## PAPER REPORTS THAT ETHIOPIA IS ARMING TROOPS

Says Mobilization of Soldiers Is for Offensive

ROME, May 10. (AP)—The authoritative newspaper *Gionale D'Italia*, in an article reliably described as officially inspired, today said that Emperor Haile Selassie was rapidly mobilizing Ethiopian troops close to the frontier of Italy's African colonies.

Thousands of men are under arms near the frontier, the newspaper said, and great quantities of war materials, much of it allegedly furnished them by the Germans, had been supplied.

The paper further claimed that the mobilization of the Ethiopian troops was of an offensive nature.

## CHANGES PROPOSED IN CITY BUDGET FOR BIG SPRING

BIG SPRING, May 10.—Far-reaching changes, including a uniformed police department, a new traffic division, a revolving street paving fund, a special fund to be used in ascertaining the practicability of impounding a surface water reservoir, more capital outlay for the city park, and casing of city water wells are proposed in the City of Big Spring budget for the fiscal year.

## W. B. PYRON NAMED GULF EXECUTIVE VICE-PRESIDENT

Election of Walter B. Pyron, vice president and general manager of the Western Gulf at Los Angeles and former resident of Fort Worth, as senior vice president of the Gulf Southwestern subsidiaries, was formally announced Thursday.

Pyron succeeds Underwood Nazro, chief officer of the Gulf in the Southwest for 20 years, who died two weeks ago. His headquarters will be in Houston.

His election took place at a directors' meeting of the affected companies late Wednesday, but was not announced until Thursday. He is a native of the State, his boyhood home being near Paris. He joined the Gulf organization in a clerical capacity when it was a young organization working in Beaumont.

Later when the North Louisiana development became important he went to Shreveport as head of the company's operations in that territory, first as general agent and then as vice president. When North Texas operations became important, in 1918, he again pioneered for the Gulf in a new territory, opening and organizing the important Fort Worth headquarters of the company, which has charge of North and West Texas operations.

In 1924 he returned to the Houston district as assistant to Nazro, paying particular attention while there to South and Southwest Texas activities, remaining there until he went to the Pacific Coast. He was succeeded here by F. J. Adams, present head of the local Gulf organization, who had been his assistant both at Shreveport and Fort Worth. In going to Houston to take his present position, Pyron is returning to a jurisdiction every part of which is familiar to him from many years' service as the second senior officer of the company.

During the time that Pyron has been away he has retained many of his Texas contacts, including those of one of the widest circles of personal friends possessed by Texas oil men. While in the State he took a prominent part in civic affairs.

Pyron is a brother of Joe Pyron, superintendent of the Gulf Pipe Line Company in Midland.

## INTER ACCIDENT VICTIM TODAY

Interment services at Fairview cemetery were to be held this afternoon at 3:30 o'clock for Miss Mary Margaret Mann, victim of a car wreck near here early Tuesday.

With the Rev. W. J. Coleman officiating, assisted by other pastors, rites were read at the Baptist church Thursday afternoon. Interment was deferred until today in order to permit a sister who arrived this morning from Wyoming to attend the service.

The girls' quartet of the High School, some of whom are former school mates of Miss Mann, sang a special number. Other selections were sung by a chorus of men and women's voices.

Rev. K. C. Minter of the Methodist church read a scripture lesson and Rev. Winston Borum of the Baptist church led in prayer.

Taking a text from Revelations, Rev. Coleman preached the brief funeral sermon, paying tribute to the fine qualities which had made Miss Mann beloved of those who knew her.

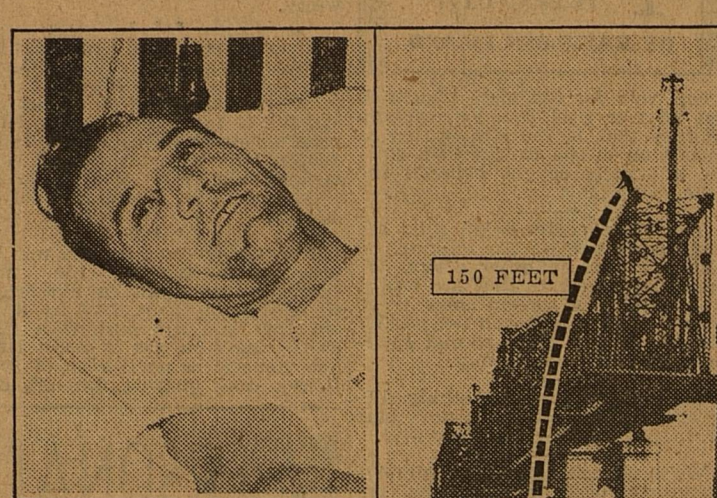

The casket and altar bore numerous floral offerings and a large crowd attended the service.

