Mercury Tumbles Over Tex.

TEMPERATURE IN PANHANDLE FALLS TO 7 BELOW ZERO

50 - Mile Hour Gale Drives Dust Over Texas Plains

NEW LOWS MADE

Sleet And Snow Fall In Scattered Sections

By Associated Press
Bitterly cold winds Saturday whipped the temperature down to seven below in the Panhandle as the worst norther of the year penetrated deep into Texas.
Clouds of Panhandle dust blew across the plains on a chilly wind which reached 50 miles per hour Friday night. The wind lessened in North Texas, but steadily carried the storm deep into the state. Freezing weather is forecast all the way to the Gulf coast and the Rio Grande valley. Flurries of snow and sleet accompanied the chilling winds at scattered Northeast points, but there was no show of snow on the West Texas Plains.
A temperature reading of three below zero was recorded at Amarillo and seven below at Pampa, with the mercury falling rapidly as the disturbance raged. North Texas advanced on a wide front to the central region.
The temperature fell 50 degrees at Gainesville overnight, reaching nine above Saturday morning. Other low readings were: Sherman, 11; Denton, 14; Dallas, 16; Abilene, 10; and Vernon, 5.

Winter's lowest mark, 11, was tied here early Saturday morning when the temperature tumbled 20 degrees in one hour and a half. A drop of 56 degrees was registered here in less than 18 hours, 67 at 2 p. m. Friday to 11 at 7 a. m. Saturday.
Reaching the new low early Saturday morning the mercury started a slow upward climb and had reached 23, the highest figure of the day, at 1 p. m.

Junior Class Shows Successful Work in Play "Spring Fever"

By KATHLEEN EILAND
"Spring Fever" Junior class play presented at the High School auditorium Friday at 7:30 p. m. provided an evening of enjoyable recreation for an audience estimated at 450 to 500 persons. Combining as it did, excellent direction, good acting, and diverting comedy, the play held the attention of the crowd throughout the three acts and drew spontaneous laughter repeatedly.
Creditable characterization was shown by the 10 boys and girls in the cast, all of whom were members of the Junior class.
The leading roles of Jacky Howard, aged seventeen, his sister, Peggy Howard, and his old maid aunt, Eudie Barnes, played by B. G. Gladley, Anna Beth Bedford, and Mary Beth Scruggs, respectively, were all well received with Tessie as the superlatively lackadaisical public speaking department of the High School, with Miss Ruth Carden as make-up artist, and Betty Maness as student-assistant director.

Western Union Heads Visitors In Midland

Four Western Union officials from New York City and Dallas were visitors in Midland Saturday while on their annual inspection of properties in West Texas.
W. C. Hiley, vice-president, C. Hubbard, vice-presidents, New York City, and J. G. Hubbert and D. B. Sawyer, plant department superintendent, Dallas, were members of the party. Assurances of satisfaction, and expressions of optimism for this section were voiced by the officials.

Charles Curtis, Ex-Vice-President of Nation, Succumbs After Heart Attack

Former Vice-President Succumbs

Had Been Confined To Bed With A Bad Cold

Charles Curtis, 76, former vice-president of the United States and a long time senator from Kansas, died Saturday after a heart attack. Curtis started life as an orphan boy and worked his way upward. In addition he was said to have been the only man with Indian blood in his veins to ever hold the vice-presidency.

WASHINGTON, Feb. 8. (AP)—Charles Curtis, 76, the only man of Indian ancestry ever to be vice-president of the United States, died at 10:25 Saturday morning following a heart attack.
Curtis had been confined to his bed for several days with a cold, but had been looking forward to his recovery and a re-entry into the political arena, where for many years he was dominant as a senator and representative from Kansas. This time he had hoped to bring the republican presidential nomination to his friend, Governor Landon, of Kansas.
Believing him better, his sister, Mrs. Dolly Gann, with whom he lived, had gone shopping Saturday morning, and only a maid was with him when he died.
Democrats and republicans mourned his passing. Leaders of his party (republican) had depended upon his aid in the presidential campaign this year. President Roosevelt said "Whether you knew him as a senator or as vice-president or man, he was in his own right, and his friends will always remember him affectionately and mourn his passing."
Curtis was vice-president under President Hoover.

