JAPANESE CHARGE MISSIONARIES IN AGITATION MOVE

Say Agitators Are Given Support By U. S.

POSSIBLE ACTION

Students Seeking to Enter City of Nanking

TOKYO, Dec. 27. (AP)—A government spokesman said that Japanese consular reports reaching the foreign office in Nanking indicated that missionary schools under American and British influence were taking a leading part in agitation of Chinese students against Japan. The spokesman charged that to discuss possible action by Japan.

The Chinese agitation mounted in China, overlooking the quickened repressive activities of the central government. Two thousand students persisted in efforts to enter Nanking on a commandeered train. In order to get to Nanking, the students had to travel in small boats, but they were not allowed to land at other points. Seventy miles from their goal, 2,000 Chinese students halted their advance on Nanking in a commandeered train after the government threatened sterner measures.

FAIR DIRECTORS TO BE ELECTED

January Eighth Date Set For the Election of Officers

Directors of the Midland Fair, Inc., will be elected at the annual meeting of stockholders to be held January 8, it was announced today in notices mailed by Secretary H. W. Rowe. OIL NOTES

By FRANK GARDNER
An increase in sulfur water was reported in Superior No. 1 Logan, widest test being drilled in Howard county. There was 1800 feet of water in the hole as the well drilled ahead below 2538 feet in line. Operators will probably set pipe as soon as they have definitely penetrated the first water horizon. Lime was topped at 2425 feet in this test which is located in section 34, block 31, township 1 north, T. & P. survey.
A 5/8 inch bit on the bottom of the hole at 3972 feet continues to hold up progress on the Gulf No. 2 Goldsmith test in section 15, block 44, township 1 south, Ector county. Engineers have resorted to several methods of fishing for the bit, but it has not been recovered, according to latest reports. Work is suspended on Gulf No. 1 Wadwell. Crane county deep pay prospect in section 4, block B-27, while engine is being changed. The well has been cleaned and drilling is progressing below 3460 feet in anyhrite and 3190 feet, and the usual gas present in the Yates horizon was encountered at 3310 feet. In sufficient quantity to blow tools up in the hole. There is still a small amount of gas present as the well drills ahead. Location is in section 414, block G. C. S. D., R. G. N. G. survey, northwest of Seminole.

Vessel Believed Carrying Lindberghs to England

Renewed threats against the safety of their three-year-old son Jon, brother of the baby for whose death Bruno Hauptmann was convicted, are reported to have impelled Colonel and Mrs. Charles A. Lindbergh to take the boy to England, to make their home under conditions in America pending their return. They are said to have sailed secretly as the only passengers aboard the S. S. American Importer (above), now on the high seas en route to England.

NEW SENSATION REPORTED IN DEATH INQUIRY

Report Thelma Todd Was Beaten By Man

LOS ANGELES, Dec. 27. (AP)—A sensational, unverified report of a man figuring prominently in the Thelma Todd inquiry beat the actress severely a few days before she was found dead, a startling turn to the grand jury investigation today.

Captain Jess Winn, of the district attorney's office, reported that he had knocked her across a table, and that after an argument a waiter intervened.

Strict Traffic Regulation In City Is Urged

Signatures were being appended today to a set of petitions of Midland citizens to officials of the City of Midland and of Midland County, offering support of strict traffic regulation. The petition said:

"We, the undersigned citizens of Midland, Texas, do hereby endorse a program of traffic regulation and safety in driving. We believe that the violations in a large part are due to thoughtlessness on the part of those driving, and that an aroused public conscience will be very persuasive in securing a proper regulation. We personally agree to assist in such regulations by exercising due care when any one of us is driving and by urging all who do drive to drive with care, and with due consideration for the other fellow."

"We further pledge our earnest support and assistance in seeing that those regulations are obeyed." Lists were being circulated among oil men, business men and professional men today and others were being taken charge of by heads of parent-teacher organizations and women's clubs.

The purpose of the petitions, according to Chas. Vertrees, one of those originating the idea, was to have the support of the law-abiding citizens to use strict measures in keeping down traffic violations. Publication of court procedure in which fines are imposed was promised by The Reporter-Telegram, in the belief that full publicity will serve to draw public attention to the necessity of keeping down traffic violations.

