

MAJORITY OF HOUSE SAD TO FAVOR A SPECIAL SESSION

81 Representatives Listed As Supporting Tax Measure; O'Daniel Makes To Statement As To Plans

AUSTIN, Nov. 18 (AP)—House leaders of a movement to bring about a special session of the legislature told Governor W. Lee O'Daniel today that at least 81 of the state's 150 representatives would support a tax-raising measure if the lawmakers are reconvened.

They talked with the governor after enlarging the list of asserted supporters of a general tax bill to 81 at an unofficial house "session" attended by 50 members.

O'Daniel said he would give their proposition "full consideration" but did not indicate whether or not the lawmaking body would be called back to Austin. He perhaps will have some further announcement tomorrow on the question.

The bill submitted to the governor would boost oil, gas and sulphur taxes from 33 1/3 to 80 per cent above their present levels. It also would raise levies on whisky, cigarettes, inheritances, corporation franchises and other items.

Rep. Albert Darden of Marlin stated at the meeting that the pledges of support from the 81 meant simply that they endorsed the bill in principle and did not mean they would vote for every levy contained therein.

Governor O'Daniel had said he would call a special session to finance old age pensions and other social security programs if majorities of both house and senate pledged their support in advance to a specific and adequate tax proposal.

Legislators said his reaction to today's proposal might be along one of the following lines:

He might postpone a special session until he had time to sound out senators on their views.

He might take the position that pledges to support a bill "in principle" mean nothing.

He might say that the bill would not raise nearly enough money to finance the social security program.

He might refuse to call the session on grounds such a bill could not muster majority support in the senate.

He might convene a session beginning either in the immediate future or after the Christmas holidays.

Today's "session" was called by Rep. Bailey Ragadale of Crockett, who said the house had done its duty when a majority of the members pledged support of a particular type of tax measure.

"Governor," said Darden as a committee presented the tax measure to O'Daniel, "we believe this with your support and endorsement the senate, for whom we cannot speak, and the house will pass this bill."

"Thank you," answered O'Daniel. "I shall be glad to take this and look it over. I'll give it full consideration. I'm mighty glad to hear such good news."

"You will find that members on both sides of the S.J.R. 12 fight signed this bill," interpreted Rep. Ross Hardin of Prairie Hill. "But that's all water under the bridge."

The committee said in a letter to the governor that "this bill has not been submitted to members of the senate for their endorsement for the reason that we believe the senate should determine for itself the course it chooses to pursue."

A committee of the state association of county judges also called on O'Daniel in the hope of persuading him to convene a special session. Members of the group said he did not give them a definite answer.

Businessmen along Third street petitioned the city commission last week to either rezone the parallel parking spaces for the business district, or extend it over the business district. Reason, said the petition, was that it was affecting business. Merchants know their business, but it seems a mistake to charge all business loss this season to parallel parking. We know that the practice has vastly improved traffic conditions along the street.

Most progressive businesses have schools of instruction for employees occasionally. They find it pays. So the series of classes for city police sounds like a good idea. Thus as officers start the class this week...

Fed. Reserve Is Handling Allied Funds

Method Of Paying For U. S. Products Is Questioned By Some

By HENRY PAYNTER
NEW YORK, Nov. 18 (AP)—The British and French governments are making payment for wartime purchases in the United States through the New York federal reserve bank, it was reliably reported in Wall Street banking circles today.

While some leading bankers defended the action of the reserve bank in paying out on order British and French funds for these purchases, other asserted some competent legal opinion here raised the question of whether the bank's action may not collide with international law covering neutrality.

Officials of the reserve bank, who rarely talk for publication, declined to comment, and bankers said the reserve had undoubtedly received assurances that its action was legal and proper.

Those who raised the neutrality question said part of their interest naturally stemmed from the fact that the reserve was doing what was formerly an important function of commercial and private banks.

The reserve's action in making these payments for wartime purchases was said to date from the passage by congress of the revised neutrality laws.

Its action in paying out funds of the Bank of England and the Bank of France does not represent a new policy in banking mechanism, these bankers said, but rather an absence of change of banking policy as the business of the bank's customers changed from a peacetime to a wartime nature.

The federal reserve bank of New York fulfills some of the functions of an official central bank for this nation, and in that capacity, has for some time in the past acted as a depository for gold and dollar balances of the central banks of England and France, and of Germany as well.

As a central bank, it pays out those funds in this market on order. It was reported, however, that the Reichsbank had not asked the reserve bank to pay out money for wartime purchases.

Following the revision of the neutrality laws the Bank of France and the Bank of England changed the nature but not the banking technique of their transactions with the reserve bank, namely, ordering their funds paid out in specified manner for wartime purchases here.

Thus, Wall Street critics of the reserve bank's policy conceded, the reserve bank has not initiated a new policy, but has obtained from changing an old policy to meet changing international political conditions.

Rapid progress was noted on the five and a half mile highway No. 9 south of Big Spring on Monday, through courtesy of W. D. Miller, will turn over 30 per cent of the day's proceeds to the high school band as a contribution to a campaign to raise funds for new uniforms.

From 11 a. m. to 11 p. m., Miller will take 30 cents out of every dollar's business and put it in the band fund. The regular staff will be on hand to prepare and serve food, but band members will cooperate by assisting in waiting on cars.

CAPONE'S ROOM IS CLOSED TO VISITORS
BALTIMORE, Nov. 18 (AP)—A "no visitor" sign was posted at the door of Al Capone's Union Memorial hospital suite today as the former Chicago gangster headed into an indefinite period of observation and treatment for a brain malady.

Dr. Joseph E. Moore, Capone's physician, reported no change in his condition and furnished no elaboration on yesterday's statement that the old overlord of the illicit liquor business was "chronically but not acutely ill."

Man Who Started This Thanksgiving Mixup Will Have 2 Turkey Dinners
NEW YORK, Nov. 18 (AP)—After all the fuss and hurry about Thanksgiving, it developed today that the household of the man who made the first recorded request for an earlier date will have two turkey dinners after all—on the 23rd and the 30th.

NAZIS PUT MORE CZECHS TO DEATH; 140 LIVES LOST AS SHIP HITS MINE

Casualties On Dutch Vessel Heaviest Yet

Britain Puts Blame On The German Government

LONDON, Nov. 18 (AP)—The Netherlands passenger liner Simon Bolivar sunk in the North Sea with a possible loss of 140 lives today after striking a mine which the British admiralty charged the Germans had laid without notifying neutral shipping.

Many Injured
The 8,309-ton vessel carried 400 persons, including women and children. A total of 260 survivors, of whom 140 were said to be crewmen, were landed at an unnamed British port.

Many of the rescued were reported "badly injured."
Official sources here expressed fear that all those missing were dead.

Aide from British naval losses, it was the worst sea disaster of Europe's current war.
The heaviest loss to a non-fighting ship previously was in the sinking of the British liner Athenia, northwest of Ireland Sept. 3 the day Britain and France declared war on Germany.

The Athenia's loss was reported at 112 persons.

Two other ships, their names and nationalities undisclosed, were damaged by mines near the spot where the Simon Bolivar sank. Both made port.

British trawlers picked up the Simon Bolivar's survivors who included some British, many Netherlands and other nationalities.

Those able to travel were brought to London.

Steward J. H. Writers declared the ship was about 20 miles off the English coast when a "terrific explosion" shook her.

"The master, Captain H. Voorspuyl, was killed on the bridge," Writers said.

"It seemed as if the explosion was right under him. All oil pipes burst and people in the cabins were smothered."

The ship was listing sharply, he said.

Band To Share In Monday's Receipts At The Pig Stand

The bigger your appetite, the more good you can do with it Monday.

For Monday the Miller's Pig Stand, through courtesy of W. D. Miller, will turn over 30 per cent of the day's proceeds to the high school band as a contribution to a campaign to raise funds for new uniforms.

From 11 a. m. to 11 p. m., Miller will take 30 cents out of every dollar's business and put it in the band fund. The regular staff will be on hand to prepare and serve food, but band members will cooperate by assisting in waiting on cars.

TOAST TO GARNER AT 'EVIL OLD MAN' DINNER

Freight Rate Change Held Up By Court

AUSTIN, Nov. 18 (AP)—The Texas railroad commission found itself blocked today at least temporarily, in an effort to abolish freight rate differentials in West and Southwest Texas counties.

A group of rail carriers obtained a temporary injunction in District Judge J. D. Moore's court which will prohibit the order from taking effect Monday.

However, the court decreed that the difference between present shipping charges and those stipulated in the order wiping out differentials, must be impounded and refunded to shippers if the order is finally upheld.

A date for hearing on permanent injunction has not been set.

Differentials, authorized generally in areas where traffic was relatively sparse, ranged generally from 10 to 20 per cent above normal rate classifications. Rail commission officials have estimated the order would save about \$600,000 annually for affected shippers.

Recently the rail lines sought and were denied a 90-day stay of the order which was issued by the commission following a hearing which drew volumes of testimony by shippers and spokesmen for the carriers.

Shippers claimed differentials worked a hardship on them while transportation representatives presented testimony to show abolition of the special rates would destroy them financially.

Drive Results Disappointing

With the annual roll call literally bogged down, Red Cross chapter officials Saturday looked for reports from a few large outstanding sections to revive the drive that has proven disappointing thus far.

