Spring Basketball Practice Stresses Court Change

Gleeful Over 8 Returning Stringers

By Ernie Boyd

Swede Pelto has issued a spring basketball practice for the Easter Holiday last week. Pelto will have seven of the eight players returning next season plus the B and the freshman team.

Bobby Sutton, a regular season, is expected to miss spring session due to illness which took him out of track and field for two weeks recently.

Changes adopted for the season have made spring this year of particular importance. In 1956 it was voted high school teams in Texas follow both professional and college rules by adopting the wide lane.

The wide lane is created by extending the free throw lane line to the end of the key instead of continuing in a circle as has been the custom.

Idea in increasing the width of the lane is to help overcome the advantage the tall player has but not very good other players. The Interscholastic League already adopted the use of the wide lane to reduce the possibility of the easy tip-in during a missed free throw.

Lions will have five seniors as compared to only one last season. They will be Young, Rodney Franklin, Vargax, Ronnie Paulk, and Williams. Bobby Sutton, Jerry Jacobs will be juniors with David Sikes, Dizzy Powers, Don Powers, from B and Jim Williams, Johnny Roy Killingsworth, Muggins and Alonzo Galindo, who will sophomore up from the freshman team.

In addition to these a few more are invited to take part in workouts along with one or two transfers who would not be eligible for a team competition this season.

In addition to becoming used to the wide lane, a solution to the problem of good forward play will be sought in the spring sessions. The Lion scoring punch during last season was largely contained in the post position with Young and Jerry Jacobs being the team's two leading scorers.

The problem facing Coach Pelto will be to get a more evenly distributed attack. Swede Pelto has indicated that he may play ten players next season if the prospects from the B come through as expected.

Singers Reunion At Brady April 27-28

Brady, Texas — The annual Singers Reunion will be held in the Brady High School auditorium Saturday and Sunday, April 27 and 28.

Among the visiting quartets will be the famous Cavaliers Quartet from Fort Worth, the Glory Morning Quartet from Gatesville, the Adams Quartet from Monahan, the Gospelaires from Midland, the Brown Family of Fort Worth, the Melo Deans of Brady and the well known Capitol Quartet of Austin.

A concert Saturday night by visiting quartets will open the festivities. There will be singing all day Sunday. For the convenience of the visiting singers a barbecue chicken or beef lunch will be served at noon Sunday in the school cafeteria.

Mrs. A. C. Stewart of Voca is president of the organization and extends a cordial welcome to the singers.

H. A. Ellledge is visiting from Brackerville and Del Rio.

Co-Operation Sought Make Clean-Up Week Most Effective Here

Co-operation of all residents and business concerns in Ozona is sought by the Ozona Woman's Club to make its sponsored annual Spring Clean-Up Campaign here this year the most effective in history.

Starting Monday, April 29, and continuing through Friday of that week, a fleet of county trucks will be made available to haul off trash and rubbish from premises of Ozona residents without cost as a means of promoting co-operation in the town-wide clean-up. Trash should be sacked or boxed wherever possible to facilitate the hauling and should be placed next to a street or alley so that trucks can get to it with a minimum of trouble.

Residents are urged to make a start now toward putting their premises in order, cleaning up backlots, vacant lots and yards, digging out accumulated rubbish and useless articles from homes, garages and outhouses which may be fire hazards or unsightly.

Remember the dates of the "trash haul" — Monday, April 29, through Friday, May 3 — five days of free trash hauling. With Spring and good rains to date, a thorough clean-up of Ozona now will add to the town's already blossoming beauty. Do your part.

Apprentice petty officers are chosen from the ranks of the seaman recruits to assist Company Commanders. The selection is based on individual aptitude and leadership qualities.

More Rains Boost Hopes That Year Will End Drouth

Squall Line Triggers Fine Rains Across N. Half of County

Violent thunder storms kicked up by an advancing squall line which crossed Texas Monday night brought more much needed moisture to parts of Crockett county and other West Texas areas, adding to the growing hope that this year at last will mark the end of the long drouth.

Heavy rains to the north and northwest of Ozona sent Johnson draw on a half-bank-full rise early Tuesday morning and the runoff water ran through Ozona throughout the day. Reports from areas north of Ozona showed rainfall up to two inches and with a wide area getting at least a half inch. Fall to the west and east of Ozona ranged from a half inch to an inch, while the moisture was reported lighter south of Ozona.

