

British Destroyer Routs Rebel Plane

Thousands Throng Topeka As Landon Has "Open House"

Studies Flight

The possibility that she would attempt a transatlantic flight to her native Sweden was suggested by the inspection of Roosevelt Field, L. I., made by the beautiful Baroness Eva von Blixen-Finecke (above), noted Stockholm aviator.

STUDY OF DROUTH AREAS ORDERED STARTED BY FDR

Temporary Relief Is Not Enough, Says Of Decision

WASHINGTON, July 23 (AP)—Ordering an immediate study of "the most efficient utilization of the natural resources" of the nation's huge drouth area, and explaining that temporary relief was not enough, President Roosevelt Wednesday named a special committee to investigate and confer with him during a personal inspection tour of the sun-burned region in August.

In a statement issued through the White House, he selected Morris L. Cooke, rural electrification administrator, as chairman of the group to be known as the "great plains drouth area committee." The president himself is on a sailing vacation.

Other members of the committee included John C. Page, acting commissioner of the bureau of reclamation; Frederick H. Fowler of the national resources committee; Rexford G. Fugwell, resettlement administrator; and Harry L. Hopkins, works progress administrator.

Late News

AUSTIN, July 23 (AP)—The supreme court today made final its decision that the state board of education was without power to prevent counties and municipalities from refunding bonds in the permanent school fund.

MEXICO CITY, July 23 (AP)—President Cardenas' secretary, Luis Rodriguez, announced today that terms of an agreement which may end before sunset the electric power strike of the Mexican light and power company employees.

'Fighting Campaign' Promised Friends By Nominee

TOPEKA, July 23 (AP)—Governor Alf M. Landon stepped forward formally as the republican candidate for president today to open a "fighting campaign" in a setting of political pageantry unprecedented in Kansas.

The governor left the office door open for handshaking thousands that were streaming through the capital—a prelude to the elaborate evening ceremonies at which time will be delivered his carefully drafted acceptance speech.

The address in which Landon formally will assume leadership of the republican party and point the course of its attempt to unseat the new deal, was in the hands of printers. Aids forecast emphasis on the farm problem, relief and employment, government finance, the labor movement and the constitution.

Just outside the window of his capitol office, workmen were putting the last strips of bunting on the platform from which Landon will open his fight for the presidency. The center decoration of the speaker's stand on the south capitol steps was a large seal of the United States flanked by two Kansas sunflowers.

The chamber of commerce predicted that more than 50,000 will be within hearing of Landon's voice over the loud-speaking system installed for the occasion.

ARREST 19 AFTER POLICEMAN SLAIN IN ALABAMA CITY

Labor Troubles Are Blamed; 17 Hurt In Rioting

TALLADEGA, Ala., July 23 (AP)—Nineteen men were arrested here today by national guardsmen patrolling the streets where a police officer was slain and 17 persons wounded last night in a savage climax to a labor dispute at the Samson cotton mills.

The troops were ordered out because of reports that friends of the slain officer, John J. Bryant, would seek revenge for his death.

Driver of "Death Car" Charged Fine

Francisco Valencia, driver of one of the automobiles figuring in an accident in which a small Mexican girl was killed yesterday, was fined \$120 in justice of peace court today for driving without a driver's license.

Valencia pleaded guilty to the charge, admitting he was using his brother's license at the time of the accident. His father brought the license of Francisco here after the court had been told they were either at home or lost.

Plans Perfected for Annual Election Party of Reporter-Telegram as Loud Speaking Equipment Secured for Use

Plans were being perfected today for the Reporter-Telegram's annual election party, to be staged Saturday night at the front of the newspaper building.

A larger blackboard was being constructed, to provide better visibility for spectators seated in cars. A public address system was being secured in order to amplify announcements on local, district and state races.

The Reporter-Telegram brings to the citizens of Midland the full services of the Texas Election Bureau, an organization of Associated Press newspapers, and the only authoritative medium for assembling and disseminating accurate reports prior to the actual canvass of ballots which always appears several days later.

The Bureau maintains correspondents in all counties of the state, supplying them with definite schedules for sending reports at stated hours, thereby obtaining the probable standing of candidates before all votes are in.

The information is sold only to member newspapers or to radio stations operated by or in connection with member newspapers.

