

MINE WORKERS TOLD TO STRIKE

Storms and Floods Take 71 Lives in Japan

OSAKA, KYOTO KOBE DISTRICTS ARE HARDEST HIT

Estimate Damage to Be in Excess of 40,000,000 Yen

TOKYO, June 29. (P)—The worst rainstorms and floods in 50 years today drenched the populous and thriving Osaka, Kyoto and Kobe districts. It was the second time in less than 10 months that the industrial heart of the Japanese empire had been paralyzed by a natural calamity.

At least 71 were known dead and scores were injured and missing. Financial damage was estimated to be in excess of 40,000,000 yen. (About \$11,000,000.)

Thousands were driven from their homes and a fragmentary survey indicated that at least 150 houses and buildings were inundated.

\$50,000 ROYALTY DEAL COMPLETED

Clyde Cowden of Midland made a royalty sale last week of a fourth interest under eight sections of his Ector county ranch.

For a reported consideration of \$50,000, he sold to the Conoco-Moncrief of Fort Worth a fourth interest in the royalty under eight sections in block 44, township 1-south, Ector county. A well is being drilled below the 3,500 foot level on his ranch at present.

CONTRACTS GIVEN FOR 60 NEW PLANES

WASHINGTON, June 29. (P)—Secretary Swanson today awarded a contract to the Consolidated Aircraft Corporation of Buffalo, New York, for 60 biplane planes.

The contract calls for the payment of \$6,500,000 with the navy department furnishing the engines and propellers through separate contracts with other concerns.

Allred to Open Brady's Jubilee

BRADY, (P)—Gov. James V. Allred will lead a color-ful parade of Brady's tenth annual July Jubilee Rodeo and Race Meet celebration the morning of July 3. Seventy-five to one hundred decorated cars and floats entered by Brady merchants will compose the procession in which the queen of the July Jubilee and her court of maids and duchesses will march through the streets to the jubilee grounds at Richards park where the governor will deliver the opening address.

The coronation of the queen will occur the evening of July 2 on a stage in front of the grandstand at the race track in Richards park. The queen's ball will be held immediately after the coronation ceremony.

Race horses from the best stables in Texas, Oklahoma, Kansas, and Arizona are here and more than one hundred are expected to participate in the racing beginning at 2 p. m. each day of the three-day meet. A total of \$2,130 will be awarded the winners in purse money.

During the intermission of the races a selected aggregation of un-tamed broncos will be used in the riding contests. In addition to the daily money prizes the rodeo committee is offering a \$125,000 saddle, a \$25,000 pair of cowboy boots and a \$75,000 pair of spurs to the cowboys scoring the best three-day average in the bronc riding event. Calf roping and wild steer riding will be among other rodeo features. A cowboy basketball game which attracted considerable attention at last year's Jubilee, will be played each afternoon. This is a rough and tumble game played on horseback.

BREAKS ARM

While visiting his aunt on a ranch at Electra, Jimmy Cummings broke his arm in two places just above the wrist, relatives and friends here have learned.

Citizens Urged to Get Car Stickers

Free literature on various health resorts both in and out of the state has been procured by the chamber of commerce for the convenience of Midland citizens and may be obtained by calling at the chamber of commerce office, Mrs. Sallie Covington, secretary, said Saturday.

Windshield stickers running the slogan of "Midland, Texas, Oil, Cotton-Cattle on the Broadway of America" have also been printed and citizens are urged to use them on their cars. It is particularly desired that those making out-of-town trips come to the office and ask for the stickers, but any citizen is entitled to one for use on his car whether at home or abroad.

Senators Study "Tax-the-Rich" Program

While rebellion flared among the members of Congress the Senate's Finance Committee delved into the ramifications of President Roosevelt's "soak-the-rich" tax proposals. L. H. Parker (left), chief investigator for the Joint Committee on Internal Revenue Taxation, gives Senator Tom Connally (right) of Texas and Senator Thomas Gore information he has gathered on the subject.

Fire Aboard "Ole Miss" Almost Halts Record Breaking Flight of Key Bros.

MERIDIAN, Miss., June 29. (P)—Fire aboard the "Ole Miss" record-breaking airplane, today almost ended the flight of Fred and Al Key as they continued in the air almost two days past their new endurance flight record.

The blaze, breaking out near a battery because of a short circuit or bad connection, was extinguished with a fire extinguisher by Al Key, who was at the controls. His brother was on the catwalk at the time. The plane had just made a refueling contact.

Cadet Planes Lead In Landings Sat.

A number of landings were reported at the Midland airport by cadet pilots Saturday afternoon.

Included were: An 0-43 flown by Cadet Briller from Brooks Field enroute to Amarillo; a C-14 transport from Brooks Field to March Field in Calif.; a P-12 flown by Cadet Gray from Barksfield at Shreveport to Vicks Field at El Paso; and an O-44 amphibian under Capt. Anton, enroute from March Field to Dallas.

Additional landings were made by Cadet Cunningham in a P-26 on a cross-country training flight from Barksfield to San Antonio and by Cadet Cornett, flying an O-43 from Brooks Field to Fort Sill, Okla.

To Hold Revival In Logansport, La.

Rev. J. E. Pickering, pastor of the First Christian church, will leave today for Logansport, La., where he will conduct a revival. The meeting will close July 12 and Mr. Pickering expects to be back in Midland for services Sunday, July 14.

Rev. Gordon Voight of Floydada, who has been assisting Mr. Pickering in conducting a religious educational school here, will preach at the evening services of the Christian church.

8th Corps Area Cut in Divisions

SAN ANTONIO, (P)—Division of the Eight Corps Area into 15 Civil Conservation Corps districts with an average of 21 camps in each has been announced from corps area headquarters.

The new administrative set-up, effective with the doubling of the CCC in July, disregards state lines, some districts containing camps located in two or more states.

Six districts will be located in Texas, replacing the old east and west Texas districts into which the state was divided several months ago. The new Texas districts will maintain headquarters at San Antonio, Lubbock, Fort Worth, Tyler, Lubbock and El Paso. Headquarters for other districts will be at Oklahoma City, Muskogee, Albuquerque, Silver City, Phoenix, Tucson, Grand Junction, and Denver and Cagner, Wyo.

Col. Dan T. Moore, Houston reserve officer, has been appointed corps area inspector for the CCC, and reserve officers have been placed in practically all positions formerly held by regular army officers.

IT'S UP TO CITIZENS TO HAVE FAIR OR HAND BACK CHECKS OF MORE THAN \$20,000--PUBLISH LIST WEDNESDAY

Citizens of Midland and surrounding country who have not yet taken stock in the Midland Fair Association now being organized "have the say" as to whether the project will be completed, it was made positive yesterday afternoon by the committee appointed to raise the money.

Some forty or fifty persons and firms had paid in exactly \$21,000 up to noon Saturday. Other similar checks were received Saturday afternoon and promises were out for checks to be paid in a few days to bring the total up another \$2,000.

The preliminary estimate to cover purchase of 100 acres of choice land, construction of grandstands, exhibit buildings, stables, race track, rodeo arena, polo grounds and other phases of the project totaled \$24,800. Consequently the committee voted Saturday not to "start a hand" toward starting the project until at least \$25,000 is paid in.

Prospect lists were revised, committees reorganized and a final drive was started with hope that it will be completed Monday. The committee announced that the complete list of individuals and firms and the amounts they were taking, where same had been paid, would be published Wednesday in The Reporter-Telegram.

Checks may be made to the Midland Fair Association and turned over to A. C. Francis, Clarence Schaubauer, Roy Parks, E. B. Dickenson, Tom Nance, Foy Proctor, Turner Jr., John P. Butler, R. M. Barron or Harvey Sloan, or at either of the banks.

