Agreements Signed By SCS And County On Flood Control

Estimate Construction May Start On Plan in Three Months

Local sponsoring organizations and representatives of the Soil Conservation Service signed agreements after a conference here Wednesday morning accepting the Johnson Draw flood control project as outlined, thus clearing the way for early submission of the plan to Washington.

W. T. Moon, assistant state Conservationist, and Paul Kenner, survey party chief, met with members of the Board of Supervisors of the Crockett Soil Conservation District, the Crockett county Commissioners Court and the court appointed special flood committee to make the formal action clinching the cooperative project.

The complete work plan and financial agreement will now be prepared and on January 27 a conference will be called to meet in Ozona to submit the outline of the project for review by the Corps of Army Engineers, the U. S. Geological Survey, the State Board of Water Engineers and the Federal Land Board to assure that there will be no conflict with any plans of these agencies.

After this conference, the plan will then be ready for submission to the Washington office of the Soil Conservation Service for approval and final corrections. This time, the plan will be printed in a final edited form for distribution and action by the various departments of government and by the Congress and finally by the Budget Bureau and the President.

The Johnson draw watershed control plan as submitted is designed to give 86 percent protection of the annual average damages over the entire watershed above Ozona, the SCS representatives explained. This 86 percent protection is compared to the originally proposed 50 percent protection as outlined in the first agreements. Such a percentage of protection of the upper watershed would afford complete flood protection for the town of Ozona from rain and flood similar to that which struck in June of 1954, costing 16 lives and millions in property damage.

To speed up detailed surveys of some of the structures contemplated in the control plan and thus to have at least one or more of such structures ready for construction as soon as funds become available, Crockett county offered the present use of approximately 4,000 left over from the original \$25,000 advanced by the county for the survey and work plan by the SCS.

Actual construction costs as estimated in the work plan will be little under \$800,000. Although the county's original commitment was to put up 25 percent of the cost or not to exceed \$200,000, the county and sponsoring representatives.

College Opera Group To Present "Trial By Jury" Here Tonight

The Howard Payne College Opera Workshop production of "Trial By Jury" will be presented tonight at 7:30 in the high school Auditorium. The play, sponsored by the Ozona Music Club, is one of the many popular comic operas composed by the Englishman of John Gilbert and Arthur Sullivan.

The Opera Workshop this year is under the direction of Dr. William Hargrave, who joined the Howard Payne faculty in 1955 after a successful career as a singer and teacher in New York. Dr. Hargrave has sung on radio and has been a member of the Metropolitan Opera Company.

Also on the program will be a short recital by The Rose Petals, a chorus composed of Howard Payne College girls, directed by Dr. Hargrave. Admission will be 1.00 for adults and 50 cents for students.

Ross Perner, Member Pioneer Crockett Co. Family, Dies In Ariz.

Ross Hart Perner, 66, member of a pioneer Crockett county family, but who has resided in Arizona for more than 30 years, died at noon Tuesday in a Phoenix hospital where he had been under treatment since suffering a heart attack about three weeks ago.

Funeral services were held at 3 o'clock Thursday afternoon from the family home in Phoenix, with burial in the Phoenix cemetery.

Mr. Perner came to Crockett county in his early youth with his parents, the late Mr. and Mrs. Phil Perner. He attended public schools here and entered the ranching business in Arizona in his early manhood. He had retired from active ranching a year ago and at the time of death he was loan inspector for the Valley National Bank of Phoenix. He was first vice president of the Arizona Cattle Raisers Assn. He was married March 6, 1912 to Miss Maude Love in Sierra Blanca.

Surviving are the widow and four children, Mrs. Chas. Prehal, Mrs. Homer Pettigrew, R. H. Perner, Jr., and Phil Perner, all residents of Arizona; two brothers, Paul and Stephen Perner of Ozona; six sisters, Mrs. W. R. Baggett, Mrs. Hugh Childress, Mrs. Max Schneemann and Mrs. Roy Henderson, all of Ozona, Mrs. Boyd Cox of Rankin and Mrs. Louise Murchison of Fort Stockton; ten grandchildren and a number of nieces and nephews.

