

League Admits Failure In Peace Try

7 Bandits Take \$58,000 In Bold Train Robbery

HALF-MILLION IS RECOVERED AFTER 2 MEN ARRESTED

More Arrests Will Be Made By Paris Policemen

PARIS, April 17. (AP)—Police here today said they had recovered \$440,000 in United States treasury certificates from two men wanted by the United States for theft of \$1,507,938 from a New York bank runner last year.

French police cabled New York they expected to make two more arrests shortly and that one of the persons would be a woman.

Police commissioner Lewis J. Valentine immediately reported to Gov. Herbert H. Lehman, asking him to request the state department to intervene. The state department will be asked, it was said, to request French police to detain the men until Detective Henry Oswald can get to France.

One of the suspects is a Hungarian and the other a Czech. They were held pending United States consul extradition action.

KENNAMER DENIED REHEARING PLEA

Criminal Appeals Court Refuses Request of Youthful Slayer

OKLAHOMA CITY, Apr. 17. (AP)—The state criminal court of appeals today denied a rehearing for Phil Kennamer, convicted of manslaughter in the death of John Correll, Jr., and sentenced to 25 years in prison.

4 Million Citrus Trees Are Burned

HARLINGEN, Texas (AP)—A total of 4,230,162 citrus trees, including nursery stock and orchard trees, have been dug up and burned in the citrus canker eradication project completed here under the direction of P. A. Hoidale.

Approximately 371,053 were orchard trees killed by high water table, by the cold 1932, or dead from lack of cultivation. The 3,859,109 nursery trees were mostly those planted with a view to budding during the expansion period of the industry, and never budded.

Two hundred and fifty men worked on the project.

The area covered included the Gulf Coast area including Houston and Galveston, and a small part of Louisiana.

BACK TO EUNICE

L. L. Beville left Thursday morning for Eunice, N. M., after a brief visit here. He arrived in Midland Tuesday.

Centennial Bound In 1900 "Model"

Paul Hubbard, scenic artist and cartoonist of Los Angeles, Calif., passed through Midland today enroute to the Texas Centennial Exposition driving his 1900 model Seacht runabout, a decrepit looking roadster that decidedly does not deny its age by its looks.

According to Hubbard, the car will run faster now than at any time since he has owned it, but anytime any parts are broken on the car he has to make them as the model has long since been discontinued from the markets.

He is paying his expenses to the exposition by the sale of oil paintings of giant California redwood trees of his native state.

Many persons viewed the ancient model this morning when Hubbard brought it to a stop in front of the Reporter-Telegram office. The old time horseless carriage is mounted on wheels near the size of buggy wheels and has solid tires. If a description of the motor had to be given one might say that it resembled the works of a washing machine before modern engineers got ahold of them. He is pulling a trailer behind the car, and despite this handicap, manages to average between 25 and 30 miles per hour while driving. However, it is an economic treat as it only uses about one gallon of gasoline every 35 miles.

Sinclair Tubb Well Shut Down After Oil Show Found at 3,680

BY FRANK GARDNER

After encountering a gas show at 3,677 and an increase in gas with a show of oil from 3,680 to 3,687, Sinclair-Prarie and others No. 1 Tubb, Crane County test, is shut in today mixing mud and preparing to core ahead. No estimates were made on the amount of gas, but it was reported sufficient to kick a little of the circulating mud out of the hole.

Originally completed as a pumper good for about 6 barrels per day producing from the upper Permian lime, decision was made to carry the No. 1 Tubb unit test deeper when Humble No. 1 Tubb, a mile and three quarters southeast, found production of 861 barrels per day in the "Tubb pay" about 1,800 feet in the lime.

The unit test is located in the southeast corner of section 3, block B-27, public school land.

GLASSCOCK TEST DRILLING

Fleetborn Oil Corporation No. 1 Floyd C. Dodson, interesting Glasscock County test, is reported drilling ahead below 2,850 feet after setting 7-inch casing on shoulder where hole was reduced. The wildcat encountered sulphur water at 2,795 late Wednesday which rose 2,000 feet in the hole.

The Fleetborn test is located in the southeast corner of section 13, block 37, township 3 south, T. & P. survey, six miles north of Garden City. The fact that it is running far higher than other tests drilled in the area and has had several good-sized oil shows is responsible for a heavy lease in that part of Glasscock County.

HOPKINS REMOVES STATE WPA HEAD

Washington Official Ousted For Using Solicitations

WASHINGTON, April 17. (AP)—Works Progress Administrator Harry L. Hopkins announced Thursday he had discharged George H. Cannon, Washington state WPA director, for solicitation of funds from employers in his administrative staff "for political purposes."

Hopkins said he had adopted R. C. Jacobsen, field representative for western territory, headquarters at San Francisco, Calif., as acting administrator to take charge of the Washington WPA headquarters at Seattle, immediately.

AUSTRIA SHUNNING MEDICINE OF NAZI

German Drugs Are Being Boycotted To Protect Own Industries

VIENNA, (AP)—German medicines are in a large measure boycotted by Austria.

This is partly due to the high prices of the German products, partly to protection of Austria's own chemical industry and last, not least, to the fact that a high percentage of Austria's physicians are Jews who are little inclined to support the Hitler regime by prescribing German products.

Doctors working for the government—controlled insurance companies as well as all public hospitals are instructed invariably to prescribe the cheapest medicine provided it is as effective as a higher priced one; in case foreign and domestic medicines are of equal price and quality, preference has to be given to the home product.

Jewish physicians naturally will prescribe a French, Italian, British or American medicine to their private clientele rather than one from the Third Reich.

This has led to an enormous decrease in the sales of German medicines in Austria, where the German chemical industry once had a virtual monopoly.

Rules Govern Physicians

Doctors working for the government—controlled insurance companies as well as all public hospitals are instructed invariably to prescribe the cheapest medicine provided it is as effective as a higher priced one; in case foreign and domestic medicines are of equal price and quality, preference has to be given to the home product.

Jewish physicians naturally will prescribe a French, Italian, British or American medicine to their private clientele rather than one from the Third Reich.

This has led to an enormous decrease in the sales of German medicines in Austria, where the German chemical industry once had a virtual monopoly.

Some German Standard Medicines

Some German standard medicines have almost disappeared from the Austrian market because similar Austrian and French products are sold at one-third or one-fourth of the German price.

Even the famous German "Neo-Salvarsan" is being replaced by a similar French medicine much lower priced.

The large German chemical firms are making great efforts to overcome the foreign competition in Austria, and their agents are said to be authorized to most drastic price reductions, but there seems hardly a chance for Germany to recover predominant position in the Austrian market.

Alarming Pretty

You've long heard of flaming beauties—here's one Senorita Carmencita Valero. She was elected Queen of the Fire for the All-cante fetes at Valencia, Spain during which effigies of famous personages are publicly burned.

HOUSE BLOC AIDS IN FIGHT TO GET MONEY FOR PWA

Iekes - Hopkins Near Showdown In Quarrel

WASHINGTON, April 17. (AP)—A house bloc today determined to carry directly to the White House the fight to save Secretary Iekes' PWA from oblivion in next year's relief program.

