## AIR TRANSPORT LINE WITH MIDLAND AS TERMINUS PRACTICALLY ASSURED AS GRIMMET CONTACTS MIDLAND MEN

Plans for a new commercial air line giving Midland direct daily air connection with Fort Worth, Dallas, East Texas and main lines going east were virtually completed here this morning by John Grimmert, well known pilot who has done much survey flying in this area for oil companies recently.

The proposed new service, known as the Southwest Airlines, will fly tri-motored, ten-passenger, two-pilot Stinson planes on daily schedule leaving Midland at 8 a. m. and arriving at Fort Worth at 11 a. m. to make connections with the plane to East Texas as well as all major lines going East and South.

Organized primarily for passenger service between Texas oil centers, the new line, after six months of operation, will be eligible to carry air mail, giving Midland connecting air mail service with eastern points.

Facing trial in what may be the last of their court appearances in connection with the fall of the Insull empire, Samuel Insull, Jr., left; Harold L. Stuart, center; and Samuel Insull, Sr., are shown here in Chicago federal court. Violation of the federal bankruptcy law is charged against the trio. Stuart is the head of the investment firm of Halsey, Stuart & Co.

## Rains in Midland's Farm and Ranch Territory Finally Reported General

Reports of rains continued to pour in to Midland late yesterday and this morning, indicating that the farm and ranch territory upon which Midland is dependant has received general rains.

Lake water is abundant in practically all areas. Grass and weed growth are assured for months ahead. Crops which were planted sufficiently early here have run, corns are under water in some places, somewhat damaged in others.

Farmers, as soon as fields can be entered, are preparing to wage a fight on weeds.

By Associated Press Five unidentified Mexicans were dead and other casualties were feared in isolated sections of the southwest today as record-breaking rains sent creeks and rivers on a rampage.

Rains are preparing to fight worms in the young stock. The usual procedure of a "wet season" is being resorted to for the first time in at least three years.

Roads have been washed out in places, some fences have been washed down where draws have run. Corns are under water at some places and the water has backed up into some ranch houses. Poultry has been lost in some places.

Throughout the territory, however, there is jubilation over the copious rains. Merchants and bankers in Midland have predicted that business will be steady throughout the summer, with prospect of "good business" in the fall.

## CLOUDBURST HITS NOLAN COUNTY

ABILENE, June 14. (P)—A cloudburst that dropped 17 inches of rain on the Mayne section of southern Nolan county in less than two hours late Thursday blocked railroad and highway traffic in the area, sent creeks on the rampage, and gave cause for apprehension that the Lake Trammell dam nine miles south of Sweetwater might not hold.

Although there was no means of communicating with the lake area later indications at midnight were that the danger probably was passing.

1.94 inches here Abilene received 1.94 inches between 7 p. m. Wednesday and 9 o'clock last night, bringing the June total to 3.92 inches. At Lake Abilene, the fall was 1.99 inches, and at Sweetwater 1.99 inches.

## "Smear Roosevelt" Apparently Is Republican Platform

By BRUCE CATTON, NEA Service Staff Correspondent, SPRINGFIELD, Ill.—If the Republicans were the victims of a "smear Hoover" campaign in 1932, they seem to be getting ready to return the compliment, with interest added, in 1936.

Then Harrison Spangler, national committeeman from Iowa, gave the delegates this to think about: "For the first time in history, free institutions are in need of defense against the attacks of a national administration which has taken oath to uphold them. For the first time, American liberty and the rights of citizens are under assault by our own government."

That a large segment of Republican thought sees in this kind of campaign an attack on Roosevelt in his most vulnerable point became evident from conversations with delegates as well as from the speeches delivered on the floor.

It was suggested repeatedly that the court decision merely climaxed a growing popular disillusionment with the Blue Eagle, and that the president, in his remarks about the decision, laid himself open to the charge that he seeks to change our form of government in such way as to make the president himself more powerful than either the legislative or the judicial branch of the government.