CURTIS LIFE STORY TOLD IN BRIEF

Here is Curtis' life story in brief:
1860—Born on a farm near North Topeka, Kan., the son of Captain Orren A. Curtis, a Kansas pioneer who married a girl of Indian descent.
1865—Orphaned, he went to live with his mother's Indian relatives on the Kaw reservation in Morris county, Kansas, where he lived in a tepee, attended an Indian mission school and learned to ride a horse.
1868—Went to Topeka to live with his father's people.
1870—Attended school, working in livery stable in spare time.
1876—Became a jockey on Kansas race tracks.
1877—Quit riding and returned to school, meanwhile supporting himself by selling peanuts and candy around railroad station in Topeka.
1881—Admitted to the bar in Kansas after studying law while a hack driver in Topeka, and later studying in an attorney's office.
1884—Became a prosecutor of Shawnee county and attracted much attention by rigid enforcement of state's prohibition law.
1884—Married Annie M. Beard, now dead.
1892—Elected to Congress on republican ticket.
1903—Left Congress to run for senate and was defeated.
1907—Elected to senate.
1912—Defeated for re-election.
1914—Returned to senate.
1924—Became republican leader of senate.
1928—Elected vice-president on ticket with Hoover.
1932—Candidate for re-election.

City Poll Tax Holds Odessa Total Down

Odessa citizens are assessed a city poll tax of \$1 for each voter, in addition to the county poll tax. The Odessa News-Times Friday reported that only 398 city polls were paid, that number being entitled to vote in the April city election.
Failure of citizens to pay the city poll was attributed to "a general misconception to the effect that a city tax is not necessary to voting."

ALLENDALE, S. C., Feb. 8. (AP)—Engineer Charles McNeill and Fireman S. A. Orr were injured fatally and several passengers were shaken up when a locomotive carrying four cars with it was derailed in the center town.

Meeting Is Held In Mexican Town

A meeting has been conducted during the past week at the Baptist mission in Mexican town, with large crowds in attendance, it was announced Saturday. Pablo Flores of Big Spring has done the preaching.
The meeting will close tonight (Sunday).
Sponsors for the meeting were Miss Annie Lee King and Mrs. S. L. Alexander, leaders of Mexican work, and Rev. Borum of the First Baptist church here.

DEATH IS REWARD FOR POLICEMAN TAKING FOOD TO MAROONED ISLANDERS

CRISFIELD, Md., Feb. 8. (AP)—A desperate battle to penetrate a blinding blizzard and take food to marooned islanders over the treacherous Chesapeake Bay today left Sergeant Wilbert Hunter, state policeman, dead and five persons recovering from exhaustion and exposure.
The men were members of a group of 15 that set out late Friday aching a ton of food on sleds. Hunter dropped of exhaustion and died on an ice floe. The party was unable to get through to Tangier, Smith Islands, 10 miles out in the bay.
Residents of the island early this week received food from the dirigible Enterprise after other attempts to take material to them had been prevented. The intensity of the blizzard is precluding the possibility of using the same methods at the present time, and once more the food supply is becoming low.

Eluding Peking Famine Threat

Streets of Peking, Ill., were thronged with scores of residents struggling with huge supplies of food as the general strike closed all stores and business went to a standstill, in the labor war growing out of a walkout of American Distilling Company workers. Here are shown a group of shoppers, with bags, cartons, and sacks during the grocery rush in which many stores sold their entire stocks. Pickets halted all food trucks at the city limits, adding to the fear of famine.

Pastors Jubilant Over Dry Victory

Members of the Midland Pastors' Association, when interviewed after a count of the votes had been made following the question of legalized sale of liquor in the county were jubilant over their victory in keeping the county in the dry columns.
Rev. Winston F. Borum said "Our confidence in the citizenship of Midland and of Midland county has been upheld by the attitude taken by the voters. Speaking for the Pastors' Association, I wish to say that the fight has only begun, for since the county has voted dry we are going to enthusiastically back a program of law enforcement that will reflect the desires of the people for the county to be dry."
Rev. K. C. Minter, pastor of the First Methodist church and a member of the association, said: "The result of the election on the liquor question proved that Midland county and the city of Midland stand among the finest citizenships in the state and the nation, and we advertise to the world that Midland is a fine place in which to live and rear our families. Unquestionably, the people of the city and county have worked diligently and deserved to keep clear from the grip of the current which has carried other counties into the wet column."
Other members of the association were unable to be found after all votes had been cast, but each had expressed confidence in the outcome earlier in the day.

James Frank Johnson, son of Mr. and Mrs. Frank Johnson, has been ill for several days with scarlet fever.

