Monopoly "Chiselers" Are Flayed By Roosevelt

Take Your Choice-The New Deal or The Proposed Deal

ASKS 'DEMOCRACY' IN OPPORTUNITY FOR THE CITIZENS

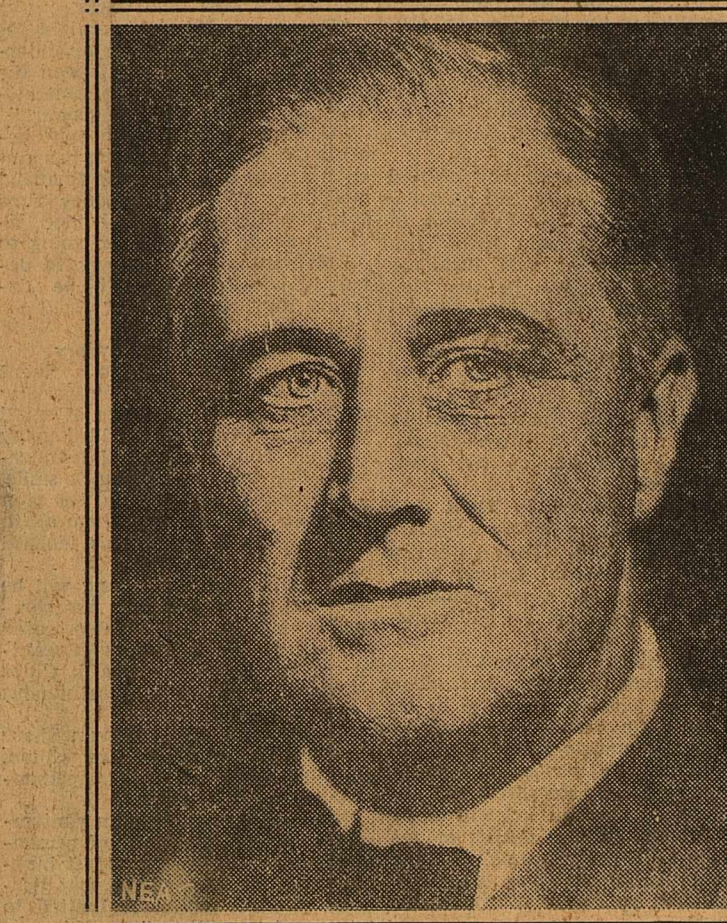

Says 'Good Neighbor' Policy Should Be Extended

DEFENDS RECORD Asserts Federal Aid Is Necessary to States

DALLAS, June 12. (AP)—President Roosevelt, standing in the Cotton Bowl of the Centennial stadium, today struck at monopoly "chiselers" and called for "democracy in opportunity" as well as in government. The president declared the net result of economic control by the few "has meant ownership of labor or as a commodity." He asserted "lessening of sectionalism is apparent on every hand and a "good neighbor policy" should be extended across the border to Mexico and other lands so that war may be forever banished from this hemisphere. He further said "if labor is to be a commodity in the United States, in the final analysis it means we shall become a nation of boarding houses instead of a nation of homes." "If our people ever submit to that, they will have to say "good-bye" to their historic freedom. Men don't fight for boarding houses, but they will fight for their homes." The president stressed the necessity of the federal government taking a hand to cure the economic evils when they got beyond state control, asserting "today we have restored democracy in government, and we are in the process of restoring it in opportunity." In closing, the president said, "we seek to banish war from this hemisphere; we seek to extend those practices of good will, closer friendship upon which peace itself is based." "A salute to the emperors of Texas."

(Left) Governor Alf M. Landon of Kansas who Thursday night was unanimously nominated as the Republican standard bearer in the forthcoming presidential election

(Right) United States Senator William Borah of Idaho, who Thursday night was elected in 1932 on the Democratic ticket and a certainty to be the nominee again this year. He heard the news of Landon's nomination while visiting the Texas Centennial celebration.

PUBLISHER CHOSEN BY UNANIMOUS VOTE

CLEVELAND, June 12 (AP)—The republican ticket against the New Deal is Landon and Knox. The national convention overwhelmingly nominated Frank Knox, Illinois publisher, for the vice-presidency today after Senator Arthur Vandenberg, Michigan, in a letter read to the delegates asked that his name not be considered. As did rivals of Governor Alf Landon last night, Governors Harry W. Nice of Maryland and Walter Edge of New Jersey released their delegates and took a platform advocating the popular choice. One of the deciding factors was a caucus which sent 90 New York votes to Knox. Up to the meeting session, there was talk of drafting Vandenberg, but he was adamant. In a tremendous session of mirth and enthusiasm, and with only 19 votes in opposition, the republican national convention Thursday night nominated Governor Alf M. Landon of Kansas for the presidency. State after state cast their entire delegate votes for the Kansan, after a ruling that it was necessary to call the roll. Shriill shouts of "No" greeted the rule, as the convention obviously wanted to make it by acclamation. The 19 against went for Senator Borah of Idaho the only candidate for the presidency who was conspicuously absent from this tumult-filled hall tonight as one erstwhile candidate after another came forward to second the nomination of the candidate. Eighteen of the Borah votes came from Wisconsin, and it was the spokesman for this state who moved, amid some confusion, that the vote be made unanimous. He refused to change the Borah bloc of Wisconsin's 24, however, until the vote had first been recorded despite the shouts of thousands pounding upon him to change the vote. The other Borah vote came from West Virginia, and although this was not changed, there was not a single "nay" when the motion to make it unanimous was carried.

1936 Campaign Sidelights

WASHINGTON, June 12 (AP)—Senator Borah, Idaho, refused today to say whether or not he would vote for Alf Landon for president. Borah told reporters he was "not clear," as to the meaning of the message Landon sent to the Cleveland convention before being nominated. DALLAS, June 12 (AP)—Governor Guy Park of Missouri predicted here today that Governor Alf Landon, republican presidential candidate, could not carry the Midwest despite his hailing from Kansas. A victory for Roosevelt, here attending the Texas Centennial. He was a member of the welcoming party as President Roosevelt arrived here today.

