Hannah, Business Operator Married Sun.

Operator Since 1931, Died Morning

Services were held at 2:30 p. m. Sunday afternoon from the Church of Christ, for Hannah, 62, Ozona business operator who died Saturday at Crockett County Hospital.

Funeral services were conducted by Rev. J. Ferguson of Abilene, pastor of the Church of Christ, with Frank Lill, minister here, assisting. Burial was in Cedar Hill cemetery under the direction of the funeral home.

Survivors include her husband, Bascomb Cox, son, Pascal Northcutt, daughter, Ted White, Hubert James Baggett, all of Ozona; and Boyd Lovelace of Sonora.

Hannah had been a victim of cancer for more than 20 years and had been in critical condition for the past two weeks. She operated the Ozona business since 1931. Born in Texas, Sept. 1, 1894, Mr. Hannah was a graduate of Gupton School of Embalming and Lipscomb College, both in Tennessee.

She came to Ozona, where she had operated a furniture business and a funeral home in Memphis, Tenn. She bought the business here from Robert Miller and operated it until her death. She was in what is now the business building, occupied by the owners and Ranch Feed Co. He later built the plant in the northern part of town which now houses the

members of the Church of Christ. Since childhood, Mr. Hannah accomplished musician for many occasions in her home during her years of residence. He married the former Alberta Lewis in Tennessee May 13, 1921.

Survivors include the widow; Billy Hannah of Aurora, daughter, Mrs. Ed Lewis, Mainview; one sister, Mrs. J. B. Baggett of Abilene, and six grandchildren.

Meeting Tuesday To Plan Airport Dedication Program

Ozona Squadron, Civil Air Patrol will hold a regular meeting Tuesday night, August 13, at Crockett County Airport at 8 p. m.

Members are urged by Lt. Lemmons, Squadron Commander, to be present, as plans for the Airport Dedication and the program to be held Sunday, Sept. 15, will be discussed in detail. Persons interested in obtaining membership are also urged to attend.

Ozona Teachers Holding Sul Ross Reading Conference

The Sul Ross School System is represented at the 11th Annual Reading Conference at Sul Ross State College, Alpine, by the following: Roy E. Killingsworth, first grade teacher; Mrs. W. T. Stokes, second grade teacher; Mrs. Dorothy Montgomery, sixth grade teacher; Mrs. Fred B. Hagelstein, seventh grade teacher, all of North Elementary School; and Mrs. Bill Smith, South Elementary School. At 300 Texas teachers are participating in the conference. Inviting speakers in the reading field will address the group. They are Dr. and Mrs. E. J. Smith of the University of Texas and Dr. Helen Huus of the University of Pennsylvania.

PATENTS AUTOMATIC LOGGING DEVICE — Joe Bailey, Young Ozonan, To Operate First Electronic Computer For Shell Oil Co. Now Being Installed In Company's Midland Offices

Shell Oil Company is installing one of the atomic-age electronic computers, the miracle machine-brain which digests a mass of material that would swamp a human brain and comes up with the answer in a fraction of the time it would take man, in its Midland offices.

This, according to Shell officials, will be the first such machine to be installed in West Texas and an Ozona young man, Joe Bailey, son of Mr. and Mrs. T. J. Bailey of Ozona, will serve Shell as first data processor for this machine marvel.

Bailey, a summer graduate of the University of Texas graduate school, where he received his Master of Arts degree in mathematics, will report to Midland Monday of next week to begin his work. He is a graduate of Ozona High School, of San Angelo College and the University of Texas. While a sophomore at San Angelo College, Joe was chosen by the Atomic Energy Commission for study at the AEC White Sands Proving Grounds, New Mexico.

An electronic and mathematical

wizard, young Bailey defrayed a part of his University expenses by building and selling high fidelity recording sets. Early in his college studies, he perfected an electrical question and answer board for his mother's use in her classrooms as a teacher in Ozona Public Schools. The device is an electrical arrangement suitable for use in any course of study, with a range of 75 questions and corresponding answers. Mrs. Bailey makes almost daily use of the device in her classroom.

The latest accomplishment of this talented young Ozonan is the perfection of an electrical device which will automatically log oil wells, record depth, formation and oil and gas content of cuttings. A working model of this device has been made by young Bailey and an application for a patent has been made to the U. S. patent office. Use of the device, oil operators have said, will obviate the necessity of a geologist sitting constantly at the site of a drilling operation and will give operators an electronically recorded graph of all needed information as drilling progresses.

Member Sign-Up In Grid Booster Club Under Way

OHS Lion Boosters To Sponsor Annual Barbecue For Team

Membership sign-up in the Ozona High School Lions Booster Club, an organization dedicated to the advancement of OHS football fortunes, began this week and the response has been splendid, workers in the sign-up campaign report.

The new Booster Club is being organized among men of the community as a means of providing the annual inspirational barbecue supper for members of the team, their fathers and coaches which has been held here each year shortly after the fall opening of schools. The event, at which some of the state's outstanding athletes, coaches and college and university athletic directors have been speakers, has been sponsored for the past five years by the Crockett County Sheriff's Posse.

