CHANDLER WINS IN KENTUCKY TO GET NEW DEAL VICTORY

Leading Republican Opponent by 49,000 MAJORITY VOTED

More Than a Third Of Votes Cast Counted

LOUISVILLE, Nov. 7. (P) — Slow returns today indicated that A. B. "Happy" Chandler, young new deal Democrat, has been elected as the governor of Kentucky by a record breaking majority.

With tabulations more than one third complete, Chandler had about 212,000 votes and Judge King Swope, Republican candidate, had about 165,000.

Repeal was holding a slight lead in the state election. As the democratic margin in the Kentucky gubernatorial race mounted steadily, Chairman James A. Farley of the democratic national committee said President Roosevelt would carry Pennsylvania next year by "several hundred thousand" votes if the democratic vote for the whole state increased in the same proportion as yesterday's vote in Philadelphia increased over the 1932 figures.

Despite republican victories in New York and New Jersey state assembly elections the election of a republican mayor in Philadelphia superior court judge Farley interpreted the voting in all three states as pro-New Deal. Republicans hailed them as indicative of a trend back toward republicanism and the forerunner of a national reversal to the republicans in 1936.

Farley, who claimed gerrymandering and not popular votes won the New York assembly for the republicans, last night declared the democrats had picked up votes in Philadelphia.

"In 1932," he asserted, "Roosevelt lost Philadelphia by more than 70,000 votes. This year the democratic candidate was defeated by only 47,200 votes."

Grass Burr in Eye Fails to Faze Boy

That a grass burr could get under a boy's eyelid seems incredible. That this could happen without the boy's being aware of it is still more astounding. Yet, believe it or not, this actually happened to a Mexican boy in Midland. And the burr stayed there so long that a tumor grew around it.

The burr was discovered yesterday when one of the teachers at the Mexican school asked the county nurse to examine 11-year-old Otonuel's eyes. She found what at first seemed to be an unusually large sty on the boy's eyelid. Questioning the boy and his mother made the case no clearer. The boy spoke vaguely about being scratched by a dog. Finally he was taken to the county health officer, who rolled back the lid and found a large tumor with a grass burr in the center of the abnormal growth.

Ask Mrs. Scharbauer To Present Trophy

Mrs. Clarence Scharbauer has been asked to present the Texas Jockey club's trophy to the winner of the Armistice Day handicap race Monday at Arlington Downs. The day has been designated as Midland Day and a large number of local people probably will spend the holiday there.

Late News

MOSCOW, Nov. 7. (P) — The soviet army today paraded the most modern war weapons through red squares in a great show of might on the 18th anniversary of the Bolshevik revolution.

Klement Voroshiloff, war and navy commissar, told the army that it was ready at any moment to defend and protect the frontiers.

He warned in a newspaper article that danger of another world war hung over mankind.

AUSTIN, Nov. 7. (P) — Sales and resources taxes were in the fore to day as senators started work on an amendment-riddled house omnibus tax bill.

Estimates of the bill's revenue ranged from \$5,000,000 to \$13,000,000 annually.

Senator Clint Small of Amarillo prepared a one per cent sales tax bill from which numerous articles, including groceries and certain low priced clothing and cotton goods would be exempt.

Senator Poage of Waco drafted a natural resource tax, providing for a graduated production tax on oil, sulphur, sweet gas, sour gas taxes which he estimated would raise \$44,000,000 annually. Small estimated that his bill would raise at least \$1,500,000 yearly.

HEART ATTACK IS FATAL TO BILLY SUNDAY, PREACHER

Dies at Home of His Brother-in-Law In Chicago

By Associated Press

CHICAGO, Nov. 6. — The Rev. William A. (Bill) Sunday, 72, well-known evangelist, died suddenly Wednesday night of an aneurism at the home of a brother-in-law here.

Sunday, who came here several days ago from Winona Lake, Ind., dined with his wife and Mr. and Mrs. William J. Thompson, his brother-in-law and sister. He went upstairs shortly before 9 p. m. after complaining of illness and died before a physician arrived.

His means, after he had gone upstairs, attracted members of the household who summoned medical aid immediately. The noted evangelist had been an invalid for some time.

He had suffered a mild attack about 2 p. m. today.

Sunday was born in Ames, Ia., Nov. 19, 1863. He was graduated from a high school in Nevada, Ia., studied at Northwestern university in Evanston, Ill., and became a well known professional baseball player.

Between 1883 and 1890 he played with Chicago, Pittsburgh and Philadelphia in the National league as an outfielder.

Upon his retirement from professional baseball, Sunday became interested in religious work and in 1891 was appointed an assistant secretary of the Young Men's Christian association in Chicago.

