Test Of Noelke Well Scheduled To Begin Today

Estimated Flow 100 Barrels Hourly In Cleaning Out

Soma Oil and Gas Syndicate's No. 1 W. T. Noelke well, which sprayed oil over a wide section of western Crockett county when it flowed wild for three days after blowing in two weeks ago, continued to indicate discovery of a new major oil pool in this county when it readily revived after plugs were drilled Saturday and then flowed an estimated 100 barrels of oil hourly with gas volume gauged at 47 million cubic feet daily when opened eight hours Tuesday to allow it to clean itself. Tubing was being run yesterday preparatory to connecting the well with high pressure separators and four 1,000-barrel storage tanks for a railroad commission gauge of its production possibilities, scheduled to start today.

The tremendous gas pressure in the well readily broke through when plugs were drilled Saturday, and some sixty tons of mud and fibrotex used to kill the well and keep it under control, was cleaned by allowing intermittent flows through 7-inch casing. The well was allowed to flow at intervals Saturday, but the connections vibrated so from the pressure that it was shut in until Sunday, when it was again opened for several hours to clean itself. Tuesday, the well was opened for an eight-hour period and gas volume was gauged at 47 million cubic feet daily, with an estimated 50 to 100 barrels of oil hourly. Oil men were predicting heavy production when the well has finally thoroughly cleaned itself.

Meanwhile, additional leasing activities of the Noelke well, and also in areas adjoining the acreage on which the Continental and others No. 2-B Todd, Strawn lime pool opener on the J. S. Todd ranch 15 miles northwest of Ozona, indicate a rapid increase in activities in this county, many of the leases carrying drilling obligations. Mrs. Buda Lee Mauldin and J. D. Salmon of Dallas have filed application for permit to drill a test three-fourths of a mile northwest of the Noelke well on Noelke land, 330 feet out of the southeast corner of section 56-GG-TCRR survey on a ten-acre lease. Several additional leases have been sold by the Shannon estate trustees in the last week, many with drilling obligations, promising drilling operations on Shannon tracts in the vicinity of the big Soma producer.

Mudge Oil Co. of Dallas, has filed application with the railroad commission to drill a test 330 feet out of the Southeast corner of a 40-acre lease it recently bought from Dave Elder of Rankin, the south half of the northeast quarter of section 30.

In the vicinity of the deep producer on the Todd ranch, Humble and Magnolia have leased extensive acreage from Mrs. S. E. Couch's ranch, Magnolia taking ten-year commercial leases on two sections southeast of the Todd well and Humble a similar lease on 9,185.9 acres in a block beginning 6 1/2 miles from the Todd well and extending east.

Methodist Men Plan Postponed Partly At Church Tonight, 7:30

The monthly party for men of the Methodist church and their friends, postponed from last Friday evening, will be held this evening (Thursday), starting at 7:30 o'clock, it was announced this week by Rev. Eugene Slater, pastor, and teacher of the Men's Bible class.

The party was postponed from last Friday on account of the death of Mrs. N. E. Rendall, Sr., here shortly after noon last Friday. All men of the church and their friends are cordially invited to be present for an evening of fun

Richard Flowers Suffers Injury In Unusual Accident

Richard Flowers, who ranches two miles north of Ozona on the W. R. Baggett ranch, had the unusual experience of being severely injured Monday and having not the slightest idea how it happened.

Mr. Flowers was driving a bunch of sheep on the ranch about four miles from the ranch house. He had spurred his horse into a run to turn the sheep and that's the last he remembers. Several minutes later, he has no idea how many, he found himself still sitting his saddle but nearly a mile away from the sheep he was driving and his horse traveling back toward the ranch house. His head, face and hands were skinned and bruised, his hat brim torn and parts of his clothing ripped—but he had no idea how it had all happened.

Although the exact spot could not be located to reconstruct the chain of events, it was presumed that the horse ran under a tree and that Mr. Flowers was knocked unconscious and thrown from the horse, later remounting, the well trained horse starting back to the ranch house with the unconscious man on his back.