RUSSIA PROPOSES NEW RULING PLANS

Highest Powers of The Government Are for 21 Officials

MOSCOW June 12. (AP)—Soviet Russia, under a new "democratic" constitution, proposed today to establish the highest powers of government in a board of 31 officials. The plan was formulated under the direction of Joseph Stalin, and the constitution has received the approval of the presidium of the all-union central executive committee.

CONTINUE SEARCH FOR FOUR BODIES IN ROSWELL LAKE

Activities of Police Kept Secret from The Public

ROSWELL, N. M., June 12 (AP)—State police continued dragging operations in the little rock-bound lake near here Thursday in quest for the bodies of four Illinois tourists, missing for more than a year. Secrecy surrounded the activities, which went on despite the fact that a professional diver, called from Houston, Texas, had not arrived to search the bottom of the pool which is from 75 to 100 feet deep. In the meantime, at Santa Fe, Governor Clyde Tingley admitted there is a possibility the story which sent authorities here might be a malicious hoax.

BADOGGIO GIVEN NEW POSITION IN ITALY BY IL DUCE

Reorganizing of All Defense Forces Is Job

ROME, June 12 (AP)—Marshal Pietro Badoglio, 63-year-old grizzled veteran of the World war and conqueror of Ethiopia, was entrusted Thursday with the task of reorganizing all of Italy's defense forces. Premier Mussolini returned Badoglio to his former duties as chief of the Italian general staff, Badoglio resigning as Viceroys of Ethiopia. Military sources said Badoglio would reorganize all military forces, including the army, the navy and the air force. Marshal Rudolf Graziani was named Viceroys of Ethiopia succeeding Badoglio. He commanded Italy's southern army in the war against Ethiopia. King Victor Emmanuel honored Badoglio by creating for him a new title, Duke of Addis Ababa.

DELAY COURT CASE UNTIL NEXT MONTH

Second Continuance for Session; Recess Rest Of Week

The scheduled trial Paul Jones vs. Western Union was postponed until the next term of court today, as court recessed until next Monday. Notice has not been given as to what case will be tried on that date. The postponement came today after a jury had already been picked to hear the case. It was the second postponement of the session this week, the case State vs. Candelario Ratana on a charge of assault with attempt to murder being continued Thursday when the complaining witness failed to appear in court.

Rodeo Feature of Stamford Reunion

STAMFORD—Although there will be many worthwhile attractions on the program of the seventh annual Texas Cowboy Reunion to be held in Stamford July 2, 3 and 4, the chief entertainment feature of the Reunion will be the rodeo, featuring the cowhands from the ranches. Word has been received from numerous contestants and visitors of former years that they will be on hand this year when the gates swing open on July 2. In addition many Centennial visitors to Texas are expected to visit Stamford during the Reunion to witness a rodeo that has been classified as "an authentic survival of a typically Western institution." Former years have seen crowds of 50,000 and 55,000 visitors here during the three days. This year, conservative estimates place the attendance at an even greater figure.

BEHIND THE SCENES

-IN-

WASHINGTON

By RODNEY DUTCHER

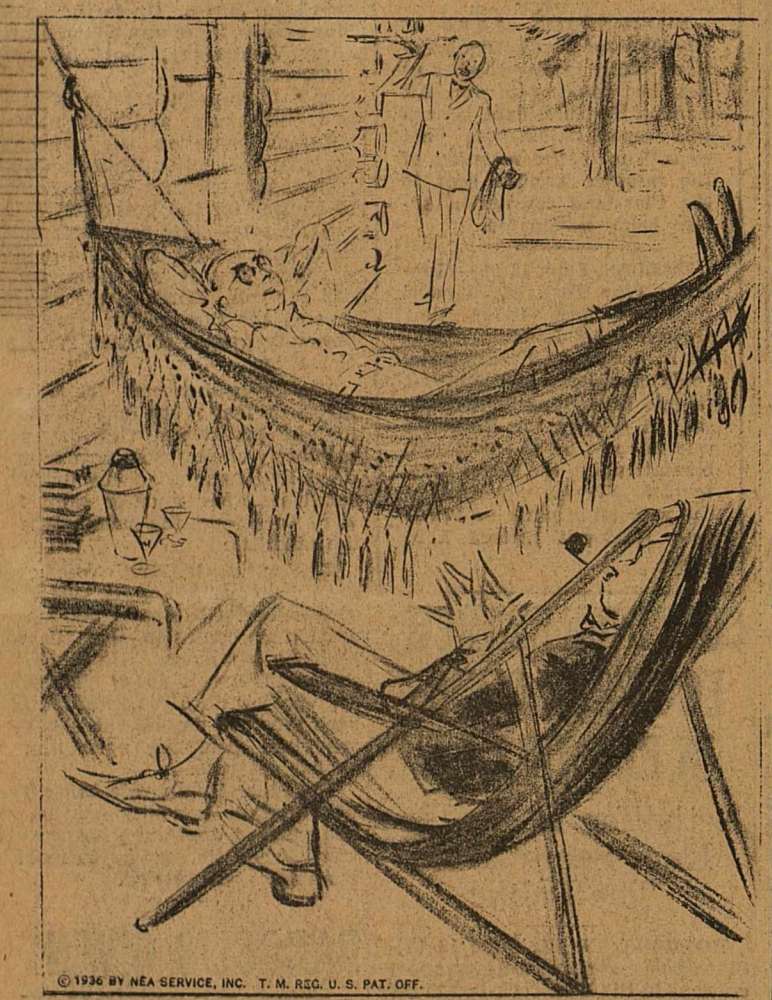

Reporter-Telegram Washington Correspondent

WASHINGTON, June 12—If anyone were to imagine such an undignified spectacle as the U. S. supreme court "sticking its neck out," it would have to be admitted that something like a yard and a half of that section of the court's anatomy is now exposed.