The Posse has been inactive in late years and since funds were no longer available from that organization to stage the annual suppers, the Boosters Club is being formed to provide the funds and at the same time to perfect an organization of men to stand ready to lend encouragement to the players and coaches and serve as a contact between these groups and the townspeople.

A membership fee of \$2 is being charged for the first year of the organization, which will be perfected at the time of the annual banquet for the team this fall. If enough members are secured this year to provide more than enough money for the barbecue supper, backers plan to suggest a reduction in the membership fee to a figure sufficient to meet its financial needs.

Tentative agreement has been obtained from Pete Shotwell, athletic director of McMurry College in Abilene, and famous as coach of the state champion Abilene Eagles in the twenties and later coach at Longview and at Harlingen, Simmons University in Abilene, as speaker for this year's banquet honoring the Ozona High School football team and coaches.

Promise has also been given tentatively to provide the Humble Oil & Refining Company's Southwest Conference Football Highlights of 1956, which will be released at about that time, for showing at the banquet.

WANTED — Good home for 7-months old half wirehaired and half short-haired Fox Terrier male dog. Free. Phone 389-W. 1p

CROCKETT COUNTY HOSPITAL NEWS

Patients admitted to hospital since July 30th: W. N. Hannah, Ozona, medical; Martha Aguirre, Ozona, surgical; Mrs. G. W. Lane, Ozona, obstetrical; Mrs. W. L. Babb, Ozona, medical; Mrs. Clyde O. Woodwall, Ozona, surgical; Raul Vargas, Ozona, medical; Ed Vitela, Ozona, medical; E. D. Stahl, Ozona, medical; Juan Gomez, Ozona, surgical; Eddie Trotter, Larnhart, surgical; Mrs. H. H. Clevenger, Ozona, surgical; and Mrs. N. W. Pannell, Ozona, obstetrical.

Patients dismissed: W. E. Allison, Mrs. J. K. Chisum, Mrs. Ernest Martinez, Jr., and infant daughter, Eddie Phillips, Mrs. Frank James, Ruben Tambunga, Jr., Mrs. Salvador Ramirez, Mrs. G. W. Lane and infant son, Raul Vargas, Ed Vitela, and Mrs. Lionell Tambunga.

Sonora Lions Club Sponsors Wrestling Card For August 17

Havoc will be loosed Saturday night, August 17, at Sonora's football field, when the Lions Club presents its benefit professional wrestling card.

Six professional matmen from all over the country will be imported. Among them will be El Diablo, the Masked Marvel, a 245 pounder, who will be unmasked as soon as he is defeated. He has yet to lose a match in Texas. He will tangle with flashy, young Cowboy Cody, who promises to hog-tie him before the evening is over.

Other stars on the card will be Bill McCallum, Miguel Aguilar, The Shiek, and Bob Gurley.

There will be three preliminary matches followed by a battle royal in which all six wrestlers will compete to see who can stay in the ring longest without being pinned.

As if this weren't enough, the last four men to be eliminated in the battle royal will divide into teams for a tag team match, which will be the main event.

Ozona Scout Joins In Trip To Canada

Joe McMullan, son of Mr. and Mrs. Ashby McMullan of Ozona, joined six members of the Rock-springs Explorer Scout troop and other West Texas youths on a two week trip to Canada. The boys were accompanied by Ellis Martin, Scoutmaster at Rock-springs.

The boys left last week from Camp Sol Mayer. After reaching Ely, Minn., the Scouts will go to Moose Lake area to begin an 8-day canoe and fishing trip.

Sponsors Lined Up For Beauties In Water Fiesta

Beauty On Parade At Annual Lions Water Carnival Aug. 16

Lion's club representatives were busy this week canvassing the Ozona merchants for sponsors for the girls entered in the 1957 Water Carnival to be held at the North pool Friday, Aug. 16.

Of 38 merchants contacted this week, 37 have decided to sponsor girls in the annual event, but a number of contestants are yet to be sponsored and club representatives said that a number of merchants had been missed but would be contacted in a day or two.

This year's carnival is being held later than usual with sponsors hoping that more people will be in town than has been the case in the past but more with an eye toward contestants than customers since the affair is usually a standing room only occasion at the gate.

Arrangements for entertainment and other details of the show have not been revealed but are expected to be known soon.

Entrants and sponsors already drawn and determined by lot are: Janie Adwell, Sutton Chevrolet Station, Pat Bingham, Crockett County Water; Barbara Barbee, Dairy King; Sarah Everett, Lilly Welding Service; Roberta Johnigan, Ozona Stockman; Pam Jones, Ratliff Dry Goods; Lynda Merritt, Hi-Way Cafe; Priscilla Stewart, Ozona National Bank; Sandra Whitaker, North Grocery; Suzanne Dale, Cooke's Market; Mary Lou Johnigan, Ozona Drug; Beverly Killingsworth, Hubbard Garage; Yvonne Knox, Spencer Welding Service; Jerry Loudamy, Adwell Theater; Jacquelyn Williams, Stan's Radio and T. V. Service.

