World Championship Rodeo Closed Here Sunday

NEW CHAMPIONS ARE CROWNED IN SEVERAL EVENTS

"HUGE SUCCESS"

15,000 Persons See Six Shows In The Three Days

The World Championship Rodeo came to a close here last night with a success record that will be hard for future shows to equal or defeat. An estimated 15,000 persons clicked the turnstiles during the three day six-show event. The final day saw the largest attendance registered in any one, at least 6,000 seeing the final events.

The Sunday night show was the fastest of them all, only two hours being required to run off all the events. Contestants in the events were not losing any time in them, those in the time events casting only one loop unless they had a good chance to finish in the money for the general averages. All sensed they would have no chance to get into day money if they missed their first chance and all were "leveling" on their last opportunity.

Many of the contestants, hitherto thought of as the running for final average money, came forward with record breaking time in the last shows to push their names to the chosen circle.

Everett Bowman of Fort Thomas, Arizona, world champion all-around cowboy in 1935, came through in near world record time in the bulldogging event Sunday afternoon, flopping his steer in eight and two-tenths second to give him a final time of 38.8 in the three shows and give him first money prize. His total elapsed time was four-tenths of a second faster than that registered by Dick Truitt. In third place was Buck Jones with 45.6.

In the bronc riding Jackie Cooper finished first in the general averages with Johnny Jordan, rodeo announcer, second. Leo Murray took show money.

There was no final averages made in the steer riding and the bareback bronc riding. Shorty Hill, recently crowned world champion at the Dallas Centennial rodeo, winning first place money in both events Sunday.

Bob Crosby, for years one of the outstanding cowboys of the country, took first money in the calf roping when his final averages totaled 63 seconds. Everett Shaw was second with 65 seconds, Dick Truitt gained third with 66.2, Maynard Gaynor and Chas. Norton tied for fourth with 68.8.

Jake McClure, long a champion roper, put together his three times in the wild horse roping for 49.8 seconds to cop first. Tom Taylor was second with 53.4 and Chas. Jones was third with 65.

Several world champions and former champions were entered in the meet here and several of them found the competition too fast from some of the "amateurs" to even finish in the money.

Many entertainers, trick riders, trick ropers, clowns and others kept something going on all the time, thereby never letting the show lag until all was over. Spectators were highly enthusiastic at all times over the varied programs offered them and generously applauded all acts. Perhaps the favorites of the crowds were the five-year-old Garleen and six-year-old Cleoan Kendall. The little girls gave exhibitions in roping and riding and "brought down the house" at each performance.

A general exodus of the performers started today, most of them heading for other shows. Several of them, started back to near-by ranches after their "vacation" in town.

The meet was a distinct financial success and sponsors of it are already planning on a "bigger and better" show here next year.

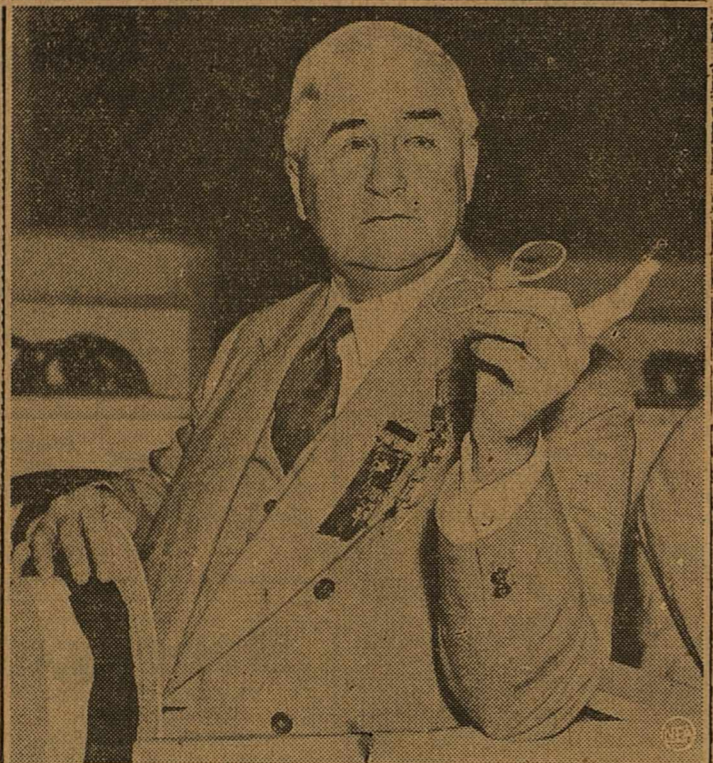

Political Rally At Warfield Tue. Night

There will be a political rally at the Warfield school house at eight o'clock Tuesday night at which time all candidates present will be asked to address the audience. All persons seeking office in the county are urged to be present.

