## Crack Ropers Of Area Compete In Sunday's Show

### Local and Out-of-Town Performers Put On Top-Notch Show

Crack calf ropers from a wide area of West Texas gathered here last Sunday to participate in the free-for-all roping contest, one in a series being sponsored each Sunday afternoon at the fairgrounds by the Ozona Roping club.

More than 20 ropers in all, including members of the club and other Ozona lasso twirlers, took part in the afternoon's entertainment program, which drew a large crowd of spectators. The events of the afternoon included two tie-down contests, a calf belting, calf breakaway and two matched ropings.

Vic Montgomery, roping club president, hung up the best time of the afternoon in the calf tie-down roping, 12.9 seconds, to win first money in the second tie-down contest of the afternoon. T. J. Brannon of Comstock was second in that event with a time of 14.6, and James Kinney of Comstock third in 14.8.

Dee Harrison of Vinegarroon was first in the free-for-all tie-down opening the day's events. His time was 17.6. In addition to the money prize, Harrison drew a head stall given by the Ozona Boot and Saddlery. Walton Poage of Stiles was second in 17.9, to win second money and a basket of groceries donated by J. H. Williams & Son, and Fred Barrett of Comstock was third in 18 flat to win an automobile compass given by Wilson Motor Co. Riley Branch of Stiles was in sixth place to win a Fitch gift set given by Ozona Drug Co.

In the calf belting contest, Vic Montgomery again topped the field of 21 ropers in 9.7 seconds to win the pot and an electric lantern given by Joe Oberkamp. Riley Branch was second in 19 seconds to win a basket of groceries given by Piggly Wiggly, and Doug Poage, brother of Walt, took third and a bottle of hair tonic from the B. and B. Barber Shop. Again a sixth place prize was offered, and Walt Poage took it in 13.9 for a pocket knife given by the Foxworth-Galbraith Lumber Co. Ted Powers and Walt Poage tied for first place in 4.4 seconds (Continued on Last Page)

## Pool Opener On Hoover Prepares To Go On Pump

### Well Made 21 Barrels In Six Hours Of Swabbing

Moore Exploration Co. No. 1 A. C. Hoover was preparing yesterday to go on the pump, opening a new pool in the western part of Crockett county, the third in the past two months. Tubing and rods being run in the well yesterday and a concrete block set for a pump jack.

The well is bottomed at 2,150 feet. It was shot recently with 360 quarts of nitroglycerin from 2012 to 2145 feet. It swabbed 21 barrels of oil in six hours on a recent test. Location is 1,980 feet from the south and west lines of section 16-1-H&TC Ry. Co.

The Hoover well is about ten miles east of the Soma Oil and Gas Syndicate's discovery producer on the W. T. Noelke ranch along the Pecos river on the western edge of the county. A second strike in the area, the Moore and Olson discovery well on the Noelke ranch, is five miles west and two miles south.

M. and M. Drilling Co. No. 1 Bouscaren estate, a mile north and slightly east of the Soma discovery well, had drilled past the point where 7-inch casing was recently cemented, at around 1,500 feet, with no show of oil, it was reported.

## Steel Chairman

Irving S. Olds, elected chairman of the board of the U. S. Steel corporation, to succeed Edward R. Stettinius Jr., who resigned to serve with national defense commission.

## Showers Wind Up In General Rain Over West Texas

### Crockett Gets From Half to 3 Inches In Monday Fall

After a series of showers that hopped and skipped about over the ranch lands of West Texas for the past several weeks, bringing bountiful moisture to some areas and skipping others, old J. Pluvius settled down to a policy of impartiality Monday with the result that general rains drenched a wide sector of the West Texas ranch area. The persistent showers, bringing rain in varying quantities over a wide area, had already put ranges in most of Crockett county in the best condition in five or six years, ranchmen report. Monday's general fall was a fitting climax to the showers, for not only did sections already well seasoned get more moisture, but areas that had heretofore been comparatively dry or even suffering from drouth were drenched.

The heaviest fall reported from the early morning rains of Monday was from a sector heretofore missed by the rains, the area west of Ozona, particularly along the Pecos river. Roger Dudley, Morris Dudley, the Ingham brothers, Elton Holland, Hugh Childress, Jr., and other ranchers on the western and southwestern edge of this county and the other side of the Pecos reported rains from an inch and a half to three inches.

To the south, T. A. Kincaid, Jr., Marbury Morrison and others who had received rain in recent showers but less than neighboring places, report falls of approximately an inch and a half Monday.

The fall measured a half inch in Ozona as recorded on the Joe Oberkamp gauge. Ozona has received less rain than some sections of the county during the recent frequent downpours, but the June total to date stands at two inches.

## Angelo Woman, Baby Hurt In Car Wreck South Of Barnhart

Mrs. R. S. (Slim) Starling of San Angelo suffered minor cuts and bruises, and her small daughter suffered a broken arm when the car in which they were returning to San Angelo overturned about eight miles south of Barnhart on the Ozona-Barnhart road Tuesday afternoon. Another woman passenger in the car was uninjured.

Mrs. Starling and baby were brought back to Ozona where they were given emergency treatment, Mr. Starling coming here to take them back to San Angelo.

### VISIT IN WEST VIRGINIA

Mrs. Ray Dunlap and son, Basil, left Tuesday for Welch, W. Va., where they plan to visit Mrs. Dunlap's son-in-law and daughter, Mr. and Mrs. B. W. Stuart, for two weeks. They also plan to visit relatives in Cairo, Ill., before returning to their home.

## Mother Cat Adopts Tiny Baby Rabbit Given Her To Eat

Another one of those Ripley stories was enacted on Joe Davidson's Helbing ranch the first of the week when a mother cat, with three kittens, adopted a baby cottontail rabbit which had been given her for food.

The story is told by Joe Thomas Davidson, who handed the baby rabbit to the mother cat, and then watched her hover over it and finally clamp her teeth behind its ears and carry it off to deposit it with her own brood.

The tiny rabbit had been accidentally dug from a shallow burrow by a workman at the ranch. Two of the rabbits were in the litter and one was killed by the workman's hoe. The other Joe Thomas took to the mother cat, thinking it would be a choice meal for her. A few minutes later he looked back to see the rabbit comfortably sleeping between the cat's forepaws. Later he saw her carefully gather up the little orphan between her teeth and carry him to her brood, and an examination some time later showed the stranger with a well filled stomach.

## Baptist Brotherhood Holds Monthly Social

Members of the Brotherhood of the Baptist church met at the church Tuesday night for their monthly social. Ice cream and cake were served.

Present were Willie Joe Hubbard, Roy Keith, Paul Brown, Cecil Hubbard, O. W. Smith, W. E. Dunlap, Troy Williams, Joe Billy Keeton, J. T. Keeton, Leslie Nance, Griffin Miller, Claude Day, Drennan Slaughter, Lowell Littleton, Ted Doggett and Rev. Clyde Childers.

The program next Tuesday night is in charge of Cecil Hubbard and the lesson will be taken from the Brotherhood quarterly.

## Only One Game Played In Week Softball Wars

### 3 Postponed Games Remain After Schedule Ends Tonight

| The Standings |    |    |      |
|---------------|----|----|------|
|               | W. | L. | Pct. |
| Williams      | 4  | 3  | .571 |
| Water Works   | 4  | 3  | .571 |
| Laundry       | 5  | 4  | .556 |
| Humble        | 2  | 5  | .286 |

Rain caused postponement of two games, and a matched game with a team from Iraan displaced another, leaving only one game played during the past week in the city softball league.

When the Water Works dropped a game last night to the Laundry squad by a count of 7 to 5, it left the two teams who are still in a tangle over a game that was ended in a tie score by a scorer's error tied for first place in league standings, the Williams and Water Works teams. The game in controversy was played June 12, the scorer announcing the game won by Williams only to find later that the score was tied. Williams had runners on first and third and only one out. Until final settlement of the controversy and award of the game officially, the game is not counted in standings of either team.

The first half of the league schedule ends tonight with a game between Williams and Humble teams. However, three other games are yet to be played, one between the Water Works and Humble, one between Williams and the Water Works besides the disputed game, and one of the Laundry and Humble. The first half winner could be decided by these games.

