

Help The Judges In Saturday's Primary--Vote Early

Americans Seek Refuge After 1 Slain

Trammell Given Death, Gibson 60 Years

Rescue Ship Takes 100 Aboard Today

Candidates Make Last Minute Drive

County and district candidates today are making a "final stand" for votes in tomorrow's election. The candidates are making last day rounds, canvassing houses and but-tooling voters.

Of the 12 county and district offices that all voters in the county will cast ballots for only 1 run-off is possible. In 11 of the races only one or two persons are contesting for the positions. The county treasurer

A sample ballot showing all candidates, their home county and the office they are seeking will be found on page one of The Reporter-Telegram. Voters are urged by election officials to study the sample ballot, thereby having their minds made up on how they want to vote. Much time will be saved at the polls if the voters know how they are going to vote without having to sit and study the ballot once they go to the polls.

Prominent Ministers Of State to Conduct Worship

A special rally day will be held by the First Christian church Sunday, featured by the presence here of outstanding ministers of the denomination in Texas.

Rev. J. B. Holmes of Fort Worth, head of the permanent fund of the brotherhood in Texas, will preach at the 11 o'clock service. His subject will be "I'm a Child of the King."

Rev. G. C. Schurman of Big Spring will bring an inspirational address at the special service at 2 o'clock in the afternoon.

At 9:45 o'clock, opening hour of the day's activities, a report on the young people's conference will be made by Adale Reiger and Anna Beth Bedford.

At noon a basket lunch will be spread on the church lawn.

A similar rally was held by the church last year and it is planned to make this an annual affair.

Because of the afternoon program, the evening service will be omitted.

GRAND JURY HEARS PAUL WENDEL TALK

Story of abduction and torture is told to members today.

NEWARK, N. J., July 24. (P)—Paul H. Wendel, former Trenton attorney, went before a federal grand jury today to tell his story of abduction and torture which he said forced him to make a false confession of the Lindbergh kidnaping.

Wendel was the first witness as the jury opened an investigation of the strange sequel to the Lindbergh—Hauptmann case.

M'MAHON MUST GO TO JAIL FOR WEEK

'Intent To Alarm King' Charge Heard In Court Today

LONDON, July 24. (P)—George Andrew McMahon, who drew a revolver at King Edward's military parade was remanded to jail for a week today after hearing on a charge of producing a weapon "with intent to alarm his majesty."

Late News

SAN QUENTIN, Calif., July 24. (P)—Antonio Cabera, 21, was hanged here today for the murder of his sweetheart, Alberta Smith, 17, in San Bernardino May 1935. He went calmly to the gallows before only a few witnesses.

WASHINGTON, July 24. (P)—The government asked the supreme court today to protect it against a flood of "complicated and expensive" suits until the constitutionality of the 1935 utility holding company act could be decided upon in the test case.

Stanley Reed solicitor general, sought a review of the court of appeals ruling which refused to delay proceedings in seven injunction suits involving the same statute. He said that the government preferred to test the constitutionality of the law in a case brought in the southern New York district court.

DEATH OF GUARD IS BLAMED UPON 2 DESPERADOES

Sentence To Cancel 162 Years Given Before

DATE IS NOT SET Worst Criminal In State Without Hopes

ANGLETON, July 24. (P)—Luke Trammell, retrievee prison farm convict, was assessed the death penalty today for murdering guard Felix Smith June 19 in a break from the farm. Forest Gibson, tried jointly with Trammell, was given 60 years in prison.

Trammell, considered one of the worst criminals in Texas, was under 162 years sentences for murder, robbery and burglary at the time he killed Smith. Gibson was serving ten years for robbery.

Trammell and Gibson were captured July second near Thornton, by officers who had been tipped off as to the whereabouts of the pair. At the time of their capture they were asleep in their car which had bogged down on a muddy road.

The two desperadoes, after eluding officers for more than a week, in which time they were the object of a state-wide search, had no chance to resist when captured.

The two men were immediately taken to the state penitentiary at Huntsville where they remained until they were placed on trial here early this week.

Mrs. Ray Gwn was returned to her home from a local hospital yesterday.

