

THEY RECOVERING FROM WOUNDS

Assembly Program Officially Opens School Term Today

ATTENDANCE AT EXERCISES IS ESTIMATED 600

First Day Enrollment Shows Increase of 11.3 Percent

Midland City Schools officially opened the 1935-36 term with a program of talks by civic and religious leaders of the town, and musical and reading numbers by the student body at the High School auditorium this morning.

Explanation of plans for the new \$70,000 gymnasium building and discussion of the scholastic standing of Midland's High School by Supt. W. W. Lackey and presentation of the parting gift of the class of 1935 to the school were the chief features of the exercises.

Supt. Lackey explained that Midland High School now has six units of affiliation in music. San Antonio is the only other system in the state that has as many as four units.

"I believe we can say we're the best-known school in music programs in the South," he said.

Midland is one of nine schools in Texas which have four units in Spanish and ranks about the same in Latin.

Dr. John B. Thomas, president of the school board, was declared by the superintendent to be the person whose persistence obtained for Midland the Federal grant which makes possible erection of the long-desired gymnasium. The building is to be financed by the Federal grant of more than \$31,000, by a \$15,000 cash supplement which the board is supplying, and by a loan of \$24,000. A cafeteria and bandroom will give added usefulness to the structure for which plans are now being made.

Exercises were opened with three of the concert readings, "Build These More Stately Mansions," "Recessional," and "Psalm 100" for which the Midland school is widely known. Later the hymns "Come Unto Me" and "Angels" were sung by the student body.

Rev. W. J. Coleman of the First Presbyterian church read a scriptural passage and spoke to the students on the importance of learning wisdom, declaring that the sole aim of both religion and education is to equip you to be master of your soul.

Mayor M. C. Ulmer urged high school pupils to seek for understanding of the principles that lead to success in living regardless of whether or not wealth is accumulated.

Dr. Thomas, in his talk, paid tribute to Supt. Lackey as the man whose unremitting efforts, he said, were largely responsible for the high place attained by the Midland schools which now hold 41 units of affiliation.

Rev. K. C. Minter of the First Methodist church and Rev. Winston Borum of the First Baptist church each made humorous talks and Rev. T. H. Bass of the Church of Christ expressed briefly his pleasure at being present. Mr. Bass led the prayer of invocation.

Elizabeth Payne and Maxine Gill, editor in chief of the business manager of the Catoico, presented to the High School the trophy case which was the parting gift of the Senior class of 1935.

Prin. D. D. Shifflett accepted the gift in a short talk in which he praised the 1935 class as a talented one. He said the trophy case was a challenge to the present Senior class to lead the school in filling it.

W. Ily Pratt spoke on the importance of setting goals and striving to attain it, and welcomed the teachers to Midland.

Two musical numbers were presented by Mildred Lydie G. Watson and Ned Watson.

Announcements of various Fine Arts classes were made and visitors were called upon by Mr. Lackey for brief statements.

A parade of Freshmen followed the various talks after which the assembly program and this afternoon assignments for work were made.

ward schools and Junior High school also conducted enrollment this morning.

Approximately 600 patrons and friends attended the opening of the several buildings, about 300 being at the senior high school and about 100 at each of the other buildings.

The enrollment by buildings, tabulated in comparison with figures of last year, shows a total increase of 135, or about 11.3 per cent, over the enrollment one year ago, as follows:

COMPARATIVE ENROLLMENTS	
1934-35 1935-36	
Senior high school	282 427
Junior high school	376 427
North elementary	140 184
South elementary	202 197
Totals	1,000 1,335

STUDENTS ENROLLED, NEW TO MIDLAND SCHOOLS	
Senior high school	33
Junior high school	40
North elementary	25
South elementary	30
Totals	128

AT MISSOURI SCHOOL	
W. F. Armstrong and Dalton McWilliams of Midland began working out this week for football at the Chillicothe, Mo., Business College, Chillicothe, Mo. They enrolled last week after stopping at Tulsa for a visit with Jas. S. Noland and family and with Joe Beane who is attending Tulsa university.	