LEGALIZED SALE IS REFUSED 653 TO 552

Midland county voters, by a vote of 653-552, decided Saturday to remain in the list of dry counties of Texas for at least another year. Precinct one, with voters casting two ballots, one on whether or not the county was to remain dry and the other on whether or not Precinct one was to be wet or dry in event the county voted wet. The vote on the first question was 593 against the legalized sale of liquor in the county and 519 for, the vote on the second ballot (precinct option) was 599 against the sale and 515 for.
Every precinct in the county went dry by votes ranging from one vote difference in precincts three and four to 74 in precinct one. Warfield, after never having failed to vote wet before, entered the dry list by one vote.
Despite the campaign talks that preceded the election, voting was comparatively light, only 4,026 ballots being cast compared to 2,125 poll taxes paid in the county. Inclement weather was the predominant reason of the vote being so light, but it is doubtful if either the pros or antis suffered the loss of much voting strength, the consensus of opinion being that one side lost just as much as did the other by the weather.
Voting in precinct one was lethargic all day, the polling place never having more ready to cast votes than could be adequately cared for.

RETURNS FROM PRECINCTS

The votes on the question of legalized sale of liquor in Midland county by precincts was as follows:

Precinct	For (Local)	Against (County)
Precinct 1	515	599
Precinct 2	519	593
Precinct 3	13	38
Precinct 4	10	11
	552	653

CARDENAS BEGINS CONFERENCES TO SETTLE STRIKING

Capital - Communist War Threatens Nation

MONTERREY, Feb. 8. (AP)—President Lázaro Cardenas of Mexico today began a series of conferences with representatives of anti-communist employers and labor in his intervention in Monterrey's capitalistic controversy which is threatening to develop into an open fight between capital and labor throughout the country.
Commercial life in Monterrey was at a virtual standstill for two days after a suspension of all business activity in protest against alleged communist agitation. The ousting of Irelio Perez, president of the conciliation board, was demanded by employers but their demands were refused by Governor Morales.

PERSONS RAISING STOCK FOR MARKET REGISTER BRANDS

Possible Violations Of Laws Cited By Attorney

Editor's Note: The following article was written by Merritt F. Hines, county attorney of Midland county, after numerous requests by ranchmen and stock owners regarding the raising of stock for the market.
The person raising stock for market should:
1. Register his brand at the county clerk's office.
2. Mark and brand all of his stock at branding time; that is, when they are old enough to mark and brand from whom he until he is ready to offer them for market.
The person slaughtering animals for market should:
1. Register his name at the county clerk's office, indicating his purpose to engage in the butchering business.
2. File his bond with the county clerk.
3. Provide himself with blank bills of sale on which may be given the age, color, sex, marks and brands of all animals purchased by him or market.
4. Refuse to purchase an unmarked or unbranded animal.
5. When he has purchased an animal, take its description by age, color, sex, marks and brands on a bill of sale and have the person from whom the purchase is made sign the bill.
6. When he slaughters an animal and takes it to a purchaser present his bill of sale and show the hides and ears to the person purchasing.
Or, if he intends to peddle, retail, the meat himself it would be wise for him to at all times have his bill of sale with him and the hide and ears available for inspection; in other words, be prepared to give a satisfactory account of his transactions to an officer if one should ask him about them.
7. Keep a record of his butchering business in a book kept for that purpose to present with his bill of sale to the commissioners' court at each regular term thereof.
8. Present the hides of all animals slaughtered by him to the hide inspector for inspection within 20 days after slaughtering.
The person purchasing slaughtered animals for re-sale should:
1. Keep a record in a book for that purpose in which he shows the marks or brands of each animal purchased, together with the age, sex, color, weight, marks and brands of each slaughtered animal purchased by him.
2. Refuse to purchase or accept a slaughtered animal (a) if the person offering it for sale or delivery does not have a clear bill of sale to it; (b) if the person offering it does not have the hide and ears accompanying it; (c) if the hide and ears fail to show marks or brands; (d) if the marks or brands are fresh, raw, altered, obliterated, mutilated or destroyed.
3. Keep his record book available for inspection at reasonable hours.
Persons hiring others to slaughter for them by the head should comply with the law as slaughterers. This outline does not purport to be a complete statement of the law (See STOCK RAISING Page 6).

SUB-ZERO WEATHER ROCKS THE NATION

Traffic Paralyzed As The Entire Northwest Is Snowbound

CHICAGO, Feb. 8. (AP)—Blizzards today blasted more sub-zero cold eastward from the Rockies, piling the northwest states deep in snow, and paralyzing traffic.
Whirling along at a 40-mile-an-hour rate, the cold wave sent temperatures all over the country tumbling to new lows, 52 below being registered at Hill City, South Dakota.