The 5 to 4 decision against New York's minimum wage law for women and children has piled up ammunition for those who propose to change a system in which the word of one man can determine the nation's economic future.

By ruling that neither the federal government nor the separate states can act against such evils as the sweatshop and the right of industrial exploitation, the Roberts-Smith-

Huey Long's Ghost Guides Disciple Gerald K. Smith

BY WALTER C. PARKES NEA Service Staff Correspondent

has had the nerve to defend the majority decision that employers are guaranteed by the constitution a right to hire women for less than a subsistence wage.

Boon for New Dealers Without offering much but cause for worry to the conservatives, the opinion aids the New Dealers in several ways.

For instance, this wasn't in any sense a New Deal case. So-called New Deal legislation had been knocked down by the majority, usually in alleged defense of the exclusive right of states to legislate in such fields.

New York and 16 other states had passed what they considered essential minimum wage laws. The court majority, in killing them, has added plausibility to the New Dealers' contention that it isn't so much concerned with interpreting the constitution as with preserving a reactionary front on all occasions when "human rights" clash with "rights of property."

On that issue the senate defeated the nomination by Hoover of Judge Parker and gave the nomination of Chief Justice Hughes a hard fight.

Hughes, in siding with Brandeis, Stone, and Cardozo in the New York case, gave the liberals still another argumentative weapon. Although his vote is being interpreted on the theory that he could stand just so much, Hughes has always been insistent that the court mustn't "wound" itself by ill-considered, prejudiced decisions of the Dred Scott variety.

Urge Roosevelt to Fight Pressure on Roosevelt from his advisers to ask congress for authority to appoint additional justices or to start the war for a constitutional amendment has increased enormously.

The President is being told that the five-man majority has given him a marvelous opportunity by its creation of an obvious man's land for social-economic legislation.

If weight of advice is the determining factor, Roosevelt will try to increase the size of the court next winter, barring deaths or retirements. He might wait until the court killed the Wagner labor and social security acts, now considered doomed.

But advisers are still divided as to whether he should crusade on the five-man majority issue in the campaign. A couple of years ago, talk of "packing the court" was somewhat dampened by reports that the liberal justices might resign if the idea were carried out.

And New Dealers are ready to ask whether anyone could say the constitution was being perverted if more men of the Hughes type were on the court.

Roberts Is Target Roberts bears the brunt of much of the criticism, since he held in the Nebbia decision that New York could regulate milk prices, but now says the liberty of women and children to work for starvation wages can't be denied.

The unsavory nature of the case before the court probably will also be cited in future attacks. It began as the appeal of a Brooklyn laundry owner who had been indicted for forgery on charges that he falsified the records as to wages paid.

The action of five \$20,000-a-year judges holding that laundresses mustn't be paid a \$12.40 weekly minimum is also oratorical meat for demagogues.

There's been much talk lately about "stirring up class hatred." You can now watch the effect of the Huey and minimum wage decisions on labor and decide for yourself if a supreme court decision isn't as effective a "stirrer" as anyone could find.

(Copyright, 1936, NEA Service, Inc.) -BE RODEO MINDED-

In Greenland, until the white man came, Eskimos depended on moose to furnish them with iron for making tools.

NEW YORK—When gaunt, gray, old Dr. Francis E. Townsend dramatically "took a walk" away from the House Committee investigating his Old Age Revolving Pensions, Ltd., it was husky, ruddy, young Rev. Gerald L. K. Smith, who took his arm, led him out and threatened to "sock the first man that stands in the way!"

The minister is heir to the leadership of the late Huey Long's Share-the-Wealth movement. By his championship of Dr. Townsend, he indicated that he had taken an ally in his personal feud with the Roosevelt administration.

For the Rev. Dr. Smith is violently antagonistic toward the President and all his New Deal works. "We are headed right straight for Communism," he said in an interview here. "The Democrats won the election, but the New Deal commissions are the ones really in power."

"Business looks better only because Government spending has given it a shot in the arm of financial morphine. When the money runs out, it will be like taking dope away from an addict. I am going to do everything in my power to defeat Roosevelt. And he will be defeated. He is on the skids."

Emulates Long's Oratory The Rev. Mr. Smith is a fluent speaker. To his spellbinding heretofore as fourth in a family line of small town preachers, he has added many of Huey Long's oratorical mannerisms—the arm waving, quick smile, the forbidding defiance and the plain, colloquial, he uses them all in carrying the torch for his idolized mentor.

"The ghost of Huey Long will be the most potent factor in the campaign," he declared. He deprecated his own ability as National Organizer of the Share-the-Wealth Clubs giving all credit to the posthumous Long influence.

He estimated the minimum Share-the-Wealth strength as five million, a million and a half of it his personal following in Louisiana.

The wealth-sharing plan contemplates restricting the size of personal fortunes, but has no "trust busting" program. He added that personal fortunes would be limited to "five or ten millions," anything above that being confiscated.

Assumed Mantle of Boss Smith joined the Long colors in 1934, after resigning his pulpit in Shreveport's fashionable King's Highway Christian Church. While Long lived, Smith was content to be a lowly paid worker. But from obscurity he jumped into the national limelight after the assassination when he delivered a fiery funeral oration before 100,000 people. Requests for copies of the speech poured in by thousands. He was mentioned for the Senate to fill out Huey's unexpired term, but refused.

He wanted to organize the Share-the-Wealth Clubs on a national basis.

Though inexperienced in politics, he assumed the role of a boss, set the Long henchmen back on their heels with his audacity in dictating an "official" slate for the vital State primary, and precipitated an intramural squabble that threatened to wreck the machine before a compromise was reached. The Long ticket enjoyed a landslide.

Nurses Coalition Plan At present Smith is energetically trying to effect his most ambitious project, an anti-Roosevelt coalition of all the "disgruntled" people, as represented by the followers of Dr. Townsend, Father Coughlin, Upton Sinclair, et al. He acknowledged the alliance with Dr. Townsend is pretty much of a marriage of convenience. Questioned on his attitude toward the doctor's schemes he replied: "I'm really not very familiar with the Townsend program."