Sunday's wife, Helen, said that at 2 a. m. today the evangelist complained of pains in his arms, saying: "Mother, that feels like angina. It hurts very much."

Pains Recur
Mrs. Sunday gave him some medicine and he returned to sleep, she said. He was up and dressed from 2 p. m. until 6 p. m. today when he retired and she carried up lunch for him.

The pains returned at 5:30 p. m., however, and Dr. Hal W. Shain, who lives near the Thompson home, was called. Dr. Shain placed an ice bag over his heart, which apparently relieved him, and said he would return.

"Now, don't forget me, Doc," Sunday said, apparently still strong.

Mrs. Thompson, her husband and Mrs. Sunday were all with the (See SUNDAY, page 6)

Six Year Old Negro Boy Instantly Killed Early Today When Hit By A Truck While Crossing The Highway

FAILED TO SEE TRUCK COMING BEFORE WAS HIT

Driver Rushed Child To Hospital But Too Late

UNAVOIDABLE

Officers Say Fatal Accident Was Not Preventable

Hurrying across the highway on East Wall street early today, Wilbert Earl Smith, six-year-old negro boy, was instantly killed when struck by a truck which was being driven westward.

N. A. Dement, driver of the truck which belonged to a construction firm, Allhands & Davis, Dallas, quickly stopped the truck, picked up the child and rushed him to a hospital, but death apparently had been instantaneous. Dement, and his companion E. B. Hinsey, both of whom live at Coudroia, remained there to give all possible aid and signed a statement at the sheriff's office to give detailed information.

Car Blocked View
According to Dement's statement, a car parked at the side of the highway, near the intersection with the street leading to the "flats," obstructed both his view and that of the child. He saw the negro boy, who was looking westward, dart toward the south side of the highway. Dement swerved his truck off the pavement. However, the negro boy was struck by the rear of the truck just before it cleared the pavement. Apparently the child never saw the truck until he was hit, Dement said. The left side of the boy's head showed to have been struck by the truck, while the right side appeared to have been battered when it struck the pavement, bringing death at the time.

Accident Unavoidable

Officers said the accident apparently was unavoidable and that Dement and Hinsey did everything possible to aid after the child had been struck. The negro boy, reported to have been en route to the negro school, was the son of J. C. Smith and wife, employees of Hotel Scharbauer.

Funeral services will be held at the Fairlawn cemetery at 2 p. m. Friday.

HIGHWAY WORK STARTS FRIDAY ON RANKIN ROAD

Preliminary Survey Is Being Ended Today

W. P. A. engineers and supervisors are here today completing preliminary surveying of the Midland Rankin highway, on which repair work will start Friday.

Funds released to the county for construction of the road call for 7.3 miles of caliche road south of Midland on the road and a branch road of one mile leading west to Cotton Flat school house.

When completed the road will greatly facilitate travelers over what is at present largely sand.

Final preliminary work is being done today by the following WPA officials: Messrs. Cravey, Scarborough, Kidd and Boston.

Ethiopians Getting Together at Ambaalaji

By Associated Press

The entire northern army, numbering more than 100,000, today gained an advantageous position on a ridge overlooking the valley leading into Makale.

Italian native troops routed a small group of Ethiopians as the offensive re-opened.

Ethiopian forces were reported to be massing 40 miles south of Makale at Ambaalaji.

Mussolini has ordered out the men from the military classes of 1900 and 1910 as a precautionary measure apparently to be used for home service only.

The Italian army has planned a march into and beyond Makale starting at dawn tomorrow.

Britishers looked upon the strong and broad Italian position in the oil industry as damaging chances for success of the oil embargo against Italy.

London diplomatic circles said the Mussolini and Sir Eric Drummond, British ambassador, would renew today their discussions trying to allay tension between the two nations. Britain denies a report that the Italy and British differences about the Mediterranean had been settled.

German foreign office spokesmen today revealed that Germany had imposed an arms embargo for Italy and Ethiopia when the war began.

The British hailed the action of Germany forbidding the profiteering in exports of war materials to Italy.

Old Southerner Cried at News of Will Rogers Death

Will Rogers' passing caused more genuine grief in American homes — both rich and poor — than anyone in the eighty years of Col. Leonard W. Calvert's life.

A man representing an old line of Southerners, and a great friend of Will Rogers is tall, erect in bearing, wears string neck ties and broad-brimmed hats and always carries a cane. He lives in Lake Charles, La.

Shortly after Rogers' death was announced, Col. Calvert made his daily trip to his barber.

"He was standing at his chair sniffling," said the Colonel. "I asked him, 'what's the matter, got a cold?'"

