### FALL RANGES FROM TENTH OF 1 INCH TO THREE INCHES

Southeast Area Gets Crop Damaging Hailstorm  
**BENEFITS CROPS**  
Farmers Optimistic Over Outlook For Year

Rainfall ranging from a tenth of an inch to three inches covered a large portion of Midland county and surrounding territory early this morning, much of the farm area southeast of Midland receiving heavy hail at the time.

The fall at Midland was the lightest, being only .09 of an inch. However, showers from a quarter of an inch to three quarters fell in some places. The Hutt ranges, Preston, Midkiff and others of that section got good rains.

More to the east and back toward Midland, the Golladay place apparently was the center of hard rain and hail. Small chickens, fryers and some grown hens were drowned by crops on comparatively high ground.

Hail totally destroyed young crops at the Lee Haynes farm, where Hutt ranges and the area around the Bizzell farms southeast of Midland. Much of that territory was reported in the hail belt, but rains also were heavy in some places. The crops to be planted immediately.

Most of the rain fell between 3 and 4 a. m. today, although the heaviest rain reported was south and southeast. Due south an inch fell over the A. C. Francis range, getting heavier to the east and attaining a three inch mark in some places. The Hutt ranges, Preston, Midkiff and others of that section got good rains.

### America's Quads Set Out To See Canada's Quins

Off to see the babies of whom they have heard so much, the 21-year-old Keys quadruplets of Hollis, Okla., are shown above as they were set out from Waco, Tex., to visit Canada's famed "quins", the Dionnes. Eager to see the babies and get an approximate idea of how they themselves appeared, back in 1915, when they were renowned as Oklahoma's celebrated "Bunch of Keys", Mona, Mary Roberts, and Leota, left to right, are shown with President Pat M. Neff, leaving Baylor University, Waco, today. They will greet the Dionnes as representatives of the Texas Centennial.

### MUSSOLINI STARTS WITHDRAWING MEN FROM ETHIOPIA

Demobilization of 2 Military Classes Announced  
**"WAR IS ENDED"**  
Move Indicates Duce Does Not Fear Any Repercussions

ROME, May 11. (AP)—The Italian war department today ordered demobilization of portions of military classes of 1911 and 1913 now in home barracks. These were the principal classes called for the Ethiopian war.

The order was interpreted as meaning that the African war is definitely ended and that Premier Mussolini does not believe European complications will arise as the result of the annexation of Ethiopia.

The men will be sent home gradually in groups of 500 to 1,000.

### WEST VIRGINIA VOTERS WILL GO TO POLLS TUESDAY

Borah Only Leading Republican to File Name

CHARLESTON, W. Va., May 11. (AP)—West Virginia voters tomorrow will go to the polls in a primary that will indicate their choices for almost all important national, state and local elective offices.

The Mountain state will select its delegates to the republican and democratic national conventions, while voting on presidential preferences.

Candidates for one United States senate seat will be nominated. Candidates for the house of representatives also will be chosen. Nominations for governor and other state offices will be voted.

President Roosevelt's only opposition for the state's preferential vote will be Joseph Alphonso Courtney, a lawyer, who is in the republican presidential primary. He will be opposed by Leo J. Chasse of Milwaukee.

### SCOUTS WIN MANY ROUND-UP HONORS, CHECK-UP SHOWS

Troop 52 Compiles Best Record In Contests

### LEGION DELEGATES DEPART AFTER 2-DAY CONVENTION

Hopson Re-Elected Committeeman of District

The two-day convention of the sixteenth district of the American Legion ended here Sunday following a business meeting at 2:30 Sunday afternoon, at which time resolutions thanking the Midland people and a quarter northwest extension for cooperation in making the convention a success, and work for the following year, were made.

M. L. Hopson, district committeeman, was unanimously re-elected for next year. Earl Mooty of Odessa was elected assistant and Earl national committeeman and William Pearl named as alternate. Van Horn was selected as the next convention.