MIDLAND'S UNENVIABLE RECORD

City Marshal A. J. Norwood reports that in 1935 Midland county was the scene of twelve automobile fatalities. Two more have occurred since 1936 opened. Last year's record approached that of many counties in which there are large cities, where traffic is heavy at all hours of the day and night. Midland's record is entirely unenviable.

Most of the accidents in Midland county occurred on broad, straight, smooth and comparatively clear stretches of highway.

The Reporter-Telegram does not feel free to attempt to place the blame for these accidents. To do so, one would be obligated to take them up singly. However, it is apparent that negligence existed somewhere, which places it back on each one of us to guard against carelessness which might become murderous.

With only the second month under way and two traffic fatalities already on record, it behooves every Midland citizen to be continually conscious of his responsibility. Let's keep the 1936 record low.

"King of Burlesque"

Brilliant songs and glorious stars make the spectacular new Fox musical, "King of Burlesque," now showing through Tuesday at the Ritz Theatre, a royal jubilee of entertainment. The talent of a dozen celebrities of screen, stage

and radio are lavishly displayed in this heart-warming romance of a wonder world you've never seen before! Warner Baxter and Alice Faye head the cast. Others include Jack Oakie, Arline Judge, Mona Barrie.

Red Cross Pharmacy Has Walgreen Drugs

The Red Cross pharmacy today is announcing elsewhere in this paper of their appointment as representative for the Walgreen Line of Dependable Drug Store Merchandise.

The Walgreen Co., of Chicago, Ill., operates some 600 retail drug stores in the principal cities of the United States, and the management of the Red Cross pharmacy feels very fortunate in being able to secure this agency contract for Midland.

Elsewhere in this paper you will find their announcement of their opening One-Cent Sale, to be conducted Thursday, Friday and Saturday of next week at which time J. D. Turk, representative of the Walgreen Co. for this district, will be present to help conduct the sale.

Bayless and Stanley, proprietors of the Red Cross pharmacy, invite you to call and inspect this merchandise which will be on display all this week.

"Littlest Rebel"

Out of the Southland's colorful past comes the story for Shirley Temple's new dramatic triumph. It is the Fox picture, "The Littlest Rebel," and she plays a spunky little Confederate in pantaloons—singing, laughing, dancing as she tries her hardest to be brave. Above is a scene from the picture with John Boles. Others in the cast include Jack Holt, Karen Morley and Bill Robinson. "The Littlest Rebel" is now showing through Tuesday at the Yucca Theatre.

The Town Quack

(Reserves the right to "quack" about everything without taking a stand on anything).

Ray Hyatt sends this in: A recent invention for motor cars, says the Underwriter's Review, is the Oral Speedometer, which operates with a phonograph attachment. At 25 miles an hour it remarks: "The city limit has been passed. Is there motorcycle policeman behind you?"

At 35 m.p.h.: "Too fast for city driving. We hope you're in the country."

At 45 m.p.h.: "Your car is still under control, but watch the car behind and the car ahead of you. Have you had your brakes tested recently?"

At 50 m.p.h.: "Your responsibility is increasing. Keep your eyes on the road."

At 60 m.p.h.: "At 60 m.p.h. insurance premiums paid to date?"

At 70 m.p.h.: "You drive. This attachment will do the praying."

At 80 m.p.h.: "Someone will probably have this car repaired. If so, we thank you for the sale of another Speedometer to replace this one which in a few moments is going to hell along with you."

Haight's Dreams

Ed. Whitaker related an experience he had in El Paso some time back. It had to do with dreams and again proves that we don't know what they are made of, where they come from nor where they go, whether thoughts are dreams or whether dreams are thoughts. No one knows. Now get out your Webster's unabridged and see what that authority says about dreams. He says that a dream is a train of thoughts or images passing through the mind during sleep. All right; but that does not settle the matter by a whole lot. No one yet has told us convincingly what the mind is. Up in top of our head is a confusing jumble of membranous formation. That formation is composed of what the greatest scientists that ever lived do not know the answer or I might put it brutally, the first thing about it. Do you or do any of us know what the brain does? Sure it functions. It tells us if we are doing what is right. It also tells us if we are doing wrong. It further tells us whether one thing or the other according to our desires. What we wish to do we do, right or wrong. Usually wrong judging from experience. But when we are asleep our brain goes ahead and runs the machinery, not under control, but it runs it just the same, sometimes upside down and sometimes sidetime up, but it keeps on going just the same. Now Ed. had an important case down in El Paso. He worked on the matter for a long time and finally went to trial. He thought he had an iron bound case. He uses his oratory freely, and he has a lot of it, but the judge put the bust on him and

he lost the case. That means a lot to a lawyer. So Ed. worried and figured out as to what was the matter with the matter. He didn't get anywhere. One night he had a dream. It told him of an old ruling in matters similar. He had not thought of it. He got out of bed, aroused the household and went to his office and looked up the old ruling. He applied for a new trial and by-golly he won the case. Now is it worth while to believe in dreams? I don't know.