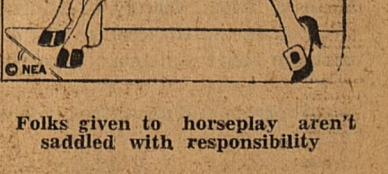

"No," he answered, "I'm broken up about Will; I've been crying ever since I heard about his accident."

"And that man never knew Will Rogers personally," concluded the Colonel.

Millions who never met Rogers — or ever saw him in real life — felt they were on intimate terms with the famous humorist. He was that kind of character.

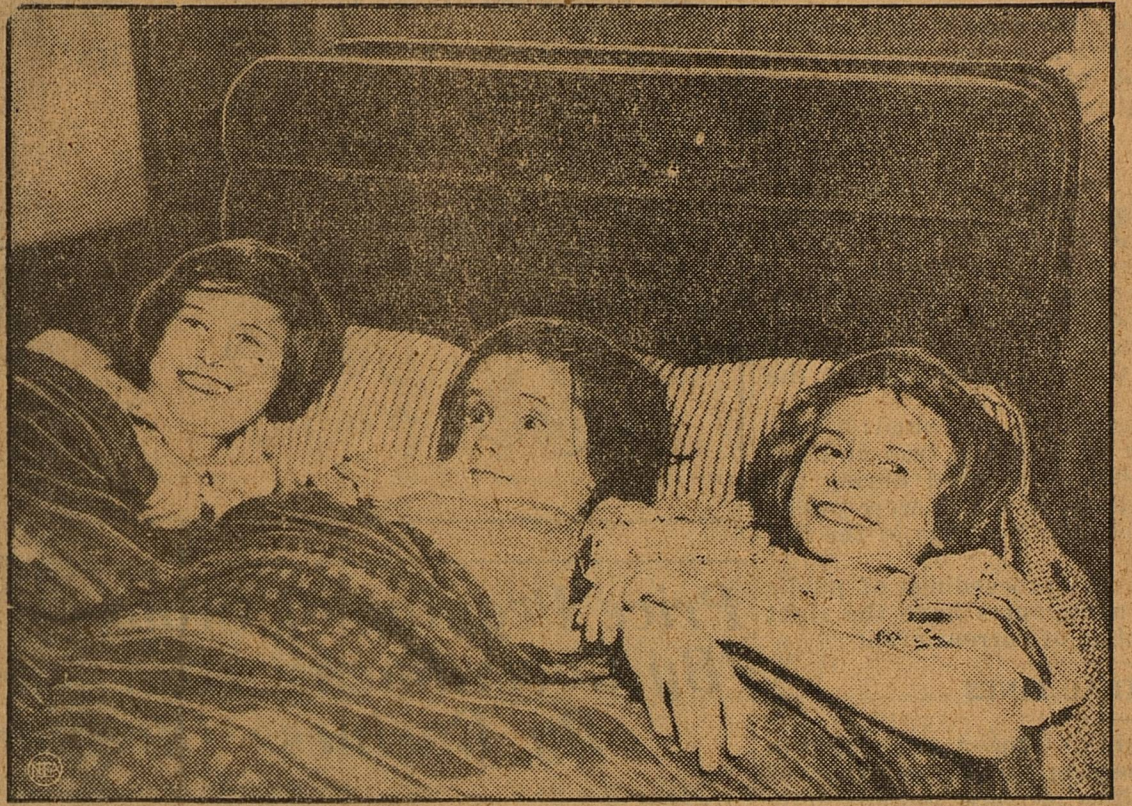

Millions now have an opportunity to contribute to the memory of Will Rogers. Famous friends have organized The Will Rogers Memorial commission. It is hoped every one who smiled with Rogers will come forward with a subscription. Take it or send it to your bank — or any bank — or use the accompanying coupon. Every cent subscribed will be used for memorials to be selected by Henry Ford, Herbert Hoover, Alford E. Smith, Will H. Hays, Jesse H. Jones, Owen D. Young, vice president John N. Garner and other men and women of national prominence.

They will depend on the number of friends who contribute — but they will be good for charitable, educational and humanitarian purposes. There will be no cold shaft of marble to honor the memory of this warm, friendly (See ROGERS, page 6)

FREEDOM OF THE PRESS UPHELD

Ruling by the Court of Criminal Appeals at Austin yesterday to the effect that district judges do not have the authority to forbid publication by newspapers of testimony taken at a public criminal trial was simply the upholding of America's principle of FREEDOM OF THE PRESS.

