

HOW WE WILL TRY TO FORM CABINET

MIDLAND READY FOR BUFFALOES

—ANNOUNCEMENT

Bulldogs Expect to Win Handily in Annual Game

News from the high school indicates Midland's grid team is in perfect condition for the annual tussle here Friday night with the Stanton high school squad. Team members had little difficulty in rounding into shape following the stiffly-contested affair here last week with Pecos.

ROBLES SUSPECT FATHER'S FRIEND

PHOENIX, Ariz., Nov. 8. (AP)—A frightened night club operator was prodded suddenly by department of justice agents here as a suspect in the long unsolved kidnaping of little June Robles.

Out of a clear sky, three federal operatives appeared here with Oscar H. Robson, former schoolmate of the 6-year-old girl's father, and arraigned him on a charge of sending through the mails the \$15,000 ransom demand which precipitated one of the most dramatic manhunt in Arizona's history.

Robson previously had been among the several suspects originally questioned but little June who was found safe but emaciated in an iron grave in the desert, had been unable to identify him.

How suspicion finally swung again to the Tucson dance hall operator remained undisclosed but the federal operatives asserted the writing in the ransom note corresponded to B. B. Meaurio that led to the finding of June's tomb-like prison.

In cowboy hat and blue suit, the suspect was led from jail here and taken before a United States commissioner who held him in \$50,000 bail on an extortion charge. Then he was hustled back behind bars while the officers considered bringing June to Phoenix from Tucson in another effort to identify him.

Robson's mother, in Tucson, scene of the abduction last April 25, emphatically asserted he had no connection with the case.

Despite the variety of clues, the Robles kidnaping has remained the last major "snatching" to be solved since the department of justice began fighting that racket. Robson was accused of sending the ransom letter to Fernando Robles, father of the girl, and to Bernabe Robles, rugged old cattleman and grandfather of June. This letter demanded \$15,000 and complete obedience of instruction on pain of threatened injury to members of the family.

The companion letter, giving the federal detectives the clue which led them to Robson, was mailed from Chicago, undated and signed only "XYZ."

She was sent to Governor Meaurio while June's father ostensibly was still vainly trying to make contact with the snatchers. It instructed officers to go to a point in the desert nine miles out of Tucson and find the girl "buried under a cactus."

The worried uncle approached the dark hole called June's name. There was no answer. He peered in. The girl was there. She moved, recognized her uncle and gave a weak cry of joy.

She was chained by the leg in the corrugated iron coffin that had been built apparently for the kidnaping. A key at the edge of her prison was found by the uncle. He tossed it to her and she unlocked the shackles.

Armistice Day Programs Will Be Held by Schools

In keeping with its usual custom, the Midland public schools Friday afternoon will celebrate Armistice day with suitable patriotic programs. The programs will begin at 2 o'clock and the public is invited.

The program at the senior high school will be given in the auditorium, and will be under the auspices of the high school literary society. Other programs, two in each building, will be given in the various assembly rooms of the three grade buildings, where provision will be made to take care of the large attendance anticipated.

Holder and Rodeo Stars at Boston

It isn't always far from the mad-dancing crowd that the calves are big and strong. Allen Holder, Midland rodeo performer, caught one at the "big show," Madison Square Garden that took him 38 seconds—and he roped the calf with the first loop.

Col. Longnecker and Capt. Foster Safe

LORDSBURG, N. M., Nov. 8. (AP)—Col. Ira Longnecker, commanding officer of the Eighth Corps area air service, and Capt. Thad Foster, air service manager of the Southwestern Airways at Fort Sam Houston, made a forced landing here Wednesday when a cylinder exploded and started a small fire in their plane.

Late News

COPENHAGEN, Nov. 8. (AP)—Luigi Pirandello, Italian dramatist and novelist, was awarded the Nobel literary prize of \$45,000 for his production, "As You Desire Me." He also wrote "Mock Emperor."

COLUMBIA, Mo., Nov. 8. (AP)—Fearing possible mob violence against Adam Richetti, Boone county officers concealed all activities connected with Richetti's return here.

WASHINGTON, Nov. 8. (AP)—The German government's drastic limitation of exports of American automobiles may form the basis of a vigorous protest by the United States. The action is seen as violation of the "most favored nation" clause in the German-American commercial treaty.

AKRON, Nov. 8. (AP)—Lakehurst-to-Germany Zeppelin passenger service will be inaugurated July 4 for a month's trial. Dr. Hugo Eckener said.

WASHINGTON, Nov. 8. (AP)—Cotton farmers participating in acreage reduction will be allowed to plant 100,000 acres of cotton next year. This is a 25 per cent reduction from the base acreage. Last year's reduction was 40 per cent.