However, the southern part of the county received additional moisture in a thunderstorm which was confined to that area early Wednesday morning.

Ozons measured only .36 of an inch in the Monday night fall, with very light hail accompanying the beginning of the shower. Heavier hail was reported to the north but very little damage, except to gardens and tender plant, was reported.

Lt. and Mrs. Russell Cecola of Orlando, Fla., are the parents of a daughter, named Valerie D'Ann, born in Orlando April 18. Mrs. Cecola is the former Beverly Ann Moore, daughter of Mrs. Sam Bowworth of Galveston, and a granddaughter of Mrs. S. L. Butler of Ozona.

State Convention Delegates Named By Woman's Club

Prominent Speakers, Important Topics set For Waco Meeting

Mrs. Ira Carson and Mrs. A. C. Hoover were elected delegates from the Ozona Woman's Club to the 60th annual convention of the Texas Federation of Women's Clubs at the regular meeting of the club Tuesday afternoon in the home of Mrs. Ben Lemmons.

The TFWC Convention is to be in Waco, May 6-9, where sixty years ago the Federation was organized. Mrs. R. I. C. Prout, president of the General Federation of Women's Clubs, the national organization, will be one of the outstanding speakers at the convention. Her topic will be "Knowledge Is Power."

Other speakers listed for the convention are Lonie Throgmorton, Republic National Insurance Co.; Mrs. C. B. Rossebo, Red Cross Field Representative; Richard W. Reuthers, Executive Director of CARE; Mrs. Wm. H. Hasebroock, Fine Arts Dept., of the General Federation of Women's Clubs; Mrs. Hanna Kiep, secretary of Women's Affairs, German Embassy, Washington, D. C.; Dr. W. R. White, president of Baylor University, and Honorable Yang Yu Chou, ambassador from Korea to the U. S.

Topic for delegate consideration include opposition to Senate Bill 250, which provides that no vaccination be compulsory before admission to the public schools; endorsement of Texas humane laws, especially slaughter regulations; income tax limitation; Byrd-Bridges amendment that could limit Congressional spending; the Bricker Amendment to limit the effect of treaties on domestic laws; traffic safety legislation; teacher salary increases; status of women as regards rights over personal property, and water conservation.

Mrs. Hubert Baker of Ozona will also attend the convention as a State officer. Mrs. Baker is chairman of Community Affairs. She is also 6th District chairman of Home Reading Course of Education.

Mrs. A. C. Hoover assisted Mrs. Lemmons as hostess to the club. Mrs. John Bailey opened the program with a "Prayer For Texas" by Grace Noll Crowell. Under the topic, "The Yankee's Discover Texas," Mrs. J. A. Fussell discussed the rapid industrial growth in Texas, a sound movie, "New Works in Texas" by the Humble Oil & Refining Co. was shown. The movie showed the aluminum processing plant of Alcoa in Texas. Mrs. Ewart White discussed the economic and psychological effect of this great industrial expansion on Texas.

New Wool And Mohair Warehouses For Ozona

Expansion of the Devil's River Feed Co., into Devil's River Feed, Wool & Mohair Co. and a new wool and mohair warehousing firm in Ozona has been announced by James Baggett, Crockett county ranchman, owner and manager of the firm.

The new firm will handle wool and mohair on a consignment warehousing basis, showing clips for sale to buyers and offering fireproof and insured storage. The firm will continue to handle the same lines of feed, stock medicines, fertilizers, seeds and ranch supplies.

Temporary storage in a semi-fireproof building has been rented to handle wool and mohair clips at this time. Baggett announced, and as soon as the firm's new quarters become available, the entire business will be concentrated in its new location.

State Vice President Conducts P.T.A. School Of Instruction Here

Mrs. W. S. Pickett of Karnes City, Texas, state vice president of the Parent-Teachers Association, conducted a school of instruction for P. T. A. members and workers of this district at the Ozona High School Tuesday.