Plans for organizing the fair association and for building complete new grounds, with new equipment throughout, were launched two weeks ago at a meeting of 25 men. The stock was taken rapidly the first day, with numerous large subscriptions, but the past ten days have seen the money come slower.

Committees, although anxious to see the project through, pointed out that it is strictly up to business men and citizens who have not yet contributed as to whether it will be completed.

They referred to the plans for a "feeder show", bringing large numbers of buyers here to see and buy Midland calves at the annual fair. The plan, put on the streets made at Stamford during the past few years with the rodeo and reunion, and to numerous race meets such as Brady where thoroughbreds come from hundreds of miles.

They pointed out Midland's past reputation for staging rodeo and race meets which were regarded as fair associations in the past. They declared that the quality of cattle here should make Midland nationally famous as a center for buying feeder calves. The agricultural residents of the county are urged to bring the total stock to \$30,000 or \$35,000, but will begin operations when \$25,000 is paid in. Otherwise, they should be given back to those already taking the stock.

It's up to the citizens of Midland and surrounding counties!

Completions Outnumbered Locations For Week in Permian Basin Check-up

F. G. & M., M. B. & A. survey. International No. 1 Cowden, extension test in the Harper area of southern Ector county, was put on the completed list this week. Location 660 feet out of the southeast corner of section 25, block 44, township 2 south, T. & P. Railway survey, the test was drilled to total depth of 4,300 feet and yielded an initial potential of 393 barrels daily.

In the Connell pool, southwestern Ector, Texas No. 11 Connell, 2,310 feet from the south and east lines of section 1, block E-16, public school land, gauged an initial production flow of 460 barrels per day through casing. Gulf made location for and is rigging up on No. 7-B Connell, 330 feet north and east of the southwest corner of the northeast quarter of the same section.

A lone completion in Winkler county, was Texas-Pacific Coal and Oil Company No. 2 Daugherty, 330 feet from the east line and 1,650 feet from the south line of section block 26, public school land, which gauged 230 barrels per hour through two-inch upset tubing. The well also makes about 1,000,000 feet of gas. It is a Sayre Pool field location.

Pecos county received completions in Shell No. 1-C Smith, 330 feet from the north and 670 feet from the east lines of section 38, block 194, G. C. & S. F. Railway survey, which gauged 64 barrels in one hour, or 1,538 barrels daily, from the south line of section block 26, public school land, which gauged 230 barrels per hour through two-inch upset tubing. The well also makes about 1,000,000 feet of gas. It is a Sayre Pool field location.

Other new locations in southern Ward are Eastland No. 1 W. D. Johnson, 330 feet from the north-west and northeast lines of section 24, block 34, H. & T. C. Railway survey; and Rixford et al No. 2 Kate green, 330 feet from the north-west and 1,650 feet from the southwest lines of section 4, same block.

northern Ward, Gulf No. 57 O'Brien gauged an initial production of 459 barrels in 13 hours, which is at the rate of 847 barrels daily. Location is 330 feet from the east line and 2,310 feet from the south line of section 18, block

Is Jailed Again

A gift of perfume put Mrs. Simone Brooks, wife of a New York broker, on the scene of the person who looted her home and caused the arrest of her friend, Natalie Chadwick (above), ex-Follies girl and ex-convict on a charge of burglary. Mrs. Brooks charges that the perfume given her by Miss Chadwick was a bottle stolen from her own boudoir.

"Black Widow" Refuses to Bite News Reporter

AMARILLO, June 29. (Special).—The famous "black widow" spider may be a terror to some people, but to Gene Elio, 30-year-old reporter of the Amarillo Globe-News, it is a mere plaything.

The newspaperman announced that he would let one of the spiders bite him this morning for the sake of science and elaborate preparations were made for the "slaughter."

Elio refused to bite Elio even though he held the spider in his hand and tantalized it with a pencil. He tried to get some "action" out of the spider for 30 minutes and had to give up in disgust, still maintaining that the bite would not hurt him—all of which still remains to be proved.

Midland to Have 8 Representatives At Stamford Rodeo

A sponsor, a judge, a wagon boss and at least five ropers will represent Midland in the Annual Cowboy Reunion at Stamford this week, a check-up Saturday showed.

Miss Waiter Faye Cowden again will be the cowgirl sponsor for Midland, taking her own team to compete similar entrants from thirty towns.

W. W. Brunson has been named one of the rodeo judges. George Rathif has been invited to serve as "wagon boss" at the old timers' reunion in connection with the rodeo.

The L-7 will be represented by four ropers, including Stanton Benson, T. J. Mills, T. P. Edwards and Don Gardner. The Schaubauer Cattle company will have a representative, Cecil (Flop) Roberts taking his pony over to enter the calf roping.

A large number of Midland citizens will attend the event, it was indicated.

LEAVE FOR OHIO

Lieutenant and Mrs. Frederick R. Dent Jr. and young son Frederick 3rd, who have been visiting Mrs. Dent's mother, Mrs. John D. Robinson will leave Monday for Lt. Dent's new station at Wright field, Dayton, Ohio.

ORDERS ARE GIVEN BY PRES. LEWIS TO STOP WORKING

450,000 Men Will Be Affected by the Decision

WASHINGTON, June 29. (P)—John L. Lewis, President of the United Mine Workers, today ordered all members to stop work Sunday at midnight.

In the absence of any White House action after the collapse of wage negotiations with the Appalachian producers, Lewis sent telegrams to 6,000 locals directing them to suspend the mining of coal Monday.

Lewis estimated that as many as 450,000 miners would be affected by the strike call. It may be the biggest one in the soft coal strike of the nation's history.

When asked about the union strike fund, Lewis said, "We are simply prepared to meet this situation for any amount of time necessary."

Only Presidential intervention can stop the call for strike after the collapse of the negotiations on the new wage and hour contracts.

The joint wage conference recessed subject to a call of the chairman but before doing so the operators accepted the United Mine Workers offer to supply maintenance of men during the strike.

NATIONAL GUARDS RECUE BESEIGED MEN
GALENA, Kans. June 29. (P)—National guardsmen poured into the plant of the Eagle-Picher Mining and Smelting Company here today to rescue 28 besieged guards whose attackers had fled during the night.

Not one lead and zinc mine striker or strike sympathizer could be seen in the area. Guards were around the smelter and set up two machine guns.

There had been several hundred strikers and sympathizers yesterday and the night before.

The yelling, destructive mob injured a dozen persons with stones and bullets and later fired volley after volley of bullets at the besieged mine guards in the plant.

Army Buyers Get Horses at Brady

BRADY, (P)—A brisk demand for good horses is reported by buyers of polo and riding horses who have been working in this territory the past few weeks.

One of the buyers, Fudge and Major H. Donblaser purchased 21 McCulloch county horses for the cavalry unit at Fort El Reno, Oklahoma. These animals have been delivered and the officers are back at Brady making up another shipment. They are being assisted by Ben Strickland, manager of the White and Strickland polo farms here, from whom they purchased some stock.

James Brook, G. R. White, John and Ed. Gibbons, C. T. White and several other Brady ranches have contributed some of the animals in recent shipments.

A string of 19 horses, sixteen hands and eight feet, was sold by these men to the artillery unit at A and M College recently. White and Strickland have delivered six polo ponies to the University of Georgia.

Strickland has a contract to deliver 21 five to eight year old horses for one of the units at El Reno, Oklahoma, in July.

Two other buyers are scouring the local ranches for horses to supply National Guard units.

Recent sales have brought prices approximately ten dollars higher per animal than at any previous time, Strickland said.

Brady has for a number of years been recognized as the center of the rolling horse producing area in Texas.