Attending the funeral from Ozona were Mr. and Mrs. Stephen Perner and P. C. Perner, joined by Mrs. Murchison of Fort Stockton.

16 Teams Poised For 25th Annual Cage Tournament

Silver Anniversary To Honor Ozona Coaches Of 25 Year Period

The twenty-fifth annual Ozona invitational basketball tourney is scheduled to get under way at the Davidson Memorial Gym next Thursday Jan. 19 as sixteen teams seek the coveted title.

The powerful Sonora Bronces will face the Rankin Red Devils in the opening game scheduled to start at 1 p. m. Rankin has been a power in the tourney for the past few years while Sonora has been one of the weak sisters, but this year indications are that things will be different.

An attractive Thursday night program will feature games between Ozona and Junction at 7:30, Rock Springs and Menard at 6 p. m. and ACC high school against Mason at 8:40.

Newcomers to the tourney this year will be ACC high school replacing Crane and Del Rio replacing San Angelo B.

Last year's tournament set several new scoring marks for the 1956 representatives to shoot at. Charles Dixon of Rock Springs broke both the single game individual record and the individual tournament record. Dixon looped in 47 points against Eden and rang up a total of 114 points during the course of Rock Springs' drive to the Consolation title. Billy Fuffman of the champion McCamey Badgers came very close to Dixon's mark by tallying 46 points in a game against Mason.

The team scoring mark also fell as McCamey tallied 230 points in 4 games to crack the old mark held by Rankin. The single game team total of 78 points held by Lakeview stood up for the year however.

An added attraction this year will be a twenty-fifth anniversary award to all the Ozona coaches who have coached Ozona teams in the tourney.

Teams represented in the tourney this year will be: Ozona, Junction, Rock Springs, Menard, Big Lake, McCamey, ACC, Mason, Del Rio, Eden, Eldorado, Lakeview, Sonora, Rankin, Iraan, and Uvalde.

Commissioners Leave County Salaries At Same Level As 1955

Crockett county Commissioners, meeting in the first session of the new year Monday, took stock of county finances with a look toward the year's needs and made preliminary plans for coming projects.

Charged under the law with fixing salaries of county officials and employees at the first meeting each year, the Court Monday set county salaries for the new year at the same figure as last year. The only exceptions were slight raises for a few county road employes who had served the time required to entitle them to slight raises in pay scales.

Breeding Sheep, Calves Spotlight County 4-H Show

Interest High At 9th Annual Show & Sale Here Saturday

Return of fat calves to the show and the spotlight turned on breeding sheep with mounting interest in this division, added two years ago, highlighted the ninth annual Crockett county 4-H Club Livestock Show here Saturday at the Ozona Wool & Mohair Co.

Breeding sheep numbers this year were more than double a year ago and as evidence of mounting interest among club members in breeding classes, some 14 members have around 500 registered sheep.

Champions of the breeding sheep division this year were a two-tooth Rambouillet ram, bred by R. O. Sheffield, and shown by George Bunger, Jr. and a two-tooth Rambouillet ewe, bred by Miles Pierce and shown by Jay Miller.

In the fat calf division, included for the first time since 1950, ten-year-old Betty Jack Cooper showed her 1,200-pound Hereford calf, "Banjo" to the championship and won second place with another calf. Her brother, Don, showed the first place lightweight calf. There were seven calves entered in the show.

In the fat lamb division, with 140 entries, Mark Baggett showed the champion finewool lamb and the champion Southdown and won a first with another finewool lamb. Crossbred honors went to Erby Chandler who also won the pen of three crossbred champion to win permanent possession of the Nathan trophy by virtue of three wins in a row. Penn Baggett showed the champion Southdown crossbred and won the pen of three reserve championship with three finewool lambs.

The showmanship award went to R. J. Everett in the senior division and to Bob Childress in the junior division.