West Texas editors, in convention at Big Spring last summer, endorsed the stand of Houston editors and reporters who were defendants in the case and resolved against the action of Judge M. S. Munson of Angleton who had ordered the Houston editors not to print proceedings of a certain case, on the grounds that it would make difficult the selection of juries in two companion cases.

Throughout the nation, when the news of Judge Munson's decision was spread, protests arose and the freedom of the press was championed by those who still have regard for the nation's principles of freedom, liberty and the right of free speech.

Consequently, the action of the Court of Criminal Appeals at Austin yesterday bore national importance. To have upheld a district judge whose ruling apparently had been made merely for the convenience of his court would have affected the rights of the press and the rights of the millions of readers throughout the United States. The news belongs to the public, hence the right of newspapers to secure and disseminate the news. The Austin ruling yesterday was merely the logical sequence in the case.

The opinion yesterday was simply expressed: "It is conceded that they published a true and impartial statement of the testimony adduced during the trial of Thompson, the proceedings of which were public pursuant to the command of the tenth section of the Bill of Rights.

"In the nature of things, the proceedings of public trials constitute news which newspapers have the right to publish in informing the public of current events."

ALONG NEUTRAL LINES

Secretary Hull's recent note to Geneva, explaining to the League of Nations the American position on export of munitions and other commodities to Italy, is apparently somewhat disappointing to the league. At any rate, the Italian papers praise it as a sign of America's refusal to join in the imposition of sanctions on Italy, and in Paris government officials are said to feel that the note dodged the issue.