## Trades Day Chairman Meeting Is Called

Trades Day committee chairman and others interested in the work of that monthly event have been called by T. E. Blizzell, general chairman, to meet at the chamber of commerce office Saturday afternoon at 3 o'clock to lay plans for the June 2 engagement.

The large attendance and high interest shown by the public last Saturday, in spite of the cold weather, increased the demand for continuing the event, leaders said. Committees will be reorganized and a definite basis for work will be planned at the meeting.

## Beats Steve Brodie Leap and Lives

The glory that was Steve Brodie's is dimmed, the record he made in his famed Brooklyn bridge leap shattered. Joe Tomasovich plunged 150 feet—15 feet better than Steve's mark—off the new Mississippi river bridge above New Orleans, as indicated at the right, and lives to tell his tale. The bridegroom, shown in a New Orleans hospital, hurtled from the span, kept his head as he spun down, and swam until rescued, despite broken ribs.

## MIDLAND, MARTIN DELEGATES LEAVE FOR WASHINGTON

Midland and Martin county delegates to Washington who will be members of the Texas "farm special" at Washington next week, left this morning by automobile for the capital city.

R. P. Bodine and F. C. Dale will represent Midland county and J. E. McNew and C. A. Storey will be the Martin county delegates. S. A. Debnam, county agricultural agent for the two counties, accompanied them and will work in the interest of certain farm projects for this area.

The Texas delegation, several thousand strong, will visit various departments and the administration offices Tuesday and Wednesday in the interest of the agricultural adjustment administration.

The trip was organized for the purpose of showing President Roosevelt and government leaders that the farmers of Texas are solidly behind the administration in the agricultural adjustment program.

The Midland men, who went by automobile, will visit other cities and interesting places en route.

## MRS. YOUNG ON BOARD OF S.O.P.H.N.

Miss M. Elizabeth Wilson, county public health nurse returned Thursday evening from El Paso, where she attended the thirteenth annual convention of the State Organization for Public Health Nursing. She was accompanied by Mrs. Addison Young, member of the Midland County Public Health board, who represented that organization at the lay section of the convention.

Mrs. Young was elected to the board of directors of the S. O. P. H. N., and will serve as chairman of the lay members section. Her work will be to enlist lay members in the organization from every local health committee in the state.

One of the chief points stressed by all the speakers" said Mrs. Young, "was the necessity for greater participation of the lay person in public health programs. Miss Evelyn Davis, assistant director of the N. O. P. H. N., who has visited in Midland, pointed out that the organization was created for the promotion of public health nursing, not "nurses"; that lay membership in the organization was on an equal basis with nurse membership."

Miss Wilson reported that she received several new slants on the school nursing problem, and is hoping to use them in her rural school work next year.

"Public health nursing is a growing profession," said Miss Wilson. "We learn as we grow, throwing away some methods that are outmoded, and improving others. It is for the purpose of learning what other nurses in the field have found to work best that we have the national and state organizations. National Organization for Public Health Nursing publishes a monthly magazine, and has the biennial competition in which are brought men and women of national reputation in health and social work. The state organization convenes yearly, and there, the nurses have round table discussions on problems that are peculiar to their own state."

## Two Killed Today In Victoria Collision

VICTORIA, May 10. (AP)—Mrs. Monroe Jackson, Burroughsville, and daughter, Miss Addie Jackson, were killed today in an automobile collision near Victoria.

Monroe Jackson, Jr., was brought to a hospital here in a serious condition, and Thomas G. Guter, Gollad, the driver of the other car, was seriously injured.