## Braddock Snatches Heavyweight Title

By EDWARD J. NEIL, Associated Press Sports Writer, MADISON SQUARE GARDEN, New York, June 14. (P)—Max Baer couldn't lick the man depression couldn't lick, and so lanky, hungry Jimmy Braddock, longest longest of them all, last night came gallantly to the stunning, almost unbelievable conclusion of a desperate quest—heavy-weight champion of the world.

He came plodding, sometimes stumbling, but always clear-eyed and courageous, in the end, as 30,000 stunned but prayerful spectators screamed him on, sensing one of the most dramatic moments in the history of the prize ring, they lifted his hand in victory, conqueror of the great, glamorous Baer by the unanimous decision of Referee Johnny McAvoy and two judges after 15 long, bitter rounds.

Does the Undoable He had done the undoable this 29-year-old Irish kid from New Jersey a 1-to-10 shot when he calmly touched his gloves to those of the glittering, sun-browned champion as the starting bell echoed through the great arena, rang on over the heads of the big crowd, came to hope for him, to suffer with him, not daring to believe he could win.

And as he struggled on, gamely fighting the best fight that was in him, taking everything the burly Baer hurled at him, shaking off punishment, stabbing out incessantly with his left, punching it out bitterly when he had to, with the man whose smashes completely demoralized Max Schmeling and the former champion, Primo Carnera, you could feel the tension increasing, feel breaths shortening, until the pressure was so great the hair stood up on the back of your neck.

The Common Citizen It was like seeing a Cinderella in a rage, calmly fitting on the silver slippers. It was a sight none in that contributing less than \$200,000 to the cause, will ever forget.

Stabs Baer's Features Head copped on one side to keep away from the terrible rights that did such a devastating job on Carnera just a year ago, on the same card where Braddock was getting up off the floor to beat One Corn, a preliminary Jimmy Braddock stabs the magnificent Baer features with lefts until Max's nose was spread from one cheek to the other.

Midland wins second place on its Negro Health Week activities report for the small city group, according to word received from the Texas Tuberculosis Association. A medal offered by the National Clean Up and Paint Up Campaign Bureau has been awarded to Midland, and will be sent to Mrs. Harvey Sloan, chairman of the Midland County Public Health Board which sponsored the Negro Health Week activities.

MEXICO CITY, June 14. (P)—President Lazaro Cardenas in an effort to halt what he termed as "grave and unjustified agitation which has disturbed the county for the past few days" today issued a statement urging serenity in solving problems confronting the nation.

President Cardenas made no direct reference to recent declarations of Plutarco Elias Calles, interpreted as an implied warning to him, but made it clear that his government stands behind labor in realizing "its just demands."

Midland County Public Health Board which sponsored the Negro Health Week activities. Mrs. H. N. Phillips, chairman of the Negro Health Committee of the Midland board supervised the activities, and made the report. Recommendations for 1935 made by this committee were:

- 1. To obtain health history and to provide medical examination for every negro pre-school child.
- 2. To have community-wide clean up campaign and to arrange with the city for regular garbage disposal if possible.
- 3. To have a health program for and by the school children.
- 4. That the negro P. T. A. be urged to have a health program during Health Week, discussing such subjects as tuberculosis, cleanliness and sanitation, pellagra, common cold, immunization against smallpox, typhoid and diphtheria; teeth and their care, etc.
- 5. To seek through proper channels civil improvement in the negro community, such as street lights, sufficient water supply and the low streets filled in to prevent the standing of water after rains.

## Mrs. Jake Parker Seriously Ill

Mrs. Jake Parker, who is under treatment in a Midland hospital, was reported this afternoon by her attending physician to be seriously ill.

Mrs. F. L. Flanagan, whose home is east of Midland, underwent an abdominal operation this morning.

Mrs. W. I. Breedlove and baby about to be removed to their home today.