Two Metropolises Licked by Fire of Spanish Revolt

Confronted by repeated uprisings within its environs, Spain's picturesque capital city, Madrid (above), was doubly menaced by advancing columns of revolutionaries who threatened to bombard it unless immediately surrendered.

Nolan Maintains Interest In Texas

James S. Nolan, former Midland oil man and civic leader but now of Tulsa, has not lost interest in Texas affairs, although he has moved to Oklahoma.

Nolan, in a letter to the Reporter-Telegram, authorized a paid advertisement in favor of Col. E. O. Thompson for re-election to his

TO RETURN HOME

Joe M. Caldwell and family will leave early Saturday for their home at El Paso. They have visited here for two weeks with Mrs. J. M. Caldwell and with M. D. Johnson and family.

RETURNS FROM EL PASO

Jas. H. Goodman returned yesterday from El Paso where he has been for the last few days on business.

- For County Chairman Democratic Executive Committee: R. W. Hamilton.
- For Democratic Committeeman Precinct No. 4: A. G. Bohanan.

KING IS SLURRED IN PARLIAMENT BY LABORITE GROUP

3 Are Suspended As Aftermath To Attack

WASHINGTON, July 24 (AP)—Aghast at the killing of an American consulate employe and a British subject endeavoring to protect American lives, 100 American citizens sought refuge today aboard a rescue ship which reached Barcelona.

Spain and simultaneously the San Sebastian embassy officials reported to the state department that conditions there are "horrible."

The American embassy at Paris was advised that Claude G. Bowers, United States ambassador to Spain, had taken refuge in Fuenterrabia, a fortress nine miles north of San Sebastian. Meanwhile, the United States, France and Great Britain agreed to pool facilities to evacuate the refugees.

The official radio announced that loyal forces had massed in the Guadarrama mountain range to guard all approaches to the capital and were dominating most of the vital Somosierra pass. At Somosierra, Segokmia, Avila and other points near Madrid rebel casualties were said to be large. The radio said that fleeing rebels were abandoning much war material.

The intense aerial bombardment continued at Zaragoza, rebel stronghold, with loyal columns converging on the city and reported in sight of their goal.

LOYALISTS IN CONTROL OF STRATEGIC PASS

MADRID, July 24 (P)—Spain's liberalist government forces, pressing into a mountain battle with fascist besiegers northwest of Madrid, reported today that they are in control of one strategic pass and are driving insurgents out of another.

The United States embassy here, sheltering 150 Americans reported all Americans in the Madrid area safe.

The disorders occurred as Home Secretary Sir John Simon was delivering an address on "unemployment." When he mentioned the responsibility of children in supporting their parents, McGovern broke in with, "Why doesn't the king support his mother?" He must be a despicable individual!

McGovern, the least tractable of the three hecklers, told the chair, "Well, Mr. Speaker, I say the home secretary is a damned liar."

Stephen joined the fray by yelling, "I hope every member of the labor party will refuse to allow this debate to go on. Why should we listen to this liar, deliberately lying?" Then he cried alternately, "That lying scoundrel! That dirty little rat!"

SEALED BIDS ARE ASKED ON REPAIRS

5 West Texas Counties Will Receive Work On Highways

Sealed bids on several highway projects in Midland, Martin, Ector, Andrews and Winkler counties will be opened July 30 at the offices of the State Highway Department, Austin. It is announced in an official advertisement in this paper today.

The work, covering 48.30 miles, will be laying of asphalt surface and applying seal coat to portions of highways already constructed.

Midland county's portion will be from Whitefield west to the Ector county line. Martin county will receive a seal coat on the Broadway of America from the Howard to the Midland county line. Ector will receive asphalt surface from the east line of the county, connecting with the Warfield portion and extending to the east city limit. Andrews county will be given a seal coat on the road from Ector county line to Andrews. In Winkler county, the road will be sealed from Kermit to the New Mexico line.

Details of wages for various classes of labor are specified in the advertisement.

BEER SALES SATURDAY IN STATE FORBIDDEN

All places in the county where beer is sold were warned today by the county attorney that the sale of the beverage tomorrow between the hours of 7 a. m. and 8 p. m. will be against the law and will be prosecuted.

