Members Elect Board In April

Incumbents Re-elected; Two County Members

Members took the trouble to go to the polls Saturday to elect trustees of the Crockett County Consolidated Common School District for two members of the board.

Members of the present board were re-elected to another term. They were Bill Carbone Alford and Glen Sutton. Write-in vote went to Bert, and in one box the apparently overlooked the name to vote for three and only one.

Cemetery Entrances To Be Closed At Night To Prevent Thefts

Entrances to the Ozona cemeteries will be closed at night in an effort to cut-down on the loss of hoses, sprinklers and other garden tools to thieves, Mrs. J. C. Montgomery, chairman of the Cemetery Association, announced Monday following a meeting of Association officials with the Commissioners Court.

Chains will be locked across the entrances to both the Cedar Hill Cemetery and the Latin-American Cemetery at dark each evening and will be removed early each morning. Cemetery attendants will make an effort to maintain a regular schedule for closing and opening the entrances so as to cause a minimum of inconvenience to persons who wish to visit the burial plots, Mrs. Montgomery said.

Lot owners who have sprinklers and hoses on their family plots are asked to make a check on this equipment as soon as possible with a view to mending or replacing those in bad condition, thus making it easier for the caretaker to attend each lot.

Retired Army Man, Who Visited Ozona 27 Years Ago, Comes Back

G. M. Roe, Garland, Texas, retired after 30 years in the Army, is coming back to Ozona this summer to visit the city he visited 27 years ago while on a 30-day furlough, in which he and friends toured this section of Texas.

"I will never forget the friendly and courteous people of your wonderful city, which I visited in 1930," Mr. Roe writes. "I was on a 30-day furlough from the Army and myself and other friends visited San Angelo, McCamey, Fort Stockton, Alpine, Sheffield and the entire Big Bend country. The city we all fell in love with was your city and its nice, friendly people."

"I shall never forget. We had quite a few silver dollars with us and many people there changed their currency for the silver dollars to give to their grand children. We stayed in a tourist camp in the south part of town and we left due south to Juno, Comstock and Del Rio. We then went back north to Devil's River where we stayed for ten days, and what fish we did catch I will never forget. It was near the Odom's ranch on Devil's river."

"My wife and I and other friends expect to visit your lovely, friendly city this coming summer. We consider it the nicest, cleanest place we visited. . . . I have planned on coming back, but have been tied up with other business, but now I am loose and free to do just as I please." Mr. Roe said he finished his 30 years of service and was retired in 1945.

Rotary Club Plans Annual Easter Egg Hunt Sunday, April 21

Plans were announced this week by officers of the Ozona Rotary Club for the annual Easter egg hunt sponsored by the organization for the entertainment of Ozona children.

The egg hunt will be staged, starting at 2 p. m. Sunday afternoon, April 21, in the Cooke pasture one mile south of Ozona on Highway 168. Parents are asked not to bring children to the hunt area before 1:45 p. m.

There will be approximately 100 prize eggs in those to be hidden. Ozona business houses will be asked to contribute one dollar each for prize eggs. Anyone else wishing to give a dollar for a prize egg may hand it to Ernest Dunlap, Buck Moore or Buster Loudamy.

Refreshments will be served to the children following the egg hunt.

Half Of Cancer Fund Quota Raised In One-Day Drive

Voluntary Contributions Asked To Aid In Meeting Quota

Nearly half of the assigned quota in the Cancer Crusade drive in Ozona was raised Tuesday afternoon and evening in a house-to-house canvass conducted by committees under the direction of Mrs. Charley Black, chairman.

An outstanding job was done by a committee headed by Celestino Fuentes in a solicitation in the colored and Latin-American section of Ozona. This committee turned in a total of \$75.46 in the afternoon drive in these areas.

On the solicitation committees were representatives from the Ozona Woman's Club, the Woman's Forum, the P. T. A. and the Ozona Music Club. The day's canvass netted \$287 for the cancer fund.