## COMMITTEE WILL OFFER PROPOSAL FOR NEW PROJECT

### All Citizens Urged To Attend the Conference

Cattlemen, oil men, farmers and proprietors of business institutions, in fact everybody interested in progressive activities of Midland, have been extended an invitation by the committee of six working on a proposed fair grounds to attend the meeting at 10 o'clock Saturday morning, at the chamber of commerce, when a definite plan will be offered.

The six men, named at a preliminary meeting of twenty men last Saturday, were instructed to ascertain costs of construction of a new fair grounds, race track, rodeo arena, grandstands, stables and exhibit buildings, with probable costs of sites under consideration.

It was said today that the committee is ready with drawings and with a definite proposal to organize a corporation which would give to Midland one of the outstanding fairs of the southwest. It has been proposed to include a livestock show, agricultural fair and oil exposition, with entertainment including rodeo, horse racing and rodeo events, making it an annual affair.

## CARDENAS URGES "SERENITY" TO STOP AGITATION

MEXICO CITY, June 14. (P)—President Lazaro Cardenas in an effort to halt what he termed as "grave and unjustified agitation which has disturbed the county for the past few days" today issued a statement urging serenity in solving problems confronting the nation.

## MIDLAND WINS AWARD IN NEGRO HEALTH ACTIVITY

Midland wins second place on its Negro Health Week activities report for the small city group, according to word received from the Texas Tuberculosis Association. A medal offered by the National Clean Up and Paint Up Campaign Bureau has been awarded to Midland, and will be sent to Mrs. Harvey Sloan, chairman of the Midland County Public Health Board which sponsored the Negro Health Week activities.

## Bulletin

WASHINGTON, D. C., June 14. (P)—Racing against the Sunday night deadline, the House today agreed to the Senate amendments to the resolution extending the abbreviated NRA to next April 1, and sent the measure to the president for his signature. Passage came after forty minutes of listless debate.

SPEDING INTO WAR

Announcement in Berlin of new plans for mechanization of the German army is a reminder that the world may never again see immobile warfare of the kind on view in the last war.

The new German army aims at speed. Motor vehicles are being provided in the unheard-of ratio of two cars for every four infantrymen. Artillery is being motorized; the tank corps is being vastly expanded; the underlying principle is that the next war will be an affair of rapid movement, with the side which is able to strike the quickest winning an overwhelming advantage.

All of this is an indication that military science once more is getting back to its time-honored fundamentals— which General Forrest expressed so aptly with his remark about getting there first with the most men.

The conditions under which the last war was fought were abnormal. Never again, let us hope, will young men be killed by the millions simply because armies are too swollen and cumbersome to do anything but engage in a slugging match.

Thursday Club Opens Its Summer Season at Party

Initiating the summer activities of the organization Mrs. Harvey Conger entertained members of the Thursday club with an afternoon bridge at her home, 722 W. Kansas, Thursday.

An appropriate summer theme characterized appointments for the afternoon. Two tables of bridge were played with Mrs. S. R. Self holding high score and Mrs. Geo. T. Abell second high.

The hostess served a salad course at tea time to the following: Misses Bennett, Ray Parker, David Allen, Olen Fryar, John B. Mills, Miss Dorothy Dunagan, and the hostess. Tea guests were Misses Lucille McEulan, Thalia Howell, and Helen Dunagan.

Entertains in Courtesy to House Guest Thursday

In courtesy to her house guest, Miss Lola Mae Patrick of Kings-pear, Mrs. Annie Payne Dunagan entertained informally at bridge for a few friends at her home, 210 S. Pecos, Thursday afternoon.

Miss Dunagan chose green as the leading color note in party appointments. High score in games went to Mrs. Guy E. Bennett.

Playing were the honorees, Misses Bennett, Ray Parker, David Allen, Olen Fryar, John B. Mills, Miss Dorothy Dunagan, and the hostess. Tea guests were Misses Lucille McEulan, Thalia Howell, and Helen Dunagan. A party plate was served at the tea hour.

