France Will Consider Alternate Plan

Germans Acclaim Chancellor On Eve Of Treaty Defi

The esteem in which Adolf Hitler is held by great masses of man-in-the-street Germans is illustrated in this picture, just received in America and made short-ly before he ordered troops into the Rhineland. The Chancellor seated bareheaded in the front seat of one of the big cars that are his chief delight, acknowledged the salute of cheering Berlin pedestrians who stopped to acclaim him as he arrived at the Presidential palace for a state function.

Beat of Marching Feet Heralds Growth Of Border Army

The first spectacular push of German troops into the Rhine valley was but the advance guard of a really formidable army that Chancellor Hitler ordered on duty along the French and Belgian borders. The beat of marching soldiers' feet and the rattle of their gun cassions draw crowds like that jamming the sidewalk in the background of this NEA Radiophoto made as re-enforcements for the vanguard marched into Coblentz.

Burlesque Bathing Revue Attracts 45 Entries From Local Business Houses

Forty-five local business houses yesterday had signified their intentions of sponsoring models in the Midland Lions Club Men's Burlesque Bathing Revue which is to be staged at the Yucca Theatre on Tuesday evening, March 4, indicating that the gigantic fun spectacle will be one of the largest and most successful benefits staged here in recent years.

The affair is to be a comedy riot from start to finish with prominent and well known business men of the city parading across the stage of the theatre modeling evening dresses and bathing suits. Special make-up and wigs have been ordered and a make-up artist has been secured to add the final touch to the appearances of the awe inspiring beauties. "Shapely forms" will be very much in evidence as the intriguing models stroll leisurely across the stage vying for the prizes that will be awarded the winning contestants. The delightful contestants will be paraded before the audience which will select the winners by applause, basing their applause on figures, comic attire and beauty. The models are being assigned at present, and a list of the beauty contestants will be published next week. Dieting is in order as some of the "lovely" contestants strive to improve their form.

W. F. (Doc) Bailey will act as master of ceremonies, and will announce the models and the firms they are representing.

A continuous line of gags from the master of ceremonies will keep the audience in an uproar. Fun from start to finish with never a dull moment, is the promise of those in charge of the burlesque.

A special feature picture will also be shown on the same evening, and a complete change of program on

EXPECT OVER 200 HORSES WILL RUN IN RACE CIRCUIT

President of Assn., Nance, Confident Of Success

Prediction that approximately 250 race horses will take advantage of the new circuit of the Texas Racing Association was expressed Saturday by Tom Nance, president of the eight-track body, after a conference at Amarillo with Mason King, vice president.

Horsemen from many states are writing for condition books and offering to make stall reservations as quickly as possible, it was reported. The calendar calls for the first meet to open at Seguin, April 3 to 18. The next meet is set for Rusk, April 22 to May 2; then Amarillo, May 6 to 16 and Midland May 20 to 30.

Other meets include Graham, dates to be set; Panhandle, June 24 to July 4, and Pampa, July 8 to 18. Kingsville, other member of the association will not hold a spring meet but will set dates along with the circuit for fall racing.

6 Governments Will Recognize Paraguay

WASHINGTON, Mar. 14. (AP)—An official announcement was made Saturday that the United States, Argentina, Brazil, Chile, Peru and Uruguay would extend diplomatic recognition to the new government of Paraguay Saturday afternoon.

HAUPTMANN WILL GO TO CHAIR FOR MURDER OF BABY

Invitations Mailed for Execution of Prisoner

DATE--MARCH 31
Deadline Has Passed To Get a Legal Reprieve

TRENTON, Mar. 14. (AP)—Colonel Mark Kimberlin, warden of the New Jersey state prison, Saturday announced that invitations to the electrocution of Bruno Hauptmann would be mailed next Saturday. The electrocution will probably be held at eight p. m. Tuesday, March 31, barring an eleventh hour respite.

Although Hauptmann's chances of escaping the chair are practically negligible, he has told his wife, Anna, he is still confident his execution will be stayed again.

Governor Harold G. Hoffman, who granted a 30-day reprieve on Jan. 16, 29 hours before Hauptmann was to go to his death, said he will not sign a new reprieve, and that Hauptmann's only chance of sidestepping his fate at the end of the month lies in the discovery of new evidence.

Even in that case, the governor said, he has no legal power to do anything beyond suggesting to Attorney-General David T. Wilentz and defense attorneys that they ask supreme court justice Thomas W. Trenchard, trial judge, to stay the execution.

Sweetwater Paper Prints "Confidence Issue" of 56 Pages

The Sweetwater Reporter, established in 1897, and the oldest newspaper in Nolan county, Thursday put out a "Confidence in Sweetwater" edition of 56 pages. The announced reason of the publication being to "Sell Sweetwater."

In four column boxes at the top of each eight page section is found a boost for the city, the one on the front page reading "Send this edition to a friend. Send it as you 'boost' for Sweetwater, as evidence that you realize it is a privilege to live in Sweetwater. It contains a story of the rapid advancement and growth of Sweetwater that you can be proud to tell. It will help advertise Sweetwater favorably wherever you send it, and advertising like that pays."

The paper contains many photos of Sweetwater buildings and industries, advertising and historical facts concerning the city.

RUSSIANS ALLEGE JAP-MANCHU MEN FIRE ON WORKERS

Laborers Flee From Fusillade Fired By Troops

MOSCOW, Mar. 14. (AP)—Dispatches from Khabarovsk Saturday said that motorized Japanese-Manchoukuan soldiers had fired on soviet workmen from the Manchoukuan side of the soviet, manchoukuo border.