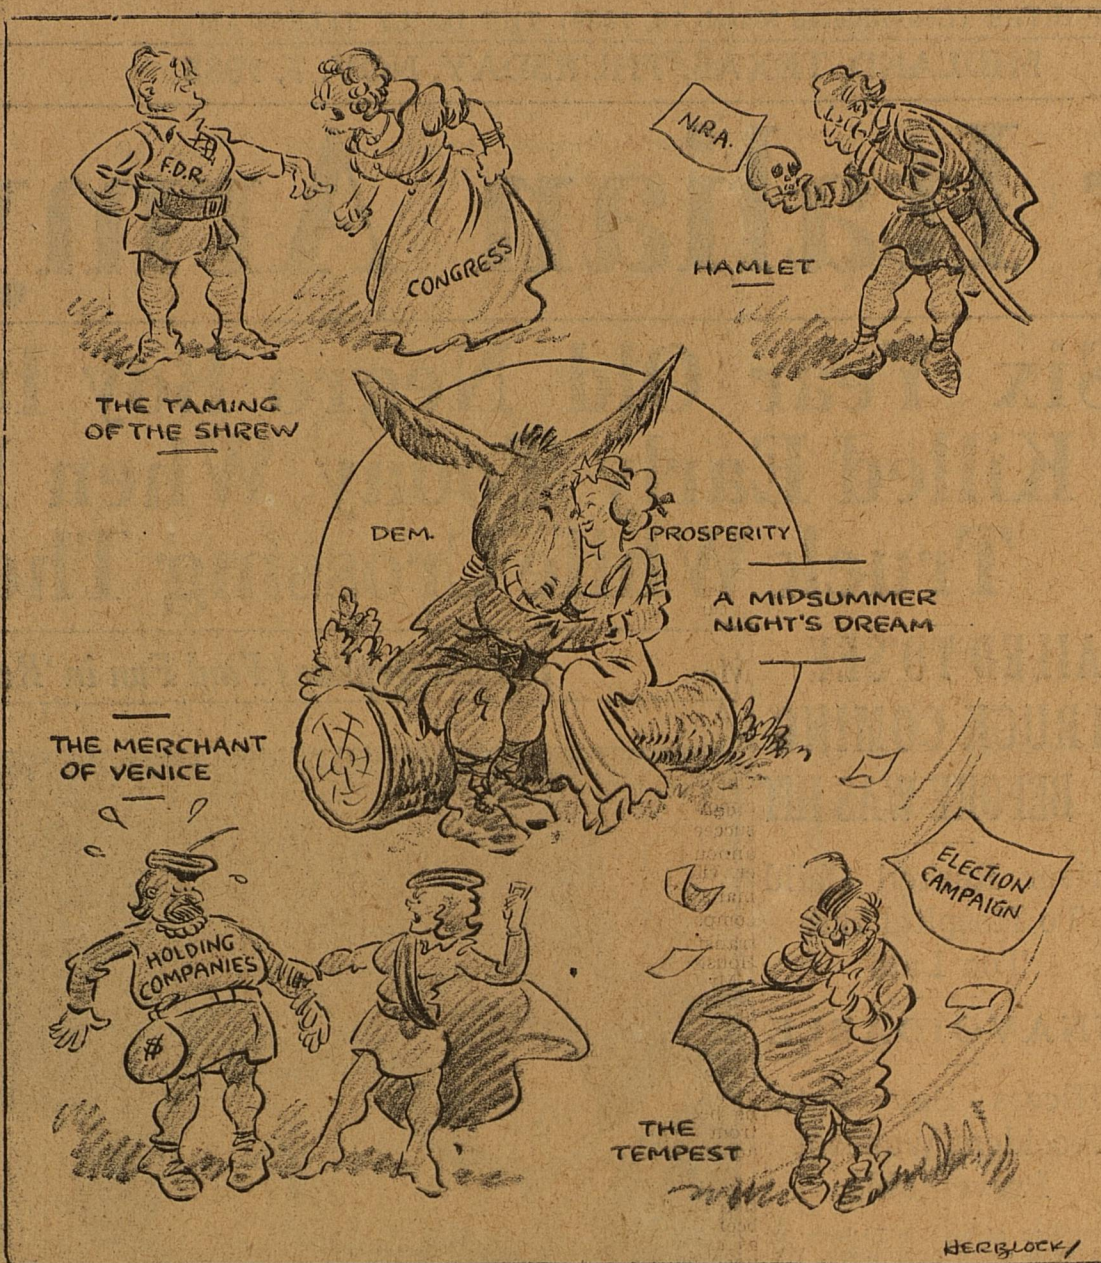

This ought to be pretty fair evidence that from the American viewpoint the note is thoroughly satisfactory. The American people have not the slightest intention of taking sides in the present quarrel.

If their government follows that policy, it will pain certain nations which would like our help. And so, if Mr. Hull's note disappoints Geneva and Paris—well, that very fact indicates that it is pretty well in line with what the American people want.

"FEDERAL AID FOR UNEMPLOYED ACTORS"