The meeting will serve as a general get-together for persons of the precinct and a good time is forecast for all. Refreshments will be served during the evening.

HYATT'S RETURN
Mr. and Mrs. Jake Hyatt and children returned Monday from a week's vacation trip to Cloudford, New Mexico.

Pointer For '40 Race

Already the 1940 presidential booms are echoing, despite reports President Roosevelt will seek a third term if re-elected next fall. Governors George H. Earle of Pennsylvania and James Curley of Massachusetts have been widely publicized as possible Roosevelt successors, but it is Jesse Jones of Texas, chairman of the R.F.C. (pictured at Philadelphia) who is pointed out by party leaders as a good long-range bet for the candidacy.

Sponsors of "Old West" Prove Ability by Capturing First Four Prizes in Contests

Mrs. Louis Roberson, wife of the sheriff of Reeves county, and Peos sponsor at the World Championship Centennial Rodeo, Sunday was declared to be the winner of first place in the sponsors' contest and was awarded the \$100 saddle for her victory.

Mrs. Roberson is an accomplished horsewoman and has several times represented her home town in sponsors' contests, more than once being first place winner.

Judges left no doubt in the minds of spectators as to which section furnished the girls that could best handle their horses in the way they were directed, four of the five prize winners being chosen from cities west of Midland.

Government Plea For Delay in Hearing Is Denied

NEWARK, June 29 (P)—The government today lost its first skirmish in court on a challenge of the constitutionality of the federal social security act when Judge Guy L. Fike ordered arguments to begin tomorrow.

Fike, who has already ruled two New Deal acts unconstitutional, rejected the government plea that the arguments be put off until September and instructed Merril Lane, counsel for the Newark Milk company, to start oral arguments tomorrow when he will set the dates for the government's reply.

Lane said "business in general is anxious to have a decision made on the case."

MOTHER BRUTALLY MURDERED AS SON, TERRIFIED, NEAR

Negro Assaults And Beats Divorcee To Death

KILLER ESCAPES

'Black Legion Game' Written on Mirror By Slayer

CHICAGO, June 29 (P)—Before the terrified eyes of her son, seven, who lay on the bed beside her, Mrs. Florence Thompson Castle, 26, domely divorcee, entertainer, was choked and beaten to death today by a negro man who invaded her hotel room.

On the dresser mirror the killer scrawled with the woman's lipstick "Black Legion Game." Police said after questioning the son that they believed the slayer either assaulted or attempted to assault the victim.

James Castle, the son, disclosed the slaying to the clerk of the hotel, and said that the invader conversed with him while beating the mother to death.

After the killer fled the boy went back to sleep, not realizing that the woman was dead. He awoke later, and being unable to arouse her, ran to the lobby of the hotel.

Police found two halves of a brick used in the killing lying beside the bed, covered with blood. The fire escape window was open.

Mrs. Frances Polfus, 46, Chicago, Mrs. Castle's mother said that Mrs. Castle was born in St. Louis and had been twice married and divorced.

LEMKE WOOS THE SUPPORT OF CORN BELT AREA VOTERS

Assails Democrats And GOP In Des Moines Talk

DES MOINES, June 29 (P)—Congressman William Lemke, Union party presidential candidate, wooed the support of the corn belt farmer today in an attack on secretary Wallace. He said:

"The secretary reached into the farmer's pocket and took out a dollar and finally slipped a dime back into the other pocket. 'Through his propaganda department he shouted 'look at the dime I gave you' so loud that the farmer forgot the dollar he took."

Lemke assailed both the democratic and republican parties.

MASSILLON, Ohio, June 29 (P)—"General" Jacob S. Coxey, 82, campaigner for a non-interest government and municipal bonds, withdrew today as the farmer-labor party's presidential candidate. He said that he would lend his efforts to promote the candidacy of representative William Lemke, union party nominee.