It was announced that the bloc had 200 signatures on petition seeking to earmark \$700,000,000 for Iekes. Iekes reports that Harry Hopkins' WPA was to get the bulk of the proposed \$1,500,000,000 appropriations. Observers believe that an Iekes-Hopkins showdown is near.

OHIO RIVER TOWNS RISE ANEW; FLOOD REHABILITATION MERGED WITH WATER CONTROL PROJECTS IN OHIO VALLEY

Entire Valley Teems With Activity While Rebuilding Stimulates Trade and Gives Jobs to Idle Thousands

HUNTINGTON, W. Va., April 17. (AP)—The productive Ohio River Valley, winding from the heart of industrial America through hundreds of miles of fertile wheat and tobacco lands into the corn country, is undergoing a reconstruction period without parallel in 23 years.

The loss to the rich, thickly-populated valley from the devastating flood that swept from Pittsburgh to Cairo, Ill., late in March is measured in hundreds of millions of dollars.

Out of this devastation of nature have come lasting benefits to the Ohio Valley, however. These, generally, are in the form of concerted planning for flood control, rehabilitation of waterfront areas, and organization of public spirited groups to help flood wracked communities to "come back."

Valleys Rebuilt Quickly

Valley towns will "come back" rapidly. There have been at least 21 bad floods of the Ohio since 1893. Usually the valley residents take their losses, rebuild quickly and hope that the next one will be less severe.

The 1935 floods have crystallized flood control plans to a greater degree than at any time since 1913. State officials and citizens are cooperating with the federal government in plans to keep the "beautiful Ohio" in check.

The most important preventive measure projected in the brief reconstruction period has been a proposal to construct dams on large tributaries to control the flow of water into the Ohio. One plan calls for construction of 39 such dams.

Army Approves 14 Dams.

Fourteen of the proposed 39 dams have the approval of army engineers, according to Dr. Charles E. Holzer of Gallipolis, O., president of the Ohio Valley Conservation and Flood Control Congress.

Such a flood control program would require long planning if it should be approved by congress. Months of surveys and planning, probably costing \$1,000,000, would be needed. Roughly, the Ohio Valley water control project would cost

Rebuilding Is Rapid

Bellaire, O.—Belmont County lost an estimated \$3,000,000 in the flood. Carpenters, contractors and highway crews are busy putting Bellaire, Bridgeport, Martins Ferry and Fowhatan back to normal. Shacks along the river fronts will be replaced by modern houses.

Stubenville, O.—Orders are piling up in the steel mills of the district, which employ 12,000. In Jefferson County, 186 homes were swept away (See RIVER TOWNS, page 6)

BAGGAGE CLERK FORCED TO GIVE CASH TO THIEVES

Crowds On Train Not Aware of Episode Until Told

ESCAPE IS MADE

Confederates Pick Up Thugs After Stop Made

NUTLEY, N. J., April 17. (AP)—Seven armed men today held up a Erie railroad passenger train at a suburban station and escaped with \$58,000 in silver and bills being carried to the federal reserve bank in New York.

According to police, the money was in the baggage car safe when the clerk had to surrender his pistol, and threatened him with death unless he handed over the loot. Two passenger cars crowded with commuters and shoppers were unaware of the swift holdup.

The robbery was over in a few minutes. The bandits jumped from the car and leaped into a waiting automobile believed stolen. Federal reserve officials believed the loot less than police reported.

Bizzell Builds New Trap For Raven War

T. Elmer Bizzell, has recently constructed a raven trap at his farm south of town and announced today that the trap was filled with the birds. Ravens each year wreak heavy damage to grains, watermelons, and other crops and it is hoped that building of the traps by farmers in the county will rid them of many of the raiders.

All persons interested in seeing one of the traps is invited by Bizzell to visit the one on his place, two miles south of town on the Rankin road.

FROM STANTON

Mrs. M. P. King and daughter of Stanton were in town Thursday.

Roosevelt's 'Do Something' Plea

'I say do something... and if it does not work, do something else!' was the ringing keynote on which President Roosevelt opened his

campaign for re-election in a speech before 20,000 young Democrats in Baltimore. At left he's pictured exhorting his audience

to support of his social reform program, and is pointed out by the circle in the general view.

LAYMEN TO HEAR WILLIAMS SPEAK

Men of First Christian Church Will Hold Big Banquet Tonight

J. W. Williams will be chief speaker at the laymen's fellowship banquet which will be given by men of the First Christian Church in the banquet room of the church tonight at 7:30 o'clock.

Dick Knox will be toastmaster for the occasion and a program has been prepared by Dr. L. B. Pemberton, Rawlins Clark and B. W. Reiser.

Numbers on the program will be the same as those scheduled for the last regular meeting of the organization which was postponed because of illness of a member and tickets purchased for that date will be good for tonight. Tickets may also be secured from the treasurer, Rawlins Clark, or the secretary, Dr. L. B. Pemberton, or at the church at the time of meeting.

Five Ships Land At Sloan Field

Two observation land planes represented the navy's contribution to landings at Sloan Field this morning. The two ships were led by Lieut. Briggs and were on the way from Dallas to El Paso.

One army craft, an FT-2B, with Major Bernham piloting also landed, coming from Duncan Field at San Antonio.

Two commercial ships also landed.

Agers WPA Students Range From 16 to 75

UVALDE, Texas (AP)—More than 450 persons from 16 to 75 years of age are receiving instructions in twenty-odd different courses in the Works Progress Administration's emergency education program in 24 south and southwest Texas counties. H. B. Palmer of Uvalde, supervisor of emergency education, announces, One hundred and thirty-eight teachers are employed. Recently in one shipment, Palmer received more than one ton of text books for distribution in the various communities.

REV. BASS RETURNS

Rev. T. H. Bass of the Church of Christ returned Tuesday from Hobbs, N. M., where he conducted a meeting. Mrs. Bass, who accompanied him to and from Hobbs, is ill with the flu and Mr. Bass reports a slight attack of the same disease.

TO BEDSIDE OF MOTHER

Mr. and Mrs. Cotter Hiett left Thursday for Wellington where his mother is ill of pneumonia.

Ritter Impeached On Senate Charge

HEAVY BOND SET FOR 8 SUSPECTS

Defendants Charged With Transporting Stolen Securities

NEW YORK, April 17. (AP)—Over the protest of the defendants, heavy bail was fixed Thursday for the eight suspects arrested in the federal government's 10-month search for the men who stole \$500,000 worth of bonds from a New York bank.

The defendants' arraigned before U. S. Commissioner Garrett W. Cotter, are charged with violation of the U. S. penal code in the transportation of stolen securities in interstate commerce.

Conspiracy to violate the law is punishable by not more than two years imprisonment or a \$10,000 fine or both.

The court fixed bail for the defendants ranging from \$40,000 to \$100,000 at the request of Lamar Hardy, the United States attorney.

It was reported that additional arrests were expected momentarily and federal agents hoped to recover the remainder of the loot. The agents announced that \$310,000 worth of the bonds taken from the United States Trust Company had been recovered.

Pageant Will Be Main Feature Uvalde Show

UVALDE, Texas (AP)—A pageant, with more than 500 school children and citizens participating and depicting the various periods in the growth of Texas, will be one of the features of the Uvalde County honey-festival May 7 and 8 as Uvalde's contribution to the Centennial year program. A contest to select the queen bee of the festival is under way. She will be attended by nine princesses, representing the principal flowers from which honey—a product for which Uvalde has become known throughout the country—is gathered.