Careful Analysis Marks Outline of Scripture Lesson

Editor's Note: The following outline on the Sunday School lesson for today has been prepared by Supt. W. W. Lackey for use in his class, the Althean, at the Baptist church this morning at 9:45 o'clock. The outline is reproduced here for the public for its careful and thought-provoking analysis of this portion of the Scriptures. The main lesson topic, "Jesus Insists on Righteousness," is based on the sixth chapter of Luke.

By W. W. LACKEY

I. The Sermon on the Mount
1. The famous topical arrangement in Matthew, chapters 5, 6, and 7.

2. The chronological arrangement in Luke 6; supplemental Luke 11 and 12.

3. Parallels: Lu. 6:37-42, Matt. 7:1-5; Lu. 6:43-49, Matt. 7:16-27.

4. Righteousness: The beatitudes, the Lord's prayer, the golden rule.

II. The Critics of Jesus
1. Plucking and eating the grain on the Sabbath: The law of necessity.

2. Healing the withered hand in the synagogue: The law of mercy.

3. The Sabbath, made for man; the Son of Man, Lord of the Sabbath.

4. "The frenzy of obstinate prejudice," and four correct uses of the Sabbath.

III. Choosing the Twelve
1. After night of prayer; first, fifth, and ninth names, same in all lists.

2. Impetuous Peter—cautious Andrew; ambitious James—spiritual John.

3. Slow-witted Philip—quick-witted Bartholomew; doubting Thomas—believing Matt.

4. Practical James—doctrinal Jude; enthusiastic Simon the Zealot—business-like Judas Iscariot.

IV. Blind Guides
1. "Blind" to their own deficiencies; blind guides, political and social.

2. Spiritual blindness, and a zeal not according to knowledge.

3. Four beatitudes and four woes; the practice of loving the unlovely.

4. The hypocrisy of the Pharisees, and warnings against hypocrisy.

V. Treasures of the Heart
1. "Out of the heart are the issues of life," and "as a man thinketh..."

2. The law of the tree, and "from the abundance of the heart..."

3. The saved life, the serving life, and the secure life.

4. The heart as the true citadel in government and in religion.

VI. Points to Ponder
1. Valley service, secrets of happiness, and second-mile religion.

2. Life and its storms—trial, temptation, and sorrow.

3. Blind spots, notes and beams, and treasures of evil.

4. No man better than he is; no man better than he does.

VII. Sentence Sermons
1. "He is a hypocrite who professes what he does not believe; not he who does not practice all he wishes or approves..."

2. "Can't is the voluntary overcharging or prolongation of a real sentiment; hypocrisy is the setting up a pretension to a feeling you never had and have no wish for..."

3. "Oh, wad some power the giffie gie us To see oursel's as as others see us!"

4. "And foolish notion!"—Burns.

5. "If to do were as easy as to teach others what were good to be done, chapels had been churches, and poor men's cottages princes'—Shakespeare, Merchant of Venice I. 2.

6. "And I remember still The words, and from whence they came— Not he that repeateth the name. But he that doeth the will."—Longfellow.

SOUNDNESS before POPULARITY

Every banker has repeatedly faced the opportunity to become popular by being overly liberal in lending his depositors' funds.

The only type of popularity which we know of that is worth while for a bank to have is based on sound, conservative judgment and practice, that ripens into loyal friendship through the years.

It is founded on experience that the bank is fair, considerate, human and always has the welfare of the community at heart, as well as its depositors' and stockholders' interests.

Two Kinds of Deposits

—may be arranged for by the customers of this bank according to their needs.

A Demand Deposit, that is, a checking account, is for those desiring to utilize the economy, safety and convenience of banking facilities in their business or personal affairs.

A Time Deposit, earning a moderate rate of interest, is more suitable for those who do not want to make active day to day use of their funds but desire to accumulate a financial reserve for general or special purposes.

Both types of deposits are safeguarded by the sound loan and investment policies of this bank, which at the same time, utilize them to help cover the costs of banking services rendered.