The report said that 30 shots were fired by the soldiers as they drove along the border. Workmen scattered under the hail of bullets.

PROCLAMATION

Mayor M. C. Ulmer Saturday issued a proclamation designating the week of March 29 to April 6 as "Clean Up Week" in the city of Midland. The complete statement appears elsewhere in this newspaper.

Attraction of thousands of visitors to the various Texas cities, especially those along important routes of travel like the Broadway of America, has created an unusual reason for utmost diligence in cleaning up for the spring and summer.

Mayor Ulmer said. He called upon the people of Midland to assume a competitive attitude, seeking to make Midland the brightest spot in this section of Texas.

Cleanliness not only will promote civic beautification but it also will reduce fire hazards and will aid in preventing disease. Weed cutting was especially encouraged.

Commendation of property owners observing painting and remodeling programs was expressed by the city official.

Hitler Envoy

Ordered to London for the meeting of Locarno signatories on the Rhineland crisis, Joachim von Ribbentrop, above, close adviser of Adolf Hitler, will act there as observer. Von Ribbentrop is a special adviser on armaments, a roving ambassador often at Hitler's side when Der Fuehrer grants interviews.

METEOR FLASHES OVER NEW JERSEY INTO ATLANTIC

Moon's Glow Dimmed By Flash in Sky

NEWARK N. J. Mar. 14. (AP)—A meteor so near to the earth that it rattled windows blazed across the central New Jersey sky and apparently vanished into the Atlantic early Saturday morning.

A pilot of a plane landing near Newark said he saw a brilliant light overhead which blotted out the moon's light, and said that he feared one ball of fire would hit the plane, but it passed far overhead and vanished into the sea.

Miss Ticknor Will Be "Miss Midland"

Miss Harriet Ticknor, daughter of Mr. and Mrs. E. W. Ticknor, will represent Midland at the Monahans Centennial celebration early in April. She will drive the car which will be designated as Midland's in the celebration parade.

The Booster club of Monahans is sponsoring the celebration.

ICE THAWS BRING NEW DANGERS FOR EASTERN STATES

28 Persons Known Dead in Canada And U. S.

WATERS RECEDE
Forecasts for More Rain Adding to Fears

By Associated Press

Heavy snow and ice thaws Saturday brought new danger to Eastern and Northwestern states and the maritime provinces of Canada. At least 28 persons were known dead as the result of floods, 3 in Canada, 10 in New England, four in Kingston, Pennsylvania and one in New York.

Some rivers were receding, but forecasts of more rain in the Susquehanna river region in Pennsylvania spurred residents to added fears.

A mile long ice sheet moved down the Hudson river in New York, crushing piers and bathhouses.

President Roosevelt has authorized the expenditure of \$5,334,000 of work relief funds to combat the emergency.

Frozen streams that came suddenly alive under the spring thaws were subsiding in some sections, but continued to rise in others.

Where the flood menace abated, snow and freezing temperatures brought misery to the homeless.

200 COMMUNISTS ARRESTED AFTER CHURCHES BURNED

Armed Guards Patrol Madrid Streets to Maintain Order

MADRID, Mar. 14. (AP)—Police Saturday arrested 200 communists in a search for riot leaders who Friday burned churches in downtown Madrid. Armed guards patrolled streets throughout the capital and cordons of troops encircled churches, public buildings and newspapers.

Mobs of extremists roamed the streets of the Spanish capital setting fire to churches and convents and shouting "burn all the pope's property."

The latest outbreak of political disturbances was the signal for an emergency meeting of cabinet ministers after the roving rioters had set fire to a newspaper plant, three churches and engaged in numerous street encounters.

The plant of La Nacion, rightist newspaper which criticized leftists for the recent campaign of terrorism was gutted by fire.

Mrs. Bill Epley has as her guests for the weekend, her sister, Mrs. J. W. Haskins and son Jimmie of Artesia, N. M., her brother, Hugh Castleberry, Mrs. Castleberry and their daughter, Mrs. Epley, and another brother, Hub Castleberry of Odessa.

Mrs. Epley's father, John Castleberry, who lives with her here, will return to Artesia with Mrs. Haskins for a visit.

WON'T INSIST UPON EVACUATION OF MEN

LONDON, March 14. (AP)—France announced Saturday a willingness to consider an alternative plan whereby Germany might retain her troops in the Rhineland, the break through the European crisis coming after the League of Nations council had invited Germany to participate in discussions on its violation of the Locarno treaty.

French statesmen said, "We do not want to stick blindly to our insistence of evacuation if we can get something better."

Members of the chamber of deputies commission in Metz, France, said they would ask for reinforcements for the frontier fortifications there.

The government of Germany was remaining silent following its invitation from the League of Nations to participate in the discussions over the Rhineland crisis.

By Associated Press

LONDON, March 14.—The Deutsche Diplomatisch Korrespondenz, mouthpiece of the German foreign office, disclosed Saturday that Germany will build fortifications at strategic points in the Rhineland, demilitarized until its reoccupation by German troops last Saturday.

YOUTH SLUGGED WHILE WALKING ON THE HIGHWAY

Collins Is Slightly Injured by Blow From Foe

L. H. (Leche) Collins, Bulldog full back of last season, was knocked unconscious by an unknown assailant Friday around midnight as he walked homeward along the highway a mile east of Midland.

Picked up by Lloyd Barron, taxi driver, and Jimmie Matthews, tank farm employe as the latter was being driven to his midnight shift at the Atlantic farm, Collins was found lying at the side of the highway, unconscious, his empty wallet nearby.