He and Dr. Townsend confidently expect 30,000 "men of different opinions" to gather en masse at a national convention of delegates from 8,000 Townsend Clubs to be held in Cleveland, Ohio, from July 15 to 19. Here they will reiterate their slogan: "Anyone but Roosevelt."

The Rev. Gerald L. K. Smith.

Residences Moved To Make Room for "The Flowing Gold"

OKLAHOMA CITY (U.P.)—The roaring days of Oklahoma City's first oil boom have returned. A forest of derricks hedges in the state capitol, governor's mansion and scores of fine homes.

The rush for "black gold" started when the Mansion pool, two miles north of the old field, was opened up with sensational production. It was "mudhog versus mansion" in some sections of the new Capitol-Mansion pool.

Derricks, roaring steam boilers, heavy pipelines, machinery of every description is being jammed between houses, in back yards, near highways and streets. Yards, once covered with a carpet of green grass, are being gouged and plowed, and scraped up into huge "slush pits."

Military Zone Created Oklahoma's oil man governor, E. W. Marland, alarmed as the wells were jammed against state property, declared a military zone over state lands, and started five wells.

The city has drilled zones, and city officials would not permit a vote to include the state lands in the zones. The city council and governor were in a virtual "state of war" for weeks, until on May 12, an election was held, and the zones extended over state lands.

Marland's action profited the state \$372,000 by a bonus on leases granted to oil companies. Then he turned over the already-started wells, and now the state is awaiting production and one-fourth royalty from all oil produced.

Parts of the University of Oklahoma, medical school, hospital and crippled children's hospital lands are soon to be leased for drilling.

Wells drilled in near the government.

Independent Ticket Likely As to concrete plans of the allies, the Rev. Smith was vague. Although at one time he announced that he would appear at the Democratic convention with Governor Eugene Talmadge of Georgia, accompanied by delegations from five Southern states pledged to "stop Roosevelt," he now concedes that any effort to block the nomination would be futile. The Louisiana group itself is pledged to Roosevelt.

He declined to say whether the merger would support the Republican presidential nominee. But an independent national ticket from the Smith-Townsend-Coughlin confederation is quite possible, the minister said. He would not name any potential candidates. He himself will not be one because, "when you run for office they impugn your motives."

nor's mansion have produced as high as 27,000 barrels a day. Several months ago, an election was held extending the oil zones north of the state lands, but not including the state property. A forest of derricks rose quickly. Now some 200 rigs puff at their boilers with a full head of steam, drive the drill stems first into the rich Wilcox sand some 6,000 feet below the surface.

Marland visions a state income of \$2,000,000 from oil within a year.

The first well in the Oklahoma City field was drilled in 1930. Thousands of wells crept north through the east side of the city. The newly-opened Mansion pool is an extension of the rich southern city field which furnished the sensational Mary Shulik well that ran wild for days spraying highly volatile crude over a wide area.

200 Drills at Work In the Capitol windows rattle and clang as the earth trembles beneath the plunging, grinding force of 200 drill bits piercing dolomite, limestone and other rock formations deep in the earth.

Escaping gas at times screeches, and the smell of oil is heavy in the air. Hundreds of steam plumes stretch across homes unmolested a year ago.

Houses are being moved to make room for derricks in some instances. Immediately south of the field between the northern and southern banks of derricks, lies Lincoln Terrace one of the finest residential sections. Some say it, too, soon will be invaded. Others think the immense property damage which would be incurred by drilling will keep oil companies out of that section.

Kansas Town Will Get French War Souvenirs

DIJON, France (U.P.)—A French flag, which floated over the city hall of Dijon during the World War, and a pilot's helmet worn in the trenches by Emile Lambert, French vice president of Fidac, international organization of war veterans, are en route to Phillipsburg, Kan., where they will form part of the war museum organized by the American Legion there.

Reno B. Kingery, for ten years adjutant and service officer of the Phillipsburg Legion post, took the initiative in requesting the French flag and helmet. Kingery was stationed for some time during the war at Dijon as were other Phillipsburg soldiers who decided they wanted a symbolic souvenir of the Burgundy city for their community hall, where a collection of war relics has been started.

shed a tear; But you've helped me to fill three paragraphs.

Walter Winchell says that the average young woman uses enough lip-stick or rouge to paint an average barn four times in a year.

If the above is true it is a disgrace to our civilization.

The lure of a woman's lips is well nigh overwhelming. If not, the women with their lip-sticks would sure drive off the men folks. They are doing their dead, level best to keep them away.

The fool thing started in Hollywood. The actresses to make their lips photograph well piled on the lip paint. And the cosmetic manufacturers picked up the cue and they started something.

"Wet paint" signs should be hung on half the young women folks, and a whole lot of the old ones, you see on Polk Street.

-BE RODEO MINDED-

All fathers and mothers want their children to succeed and as long as they can, mothers and fathers the country over sacrifice and plan to give their boys and girls every advantage, every opportunity, for they want them to have a start which they too often were denied.

"We want to send Jim to college if we can afford it," they say. "We plan to give Mary special training in music if we have the money when she has finished high school."

But why should an IF threaten these dreams? A PRAETORIAN EDUCATIONAL POLICY can erase that IF and permit mothers and fathers to say positively: "MY CHILDREN ARE GOING TO COLLEGE." The Praetorians' plans offer a systematic way of saving. A little put away each month makes the education SURE. Investigate the Praetorians' Educational policies for children.

FEMININE FANCIES

BY KATHLEEN EILAND

There's always some new torture being devised for those daughters of Eve who aspire to greater beauty. The latest one is having freckles drilled out—just as a dentist drills out a tooth. This drastic treatment is said to remove the much-despised small polka dots without leaving scars on the skin. Nothing is said about the condition in which the patient's disposition and nervous system is left.

We, too, desire beauty. But not to that extent. Just so long as we have freckles, just that long will we pin our faith on creams and lotions that, whether effective or not, at least are painless. If they fail, we'll profess to think that freckles give that certain piquant air that novelists can always detect whether the ordinary onlooker can or not.