Among out-of-town visitors for the school were Mrs. H. C. Green of Water Valley, 6th District president, Mrs. Ed Meador and Mrs. L. E. Callan of Eldorado, Mrs. Frank Potmesil and Mrs. Robert Kelly, Jr., of Sonora. Lunch was served at noon in the school cafeteria.

Conference Here May 1 On Bracero Labor Questions

Texas Employment Commission Representative To Be Here

A representative from the Texas Employment Commission will be in Ozona Wednesday, May 1, for a conference with ranchmen of the area who contract Mexican nationals or contemplate contracting them in the future.

The meeting will be held in the courthouse starting at 10 a. m., and all ranchers or others who employ bracero labor are cordially invited to attend.

"It will be to the advantage of all ranchmen who contract Mexican nationals or contemplate doing so to attend this meeting," L. W. Eilers, office manager of the San Angelo office, Texas Employment Commission, said in announcing the local meeting.

Certain information will be given ranchers attending the conference regarding contracting and their responsibility under the Mexican National Program.

Information also will be given ranchmen on the new housing statement required when contracts are being renewed or when additional braceros are contracted.

"Ranchers not present at this meeting very likely will have to go to San Angelo before they will be able to extend contracts or contract new braceros," Mr. Eilers said.

Local Business People Have Training Course In Sales Techniques

Merchants of Ozona and their employees, along with other salespeople in the city, have arranged for a week of special training dealing with effective business conversation as one of the important techniques of present-day selling and service to customers.

This training program is sponsored by the Retail Merchants Association with meetings scheduled Monday through Friday, beginning May 6 at 7:30 p. m. in a place yet to be decided.

Entitled "Tell It Well (To Sell It Well)", daily conferences will be directed by Arthur M. Brown, Retail Training Specialist from The University of Texas. Mr. Brown has been active in retail and wholesale selling for a number of years and has had considerable experience with both large and small organizations.

Howard Lemmons, secretary of the local R. M. A., has announced that course participants will include owners, managers, and employees of local businesses and service organizations.

This educational program is made possible through the cooperation of the Retail Merchants Association, The University of Texas, Division of Extension, and the Texas Education Agency. A moderate registration fee is the total cost to the employee. The Retail Merchants Association, Phone 360, may be contacted for further information.

Second Contract For Flood Dams Set For May 20

Bids Called For Site 3 Construction To Harness Johnson

Advertising was started this week calling for bids on the construction of the second dam in the series of seven to be constructed under U. S. Public Law 566 under the supervision of the Soil Conservation Service to harness the flood waters of Johnson Draw which courses through Ozona.

Contract was awarded last week for construction of the first dam, on Site No. 1 on the Boyd Baker ranch.

The second dam contract will be awarded on May 20 for construction of Site No. 3 on the Jack Holt ranch, approximately eight miles north of Ozona. Bids are to be received up to 2 o'clock p. m. on Monday, May 20, at which time they will be opened and read by the Crockett County Commissioners Court. The No. 3 site dam will require an embankment of a total of 197,204 cubic yards of earth, with the concrete spillway, draw-down tube and other equipment of the retardation dams.

Contract was awarded last week for construction of Site No. 1 dam to Concrete Contractors, Inc., of Pasadena, Texas, on their bid of \$93,921.40. A total of eight contractors submitted bids on the project. The site No. 1 contract calls for completion in 242 calendar days and that to be awarded May 20 on Site No. 3 must be completed in 213 calendar days.

Final details are about completed on dam Site No. 2 and it is expected that this project will be ready by next week to set a date for contract award and to start advertising for bids.

Meanwhile, county officials were busy this week getting easements from property owners for channel improvements on the draw bed through the town of Ozona. Efforts are being made, also, to contact State Highway Department officials to bring about the replacement of the too short and too narrow highway bridge on U. S. 290 cross Johnson draw in downtown Ozona. This improvement is part of the Soil Conservation Service engineers program of channel improvement through the town to prevent bottlenecks and in-town overflow of flood waters from the channel.

Conoco Re-Entry Flows Distillate And Gas On Test

Ranch Field Discovery; Permian Test Is Slated

Continental Oil Co. No. 1-C C. T. Harris, in 4-BB-2-A, J. Barfield survey, Strawn gas-distillate discovery in the Ranch field of Crockett County made 175 barrels of distillate and gas at the daily rate of 1,035,000 cubic feet on a calculated, 24-hour flow.