A copy of the resolutions adopted by the officials follow:

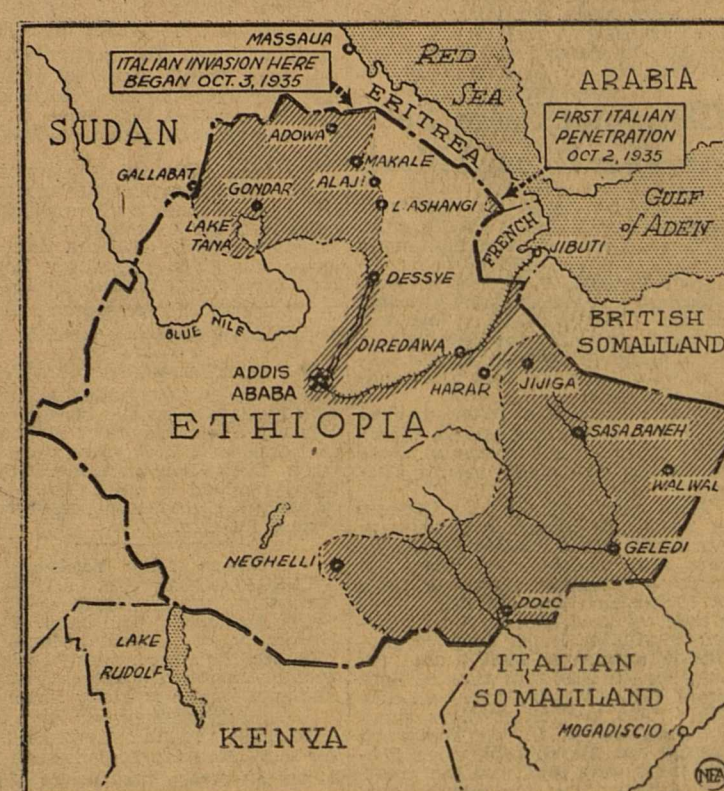

"WHEREAS, The American Legion convention of the 16th district of Texas reaffirms its allegiance in recognition of the national emblem and that it be called to the attention of the ex-service men, American citizens, and the general public, its duty in recognizing and observing the flag when presented to them for recognition in all public meetings and all public parades. That it be saluted as such and that this convention reaffirm the rules and regulations of all patriotic societies in the observance of said emblem."

"The resolution committee of the 16th district American Legion of Texas, recommend that the state service office of Texas, be increased from \$8,000.00 to \$85,000.00 by the state legislature of Texas men, we recommend the state service office."

"Texas has the smallest appropriation to maintain a state service office than any of our Southern states, for example: The State of Georgia has \$95,000.00 to maintain their state office and Georgia furnished 75,000 veterans for the World War. Texas furnished 200,000 veterans for the World War, therefore, we recommend the state service office."

### Seized By Might

Vast areas of Ethiopia, as shown by the shaded parts on the map, were in the hands of Italian armies when It Duce proclaimed sovereignty over the conquered empire seven months after the invaders started their irresistible drives in north and south. Included in the area held by the Italians was Lake Tana, waters of which are vital to British developments in the Sudan and to Egypt, and the French owned railway to Djibouti, patrolled by Italian forces.

### TEXAS' NUMBER 1 OUTLAW CAPTURED AT CANADIAN SUN

Pete Traxler Shot In Arms, Legs by Posse

PAMPA, Texas, May 11. (AP)—Pete Traxler, 28, ex-convict, labeled as Public Enemy No. 1 in the Panhandle and Oklahoma, was wounded critically and captured near Canadian Sunday morning. A series of hold-ups had made motorists fear to cross the strip from Shamrock to Amarillo was believed to be Traxler's latest crime activity.

Traxler was protected by a steel breastplate, but his arms and legs were badly torn by volleys of bullets from officers' guns. He is under heavy guard at a Canadian hospital. He lost much blood today, but a chance to recover. Two bullets that would have entered near the heart were turned back by the breastplate, marks showed.

Sought for several weeks, Traxler had been sought for several weeks in this territory. Saturday, acting on a tip that he was near Pampa, officers over the Panhandle started a concerted drive to capture him. He drove into their net as he cruised slowly across the Canadian River bridge toward Oklahoma, evidently suspicious.