County, City Buy Road Maintainers

Midland county and the city of Midland have both recently received new Adams road maintainers which will be used in the conditioning of roads in the city and county. The new county maintainer makes four machines that are being used regularly on the roads of the county. Two tractors with trailing graders are used and two maintainers, of the last purchased model. An old machine, deemed unworthy for further use, was traded in on the new county machine.

URUGUAI BREAKS UP RUSSIAN RELATIONS

MONTEVIDEO, Uruguay, Dec. 27. (AP)—Uruguay, taking precautionary measures against anarchist rumors of revolt, today handed Alexander Minin, Soviet minister, and his staff their passports, breaking diplomatic relations. The action was attributed to "ramifications" of the November uprising in Brazil. Brazil charged that instructions to leaders of the rebellion were sent from Montevideo and that the chief instigator was alleged to be Luiz Prestes, associated with the Third International. Brazil complained that the Soviet legation was implicated in sending revolutionary instructions to Brazil.

ITALY SAYS OIL EMBARGO WILL BE WAR DECLARATION

Laval Stakes the Life Of Cabinet on Explanation

BACKS ENGLAND

Says Country Will Give Support to Britain

By Associated Press
Pierre Laval, staking the life of his cabinet on explanation of efforts to settle the war, told the chamber of deputies that he had been informed Italy would consider the oil embargo act as "implying war against Italy."

He vigorously defended his efforts and promised to continue them and pledged to support Britain in fighting off any Italian attack. His speech was regarded as assuring him a narrow but safe margin on tomorrow's vote of confidence.

London sources said the Mediterranean nations may hold conferences on a plan of joint defensive movements if Italy attacks any of them.

A Reuters news dispatch said today that Haile Selassie was reported to have prepared peace terms which included withdrawal of Italian troops from Ethiopia, recognition of Ethiopia as a sovereign state and payment of indemnity by Italy.

It was reported that the emperor was ready to pledge that Ethiopia would seek foreign advice, economic, administrative and financial assistance, with Italian influence barred.

Ethiopia announced the capture of 11 machineguns, and many rifles, along with ammunition in a skirmish on the northern front. Italians were accused of attempting to provoke a revolt against the payment of imperial taxes.

Italy reported heavy Ethiopian losses in a fight which killed nine Italians and wounded 50.

Hockman at His Fatal Hobby

Shortly after Dr. Robert W. Hockman (left), 59-year-old American doctor in charge of a hospital mission on Ethiopia's Ogaden front, took apart the dud Italian bomb which he is shown examining, he was killed while attempting to dig up another dud at Dagghah Bur, target for many Fascist air raids. Hunting dud

bombs was the only hobby that Hockman permitted himself in the few hours he stayed out of the operating room. Beside Hockman, above, is Captain R. H. E. Taylor, British Military Attaché of Haar, who finds it Duces' bombs encrusted. H. V. Drees, NEA Service staff cameraman, pictured Hockman at his fatal hobby.

Subsidy Payments To Be Made Soon

Delay Is Attributed To Clerical Reasons

WASHINGTON, Dec. 27. (AP)—AAA officials said Thursday that initial checks for 1935 cotton subsidy payments probably will be mailed to farmers Jan. 15.

Although there was no set date for mailing the first checks, original plans called for first payments in this December. The delay was attributed to technical and clerical reasons.

The AAA has agreed to pay adjustment contract signers the difference between 12 cents a pound and the average price for cotton on the date of sale. Payments will be made only on cotton sold under producers' individual Bankhead allotments, and may not be more than 2 cents a pound. The subsidy will be paid from 30 per cent of the gross customs receipts set aside for the AAA. Officials estimated a maximum of \$55,000,000 would be needed.

No definite estimate was forthcoming on the amount of the payments now due. One official said the total might be \$30,000,000 or \$40,000,000. Officials estimated that from 85 to 90 per cent of the 1935 crop would be moved to market by the end of this month. The price of cotton has averaged between 11 and 12 cents a pound most of this season.

Payments will be made directly to farmers from regional offices in the field, officials said. Each application for the subsidy will be acted upon as rapidly as possible, they added.