J. W. Owens reports Monday's rain was lighter at his place and at Jeff Owens than in surrounding areas.

## Census Figures Give Ozona And County Increase

### Preliminary Count For City Gives Total of 2246; Gain of 96

While many cities and towns of West Texas have shown appreciable losses in population with report of the 1940 count over figures for the 1930 census, Ozona and Crockett county both show gains in population in preliminary reports of the sixteenth decennial census made public the first of this week from the office of Harold M. Fennell, district supervisor of the census, with headquarters at Midland.

Figures in the preliminary count show Crockett county with a population of 2,811 against 2,590 as of April 1, 1930. This is a gain of approximately 8 1/2 per cent in population in the ten-year period.

The city of Ozona shows a gain slightly under that for the county as a whole. The preliminary figures place Ozona's population at 2,245 as compared with 2,150 in the 1930 count, a population gain of approximately 5 per cent.

It is pointed out in the district office report that the preliminary figures are subject to correction in the final count, but the reports are believed to be substantially correct.

The enumeration in this county was made by Bryan McDonald. The district supervisor was delayed in making the appointment of a local enumerator and the organization was unable to secure additional help in making the count. As a consequence, the census enumeration was delayed several weeks over that in surrounding counties. Mr. McDonald suffered a broken ankle in a softball field accident during the period of the enumeration, this accident resulting in some additional delay.

### DR. MCINTIRE INJURED

Dr. F. T. McIntire, former Ozonan, is recovering in a San Angelo hospital from injuries suffered early Monday when his car collided with a truck in East Angelo. Dr. McIntire suffered abrasions about the face, chest and knees, but the injuries were described as not serious.

Miss Lillian Baggett has as her house guest this week Miss Jenny Tolbert of Austin.

## Iraan Softball Team Nosed Out Ozonans 1 Point

### Picked Teams Matched In Game Here Tuesday Night

A team of Iraan softballers nosed out a picked crew from Ozona's league team players by one tally in a matched game under the lights at Powell field here Tuesday night.

At about the halfway point in the game, it looked as if the Ozonans had the game in a sack, a bundle of errors, walks and a few well placed hits having given the locals a lead of 9 to 2. But the visitors, having tried two pitchers, ran in a third who leveled down on Ozona hitters, and the invaders in turn started to work on Slim Davidson and Henry Potthast, who relieved Davidson. It was up and down from then on, the visitors coming up with a one-run lead when the final frame had been chalked up.

The starting line-up, picked by Vic Montgomery as team captain, included Arthur Kyle, catcher; Slim Davidson, pitcher; Paul Phillips, first base; Conley Cox, second base; Maurice Cox, shortstop; Vic Montgomery, third base; Beecher Montgomery, left field; R. E. Spears, center field; Vaughn A. Brown, right field and Joe Friend, short field.

## Interned by Nazis

P. G. Wodehouse, British humorist, and his wife (shown) were giving a cocktail party in Le Touquet, French channel coast town, when the Germans came along. He was interned, but his wife was allowed to leave.

## Mrs. Easterling, Resident Here 35 Years, Dies

### Funeral Thursday For Former Publisher Ozona Paper

Funeral services were held at 6 o'clock Friday afternoon for Mrs. Clemmie Easterling, 64, who died at her home here at 7:10 o'clock Friday morning following a prolonged illness. Services were conducted from the residence and at the graveside by the Rev. Clyde Childers, pastor of the First Baptist church. Burial was in Cedar Hill Cemetery under the direction of the Joe Oberkamp funeral directors.

Pallbearers were Madden Read, Joe T. Davidson, George Russell, Lamar Casbeer, Ray Deland and Herman Karger.

Mrs. Easterling, widow of the late Will C. Easterling, had been a resident of Ozona for approximately 35 years. Both she and Mr. Easterling were pioneer publishers of weekly newspapers in Ozona, Alpine, Midland and other West Texas towns in the early days.

Before the turn of the century, Mrs. Easterling, who was then Miss Clemmie Dodson, bought the Ozona paper, then the Ozona Courier, which she operated, with the assistance of her brother, Ed Dodson, until about 1907. In that year she sold out the paper and moved to Alpine, where she bought the Alpine Avalanche. From there she went to Big Spring to edit the Big Spring Enterprise. It was there that she met Will Easterling, himself a capable printer and publisher, and they were married in that city in 1910.

They returned to Ozona three years later to again publish the Ozona paper, changing the name of the publication in that year to its present name, the Ozona Stockman. Mr. and Mrs. Easterling published the Stockman until (Continued on Last Page)

## Mrs. M. J. Dunlap Marks Off Her 82nd Birthday Today; Crockett Resident But One Year Short of Half Century

Mrs. M. J. Dunlap, one of Crockett county's earliest settlers, celebrates her eighty-second birthday today.

"Mother" Dunlap, as she is known to children, grandchildren and friends alike, was born in Murray county, Georgia. The family later moved to Alabama, and when she was nine years old, they moved to Texas, settling in Comanche county. In 1891, Mrs. Dunlap came with her husband, the late D. B. Dunlap, to Crockett county. In the following year they witnessed the organization of

## DEAL CLOSED FOR AIRPORT WEST OF CITY

### Couch Lands Selected As Site For County Owned Field

## CLEARING STARTS Hangars, Other Modern Improvements Contemplated

Establishment of an airport four miles west of Ozona on the Old Spanish Trail was assured this week with completion of negotiations for lease by the county of a 269.6-acre tract of land out of the ranch holding of Mrs. S. E. Couch bordering the highway.

The site was selected by a committee named by the county Commissioners Court composed of Commissioners E. R. Kinser and Rob Miller. The deal for lease of the tract was made with C. W. Meadows of San Angelo, Mrs. Couch's son-in-law, who represented her in the transaction.

Clearing of the land preparatory to grading of the runways and fencing off the selected site is scheduled to begin at once, county officials here announced. Three runways are to be constructed at once, and if needed a fourth will be added, according to preliminary plans for the airport announced by Commissioner Kinser.

Crossing runways are to be built northeast to southwest and northwest to southeast. An east and west runway will be built on the north side of the tract, just south of a narrow strip to be fenced off and reserved for building sites, including hangars, and other necessary buildings, automobile parking space, etc.

Should it become necessary in the future, a fourth runway, running east and west, and longer than the one on the north side, can be built on the south edge of the plot, the commissioner pointed out.

The site selected extends approximately 3,000 feet along the highway and will be somewhat (Continued on Last Page)

## Ropers Were Evenly Matched In Sheffield Calf Roping Contest

One of those oddities in the rodeo arena occurred last Saturday in the calf roping event at the Sheffield rodeo, staged Friday and Saturday afternoons.

The oddity was in the close time scores of winners of first, second and third places, but two-tenths of a second separating first and third place holders, and one-tenth of a second difference in each place. Doug Poage of Stiles took first place in 14.6 seconds. His brother, Walt Poage, was second with 14.7 seconds, and Vic Montgomery of Ozona was third with 14.8 seconds.

Kay Black, P. C. Perner and Ted Powers were other Ozonans taking part in the Sheffield roping contests. Powers won third place in the two-day average, and Montgomery took fourth position in averages.

## Mrs. M. J. Dunlap Marks Off Her 82nd Birthday Today; Crockett Resident But One Year Short of Half Century

Mrs. M. J. Dunlap, one of Crockett county's earliest settlers, celebrates her eighty-second birthday today.

"Mother" Dunlap, as she is known to children, grandchildren and friends alike, was born in Murray county, Georgia. The family later moved to Alabama, and when she was nine years old, they moved to Texas, settling in Comanche county. In 1891, Mrs. Dunlap came with her husband, the late D. B. Dunlap, to Crockett county. In the following year they witnessed the organization of

Crockett county and cast their lot permanently with the growing ranch empire. Still in good health and still enjoying life to its fullest, Mother Dunlap indulges her favorite pastime of reading and visiting with her children, and giving her chickens careful attention. Mrs. Dunlap has seven living children, all of them living in Crockett county except one, Walter Dunlap, who ranches in the Sheffield country. Others are Mrs. A. C. Hoover, Mrs. O. W. Smith, Mrs. Will Miller, Ray Dunlap, Mrs. A. E. Deland and W. E. Dunlap.