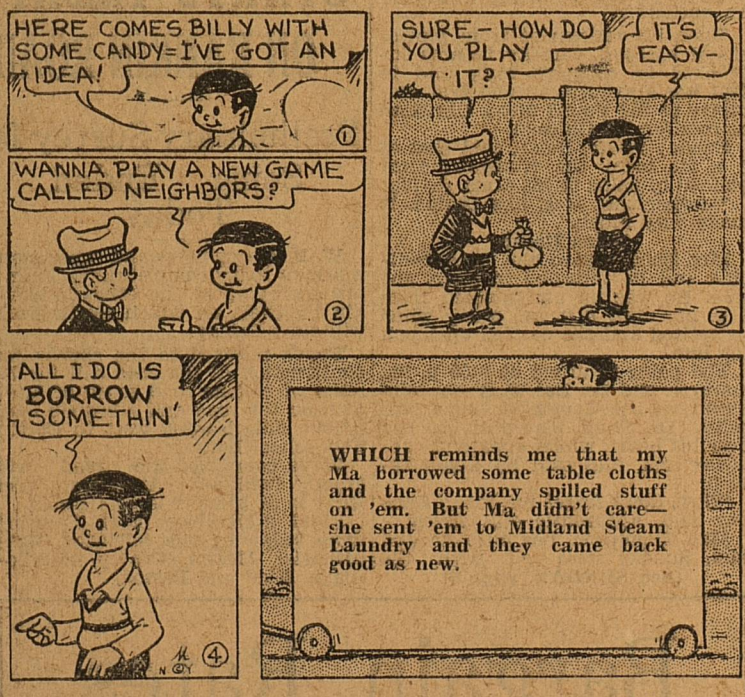

Price Pegging of Crops By Government Attacked By Business Director

AUSTIN, Nov. 7. — "Fortunately, the government has at last come to realize that price pegging with government loans above the market price was aggravating instead of solving the cotton problem," Dr. A. B. Cox, director of the University of Texas bureau of business research and widely known cotton marketing expert, asserted in a recent analysis of the cotton situation. "If the present activity continues, this reversal of policy manifested in removing obstructions from market channels bids fair to reduce the surplus of American cotton more in one season than crop restriction did in three, he declared. "Let us see also if the freeing of cotton to go through marketing channels into consumption at market prices will not be a more effective way of raising prices than planned restricted production," he continued. "On September 1, 1933, following the announcement of the new policy and after cotton had settled down to its commercial value, the price of middling spot cotton in New Orleans was worth \$10.55 in new currency, or 1,458 grains of gold per pound. In April, 1933, the price of middling spot cotton in New Orleans was 6.88 cents in the old currency, the equivalent of 11.66 cents in new currency, or 1,596 grains of gold. The net loss, therefore, under the policy of controlled production was 1,607 grains of gold equal to 11 points in terms of the new dollar, in the price of \$5.55 per bale. On October 26, 1935, the price of middling spot cotton in New Orleans was 11.29 cents or 1,543 grains of gold, an advance of 1015 grains of gold, equal to 74 points in terms of our new dollar. It must be remembered that any advance in the price of cotton now must carry a mill stone of over five million government mistakes in the form of accumulated bales of cotton. "Improving business and the removal of the 12-cent loan handicap have pushed cotton consumption in the United States to 658,000 bales this year to date, that is, since August 1, 141,000 bales more than for the same period last year. With the NRA gone, the elimination of the processing tax now would start a real boom in cotton consumption in this country. "In view of the wide belief still prevailing that the cotton growers have been recipients of large special government bounties through rental and benefit payments, grave injustice may be done them in the formation of future policies. The facts are, the government cotton program has been a handicap to the cotton growers as well as to the industry as a whole. The obviousness of this statement will be appreciated when it is realized that the government's program, admittedly inaugurated as primarily a price-raising device, has failed utterly in its objective, for it has not raised the price one penny. The proof of that fact is that the price of gold is actually no higher now than it was in 1932, the worst period of the depression. Indeed, the

entire advance in the dollar price of cotton has been due to dollar devaluation. "In the meantime the government has reduced the amount of cotton the farmers would have to sell about 13,700,000 bales. At nine cents per pound, in terms of our cheap dollar, and that is very conservative, this amount of cotton would have brought the farms over \$600,000,000. Moreover, in preventing this production, the government prevented \$85,000,000 worth of cotton picking, over \$50,000,000 worth of cotton ginning, and other accumulating values in the channels of trade to over \$275,000,000. Over \$100,000,000 of this represents value that would have been added after the cotton left the farmers' hands. In the meantime the government has accumulated over 5,000,000 bales of cotton which must market in competition with the farmers it sought to help. Probably the most damage the government cotton program has done is the important part it has played in bringing about the loss of foreign markets for American cotton. "The fact is, the outlook for American cotton growers is very dis-

Childress Postoffice Open for 48 Years CHILDRESS. — Forty-eight years ago, District Judge A. J. Fires mailed the first letter through the newly opened postoffice in this town. It was to his fiancée, Miss Maggie Warnick, of Bloomfield, Ind., who later became Mrs. Fires.

According to the usual custom, the postmaster in the town in which a newly constructed postoffice is located, mails the first letter to his congressman. In this instance, however, in view of the fact that Judge Fires was still alive, the postmaster waived the honor in his favor and this week when Childress, new postoffice was opened, Judge Fires again mailed the first letter. It was to his daughter, Mrs. R. R. Robertson, of Wichita Falls. The new postoffice has been erected at a cost of \$35,000. A half century ago the little one room wooden structure was highly prized by the community.

Somebody likened today to a "balmy spring morning." All we can say is that, even though we're enjoying the brightness, we like our balm to be a trifle warmer—especially since our pockets are only large enough to get about half our fingers in.

Our vote goes to "The Last Outpost" as being one of the best shows we've seen for months. It has dramatic emotional appeal and the attraction which always accompanies pictures of strange tribes and strange customs. In our opinion it outranks the much-heralded, "Lives of a Bengal Lancer."

Wonder when there will be an outdoor show supposedly filmed in Ethiopia?

The Texas judge who held reporters in contempt of court for having published news of a trial who had told them not to, seems to have got his come-uppance. The appeals court maintains that newspapers have the right to publish such news. Hurrah for the good old "Freedom of the Press" (if any).

We have an idea that many a big-eyed school boy or girl is waiting in a fever of suspense to see the magician's show tonight. Of course we grownups will sneer at the "magic" of the performance—but secretly most of us will wonder a little about it ourselves.

New books on the rent shelf:

"Spring Came on Forever," by Bess Streeter Aldrich is, in the direct tradition of "The Sign in Her Hand," an inspiring novel of American life from pioneer days in the 1860's down to the present time.

"Fair As The Moon," by Temple Bailey is the story of Lucia Herrick, of Nicky Olmstead who had once won Lucia's love, and of Pierre. A hauntingly beautiful story of youth in love.

J. Croinin's "The Stars Look Down" is life as it really is, full of fineness and beauty, full of sordidness and sadness, with conflict between gentle and harsh, good and bad, man and woman, child and adult.

"Life with Father," by Clarence Day, a book of the month selection, is probably the most remarkable as it is certainly the most unusual tribute ever paid a father by his son.