In the sale following the show, Tom Smith paid the top price of \$3 a pound for grandson Erby Chandler's crossbred champion. Second high price of \$2.25 a pound was paid by the Ozona National Bank for Mark Baggett's champion.

Bachelor Judge First In Hospital's History To Have Stork Shower

It was an accident that sent Crockett county's bachelor judge to the hospital for treatment of a ruptured blood vessel in his eye.

But when crowded conditions in the hospital made it necessary for him to be bedded down in the maternity ward, it was a planned prank on the part of the hospital nurses and staff to arrange a stork shower in his honor. Pink and blue were the predominating colors as hospital staff members and some hastily summoned friends gathered to decorate the judge's room in little booties, diapers, teething rings, rattles and all the familiar dainties commonly associated with such a "condition."

"I guess I make history as the first bachelor ever to get a baby shower," the judge commented.

Howard M. Lemmons Announces Candidacy For County Attorney

Howard M. Lemmons, Ozona attorney, this week authorized announcement of his candidacy for the office of county attorney of Crockett county, subject to action of the Democratic primaries this summer.

In a prepared statement, Mr. Lemmons announced his candidacy and outlined his qualifications. The statement follows:

"I would like to submit my candidacy for the office of County Attorney of Crockett County to the voters of the County at this time.

"I have been engaged in the practice of law in Ozona for almost two years and am most desirous of obtaining the experience in office that the position of County Attorney would give me.

"As most of you know, I have lived in Ozona all of my life with the exception of time out for my education and five years of military service in World War II and the Korean war.

"My wife and I are very happy that we have made Ozona our home and sincerely desire to enter into any and all community projects working toward the betterment of Ozona.

"I feel that I am well qualified for the office of County Attorney at this time and I, therefore, earnestly hope to merit your consideration and support in the forthcoming July elections and will deeply appreciate any and everything my friends may do for me."

Delgado Named On AP All-State Football Team

Ozona Guard Wins Top Honors; Mike Clayton Wins Mention

Juan Delgado, stellar Ozona guard and linebacker was placed on the Associated Press All-state Class A football eleven Tuesday.

Delgado a 170 pound senior had an outstanding season with the Lions this season and was chosen one of the Captains of the 1955 district championship ball club. He was chosen on both the offense and defense first teams in the 1955 All-district selections.

In addition to his outstanding athletic career at the Ozona high school, Juan has been a strong student, making above average grades. In addition to football Juan is a guard on the basketball team and a member of the Ozona track squad.

The selection of Delgado as a member of the mythical team marks the first such selection for a Ozona player since the school moved into class A.

Mike Clayton, the Lions 170 pound fullback, was selected for honorable mention along with Pete Perry, the fine Menard back, while another member of the first team was George Johnson the superb Sonora back. The selection of Johnson and Delgado gave district 6-A two representatives on the first eleven.

Crockett Voters Almost Unanimous In Bond Approval

Thumping Majority Given All Propositions In Tues. Election

Crockett county voters Tuesday turned in a whopping majority in favor of a \$200,000 bond issue to finance this county's part in a joint plan with the U. S. Soil Conservation Service to provide a flood control plan for Johnson Draw whose rampages in past years was climaxed in June of 1954 with a record overflow which cost 16 lives here and an estimated 12 millions in property damage.

The one-sided vote favored the plan almost to a point of unanimity, 389 voting in favor of the project with 12 registered in opposition. The day's total vote turnout, limited, of course, to property taxpaying voters, was 408, an unusually large response to an issue on which there was apparently little prior controversy. The discrepancy between the total vote registered and the total count in favor of and opposed to the issue represents mutilated ballots by confused voters.

The companion proposition on the same ballot with the bond issue question to levy a 30 cent ad valorem tax for retiring the flood control bonds fared almost as well as the bond proposition. A total of 375 votes were registered in favor of the tax and 20 against.

On a separate ballot, a proposal to permit the county Commissioners Court to re-allocate county fund levies for more flexibility in use of county tax revenue, the voters registered another thumping approval, 381 in favor of the plan and 22 opposed.