Mrs. Dorothy Lawrence, Red Cross executive secretary, said that receipts to date amounted to about \$1,000, just about half the amount raised last year.

This was in line with the number of business firms reporting a 100 per cent membership, for even in this department the job was only half that of last year.

While the canvass of the residential section failed to add a great deal of impetus to the campaign, there were encouraging gestures from the two areas where response was not expected to be so great. That was in the western part of town and in the Mexican quarter.

Conservation Given More Emphasis

WASHINGTON, Nov. 18 (AP)—The agriculture department is re-emphasizing its farm-aid program for 1940 to shift the emphasis from crop production control to measures designed to assure greater protection of the nation's soil resources from wind and water erosion.

Recent surveys show, officials said, that America's farming land is wearing out faster than it is being restored because farmers as a whole are not using cultivation practices which would prevent soil wastage.

Under tentative regulations drafted by the agricultural adjustment administration, farmers will be asked to devote more attention and efforts to conservation measures if they want to share the \$775,000,000 benefit payment fund.

Differing from past farm programs, farmers will have to do more than plant within acreage allotments given them for such major crops as cotton, wheat, corn, tobacco, potatoes, and peanuts. In order to obtain the maximum amount of subsidies.

They will be asked to increase their plantings of legumes and other soil-building crops, to return more land to grass and pastures, particularly land subject to erosion and unsuited for cultivation. Special efforts will be made to prevent erosion of pasturesland.

Other phases of the contemplated conservation program include: Promotion of county agricultural planning committees to help farmers put their land to its "best use."

Organization of more soil conservation districts with power to build dams and other facilities designed to conserve water resources and to prevent dust storms and other forms of erosion.

Alteration of policies of the Farm Credit Administration to deny credit on land deemed unsuited for crops.

A sharp increase in projects demonstrating contour farming and terracing.

An increase in subsidies to farmers starting woodlots.

Recommendations that congress increase annual appropriations for governmental purchases of sub-marginal land.

Dr. Smith Is Taken To Pen

BATON ROUGE, La., Nov. 18 (AP)—Dr. James Monroe Smith, the 51-year-old former president of Louisiana State university, was removed to Angola state prison today.

There Prison Warden L. A. Jones said, Dr. Smith would be given a sugar cane knife and sent into the ripening fields to aid in harvesting the penitentiary crop when he has recovered sufficient strength from a suicide attempt in his Baton Rouge jail cell Thursday. He gashed an instep artery with a razor blade.

Jones said Smith, whose socially prominent Louisiana family entertained fashionable friends in their home on the university campus, would be treated as any other prisoner.

He added: "He'll be just like Bill Smith to me."

Smith was assessed 8 to 24 years on charges of forgery and obtaining money under false pretenses.

The former college president slashed his right foot two days ago after having been convicted of mail fraud in federal court and pleading guilty to two federal charges and four state charges.

He has been recuperating satisfactorily in the hospital here. Physicians this afternoon pronounced him able to be removed to the prison.

After completion of his state sentence Smith has 2 1/2 years to serve in the federal penitentiary under his conviction of mail fraud and income tax evasion on other counts.

Herald Would Like Some Pictures On S. E. J. Cox Activity

A series of articles dealing with the one-man oil boom generated by S. E. J. Cox here in 1919-20 has been prepared by a member of the Herald staff for early release. However, The Herald is desirous of securing pictures of Cox and his activities here during that period to illustrate the stories. Those who have such pictures, whatever their nature, are requested to submit them to this paper. They will be carefully preserved and returned to the owners.

Martial Law Is Proclaimed After 'Purge'

Drastic Action Taken To Curb 'Anti-German' Activities

PRAGUE, Nov. 18 (AP)—Nazi Germany used the firing squad again today and then added martial law to its stern measures to stamp out anti-German moves in the protectorate of Bohemia-Moravia.

The execution of three more persons, two policemen and an unidentified Czech, brought to 12 the number shot to death in 48 hours. Nine students were executed yesterday.

Not For Germans
Martial law, established in greater Prague, Prague-land, Kladno, Beraun and Horchowitz, did not affect German citizens. All these districts are near Prague, Kladno to the west, Beraun to the southwest and Horchowitz to the northeast.

Simultaneous with the establishment of martial law, President Emil Hacha broadcast a warning that "any further sacrifice for the Czech nation serves no purpose."

Hacha declared that demonstrations would be suppressed by the "public might" of the German and Czech governments and urged the people of the protectorate to "obey with all discipline the appeal which I and the government direct to you."

Prague appeared calm outwardly, but reaction to the executions of the alleged ring leaders in the anti-German acts, and the closing of Prague academies and universities for three years was reported to have spread to other sections of the protectorate.

Incidents similar to those in Prague were reported to have occurred in Bruenn (Brno), the protectorate's second-largest city.

The first detailed picture of what occurred during the night from Thursday to Friday preceding the executions was pieced together tonight through informed sources.

Detachments of Schutzstaffel (Black Shirt Elite Guards) were stationed in the streets where the students' homes were located. Machine-guns were set up in some places and during the early morning hours.

Detroit, Nov. 18 (AP)—"A wage issue" thwarted an immediate agreement to settle the Chrysler labor problem tonight but negotiations, adjourned until tomorrow, remained in the most hopeful state of any time since the 44-day impasse began.

Federal Mediator James F. Dewey and officials of the corporation and CIO-United Automobile Workers halted conference at 10 p. m. (EST), agreeing to meet again at 2 p. m. tomorrow.

"Everything is settled except the wage issue," Dewey said. "The union made a proposition which was not acceptable to the corporation. The proposal was discussed at some length, but we did not reach any conclusion."

Dewey, who did not make known details of this issue, said it would be discussed tomorrow.

Corporation sources said that, in event of settlement by tomorrow, some Chrysler workers would be called back to duty Monday and in increasing numbers in succeeding days with operations regaining a normal stage by the end of the week and 100,000 men returning to work.

Previous to the night session, first such in the six weeks of negotiations, Dewey had said a "tentative understanding" had been reached on "almost all matters except those involving money."

REVIEWING THE BIG SPRING WEEK

—BY JOE PICKLE—

One of the disappointments of the week was the showing made in the annual Red Cross roll call here. Memberships and contributions have netted only about \$1,000 to date. The amount should easily be twice that figure. At \$1, the minimum membership is easily within reach of most employed people. Surely there are at least one thousand additional people who can spare that much for others.

The announcement of tentative approval and a \$12,000 allotment for enlarging the office space in the federal building here is double good news for Big Spring. In the first place it will give needed office space to federal agencies, in turn leaving the county free to employ the vacated office spaces. Secondly, it will mean a \$12,000 in building, always a welcome item in any community.

Businessmen along Third street petitioned the city commission last week to either rezone the parallel parking spaces for the business district, or extend it over the business district. Reason, said the petition, was that it was affecting business. Merchants know their business, but it seems a mistake to charge all business loss this season to parallel parking. We know that the practice has vastly improved traffic conditions along the street.

Most progressive businesses have schools of instruction for employees occasionally. They find it pays. So the series of classes for city police sounds like a good idea. Thus as officers start the class this week...

90, GETS LIFE

John Budnek (above), who says he is 90 years old, was sentenced to life imprisonment for the slaying of his brother, Joe, 67, near White River, S. D. He denied the charge. Authorities said Budnek is "about 90" and that he was acquitted 35 years ago at Hastings, Neb., for the fatal shooting of a brother-in-law.

Sen. Norris Opposes Big Defense Fund

WASHINGTON, Nov. 18 (AP)—Senator Norris (Ind-Neb.), who usually supports administration legislation, said today that he would oppose increased defense appropriations at the next session of congress because he believed the money could be spent more wisely for relief of unemployment and agricultural distress.

Voicing the opinion that enactment of the present neutrality statute had minimized the chances that this country would become involved in the European war, the veteran Nebraska legislator said he thought congress should give its attention primarily to domestic problems.

"If we didn't have any other troubles," Norris told reporters, "I wouldn't feel so strongly against spending large sums for the army and navy. But we can't stop the expenditures for the relief of unemployment and agricultural distress."

Reports as to the amount that congress may be asked to appropriate for antinuclear defense have been highly conflicting.

Some well-informed legislators said they understood that requests for the army might total \$1,700,000,000 and those for the navy \$1,300,000,000, but departmental experts have protested that these figures were too high.

In an interview today, Secretary of War Woodring indicated that the war department's annual budget would exceed \$700,000,000 compared to this year's figure of approximately \$450,000,000.

Without mentioning any specific figure, Woodring said that the department's objective was a "perfect army" of moderate size and "real striking force."

"Whatever size army is agreed on, the time has come that we must have a force that is 1,000 per cent perfect," he said. "Numbers are less important than training and equipment."

TWO HOLIDAYS

"Grapes Of Wrath" To Be Given

Tech Dean Of Men To Give Review Here Thursday

Sponsored by the 1938 Hyperion club James G. Allen, dean of men and associate professor of English at Texas Tech, will review John Steinbeck's "Grapes of Wrath" at the Settles hotel Thursday evening.

Allen, who has been doing book reviewing for the past five years in Dallas, Mulshoe, Plainview, Anson and Colorado City, received his B. A. degree in English from S. M. U. in 1924. His M. A. was received at Harvard in 1927 and since that time he has done graduate work in English at Harvard, Callego university and Texas university.