THURSDAY, JUNE 27, 1940

### Reasonable Cost

Monahans built a beautiful, modern swimming pool, complete with handsome bath houses, concessions, concrete walks and chlorinating plant for approximately \$12,000. A Sonora man built a 50 by 100-foot pool, with dressing and rest room facilities, concessions and concrete walks, all not extremely elaborate and without the circulating purifying system, but nevertheless meeting state health department requirements and providing healthful, body-building amusement to young and old alike, for around \$3,500.

Such cost figures seem trifling compared to the benefits this community would derive from a swimming pool. And it's a pretty fair guess that a move to provide one would meet with as nearly 100 per cent support from the people as any undertaking that could be suggested.

### Cooperative Effort

Successful conclusion of a cooperative effort to obtain airplane landing facilities for Ozona is an example of the results possible when people are of one mind for the advancement of the community interest.

The landing field is a much needed improvement for this community, and members of the Commissioners Court and cooperating citizens are to be congratulated on their successful effort to provide one. Its importance may be magnified later in the face of United States preparedness efforts, but whether or not the army ever finds the field important to its scheme of national defense, it will be well worth the cost of the community in providing this much needed modern facility.

Hitler thanks God for his successful war against France. But it is likely that he will continue to pin much of his faith on tanks, bombing airplanes, big guns and "fifth columnists" for any additional advantages he might seek.

### WHISTLING IN THE DARK

### Back to Earth

The United States seems to be turning away from all kinds of "isms" and back to the fundamental theory of our government namely, a free people and individual opportunity—a government to protect, not to compete with its own citizens in business.

To quote the President, "Private industry will have the responsibility of providing the best, speediest and most efficient mass production of which it is capable."

There can be no question of the desire of American industry to cooperate to the limit of its ability with our government to attain unprecedented heights of efficiency and service to the end that America may swiftly be provided with the best defense system in the world. And there should be no question of the willingness of our public servants, from the executive down, to cooperate with private enterprise in order to guarantee the successful completion of that gigantic task.

It has taken a world calamity to reawaken our people to the vital role which private enterprise plays in our national life. The men, the machines, the resources, and the technique which private enterprise has developed, are our first line of defense. The great industries of America made possible the highest peacetime standards of living for all—and out of these industries, staffed with free men working under a free enterprise system, must come our weapons of defense.

The time when we could afford socialistic experiments to the destruction of private enterprise—if we ever could afford them—has passed. The national defense is the first and foremost duty of the federal government in its determination to perpetuate the American way of life.

mentals of democracy if we are to survive as a free and secure people where government is the servant, not the master of its citizens.

The war in Europe and the rest of the world is a thing of consuming interest, but after all, our daily business must be carried on as usual if we intend to continue to eat.

### TAXES LOST THROUGH SOCIALISM

Tennessee communities that have suffered millions in tax losses by kicking out highly taxed private electric companies and substituting largely tax-exempt TVA power, have been asking Congress for federal funds to recompense them.

Why should the federal government recompense local communities for taxes lost when they deliberately destroy their tax-paying industries? The obvious answer is, it shouldn't—either make up such deficits by raising the rates of public power plants to pay taxes, or raise the tax rates on remaining taxable property.

# Wilson Motor Co. Leases Filling Station, Service Dept.

## Buddy Moore Gets Station; A. Trull Mechanical Dept.

### Wilson To Devote Entire Time To New, Used Car Sales

Filling station and mechanical service department of the Wilson Motor Co. passed into new hands this week with the closing of a deal whereby Andy Trull, mechanic for the concern the past several years, becomes lessee and manager of the service department and Buddy Moore, employed with his brother in the local wholesale agency of the Humble Oil and Refining Co. takes over management of the filling station.

Lee Wilson, manager of the motor company bearing his name, in announcing the deal leasing the two divisions of the company's service to the individuals, simultaneously announced that he would concentrate on sale of Buick and Pontiac new cars and used cars.

Mr. Moore in taking over the filling station, bought all stocks of the Wilson Motor Co., including accessories, tires and tubes, and new auto parts.

J. P. Pogue, employed as front man and salesman for Wilson, will continue in charge of the filling station under Mr. Moore's ownership. J. K. Colquitt, also experienced in the work, will assist Pogue. Moore will continue his connection with the Humble whole station.

In the mechanical department, Mr. Trull will supervise all mechanical work. He has taken the contract to do all service on Wilson Motor Co. cars.

#### BIRTHDAY PARTY

To compliment her son, Norris on his sixth birthday, Mrs. J. P. Pogue entertained with a dinner Monday at the home of Mrs. A. C. Hoover.

Present were Bobby Smith, Doris Busby, Doris and Walter Allen Williams of Miles, Toots Hill and Willa Joyce Dowdy.

## Use Caution In Acquiring Suntan Advice of Doctor

AUSTIN.—"Use caution in getting your suntan this season" is the advice of Dr. George W. Cox, state health officer.

"Under a misconception as to the amount of sun they can take without ill effects, many persons thoughtlessly submit their unprotected faces, backs and legs to over exposure to sun and suffer painfully, sometimes seriously, as a result," Dr. Cox pointed out.

Restraint in acquiring a suntan is advised. Exposure of ten minutes the first day should be ample, and the amount of time spent in the sun can be increased on a day-to-day basis as the skin becomes accustomed to sunlight.

Advising sun-bathers to "learn their limits" Dr. Cox further pointed out that individual differences may determine the length of time that a person can stay in the sun without being burned. Before becoming too ardent over prolonged sunbathing, one would do well to remember that many a vacation or weekend has been ruined because the blistering and illness-producing power of the sun's rays on tender skin was insufficiently appreciated.

Some persons are susceptible to sunburn but don't tan; other individuals tan over a longer or shorter period, but the same general rule applies to all—"don't overdo."

Most sunburns, according to Dr. Cox, are similar to first-degree burns, but some, as the result of over-exposure, reach the blistering stage characteristic of a second degree burn.

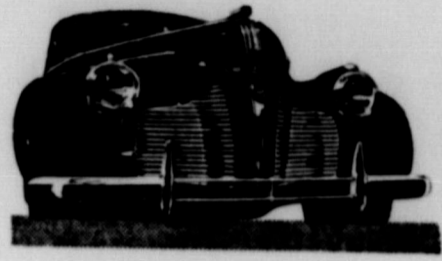

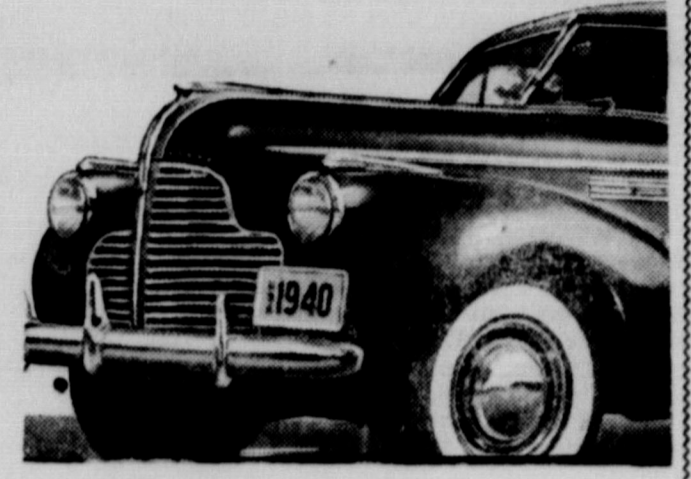

Mr. and Mrs. Joe Hull and children, Jane, Joanne and Bob, former residents of Ozona, now living in Carthage, Texas, visited friends here over the weekend.

Mr. and Mrs. Ma-sie West and children, Joyce, Ann and Bob, have returned from a vacation of several weeks at Galveston.

Mrs. Vera Baker spent the weekend in Dallas visiting her son-in-law and daughter, Mr. and Mrs. Edwin Bower.