On sighting the officers behind a group of cars, Traxler raised an automatic shotgun but collapsed after a brief burst of fire from the officers.

Wanted also for a slaying at Pauls Valley, Okla., Traxler denied any connection with the Highway 66 highjackings.

HERE FROM ODESSA  
Mr. and Mrs. Jack Cecil and Mr. and Mrs. Albert Meitner of Odessa were in town Sunday night.

### AMERICAN FREED AS RANSOM PAID

Robert Pirie Released When \$400 Given to Abductors

MEXICO CITY, May 11. (AP)—Robert E. Pirie, American citizen, was kidnapped by bandits and released on payment of 1,500 pesos, about \$400, it was revealed Sunday night.

Pirie was at the Vicente Guerrero Hacienda near Durango Thursday night when bandits entered and took him forcibly. Consul authorities at Durango said, He was released Saturday night unharmed.

Authorities were attempting to trail the kidnapers.

Nothing was known concerning Pirie here.

### WOMEN STRIKERS ATTACK WORKER

Break Through Police Lines in Houston Early Today

SAN ANTONIO, May 11. (AP)—Striking women garment workers broke through police lines, attacked a woman worker entering a plant here today, beating and scratching her before police restored quiet.

Police ordered other workers to remain away after 40 women and men struck last week for higher pay and shorter hours.

### ALLRED APPOINTS CAMPAIGN CHIEF

Marvin Hall Will Manage Re-Election Details For Governor

AUSTIN, May 11. (AP)—Governor Allred today appointed Marvin Hall Austin, as the manager of his campaign for re-election, but postponed the opening of the campaign until the middle of June on account of the opening of the centennial celebration. He said "there will be plenty of time for political discussions afterward."

### NEW TAX MEASURE PASSED IN HOUSE

Senate Vote On Act Is Prevented by Harrison

WASHINGTON, May 11. (AP)—The \$2,422,000,000 deficiency bill carrying the administration's \$1,245,000,000 work relief appropriation for 1937 passed in the House today after defeating republican attempts to substitute state grants for the works program. The vote was 340 to 37.

Administration leaders averred an immediate showdown in the Senate on the bill by the finance committee by pleading an opportunity for treasury experts to defend the measure.

Members of the committee said that chairman Harrison had blocked a test vote on the proposed corporation tax based on undistributed profits by urging to first let the treasury answer criticisms of the bill in a public hearing.

### KASPER QUADRUPLETS TAKE TURN FOR WORSE ON THEIR THIRD DAY OF LIFE

PASSAIC, N. J., May 11. (AP)—The Kasper quadruplets took a turn for the worse today. It was learned reliably at St. Mary's hospital, Dr. Frank Jani, who delivered the babies Saturday, issued a call for human milk. Ten ounces was obtained from New York.

Further details of the condition of the four babies was withheld. Their mother, Mrs. Emil Kasper 36, of Little Ferry, wife of a 230-a-week railroad roundhouse worker, is getting along fine. Dr. Jani said, "Born five weeks prematurely, the infants, weighing a total of thirteen pounds, are in separate incubators in a private room converted into a nursery. The boy who is not so strong has been placed in a new type of incubator which provides a better regulated flow of oxygen.

A day and night nurse are in constant attendance and only Sister Frances, obstetrical supervisor at the hospital, is permitted inside the nursery.

"We are trying to do the best we can for them," Dr. Jani said. "They will be given the best of care. No visitors will be allowed. Our first consideration is for the children's lives."

### IMPROVEMENTS TO COWBOY REUNION

Convenience and Comfort of Visitors Assured By New York

STAMFORD, Texas May 11.—Numerous improvements which will add to the convenience and comfort of visitors and the attractiveness of the area are being completed at the Texas Cowboy Reunion grounds, well in advance of the seventh annual reunion, which will be held here July 2 and 3.