School to Get Old Bell Back

MILTON, Mass. (U.P.)—The bell that was installed at Milton Academy in 1897 and then disappeared has been returned. Superintendent William L. W. Field learned that it was in use at a sugar plantation in Cuba and arranged to have it shipped back. The school was founded in 1788.

Reward for Missing Jew

BUDAPEST (U.P.)—A reward of 300 pengoes, or about \$75, has been promised by the Jewish community of the town of Raskoplatza to the finder of Gustav Weiner, 21-year-old Jewish printer, who disappeared from his home two days after his wedding.

GIVEN UNDER MY HAND this 4th day of June, A. D. 1935. A. C. FRANCIS, Sheriff of Midland County, Texas. By Fisher Pollard, Deputy June 7-14-35

When college boys wore "rah-rah" hats

You may remember how dashing your big brother looked in his college regalia, back in 1906, and how Midland young ladies were captivated by his style. Very likely, too, you remember his asking for "corn flakes" for breakfast. Kellogg's Corn Flakes were a novelty then. People who tried them were delighted with their crispness and flavor. But even they could not foresee the tremendous growth in popularity that has made Kellogg's the world's favorite ready-to-eat cereal.

Today Kellogg's Corn Flakes are the finest quality you can buy—made constantly better for 29 years. They have been imitated, naturally, but their crunchy, appetizing goodness has never been successfully copied.

Any one who visits the huge, spotless Kellogg kitchens can understand why Kellogg's Corn Flakes are cleaner and more wholesome, as well as crispier, more tempting in flavor. Order them today, from your grocer!

FEMININE FANCIES

BY KATHLEEN EILAND We've just discovered the original thrifty housewife. A Dakota paper tells of one, Mrs. Welch, who used the mud of the Bad Lands of that region for wall decoration (intentionally, not through dust storms, understand). This pioneering lady mixed dirt, glue, coloring matter, and prepared calcimine and the editor who chronicles the experiment declares that the mixture makes "a wall that is as hard and glossy as though enamelled."

Wonder how long it will be before Midland county women will be utilizing the layers of sand deposited by the spring sandstorms? The world does progress, you know, and any one who has seen a freshly-painted house change color during a sand-storm knows the sticking quality and coloring propensity of the Texas product.

All we can say is, "May we be there to see" when West Texans follow the lead of the Dakota domestic artist.

There may be some inaccuracy in the old saw about a woman's always having the last word, but we know for a certainty that a woman often gets the last lick—at the work that's to be done. So we have a new heavy-weight champion. It seems that youth and light-hearted playboy ways can't always swing the balance in their favor, even when accompanied by immense strength and great skill.

"It comes and it goes," said the defeated champion in referring to the glory of the championship crown. We wonder if the day will ever come when people will realize that the effort and suffering and strength that go into the winning and defending of a crown that in the last analysis means only the supremacy of hulking brute force could win a higher and more lasting reward in a worthier field of endeavor.

Yet so close to the primal men and women still are that even those of us who dislike the idea of prize-fighting on general principles can get excited over a mere radio account of the battle.

Gossipers Couldn't Fool Mrs. Pierce SHE LOST 50 POUNDS OF FAT

Peel full of pep and possess the slender form you crave for. You can't if you listen to gossipers who'd secretly hate to see you take off ugly fat but notice that Mrs. Pierce had a mind of her own.

Here's a treatment—tested and proved SAFE for years—not only to take off excess fat, but also a health corrector: take a half-teaspoonful of Kruschen Salts in a cup of hot water every morning (tastes fine with juice of half lemon added).

Mrs. L. W. Pierce of Tiffin, Ohio, writes: "I've taken off 50 lbs. with Kruschen in 6 months. I was 236 and intend to continue till I'm 154." If one jar (lasts 4 weeks and costs but a trifle) doesn't make you feel years younger and healthier—money back. For sale by City Drug Store, Petroleum Pharmacy or any drug store. (Adv.)