## RAYMOND HAMILTON AND JOE PALMER PAY SUPREME PENALTY FOR CRIMES

DALLAS, May 10. (AP)—The body of Raymond Hamilton was brought back to Dallas in death today. The body was whisked away from the Huntsville penitentiary after the execution, and rushed to Dallas for burial, sometime tomorrow.

Police guarded the Dallas undertaking establishment where Hamilton's body was brought, but there was no throng of spectators such as crowded to see the bullet-riddled bodies of Clyde Barrow and Bonnie Parker, Hamilton's one time partners in crime.

By The Associated Press  
HUNTSVILLE, May 10. (Friday)—Raymond Hamilton, braggart desperado, was electrocuted tonight for the murder of Major Crowsen, prison guard, being placed in the electric chair here at 12:19 a. m. (Central Standard Time).

He followed his partner in crime, Joe Palmer, by only a few minutes. Palmer was placed in the chair at 12:04 a. m. and pronounced dead at 12:05 a. m.

Hamilton's face was ashen as he walked the few steps to the chair from the door of the death cell, but his step was comparatively firm.

He was accompanied by three Catholic priests.

"Do you have anything to say, Ray?" Warden W. W. Waid asked him.

"I got the information—I think it was from the secretary to the governor—that they wanted me to confess that Hillsboro murder," the undecorated blond killer answered.

"I didn't do that Hillsboro murder. The man that did it is dead. If he wasn't I wouldn't say anything about it," he said.

He tried with little success to force a smile and keep up the show of assurance. He was definitely pale as the straps were attached.

As he was strapped into the chair he turned to Father Hugh Finnegan, Catholic chaplain of the prison who is leaving in two weeks for a trip to Ireland, and said:

"I hope you have a nice trip, Father."

Just before the current was applied he turned momentarily to the assembled witnesses and said:

"Well, goodbye all."

Hamilton had lost his bold front last night as his last hope of escaping the chair faded. His death was written on his face, and he developed into a nervous, quivering, prison break and murder before he was of the voting age.

Palmer also had a criminal record that extended over a period of 13 years.

Loses Composure  
Hamilton struggled to maintain a semblance of his cocksure pose as newspapermen waited for the death cell for an interview early last night, but failed. His hands twitched. His face was pale. His voice was hoarse. He nervously fingered the belt loops of his trousers. He could not stay still.

No, he told interrogators, he had nothing in particular to say at this time.

But questioners persisted. Had he anything to say to criminals?

"Of course you can't win," Hamilton said hesitantly.

"But there's no use repeating that old stuff," he added hastily. "It don't do any good."

"What about women—what influence have they had on your career?"

"No girl has any influence on me," the gunman said. Then after a moment he went on that is, except Katie. I love Katie."

He referred to Katie Jenkins, night club entertainer who was his latest heart interest. She quit a five-a-dime chain letter. Change the wording to ask for a bale

of hay, two pairs of old socks, and used razor blades, he mailed it on. Imagine his surprise when this express truck pulled up to his door and he opened the first of 15,000 bales of hay he'll get if the chain promise holds good.

## Will Mexico Be Next Communist State

This is the first of four articles on what's going on in Mexico today, written by a trained observer, familiar for many years with Mexican affairs, who has just returned to the United States after a careful study of the present situation.

By NEA Service  
EL PASO, Tex., May 10.—Is Mexico headed toward Communism?

This answer is given by one of the group of advisers closest to the president, who is a definite movement toward the left, but which many persons regard as only a smoke screen designed to blind the public to the dissatisfied working and peasant classes.

Strikes are growing daily in number and importance and are being used not as a means of defense, but as a weapon of aggression. General Cardenas, firm determined to seek the economic liberation and cultural uplift of the masses, has shown himself unquestionably on the side of the workers in every case brought to his attention.

On Side of Masses  
Recently, leaving aside all other matters, he devoted three weeks to a trip through northern and central states, during which he listened to complaints from workers and peasants and promised them his whole-hearted aid.

These classes are obviously his chief preoccupation.

The minister of education, Ignacio Garcia Tellez, declared in a speech that "private property can have no place in the revolutionary scheme."

His statements have not been contradicted by any other official, although the fact that the agrarian program of land distribution is based on private ownership.