He was brought to a hospital and given emergency treatment by the night nurse and regained consciousness some fifteen minutes later. He said he remembered nothing except that everything suddenly went dark. He had seen or heard no one. His attacker evidently slipped from behind, striking him on the head with some instrument, with robbery as the motive. Collins said he had no money in the wallet. He had completely recovered Saturday.

IDA BETH COWDEN ACCIDENT VICTIM

Bone Re-Broken While Surgeons Treating Old Injury

Miss Ida Beth Cowden, injured six months ago in an automobile accident, sustained a unusual and disappointing setback late Friday when, at a Temple hospital, a bone was re-broken while surgeons were attempting to straighten ligaments of one of her limbs near the knee. She had been given gas for the treatment. The bone snapped where the first break had knitted together.

She was to have been brought home this week end, the cast being removed, but will have to continue use of the cast until the break again knits. She will be brought back here within ten days, her father, Elliott F. Cowden, said Saturday.

HINES IS HONOR GUEST AT AFFAIR

Sweetwater Is Host to Representatives of Twenty Cities

Sweetwater's board of city development was host to representatives of twenty towns, with approximately 200 present, Friday noon, the principal speaker being the Hon. Harry Hines, chairman of the state highway commission. Midland was represented by Mayor M. C. Ulmer, Fred Wemple, J. O. Nobles and Percy J. Mims.

State Comptroller George Sheppard, a resident of Sweetwater, introduced Chairman Hines, also making a brief talk.

The Midland men paid high tribute to the Sweetwater citizens for the entertainment and courtesies shown to the visitors.

WHAT THE HOME MERCHANT CAN DO

There has never been a time when one did not hear conversation and argument as to trading at home or trading elsewhere. Just at this time, one would do well to consider the possibilities for keeping his money in Midland or sending it to possibly larger cities.

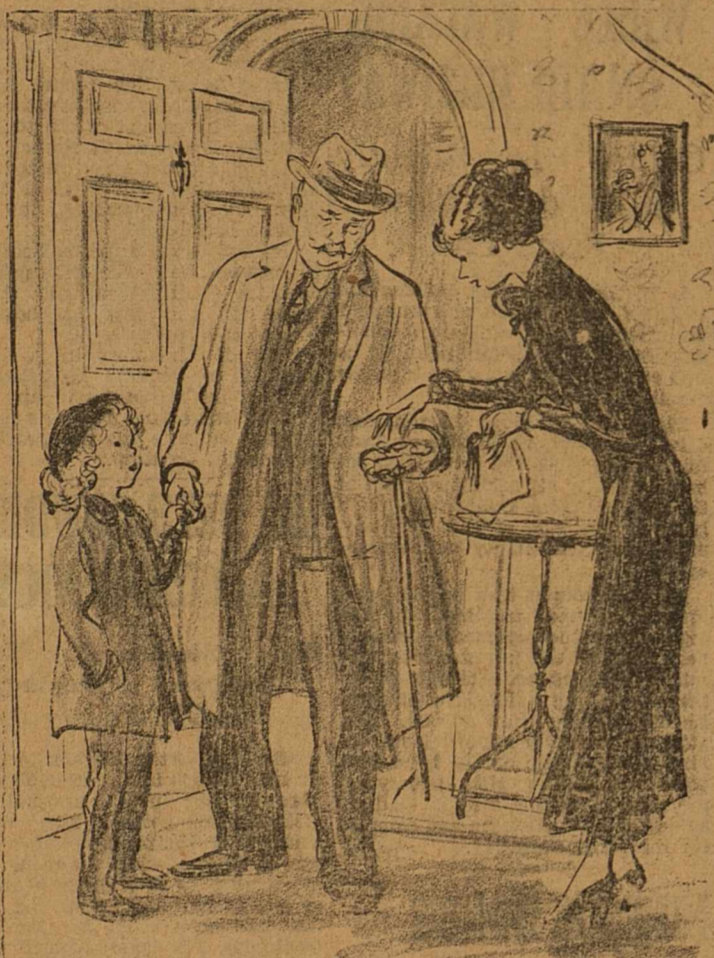

The Reporter-Telegram wants to take up the argument for the home merchant. Never at any time has there been greater effort expended by leading stores of Midland to keep abreast of the times and in advance of the styles. Heavy stocks are carried, buyers spend much time in the markets acquainting themselves with the changing styles and classes of merchandise. Midland has a citizenship which demands the best and the business leaders here recognize that situation.

Not only the department and clothing stores, but food stores and other lines of mercantile business are extending themselves to provide the best for their customers. Necessarily the keen competition among themselves tends to lower prices and better values for the thrifty shopper.

Any Midland citizen can well afford to keep his money in Midland from a patriotic standpoint, but one can do more. He can keep his money in Midland because of the high class of merchandise, the substantial values and because of the merchants who are keeping abreast of the times.

I. PRAYER: 1. "Prayer is the soul's sincere desire."—James Montgomery. 2. "Prayer purifies; it is a self-preached sermon."—Richter. 3. "Prayer is a virtue that prevails against all temptations."—Bernard. 4. "The reason why we do pray is simply that we can not help praying."—Wm. James. 5. "Prayer is and remains the native and deepest impulse of the soul of man."—Carlyle. 6. "Let prayer be the key of the morning and the bolt of the evening."—Henry.

II. THE LORD'S PRAYER:

1. Lord's prayer, disciples' prayer, model prayer, model of praying. 2. The force of example, and "Teach us to pray." 3. The Purposes of God, or the Godward side: 1. "Father, Hallowed be thy name." Invocation; reverence, worship. 2. "Thy kingdom come." Most comprehensive petition in Lord's prayer. 3. "Thy will be done." Hardest to pray. Submission . . . "be done."