RETURNS HOME

A. H. Flaherty returned home today from a Midland hospital where he had been under treatment.

MRS. DUNAGAN ILL

Mrs. Donna Dunagan is absent from Wadley's store today because of illness.

GREEN HERE

Jimmy Green, secretary of the Colorado Chamber of Commerce, is here today on business.

"Scandal, Disrepute" Allegations Are Upheld

WASHINGTON, April 17. (AP)—The Senate today convicted federal judge Halstead L. Ritter of Florida on the House impeachment charge that he had brought his court into "scandal and disrepute."

The verdict automatically removed the 65-year-old jurist from the bench. He was acquitted on the first six articles but was convicted on the seventh, which combined all previous six articles and added the "scandal and disrepute" count.

Senator Austin, Republican, Vermont, immediately challenged the conviction, contending the six acquittals cleared Ritter on the seventh article.

The convicted jurist listened silently, apparently unmoved by the decision.

The senate concluded deliberations in the impeachment case Thursday afternoon and voted its decision shortly after convening this afternoon.

Make Arrangements For Special Trains

AMARILLO. Of the eight or more special trains to bring delegations to the West Texas Chamber of Commerce convention here, May 11-13, arrangements already have been completed for three.

Definite assurance of large and representative delegations coming by special train already has been received from Dallas, Fort Worth and Wichita Falls. Jed Rix, convention manager, said today, each of the 3 cities would bring bands and other entertainment aboard the specials. With the Wichita Falls delegation will be a 25-piece band, a quartet, a "Home town" speaker and talent for the convention pageant, "West Teas Cavalcade."

Although Fort Worth sent a special train to the recent cattlemen's convention that city will send another special for the West Texas convention, according to Charles G. Cotter, manager of trade extension for the Fort Worth Chamber of Commerce. W. L. Pier, vice-president of the Fort Worth National Bank, will be general chairman of the trip.

J. Ben Critz of Dallas already has made arrangements for the special train from his city.

PASTOR IS ILL

Rev. K. C. Minter of the First Methodist church is ill at his home here. He expects to be recovered sufficiently to fill the pulpit at his church Sunday.

HAILE'S ENVOYS REFUSE TO ACCEPT MUSSOLINI OFFER

Complete Defeat for Negus Armies Is Duce Aim

TO CALL SESSION

Committee To Meet Monday To Study New Plans

By Associated Press

The League of Nations committee of 13 today agreed that attempts to effect conciliation in the Italo-Ethiopian war have failed. It was decided to convoke the league council in extraordinary session Monday to consider the conflict in the presence of representatives of both belligerents.

The breakdown followed the Ethiopian delegation's flat refusal to consider Mussolini's modified peace proposals, which stipulated direct negotiations without league interference.

In Rome, Italian spokesmen said Italy was willing to declare an armistice only after its armies had completely smashed the Ethiopian defenders and set up an authority sufficient to thwart military reaction.

Italians are believed to be near Addis Ababa, although torrential rains were reported to be slowing up the advance on the capital.

France addressed a "supreme appeal" to Mussolini asking cessation of the war long enough to discuss peace.

In Addis Ababa, tribal chieftains and cabinet ministers met secretly after two Italian planes flew over the capital. The conferees are supposed to be mapping a defense.

Italy warned Britain, massing ships in the Mediterranean, not to push her too far.

OIL ALLOWABLE IN STATE GETS BOOST

1,165,955 Barrels Per Day Announced By Commission

AUSTIN, Apr. 17. (AP)—The railroad commission today set Texas' May oil allowable at 1,165,955 barrels daily, compared to 1,147,690 barrels for April first, and 1,173,767 barrels on April 15.

Legion Meeting For Tonight Cancelled

The called meeting of the American Legion for tonight has been postponed until regular meeting tonight, Tuesday, April 28, due to the enforced absence of H. L. Hopson, sixteenth district executive committeeman.

Hopson and his wife will be here on the night of the 28th, at which time a Legion Auxiliary will be organized, and final plans for the convention here May ninth and tenth will be completed.

GUEST OF BROTHER

Miss Harrolyn Anderson, student in Paris Junior College, was the guest of her brother, Hershel Anderson, district manager of Southwestern Bell Telephone Company, Thursday night. Miss Anderson, recently elected editor of her school's year book, was on her way to a journalism meeting at Alpine.

GUEST OF SISTER

Mrs. John Snyder of El Paso is the guest of her sister, Mrs. W. M. Schrock.

Faculty Sponsor Ruth Carden SIX WEEKS EXAMS The second six weeks exams are over and with them have gone the hopes of exemptions for many. There is nothing they can do now, if they did not make the grade. Some, as heretofore, did not even prepare. Others, because of so many other activities, had little time for studying, or not time at all. At the beginning of the second semester, there were numerous resolutions to be exempt from the finals, but these resolves always drop about exam time. I think some of them are re-

signed to the fate that they will never be exempt. For the seniors this was their last chance ever to be exempt. COPIES OF RARE BOOKS ADDED TO LIBRARY Twenty-three photostat copies of rare books on Texas history have been purchased for the high school library. The Steck Publishing Company of Austin prepared a thousand sets of these books, commemorating the Texas Centennial. Footes' "Texas and the Texans" has been sent by the company to the governors of each state, the president, and to the rulers and presidents of all foreign countries. These books are quite an asset to the local library as the original copies are out of print, and some of them are valued in excess of two

The Town Quack

Bill said it would, so the other one took a big swig of the whiskey, and heeded his partner the dime. And then Bill became thirsty himself, and he figured he wouldn't be out anything if he paid back the dime and took a drink himself, which he did. And once they started they kept passing the dime back and forth. Before they had gone another mile they were both in a ditch on the side of the road, dead to the world. A teachers was telling her class about the terrible cruelties practiced by the Romans and she told particularly about Nero. She explained how he had burned people to death and had fed them to wild animals and how he fiddled while Rome burned. She was one of these modern teachers who have a lot of new-fangled ideas and she wanted to see what reaction her description had had upon her class. There was an old country boy in her class and she began questioning him. "Don't you think Nero was an awful, a terrible man?" she asked him. "I don't know," he replied. "Do you think it was right for him to set fire to Rome and to feed the Christians to the lions?" The old country boy thought for a long time. "Well," he said slowly and cautiously, "I don't care to say anything against him as he hasn't never done nothin' to me."

hundred dollars each. They are exact duplicates, even to the color of the bindings. Mrs. Elizabeth Wright, librarian, has catalogued and classified the books, and they are now ready for circulation. EVERYDAY BALLYHOO By Ralph Lamar Kitty Jean Ellis and "Charlie" Dodson are that away about each other. It looks like these Dodson boys are natural born Romeos. Did La Moine let A. B. down or did A. B. let La Moine down? Joe Dunagan has turned her affections to Odessa and Frank has turned his to Lorena. Maybe he just likes Dunagans. Don't tell Frank O'Connor but he is going with Lucille Guffey now. My guess is that this little affair will not last long. I don't believe Lucille has quit liking Lige for good. Incidentally, I believe Lige could still go for her. This week's poetry: Young John slept in his first wife's bed. His second wife's pillow under his head. His third wife's cover over his hide. And his fourth wife snoring by his side. I really don't believe Granada and Robert will go back together for good, although she thinks they will. And so, ladies and gentlemen, if you will tear off the side of a barn and send it with ten thousand dollars worth of stamps, and a trolley car to your nearest radio station an autographed picture of Lincoln will be sent to you. Don't delay because the pictures are limited and he absolutely refuses to autograph any more. If you have any good jokes I wish you would send them to me. I have six more columns to write, and I only have two more jokes left in my book. -Yours truly, Popeye.