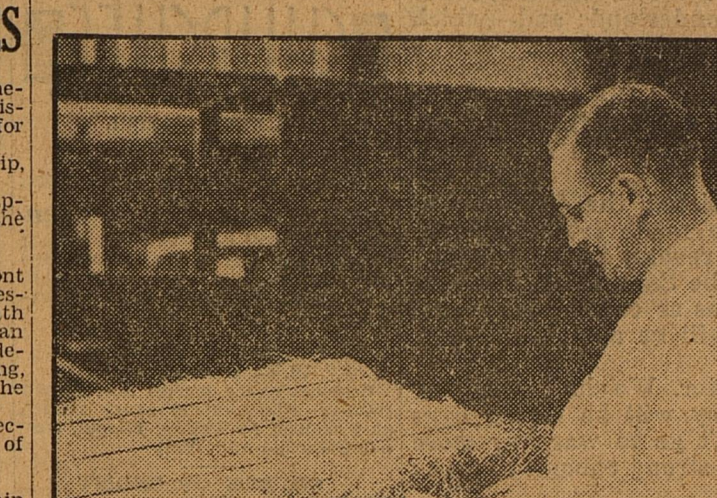

A convention of one of the country's most powerful labor organizations, the General Federation of Workers and Peasants (CGROM), is scheduled soon, and it will be asked to adopt a platform calling for socialization of industry; for denial of any right of private ownership or private enterprise; denial of right of the government to intervene in any dispute between capital and labor; and direct action to enforce the demands of labor.

Little Fear of Plot  
Still somewhat vague plans for establishment of a "proletarian dictatorship" are being plotted by the government itself, with the public approval of Garcia Tellez and other officials, but are not regarded as of much importance by those at whom they are aimed.

These leaders feel that it would be decidedly inconvenient to the United States to have a Communist nation just across its borders, and also believe their own military and political strength is sufficient to meet any threats.

A program of aggression against foreign companies seems to be shaping up, with the Agula Petroleum Company, a subsidiary of the

## He Asked for Hay and He got Hay

A chain letter horse is all Dr. H. E. Coakley of Denver needs to branch into a new sideline. He has the lay for the steed, as result of a joke he played after he opened a five-a-dime chain letter. Change the wording to ask for a bale

of hay, two pairs of old socks, and used razor blades, he mailed it on. Imagine his surprise when this express truck pulled up to his door and he opened the first of 15,000 bales of hay he'll get if the chain promise holds good.

Lawrence Plez Hawkins, 20, former Midland youth and Midland high school student, died suddenly at Monahan late yesterday after a heart attack.

Hawkins had been in bed for two days suffering from an attack of tonsillitis, but his death was unexpected as it was not known that he was suffering from heart trouble.

Hawkins, familiarly known to his school friends as "Hawky", completed his last school year in Midland in 1931 and for three years was a member of the Midland high school football team.

Since leaving school here the youth had worked at Albuquerque for a couple of years and for the last two years had been employed at Monahan.

He is survived by his father and mother, C. Hawkins and wife and five sisters and four brothers. The sisters are: Mmes. J. A. Andrews, Midland, Roy Solso, Harrison, Caplan and Dorothy Hawkins, all of Albuquerque and Cecil Sneed of Huntington, Texas. The brothers are: Lloyd, Clinton, Wayne and Weldon Hawkins, all of Monahan.

Funeral services will be held at the First Methodist church, here, this afternoon at 4:30 o'clock with the Reverend K. C. Minter officiating.

## ASK IMPEACHMENT CHARGES AGAINST J. E. McDONALD

AUSTIN, May 10. (AP)—The Senate Affairs Committee today recommended that the Senate return to the House a resolution proposing the removal of J. E. McDonald, secretary of the State Agriculture Commission, with instructions that if the evidence warrants, that the House should consider impeachment charges.

The charge adopted by the House recited nine allegations of official misconduct, mostly pertaining to the administration of the State jack and stallion fund.

## HORSE RACES FOR PECOS MAY 17-18

PECOS, May 10.—Race track enthusiasts and horse fanciers in large numbers will gather here May 17 and 18 to witness two full days of horse racing, which has been scheduled for these dates.