Other books also on the rent shelf include: "Baldwin, Puritan Strain," Bridge, Hyman Sping; "Christie, Mr. Parker Pyne Detective," Field, "Time Out of Mind," Hauck, "Rainbow Glory," Hilton, "Wast to Murder," Larimore, "No Lovelier Spring," Long, "It's a Great World," and Roche, "Shadow of Doubt."

New books added to the fourteen day shelf are: "Beth, No Second Spring," Bowen; "Open Land," Gardner, "Case of the Howling Dog," Haycox, "Riders West," Payne, "The Quiet Place," Payne, "These Changing Years," and Wadcy, "Mystery of the Frightened Lady."

Mince Meat Is at Best If Several Weeks Old

Golden brown crust, reeking of its langy spices, mince pie made with well "ripened" filling is a Thanksgiving treat that must be provided for by making the mince meat weeks ahead of time.

(From Hotel Lexington, New York.)

By MARY E. DAGUE, NEA Service Staff Writer

Now is the time to make your Thanksgiving mince-meat so it can ripen a few weeks before using and, if you use apple brandy in the making you'll have a flavor that can't be imitated.

Charlotte E. Field, noted New York chef, also uses this fine seasoning aid in plum pudding, wine jellies, fruit cakes, brandied peaches, sauces and mousses.

This is Miss Field's recipe for mince meat. She says it will make six pies.

Mince Meat

Two pounds lean beef, 5 pounds apples, 1 pound beef suet, 2 pounds raisins, 2 pounds currants, 1 pound Sultana raisins, 1-2 pound shredded citron, 1-3 pound candied orange peel, 2 tablespoons ground cinnamon, 1 tablespoon grated nutmeg, 1 tablespoon cloves, 1 tablespoon allspice, 1 tablespoon salt, 2-1-2 pounds brown sugar, 1 pint sherry.

1 quart apple brandy, grated rind and juice 2 oranges, grated rind and juice 2 lemons. Boil beef until tender and chop fine. Pare and chop apples and weigh. Chop suet and remove strings. Mix all ingredients and cook until apples are clear. Seal in jars and let ripen for two weeks.

Don't think mince meat is good only in pies. It makes delicious cakes and puddings, too, and it's very easy to use.

Mince Meat Pudding

One cup mince meat, 2 eggs, 4 tablespoons butter, 1-2 cup milk, 2 cups flour, 1-2 teaspoon soda, 1-2 teaspoon salt. Beat eggs until light. Soften butter and add with milk to eggs. Mix and sift flour, salt and soda several times and sift into first mixture. Add mince meat and mix thoroughly. Turn into a one-half hour. Unmold and serve with hard sauce.

When mince pie or a pudding made with mince meat is the dinner dessert, the meat course should not be heavy because there are a lot of calories in mince meat. A nourishing cream soup, an egg salad with a vegetable and a fruit salad makes a splendid setting for mince pie.

Eggs and Mushrooms

Four hard boiled eggs, 1-2 pound mushrooms, 2 tablespoons butter, 2 tablespoons flour, 1 tablespoon minced parsley, 1 tablespoon salt, 1-8 teaspoon pepper, 1 cup milk. Melt butter and add mushrooms which have been cleaned and cut in small pieces. Cook five minutes and sift over flour. Stir until blended and add parsley, salt and pepper. Add milk, stirring constantly and bring to the boiling point, cover and simmer for five minutes. Cut hard cooked eggs in thick slices and add to mushroom mixture. Heat thoroughly and serve on squares of hot buttered toast.

Mengel Is Appointed Ass't Zone Manager

F. C. Mengel, assistant manager of Chevrolet's El Paso zone, has been appointed zone manager at El Paso, succeeding J. B. Hancock. It was announced this week by W. E. Holler, vice president and general sales manager of the Chevrolet Motor company. Mr. Hancock has been transferred to Houston to head the Houston zone.

Mr. Mengel is well known throughout this section. His experience dates back to his affiliation with Buick in 1924. In 1932, he was named assistant zone business manager for Buick, and when Chevrolet took over those facilities soon afterward, he became assistant zone manager, from which post he has now been advanced to manager.

A few years ago, when transportation facilities were lacking in Brazil, beef cattle were started to market as calves, so they would be mature upon arrival.

FLUSH OUT 15 MILES OF KIDNEY TUBES

Medical authorities agree that your kidneys contain 15 MILES of tiny tubes or filters which help to purify the blood and keep you healthy. If you have trouble with too frequent bladder passages with scanty amount causing burning and discomfort, the 15 MILES of kidney tubes may need flushing out. This danger signal may be the beginning of nagging backache, leg pains, loss of pep and energy, getting up nights, swelling, puffiness under the eyes and dizziness.