Mr. Flowers was brought to Ozona where a physician's examination revealed no broken bones.

Softball League Season To Open Monday Evening

New Lighting System Installed For Play At Powell Field

With a skeleton schedule completed, a new lighting system installed at Powell athletic field, nearly a hundred softball players composing the six teams entered in the city league to date had begun serious practice this week in preparation for the opening of the official league schedule next Monday, May 6.

A schedule of six games a week has been worked out by a committee covering the first half of the split season and places on the schedule will be drawn by the different team managers sometime this week. The schedule calls for two games each week by each team and play four nights out of the week. Double header games are to be played each Monday and Friday nights and single games Tuesday and Thursday nights.

Seven 40-foot poles have been set at Powell field and double reflectors are being installed on each pole to provide one of the best lighted softball fields in West Texas. The poles are so arranged around the football field that no pole will interfere with football play and in the event a lighted football field is contemplated in the future, the softball lighting equipment will serve as a nucleus, necessitating addition of but two or three poles to complete a football lighting system.

Teams have been entered in league combat this year under sponsorship of the Texas-New

Funeral Services For Mrs. N. E. Rendall, Sr. Held In Brownsville

Funeral services were held Sunday afternoon in Brownsville for Mrs. N. E. Rendall, Sr., mother of N. E. Rendall, Ozona cafe operator, who died here at 2:30 o'clock Friday afternoon following a heart attack. Mrs. Rendall would have been 73 years old on her next birthday, May 4.

The body was sent by the Joe Oberkamp funeral car from here to Comstock and from there by train to Brownsville. Mrs. Rendall had made her home in Brownsville for nearly forty years until she came here about a year ago to live with her son. Her husband died ten years ago.

Surviving are four children, one daughter, Mrs. Anile Key of Alameda, Calif., and three sons, Edward of Brownsville, Aldred of Laredo, and N. E. Rendall, Jr., of Ozona. Eight grandchildren also survive.

Issue New Appeal For Cooperation In Cleanup Drive

Postpone Hauling To Monday For More Thoro Cleanup

Because of the slow response on the part of the people to the clean-up appeal, the committee of the Ozona Woman's club, sponsoring this Spring's annual city-wide clean-up drive here postponed until next Monday the start of the trucks furnished by the county in hauling off accumulated trash, it was announced yesterday by Mrs. W. E. Smith, chairman.

A new appeal is issued by the committee on behalf of a clean Ozona, and all residents are urged to clean up their premises this week, gather all trash, tin cans and the like and have same hauled to the dump ground. Owners of vacant lots are being especially urged to cut weeds and rake such property. Weed grown and trash strewn vacant lots make it impossible for the town to present a neat, clean appearance even should the premises about all residences be kept spotless, it was pointed out by the committee.

Heavy growth of weeds and grass along streets and alleys and in draws of the town has also come in for attention of the clean-up committee and efforts are being made to arrange for employment of a mowing machine to cut down such growth, at once eliminating an unsightly appearance and one of the primary harboring places for mosquitoes and flies.

"We hope that the people of Ozona will realize the importance of a thorough clean-up at this time of year and that we can have 100 per cent cooperation in the present campaign to make our town one of the cleanest in West Texas," Mrs. Smith said.

Two New Geological Crews Moving Here

Six men working with the Shell gravity meter crew for geological explorations in Crockett county, arrived here this week and will be stationed here for the next few weeks. Most of this same crew was here for about a week the first of the year.

The group includes Mr. and Mrs. Fred Breeding, Mr. and Mrs. Tankersley Collins, Mr. and Mrs. C. F. Curson, Mr. and Mrs. "Pete" Peterson, Mr. and Mrs. M. C. Graham and Bob Jarvey.

Eighteen men, with their families, are to move into Ozona Monday from Mississippi with a gravity meter crew for the Stanolind Oil company. R. S. Brennon arrived Wednesday to make necessary arrangements.