The Ozona quota in the cancer drive has been set at \$625. Mrs. Black said that several sections of Ozona and the business area were yet to be worked by the committees. Persons who have not yet been contacted by the workers and who wish to contribute to the fund for research and treatment of cancer may leave their contributions at the Ozona National Bank or hand them to Mrs. Black.

Philadelphia Man Has Plan For Rich Texans To Build 'Science City'

A Philadelphia man has another assignment for Texas and Texans to save the United States.

This time it's not to go out and win a war for the U. S. but to set up a Science City, Texas, where scientists could be trained and thus provide "scientific brain power, the most needed commodity for the security of the U. S. and the Free World."

The Philadelphian is Albert Price, 4929 N. 9th St., Philadelphia, and he writes the Ozona Chamber of Commerce as follows:

"Gentlemen: "If the USSR should excell U. S. in 10 years in science as Dr. E. Teller (H-Bomb) predicts, it will be a sad day for us — for we will then become Nation No. 2. "Science — today and in the future — is the punch, the power of the military. "Here is an opportunity for Texas. "Several wealthy men of Texas (Continued on Page Five)

April 30 Deadline For Signing Wool Incentive Request

Ranchers Must Sign To Be Eligible For Additional Pay

Ranchers who marketed wool and unshorn lambs last year have less than three weeks to sign applications at the local ASC office for incentive payment under the 1957 wool program, Claude Russell, executive officer of the ASC here, reminded this week.

April 30 is the deadline for signing applications to become eligible to receive the incentive payment. Only about fifty out of an estimated 300 ranchmen who have filed their wool and lamb sales sheets with the ASC office have signed the application, Mr. Russell said, indicating a possible misunderstanding on the part of ranchmen.

To be eligible, a ranchman must first file his sales papers in connection with wool and lamb sales, the deadline for this filing having passed March 31. Signing of the application blanks is an additional requirement, the deadline for such signing April 30. Ranchmen who are not sure whether or not they have signed applications are urged to call at the ASC office to make sure.

After the April 30 deadline, all applications will be sent to the Department of Agriculture in Washington where computation will arrive at the incentive pay percentage rate, which is the national percentage below the support price of 62 cents per pound at which wool sold during the past year. This percentage last year was 44.9 percent. Five pounds of wool per 100 pounds of lamb weight sold will be allowed for incentive pay computation.

The 1957 wool program includes all wool and lambs sold after March 31, 1956, and before March 31, 1957. Wool sold after March 31 this year will go into the 1958 program.

The 1956 wool program brought an additional half million dollars into the pockets of ranchmen of this county, the second largest in volume in the nation, exceeded only by Val Verde county, Texas.

HELP!

Senator Harry Flood Byrd, lifelong crusader for economy-in-government, and chairman of the Joint Committee on Reduction of Non-essential Federal Expenditures, has reported that in the month of January, Uncle Sam's civilian payroll hit the billion a month level!

Employment during this month totalled 2,387,015 civilian workers, and a House study committee has stated that all "essential tasks" of the Government can be performed by two million — or less. Certainly this would seem to be help enough to run a country ostensibly dedicated to the principle that "the best government is the least government." But the worst is not yet.

The Council of State Chambers of Commerce reports that in non-military agencies "the Administration is in the process of adding a total of 85,655 new jobs to those in existence last June 30." It estimated the cost at 450 millions in "salaries and other expenses."

The Council calls attention to the bill of Senator Olin D. Johnston, chairman of the Senate Post Office and Civil Service committee, which would provide a "painless" cut in Federal help and set a ceiling for employees in the Executive Branch at 2,125,000. This gradual, 16 month reduction in force would eliminate 293,461 jobs. "On a full year basis," says Eugene F. Rinta, research director of the Council, "this would produce a budget savings of about \$1.5 billion. . . . If this reduction occurred evenly throughout the year at about 18,200 a month, the savings in the 1958 budget would be close to \$500 million."