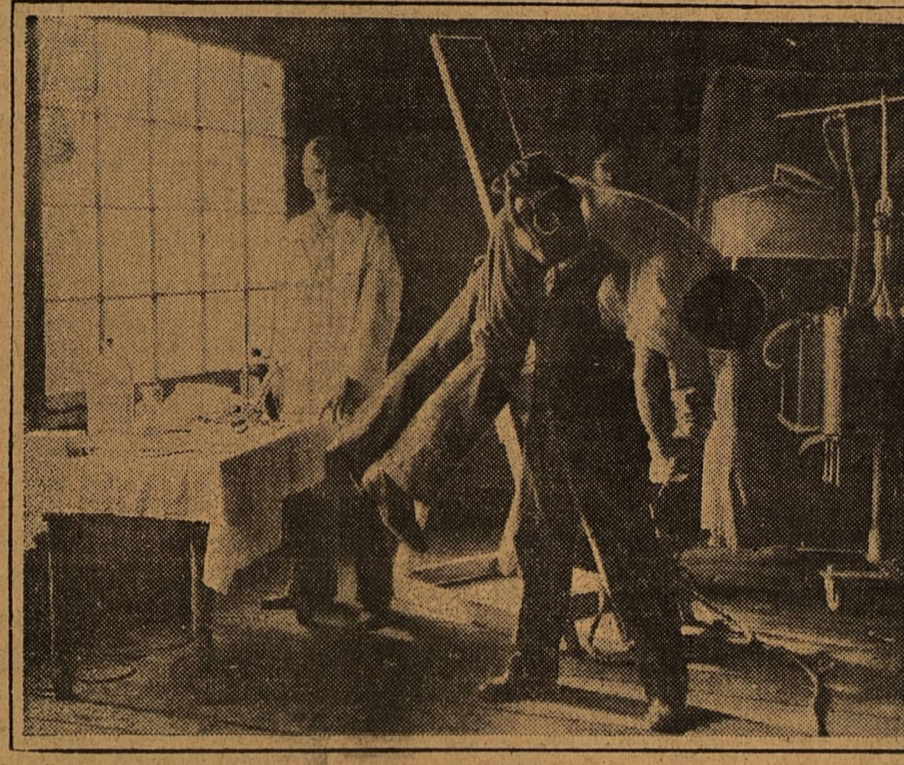

OKLAHOMA CITY, Nov. 8. (AP)—A plot to free Frank Delnar and Aubrey Unsell, desperadoes awaiting trial on federal bank robbery charges, was revealed by Sheriff Stanley Rogers. He says accomplices on the outside made an attempt to smuggle in guns and saws.

WASHINGTON, Nov. 8. (AP)—The department of agriculture reported an increase of 191,000 bales over the October forecast for cotton production. It now estimates the 1934 crop at 9,634,000 bales, 5,000,000 bales below the average.

WASHINGTON, Nov. 8. (AP)—The petroleum labor policy board began hearings to determine whether provisions of the oil code shall apply to communities less than 2,500 population.

AUSTIN, Nov. 8. (AP)—The house voted to suspend legislative rules to take up the Centennial tax bill. The vote was 107 to 32.

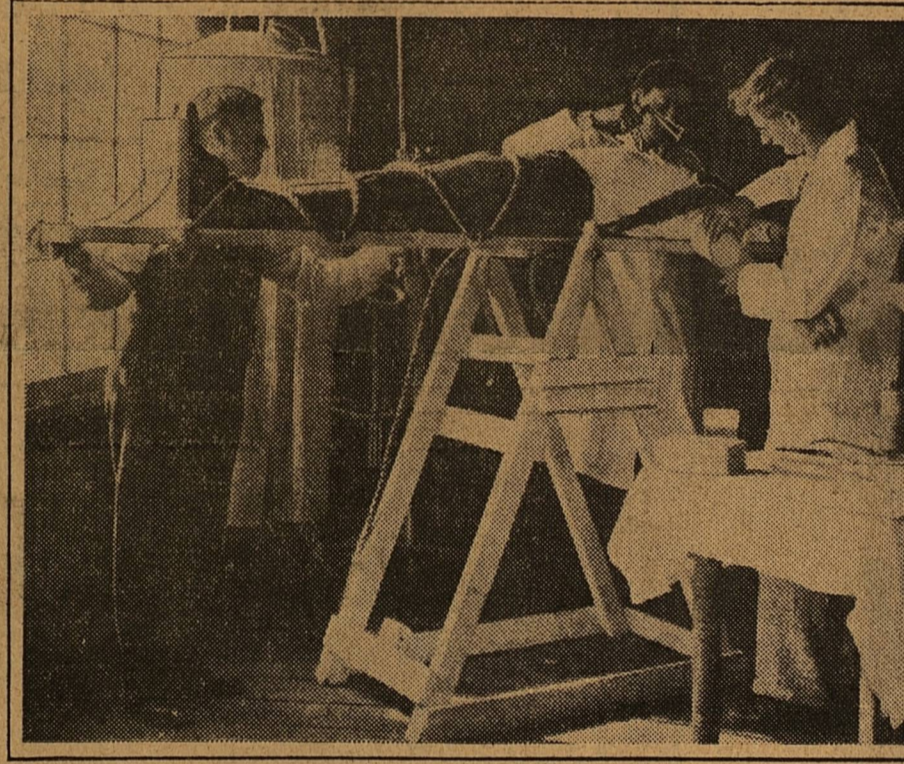

How I Would Try to Bring the Dead to Life

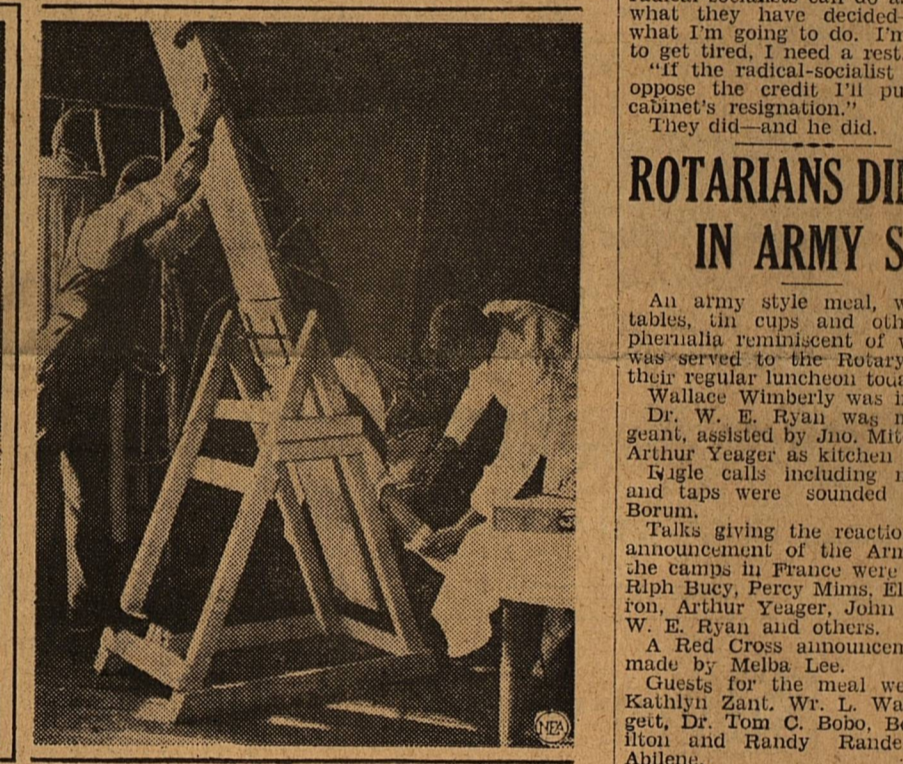

The challenge to death starts as John Finn, Jr., gas mask engineer, rushes the "dead" subject from the lethal gas chamber to the resuscitation apparatus.