Wedding at Home of Bride's Sister Saturday Morning Unites Members of Two Well-Known West Texas Families

Mrs. Geraldine Cowden Hill and Mr. George H. "Little George" McEntire Jr. were married in the home of the bride's sister, Mrs. Clarence Scharbauer, Saturday morning at 10 o'clock. The single ring ceremony was read in the sunroom of the Scharbauer apartment with Rev. Winston F. Borum of the First Baptist church officiating. Only family members and a few intimate friends of the couple were present. Wedding vows were spoken before an altar background of smilax flanked by floor baskets of calla lilies. Potted palms and ferns were placed at vantage points about the room, and the wide windows back of the improvised altar were draped with greenery at either side.

The bride and groom entered together, neither having attendants. Mrs. Ellis Cowden played Lohengrin's "Wedding March" for entrance of the couple and presented miscellaneous selections after the service.

Mrs. McEntire wore a severely tailored suit of navy blue gabardine with gabardine shoes in matching shade and a blue hat of imported

and other white blossoms. Mrs. Martha Louise Nobles presided at the silver coffee service, pouring for the guests.

Green and white mints and individual cakes bearing wedding symbols further suggested the bridal colors.

Mrs. McEntire is the daughter of the late Mr. and Mrs. Fred Cowden and member of a family which has been prominent for many years in ranching circles of this area. She was reared in Midland, being educated in the schools here and at Baylor University and Baylor college at Belton.

The groom is the son of Mr. and Mrs. George H. McEntire Sr. of Sterling City. His family is well known among cattlemen of this part of the state, having come to the Sterling City region in the frontier era of 1876. He attended Schreiner Institute at Kerville. For the past few years he has won recognition over West Texas and New Mexico as an aviator. He came to Midland in the spring of 1935 as a charter pilot.

After the coffee, the couple left

Marriage of Miss Virginia Boone To Perryton Man Announced Here

Drew Ellis, TCU Grid Star Is Groom of Local Girl

Announcement was made Saturday by Mrs. Burton Boone of the marriage of her daughter, Virginia, freshman in Texas Christian University, to Mr. Drew Ellis, junior in the school and a resident of Perryton, Texas. The wedding took place at Lovington, New Mexico, January 29.

Drew Ellis

Mrs. Ellis was graduated from the Midland High school in 1935, and was one of the most popular students in the local schools. She was elected senior class favorite her last year in school, and was also an honor student and was very prominent in extra-curricular activities.

Mrs. Ellis was a society editor of the *Catox*, school annual, a member of the senior play cast, president of the Literary society organization, member of the home economics, the choral club and yell leader of the pep squad in her last year in school.

Mr. Ellis is a son of Mr. and Mrs. Carl Ellis of Perryton, and is an outstanding athlete at TCU. He was a regular tackle on the strong Frog football team of last fall and is being counted on heavily for next year, his last at the school. Ellis was a substitute guard on the 1934 Frog team but came through last year as a regular at the tackle position.

Mr. and Mrs. Ellis are at home in Fort Worth.

The weasel's fur does not turn white in winter; the change occurs in the moulting process.

Approximately 150 species of lice are catalogued.

Marriage Announced

Mrs. Drew Ellis, nee Virginia Boone, whose marriage January 28 in Lovington, New Mexico, to Mr. Drew Ellis of Perryton, Texas, was announced by Mrs. Burton Boone, mother of the bride. At the time of her marriage Mrs. Ellis was a student in Texas Christian University, a school at which her husband is also enrolled.

has a V-8 cylinder engine yet you can pay for it at

\$25 A MONTH

NEW low convenient terms make it easier than ever to enjoy the advantages of Ford V-8 ownership. Never since the first gasoline engine propelled a vehicle has so fine an automobile been so easy to own.

Value is built into every part of the Ford V-8. Value number one is its eight-cylinder engine, and modern motoring requires at least eight cylinders. Ford gives you their smooth power and performance—with economy. Alone, this superb V-type engine would make any car outstanding.

And this is but one of many values: Center-Poise Riding for comfort. Six-inch air-balloon tires. Super-Safety Brakes. Safety Glass all around at no extra cost. Welded steel bodies. Torque-tube drive for stability. Quiet helical gears in all speeds. Dual down-draft carburetor. These and a score of other values make this car sturdy and reliable, economical to own, and a pleasure to drive.

