

# Slow Rains Continue to Soak Country

## Dr. Waits Sermon Holds Listeners Spell Bound

Dr. E. M. Waits, president of Texas Christian University, addressing the graduating class of Midland high school, held an audience of 800 spellbound Sunday morning as he eloquently spoke on "Lessons from the Book of Life" in the annual commencement sermon.

## CRANE TUBB WELL FLOWS BY HEADS

Makes 60 Barrels First Hour After Kicking Off, Cleaning

BY FRANK GARDNER

Humble No. 2 Tubb, latest well in the Tubb area of western Crane County to show for a producer, is reported to have cleaned itself and to have flowed 60 barrels the first hour. The flow of oil is coming by heads through 2 1/2-inch tubing run to 4,370, within five feet of bottom. Production is reported to be tapering off, and the well is now making about 20 barrels an hour.

After running tubing late last week, the No. 2 Tubb failed to kick off, and operators washed the hole with oil in order to stimulate a flow. It was not reported whether the new oil carried a percentage of water. Present production is natural, but the well will probably be acidized before completion. Location of the new Crane deep Permian producer is 1,980 feet from the north and west lines of section 11, block B-27, public school land, a quarter of a mile southeast of the Humble No. 1 Tubb, which rated a potential of 861 barrels per day after acidizing.

## GAINES TEST LOGS LIGHT SHOWING OF DEAD OIL

With a very slight showing of dead oil reported at 4132, Landreth Production Company No. 1 Kirk, Gaines wildcat is drilling ahead below 4,200 in a formation showing some gray lime but predominately anhydrited.

Since it encountered the first lime break at 4,021, many have expectantly awaited the report that the No. 1 Kirk was drilling in the solid lime section. Some do not look for it for another 50 or 75 feet. The Landreth test is attracting much attention by reason of its being unexplored territory. It is located in the southwest corner of section 22, block A-21, public school land, ten miles southeast of the "Seminole structure" and about 8 miles northwest of the closest well in the Means pool of northern Andrews.

## WINKLER WELL STRIKES GAS FEAR CRATERING

Wahlmaier and Atlantic No. 1 B Leck, northmost to the Henderson and Usan No. 2-B Walton in the Henderson lime-producing area of Winkler County, is reported to have struck a heavy flow of gas, estimated as high as 60,000,000 cubic feet. There is said to be danger of the well's cratering since operators have set only the surface string of pipe. The situation is similar to that in the Humble No. 1 Coates, a test drilled in Lea County, N. M. nearly two years ago.

The morning's program closed with the chorus, "Pilgrim's Chorus," the benediction by the Rev. Pickering, and the recessional prayer by Mrs. Douglas, Miss Elizabeth Lomax and Wallace Wimberly.

## HOME FROM SCHOOL

John L. McGrew Jr. has returned from the University of Alabama where he was in school the past term.