The state law on the subject reads: "It shall be unlawful for any person in all counties or subdivisions thereof wherein the sale of beer as defined is authorized to be sold, to sell beer on the day of any general primary election or general election held in this state between the hours of 7 o'clock a. m. and 8 p. m. of that day."

PLUGGING BACK TODAY IN KIRK

Gaines Discovery Bails 120 Barrels In 16 Hours

Operators were plugging back from total depth of 4,870 in Landreth Production Company No. 1 Kirk this morning to shut off sulphur water coming from 4,862 to 4,870 at the rate of three-quarters of a barrel per hour. They will run cement through tubing under 1,200 pounds pressure, plugging the hole back 14 or 15 feet. The well will remain shut in until Monday while cement is setting, and then will be tested to ascertain whether all water has been shut off. Later plans are to set anchor and shoot the well with nitro.

A 16-hour balling test in which the large bailer was run 117 times established definitely the presence of pay increases in the No. 1 Kirk encountered by deepening below the old total depth of 4,820, from which it swabbed 107 barrels daily after treating twice with acid. Approximately 120 barrels of oil were produced during the 16 hours of balling. See (OIL NEWS) Page 8

Election Party In a Nut Shell

1. Bulletin board placed in front of newspaper building, visible from street and vacant lots south of office.
2. Public address system to carry announcements of interest in both local and state elections.
3. First county and precinct results posted and announced at approximately 7:30 p. m.
4. First state results, supplied by Texas Election Bureau, posted and announced shortly after 7:30 p. m.
5. Additional results of local, district and state elections given out at intervals of from fifteen minutes to one hour.
6. Last state returns received at 1:30 a. m. Sunday.
7. County returns given out until final results tabulated by election board.
8. Announcements over public address system to include results of governor and senator races in representative counties of Texas as well as totals for all counties.
9. Please do not telephone The Reporter-Telegram for election information, as all staff members will be busy full time with posting, announcing and editing the Sunday morning edition.
10. Park early opposite the newspaper building in order to receive the returns in comfort.
11. Everyone cordially invited to spend the evening at the newspaper's big election party.

Your Support Will Be Appreciated JOSEPH M. NEALON of El Paso County Candidate for Chief Justice, Court of Civil Appeals (8th Supreme Judicial District) Has practiced law in El Paso since 1903. Former president of El Paso Bar Association. Former partners: Congressman R. E. Thomason, former Congressman Claude B. Hudspeth, Judge Joseph McGill. Though only five years his opponent's senior, he has had sixteen (16) years more experience, mostly civil practice—the best training for this office.

The Town Quack

I'm getting too many paragraphs suggestions sent in which I can't print or which have no particular meaning to anyone except the contracting parties. For instance, Al Tober's comparison of a candidate race to a horse race. It has plenty of meaning but I can't print it. And the one about the doctor here in town who has a new jersey cow and is afraid of her. I would like to get a little more information on that subject. A telephone message relayed to me, said the doctor has been afraid of the cow but is gradually getting acquainted with "it." The "it," with reference to a cow, reminds me of a little girl who was hearing horses discussed. Once when something was said about a bay and a sorrel, she remarked: "Well, I don't know a bay from a mare." My advice to the doctor who is having trouble getting acquainted with his cow is to do his own milking, working first on one side and then the other. A local clothing store proprietor has protested what I said yesterday, advising the citizens to keep their shirts on during this election. He said "Let 'em tear their shirts. It means more business for me." As soon as this election is over, I hope the citizens will get busy and

(Reserves the right to "quack" about everything without taking a stand on anything).

cut the weeds on these vacant lots. One of my relatives is really taking down with hay fever, and he is just one of many. The rains were fine and I am proud to see this good growing weather, but there's no use in letting weeds sap all of the moisture from the ground.

Advice to the hot-headed: Conserve your conversation and conserve your capital.

I believe money is going to loosen up around here. The First National is building a completely new interior. Somebody is going to have to pay for that, so I hope it will be easier to get in their note case at ten per cent.