POLITICAL ACTS OF COUGHLIN ARE STUDIED BY POPE

'Impression' In The Vatican City Said 'Painful'

ACTION DELAYED Bishop Gallagher Is Enroute to Make Report

VATICAN CITY, July 23 (AP)—Political activities and the recent speech in which Father Coughlin called President Roosevelt a "liar" has caused a "painful impression" at the vatican, it was reported today.

Pope Pius, nevertheless, will await the report of Bishop Michael Gallagher, Detroit, before taking action. The bishop, Coughlin's ecclesiastical superior, now is enroute to the vatican. A prelate said that quite likely the bishop had been summoned to the vatican to talk over the matter.

The priest in a talk delivered to the Townsend convention in Cleveland recently, declared his support of the Union party and flayed the president as a "liar and betrayer".

He has promised to aid the candidacy of the William Lemke, union party candidate, in a coalition with Dr. Townsend, Gerald K. Smith, head of the share-the-wealth club.

KERMIT WELL IS BLOWING WILD

Mid-Continent 3 Walton Defies Efforts To Kill Gas

By FRANK GARDNER Blowing from 40 to 50 million cubic feet of gas, a well in the Kermit pool in Winkler county, Mid-Continent No. 3 Walton, at last reports had defied efforts to stem the gas flow. Operators last night were pumping in confounded in an attempt to kill it after using mud without much success.