You can buy any new 1936 Ford V-8 car for \$25 a month after the usual low down-payment. This modest monthly payment covers everything including insurance. New low finance charges through UCC are only 1/2 per cent per month (6 per cent for 12 months) on the original unpaid balance and insurance. Any Ford dealer can arrange the purchase for you on these terms.

Bill Bryant Joins Ranchers Improving Stock by Purchase

Bill Bryant, Midland cattleman, joined the ranks of horse breeders who are improving their stock with the use of thoroughbred stallions, buying outright the chestnut horse, Hiram Kelly, from Jess Slaughter of Big Spring last week. The horse has been stabled at Bryant's Three-Wells ranch ten miles south of Midland on the Rankin highway.

Hiram Kelly, ten years old, is by the imported Pandion, son of Poly-melus, the latter a son of Sund-ridge. He is out of an imported mare named Orange, she by Nimbus which was the winner of 488,320 francs and numerous French stake races. Hiram Kelly himself won over \$7,000 in purses before he was retired on account of an injured ankle.

Radio Broadcasters In Wes-Tex Organize

At a meeting Thursday night in the Hotel Brandon in Pecos a new broadcasting system was organized. The officials attending were G. L. Burns, manager of station KNEB, Brady; Earle Yates, manager, and Frank Jones, chief engineer, of KCKL in San Angelo; Raymond L. Hughes, general manager of radio station KRLH, Midland, and Barney Hubbs and Jack Hawkins, owner and manager of station KIUN in Pecos.

These stations have organized into a compact system in order to better and more adequately serve the rich area which they cover and in order to work in harmony, exchanging program material and ideas for the betterment of the stations as a whole.

Reports Given on Sufferers From Flu

Flu leads the list of illnesses reported for the last few days. Reports Saturday on several of those suffering with this disease are given: Mrs. N. W. Bigham, who has been ill for about a week, was better; Faye King, daughter of Mr. and Mrs. Herbert King, who was absent from school a few days, was up Saturday; George Neill, son of Mr. and Mrs. J. B. Neill, was better; Miss Joyce Holman, who had been ill since Tuesday, was also better; Mrs. O. H. Jones who had been ill at her home for several days was improved.

There are 18 cities and towns named Union in the United States.

I believe there is little chance of their becoming involved as far as the state laws are concerned.

REPORT OF COUNTY HEALTH BOARD SHOWS 1935 TO BE YEAR OF ACCOMPLISHMENT IN VARIED LINES

Educational Campaign Against Menace Of Tuberculosis Heads Project Which Have Been Sponsored in Recent Months

Editor's Note: The following annual report of the work of the Midland County Public Health Board for the year 1935 was compiled by Mrs. Harvey Sloan, chairman of the Board, and read by Mrs. Alma Thomas, vice-chairman, at the recent annual meeting of the organization.

The Midland County Public Health Board was organized five years ago this week. To those of us who have been actively interested, the work has been tryingly strenuous at times, but always fascinating as we watch the current of public health munity. But to those on the outside, what does the health board mean? It would like to pause long enough to ask some key citizens, the county sheriff, the county judge, bank managers, doctors and dentists, school principals, lawyers and clergymen, if they would even be aware of the fact if the Health Board stopped functioning, and then to the average housewife and man around town, I would like to

Two Births, Both Boys, Reported

Two births were reported for Friday night, both boys. A son, Gerald Wayne, was born to Mr. and Mrs. G. L. W. Williams at their home here. Mother and child were reported Saturday afternoon to be doing well.

Welfare Consultant Will Appear Here

Doctor Jack Johnson, Public Welfare Administration Consultant, of Dallas, will conduct lectures in Midland at an early date. Dr. Johnson's knowledge of welfare and relief procedures makes him particularly competent in co-operative planning for this immediate emergency period.

Miss Maurine Ford Joins School Staff

Miss Maurine Ford has arrived in Midland to accept a position as teacher of public school music in John M. Cowden Junior High school. She succeeds Mrs. Jack Hawkins who has accepted a place in the San Antonio school system. Miss Ford holds a bachelor of science degree and a degree in music from CIA where she majored in public school music. She has taught this subject in the Wichita Falls school system for four years and comes highly recommended by Wichita Falls officials where she was released to accept a place here, Supt. W. W. Lackey said Saturday.

ask them if they have ever even heard of the Midland County Health Board, and if so, what do they know about it. We have heard of the Rotarian who lived 13 years in his community with an active Tuberculosis Association and had never heard of it. "By their works ye shall know," how much are we knowing?