Max Baer Marries In Washington Sat.

WASHINGTON, June 29. (P)—Max Baer, playful ex-heavyweight boxing champion of the world, will be married today to Mary Ellen Sullivan of Itasca, New York.

Miss Sullivan is manager of the Willard Coffee Shop in Washington.

FLAPPER FANNY SAYS

REG. U. S. PAT. OFF.

Your dancing won't win approval if it beats the band.

Midland Ponies Ready for Races

Sheriff A. C. Francis' three Kentucky fillies, all two-year olds, are stable at Brady and ready for the race meet this week, with Dave Drake, R. B. Redden and Bill Spiers personally in charge. Sister of Wink is reported to have a fourth filly from the same shipment here, at Brady.

Las E. Cook's Little Nell, after winning the juvenile race at Sonora Thursday last second Friday, Cook was reported to have taken the filly, also Paul Harvey's Duff Veda, on to Rock Springs or to Brady.

VISITS SISTER

Mrs. R. H. Green of Long Beach, Calif., arrived Monday to visit her sister, Mrs. Henry Butler. She left for her home Friday night accompanied by Mrs. Laura Wright and Ray Green Jr., who had been visiting in the Butler home. Mrs. Green was enroute from Mexico City where she attended the convention of Rotary International.

DANGEROUS FIREWORKS

Editor's Note: This article is a reprint from "Health by Radio", a series of health talks which have been broadcast over station WGY by the New York State Department of Health. It is printed at the request of the Midland County Health Board.

Next Thursday is the "Fourth"—the day of days in the history of our country, and the day when the young idea feels himself privileged without let or hindrance to create a racket from daybreak until bedtime. Do you remember, you parents, how you got up before sunrise in order to beat the rest of the gang in shooting off the first firecracker; and if you got there first, how you crowded all day long? As Briggs says, "those were the days of real sport."

However, the same cartoonist also says "someone is always taking the joy out of life," and I suppose the youngsters today think that is what we are trying to do. Far from it! Not for a moment would we put a damper on their enthusiasm so long as they celebrate with safety to themselves. And just because we have a genuine regard for the happiness of the children, we want you, their parents, to give the matter a little thought, and plan their celebrations wisely. Teach them how to handle fireworks; show them what the dangers are and how to avoid them. By doing this you will save yourselves many hours of possible anxiety.

Within the last few years, manufacturers of fireworks have been selling something which makes a lot of noise and is apparently harmless. This is known by various names: "nigger chaser", "spit-devil", "devil-on-the-walk", and "son-of-a-gun". Set off as directed by placing them on a hard surface, such as the sidewalk, and applying pressure with the heel, "spit-devils" are relatively free from danger, although like any other kind of fireworks they may cause burns. Nevertheless there is one distinct and grave danger attached to them. They are made of yellow phosphorus, which is one of the most poisonous chemicals known. Many fatalities are on record, due to children putting these "spit-devils" in their mouths. For this reason, don't permit young children to handle them. If in spite of your directions to the contrary, your child should put this material in his mouth, give him liquid petroleum, or mineral oil, and call your doctor immediately.

Another type of noise-producing apparatus which is dangerous in the hands of the young boy is the blank cartridge pistol. He views the blank cartridge as entirely harmless and shoots the wads from his pistol with utter abandon. Many times children shoot the wads from blank cartridges into their hands or other soft tissues. When this is done, particles of dirt on the skin are driven into the underlying flesh, and there is no type of wound which so frequently results in lockjaw. If your own child is so unfortunate as to receive a wound of this sort, don't attempt to do anything other than first-aid. Call your doctor at once and let him give the lad some tetanus antitoxin. If given early enough this will prevent lockjaw, which is almost always fatal, if it once develops.

In recent years there seems to have been a tendency to depart from the "safe and sane" idea of celebrating the "Fourth". Although many communities have ordinances to restrict the sale of fireworks, these are not always observed. Frequently such sale is started days and even weeks before the "big" day. Oversize firecrackers, blank cartridge pistols and other forbidden articles are stocked and sold unless someone protests. By such protests you will be lending a hand in preventing what has been all too frequent in the past—a tragic ending to a happy day.

Renowned Dancers Coming

Joseph von Hahn and Martha DeNegre, world renowned dance team, will appear at the Crystal Ball room of Hotel Scharbauer on Thursday evening, July 4, giving an entertainment program in connection with a dance. Metropolitan critics, as well as those of Latin American cities, declare the team to be artists of the most fascinating type, unique and unusual.

Renowned Dance Team Whose Work Has Attracted World-Wide Comment To Appear at Crystal Ball Room July 4

En route from the West coast to Chicago, the renowned dance team, Joseph von Hahn and Martha DeNegre, will appear at the Crystal Ball room of Hotel Scharbauer on the evening of July 4 in connection with a dance which is announced today by C. A. Sheffield, hotel manager. The Hahn-DeNegre team comes to Midland after a four year tour through South and Central America, the West Indies and Mexico. The work of these artists covers the whole scope of dance interpretations, from such comedy as the "Goliwog Cake Walk" (DeBussey) to the "Dance of Death" (Sibelius). Press notices from metropolitan cities of the United States, as well as from the larger Latin American cities, are convincing in stamping them as among the true artists of the present day. Some of the typical comments follow: New York Times—"Martha DeNegre and Joseph von Hahn have attracted wide attention in New York. Their dancing has been enjoyed by larger audiences than those of the Metropolitan stars." Boston Herald—"As might be expected, there was an exhibition of Cossack steps, and this included an extraordinary exhibition of pirouettes by Mr. von Hahn." Chicago Evening American—"Mr. DeNegre without a doubt is as good a toe dancer as the dancing world claims. Her adagio with Mr. von Hahn, however, was a sparkling gem of the art." La Prensa, Porto Rico—"Von Hahn and DeNegre are exquisite interpreters of the art of choreography." El Mundo, Havana, Cuba—"In all their numbers they were recalled many times, especially for the 'Gold Dance'. A clamorous success." Journal De Comercio, Rio de Janeiro—"These two exotic dancers, these two advanced and modernistic dancers have given us a new mode of the art of dancing." The team recently appeared on a West Coast program at which Williams Gibbs McAdoo, Will Rogers, celebrated movie stars and notables of that section were guests. They will be presented at Midland by Fred Mann. The artists, while stopping at Midland, will visit in the home of Mr. and Mrs. Fred S. Wright, personal friends.

Allred Inaugurates New Radio Program

AUSTIN, June 29.—A special three-times-a-week radio program, marking the 100th anniversary of the Texas Rangers will be inaugurated Monday at 5:45 p. m. when Governor James V. Allred dedicates the new series in a speech to be delivered from the executive offices in the State Capitol at Austin. The broadcasts will be heard over WFAA, Dallas; WBAP, Fort Worth; WOAI, San Antonio, and KPRC, Houston. Texas Quality Network Stations. The Governor, whose reorganization plans for the Texas Rangers have attracted national notice, is expected to sketch a brief history of the adventures and development of the Rangers during the last century, as well as to outline some of the plans for the future of the body, as a highly efficient modern unit of the newly created State Department of Public Safety. Governor Allred's speech will be the feature attraction in Monday afternoon's program which introduces a radio series to be known as "Riding With the Texas Rangers". Also to be introduced in the opening program are "Curly" Sims, accordionist and cowboy tenor, whose songs will be featured during the series, and "The Colonel", engaging plowder character who will tell the Rangers stories which are to be a part of each program. Historical accuracy will mark the presentation of each episode, according to the Kellogg Company of Battle Creek, Michigan, sponsors of the series. Exhaustive research in the state files at Austin, in contemporary newspapers and documents, will provide the facts for the series. The authenticity of each episode is vouched for by the office of the Adjutant General in Austin, thus giving the series a definite historical value. Opening episodes of the series carry a Centennial flavor, dealing with the creation of the Texas Ranger force and its Indian conflicts in the 1830's. "In this strictly Texas broadcast," said A. H. Wilde, southwestern representative of the sponsors, "we plan to present in the most interesting manner possible, a chronological account of outstanding events in Ranger history. Primarily for boys and girls, we know that every Texan is proud of the Rangers, and we believe that many listeners of all ages will welcome an opportunity to hear well-told factual accounts of the exploits of this world-famous group." The broadcasts will be heard over WFAA and WBAP each Monday, Wednesday and Friday at 5 p. m., and over KPRC and WOAI at 5:45 p. m.