The gauge was based on an actual four-hour flow of 29.2 barrels of distillate and gas at the above rate through a 30-64-inch choke and perforations between 8,220-50 feet. Gas-oil ratio was 5.857-1.

The project originally was drilled to 9,210 feet by Continental and shut in in 1952. The project reportedly made gas, however there was no record immediately available of potential test.

El Paso Natural Gas Co. of Jal. N. M., has filed application to drill a 3,600-foot Permian wildcat in Crockett County, 39 miles northwest of Ozona. It will be drilled as the No. 1 Mintel.

Location, on a 500.4-acre lease, is 660 feet from the north and east lines of 15-HH-GC&SF. Elevation is 2,764-feet.

the prospect of annual sessions in the future is gaining favor.

Senate gave preliminary approval to a measure for annual sessions and \$7,500-a-year salaries for legislators. House passed a similar version with only \$4,800 a year pay.

Sessions on odd-numbered years would be as now. On even-numbered years a short budget appropriation session would be held.

Measure is a constitutional amendment which would require approval of the voters in November 1958.

Slum Bill Moves — Texas cities would be able to get federal aid for cleaning up blighted areas under a given final House passage.

Senate State Affairs Committee balked the same bill 9 to 8. But supporters gained an unusual victory when the Senate voted 23-6 to accept the report of the committee minority.

Opponents attacked as unconstitutional the provision allowing a city to condemn property for sale to private parties. Backers said the bill had safeguards to prevent abuse of condemnation powers.

Segregation Up To Senate — Enactment of 8 bills designed to preserve school segregation is in the hands of the Senate.

Sponsors predicted an easy majority in the upper house. However, two South Texans whose constituencies are already integrated promised opposition. Sen. Abraham Kazen Jr. of Laredo and Sen. Henry B. Gonzales of San Antonio indicated they might try to talk the bills to death in an end-of-session filibuster.

Measures already given House approval would (1) allow school boards to assign pupils to schools, (2) exempt children from compulsory attendance at integrated schools, (3) authorize state to pay tuition for pupils to segregated non-sectarian schools where no segregated public school is available, (4) authorize school boards to designate schools as "White," "Negro" or "integrated," (5) direct the attorney general to defend

anti-segregation suits against the state, (6) require registration of persons paid to work for integration, (7) prohibit public employment of NAACP members and (8) ban future integration without a local school district vote.

Teacher Money Sought — Two bills aimed at gaining funds for teacher pay raises probably will be debated this week. Each has gained committee approval in both houses.

One would double tuition at state colleges for an estimated \$10,000,000 more in revenue. Another would make one per cent of the permanent school fund available for current spending. It would bring in \$7,000,000 to \$11,000,000.

Added to a predicted \$27,000,000 surplus in the general fund, passage of the two bills would bring to about \$47,000,000 the amount available for teacher raises.

Teachers originally asked a basic \$399-a-year boost, plus improve-

ment in the schedule of increases for experience. This would cost a total of \$67,000,000.

Governor Daniel suggested a compromise whereby teachers would get the basic raise, but not the experience increase. Teacher spokesmen have indicated probable acceptance.

Women Gain Ground — Women's clubs won a modified victory with Senate passage of a much-patched separate property bill. It would give married women authority to manage their own estates without husband's consent.

A number of restrictive amendments were put in before passage. One would require a woman be 21 before assuming estate management "to prevent a 14-year-old girl from getting married and throwing away her inheritance."

and allow the governor to name a new board. But the House State Affairs Committee shunted it off to an unfriendly subcommittee.

Some thought it would die there. Then a verbal battle broke out between John Osorio, chairman of the commission, and Gov. Price Daniel.

House committee members, meanwhile, took new looks at the reorganization bill; admitted to being in a tight spot. Sentiment is reportedly very evenly divided.

To Our Churches

We bring this message to all the churches of our city. It is a message of deep appreciation for your services and for your faithful consecration to the life of Him who died on the cross. The church is the spiritual gathering place for those who would worship in reverent communion and prayer. It is the cathedral of contemplation, whether it be an impressive edifice or a humble meeting house. Here we have churches of many denominations . . . and God lovingly invites you to attend the one of your choice. Let's all go to church every Sunday. Let's pray for the redemption of the world.