Probably the most important of these, from the standpoint of visitors, is the application of a preparation for eliminating the dust in the rodeo arena. This dust laying preparation is being installed at a considerable outlay and will add greatly to the comfort of rodeo spectators.

Grandstand No. 3 on the north side of the arena has been reconstructed and the type of the more recently constructed stands installed. The roof of this section has been extended to keep out the sun and a similar improvement has been made on the roof of the south grandstand to give better shade.

Other improvements include erection of a new grain house, tool house, additional stalls and the painting of all buildings, gates, and roofs of grandstands. Twenty-five shade trees—peaches, wild china and boys d'arc—have been planted around the shore of the lake on the grounds, which is now brimful of water. Around the cowboy bunkhouse and about the chuck wagon area, 150 pecan sprouts and 50 lantanas have been planted.

A new high wire fence has been built on three sides of the grounds and a woven fence and steel gates erected at the main entrance.

Mr. Charles L. McMahon, Chairman of the Tulsa Committee on Arrangements for this event, has just announced that J. Wood Glass, president of the Northeastern Oklahoma Stripper Well Association, will preside at the banquet and Charles F. Roeser, president of the Independent Petroleum Association of America will act as Toastmaster. A reception for the officers of the various associations participating will be held at six o'clock preceding the meeting.

Reservations have been received from all the oil producing states. This will be one of the outstanding events during the week of International Petroleum Exposition. A floor show by the outstanding song and dance artists of the Mid-Continent area will take place during the banquet program. Invitations are being extended by the Tulsa Committee to all members of the oil fraternity.

FEMININE FANCIES BY KATHLEEN ELAND

Flowers are attracting much attention this year, especially since the vogue for wearing them in the hair or on the dress.

We've been reading some interesting little details about their use and meaning. For instance, we are told, a purple hyacinth sent to a friend with only your name means "I'm sorry."

That is about the easiest way of making an apology that we have ever heard of. It wasn't so hard some times to say "Won't you forgive me?" but there are times when the words simply choke the speaker.

And just in case West Texans don't have the hyacinths available, we wonder if these big purple daisies wouldn't convey the sentiment just as well? After all, what's in a name?

Large flowers look best on a tall woman and small blossoms on a short one, they say. No matter how much we like these huge flaunting hollyhocks or enormous roses, we suppose we should content ourselves with very inconspicuous flowers according to that. But the wise one who laid down this law left a loophole for the small woman who likes big flowers. If she wishes, she may make a small arrangement of big flowers and wear them with propriety.

Demonstration Is Given on Vegetables

Mrs. Lura Hollingsworth, county home demonstration agent, gave a demonstration on scoring strong vegetables at the home of Mrs. W. E. Franklin of the Cotton Flat community, Thursday, May 7.

Ten club members and seven visitors were present. The club will meet at the assembly room of the courthouse, Wednesday afternoon to check foundation patterns.

Mrs. Hollingsworth and Mrs. Henry Locklar, sponsor for the girls' 4-H club, met with the girls at the Cotton Flat school house Thursday afternoon. Patterns were cut for the girls' shape.

Present were six girls: Eddie Locklar, Dorothy McCullough, Margie Merritt, Pansy Lear, Billie Franklin and Thelma Jo Brown.

Chevrolet Sales Set Another Record Mark

Chevrolet dealers' car and truck sales in April totalled 134,431 units, setting a new all-time high mark for any single month in the company's history, W. E. Holler, vice-president and general sales manager of the Chevrolet Motor Co., announced.

Sales for the year to May 1, totaling 406,620, set a new all-time record for the first four months of a year.

The achievement followed close on a record-breaking March, which, until April figures were in, stood as the greatest single month Chevrolet ever experienced.

April sales represent an increase of nearly 35 percent over sales in April 1935, which totalled 99,811. The first four months' sales were an increase of 48 percent over those of 1935, which were 274,121.

Sales of used cars in April totalled 197,270, Mr. Holler reported, producing a total of 679,144 used car sales for the first four months. Both these figures represent new all time highs. The greatest previous single used-car month in the company's history was March 1930, when 174,542 units were sold, and the greatest corresponding four-months' period was in 1930, when sales totalled 486,838.