### We Turn Our Attention Exclusively To the Sale Of...

## Buicks and Pontiacs

In order that I might devote my entire attention to the sale and servicing of new BUICK and PONTIAC automobiles and used cars, I have this week closed deals for leasing my service and repair shop and the Humble filling station heretofore operated in connection with the automobile sales agency.

HENCEFORTH, the service department will be under the management of Andy Trull, a competent mechanic, who will maintain the same high class service. In our deal, we have made arrangements for the same service for all our new cars and reconditioning of used cars, so that there will be no inconvenience to our customers in getting the same high grade and prompt service on BUICKS and PONTIACS.

In charge of the filling station and parts department will be Buddy Moore, who will continue the services of J. P. Pogue and J. K. Colquitt in catering to your service needs.

### Our Business Is Automobiles—NEW AND USED!

We are now in position to give you a better deal in cars. If you are considering a new car, let us demonstrate BUICK or PONTIAC. If you are in the market for used cars, we have some dandies that will save you money and give you trouble-free service.

## Meeting Your NEEDS for MECHANICAL SERVICE

IT IS with a great deal of pleasure that I announce to my friends in Ozona and Crockett county that I have leased the service department of the WILSON MOTOR CO. and am now prepared to give complete service and repairs on all make of automobiles.

We will continue the authorized service of new BUICK and PONTIAC cars sold by the Wilson Motor Co., and to offer all patrons careful, skilled workmanship in the service and repairing of ALL make cars. I shall make every attempt to render the same kind of service that has been delivered by this shop under Mr. Wilson's management and to do every job in the knowledge that it must satisfy you or we do the job again. As always, every job carries our unconditional guarantee.

To old customers, we invite your continued patronage, and to those who have not tried our service, we ask only for a trial.

## HUMBLE PRODUCTS

are by no means new to me, but serving them to the retail trade is new. But that is now to be my new role and I hope that I can carry it to the complete satisfaction of my friends in this area.

I have purchased the stock of gas, oil, accessories and new parts from the Wilson Motor Co. and henceforth will operate the Humble filling station at the same old stand.

J. P. Pogue and J. K. Colquitt will be actively in charge of service at the station. We will offer you the same high class service to which you have been accustomed at Wilson Motor Co., and if there is ever anything lacking we trust you will make known to us your needs or your complaints without delay. It shall always be our aim to serve you to your perfect satisfaction. If we do not do so, you have only to tell us.

To my friends in Ozona and surrounding territory, I extend a cordial invitation to visit the Wilson Motor Co. Humble Station. We guarantee you will be pleased.

### Lillian Baggett Complimented With Round Of Parties On Eve Of Wedding

Miss Lillian Baggett, whose marriage to Hiram S. Brown of Austin will take place at the Methodist Church here next Sunday afternoon at 4 o'clock, has been complimented at a number of social affairs here since recent announcement of her betrothal. Affairs in which she was named as honoree during the past week are described in the following:

Complimenting Miss Lillian Baggett, bride-elect of Hiram Brown, Mrs. Joe Davidson entertained with a luncheon at her home Friday noon. The tables were centered with nosegays of pink and white sweetpeas and a profusion of gladioluses in rainbow colors were used in the house decorations. The honoree was presented with a silver bell.

Present were Miss Catherine Childress, Miss Mary Alyce Smith, Miss Sue Kate Irby of Dallas, Miss Mary Louise Harvick, Miss Lurinne Townsend, Miss Mary Frances West, Miss Betty Lou Coates, Miss Posey Baggett, Miss Margaret Harris, Miss Helen Lanham of Stephenville, Miss Crystelle Carson, Miss Donna Beth Hill of Camp Wood, Miss Dorothy Drake, Miss Elizabeth Coose, Mrs. Buddy Moore, Mrs. James Baggett, Mrs. Robert M. Neal and Mrs. Monroe Baggett.

In honor of Miss Lillian Baggett, Mrs. Tom Smith, Mrs. Early Chandler and Miss Mary Alyce Smith entertained with a bridge party at the Smith home Friday afternoon with five tables of

players. Shasta daisies decorated the house and a salad plate was served.

Mrs. Joe Pierce won the high score award. The bingo prize went to Mrs. James Baggett and Miss Mary Frances West won the traveling gift. Miss Baggett was presented with two cups and saucers to her dishes.

Present were Mrs. Dempster Jones, Mrs. James Baggett, Mrs. Buddy Moore, Mrs. Robert M. Neal, Mrs. Monroe Baggett, Mrs. Joe Pierce and Misses Catherine Childress, Mary Margaret Harris, Helen Lanham of Stephenville, Mary Louise Harvick, Sue Kate Irby of Dallas, Billie Gene Linthicum, Lurinne Townsend, and Donna Beth Hill of Camp Wood.

Miss Dorothy Drake, Mrs. Pon Seahorn, Mrs. Buddy Moore and Mrs. Bruce Drake entertained with a dinner and bridge party at the Seahorn ranch Saturday afternoon to compliment Miss Baggett. Sunflowers decorated the house.

Miss Baggett won the high score trophy and Miss Lurinne Townsend won the low score gift. Miss Posey Baggett was awarded the bingo prize and Miss Billie Gene Linthicum was given the traveling award. The honoree was presented with a salad set.

Present were the honoree and Misses Donna Beth Hill of Camp Wood, Helen Lanham of Stephenville, Lurinne Townsend, Mary Margaret Harris, Crystelle Carson, Betty Lou Coates, Posey Bag-

### Friend-Phillips Wedding Plans Told At Rocksprings Party

Announcement was made of the engagement and approaching marriage of Miss Ima Jean Phillips, daughter of Mr. and Mrs. John D. Phillips of Rocksprings, to Bill Friend, son of Mr. and Mrs. Harry J. Friend when Mrs. Phillips entertained Saturday in her home.

A color scheme of pink and green was used in flowers and refreshments, and dahlias furnished decorations. In the house party from Ozona were Bill and Joe Friend and Miss Dorothy Drake.

gett, Billie Gene Linthicum and Mary Alyce Smith.

Mrs. James Baggett and Miss Elizabeth Coose were hostesses at buffet luncheon and bridge party Tuesday afternoon at the Baggett ranch when they honored Miss Lillian Baggett. A profusion of gladioluses in pastel shades were arranged throughout the house.

Mrs. Bill Childress won the high score prize and Mrs. Dempster Jones was awarded the low score gift. Bingo trophy went to Miss Mary Frances West.

Present were Misses Lurinne Townsend, Mary Margaret Harris, Bess Parker, Billie Gene Linthicum, Mary Alyce Smith, Mary Frances West, Crystelle Carson, Posey Baggett, Betty Lou Coates, Catherine Childress, Jo Nell Coose and Mrs. Jake Miller, Mrs. Dempster Jones, Mrs. Monroe Baggett, Mrs. Robert M. Neal, Mrs. Sherman Taylor, Mrs. Bill Childress, Mrs. Paul M. Hallcomb, Mrs. Joe Sellers Pierce III, and Mrs. Steve Coose.

Miss Lurinne Townsend honored Miss Lillian Baggett with a game party Wednesday morning at the home of Mrs. Hubert Baker. Shasta daisies were used to decorate the house. The honoree was presented with a pickle fork to her silverware.

Punch and cookies were served from a lace covered dining table, the crystal punch bowl being surrounded with morning glories.

Present were Misses Posey Baggett, Elizabeth Coose, Mary Alyce Smith, Mickye Couch, Mary Margaret Harris, Catherine Childress, Crystelle Carson, Mary Frances West, Jenny Tolbert of Austin, Mrs. Robert M. Neal and Mrs. Monroe Baggett.

Guests wore the aprons that they were to present to Miss Baggett when Miss Betty Dudley and Mrs. Roger Dudley honored the bride-to-be with an apron shower and breakfast at the Dudley home Wednesday morning.

Present were Misses Jenny Tolbert of Austin, Elizabeth Coose, Mary Alyce Smith, Mary Frances West, Mary Margaret Harris, Catherine Childress, Lurinne Townsend, Crystelle Carson, Mickye Couch, Posey Baggett and Mrs. Monroe Baggett.