There are times when I think this fad wherein women wear real short shorts for traveling costumes is a good thing. And then I sometimes get the idea that the fad is terrible. I guess most anyone will form an opinion based on appearances. Maybe there should be a committee to pass on those entitled to wear such costumes. Again, don't forget to bring your

poll tax when you come to the polls Saturday. To do so will speed up the entire election and the counting of the ballots. If you are interested enough to vote, you will be interested enough to want to know the outcome. Bring your poll tax and you will help make the final count easily.

Except at long range, a rifle is no more accurate than a shotgun. A simple projectile travels farther in a straight line than a bunch of small shot.

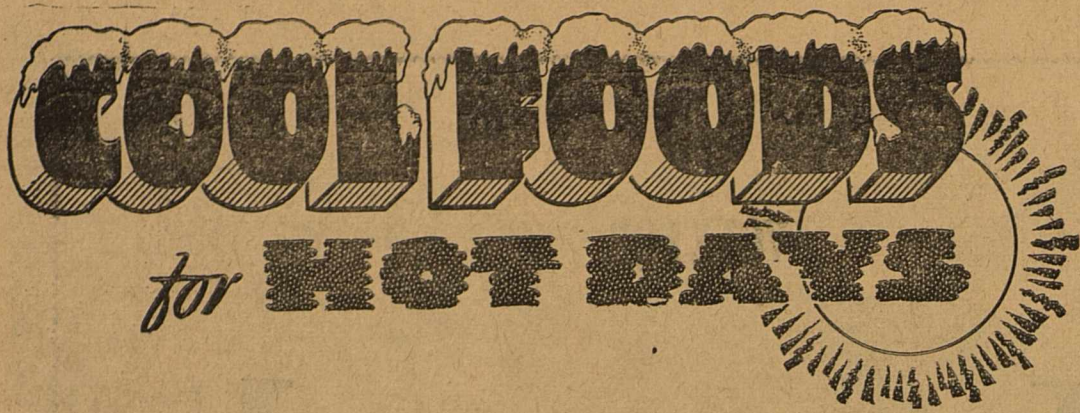

WORLD'S CHAMPION Kellogg's CORN FLAKES

IT TAKES quality to stay at the top year after year. For 30 years Kellogg's Corn Flakes have been champions. Today they outsell all other ready-to-eat cereals by millions of packages because they give most in value. Made and guaranteed by Kellogg in Battle Creek.