Over \$600 in purses will attract the owners of the fastest horses in this section, and many have already filed their entries for the event. Owners of horses in Odessa, Midland, Kent, Fort Stockton, Sierra Blanca and other places have notified their entry into the races.

Hotels, tourist camps, cafes, and other establishments are already preparing to accommodate the large number of out-of-town people who will flock to the races.

For entries and further information, write or wire E. G. Doty, Brandon Hotel, Pecos, Texas.

## SENATE LEADERS STAND BY REPORT

WASHINGTON, May 10. (AP)—In an effort to wind up the present congressional session by early June, Senate Democrats in a conference today decided to stand by the Finance Committee's proposal to extend NRA only until April 1, 1936.

House leaders were understood to approve the two-year extension requested by the Administration and it looked like a contest lay ahead to reconcile the divergent views.

## Blakeway Here From Fort Sam Houston

Tom Blakeway, U. S. army, is here from Fort Sam Houston, having come upon receipt of a message which was sent soon after the automobile accident in which Miss Mary Margaret Mann met her death.

When the message reached his company headquarters early Tuesday, Blakeway was fifty miles out in the hills with other soldiers. A messenger was dispatched and his departure for Midland was speeded up so that he was here Wednesday morning.

AMARILLO VISITORS  
Mr. and Mrs. F. R. Gabreath of Amarillo paid a brief visit Thursday to her brother, R. W. Castleberry, Midland attorney. They were accompanied here by her mother, Mrs. Mittie Castleberry, who will make an extended visit with her son.

Gabreath is street circulation manager for an Amarillo paper.

MISS MCCORMICK ILL.  
Miss Leona McCormick has been ill at her home for several days with a severe attack of tonsillitis. She was unable to take part on the program of the Fine Arts musical tea on Wednesday because of illness.

## MAN DROWNED AS HE STEPS OUT OF HIS STALLED CAR

Damage May Amount To Millions When Waters Recede

SAN ANTONIO, May 10. (AP)—The worst flood since the 1921 disaster here drowned one person and drove hundreds from their homes and caused property damage that may amount to millions of dollars in various sections of San Antonio early today.

The rainfall totaled 6.11 inches and was accompanied by high winds and hail.

Will Kearns was drowned when he stepped from his automobile after it became stalled in Martinez creek. He was swept down the stream by the rushing waters. Five others in the car were rescued by firemen.

Houses were washed away and inhabitants of the flooded sections of the city were being forced to use boats to take them and their household goods to higher grounds to get away from the destruction-swept areas.

## BEAUTIFICATION CONTEST FEATURE WTCC CONVENTION

PLAINVIEW, May 10.—Entries in the beautification contest, feature of the West Texas Chamber of Commerce convention, to be held in Plainview May 13, 14 and 15, are coming in rapidly. J. A. Rix, convention manager, stated today. Ten cities have already sent in their reports for the beautification contest, and a number of other affiliated towns have indicated they would be in the contest. Towns that have already sent in their reports for the beautification contest are: Midland, El Paso, Lubbock, Tatum, N. M., Station, Brownfield, Colorado, Post, Pecos, and Seymour.

This is the third year of the West Texas Inter-Community Beautification contest which was launched under the administration of Houston Harte, and called for a five-year program. The object of the contest is through competition between cities, to stimulate the planting of ornamental vegetation, trees, flowers and shrubbery, and the beautification of the West Texas landscape. Thousands of trees, shrubs and perennials have been planted as a result of this contest, and much valuable landscape work has been done.

The score card by which towns are judged gives 50 per cent grading to home and city planting and beautification; 20 per cent to yard and garden contest; 10 per cent to clean-up campaign; 10 per cent to rural beautification activities. The period covered in this contest should be from May 1, 1934, to May 1, 1935.

The West Texas Chamber of Commerce gives a loving cup to the town obtaining the best results in beautification activities each year, as determined from the report made just prior to the annual convention. In addition, the winning city has its name carried in West Texas Today, together with a story about the distinction won and the work done in beautification.

## Bondurant Is Taken To Saint Louis Court

MEMPHIS, Tenn., May 10. (AP)—Robert Henry Bondurant, 30, today was ordered removed to the Federal Court in St. Louis for trial in connection with the alleged theft of \$8,000 from the Hunter, Mo., post office where he was an assistant postmaster.