Ready to start the experiment without a moment's waste of time, Surgeon V. M. Margutti stands at the left and Dr. Robert E. Cornish behind the tetter board equipment. Speedily the subject is roped to the tetter board by Dr. Cornish, as Finn, center, and Margutti hold the patient's arms, preparatory to attempting artificial respiration and circulation.

The tettering process is begun by Finn, as Cornish and Margutti stand by the subject's head to observe progress in restored circulation and respiration. The position of the tetter is alternated at six and eight second intervals and Cornish believes that enough blood flow can be stimulated to restart the heart-beat. The head now is near the floor, blood rushing from the legs to pump the main arteries leading to the heart. An incision is made in the arm to prepare for the next step, of injection.

The tettering process is begun by Finn, as Cornish and Margutti stand by the subject's head to observe progress in restored circulation and respiration. The position of the tetter is alternated at six and eight second intervals and Cornish believes that enough blood flow can be stimulated to restart the heart-beat. The head now is near the floor, blood rushing from the legs to pump the main arteries leading to the heart. An incision is made in the arm to prepare for the next step, of injection.

Nance Buys Carload of Select Blue Grass Thoroughbreds; Shipping Here

LEXINGTON, Ky., Nov. 8.—Twenty-five select Blue Grass thoroughbreds bought in the three-day Lexington sale ending Wednesday will be shipped by Tom Nance late this week to Midland.

The sold car load includes 10 brood mares and 15 fillies sired by some of the world's best stake horses. All of the shipment have dams, sisters or brothers which are outstanding racetrack winners. One mare is sired by the imported St. Germans, the sire of Twenty Grand. St. Germans stands at \$2,000.

The annual Lexington sale is second only to the Saratoga sale and is attended by the nation's best breeders. Numerous Kentucky derby winners have been sold through the annual Lexington sale. Over 500 thoroughbreds were sold this week. Breeders reported prices much higher than last year's sale.

The Nance shipment is the first car load of Kentucky thoroughbreds ever sent to West Texas. Kentucky breeders are optimistic over racing prospects in Texas.

Noted Scientist Explains Quickenng Bodies of Dead

A step by step explanation of the process he would employ in attempting to bring the dead back to life is given by Dr. Robert E. Cornish, famed California scientist, in this article, first of two which he has written exclusively for NEA Service and The Reporter-Telegram. Success which he has achieved in restoring life to dogs, pronounced dead for several minutes, has spurred hope of Dr. Cornish that he can succeed in similar experiments with man.

By DR. ROBERT E. CORNISH
BERKELEY, Calif., Nov. 8.—When is a man dead?

I recently asked the governors of three far-western states for permission to attempt resuscitation of convicts legally executed by lethal gas. There are four essential requirements in the methods I would employ: First, removal or neutralizing of the agent originally causing death. Second, artificial respiration. Third, starting the heart. Fourth, nursing the patient back to health.

Prof. George Hughling, swimming instructor at the University of California, has devised a method of resuscitation from drowning which promises to save many lives. He has demonstrated that it is possible to give artificial respiration while wading through the surf and carrying the body over his shoulder.

Hughling can even give artificial respiration while swimming and towing the body. If the water is not too rough, in an actual case in France, he had to carry an apparently drowned man a considerable distance through the surf to get him ashore.

CUTTING LEADS OVER CHAVEZ

ALBUQUERQUE, Nov. 8. (AP)—The Arizona senator's race apparently was won today by Sen. Bronson Cutting, progressive republican. All strong democratic counties had reported. The candidates stood:

ALBUQUERQUE, N. M., Nov. 8. (AP)—Bronson Cutting, republican progressive, threatened to overcome opposition both within and outside his party, surmount the bid of an administration-supported democrat, and return to the United States senate. Cutting held a scant lead of 654 votes in the latest tabulation from Tuesday's election. In contrast to early returns which had given 3,000 vote advantage to Rep. Dennis Chavez, democrat.

The unofficial tabulation of votes from 62 of the 785 precincts gave Cutting 63,937, Chavez 65,283. Precincts as yet unreported were considered by republican leaders to be normally republican.

F. D. R. MAY KEEP CENTER OF ROAD

WASHINGTON, Nov. 8. (AP)—The United States has moved to the left in the process of party realignment between radicals and conservatives.

Minnesota, Louisiana, and Wisconsin lead the radical procession. Election charts reveal a powerful inflation and bonus strength in congress which convenes Jan. 3, 1935. President Roosevelt will have a hard time keeping congress from "meddling" with the currency. The executive is expected to follow the "middle of the road."

ACHIEVEMENT DAY FRIDAY
Reports on the work of members of the Busy Bee club will be given at the achievement day meeting to be held at 2:30 Friday afternoon in the home of Mr. and Mrs. S. H. Gwyn about 3 miles northwest of town.

Mrs. Gwyn is a pantry demonstrator and her supply of canned and stored food will be on display. The public is invited to attend the meeting.

LEFTIST LEADER ASKED BY LEBRUN TO TRY HIS LUCK

Doumergue's Cabinet Resigned as Had Been Expected

PARIS, Nov. 8. (AP)—Pierre Laval, named today to form a cabinet to replace that of Gaston Doumergue, told President Albert Lebrun he could not do so.

Lebrun then asked Pierre Etienne Flaudin, left republican leader, to try forming a cabinet.

Overthrow Premier Gaston Doumergue's salvation government precipitated France into one of the most serious crises since the World War.

Squads of police and helmeted republican guards were stationed around the Place de L'Opera and other central points in Paris in anticipation of demonstration. Rain kept the streets fairly clear during the evening.

The premier told the United Press that his earlier cabinet would resign.