Camille Adams, James Motor Co.; Sally Baggett, Wesley Sawyer Jewelry; June Bunker, Leo's Service Station; Tommy Sue Chandler, Joseph's Dept. Store; Janice Chestnut, C. G. Morrison Co.; Nonie Conklin, North Motor Co.; Linda Millsbaugh, Ozona Boot & Saddlery; Margo Pogue, Frankie Jones Firestone Station; Kathy Williams, Ratliff Furniture; Pat Allen, Moore Motor Co.; Patricia Ann Bailey, Ozona Dress Shop; June Knox, M&M Cafe; Molly Sue Richardson, Southwest 66 Truck Stop; Darla Williams, Ozona Oil Co.; Alleane Young, Pink Beal's Barber Shop.

Genevieve Childress, B&B Grocery; Alma Ingham, The News Mart; Carolyn Mayfield, Foxworth Galbraith; Dartha Dee Melton, Ranch Feed and Supply; Faye Phillips, V. O.'s Club; Gwynel Walker, Texaco Service Station.

Others will be announced next week.

Football Fans Urged To Select Reserved Stadium Seats at Once

Football fans who had reserved seats in Lions Stadium last year and who want their same seats again this year were reminded this week to get their application in to school authorities at once, before the tickets are placed on sale to the general public.

All last year seat holders were notified by mail of the sale and given the opportunity to pick the same seats by returning an enclosed post card. Mrs. Frank McMullan, school secretary, in charge of the sale, reported this week that response has been slow and she urged that those who want their same seats again this year notify her at once.

The tickets, in three reserved sections in the center of the enlarged west stands, will go on sale to the public generally, first-come, first-served, on August 15.

HOSPITAL MEMORIAL FUND

List of donors to the Hospital Memorial Fund since June 25, 1957: Mr. and Mrs. Early Baggett in memory of Mr. W. N. Hannah.

New Well Connected To Mains Relieves Threat Of Shortage

Water from a fifth well, flowing into the Ozona city mains at the rate of 275 gallons a minute, this week brought some relief to a ticklish water situation developing through a record use for the past month as householders sought to combat the record summer heat to save their lawns and gardens.

One of two wells recently drilled on the west hill by the Crockett Water Control District was outfitted with a new pump and connected to the city mains this week. The result has been to boost pressures over most of the city, especially in late afternoon when use is at a peak and the two storage tanks on the east hill are dangerously near the bottom, and to relieve the daily threat that use will exceed the pumping capacity of the four east hill wells, Manager W. D. Cooper reports.

The other well, capable of producing nearly 200 gallons a minute may later be tied into the system by moving a 200-gallon pump now in use on one of the four east hill wells to the new well and replacing it with a 500-gallon pump, thus increasing maximum pumping capacity by another 500 gallons a minute.

July saw an all-time record hang up here for water use, with 47,000,000 gallons being pumped through the city mains in that month. This was five million gallons more than the previous peak, in the summer of 1955.

Area Golfers To Compete Aug. 16-18 In Local Tourney

Invitational Meet Expected to Draw Over Sixty Golfers

More than sixty golfers from Ozona and area towns are expected to compete in a three-day invitational tournament to be staged at the Ozona Country Club on Friday, Saturday and Sunday, August 16, 17 and 18.

Pat Patterson, Ozona Country Club pro, and director of the tournament, yesterday announced plans are complete for the meet and invitations have been posted in more than a dozen club houses in this West Texas area and golfers from Del Rio to Midland and from San Angelo to Fort Stockton and in-between are expected to enter the three-day meet.

The tourney will be run off in matched play, with 18 holes to be played both Friday and Saturday and semi-finals and finals on Sunday. Low score on the first 18 holes the first day of play will determine the medalist of the tournament.

To qualify, all entries must be received not later than 6 o'clock p. m. on Thursday, August 15, and entry fee of \$10 must accompany the entry.

Out-of-town players may qualify on their own home courses, sending certified scores to the Ozona pro with entry fee attached.

With 16 players to each flight, Patterson is expecting at least four flights or more to enter. Pairings will be made Thursday night after all entries are in. Contestants will start teeing off at 7 a. m. Friday.

A barbecued chicken supper will be served to visitors and players during the tourney.

MEXICAN RODEO SUN.

A Mexican Rodeo is slated for Sunday afternoon at the Ozona Fair Grounds under auspices of the Catholic Church. There will be calf roping, bronc riding and goat roping. A barbecue dinner will be served at noon and a cowboy dance starting at 8:30 p. m. at the Catholic Community Hall.

Mr. and Mrs. J. B. Miller and family had as guests last week Mrs. Miller's sister, Mrs. R. J. Robbins, Mr. Robbins and their two children, Rebecca Kay and Robin, of Houston.

Clay Adams Dies Of Heart Attack Early Wednesday

Funeral Services Set For 5 p. m. Today at Methodist Church

Friends here and throughout West Texas were shocked Wednesday to learn of the sudden death at about 2:30 Wednesday morning of Clay Adams, 55, prominent Crockett, Pecos and Val Verde county ranchman, and member of a pioneer West Texas ranch family.