WARNER BAXTER IN NEW ROMANTIC ROLE IN PICTURE

Responding to the demand of the public, Warner Baxter has created a screen role more romantic than his famous "Cisco Kid". The picture is "Under the Pampas Moon," now playing through Monday at the Yucca Theatre. Warner Baxter takes the part of a South American gaucho, a cowboy of the great plains of the Argentine republic. A nomad, a descendant of the bandit crews which roamed the pampas and raided villages before the railroad and civilization settled the country, the gaucho is part Spanish and part Indian, controlled now but not tamed. He is a roistering, hard-tiding sentimental fellow, inseparable from his horse, quick to fight and quick to forgive, careless in his love-making but tender and chivalrous to the weaker sex. For some time a suitable vehicle of this type has been sought for Baxter and "Under the Pampas Moon" is the result of this long quest. It has an entirely new setting for a screen play and beside the team of the Yucca Theatre on the vast rolling pampas, it introduces vivid and colorful scenes of Buenos Aires. Opposite Baxter is Ketti Gallian, the French star who scored so heavily in her first American appearance in "Marie Galante."

Murder in the Fleet Now Showing at Ritz

Thrills and mystery against the quickly shifting panorama of life aboard a warship, provide gripping entertainment in "Murder in the Fleet," unique detective thriller now playing through Monday at the Ritz Theatre. The Metro-Goldwyn-Mayer production uses a cruiser during maneuvers, as the locale for a series of baffling crimes, and the work of a young naval lieutenant in ferreting out a criminal amid the civilian visitors, government officials and naval crew marooned on the vessel until the murderer is brought to light in the final scenes of the engrossing story. Jean Parker plays the feminine lead opposite Robert Taylor who re-lead played in "Society Doctor". Others in the cast include Nat Pendleton, Ted Healy, Jean Hersholt and Una Merkel.

Crash Provides Feast

WILSON, N. C. (UP)—A crash between a pie truck and a lumber truck provided a lucky break for three bystanders who hadn't eaten in three days. The pie truck overturned, spilling a welcome meal at their feet.

Pet Rabbit Ferocious

PAINSVILLE, Ohio (UP)—Primo Carners, George Crehore's pet rabbit, chases cows and children. Crehore, as a result has nailed up a sign in his yard to warn passersby. It reads: "Beware of the rabbit."

Mississippi River dumps more than 400,000 tons of dirt into the Gulf of Mexico annually.

ry a Centennial flavor, dealing with the creation of the Texas Ranger force and its Indian conflicts in the 1830's.

Frozen apples have been kept for four months without losing an appreciable amount of vitamin C.

The Town Quack (Reserves the right to "quack" about everything without taking a stand on anything.) I heard this way back in the early days: "If you would avoid the suspicion of your neighbors, never carry your molasses in a demijohn." A wise man is the man who investigates, instead of assuming that he knows the answer. There isn't a police department in the world that can arrest the flight of time. The meanest remark ever made: "I admire talkative women because there are no other kind." Why laugh at old fashioned people? They are as happy and comfortable as you are. The man dissatisfied with himself does not spank himself, but grumbles at the faults of other people. A person: "I am a reformer until my personal habits are condemned. Then I become a conservative." An old man: "I do not complain. I realize all people including myself must die. My only regret is that I have never caught up with my work, and never will."

This is the time of year when a man home from a two weeks vacation is able to go back to work after a three weeks rest. And then there was the woman who cured her husband of walking in his sleep by the simple method of sprinkling ticks on the floor. When the old man has a headache his children appear to be very noisy. And very often he remonstrates with them for being noisy when someone should remonstrate with him for what gave him the headache.

This always appeared funny to me when I read it in an ad: "Come early and avoid the rush." Heard recently during a shower: "Don't give him my umbrella, it has his name on it."

Choose Dependable Dishes for Buffet Party Is Advice By MARY E. DAGUE NEA Service Staff Writer

Giving a buffet party? Then plan, plan, plan days ahead so that on the day you'll have little to do but get out the silver and set the table. There are as many ways of setting buffet tables as there are hostesses to set them. The same is true with menu making, but one thing is certain—good old food standbys are most popular for a serve-yourself party.

At one end of the table put a platter of cold cuts. At the other end and sharing honors put a big bowl of salad. Balance the table by placing the hot-dish between the tray of sandwiches and pile of plates and napkins on one side of the table and the flat silver arranged in precise rows on the other side. Then as you add to your menu to suit your needs, remember to keep this balanced distribution of foods and dishes.

Distinctive Hot Dish Needed Sometimes the beverage is served from the buffet table, but usually it's more convenient to serve from a side table. The hot dish may be a savory, a curry, a Newburg, or something thermidor. But whatever it is, don't repeat a flavor or ingredient featured in either the salad or meat platter.

I make up my meat platter of thin slices of cold baked ham, slices of breast of chicken, pickled tongue and salmon. Then I do a hot dish of fish and a salad of vegetables. Accessories are: A cheese tray with several kinds of cheeses and at least two varieties of crackers, and a relish tray with celery hearts, radish roses, ripe and green olives, pickles and a form of jelly.

If you add a sweet, let it be pretty—ice box cake, lemon meringue pie, filled sponge or angel food cake a Bavarian cream or a baked and chilled fruit whip with whipped cream. A dessert that deteriorates on standing is unwise for the maidless hostess. At a buffet dinner the host often carves the hot roast at the head of the table. A handsome leg of lamb, half a ham stuck full of cloves and roasted, boned and stuffed cushion of veal, crown roast of lamb, larded fillet of beef or a perfect meat loaf. Any one of these is delicious. A vegetable, a salad and dessert complete the menu. Cocktails and canapes may be passed in the living room before dinner or they, too, may be served from a side table in the dining room.

Father Arrests Daughter LEWISTON, Ida. (UP)—Traffic Officer Harry Clark is a Roman father. When he saw his daughter, Faye, driving a car bearing a dealer's license, he took her into court, where she was fined \$5.40.

GULF TRIUMPHS OVER HARDWARE IN 4-3, 10 INNING THRILLER

ADAMSON HITS; PITCHES CLUB TO ITS VICTORY

The Gulf softballers won a tenning thriller from the Hardware Friday night when Adamson, Gulf pitcher, lined out a ringing baseball with the bases loaded to send Stephens home with a run to give them a four-to-three victory.

The game, scheduled for earlier in the season but delayed by rain, was easily the best of the season and despite a couple of innings when the spectators and players had some trouble following the ball due to the blowing sand it was replete with thrills that kept the large crowd keyed up as long as it lasted.

There was one sensational play after another as first one club and then another stopped rallies by the club at bat. Ronald Morgan of the Hardware and Hill of the Gulf made some wonderful catches deep in left for their respective teams but the fielding gem of the night was made by Woods of the Gulf when he raced out into right field and took what seemed to be a sure base-hit from the bat of B. Morgan. Woods almost lost the game on the next play, however, when he misjudged a pop fly and let two runners score for the Hardware and send the game into extra innings.