MIDLAND GIRLS ENTER CONTEST

RE-TREATING WITH ACID TONIGHT IN GAINES DISCOVERY

Landreth Kirk Swabs 22 Barrels In Four Hours

BY FRANK GARDNER
Landreth Production Company No. 1 Kirk, new discovery well in southern Gaines county, will be re-treated with acid tonight, this time with 3,000 gallons. The first treatment of 1,000 gallons was run late Saturday under a 58-barrel oil load with packer set at 4,270 feet, and swabbing continued all night and yesterday. Acid residue and what drilling fluid remained was exhausted and the well was shut in at 9 o'clock last night. It was opened up this morning at 5 and by 9 had swabbed 22 barrels of clean oil into a fuel tank being used temporarily until storage can be erected. Estimates on the gas range from 300,000 to 400,000 cubic feet daily.

The decision to re-treat the No. 1 Kirk indicates that it will not be drilled deeper, for the time being, at least. Rate of production on swab was slightly increased by the first acid injection, although its primary purpose was to clean the hole of drilling water and emulsion. Prior to running the acid, the swabbing had produced about three barrels hourly. Total depth is 4,820 feet in lime, with many points of saturation logged below the string of 7-inch casing set at 4,350.

Located in the southwest corner of section 22, block A-21, public school land, the Landreth discovery well is heralded as opening a new pool. It will probably get its pipe-line connection from Humble, which serves the Means pool in Andrews county, some eight miles southeast of the Kirk.

The only other active wildcat in Gaines, Humble Oil and Refining Company No. 1 C. H. Eubank, continues to make fast time, the last depth reported being 1,802 feet in red beds. It is 669 feet out of the southwest corner of section 6, block AX, public school land, about eight miles northwest of the Landreth No. 1 Kirk.

TOP OF ANHYDRITE PICKED AT 2,397 IN YOAKUM TEST
Top of anhydrite has been picked at 2,397 feet in Elliott Roosevelt and Lou Siegner No. 1 Googins, most northerly of the two Yoakum wildcats. Later drilling depth was not reported, but it is probable that See (OIL NEWS) Page 4

JURY COMPLETED THIS AFTERNOON AT 2:15 O'CLOCK

Record Time Is Made In Picking Men In Half-Day

TWO SIDES READY

Both Defense, State Prepared For Trial

Taking of testimony was started this afternoon in the trial of Roy Cain on a charge of murder, the charge growing out of the fatal shooting on April 12 last of Jack Denton.

All the jurors had been selected at 2 o'clock, attorneys having been conducting their questioning of a special venire since 10:20 a. m. Those selected, in the order named, were: W. F. Prothro, carpenter and contractor.

Norman E. Woody, co-proprietor of barber shop;

G. F. Eckert, Midland county farmer;

W. T. Chandler, Texas & Pacific railroad section foreman;

G. D. Fuller, installation man for telephone company;

A. W. Stanley, life insurance salesman;

Olis Ligon, gas company bookkeeper;

Joe Pierce, church building superintendent;

Don Davis, oil man;

Warren Skaggs, ranchman;

P. F. Bridgewater, wholesale oil distributor;

Earl Ticknor, tank farm superintendent.

Judge Chas. L. Klapproth called the case at 10 o'clock. The state announced ready after calling the names of certain key witnesses. The defense did likewise.

District Attorney Cecil C. Collings arraigned the defendant, reading the indictment returned by the grand jury in the present term of court, wherein the state charged the defendant with murder with malice, the case growing out of the fatal shooting of Jack Denton at a local cafe on or about April 12, 1936.

The defendant pleaded not guilty to the charge.

Names of a special venire of 100 men were called, also those of the regular jury panel for the week. The veniremen then were dismissed from the court room, and witnesses were excused until one o'clock.

Questioning of veniremen then was started, Attorney Joseph A. Seymour representing the prosecution and Attorney T. D. Kimbrough the defense. Seymour asked each man if he had read of the case in the newspapers and had heard of it on the streets, then asked if an opinion had been formed which would prevent a fair and impartial trial.

Kimbrough indicated the self-defense plea, asked each venireman if he were familiar with the law granting the right of self-defense both when in actual or apparent danger. He expressed the statement that the defense would attempt to prove that the defendant thought he was in danger which prompted his claim to the right of self-defense.

Bill Countiss was the first venireman called and was excused by the court upon his statement that he had an opinion.