Italian Trenches On Ethiopian Front Line

Here is the first front-line picture to come out of Africa. It shows an Italian officer manning a machine gun in a sandbagged trench on the Eritrean border of Ethiopia. The elaborate fortification is typical of the intensive preparations made by Italy of its projected campaign against the native tribesmen.

GENERAL RAIN FALLS SUNDAY

CANVASS BOARD STARTS COUNT ON AUGUST 24 VOTES

AUSTIN, Sept. 9. (P)—The State Canvassing board began an official canvass today of returns from the special election August 24.

The canvass was started despite the absence of Attorney General McCraw, who with Alfred and Secretary of State R. B. Stanford, compose the board.

DUGGAN BURIED STATE CEMETERY

AUSTIN, Sept. 9. (P)—The State paid its last respects to Senator Arthur P. Duggan of Littlefield in a brief, simple service in the historic State cemetery.

Burial was high state officials and the late Senator's friends crowded the spacious chamber.

The casket was escorted to the Capitol by a guard of honor of state highway patrolmen and city police and placed before a flower banked rostrum. Rev. Lawrence H. Wharton, pastor of University Presbyterian Church, officiated.

The eulogist Senator Duggan as the ideal type of citizen who served his Nation in war and his State and church in peace.

Services at the grave were conducted by the Masonic Lodge of Littlefield, assisted by the Austin Lodge.

A large delegation from Littlefield, including the services, active pallbearers were M. H. Reed, H. M. Goldsmith, H. A. Wroe, Thomas M. Miller and C. D. Simmons of Austin, J. R. Key of Lampasas, Dr. Whitfield Hays of Dallas and D. D. Peden of Houston.

Honorary pallbearers were Lieutenant Governor Walter Woodul and the Senate membership. A special Senate committee attended.

State flags flew at half mast on orders of Governor Allred.

ELECTION CALLED TO NAME SUCCESSOR

AUSTIN, Sept. 9. (P)—A special election will be held Sept. 28 in the Thirtieth District to choose a successor to Senator Arthur P. Duggan of Littlefield.

Governor Allred signed a proclamation Saturday calling the election, but withheld announcement pending the funeral services for Senator Duggan, who died Friday.

The district is composed of Bailey, Lamb, Hale, Floyd, Motley, Cottle, King, Dickens, Lubbock, Crosby, Horkley, Yoakum, Terry, Lynn, Kent, Stonewall, Borden, Dawson, Gaines, Andrews, Garza, Martin and Cochran Counties.

Mrs. Duggan Seen As Senate Candidate

AUSTIN, Sept. 9. (P)—A possibility that Mrs. Arthur P. Duggan would be a candidate to succeed her husband in the Texas Senate from the 30th district developed today.

Arthur Duggan, Jr., son of the late Senator, said that the question would be discussed in a family conference soon. A successor for Duggan is to be picked in a special election, September 28.

Two-Thirds Inch at Midland; Heavier Over Country

Rainfall of two-thirds of an inch fell at Midland and at the army airbase, Sloan field, Sunday night, with indications of heavier precipitation to the north and northwest.

The gauge in the city showed .65 and that at the army station .64 of an inch.

Streets still were running here today, as the fall was close behind a week in intermittent showers and drizzling rain. Many farmers had to postpone the work of poisoning cotton leaf worms, as well as the cutting of feed which had been scheduled for the first of the week if skies cleared.

Reports said the rain fell all the way here from Sweetwater. Close to the city, the rain was not so heavy, but to the southeast good rains were reported.

The first rain last night came with a heavy cloud from the north and northwest, falling heavily for a half hour and then settling to a slower fall and continuing for several hours.

Grass had greened up all over the Midland cattle country, with the damp weather prevailing thus far.

The rains, estimated at two to three inches, fell northeast of Midland in the Martin county ranch section. Florey and the Five-Well area got heavy rains, it was reported.

"A regular flood" fell at Seminole, one report here by telephone today said. A report that a section of the highway between Lane and Lubbock was washed out had not been substantiated, although it was confirmed that water was running across the highways last night.

Big Spring got another heavy rain last night and a light sprinkle was beginning this morning, it was reported.

Reports received by Southwestern Bell Telephone showed that Pecos received a heavy rain, "almost a flood," which fell in sheets. Stanton also had a big rain while Crane reported a light one.