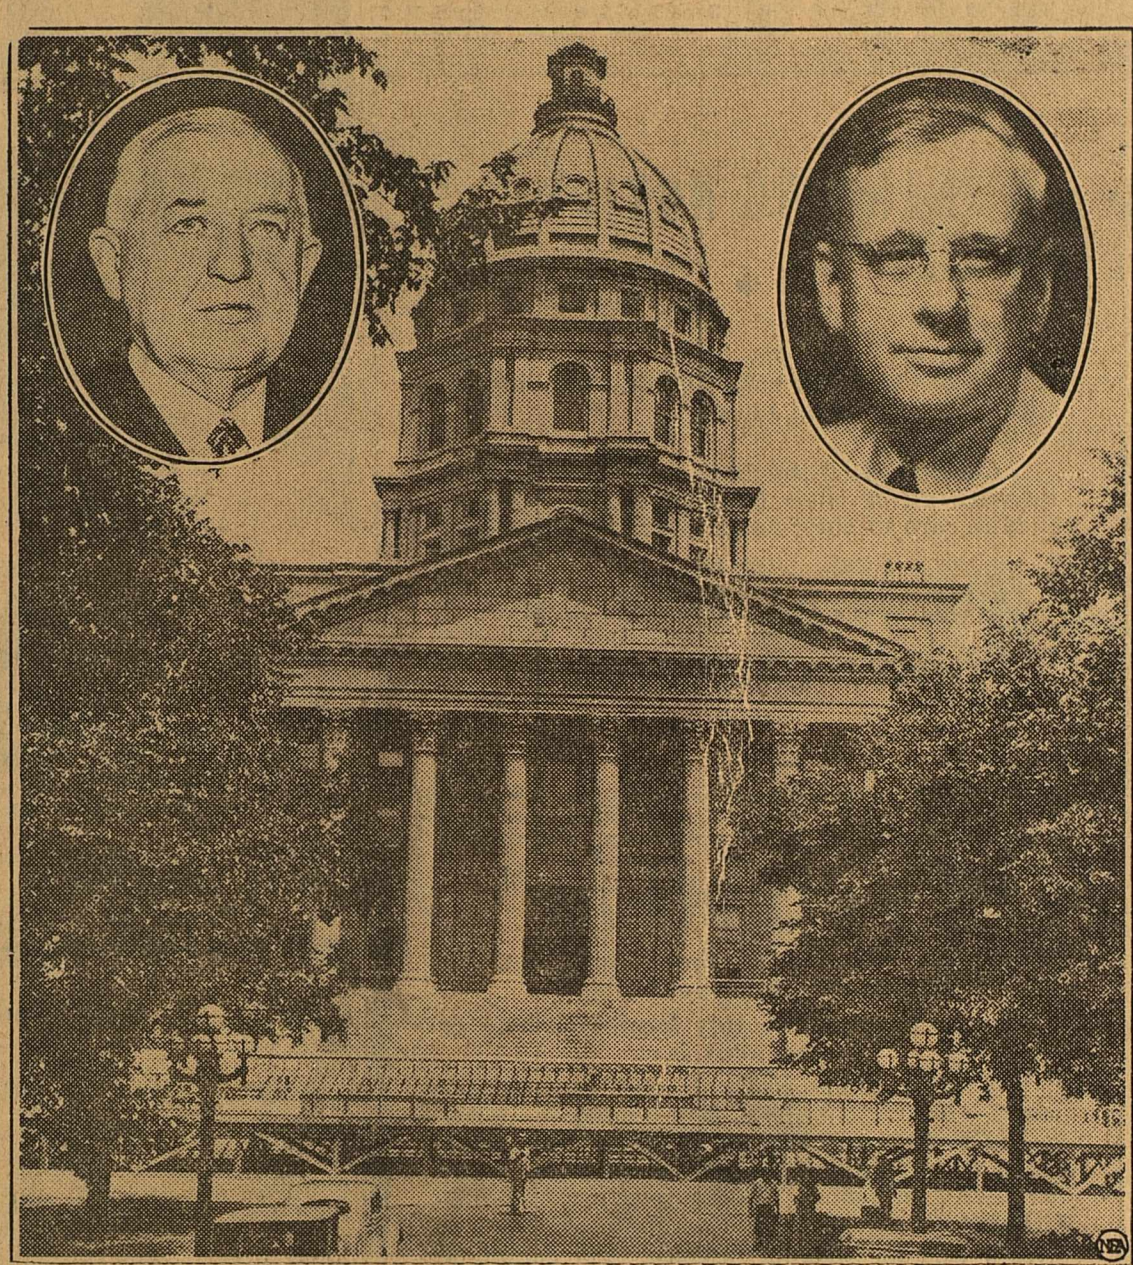

The No. 3 Walton struck the high gas in sand at 2,522 and blew out. Other drilling wells in the area were reported to be showing some of the gas through unsealed holes in higher formations, indicating the terrific force of the blow. The well is located 2,310 feet from the north and 900 feet from the west line of section 24, block 26, public school land.

A showing of gas was logged from 2,538 to 2,546 in Sinclair-Prairie No. 3-B Walton, another drilling well in the Keyes or Kermit pool. It is now drilling alone in line at 2,557 feet. Location is 1,650 feet from the south and 2,310 feet from the east line of section 24.

The north offset to the Mid-Continent gasser, Tide Water No. 9 Walton, 2,310 feet from the south and 900 feet from the west line of section 24 is maintaining circulation at total depth of 2,415 until the wild well can be killed. Gas from the other well is said to be showing up in the Tide Water offset in several horizons.

An unofficial gas log on the Skelly Oil company No. 1 W. H. Martin re-See (OIL NEWS) Page 8

WHERE 100,000 WILL SEE LANDON NOTIFIED

The greatest crowd in Kansas's history, estimated at 100,000, is expected to throng about the south side of the old State Capitol Building at Topeka, above, to witness the ceremonies in which Gov. Alfred M. Landon, upper right, will officially be notified that he is the candidate of the Republican party for president of the United States.

POSTMASTERSHIP APPOINTMENTS ARE TO BE PLACED UNDER CIVIL SERVICE

President Makes Executive Order Forcing New Method of Naming Officials

WASHINGTON, July 23 (AP)—Dealing with an issue that has been subject to sharp debate in congress and the political arena, President Roosevelt Wednesday made public an executive order directing the gradual absorption of all postmastership appointments into the civil service.

The document, signed on Monday by the president and just made public by the White House, ordered that as quickly as vacancies occur appointments shall be subject to civil service examination.

For reappointment, it required that an incumbent, upon the expiration of his term be found eligible by the civil service commission through a non-competitive examination.

Or, it provided that a civil service employe in the post office in question might take a non-competitive

Crops In County Are Comparable to Any

Midland county farmers, well pleased over crop prospects since the recent rains, say that the yield here this year should compare well with all parts of the country.

J. M. Franks, just back from a trip with his family to Coke and Rannels counties, said he did not see a crop anywhere on the trip that would average up as good as his. Franks farms seven miles southeast of Midland.

D. R. O'Neal, on the Percy Mims farm in the same area, said he expects this year's crop to be the best since 1932 and almost as good as in 1929.

Raymond McCarter, farming 12 miles northwest of Midland, reported more than an inch of rain night before last. Wind, however, damaged his hen houses and one room of his house.