Three errors by Manager Girdley of the winners put Adamson in the hole several times but he only bore down harder and when it came time that a hit meant the game he provided that he could do more than pitch the ball.

The Gulf took the lead in the second inning when they loaded the bases on a walk, hit and error and then Woods came through with a long triple to right field to send all runners home.

The Gulf never made a threat to score after that until the tenth and only one Gulf man was able to reach first base. Heath got a base hit in the sixth but was left on base as the next two men were retired.

The Hardware picked up one run in the third when Varner reached first on Heath's error, reached second on an infield out, third on an error by Girdley, they managed to tie the game up in the sixth when they managed to put together two hits and two errors for two tallies. They were retired in order in the seventh, eighth, ninth and tenth.

The box score:

Gulf		AB	R	H	E
Woods, 2	4	0	2	0	0
Ellis, r	4	0	0	1	1
Heath, ss	4	0	0	1	1
Hill, l	3	0	0	0	0

Gen Lost 16 Years Found
PORTAGEVILLE, Mo. (U.P.)—Mrs. Grover Meate is wearing her diamond brooch again. She found it at the cemetery, 16 years after it was lost.

Flubdubs

BY JESS RODGERS

Once more the Colts will swing into action today when they take on the Grand Falls club here this afternoon. Don't know anything about the visiting team but Prexy Pyron says that they are a shade tough.

At last things are getting organized in the softball league and we can promise to publish a box score on the games hereafter.

The game Friday night between the Gulf and Hardware was as good as any seen here in many a moon. It was a tenning struggle replete with thrills in practically every inning.

"Fats" Woods was the hero of the Gulf win with both offensive and defensive brilliance but he came near to being the goat when he misjudged a short Texas leaguer in the seventh inning and let the Hardware make two tallies to send the game into extra innings.

Joe Pyron says that if the idiots who have been circling the baseball field in their cars while it was well just come forward and admit it he will see to it that they are causing a lot of trouble for others. It will take several days of hard work to get the infield in the playing condition that it was.

Personal Opinions
Jack Dempsey could whip Carnera, Baer, Braddock and Schmeling all in the same evening without getting worn.

Joe Louis will take any of them, excepting Dempsey, of course, like Grant took Richmond.

The United States Davis cup team will not win the coveted trophy this year.

Bill Collins, McCamey sports writer and president of the Permian Basin league, says that McCamey will win the second half of that league. He's nuts—Crane will walk off with it.

We are ready to back out on our statement that the Hughes Tool club will win the softball league here this season. There are three clubs in the league at present playing better ball than the Hughes club and Manager Blalock has not made the replacements necessary for a winner that we thought he was going to make.

James White would not make the Colts if it were not for the fact that his father is manager. Girdley, Hill and Estes can play rings around him in the outfield and with the exception of Girdley they will outwit him.

"Dutch" Baumgarten is the most valuable member of the Colts.

Manager Heving may last out the season as manager of the Ft. Worth Cats but he will not be back next season unless they show a lot of improvement the rest of this season.

There should be an open season and no bag limit on society editors.

"Doc" Ellis is the best lead-off man in the softball league and "Fats" Woods is the hardest man to get out.

Not more than two members of the Hughes Tool club can hit a high ball.

Bill Howard likes a low outside ball but Hurshel Howard does well to foul one below his waist.

H. Strauss is the hardest pitcher in the league to hit but he can't take it.

Just Flubdubbing Around
The Gulf softball team will go to Pecos July fourth and play an all-star team of that city in the two-day celebration that will be going on there.

Only one game has ever been lost

"Standard of Sun" And Comanche Flag Flew Above Texas

AUSTIN, Texas.—Texas has been under the flags of seven ruling nations instead of six as heretofore recorded in history. This discovery was made recently by Mrs. Mary Jordan Atkinson, author of a volume on Texas Indians which is soon to be released by the Navlor Publishing Company. In delving into dusty archives and ancient Spanish Government records in the University of Texas library, she has brought to light many interesting and heretofore little known facts connected with the Indian tribes who inhabited Texas at and immediately after the time of the first coming of white man to this vast domain. She has found that the Comanches who rose to control over a large part of what is now embraced in the area of this state had their own flag which waved over the villages in their vast barbaric empire.

The rise of the Comanches began with the spread to the lower brush region of Texas of wild mustangs in the sixteenth century. The horses which were first introduced by the Spanish conqueror Hernando Cortez, were the progenitors of the mustangs which in later years roamed at will in great droves over the Southwest. Their coming sounded the knell of the buffalo and transformed the Comanches and other Indian tribes from peaceful hunters to fighting redskins.

The Indians of Texas were sun worshippers. The glaring orb of day was an important factor in their lives. The theme of the sun runs through all of the Indian lore unearthed by Mrs. Atkinson.

"Among the flags that waved over Texas have never been mentioned the standard of the sun and the blood-red banner of the Comanche."

Earliest Texans' Affairs Studied

SAN ANTONIO (U.P.)—Sidelights on the military and civil life of persons living in the Spanish province of Texas in 1804 are reflected in translations of the Bexar county archives received recently by County Clerk B. L. Ladon.

About 1,000 pages of material were translated by students at the University of Texas. Much of the material is in the form of military reports which are prosaic reading, but now and then there is some information given which gives an insight into the life of the people.

In one document, Charles V. king of Spain, urged his representatives in the provinces to see that certain pamphlets on agriculture published in Spain, be distributed in the provinces.

The King, according to reports of his viceroys, believed that the "farmer was the backbone of the country."

Plantation owners with slaves had many troubles, among them the problem of expiring runaway slaves. The Spanish government cooperated with them, and in one re-

Midland Man To Marry Greenville Girl in Ceremony This Afternoon

Mr. John R. Crump of Midlandson of Mr. and Mrs. C. L. Crump of Fort Worth, and Miss Eloise Washburn, daughter of Mr. and Mrs. E. R. Washburn of Greenville are to be married this afternoon at Greenville. The ceremony will take place in a Christian church at 4:30 o'clock with Rev. Leo Johnston, pastor of Oak Cliff Christian church in Dallas officiating.

The bride will be attended by Mrs. her sister-in-law, as matron of honor and by Miss Olney Black of Greenville as maid-of-honor.

The groom will have as his attendants a group of college classmates including Mr. James Hallmark of Fort Worth as best man and Mr. Paul Martin of Oklahoma City and Messrs. Patrick Henry Jr., and Richard Long of Fort Worth as ushers.

Mr. Crump was reared in Fort Worth and educated in the public schools of that city and in Texas Christian University from which he received his degree in 1933.

He has lived in Midland for more than a year, being associated with the geological department of the Gulf Production company.

He is active in musical circles here and is a member of the Rotary club.

Music was one of his interests during his TOU schooldays. He was a member of the college quartet and sang in the glee club of which he served as president in 1933.

Miss Washburn was reared in Greenville attending the Greenville public schools and Wesley College. She also attended Texas Christian University, receiving her degree from that institution in 1933. Her marriage with Mr. Crump is the climax of a college romance. For the past two years she has taught in the Kerens, Texas, schools.

Among pre-nuptial courtesies tendered the bride-elect by Greenville society were an announcement party in the form of an afternoon bridge and a musical tea.

Shortly after the wedding the couple will return to Midland where it will make its home at 407 W Illinois.

"The Drinks Are On the House"

By MARY E. DAGUE
NEA Service Staff Writer

Would you think of combining pineapple and coffee for one of those cooling hot-weather drinks? You'll like it.