The P-26 was piloted by Lieut. L. R. Williams and was enroute from Dallas to El Paso.

Youth Wins Prize House

MADISON, Wis. (P)—A 17-year-old newspaper carrier, Wayne Miller, won the right to purchase a \$7,000 modern house for \$1 at a recent housing pageant here.

CUTTERS CAPTURE HUGE SUPPLY OF FOREIGN LIQUOR

CAPE MAY, N. J., Sept. 9. (P)—Laying a shot across the bow of the British oil schooner Popocatepetl, coast guardsmen Sunday seized the boat, three high speed American launches and confiscated a \$200,000 liquor shipment.

Twenty men, officers and crew members of the four ships, were taken under guard to the brig at Cape May air base where they were held for questioning by Commanding Officer L. R. Burke and Government agents.

Burke said the contraband liquor is the largest since repeal. It consisted of 5,000 cases of British whiskey, alcohol and assorted brandies.

Shortly after midnight, three coast guard cutters on patrol bore down upon the British schooner which was anchored about ten miles southeast of Atlantic City, Burke said.

The American boats, Theresa of Marate, Nampah of Point Pleasant and the Dreadnaught were alongside her and cases of whiskey had already been transferred.

The contact launches, forty-foot boats equipped with high speed motors, started to make a run for shore but were soon overtaken and boarded, Burke said.

The Popocatepetl, he said, made no attempt to flee and resistance was made by crew members of any boat.

All the ships were brought to the air base and kept under guard, the Dreadnaught was leaking badly and efforts were being made to keep her afloat. The leak was not sustained in the capture, Burke said.

Southern guardsmen stressed the fact that the British boat was anchored inside the twelve mile limit when picked up by the searchlights of the patrol cutters.

The Popocatepetl carried a crew of eight.

Contrasts in Travel Shown

YELLOWSTONE PARK, Wyo. (P)—A journey that once took him 30 days was completed in three hours by William H. Jackson, 92. In 1886 Jackson traveled as a bullwhacker from Salt Lake City to Yellowstone Park. His last trip was by air.

OLD TIMERS' ADDRESSES WANTED

Please watch this column each day, fill in the names and addresses of all former Midland citizens you know, and deliver or mail them to the Chamber of Commerce. Invitations will be mailed them to attend the Old Timers' Reunion during the MIDLAND FAIR, October 19-23.

11,489,000 IS NEW COTTON ESTIMATE FOR THIS SEASON

300,000 Bales Less Than September Figure

WASHINGTON, Sept. 9. (P)—The Department of Agriculture said today that the cotton crop would be 11,489,000 bales of 500 pounds gross weight as indicated by September first conditions.

The figure was a reduction of about 300,000 bales from the indications of a month ago.

The Texas crop was estimated as 61 per cent of normal, 3,467,000.

ETEX PRODUCTION RECORDS CHANGED TO BOOST OUTPUT

AUSTIN, Sept. 9. (P)—The Railroad Commission today ordered a complete investigation of alterations of records by which five or six companies had increased per well allowances in the East Texas oil field.

C. V. Terrell, Commission member, said that one employee had been discharged and charges against others would be filed if sufficient evidence developed.

AUSTIN, Sept. 9. (P)—Falsification of records of the Railroad Commission to increase per well potentials of five or six companies in the East Texas field has been uncovered and an employee discharged, C. V. Terrell, commission member, said Sunday.

Terrell said a complete investigation would be made by the commission in co-operation with the Gregg County district attorney and employees prosecuted if evidence warranted.

Commissioner Terrell and Olin Culbertson, chief of the gas utilities and pipe line division had just returned from an inspection of the field.

"We developed the fact that some of our employees had changed or falsified the records in the Kilgore office," Terrell said. "We checked this from every angle and became convinced that the records had been deliberately changed or tampered with. An investigation developed the fact that records of the potentials of the wells in some instances had been changed to show a larger potential than the well actually had, which automatically increased the daily allowable from such wells to the extent of about one barrel a day per well."

Probation in East Texas is based on the potential ability of a well to produce, calculated from tests on key wells.