Allen has been one of the reviewers on the series of programs sponsored by the Woman's Auxiliary of the First Presbyterian church for the last four years and has also given reviews for the Junior and Senior Twentieth Century clubs and other study clubs in Lubbock.

"Grapes of Wrath" is the widely discussed and talked about book dealing with the people of Oklahoma, Texas, Kansas and other states who flocked to California in hopes of finding work after losing their farms due to droughts and duststorms.

The powerfully told novel has been praised and criticized by Californians, Texans and the migrants themselves and as a consequence is one of the most widely sold books of the year.

HD Clubs Visit Knott, Vealmoor, Fairview

Achievement Day Tour Is Held On Friday

Making something from nothing and utilizing leftover materials were among some of the accomplishments shown Friday by the home demonstration clubs on the Achievement Day tour that included stops at Vealmoor, Knott and Fairview.

The first visit was a kitchen demonstration in the home of Mrs. Porter Hanks at Vealmoor where her modern red and white kitchen was shown. Mrs. Hanks showed a glass shelf case had placed over the kitchen window and the addition of a gas stove. A breakfast nook had been made in one corner of the kitchen and a bath and guest room remodeled off the kitchen.

Mrs. J. A. Iden, bedroom demonstrator, showed the improvements made that included a display of bedroom linens, spreads, and rugs. A display of kitchen towels and an exhibit of foods showing balanced meals for the year was also seen at Vealmoor.

At Fairview the group visited the home of Mrs. Jesse Henderson for a bedroom display. A dressing table had been made from an old-fashioned dresser and a couch made to contain quilts. Car seats had been covered and converted into a couch.

Lunch was served in the home of Mrs. Roy Phillips at Knott where Mrs. Phillips demonstrated her red and white kitchen which contained a modern built-in cabinet. Water had been piped into the kitchen and new linoleum added and wood-work and walls refinished.

The group held the last demonstration in the home of Mrs. J. W. Wooten at Fairview where infomal speeches and songs were given. Mrs. Wooten showed her yellow, black and white kitchen and explained the covering of the top of the kitchen cabinet with linoleum and making a rolling serving table. She showed her milk room which was in matching colors with the kitchen. Displays of kitchen towels and hot pads were also shown.

Those attending were Mrs. Lawrence Anderson and Mrs. J. P. Anderson of Luther; Mrs. Carl Tiptoe, Mrs. Ross Hill, Mrs. W. J. White, Mrs. W. E. McDougal and Mrs. Hart Phillips of Overton.

Annual Food Matinee Stated At The Ritz Next Saturday

The Ritz theatre's annual food matinee is scheduled for Saturday of this week. Each year, the Ritz management presents a film program for which the admission "price" is an article of food—staples of any kind. The food is distributed to the city's needier families so that they have some extra niceties on the table at Thanksgiving.

STARRING TEAMS AT THE THEATRES

New star combinations are to be seen on local theatre screens today and Monday. Henry Fonda and Claudette Colbert (top) head the cast of the historical epic, "Drums Along The Mohawk," an exciting story of colonial days, at the Ritz. Ann Sothorn and Franchot Tone (below) provide the comedy, being co-starred in a laugh piece called "Fast And Furious." The picture is at the Queen.

AUTHORITY TO SPEAK TO AUTOMOBILE DEALERS OF CITY

Automobile dealers of Big Spring and other business representatives will be guests at a dinner meeting at the Settles hotel Tuesday evening, when Wayne Hearne, nationally known authority on automobile dealer problems, will speak. The affair is sponsored by the Pacific Finance corporation.

'Drums Along The Mohawk' At Ritz Today, Monday

Even the most critical reviewers are joining the 20th Century-Fox press agents in promising excitement, thrills and stirring action in the new production, "Drums Along The Mohawk," which tops the Ritz theatre's program for today and Monday.

This Darryl F. Zanuck production depicts in Technicolor the days when torch and tomahawk spread their terror in New York's beautiful Mohawk Valley, based on Walter D. Edmond's best-selling novel. The screen play by Lamar Trotti and Sonya Levien gives Claudette Colbert and Henry Fonda the roles of pioneer lovers who with the other colonists in the valley have to face the fierce onslaught of the savage Iroquois.

KBST To Carry Dedicatory Address Of Roosevelt At 2 o'Clock Today

President Roosevelt will be heard over Station KBST and the Texas State Network from 2 to 2:15 p. m. Sunday when he speaks at the cornerstone laying exercises in Hyde Park, N. Y., of the \$350,000 library to house the public and private papers of the president.

Other speakers will be Frank C. Walker, an associate of the president, Archibald MacLish, Librarian of Congress, and R. D. W. Connor, national archivist. The Roosevelt library, a Dutch colonial structure, is being erected on 12 acres of the president's Krum Elbow estate on the Hudson, which was deeded to the federal government.

NEW STUDIOS Radio Hall, the University of Texas' new radio studios, will be dedicated in a statewide broadcast Sunday afternoon, 2:30 to 3 o'clock over Station KBST and the Texas State Network.

PAUL WHITEMAN Paul Whiteman, dean of modern music and an adopted Texan with an engrossing flair for horses and cowboy regalia, will make a guest appearance on the "Author! Author!" show at 7 p. m. Monday on Station KBST and TSN.

Ann Sothorn, Franchot Tone Co-Starred

"Malsie" is coming back—and this time with a husband. Ann Sothorn, who scored a hit in the little role of "Malsie," returns to the screen in "Fast and Furious," playing today and Monday at the Queen theatre, in which she plays the loving but jealous wife of Franchot Tone. As Joel and Garda Sloans, screwball amateur detectives and bibliophiles, Tone and Miss Sothorn go on a vacation and find themselves plunged into a bevy of bathing beauties and a double murder. And a third killing is prevented only by a sense of humor when Garda discovers a tape-measure in the pocket of her beauty pageant judge-husband.

As Tone's friend, Lee Bowman plays one of his few sympathetic roles, while others in the supporting cast are Ruth Hussey, Allyn Joselyn, John Miljan, Bernard Nedell and Mary Beth Hughes. Director Busby Berkeley arranged several startling numbers in his presentation of the bathing beauties, whose costumes are said to be striking if not practical, for this third in the book-detective series of Producer Frederick Stephani.

War Brings A Return Of 'All Quiet,' With Censorship Lifted

With Europe in the thick of another titanic war, "All Quiet On The Western Front," recognized as the greatest war film ever made, has been released in its original uncensored version for the first time. The history making film, winner of five international awards, is at the Lyric theatre today and Monday with many dramatic scenes that could not be shown during its original release.

BILL THOMAS GETS STATE LICENSE AS FUNERAL DIRECTOR

Bill Thomas, son of Mr. and Mrs. Leslie Thomas of Big Spring, has returned from Austin where last week he passed examinations for a license from the state board of funeral directing. He had been there for several days preparing for the tests.

The famous characters of the book, played to perfection by men and women who are top stars today, come to life in startling realism now that another war is raging in Europe. Lew Ayres, who rose to stardom in "All Quiet" with his intense, spired portrayal of "Paul Baumer"; Slim Summerville, who plays "Tjaden," and others in the picture seem to be characters in the world of 1939-40 now that half of the continent once again has answered the call to arms.

They Like Prosecutors

When it comes to political appeal, you can't beat a hard-hitting prosecutor. This political truth is abundantly borne out by the survey of public opinion among the nation's college students which was made recently by the Student Opinion Surveys of America, headed by Joe Belden, University of Texas pollman.

Belden's survey shows that American college students prefer Thomas E. Dewey, brilliant New York district attorney, as the next president of the United States by a three-to-one margin.

Dewey's name, of course, has been prominent in political discussions for the past two years, but political observers predicted that the beginning of war would nip his boom in the bud. In wartime, they said, people would want a man with more experience in international affairs than Dewey possesses.

But Belden's poll shows that even in wartime, the appeal of a hard-fighting prosecutor, who rides into battle against crime and corruption bearing the shield of public righteousness, is hard to match in the political arena.

A survey of Texas history shows that a job as prosecutor has served many an outstanding figure as a stepping stone into high political office.

The greatest of Texas governors, James Stephen Hogg, had broad experience as a district attorney and as attorney general, and his work as a prosecutor won the hearts of Texas people.

Another colorful prosecutor who rode into the governor's chair was red-headed Dan Moody, noted first for his rough handling of law-breaking, terrorizing Ku Klux Klansmen and later for his uncovering of graft in the highway department.

And the third prosecutor of note who has been governor in recent years was James V. Allred whose prowess as a defender of the public virtue took him from the district attorney's office to the attorney generalship and then into the chief executive's mansion.

Prosecutors always have color and flash, particularly if they are young prosecutors who seem to stand almost alone before the Goliaths of vice and graft.

Man About Manhattan

NEW YORK—New York ties in so easily with any other section of America—past or present... I was thinking of this today, and about that worn, harried man who kept pacing up and down in front of the wagon... It was a big wagon, with plenty of bear-grease on the axles, and the wheels wouldn't squeak... It wasn't just a wagon... it was more than that... It had great billows of canvas, and an opening at the end, where a woman in a bonnet sat in dumb misery, staring at the child whose head lay in her lap.