THE WAVE OF FRIENDSHIP

By Genelle Childress

Everyone drives down main street, sometime everyday. Our mothers hurry to the store in the morning; our fathers move up and down the streets transacting business from morning 'til night. We spend after-school hours drinking cokes and driving around.

In a small town there seems to be a deep feeling of friendship. This feeling is linked together by one symbol — the friendly wave of the hand.

Strangers passing through Ozona stop and comment on what a pleasant town this seems to be. They say, "Someone I didn't even know waved to me on main street." Then they continued on their journey and our town always stands out in their mind as "the friendly town."

If you're ever tempted to drive down main street without a smile, a nod of the head, or a wave of the hand remember, people not only will think you are a snob, but will be breaking a symbol which binds each of us together into community one happy family. This symbol is the wave of friendship.

BEHIND THE BANDSTAND

This Saturday the band goes to contest in Abilene. It is held on the McMurtry College campus, and bands from this region participate.

The bands do not play on a competitive basis but are judged and rated individually. Bands winning first divisions in both concert playing and sight reading are awarded the Special Award, commonly called Sweepstakes. Our band has won this award many times before, and in previous years it also included marching. This year marching was excluded and as it turned out, the contest was called off because of bad weather and never rescheduled.

Band activities are nearly over for this year. After contest, sight reading will be the concentrated point. The band has done its usual outstanding work during the year and we're proud of it.

The numbers to be played Saturday are: "Emblem of Unity" march by J. J. Richards, "Song of Jupiter" by Handel, and "Fantasy for Band" by Frank Erikson.

GUY'S AND DOLLS

Did you say a new pair of stockings? That's right, Molly Sue and Joe started going steady Sunday night. Congratulations kids.

Thursday night everybody had a grand time until about 1 o'clock at the dance given for George, Erbie, and Jesse. It was very nice.

Seen firing out the highway towards Big Lake for the dance Friday night were: George — Wanda, Robbe — Frances, Jesse — Jane, Clayton — Joan, Robbe — Mary Jo, Kent — Camille and

Erby — Allene. They said they had a "ball!"

Sally and David seem to be getting "starry eyed" over each other. They'll be a member of the "steady club" before long.

Don, Diane and Guyne! had a great time in Sinton.

Seems they did a little bit of everything and Guyne! is now called the "Great White Hunter!"

Sally and Molly Sue went swimming Monday afternoon and it was fun while it lasted, but they were certainly "Mango" looking Tuesday morning.

Jerry J. had a very "neat" time with Dixie Jean Gibbs from San Angelo Thursday night. She made quite an impression on him, and she's very cute Jerry, but remember, we have some very cute ones at home too!

All the college kids were home over the holidays. It was really good to see them, but it certainly reminded us that very soon our own seniors will be gone and they will be just visitors, too.

They Springboard in a Buick
 Get New Color!
 Get New Trim!
 Wonderful Spring-Sit Seats!

If you're one who goes for spirited performance, you'll find the vivacious 1957 Buick Century speaks a language all your own.

Because, this year, we wanted to bring you even finer performance. Engineered a brand-new V8 engine with the "power-pack" built right in, at no extra cost — and teamed it up with a new version of Variable Pitch Dynaflow™ that's instant in response.

Our hidden steering wheel and you'll understand why we say this 1957 Buick is the dream car to drive.

You sit there with 300 horses at your back and complete control at your finger tips, and the surety of powerful new brakes at your toe touch.

You smooth your way over hills that seem to lose their tops.

You slide relaxed and composed — in constant contact and supreme command.

But the Century — like all 1957 Buicks — equals also in fresh, new styling — the look you like, the longer you look. And of new luxury — inside and out. New stretch-out roominess — new solid tempo-like smoothness of travel. New buoyancy of ride, and a gleaming new ease of handling.

Come let this magnificent new Buick do its own talking. You'll find it sweet talking — right down to the price-talk.

The Advanced Buick that speaks to the only Buick that built only 40,000 in 1957. Type and Color — optional at extra cost.

The Postal Service continues to
be a major subject of discussion
and a leading issue on Capitol
Hill.