Nothing takes the place of Kellogg's CORN FLAKES

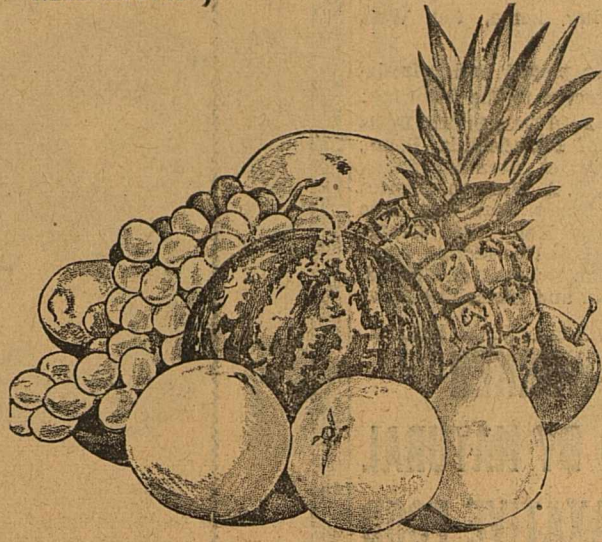

West Texans... Cast Your Vote FOR JOHN W. HAWKINS FOR LAND COMMISSIONER
The people of West Texas are intensely interested in a proper administration of the Land Office. On the second day of November of any year the Commissioner could at one fell stroke of his pen lawfully deprive ninety per cent of the school land owners of whatever right they may have to their lands. Few make or can make prompt payment of the interest on their lands. In case of non-payment November 1st, the land becomes subject to forfeiture. One may answer we can reinstate if forfeited. That is true if no other right intervenes. How easy can such right be interposed! Look out, boys! The present policy of the Land Office in respect to forfeitures and property rights should be continued, and it can be done by the election of JOHN W. HAWKINS, present Chief Clerk. READ THESE AFFIDAVITS! State of Texas, County of Travis: On this day personally appeared before me T. M. Markham, who having been duly sworn by me states on oath that in the year 1932 he was Assistant State Auditor of the State of Texas, and was assigned to the Senate Committee investigating fees paid State and County officers; and that prior to March 30, 1932, said Committee was investigating the accounts of W. H. McDonald, then District Clerk of Eastland County, and that he, the said T. M. Markham, had audited the accounts of said W. H. McDonald and found that he had collected from the State certain fees to which he was not entitled; and that during the audit he, the said T. M. Markham, on March 30, 1932, and prior thereto, had in his possession as a representative of the Senate Investigating Committee the accounts of W. H. McDonald on which he had collected fees to which he was not entitled. T. M. MARKHAM, Sworn to and subscribed before me this 26th day of June, A. D. 1936. GEO. H. TEMPLIN, District Clerk, Travis County, Texas. By GEO. W. BICKLER, Deputy. Received of W. H. McDonald, District Clerk, Eastland County, Texas, Deficiency Certificate No. 1491, Appropriation M-1030, dated June 20, 1930, in the amount of \$670.20, together with his check drawn on the First National Bank, Cisco, Texas, dated March 30, 1932, in the amount of \$2,669.70, in payment of a total of \$3,339.90, due the State of Texas as refunds of fees collected in habeas corpus cases, duplications of fees collected in final disposition of felony cases, fees collected from the State in juvenile cases, and fees collected in transcripts, as revealed by an audit of his accounts made by himself covering period from January 1, 1929 to March 30, 1932, work sheets of such audit attached hereto and made a part of this receipt. Original accounts covering the period above named are now in the hands of the Senate Investigating Committee, and this settlement is voluntary and independent of any audit or investigation made by the Joint Auditing Committee or the Senate Investigating Committee. GEO. H. SHEPPARD, Comptroller of Public Accounts. (COPY) March 30, 1932, Austin, Texas. State of Texas, County of Travis: I, George H. Sheppard, Comptroller of Public Accounts in and for the State of Texas, do hereby certify that the above and foregoing is a true and correct copy of the original instrument now on file in this department. Given under my hand and official seal, this 23rd day of June, A. D., 1936. GEO. H. SHEPPARD, Comptroller of Public Accounts. Judge J. P. Hill Backs Hawkins For Land Post From San Angelo Morning Times, July 15. Ranchmen and West Texans in general are not giving the attention to the nomination of their commissioner in the general land office that office justices. Judge Jared P. Hill said yesterday, Judge Hill has been associated in all the major litigation in the Yates field, which is one of the typical examples of how land titles can be disturbed. "I believe that if the land-owners knew as much about the importance of this office to them as those who have had repeated and continuous dealings with the land office, they would all support John W. Hawkins," Justice Hill said. "Major Hawkins is the chief clerk of the land office and next in authority to the commissioner and has had something like 20 years' training in the office. He is thoroughly familiar with the details and procedure of the position. "The office pays a small salary, \$2,500 a year, and should be on a civil service basis. All those who believe in rewarding honest service should vote to promote Major Hawkins to the post of commissioner."

VOTE to Re-elect ERNEST O. THOMPSON Railroad Commissioner
Here is the record of achievement of the Railroad Commission of Texas during the past four years, under the leadership of Ernest O. Thompson, as the Commission's chairman—
1 Reduced gas rates to consumers in 51 Texas towns and cities, saving \$400,000 annually for the man who pays the gas bill.
2 Ordered other reductions, which when finally adjudicated by the courts, will result in substantial gas rate reductions to gas consumers of 270 additional towns and cities, if the courts uphold the Commission's orders.
3 Stopped the flow of "hot oil" in Texas, conserving the people's heritage of natural resources.
4 Administered the State's conservation laws so as to raise the demand for Texas oil 400,000 barrels daily, bringing into Texas \$150,000,000 annually of additional new cash wealth.
5 Raised common school, University of Texas, and A. & M. College annual oil income from school lands from \$1,569,266.22 for the year 1932-33 to \$3,797,562.27 for the year 1934-35, by wise enforcement of conservation laws. This was a clear dividend for school children of \$2,228,296.05 a year.
6 Stopped the waste of Texas' natural gas, amounting to a billion cubic feet of gas daily.
7 Made the highways of Texas safer for motorists by strict regulation of licensed trucks and buses. Less than six Texas motorists were killed last year in accidents in which licensed trucks and buses figured.
8 Saved the cotton farmers of Texas from \$9,000,000 to \$10,000,000 per year by obtaining permanent reduction of cotton rail freight rates. Effected additional large freight savings for growers of coarse grains, and assisted the ranchmen through the drought period by emergency rates on livestock and livestock feeds.