The radical-socialist party's parliamentary bloc pronounced the doom of the administration formed in the dark hours following the riots last February, the members voting solidly to vote against Doumergue's demand for a three months' credit to tide the government over until the 1935 budget can be passed after the first of the year.

Doumergue, informed of the radical-socialists' decision, said: "The situation is now clear. The radical-socialists can do as a group what they have decided—I know what I'm going to do. I'm starting to get tired, I need a rest."

"If the radical-socialist ministers oppose the credit I'll punish my cabinet's resignation," he said.

They did—and he did.

ROTARIANS DINE IN ARMY STYLE

An army style meal, with bare tables, tin cups and other paraphernalia reminiscent of war days, was served to the Rotary club at their regular luncheon today.

Dr. W. E. Ryan was mess sergeant, assisted by Jno. Mitchell and Arthur Yeager as kitchen police. Eight calls including mess call and taps were sounded by Val Borum.

Talks giving the reaction to the announcement of the Armistice in the camps in France were made by Riph Buey, Percy Mims, Elliot Barron, Arthur Yeager, John Mitchell, W. E. Ryan and others.

A Red Cross announcement was made by Melba Lee.

Guests for the meal were: Miss Kathryn Zant, W. L. Waldo Leggett, Dr. Tom C. Bobo, Bob Hamilton and Randy Randerson of Alliance.

The hall was decorated with flags and stacked arms to simulate a war camp and as the diners assembled a group of war songs including the ever-popular "Smiles" and "Katy" were sung.

Literature to be used in the Red Cross roll call drive beginning Tuesday morning, was distributed to 17 members of the corps at a meeting this morning on the chairman's floor of Hotel Scharbauer.

Present were John P. Howe, chairman of literature and supplies; Mmes. Clarence Scharbauer, Ao Hendrickson, Elliott Cowden and Foy Proctor, zone commanders; Mmes. Allen Hargrave, J. E. Hill, Fred Wright, E. Ellison, J. E. Daniel, Rawlins Clark, J. P. Butler, W. A. Yeager, Alf Roese, Sam Cummings, W. E. Wallace.

C-27 AT AIRPORT
One plane was reported as landing at the airport today, a C-27 from Brooks field with four passengers.

Only civilian ships landed Wednesday.

FLAPPER FANNY SAYS
REG. U. S. PAT. OFF.

A homely girl can get some good looks at herself, anyway.

HURTS OWN ARGUMENT

President Glenn Frank of the University of Wisconsin tells an interviewer that we must throw the throttle wide open on mass production and clear the way for a one-way trip to a richer and more stable America.

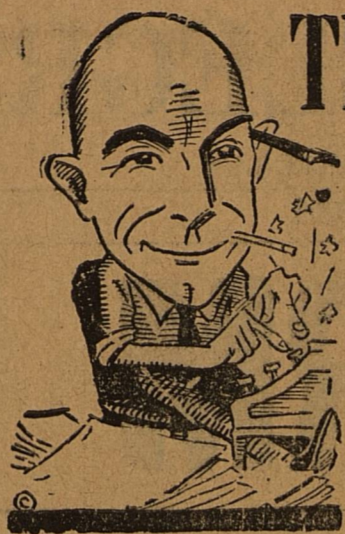

His call for recognition of the fact that our current problems stem from an economics of plenty rather than of scarcity will strike a responsive chord among many Americans, to be sure; and it is heartening to observe that he wants to see the recovery effort go forward with all speed.

But it is a little bit hard to understand why—given this attitude—President Frank insisted that Chairman Lloyd K. Garrison of the National Labor Relations Board give up his government post and return to his duties at the university.

Mr. Garrison had made a splendid record. President Roosevelt wanted him to stay in Washington. To let him stay would have been to make a pretty fair contribution to this recovery effort.

There will be more color in men's wear, says a London fashion expert, but what will prevent men from hiding it as they do their loud ties and garters?

And now, with perfumes also being made for men, the only way we'll be able to recognize the women will be by their skirts.

The Town Quack

(Reserves the right to "quack" about everything with taking a stand on anything).

They tell it that Harry McClintic, on the occasion of his recent trip to Chicago, saw a fan dance and came back dedicated to a new occupation—raising pin-tail grouse. Three feathers to the fan, and that sort of thing.

When Eb Dickenson first came to Chicago, in the olden days, he had trouble getting to sleep. He couldn't put out the light. "The dern thing was in a bottle," the waddy told his Midland friends.

There's a guy here who speaks several languages, but he can't control his wife's tongue.

Haven't noticed the wild look of the hunt on Ily's face lately. When he nearly shot Barney that time he got rid of a double-barrel charge of ven for hunting. They say Barney rose out of a blind and Ily let him have it in the hat. Barney was so scared he fell. When Ily saw Barney hit the dirt he gave him such a case of the jitters he crumpled up, too. Or so they say.

Preacher Borum and two of his

friends were hunting in Louisiana. Quail. One fellow lagged. A bird flew up and the tall back shot the bird and Borum, too. About that time, a bob white flew out from under Borum's feet and the preacher forgot the tailback in such an emergency and shot both the bird and the tailback. The luckless tailback, scared stiff, let his gun go off and shot both hunters ahead of him. Luckily, all were scattered enough by that time to get little more than peppered. Hunters on the other side of the lake thought one of those houses in the cotton fields was under way. Mama should tell little Rolo to have a care of guns.

Ex-coach L. K. Barry was more phlegmatic. Shot in the jaw, he had the cheek to tell his wife he had stuck a thorn in it. Three days later his right jaw began assuming a piggy aspect and an operation was required. The shot was deeply imbedded.

Notice Mrs. J. Howard Hodge has recovered from surgery and with her husband is frequenting coffee places a few hours after you math calls. Susie G. Noble says the style in sitches this season ranges from scalloping to hemstitching. A heroine of the latest best seller, "Dusk in the Grove," fears her idyllic beauty is marred by an abdominal scar.