Many conflicting reports and
rumors have gone out to the pu-
blic as to why postal service has
been curtailed, and there is ap-
parent misunderstanding about the
funds allotted Postmaster General
Summerfield for the operation of
his department. Summerfield's cur-
rent operations are conducted with
funds he asked the Congress for in
January, 1956. At that time, he
got all the money he asked for
with the exception of 15 million
dollars, and that was a small per-
centage of his overall request. As
a matter of fact, he was increased
74 million over his previous bud-
get.

Last July, Summerfield realized
his spending rate was ahead of
schedule and that his money would
not hold out. As required by law,
he then asked the Director of
the Budget for permission to ap-
proach Congress for more funds,
but permission was denied. It was
not until March 12th of this year
that the Bureau allowed Summer-
field to seek additional funds —
and when he came to the House,
he asked not for the 15 million he
had been earlier denied, but for
47 million dollars. As this is writ-
ten, the House has voted 41 mil-
lion to restore postal service, but
felt it was "blackmailed" into dol-
ing so. The Senate has not also ap-
proved this sum.

Last Week I Stated Summerfield
has added 5,300 new jobs in the
supervisory category within the
postal service. It has been re-
ported the cost to the Government
in operating these supervisory po-
sitions has risen 25 million dollars
above the cost of any prior ad-
ministration. Reports also say
Summerfield's actions in having
mail boxes painted in three colors
cost the taxpayers at least \$100,000
and perhaps substantially more.

Recently I Received A letter
from a woman who asked me to
tell her if there is any difference
in the duties, schedule and general
work load of Congressmen now,
and those of about 1800.

I looked into the situation, and
after doing some research found
there is a substantial difference.
I suppose the best way to bring it
out is to recite the events of a re-
cent day of activity I had, and
compare it with a Congressman's
statements of some years ago.

I arrived at the office at 7:30
a. m., opening and reading my mail
until 8 a. m. when I attended a
meeting of other Texas Congres-
men to discuss foreign importation
of oil, which certainly effects West
Texas. This lasted until 8:35 a. m.,
at which time I attended a weekly
drill for Navy and Marines Reser-
vists on Capitol Hill. At 9:30 I
was back in my office, working on
mail and dictating replies. Both
of my Committees met at 10 a.
m. but of course I could only at-

tend one. I returned from Com-
mittee at 11:30 a. m. to work on
mail again, receive two long dis-
tance calls from West Texas and
review the legislative calendar and
bills coming up for that particular
day.

The House went into session at
12 noon. One of the Departmental
appropriation bills came up, and a
number of votes were taken. I left
the floor twice to talk with my
office, twice to take long distance
calls from Texas, but was record-
ed on all votes taken. The House
adjourned on this day at 6:10 p.
m. for the weekend. I returned to
my office, found three long dis-
tance calls waiting and returned
them. I signed the mail and re-
viewed the new letters, leaving
the office at 7:20 p. m.

The Military unit I belong to
had orders to report for active
duty, without pay, for the week-
end, and by 8 p. m. I was on a
plane with my orders. At 1 a. m.
we landed at Key West Naval
Base, and was up early the next
morning to participate in maneu-
vers and observe new, advanced

methods in anti-submarine var-
fare. Returning home Sunday even-
ing, I found more correspondence
and two telephone calls from the
district awaiting me before I could
prepare for the new Monday grind.
Excepting the Military operation,
this day was typical.

In 1803, Congressman Roger
Griswold of Connecticut wrote a
letter to a friend outlining what
he described as a typical day in
his life. It read as follows:

"We go to bed at 11; we rise at
half past eight, eat our breakfast
at nine; talk politics till 10; dress
ourselves by 11; then go to the
Hall and quarrel till three; return
at that hour for dinner; after
which we either sit stupidly in our
chambers till supper or read news-
papers, enjoy the perfume of to-
bacco smoke, and talk scandal and
snout till nine, after which we re-
tire to our chambers to write or
read till the hour of rest. If this
is not spending the time very poor-
ly, I know nothing about it. It is
true that the scene is occasionally
diversified by invitations to dine
out with acquaintances, but this

is making things worse. Upon those
occasions we must sit at the din-
ner table till 9 in the evening and
without enjoying much mirth, must
entail on ourselves a headache for
the next day at least."