Another convenience for the woman who is fastidious about her toilet dress comes in the form of silver fallie bedroom slippers which can be dyed to suit her fancy or the costume they are meant to complement. The tiny silver ridges will still show through in an attractive threading.

The ingenuity of the modern dressmaker cannot be surpassed. Did you think that glazed chintz was used only for draperies or upholstery? Then you're just behind the times. In these days glazed chintz is used for evening gowns as evidenced in a brown creation now being displayed at a downtown store.

Our idea of an easy way to that coveted allure is a yellow chiffon dress made on soft lines with brown flowers at the throat and a brown belt.

Even the inexpensive dresses now

le class.

One Foot Garden Row Averages One Pound Vegetables

"I planted my salad frame in rows so I would have an idea how many pounds of vegetables I would grow," said Dorothy McCullough, a cooper-ator of the Cotton Flat 4-H club, in discussing her garden project. "Mrs. Hollingsworth, home demonstration agent, told us that the horticulturist, J. P. Rosborough of the extension service says that under average conditions one foot of row will produce one pound of vegetable. My salad frame is the size of a screen door and I use one as a cover to keep the chickens out."

"I have two rows lengthwise of carrots, two rows of lettuce, and one row of mustard. I have a bed about two feet square of radishes."

Midland Woman Is Told Her Song Will Appear on Program

Midland people who tune in on the world-wide broadcast from the Cotton Bowl at the Central Exposition at Dallas Saturday morning at 10 o'clock will be especially interested in the song "Dear Old Texas" as Maude Schick Leonard (Mrs. J. B. Leonard) of Midland is composer of the music for the selection.

Mrs. Leonard received word from a friend at Eastland Thursday that the song is to be sung over the world wide broadcast tomorrow when some 50,000 school children are expected to put on a Centennial program. Of this number, 500 will go from Eastland, where Mrs. Leonard was living at the time she composed the music.

Mrs. Maude Garrett Taggart is author of the words.

The composition is in march time and up to the present Mrs. Leonard has sold more than 1,000 copies of the song. It is the first composition she has ever had published.

Good Records Made Through Years by Stokes Students

Editor's Note: The following is the concluding installment of the history of Stokes, one of Midland county's rural schools.

By MRS. ANNIE COLLIER

Three year record in junior boys play ground ball.

Three year record in volleyball. Tennis first place records as follows:

Boys doubles, E. P. Lawson and J. T. Bell, 1934.
Boys doubles, Eugene Graham and go in for touches of individuality. One such displays a star-shaped print on a soft green background with star-shaped pearl buttons.

Wonder if Midland women are becoming garden-minded — or to be specific, garden-hatted? We don't remember ever having seen so many garden hats for sale. The newest ones we've noticed capitalize on the Centennial idea. White straw is blocked into a crown very faintly reminiscent of the cowboy combrero and on one side of the crown is stamped the Centennial seal. A cluster of handpainted bluebonnets form the decoration and carry out the patriotic theme.

E. P. Lawson, 1935.

Boys doubles, Elward Wise and Barnett Collier, 1936.
Boys singles, E. P. Lawson, 1935.
Boys singles, Lester Lee Newson, 1936.
Girls doubles, Eula Jean Parker and Evelyn Lewis, 1935.
Girls doubles, Eula Jean Parker and Evelyn Lewis, 1936.

The school has entered the fair for the last three years with the following results:

1934, Third place.
1935, Second place.

First place in group project and received a mirror as prize from City Drug. The mirror was later sold and proceeds used to buy two large pictures for the school.

1936, First place.

First place prize presented was an electric lamp presented by Midland Hardware Company.

Places won at the District Meet held at Midland, Texas are as follows:

Barnett Collier, second place (senior boy), 1934.
W. T. Lewis, second place (junior boy), 1934.
Barnett Collier, second place (senior boy), 1935.
Evelyn Lewis, second place (senior girl), 1936.
Moselle Brooks, third place (junior girl), 1936.

Medals received were, silver medal for second place, and bronze medals for third places. Eugene Graham took fourth place in the mile run. Ida Mae Reeves is to receive a medal from the state for being one hundred percent perfect in music memory.

In 1933-34 Miss Hester county librarian offered prizes to school children who would make posters read from the county library. There were three divisions as follows:

First Division, grades first to the fourth inclusive; Second Division, grades, fifth to eighth inclusive; Third Division, grades, above the eighth.

Out of the nine places offered, six of them went to the children from Stokes. The pupils who received prizes in this contest are:

Douglas Wise, first grade, first place.
J. C. Flowers, first grade, second place.
Mary Smith, fourth grade, first

place.
Raymond Smith, fourth grade, second place.
Idus Ray Flowers, sixth grade, third place.
Lois Parker, tenth grade, second place.

During the school of 1933-34, a prize was offered to the pupil who sold the most candy to get a basket ball and J. T. Bell Jr. received this prize which was a pocket knife. Also a reading contest was conducted by Mr. Alcorn, and Iva Grace Collier received this prize, which was twenty five cents, for being the best all-round reader. Iva Grace also made the best cartoon for the sports page in the school paper and received a powder puff for this work.

Barnett Collier was decided the best actor by audience in the play titled, "Nora Wake Up," and he received a pencil set as prize. Lois Parker made the best cup towel in her group for which she received a pair of window curtains. Iva Grace Collier received first place for the cup towel she made, and received a vase as prize presented by Mr. Tidwell of the Midland Hardware Co.

Moselle Brooks won first place in junior girls declamation, but was ruled out on account of being too young. Mr. and Mrs. Alcorn presented her a medal themselves.

E. P. Lawson was decided the best actor by audience in play titled "Poor Married Man," and received a box of candy as prize.

4-H club honors and prizes:

Imogene Hale, first place, prize, material for a slip.
Lorene Wright, second place, prize, waste basket.
Johnnie Mae Collier, first place, prize, material for a slip.
Johnnie's project (apron) went to the fair at Midland, Texas, and won first place with a blue ribbon and seventy five cents as prize.