Salads That Belong To Fall Days

By MARY E. DAGUE, N. E. A. Service Staff Writer

Don't think just because summer has gone its way into the limbo of nearly forgotten things that you must stop serving salad. Autumn offers materials as luscious for the salad maker's art as spring or summer. They are apples, for instance, ripened now to the perfect crisp, firm texture, juicy pears, tomatoes at the best, round and superbly-fleshed, celery, the new crop of nuts, turnips, cabbage, all to be used in endless succulent combinations.

In fact, here's an autumn salad that uses several of the lot. For it, takes 2 ripe pears, 2 tart apples, 4 teaspoons minced candied ginger, 4 tablespoons diced celery, 2 tablespoons chopped walnut meats, 4 cups shredded cabbage, 1 tablespoon blanched and shredded almonds, 1-2 cup seeded Tokay grapes.

Pare and dice pears. Dice apples without paring if you have those with bright red skins. Mix pears, apples, ginger, celery and walnut meats. Mix with French dressing. Mix vegetables and serve on bed of endive.

Medley Salad
This salad depends on new turnips for its unusual flavor. Two medium sized white turnips, pincapple, 1 green pepper, you; 1 cup shredded celery, 2 slices pincapple, 1 green pepper, 6 tablespoons oil, 2 tablespoons lemon juice, 1 tablespoon grated horseradish, 1-2 teaspoon salt, 1-8 teaspoon pepper, paprika.

Pare turnips and boil in salted water to which a little lemon juice has been added. When tender, drain and plunge into cold water. Drain and cut in cubes. Combine oil, lemon juice, horseradish, salt,

walnut meats. Mix with French dressing and let stand on ice for 30 minutes. Shred cabbage very fine and let stand in cold water for 10 minutes. Drain and mix with almonds and enough mayonnaise to make moist. Make nests of cabbage on individual salad plates. Fill each nest with fruit mixture and garnish with seeded grapes.

Celery Salad
This is splendid dinner salad. Two cups shredded celery, 1 tablespoon green olives, 4 tablespoons shredded sweet red pepper, 2 tablespoons Roquefort cheese, French dressing curly endive.

Combine celery, olives, and paprika. Mash cheese and combine with French dressing. Mix vegetables and serve on bed of endive.

Two medium sized white turnips, pincapple, 1 green pepper, you; 1 cup shredded celery, 2 slices pincapple, 1 green pepper, 6 tablespoons oil, 2 tablespoons lemon juice, 1 tablespoon grated horseradish, 1-2 teaspoon salt, 1-8 teaspoon pepper, paprika.

Pare turnips and boil in salted water to which a little lemon juice has been added. When tender, drain and plunge into cold water. Drain and cut in cubes. Combine oil, lemon juice, horseradish, salt,

SOCIETY

Jean Conner Is Honored with Birthday Party

Honoring her son, Jean, on his sixth birthday, Mrs. Ellis Conner entertained with a party Wednesday afternoon at her home, 1506 W. Texas.

Guests played out-door and in-door games, in which the prize for pinning the pig's tail went to Gene Hays.

Kodak pictures of the children were made and simple refreshments were served.

The birthday cake was iced in pink, white, and green. Present were: the honoree, Marjorie Barron, Dorothy Barron, Betty Lou Sims, Gene Hays, Betty Hays, Monte Jo Glass, Eddie Richardson, Melrose Green, Dorothy Turner, Elizabeth Ann Cowden, Dorothy Faye Holt, Eugene Jones, Leroy Payne, Robert Payne, James Jones, Lynn Abell, Mary Martha Syvalls, Shirley Brunson, Sarah Lou Link, and Billie McKee.

Mrs. Kirby Sims assisted the hostess.

Methodists Will Present Week of Prayer Program

The week of prayer will be observed by the Methodist church with both morning and afternoon programs Friday.

The morning program will open at 10 o'clock with Mrs. Mary S. R. Rader, giving the devotional. The general subject of the session will be "Moving Forward Through Prayer" and the program will include:

- Song—More Love to Thee.
- Meditation.
- Talk—Discipline of the Intellect, Mrs. N. G. Oates.
- Talk—Discipline of Our Time, Mrs. K. C. Minter.
- Talk—The Stature of Jesus Christ, Mrs. M. V. Coman.
- Story—"Gentlemen, The Store-room," Mrs. Everett Kloboid.
- Talk—Prayer and Some of Its Results, Mrs. M. J. Allen.
- Mrs. Frank Adams is leader for the afternoon session which will include the following program under the subject of "Citizenship in the Kingdom":

- Talk—"I was Hungry and Ye Gave Me Meat," Mrs. Adams.
- Talk—"I was Thirsty, and Ye Gave Me Drink," Mrs. J. L. Tidwell.
- Talk—"I was a Stranger and Ye Took Me In," Mrs. Frank Prothro.
- Talk—"I was Sick and Ye Came Unto Me," Not announced.
- Talk—"I was Naked and Ye Clothed Me," Mrs. Joe Capriola.
- Talk—"I was in Prison and Ye Visited Me," Mrs. A. J. Norwood.

pepper and paprika and pour over prepared turnips. Let stand on ice an hour or longer to chill. When ready to serve add celery, green pepper cut in threads and pincapple cut in small pieces. Serve on lettuce and garnish with maraschino cherries cut in halves.

FEMININE FANCIES

BY KATHLEEN EILAND

An unusual and very pretty color combination seen in a Midland shop—a dusty-pink dress with one big bow of purple velvet.

One of the new fads of Paris is that of pockets in evening gowns. These are made in palmer style. We noticed a white one with such pockets downtown the other day. Rather pretty and quite up-to-the-minute.

And the new thing in rain rainment is to have the raincoat trimmed in fur—llama fur, mind you.

Speaking of styles, now people have begun to worry about styles in operations. Some one asked us whether it would be better to have an appendicitis incision, scalloped, plain, or zipper-fastened.

New Officers Are Chosen by G. A.'s Wednesday

Election of officers for the year and reports of committee chairmen, in addition to a brief program occupied the business meeting of the Mildred Cox G. A.'s held Wednesday afternoon at the home of Faye King.