As far as the eye could see lay the rolling prairies... As high as the eye could see climbed the stars, the glittery white stars, that seem far away, but then they come down low over the prairie and aren't afraid of anything except, perhaps, the howl of a coyote.

If you were in New York, in 48th street, you saw that scene—the prairie scene from "Abe Lincoln in Illinois"... Some people called it the Prayer scene, because after awhile a long, loose-jointed Ichabod Crane of a man, old before his time, with stooped shoulders and tired, lonely eyes came walking up out of the prairie... He says, "Hello, Seth... How are you... How's your little boy..."

They shake hands, and then that other man—the man with the wagon and the woman with the bonnet and the little boy—begins to talk... The words pour out... They half strangle him as they come out... "He's sick, Abe... It's swamp fever... Isn't there a doctor around? Isn't there a preacher... He's got it bad, Abe... you can hear him moaning all through the night... He can't get his breath... It's got him, Abe, the swamp-fever... Say something, Abe, can't you?"

"I'll try, if you want me too, Seth... If you think Mrs. Gale would want me too, though I ain't much good at speaking prayers... I guess no one could adequately describe it... But anyway you see there, not in a theatre, but out there on the lonely prairie, under those low, white stars, and heard that deep voice that must have come from some secret pocket of a man's soul... It began something like this: "O God, the Father of all living, I ask You to look with gentle mercy on this little boy here, lying sick in this swamped wagon..."

I suppose this scene, and the way Raymond Massey handled it, has been discussed more than any scene in any New York play since I have been kicking around Broadway.

We were talking about it the other night, and—like that—the deep, humble voice of Massey—as Lincoln—came floating into the room. You couldn't believe it... But there was in the Prayer scene... and other scenes...

The Thrill That Comes Once In A Lifetime

The Creeping Man

by Frances Shelley Wees

Chapter 35 OATH OF SECRECY Gordon thought it over. "I don't know much," he said. "I used to kind of think I did. I used to watch that Lissey old maid snooping around, and I thought maybe she did it, but she didn't. I guess I've dug about half the woods up looking for Murchison's grave, but I can't find it."

"Don't you think he might have been thrown in the river?" "They'd have found him down-stream, wouldn't they?" "Unless a stone properly tied to the body..." Michael suggested.

"He'd have to row him out in the river then, to drop..." Gordon stared at him. "My boat!" he said. "I knew the same guy had it!" "Your boat was stolen a year ago, I thought you said, Gordon?" "Yes. That's right. But..."

"But what?" "Oh nothing. Only there's somebody on this river got a boat. I've heard the oars at night when I been here."

"Oars at night, eh?" Michael considered. "Lately? Since we came here?" "Oh, off and on all the time. I don't come here every night. I have to wait until moon tines I'm asleep, and I know they are, and then I come down here and read."

Michael glanced at the pack of cards on the bench. "And Higgins comes too, eh, and you play cards?" "Pinchle. He's awful dumb, though."

"Yes. But didn't he swipe a key to the study door for you?" Gordon swallowed miserably. "Thanks," said Michael. "I got an idea that's where you got it. Now about those oars. In the boat out in mid-stream or close in?" "Pretty close in. What gets me is that it always sounds like it's coming in to shore, and I listen, and the oars stop like it's been beached, and I been up and down every inch of this bank for miles, and there's no place where a boat's landed. I go out every morning after I hear it, but I can't find it. So I guess it doesn't land here."

"It's up-stream from you, then? Sure it isn't down toward the golf club?" "Sure. Anyway, there's no landing places down-stream either, till you get clear on the other side of town. The bank's too steep."

"Well, I don't suppose it concerns us." Michael looked at the man. The blue eyes were steady, the chin firm. Sense, there, Michael decided.

"How'd you like to take on the job of helping me solve this mystery, Gordon?" he asked. Gordon gasped. "Help you? I thought you was going to arrest me for butting in!" "Of course I ought to. Michael said gravely. "But I don't think I will. You see, I need you. I need somebody to do two or three things for me, that nobody will notice. And I need somebody to dig around and ferret out a few things where I mustn't be seen. You're a sharp kid. If you're game to help me, I'll give you the oath of secrecy and swear you in, and we're away."

Washington Daybook

WASHINGTON—Holland's danger in this world war arises out of the fact that aeronautical ingenuity has not devised a combat plane that will fly the round trip from Germany to England and back.

A combat plane is one of those compact little one-man fighters which are easily maneuvered and are able to attack bombers, but are themselves helpless when confronted by long distances.

Strategists say one reason the smashing German Blitzkrieg planned for England has been held up is because these little combat planes cannot fly along and protect the Nazi bombers from British combat and interceptor planes. It is not the only reason the strategists give. Another important one is that Germany seems not too certain that a Blitzkrieg through the air will work.

There is a third important reason which we will take up further along.

GERMANY NEEDS BASES

The danger to Holland, as strategists here see it, is that Germany must get bases closer to England from which to launch her air attack—if she is determined to do it. The few reconnaissance and "sampling" tests made by Germany on British naval and supply centers have shown them that the defense is tough. It includes not only the anti-aircraft guns, but more important still, the fast flying little interceptor planes that can get off the ground in a split-second, climb 10,000 feet to be on a level with the bombers, then swarm in on them with as many as four machine guns blazing from each plane.

If the German bombers could have an escort of a fleet of Nazi combat planes, these little fighters could take on the British interceptors and leave the bombers free to accomplish their mission. Losses that way would be cut to a minimum.

But the combat planes can't make the flight. It is 300 miles or more from the nearest German air bases to the British industrial centers. Combat planes can fly only about 650 miles on the fuel they carry. Even the best Yankee fighters can carry no more. With 300 miles to go to England and 300 miles to get back home, only 50 miles is left. More than 50 miles would be eaten up in a first-class "dog-fight."

Then the plane could not get home.

If Germany overran Holland, she could have air bases within much easier flying distance of England. Her combat planes could fly with the bombers and air attacks could be launched with good chances of success.

ANOTHER ROUTE?

A little way back we mentioned there was a third possible explanation for Holland—and England—to have escaped so long the German air attack. It is an important one to keep in mind.

One strategist insists that Germany never will attack through France, Belgium or Holland, but will head southeast through the Balkans.

"Why should Germany hit England where she is strongest?" he asks. "More likely she will hit where England is weakest. That is in the eastern Mediterranean."

He expects an early smash through the Balkans that may carry as far as Istanbul—the former Constantinople. England's wealth and major resources are in Asia. From Istanbul—if Germany got control there—Nazi penetration could be made swift and costly to England.

We don't know which way they are going. Holland fears she does.

New Chairman Of Liquor Board Wants Cooperation Of Local Communities In Enforcing Law

HAUSTIN BUREAU AUSTIN, Nov. 18—The Texas liquor control board under the aegis of Dr. W. D. Bradfield, S.M.U. theology professor, is going to operate like an ordinary family.

"We'll probably have our rows," he said in assuming office as chairman of the board, "but when we do, we'll kiss and make up. It's going to be just like an ordinary family."

The 73-year-old minister is a refreshing addition to the state's official family. He is frank in his views, tolerant in his outlook, and he has a good sense of humor.

With a great deal of relish, he tells about meeting S. J. Hay, son of former Mayor Hay of Dallas, at a football game shortly after Gov. W. Lee O'Daniel appointed him to head the liquor control board.

"Well, doctor, I never expected to see my old pastor in the liquor business," Hay twitted. "Where does all the liquor come from nowadays?"

"I haven't learned the ropes about the business yet," the pastor replied, "but I'll soon tell you where to get it."

Since his appointment, Dr. Bradfield has been making a thorough study of the Texas liquor statutes and related legal matters in preparation for his job.

This has kept him up late more than one Saturday night and as a result he has missed every broadcast made by O'Daniel since then. Before his appointment, he was a regular listener to the Sunday morning radio programs emanating from the governor's mansion.

For many years the veteran minister has been one of the state's most ardent prohibitionists and a staunch fighter against race-track gambling and other vices. Many people were surprised when he accepted the position of liquor board chairman.

"There were at least five reasons why I should have declined the appointment," he admits, "but my friends said it was an opportunity for service and I yielded."

OWLS SUCCUMB BEFORE THE ATTACK OF AGGIES 19 TO 0

RICE ELEVEN COMPLETELY OUTCLASSED

By WILLIAM T. RIVES
HOUSTON, Nov. 18 (AP)—Its offensive ticking like a fine watch, Texas A. and M. pined the puncheon Rice Owls today with power drives that rolled up a 19-0 conquest, before 25,000 fans.

Big John Kimbrough, the demon fullback, and a couple of other backfield gems, Bill Conaster and Derace Moser, sped behind superb interference to bury a crippled, game Rice eleven that could rack up only eight yards net.

The Aggies' furious charge brought them 339 yards as Rice was completely baffled by a versatile attack that gave the Owls no rest. The A. and M. band could wreck damage only on the ground.

Twenty times the Farmers passed and ten times the ball struck against a receiver. The passing yardage total—181—exceeded the ground values, although none could say Jarrin' John Kimbrough failed to do his usual stint. The big fellow gathered 92 yards in 17 tries for a 5.4 average.