for making a speed of from forty to fifty words per minute, on at least three fifteen minute tests with less than six errors. BE SURE YOUR POLISH IS RIGHT On trying to find just what is the right nail polish, I have consulted every body from Mr. Shifflet to the freshmen. I have decided just to shoot myself. One young man told me that every time he saw red fingernails he felt as if they were heading straight to his throat, and if he saw natural nails he felt nauseated. The gentleman concluded that he liked them colored just enough to be noticeable. We wonder what color that would be? A young girl told me that she was indifferent as to the color or polish she used or to the length of her nails, but she was not so important to the appearance. A noted authority on all subjects has said that in falls are kept clean and well groomed they will always be correct. He says a light shade of polish gives the nails a finished appearance; but it is his honest belief that nature can not be improved upon. A clever, stylish young lady says that she likes any kind of polish that is suitable to the ensemble and to the occasion, whether it be natural or ruby. We have heard that the latest fashion is to wear your nails light in the day, and have them darker at night. But, dear ladies, just remember if you try to please everybody you please nobody and are disappointed yourself. So our advice would be to wear your own polish.

PHILOSOPHY OF LIFE Blue-eyed people are innocent. Brown-eyed people are witty. Gray-eyed people are smart. Black-eyed people are criminals. Hazel-eyed people are fleckle. Green-eyed people are dumb. -By Bedford. DOPE ABOUT DOPEHEADS By Bigger Dopeheads. By biological geometrical extensive research we have found that Paddy Sue is the "hot woman." She can "ditch" Frank Miles any time, especially at night, and so she is coming between Gordley and Bedford—she wishes. If Lorena weren't so near sighted she would find her way to Abilene and stay there—we don't blame her—Charles is really cute. Emmmm—what will you think about this: Bob Reeves is still looking with longing eyes at Jean Davis. We take up that bet of Mr. Lamar—the sand did not blow Easter. We'll be by for the bill some Tuesday next summer. Looks as if C. A.'s dandruff is getting slightly bad. Haven't you noticed it during the play?

Frank Westerman and Jane Dunagan would make a swell pair—one has false teeth and the other has procrastination. We hear that Bernard's ambition is to look like Val Borum. Don't give up, Bernard, you're nearly "that-a-way." These "fish" of ours are really wild! They drink punch! Shame, shame, shame. It is too bad that Mr. Bearden is not a minister for there would be trouble or "mocked shodesty" over Leo and Darleen, and Kenneth and Dorothy. Margaret seems to get Ponder down—he has been absent "several days."

Here is a good one on Dorothy Lou—she thought that she was doing pretty good to tell author Dopehead about seeing Joe Norman and Betty Maness sparking (or should we say parking) but when the question came up—why she was there, she surely did turn red. That is very discouraging to John because he thought no one else knew his spot. Juniors seem very pleased on a golf course—but golf would drive any one else crazy—the way they play it. John and Gerald are exceptions—not only in golf, also in brains. Here is a theory on golf by Russell Wright—i-are; the harder I hit 'em, the farther I slice 'em; the farther I slice 'em, the more fences I climb; the more fences I climb, the more balls I lose; the more balls I lose, the less money I have; the less money I have, the less places I go; the less places I go, the more time I have to play GOLF, GOLF, GOLF!!! - Emmmm—little does Gerald know. They'll all do it, Gerald—ask author Dopehead. Instead of the Simmons boys falling for the Midland girls they fell for Miss Vaught. Some people are narrow minded, eh "Pug"? Joanna, do you have your hope chest, or is Frederick the only hope in your chest. Where are these dances that Juniors are supposed to be giving once every month? Lost or stolen? It surely would be funny (or tragic) if someone were to slip upon Frank Miles while he is entertaining his family (don't get me wrong) because he is always entertaining in his shorts! The funniest thing yet I have heard of is a young man's deal of his humor without his clothes and his sister's girl friend was unexpectedly in the room. That is enough to hang me for this week, so—BE GOOD!

90-Year Old Chapel Is Being Restored MISSION, Texas (P)—"La Lomita" chapel, built in 1845 and one of the series erected along the river road in memory of the missionaries of this church order who came here from France. A group of women of Hidalgo county under the direction of Mrs. Flora V. Hooks of Edinburg, believed to be the first American woman to worship at the little chapel, is raising funds for the restoration which is expected to be completed soon. Before the Rio Grande definitely was fixed as the border between the United States and Mexico Oblates came to this section and established "La Lomita" south of here. It was badly battered in the 1933 hurricanes but when reconstructed, the altar, old benches, bell and tower will be as they were in 1899, when it last was rescued from decay. The 91-year-old structure, built originally of adobe, stands on its original site and much of the handwork of its builders remains. When work is finished it will be dedicated to the memories of Fathers Kerulum, Breabault and other pioneer Oblates. It is not known when Kerulum came to the Valley but records show he was in the section many years prior to 1870. His body, discovered some time after his death, is buried in a Mercedes cemetery. Mission named a street for him.

12 Men Required To Transplant Big Oak BEAUMONT, Texas (P)—Twelve men were required to transplant a 50-foot oak from the Nancy Travis market site to the city hall lawn. Transfer of the tree was necessitated by decay of one of the line around city hall planted several years ago. City Park Superintendent Frank Bertscher, scouting for a tree of the same age, located the Nancy Travis oak. Use the Classifieds! See Captain Dare Devil Leo Simon in his 100-foot fire dive each night at Carnival Grounds. (Adv.)

Society and Clubs

Palette Club Will Sponsor Exhibit by El Paso Artist

An exhibit of landscapes in oil by Lewis Teel, El Paso artist, will be held on the mezzanine of the Hotel Scharbauer Monday, Tuesday, and Wednesday of next week, under auspices of the Palette club composed of Midland artists.

Announcement of the sponsoring of the exhibit was made following an all-day session of the club with Mrs. N. W. Bigham, 310 W. Louisiana, Thursday.

Painting occupied the morning and afternoon hours and luncheon was served at noon.

Artists present were: Mmes. Clarence Hale, D. B. Snider, Ben Golladay, J. G. Gossett, John Hix, R. C. Smith, Stookey, Mary S. Ray, F. H. Lanham, Ralph Barron and the hostess.

Calling during the afternoon were Mmes. Enodgrass, Clyde Cowden, Svedie Nelson, H. C. Wheeler.

Further information about the Teel exhibit will be made in Sunday's issue of The Reporter-Telegram.

FEMININE FANCIES

BY KATHLEEN EILAND

An oddity we've just heard of is the perfumed earring—a different perfume for each pair of ear ornaments and all very inexpensive (we mean the earring, not the perfume).