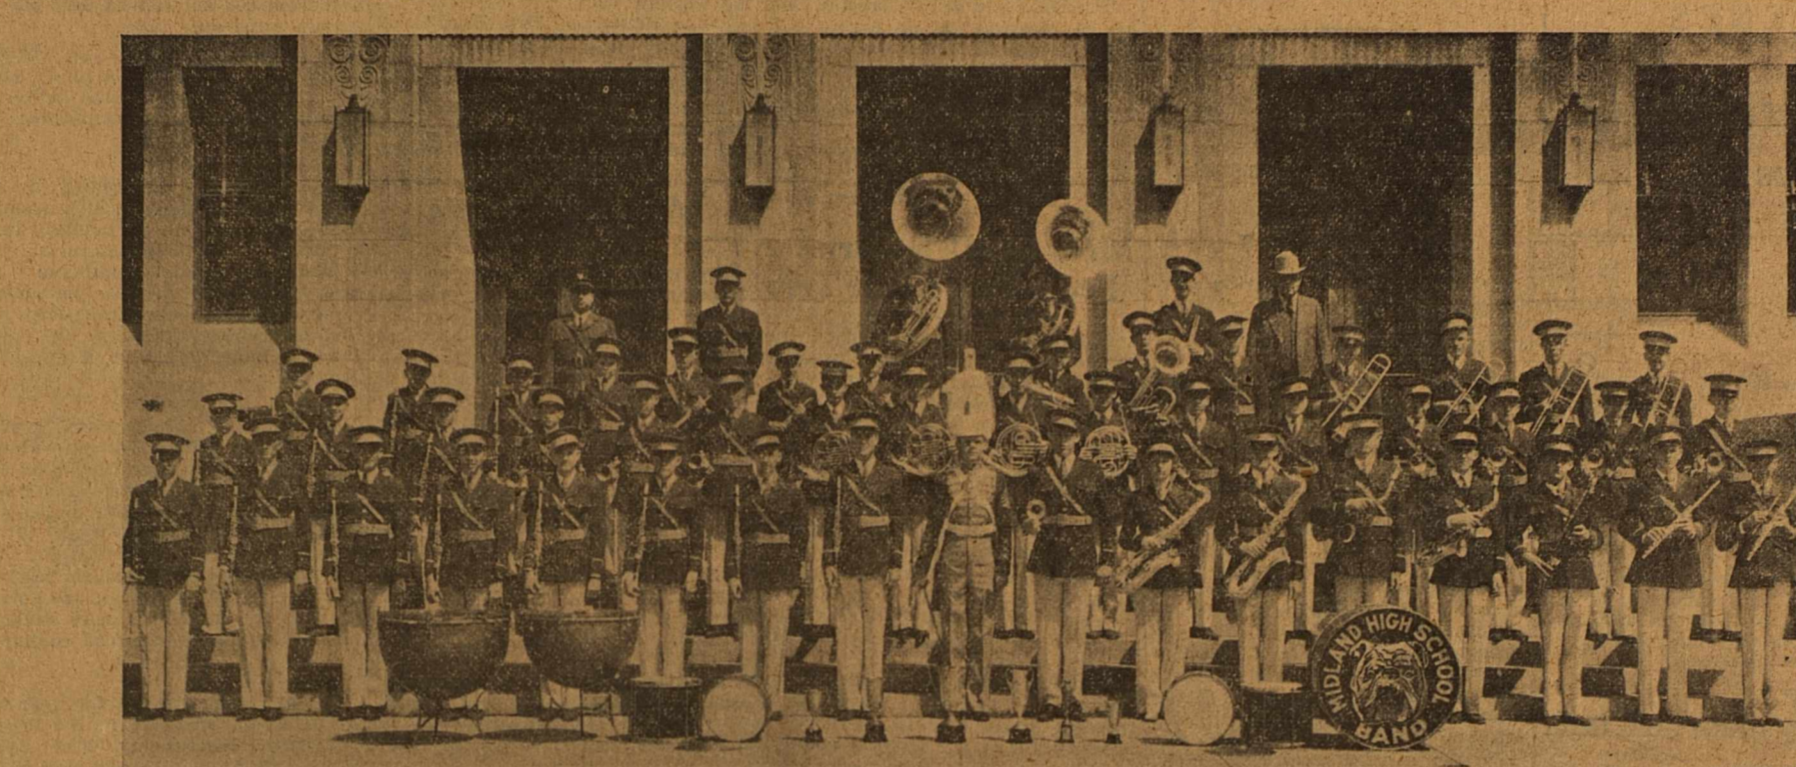

## Philippines Labor To Forestall Strike

MANILA, May 25 (AP)—Extensive precautions to avert the threatened strike throughout the Philippines was taken today by the Department of Labor.

## Injury Bolsters Fish Story

TIFFIN, O. (AP)—Glenn Farris has a bandaged hand to substantiate his fish story. Farris said that as he was pulling in a 9-12 pound carp, his rod snapped and struck his arm. He said he landed the fish, anyway.