Terrell said the case had not been developed fully but that preliminary inquiry indicated five or six companies were implicated. The companies have been ordered to chit production to balance the excess, he said.

The commission's force and the district attorney's office are still at work on this line of inquiry," he said. "The result of the investigation so far has been the discharge of one employee and if further developments should justify the conclusion that other employees were connected with this juggling of the records, such employees will be discharged and prosecuted as the facts may warrant."

Fire Brought to Firemen

CAPE GIRARDEAU, Mo. (P)—City firemen extinguished one fire that was brought to their front door. It was in the back seat of Sylvester Masterson's sedan that he drove to the station.

Plane Weighs 300 Pounds

BRISBANE, Australia. (P)—A "baby" plane which weighs slightly more than 300 pounds has been built by N. Lynch, of Brisbane. It is said to be the smallest plane in the Southern Hemisphere.

Nazis Accept Saxophone

BERLIN. (P)—Bands of the German air force will be equipped with a number of saxophones, it is announced. This is an innovation as Nazis heretofore have frowned on this type instrument.

Recovering From Assassin's Attack

United States Senator Huey P. Long of Louisiana, whose condition was described as "satisfactory" following an operation and blood transfusion after being seriously wounded late yesterday by Dr. C. A. Weiss, Jr., a political enemy, Weiss was instantly killed by Long's bodyguard after his attack upon the Louisiana dictator.

ously wounded late yesterday by Dr. C. A. Weiss, Jr., a political enemy, Weiss was instantly killed by Long's bodyguard after his attack upon the Louisiana dictator.

JUDGE KLAPPROTH NAMED BY ALLRED TO TRY BIG CASE

AUSTIN, Sept. 9. (P)—Governor Allred announced today that he had appointed Judge Chas. L. Klapproth of Midland to preside at a state suit for approximately 250 acres of oil land in Pecos county.

Judge Brian Montague of Del Rio, first selected, advised the governor that he believed he was disqualified. Judge Sutton of Marfa, in whose district the case originated, previously had been disqualified.

The state, in the case, is suing to recover alleged funds due from a number of major oil companies who are named defendants. The 250 acre tract is in the heart of the Yates pool.

DR. TEMPLES WILL SPEAK AT HEALTH BOARD MEETING

Dr. J. M. Temple of Joplin, Mo., will speak at the meeting of the Midland County Public Health Board in the commissioners' courtroom tonight at 7:30 o'clock. The public is invited to attend.

Today Dr. Temple is holding a clinic at the office of Dr. L. B. Pemberton. Subjects discussed include preventive dentistry, surgical pyorrhea, and the home care of the mouth. With the lecturer is his assistant, Miss Elizabeth Deaton.

Dr. Temple is nationally known for his surgery of the mouth and holds clinics over the entire United States.

Dentists attending the clinic today include Drs. Paul Heiser of Pecos, J. T. McKissick of Odessa, A. P. Shirey, K. F. Campbell, and L. B. Pemberton of Midland.

More Entries Ready For Fair Track Races

DALLAS, Sept. 9. (Special)—Cooperation in the assignment of stall space between Arlington Downs and the Fair Park track will mean that many horsemen who otherwise would not be able to get accommodations at either track will have their star performers stabled and can van from one track to the other during the fall races which get underway at the Fair Park track, Saturday, Sept. 28, for 25 days and will be immediately followed at Arlington Downs for a 21 day period. The two tracks are sixteen miles apart.

Judge Julius G. Roeder, general manager of the Fair Park track, and Trav Daniels, general manager of Arlington Downs, are working close together in the assignment of stalls.

The Fair Park track now has 200 head of horses on the waiting list for which applications for stall space has already been approved, and Arlington has a similar list which has already been approved.

Both tracks have waiting lists of some 500 head of horses included in applications which have not been approved.

The Texas racing season of 181 days, with increased purses at the four major tracks in the state, has attracted the greatest array of horseflesh which has campaigned in the Lone Star State since racing was legalized two years ago. Practically all the tracks are faced with the same situation—a shortage of stalls. In addition to the many fine stables which are shipping into the state, numerous Texas owners and breeders have developed very fair stables which they wish to race on the Texas tracks.