The Ira Carson home was the setting for a luncheon given Miss Baggett Monday noon when Miss Crystelle Carson and Mrs. Ira Carson were hostesses to three tables. Games of "Lillian" and "Hiram" were played with blocks. Prizes were given Mrs. Monroe Baggett for high and Miss Betty Dudley for low.

Orange and white cut flowers decorated the house. A sandwich and relish dish set was presented the honoree.

Present were Misses Sue Kate Irby of Dallas, Mary Louise Harvick, Elizabeth Coose, Catherine Childress, Mary Alyce Smith, Mary Frances West, Eloise Carson, Billy Jo West, Posey Baggett, Betty Dudley, Lurinne Townsend and Mrs. James Baggett and Mrs. Monroe Baggett.

Mrs. Joe Clayton and Mrs. Charles Williams entertained with a bridge party at the Williams home Wednesday afternoon in honor of

### DOROTHY DELL FENNER ENJOYS BIRTHDAY PARTY

Mrs. O. Z. Fenner entertained with a birthday party honoring her daughter, Dorothy Dell, at the Fenner home at the Texas-New Mexico pipeline station Monday afternoon.

House games were enjoyed by the group of youngsters. The dining table was centered with a birthday cake of dark icing, with white candles and holders. Pictures were made with the children standing around the table holding balloons and white sticks of candy.

The following guests were served ice cream and cake: La Ferne Nance, Doris Busby, Patsy McDonald, Judy White, Rosalie Friend, Kay Kirby, Nickie Scheel, Billy Joe McDonald, Donald McDonald, Aileen Cooke, Kerry Tandy, Joan Fenner, Billy Jean Johnson, Mrs. Scheel, Mrs. Clyde Johnson and Mrs. Leslie Nance.

Miss Christine Currie, nurse at the Shannon hospital in San Angelo, is visiting her mother, Mrs. Ola Currie.

Miss Lillian Baggett.

High score prize went to Miss Posey Baggett and second high trophy was given to Mrs. Arthur Kyle. Mrs. G. L. Neersta won the traveling prize and the honoree was presented with a sandwich tray in her crystal.

Shasta daisies, roses and lilies were used in the house decorations and a salad plate was served.

Present were Mrs. Philip Lee Childress, Mrs. Bill Baggett, Mrs. Sidney Millsbaugh, Jr., Mrs. Robert M. Neal, Mrs. Buddy Moore, Mrs. G. L. Neersta, Mrs. Paul Perner, Mrs. Monroe Baggett, Mrs. Rex Russell, Mrs. Arthur Kyle, Mrs. Hugh Childress Jr., and Misses Mary Louise Harvick, Elizabeth Coose, Mary Margaret Harris, Wanda Watson, Posey Baggett, Lurinne Townsend and Jennie Tolbert of Austin.

### Harvicks Honor Guest At Barbecue Supper And Dance

To honor their guest, Miss Sue Kate Irby of Dallas, Mr. and Mrs. S. M. Harvick and Mary Louise entertained with a barbecue supper and dance Thursday at their ranch home.

Attending were Bill Seahorn, Isabel McMikal, Martin Harvick, Mayfair Jones of San Angelo, Joe Thomas Davidson, Donna Beth Hill, Bess Parker, Tommy Harris, Dorothy Hannah, P. C. Perner, Billie Gene Linthicum, Jack Baggett, Crystelle Carson, James Childress, Catherine Childress, Kirby Moore, Dorothy Drake, Joe Friend, Ora Louise Cox, Shorty "Bill" Colquitt, Mary Alyce Smith, Charles Williams, Gem Ella Dudley, J. K. Colquitt, Charlotte Hamilton, Maurice Lemmons, Betty Dudley, Ann Harvick, Jim Ad Harvick, Taylor Deaton, William Beecher Montgomery, Miles Pierce, Scott Peters, Ad Harvick, Mr. and Mrs. Buddy Moore, Mr. and Mrs. Paul M. Hallcomb, Mr. and Mrs. Marbury Morrison, Mr. and Mrs. Jake Miller, Mr. and Mrs. Bill Childress, Mr. and Mrs. Morris Dudley and Mrs. Bud Kincaid and Mr. and Mrs. Victor Pierce.

Mr. and Mrs. A. O. Fields and daughter, Barbara, are enjoying a two-weeks vacation trip. They will visit friends and relatives in the Texas Valley and then make a swing through North Texas and into Oklahoma.

### THE METHODIST CHURCH Eugene Slater, Minister

Calendar of services: Sunday school, 9:45 a. m. Morning worship, 11 o'clock. The pastor will return Friday. A cordial invitation is extended to all to attend services of this church.

### RECENT GRADUATES HONORED AT DANCE

Mrs. Bill Conklin and Mrs. Alvin Harrell honored Miss Betty Jane Ingham and Jim Dudley with a dance at the fairgrounds Saturday night and Mrs. Will Baggett entertained with a swim and supper at her ranch home earlier in the evening.

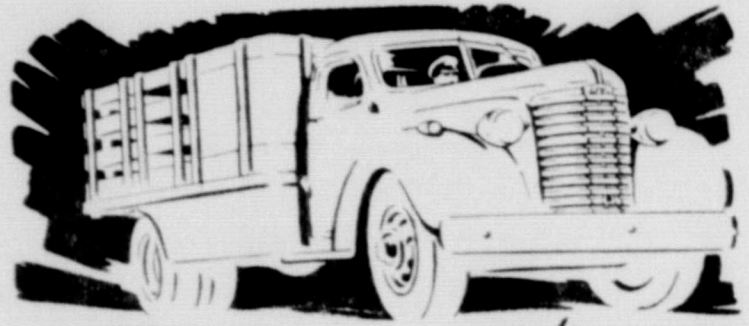

Guests included Beecher Montgomery, Charlotte Hamilton, Betty Jane Ingham, Richard Miller, Billie Gene Linthicum, Jack Baggett, Donna Beth Hill, Joe Thomas Davidson, Gem Ella Dudley, J. K. Colquitt, Dorothy Hannah, Shorty "Bill" Colquitt, Jean Drake, Philip Schneemann, Lurinne Townsend, W. B. Robertson, Norma Miller, Miles Pierce, Billy Jo West, Jim Dudley, Gordon Rendall, Helen Mayes, Billy Hannah, Donald Wilson, Rowland Allard, Joe Bape, Martin Harvick, P. C. Perner, Bobby Lemmons, Elton Smith, Joe E. Chapman, Lloyd Coates, Mr. and Mrs. Morris Dudley and Mr. and Mrs. Bill Littleton.

### ATTEND LULAC CONVENTION

Sam Martinez and Andres Tijerina returned last week from Santa Fe, N. Mex., where they attended the national convention of the League of United Latin American Citizens held in the New Mexico city June 14 through 16th.

Gene Hollon, grade school principal here the past three years, is attending the University of Texas this summer and plans to continue his studies during the 1940-41 long session to complete work in the Ph.D. degree.

Rev. and Mrs. Eugene Slater and Susan will return Friday from Dallas, where Rev. Slater has been attending a pastors' school at Southern Methodist University. Dr. K. P. Barton, district superintendent, preached at the Methodist church Sunday morning in the absence of Rev. Slater.

**GMC's are breaking all records for GAS ECONOMY**

GMC owners report gas savings of 15% to 40% over other makes of trucks. In engineers' tests, GMC SUPER-DUTY Engines score highest in the industry on gas mileage as well as pulling power, size for size. You'll be surprised what one of these light-duty GMC's can do and save for you, with your loads on your routes.

### Baptist Vacation Bible School Has Enrollment Of 47

With the enrollment of new pupils each day and the addition of three faculty members since opening, the Vacation Bible School of the First Baptist church is enjoying an increasing attendance at its daily sessions, according to reports from the pastor, Rev. Clyde Childers. The enrollment now stands at 47, with an average daily attendance of 44, the pastor said.

"This is the second school in the history of the church and thus far the finest work has been done of either of the two schools," Rev. Childers declared.

Two additions have been made in the faculty for the Beginners Department, Mrs. Jim West and Mrs. Winston Cozby. One addition has been made in the Junior division, Miss Clendell McHaffey of Dallas.