## Spectacular Band to Make Final Appearance This Evening.

The Midland High school band will appear in a commencement concert tonight at the high school at 6:45 o'clock. The band has had a very successful year having kept

its enviable record of playing for all football games since the season of 1930. They have represented the town and school on various occasions, and won another

"Superior" rating trophy in competition with ten other Class B bands, two first places in marching contest, a best drum major honor without class distinction,

and one second place marching award. The concert will include two numbers by the Junior school band. This organization is a feeder class for the high school band,

but this year they have taken time from regular technical studies to work up two numbers for the commencement concert.

## LATE WIRE NEWS

LONDON, May 25 (AP)—The Anglo-Russian naval conversations snagged today on the issue of the Soviet Far Eastern fleet. Britain opposed the Soviet contention that the fleet should be excluded from the contemplated limitation pact unless Japan was also bound by a direct Russo-Jap agreement.

The British contended that the Russian position was scarcely logical, since the United States and Great Britain, with Pacific fleets too, had signed the London Treaty.

NANKING, May 25 (AP)—China appealed tonight for peace with Japan. The National government, through foreign minister, General Chang Chun, beseeched political far-sighted Chinese and Japanese to remove the causes of hostility and establish a lasting understanding.

DETROIT, May 25 (AP)—Prosecutor Duncan McCrea today asked murder and kidnaping warrants for 13 members of the "Black Legion" in connection with the death of Charles Poole. McCrea, declaring the vigilante society an "outlaw organization of national scope," announced "The department of justice will be asked to help us drive it out of existence."

McCrea said two men admitted Poole was "put to death because he knew too much."

WASHINGTON, May 25 (AP)—Speaker Byrns and Representative Bankhead, democratic leader, said today that definite action must be taken against F. E. Townsend for the pension leader's defiance to the house investigating committee.

Byrns said if "the House is not willing to assert its authority, it would destroy all future congressional investigations." Byrns also expressed the belief that the case should be turned over to the Federal court instead of being tried in the House, saying: "With a contempt trial before 435 members, there is no telling how long it would last."

NEW YORK, May 25 (AP)—Two indictments charging attempted extortion in the Alfred E. Smith, Jr., case were returned today, naming Max Krome, detective; Henry Ross, attorney, and Ernest Desmond Delahien.

CLEVELAND, May 25 (AP)—The national convention of the Socialist party today rejected the proposal of Earl Browder, secretary of the Communist party, for a political "united front" in this year's campaign. Maynard Krueger, member of the national executive committee, declaring that Browder proposed joint action of the Socialist and Communist parties, said: "We are interested in Socialism through the Socialist party, not through the Communist party."

A voice vote quickly tabled the proposal.

WASHINGTON, May 25 (AP)—The supreme court today ruled unconstitutional the 1934 act designed to help municipalities and political subdivisions reduce indebtedness through federal bankruptcy courts.

"If the obligations of the states and their political subdivisions may be subjected to the interference here attempted, they are no longer free to manage their own affairs," the majority opinion ruled.

Bondholders of the Cameron county Texas Improvement District challenged the act.

SAN ANTONIO, May 25 (AP)—Congressman Rayburn of Bonham, slated as the keynote of the democratic state convention tomorrow, said today that Vice President Garner was "receptive to another term as Texas' national committeeman."

Rayburn predicted a record democratic landslide. Thousands of delegates are gathering for the convention. Little difficulty is expected in raising Texas' quota to \$150,000, leaders said.

## VISITS DAUGHTER

Burns Convince Curious Boy SIDNEY, O. (AP)—Eight-year-old Lester Staley emptied the powder from a muzzle-loading shotgun into a bottle, and tossed the bottle into the stove, to see what would happen. He was severely burned by the explosion.

## Midland Downs Enters Big Week as Special Days and Merchants Handicap Hold Picture

Midland Downs, with the "big six" days of racing to be run this week, entered the program of special days, the Monday afternoon program being designated as Fort Worth, Big Spring, Stanton and San Angelo day. Delegations from all of these cities had signified intention of being here, the size of each party being governed only by weather conditions.