If you would like your Congressman and Senators to vote for Johnston's bill (S.1683), you'd better tell them. The lawmakers are showing signs of weakening under Administration pressure and need your support — again. One thing is sure, that billion-a-month payroll won't stand still. If it doesn't come down, it will go up!

J. B. Green, Jr., Red Cross disaster worker from Paris, Tex., inspects the home of B. P. Boyd near Fostonburg, Ky. The home was one of more than 13,300 destroyed or damaged in floods which ravaged Eastern Kentucky, Virginia and West Virginia last January, where Green was assigned to help provide Red Cross assistance to the flood victims.

Flood waters of the Levisa Fork of the Big Sandy washed the ground from under the foundations of the Boyd house and destroyed its contents. The Red Cross will rebuild the house and provide household furnishings. As always, this assistance is provided as a free gift of the American people, to help the family recover from disaster-caused needs.

POLITICAL EDUCATION

In the course of 14 roll-call votes in one day, the House of Representatives voted a number of relatively trifling cuts in the budget — while a House Education subcommittee voted six to one in favor of a five-year two-billion dollar Federal aid program to help build schools!

President Eisenhower, whose four-year, 1.3 billion Federal school-building effort failed last year, reminded his press conference the day before that he had said he would try again this year. He reiterated his belief that "we got way behind in schools," and that the Federal Government ought to help even though it "has not any proper role in the operation and in the general maintenance of our public school system." He said he felt the thing to do was to "get these buildings built, and then turn the whole thing back to the states, and have nothing more to do with it."

But perhaps the President doesn't realize how that classroom shortage has shrunk since his aides began measuring it. HEW's first

secretary, Mrs. Oveta Culp Hobby, gave three different figures in 1954 and 1955, all upwards of 300,000, and in March 1955 revised the shortage estimate for the year 1956-60 from 407,000 to 176,000. This year Secretary Marion B. Folsom put the figure at 150,000 — which has been widely challenged.

However misled, we are sure the President's heart is in the right place. An advisor, speaking of the school program is quoted as saying: "We went into it with tears in our eyes. The New Dealers would have done it with abandon."

But, extravagance aside, the result must be the same either way. It can only mean Federalization of our schools, the loss of local control.

Historically, the Government never lets go.

The News Reel

A re-run of "The Ozona Story" as gleaned from the files of The Ozona Stockman

From the Stockman, April 12, 1928

A petition signed by E. G. Baggett and others was presented to the Commissioners Court this week asking that Avenue H be extended due south to intersect with the Ozona-Del Rio road and that the avenue be opened up as a highway to permit the driving of stock through the town of Ozona for the shipping point at Barnhart.

Monday and Tuesday of next week have been designated by the Commissioners Court as clean-up days in Ozona and on those days two trucks and threemen furnished by the county will be available for free hauling of trash and rubbish from Ozona premises.

The Clerks won their second straight victory over the Sons of Rest in a 7-inning clash on Powell Field Tuesday afternoon. Kelly King for the clerks and Neville Davis again faced each other in the box.

Will Odom has purchased a 16-section partly improved ranch 36 miles from Midland between that city and Big Lake from Frank Ingham of Midland for \$8 an acre. Odom also purchased 200 head of cattle on the ranch at \$70 a head.

The Wilson Motor Co. of Big Lake will soon be in its new home, a building being erected by T. L. Benson on the corner lot just north of the building now occupied by the Buick Agency.

The Barnhart Drug Co., owned by Dr. A. Hebring, will soon move into its new home, now under construction on the corner across from the Sudden Service filling station in the heart of town. The building, when completed, will cost around \$4,500, according to L. L. Bewley of Ozona contractor.