REESE REVIEWS TRIP TO MEXICO

Guest Speaker At The Rotarians Lunch Held Today

Alf Reese, Rotarian, gave a talk at the club's luncheon today on a recent motor trip to Mexico City. Details of the newly constructed highway from Laredo to Mexico City and the conditions of travel, hotel, water and eating accommodations and other practical information were recounted by the speaker.

Names of two applicants for membership were read, to be voted on two weeks from today.

JURY WILL STUDY PAUL WENDEL CASE

NEWARK, N. J., July 23 (AP)—A federal grand jury decided today to investigate the Paul H. Wendel kidnaping case after it was advised by United States attorney John J. Quinn that it had jurisdiction.

The decision announced in a statement issued by Quinn and Julius S. Rippe, jury foreman. The jury will begin taking testimony tomorrow, the statement said.

Foes Prepare For Battle At Madrid

A British destroyer routed a rebel Spanish plane with gunfire today as a great army of fascists and loyal leftist militiamen marched on each other in north Madrid.

The American battleship Oklahoma steamed from Cherbourg for Vigo, Spain, to evacuate 155 American women and children. The British destroyer Whitehall fired on a rebel plane in Tanager harbor after the plane had bombarded a British steamer bringing fuel oil to loyal Spanish cruisers.

Earlier, the British destroyer Wildswan, off Tarifa, Spain, fired a "warning" after a rebel plane had dropped bombs close to the ship.

British authorities early today warned the commanders of Spanish warships that the guns of Gibraltar, one of the world's mightiest fortresses, were ready for instant action.

The British officials declared that if further shells fell on the great rock as a result of the warfare between Spanish rebels and loyalists, the fire would be returned by British artillery.

The state department at Washington last night called on a private shipping company for aid in evacuating Americans at Barcelona after hearing that authorities there were unable to guarantee the safety of United States citizens.

LINDBERGH GUEST SPEAKER AT CLUB IN BERLIN TODAY

Realization Of All Responsibility Asked of Aces

BERLIN, July 23 (AP)—Colonel Charles A. Lindbergh, speaking at an air club luncheon here today, called upon Nazi aviation leaders to realize the responsibility they bear for the deadly weapons they have created.

Aviators, he said, "unlike builders of the first dugout canoe, have lived to see their harmless toys turned into carriers of destruction—even more dangerous than guns and battleships. "We carry the responsibility for the results of our experiments, which in other fields has been passed on to future generations."

WEST TEXAS GROUP DEFEATS ANGELO GOLFERS TO AGAIN WIN MERTZ CUP

SAN ANGELO, July 23 (Special)—Ned Robertson (Brownwood) captured the 1936 edition of the all-West Texas Mertz Cup team to a triumph over John Marston's country club delegation by a score of 7 1/2 to 4 1/2 Wednesday at the club in annual squad trophy match preliminary to launching the club's yearly invitation tournament today.

It is the second time and second year in succession a visiting team has defeated the Concho defenders. Obie Bristow of Big Spring piloted an invading detachment to victory last season.

The West Texas stars swept the morning round of four two-ball foursome matches, won three and squared one of eight singles bouts in the afternoon.

T. J. Willis of Abilene and J. C. Southworth of Sweetwater trimmed Jim Farr and J. P. Hill of San Angelo, 5 and 4.

H. G. Agnew of Ballinger and J. T. Hammett of Ranger beat back John Armstrong and Olin Blanks of San Angelo, 2 and 1.

Obie Bristow of Big Spring and Derald Lehman of Abilene defeated C. C. McBurnett and C. E. Covington of San Angelo, 2 up.

Bert Hemphill of Midland and C. E. Boyd of Brownwood nudged out Nalle Gregory and Marion Altman of San Angelo, 1 up.

Singles numbers: T. J. Willis of Abilene defeated Marion Altman of San Angelo, 2 and 1.

J. Evetts Haley Blast Raps The New Deal Administration of Soil Program

"Remarkable, startling, intensely provocative"—so the editor of WEST TEXAS TODAY describes J. Evetts Haley's article, "Texas Control of Texas Soil," in the current issue of the magazine.

In the article, sub-titled "Shall True Texas Traditions or a 'Philosophy of Confusion' Make Our Policies?" Haley, a Midland-reared man whose parents, Mr. and Mrs. John Haley still reside here, displays a penetrating and vivid criticism of governmental policies toward West Texas.

So thought-provoking and hard-hitting is his description of the happenings, trends, and future consequences hinging upon the hysteria of the last few years, that editors of WEST TEXAS TODAY are inviting an answer to Haley's indictment.