The win left the bowl-bound Aggies with but one game to play—the always unpredictable fracas with the Texas Longhorns, the age-old rival, on November 30.

On the showing today, none but the brave would give Texas a chance.

Olie Cordill, a grand back, did his level best to keep the Owls in today's game. His spiral punts and broken-field efforts kept the Aggies on edge throughout.

The Aggies started the fireworks early, with Kimbrough plunging over for the first score in the opening quarter. The drive started on the Rice 42. Audish missed the point try.

In the second, A. and M. drove 65 yards to the rally. Walcom Price, always a thorn in the Owls' side with his passing, shot aerials to Moser and a couple of ends, Bill Buchanan and Harold Cowley, which produced. Mixed in the assault was a tricky lateral with Kimbrough on the tail end.

The clinching pass on the drive was the 19-yarder to Cowley. Price converted to make the score 13-0.

Rice held the third, but a dazzling run by Conaster scored early in the fourth.

This time the Aggies drove 79 yards. Kimbrough bruised his way through the sagging Rice line for three first downs to the Owls' 34.

After a two-yard gain, Price shot a short one to Conaster in the right flat, he cut toward the sidelines, reversed his field through a mass of tacklers, shook off four other tacklers in the clear, cut back again and breezed over.

Price failed to convert.

Rice's only chance came in the second period, when Billy Heard, bury tackle, recovered Marland Jeffrey's fumble on the Aggie 24. Bob Brumley passed to Cordill on the 15 but times on penalties hurt and Billy Chis finally was smothered back on the A. and M. 37, as he vainly tried to run.

6-Man Champ Is Decided By Flip Of Coin

By a flip of a coin, the executive committee of the District 12 six-man football conference decided in a meeting here Friday night that Westbrook would represent the north half in the championship game with its south half champion after evidence had been produced that forced Garner to forfeit a game to Forsan, thereby giving the Buffs a tie with Westbrook in league standings.

Garner defeated Forsan two weeks ago but the services of an ineligible player were employed in gaining the triumph.

Since interscholastic league rules would not allow a game to be played between the two schools, the two coaches elected to flip a coin to decide the winner.

Both the district champions and the runners-up, decided in a game Saturday night at Colorado City, were to be awarded handsome trophies by the executive committee. The premiums are on display at the offices of the Daily Herald.

COLUMBIA LIONS ARE SWAMPED BY TULANE

NEW YORK, Nov. 18 (AP)—The Tulane tidal wave swept over Baker Field for three touchdowns in two periods today, then settled back to a conservative style for the balance of a ball game which wound up with the unbeaten southerners on the very proper end of a 25-0 score against Columbia before 25,000 spectators.

Red Dawson's giant linemen, averaging better than 300 pounds, charged and blocked to open up hitting holes in the outwitted Lions' defense. Through those holes rushing backs like Bob Kelly, Fred Hayes, Fred Ghent, Fred Cassidy, Fred Baker and Monette Butts, scored only half a dozen, went to the game for almost as much yardage as they wanted.

APPEARS HERE MONDAY

Pictured above is Denny Shute, one of the nation's most famed golfers who visits Big Spring Monday. Shute, a former champion of the PGA and British Open tournament who lost in a playoff for the National Open championship with Craig Wood and Byron Nelson last June, will be at Montgomery Ward from 11 a. m. to 1 p. m. where he will lecture on his game. At 2 p. m. he will team with Harold Akay and play an exhibition scotch foursome in competition with Shirley Robbins and Obie Bristow, local amateurs. There will be no gallery fee. The match will be at the country club.

Sweetwater Rolls Over Lamesa, 46-7

Mustangs Score 2 Touchdowns In First Quarter

By HANK HART
SWEETWATER, Nov. 18—Larry Priddy's Sweetwater Mustangs routed the Lamesa Tornados, 46-7, here Friday evening before 2,500 fans, clinching a tie for the District 3-AA grid championship.

The Ponies went to work early, rolling up three touchdowns before the first quarter had ended and Priddy couldn't stop the offensive despite the fact that he employed most of his reserves.

The Lamesa outfit was not the same bunch that almost tamed Midland last week. The Mustangs end sweeps that called for mass interference had the invaders rocking on their heels.

Too, Eddie Freeze's passes were of a kind the Lameans had never tried to stop before. Freeze completed 10 of 12 tosses to set up several of the Cayuses' scores.

Hoody Lynn, Pap Hendrick and Eddie Freeze romped to touchdowns before the first period had ended, accounting for the 20-0 lead the red and white had posted.

On Rebound

The Tornados rebounded with a 63-yard drive that netted their only touchdown and the only score chalked up in the second period. Gus White was on the receiving end of Jackie Vaughn's toss for the score. The net gain on the play was 21 yards. Vaughn booted goal.

The half time gun cost the Ponies another possible score. They were moving from the Lamesa two on third down when quitting time came.

Lynn drove five yards on an end sweep with plenty of blocking up front to account for the Ponies' fourth score in the third quarter after Hendrick had broken up a desperate Lamesa flurry with an interception of Vaughn's pass on the Lamesa 24-yard stripe.

After a fourth quarter Lamesa drive had been stopped on Sweetwater's 10 by Gill's interception of Vaughn's pass, the Hosse romped to another touchdown following an exchange of kicks, Marion Flanagan dashing the final 22 yards into the end zone.

The final Sweetwater tally came after an 88-yard drive, Lewis Hudgins romping eight yards around the Lamesa right wing to pay dirt. The Mustangs rolled up 26 first downs to eight for the visitors.

Bufs Defeat Water Valley

FORSAN, Nov. 18—Tommy McDonald, Earl McAlphin and Floyd Griffin scored touchdowns as the Forsan Buffaloes defeated Water Valley, 22-12, in a District 12 six-man grid exhibition here Friday afternoon. The Bison counted their winning touchdowns in the third quarter.

Score by quarters:
Forsan 8 6 8 0—22
Water Valley 6 6 0 0—12

Abilene Eagles Subdued By Herd For First Time

By HANK HART
ABILENE, Nov. 18 — The Big Spring Steers subdued the inspired Abilene Eagles, 27-20, in an exciting conflict here Friday afternoon, smashing for once and for all the hex that the War Birds had long held over the black and gold machine.

The Eagles put on a dazzling offensive show and, on the surface, appeared to be but slightly out-matched but two of their touchdowns came with Longhorn regulars sitting on the bench. They trailed by three touchdowns at one stage in the third period and came back into the picture only by gambling with a desperate aerial bombardment.

Cocher Pat Murphy of the Big Springers used his ace back, Lefty Bethell, sparingly but the big wrangler had himself a whale of a time while employed. He romped 80 yards for a third quarter score, rolled up a total of 173 yards in 15 running tries and almost booted the stuffings out of the hall when called upon to kick.

Constant Threat

Powered by Gene Dalton the Abilene overhead game was a constant threat. The Big Springers also took to the air with a telling success. Three of the Bovines' touchdowns came on passes.

Replied by a stout Abilene line in their first assault, the Big Springers manufactured a touchdown soon thereafter by bringing their aerial gunnery into play. A 27-yard pass gain from Bethell to Bobby Savage, a completion made

Baylor Edges Tough Gents, 13 To 6

Nelson's Field Goal Kicking Proves To Be Difference

SHREVEPORT, La., Nov. 18 (AP)—The field goal kicking ability of Robert Nelson, Bryan, Texas center, coupled with a 39-yard broken field touchdown run by Dwight Parks, gave the Baylor Bears a 13 to 6 victory over Centenary here today.

Nelson sent his team in front by a 3 to 0 score in the opening quarter with a perfect kick from the eleven yard line after two Baylor drives had been checked within the Centenary 10 yard mark, and added another in the fourth quarter from the six yard line.

After a 39-yard touchdown run by Parks in the second quarter, Nelson added the point after score. The point enabled him to finish the game with high point scoring honors.

Centenary's score, its third of the season, was made by James Barnes in the third quarter after Ted Olzak, end, intercepted Parks' pass and returned 27 yards to the Baylor three. Alvin Birkelbach missed the placement. The third quarter ended with Baylor on the long end of a 10 to 6 score.

J. Barnes "chilled" Baylor followers with a brilliant 67 yard return of Malcolm Linder's kickoff that opened the third quarter, and was prevented from making a score by Sherman Barnes, Baylor tackle, who headed him off on the Baylor 27-yard line.

The Texas team was kept well away from the Centenary goal in the last half until the closing minutes of the fourth quarter when Linder, Witt and Merka combined their ground gaining ability to drive 33 yards to the Gents six where Nelson collected his second field goal.

Vols 2nd Half Attack Whips Vandy 13-0

KNOXVILLE, Tenn., Nov. 18 (AP)—Tennessee's Volunteers, rolling along in the role of the nation's No. 1 football machine and a choice "bowl" eligible, overcame a stubborn Vanderbilt team today to score by 13 to 0 their 22nd consecutive victory before a crowd of 25,000.

Playing without the services of its ace quarterback, George (Bad News) Cafego, Tennessee performed sluggishly in the opening half as the Commodores gave the Volunteers their most serious threat of the campaign. Vanderbilt marched 48 yards for a first down at the Volunteers 2-yard stripe in the second period, but a great defensive stand thwarted a score that might have turned the tide.