Mr. Adams, who had been in apparent good health, suffered a heart attack at around midnight Tuesday night. Mrs. Adams summoned a physician and after emergency treatment in the home Mr. Adams was removed to the Crockett County Hospital where he died at 2:30 when another attack struck.

Funeral services will be held at 5 o'clock this afternoon from the Ozona Methodist Church, with the Rev. Leroy Russell, pastor, officiating. Burial will be in Cedar Hill Cemetery, with Cody Funeral Home in charge of arrangements.

Pallbearers will be Jack Neill, Sonora; Sid Slaughter, San Angelo; Frank Meadows, San Angelo; Buster Holland, Silver City, N. M.; and Boyd Clayton, Rufus Ward, Albert Bailey, Sherman Taylor and Charlie Black, all of Ozona.

Born in Christoval Jan. 7, 1902, Mr. Adams had been a resident of Ozona since 1914 except for a time when he was ranching in Pecos county near Fort Stockton and on another of his holdings in the Pumpville area. At the time of his death he was operating ranches in the south part of Crockett county and the Pumpville and Pecos county places while making his home in Ozona.

A son of the late W. A. Adams and Mrs. Adams, he moved here with his family from Schleicher county where the elder Adams was ranching before acquiring ranch lands in Crockett county. He was married June 6, 1928, to Miss Emma Phillips, daughter of the late Mr. and Mrs. Byrd Phillips, pioneer Crockett county ranch family.

Soon after their marriage, Mr. and Mrs. Adams moved to the Pecos county ranch where they lived until 1935, moving then for a time to the Pumpville ranch and later buying a home in Ozona where they have lived since.

Surviving are the widow, two daughters, Jane Adams, a student in Southern Methodist University, and Camie, Ozona High School student, and his mother, Mrs. W. A. Adams of Fort Stockton.

Victim of a heart condition for a number of years, Mr. Adams had delegated ranch chores to employees and devoted himself to supervision and to the development of entertaining hobbies. A talented artist with the pencil and brush, he developed in recent years a new avenue of expression for his artistic talents in the field of wood carving. A lifetime of associations in the ranching industry, his creations naturally turned to that field and many friends were grateful recipients of artistic creations in wood of familiar ranch figures, cowboys, horses, chuck wagons, cows, etc. A typical early west camp scene, with all figures, chuck wagon, camp utensils, corals, etc. carved from wood, made an interesting Christmas display in the window of a downtown business house here last year.

Gulf Spots Outpost Crockett Farmer Field

Gulf Oil Corp. will drill its No. 1-18, State as a one-mile east outpost to the Farmer (San Andrea) field of Crockett County, 22 miles northwest of Ozona.

Rotary drilling to 2,900 feet will begin immediately.

Location, on a 348.06-acre lease, is 380 feet from the north and west lines of 22-47-University.

spent. It would hang a heavy sword over the head of any lawmaker or lobbyist found guilty of a bribe \$25,000 fine and 10 years imprisonment. Corporations involved would lose the right to do business in Texas.

Sale Surge Seen — Experts foresee a "slow but strong upturn" of production and marketing in Texas for the last quarter of the year.

It might even break last year's record, despite the restrictions on credit. So states the UT Bureau of Business Research.

June retail sale dropped five per cent from May. But totals for January-June, 1967 were two per cent above 1966.

Home modernization has done "surprisingly well." But completion of new homes in 1967 is expected to fall some 10 to 20 per cent below last year.

No Magic Expected — Rebuilding public confidence in Texas insurance cannot be done "by any magic touch or wave of a wand, not overnight nor within a few months."

It will take "painstaking planning, organized effort and competent performance," said Joe P. Gibbs, member of the newly reorganized Board of Insurance Commissioners.

Board members are reconciled to operating in a "show window," said Gibbs, recalling the recurrent troubles that resulted in a wholesale legislative overhaul of the department.

"We recognize that the public has a right to look in on us to see what we are doing to remove

the clouds of doubt," Gibbs stated. **Voluntary Cuts** — Texans seem to have adopted a dubious "wait and see" attitude toward President Dwight D. Eisenhower's request for a voluntary 10 per cent cut in oil imports.

For months Texas officials and industry leaders have sought White House help to restrict the flow of foreign oil into the country. They blamed "excessive imports" for the dwindling demand for Texas oil.

State oil allowances slipped month by month to an all-time low. State revenue estimates, heavily dependent on oil taxes, were dragged down correspondingly.

After study by a Cabinet committee, the President's advisory asked importing companies east of the Rockies to reduce crude oil imports to 10 per cent below the 1964-66 average. Implied was the suggestion that mandatory quotas would be imposed if the voluntary program doesn't work out.

Gov. Price Daniel called it "a step in the right direction." But, he said, the step "does not go as far as is necessary to meet the present emergency." He suggested there should be no waiting period before applying positive government controls and that 10 per cent was not a "realistic reduction."