"We need a dose of honesty at Washington and at home," he declares, setting himself steadfastly against federal intervention in soil conservation and other new deal policies. "In spite of the recent tendencies to the contrary, there are those who still hold that out of our own soil springs the genius of our life: that our oil fields can be

more properly handled in Texas than in Washington; that our own farms can be more profitably operated by those at home than those from afar."

As shown by his writing, he believes in the essential sturdiness of Texas character and in the ability of the state to handle its own economic problems rather than in turning its sovereignty in such matters over to the officials at Washington.

His creed of faith in the West is expressed in the following concluding paragraph of the article: "The average Westerner still believes in working for a living. In spite of the dire forebodings of the Tugwells and Wallace, he still believes in the essential worth of his country. It will not be 'evacuated' according to a 'plan'; its fruitfulness should not be restricted by both bureaucratic edict and natural law; its character should not be dissipated with easy money; its morals should not be lost by loose thinking. The West was built on her own character and her own soil. Conservation of both is essential to keep her great and free."

arrived last week and she and Mrs. Stacy went to Ruidoso, New Mexico, for the weekend.

The visitor was entertained informally Wednesday meeting a group of Midland women at the home of a friend.

Mrs. West will be here for several days.

Apricots, peaches, pomegranates, and oranges were referred to by the ancient Romans as "apples." They distinguished the fruits by the names of the countries where they were grown.

Hear Governor Alfred, WBAP 9:45 to 10:15 tonight.

Palm trees in the tropics, under ideal conditions often attain a height of nearly 100 feet. This is an exceptional size, as even a tree 100 feet tall is regarded as extreme.

Russia, Brazil, the United States and Canada have the largest forest resources in the world.

DELICIOUSLY DIFFERENT

because

Brewed with Coors own Private Brand Malt

The occasionally heard statement that "most beers taste alike" does not apply to Coors Export Lager. This true Viennese type beer is brewed to the exacting specifications of Coors own private formula from Coors own processed malt in the purest and cleanest Rocky Mountain Spring water on this continent for beer brewing. Therefore there is a decided and delicious difference in its mellow goodness . . . in the creamy texture of its foam . . . in its brisk, clean flavor. A difference which has made Coors the favorite with discriminating beer tastes throughout its entire trade area.

"What a Money-Saver My Dodge Is!"
says "RUSS" OAKES,
nationally-known Baltimore sports writer

I was sold up to the hilt on the new 1936 Dodge long before I bought one.

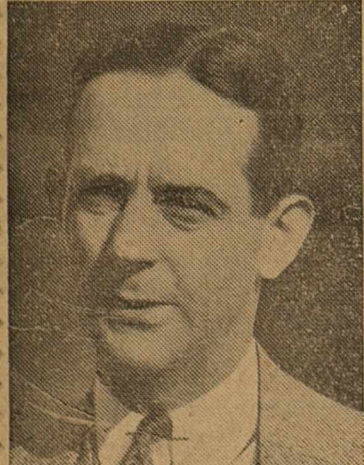

Now that I have one I am just bursting with enthusiasm about it.

For looks it's an eye-ful... How it handles... and what a money-saver it is!

I'm getting close to 21 miles to the gallon of gas... Use no oil between drains... and that Dodge is just packed with expensive-car features.

Think of it! It sells for just a few dollars more than the lowest-priced cars... At the rate it's going it will eventually cost me less than my old small car... No wonder Dodge sells more automobiles than any other make with the exception of the three lowest-priced cars.

New Mexico Visitors Are Entertained

Complimenting Mrs. E. G. Drake and two children, E. G. Jr., and Arden, who are here from New Mexico, Mrs. Hubert Drake entertained with a picnic at Cloverdale Wednesday evening. Lunch was spread and during the

later evening, adults in the group engaged in conversation while children frolicked in the wading pool.

Present were: Mrs. Drake and children, Mrs. A. C. Caswell and family, Mr. H. M. Drake and family, Mr. Frank Drake and family, Mr. and Mrs. Frank Smith, Mrs. Scott, Wanda George, Kitty Jean Ellis, Blanche Watlington of Colorado.

Booster Band Will Meet On Friday

The Three-B Booster Band of the First Baptist church will meet at the church Friday afternoon at 5 o'clock. This band is for boys and girls of the ages 8 to 14 inclusive. All children within these age limits are invited to attend the meetings, no matter what church they attend, sponsors have announced.