Early in the third period Tennessee got its first touchdown. Eulist Warren, substituting for Cafego, started firing spot passes. He completed one for 21 yards to End Jimmy Coleman that set the spark. Sophomore Fred Newman intercepted two other passes with line bucks and Tennessee had first down. Warren fired a floating pass to Coleman toward the blank for the score. Bob Foxx' try for the extra point was wide.

Tennessee's last touchdown came on a sensational 65-yard touchdown run by Newman, a husky substitute fullback who intercepted a toss by Vanderbilt's Junius Flunkett at the Volunteer 35 and raced for the score. Foxx converted as the clock showed three minutes to play.

possible when the Steer end came in to take the ball that glanced off Charles Narrell's fingers, moved the ball to the Abilene 28. From that point Owen Brummett and Bethell powered a ground attack that netted ten additional yards before Bobby Martin faded back and passed over Narrell's head to Skeets Davidson in the end zone. Savage booted the point and the Herd led, 7-0.

Bethell played havoc with the Eagle wings but all Steer drive were stopped until the teams changed ends of the field. Both fell then set up another Big Spring score when he broke loose for 33 yards before being shoved out of bounds on the enemy ten. The Steer attack was momentarily halted when they were penalized 15 yards for clipping. But Johnny Miller regained all losses in a stab at the line, going in for a 10-yard gain.

DAVIS' 66-YARD RUN ENABLES TEXAS TO HUMBLE TEXAS CHRISTIAN, 25-19

By FELIX B. McKNIGHT

AUSTIN, Nov. 18 (AP)—One frantic run, hantamweight Gilly Davis' 66-yard effort as dusk engulfed the muddied field, today capped and sealed what must go down as the father of all thrillers in Southwest conference football—Texas' 25-19 conquest of Texas Christian.

Nothing could touch this football game today—not even the storied Southern Methodist-Texas Christian classic of 1935 when those teams passed out heart attacks to see who would get the Rose Bowl invitation.

Intermittent rain, precarious footing and wet footballs were nothing in the see-saw battle of six touchdowns, two safeties and three runs past 50 yards.

The Christians and the Texans fought through four quarters all square, and even in the dying seconds, after Davis' magnificent clincher, the Christians were throwing that slippery ball smack to the goal line—and almost connecting.

The statistics tell the story. Texas gained 262 yards on runs; Texas Christian, 263. Texas gained 104 yards on passes; Texas Christian, 107. Texas Christian's 361.

Lagging, 14-19, as they went into the third period, Texas four times arrived at a chance for a touchdown, but killing breaks stopped

them. Twice Texas Christian, backed down inside its five-yard line, protected that slim lead with intentional safeties.

But they didn't reckon with Gilly Davis.

Outran Field

From his 39-yard line, where Texas Christian had kicked after an intentional safety, he suddenly emerged from a pileup at right tackle and started down the sidelines.

The 145-pound gamecock, who today stunned even shoulder pads as he thumbed to glory, dodged in and out and finally just outran the Christian secondary at the tag end of his 66-yard touchdown sprint.

Some 20,000 wet customers just about tore up old Memorial stadium.

Davis' run was just one among many today—but it was the one that counted. His partner, Cowboy Jack Crain, the boy who started all this climax running at University of Texas this year, and Kyle Gillespie of TCU, were just as breath-taking.

One leg dragged and rain splashed against his muddied face, but Kyle Gillespie, a 155-pound sophomore, came to play football today. He was a marvelous figure out there scoring all three of the Christians' touchdowns and building up to many other threats with his running, passing and kicking. Some noticed his limp, but not all knew he was playing with one knee in a specially made brace. The leg has bothered him all season, and only last Saturday did he blossom as a hero.

Crain was himself, which is to say he still is the most feared runner in these parts. He wore him self out trying. He ran 65 yards to score in the first minute of play.

Junior Moore Leads Juniors To Victory

SAN ANGELO, Nov. 18—Faced by Junior Moore, the Big Spring Yearlings defeated the San Angelo Kittens with a second quarter touchdown here Friday afternoon.

Moore rammed across for the touchdown from the one-yard line in the second period after Suggs had recovered an enemy fumble on the Angelo four. Moore also plunged for the extra point.

The Kittens threatened on several occasions but could not muster the power to drive across.

Billy Parker stood out in line play for the Big Springers.

PITT IS BEATEN BY NEBRASKA

PITTSBURGH, Nov. 18 (AP)—The victory-hungry Nebraska Cornhuskers checked a furious fourth-quarter attack and shucked the Pitt Panthers today 14-13 for their second decision since 1921.

Two sophomores, Fullback Vike Francis and his understudy, Henry Robb, carried the mail for Nebraska as the Cornhuskers throttled Edgar (Special Delivery) Jones and his mates. The two Nebraskans scored their first collegiate touchdowns, Robb in the second period and Francis midway in the third.

Herman (Roaring) Rhorig and George Knight, provided the winning margin, each kicking a perfect point.

DUKE STOPS TARHEELS

DURHAM, N. C., Nov. 18 (AP)—Duke university's football team sealed in the third quarter to blast North Carolina into the ranks of the defeated and to take a long stride toward at least a tie for the Southern conference crown.

The 15 to 3 score was a pretty fair gauge of the relative merits of the two teams.

all the way to the six yard line. With yardage still needed for a first down, Miller dropped back and tossed to Jack Graves in the end zone who gathered in the oval beautifully. Savage's boot for the point was wide.

Abilene rebounded when Gene Dalton got his aerial circus to clicking. A 14 yard pass to Pete Sellers enabled the Eagles to move to the Steer 44. The Abileneans then switched to a ground game and Sellers cut the Steer line wide open with a series of off tackle moves, finally going over from the one. Sellers also booted the point and the score stood at 13-7.

The Bovines went right back to work after the half time rest period, racking up another score on their second play from scrimmage after gaining possession of the ball. Bethell pulled away sharply on the line and outdistanced the Eagle backs on his 69-yard jaunt to pay dirt. Savage's kick was good, giving the Herd a 20-7 lead.

A pass from Martin to Savage that netted 13 yards gave the Herd their final score five minutes before the period ended. Savage converted successfully to

post a 37-7 Steer lead.

The Eagles were not through, however. The Steers opened up a passing game and the War Birds turned one attempted pass into a touchdown of their own. Bill Jones going 40 yards for a score after Bethell had been rushed badly on one attempt and the ball knocked from his hands into Jones' arms.

The Herd drove to the Abilene 11 yard stripe shortly before the quarter ended but the Eagle line stiffened and held.

In the fourth Dalton used the air lanes again for the final Abilene score, tossing 20 yards to Sellers who romped 56 additional paces across the double stripes. Dalton had the second string Steer backfield badly out of position.

A final Abilene passing assault went for naught and the two teams were scrapping in midfield at the final gun.

The victory was the third in league play for the Bovines.

Hardin-Simmons grid officials could be persuaded to talk over a game for next fall with Texas Tech, provided the Red Raiders would face them on a neutral field. . . . Herschel Schooley, the H-S publicity man, says that the Cowhorns would like to face the Raiders in Big Spring. . . . Hardin-Simmons-Texas Tech football relations were severed several years ago after several now famous hand-to-hand encounters between players of the respective schools and the equally famous "rotten egg offensive" a group of Hardin-Simmons students allegedly directed at the Texas Tech band. . . . The game would draw well here or anywhere, would pack the local stadium. . . .

Part of the Texas A. and M. grid successes can be attributed to the magical victory formula prescribed by one Harry Faulkner, who is former Lubbock baseball skipper. . . . Faulkner, now an assistant under Homer Norton, is one of the shrewd mentors in the business and always has a winner, whether it be marbles, debating or crocheting. . . .

A.C.C. almost landed Dean Bagley, the freshman hot-shot at Texas Christian. . . . The speedster, who set up a national high school record while attending San Saba 'high school, promised Bugs Morris, the Christian mentor, he would come to Abilene but a Fort Worth scout talked him out of it. . . . Morris is looking for a triple threat back. . . .

The District 3-A-A high school football conference has more players' worth of all-state recognition than ever before. . . . Jay Francis, the Midland flash, seems to be getting the most publicity and may gain a berth despite the fact that the Bulldogs have little chance of getting into bi-district play. . . . But Earl King, Bethell and not Francis is recognized as the league's top back and rightfully so. . . . Adding his marks compiled in the Abilene game to his previous records, the Big Spring southpaw has gained 731 yards in 95 scrimmage runs for an average pickup of eight yards; he has punted 59 times for total yardage of 2,192 yards, an average boot

of 39 yards, has passed 15 times, completed seven for a total distance of 105 yards, has caught seven passes for gains of 80 yards. . . . Lemmes's Jackie Vaughn did not play up to par against Sweetwater Friday night but should make the district team in a walk. . . . Sweetwater has plenty of secondary arms, most important of whom are Hooty Lynn, Eddie Freeze, Pap Hendrick and Woodrow Hollingsworth. . . . Aubrey Gill, a Mustang guard, has gained plenty of state wide publicity. . . . Bobby Savage of Big Spring and Bill May of Sweetwater have become established as this district's top wings. . . .

Big Spring fans were not at all pleased with the arbiting job Jerry Creswell turned in in the Abilene-Big Spring mix Friday. . . . Creswell worked the game without the sanction of the Longhorn coaches. . . .