W. F. Prothro, second venireman called, was accepted by both the state and the defense and was sworn at 10:30 o'clock. Norman Woody, next man called, was taken a few minutes later.

Aiding District Attorney Collings in the prosecution are Seymour and County Attorney Merritt F. Hines. Defense attorneys are Kimbrough and R. W. Hamilton. Mrs. Jack Denton and Joe Denton, brother of the slain man, sat near the prosecuting attorneys, while family members See (JURY COMPLETED) Page 4

BEHIND THE SCENES

WASHINGTON

By RODNEY DUTCHER

Reporter-Telegram Washington Correspondent

PHILADELPHIA, June 29—This year's political conventions resemble religious revivals for many of the delegates.

In Cleveland there were those who believed very sincerely that they were sitting in on a rebirth and moral regeneration of the republican party.

Here in Philadelphia the speakers kept insisting that the New Deal was embarking on a holy crusade against the hosts of darkness and that only its victory could preserve the welfare of the common people.

It would be much easier to believe in the altruism of those politicians if you didn't know who they were.

One of the biggest differences between the two conventions is the fact that the republican meeting was crowded with ex-office holders gazing wistfully at the feed-box. Whereas, among the democratic delegates, the postmasters, little cabinet members, senators, governors, bureau chiefs, mayors, U. S. marshals, district attorneys, sheriffs, and other officials—grimly determined to hold on to their jobs—were conspicuous in their preponderance.

Party's a Grand Hodgepodge
The democratic party is such a hodgepodge of differing types of groups and individuals that no one can give any single explanation of how it is possible to keep such a group together.

Contrary to popular opinion, however, it isn't anywhere near as much the desire for a \$5000 or \$10,000 job which keeps most of these people driving on toward political preference, but rather the desire for power and honor—the satisfaction of being a big shot in the old home town or state.

The democratic party, which professes a greater idealism than the C. O. P., is the party of:
Senator Bob Wagner of New York, whose heart beats for his fellow men as regularly as that of any politician who ever came to Washington.

Senator George Norris of Nebraska, elected a republican, but mostly independent of all senators.
All the outstanding Washington lobbyists, including the several ex-national committeemen who have made fortunes these last years by selling their influence with democratic officials—and all of them came to Philly.

Rex Tugwell, whose heart is in the right place, no matter how screwy you may think he is.

Some Amazing Contrasts
Then we have such widely differing personalities as:
Owen D. Young of General Electric and Bernard M. Baruch, prince of promoters and stock market operators.

Boss Tom Pendergast of Missouri and Frank Hague of New Jersey, for years two of the nation's most notorious machine politicians, but counted on to carry their states for Roosevelt this year.
Sheriff Howard Curnin of Marion, Ark., known to the share-croppers in his county as "Hitler" Curnin—a delegate here.

Secretary Harold Ickes, the gimlet-eyed Chicagoan who has kept

Midland Group Attends Houseparty For YWA at Odessa

Ten Midland girls, members of the Baptist YWA, went to Odessa to spend Saturday night and Sunday as guests at the district houseparty of the organization. They were accompanied by their counselor, Mrs. J. B. Crawford. One of the number, Miss Dorothy Hines, was elected district president in the business meeting held Sunday afternoon.

A banquet at the Odessa Baptist annex Saturday evening opened the houseparty. Six churches including those of Midland, Colorado, Looney, two from Big Spring, and Odessa were represented among the guests. Mrs. Paul Moss was toastmistress. Each church presented a stunt later in the evening, the Midland group staging "Why Did You Die?"

Guests spent the night at the annex. Sunday morning they attended Sunday school in a body, went to church, and had dinner at the Ector hotel.

A short business session in the afternoon was featured by the election of officers. The next houseparty will be in October and probably will be held here.

About 60 persons were in attendance.

The group going from here Saturday included: Misses Nora Mae, Edith, and Sybil Bizzell, Louise Cutbirth, Marcella Strawn, Emma Mae Richman, Dorothy Pittman, Dorothy Hines, Coretta Everett, Omera Hobbs, and Mrs. Crawford.

Miss Boerne Kidwell and Miss Bessie Dale attended the Sunday afternoon session.

Methodist Young People Go To Meet

A group of eleven young people from Midland attended the Sweetwater district meeting of Methodist young people held Saturday and Sunday at Sweetwater. The party included: Margaret Maness, Glee Tidwell, Melba Nixon, Lucille Guffey, Lois Guffey, Frances Guffey, Lige Midkiff, Bill Harris, Alvon Patterson, Charles Patterson, Woodrow Gwyn.