The bond issue was submitted with the limitation of not more than 20 years for the issue and the tax not to exceed 3 1/2 percent. Actually, the Commissioners Court probably will set a shorter term for the bonds to be retired and the issue, in the light of previous experience with bonds of this county, will probably sell for a much lower interest rate than that specified.

Oddly enough, eleven of the twelve opposition votes to the bond issue came in the four voting places within the town of Ozona, with only one registered in the other seven boxes outside the town. The courthouse box registered 143 for the bonds and 3 opposed; the precinct 2 box in the junior high school had 72 in favor and 3 opposed; the Precinct 3 box in the North Elementary registered 89 for and 3 against, and the precinct 4 box at the South Elementary went 59 for and 2 opposed.

Dixon Mahon Seeks Re-Election To Post Of County Attorney

Dixon Mahon this week authorized announcement of his candidacy for re-election to the post of county attorney of Crockett County. Mr. Mahon is now serving his second term in that office and will be seeking a third term in the 1956 elections.

In launching his campaign for re-election, Mr. Mahon submitted the following prepared statement:

"In announcing my candidacy for re-election to the office of County Attorney, I solicit the continuing support of all Crockett County citizens. With your good will, cooperation and confidence, this office has been able to satisfactorily dispose of most of the problems with which it has had to deal. My primary obligation has always been to serve you with the best of my abilities. I believe, and I hope you feel, that this task has been done well.

"I will deeply appreciate your vote and assistance."

Jerry Beasley, son of Mr. and Mrs. Sam Beasley, center on the district champion Ozona High School football team last year and a senior in high school, was hospitalized this week suffering from an attack of rheumatic fever.

TIGHTENING THE LAWS IS FINE, BUT HOW ABOUT OPENING THE BOOKS?

In all the talk about the land scandals, the insurance scandals, the stealing of public funds — not one mention has ever been made by anyone in the public office concerned that if laws had been passed requiring publication of legal notices about such transactions these events would not have happened. Public Notices serve to expose such operations, and so long as publication is not required there will continue to be thievery, crookedness and bilking. If it had been mandatory that the land department, for example, advertise the fact that said land had been bought by said veteran and that he had therefore taken advantage of the state's generous offer — there would be no so-called "bulk" sales. The people in the community where that veteran lives would have been notified that he had entered into said contract. He himself would have known what was going on in his name. In fact the fear of publicity would have stopped it before it started. When grafters are exposed to public view, the graft ends. An insurance company, newly formed, should be required to publish a notice in every community it serves — listing its officers, stockholders and cash assets. Any new corporation that applies for a permit to do business in the State of Texas should be required by law to publish a notice of intent to incorporate, to print the name of the incorporators, stockholders, officers and directors, and report its assets. All of this is just good business. Safe business — for the state and for the citizens of the State.

Not Wealthy... Just Wise!

Most people think that the gentleman who owns and drives a new Cadillac must necessarily be blessed with an abundance of this world's goods. But the truth of the matter is that a great many motorists of relatively modest means—like the happy man you see here—sit at the wheel of the "car of cars."

For wisdom and practicality lead to Cadillac—just as surely as prominence and prosperity!

Listen, for a moment, to this remarkable assembly of facts—and see if you don't agree.

The Series Sixty-Two Coupe . . . the beautiful and inspiring motor car pictured above . . . costs just a few dollars more than many cars in the "medium-price" bracket.

Cadillac's dependability is so extraordinary that the car is virtually free from all but the purely routine requirements of service.

A Cadillac stretches a gallon of gasoline over so many miles that it is actually the rival of much smaller, lighter cars in this regard.

And a Cadillac will retain its value over the years better than any other automobile in the land.

The conclusion is, we think, self-evident: Cadillac ownership is not only wonderful and thrilling—but sound and sensible as well.

Why not stop in soon for a look and a ride? You'll discover the most beautiful Cadillac ever built . . . the finest-performing Cadillac of all time . . . and the greatest value in Cadillac history.