Sheep, goats, hogs and even dogs and chickens that run at large in Ozona may come under the legal ban if a movement now under way for an election to amend the stock law is carried to a successful conclusion. A petition circulating Wednesday by Mrs. J. M. Baggett asking the Commissioners Court to call an election to amend the stock law. The present law bans cattle, horses, mules, jacks and jennets but for some reason did not include sheep, goats and hogs. Some Ozonans have asked that chickens and dogs be included in the ban and Mrs. Baggett says she will confer with lawyers to see if they can also be banned.

The petition of ladies employed in the courthouse that the halls of the courthouse be swept "regularly" was "in all things granted" by the Commissioners Court in its session this week. Strict constructionists point out that the appearance of the courthouse will be greatly improved by "regular"

Here's what makes it a new kind of Ford

The frame is wider... wheels are lower
(Lets you ride sweet and low)

Never before has a low-priced car hugged the road so well. Partly, it's because the frame is sturdier. Partly, it's because the wheels are smaller. Partly, it's the way front and rear suspensions take tilt out of turns. Mostly, it's because there's a whole new smoother-riding quieter-going "Inner Ford."

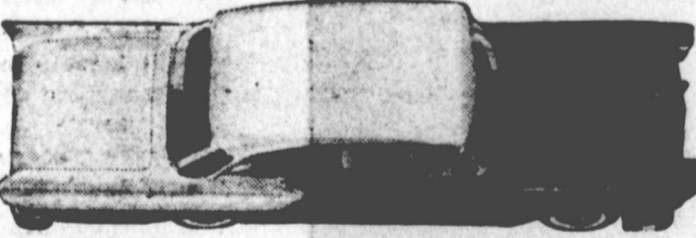

The power is bigger
(Most power in Ford's 26 years of V-8 leadership)

And what a V-8 engine! You can have the kind of Thunderbird power that smashed records at Daytona... set a new stock car mark at Indianapolis... traveled 50,000 miles in just 20 days at Bonneville, Utah!

The comfort is greater
(You've never had it so plush)

You sit in the lap of luxury. There's head room, hip room, leg room galore. And wait till you get a load of those new upholstery and color schemes!

The body is "beefier"
(Up to 9 inches longer, 4 inches lower, with full head room, full road clearance)

From top to floor, front to rear, this body is built like a "battlehip." You ride surrounded by new strength.

...and best of all it's the lowest priced*
of the low-price three!

WATCH YOUR WEIGHTS

By Joe Clayton

Weight lifting is a highly specialized art. Its purpose is not only to develop the muscles, but also the brain. (You see, each time the weights are lifted they must be counted, introducing serious mathematical problems.)

The Ozona Chapter of the Atlas Hickman club meets every afternoon at four o'clock under the watchful eye of Coach "Elvis" Cleere. Three sets of weights are lifted each day, one set being equal to about the amount of work it takes to ride a bicycle up Tandy's hill backwards.

But, so much for the facts. After suiting up, everyone rushes onto the football field eager to begin. There is always a cool dusty wind blowing with delightfully warm temperatures. Everyone picks out a small set of weights, and in order to amuse themselves while waiting for "Elvis" Cleere, everyone rushes to the football stands and begins energetically running up and down about 30 times. (These must also be counted, producing more mathematical problems. This is probably the reason "Suede" Peito not only coaches, but also teaches math.) Then they return to their weights, highly excited over the prospect of possibly lifting an extra set before dark.

There are always things to amuse us as we lift our weights, like "Lou" Marley coming by and sounding off his muffers. All good things must come to an end, and after the final weight has been lifted, everyone must reluctantly go in, thinking only of four o'clock the next day, when they can begin again, this strange art, called, weight lifting.

BAND CONTEST

Solo and ensemble contest in Sweetwater last Friday was the scene of much anxiety as members of the band awaited their time to play or watched the bulletin board for the posting of their rating.

Each year in the spring, the Interscholastic League contest is held in some near-by city. Solos and ensembles are prepared and played by memory for a judge. The judge rates them in divisions and gives helpful suggestions, and first divisions are award medals.