If kidneys don't empty 3 pints a day and so get rid of more than 3 pounds of waste, poisonous matter may develop, causing serious trouble. Don't wait. Ask your druggist for DOAN'S PILLS, which have been used successfully by millions of people for over 40 years. They give happy relief and will help to flush out the 15 MILES of kidney tubes. Get DOAN'S PILLS at your druggist.

Then, Mrs. Sunday said, "he just slipped back on his pillow and closed his eyes."
Dr. Shain was recalled.

Preached Recently
On Oct. 27 Sunday preached in Mishawaka, Ind., at a Methodist church, Mrs. Sunday said, and expressed himself as "delighted with the success of the meeting." Mrs. Sunday said "30 or 40 people came to the altar."

Shortly before the death, Mrs. Sunday placed a call to their youngest son, Paul P. Sunday, in Los Angeles, Calif. Paul, with another son, William (Billy) Sunday, Jr., told their mother they would leave on a 9 p. m. (Pacific Time) plane and would arrive here Thursday morning.

The clergyman's first attack, his wife said, was suffered three years ago while he was preaching in Des Moines, Ia. He suffered another attack last May in Chattanooga, Tenn., and had been in failing health since.

In spite of his poor health he insisted on filling engagements already made, Mrs. Sunday said, speaking at Kansas City, among other places. Sunday began his evangelistic work in 1896 and in 1897 was ordained a Presbyterian minister, by the Chicago Presbytery. He continued revival work, however.

The commission, through Inspector Preston, will continue to guard against imported infection and will provide certificates demanded by other states on livestock moving from Texas.

A checkup of work done by the commission in Texas for the month of September follows:
Cattle scabies eradication activities were conducted in 36 counties, 217 individual herds were handled, a total of 53,149 animals were inspected and dipped. Cattle were imported into Texas on 61 different occasions, originated in 15 states and total 4,920 animals, of which each was inspected on arrival.

Sheep scabies eradication work went on in 49 counties; and a total of 244,505 animals in 323 individual herds were inspected or dipped. Sheep imports, totaling 2,573 animals originating in eight states came across the state line on 13 different occasions, not one without going under the expert eyes of inspectors.

Goat scabies eradication activities in seven counties checked seven herds and a total of 4,355 animals were inspected or dipped.

In short, inspectors of the commission worked in 164 Texas counties, checked the health or dipped 54,179 herds, totaling 1,560,678 animals. The experience essential to do this job properly and the hours of

REPRESENTATIVES OF PLAYGOERS ARE IN TOWN TODAY

Would Link Citizens With Big Spring in Membership

Mrs. Eva Jo McBurney, representative of the New York office of the Playgoers League of America, and Mrs. Van Gieson of Big Spring are in Midland today in behalf of the Big Spring Playgoers League, a member of the national organization. It is proposed to include Midland and other neighboring towns in the membership of the Big Spring League so that the dramatic and other attractions brought to Big Spring may be available to all citizens of this area.

Through obtaining paid-up memberships in the League at moderate prices, local leagues are able to secure at least three, and if the budget permits, more attractions including outstanding theatrical successes and musical entertainments. No guarantee is made to the national organization on the productions.

The Big Spring League will present, as its opening play for the year, "The Patriot," which will be produced at the municipal auditorium at Big Spring Saturday evening at 8:30 o'clock.

The second production will be "The First Legion," Pulitzer prize play.

Attractions for each branch organization of the League are not chosen until the membership campaign is completed and the budget amount is known. Among the list of entertainments which are available at varying prices, are: "Accent on Youth," American Comic Opera company, "The Bishop Misbehaves," "The Constant Wife" with Ethel Barrymore, "The First Legion," "Personal Appearance," "Petticoat Fever," "The Petrified Forest," "Three Men on a Horse." Only experienced professional casts are used in the productions.

Mrs. McBurney and Mrs. Gieson are conferring with Midland citizens this afternoon relative to extending the membership of the League among theater-loving men and women here.

TO SAN ANGELO SHOW

Mrs. Lura Hollingsworth, county home demonstration agent, will attend a bedspread show to be held in San Angelo Friday. Approximately 1,000 bedspreads have been entered in the show, believed to be the first of its kind in history. Mrs. Bernice Clayton, home improvement specialist of College Station, will do the judging. Spreads will remain on exhibit until Nov. 12.

Is Your Child One of the 20%?

YOU'LL agree that defective vision uncorrected for is a serious thing, and yet tests have shown that over 20% of all school children have defective vision.

IS YOUR CHILD AMONG THAT GROUP?
Neither you nor the child can tell whether his eyes are normal without a thorough eye examination. Don't take chances with anything so precious. Have your child's eyes examined now.