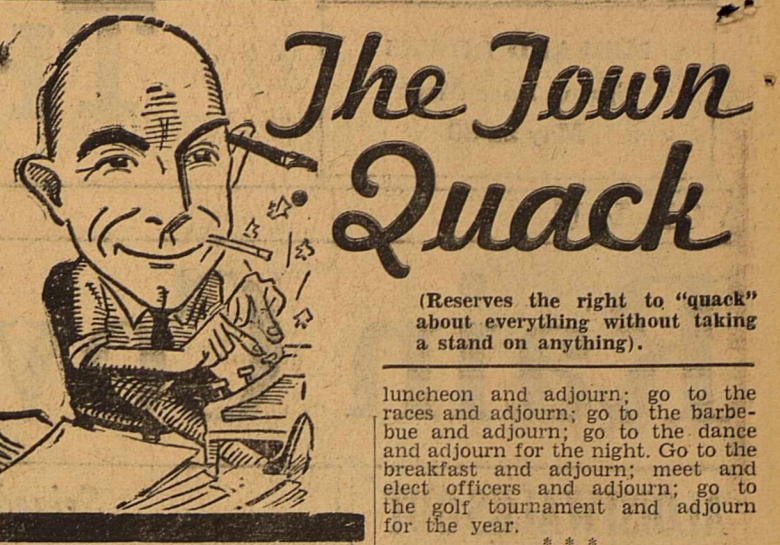

"All phases of the dealers' business shared in the increase," Mr. Holler said. "Whether considered from the standpoint of total unit sales, of truck sales, or of used car sales, April set a brand new mark. Heavy volume of used car business contributed to the new car results by keeping dealers' inventories advantageously low."

Tests Urged for Speeders

SAN FRANCISCO (U.P.)—Mental tests for chronic speed violators have just been urged by Dr. E. W. Twitcnell, professor of neurology at the University of California. He declares that unless such action is taken by states, automobile fatalities will become so great that the people will rise up and demand relief.

Boyce House, staff correspondent of the Fort Worth Star-Telegram attended the convention of the West Texas Press Association last year when it met at Big Spring and he reported that some of the business sessions lasted as long as 35 minutes. We have informed Boyce not to expect such long business meetings this year, so the press boys will have more time for entertainment. The schedule for the Midland meeting, as he was given it, follows: Register, meet and adjourn; go to the luncheon and adjourn; go to the barbeque and adjourn; go to the dance and adjourn for the night. Go to the breakfast and adjourn; meet and elect officers and adjourn; go to the golf tournament and adjourn for the year.

Native Outwits Crocodile

BULAWAYA (U.P.)—A crocodile in the Limpopo river seized a native who tried to cross the border from Nyasaland into Southern Rhodesia, and dragged him 60 yards from the river. The native, an Atonga tribesman, rammed a stick down the crocodile's throat, and forced it to release its grip.

Bama's Honor Yankee TUSCALOOSA, Ala. (U.P.)—An Evanston, Ill. freshman co-ed is "Miss Alabama." The band of the University of Alabama selected a "Yankee" its sponsor, and the band sponsor carries the title of "Miss Alabama." She is Molly Mercer.

To make "chunu," a powder used for soap, Peruvian Indians soak potatoes in water and freeze them. Then, each morning, they dance barefoot upon the "spuds." In several days, the potatoes become dehydrated and hard as stone. They then are beaten into powder.

Until the antlers of a deer reach maturity, they are soft, spongy, warm, and full of blood. When they reach full growth, circulation ceases and the antlers become hard. The velvet covering then is shed and the deer becomes the owner of a polished pair of weapons.