The annual Senior edition of the "Lion's Roar," Ozona High School's weekly newspaper which is a feature of the Stockman each week during the school term, is contained in this issue. The Lion's Roar was written and edited by members of the Senior class led by the Senior Press club members who recently turned their editorial duties over to their lower class successors, except for this Senior edition.

In addition to the Lion's Roar material, the edition contains greetings and congratulatory ads from many of the business firms of the city who join in doing honor to this fine group of youngsters who are rapidly approaching this important milestone in their careers.

Lease Cancellation Asked In Suits Here Involving Oil Lands

Cancellation of oil leases and damages are asked in two suits filed here during the week, the first to be filed involving lands in the vicinity of the Soma Oil and Gas Syndicate's No. 1 W. T. Noelke gusher which blew in two weeks ago.

First of the suits was filed by W. E. Ball of Los Angeles against M. and M. Drilling Co. and others, seeking a one-third interest in section 25, 29, 55 and 57 in block BB, HE&WT Ry. survey and \$250,000 damages.

The other suit was filed by P. L. Mitchell of Hamilton county, Ohio, independent executor of the estate of Mrs. Mary L. Mitchell, both suits involving lands known as the Bouscaren estate in this county. The Mitchell suit involves the some tracts of lands and asks \$100,000 damages.

The M. and M. Drilling Co. is drilling about one mile north of the Soma well, in section 29, GG, HE&WT survey.

Young Men's Group To Meet Tuesday For Final Decision

Crockett County Fair Association, the organization which has sponsored Ozona's annual rodeo, race meet, stock show and sale since 1926, will not stage the local celebration this summer, but a modified version of the event may be produced under auspices of the Ozona Roping club, a recently organized club of young men who plan calf roping contests each Sunday afternoon during the summer months.

This was the decision reached when officers, directors and members of the association and a group of other interested citizens met at the Hotel Ozona Thursday afternoon to discuss plans for the show this year. President Wayne West and other officers of the association, however, promised their whole-hearted cooperation to the group of youngsters should they decide to take charge of the event and sponsor a celebration independent of the association.

A two-day celebration, July 3 and 4, with an amateur rodeo, and specialty acts, with dances three nights and carnival attractions through the week was indicated as a possible decision of the group of young promoters in discussions during the meeting Thursday.

However, final decision in the matter will not be reached until the entire club membership meets in a session set for next Tuesday afternoon. Vic Montgomery, president of the club, Dick Lee, Pete Perner and several other members of the group met with fair association officials and agreed to consider the plan for a modified local show this summer. Mr. West and other prime movers in the annual show will meet with club members next week when they discuss the project further.

LION'S ROAR

REMEMBER WHEN?

The seniors who played volleyball last year will remember the hotel they "made hash of" in Eldorado. So will Mr. Denham—he was left to take the blame. Remember the muddy night of a

supper and swim at the Henderson ranch? Shoes disappeared as if by magic, and the teachers wondered if those rowdy pupils would ever grow up.

Last year, at the Carson's supper, the big bread fight between the teachers and pupils made history. No one knew who started that fight, but everyone knows that the students won.

Several senior girls will recall the night they went doughnut hunting about 3 in the morning and had to wait 'til 4:30 for their reward.

Teachers and seniors alike received their share in the snow rolling contests of this past winter.

How could the dignified personages known as seniors forget their graduation from Junior high and how proud they felt with diplomas. Then came the first day in high school. Fright and thrills were the main emotions that day.

The "No-Rata-Data" club memories include the party where gin ger ale was drunk for champagne.

Remember the time Jean Drake threatened to shake Grace McMillan's children if she ever had any? Miss McMillan is now married and has two children. Jean should have a Roman holiday shaking them.

Remember the day the seniors were freshmen and how they were initiated? The girls had to sell candy while dressed up ridiculously. The boys were whipped with belts.

Some seniors will remember the day they almost "crashed" the freshmen picnic last year. They told Mr. C. E. Nelson that they were out of gas, and he pushed their pick-up part way to town.

Remember the class picnic the seniors had when they were juniors? They had a big cake-icing and iced tea fight. The teachers got their share of it, too.