The third project was an essay contest among State High School students, sponsored by the State Tuberculosis Association, the subject "An Adequate Program for Prevention and Control of Tuberculosis in My Community." Mrs. T. C. McLeister addressed the local high school students, discussing the project and explaining the rules of the contest. As it was getting late in the school term, only 12 students were able to enter the contest, but all essays showed considerable time and thought spent on them.

A committee of local persons read and judged the essays, awarding first place to Miss Mary Kinnebrew, a 15th grade student. Mrs. Sloan, Mrs. McLeister and Miss Wilson visited the school May 20 and presented to Mary Kinnebrew the local prize, a beautiful student lamp, generously donated by the Texas Electric Service. Honorable mention was made of essays by Melba Lee and Betty Maness. Of three state prizes offered, the second one, a Red Cross First Aid Kit, was presented to the Midland High School.

Health education is one of our principal functions and this year's program has been in that line; it is not a spectacular one, hence there are no campaigns with large figures to report. Under our educational work, our tuberculosis program has taken first place. It will take a few years to lay a foundation for a permanent progressive tuberculosis program. Our first year was mostly taken up with a survey of general conditions in the county, checking tuberculosis, some of you will remember that 40 active and arrested cases were found, enough to prove that there was need for active preventive tuberculosis work.

Last year three projects featured the spring term. First, Mrs. Addison Young, helped by Mrs. Sam Cummings and Mr. Addison Young, prepared a pamphlet on tuberculosis in Midland county; 1000 copies were printed and incorporated in the pamphlet "Modern Weapons to Fight Tuberculosis" published by the National Tuberculosis Association. Drs. Bobo and Leggett and Mesdames Marguerite Carpenter Floyd, Tom Bobo helped as critics and proof read. About 125 of these enlarged pamphlets have been distributed through various clubs, particularly rural ones.

The second project was the assembling of 25 pamphlets on tuberculosis which had been collected from every available source in the United States, such as federal and state health organizations and insurance companies, and binding them into kits of literature covering the whole subject of tubercu-

losis. These kits have been placed in the county and city schools, are on the reading tables in the doctors' and dentists' offices and the public library, and are available at all times to any interested person.

The third project was an essay contest among State High School students, sponsored by the State Tuberculosis Association, the subject "An Adequate Program for Prevention and Control of Tuberculosis in My Community." Mrs. T. C. McLeister addressed the local high school students, discussing the project and explaining the rules of the contest. As it was getting late in the school term, only 12 students were able to enter the contest, but all essays showed considerable time and thought spent on them.

Fall months were busy with the Fair exhibits and the Seal sale. For months the board had planned to build a Burr Cottage. This is a portable room 6x7 feet which was first used by one of the southern states in giving sanatorium care to the patient at home. Following increased use there, the idea has spread over the country. The cottages are loaned out to families with a tuberculosis patient when the family facilities cannot provide an isolated room for the patient and when for some reason, such as an advanced case, the patient cannot be admitted to sanatorium. Our first one was built to the original blueprints, but we consider it a foot too small and will enlarge our future cottages. However, this first one is very adequate for children patients.

We are glad to have the doctors recommend patients to us to use the cottage. This Burr cottage was used as a float exhibit in the Fair Parade, and later was on exhibit at the Fair grounds. At the health exhibit in the Agricultural building were also two displays, one of tuberculosis literature, the other on rehabilitation of the ex-T.B. patient; also a motion picture film depicting the history of the T.B. germ was run seven times to interested audiences.

Seal sale file in August, checking all available lists of citizens. Miss Lotta Williams at the City Hall, Mrs. Sally Covington, secretary of the Chamber of Commerce, and Texas Electric Service contributed to this preparation. After the letter for local use in the seal sale was drafted, Mrs. Nettie C. Romer mimeographed 1200 copies. Addressing the envelopes and checking the code numbers was done by paid trained help, as this required the maximum amount of accuracy.

The Tumbleweed patrol of the Chaparral Girl Scouts troop, Jean Smith, Marjorie Jordan, Jane Brown, Julian Cowden, Jessa Lynn Tuttle, Freddie Fae Turner, Jean Lewis, Barbara Jean Harper and Eleanor Wood, assisted by their leader, Mrs. L. G. Lewis, folded the letters and seals, stamped the envelopes; Mmes. Earl Payne, R. C. Tucker, J. W. Rettig, E. H. Ellison, spent two afternoons assembling, closing and checking envelopes for mailing. Mrs. Nettie Romer handles all the daily routine of returns, bookkeeping, file checking and preparing reports for state seal sale headquarters. This is long and tedious business.