## 4-H Club Gardeners Stress Variety in Vegetable Planting

Four-H Club girls of Midland county are learning the proper diversification in their garden plans, as is shown by the number of vegetable varieties planted by Mary Aldalena Livingston and Ruby Blanscott, both of the Prairie Lee club.

"My garden is 100 feet by 150 feet," Mary Aldalena, who is a garden operator and club member, said, "I have 32 varieties of vegetables now growing in my garden as follows: Beets two varieties, two rows; cucumbers, two varieties, one row; quays, one row; onions, one and a half rows; muskmelons, one row; cantaloupes, one row; watermelons, two rows; pinto beans, two rows; butterbeans, one row; green pod string beans, one row; lima beans, one row; Swiss chard, one row; Parsely, one half row; radishes, three varieties, one row; mustard, two varieties, one half row; egg plant, one row; okra, two varieties, two rows; rushaw, one row; pumpkin, Mexican, one row; pie pumpkins, one row; Jumbo pumpkins, one row; black eyed peas, two rows; cream peas, one row; black peas, one row; white and brown Crowder peas, one row; English peas, two rows.

"I have gathered two eight-pound lard buckets of English peas, plus a gallon that we took to the hospital. We are also having radishes from my garden.

"I have a hotbed three feet by six feet, in which I have three varieties of tomatoes and cabbage planted.

"I also have bedded yam potatoes from which I expect to get my potato slips.

"I also have a salad frame in my garden that is three feet by 18 feet, or three feet by three feet for each member of the family. I have three varieties of greens and two varieties of carrots, the young gardener concluded.

"The rows in my garden are 50 feet in length, while my garden is 100 feet wide and 180 feet long," said Ruby Blanscott, also a garden operator of the club. "I have: two rows of radishes, two rows lettuce, one row onions, two rows English peas, 50 hills watermelons, two hills cantaloupes, three rows lima beans, two rows butter beans, two rows blackeyed peas and one row mustard, making 12 varieties of vegetables now growing. I also have a hot bed in which I have tomato plants almost ready for transplanting."

Salt is used in freezing ice cream because salt, when added to the ice, gives a temperature of 21 degrees below zero, Fahrenheit.

## FINAL APPEARANCE OF 80-PIECE HIGH SCHOOL BAND TO BE MADE IN OPEN AIR CONCERT AT 6:45 TODAY

Midland high school band, directed by Russell E. Shrader, will hold its annual open air concert at 6:45 o'clock this evening, on high school terrace.

The 80-piece uniformed musical organization, winner this year of several awards for mass playing solo numbers, marching and for accomplishments of its "twirling" major domos, has put in much practice for its final appearance and the audience is assured an exceptionally strong program of entertainment.

The appearance this evening is the sixth annual concert to be given in connection with the school's commencement exercises.

In the event of rain, the band and the audience may move quickly to the high school auditorium, consequently the concert will be staged regardless of weather conditions.

The program follows:  
March: "Military Escort" Bennett  
Overture: "Saskatchewan" Holmes  
Junior High School Band

March: "Purple Carnival" Alford  
Waltzes: "Blue Danube" Strauss  
Selection: "Sylvia" Speaks  
Texas March: "Goliad" Berryman  
Grand March: "The Pilgrim" Lake

Intermission  
March: "On Parade" Goldman  
Selections: "Victor Herbert Favorites" Arr. by Lake  
Popular Waltz: "Lady in Blue" Coats  
Overture: "Santani" Holmes  
March: "Sensational" Goldman  
Anthem: "Star Spangled Banner" Holmes  
Overture: "Safari" Holmes

## Civil Ships Lead Sunday Landings

Sunday brought six landings at the airport, including two navy ships under Lieut. Commander Rule. They were en route from Hensley Field at Dallas to Tucson, Ariz.