Iva Grace Collier won second place and a tape measure was given as the prize. Ida Mae Reeves won third place with her project and also third place at the Midland fair and received 95c as the prize.

At the school fair for 1936, red, white and blue ribbons were given to winners, and Stokes places were as follows:

Doyle Lands, first place, making air chair.
Eula Jean Parker, first place, lit-

erary work.

Lupe Salazar, second place, wood carving.
Polly Herren, second place, animal note book.
Raymond Smith, third place, on painting.
Fourth grade group, third place, "Holland."
Honor pupils who received diplomas in 1933-34:

Carter Flowers, good department.
Johnnie Mae Collier, good attendance.
Whitfield Lawson, Highest average, 1st, grade.
Claude Lewis, Highest average, 2nd, grade.
Willis Lewis, highest average, 3rd, grade.
Moselle Brooks, highest average, 4th, grade.
Coleman Collier, interest in studies, 6th, grade.
Bessie Lena Bell, spelling.
Eula Jean Parker, highest average.
E. P. Lawson, highest average.
J. T. Bell, highest average.
Iva Grace Collier, attendance.
Honor diplomas awarded in 1935-36:

Johnnie Mae Collier, Raymond Herren, Juanita Lewis, Junior Wise, Claude Lewis, Willis Lewis, Coleman Collier, Iva Grace Collier.
Honor diplomas awarded in 1935-36:

Troy Gene Alcorn, Helen Herren, Whitfield Lawson, J. W. Graham, Polly Herren, Johnnie Mae Collier, Moselle Brooks, Iva Grace Collier, Irene Roberts, Eula Jean Parker.

Another school activity during the last three years of school at Stokes are: school news paper, printed semi-monthly during the year of 1933-34 and 1934-35.

Plays staged are as follows:

"Poor Married Man," "Nora Wake Up," "Two Days To Marry," "The Path Across The Hill".

It is traditional for Stokes to have a basket lunch and picnic on Thanks giving, First of April, and the last day of school. Large crowds always attend these special occasions, and games of all kinds are played.

The seventh grade graduating class for 1936 were:

Iva Grace Collier, Irene Roberts, Evelyn Lewis, J. W. Davis, W. T. Lewis, Elward Wise.

The most thrilling adventure of

Stokes school happened on May 1,

1936, when Mr. and Mrs. Alcorn, 29 pupils, and the truck driver and his family started for Carlsbad Cavern. They all reported a very enjoyable trip.

In spite of the good things that has happened during these last three years, some misfortunes have come to Stokes school also. They were when Coleman Collier got his leg broken while returning from a ball game at Prairie Lee school, and when Mrs. Alcorn had an attack of appendicitis. Miss Dessa Shrode substituted for Mrs. Alcorn while she was in the hospital from the operation. The winter of 1935-36 brought an unusual amount of sickness to the Stokes school. Troy Gene Alcorn and Mary Alice Newson suffered with pneumonia.

Distinguished pupils who have gone out of Stokes school and finished high school at other places are as follows:

J. V. Stokes Jr., Midland High School; Dewey Stokes, Midland High School; Willis Eiland, Stanton High School; University of Nevada, Roby Eiland, Stanton High School; Kathleen Eiland, Midland High School, University of Texas; Lorena Eiland, Midland High School, Curry School of Expression; Marton Campbell, Midland High School; Ruth Fryar, Midland High School; Imogene Hale, Midland High School, C. T. A.; Maxine Bell, Garden City High School; Thera Early, Hico High School; Felicia Early, Hico High School.

Other distinguished pupils who are at present attending high school at other places:

J. T. Bell Jr., Garden City; Bessie Lena Bell, Garden City; Lorena Watford, Midland; E. P. Lawson, Midland; Opheila Heald, Flower Grove, Martin county, 1st place in district declamation and 3rd in state as rural girl declaimer; Eugene Graham, Stanton, Margaret Watford, Midland.

As a look over this small list of distinguished pupils, it looks small compared with the 225 pupils who have attended school here at Stokes during the past twenty years that I have been living in Stokes community. I can't resist saying that if it did not require too much space for the names, most of all of the 225 pupils could well be classified as distinguished pupils, as they were all

always willing and anxious to do

anything for the progress of the school. And although many of them are now married with families and others out in the business world they are still supporters of the Stokes school.

The enrollment for the Stokes school in 1936 is:

Barnett Collier, Eula Jean Parker, Elward Wise, Coleman Collier, Ma Graham, Iva Grace Collier, Raymond Smith, Mary Alice Newson, Lester Lee Newson, Mary Smith, Moselle Brooks, Johnnie Mae Collier, J. W. Graham, Raymond Lawson, Whitfield Lawson, Raymond Herren.

"Baby and I Swear by Our Electric Refrigerator"

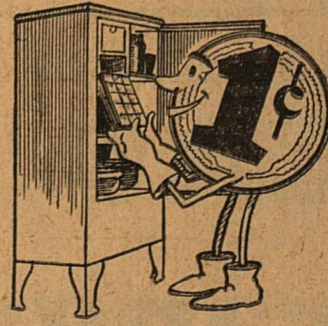

Maybe Baby is too young to declare herself, but before many years she, too, will learn what an important part electrical refrigeration and other electric services play in her home. She is too young to know how cheap electricity is, but Mother knows that it is one of the smallest of her household expenses—even less than the cost of milk for the baby.

ELECTRICITY IS YOUR BIGGEST BARGAIN

History--

(Continued from page 3)

Polly Herren, Helen Herren, Douglas Wise, Junior Wise, Warren Wise, Willis Lewis, Claude Lewis, Juanita Lewis, Evelyn Lewis, Raymond Lewis, Troy Gene Alcott, Ida Mae Reeves, Grace Bryant, Lois Bryant, Joe Bryant, J. W. Davis, Irene Roberts, Charles Lands, Doyle Lands, Ruby Fay Cain, Maxene Cain, Herman Cain, W. T. Lewis.