Requirements for the airline stewardess match those for the perfect wife, it is said. Perhaps that accounts for the fact that practically all the girls who fly the airways are married by the time two years' service is up. American Airline officials say their girl employees, indeed, serve only an average of a year and two months before they decide to descend to terra firma and take up the duties of a home maker.

What then are the requirements which an air stewardess must pass? We'll have to admit that the following list of qualifications does seem rather formidable:

They require that a stewardess shall be easy on the eyes, tactful, charming and the possessor of lots of gumption—this is to be determined by observation during trial service. How's that for a description of the Perfect Wife? The ideal stewardess must also weigh no more than 120 pounds, be not more than 27 years old (some lines say 25) and no taller than five feet five inches—about as high as a man's heart.

Stewardesses must also be registered nurses, not because nurses are needed so often on airplanes but because officials have a theory that nurses' training produces an unusual understanding of discipline, dignity and self-control. Well, you know how men have

Three Table Party Honors Bien Amigos Club Thursday

Yellow roses and other spring blossoms were used in the playing rooms when Mrs. Thos B. Flood entertained for the Bien Amigos club at her home, 1201 W. Illinois, Thursday afternoon.

Prizes awarded in the three tables of bridge played were wrapped in pink and silver and the same colors predominated in the tallies.

High score among club members went to Mrs. John House and high score for guest to Mrs. D. C. Hemsell. High cut went to Mrs. Joe Ballanfonie.

The table was centered with a crystal bowl of pink and lavender blossoms and refreshments were served at tea time to club guests, Mmes. Hemsell and Arthur B. Brown and the following members: Mmes. Preston Bridgewater, Joe Ballanfonie, Joe Chambers, J. M. Haygood, R. E. Kimsey, Carl Mitchell, C. A. Mix, Joe Pyron, John House, Jas. H. Chapple, and the hostess.

Mrs. Phillips Is Hostess to Club

Mrs. Johnson Phillips was hostess to an afternoon bridge for the Thursday club at her home, 903 W. Kansas, Thursday.

Mrs. J. L. Crump, who was the guest of the club, scored high in the two tables of bridge played. Mrs. O. C. Harper held second high score.

A party plate was served at tea time to: Mmes. Geo. Abell, Crump, Harvey Conger, John Cornwall, W. R. Hamilton, Harper, Arthur Yeager, Thelma Jackson, and the hostess.

CHURCHES

CHURCH OF CHRIST

T. H. Bass, Minister

10 a. m.—Bible study. All are urged to be present and have a part in this helpful service.

11 a. m.—Morning worship and sermon. Subject: That Which Is of Interest to Every One.

7:45 p. m.—Evening worship and sermon.

7 o'clock—Young people's meeting.

3 p. m. Tuesday—Women's Bible class meets.

Midweek Bible study and prayer service Wednesday at 7:45 p. m. A cordial invitation is extended to all to attend these services.

FIRST METHODIST CHURCH

Kenneth C. Minter, Pastor

Services will be held at 11 o'clock Sunday morning in the private dining room of the Hotel Scharbauer. A cordial welcome to attend is extended to all.

NAOMI CLASS

Hotel Scharbauer

The Naomi (inter-denominational) class for women will meet at 9:45 o'clock in the private dining room of the Hotel Scharbauer. Mrs. J. Howard Hodge is teacher.

Look Under Makeup For Beauty Ills

By ALICIA HART
NEA Service Staff Writer

You hear a lot about shades of lipstick and how to spread on cheek rouge so that it will look like the natural rose of health. You need all these hints, too—but what you need even more, judging by some of the complexions under the rouge, is a good jacking up pretty often about what to do for the skin itself.

First of all, if you want to have the complexion that makes people reach out and stroke a baby's cheek, watch your diet. That will mean self-denial such as eating fresh or cooked fruit for dessert when you would rather have rich pudding or cake, taking a second helping of vegetables instead of meat and energetic exercise, plenty of walking at least, if nothing more strenuous.

One of the magazines collected statistics about skins not long ago and discovered that 28 1-2 per cent of those interrogated had oily skins, 29 1-2 per cent had dry skins, 30 per cent had coarse pores and 39 per cent had blackheads. I am convinced that 50 per cent of these conditions are the result of failure to wash the face often enough with a good mild soap and plenty of warm water. Use soap at least once a day (I use it twice myself—night and morning) and be sure to rinse all the soap off, then finish with a dash of cold water.

You need a nourishing cream, especially if your skin is dry, and a cleansing cream, of course. And if you have enlarged pores you need a lotion I've just discovered that can be smoothed on your face before you make up, and gives what the skin chemists call slippage—the moisture to blend rouge and powder and make them look natural.

There's a new ground powder, too, with flat flakes—that are supposed to cleave through rain or shine. Incidentally, if you have a dry skin you will probably find that a fine light powder is more flattering than a darker shade. If you have trouble getting an even tone, through powder first with a dark shade, then go over it with a light powder. Gives sort of a translucent effect.

Gable, Harlow, Loy In Hit of The Year

FAITH BALDWIN'S ultra-modern metropolitan conflict of a millionaire husband caught between the loves of two women—his wife whom he adores and his secretary whom he respects—is recommended by this reviewer to all those in search for the best entertainment of 1936.

Above everything else, however, Metro-Goldwyn Mayer's "Wife Versus Secretary," showing at the Yucca, preview Sat. night and Sun. Mon., and Tues. has the great starring combination of Clark Gable, Jean Harlow and Myrna Loy head-

Termite Fighters Ethical

PALO ALTO, Cal. (U.P.)—The local division of the California Association of Insect Exterminators and Fumigators has established an ethical basis for the profession. Hereafter the inspection of houses to ascertain the presence of termites will not be offered.

always been about nurses! So that requirement means just another hazard for the company.

More perfect romances, we say, to the girls who can rate a grade of passing on the list!

It was with some astonishment that we heard a sales girl in a Midland store say recently that she had some washable hats. We wondered about them. They are, it seems, made of lastex and may go through the laundry process with all the aplomb of linen or cotton.

Speaking of hats brings us to mention of an especially attractive one on display in a downtown store. It was all white, in the new shallow-crowned style, and was completely draped with a white veil besprinkled with chenille dots in various colors. At the apex of the crown a posy of bright flowers added a saucy note of color.

AS A TEXAN, WHAT WOULD YOU SAY?

THIS PICTURE shows a young Texan enlisting in the Texas Navy. The famous sloop-of-war "Austin" is shown riding at anchor in the background. This gallant sloop saw heroic service, and did much damage to Mexican commerce. If you had been the young Texan, what answer would you have made to the officer? See the small sketch to the right.

Girls! Boys! Women! Men! Enter this great Texas Centennial Contest!

SEND in your entry today! Everyone has a chance to win a big cash prize! Loads of fun... and educational, too! There will be five more contests... one each week for five weeks. Every week there will be 59 cash prizes! Watch next Friday's paper for next week's contest. You will want to compete in each of these contests!

General Foods is sponsoring this unique series of contests both to promote a better knowledge of Texas history and to acquaint you with the wide variety and fine flavor of the six delicious Post Cereals. Here's hoping that you'll get a lot of fun... not to mention a prize... out of these contests—we know you'll get a lot of pleasure out of eating Post Cereals.

THE ALL-STAR FAVORITE CEREALS OF THE LONE STAR STATE!