The other ships were commercial craft and included: A ship of the Chemical Process company piloted by Swede Rhenstrom, who came from Fort Worth and will return to Breckenridge this afternoon; a Cessna monoplane with Lee Miles as pilot, flying from Abilene to Carlisle, N. M.; A Stinson piloted by R. L. Bowen on the way from El Paso to Dallas; and a commercial ship flown by Don Peck going from Tulsa, Okla., to Hobbs, N. M.

"Little George" McIntire made a round trip flight to Fort Worth Sunday afternoon.

## Dairy Cows Like Music

LODI, Calif. (AP)—W. J. and W. G. Erich, brothers and milk farmers, have installed radio sets in their milking sheds. They say cows enjoy the music so much that milk production has increased 10 per cent.

## MIDLAND WOMEN ARE ON PROGRAM

Mrs. Proctor To Sing at Colorado Luncheon Thursday

COLORADO May 25 —Musical numbers by at least three well-known out-of-town women are to be featured of the luncheon program at the state meeting of the Broadway of America Highway Association in Colorado Thursday.

Mrs. Foy Proctor of Midland is to sing, with Mrs. Fred H. Wilcox, also of Midland, as accompanist. Mrs. Beatrice Jamison, Sweetwater, is to play accordion solos. Other towns expected to furnish program numbers are Loraine Eastland and Big Spring.

It is planned for the Colorado Lions Club, which regularly meets on Friday, and the Colorado Chamber of Commerce Luncheon Club, which meets on Tuesday to change their meeting dates and lunch with the Broadway of America Delegates.

STANTON COURT OPENS District court opens at Stanton this morning, Judge Chas. L. Klapproth going there to preside. A light docket was indicated for the Martin county term.

## REPORTS SHOW MOISTURE OVER AREA GENERAL

Steer Buyers Arrive As Range, Feeder Area Are Wet

FARMERS PLANT Many Crops up and Flourishing as Rain Falls

Attracted by rains in West Texas, the Panhandle and in many sections of the feeder belt, steer buyers were coming to Midland Sunday and today, creating a market which has been somewhat dormant for a period usually devoted to movement of yearlings from this cattle producing territory.

Prices had lagged as a result of continued dry weather in both the producing and the feeding areas of the business, but were expected to rise steadily both at the ranches and on the various markets as result of moisture during the past few days.

Although many choice yearlings had been shipped prior to the rains, local commission men and ranchers said many good ones are left, enough to boost business considerably over the entire cattle section and to supply buyers who had awaited better grass before coming to this section.

Buyers and ranchmen thronged hotel lobbies here early this morning preparatory to "looking" and "showing."

Farmers of Midland and adjacent counties likewise were jubilant today. Many of them had just completed planting, others had crops well up to a stand and some received their first rains and were awaiting only drier fields to get their late crops under way.

Many predicted that the county and this section would make average crops, even though planting was late.

Rainfall of 34 of an inch fell at Midland Sunday evening and night and up to 7 o'clock this morning. The airport reported 16 of an inch Sunday and 12 up to 7:55 a. m. today.

Total rainfall in the city of Midland, during the month of May, has reached 1.81 inches today, as follows: May 10, .08; 12th, trace; 17th, .48; 18th, .32; 20th, trace; 22nd, .52; 23rd, .06; 24th, .34.

At the airport, the total was .99 of an inch, as follows: May 11th, .40; 17th, .11; 18th, .00; 22nd, .02; 23rd, .09; 24th, .16; 25th, to 7:55 a. m., .12.

Reports were received from neighboring towns this morning as follows: Kermit and Wink, good rains over the past two days; Marfa, Fort Davis and Presidio, showers at intervals since Wednesday, with better rains falling during the last few hours; McCombs and Rankin, slow rain all last night; Pecos, a good rain; Fort Stockton, .55 of an inch in town but heavier over surrounding country; Alpine, traffic water bound between Fort Stockton and Alpine Sunday night because of water on the highway.