Officials said forms and blank contracts for the 1936-1939 cotton adjustment program are being prepared and sent to the field, and that the contract sign-up campaign for next year should begin about Jan. 15.

Several officials indicated they expected the supreme court to rule on constitutionality of the AAA before the sign-up campaign was opened formally. In the event the field, officials said, it was said, the AAA would be set to launch an active campaign immediately.

ABILENE SUN BOWL SPECIAL WILL MAKE STOP HERE TUESDAY MORNING

500 Hardin-Simmons University Fans Will Parade Through Streets

ABILENE, Dec. 27.—The Abilene Reporter-News Sun Bowl special train carrying 500 Hardin-Simmons university football fans will stop in Midland Tuesday. While there the world famous Cowboy band will play, and the Cowgirls' colorful drill team will parade through the business section of the city.

The Abilene delegation will be on its way to El Paso for the annual Sun Bowl and football game between Hardin-Simmons and the New Mexico Aggies.

The stop in Midland will be made around 1 o'clock Tuesday morning. Many fans are expected to join the party there.

Mayor C. L. Johnson and C. M. Calkwell, president of the Hardin-Simmons board of trustees, will lead the parade. Head Coach Frank Kimbrough of the Cowboys will make a short talk from the train telling what he believes will be the outcome of the game.

MARY ELIZABETH NEWMAN KILLED THURSDAY NIGHT

Another Girl Is Hurt When Cars Crash On Highway

DIES INSTANTLY

Fractured Skull Is Instantaneously Fatal

Mary Elizabeth Newman, 16, Midland high school junior and daughter of Mrs. Alsie Newman of Midland, and G. C. Newman of Ardmore, Okla., was killed instantly at 11 o'clock Thursday night when the car in which she was riding with Joe Beane, Midland youth who attends Tulsa university, crashed into the rear of an automobile which was stalled, out of gasoline, on the highway six miles west of Midland.

Miss Bessie Dale, 18, occupant of the stalled car, received a severe gash on her head and another below the right eye but was reported today to be recovering from the shock of the crash. Other occupants of the stalled car were Miss Estelle Johnson, on the rear seat with Miss Dale; Miss Thelma Chivers and Jack Godesy Jr. on the front seat. Paul Burris, owner of the car, had gone for gasoline.

Immediately after the crash the Wilson Keyes, Midland oil dealer, driven by Mrs. Keyes, accompanied by Jack Rettig, who were returning to the residence of Harvey Sloan after having brought Frank Aldrich and wife to town, sideswiped the Beane car from the rear.

According to Mrs. Keyes she was directly behind the car being driven by Beane, and when she saw the crash she was unable to dodge the car to the left because of an approaching automobile, and rather than pull in front of it, jerked her car toward the ditch on the right hand side of the road, sideswiping the rear right fender of Beane's car.

Neither Mrs. Keyes or Rettig were injured; however, the car was slightly damaged. All three of the cars were headed west.

When interviewed today Beane declared that he had just passed the car being driven by Mrs. Keyes and did not see the car stalled at the roadside until Mary Elizabeth called to him to "look out." He said that he immediately slammed on his brakes but crashed into the car before he could bring his to a halt.

Beane said that the occupants of the Burris car came over to his and asked him if he were all right, apparently not seeing the dead girl who had slumped to the floor of the car, and after replying that he was he managed with some difficulty to extricate himself from the seat where he was pinned by the steering wheel.

A passing car arrived at the scene of the accident in only a few moments and was halted and the body of Mary Elizabeth was placed in it, but on the arrival of the car at the hospital doctors said that her death had been instantaneous.

Burris told officers that he had started to a farmhouse near the highway for gasoline when he heard the crash and immediately started back to the car to discover what had happened. According to him, all details will be given in the next issue. (See ACCIDENT, page 4)

NEAT TRICK OF ECONOMICS

A United Press dispatch from Washington hints that the Townsend plan may be toned down somewhat to meet the criticisms that have been leveled against it.

Its sales tax features may be modified; and this, says the dispatch, is because economists have pointed out that 70 per cent of the people of America have incomes providing them with the bare necessities of life, and so could not afford such a tax burden.