POST'S 40% BRAN FLAKES... delicious nut-brown flakes.

POST TOASTIES... the better corn flakes—tasted double crisp.

GRAPE-NUTS... crisp and crunchy—with a rich, nut-like flavor all its own.

POST'S WHOLE BRAN... tempting full-strength bran, helps relieve constipation due to insufficient bulk.

HUSKIES... the new whole wheat flakes with a brand-new flavor.

C. W. POST, A SON OF TEXAS, ORIGINATED POST CEREALS

\$5,000 IN PRIZES!

59 CASH PRIZES EVERY WEEK FOR 9 WEEKS!

RULES

- 1 Read what the naval officer is saying in the picture at the left. Then decide what your answer would be.
- 2 Write your answer in 25 words or less on a sheet of plain paper or in the proper space in the coupon below.
- 3 Write your name and address on the paper or on the coupon below.
- 4 Attach your entry to one package top from any one of the six Post Cereals shown below and mail to Centennial Contest, P. O. Box No. 1616, Dallas, Texas.
- 5 Prizes will be awarded for the answers which, in the opinion of the judges, best express the spirit of devotion, bravery and self-sacrifice that characterized the early Texas patriots. Literary skill or "fancy" writing will not count. Do not send any drawings or elaborately prepared entries.
- 6 Judges in the Texas Centennial Contest are Mr. S. W. Faupet, President of the Texas Daily Press League, Mr. C. C. Macs, General Manager, Houston Post, and Mr. Victor H. Schoffeleers, President, Texas Geographic Society. All entries shall become the property of General Foods and may be used as it sees fit. All decisions of the judges will be final. In the event of ties, duplicate prizes will be awarded.
- 7 Entries in this week's contest must be postmarked not later than midnight of May 1, 1936.
- 8 Winning a prize in this week's contest will not disqualify you from competing for cash prizes in the five succeeding contests. You can enter every week.
- 9 No employee of General Foods, or member of his or her family may compete in these contests.

59 CASH PRIZES EVERY WEEK!

FIRST PRIZE . . . \$100.00

SECOND PRIZE . . . 75.00

THIRD PRIZE . . . 50.00

Ten Prizes of \$10.00 each

Forty-Six Prizes of \$5.00 each

FREE! To everyone who enters this Texas Centennial Contest!

A monochrome reproduction of this picture of an incident in the history of the Texas Navy, drawn by Norman Price, Size, 9 x 12 inches. (There's a new picture each week for 9 weeks.) Last week's was the Coronado expedition. If you want other picture without entering the contest, send name and address with one top from any family-size Post Cereal package for each picture desired.

TRACK, FIELD PRELIMINARIES START AT 10 P. M. SATURDAY

FINAL EVENTS TO BE STARTED AT 1 IN AFTERNOON

Fourteen Schools In District Will Be Represented

Preliminaries in the track and field events of the Interscholastic League district meet will start here in the morning at 10 o'clock, with the finals in all events being run off in the afternoon.

Fourteen schools throughout the district will be represented at the meet, and with weather conditions favorable it is expected many records made in the two years past the district meet was held here first in 1934 will fall before the onslaught of some of the outstanding track men to represent the district in several years.

In the high jump, Bell of Seagraves again looms as an easy victor. For the past two seasons he has carried off the first place medal. The new record of five feet 10 inches was made by him last year but it appears likely that he will best that mark Saturday as he has been jumping six feet consistently this year.

Time made in the 100 yard dash last season is sure to be easily topped. The three fastest men in the event last season, Montgomery and Midkiff of Midland and Trogden of McCamey were disqualified and the eventual winner, Auten of Seminole, came in with the slow time of 11.8. Midkiff has consistently made far better time than that all this year, usually running it in around 10.2. In the 220-yard dash, Midkiff, four-

Maryland Hunt Club Is Hardest Race of The Year

PERMIAN BASIN LEAGUE WILL OPEN SEASON SATURDAY WITH THREE GAMES

The Permian Basin League, composed of Wink, McCamey, Crane, Iraan, Texon and Ozona, will open the season tomorrow with games at Ozona, Crane and McCamey.

Texon, 1935 champions, will make their first bid for another pennant when they journey to Ozona, Wink a new member of the circuit this year, will play the opener at Crane, one of the favorites to cop this year, and Iraan will start off at Crane. Games will be played between the same clubs Sunday.

The league promises to be faster this year than any since its organization, all clubs having added strength since the close of play last year. Wink, new member to the league, promises to have a club that will come up with any of them before the season ends. Recruiting of players is going on at rapid pace in the Winkler capital and nothing short of a pennant winner will be satisfactory to the backers of the

place winner last year, will be favored to win due to the improvement shown by him in that event this year. In several invitation meets he has come in first practically each time and promises a distinct threat to the district mark of 24.5 for the distance.

No runner in the district this year has so far shown the class that will beat the mark set up last year in the 880, 2:10.4, made by Bearden of McCamey, Lawson of Midland, whose best time is around 2:15 looming as the favorite.

McCamey was the winner of the track and field events last year with 30 points, Big Lake, 29, Crane 26 1/2 and Midland finished fourth with 21. Seminole, Rankin, Seagraves, Stanton, Brown, Lenoah, Stokes and Courtney scored.

This season the Midland club will enter the meet as favorites due to their fine record made in invitation meets entered this year. They won one meet at Crane and have finished high in the standings in others entered.

22 Rail Jumps Make Course Tougher Than Aintree

BY JIMMY DONAHUE
NEA Service Sports Writer

BALTIMORE.—For a tankard of English design valued at \$100, the pick of America's timber-topping horses will race one another in the Maryland Hunt Cup steeplechase on the estate of C. L. A. Heiser, near here, April 25.

This trying test of thoroughbred horseflesh, held annually since 1894, is the nearest thing in this country to the English Grand National—yet, despite its top position in Yankee steeplechasing, it is comparatively unknown, due chiefly to the fact that it carries no purse and draws little deserved publicity because of that fact.

In a way, the 22 jumps over the four-mile course are more difficult than the 31 hazards studding the 4 1/2 mile stretch of the Grand National. All the Maryland Hunt Club jumps are rail barriers, and no horse can ease up in taking them, because it must clear the hurdles with inches to spare. Many of the English chasers, on the other hand, can cut through the tops of hedge

BAYLOR PREPARES TO MEET OWL CLUB

WACO, Tex., April 17 — Having split their series with the conference-leading Texas Longhorns, the Baylor Bears plunged back into another week of long practice sessions in preparation for their trek to Houston this week-end where they will meet the Rice Owls on Friday and Saturday.

Under the capable pitching of Jelly SoRelle, the Bruins took their first match from the Steers 8-7, playing a blot on the record of the Longhorn ace hurler, Red Branch. The victory kept the perfect record of SoRelle intact, with three wins and no losses. The state nine came back Saturday to even the series with a 55-2 win over the Grizzlies.

Ducey pitched good ball for the Baylor crew but his team mates could not hit in the pinches, and the Bruins came up on the short end of the count.

The Bears are now resting halfway up the conference percentage ladder with three wins and three losses, having split the series each time with the Aggies, the Mustangs and the Longhorns. The Bruins journey to Houston this week to meet the prodigal Rice Owls, who have just returned to Southwest diamond competition after several seasons' lay-off. The Feathered Tribe is weak on the diamond, and the Bears are rated to cop both contests of the series.