III. IMPORTUNATE PRAYER:

1. Reverence, submission, dependence, contrition, charity, humility. 2. The parable of the prayer, and the major achievement of prayer. 3. "Finished character, grown in the soul"; climax: "Ask, seek, knock." 4. Prayer wheels, vain repetitions, "in spirit and in truth."

IV. FINDING A MODEL, OR PRAYING MASTERS:

1. Abraham for Sodom: Gen. 18: 23-33; Syrochenean woman: Matt. 15:22-28. 2. Moses: Ex. 32:32; Paul in Ephesus; Thos. a Kempis, Wesley, Bernard, Augustine. 3. The pearl of a reformed but empty heart, Luke 11:24-26. 4. "Who shall ascend . . . ? He that hath clean hands and a pure heart." Psa. 24:3-4.

V. SENTENCE SERMONS:

1. "Give us this day our daily bread, we pray. And give us likewise, Lord, our daily thought. That our poor souls may strengthen as they ought, And starve not on the husks of yesterday."—Phillips Brooks. 2. "All as God wills, who wisely heeds To give or to withhold, And knoweth more of all my needs Than all my prayers have told!"—Whittier. 3. "More things are wrought by prayer Than this world dreams of. Wherefore, let thy voice Rise like a fountain for me night and day."—Tennyson, Morte d'Arthur. 4. "Let us be patient! City Store Idea Adopted By Head Of Local Firm

In line with the policy of leading Midland stores to "keep abreast of the times" the head of a local department store said Saturday he would announce in a few days the installation of a monogramming service.

In the past few months, some of the larger city stores have maintained for their customers, for a brief period, a service to place monograms on articles bought at such stores. No charge is made for the monogramming which may be applied to household linens, sheets, pillow cases, towels, blankets, men's shirts, pajamas, shorts, ropes and other apparel.

A special machine is used and a trained operator is required. The Midland merchant who will bring the service here said he would retain it for an entire week, and he recommended that customers watch the date, delaying purchase of articles on which monograms are wanted in order to get the free service.

Mohair Market At New High Peak In State Last Week

SAN ANGELO, Texas. (AP)—The Mohair market in west Texas spurred to a new price peak last week as nearly 750,000 pounds were contracted at 55 cents for the grown and 65 cents a pound for the kid hair.

Three Boston firms and scores of small speculators are offering the new top with several warehouses refusing to sell. The initial purchase at the high was made by D. E. and Jack Hughes of Stanley & Emery who took a half million pounds. Tom Richey of A. W. Hilliard & Son has been buying around Del Rio and M. A. Campbell offered the high to several warehouses but without success. Purchases over the state are estimated at more than 2,500,000 pounds.

Most of the recent buying has been at Menard, Comfort, Rocksprings, New Braunfels, Brady, San Angelo, and Mertzon. The new high was refused by the Texas Wool & Mohair Company of San Angelo. Shearing machines have removed no more than 15 percent of the production in the state, it is estimated. Cold weather has held back shearing.

ITALIAN WAR CORRESPONDENTS TELL OF BRAVERY EXHIBITED BY THE NEGUS

Italians war By HENRY T. GORRELL United Press Staff Correspondent

ROME, Mar. 14. (U.P.)—As the colonial conflict unfolds before an eager Italian public through the press, countless incidents are recounted of bravery both of men in olive green and in the robes of the Negus.

Voluntariness accounts of war correspondents are appearing in Fascist newspaper. It is noted however that Italian soldiers retain their reputation as good sportsmen and brave acts of Ethiopians also are described. In recent battles along the Eritrean-Ethiopian front, one account stood out prominently. Newspapers devoted good space to praise the bravery of score of white-robed Ethiopians who battled unarméd beside comrades better equipped to face a withering Italian machine gun fire. The Italian war correspondent reported these men had no other recourse than to wait until some of their armed comrades fell, then they picked up what ever arms were available and continued to advance.

Tech Band Will Give Concert In City On March 17

More than once the Fascist press has mentioned the advance of Ethiopians armed only with spears. These warriors sometimes attempt to reach the Italian lines, which virtually are impregnable. Newspapers have also referred to with admiration to repeated rushes of numerous black warriors against machine gun firing from armored tanks. In many cases, it has been said, that Ethiopian warriors even succeeded in coming within grapping distance of the tanks only to fall screaming with pain as their bodies were riddled by machine gun bullets.

Chieftain Shows Bravery

One Italian correspondent told with awe of the coolness of an Ethiopian chieftain under fire as he advanced with a flying column. This writer reported that the warrior paid no heed as machine gun bullets plowed the ground at his feet. He haughtily confronted the enemy until his faithful gun bearer announced his intention of retreating.

Outstanding bravery of fallen Italian soldiers matches that of the Ethiopians. More than once, according to news dispatches has a wounded Italian soldier died in a hospital camp with a heroic word on his lips. Following the battle of Endereta the Fascist press paid tribute to a Blackshirt who refused the aid of

but it has been a dry cold with no death from chill. Estimates place the spring clip in Texas at around 5,500,000 pounds.

The mohair rise has also brought an upward revision of goat values in the southwest where some 2,500,000 goats roam the canyons and hills of the love oak and junilla country. Based on the production of kid goat worth \$2 and a shearing value this spring of \$1.65 a nannie will be the first half of 1936 yield its owner \$3.65.