Officers elected were: President, Mary Elizabeth Kerr; vice president, Louise Cox; secretary, Beth Reeves; assistant secretary, Faye King; treasurer, Pauline Carr; personal service chairman, Ruth Reeves; social chairman, Lucille Arnett; program chairman, Francis Stevens; reporter, Laura Bell Stewart; librarian, Lucille Lord.

The personal service chairman, Beth Reeves, announced that a box will be packed next week for the Buckner Orphans home.

Social service reports were made by Kitty Gene Ellis. Elwanda Hayes and Kitty Gene Ellis were appointed group leaders for a membership contest, in which the losing side will entertain the winners.

The devotional for the afternoon was read by Laura Bell Stewart.

All Members Present at Play Readers Club

One hundred per cent attendance of club members marked the meeting of the Play Readers club Wednesday afternoon at the home of Mrs. Ravilins Clark, 104 S. Pecos.

Mrs. De Lo Douglas read "Conversation Piece" by Noel Coward, much of it in French.

Guests for the afternoon were Mrs. L. Waldo Leggett, Mrs. Bob Hamilton and Mrs. J. E. Kelly of Stanton, and Miss Jennie Elkin.

Mrs. Earl Powell was received into the club as a new member. Mrs. J. Howard Hodge, who recently returned to her home after surgical treatment at Lubbock, was again in attendance.

After the program, light refreshments were served to 19 club members and the guests.

Pauline Carr read "The Will to Win Is Often Half the Battle"

Refreshments were served by the hostess and her mother to 12 members and two visitors.

Compliments Son With Theatre Party On Birthday

Mrs. W. T. Walsh complimented her son, Tommie, on the occasion of his tenth birthday with a party Wednesday afternoon.

Guests attended the matinee at the Yucca theatre, afterward returning to the Walsh home, 605 N. Big Spring where the candle-decked birthday cake was cut and refreshments served.

Attending were: Mary Sue Cowden, Jean Ann Cowden, Virginia Droppelman, Jane Hill, Liza Jane Lawrence, Willie Mae Riddle, Mary Helen Walker, Edith Wemple, Betty Kimbrough, Jean Walsh, A. P. Baker, Jr., Guy Tom Cowden, Hugh

Announcements

Friday
The Belmont Bible class will meet at 3:30 Friday afternoon at the home of Mrs. T. O. Midkiff, 1002 S. Marfield.

The North Ward P.T.A. will meet at 2 o'clock Friday afternoon at the school building for an Armistice day program to be presented by school children. Usually the group meets on Thursday afternoon.

The Lucky 13 club will meet at 3 o'clock Friday afternoon with Mrs. Kirby Sims, N. Marfield. **Pay your American Legion dues.** (adv.)

The South Ward P. T. A. will meet at 2 o'clock Friday afternoon instead of Thursday, in order to attend the Armistice day program to be presented by pupils of South ward.

Saturday
The Belle Bennett circle of the Methodist missionary society will hold a cake and pie sale at the M System grocery Saturday, opening at 9 o'clock in the morning.

Corrigan Jr., Jimmie Cummings, John O. Jolly, Billie Kimbrough, Russell Lloyd Jr., Jimmie Harper, James Mims, Bob Martin Jr., Roy Parks Jr., Clarence Scharbauer Jr. and the honoree.

BUILDS CANOE WITH ONE ARM
Bella Coala, E. C. (119) Desiring with transportation, Max Hickman, one-armed bear hunter, hewed himself a 30-foot canoe from a fir log. Despite his handicap, Hickman had the craft ready for the water in seven days, using only an ax.

Pay your American Legion dues. (adv.)

WASH OUT 15 MILES OF KIDNEY TUBES

Win Back Pep... Vigor... Vitality

Medical authorities agree that your kidneys contain 15 MILES of tiny tubes or filters which help to purify the blood and keep you healthy.

If you have trouble with too frequent bladder passages with scanty amount causing burning and discomfort, the 15 MILES of kidney tubes need washing out. This danger signal may be the beginning of nagging backache, leg pains, loss of pep and vitality, getting up nights, lumbago, swollen feet and ankles, rheumatic pains and dizziness.

If kidneys don't empty 3 pints every day and get rid of 4 pounds of waste matter, your body will take up these poisons causing serious trouble. It may knock you out and lay you up for many months. Don't wait. Ask your druggist for DOAN'S PILLS... a doctor's prescription... which has been used successfully by millions of kidney sufferers for over 40 years. They give quick relief and will help to wash out the 15 MILES of kidney tubes.

But don't take chances with strong drugs or so-called "kidney cures" that claim to fix you up in 15 minutes, for they may seriously injure and irritate delicate tissues. Insist on DOAN'S PILLS... the old reliable relief that contains no "dope" or habit-forming drugs. Be sure you get DOAN'S PILLS at your druggist. © 1934, Foster-McBura Co.

Better Than Whisky For Colds and Coughs

due to colds. Your money back while you wait at the drug store if you don't feel relief from the distressing symptoms coming in two minutes by your watch.

You must be delighted or it costs you nothing.

PROSPER ON HIGH PRICED HAY

HOUSTON, Tex. (AP)—The high price of hay has brought prosperity to Harris County hay growers. Hay business has increased 90 per cent over last year's, and prices have increased from \$2 a ton to \$7 and \$9.

HIS "GHOSTS" WALKED IN

ST. LOUIS, (AP)—When election commissioners intimated that Jimmy Miller, justice of the peace, had 500 "ghost" voters registered in his ward, he loaded the 500 persons in trucks and took them before the commission. They were put back on the rolls.