Several members of the senior class will remember the day the highway patrol caught them running around in the middle of the street and almost "ran them in."

The "No-Rata-Data" senior girls will be long in forgetting their great German dance. A big rotten egg, tomato and water fight followed the celebration. The tomatoes proved disastrous to those who had them in the car.

Remember the big scavenger hunt Noma Miller had on Halloween night. Some of the "Hungry Dozen" were kidnaped in a pick-up, and one girl was knocked out by a rotten egg.

Watermelon fights also have had their day in the lives of the seniors. Many are the times that the present seniors have come marching home looking like a rain-storm. One night after the rodeo, about eight seniors adjourned to the Kirby home to eat watermelon. Late that night they "trikled" home covered with watermelon juice.

During the rodeo races, betting also had its day. The senior girls would make their bets and draw their numbers. The winner got the pool.

Those seniors who were late to school one April Fool's Day will remember their doing the "Big Apple" in front of the drug stores in the middle of the street.

And Mrs. White is probably wondering what happened to the baseball and bat that the girls hid during the volleyball picnic last year.

That brings to mind the two football picnics after the Junction games. The boys (and girls) enjoyed rock fights and wading. These picnics were held about three years apart, but they were much alike—good food and much fun.

Many of the seniors rode horses in the big parade before the 1936 rodeo and stock show. The parade was to celebrate the Texas centennial.

Congratulations Seniors of 1940!

AROUND THE WATERINGS

By C. MAYE DUNLAP

Two hundred fifty thousand pounds of eight months wool has been stored at the Ozona Wool & Chair Co. warehouse in the past few days. No sales were reported this week. Some of the latest wools stored belonged to Bascomb, George Montgomery, J. C. Montgomery and Hugh Childress.

Under the prickly pear eradication program, Babe Phillips has had all the pear cut off his land. Bascomb Cox lacks one and three-fourths section having all the prickly pear cleared from his ranch.

Shearing is well under way in Crockett county this week and the ranchmen are reporting better fleeces of wool this spring than last year. The early rains have been an asset in getting the sheep in a fine condition before the shearing season and a better staple and heavier fleeces is being produced.

Arthur Phillips had 228 mixed lambs taken to the Fort Worth market Friday. They were hauled in trucks by Sam Houston and Claude Word, and arrived to market in good condition.

Arthur Hoover completed his spring shearing Saturday on the Live Oak ranch. His sheep were fat and the wool was some of the best he has sheared in several years.

George Harrell will have all the land on his ranch except three-fourths of a section cleared of prickly pear by the 15th of May.

Mrs. Marshall Montgomery is here from her ranch home near Iran to spend a few days visiting her parents, Mr. and Mrs. Paul Perner.

Mrs. Paul Perner is able to be out after several days illness from a throat infection.

Oliver Typewriter Forty Years Old, On Display In Museum

An Oliver typewriter, loaned to the high school museum by Mrs. Chris Meinecke, is approximately forty years old, information obtained this week by Supt. C. S. Denham from a typewriter manufacturer revealed. The serial number of the ancient machine was sent to Remington-Rand, Inc., at Buffalo, N. Y., and the company asked for information on the date of manufacture of the machine.

"This model was first manufactured in March, 1898," the typewriter manufacturing concern wrote. "It is estimated that the machine you have was made in about 1900." The typewriter was one formerly used in the Chris Meinecke store here.

Farewell To O. H. S.

By Miles Pierce

A thing that I have dreaded ever since last year has come. It's rather like an abstract something; it has been coming steadily for the last year; it's here now; yet it is so difficult to realize that it is here and that it is gone forever—as long as I live, it can never come again. That thing—dreadful, sorrowful, grave, and cheerless—is the end of my high school days. In a few days, a wealth of fun, enjoyment and amusement will slip through my fingers forever. It will be gone. I shall leave my friends; more than likely, we shall be parted forever.

To express ourselves effectively and to make the by-products of studies a permanent part of equipment for life have been our aims in school. Well, along with that, there has been fun, study and trouble. However much trouble there has been, we seniors will overlook it in our coming years. That which will be with us always is the pleasure that has come from an association with our friends.