"Racing has taken a great hold in Texas," Judge Roeder said, "and this is borne out by the fact that since racing has returned to Texas this state has advanced to where it now ranks fifth in purse distribution in America. The Dallas, Houston and Fort Worth tracks are now within the first 16 tracks in America in purse distribution which speaks very highly for the advancement made in these two years by racing in Texas."

Medico-Legal Clinic Urged

IOWA CITY, Iowa. (P)—A state medico-legal psychopathic hospital, where criminals can be examined for sanity before they are taken into court, has been recommended by Dr. Andrew H. Woods, director of the Iowa psychopathic hospital.

New Coal Market Opened

MONTREAL. (P)—A new source of anthracite coal has been opened with the arrival of the Norwegian motorship Bonck from Hong Kong, China, with a cargo of 8,000 tons of coal. The shipment is the first large one ever brought to Canada from Indo-China.

TRANSFUSION AND OPERATION GIVEN AFTER BEING SHOT

Report of Condition Made Today as Satisfactory

BATON ROUGE, Sept. 9. (P)—With armed guards at its doors the House today passed a bill sponsored by Long to remove the voting district of Judge Pavy to another jurisdiction favorable to the Senator.

A dramatic story of the assassination attempt was related at a coroner's inquest. The coroner said that Weiss' body had 39 bullet holes in the front 29 in the back and two in the head.

BATON ROUGE, Sept. 9. (P)—Wounded seriously by an assassin's bullet last night, Huey Long was reported to be gaining strength after a blood transfusion and operation, as militia units mobilized to preserve order here.

Physicians said that Long was experiencing "considerable hemorrhage" internally but that his condition was satisfactory.

Doctor C. A. Weiss, Jr., shot Long in the State House and a moment later Long's bodyguards shot Weiss 40 times and left him dead on the floor.

A bill before the special session, which was started to be resumed today, would adversely affect the political fortunes of Weiss' father-in-law, Judge B. H. Pavy, by transferring him to another district.

The capital was in furor as details of state police arrived from other parts of the state. The troops mobilized in New Orleans and trucks are ready to transport them here at a moment's notice.

Guards were posted at the State House and the Governor's office. Persons entering state buildings were searched.

Long's bodyguards revealed that he had been warned to expect trouble. State highway police were ordered by Commander E. Roy to shoot any photographer caught making pictures in and around the capitol or Long's hospital.

President Roosevelt deplored the "spirit of violence" in expressing "regret" for the assassination attempt. He said: "I deeply regret that an attempt has been made upon the life of Senator Long. The spirit of violence is un-American and has no place in the consideration of public affairs."

BENES IS ELECTED HEAD OF LEAGUE ASSEMBLY TODAY

GENEVA, Sept. 9. (P)—Dr. Edvard Benes, foreign minister of Czechoslovakia, was elected president of the League of Nations assembly today after Eamon De Valera, president of the Irish Free State, withdrew in favor of Benes. The assembly then adjourned to 6 p.m.

In Addis Ababa, Emperor Haile Selassie was informed of Italian troop movements along the Ethiopian borders which, it was reported, indicated an early offensive against Ethiopia.

The learned Emperor instructed Ethiopian delegates at Geneva to reject outright any solutions thus far proposed for settlement of the Italo-Ethiopian conflict.

LEAVES FOR TECH

Tom Collins, former linesman on the Bulldog squad, left yesterday for Lubbock where he will attend the Lubbock college. He will go out for the freshman football team there.

14 Obese.

16 He became.

"Cigarette Halt"

Cigarette Halt—That's what men on the march call it when they stop for rest and a cigarette.

Cigarette Halt. Pass around the Chesterfields. It's a corking good cigarette. They have taste, yes, plenty of it, but not strong.

Chesterfields are mild, but they are not insipid or flat.

Pass around the Chesterfields

Chesterfield... the cigarette that's Milder

Chesterfield... the cigarette that TASTES BETTER

PERSONALS

Mr. and Mrs. Jimmy Hoover went to Dallas Sunday. They will return today.