The meeting opened with a vesper service followed by a picnic on the lawn of the First Methodist church. Sunday morning was devoted to Sunday school and church services and luncheon was served at the church.

Two officers were elected during the business session. Approximately 75 young people were present.

GARDEN Gossip

It's time to be thinking about pansies—those tiny old-fashioned sparklers whose flower heads have recently developed enormous proportions. There is no particular hurry about it, because seed may be started anytime from June through Au-

Modern Giant Pansy.

gust, but if you want choice varieties, and have time to lay out a seed bed for them, order seed now, and make plans for sowing in July. Next May seems a long time to wait for seed sown in the summer, especially when the other garden flowers are blooming at their best, but the pansies are one of the best early flowers, and a glorious sight worth waiting for.

Pansy seed is slow to germinate, and needs plenty of heat and moisture. This means they must be watered at least once a day during the hottest part of the summer, and on extremely hot days, when the wind is blowing and likely to evaporate the moisture quickly, water twice a day.

A cold frame, out of use after spring flowers and vegetables have been transplanted to the garden is a good location for them. Prepare the soil 6 to 8 inches deep and sift the surface. As pansies like a rich soil, it is a good idea to apply complete plant food at the rate of a level tablespoonful to the square foot of soil.

Rows should be 6 to 8 inches apart with the seed covered not more than a quarter inch, and the soil pressed down firmly. When watering, use a spray, and not a hose which will wash away the tiny seeds.

Some people labor under the false impression that hypocrites are found only in the churches.

The only objection I have to the democrats' use of the donkey as a mascot is that it gives Kansas columnists the opportunity to write such cracks as this one from the Atchison Globe: "As long as Farley talks, the donkey should continue emblematic of the present administration."

All fathers and mothers want their children to succeed and as long as they can, mothers and fathers the country over sacrifice and plan to give their boys and girls every advantage, every opportunity, for they want them to have a start which they too often were denied.

"We want to send Jim to college if we can afford it," they say. "We plan to give Mary special training in music if we have the money when she has finished high school."

But why should an IF threaten these dreams? A PRAETORIAN EDUCATIONAL POLICY can erase that IF and permit mothers and fathers to say positively: "MY CHILDREN ARE GOING TO COLLEGE." The Praetorians' plans offer a systematic way of saving. A little put away each month makes the education SURE. Investigate the Praetorians' Educational policies for children.

ACTIVITY RIFE IN BOY SCOUT CAMP

Many Accomplishments Being Completed By Youths

Reports from Camp Fawcett, scene of the Buffalo Trails Council Boy Scouts encampment, indicate that much activity is going on in the camp.

A brief resume of last week's actions show a few of the accomplishments of the boys.

A new institution appeared in scout camp Friday when Mr. Jake Pickle became the editor of a new paper, The Camp Tatler. The first issue was read at council fire to the obvious embarrassment of some of those present.

Friday night as a special centennial program the scouts put on various scenes from Texas history. There were some very good costumes and illustrations displayed. These were very good and received much applause from the visitors at the council fire.

Fishing this week has been very satisfying and quite a few bass and perch have been caught and served at the proud owners' table.

The handicraft work has become the biggest attraction in camp, especially in the leathercraft department has the work been very satisfying. Fifteen pair of moccasins have been made and their owners are very satisfied with their work.

The advancement this week seems to be the best that has been recorded heretofore. The scouts all seem to be determined to advance at least one rank.