The Town Quack

(Reserves the right to "quack" about everything without taking a stand on anything.)

All his life a local man has had his feet out in the aisle, and all his townsmen are disgusted with him. The average man is a person who is not very good and not very bad.

What gets on our nerve is to have a former resident come back to town and say to us, "I was wondering if you were alive yet."

We also feel a sense of chagrin when we introduce our one-half brother to a stranger and the stranger says, "I must say your brother is a better looking man than you are."

Most of us flatter strangers and insult friends. The world over, steady, quiet growth is the best growth. This is odd: The other day the religious editor of this paper borrowed a Bible from the sports editor.

Iowa Faces Slums Problem

DES MOINES, Iowa. (U.P.)—The slums of Iowa are fully as bad as those in the metropolitan centers, except that the factor of concentration of population is less severe. The Iowa State Planning Board reports. It urged that \$138,000,000 of PWA funds be spent for housing and slum clearance in the state.

State Records Fish Catches

Rain-

(Continued from page 1)

For the ground dries sufficiently for combines to enter the fields again. Much cotton will have to be replanted, they said. Small streams were out of their banks.

A steady rain lasting 15 hours gave Olney 1.9 inches, halting the harvest.

Shackelford county ranchers and farmers forecast range and crop conditions above normal on the strength of a 2.75 inch fall.

Haskell, with rain three successive days, received .65 inch yesterday. Stamford received 1.06; Clyde 2.27 Wednesday night and Thursday; and Baird two inches.

Dawson, Scurry and Howard counties reported heavy rains. Lamasa received 4.34 inches, Thursday.

(By Associated Press)

Four hundred persons were moved out of a low area in Kenedy, Karnes

county, Thursday as Escondida creek was sent on a rampage by a 10-inch rain during the past 24 hours.

Rail and highway traffic were at a standstill at both Kenedy and Karnes City. Tracks of the Missouri Pacific were washed out both north and south of Karnes City, marooning a train there after it had been re-routed through that place from San Antonio to avoid a washout 51 miles south of San Antonio.

Underpasses were flooded and highway bridges washed out.

Tom Donnell, Kenedy constable, said last night Escondida creek was receding, but much of the two was still under water.

From San Angelo, the Santa Fe reported that near Marfa the Southern Pacific had reported a cloudburst. Damage was not ascertained.

Heavy rains in the mountains near Alpine caused some damage to Santa Fe tracks about 35 miles west of Fort Stockton but not enough to seriously delay traffic.

Other West Texas towns reported rainfall of more beneficial nature. Abilene got two inches; Rocksprings reported from two to three inches and Winters received 1 7/8 inches. Big Spring got about 8 of an inch and Brady reported an inch. Forsan got 1 1/2 inches.

Big Lake got half an inch as did Paint Rock and Junction. Talpa reported one inch. Eden got three quarters of an inch and Menard one-quarter.

Del Rio reported a three-inch rain and moisture was still falling there and in Rocksprings last night. Reports from Del Rio said the Nueces, Llano, Devils and Rio Grande Rivers were all on big rises.

KARLOFF in THE BRIDE OF FRANKENSTEIN a Universal Picture

Third Dimension Camera Is Made

DALLAS, U.P.—Dr. Edgar Fuller, Dallas inventor, has completed a new kind of camera, which he claims takes pictures in "third dimension."

For the first time, according to Dr. Fuller, his invention makes possible the taking of pictures which, when viewed through a stereoscope, give the impression of three dimensions.

The invention will prove especially beneficial to the moving picture industry, he believes, as "flat" pictures create an imperfect image of the scene which is being portrayed.

The camera, without "trick mirrors" or special lenses, projects pictures of concrete objects, such as caves, with both sides shown perfectly. Even cylindrical objects, shot "down the line" after the object are placed parallel to the ground, emerge in true depth, Dr. Fuller says.