This bit of statistics may be a useful warning for Townsendites, but it also cuts both ways. For if 70 per cent of our citizens can just barely meet the daily bills of grocer and landlord, it is pretty easy to understand just why so many people want the Townsend plan.

The one sure way to quiet this clamor for universal old-age pensions would be to raise the incomes of the masses so that they could provide for old age themselves. And that trick, unfortunately, is easier to outline than to perform.

The man who offered himself for the freezing-alive experiment is to wed. The experiment will probably coincide with his first boner at bridge.

The Town Quack

I've been reading a lot of the reactions to the Lindbergh move to England. Some of the first comments of newspapers were that the Lindberghs were cowardly.

It is queer how soon after Christmas the holiday feeling evaporates. Even holiday goods and decorations seem to vanish as if by magic, especially in the stores.

There must be something to this idea of milks attractive. At least that is the only explanation we know of why, when we are altogether too undaring to even go to the show on a cold night, we still like to spend the evening reading about the swashbuckling poems of Kipling.

ALAMO DOWNS TO START RACES JAN. 1

SAN ANTONIO.—The largest single shipment of horses in the recent racing history of San Antonio got under way, following the closing of Epsom Downs in Houston. The equine travellers were bound for Alamo Downs and the 46 days of high-class racing to be presented starting Jan. 1, and running through Feb. 22. The thoroughbred entourage—600 strong—will join other racers already stabled in the Alamo barns, and will be enhanced through the later addition of horses from Kentucky and New York. The famous Genesee Stable will ship six head to the San Antonio course, led by fast sprinters, Patriotic, one of the leading campaigners of the East. Another handicap star slated for local campaigning is Prince Toteh, tying the silks of Frank Abate. Among the other stake stars, fighting it out for their share of the \$200,000 purse money distribution, are such as Primer Fox, Wise Anne, Fairstake, Our Court, Bold Lover, Salaam, Miney Myerson, Frederick, Golden Fate, Opera Bouffe, Jessie D. M., Croon, High Hand II, Chance Line, Onrush, Fickle Chance, Little Nymph, Garden Message, Liz F. Vesta Maid, Beret, Allen Z and a host of others. It is the finest group of horses ever assembled at Alamo Downs, if not in the entire state of Texas, and every stake, handicap and allowance race is expected to fill rapidly and easily. A minimum purse of \$500 is being posted with regular daily features and mid-week and Saturday Handicaps. Officials in charge of the sport are already enroute to San Antonio, with presiding Steward C. W. Hay expected this week. Hay is one of the best-known officials in racing, and his presence insures high-class, formful sport. W. H. Snelley, racing secretary, will arrive after the Christmas holiday, ready to take up his local work. Other officials include Larry Bogenschutz, John Carey and Sidney Bondar as placing judges, Joe Nelson as starter and Joe Barr in charge of the mutual department. Barr has announced that 90 per cent of those employed under him will be Texas citizens, while other Texans will also be employed to handle the gates and engage in other activities essential to the proper conduct of the meet. A new low-priced grandstand admission of forty cents, with a clubhouse admission of one dollar, will be in effect, and the free list has been entirely suspended. Post time daily throughout the meeting will be 1:45. Eight races will be presented each afternoon.

STORIES IN STAMPS

By I. S. Klein. The FLIRTING FANTAIL. STRANGE as you may feel in India, New Zealand, or Australia, it would not be long before you would be made to feel at home by a small swallow-like bird with a colorful fan-shaped tail. This is the flirtatious, fly-catching "fantail". Out of curiosity the bird will follow a stranger. It hops from tree to tree and spreads its strange tail of loose feathers in its flight. Insects, especially flies, form its food, and for these it will invade even homes. New Zealand shows this bird on one of its latest stamps. In the background is the native dlematis, one of the best-known flowers of the New Zealand bush, where the fantail is most at home. The Maoris, natives of New Zealand, believed that dlematis or pua-Wananga was the offspring of the two bright stars, Sirius and Rigel. In the early spring, this brilliant white flower loops itself from tree to tree and lights up the edge of the bush at night. (Copyright, 1935, NEA Service, Inc.)