So this was a typical day of a
member of Congress about 1803.

LUTHERAN CHURCH NOTES

"Has Jesus Appeared To You?"
will be the theme of the medita-
tion of the Lutheran Worship Ser-
vice to be held in St. John's Epis-
copal Church, in Sonora this Sun-
day, April 28. The Rev. Luther
Roehrs, Pastor of Trinity Lutheran
Church, Eden, will again bring
the message, basing his remarks
on the Word of God in St. John
20:19-31. The time of the Service
is 4: p. m.

Sunday School and Bible Class
will meet at 5:00 p. m. The child-
ren of the Sunday School will
study the lesson, "Feed My Lambs"
based on Jesus word in St. John
21:1-19. The Bible-Class will con-
tinue studying the general theme:
"God and I" and will study the

specific title, "God's Book and I."

We wish to take this opportunity
to express our thanks to the people
of this community for the fine re-
ception they have given to the ser-
vices. We hope that this will
continue. If there are any other
persons who are anxious to hear
more of the Word of God and the
Way of salvation to which they
have been exposed in the Radio
program, "The Lutheran Hour,"
and TV skit, "This is The Life,"
we extend to them a cordial invi-
tation to join us in our Worship
Services.

Mrs. Walter Dunlap attended the
recent County Judges and Com-
missioners conference in San An-
gelo as a guest of her son, Judge
Paul Counts and Mrs. Counts.
Judge Counts, of Fort Stockton
was retiring president of the West

McMURRY INDIANAIREs — The Indianaires, mixed quartet within the McMurry College Chanters, will be featured with the mixed choir from Abilene when it presents a concert for the students of Ozona High School at 2:40 p. m. Monday, April 29, in the high school auditorium. Members of the quartet are (standing, from left) Wayne Hall, Carrizo Springs; Elizabeth Hix and Karen Hopkins, Abilene; and Melvin Pollock, Santa Anna. Their accompanist (seated) is Neysa Petria, Talpa.

All Livestock Strong As Receipts Small
FORT WORTH — Strong prices were the rule at Fort Worth and all around the major livestock market circuit Monday as numbers of cattle, hogs and sheep were well below a week earlier and also a year ago. Improving range conditions and spring field work were credited with the slack receipts, as well as the small over-night movement of livestock for Monday sale because of Easter observance.

Cattle and Calves Strong, Spots 50 cents up
Trade was active and prices of cattle and calves fully steady to strong, with spots 25 to 50 cents higher at Fort Worth. Fed cattle were very scarce, with the top heaves some club steers from Motley County that topped at \$24.50. Other good to choice cattle sold from \$19 to \$22.50 and plain and medium sorts sold from \$12 to \$18. Butcher cows sold from \$12.50 to \$15, and canners and cutters sold from \$9 to \$13. Bulls drew \$10 to \$15.

Good and choice fat calves brought \$20 to \$23, and medium and lower grades sold from \$12 to \$19. Stocker steer calves sold from \$16 to \$25, and steer yearlings sold from \$21.50 down. Stocker cows drew \$10 to \$15.

Lambs Up Half Dollar, Spring Lamb Top \$24.50

There was continued improvement in the sheep and lamb trade Monday as good and choice milk fat lambs topped at \$23 to \$24.50 at \$24.50 at Fort Worth Monday. Old crop lambs went along with the strong market as good and choice yearling lambs sold from \$19 to \$22.50, those at the higher figure having Fall shorn and full wool pelts. Lambs with No. 2 and No. 1 pelts sold from \$22 down, and No. 3 pelts sold around \$21 down.

Trade was very active throughout. Other grades and classes included cull to medium milk lambs from \$15 to \$22, and stocker milk lambs from \$19 down. Cull to medium shorn lambs \$13 to \$18. Old wethers \$10 to \$13. Two-year-olds \$16 down. Aged ewes \$5.50 to \$7. Aged bucks \$5 to \$5.50. Breeding stock very scarce, however, some shorn feeder and stocker lambs sold from \$14 to \$20. The three does at \$20 had about No. 2 pelts, average 81 pounds, and carried a good percentage of ewe lambs as well as some good flesh.