Postal Inspector V. Sugg said that Bondurant had admitted the charges and waived a preliminary hearing.

AS SCIENCE ADVANCES, WILL WE, ALSO?

Trying to figure out what the future is going to be like is always good clean fun, and it is especially attractive if you are more or less dissatisfied with the present.

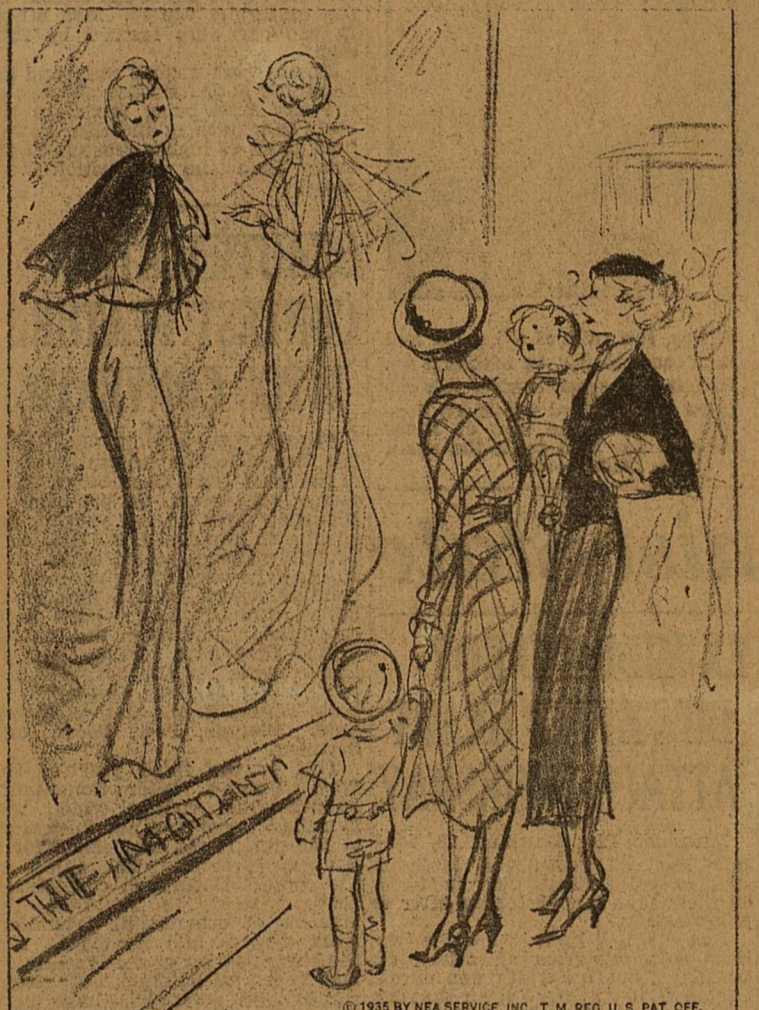

For an imaginative chemist can see things that would stump a Jules Verne or an H. G. Wells. He can show us a future that is like a magic wonderland; and—which is more to the point—he can also persuade us that he knows what he is talking about.

Thomas Midgley, Jr., chairman of the board of the American Chemical Society, took a little flier into the future at a recent convention of chemists in New York. He foresaw some startling things.

A century from now, he predicted, the discovery of new sources of energy will have made inter-planetary travel possible. It will also have revolutionized industry to such extent that two hours will be the maximum length of the working day. Such maladies as cancer, influenza, and epidemic diseases generally will be abolished.

This, he added, was only a starter. We shall be raising chickens the size of pigs and they will be laying eggs the size of footballs. People won't go to war any more because defensive weapons will be strong enough to make any offensive impossible.

CONSTANCY

By Helen Welshimer
THERE is a church in Stratford On Avon, as you know; And once I left a prayer there, A long, long time ago.

Oh, Notre Dame is mighty, Cologne walks up the sky. I left a prayer in each of them When I was walking by.

St. Mark's and Rheims and London, A room in Bethlehem—I've prayed so many places I have forgotten them.