These are men who have gone the limit for the prosperity of Stokes school. Many times when equipment has been needed for the school, and funds were short, these men have bought the needed equipment by personal donations by themselves.

C. B. Collier succeeded Mr. Flowers as trustee in 1934, and Mr. G. T. Parker resigned in the early part of January 1935 and Mr. I. C. Graham took his place as trustee.

The present trustees are: A. B. Collier, C. B. Collier, I. C. Graham.

In conclusion the writer hopes this history of Stokes school will meet the approval of those who read it. I have lived at Stokes for the past 20 years, so of course it has been necessary for me to secure some of this information from other sources. I obtained a history of the first twelve schools taught at Stokes from one of the Stokes first school girls. She is now Mrs. Mary Glendening Bloomer of Stanton, Texas. The first seven schools were distinct to her recollection the other five were not, hence the reason for writing them in one group. The other schools are based on records that I have kept myself, also from information I have obtained from other teachers and trustees. I sincerely "THANK" everyone that has helped me in any way with this write-up, and hope all can understand that I have done the best I possibly could. If any one knows a more accurate record of Stokes school, we will be glad to hear from you.

—BE RODEO MINDED— VISITS DAUGHTER

Mrs. Arthur Woody of Stanton is here visiting her daughter, Mrs. Donovan Gwyn, for a few days.

—BE RODEO MINDED— HAS SISTER AS GUEST

Mrs. J. A. McClurg has returned from a trip to Greenville where she visited relatives. She was accompanied home by her sister, Miss Creta Rojean Latta.

FINDS ALL-BRAN BETTER THAN PILLS, SALTS, AND OILS

This Natural Food Relieved His Constipation*

We quote from his letter: "... So I decided to make a fair trial (of Kellogg's ALL-BRAN), with the result that I felt much improved. I have quit all laxatives since 1929.

"For 34 years, I had to take pills, salts, oils, teas, or other fluids, which did more harm than good. ALL-BRAN now is our breakfast cereal for the whole family."

Meals low in "bulk" often lead to constipation. Kellogg's ALL-BRAN provides generous "bulk" in effective form. This "bulk" absorbs moisture, forms a soft mass, and gently exercises and cleanses the system. ALL-BRAN also furnishes vitamin B and iron.

Two tablespoons daily are usually sufficient. How much better to use this natural food in place of patent medicines.

Use as a cereal with milk cream, or in cooking. ALL-BRAN is much more effective than part-baked products. It is sold by all grocers. Made by Kellogg in Battle Creek, Mich.

*Constipation due to insufficient fiber in meals.

NOW OPEN In Our **NEW AND LARGER QUARTERS** Tables for Ladies **FINE FOOD** Reasonably Priced **POST OFFICE** **CAFE** First Door North of Our Old Location

FIRST MATCHES OF TENNIS TOURNEY WILL START AT 3 THIS AFTERNOON

First matches will begin this afternoon at three o'clock in the annual City Tennis Club on the city courts on West Texas avenue.

The field of contestants this year is the smallest ever registered, but all rank high in tennis circles locally, and some sterling matches are foreseen.

J. B. Thomas and F. H. Lanham will open this year's tourney, the low tangling at three o'clock. Both rank near the top in the club "ladder" and chances are bright for one of the two to advance to the finals, or possibly win the loving cup awarded to first place winner.

Three other matches will be held this afternoon, Don Oliver and Murray Pasken meeting, Jack Hitt and J. C. Maxwell crossing racquets and Traynor clashing with Pateson. All these matches will begin at five o'clock. One other match, scheduled for today, was played yesterday afternoon. DeFord playing at top form to easily eliminate Geisey.

Two doubles matches will start at four this afternoon. Hitt and Oliver will meet Traynor and Walker, and Webb and Pratt will meet Middleton and Arrington.

Other doubles matches will be played tomorrow along with singles. Thomas and Lanham will meet Pasken and his partner (unknown), and Butcher and Wright will meet Hurley and Childress. In singles Butcher will meet Wright.

All preliminary and semi-final matches will be completed in both divisions tomorrow, leaving only the finals to be completed Sunday. These will start at two p. m.

Oil News--

(Continued from Page 1)

Coreing the last 200 feet, but good porosity has been absent. It is located in the southwest corner of section 22, block A-21, public school land, in between the Means pool and the Walsh and Adams gas well at Seminole.

DRILL-STEM TEST SHOWS 200,000 GAS, NO OIL

A drill-stem test from 2,620 to 2,718 taken yesterday in Magnolia No. 2 State-Walton, Winkler wildcat a mile east of the north end of the Sayre pool, showed 200,000 cubic feet of gas and no oil. The test is now coring ahead below 2,744 feet in sand and lime. Gas is believed coming from 2,459 to 2,460, and several saturated sand breaks were also found in cores. Location of the No. 2 State-Walton is in the northwest corner of section 5, block B-3, public school land. It is more than two miles northwest of the Magnolia No. 1 State-Walton, a small pumpjack, which attracted much attention while it was being drilled.

24 HOUR GAUGE ENDED ON GOLDSMITH WELL

Twenty-four hour gauge on Gulf No. 6 Goldsmith new Ector producer northwest of the main Goldsmith pool, showed production of 739 barrels of oil with 8,850,000 cubic feet of gas. The well was acidized with 5,000 gallons of acid after shooting last week with 140 quarts. It is bottomed at plugged-back depth of 4,225 feet. The only well in the area to drill into water, it found that horizon at 4,259 in drilling to a total depth of 4,260. It offsets the Dunning No. 1 Scharbauer extension directly to the south and is located 440 feet from the north and 2,256 feet from the west line of section 4, block 44, township 1 south, T. & P. survey.

JUDKINS HONORED ON ANNIVERSARY

Barbecue, Dance Mark Twelfth Year of Marriage

Mr. and Mrs. Arthur Judkins celebrated their 12th wedding anniversary Thursday with a barbecue and dance at their ranch. Guests began to arrive about four in the afternoon. Barbecue was served under the trees at six.