A. O. Thomas of Southwestern Bell Telephone is in Wink and Kermit today on business.

Miss Olga Pickens of Mexia is here visiting her aunt, Mrs. Ethel Shelton.

Calvin and Bert Cowden, sons of Mr. and Mrs. C. C. Cowden, returned to Abilene Sunday after visiting their grandmother, Mrs. W. N. Connell.

Mr. and Mrs. Fred Pipkin and family went to Crane Sunday afternoon.

Mrs. Harry Landers of Westbrook visited her parents, Mr. and Mrs. J. J. Hamlett, Sunday.

John McGrew left Sunday for the University of Alabama.

Mrs. Drushia Nelson and Miss Dora Evans are attending a beauty convention in Dallas. They left Sunday.

Travel Interest on Upswing in Texas

DALLAS, Sept. 9.—With the coming of Centennial celebrations in Texas during 1936, railroads, motor coach lines and other travel organizations have found an increase of interest in Southwestern travel.

With the Texas Centennial Exposition opening at Dallas June 6, various carrier lines serving the Lone Star State are now actively promoting numerous tours and excursions to Dallas and other places of interest in Texas.

Statistics recently released prove that the Southwest and Mexico are experiencing a boom in tourist travel. The opening of the new Pan-American highway to Mexico City next Spring has created an interest among the motoring public in the land below the border.

The Pan-American highway enters Mexico at Laredo, Texas. With the strong attraction of the Centennial celebrations during 1936, it is anticipated that there will be a great increase in motor traffic to Mexico. The new highway will open about the same time as the Texas Centennial Exposition in Dallas.

Cotton Seed Order Received From Brazil

MCKINNEY, Tex. (U.P.)—An order from Brazil for some Davidson Sunshine cotton seed has been received by the Davidson Sunshine Cotton company of this city. Porter Harding, of the company, said. The order came through the Anderson-Clayton company of Houston. Recently, the firm received an order for some seed from Baghdad, Iraq.

The Davidson Sunshine cotton originated in this country several years ago by the late J. W. Davidson. Since that time, its fame has spread, not only in this and other cotton-producing states, but in foreign cotton-growing countries.

Temperature of the Gulf Stream ranges from about 62 degrees Fahrenheit in winter to 88 degrees in summer.

BUCS LAUNCH DRIVE AS TRAYNOR RETURNS

Pittsburgh launched its belated drive as Traynor returned to third base in the east. With Traynor giving the aggregation the added bit of punch that it required, and pitching help for the remarkable Blanton, Bill Swift, and large Jim Weaver, the Pirates promise to be trouble-makers right up to the wire.

Weaver came on after a poor start, and Lucas and Birkhofer are now effective. Guy Bush, lost his curve and has been a disappointment, but both Bush and Waite Hoyt are at their best in the clutches. Mace Brown is a handy

Feast Fatal To Snake

MODALE, Iowa (U.P.)—A bull-snake's greediness proved its undoing. Entering a wren house, it gorged with eggs until it was too fat to leave through the entrance. The bird house was opened and the snake was killed.

Prehistoric Bones Found

IRKUTSK, U. S. S. R. (U.P.)—The skull of a rhinoceros has been found in a ditch washed out by rain, near the village of Karaus, in the Transbaikalian region. Other bones of prehistoric animals were found here in 1934.

Homesick Cat Returns

FITCHBURG, Mass. (U.P.)—Mrs. Oro Rocho's pet cat, Pete, was sent to Greenville, a distance of 15 miles, for a vacation. Pete, apparently homesick, disappeared and later appeared at his mistress' doorstep.

Equipment Ordered For New Cheese Plant

PLAINVIEW, (U.P.)—Equipment has been ordered for the Plains Cooperative new cheese plant, which is scheduled to be opened here early in September.

The plant will operate seven days a week. It will use about 10,000 pounds of white milk and produce about 1,000 pounds of cheese daily. Only longhorn and some loaf cheese will be made at first, but others will be manufactured and more equipment added when the milk production of the section returns to normal. The production has been low because of the drought. Roy B. Davis, cooperative manager, said.

Davis said that the plant would open for dairymen a market for whole milk which did not now exist.

More sugar is absorbed from the blood stream by the brain than by an arm or leg.