The band meets for an hour of singing and fellowship. Messrs. Dick Denham and Everett Milam, sponsors, are especially anxious that mothers permit their children to come and sing.

Parents are assured of a welcome at meetings.

Rebekah Lodge Honors Members

The Rebekah Lodge of Midland entertained five members with a birthday party-winner roast at Cloverdale Wednesday evening. Gifts were presented to those whose birthdays are in July. They are Mrs. Leora Cooper, Mrs. Mary Ruple, Mrs. Rhoda Webb, Mrs. Nora Denison, and Mrs. Leota Johnson. About 25 members and guests were present.

Porker Is Jailed

Your Support Will Be Appreciated

JOSEPH M. NEALON

of El Paso County

—Candidate for—

Chief Justice, Court of Civil Appeals

(8th Supreme Judicial District)

Has practiced law in El Paso since 1903. Former president of El Paso Bar Association. Former partners: Congressman R. E. Thomason, former Congressman Claude B. Hudspeth, Judge Joseph McGill. Though only five years his opponent's senior, he has had sixteen (16) years more experience, mostly civil practice—the best training for this office.

West Texans... Cast Your Vote FOR JOHN W. HAWKINS FOR LAND COMMISSIONER

The people of West Texas are intensely interested in a proper administration of the Land Office. On the second day of November of any year the Commissioner could at one full stroke of his pen lawfully deprive ninety per cent of the school land owners of whatever right they may have to their lands. Few make or can make prompt payment of the interest on their lands. In case of non-payment November 1st, the land becomes subject to forfeiture. One may answer we can reinstate if forfeited. That is true if no other right intervenes. How easy can such right be interposed! Look out, boys! The present policy of the Land Office in respect to forfeitures and property rights should be continued, and it can be done by the election of JOHN W. HAWKINS, present Chief Clerk.

READ THESE AFFIDAVITS!

State of Texas, County of Travis:
On this day personally appeared before me T. M. Markham, who having been duly sworn by me states on oath that in the year 1932 he was Assistant State Auditor of the State of Texas, and was assigned to the Senate Committee investigating fees paid State and County officers; and that prior to March 30, 1932, said Committee was investigating the accounts of W. H. McDonald, then District Clerk of Eastland County, and that he, the said T. M. Markham, had audited the accounts of said W. H. McDonald and found that he had collected from the State certain fees to which he was not entitled; and that during the audit he, the said T. M. Markham, on March 30, 1932, and prior thereto, had in his possession as a representative of the Senate Investigating Committee the accounts of W. H. McDonald on which he had collected fees to which he was not entitled.

T. M. MARKHAM,
Sworn to and subscribed before me this the 26th day of June, A. D. 1936.
(SEAL) GEO. H. TEMPLIN, District Clerk, Travis County, Texas.
By GEO. W. BICKLER, Deputy.

Received of W. H. McDonald, District Clerk, Eastland County, Texas, Deficiency Certificate No. 1491, Appropriation M-1030, dated June 20, 1930, in the amount of \$670.20, together with his check drawn on the First National Bank, Cisco, Texas, dated March 30, 1932, in the amount of \$2,669.70, in payment of a total of \$3,339.90, due the State of Texas as refunds of fees collected in habeas corpus cases, duplications of fees collected in final disposition of felony cases, fees collected from the State in juvenile cases, and fees collected in transcripts, as revealed by an audit of his accounts made by myself covering period from January 1, 1929 to March 30, 1932, work sheets of such audit attached hereto and made a part of this receipt.

Original accounts covering the period above named are now in the hands of the Senate Investigating Committee, and this settlement is voluntary and independent of any audit or investigation made by the Joint Auditing Committee or the Senate Investigating Committee.
GEO. H. SHEPPARD, Comptroller of Public Accounts.
(COPY)

March 30, 1932, Austin, Texas.
State of Texas, County of Travis:
I, George H. Sheppard, Comptroller of Public Accounts in and for the State of Texas, do hereby certify that the above and foregoing is a true and correct copy of the original instrument now on file in this department.

Given under my hand and official seal, this the 23rd day of June, A. D., 1936.
(SEAL) GEO. H. SHEPPARD, Comptroller of Public Accounts.