And, moreover, according to the Chemical Research of the United States Department of Agriculture, beverages made with charged or carbonated water are healthful drinks. Also they are of some food value due to the sugar used in their making, while the fruit juices, acids, extracts and other flavors from aromatic herbs and roots, as well as the carbon dioxide gas in them act as a tonic and mild astringent. So that ought to settle any worry about putting them on the family menu.

The excess juice left from canning can be used to advantage in the making of summer drinks — have you found that out? Lemons and lime juices are pleasant additions to fruit punches. Also grated rinds of oranges and lemons.

Blend Rind With Sugar Syrup
Add the grated rind to the sugar syrup while it is hot for the best results. Make simple syrup as usual and when it is cooked add the rind of two lemons or one orange for every cup of sugar and let stand until cool. Strain and bottle as usual.

Summer calls for refreshing drinks to stimulate jaded palates—try delicious, golden iced pineapple coffee for a change.

Method of Canning Cheese Explained By Dairy Expert

The following information concerning the canning of cheese is obtained from Mr. H. L. Wilson of the Bureau of Dairy Industry, Midland county woman who have learned cheese making through the home demonstration agent will doubtless welcome this new method of preserving it.

To can cheese instead of trying to cure it in the open—

1. Get a mould that is just a little smaller in diameter than a No. 3 can.

2. Make and press the cheese in the usual way except that no bandage is used.

3. When the cheese is removed from the press, wrap in parchment paper, place the cheese in a can and seal air tight.

4. Store the cans at as near 60 degrees temperature as possible.

The cans are not processed as there is so little air left in the can after it is in the open—

The above method will enable farm women to make American cheese at any time of the year, if they have a cool cellar or an ice box in which the cheese can be cured.

Cheese in cans will cure in from 4 to 6 weeks, the same in the open. There is no drying out of the cheese; no moulds develop on the cheese and no waste in rind.

Mr. Wilson also states that in curing some may develop and in that case the ends of the cans will swell a little, but the cheese will be wholesome.

Entertaining for her daughter, Doris Lynn, on her tenth birthday, Mrs. Leonard Pemberton was hostess at a swimming party for a group of girls Friday afternoon at 4 o'clock.

Guests gathered at the Pemberton home, 1108 W Illinois, and went from there to Pagoda Pool for swimming. Afterward, they returned to the home where a picnic supper was served on the lawn.

Favors were dainty paper fans. The girls list included: Myrtle Jean Butler, Jo Ann Proctor, Ethelbert Jean Wilson, Eula Ann Tolbert, Charlotte Kimesy, Emily Jane Lamar, Clema Jones, Patsy Batcher, Mary Lee Sluder, Elma Jean Noble, and Ly Nell Maddox of Tahoka. Other guests were Jessa Lynn Tuttle and Jackie Beaver of Oklahoma City.

At The Library
Additional volumes on the memorial shelf are:

Woman's Missionary Society of the Baptist Church in memory of former: "How to Pray" by R. A. Torrey.

Althean Class, Baptist Church, in memory of: Mr. John M. Cowden, teacher, Mrs. Mayme Cowden Rowe, Mrs. Pray Cowden Neblett, Mrs. Maria Scruggs, "Brahms" by Walter Neimann.

Mrs. E. H. Ellison, in memory of her father, "The Mansions and Historic Homes of the Hudson Valley" by Harold Donaldson Eberlein.

Mrs. Ola Dublin Haynes, in memory of her father, Mr. J. R. Dublin: "The Hawks of North America" by John Richard May.

New books in the juvenile department are:

The Shrine Colt, by Zhenya and Jan Gay; Seneca Indian Myths, by Jeremiah Curtin; Winona's Dreams Come True, Winona of Camp Kar-o-ya; Winona's Way, and Winona on Her Way by Margaret Widdemer; Three and The Moon by Jacques Dorey; Benny and his Penny, by Lenksi; Dog-buskey, by Thorne; Fairy Tales from India, by Katharine Pyle; From the Horn of the Moon, by Arthur Mason.

New adult books on the fourteen day shelf include:

Legends of the Madonna, by Jameson; The Pooch, by Ross Santee; Old Boston in Colonial days, by

Patriotic Colors Mark Party for Lucky Thirteen

Mrs. John P. Howe entertained the Lucky Thirteen club and guests with a lawn party at her home, 1311 W Holloway, Friday evening at 8 o'clock.

Six tables of 42 were played with Independence Day Colors of red, white, and blue being used in table covers and tallies.

High score for games went to Mrs. Dorey Pope.

The guest list for the evening included husbands of Lucky Thirteen club members and Mmes. and Messrs. Dewey Pope, Chas. Nolan, Roy McKee, and Chauncey Garrison.

During the refreshment hour, tables were laid with lunch cloths of red, white, and blue and plate favors were miniature flags.

A new guessing game, "The Magic Wand," was played immediately following the refreshment period, affording the guests much amusement.

Club members present included: Mmes. J. A. McClurg, W. N. Cole, Ellis Conner, Geo. Hallow, O. H. Jones, J. O. Vance, B. M. Hays, J. C. Hudman, and the hostess.

Among pre-nuptial courtesies tendered the bride-elect by Greenville society were an announcement party in the form of an afternoon bridge and a musical tea.

Shortly after the wedding the couple will return to Midland where it will make its home at 407 W Illinois.

Addison Wadleys Are Hosts for Picnic at Home

The back yard of the Addison Wadley home, 907 W Michigan, with its green turf set off by blossoming cammas, roses, honeysuckle, and other flowers, was the scene of a picnic given Friday evening by Mr. and Mrs. Wadley for members of the Addison Wadley department store staff.

The yard with its fish pond and outdoor furniture was an attractive setting for the group's informal lunch and social gathering.

Attending were: Mmes. and Messrs. J. B. Hoskins, Jim Schroeder, Alf Reese, N. W. Bigham, Mmes. Aise Newman, Jack Hill, Dona Dunagan, Aldredge Estes, Miss Jessie Moody, Messrs. T. J. Miles and Bill Hembree, Aldredge Estes Jr., and the host and hostess.

Vanilla Wafers
Three tablespoons butter, 3 tablespoons lard or other shortening, 1 cup granulated sugar, 1 egg, 4 tablespoons milk, 2 cups flour, 2 teaspoons baking powder, 1-2 teaspoon salt, 2 teaspoons vanilla.

Vanilla Wafers
Cream shortening, beat in sugar, stirring until creamy. Add egg well beaten with milk and vanilla. Mix and sift flour, salt and baking powder, and add to first mixture. Chill for an hour before rolling. Bake on a buttered and floured cookie sheet in a moderately hot oven (375 degrees F.) for ten minutes.

Fifteen Attend PWA Picnic, Party at Odessa Friday

Fifteen girls from Midland accompanied by Mrs. Iris Bounds and Mrs. H. N. Phillips attended a picnic supper and informal social gathering by the Odessa YWA Friday evening. Ten of the girls remained in Odessa overnight for the "slumber" party and breakfast this morning which completed the organization's entertainment.

The party going from here included: Misses Thalia Howell, Aine Faye Dunagan, Lola Mae Patrick, Edith Bizzell, Nora Mae Bizzell, Zelah Gravette, Marjorie Kidwell, Marjorie Ward, Dorothy Hines, Dorothy Dunagan, Lorraine Sindorf, Vivian McCargo, Obara Hines, Mrs. Bounds and Mrs. Phillips.

Those who returned to Midland after the picnic were: Misses Howell, Sindorf, McCargo, and Mmes. Phillips and Bounds.

It had been planned to picnic at the Barrow ranch but a heavy rain made it advisable to return to Odessa where a lunch was served in the Baptist educational building. An informal social followed.