HEAVYWEIGHT TITLE — Champion Floyd Patterson right to the midriff that causes challenger Hurricane Clinch in pain during their title bout in New York. It was one of the first championship matches since 1949 not under the auspices of the IBC and its president Jackson was later hospitalized for a kidney ailment.

Delegates also criticized Texas' daily newspapers; the Texas Tech Board of Directors; the Republican Party; and highway contractors.

Endorsed were a state income tax exemptions; federal aid for school construction; higher pay for teachers; and honesty among union officials.

AFLman Jerry Holleman was elected president. CIOer Fred Schmidt was chosen as secretary-treasurer.

Lobby Curb Proposed — With legislative opposition to the special session weakening under Gov. Price Daniel's determined stand, attention now turns toward what the lawmakers might enact.

Sen. Henry B. Gonzalez of San Antonio has drafted a strict lobby control measure. It is patterned after the Federal Law. It would require registration of all persons seeking to influence legislation, for pay. Also it calls for a detailed accounting of money used to influence legislation . . . where it comes from, how it is

Want healthier flocks and larger crop yield per acre? Then see us for all of your Feed and Seed requirements. We'll be glad to discuss your specific farm problem.

the Administration would enact these provisions without undue delay, since the home building industry and people needing new homes are anxious for the new benefits. Many members of Congress, including myself, have urged the Administration to put the new plan into immediate effect, and numerous private organizations have pled in vain for the same cause. You may hear various rumors, such as one circulating now that the program will be held in abeyance until the 1958 Congressional elections and then be sprung as a part of the "Eisenhower program," but at the time there is nothing to indicate when action may be expected. Meanwhile, many persons attempting to buy homes at financially acceptable terms, are greatly inconvenienced. (Ed. Note: The new provision was made effective early this week).

How Has The So-Called "major" legislation fared in Congress thus far? As indicated earlier in this report, Federal-aid-to-Education and Hell's Canyon are dead for

the time being, and the Gas Bill is due up prior to adjournment. In other areas, the Congress has taken no action on proposals by the Administration to relax immigration policies; has cleared the Civil Rights bill through the House and the Senate is now acting; is holding hearings on the Financial Reconstruction Act; has passed the Housing Act and Small Business Act of 1957; has not acted on a proposal to extend the coverage of minimum wage laws; has not acted on proposed postal rate increases, but has cleared a postal pay bill through the House; has failed to bring up the Bricker Amendment to limit the President's treaty-making powers, and has spent most of its time trying to trim the \$71.8 billion dollar budget. Looks like a busy 1958 coming up.

To Date In The 85th Congress' first session, the House has been in session 120 days, and the Senate 110 days. The Senate, meeting longer on the Civil Rights Bill and with more liberal debating policies, has been in session more

than 641 hours, and the House more than 480 hours.

The House has enacted 75 bills into public law, and the Senate has enacted 41 measures into public law. Considering all resolutions, joint resolutions, and both public and private bills, the House has passed a total of 823 measures compared to 604 in the Senate. A total of 906 bills have been reported from House Committees, while Senate Committees have sent forward 286 measures. A total of 10,051 measures had been intro-

duced in the House and 3,018 in the U. S. Senate at this writing.

By The Way, I have a 100% voting attendance record for the first session, having answered all 61 "yea" or "nay" roll calls at this writing. In addition, there have been 105 quorum calls in the House, and many teller votes and voice-votes. I am recorded on all issues, big or small.

In the 84th Congress, my overall voting attendance average for both the first and second sessions was in excess of 99.0%.

Most Cattle and Calves Sell Fully Steady

FORT WORTH — Movement of cattle and calves got back to near normal proportions Monday at Fort Worth and all around the major marketing circle. Trade was active on most classes, although some fat cows closed unevenly lower. Bulls were strong to 25 cents higher. Grainfed cattle again were very scarce.

Slaughter calves and stocker and feeder classes of cattle and calves were very active to all interests, and high grade replacements were virtually lacking.

Good and choice slaughter steers and yearlings sold from \$20 to \$24.50, with only odd head eligible to sell above the \$23 marker. Medium and lower grades sold from \$13 to \$19. Fat cows cashed at \$12.50 to \$14, a few higher, and canners and cutters sold from \$8

to \$12.50. Bulls brought \$11 to \$15.75.

Good and choice slaughter calves cashed at \$19 to \$22.25 and common to medium kinds drew \$14 to \$18. Cull sorts sold from \$10 to \$13. Stocker steer calves of good grades sold from \$19 to \$23, and load lots of choice dehorned calves were eligible to sell comfortably above that range. Steer yearlings bulked at \$21 down.

Old Ewes \$1.00 Higher; Feeder Trade Stronger.

Slaughter ewes sold fully \$1 higher at Fort Worth Monday as most sales for the class ranged from \$7 to \$9, relatively few merchantable kinds below \$8. Feeder lambs were stronger, and other classes were fully steady. Top end of the price range on most classes was poorly tested due to the scarcity of the high grades in the run.

Good to choice slaughter lambs sold from \$21 to \$22, and cull, common and medium sorts sold from \$14 to \$20. Stocker lambs sold from \$18.50 downward. A few yearlings sold from \$14 to \$18. Old wethers cashed at \$15 down, a few higher. Aged bucks sold from \$5 to \$6.