Children meet at the church each morning at 8:30 o'clock and continue the work until 11:30. All children of the community four to twelve years of age are invited to the school and parents are urged to visit the school for one session some morning during the next four days.

The school will close with commencement services Wednesday evening, July 3.

### VISITOR HONORED AT FORTYTWO PARTY

In honor of Mrs. Harry Perner, Mr. and Mrs. Hugh Childress and Mr. and Mrs. Will Baggett entertained with a forty-two party Friday night at the Childress home.

Prizes were given to Mrs. Tom Harris for high club, W. R. Cabaness for men's high score, Mrs. B. B. Ingham for high guest and Scott Peters the traveling prize. The honoree was also presented with a gift.

Present were Mr. and Mrs. Monroe Baggett, Mr. and Mrs. Tom Harris, Mr. and Mrs. N. W. Graham, Mr. and Mrs. W. R. Cabaness, Mr. and Mrs. Carl Colwick, Mr. and Mrs. Clay Montgomery, Mr. and Mrs. Early Baggett, Mr. and Mrs. George Bean, Mr. and Mrs. Tom Smith, Mr. and Mrs. Lee Childress, Mr. and Mrs. A. W. Jones, Mr. and Mrs. George Harrell, Mrs. Charles Williams, Mrs. Mary Flowers, Mrs. B. B. Ingham, Mrs. Pon Seahorn, Scott Peters and Mrs. Perner.

Miss Ora Louise Cox is attending a house party in Nacogdoches this week. She spent several days in Dallas to be present for the wedding of a friend before going to Nacogdoches.

Miss Mary Marget Harris has as her house guest this week Miss Helen Lanham of Stephenville.

### FIRST BAPTIST CHURCH Clyde Childers, Pastor

Order of services: Sunday school, 9:45 p. m. Morning worship, 11 o'clock. Evening worship, 8:15 o'clock. Brotherhood meeting Tuesday evening, 8:15.

W. M. S. circle meet Wednesday. Vacation Bible School Commencement, Wednesday 8 p. m.

Last Sunday marked the highest attendance in our Sunday school during the summer months for the past several years and for next Sunday we have set 100 as our goal. If you were not in the Sunday school last Sunday make your plans to be in your place next Sunday and help us reach our goal.

The boys and girls are having a fine time in the Vacation Bible school and doing a work of which you can be very proud. The Commencement will be held next Wednesday evening and you are urged to plan now to be present for that hour. If your boy or girl has not started to the school they can still enroll and enjoy four days of fellowship in the school.

You are invited to worship with us on next Lord's Day at 11 and 8:15.

Safety zones at intersections of streets in the business section were being painted this week, one at the J. H. Williams corner and the other at the Hotel Ozona corner. No parking zones were also painted around fire hydrants in the business area.

Mr. and Mrs. A. R. Scheel and daughter, Nicky, spent the weekend in El Paso as the house guests of Mr. and Mrs. J. L. Turner. Mrs. Turner returned to Ozona to visit the Scheels for a few days. Mrs. Turner was the former Miss Barbara Honea before her recent marriage.

Mr. and Mrs. Joe Lewis and son, F. B., spent the weekend in Lubbock visiting relatives.

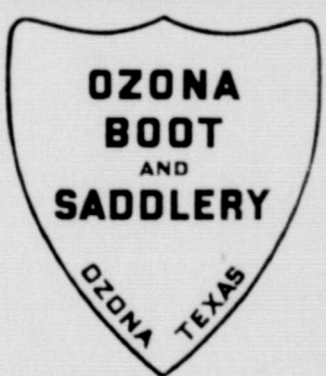

Mrs. Joe Patrick has been confined to her bed for several days suffering from a severe infection in her leg, resulting from a slight abrasion.

**Time Capsule Of Ages Soon To Be Sealed**

ATLANTA, Ga.—The door to 20th century civilization was slammed and locked on May 25, not to be opened again until 6,000 years later.

A collection of scientifically prepared evidence on how the world has lived down through the era of the cave man to the time of television—Oglethorpe University's "crypt of Civilization"—was sealed in a sunken granite chamber behind welded steel doors.

The crypt, according to the intentions of its sponsors, will not be reopened at least until the year 8113.

Dr. Thornwell Jacobs, president of the university, originated the crypt idea four years ago to provide later civilizations with an accurate idea of the world's first 6,000 years of recorded history. He had a stone-walled room bored under the university's administration building and began to put together an illustrated story of modern life which he hopes will withstand the ravages of time and destruction, whether it be from bomb or earthquake.

T. K. Peters, a noted archivist, was engaged to direct the scientific aspects of assembling the contents of the crypt. As his work neared an end, Peters predicted that the civilization which opens the crypt will be radically different from the one of its closing.

"Why, it will be just like our opening an ancient tomb," he said, comparing it to the 1915 discovery of the burial place of the Egyptian ruler, King Tut, who had been dead 4,000 years.

"The crypt may not be discovered for generations after 8113 because of geographical changes, but after inspecting the remains of the Egyptian tombs, we are sure that the crypt will endure indefinitely," he added.

Modern objects ranging from a bottle of soda pop to news reel shots of the 1940 European War have been sealed up in individual vacuums of glass and stainless steel. Translations of ancient Greek rest beside blue prints of Diesel engines.

Literature varying from "Gone With the Wind" to Virgil's Aeneid has been photographed on indestructible microfilm and stored in

**Chevrolet Builds Its 900,000th 1940 Car**

Here is the 900,000th car of Chevrolet's 1940 model production, as it left the assembly line at Flint, Mich., June 12, less than one month after No. 800,000 was completed. Beside the car are M. E. Coyle, general manager of the Chevrolet Motor Division (left), C. E. Wetherald, general manufacturing manager (right), and Arnold Lenz, assistant manufacturing manager, who were present in the plant when the car was produced.

"Chevrolet has built 300,000 cars in less than three months," Mr. Coyle pointed out. "The 500,000th of these models was built on March 21, the 700,000th on April 16, the 800,000th on May 13, and the 900,000th on June 12. This production rate closely parallels the consistently heavy sales volume since the introduction of the 1940 models last October, sales during March, April and May alone totalling 307,345."

the hermetically sealed cans for projection by whomever should discover the crypt in the ages hence and a projector with directions for use in a number of languages is stored with the film.

Recorded music — with an accompanying phonograph — has been placed in the crypt. The records vary from ancient Greek Chants and Roman hymns to swing time of "The Jumping Jive."

"How will people 6,000 years from now be able to read our language—it probably will be obsolete by then," was a frequent question thrown at Peters and Jacobs. This worried them for a time, and then Peters rigged up a machine to solve it.

The machine—somewhat resembling the hand crank movie of the penny arcade—will be the first thing encountered by the crypt discoverer. On the front of the machine will be pictured directions as to its operation. The explorer of 8113 will be directed in comic strip manner to turn a crank at the side of the device and then

look directly into a small window at the front.

Before his eyes will be shown pictures of the various objects and persons and their actions. Each picture will have a title in English and also a unit built into the machine will reproduce the title in sound.

Thus, a vocabulary of more than 850 different words worked out by expert linguists will offer a key to deciphering other contents of the crypt.

**QUAIL HATCH IS EARLY**

The quail hatch in several sections of North Texas is reported earlier this year than usual. Several hatches in Denton county near Lake Dallas are the earliest ever reported.

While the rains which have been general throughout Texas will do much to aid the game crop in Texas this year, early hatchings of eggs of quail, turkey and prairie chickens in some areas have been washed out by exceedingly heavy rains. However, should the rains cease soon it will not be too late for some species of game to lay second or even third hatchings of eggs.

Texas oilmen drilled 1,200 wild-cat oil and gas tests in 1939.

**Political Announcements**

**NOTICE TO TAXPAYERS**

**Of Crockett County**

**SECOND HALF TAX PAYMENT**

**DUE BY JUNE 30**

!!!!

To those taxpayers who took advantage of the split payment plan of paying taxes, this is a reminder that the deadline for second half installments is near. Second installments must be paid on or before **June 30**, penalty and interest applying on delinquencies beyond that date.