Practically all reports showed that the rain fell slowly, as it did at Midland, and over a period of several hours, causing the moisture to soak directly into the ground, thereby benefiting plant growth to a marked degree.

Reports from Seminole this morning said rains fell practically all day Sunday and last night.

Rank reports, near Midland, today follow: E. N. Aycock, 3-9 inch; Frank Cowden, one inch; Hunt Cattle Co., two inches; Herd Midkiff, slow rains; T. O. Midkiff, three inches since Friday; Mabey and Pyles' Mill place, good rain; Frank Orson, half inch; Wolcott ranch, half inch.

## AUXILIARY POPPY SALE BRINGS \$83

Appreciation for Aid of Public in Purchases Expressed

Appreciation for the cooperation shown by the public in the purchase of poppies during the sale Saturday was expressed by American Legion Auxiliary members today. Sales for the day despite the bad weather totaled \$83.

Proceeds from the poppy sale can be used only for work with disabled veterans and for child welfare.

Money from Saturday's sale went into a special child welfare fund and was not deposited with the regular Auxiliary funds at all Mrs. Geo. L. Wright treasurer, said.

BEHIND THE SCENES

- IN -

WASHINGTON

By RODNEY DUTCHER

Reporter-Telegram Washington Correspondent

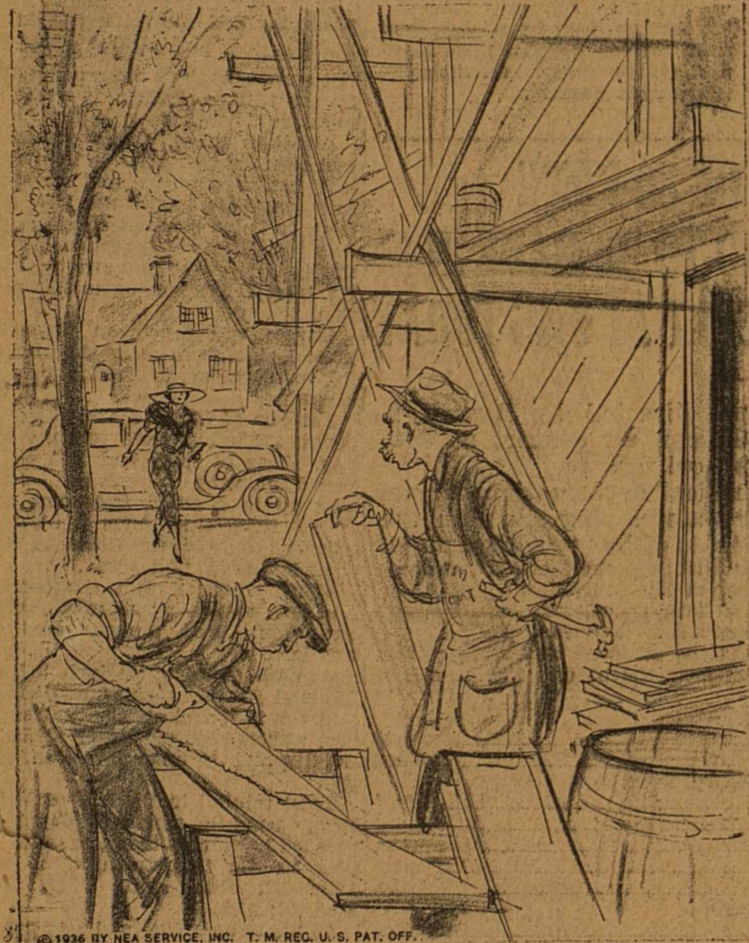

WASHINGTON, May 25—The conservative U. S. supreme court majority has burned its bridges and assured a bitter end struggle to curb the powers which it has assumed over congressional legislation.

If Roosevelt is re-elected, his battle with the six justices who have shown themselves grimly opposed to the New Deal is likely to be the most spectacular feature of his second term.