Loyal Workers BTU Entertained By Odessa Group

Members of the Loyal Workers BTU of the Baptist church were entertained by the Senior BTU of the Odessa church with a wiener roast Thursday evening. The visitors met the host group at the church educational building in Odessa and motored out on the An-

draws highway for the picnic. Games for the evening were in charge of Miss Estelle Aldridge. Attending from Midland were: Mrs. Eddie Frank Conner, Mr. and Mrs. R. L. Denham, Dr. and Mrs. W. L. Sutton, Misses Thalia Howell, Doris Dunagan, Lorena Dunagan, Audrey Adams, Dorothy Hines, Claudia Moon, Alta Merrill, Annie Faye Dunagan, and Elton Hinz. Ernest Neill, Cecil Waldrep, Norman Swain, Alton Gault, Everett Mila, and J. A. Turner.

FEMININE FANCIES

BY KATHLEEN EILAND

It used to be that West Texans could correctly boast that the plains country was free from cyclone dangers. Remembering the series of small but destructive storms which have chosen this vicinity for their playground the last few years, we begin to believe that it would be more diplomatic to pass over the point of wind-danger in listing the county's assets.

A New York columnist recites an experience during which, by means of some kind of rays, he was made to disappear from the view of friends in the audience. Overhearing one of the group say, "He's gone," the victim insisted upon being "restored to human vision."

There've been a number of times in our life when we would gladly have become invisible to those about us. But of course we'd never be lucky enough to have the Ray Z-67 around at the desirable time to help us stage the disappearance.

The columnist, George Ross, reports that a friend said he "vanished like a vapor." The instrument which yields this super-human power of obliteration will soon be shipped to various amusement parks about the country, it is said.

The contraption looks like a giant washing machine. Not being very fond of hard labor, just an ordinary washing machine could make us disappear from human view—permanently—if we had to associate with it long.

Photographic murals are a new trend in artistic decoration. Miss Leize Rose, or Mrs. Duncan M. Stewart, which is her name in private life, is responsible for this innovation. It was from a group of six ordinary daisies that she got the idea of enlarging and photographically transferring all sorts of objects to fabrics for use as hangings in the homes of today. A photograph of the originator shows her posed against a back ground of lake and woods—merely one of her realistic mural scenes.

These new murals are not overly expensive for one large enough to

be hung over a good-sized mantel can be purchased for less than \$30. You never can tell what these modern women will think up next in the way of decoration—facial or otherwise.

Frank Roberson Is Honored On His Fourth Birthday

Mrs. Joe Roberson assisted by her sister, Mrs. Paul Smith, complimented her son, Frank Allen Roberson, on his fourth birthday Wednesday at her home, 620 West Texas.

Games were played and refreshments were served to the following: The honoree, Paul Dale Smith, Doris Jane Smith of Philadelphia, Penn., Richard Davis of Stanton, Peggy Lou Whitson, R. A. Whitson, Charles Nolan, John Nolan, Joan Gee, Alec Coates, Stanley Hall, Allen Crane, Jack Cox Jr., Lois Rae McKee, Marshall Crawford, Arliss Ann Klebold, Bill McCumber and Marcelline Howard.

OFFICE-WORKER HELPED BY NATURAL LAXATIVE FOOD

ALL-BRAN Corrected Her Constipation*

Here is her voluntary letter: "For years I was a sufferer from constipation. It was necessary to take a laxative every night before retiring. I was an office-worker, and did not get much exercise.