The trip was fun and very successful, since Ozona was awarded thirty medals — Good work, kids!

INTERSCHOLASTIC MEET

By Lou Nelle Beall

Saturday morning, about 7 o'clock, three cars of students from Ozona High went to Junction. Those are the bare facts about our trip — the results were more exciting!

First of all, Miss Moore took two of her shorthand students and three of her typing students. Elizabeth Pearson won first place in Shorthand with a score of 84.75% and Lou Nelle Beall won second with a score of 84.50%. Dartha Melton won fourth place in typing and Becky Davidson won fifth. Delma Martinez was our alternate.

Next, comes Mr. Leath and his speech students; Genelle Childress and Jim Burton. Genelle won first place in extemporaneous speaking

and in boys extemporaneous Jim won second. Mr. Moody also ranked high with his ready-writing and spelling students. Joe Clayton and Genelle entered the ready-writing contest with Mary Jo Ward and Wanda McCaleb in spelling. Joe won first place in ready-writing and Mary Jo and Wanda won third place in the spelling contest.

We also had entries in slide rule and poetry reading. Jim Burton entered slide rule and Brenda Douglas won second in the poetry reading contest.

Mark White and Jerry Gilliam won second place in senior doubles in tennis, with Bob Meinecke winning second in the junior division. These boys were under the direction of Mr. Brentz.

Miss Powers and Mr. Moody also were very important in the meet. Miss Powers was director of the poetry reading contest, and Mr. Moody was the director of the ready-writing contest.

Miss Moore will take Genelle Childress, Elizabeth Pearson, and Lou Nelle Beall to Odessa, Regional meet this week-end. Joe Clayton will also go. They are planning to leave at 4 o'clock after school for the Interscholastic meet Saturday.

Congratulations to all of you!!!

South of Border Theme Of Program By Ozona Woman's Club

Ozona Woman's Club members met Tuesday in the home of Mrs. Ira Carson, with Mrs. Hubert Baker as co-hostess.

The program theme was "Hi Neighbors to the South of Texas," a study of Central and South American countries. Mrs. J. W. Henderson was director of the program and set the theme of the program with a quotation from a former president of Mexico, Miguel Aleman, "A great thing is neighbor unto neighbor." Invocation was given by Mrs. N. W. Graham.

A symposium discussion on "Organization of American States" followed. Mrs. B. B. Ingham, Sr., described her personal visits to Mexico, telling of the customs and education of the people and describing some of the principal cities. Mrs. Taylor Word took the group through Guatemala, Panama and Cuba, telling of the people, cities, products and industries of these countries. Venezuela, Paraguay and Bolivia were countries described by Mrs. P. O. Hatley. Mrs. Hatley wore a dress that was hand woven and made in Honduras.

Mrs. S. M. Harvick talked on Brazil, Uruguay and Peru. Mrs. Max Schneemann's visits were to Chile, Argentina and Ecuador. All speakers wore costumes of Latin-American design, native costumes of the countries they discussed. The two hostesses also were dressed in South of the Border costumes.

The Woman's Club made donations to the Red Cross, the Cancer Fund, Heart Fund and Crippled Children's fund.

The tea tables were centered with an arrangement of red amaryllis and tea was served following the program. Recordings were played during the tea hour.

Those attending were Mrs. John Bailey, Mrs. Roy Killingsworth, Mrs. J. A. Fussell, Mrs. Stephen Perner, Mrs. W. E. West, Mrs. P. T. Robison, Mrs. O. L. Simms, Mrs. Joe Pierce, Mrs. L. B. Cox, Jr., Mrs. Hortense Davenport, Mrs. Charles Williams, Sr., Mrs. Lowell Littleton, Mrs. N. W. Graham, Mrs. B. B. Ingham, Sr., Mrs. S. M. Harvick, Mrs. Taylor Word, Mrs. Max Schneemann, Mrs. P. O. Hatley, Mrs. J. W. Henderson, Mrs. Tom Clegg, Mrs. Alice Baker, and Mrs. J. H. Hardberger.