Vegetable Prices Higher in Valley

BROWNSVILLE, Tex., Dec. 26.—Higher prices and demand have made the situation touching the marketing of winter vegetables grown in the Rio Grande Valley 35 per cent better than at the same time last year, says R. Roy Ruff, president of the Rio Grande Valley Vegetable Growers' association. Ruff completed recently a survey of the growing area in the Valley. Prices, which turned upward after the recent frost in Florida, continue to mount. Beans passed \$1.50 a crate, peas touched \$1.50, peppers \$2.25 a bushel, almost a record price, and cabbage advanced to \$30 a ton, which brings growers \$100 to \$150 an acre. Cabbage is moving steadily and if prices hold firm farmers have an excellent return in prospect for their crops. Ruff said conditions throughout the country generally point to larger consumption of produce and that the Valley should receive larger profits this year.

'The Eagle's Brood' Famous Play Adapted Is Feature at Ritz For Last Rogers Film

Four stars of stage and screen are seen in featured roles in the latest Clarence E. Mulford Paramount story to reach the screen, "The Eagle's Brood," which comes Sunday, Monday and Tuesday to the Ritz theatre. Featured in the role of "Hop-along Cassidy," famous Mulford fiction character, is William Boyd, out-door star, and in the role of "Johnny Nelson," young "risky coo-poke pal of "Hoppy," is Jimmy Ellison, new Western star. In addition William Farnum, veteran star of stage and screen, is seen in the role of "El Toro," the famous bandit of the border, and Dorothy Revier, in the role of "Dolly," queen of the Palace Dance Hall in Hell Center, and headquarters for a band of badmen who hold the countryside in a reign of terror. Included in the supporting cast are Addison Richards, George Hayes, Frank Shannon, Paul Felix, Joan Woodbury and Al Lydell. Directed by Howard Bretherton and produced by Harry Sherman. The loganberry was given to the world by bees, which produced it by cross-fertilizing raspberries and blackberries.

Accident— (Continued from page 1) lights on his car were burning at the time of the crash. Mary Elizabeth, born at Wynnboro, Tex., was educated in the public schools here. She had been a talented singer since she was a small child and for two years had sung the second soprano part in the Midland high school girls' quartette. She was a member of the First Baptist church here, was active in Sunday school and young peoples' work and was a member of the Baptist choir. Besides her father, and her mother, who is in the ready-to-wear department of Addison Wadley Co., she is survived by an uncle, Fred Middleton, and three cousins, Butler Hurley, Thomas Hurley and Rayford Hurley of Midland. The Wadley store remained closed today. The Newman girl's death was caused by a fracture behind her ear and a crushed chest. Funeral services will be read at the Baptist church Saturday afternoon at 3 o'clock, with Rev. Winston F. Borum, pastor, officiating. The body will lie at the Barrow Funeral parlor until the rites. Pallbearers will be: John Rettig, Gerald Self, Russell Wright, Remmel Cowan, B. C. Girdley, and Ralph Learner. Honorary pallbearers will be Bob Prothro, Frank Miles, and Frederick Mitchell. Interment will be in Fairview cemetery.

WILL BROADCAST FINAL HI GAME

Like a ghost from the grave, the Greenville Lions loom as a threatening menace to Amarillo's hopes of retaining the state high school football crown. Since their reinstatement after having been eliminated on penetrations by Tyler, the Lions have swept the strong Mexia and Corpus Christi teams before them, showing unexpected power last week in downing the Buccaneers 45-0. Experts rate them now as strong as the Sandies, and predict that the game Saturday will be a toss-up. Both teams have a rugged running offense, and rely very little upon aerial tricks. The brilliant running of such players as little Bert Marshall of Greenville and Clesson of Amarillo, however, make the play unpredictable, and scoring will likely be heavy on both sides. The game will be played in Dallas, and will be broadcast over nine SBS stations for the benefit of fans unable to attend. It was announced by Magnolia Petroleum Co., sponsors. The broadcast is scheduled to start ten minutes before game time, 2:30, and will be heard over KRLD, Dallas; KTTA, Fort Worth; KTSB, San Antonio; KTRH, Houston; WACO, Waco; KNOW, Austin; KGNO, Amarillo; KGKO, Wichita Falls; and KFDM, Beaumont.