Mr. and Mrs. Oscar Kost and daughter, Shirley, spent the week-end in Carmen, Okla., where they visited Mr. Kost's mother and other relatives. Shirley returned the first of the week to Dallas, where she is enrolled in the summer session at S. M. U.

Straight To The Point

A Column Of Tidbits On The Town

By Sally Baggett

Rodney Franklin will soon be seen in the wild blue yonder. He took his first flying lesson the other day.

Simon Legree the 2nd is here teaching, or rather trying to teach us to twirl. Lagatha Gothard is to whom I am referring. Really though, she is very nice.

Sunday, lots of kids had dates, unusual dates at that! Jess Marley — Anne Davidson; Johnny Cooper — Judy Mimms; Eddy Henry — Judy Phillips; Jake Young — Phillis Phillips; June Bunker — Joe Boy Clayton; Clayton Friend — Joan Bower; Bobby Sutton — Francis Childress; Mark White — Beverly Killingsworth; Bill Black — Susie Chandler; Kent Babb — Camille Adams; Jerry Jacobs — Sally Baggett; Jane Odum was here Sunday. She was drum major of Silsbee Jr. High. Sure was good to see her again, wasn't it, kids!

Joe M. Mullan has turned world traveler. Sunday he was in Ely, Minn., and Monday he went into Canada. Why ??? To fish of course!

Jake Young, Bill Griffin, Mark White, Billy Bob Holden, Orville Paulk, and Bill Black competed

in ribbon roping hair pulling and calf roping. This has been a rather dull week and there isn't much to say — see you next week.

Permanently Disabled To Get Welfare Help

Complete and permanent invalids or persons in the community so mentally deranged that they require continuous oversight to keep from harming themselves or others may soon be able to receive small monthly checks from their State Department of Public Welfare through the new state-federal program of Aid to the Permanently and Totally Disabled. The Constitutional Amendment, which was adopted by the voters in November, 1954, limiting the amount of

money that can be paid for this program to \$100 per year, is the only way to insure that the disabled have an adequate support. This program which is a joint effort of the state and federal governments, requires that the disabled be unable to support themselves or their families, and that they be unable to work. The program is a joint effort of the state and federal governments, and requires that the disabled be unable to support themselves or their families, and that they be unable to work.

INTRODUCES NEW

Bell & Howell 8mm

ELECTRIC EYE MOVIE CAMERA

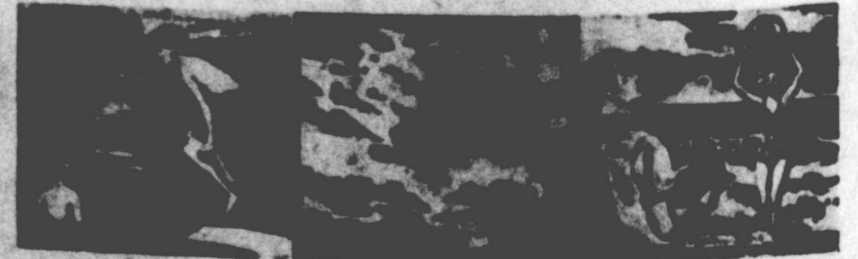

TAKE COLOR MOVIES AUTOMATICALLY — LENS SETS ITSELF

Now, with Bell & Howell's Electric Eye camera, you are always ready to take beautiful color movies! Its fast f/1.9 lens automatically adjusts itself to the light the instant you aim the camera. This means you'll never miss any of those once-in-a-lifetime shots — like a baby's antics... a child's wonderful discoveries... the kind of scene that can't be repeated. (With an ordinary movie camera, by the time you decide to shoot, guess at the light and fiddle with the exposure setting, the action's usually over.) See for yourself how wonderfully easy it is to use this amazing camera. Own it today — as little as \$17 down.

\$17.00 DOWN

DOES 3 THINGS NO OTHER CAMERA CAN DO FOR YOU!

LETS YOU SHOOT ACTION THE MOMENT YOU SEE IT. The Electric Eye is always ready, setting the lens to the exact lighting conditions in a twinkling.

LETS YOU SHOOT MOVIES EVEN IN LOW LIGHT. The Electric Eye adjusts continuously to the slightest change in light. Shoot in deep shade and, presto, in twinkling time the lens...

WORKS MORE ACCURATELY THAN ORDINARY MOVIE CAMERAS. The Electric Eye never guesses, never makes a mistake. It truly adjusts automatically to change in light you might not even notice.

HOMEMAKERS CLASS

Members of the Homemakers Class of the First Baptist Church met in regular session Tuesday afternoon in the home of Mrs. Huster Loudamy. Mrs. Clovis Womack assisted Mrs. Loudamy as hostess.

Mrs. Elmo Wallace led the devotional. Others present were Mrs. R. C. Pitts, Mrs. Ted Lewis, Mrs. Otto Fridsmore, Mrs. Dudley McCary, Mrs. S. E. Carnes, Mrs. George Hester and Mrs. Homer Good.