That, at least, is the opinion of his most influential advisers following the decision against the Guffey coal control act, with its obvious inference that the Wagner labor restrictions act is as good as dead and the social security and other legislation in grave peril.

The New Dealers are still hopeful of his most influential advisers following the decision against the Guffey coal control act, with its obvious inference that the Wagner labor restrictions act is as good as dead and the social security and other legislation in grave peril.

By George Clark

"Here she comes, with some more changes."

### What Oil Industry Means to State Is Told in Almanac

DALLAS, Texas. — What the oil industry means to Texas is revealed in a convincing manner by the "Texas Almanac and State Industrial Guide for 1936", published by the Dallas News.

This authority states that the petroleum industry provides a living for approximately 1,000,000 people in Texas. While cotton still employs more persons than oil, the annual value has been less than that of oil since 1929 and last year was less than half the value of the "oil crop."

The present oil reserve of Texas are estimated at 5,500,000,000 barrels out of a reserve of 12,000,000,000 barrels in the United States. In 1935, Texas produced 391,483,000 barrels of oil, valued at \$385,000,000. The same year, Texas produced 3,050,000 bales of cotton valued at \$166,835,000, and the value of all Texas farm crops was \$375,298,000.

Oil products and properties bear 56 per cent of the taxes collected by the state government, "according to some authorities in tax matters," the Almanac says. This estimate, according to the Mid-Continent Oil & Gas Association of Texas, is considered conservative. This au-

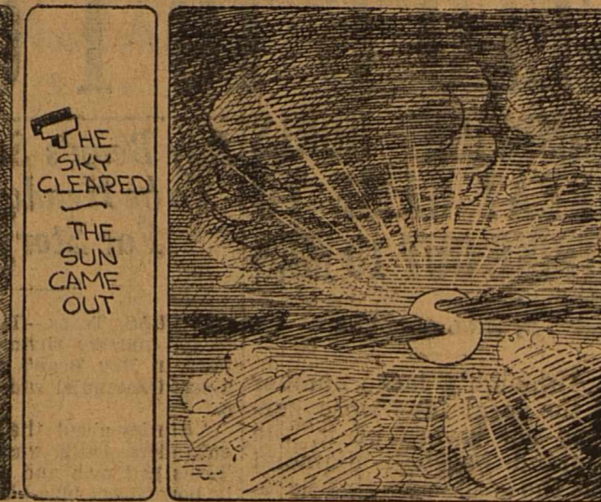

thority states that taxes paid by the oil industry of Texas amount to at least sixty per cent (60%) of the entire revenue received from taxation by the State. Texas refinery products were valued at \$290,811,019, in 1933, the last year for which figures are available.

"In a multitude of ways, the Almanac declares, petroleum has contributed to Texas' progress. While it ranks second to cotton as a contributor to wealth of the State over a long period, it has contributed more surplus wealth, which has resulted in stimulation of industrial development and civic and cultural advancement. Most of the great endowments, private and those coming from public lands such as the \$33,168,960 endowment of the University of Texas, have come primarily from oil Texas, today, is probably two decades ahead of where it would have been in its economic, social, and cultural development had there been no petroleum."

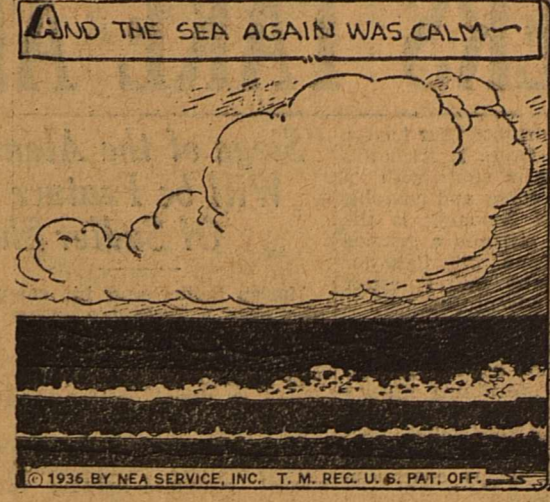

When making a speech, President Roosevelt averages about 150 words a minute.