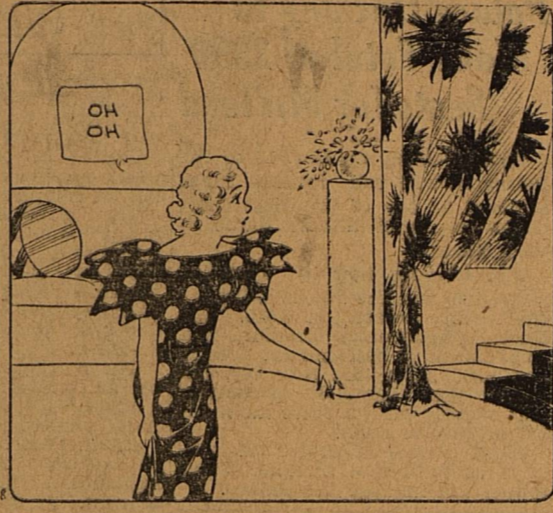

CANNON BALL BURIED IN TREE

THOROLD, Ont. (AP)—An old cannon ball was found embedded in the heart of a tree here. It is believed the ball was fired during the War of 1812. As the tree grew, it was completely hidden by the bark. It was found when the tree was cut down and sawn into pieces.

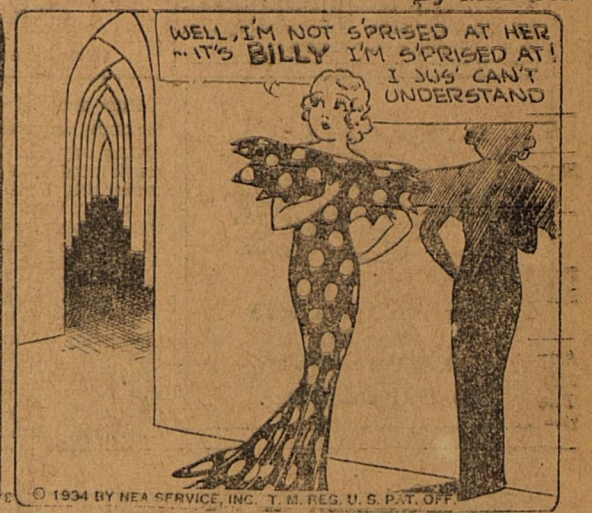

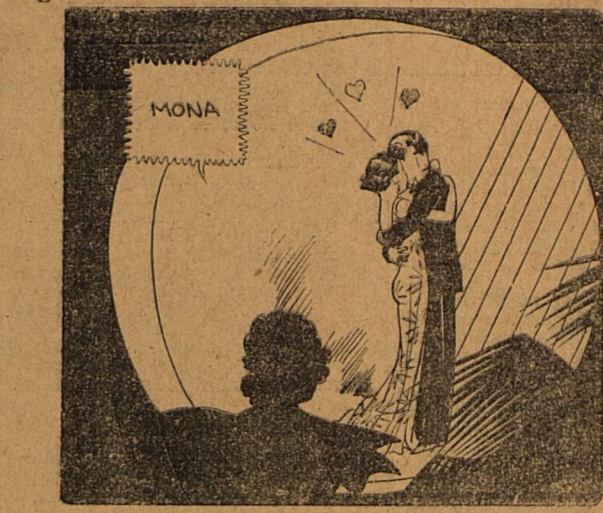

OWNS RARE PIPE COLLECTION

WILBUR, Wash. (AP)—A collection of tobacco pipes, believed one of the largest in the United States, is owned by Frands Madsen of Wilbur. Madsen owns several meerschaums over 200 years old. One engraved and mounted in silver bears the name of its first owner and the date 1749.

Scientists--

(Continued from page 1)

The arterial blood would quickly become saturated with the life-giving oxygen. Also, by means of a mask held over the face, or perhaps preferably with a rubber tube put in the patient's lungs through the mouth, the patient's lungs would be supplied with nearly pure oxygen, containing about 5 per cent carbon dioxide.

Found Effective at Births Prof. Yandell Henderson of Yale university found this mixture remarkably effective in starting breathing in new-born infants, or in other victims of asphyxia. Such gas mixture is now used by most fire department inhalator squads.

The teetering and giving of oxygen would continue several minutes, with the board six to eight seconds in each end-position.

Although the blood is circulated, this method alone will not start the heart of a dead sheep or dead dog.

However, with a stethoscope, or, better, the very sensitive "electro-cardiograph," we would watch for the slightest sign of heart action.

Renewing the Heart Beat

Ringer, Sollman, and others showed 50 years ago that the isolated heart, removed entirely from the dead body, may be started beating many hours after death. Thus Langendorf started the removed heart of a child dead from pneumonia, 22 hours after the child's death.

It appeared that starting of such heartbeats required not only injection or saturation of the arteries of the heart with a proper fluid, but also production in the heart's arteries of actual pressure at least equivalent to a column of water 15 to 20 inches high.

It is borne out in clinics that when the arterial pressure of a patient falls below this point, the patient stops in death. Sollman was even able to produce several beats in a heart by injecting its coronary arteries with mercury (i. e., quicksilver, the liquid metal) if the proper pressure were used.

Teetering Might Start Heart

Now where the dead prisoner is being teetered, the nearness of his heart to one end of the body, and the large legs as compared with the small arms, might well allow sufficient pressure to be developed in the head-down position to enable the heart to start without external injection.

The prisoner would be closely observed for any sign of heartbeat. Yet as there might be none, my surgeon, V. M. Margutti, would be disinfecting the prisoner's left arm, which would be extended to one side, so the teetering would not interfere unduly with the surgeon.

He would as quickly as possible expose a large artery in the left arm, requiring from one to two minutes. If the heart were not yet started, he would proceed at once to inject a fluid into this artery under pressure, toward the heart.

Liver Extract Used in Fluid

Such a fluid injection method was first used by Dr. George Orle of Cleveland, as carried out by him in 10 human cases, it usually was possible to restart both heart and respiration, but all 10 later died. In most cases the second death came in six to twelve hours, without the patient ever regaining consciousness.

Our fluid would differ from that of Dr. Orle in consisting principally of human blood, and also in containing heparin, a certain liver extract, for preventing clotting. As the fluid was injected, epine-

Palace Opening to Make Total of 2300 Seats for Midland

Opening likely on Nov. 15 of the Palace theatre will further mark Midland as one of the most thoroughly equipped theatre towns in West Texas.

Two theatres now in operation seat 1,900, and the Palace will raise the seating capacity to 2,300. The Yucca, a Babylonian structure that cost almost a half million dollars, has 1,200 seats, the Ritz 700, the Palace 400. Midland's population only slightly exceeds twice the number of theatre seats.