"This would tend to insure the security of the U. S. — by providing Scientific Brainpower the most needed commodity for the security of the U. S. and the Free World."

"Science City, Texas, could be the first of other Science Centers in Texas."

"These Science Centers would make Texas the leading Science state — therefore the most important and the most powerful state in the U. S."

Indeed, Mr. Price, the idea sounds good. But as for it taking a few Science Cities to make Texas the "most important" and the "most powerful state" in the U. S. the incentive is not enough. Just try to convince any Texan now his state is not the "most important" and as for the "most power-

ful" think man — what state has a native son for President, Senate majority leader and Speaker of the House?

Open House At Big Lake To Honor Couple

Open house will be held in the home of Miss Flore Coates and Mrs. Juanita Parker of Big Lake, at 808 Plaza, on Sunday afternoon, April 14, from 2 until 5 o'clock, honoring Mr. and Mrs. E. E. Pedrick of Albuquerque, N. M., on the couple's golden wedding anniversary.

Mrs. Pedrick, the former Jessie Coates, a daughter of the late Mr. and Mrs. P. H. Coates, Sr., pioneer ranch people of Crockett and Reagan counties, is a sister of Miss Coates and Mrs. Parker, and is a former Ozonan, having attended high school here. Other sisters

living in Big Lake are Mrs. John O. Carr, Mrs. L. Mrs. John A. Queen, Mrs. B. Balkum of Crane and Mrs. Custer of Willard, N. M., brother, P. H. Coates, Jr., Lake.

Friends and relatives family throughout West invited to attend the celebration.

Mr. and Mrs. Pedrick married in Alpine April 17, 1906. They have been living in Big Lake most of their married life. They are ranch people, they were in the newspaper business in Willard, N. M.

South of Border Theme Of Program By Ozona Woman's Club

Ozona Woman's Club members met Tuesday in the home of Mrs. Ira Carson, with Mrs. Hubert Baker as co-hostess.

The program theme was "Hi-Neighbors to the South of Texas," a study of Central and South American countries. Mrs. J. W. Henderson was director of the program and set the theme of the program with a quotation from a former president of Mexico, Miguel Aleman. "A great thing is neighborly good neighbor." Invocation was given by Mrs. N. W. Graham.

A symposium discussion on "Organization of American States" followed. Mrs. B. B. Ingham, Sr., described her personal visits to Mexico, telling of the customs and education of the people and describing some of the principal cities. Mrs. Taylor Word took the group through Guatemala, Panama and Cuba, telling of the people, cities, products and industries of these countries. Venezuela, Paraguay and Bolivia were countries described by Mrs. P. O. Hatley. Mrs. Hatley wore a dress that was hand woven and made in Honduras.

Mrs. S. M. Harvick talked on Brazil, Uruguay and Peru. Mrs. Max Schneemann's visits were to Chile, Argentina and Ecuador. All speakers wore costumes of Latin-American design, native costumes of the countries they discussed. The two hostesses also were dressed in South of the Border costumes.

could pool a sum to build Science City, Texas — a community with the finest facilities and atmosphere for research to attract the best scientists — who will also teach.

"This would tend to insure the security of the U. S. — by providing Scientific Brainpower the most needed commodity for the security of the U. S. and the Free World.

"Science City, Texas, could be the first of other Science Centers in Texas.

"These Science Centers would make Texas the leading Science state — therefore the most important and the most powerful state in the U. S."

Indeed, Mr. Price, the idea sounds good. But as for taking a few Science Cities to make Texas the "most important" and the "most powerful state" in the U. S. the incentive is not enough. Just try to convince any Texan now his state is not the "most important" and as for the "most powerful"

Total of the Senate appropriation bill is \$12,084,349,515. Both House and Senate recommendations are some twenty-five to twenty-seven million dollars less than the comptroller's estimate of income.