Judge J. P. Hill Backs Hawkins For Land Post

From San Angelo Morning Times, July 15.
Ranchmen and West Texans in general are not giving the attention to the nomination of their commissioner in the general land office that the office justifies, Judge Jared P. Hill said yesterday. Judge Hill has been associated in all the major litigation in the Yates field, which is one of the typical examples of how land titles can be disturbed.
"I believe that if the land-owners knew as much about the importance of this office to them as those who have had repeated and continuous dealings with the land office, they would all support John W. Hawkins," Judge Hill said.
"Major Hawkins is the chief clerk of the land office and next in authority to the commissioner and has had something like 20 years' training in the office. He is thoroughly familiar with the details and procedure of the position."

THE TEXAS LAND OFFICE (An Editorial from Houston Chronicle)

The Chronicle believes it is of great importance to the people of Texas to select an able and experienced man to head its state land office.
Of the two candidates now seeking the position, John W. Hawkins has been in the land commissioner's office for nearly 30 years, going there as a youth. He is now chief clerk of the office and is thoroughly experienced in every line of its work.
The land office in Texas has an importance unknown in other states of the Union. Land grants in Texas have come from the state government. The field notes of all surveys made in Texas are in the files of the state land office. In other states the notes are in Washington, and the patents issued from there.
The documents in the Texas office date back to the earliest Spanish and Mexican days. The Spanish and Mexican systems of registering land titles have been carried down through the republic and state of Texas. All the documents involved are in constant use. Daily, titles have to be traced back to republic and pre-republic times.
To care for all these files and make them available at all times to interested citizens of Texas requires experience and constant devotion to duty.
The state land office has the oversight of all public lands, save only the university lands. It has the sale and leasing of these lands, including the mineral resources under them, as regulated by laws of the state.
Millions of dollars in rental and lease income is handled annually, going mostly to the public school fund of the state.
Mr. Hawkins is experienced in all this. His co-workers vouch for his ability and his knowledge of his task. In addition, a wide circle of friends over the state praise his lifelong integrity and devotion to duty. He served in the army throughout the war.
His opponent, William B. McDonald of Eastland county, seems to be a gentleman without experience in such work as the land office must carry on, who has had no contact with, or experience in, the office, and apparently without such training as would justify his election to the position.
Texas can not afford to pass up an able and experienced man to put an inexperienced and generally unknown one in charge of its very important land office.

(This political advertisement paid for by West Texas friends of John W. Hawkins)

VOTE FOR

A. C. FRANCIS

FOR

Sheriff, Tax Assessor and Collector

A. C. FRANCIS

Audie Francis is not only known for his high standing among peace officers for the apprehension and arrest of criminals, but he is also favorably known for his constructive work among the young people of Midland and this area in correcting many evils that, had they been left alone, would have made criminals of them.

He has gone about this work quietly, but effectively. Many people believe that the only duty of an officer is to arrest a criminal AFTER THE CRIME HAS BEEN COMMITTED. BUT WE ARE OF THE BELIEF THAT ONE OF THE MAJOR DUTIES OF AN OFFICER IS TO TAKE CRIMINAL TENDENCIES OUT OF THE YOUTH OF THE LAND AND SHOW THEM THAT THE LIFE OF A CRIMINAL DOES NOT PAY. We have definite proof of many instances where Audie Francis stepped between a young person and a life of crime. This, among many other sterling qualities of our present sheriff, should be carefully considered when you go to the polls Saturday.

LET'S KEEP AN EXPERIENCED MAN AS SHERIFF

OIL NEWS

Continued from Page One
ported it as making 2,480 barrels of oil in 24-hours. The Skelly well, located in the Estes area of the southeast Ward county field in section 40, block 34, H. & T. C. survey, blew in after topping pay at 2,502 and tanked 285 barrels of oil in 50 minutes. The rate of flow apparently decreased during the final hours of the gauge, although one source reported that the well was pinched in because of insufficient storage.

Two miles southwest of Sid Richardson No. 2 Hathaway, largest natural sand well in the south Ward field, Allan Hargrave No. 1 M. L. Coons, a wildcat, is drilling at 1,750 feet in anhydrite and sand. It topped the anhydrite at 1,575 feet. Location is 2,310 feet from the

southeast and 330 feet from the northeast line of section 35, block 34, public school. The test has been delayed in drilling by water shortage.