The illusion of depth is created by bending a light ray, a feat hitherto considered impossible according to the inventor. Fuller spent \$40,000 in perfecting his camera.

The inventor has also conducted several experiments with color photography.

TWO COME, ONE GOES Two arrivals and one departure were reported by the Midland airport early this afternoon.

Departing was Capt. Thad V. Foster who arrived late yesterday afternoon and left this morning for Dryden, Texas.

Frankenstein Comes To Screen Again In Yucca Picture

The most fearsome, fascinating character ever introduced on the motion picture screen is "The Monster," a living creature built by the scientist, Frankenstein, from parts of dead bodies and brought into the world to pursue a terrible career of murder and destruction.

This strange character again lives in "The Bride of Frankenstein," the Universal drama, with Karloff in his original role of "The Monster."

Never have you seen a motion picture so filled with spine-chilling action, or a character so horrible and menacing as this grotesque creation of a fanatic scientist's brain—a raging animal in the form of a man, bewitched by his surroundings—and no less pitiful than he is dangerous.

Karloff gives a masterful performance in the screen's strangest role, and is ably supported by Colin Clive, Valerie Hobson, Ernest Thesiger, Una O'Connor and Elsa Lanchester as a female monster, all under the direction of James Whale.

Do not fail to see "The Bride of Frankenstein." It is a picture that will be talked about for weeks.

It is being shown at a special Goose-Pimple Prevue Sat. Night 11:15 at the Yucca, also Sunday and Monday.

Letters to the Editor

The Reporter-Telegram: In the past you have been very generous with us in the matter of according publicity to the Texas Securities Law, enacted by the recent session of the Legislature.

This law will mean the saving of untold millions to Texas investors and Texas people, once its full import is known. You have doubtless received and ready a copy of the law itself. If not we shall be more than pleased to mail you a copy of the same together with any other information that you might desire.

The success of the law will be dependent upon the public. For the public is the real enforcement officer of any law. For informational purposes, we are taking the liberty of enclosing three press releases, condensed and we think, readable for your use if you see fit to do so.

Big Lake Rodeo Opens Next Week

BIG LAKE, June 14.—C. S. Phillips, promoter of the annual Big Lake rodeo, announced a complete list of judges for the annual show to be held here next Thursday and Friday, June 20 and 21.

In charge of pushing the two performances through with speed and rhythm will be Bill Moore of Big Lake who has been selected as the arena director. Moore knows the business and has had plenty of experience. Recently he has been around the Siles county and the Bar S ranch and if his helpers can't get the stock in the chutes ready to go he'll be in physical shape to keep the animals moving.

J. Ellison Carroll, former Reagan county sheriff and world's champion steer roper back in the days when steers were tough, will be one of the timekeepers along with Dr. G. B. Miller. Big Lake physician who gets more kick out of seeing the boys make the rides than he does seeing them hit the caliche.

Sam Spann, somewhat of a bronc rider in Texas, will be the boys to decide whether or not the horses are pitching hard enough and if the boys can ride the broncs. Both will be the bronc riding judges.

Bill Moore and Chaney of Barnhart will be close by as pick-up men. Douglas Poage of Siles has been seen as a flagman for the roping events and it's up to him to put the fines on the boys in case they break the barrier. Chaney of Barnhart will be the tie judge, by turning the calves and goats over to see if they stay tied.

Bill Wright will be the official score keeper for all events. Most of the horses to be used in the rodeo are spoiled companies that are now too tough for the boys to ride the range with Hodges of Merizon and Chaney of Barnhart bringing in a string each. Several other outlay horses from surrounding ranches will be entered to try and win the \$25.00 prize to the owner for the best bucking horse.

Edgar "Las Vegas Kim" Kimsey of Texas and "Speck" Elliott of Big Lake will be the judges of the bucking horses.

The two-day celebration officially opens on Wednesday night with a dance to be held on an outdoor platform with Charles Allen of San Angelo furnishing the music.