Some goatmen are asking \$8 a head in the hair for nannies which sold for \$1.50 and less at the height of the depression. About 1,000 nannies sold out of the hair in the Edin country at \$2.75 a head last week with goat trading reported active. Wool buyers continue to offer 31 cents for contracts of 12 months clip but no trades have been reported in this section.

Tech Band Will Give Concert In City On March 17

The band which recently played numbers from which the official Texas Centennial march was selected will be here March 17th, 10 a. m. for a concert at High School Auditorium, Ellis Hall, prominent music publisher, selected the Matador band of Texas Technological college to play the numbers before the committee of judges which chose the Centennial march.

This is the most recent of the honors received by the Matador band during the past two years. D. O. Wiley, director, told to Texas Tech in 1934, and he has been building a name for the organization since that time. At the local appearance more than 60 members of the organization will play a concert including marches, overtures, and novelties, some of which were included in the program the band played on the West coast during its most recent visit there last fall. The musical department from the Lubbock college was popular with California football and radio fans. During their stay in the Pacific state, they played concerts in Hollywood, Los Angeles, and at the California-Pacific exposition in San Diego.

Midland is included on the itinerary of the band during its second spring tour. The collegians will arrive here on chartered busses. Advance notices promise an interesting and varied program for the local appearance.

CITY CLEANERS QUALITY & SERVICE PHONE 89

PROCLAMATION

By the Mayor

The week of March 29th to April 6th, inclusive, has been designated as SPRING FIRE PREVENTION CLEAN-UP WEEK.

This is Centennial Year in Texas and a Spring Clean-Up Campaign should receive the enthusiastic support of every man, woman and child. First, every citizen should have a wholesome pride in his home city, its streets, playgrounds, parks and buildings. Homes and surroundings freshly painted, with well kept lawns and gardens, increase property values and intensify community interest. Cleanliness creates cheer, courage and confidence. Secondly, because every dollar in property destroyed by fire, which frequently is the result of "careless" house-keeping in the home and in the average place of business, is a serious drain upon our present economic condition. Thirdly, and humanly most important, because in the past ten years entirely too many of our citizens have lost their lives due to carelessness in their daily use of fire, and the preservation of human life is an important matter.

NOW, THEREFORE, I, M. C. ULMER, Mayor of the city of Midland, do hereby designate the week of March 29th to April 6th, inclusive, as SPRING FIRE PREVENTION CLEAN-UP WEEK and most respectfully call upon all departments of the city, the Chamber of Commerce, Civic Clubs, Patriotic Clubs and our people in general, to take an active part in this Clean-Up Campaign.

IN TESTIMONY WHEREOF, I hereto sign my name and seal of office this the 14th day of March, A. D. 1936.

The Town Quack (Reserves the right to "quack" about everything without taking a stand on anything.)

This seems to be "special edition" year for newspapers, especially in Texas. The Centennial provides occasion for many such editions and other towns are having birthdays, confidence weeks and other causes for jubilation. The Sweetwater Reporter Thursday brought out 56 pages of confidence which were a credit to the city served by that publication.

I hope it won't happen, but I predict that the biggest trouble encountered by the Lion's beauty revue will be attacks of modesty on the part of many of the entrants. Don't be bashful, boys, get in the big parade. Just remember you are not the only one who has started developing in the middle instead of at both ends.

It would be a fine thing, along about bed time, if people could skate without the necessity of music. But maybe you live in some other part of town. They tell me there is a night club within walking distance of town. The fellow who told me walked home.

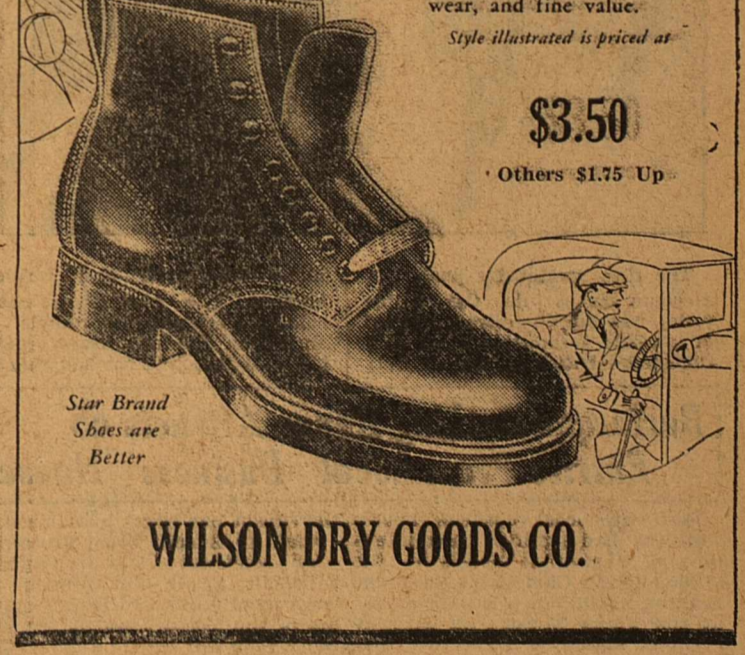

Which is something Editor Ralph Shuffler could have been doing for a long time. It takes us a long time to catch up in these modern conveniences.

We got through Friday the thirteenth better than we did Thursday the twelfth. At least the press didn't break down and make the paper late. It was "Tiffin to the rescue" Thursday afternoon.

I have looked all over this city but I can't find one. It is needed in this municipality, and that is a weather-vane. A weather-vane Harry L. Haight

Odessa Young People Are Honored at BYPU Dinner Here on Friday Evening

Members of the Odessa BYPU were honor guests at a dinner given by the Loyal Workers BYPU at the Baptist annex Friday evening.