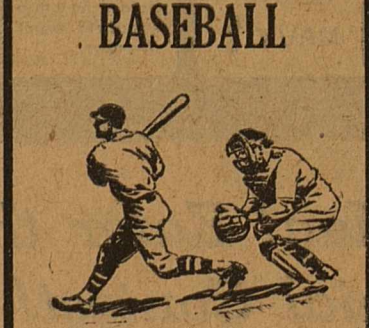

The line-up for Baylor will probably see an infield change, with Theo Alford, touted cager, with the post at the initial sack; Bill Marstella at second base; Lloyd Russell at shortstop; and Howard Lee at third base. Ross Hightower, Fred Vinson, and Mitchell Parks will be the starting outfielders. Doc Henslee, slugging catcher will do the receiving for SoRelle and Ducey in the Rice series.

Bill Marstella, diminutive second sacker, is becoming the talk of the diamond around this section. Though only a sophomore, he is exhibiting consistent fielding, showing that he is probably the best base runner in the league with stolen bases each game, and hitting nearly .700 for his first six games in Southwest competition.

WACO, Texas, April 17 — Coach Ralph Wolf kept his Baylor Bear track prospects tuning up all Wednesday afternoon in their last strenuous workout of the week before their dual meet with the Texas Christian Frogs. The meet will be held on Carroll field Friday afternoon.

The Bruins have displayed unexpected prowess on the cinder paths thus far, having taken third place in the Texas track team at the quad-rangular meet in Fort Worth.

Though the Bears are weak in the dash events, they are expected to take first honors in this meet be-

barriers on the Aintree course and still land safely on the other side. The highest fence on the course is 4 feet 10 inches, but all are built solidly of oak posts and locust rails, and any horse unjucky enough to run into one bounces off like hail from a window pane.

Product of Gay '90s
History of the jump classic began in 1894, when five southern gentlemen from Maryland sat on the steps of the Elkridge Kennels and began a friendly argument as to who owned the best hunting horse. The five were Frank G. Baldwin, Henry J. Farber, Gerard T. Hopkins, Jacob A. Ulman, and Ross W. Whistler.

The discussion finally developed into a match race over the club course.

That race included 12 entries, and was a decide success. In 1915 the course was transferred permanently to its present location, and the race now draws as many as 35,000 spectators annually, and fields of 25 to 30 horses.

Little has been done to change the course. It still is typical of Maryland hunting sections, and the only grandstand is a sloping hill from which spectators can see almost every foot of the course.

The horses start to the left of this hill, and come toward the crowd over a board fence, past the hill and down the valley; then across the road to the big third fence, which corresponds to Becher's Brook at Aintree, and always takes a toll of the field.

Once across the road, the course describes a wide circle along a wood on the far side of the valley and down the bottom to the 13th fence. Then the course goes by the woods again, recrosses the road at the opposite end, and comes down across water to finish over the fence from where the race started.

Record Set in 1930
It is a beautiful layout—a sporting course to ride, long and hard, but fair to every horse.

The record to date is that chalked up by Brose Hoyer, which, in 1930, made the four miles in 8 minutes 53 4-5 seconds.

This year, Hotspur, last year's victor, is favored to annex the race.

said to be the toughest four miles of jumping course in the world. Captain Kettle, twice a winner, and place horse last year, will be back, as will Indigo, one of the more promising animals, which won the Meadow Brook and New Jersey last year; Mrs. Vadim Makaroff's Gigo, Mrs. Frank M. Gould's Ostend, Frimero, The Prophet, Chatterplay, and others.

Indigo was the most promising jumper of 1935, and indications are that he will go postward a co-favorite with Hotspur, if not top horse in the betting.

Few of the fatal accidents that occur on the Aintree Grand National course occur in the Maryland race. In its existence, only four horses have had to be destroyed due to accidents at the jumps, and no fatal mishaps have happened to jockeys.

Valentine Becomes Incorporated Town

PEECOS, Texas (AP)—Valentine, by a vote of 47 to one, became the first incorporated town in Jeff Davis County, W. A. Yarbro having the distinction of being the first resident mayor of the county. B. F. Morris and John Gardner were elected commissioners.

The county is in the heart of the Davis Mountains, the only other community being Fort Davis, the county seat, which is not incorporated. In Jeff Davis County is the McDonald Observatory, the ruins of old Fort Davis, around which the Centennial celebration for this section is being built, and Mount Livernore 6382 feet, the highest peak in the range.

Jeff Davis County is the last stronghold of the "old West Tex-

as" frontier. It is divided into big ranches and large apple orchards. Movie companies have come here to make "Wild West" pictures because of the perfect setting the rugged mountain scenery, low adobe houses, people who still travel on horseback, the giant cottonwood trees along the mountain stream and the ruins of the old fort.

This lonesome bit of the old west now is accessible by paved highways—U. S. Highway 90 and State Highways 161, 166, and 17.

Halstead Street, in Chicago, containing representatives of practically every race in the world, is more than seven miles long.

All beauty contests are banned in Italy.

Tech Expenses For Students Cheaper

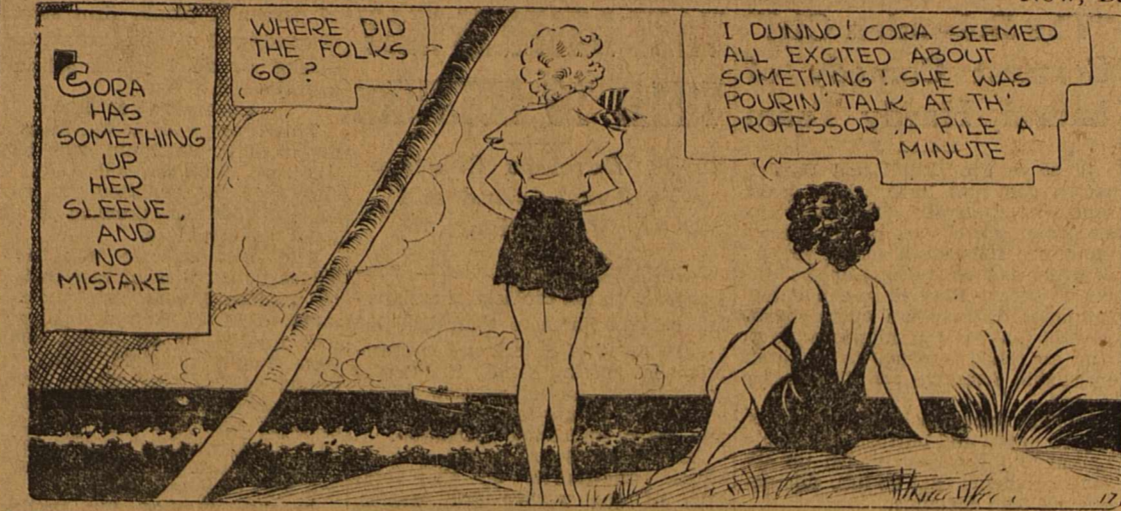

LUBBOCK, Texas (U.P.)—A men's debate team from Texas Technological College will compete at the Southern Association Speech Tournament in Gainesville, Fla., April 14-15-16.