Joe Boyd, Texas A. and M.'s All-America tackle candidate, could not make any of the five freshman teams his first year in school. . . . Jodie Marek, Big Spring's fine baseball flinger, would have been on this year's Aggie team had he remained in school. . . . He was talked into going to Aggie land by Lil Dimmitt after first electing to enter Rice Institute, finally went to Texas Tech where he earned a great reputation as a sophomore goal kicker before deserting college for a try at professional baseball. . . . Jodie missed but two of 33 conversion tries, one in a mud game with Montana, the other against St. Mary's. . . .

Big Spring fans were not at all pleased with the arbiting job Jerry Creswell turned in in the Abilene-Big Spring mix Friday. . . . Creswell worked the game without the sanction of the Longhorn coaches. . . .

Most Grid Leaders Emerge Unscathed

Tennessee And Texas A&M In Easy Victories

By HERB BARKER
NEW YORK, Nov. 18 (AP)—Oklahoma's Sooners and the Tarheels of North Carolina bounced out of football's dwindling undefeated class today but the headlines belonged to Iowa's sensational Hawkeyes.

Paced as usual by the great Nile Kinnick, Iowa spotted Minnesota a 9-0 lead and then rallied to whip the Gophers, 13-9, before a crowd of 60,000 at Iowa City. Kinnick, completing his sixth successive game without relief, passed for both Hawkeye touchdowns.

Oklahoma suffered its first regular season defeat in two years' as Missouri's Tigers squeezed through to a 7-6 victory and virtually clinched the Big Six crown.

North Carolina was decisively outplayed by Duke's Blue Devils whose second-half drive buried the Tarheels under a 13-3 score.

Texas A. and M., boasting a perfect record, moved steadily ahead toward the Southwest conference title by swamping Elgin 19-0, as Holy Cross, one of the east's few strong outfits, rannned Carnegie Tech, 19-0.

Oklahoma State, which like Princeton has bowed only to Cornell, found Illinois an easy victim, 21-0, and thus clinched at least a share of the Big Ten title. Notre Dame's second and third stringers led the Irish to a 7-0 conquest at Northwestern.

One of the greatest personal duels of the day occurred at Philadelphia where Tom Harmon paced Michigan to a 19-17 victory over Penn, led by Francis Reagan. The east suffered still more grief as Detroit buried Manhattan under a 36-13 count and Kentucky took West Virginia over the jumps, 13-6.

Marquette won a spectacular 22-19 decision over Texas Tech.

St. Mary's losses Fordham, Catholic and George Washington were the east's lone winners. Fordham annihilated off-beaten St. Mary's (Calif.), 13-0, Catholic buried Loyola (New Orleans) 34-4, and George Washington whipped Kansas, 13-6.

In the east, Georgetown completed its second successive season without defeat by taking advantage of opportunities and bowling over New York University, 14-0. Syracuse sprang an upset in taking Colgate for a ride, 7-0, while Nick Basca's broken field running carried Villanova to a 12-6 decision over Temple. Army had to come from behind to tie Penn State, 14-14.

Georgia Tech remained unbeaten in the Southeastern conference, nipping Alabama, 6-0, while Auburn, finally hitting the form expected of it in pre-season forecasts, buried Louisiana State, 21-7. Georgia and Sewanee gave the Southeastern group a pair of victories over Southern conference rivals. Georgia whipped South Carolina, 33-7, and Sewanee topped Citadel, 14-7.

In Southern conference games, Virginia Military topped Maryland, 13-0; William & Mary conquered Washington & Lee, 13-14, and North Carolina State surprised Furman, 12-7. Virginia Tech took non-conference Virginia into camp, 13-0.

Wisconsin's Badgers almost won their first Big Ten decision but Purdue rallied in the fourth quarter to gain a 7-7 draw. Indiana played a non-conference Michigan State to the same score. Chicago's long scoring growth ended as the Maroon won from Oberlin, 25-0. Iowa State unexpectedly knocked off Kansas State, 10-6, in a Big Six test.

In the Southwest, Texas came from far behind to whip Texas Christian, 25-19. Baylor knocked off Centenary in a non-conference struggle, 13-6.

All was calm in the Rocky Mountain Big Seven where Utah trounced Colorado State, 42-7; Colorado, the leader, shipped Brigham Young, 12-6, and Utah State won from Wyoming, 20-12.

Oregon State and Washington State hung up victories in the Pacific Coast conference where the leaders are Southern California and UCLA. Oregon State crushed California, 21-0, while Washington State subdued Stanford, 7-0.

Southern California was idle but UCLA played to a scoreless deadlock with non-conference Santa Clara.

FURMURE TEST
MADISON, Wis., Nov. 18 (AP)—The University of Wisconsin football team showed a mild upset today by beating Stanford, 10 to 7-10.

Norman Rallies Late In Game But Falters

Bob Orf Scores Touchdown After Punt Is Blocked

COLUMBIA, Nov. 18 (AP)

The fighting Missouri Tigers removed Oklahoma from the listing of the nation's undefeated teams and established themselves as prime 'bowl' material with a surprising 7 to 6 victory over the defending Big Six champions before 26,000 in Memorial Stadium today.

The victory, virtually assuring the Tigers the Big Six crown, was scored on the recovery of a blocked punt in the third period of a bruising contest. Bob Orf, tow-headed Tiger end, stepped over the Oklahoma goal line after catching the ball that had bounced 30 feet in the air. Earl King, a reserve back and outstanding player on the field for the day, place kicked the deciding point.

Oklahoma, scrapping back fiercely, drove 71 yards for its touchdown in the final period and twice again threatened to pull the game out of the fire. But a missed placement try for extra point by Dick Favors proved fatal.

Earl Christian, Missouri's all-America candidate, was just another ball player. He spent much of the muddy afternoon sitting on the seat of his pants. But while the Sooners were busy hamstringing the glamor boy they were taking a beating from his less famous teammates.

Missouri's vaunted aerial attack was a very minor factor in the upset victory. With Christian blocked, the Tigers gained only 30 yards by the pass route while Oklahoma was picking up 77 through the air, including a 15-yard toss for their score.

The Tigers sprang a deceptive running game to pile up 157 yards on the ground to Oklahoma's 148. However, the Sooners made 12 first downs to Missouri's seven.

While he completed a number of piddling passes, Christian's best contribution was a pretty 15-yard run in the second quarter.

Red Raiders Lose, 22-19, To Marquette

LUBBOCK, Nov. 18 (AP)—Marquette launched a smooth offense and stubborn defense to triumph 22 to 19 today over the Texas Tech Red Raiders, who had outscored and outplayed the Golden Avalanche most of the way.

Trailing 15-19, Marquette started a drive late in the third period that pushed the ball to the three-yard line as the quarter ended. James Richardson threw a scoring pass to Robert Sleske early in the fourth to give the Avalanche victory. Kemnitz converted.

In a desperate last-minute attempt to come back, C. L. Storrs threw a pass to Francis Bingham, Tech end, who dropped the ball for an incompleteness behind the goal line.

Marquette took the lead with a safety and a touchdown in the first period. Vosberg, big Marquette end, blocked Charley Calhoun's punt and the ball rolled back across the goal line where it was covered by Tech.

A minute later, John Maltch shot a long pass to Vosberg who was downed on Tech's one-yard line. Fullback Douglas Rensel went over for the touchdown. Kemnitz's try for point was blocked.

Late in the period Tech's Tom Douglas recovered a Marquette fumble on the Avalanche 40. A series of passes climaxed by Lefty Bill Dodd's heave to Storrs on the three brought the score. Flusche's try for point was wide.

In the second period, Storrs flipped a 60-yard pass to Bingham who scored. Flusche's placement was good and the Raiders led 13-8.

Nazis Add To Working Day

BERLIN, Nov. 18 (AP)—Nazi Germany increased the laborer's working day in essential industries today from eight to ten hours.

Robert Ley, leader of the Nazi labor front, announced the longer working day and said that pay for the ninth and tenth hours, although at the same rate as for the first eight, would be tax free.

Women will not be asked to work nights and an extra pay rate will be established for nights and holiday work.

A decree yesterday introduced labor service for Poles in German-occupied territory in Poland. Informed persons said the new law included all Jews but only Poles who were without work.

Meanwhile, Adolf Hitler publicly thanked German farmers for harvesting their crops and planting new ones "despite the worst of weather and a lack of farm hands."

No important developments were reported on the western front, but a high command communiqué reported:

"An attempt by three British planes to attack Wilhelmshaven failed through timely action by anti-aircraft."

"Several planes made scouting trips over France, the communiqué stated, and DNE, official German news agency, hailed yesterday's flight of a German scouting plane to the west coast of England as one of the most daring yet undertaken."

With attendance exceptionally sparse in boardrooms, bidding even for favorites was light throughout and improvements at the close of the brief proceedings ran mainly to fractions.

The list started out with indefinite trends, but firmed up somewhat in the final hour. The ticker tape frequently was silent and transfers amounted to 276,590 shares, smallest for any session since Oct. 14. The volume compared with 1,423,620 two weeks ago. The exchange was closed on the preceding Saturday for Armistice Day.

The Associated Press average of 60 issues managed to emerge with a gain of .1 of a point at 52.1, retrieving the .1 loss of yesterday.