Guests were greeted at the door by Miss Annie Faye Dunagan and Mrs. Thurman Pylant and directed to the registry table which was presided over by Wynne Lee McCormick. The register was decorated with chambraks.

A St. Patrick's Day color scheme was favored in appointments for the four-some tables which were laid in green and white. Violets were used as stable decorations and violet boutonnieres were favored.

A three-course menu carrying out the green and white color scheme was served.

During the service the following program was presented.

Welcome address—Mrs. Thurman Pylant.

Humorous skit—Mr. Thurman Pylant and Miss Juanita Cox.

Popular piano selections—Miss Vivian Arnett.

Two vocal solos—Mr. Donald Parrott.

Tap dance—Miss Frances George with Mr. R. B. McAlister as accompanist.

FEMININE FANCIES

BY KATHLEEN EILAND

"Sac de perle" is the romantic term for a new purse that is a delight to any beauty-loving eye. Some one said that other day that it looked like black walnut candy and indeed the material does have the satiny-white luster of those delicious sweets. The material is one of the oddest and prettiest that we have seen this year for bags.

Wasn't it Aladdin who by means of his magic lamp built a palace of a thousand rooms wherein were lamps, and lamps, and more lamps? Sometimes, we feel that modern lampmakers must be trying to fit out a thousand-room palace each with a lamp of different design, so many new ones do we see.

This time it is a lamp specializing in blue (and we also saw another color) whose base is a blue ball squatting on three legs like the wash pot of childhood days. The ball is banded diagonally with a strip of silver-like metal. The shade in cream color has dainty designs in blue.

Something quaint and effective in the way of a crepe frock we noticed at a downtown store recently. The entire waist and short sleeves of the dress were made of shirred material giving a soft and alluring (is that

Sixth-B Room Has Cloverdale Picnic

As an award for winning the prize offered to the room having the most mothers present at a recent PTA meeting, the Sixth-B room of Junior High School and their teacher, Mr. L. M. Freels, entertained with a picnic at Cloverdale Saturday afternoon.

Games, including ball, were played and a picnic menu plus lemonade was served to mothers, Mmes. R. V. Lawrence, P. J. Mims, Bill Van Huss, J. T. "Friday Thirteenth" Party Employs Good Luck Appointments

Defying the mystic forces of Friday the thirteenth, a trio of hostesses Misses Maria Spencer, Annie Lee King, and Christine Golladay entertained with a "monopoly" party at their apartment, 510 S. Colorado, Friday evening.

The jinx of the date was offset by shamrock-shaped invitations out lined in green.

The party table served at the close of the games stressed the St. Patrick theme in clever green and white sandwiches cut in shamrock design and in the green and white macaroons. Napkins were decorated with appropriate symbols of Ireland and minis served during play were in the favored colors.

Present were: Mr. and Mrs. Addison Young, Mr. and Mrs. J. J. Russell, Misses M. Elizabeth Wilson, Joyce Holman, Janis Wilkes, Kathleen Eiland, the hostesses, and Messrs. Morgan Roberts of Odessa, Ronald deFord, and Frank Gardner.