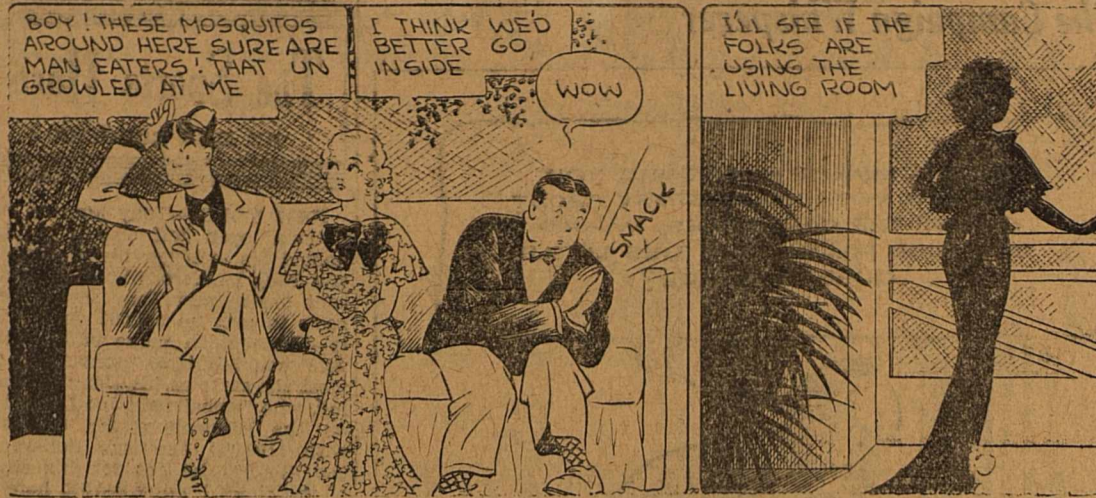

Saturday night the council fires will be held individually and each patrol is expected to have a full program of stunts, stories and songs.

CHIANG KAI-SHEK MILITARY PLANES BOMB ARMY TODAY

Civil War Started As Anti-Nippon Movement

By Associated Press
Military planes of Chiang Kai-Shek, dictator of China's central government, were reported today to have bombed Kwangsi-Kwangtung provincial armies in Southern China.

Advices in Nanking indicated that generalissimo Chiang had threaten-

ed a civil war in the shape of an anti-Japanese movement and had struck boldly to gain the upper hand.

It was reported that six bombers had blasted Kwangsi concentrations near Wingchow and had dropped projectiles on the Kwangtung army trenches in southern Kwangsi province.

JAPAN TO DISREGARD 1936 NAVAL TREATY

LONDON, June 29. (AP)—Japan notified the British government today that it would not adhere to the 1936 naval treaty. The move was characterized as a blow to British hopes of working out a universal naval treaty.

WINKLER WILDCAT SHOWS SULPHUR WATER

After showing 180 feet of sulphur water on a 20-minute drill-stem test Magnolia No. 2 State-Walton, wildcat a mile east of the north end of the Sayre pool in Winkler was plugged back from total depth of 3,352 with 30 sacks of cement. Top of the cement plug is at about 3,310. The test is now waiting for the cement to set.

The No. 2 State-Walton ran the drill-stem test to confirm the presence of sulphur water shown by cores at bottom. It is located in the northwest corner of section 5, block B-3, public school land, over a mile and a half northwest of the No. 1 well which was completed as a small pumper. Gas volume in the No. 2 is reported large.

Many Sponsors at Rodeo Here to Go To Cowboy Reunion

STAMFORD—Forty West Texas cities and towns have selected sponsors to attend the seventh annual Texas Cowboy Reunion here July 2-3-4, and many additional entries are expected before the opening day, according to H. C. Andrews, chairman of Sponsors' Committee.

The sponsors will play no small part in the activities of this year's Reunion. Their first appearance will be at 9 o'clock on the morning of the opening day when mounted on cow ponies and fit to look at they will parade through the down town section and head for the Reunion arena where they will be judged. This judging is not final for they will be viewed again on the second day at 2 p. m. when they will be presented at the opening of the afternoon performance. Final judging and presenting of awards will be made on the morning of July 4.

Attractive prizes are to be awarded the winners in the sponsor's contest which is to be based on appearance, horsemanship and riding apparel of the girl; and on appearance, performance and equipment of the horse. Winner of first place will be judged Miss 1936 and will receive a beautiful, hand-stamped saddle; second place a pair of boots; third place a pair of spurs; and fourth place a pair of riding bits. Each sponsor will receive as a favor a quilt, the handicraft of John Selmon, Arena Director and foreman of SMS Flat Top Ranch.

Aside from their part in the rodeo events sponsors will be kept busy with numerous social functions arranged in their honor. The schedule calls for a chuck wagon dinner the first day and a dance at the Stamford Country Club on Thursday, Friday and Saturday nights.