Landreth Production company No. 1 Kirk, southern Gaines county discovery, is bailing from 5 to 6 barrels of oil hourly, a slight increase over the amount showing after treating twice with acid but before deepening. The well was drilled to 4,870 feet last Sunday, 50 feet below the old depth of 4,820 at which it had swabbed 107 barrels per day. The No. 1 Kirk, first producer ever drilled in Gaines, is in the southwest corner of section 22, block A-21 public school land. Whether it will be drilled still deeper or shot with nitro at its present depth has not been announced.

A wildcat eight miles northwest of the Landreth well, Humble Oil and Refining company No. 1 C. H. Eubanks, is drilling at 4,516 feet in brown lime. No shows have yet been logged by the test. It is located 650 feet out of the southwest corner of section 6, block AX, public school land.

Humble No. 9 J. S. Means, 1,992 feet from the north and 666 feet from the east line of section 22, block A-35, public school land, Andrews county, is drilling salt and anhydrite at 2,453. Top of salt was called at 2,021 on driller's log.

VOTE to Re-elect

ERNEST O.

THOMPSON

Railroad Commissioner

Here is the record of achievement of the Railroad Commission of Texas during the past four years, under the leadership of Ernest O. Thompson, as the Commission's chairman—

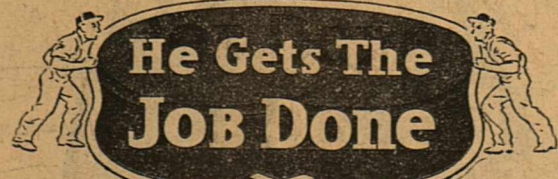

- 1 Reduced gas rates to consumers in 51 Texas towns and cities, saving \$400,000 annually for the man who pays the gas bill.
- 2 Ordered other reductions, which when finally adjudicated by the courts, will result in substantial gas rate reductions to gas consumers of 270 additional towns and cities, if the courts uphold the Commission's orders.
- 3 Stopped the flow of "hot oil" in Texas, conserving the people's heritage of natural resources.
- 4 Administered the State's conservation laws so as to raise the demand for Texas oil 400,000 barrels daily, bringing into Texas \$150,000,000 annually of additional new cash wealth.
- 5 Raised common school, University of Texas, and A. & M. College annual oil income from school lands from \$1,569,266.22 for the

year 1932-33 to \$3,797,562.27 for the year 1934-35, by wise enforcement of conservation laws. This was a clear dividend for school children of \$2,228,296.05 a year.

6 Stopped the waste of Texas' natural gas, amounting to a billion cubic feet of gas daily.

7 Made the highways of Texas safer for motorists by strict regulation of licensed trucks and buses. Less than six Texas motorists were killed last year in accidents in which licensed trucks and buses figured.

8 Saved the cotton farmers of Texas from \$8,000,000 to \$10,000,000 per year by obtaining permanent reduction of cotton rail freight rates. Effected additional large freight savings for growers of coarse grains, and assisted the ranchmen through the drought period by emergency rates on livestock and livestock feeds.

"To insure SAFETY, COMFORT and ON-TIME SCHEDULES for our 30,000,000 PASSENGERS, Firestone GUM-DIPPED TIRES are used on Greyhound Buses"

Says
C.E. Wickman, President,
Greyhound Corporation,
world's largest highway transportation system

FOLLOW the lead of big tire users who buy only on proof of performance.

Last year Greyhound buses traveled 138,000,000 miles from Coast to Coast and from Canada to the Gulf across deserts and over winding mountain roads.

They have won the National Safety Council's highest award in inter-city bus operation for the past four years. This is indeed a tribute to careful driving, efficient equipment and the reserve safety of Firestone Tires made possible by the Firestone Patented Process of Gum-Dipping which prevents internal friction and heat.

Firestone Gum-Dipped Tires run up to 28° cooler and give greatest blowout protection—the scientifically designed non-skid tread will stop your car up to 25% quicker and give you 50% longer non-skid mileage.

Take no chances! Buy your tires on proof of performance. Let us equip your car today with Firestone Gum-Dipped Tires, the Masterpiece of Tire Construction!

Visit the Firestone Exhibits at the Great Lakes Exposition in Cleveland and the Texas Centennial in Dallas.

FOR 25% LONGER TIRE MILEAGE EQUIP YOUR CAR WITH Firestone SEALTYE TUBES

A special compound on inside of tube seals the inner surface against leakage. By maintaining a constant air pressure, Firestone Sealtye Tubes will increase your tire mileage 25%.