Safety Comes First in the Ford V-8

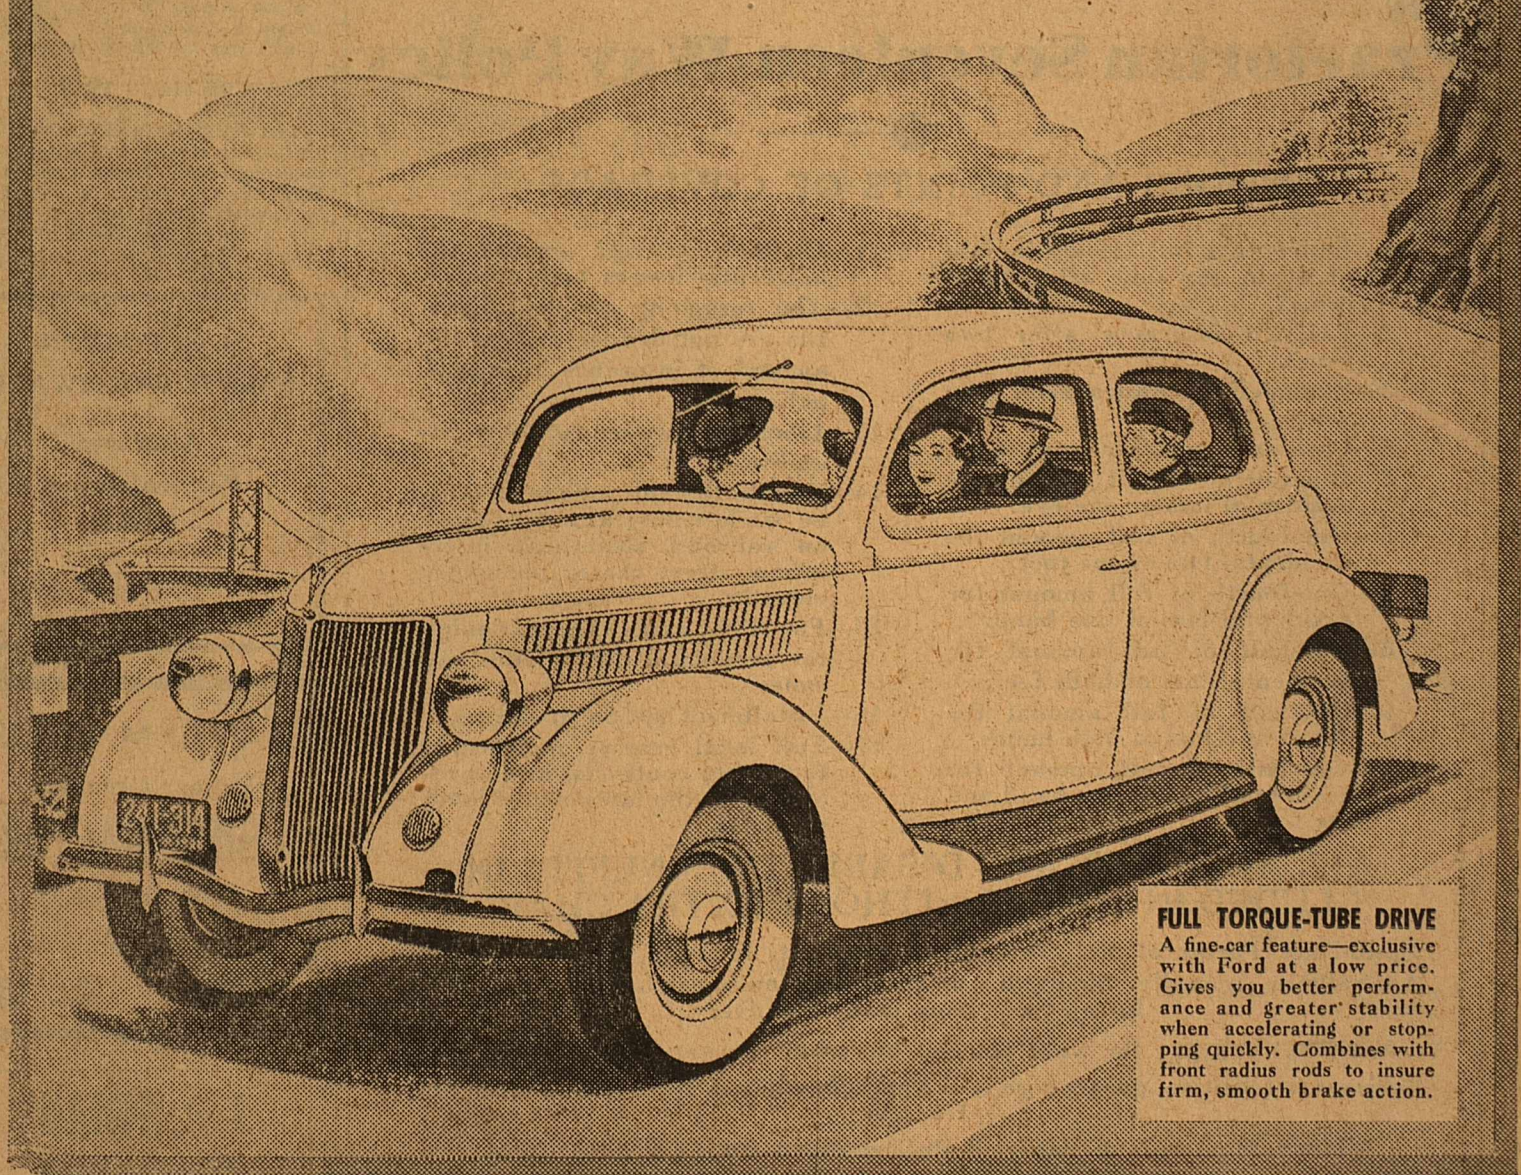

A SAFE CAR helps make a safe driver. There is no compromise with safety in the Ford V-8 for 1936. Ford safety begins with the desire to make a safe car, regardless of cost. It is carried through every detail of design and construction. Ford safety, therefore, is not merely the safety of dependable brakes. It goes farther than that and includes a genuine welded steel body structure and Safety Glass throughout at no extra cost. An additional point is that its steadiness and instant response help you to avoid trouble. Every driver is a better driver in the Ford because of its ease of handling and the alert, capable performance of the V-8 engine. The 1936 Ford brings you safety, beauty, comfort and roominess as outstanding as its V-8 performance. Many modern features put it in a class by itself in value and satisfaction.

Brunson Suggests Centennial Exhibit

W. W. Brunson, just returned from the cattlemen's convention at Amarillo, suggested for the district six section of the West Texas chamber of commerce Centennial exhibit, a layout similar to one he saw at Amarillo.

A firm dealing in windmills had built of dirt or clay a typical ranch scene, in relief, with the horses, wagons, cowboys, shacks, windmills, fences and other features shown in the most realistic fashion. He suggested that such a plan could be used for showing Centennial visitors to Fort Worth just what a cattle ranch looks like.

The exhibit, primarily to show the cattle resources of West Texas, also will portray oil development, agriculture and other phases of industry. County Agricultural Agent S. A. Debnani, a member of the committee from Midland, will go to Fort Worth tomorrow with representatives of other cities in the district to ascertain what may be installed in the exhibit space to best advantage.

Wadley's "Tabloid" Spring Style Guide

Giving to readers of The Reporter-Telegram both an advertising section showing prices of merchandise on display in the store and at the same time an authentic magazine supplement on spring styles, the Addison Wadley department store today published an eight page "tabloid".

The magazine supplement, bought outright by the store and edited by its advertising department, was printed in its attractive form to be kept as a souvenir and as a style guide for the season. Additional copies may be had at the store by those not receiving them today.

Says Cowboys Want Kangaroo Leather

San Angelo and Midland again argue about the production of cowboy boots. The Times says four shops there produce about 60 pairs monthly, aggregating \$1,500 in value. Three shops are active in Midland and George Friday says his shop makes half the number attributed to San Angelo.