"WE wish to thank the hotels, bands, Boy Scouts, speakers, chamber of commerce, local post, school officials, the 30 dance sponsors, the local law, Clarence Scharbauer and all others for the wonderful entertainment afforded for the 16th district American Legion convention."  
Mr. Clarence Scharbauer, Midland, Texas.  
I have been authorized by the 16th district convention to personally extend to you an appreciation for your efforts in making the legion convention a success.  
I quote their resolution of thanks to you and others and the local post. As commander of the Woods W. Lynch Post No. 19, I want to take this opportunity to officially and personally thank you for the help you have rendered us during the American Legion convention, without which it would have been impossible to have made the convention a success.  
Sincerely yours,  
JAMES H. GOODMAN,  
Commander of the Midland Post.

**Wrestling Season In Big Spring Will Open Tuesday Nite**

**BIG SPRING, May 11. (Sp.)**—The wrestling season will be opened with a bang in Big Spring tomorrow night, one of the most attractive cards in several seasons having been booked.  
The high spot on the card will be the appearance of Dutch Mantell in the ring as referee for the main event. Despite years in the ring, Mantell is still very active and one of the most colorful men in the grunt and groan business.  
Sailor Tex Watkins, probably the most hated wrestler ever to appear in the shows in Big Spring, has been booked for the main event, meeting Ray Meyers, Kentucky speed merchant. Watkins is the rough and dirty type that will do anything to win and it is a certainty that the crowd will be howling for his blood as soon as he enters the ring. A good supporting bout for the bouts for the main event has been booked, Jack Gorman, a real battle-scarred warrior, will tangle with Dick Trout, U. S. Navy champion.

**Forgotten Island Scene of Picture**

An almost forgotten island hell, on the coast of America becomes the center of action for the searing emotional drama, "The Prisoner of Shark Island," 20th Century's picture showing for the last time today at the Ritz Theatre.  
Plucked from the pages of history, the new picture tells the authentic story of a man martyred for a deed of mercy, torn from the arms of the woman he loved to a living death on an island where brutes are masters.  
The real-life hero of "The Prisoner of Shark Island," was Dr. Samuel Alexander Mudd, who is portrayed on the screen by Warner Baxter. Sun-scorched Fort Jefferson, on a tiny key in the Caribbean, is the prison where he was sent under sentence of life imprisonment.  
How Baxter, sustained by the love of his wife, Gloria Stuart, lives through physical and spiritual torture to emerge a hero in the yellow fever epidemic which strikes the island is revealed in the picture, which was directed by John Ford and personally produced under the supervision of Darryl F. Zanuck.

**RURAL SCHOOLS**

There was not much visiting at Prairie Lee school the past week because of the serious illness of Mrs. J. M. Livingston who was carried to a Midland hospital Thursday. Prin. A. M. Bryant reported.

**MOST OF LANDS ACQUIRED BY THE RA TAX DELINQUENT FOR LAST 2 YEARS**

**AMARILLO, May 11.**—What are political subdivisions to do for tax revenues if the government acquires land in its conservation program? is a question that is occasionally raised on the south plains. A reassuring answer came to that question today from the regional office of the Resettlement Administration here. It gives figures showing that fifty per cent of lands acquired have been tax delinquent for two years or more.  
The 9,000,000 acres which are being purchased for conversion to forestry, grazing, wildlife protection, and recreation by the Resettlement Administration throughout the nation, have a total assessed valuation of only \$26,000,000. Actual taxes levied against these properties amounted in 1935 to \$1,030,000, and only half of this amount was collected.  
Local governments will be relieved of many expenses now being incurred for roads and schools which can be closed following the purchase of the unproductive land areas. Federal subsidies for relief will also be decreased. This is particularly true in Region Twelve, according to officials in the Amarillo office.  
Several instances of excessive local costs have been uncovered in land use studies now being carried on by the land use planning division. In one project area the cost of upkeep of the roads each year exceeds the total value of the land they serve. In another area, annual road costs amounted to more than \$27,000, whereas the yearly tax receipts from the area totaled only \$1,820.  
"Although we are still in the midst of a large and exhaustive study of public finance problems associated with the land purchase program," said L. C. Gray, Assistant Administrator in charge of the land program, who was in Amarillo last week, "we can already point to four basic considerations which should be recognized:  
"First, that the actual taxable value of the lands being acquired is relatively small, because of their