A nominating committee to pick officers for the coming year was named. Mrs. Ted Lewis was named chairman and others on the committee include Mrs. Clovis Womack, Mrs. Pink Beall and Mrs. S. E. Carnes.

Mr. and Mrs. Homer Good had as week-end guests Mr. Good's son, Rev. Bobby Good and Mrs. Good of Kosse, Texas. Rev. Good was recently graduated from Southwest Baptist Seminary at Fort Worth, is pastor of a Baptist church at Kosse and was on his way to Bronte where he is preaching at a revival meeting. Rev. Good is a graduate of Hardin-Simmons University, Abilene. Mr. and Mrs. Homer Good attended the Sunday night services at the Bronte revival and plan to visit another of Mr. Good's sons, Jack, at Grand prairie soon.

Ozona Boy Attends Reunion At Gonzales

Gonzales, Aug. 5 — Tony Mender, Ozona, Texas, was among the 300 visitors who attended the first annual reunion of former patients at the Gonzales Warm Springs Rehabilitation Foundation Sunday, Aug. 4.

Barbara Trusler of Abilene was named the first president of the Former Patients Association for which a constitution was drawn up and adopted Sunday. Elected to serve as council members with Trusler were Gary Clark of Stillwater, Oklahoma; Bill Sellers, Kingsville; Anna Jean Phillips, Borger; George Miller, Houston; and Bill Yoachum, San Antonio. The group voted to meet each year at the Foundation on the first Sunday of August.

Mr. and Mrs. Homer Good had as week-end guests Mr. Good's son, Rev. Bobby Good and Mrs. Good of Kosse, Texas. Rev. Good was recently graduated from Southwest Baptist Seminary at Fort Worth, is pastor of a Baptist church at Kosse and was on his way to Bronte where he is preaching at a revival meeting. Rev. Good is a graduate of Hardin-Simmons University, Abilene. Mr. and Mrs. Homer Good attended the Sunday night services at the Bronte revival and plan to visit another of Mr. Good's sons, Jack, at Grand prairie soon.

Dodge To Expand Advertising Campaign

DETROIT — Dodge has scheduled advertising space in 2,700 of the nation's daily and weekly newspapers to back its "most aggressive summer sales program", according to W. D. Moore, director of advertising and merchandising. Moore said display ads running from three to seven columns in size would be used in the campaign, which runs for a 10-week period extending through September. The firm will spend more than \$1,000,000 on the program, including radio and television to supplement the newspaper campaign.

Mr. and Mrs. Jeas Odom of Silsbee, Texas, former Ozona residents, were here over the week-end, stopping off on their vacation, to visit Ozona friends. Mr. Odom was employed here with Sinclair Oil Co. and was transferred to Silsbee, near Beaumont, where he is employed in production. Mrs. Odom, who taught in Ozona schools, is a teacher in the Silsbee system.

Fire Protection Chest

PROTECT YOUR VALUABLE PAPERS FROM FIRE

Your Bonds — Insurance Policies — Notes — Mortgages — Contracts
Income Tax Receipts — Birth Certificate — Discharge Papers — Leases — Rent Receipts — Your Will — Livestock Registration Papers
Canceled Checks — Stamp and Coin Collections, and many other things of personal and sentimental value, which would be destroyed (and could not be replaced) if you had a fire. There is one about every 20 seconds.

HOME CRAFT FIRE PROTECTION CHEST

Made of heavy gauge steel inside and out, all electric welded, between these steel walls is 1½ inches of solid Fire Proof Vermiculite Insulation which has over 300,000 tiny air cells to the square inch. It has the universally used tongue and groove principle around the door with 1½-inch fireproof seal completely around it. Outside dimensions 14x11½x 7½ inches. Inside dimensions 8½x11x 6½ inches. Equipped with heavy standard type key lock, with two keys. Very attractive gray finish.

WTU To Be Host To 4-H At Electrical Program In Menard

About 150 4-H Club boys and girls, adult leaders, county and home demonstration agents from 22 West Texas Counties are expected in Menard, August 13, for an Electrical Demonstration Day to be held at the Menard High School. The school is being sponsored by the Texas Agriculture Extension Service and West Texas Utilities Co. R. E. Ruble of Ballinger, WTU District Manager, and R. L. Conner, WTU Menard Local Manager, will serve as hosts for the utilities company.

J. L. (Carly) Hays, WTU Farm and Ranch Advisor, will open the program at 9:30 with introductions and group assignments following the registration of delegates. The boys and girls will be divided into two groups. At 10:15 the two groups of boys will see electrical demonstrations by Price Hobgood, Agriculture Engineer, Extension Service of Texas A&M College and Bob Jaska, Research Associate of the Agriculture Department of Texas A&M. At 11:05 the speakers will change groups.

The two groups of girls will attend demonstrations on home lighting given by Jake Traylor of Ballinger, WTU Lighting Advisor, and G. C. Osborne of Abilene, Lighting Supervisor. Mrs. Ruth Clappitt, WTU Home Economist, will give a demonstration on cooking with small appliances.