TUESDAY-WEDNESDAY PAT O'BRIEN Josephine Hutchinson in "I MARRIED A DOCTOR"

## "Siege of the Alamo" Will be Feature Of Sadler Show

Harley Sadler and his company, who open a three-day engagement here tonight, are featuring as their Centennial attraction, "The Siege of the Alamo," a four-act comedy-drama of Texas history, playing Wednesday.

Most adorable of the tinkling new tunes all with music by Lew Pollack, is "The Right Somebody to Love." Shirley's dancing partner in "Captain January" is limber-legged Buddy Ebsen, who performs a flock of fascinating new steps with the starlet when he isn't busy falling in love with June Lang, Slim Summerville and Jane Darwell are outstanding in comedy characterizations in this picture, ably and humorously directed by David Butler.

## Tarleton's Summer School Opens June 2

STEPHENVILLE, Texas.—The first term of summer school will open Wednesday, June 3, at John Tarleton College, according to announcement from college officials. The two six-week terms will be from June 3 to July 14, and July 15 to August 25.

## HAMBRIGHT HURLS GREAT GAME TO STRIKE OUT 10 MEN

By BILL COLLYNS

Although a large number of the local fans were perhaps not aware of it, the Midland baseball diamond was the scene of a fine baseball game Sunday afternoon, George Elliott's Odessa team humbling San Angelo's entry in the Concho Basin league by a 6 to 1 count before a fairly large crowd of fans, most of whom were from Odessa. Aside from a rather wild first inning in which the San Angelo boys got off to a very bad start, the game was exceptionally interesting all the way, and the loyal baseball fans were favored with a fair exhibition.

The Odessa Oilers took an early lead by scoring three runs in the first inning and two in the second, with their final tally coming in the fifth frame. San Angelo's lone count came in the fifth inning, McKinney, who had singled, scored on a two base rap by Peeples. Only three members of the Concho Basin entry got as far as third base. With the game apparently in the bag from the start, the Oilers from Ector County were in clinched to loaf a bit through the latter stanzas.

## DISORDER MOUNTS OVER HOLY LAND

Arab Girl Killed, British Constable Injured Today

JERUSALEM, May 25 (AP)—An Arab girl was killed and a British constable was injured today in persisting disorders arising from Arab opposition to the Jewish influx into the Holy Land.

## Roy Bean's Saloon To be Headquarters For Story Tellers

DALLAS, Texas.—They are going to tell nursery rhymes and fairy tales in Roy Bean's saloon at the Texas Centennial which opens June 6.

Stories about the Spanish conquistadors, cattle rustlers, Indians, Texas bad men and more especially how Texas blue-bonnets dropped out of the sky during an Indian battle and brought peace among the warriors, will be related there by story tellers of the National Folk Festival. The festival will present an eight-day program at the Exposition June 14-21.

The Bean bar and court room at the Exposition will be an exact reproduction of the old balliwick in the Peecos county. Its museum will show the judge's bar equipment and the empty beer keg and roughly hewn board that served as his judicial desk.

## Drama of North Stars Dog Hero In Film at Ritz

Bringing James Oliver Curwood's stirring story of a man, a girl and a loyal dog in the frozen North to the screen, "The Country Beyond" is now at the Ritz Theatre showing for the last day.

Buck, the giant St. Bernard sensation of "The Call of the Wild," is the animal star of this new picture, with Rochelle Hudson, Paul Kelly and Robert Kent heading the stellar Hollywood cast.

While Kent's fellow "mountie" Paul Kelly tracks Hale, he goes after the girl and her faithful St. Bernard who is leading her out of the wilderness. The film follows their startling adventures, their combat with Dinehart and Buck's timely arrival and savage fight to the death with Dinehart's vicious dog. The close of the picture shows pursuer and captive happily united in the knowledge of love.