Towns and sponsors registered to date are: Crowell, Miss Edith Marie Grover; Throckmorton, Miss Virginia Parrott; Sonora, Miss Alice Sawyer; Aspermont, Miss Mary Lois Springer; Jayton, Miss Doris Mae Sewalt; Merkel, Miss Lela Faye Barbee; Brownfield, Miss Fern Sawyer; Colorado, Miss Mary Frances Mackey; Avoca, Mrs. H. Air-Condition Cars on Trains Make All Vacation Trips A Perfect Mode of Travel

CHICAGO, Illinois.—A whole family, even one of quintuplets, may now tour the North American continent without a sign of prickly heat or a smack from a tired mother. More than any other group of travelers, perhaps, women and children are benefiting by the remarkable progress which the Western Railroads are celebrating in their annual observance of "Railroad Week" from July 13 to 18th.

The regulated, even temperature of air-conditioned cars, now used on all the principal trains of the western roads, makes a vacation trip cool and comfortable instead of the nightmare it once was for mothers of young children. From midwestern heat and dust, the family may step at once into fresh mountain atmosphere aboard a train, and the relief to fretful children and tired mothers is immediate.

"On our last trip to the coast, three years ago," said one recent passenger, "I changed Jean's dress at least five times a day. And in spite of that, she looked as if she had just come up from the coal mines, most of the time."

On the same trip this year, both Jean and her younger brother can romp in spotless aisles, press their noses against dustless windows, and manage to stay cleaner than they do at home. The end of an air-conditioned railroad trip finds mother with a much smaller heap of clothes for the laundry, and none of them begrimed by soot.

In planning more comfortable family travel the Western Railroads have added many features to a special feature of air-conditioning. Special cars on many trains are reserved exclusively for women passengers. Stewardesses and trained nurses are in attendance on many vacation trains to aid in the care of child travelers. Thus, the mother traveling alone with her children has that precious chance of occasional relief when she can turn her charges over to an experienced nurse.

Large, airy lounge and washrooms on Pullmans and coach cars are especially appreciated by mothers who can now wash Johnny's face, comb Mary's hair and change the baby's clothes without having any-one trampled underfoot in the rush. Scientific indirect lighting makes it possible for Junior to read his absorbing book or to work on his puzzles without a trace of eyestrain.

A special dark blue light is used in coaches at night, so that restful sleep is assured, while the stay-awakes may read under bright individual lights without disturbing any other passenger. Rest lounges in day coaches give mothers an opportunity to arrange an afternoon nap for the younger children, while the older ones can play safely in the main car.

A very slight extra cost in pullmans, a small family group may travel in an airy section with a curtain or Venetian shutters to afford privacy. New built-in steps to upper berths make the ascent and descent safe and easy for the tiniest or trickiest young traveler.

Reduced costs on compartments and drawing rooms, and the new low-priced bedroom cars make it possible for a whole family to travel in luxurious seclusion at the lowest rates in railroad history. A single adult and child may be turned into a suite for the larger family by opening the doors which separate connecting bedrooms.

To families traveling on a limited budget, the daily meals are an important consideration. Prices here, too, have been drastically cut on the western roads. Restaurant cars attached to tourist pullmans and day coaches serve table d'hote meals for as little as twenty-five cents for breakfast thirty-five cents for dinner and fifty cents for supper.

Contrasted with the risks of changes in water and milk supplies which often affect children's health and the dangers of irregular or improperly balanced meals, the low-cost restaurant services on the western roads appeal to mothers more than almost any other feature.

On display at railway terminals all along the routes of the western lines during "Railroad Week" will be many new and re-conditioned Pullmans and day coaches which families may inspect. The various types of accommodations and rates for young travelers and adults will be explained, together with the special services which make it unnecessary for mother to wait "till the children grow up" for a good vacation trip. With lower rates than ever, faster schedules on all trains, better service and the comforts of air-conditioning, the average family can happily visit the great national parks of the West, tour the Southwest, the California coast and the Pacific Northwest. Circle tours at no increased cost make it possible to go by one route and return by another, so that the entire West may be seen on a short two or three week's trip.

TENNIS TOURNAY FOR BIG SPRING

Sponsors of the invitation tennis tournament at Big Spring July 3rd, and 4th, were in Midland over the week-end attempting to sign up local players for the meet.

Play in the tournament will start at 9 a. m. on the city park courts. Preliminaries and quarter finals will be run off on the first day and the semi-finals and finals will be completed Saturday.

Trophies will be awarded to the singles and doubles winners and medals will be awarded to the runners-up.