At noon the group will be the guests of West Texas Utilities Co. for lunch served at WTU Park in Menard.

Following the lunch, Dan Castles, WTU Public Service Department, will present a program on adequate wiring in homes.

The afternoon session will be held in the auditorium where four electrical demonstrations will be presented by 4-H Club teams.

Assisting with the day's program will be R. E. Kennedy, Manager of WTU's Public Service Department.

SEEK "TRANSPORTATION UNION" ALLIANCE — Teamster leader James Hoffa told his membership that if he succeeded Dave Beck as President of the Teamsters Union he will seek an alliance with "all Transportation unions." Shown standing at the left rear, he is with his committee which met in San Francisco to rewrite the teamsters constitution. Hoffa indicated an alliance probably could not include Harry Bridges' West Coast Longshoremen's Union.

4-H To Participate In Range Management Demonstration Program

College Station — Texas 4-H club members, by participating in the 4-H Range Management Result Demonstration program, can greatly increase their knowledge of the what and how of good range management. The new program has been developed by Extension Range Specialists G. O. Hoffman and A. H. Walker and county, district and state awards are being provided by the Texas Sheep and Goat Raisers Association.

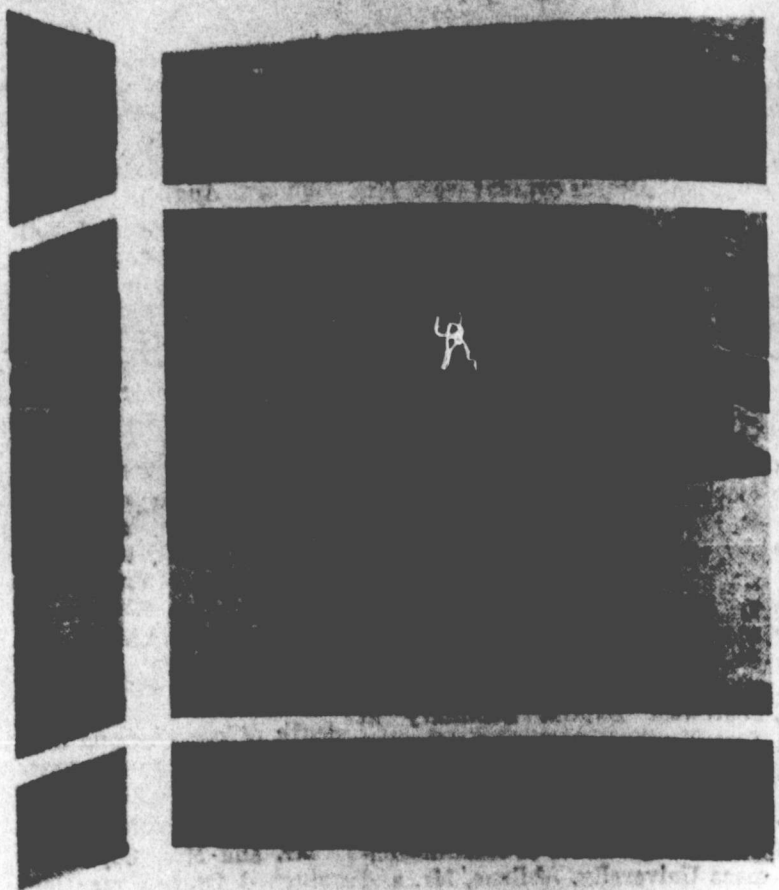

Officially, the program will get underway on September 1 and will run for a 12-months period. The participating 4-H member has a choice of seven different demonstrations. They are plant collecting; keeping a rainfall, temperature and moisture condition record; planting, caring for and keeping records on a grass nursery; preparing a range survey for one or more pastures or the entire ranch; conducting a demon-

stration on one acre plots involving brush control practices versus no control; making a comparison between pastures where deferred and continuous grazing practices are followed and enrolling in the well-established range management contest which involves the planning and operation of the entire ranch.

Completion of any one of these outlined demonstrations will make the 4-H member's record eligible for consideration for one of the awards. Medals for county winners, an engraved belt buckle for district winners and two scholarships to the annual Range Camp for the top boys in the state are provided by the Texas Sheep and Goat Raisers Association.

The purpose of the program is to give 4-H youth an understanding and appreciation for range management; encourage closer working relationship in range management conservation between youth and adults and stimulate the use of proper range management practices by youth in the operation of their home ranch.

Miss Janice Spencer, daughter of Mr. and Mrs. C. O. Spencer, will visit Mr. and Mrs. Wiley Rey. While in Pampa, Mrs. Reynolds is the former will attend the left Sunday for Pampa where she Miss Bessie Schumann of Ozona, Tex.

You are looking through the window of a *Cool* Kitchen —

it's Electric

NOTHING Measures up to an *Electric* Kitchen

A wide choice of new colors and smart styling keynotes the Electric Kitchen of Today — a Kitchen for you to enjoy! There's something truly exciting about the latest electric appliances with their streamlined looks and pushbutton operation... designed to stay modern for years to come.