That's Cadillac's magical combination for 1956—and it's waiting for you now in our showroom.

The little girl didn't like to go to the dentist. (Who does?) Her father handed her a quarter with the promise that she could keep it if she would be quiet and obedient in the dental chair.

Throughout the entire ordeal she was an ideal patient, holding the coin up in front of her and gazing intently upon it. When he had finished his work, the dentist complimented her and then concluded: "I could tell by the way you stared at that quarter that you really wanted to earn it." His little patient replied: "O, no sir, I wasn't thinking about the money; I was reading over and over, "In God we trust."

Perhaps you have heard that old story, but will agree that it needs repeating in our days. We have engraved that motto on our silver coins for generations. Last year it was printed on a new design of the three-cent postage stamp. Do we really mean it?

Taken from an article by George W. Redding

COMIN' AND GOIN'

Hi there! How about some news from the ol' Lion's Den? And believe me, the horrors and thoughts connected with a lion's den certainly go along with the idea of OHS, this week. (mid-term test, you know.)

It seems as if the cold, cruel world that revolves around dear ol' Ozona High isn't so cold after all. Anyway that is how Susie, Martha and Carol B. are finding it. They have stepped out into it, to find a man. Martha is going with a Mr. Sonny Henderson.

Susie welcomed a new comer to town, Mr. Hob Jeans. And we all know that Carol is going with Mr. Earl Berry. However in these couples there are several gripes. Martha is upset about playing second fiddle to a new dog belonging to

Sonny. Susie's competitor is the pool hall, as Hob seems to have home-steaded there. In the next couple, it seems to be the other way around. Earl is the one playing second fiddle. He has found out that Carol's travels come first. Oh, well kids, give a little and take a little.

Thanks to the above report, there is a certain boy who is now foot loose and fancy free. This is none other than ol' "Lou". Which one of you lucky females is going to latch on. The only thing to remember is, just be sure it is one of you that latches on. It can get kinda crowded with three in a pick-up.

Hey! What's the deal Miss Friend? What do you mean keeping everyone guessing? One night Brock, one night Carl and how about Babo? Suppose you settle-down to one and give the rest of the girls a chance!!

Well, OHS is different in a lot of ways, but you don't really know just how different. You know, some lucky high schools have youth centers to "hang out" in, some go to drug stores and some even go to cafes. But where does OHS go to read funny books, play games and catch up on the latest gossip? To a hospital room! Yes sir, nothing ordinary about this school. It has been rumored that this was originally the room of an ill Jerry Beasley. Come to think of it, he is there a lot, but I don't know.

Liz and Tooter and Pat & Roy have a new sport now. Horse back riding. You may have noticed that Liz has stood up during every class this week. Well this is why. It seems as if there was a little accident. Liz said that she jumped off of the horse. Tooter said that she fell off and Roy said that the horse pitched her off. Anyway the idea is this; Liz and the horse were disconnected.

Earl D. and Alma I. have found a very delightful way to study now. Together! Just how effective it is in connection with the tests, is yet to be seen, but the idea is good anyway.

The word "together" reminds us of some one else. Mike and Carolyn. Yes, the word "together" describes them perfectly. How long has it been now kids, that you have been going steady? Months anyway.

Tune in next week, same day, same paper, for more of the latest around the students' Heaven, Ozona High School.

QUESTION OF THE WEEK

January is inventory time. Time to take stock of what you haven't done and the things you want to do. So here are some of the answers we got after asking this question, "What are your New Year's resolutions?"

Mr. Leath — Sonner or later I'm going to choke Brock Jones.

Mary J. Word — To get twelve hours of sleep after the mid-terms!
 Jon Burton — I don't make those things.

Jim Burton — Not to exaggerate!
 Carolyn Stewart — I don't have one 'cause I just make 'em and break 'em.

Jake Young — To quit choking on crisp shots.