And so it is with this thought, which always lingers in the minds of high school students, that I say farewell to Ozona high school, my friends, my teachers and my happy high school days.

No matter where I am, whom I am with, or whatever comes my way in life, I shall always remember my high school days, which, although they were filled with hard study, will leave on me an association of friends, a bit of knowledge, and a million dollars worth of pleasure.

Editor's Musings

By W. B. Robertson

I think that most of the Press club members are secretly a little sorry to give up their places on the staff of the Lion's Roar. On a whole the Press club members have worked faithfully to improve the school paper and to further the student interest in the Press club. The aim of the Press club is to improve the paper each year, and such improvement is discernible in this year's paper over last year's as last year's paper over the year preceding it. In selecting the new staff, the senior members carefully weighed each student's qualifications, and, in our opinion, we selected a very capable staff. (Continued on Page Seven)

LION'S ROAR

What the Teachers Say...

TO THE SENIORS OF '40:

It was with pleasure that I saw you come into this high school; it was with sorrow that I tell you goodbye. You have been a most excellent class, and I have enjoyed teaching each one of you. May Dame Fortune smile on you and make your journey through life as pleasant as possible.

MILDRED NORTH.

DEAR SENIORS:

It has truly been a pleasure to me to teach and be associated with the girls and boys of the Senior class this year. All groups have

some who work hard, play hard, and accomplish much, but few have a complete group of this kind. Few Senior classes possess the talent, personality, determination, gaiety and friendliness of the present one. May the best of everything come to each of you.

ADA RUSSELL.

I shall always remember the class of 1940 as a group who were efficient at work and efficient at play. You have served your school well, and we trust that you have been served well in return. We rejoice with you because of your accomplishments and because of the pleasures which come with graduation. We regret, however, that you will not be among us next year to help "carry on."

C. S. DENHAM.

As you, the class of 1940, step out of OHS with your diplomas and your keen ambition to strive

for success. I am prone to look backward to another time. I can see you filing into the third grade room carrying with you troubles, delights, and wonderfully bright eyes.

May you ever be as eager to learn and to gain your share of good marks in life! And may you allow me the pleasure of remembering you as one of the finest third grades a teacher could have.

NORINE ALLISON.

To the Seniors of 1940:

May you be as successful in the future as you have been in the past. You have always been an outstanding class. From this class we hope will come outstanding men and women of the future.

MRS. C. S. DENHAM

I'm expecting the Senior class of 1940 to reach some high places in this restless world. You are indeed a class with a personality,

and I'm expecting you to go after the finer things of life. While many sit and wait for success, you will go out in search of it.

You have my best wishes as we leave Ozona high school together. Let us always remember these pleasant halls and the many schoolday friends.

TED M. WHITE.

Patting backs doesn't seem to be such a hard job, but when one is really sincere and wishes to express an appreciation of the best bunch of kids ever, it comes down to this—I'm glad that I have been your sponsor and I'm also glad that you are finishing and are ready for something bigger than Ozona high school.

GUINN CARUTHERS.

Missouri is not my native state, but three years ago I really did need to be shown what an unusual group were the Seniors of 1940.

Long before proof had been in evidence for 27 months, I joined in the popular judgment, that from the standpoint of cooperation, scholarship and purposeful ideals, the class of '40 is worthy of the highest praise.

BESS TERRY.

Editor's Musings—

(Continued from Page Six)

As you have noticed, the last week's issue was the first issued by the new staff; they were assisted by the senior make-up editors, and together, a very good edition was compiled. It must be remembered that the new staff is beginning at the game, and not until after a few editions will they really begin to improve the paper. We, the Senior members of the Press club, wish the new members all the success needed to make the coming year's paper the best one

in the history of the Press club. We also want to express our appreciation to Mr. Evart White, Mr. Denham, Miss Terry and all other persons who made it possible for us to publish the Lion's Roar.

Mrs. J. A. Fussell left Wednesday for Atlanta, Ga., where she will visit with her father who is seriously ill.