Insurance Bills — A bill to allow "flexible rates" for casualty insurance is given little chance of passage.

Senate Insurance Committee refused to vote out the measure which would abolish Texas' system of statewide uniform rates. The proposed bill would set a rate based on each individual's accident record.

A House committee weighed the possibility of insurance Commission reorganization from the viewpoint of present Chairman John Osorio. Governor Daniel had appeared earlier urging passage of the bill.

Osorio said board reorganization already is under way. He said he felt it could be successfully carried out under present laws.

Real difficulty of the commission, he said is not top level organization, but need for more examiners. He recommended a 150-man staff, rather than the present 39, and higher pay.

Water Bill Signed — Governor Daniel signed into law a measure allowing the Water Board to cancel unused water permits.

Water conservation program leaders had claimed the new rule would solve "75 per cent of Texas' water problems." Some cities had protested it would allow the board to take from them water they needed for future expansion.

Proponents said Texas now has outstanding permits for more water than is available, but all of it is not being used. Cancellation for unused permits, they said, would allow the water board to reassign water for beneficial use.

Archives-Land Building — Governor Daniel has given his blessing to a plan for a new building for the State Library and Archives and the General Land Office.

A bill providing \$2,050,000 for such a building is before the Legislature. Funds would come from a surplus in the drivers license fee fund.

Ad Bill Passed — House added an industry-matching amendment before passing a Senate measure to allow state advertising.

Proposed constitutional amendment would allow use of state funds for advertising as long as they are matched by private interests.

House sponsors said they hoped the conference committee would eliminate this feature.

Spring Lamb Top \$24.00, Greek Lambs At \$26.00

PORT WORTH — The Easter lamb market opened at Fort Worth Monday with a minimum of fireworks, and at the conclusion of the day most fat lambs were around 50 cents higher. A few lightweight lambs sold for the special order for Greek Easter lambs topped at \$26.

Trade was rather slow developing as most salesmen priced lambs considerably higher in hope of getting more premium for the lambs which will be processed this week and rushed to the Eastern Seaboard in time for the Easter trade. However, slaughter interests held the line after the modest advance of 50 cents.

The Greek lambs are little fellows scaling 40 to 60 pounds, and usually bring a sizable premium over the heavier lambs, and this year it was only \$2.

Tone of the trade was good on older sheep, and stocker and feeder lambs enjoyed a much better outlet than last week.

Comparative prices: Good and choice Spring lambs \$22 to \$23, few lights \$26. Cull to medium Springers \$15 to \$20. Good and choice old crop lambs \$19 to \$22.50, latter price for Fall shorn pelts. No. 2 and No. 3 pelts sold from \$21 down, with some fresh shorn choice fat lambs at \$20. Cull to medium old crops \$12 to \$18. Stocker and feeder wooled lambs \$21 down; shorn feeders \$19.50 down, some of these lambs were \$1 to \$1.50 above feeder bids last week, but not that much above their packer value at that time. Yearlings and two's sold from \$17

down; aged wethers cashed at \$14 down; slaughter ewes drew \$7.50 down to around \$5.50 or \$6.00.

Cattle Trade Very Active, Prices Strong

Trade in the cattle division at Fort Worth Monday was very brisk, with steady to stronger prices all down the line. Top grades and high quality were again rather scarce.

Good and choice steers and yearlings drew \$19 to \$24, and common and medium sorts sold from \$13 to \$18.50. Fat cows cashed at \$12.50 to \$15, with canners and cutters from \$9 to \$12.50. Bulls sold at \$10 to \$15. Good and choice fat calves cashed at \$20 to \$24, and cull, common and medium kinds sold from \$12 to \$19. Stocker calves and yearlings sold from \$15 to \$22.