For the week this composite was up .6 of a point, its first net advance after three consecutive weeks' declines. Of the 572 issues changing hands today, 236 were up, 163 down and 173 unchanged.

Stocks End Week With Slight Gain

NEW YORK, Nov. 18 (AP)—The stock market today stepped out of an apathetic week on the recovery side.

With attendance exceptionally sparse in boardrooms, bidding even for favorites was light throughout and improvements at the close of the brief proceedings ran mainly to fractions.

The list started out with indefinite trends, but firmed up somewhat in the final hour. The ticker tape frequently was silent and transfers amounted to 276,590 shares, smallest for any session since Oct. 14. The volume compared with 1,423,620 two weeks ago. NEW NAZIS AREAS SUBJECT TO SAME HIGH TARIFF

WASHINGTON, Nov. 18 (AP)—Imports from all European territories taken over by Germany are subject to the same high tariff schedule imposed on strictly German products.

In proclaiming a new trade agreement between the United States and Venezuela, President Roosevelt wrote Secretary Morgenthau in a letter made public today that while the lowered duties made available to Venezuela were to be extended to other countries also, Germany must be excepted "because I find as a fact that the treatment of American commerce by Germany is discriminatory."

He stated further that "products of territories now under the de facto administrative control of Germany shall be regarded as products of Germany" in this connection.

This means that products from Czechoslovakia, Austria and Memel must pay the full tariff set out in the 1930 tariff act, without benefit of any trade agreement concessions. A 25 per cent countervailing duty also was imposed on German goods months ago when the finding of discrimination was first made against the reich.

TWO STUDENTS DIE IN PLANE CRASH

SHABONNA, Ill., Nov. 18 (AP)—Two Wheaton college divinity students, one of them the son of a World War flier, burned to death today in the crash of an airplane whose owner was riding as a passenger.

The students who died were identified after several hours as John Drawz, 24, of Duluth, Minn., and Robert McKisick, 19, of Denver, Colo.

Russell Wright, 30, of Wheaton, Ill., owner of the plane, suffered "severe shock."

The three seated planes fell in flames near Shabonna. Witnesses said it was flying low and that it clipped tree tops before it hit the ground. The gas tank exploded immediately.

Drawz, whose father was a wartime aviator, was at the controls.

WELL COMES IN
FORT WORTH, Nov. 18 (AP)—For the first time in the history of tick eradication work, no whole Texas county will be held under quarantine by both federal and state agencies after December 1. J. H. Raao of Fort Worth, executive head of the livestock sanitary commission of Texas, announced today upon receipt of a proclamation signed by Governor O'Daniel.

Although the state agency will release certain areas December 1, lifting of the federal quarantine will not be effective until about December 15, Dr. E. L. Dobby, inspector in charge of the bureau of animal industry, department of agriculture, said here.

This will mean that with the exception of some 15 or 20 counties that have been released from quarantine by the proclamation but still contain one or more individual quarantined herds, there will remain in Texas only parts of five South Texas counties under quarantine. They are Cameron, Hidalgo, Starr, Webb, and Zapata counties.

Released from quarantine entirely are Angelina, Hardin, Polk, and Shelby counties, and parts of Cameron, Webb and Zapata counties.

In the parts of the five counties not yet released individual quarantines will be held and systematic treatment continued.

When the original fever tick quarantine was placed on certain Texas counties by the federal and state governments in 1908, 198 whole counties, comprising an area of 191,885 square miles. Under the proclamation to go into effect December 1, the entire quarantined area will be only approximately 3,000 square miles.

Work Resumed On N'western Howard Test

Oil interest in Big Spring swung back to the northwest corner of the county at the weekend as work was resumed on the Steve Owens No. 1 Dr. J. G. Wright, shut down since March.

A "squeeze" job was run to 4,000 feet to shut off wall water from the five-inch string, probably from the 3,767 foot level where second sulphur water was logged.

Pugs were to be drilled and the pay strata tested. The test, a distinct wildcat, had oil stains at 3,430-32 feet, logged between 1,960 feet of oil in the hole Saturday. It is the first well in the area to come from the deep stratum comparable to that found in Howard county. Partin is a Big Spring drilling contractor.

FUNDS ALLOTTED TO IMPROVE BASEMENT OF CITY POSTOFFICE

Assurance that a projected enlargement program for the federal building basement here will be followed through to completion was seen Saturday in the allotment of \$12,000 for the work.

Rep. George Mahon, Colorado City, said that Smith W. Purdum, fourth assistant postmaster general had advised him that the postmaster general and the administrator of the federal works agency had sanctioned the allotment.

Earlier in the week Postmaster Nat Shick said that he had learned that tentative plans for finishing the basement had been given approval in Washington. The work will include completing an open half of the basement to provide an additional 2,200 square feet of office space, or approximately six or seven offices.

According to the wire Purdum sent Mahon, the space would be used for extension services and other federal agencies.

CITY MANAGERS ELECT SPENCE

E. V. Spence, Big Spring city manager since 1931, has been named a vice president of the state city managers association.

The honor was accorded him Friday at the closing joint session of the League of Texas Municipalities and the Texas City Managers Association. Spence has been active in the affairs of both institutions for a number of years.

While attending the convention at New Braunfels, Spence worked in behalf of a move to have the state fire insurance commission disbarred losses of government stored cotton in computing fire loss records for the year. The league has given support to the idea and of late some of the larger cities of the state have thrown their weight behind it.

Big Spring stands to have its 15 per cent credit removed and a 15 per cent penalty substituted as a result of a half million dollar compress fire here last year.

Spence accompanied his students on a three-day, Wednesday night. Those attending included: Wanda Nell Griffin, Marjorie Parker, Louise Craft, Maxine Skiles, Mary Ella Smith, Virgil Green, Jr., Thomas White, Hazel Fleetwood, Sammie Porter, Billy Lane, Betty Ruth Reed.

Mrs. Louise Whisenant is on the sick list.

J. M. Minary has returned home after spending five weeks in an Elk City, Okla., hospital. Mr. Minary resides here with his son, E. Minary, and Mrs. Minary.

Mr. and Mrs. C. V. Wash are spending Sunday in San Angelo with Mrs. J. D. Dempsey, who is ill there in a sanitarium.

Mrs. Wesley Butler and little daughter, Joan, have returned home from a Big Spring hospital. Both are doing nicely.

Mr. and Mrs. Alfred Thieme have had as their guests for the past week Mrs. Thieme's mother, Mr. Henry Bade, and brothers Julius and Albert from Sterling City.

Mr. and Mrs. E. N. Baker have as their guests for an indefinite stay Mrs. Baker's mother, Mrs. R. T. Thompson of Lubbock.

Mr. and Mrs. Joe Carlson left Saturday for their home in Lubbock. Mrs. Carlson formerly was Miss Maxine Thompson, daughter of Mr. and Mrs. Earl Thompson.

Home Hurst is the house guest of his sister, Mrs. Homer McCarty and Mr. McCarty on the Humble lease. Mr. Hurst recently completed his 4 year service in the navy.

Mrs. Glen Smith has returned home from a Big Spring hospital after being treated for a throat infection. Mrs. Smith is very much improved.

Local People At Midland's Port Opening By BOB WHIPKEY MIDLAND, Nov. 18 — Midland city and their neighbors put this anew today, with ceremonies marking the formal dedication of an improved airport, a \$125,000 layout that boasts two 4,500-foot surfaced runways and new terminal and building facilities.

Casualties (Continued From Page 1) added, and some of the lifeboats could not be lowered properly. The steward said a second explosion, apparently another mine, came within 15 minutes of the first.

Local People At Midland's Port Opening (Continued) Besides Mosler, officials on the special flight included Bert Leon, Fort Worth, air carrier inspector for the CAA; Tom Ridley, AA's flight superintendent at Fort Worth; Willis Lipscomb, division sales manager at Dallas, and Carl Hennars, sales manager at Fort Worth.

Local People At Midland's Port Opening (Continued) In the Big Spring party were Mr. and Mrs. Grover Dunham, Mrs. E. V. Spence, J. H. Greene, Nat Shick and Miss Lillian Shick, Dr. and Mrs. P. W. Malone, Cal Boykin, Dan Hudson, Miss Doris Cassie, Miss Gloria Conley, Miss Prudence Elslander, Mr. and Mrs. Bob Whipkey, W. H. Scott, AA manager at Big Spring, and W. K. Edwards, Spring.

Local People At Midland's Port Opening (Continued) These were met by other Big Spring folk at Midland, and Miss Marie Dunham boarded the ship for the return flight. Mosler and the other officials continued eastward on the special ship after the Big Spring folk departed at their home port.

Casualties (Continued) The statement added that the mishap to the Simon Bolivar "is a further example of the utter disregard of international law and dictates of humanity shown by the German government."

Casualties (Continued) Among the survivors hospitalized tonight was a 11-month-old baby and a little boy who called continuously "Where is my daddy?"

Elliott Roosevelt Becomes A One-Man Employment Agency FORT WORTH, Nov. 18 (AP) — Elliott Roosevelt, in a coast to coast radio broadcast from Fort Worth, tonight refused to be identified with the "flag-wavers who talk much (about unemployment) but seldom find time to do very much about it."