During the evening Mrs. Bounds made an extemporaneous talk on YWA work, the YWA quartet sang and Miss Nelle Ruth Aiken presented a piano solo.

The girls who remained for the house party spent the night at the educational building. Breakfast was served to them at the same place Saturday morning by members of the Odessa Baptist women's mission society.

The Midland visitors returned home early Saturday morning.

Amarillo Plans Confederate Meet

AMARILLO. (AP).—The Amarillo camp, Sons of the Confederacy, has been organized in preparation for the 45th and perhaps the last annual convention of United Confederate Veterans here September 3 to 6.

Sons of the Confederacy, the Confederate Memorial association and other organizations allied with the U. C. V. will meet here at the same time.

Carl S. Makeig was elected commander-in-chief of the Amarillo camp, which hopes to have an enrollment of 1,000 by convention time. Other officers named were: First lieutenant-commander, Norris Ewing; second lieutenant-commander, James Lumpkins; adjutant, L. L. Landis; treasurer, Carl Hinton; sur-

geon, Dr. R. D. Gist; color bearer, Guy A. Carlander, and chaplain, Bishop E. C. Seaman.

Hinton, who is past national commander of the organization, predicted that the charter membership of the Amarillo camp would be larger than any other in the nation.

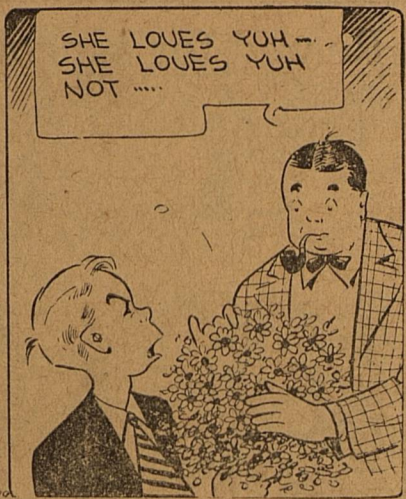

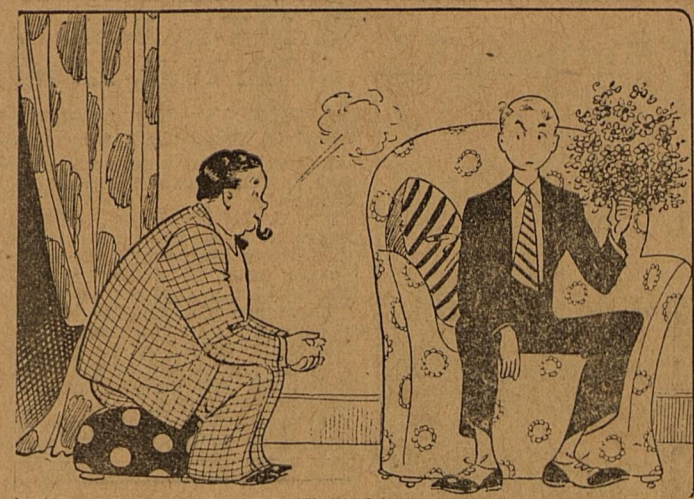

The Amarillo unit, named the Piemons-Shelby camp, will sponsor two grand balls during the convention. One will honor visiting members and the other Confederate veterans.

Amarillo business men and citizens have underwritten a \$10,000 fund to back the convention.

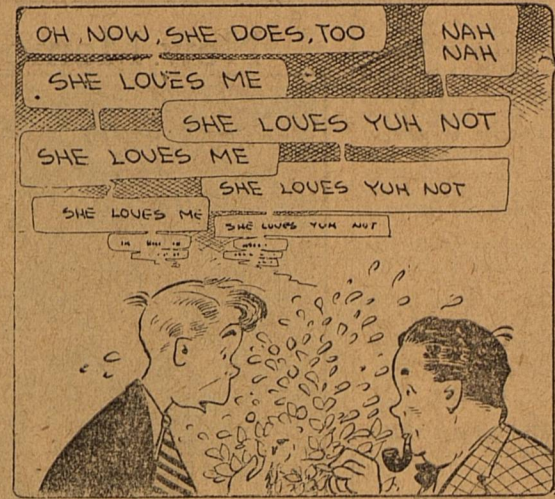

Heavy-Fingered Thief Sought

SEATTLE, Wash. (UP)—King county deputies are searching for a "heavy-fingered" thief who stole 30 steel rails from the track of the Brantner Logging company railroad.

Specie of IbeX Is Found in Arizona

FLAGSTAFF, Ariz., (U.P.)—Fastnesses of the little-explored and almost inaccessible Sycamore canyon northwest of here may harbor a species of ibex, hitherto unknown outside Africa, reports reaching here indicated.

Heved the so-called "ibex" may be the result of strange inter-breeding between domestic sheep and mountain goats. He pointed to the fanciful colors of the wool from sheep raised by Navajo tribesmen in support of his contention.

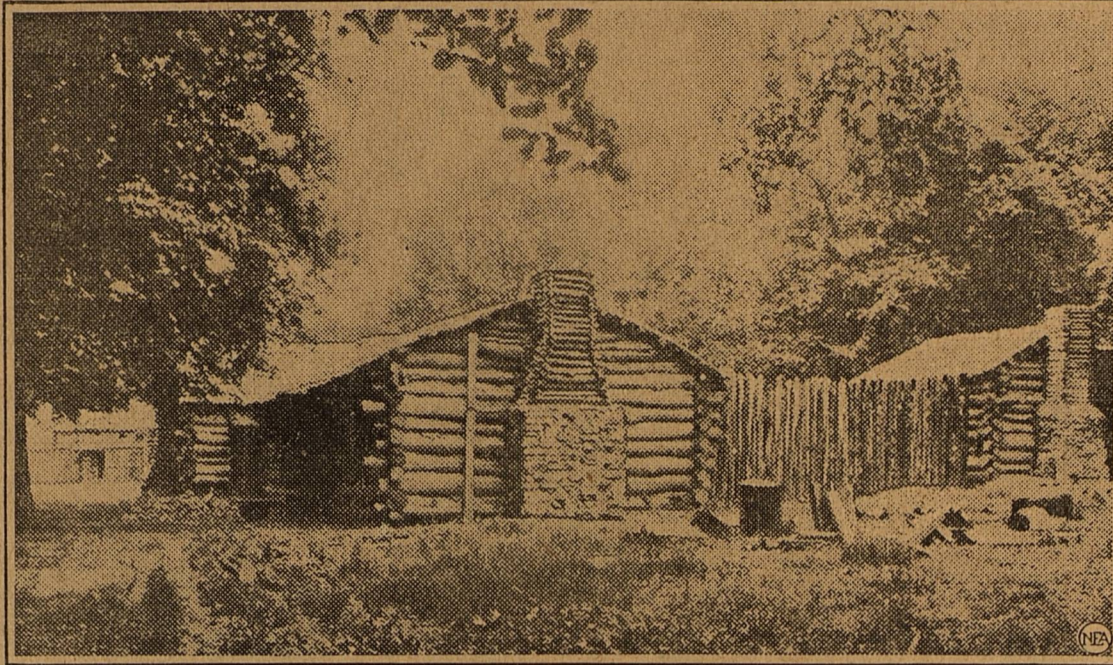

HERE FROM CRANE

Jack Young was a business visitor from Crane Saturday.

RETURNS TO LUBBOCK

Miss Lillie D. Midkiff, who has been visiting in the home of her parents, Mr. and Mrs. T. O. Midkiff, for several days, plans to return to Lubbock.

New Memorial Reared for Lincoln in Indiana

A new national memorial to Abraham Lincoln, to be dedicated July 4, is this Lincoln pioneer village, erected in the city park of Rockport, Ind., near the place where the Emancipator lived from his seventh to twenty-first year.