Floyd Parker, operator of the theatres at Ralls and at other Texas towns, will manage the Palace.

phrine, a certain extract of adrenal glands, would be added to restrict the small arteries of the prisoner, so as to be better able to produce the necessary arterial pressure.

While the fluid is being injected, it would be desirable to apply intermittent smart pressure over the heart. Brief blasts of oxygen blown into the lungs are also valuable in "bouncing" the heart.

Since the heart would be still stopped, these blasts would be very brief, with about a second's interval. It would be desirable to apply intermittent smart pressure over the heart. Brief blasts of oxygen blown into the lungs are also valuable in "bouncing" the heart.

This would squeeze out the capillary blood, almost completely blocking any possible flow of blood through the lungs. But if the whole process were properly done, the heart would soon start to beat strongly.

The injection then would be stopped, but artificial respiration would need to be continued until the prisoner began to breathe by himself.

NEXT: Nursing the patient back to health and treating him to save his sanity.

Song: "Soldier Boy," traditional—assembly.

Reading: "The Colors," anon.—Theresa Jane Stringer.

Reading: "The Evening Star," anon.—Wilma Flournoy.

Song: "I Ought to Love My Country," Boyd—assembly.

Play: "The Month of November," Clark—second grades.

HEALTH PROGRAM TO BE PRESENTED

An Armistice day program will be given at the North ward school, Friday at 2:30 by the P. T. A. Children from the different rooms will take part.

In addition to the Armistice program, there will be a talk on "What the Tuberculosis Seal Drive Is and How We Can Help," by Mrs. M. N. Phillips, member of the county public health board.

The trouble with that \$400.000 libel and slander suit a New Dealer has entered against Dr. William Wirt of Gary, Ind., is that Wirt may feel he isn't getting enough as superintendent of schools.

KIDNEY TROUBLE

Stop Getting Up Nights

To harmlessly flush poisons and acid from kidneys and correct irritation of bladder so that you can stop "getting up nights" get a 35 cent package of Gold Medal Haarlem Oil Capsules and take as directed. Other symptoms of kidney and bladder weaknesses are scant, burning or smarting passage—backache—leg cramps—puffy eyes. (adv.)

Oil Notes

Completion of a sizable pumping well as the second production in a new North Andrews county pool, a half mile northeast extension, was predicted by observers Wednesday while operators completed installation of equipment that a sizable pumper would result was based on information that the extension "slopped" out 17 barrels of oil through tubing from the plugged back depth of 4,562 feet before rods and other pumping equipment were installed.

The northeast extension is Humble Oil and Refining company No. 2 R. M. Means, in section 6, block A-19, public school land.

Another northern Andrews county test may reach the lime pay section late this week or the first of next. It is Humble No. 1 J. S. Means, south offset to the company's discovery well and in section 2, block A-35, public school land. The Humble Oil and Refining company is bottomed at 4,112 feet with top of gray lime called at 4,085, or minus 904 feet, checking exactly with the discovery producer on that marker. Operators were preparing to resume drilling Wednesday after setting and cementing casing.

About 15 miles south of the Humble development, Heavily pay section late this week or the first of next. It is Humble No. 1 J. S. Means, south offset to the company's discovery well and in section 2, block A-35, public school land. The Humble Oil and Refining company is bottomed at 4,112 feet with top of gray lime called at 4,085, or minus 904 feet, checking exactly with the discovery producer on that marker. Operators were preparing to resume drilling Wednesday after setting and cementing casing.

Acid is to be injected into Landreth Production corporation's Humble Oil and Refining company No. 1 Clarence Scharbauer, northwestern Ector county wildcat test as soon as operators are certain a water shut-off has been obtained. The Humble Oil and Refining company No. 1 J. E. Parker, presaging possible opening of another pool, was preparing to deepen from 4,638 feet. The first effort to shut off water by plugging back with lead wool from 4,235 to 4,223 feet did not prove satisfactory. The well is capable of producing about 40 barrels of oil daily, according to results of a five-day swabbing test.

In the southern part of Andrews county, Humble Oil and Refining company No. 1 B. S. Walker, in section 6, block A-43, public school land, two miles north of the Fuhrman Petroleum company No. 1 Ford, nearest producer, is drilling below 4,352 feet in lime topped 790 feet below sea level. The Fuhrman No. 1 Ford producer topped gray lime at minus 744 feet and completed for flowing production of 225 barrels daily from plugged back total depth of 4,564 feet. Pay was topped at 4,287 feet and water showed in drilling to the original total depth of 4,613 feet.

PECOS AND IRAAN LEAD 12-B AREAS

Pecos of the north half and Iraan of the south half of District 12-B continued to lead their respective halves of the district by virtue of a Pecos 20-13 win over Midland and Crane sending Big Lake backward in the standings with a 6-0 defeat. The crucial game of the south half this week finds Iraan the leader, playing Clyde Park's Fort Stockton Panthers Saturday. Crane takes on Andrews in nonconference play at Crane and the Big Lake Owls will meet the Class C McCamey Badgers in Upton county Friday night in the second game for the Class B Owls.

South Half, District 12-B

Cadets Bid Against Mustangs Saturday

COLLEGE STATION.—The fighting Texas Aggies, truly worthy of that name this year as they wage an uphill football battle, prepared themselves this week for the stretch in their grid campaign. They face four more tough games, the first of which will be with the Southern Methodist Mustangs Saturday at Dallas. The others will be with Rice, Texas and Michigan State, the first and last of which are as yet undated.

Baylor Despondent As Season Advances

WACO.—Resting on the bottom rung of the conference ladder, the Baylor Bears are surveying the future through gloomy eyes. They have not yet played the strongest teams in the loop, and have not won a conference game. Texas university, Centenary, S. M. U., and Rice, on successive Saturdays, will comprise the fare of the Bruins for the next four weeks.

Last week's game with Texas Christian left the Bruin holding the small end of a 34-12 score. According to experts, it was the last chance for the Baylor team to garner a conference victory this season.

This Week's Schedule Friday—Stanton at Midland (night). Saturday—Pecos at Odessa.