AND sometimes I have wondered, When God is looking down Across the roofs and chimneys Of some remoter town,

If He has wished I'd vary The contents of my theme, And ask for something simple, Like raspberries and cream!

Two Will Speak Before the World Friendship Club

Mary Ruth Roy and Lois Guffey will each make a talk at the meeting of the World Friendship club Sunday evening at the Methodist church, Minnie Francis Merrill will be leader.

The following program will be presented: Hymn—Bring Them In—No. 87. Sentences prayers. Scripture—Psalm 67. Talk—The Best Gift of All—Mary Ruth Roy.

Quiet music—Josephine Barber. Talk—The Hut—Lois Guffey. Hymn—Blest Be the Tie—No. 85. Benediction.

FEMINE FANCIES

BY KATHLEEN EILAND
Our vote for the most coquettish hat goes to a certain leghorn (we suppose that is the straw) that is turned up in the back with a cluster of violets caught beneath the brim.

The white crepe jacket suits are fashion winners in our opinion. So also are suits in other colors. We notice some yellows that are lovely. And there is a certain sheer crepe with a straight jacket in the powder blue shade that is our special weakness, that we'd like to own.

Tailored nets are something different and interesting. In navy blue or crisp gray they are delightful.

We've noticed a number of simply-made seersucker dresses that are just right for the housewife who wants to be trim as well as efficient. Some are in small subdued checks.

With the presentation of the North Ward school's operetta this morning and tonight, a period of excitement for children is opening. The close of school! Excited boys and girls, harassed teachers, worried mothers are all complements of that magic phrase. We confess, however, that in all our years of teaching, we could never quite get over our own feeling of excitement and enjoyment of those last hectic days of the term.

Nevada to Get Pheasants
RENO, Nev. (UP)—Plans to stock 1,000 pheasants in Nevada this fall. The party plate served at the conclusion of the games period echoed the color note and mints were in pink.

Bridge occupied the evening with Mrs. Guy Bennett winning high score and Miss Marguerite Bivens low score.

40 Years Was Long Wait
POMEROY, O. (UP)—After 40 years, Mrs. Martha Harris has given up hope of her husband returning, and has filed suit for divorce. She married William Harris Oct. 25, 1894. She says he disappeared soon after the wedding. She asks restoration of her maiden name.

Gems have been found 13,000 feet above the earth by English scientists.

South Ward PTA Entertains with Cloverdale Picnic

Members of the South Ward PTA, their families, teachers, and Supt. W. W. Lackey were invited to attend the picnic given by the South Ward organization at Cloverdale Thursday evening at 6 o'clock.

No special program was arranged and informal merriment was the rule of the evening. A picnic supper was served.

In charge of arrangements for the affair were Mrs. Bert Rosenbaum, Mrs. Jack Mayfield, and Mrs. Jim Moore.

Mrs. Bridgewater Is Hostess to Bien Amigos

Tallies in the shape of miniature maps of Texas carrying out a blue bonnet motif added a unique note to playing appointments for the afternoon bridge with which Mrs. Preston Bridgewater complimented the Bien Amigos club Thursday.

Reception rooms were decorated with poppies, larkspurs, roses, and bachelor buttons.

Mrs. L. C. Lewis was club guest. In games for the afternoon, high score went to Mrs. F. E. Kinsey and high cut to Mrs. F. F. Winger.

At the tea hour, refreshments were served by Misses Lewis, Theo. B. Flood, Kinsey, Joe Pylon, Wipger, Joe Ballanfonte, J. M. Haygood, H. W. Mathews, and the hostess.

Announcements

Saturday
Chaparral troop, Girl Scouts will hold its meeting at the Presbyterian church Saturday morning at 10 o'clock and practice for the investiture service which will be held at the same place Saturday afternoon at 5:30 o'clock. Parents and sponsors of the troop are invited to attend the investiture service. All scouts not being invested are also asked to be present.

Mesquite troop will meet at the American Legion hall Saturday afternoon at 2 o'clock for its regular meeting.

11:00 a. m.—Divine worship. Special Mother's Day service. 6:00 p. m.—Vesper service. Another Mother's Day service will be given.

The Town Quack

(Reserves the right to "quack" about everything without taking a stand on anything).