Friday says the demand here is for a brown kangaroo boot and much difficulty is experienced in securing the leather. Australian government regulations on killing kangaroos was cited as the reason.

feet out of the northeast corner of section 24, block 43, township 2 south, T. & P. survey.

The east offset to the discovery, Barnsdall No. 1 Frank Foster, located 660 feet out of the southwest corner of section 18, block 42, township 2 south, T. & P. survey, is drilling below 3,800 feet in lime. Top of lime has not yet been called.

BROWN-ALTMAN AREA ADDS NEW PRODUCER

Another producer for the Brown-Altmann area of Winkler county was assured when Magnolia No. 1 Colby, north offset to Humble's No. 4-B Walton producer, flowed 145 barrels the first 21 hours of production gauge. Bottomed at 3,062 feet, it received a shot of 300 quarts from 2,902 to 3,052. Location is in the southeast corner of section 38, block 26, public school land.

A half mile west of Sayre pool production, Gulf No. 1-A Daugherty in the southeast corner of the southwest section 35, block 74, public school land, is drilling hard white sand below 3,194 feet with no increase in oil or gas. The well has been making about four barrels of oil daily from pay sands at 2,925 to 2,930. Other sands have been logged but found to be unproductive.

Magnolia No. 1 State-Walton, wildcat between the Sayre and Keystone pools, when last reported was fishing for a roller off of the drilling bit at total depth of 3,365 feet. Located in section 7, block B-3, public school land, it is being deepened to the Keystone line pay horizon after two nitro shots in the sand zone above 3,279 developed dry gas and no oil.

WILL START ACIDIZING MONDAY IN YOAKUM WELL

Acid treatment will probably start Monday in Yoakum county's prospective pool opener, Honolulu Oil Corp., Ltd., and Cascade Petroleum Corp. No. 1 Bennett. Tubing is being run preparatory to the acid injection.

The No. 1 Bennett has come in for renewed interest after exhausting salt water first noticed while deepening 16 feet to 5,112, the present total depth. It has been making oil at the rate of a barrel an hour, and there is now more than 2,500 feet of it standing in the hole. Prospects are bright for it to make a producer after the acid treatment. Whether it will be drilled deeper is still problematical.

Oil is said to be originating in a two-foot porous lime section at 5,094 to 5,096. When first struck nearly five months ago, the zone showed for about 4,000 feet of oil in the

hole within a short time, and Feb. 27 the well headed and flowed 77 barrels of oil when opened up and agitated. It is 11 miles southeast of Plains in the northwest quarter of section 678, block D, John H. Gibson survey.

GOLDSMITH EXTENSION ON POTENTIAL TEST

W. H. Dunning and others No. 1 Scharbauer, newly proven mile' and a half northwest extension of the Goldsmith pool in Ector county, is reported preparing to start potential test after being shut in several days while making storage arrangements. The well was flowing 10 to 15 barrels of oil hourly with about 15,000 cubic feet of gas up until the time it was shut in. It is in section 33, block 44, township 1 north, T. & P. survey.

In the North Cowden pool of Ector, Stanbald No. 27 J. M. Cowden, bottomed at 4,285, is cleaning out to test. It was scheduled to be shot late Saturday.

Farther north, the latest wildcat test announced for Gaines county, Landreth No. 1 Kirk, is moving in rotary after reaching a depth of around 100 feet with spudder. The test was spudded March 10, and is located in the southwest corner of section 22, block A-21, public school land, about midway between the Means pool in northern Andrews and the Walsh and Adams Seminoole test in Gaines.

JOINER WINKLER WELL DRILLING BELOW 3,125

One of the more recent points of interest in Winkler county, Joiner Oil Corp. No. 1 Evans-Cowden, is drilling below 3,125 feet in sand and anhydrite. Top of Yates sand in the test has been called at 2,930, with a small amount of gas showing near that depth. It is in northeastern Winkler in the northwest quarter of section 46, block 73, public school land.

Farther south, Gulf No. 1 E. R. Hill in section 9, block B-11, public school land, several miles east of the Hill pool, is reported drilling below 3,985 feet in lime. Whether it will be carried to the Ordovician in the event that Permian lime is unproductive is still conjectural.

TWO WELLS PROVE MORE SAND BELT TERRITORY

More producing territory was proven this week in the sand belt area of Lea county, southeastern New Mexico by two Skelly tests, the No. 1 Baker and the No. 1 R. R. Sims.

Skelly No. 1 Baker, diagonal southeast offset to the Neville G. Penrose and Rowan Drilling Co. No. 1 Will Carry, discovery well in the north part of the sand belt, is on production test. Before starting the probe it flowed 50 barrels of oil in two hours through 34-64-inch choke on tubing, determined to be the most efficient size.

It is in the center of the southeast of the southwest of section 22-23-37e and encountered its best pay from 3,542 to 3,570 in drilling to a total depth of 3,590.

The other new sand belt well, Skelly No. 1 R. R. Sims, is preparing to run 2 1/2-inch tubing for a test. It flowed 65 barrels of oil in 24 hours while clearing out savings resulting from a 345 quart nitro shot. Total depth in the new producer is 3,669. It is in the center of the southeast of the southeast of section 4-23s-37e, a mile and three-quarters east and slightly south of Skelly No. 1 B. F. Harrison, discovery well in the southern part of the sand belt.

Music Students Win Contests in Abilene

Four Midland students of the Watson school of music carried off as many places in an invitational contest sponsored by Abilene Christian College in Abilene Saturday.

Three events, piano, voice and violin were contested at the meeting and the Watson pupils placed second in piano and first, second and third in the violin contests. No entry was listed in the voice contest.