Swimming, boat-riding, and games furnished entertainment during the afternoon for the guests who included children, young people, and adults. Games for the children, bridge, and dancing furnished the amusement during the evening. A feature of the evening was the old-fashioned square dancing. These dances were called by Judkins and young and old joined in with enthusiasm. Guests came from San Angelo, Lubbock, Pecos and the surrounding territory. Approximately 75 attended.

ODESSA VISITORS

Mr. and Mrs. George Kesler and daughter, Martha Louise; Mr. and Mrs. Garland Kelly and children; Mrs. E. A. Kelly; Mr. and Mrs. C. P. Bennett of Odessa were visitors in Midland Thursday.

PECOS VISITORS

Mrs. Wayne Carlisle and daughter Nell Wayne and Yvonne Loven of Pecos spent Thursday in Midland.

line of section 3, G. C. & S. F. survey was acidized with 1,000 gallons pumped in through 2-inch tubing set at 2,058 and pumped 50 barrels of net oil in nine hours before pumping off. Stroke of pump was then shortened and the well is now pumping at the rate of 7 barrels per hour. It drilled to a total depth of 2,084 feet in lime and topped pay at 1,970.

Beaumont Newspaperman Succumbs to An Attack

BEAUMONT, June 12. (AP)—James Lytton Mapes, 56, president of the Beaumont Enterprise and Journal for almost a decade, died today of a heart attack.

La. Legislature In Sessions at Dallas

DALLAS, June 12. (AP)—Governor Richard Leche convened the Louisiana legislature in the Cotton Bowl of the Texas Centennial today. The body, in official session, considered a bill of congratulations to Texas and its citizens in the successful presentation of the Centennial celebration of the state's existence.

Variety Marks Airport News

One landing, one departure, one expected arrival made the afternoon's report at Sloan Field a varied if not voluminous one.

An O-38, flown by Pilot Mallette, arrived from El Paso en route to Dallas.

A B-10 which stayed here overnight, left this morning for El Paso. The pilot was Garland.

An FLP was expected to arrive this afternoon.

Broadcast Will Be Heard in Story Hour

Children who attend story hour Saturday morning at 10 o'clock in the children's library at the courthouse will be enabled to hear the broadcast when 50,000 children sing from the Cotton Bowl at the Centennial exposition in Dallas, as a part of the Centennial celebration.

Through the courtesy of Radio Sales and Service, a radio will be installed in the children's library especially for this program.

Mrs. J. R. Ashley who is in charge of the story hour and arranged for this special feature, urges that all children be on time as the Dallas program opens at 10 o'clock. The remainder of the hour, after the broadcast, will be devoted as usual to stories.

"Sutter's Gold" Is Coming to The Ritz

California's gold rush of 1849, presented in all its frenzied grasping greed is one of the key situations in "Sutter's Gold," the Universal drama, which is coming to the Ritz Theatre Sunday and Monday.

Edward Arnold is starred in the role of John Sutter, pioneer colonizer of California. The discovery of gold on his "empire" brings a motley horde of gold seekers from all parts of the country. The yellow luring metal finally causes Sutter to lose his domain and all his wealth.

James Cruze directed the film. The enormous cast appearing in support of Arnold includes Lee Tracy, Binnie Barnes, Katharine Alexander, Addison Richards, Montagu Love, John Miljan, Harry Carey, Mitchell Lewis and literally thousands of others.

"Forgotten Faces" Is Attraction at Yucca

Herbert Marshall is the star of Paramount's "Forgotten Faces," which shows today and tomorrow at the Yucca Theatre. In his supporting cast are Gertrude Michael, James Burke, Robert Cummings, and Jane Rhodes. The film is a story of an all-consuming love.

Directed by E. A. Dupont, the story revolves around a gambling house operator, and the woman he marries. When he finds she is faithless, he commits a murder and is sent to prison. Through a friendly parole sergeant, his daughter is given to a well-to-do family for adoption, and never knows who her real parents are.

Years later, the prisoner learns that his daughter, now grown, is to be married and that his wife intends to blackmail her. Securing a parole through the efforts of the policeman, he arranges to change places with the butler in his daughter's home. Development of the scheme whereby he frustrates his wife's efforts brings the film to a breath-taking climax.

Exhibit Arranged At Dunn's Museum

CORPUS CHRISTI—Among the places of interest to Centennial year visitors in Texas is Dunn's museum near the Gulf-front city. The museum houses what is said to be the largest privately owned historical collection in the United States.

J. B. Dunn, picturesque South Texan, is an ex-ranger who served with Wallace's and Chamberlain's companies. He is the oldest native-born pioneer of Corpus Christi.

Dunn has worked more than 50 years on the collection of his historical objects, specializing in fire arms. His Indian collection is particularly extensive.

—BE RODEO MINDED— FROM MONAHANS

Mr. and Mrs. Oris Coats and children of Monahans spent Thursday on the Judkins ranch.

FROM BIG SPRING

E. P. Driver of Big Spring was in Midland yesterday.

Young sturgeons have teeth, but older sturgeons do not.

BACK FROM TROUP

Mrs. J. W. Campbell has returned to Midland from Troup where she visited friends and relatives.

FROM PADUCAH

T. J. Holmsley and family of Paducah are here visiting Mrs. W. L. Holmsley.

BE RODEO MINDED— VISITS NIECE

Mrs. Sadie Ellis, Mr. and Mrs. Kyle Coats and children were here from Lubbock yesterday to visit their niece, May Beth Judkins.

BE RODEO MINDED—

Duck hunters increased about 50 percent in Minnesota during the last five years while ducks have decreased about 75 percent.

CHASED CLASSIC THE NEW MODE IN SILVER

Here is silver in the present tense. Modern, of course—but with color.

It's in strict keeping with the new decorative mode... Simple lines plus color. Definitely it is the smartest of all new patterns.