THESE ARE IMPORTANT PEOPLE IN YOUR LIFE

Dear Friends

The people in the picture in this advertisement are Humble researchers on their way to work in Humble's Houston Research Center.

They are important people in your life, because their studies and their constant experimentation have only one purpose: to supply your increasing needs for oil and natural gas.

At the Houston Research Center, they pool their efforts to make the finding and production of oil and natural gas more efficient. And since they are top people in their different fields, their work has met with notable success.

It has helped to make the Humble Company not only the largest but also one of the most efficient producing companies in the country.

The new ideas, new methods and new practices developed by Humble researchers have resulted in the discovery of new reservoirs of a valuable natural resource; in making these reservoirs more productive; and in prolonging their life for your future benefit.

Sincerely

HUMBLE OIL & REFINING CO.

he sat out most of the last half
while reserves maintained the Lion
lead. Lloyd West contributed 13

For the Red Devils Bob Hudson
and Glen Welling scored 15 and
13 respectively with the final

The car says GO and the price won't stop you!

*Invest in Dependability...
get a Bonus in Go!*

You can buy it on its name alone—
this big, high-powered '56 Pontiac—
and be safe in the knowledge that
you couldn't have made a better
investment in years of dependable,
carefree motoring.

The good things you've been hear-
ing about Pontiac for years assure
you that.

But "go" is the word for '56! Per-
formance so new and dramatic it
must be experienced to be believed!

A short spell behind the wheel will
nail that statement down as a fact.
Come along for a drive and see.

Waiting for the light to change,
you can't hear the engine. But touch
your toe to the accelerator and in a
split second there's a torrent of
power, sparked by the most advanced
engine of them all—the blazing 227-
h.p. Strato-Streak V-8.

Team this terrific power plant
with Pontiac's all-new Strato-Flight
Hydra-Matic* and you've got the
smoothest take-off that ever bright-
ened a highway.

And remember—this easy hand-
ling dream is actually among the
biggest, huskiest cars built!

Now for the final test—head for
the open road and some landmarks
you can challenge. Wipe out a hill.
Straighten a curve. Smooth out a
stretch of rough road that's bothered
you for years.

Now see why they're calling this
the greatest "go" on wheels?

More than that—it's the greatest
buy on wheels! And that too, is easy
to prove.

Then take a look at the price tag—
a check on our deal.

Nothing will stop this powerful
beauty from being yours!

*An extra-cost option.

You can actually have a big, glamorous Pontiac 860 for less
than you would pay for 44 models of the low-priced three!

Agreements —

(Continued from page one)

Representatives agreed to offer the \$200,000 as the county's part of financing the project. The overall cost of the plan was estimated at \$1,107,186, which includes administrative costs, land preparation and other fixed costs.

With estimates of one month required for approval and printing of the plan for submission to governmental agencies, and another two months during which the plan is being considered by Congress and other agencies, final approval and budgetary provisions for its financing are expected in time for actual letting of contracts by early summer.

16 Teams Poised —

(Continued From Page One)

Last year's defending champions, the McCamey Badgers, do not figure to be a title threat this year since graduation took all five of last year's starters. Big Lake, Sonora, and Del Rio seem to be the favored teams in this year's chase but upsets can and often do occur and none of the favorites seem to be so strong as to be immune from such a blow.

As usual, trophies will be given for first, second and third places and consolation with statuettes given to those selected for the all-tourney and most outstanding awards.

Last year's most outstanding award went to Tom Hunt of Lakeview.

Miss Mildred North will be in charge of housing and registration and the Senior class will have charge of the concession stands in the gym.

Season tickets for the tourney are now on sale at the high school for \$3.50 and \$2.00 with Thursday night's prices on the tourney duets dropping to \$3.00 and \$1.75, Friday morning to \$2.50 and \$1.50, Friday afternoon \$2.25 and \$1.25 and Friday night's final sale of tourney tickets for \$2.00 and \$1.00.

Without season tickets the seasons will be 50 cents and 25 cents with the final session being 75 and 50 cents.