Friday 13 Lucky for Farmer But Unlucky for His Hog

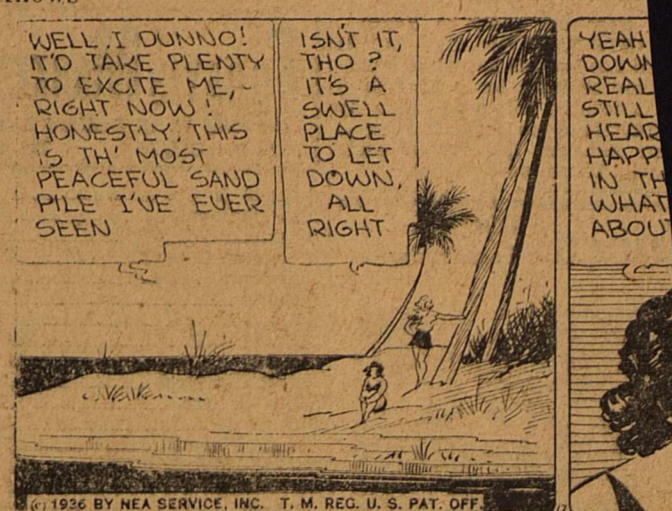

MALAKOFF, Texas (U.P.)—Friday, the 13th of March, was lucky for J. C. McEntyre and unlucky for his Duro-Jersey sow, which farrowed a total of nineteen pigs, sixteen of them living to form the largest litter ever known in East Texas and perhaps in the entire state.

Vacuum Cleaner—Sales & Service

After 12 years of service on cleaners, I recommend the Eureka, because it cleans hair and lint instantly, as well as embedded dirt. The new model motor driven brush Eureka removes more dirt per minute than any cleaner made, regardless of price. Also cleans walls and furniture; paints, sprays wax on floors, polishes, kills moths, shampoos rugs and purifies the air. See a new Eureka demonstrated in your home before you buy, selling at \$39.50 and up. Used cleaners—Eurekas, Hoovers, Electrolux and others. Cleaners on display at the Light Co. and Barron's Furniture. G. Blain Luse

"The Bohemian Girl" Craziest Comedy of Laurel, Hardy Team

Some of the Laurel and Hardy's recent comedies have been good, others exceptionally good, but "The Bohemian Girl," one of their most ambitious full-length screen features which is now showing at the Yucca is great! Here is screen entertainment de luxe—an opera, a romantic play and a hilarious fun film all rolled into one to make an enjoyable evening for the entire family.

Tidwell Shows Give Matinee Performance

The T. J. Tidwell shows, located one mile west of town, will give a matinee performance tomorrow afternoon with special prices in effect for all children.

River Towns

(Continued from page 1) by the flood and 986 were damaged. City officials report prospects for "the biggest business year since 1928."

VAST DESERTS MAY YIELD TO CULTURE

Soviet Develops Substance To Anchor Sand and Vegetation

MOSCOW, April 17. (U.P.)—Confronted with the problem of reclaiming part of its more than 1,100,000 square miles of desert and controlling the shifting sands, the Soviet government has devised new methods which do not involve expensive and often impossible irrigation.

Emulsion Prevents Erosion

He covered the surface of the ground with a bitumen emulsion, which he found to prevent intensive evaporation. Together with the additional effect of preventing wind erosion, the emulsion encouraged the formation of a herbarious cover.

15,000 Water Wells Loom for 15 Counties

BROWNWOOD, Texas. (U.P.)—Approximately 15,000 water wells will be mapped and tested in 15 counties in order to determine the depth at which water can be obtained as well as the quantity of water.

Theory Put to Test

This theory was tested in experiments of P. Vershinnin, who by introducing into the soil colloidal "A" succeeded, he reported, in solving in principle the problem of artificial soil structure.

The next problem was that of sufficient supplies of raw materials to produce gluing substances for large areas. Cotton and flax refuse, treated by an alkali solution were found to yield easily their gluing components.

Dr. Leaves Library To His Alma Mater

VERNON, Texas. (U.P.)—The wish of the late Dr. E. F. Lyon that the bulk of his private library become the property of his Alma Mater, the Southern Baptist Theological Seminary at Louisville, Ky., was fulfilled when the Rev. Thomas A. Johnson, librarian of the institution received 137 volumes recently.

Read This Enthusiastic, Voluntary Letter:

"Just a line to let you know how much I appreciate Kellogg's ALL-BRAN. I was troubled with constipation. I asked my doctor what to do. He said to eat bran."

ADVISED TO EAT BRAN FOR HER CONSTIPATION

Kellogg's ALL-BRAN Helps Miss Hanson. Read this enthusiastic, voluntary letter: "Just a line to let you know how much I appreciate Kellogg's ALL-BRAN. I was troubled with constipation. I asked my doctor what to do. He said to eat bran."

ALL-BRAN provides mild "bulk" —missing in the average meal.

This delicious cereal also furnishes vitamin B and iron. The "bulk" in ALL-BRAN absorbs moisture, and gently exercises and cleanses the system. It is often more effective than that found in fruits and vegetables, as it does not break down within the body.

Use The Classifieds!

ADVISED TO EAT BRAN FOR HER CONSTIPATION

Kellogg's ALL-BRAN Helps Miss Hanson. Read this enthusiastic, voluntary letter: "Just a line to let you know how much I appreciate Kellogg's ALL-BRAN. I was troubled with constipation. I asked my doctor what to do. He said to eat bran."

ALL-BRAN provides mild "bulk" —missing in the average meal.

This delicious cereal also furnishes vitamin B and iron. The "bulk" in ALL-BRAN absorbs moisture, and gently exercises and cleanses the system. It is often more effective than that found in fruits and vegetables, as it does not break down within the body.

Isn't this natural food pleasanter than patent medicines?

Just eat two tablespoons daily. If not relieved, see your doctor. Sold by all grocers. ALL-BRAN is much more effective than part-bran products. Made by Kellogg in Battle Creek.

Constipation due to insufficient "bulk" in meals.

"You like your milk better when its kept in an ELECTRIC REFRIGERATOR"

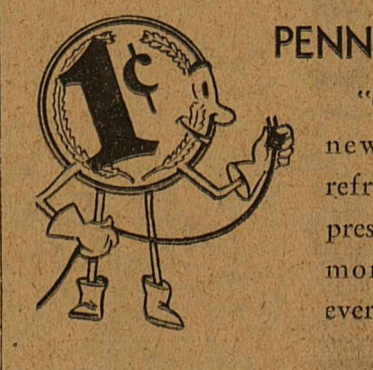

And no wonder! Children have a sensitive taste and appreciate the flavor of fresh milk that is kept pure and wholesome in an electric refrigerator.

When your child refuses to drink milk, especially in hot weather, perhaps the milk doesn't taste just right. To keep milk and other perishable foods fresh, see that the food compartment of your refrigerator stays below 50 degrees—the food safety zone.

If your refrigerator wastes food, see the new model electric refrigerators at your dealer's. Some attractive models are priced in the \$100 class and the operating cost is lower than ever— only a few cents a day on your cheap electric rate.

KIDS: Call by our office and get your FREE Copy of the Watts Family Coloring Book.

PENNY WISE SAYS: "Cheap electricity and new improved electric refrigerators make food preservation easier and more economical than ever."