**SAVE NOW ON DELINQUENT TAXES**

Those who owe delinquent taxes may **save penalty and interest** on county and school taxes by paying by **Sept. 1, 1940**. This concession has been made by the Commissioners Court, which has ordered filing of tax suits on all property delinquent after Sept. 1, 1940.

**W. S. WILLIS**  
Sheriff, Assessor and Collector of Taxes, Crockett County

**THE BOY**  
who  
**"HAS NO FUTURE"**

He is an American boy. There are fifteen million like him in America; as young, as eager, as promising.

Yet some people feel sorry for these boys. They tell us American frontiers are gone. They say there is no future for youth in this country.

Do you believe such statements? We people of your electric company don't believe them, and we'll tell you why:

Fifty years ago the electric industry had barely begun its existence. There were no automobile, radio and aviation industries. Coming right up to date, here are a few of the things we didn't have as recently as 1930:

*Streamline trains. Transoceanic air service. New plastics and resins. Synthetic rubber. Synthetic vitamins. Sulfanilamide and sulapyridine, drugs that are revolutionizing medicine.*

There are always new frontiers and new futures in America. In good times and bad, Americans work to make the good things of life better and cheaper. The employees of your electric company are typical: their efforts have helped make it possible for this company to give far better service than it could give twelve or fifteen years ago, and to charge about half what was charged then.

The men of your electric company were once American boys. They believed in their own futures and the future of their country. They worked to make the future better for themselves and their fellow citizens. They hope today's young Americans will not listen to pessimism, because they know that every American has a future if he sincerely believes he has.

**Many Tasty Ways For Serving Lamb**

In cooking, too, it's the little things that count. Inez S. Willson, home economist, suggests little tricks to add tastiness when you are serving lamb.

Vinegar seasoned with mint leaves gives an excellent sauce for basting lamb.

A glaze of current jelly gives that different flavor to lamb roast.

One-half cup finely chopped apricots gives the stuffing of a lamb cushion roast a flavor you'll like.

Pineapple rings with edges dipped in green sugar and centers filled with mint jelly are pretty garnishes for lamb.

Lamb chops spread with Roquefort cheese mixed to a paste with cream gives them an unusual flavor you'll like if you're a Roquefort enthusiast.

If you would like a whiff of garlic with your leg of lamb, and we're sure you want no more than a whiff, insert a small clove of garlic in the leg joint. Be sure to remove it before you take the roast to the table.

While they are still sizzling, spread lamb chops with mint jelly.

Sour cream adds zest to lamb stew.

Pears, pineapple, peaches and apricots are delightful, indeed, when browned in the pan with roast lamb.

Basting the leg of lamb with lemon juice may add the tart flavor

**DETOURED TRAFFIC FOR MOTHER QUAIL AND HER NEST OF 21 EGGS**

A mother quail and her nest of 21 eggs recently caused travelers to do a bit of detouring between Bracketville in Kinney county and Rocksprings in Edwards county. The state highway department's crew of engineers and construction gang, in building a road between those two communities, located a quail nest of 21 eggs. All traffic was detoured around that spot until Mama Quail hatched nineteen of her 21 eggs and the little birds were able to leave the nest, it is reported to the state game department's executive secretary.

**TOUGH JOB**

Mistress (annoyed): How do you manage to make so much noise in the kitchen, Norah?

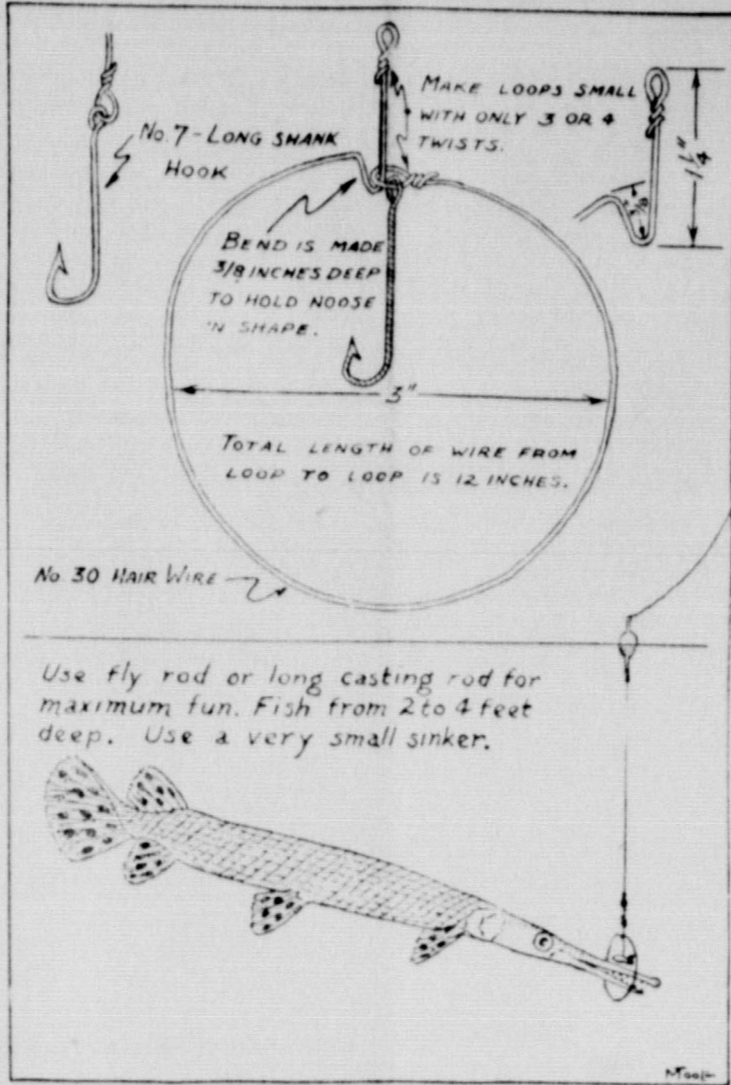

Cook: Well, you just try to break four plates without making a noise.

The carryover of domestic wool in the United States at the beginning of the new marketing season—April 1—was the smallest in recent years.

or you like.

While that whiff of garlic is still in the air, you might make a marinade of four large garlic cloves quartered with one-half cup olive oil. Let stand 24 hours, then dip lamb chops in oil and broil.

**Gar Fishing Is Thrilling Sport**

Use fly rod or long casting rod for maximum fun. Fish from 2 to 4 feet deep. Use a very small sinker.

By MARION TOOLE, Chief Aquatic Biologist

Bending rods, long runs with lines swishing, the fish repeatedly leaping tarpon-like out of the water, all making a test of skill, sums up sporting pleasure that makes you give a bow of admiration to the previously lowly-regarded gar.

Requirements for entering this new realm of angling pleasure being rapidly discovered by Texans are simple. Needed equipment is a spool of No. 30 hair wire (cost 10 cents), a few No. 7 long-shank hooks, several buckshot weights and a cork float. Your line can be placed on a casting rod, fly rod or long bamboo pole. The lighter and more limber the pole or rod the more fun for the angler.

The loop, or noose shown above in detail was perfected by Jack Sparks of Waco. It takes only one minute to make a loop by following the above instructions. After the noose is made be sure the hook hangs straight in the middle of the noose. Tie the loop to your line and place a shot weight above the loop. Set your cork at from one to four feet, the depth being arbitrary and depending upon how the gar are running. On a warm, sunny day they will be close to the surface. Gar apparently are not afraid of boats and will strike the bait even a few feet from one.

Minnows are used for bait and it has been found that live bait is best, although gar will take dead minnows readily, especially in water not abundantly supplied with minnows. The gar sticks his snout into the noose and strikes sideways at the minnow. At times it is almost impossible to ascertain whether you have a strike, so at the slightest strange behavior of your cork, give a hard, rapid jerk to your line in order to draw the noose tightly around the snout of the gar. If you struck true, the fight is on. Many fish will be lost at first, but with practice you will capitalize on more and more strikes until you are catching a high percentage of fish. Gar usually travel in schools and are most considerate about letting their presence be known because of the necessity of their

breaking water as a part of their process of breathing. Concentration of gar will usually be found below dams on rivers and in coves and inlets of lakes. When you locate a school of these fish and swing your baited noose into the water the fun begins.