NEW MEXICO GUESTS

Mr. and Mrs. Russell Jones and family of Crossroads, N. M., arrived Thursday to visit his parents, Mr. and Mrs. T. D. Jones, and other relatives.

Mr. Wula Cassidy of Roswell, N. M., accompanied them.

The world's southernmost city is Punta Arenas, Chile, located in the southern end of the country.

Tarantula Maligned In Tall Tales of Dangerous Bites

DALLAS, U.P.—The sight of a big tarantula, hairy-legged and horrible and venomous looking, is calculated to send shivers down the back of a person who sees him suddenly, but his looks are worse than his bite, according to Dr. J. W. Bass, Dallas health officer.

Several reports have been received that tarantulas have been seen in large numbers in Dallas recently. Reports also have been received of a number of scorpions and snakes.

The tarantulas, of which there are several varieties in the world, belongs to the spider family. It is a large, hairy, venomous spider with eight legs that appear to be larger than they are because they are covered with hairs.

The spiders live in holes in the ground, in pairs and sometimes they equip their holes with "covers."

The Central American variety which sometimes is found on bananas brought to this country, is particularly venomous and can cause a large ulcer, Dr. Bass said.

There is no record available at the hospital here of a person being treated for a tarantula bite, which tends to discount some of the tall tales about them.

Dr. Bass said it was his belief that some so-called tarantula bites probably were due to bites of the black widow spider.

I heard of a case several years ago in East Texas where a farmer was bitten on the neck while cutting oats with an old-fashioned cradle, but I think the big ulcer was caused by a black widow spider," Dr. Bass said.

"The tarantula is not to be compared with that spider," Dr. Roy Melvin of the United States Bureau of Entomology said that the bite of a Texas tarantula will not make a person sick but that the tarantula will not bite unless he is hummed in.

He pointed out that they live in pairs in their holes and that a quick evaporating gas should be used in killing them.

If turpentine is used, only the spider in the hole is killed. The mate, which may be away, will not re-enter the hole because of the smell of turpentine.

Fellowship Club Banquets Tonight

Meeting at 7 o'clock, the Fellowship club of the Presbyterian church will hold its monthly banquet in the church dining room tonight.

J. Allen Watts, club president, and Louis Link are in charge of arrangements for the program. A male quartet, consisting of Dr. W. F. Bailey, Edith Watts, Joe Seymour, and E. E. Parris, will be the featured entertainers.

The banquet will continue the series of informal monthly entertainments sponsored by the club.

Entries Named in HD Dress Contest

In Caliente To Open at Ritz Theatre Sunday

"In Caliente," First National's latest musical, opens at the Ritz Sunday. Its all star cast is headed by Dolores Del Rio, Pa. O'Brien, Leo Carrillo and Edward Everett Horton.

Scores of beautiful Hollywood chorus girls appear in numbers created and directed by Busby Berkeley, who staged the big hits in "Gold Diggers of 1935," "Wonder Bar," "42nd Street" and a score of other film musicals.

Two famous song writing teams, Warren and Dubin and Dixor and Wrubel, wrote the songs for the Berkeley production numbers. They include "Muchacha," "Lady in Red" and the title song, "In Caliente."

Phil Reagan, the radio cop, sings the "Muchacha," which features Dolores in a dance review, and "To Call You My Own," a ballad. Winifred Shaw sings the "Lady in Red," and "In Caliente" is sung by a group of entertainers.

Gold Nuggets Found in Can

BOISE, Idaho. (U.P.)—Officials of the Gold Bug Mining Company have revealed the discovery of a cache of gold nuggets and placer dirt in a tin can near their property. Contents of the can were valued at \$1,500.

Bullfrog Season Opens

LANSING, U.P.—Bullfrogs are legal game in Michigan. It is a five-month season, from June 1 to October 31. Michigan game laws state that frogs may be speared without artificial light or artificial light may be used if any other method than spears is used.
