Kenamer Sentenced To Twenty-Five Years In Prison

YOUTH IS COMPOSED WHEN JUDGE HURST ANNOUNCES DECREE

Attorneys Start Plans To Procure New Trial Soon

PAWNEE, Okla., Feb. 23. (AP)—Philip Kenamer was given twenty-five years in the penitentiary by Judge Thurman Hurst for the murder of John Gorrell.

Kenamer was composed when sentenced and had no comment to make. Attorneys have indicated they would immediately start proceedings for a new trial.

Kenamer was convicted by a jury of manslaughter when they failed to agree on a sentence for murder.

Gorrell was slain last Thanksgiving after he and Kenamer failed to agree on the details of an extortion plot. They had made plans to extort a large sum of money from Fred Wilcox, wealthy Tulsa oil man, under a threat to kidnap his daughter.

Kenamer's defense was that he withdrew from the plot and that after doing so got into a fight with Gorrell in which the latter was killed.

BIG SPRING WINNER IN TYPING CONTEST HERE LAST FRIDAY

In a three school typewriting contest held here Friday between Big Spring, Colorado and Midland the Big Spring girls were returned winner with Colorado second and the Midland last.

The Big Spring team score was 134.16, Colorado team 135.94 and Midland 134.20.

Including those on the first and second rounds, Friday afternoon, Big Spring, Colorado and seven from Big Spring. On the Midland team six students entered this practice contest. For practice contests the number comprising the teams is optional, but for all interscholastic League contests the number is regulated by the enrollment in the high school typing classes. For the past several years the winners have been determined by the score, which is the net speed per minute plus the per cent of accuracy.

To find the net number of words written per minute the total strokes are divided by 5 (the number of strokes in the average word). The result is the gross words written, from which ten words are deducted as a penalty for each error made. The result is the net number of words written, which is divided by the time of writing to obtain the number of net words written per minute.

Though this is the first contest for this year, the pupils have been working diligently and consistently since early last term.

Individual winners were Agnes Woods of Big Spring first with a total of 40.46 words per minute, Edna Mae Elkin of Midland second with 37.06 words and Mary Kinbrev of Midland was third with 36.86 words per minute.

BOB SMITH SETS A RECORD FIRST YEAR AS FEDERAL ATT'Y

W. R. (Bob) Smith, former district attorney here, set a new high for criminal prosecution of cases in federal court last year, according to a clipping in the San Antonio Express.

At the close of the year, June 30, 1934, the western district of Texas had closed 1516 old and new cases. There were 1390 new cases, 106 were dismissed and 18 acquitted. At the close of the fiscal year, 112 cases were pending. These have since been dismissed. Half the dismissals were Volstead act cases.

LADYSMAN SECOND, TIME SUPPLY THIRD

SANTA ANITA, Feb. 23.—The rich Santa Anita handicap was won by a 12-1 shot today when Azucar, seven-year-old former steeplechaser, with jockey Charley Curtisinger up, showed his heels to the field to come in two lengths ahead of Ladysman who finished second. Azucar set a new track record for the mile and a quarter when he came in home in two minutes, two and one-fifth seconds to win first place money of \$108,400.00.

Azucar, out of Clarice by Milsius, stayed in the bunch until near the stretch and then came up with a burst of speed that left the other nineteen in the race eating his dust.

Ted Clark, a Texas horse, carrying only 100 pounds, broke away from the field at the start and gained a four length lead by the time he reached the first turn and increased it to five lengths at the three quarter post with High Glee his nearest competitor at that time. Here the other horses started closing up, however, and Ted Clark faded badly in the last quarter.

Azucar was a good two lengths ahead of Ladysman at the finish while Time Supply was third by a length, one length ahead of Top Row.

Equipole, the favorite, was never a serious threat and finished eighth. Twenty Grand, also a favorite with the betters, also failed to do any good and finished far back in the field.

Azucar became excited as he was brought to the charmed circle to be presented the winner's wreath and broke away, dragging one of the grooms for twenty yards before breaking clear and racing down the track.