I still say that although a small per cent who got in on the ground floor are going to rake in some money, the poor saps who went in after they heard about the racket are going to pay the bill. Every scheme I ever entered, I got on the paying side. I may be passing up a hand full of dimes, but this is one craze which won't be able to boast that I was a victim.

A Midland man told me yesterday that people here are so busy discussing chain letters that he hasn't heard a smutty yarn in two weeks.

A plan was on foot two weeks ago to start work on a fiftieth anniversary celebration for Midland, with possibly a rodeo and race meet this summer or fall. But the chain letter craze sidetracked the minds of the people. They tell me the chain letter business almost broke into the Rotary convention before it could get started.

The only reason I haven't won the prize for busting up the most chains is that I just haven't received enough of them. Just let it get out that you are sending a dime every time you get a chain letter and you will be on the list of every fifteen cent, quarter, four-bit, dollar and two-dollar chain started.

Some of us the other day received chain letters for newspaper people only wanting two bucks sent to the top name, etc. All I've got to say is that if newspaper people have two bucks to pass out that promise, they ought to bet it on Foreign Relations.

Jerry Phillips says that in studying life he has decided that the honeymoon is too short and the struggle for existence is too long.

Have you ever considered this? A collie is a useful animal but a cat is born at a time. Cats are useless but they come in litters. Will some student of nature please explain that?

Huge Lemon Grown
MILLVALE, Pa. (UP)—George Mathka has raised and nursed along a one-and-a-half pound "hothouse" lemon. Though he has no notion of making the Florida-California controversy a three-cornered fight, he offers the lemon and a half-pound sister as a target for the citrus growers to shoot at.

Victor Hugo often forced himself to write by having a servant take away all his clothes for several hours, to keep him from becoming impatient to leave his work.

Rose Bush 20 Feet High
FRESNO, Calif. (UP)—Only Californians will believe this one. W. P. Frame, Fowler rancher, boasts a rose bush measuring 40 feet across, 20 feet high, and covering 2,000 square feet. The trunk is four feet around at the base. The bush, of the Lewis variety, is 23 years old.

A total of 21,909,800 tree seedlings, 25,000,000 trees for planting on state-owned land, and 12,470,000 trees for private timberlands was supplied to farmers by state forestry departments of 38 states last year.

There are many mountain peaks measuring around 30,000 feet in height on the moon.

Finale—I'll Be Your Friend and You'll Be Mine. All Voices.

Colorado Dam to Be Named for Knerim. SAN ANGELO, Tex. (P)—"The Robert Knerim dam" is the name that backers of the Upper Colorado River Authority have chosen for the huge barrier that will be swung across the Colorado river above Robert Lee.

STRONG RELIEF PITCHING FROM H. L. STRAUGHAN GIVES ICERS 7-6 VICTORY

The Midland Southern Ice softball team made seven runs in the second, third and fourth innings last night to get a long jump on the Flewellen Service Station team of Big Spring, but had to have some sterling relief pitching from H. L. Straughan to finally eke out a 7-6 victory.

Big Spring made three runs in the fifth and came back with three more in the sixth, but Straughan was rushed into the game by Manager Howard of the Iciers and struck out eight of the nine batters to face him the remainder of the game. He did not allow a Flewellen runner to get to first base while he was on the mound.

Midland got their first run in the second when Mills singled, went to third on an error and scored on an outfield fly. They made four more in the third when, with two out, Bizzell reached first on an error and Northington, B. Howard, Mills scores came in the sixth when, with two men on base, Cordill, Big Spring first baseman, hit one of the longest home runs ever seen on the local field.

tion project because he holds the rights to the water in his own name and these must be transferred to the district. In 1912 Knerim carried a rod for a surveyor who made preliminary surveys for the dam. He has been working on it since. In 1913 Charles M. Stanley came to Coke county and with a camp outfit on the back of a burro went up and down the river hunting a proper site for the dam. Stanley spent three years and \$75,000 on the project. In 1920 the Colorado Valley Irrigation association was formed with Knerim as president, Carl Guin, then mayor of Ballinger, vice president, and S. L. Williams, secretary of the Ballinger Chamber of Commerce, secretary. Creation of the district was con-