Many anglers do not care about catching fish to eat, but merely fish for fun. Many bass fishermen release their catches. Tarpon fishermen expend much energy bringing a silver king to gaff, yet the tarpon is not edible. You might think it below your dignity to fish for yars, but many ardent bass fishermen of the old school who have recently tried out gar fishing now openly admit it is the great-

est fishing they have ever indulged in. Too, by killing the gar you catch, you are helping to restore the balance between game and rough fish and thereby doing your part in fish management work. The main idea to remember, however, is that gar angling is a thrilling sport. Try it once and you'll be an addict for life.

**AGREED**

Two business men were riding home from their stores, on the street car. Side by side they sat, both looking worried, and both remaining silent. Finally one heaved a deep sigh. The other studied him for a moment and then said in an annoyed tone: "You're telling me?"

**Gas Gas All Time**

**ELECT A PATRIOTIC AMERICAN**

**Walton D. Hood**

FOR

**RAILROAD COMMISSIONER of Texas**

Campaigning throughout Southwest Texas and the Rio Grande Valley area, Walton D. Hood, candidate for Railroad Commissioner, this week continued his plea to Texas citizens for a return to Americanism and to mould a spirit of national unity.

"Our greatest danger," Hood declared, "does not come from the prospects of immediate invasion by foreign armies, but from

the activities of fifth columnists in this country."

Hood, a Major in the first World War, a past state commander and past National Vice Commander of the American Legion, has departed from the traditional type of political campaign speech and is devoting the most of his talks to a plea for support of this country's preparation of an adequate defense.

**A MAN OF BROAD VISION**

"I am not so much concerned about what may happen myself," he said, "but I am concerned about those who are to follow us—our sons and daughters, grandsons and granddaughters. Our forefathers made supreme sacrifices that they might provide and perpetuate this land of democracy for us, and it is our duty that we

protect it. "No one wants war, but democracy has always had to fight for its existence. I do not salute the American Flag with the feeling that it means war, or the thought of militarism, but because it stands for peace and protection to liberty loving Americans.

**A MAN OF LONG EXPERIENCE**

Hood, for eight years with the Enforcement Division of the Railroad Commission, five of which he served as Chief Enforcement Officer of the Commission's Motor Transportation Division, resigned that position to make the present race. He has had business experience, as a railroader and train dispatcher, cotton exporter, banker, rancher, broker, retail mercantile, and real estate dealer.

He advocates an increase in the present truck load limit on a strictly scientific basis, with attention to safety for the traveling public. He also proposes the creation of a Conservation Commission to take over present duties of regulating oil and gas production, now assigned to the Railroad Commission.

**Deal Closed—**

(Continued from Page One)

wider north and south. The entire area will be protected with fire guards and fenced. A narrow strip on which the hangar is to be located next to the highway is to be fenced off from the landing field proper, with a cattle guard into the building and parking area, and a gate opening onto the field, this gate to be kept locked, it was announced, so that there will be no trespassing on the landing field.

The county has secured a five-year lease on the property, with an option to renew the lease for a second five-year period. The airport site is on the south side of the highway, beginning at a point just west of the Couch windmill on the divide, about four miles from Ozona. On flat divide country, with good drainage in all directions, and no irregularities in land conformations to cause wind current, the site is considered as nearly ideal for the purpose as could be desired.

The project for securing the county-owned airport, one of the few such in the nation, was initiated primarily as a convenience for oil men who frequently travel by air to and from holdings in the field. Development of new fields in this county, particularly the deep production area on the Todd ranch 15 miles northwest of the city, has made such facilities necessary here.

Establishment of the army air base at San Angelo and extension of the nation's air defenses in the present preparedness program may make the projected local airport of importance to Uncle Sam, and local officials look to the possibility of its ultimate incorporation into the pattern of the Army's strategically located fields.

**Mrs. Easterling—**

(Continued from Page One)

the early twenties, when it was purchased by R. J. Cooke, who sold in 1926 to the present owners. Mr. Easterling died in Del Rio in 1929.

Mrs. Easterling was born in Coryell county August 26, 1875. The family moved first to Uvalde and from there to Ozona. She is survived by the one brother, Ed Dodson of Ozona.

Miss Norine Allison, third grade teacher in the Ozona schools for a number of years, has been elected to teach English in the Melvin, Texas high school, friends here have learned.

George Brown, who operates the county road machinery, is in town this week pulling unpaved streets into shape again after the recent rains.

**King George Quite a 'Shot'**

During a recent inspection tour of a gun factory that is operating night and day under war pressure, King George tried out a Bren machine gun. He put 60 bullets in or close to the bulls-eye at 20 yards, and remarked: "I had no idea the gun was so steady." The king has made a number of personal inspections in factories lately.

**Banks Half Billion**

Mrs. Essie Ept, in charge of Ohio's gasoline revenues, has deposited \$540,316,659 to the state's credit since 1926. This great sum was collected in dimes, nickels and pennies. It took a lot of 'em—but Mrs. Ept didn't mind.

**ANOTHER NEON SIGN**

Installation of a new neon sign at the Smith Drug Co. here was completed last weekend. The sign is mounted over the awning in front of the store, and carries the wording, "Drugs, Soda, Candy, Gift Shop," in three-color lights.

Mr. and Mrs. L. B. Townsend left last week for Cincinnati, Ohio, where they are to get a new ambulance for Joe Oberkamp, driving the new machine back to Ozona.

**Crack Ropers—**

(Continued from Page One)

in the calf breakaway event, to divide the first and second purses, and merchants prizes. Powers taking a rope given by Ozona Boot and Saddlery and Ponge a first aid kit given by Smith Drug Co. Third place went to Riley Branch in 5.8 seconds.

In the first matched roping of the afternoon, Walton Poage of Stiles was an easy victor over Howard Westfall of Big Lake, who went from Madison Square Garden in New York to perform in London. Each man roped six calves. Poage's total time being 117.5 seconds and Westfall's 152.9 seconds.

The last matched roping, however, was not so decisively won. Ted Powers nosed out T. J. Brannon on six calves by the bare margin of 6.8 seconds. The result might have been different, however, had not Brannon drawn a 10-second fine on the last calf he roped, for a total of 22.1 seconds. With the jump on the Brahma, he wrapped up the critter in 12.1 seconds.

Another local contest is to be staged next Sunday afternoon, it was announced. A free-for-all, with invitations to the top hands of the entire area, is to be staged within the next two or three weeks, according to President Montgomery.

**CROCKETT WOOL SOLD**

Approximately 40,000 pounds of 12-months wool, clips belonging to Richard Flowers and Bill Baggett, recently sold at the Joe Blakeney warehouse in San Angelo at 32 1/2 cents a pound. Jack Allison, buying for Munro, Kincaid and Edgehill, was the buyer.

Jake McCulley, principal of the local Mexican school until the end of the term this spring, has successfully passed the examination necessary for his enrollment in the U. S. Army Air Corps flying cadets. McCulley is among a group of flying cadets in training in San Antonio.

Miss Mary Louise Harvick has as her guest this week Miss Sue Kate Irby of Dallas.

Ray Boyd and Johnnie Henderson III, visited Miss Joan Shambrough in Houston this week.

**THE SOFT ANSWER**

With a grim look on his face, the customer settled down in the barber's chair and let the man put the towel around him.

"Before we start," he said curtly, "I know the weather's terrible and that the dictators are a menace to the world. I don't care who'll win the next big fight and I'm not interested in horses, I'm aware I'm getting thin on the top, but I think it suits me. Now get on with it."

"Well, sir," said the barber—he was a Boston barber—"if it's all the same to you, I'll be able to concentrate better on cutting your hair if you don't talk so much."

Texas produced more than twice as much oil in 1929 as California, second largest producing state.

Mrs. W. H. Augustine and Miss Wayne Augustine are in Houston visiting Mrs. Augustine's daughter, Mrs. Helen Taylor. Mrs. Augustine spent several days in Mar-

lin before joining her daughter in Houston.