"Peck's Bad Boy" Moving Picture for Adults' Enjoyment

If the name of Peck's classic of American humor doesn't change with the years, neither do the names of the boys who essay the role of Bill in screen versions made of "Peck's Bad Boy" Fox Film production now showing at the Ritz Theatre. More than ten years ago, Lesser, producer of the current film, made a silent picture adaptation of the story. The hero was Jackie Coogan—since then grown up and now a college graduate. Again Mr. Lesser puts "Peck's Bad Boy" on the screen—this time with sound. And the hero of the story, Bill Peck, is being played by Jackie Cooper, eleven years old. "Nedley treatment," says Mr. Lesser, "learned very heavily on the original stories. I'm afraid that modern mothers wouldn't approve the original boy, whose mischief had made it. The stories were not written for juvenile readers, but for adults. Our present version we hope will be as universally appealing as Mark Twain's stories or Stevenson's and as 'safe' for kids as Gene Stratton Porter's."

HEALTH HASH COOKED BY MRS. ADDISON YOUNG

The health column published in our modern newspapers is not such a new form of journalism as some may think.

Before the Civil War (or War between the States) Godey's Lady's Book and Magazine, published in Philadelphia, ran a column called the "Health Department," written by Dr. John Stainback Wilson.

A few copies of this now extinct magazine are still in existence, and are very much valued, especially for the beautiful old aqua-tint engravings. The writer (to use the style of that time) owns a few treasured copies of this magazine, which are full of delightfully quaint stories and very funny costumes.

In September 1859 the Lady's Book

Winner in Contest for Catoico Queen

Maxine Sill, Senior in the Midland High School, was elected queen of the Catoico, High School Year book, in the annual contest for this honor. She is the daughter of Mr. and Mrs. P. O. Sill, 124 S. Big Spring. She is ranked as an A student and is prominent in school activities.

contained this treatise on Health:

"The Air of Cities—Health A Duty.—The whole atmosphere of cities and other places where numbers are congregated, is more or less impure, as a necessary consequence of the various foreign elements commingled with it. But we feel confident, if the laws of hygiene were known and diligently enforced by city authorities, that the outdoor atmosphere at least might be rendered comparatively healthful, sufficiently so, at any rate to banish those wide-wasting

epidemics, cholera, yellow-fever, &c. Still the best directed effort of the city authorities can do but little more, in the present state of things, than to abate external and public nuisances, and check the spread of epidemics; for after all, health-preserving measures to be effectual, must begin at home. The people, with whom every radical and permanent reform must commence, must be taught the laws of health; and they must be taught moreover, the great truth that obedience to those laws is second in importance to the obligations of the moral law,

and indeed those laws may be properly regarded as part, and a most material part, of our moral obligations; for no one can be held guiltless in the sight of God who remains in wilful ignorance of them, or who disregards them when known, and thus becomes guilty of the crime of self-destruction. Oh, that all would consider the preservation of health as a duty, as a part of their religion, as a sacred obligation due to themselves, to their Creator, and to their race!"

Three of Hollywood's Greatest

When three such screen headliners as Joan Crawford, Clark Gable and Robert Montgomery are co-starred in one picture, you can be sure it's something out of the ordinary. Such is the case with "Forsaking All Others," now showing at the Yucca Theatre with a cast

which is the talk of the industry. The picture is based on the Tallulah Bankhead stage hit, and was directed by W. S. (Thin Man) Van Dyke. Supporting the glittering trio stars are Billie Burke, Charles Butterworth, Frances Drake, Rosalind Russell and Ted Healy.

SLOCUM REMEMBERED

GRAPELAND (AP).—In April 1929, a tornado hit the little community of Slocum just across the county line in Anderson county twelve miles northeast of Grapeland. Citizens of Grapeland were on the ground within an hour after the wind subsided and took the lead in rendering first aid. With aid from adjoining communities in Anderson county they had everything lined up for the Red Cross representatives when they arrived. Grapeland citizens also led in cash contributions for the rehabilitation of Slocum.

February ninth a tornado hit this area taking a heavy toll of lives and property damage in communities adjacent to Grapeland.

Within a week a large truck arrived at the First Methodist church in Grapeland, being used as a distribution place for food and clothing for the victims of the disaster. It was loaded with food and clothing. The driver handed the official in charge a cash contribution of \$18.00. He stated that he was from Slocum. Slocum remembered!
