing on a play which will be presented as a program for our meeting then possibly for assembly. Alleane Young, Janie Ruth Adams, Dartha Melton, and Marilee Dale are the characters in the play. It is really hilarious and we hope you can see it. Mr. Leath has been very helpful to us in judging try-outs and working with the girls.

Famous bulletin from Mobilgas Economy Run

FORD WINS IN ECONOMY TOO!

V-8 WINS CLASS A

In this year's Economy Run a new Ford V-8, with Fordomatic, was the official victor over every car in its field, with a winning average of 47.7643 ton-miles per gallon. This means that the sturdier, heavier Ford carried more weight, with greater gas economy per pound, than any car in its field.

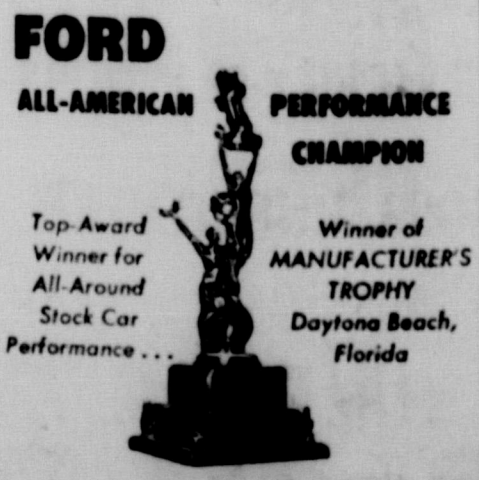

This latest Ford victory was scored over a rough and rigorous 1,468.8-mile route running from Los Angeles to Colorado Springs. Through the heat of Death Valley and over chilling mountain heights . . . through gas-eating city traffic and over the straight-

line open road . . . Ford proved anew its traditional reputation for economical performance.

The winning Ford was a regular-production model taken right from the assembly line. It was no different than thousands of '56 Fords you see on the road and in dealer's showrooms. This proves that Ford, the Performance, Style and Safety leader, leads in Economy, too! That adds up to four big reasons why the '56 Ford is worth more when you buy it, while you drive it, and when you sell it, too!

The "ton-mile" formula is used by contest officials to insure equal chance for all cars in each class, regardless of size or weight. Ton-miles per gallon equals the car weight (including passengers) in tons, multiplied by the number of miles traveled, divided by number of gallons of gasoline consumed.

Test Drive the Economy Winner . . . '56 Ford

**Community Ambassador
To Turkey Is Speaker
At Meeting of Clubs**

Members of the Ozona Woman's Forum and the Ozona Woman's Club met jointly Tuesday evening in the Methodist fellowship hall to hear Miss Dephane Tabor, 1955 community ambassador from Midland, Texas, to Istanbul, Turkey.

The meeting was opened with an invocation by Mrs. N. W. Graham. Mrs. Austin Millspaugh, program leader, introduced James Rollins and the high school choral club. The group sang four numbers, accompanied at the piano by Mary Jo Ward. Miss Tabor was accompanied to Ozona by Miss Sue Pickhaber of Midland who was a guest of the local clubs.

Miss Tabor was born in Eden, Texas, was graduated from high school in Midland and from Baylor University in 1955. She was selected by a committee of members from various Midland civic clubs to be Midland's community ambassador during the summer of 1955. She said that her ability to adapt to a new and different environment was considered the most necessary trait by the committee.

She sailed from New York in June to live with an upper middle class family for three months in Istanbul. The family consisted of the mother, father, a son about 12, and a 19-year-old daughter, the last the only one who spoke English. They lived in a four-room apartment in downtown Istanbul.

Miss Tabor showed colored slides and described experiences in connection with the scenes. The audience was taken on a tour of Turkey, a little smaller than Texas, from the modern city to the barren plains where tribes of illiterate migrant workers go from wheat harvest to olive groves to fruit orchards.

It was obvious that Miss Tabor had grown quite fond of her adopted family and they of her. She said that the experience had revealed to her that the Turkish people, although differing from us in a few minor ways such as dress and social customs, but essentially we are all alike and to love any foreign peoples we need but to know them.

Hostesses for the evening were members of the entertainment committee from the Woman's club, Mrs. H. B. Tandy, Mrs. Eldred Roach, Mrs. J. W. Henderson, Jr., and from the Woman's Forum, Mrs. Bill Clegg and Mrs. B. B. Ingham, Jr. Miss Tabor was presented with a corsage and a gift.

Members present from the Woman's Club were Mrs. N. W. Graham, J. A. Fussell, Frank McMullan, Joe Pierce, Jr., Roy Killingsworth, L. B. Cox, Jr., Charles Williams, Sr., Hubert Baker and O. L. Sims. Members from the Woman's Forum were Mrs. James Childress, Charlie Black, Joe Tom Davidson, Dempster Jones, Jess Marley, Beecher Montgomery, Marshall Montgomery, C. O. Walker, N. D. Blackstone, and Mrs. Blackstone's mother, Mrs. Eddie Williams, of San Saba.

Fine Ram For Flock**

Don and Betty Jack Cooper, Crockett County 4-H Club members, have bought the Rambouillet ram which was second in the yearling class at the San Angelo junior breeding sheep show.

This ram was owned by Carlos Loeffler of Sonora. He sheared 26 pounds of 5½-inch staple wool. He weighed 185 pounds, shorn.

The Cooper youngster, children of Mr. and Mrs. Pat Cooper, will put the ram with about 30 dry ewes right away so they can have some early fall lambs.

The Coopers also have eight steers on feed for the next season's shows.

The Ranch Feed & Supply will give away 3,000 chickens to its customers on April 10. The company will give 20 chicks to each purchaser of one or more 25-pound sacks of Purina Chick Startena. The awards will be made at 9.

divided according to sheep and goat population, and directors are to be chosen by the growers themselves in each of the districts, based on Association membership as to the number of directors.

"This plan, we think, will bring the Association closer to the membership and will result in a more virulent leadership. Your own T. A. Kincaid, Jr., first vice president, by precedent is slated to succeed me as president next year and all of us would like to see a fine membership record for Crockett county."

The TS&GRA has served as the watch dog for the sheep and goat industry on all fronts and through its work the industry has gained many advantages that it would not otherwise have secured, the visiting officials pointed out. Membership may be secured by authorizing the warehouse handling a grower's wool to deduct 50 cents per bag from his wool and mohair for membership dues

Crockett Prospector Recovers Oil On Test

An unidentified discovery has been indicated in Crockett County with the recovery of oil on a drill-stem test at Cities Service Production Co. No. 1 University, in 8-44-Barnhart and 1 1/2 miles west of the Block 44 Shallow field.

On the two-hour test between 5,860-950 feet using 1 by 3/8-inch chokes, recovery was 600 feet of slightly oil and gas-cut mud, 90 feet of heavily oil and gas-cut mud and 10 gallons of 32 gravity oil.

Flowing pressure was 75-290 pounds; 15-minute shut-in pressure, 1,975 pounds.

The project was drilling below 5,950 feet-in time.

Johnny Meybin, son of Mr. and Mrs. Robert Meybin, Jr., of Pennsylvania is visiting his aunt and uncle, Mr. and Mrs. Charles E. Davidson, Jr., until after Easter. Mrs. Meybin was the former Miss Dixie Davidson.