"Big Laws" Go to Stamford Reunion

STAMFORD, June 29.—Law and order will prevail in Stamford during the Sixth Annual Texas Cowboy Reunion which opens here Tuesday, July 2, to continue through July 4.

Adjutant General Carl Nesbit, six Texas Rangers, eight State highway patrolmen and one company of national guard will be here during the Reunion besides members of the sheriff's department, the city police department and visiting sheriffs and police.

From past experience, it is not expected that any of the array of police will be needed except for traffic regulation, as the Cowboy Reunion has gained a reputation of being one of the most orderly and sober gatherings in the state.

General Nesbit and the Rangers are coming just to attend the Reunion. Capt. Tom Hickman of headquarters company, Austin, will be one of the rodeo judges. He will be accompanied here by Ranger Stanley of Austin, Capt. Fred McDaniel of Fort Worth and three men from his company of Rangers are to attend.

Capt. L. G. Phares, chief of the Highway Patrol, will be here as a visitor, but the eight patrolmen from his force will be on active duty directing traffic on the highway approaching the gates of the Reunion grounds. Local Boy Scouts will have charge of parking of automobiles inside the grounds.

Company K, 142 Infantry, the Stamford unit of National Guard, commanded by Capt. F. M. Locke, will be on police duty inside the Reunion grounds and guardsmen also will serve as traffic police in the business district.

Chief of Police G. G. Flournoy will have general charge of traffic and police and Sheriff Jim Lee Gordon and members of his force will be on duty at the grounds, which are outside the city limits.

Larrimore Will Play Country Club Dance

The Lewis Larrimore orchestra, engaged to play at the Fourth of July dance in the Scharbauer will furnish the music for the Country Club dance the night of July third.

The orchestra will be accompanied by the sensational dance team Joseph von Hahn and Martha DeNegre.

The Hahn-DeNegre team comes to Midland after a four-year tour through South and Central America, the West Indies and Mexico.

Press notices from metropolitan cities of the United States, as well as from the larger Latin American cities, are convincing in stamping them as among the true artists of the present.

The dance will be open to members of the Country Club and their guests.

Judge James T. Brooks of Big Spring was in town Saturday.

Mr. and Mrs. L. A. Arrington have returned from a trip to Dallas, Fort Worth, and Mount Vernon, Texas.

John P. Butler is back in town.

REV. MINTER ILL
Rev. K. C. Minter, pastor of the First Methodist church, is ill at Bryan, Texas, according to a telegram to return to Midland early gram received here Saturday. He this week.

RETURNS HOME
Mrs. F. L. Flanigan returned to her home east of Midland Saturday, after sustaining an operation in a Midland hospital recently.

Two Crimes in One
SMITHFIELD, N. C., (U.P.)—It was as much a crime to leave the three-day-old chick unprotected from the cool night air as it was to steal the mother hen, a judge decided, and sentenced the negro defendant, who pleaded guilty, to 60 days.

Idaho Indians Begin Today on 3-Day Sun Dance

FORT HALL, Idaho, June 29, (P.)—When dawn breaks across the eastern ranges tomorrow, sick and ailing Indians of the Shoshone and Bannock tribes will gather in a willow enclosure on Fort Hall Indian reservation to begin their grueling three-day sun dance.

The sightless, the aging, the crippled; the aching come with implicit faith the great spirit will bring them relief if they but show their courage and endurance in this dance.

To the monotonous thumping of heavy sticks upon skin-covered tom-toms the weird chanting of blanketed squaws and the rhythmic notes of shrill whistles carried by the dancers, the ailing Indians will shuffle back and forth.

In the center of the enclosure a tall pole will be topped by a bundle of sticks and the skull of a buffalo. Within these sticks and the skull the great spirit is believed to dwell during the dance listening to the pleas of the braves.

An Indian brave blowing his shrill feather-bedecked willow whistle, will jog from the edge of the arena toward the pole, head uplifted toward the resting place of the great spirit. Others will follow the leader. Some will come out on crutches. Some will have bandages over their eyes.

The man with the crutches often discards them and dances to the pole pole and back. Others jerk bandages from their eyes, hoping to see from behind the cataracts that cover them.

The sweating, half-naked Indians will rest occasionally. The white man will make them do this. It used to be the dancers would go on until they dropped.

The numerous "cures" achieved, medical authorities say, doubles are due to the fact that the dancers abstain from food and drink and through the perspiration created by the exercise, expel many poisons from their bodies.

When the dance comes to an end a great feast is held. After the braves have had their fill the squaws dine on the remainder. The date of the dance was advanced this year to permit the farmer-Indians to tend the crops.

Early Text Books In Univ. Library

AUSTIN, (U.P.)—If you went to school in Texas "back in the good old days," the very books you studied may be found at the University of Texas.

Dr. J. L. Henderson, education professor, is chiefly responsible for collecting a library of 4,033 volumes—books used in Southwest public schools during the last 50 years. There are McGuffey's Readers, which everyone remembers, Ray's arithmetic, Steel's sciences, Harvey's Grammars and Maury's Geography. All are familiar names to the student of 1900.

Copies of 90 per cent of the textbooks used in the last 37 years in

Texas have been acquired. Henderson hopes to perpetuate the library by getting books as they are introduced in state public schools.

WHAT'S IN A FLOOD?

ROTAN, (P.)—Flood waters is believed to have driven a swarm of bees to the Nealy A. Morton home here, where they entered a hole in the stucco and now are busy producing a crop of honey.

Mr. Morton discovered them entering the wall from a rear porch and found they had filled a space about four by six feet. He is thinking of letting them stay and take honey for his rent.

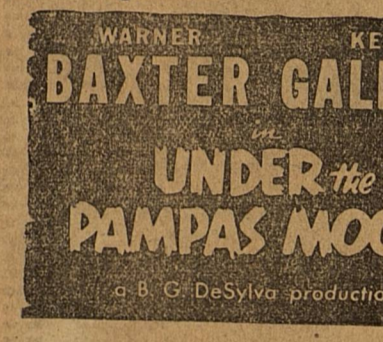

The lemon was introduced into the United States by Spanish adventurers.

DON'T BUY ANY ELECTRIC REFRIGERATOR UNTIL YOU LEARN THESE IMPORTANT FACTS ABOUT THEM

THE GRUNOW IS SAFE with Carrene

- 1. Is the refrigerant in the coils safe.
2. Is the refrigerating unit built to last for years.
3. Is it economical to operate.
4. Does it have a minimum number of moving parts.
5. Is the mechanism sealed and dust proof yet readily accessible for adjustment.
6. Will it keep food at the proper temperature regardless of how hot the weather.
7. Will it make ice cubes and frozen desserts quickly.
8. Is the cabinet steel constructed for strength and well insulated to keep out heat.
9. Does it have beauty and modern design to enhance the appearance of the kitchen.
10. Does it have handy and convenient features.
11. Does it have a durable finish, that is easy to clean and will not color with age.
12. Is it manufactured by a large and reliable company.

Grunow... Uses safe Carrene in the coils, non explosive, non inflammable, non poisonous, non corrosive. Carrene is the most efficient heat remover known to mankind. Grunow refrigerating unit operates on an entirely different principle than any other make of electrical refrigerator. Grunow electrical refrigerator won highest honors at the World's Fair at Chicago. Only refrigerator to receive appointment to the Hall of Science. Let us show you this unit and give you a convincing proof that it is the most efficient and economical electrical refrigerator made. Five years guarantee available on all Grunow refrigerators. You can no longer afford to be without one. Terms as low as nothing down and \$4.50 monthly, you can save much more than the low monthly payments amount to on ice and food. We invite you to see them.