"Some one told me that ALL-BRAN was a good remedy for constipation. I bought a box, and found that it helped my condition. Since then I have not had to invest in laxatives."—Mrs. Margaret Jones, 911 E. Laura Street, Clearwater, Florida.

Scientific tests have shown that Kellogg's ALL-BRAN corrects constipation safely and pleasantly. This delicious cereal supplies mild "bulk," as well as vitamin B and iron. Two spoonfuls daily are usually sufficient. If not relieved this way, see your doctor.

Wouldn't you rather enjoy this natural food than abuse your system with harmful pills and drugs?

Protect your family from the dangers of common constipation.* Serve ALL-BRAN regularly for regularity. Either as a cereal with milk or cream, or cooked in tempting muffins, breads, etc. Recipes on every package.

Sold by all grocers. Made by Kellogg in Battle Creek.

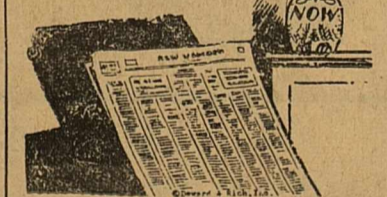

*Constipation due to insufficient "bulk" in meals.

VOTE FOR

Leonard Proctor

FOR

Sheriff, Tax Assessor And Collector

Lets Keep the Issue Clear.

We Charge:

1. During the present administration, an organized "Ring" of law violators has grown up in our city.
2. This "Ring" has been permitted to operate at least FOUR JOINTS within our city limits, under the nose of our present administration.
3. There are other independent places of open law-violation being operated.
4. That while the leader and other members of this "Ring" are in the penitentiary now, they were put there by Federal forces, and not by our own officers. Must we look to Uncle Sam for the enforcement of our laws? If so then let's abolish the office, and save the County money.
5. That when the Slot Machines were run out of the city, they have been permitted to run unmolested in the county beyond the city limits.

None of these charges have been denied, and cannot be for they are facts. We do not believe the claim "To take criminal tendencies out of the youth of the land and show them that crime does not pay—and has in many instances stepped between a young person and a life of crime," is really consistent with the facts as revealed in the above charges.

If experience as Sheriff causes a man to permit such open violation of law, contrary to his oath of office; then we prefer a man who is without it, and knows no better than to come out in the open and four-square for law enforcement.

RE-ELECT
A. C. FRANCIS
SHERIFF, TAX ASSESSOR AND
COLLECTOR

◆
*Tried
and
Proven*
◆

A. C. FRANCIS

◆
HE HAS EXERCISED
GOOD COMMON SENSE
IN THE INTERPRETATION
AND APPLICATION
OF THE LAWS
◆

Tomorrow the voters of Midland County will go to the polls to select a man to be sheriff, tax assessor and collector of this county.

There are many of us who believe that the right man for this office is Audie Francis. We are firm in that conviction and it is for no personal aggrandizement that we make known our beliefs. We are business men and citizens in every walk of life in this county, some having lived here for many years and some for only a few years.

We have watched A. C. Francis perform his duties as sheriff to the satisfaction of a large majority of the best people of Midland County, have known him to be a man who has worked for the upbuilding of Midland County and West Texas and have recognized that he is one of the outstanding officers of this entire area. We have known him to be a man who has worked faithfully with his fellowmen and who has discharged his

duties not only as an officer of the law, but as a private citizen as well.

As sheriff and as a citizen, Audie Francis has been A FRIEND TO THOUSANDS IN EVERY WALK OF LIFE . . . and it has not been a friendship that is based merely on the "howdy" and vote-getting basis. Hundreds of instances could be cited to prove this statement, together with the fact that he has helped many a wayward youth get on the right track and become a useful citizen. As has been stated in a previous advertisement, Sheriff Francis has gone about all of his work in a quiet, cool-headed and unassuming manner.

We firmly believe that Audie Francis has been a decided success as sheriff of Midland County and we believe that if he is re-elected tomorrow he will put forth every effort to continue to make Midland a good place in which to live . . . and we recommend him most highly to you for your consideration at the polls.

To make it more pliable for working into mittens and boots, Eskimo women chew sealskin.

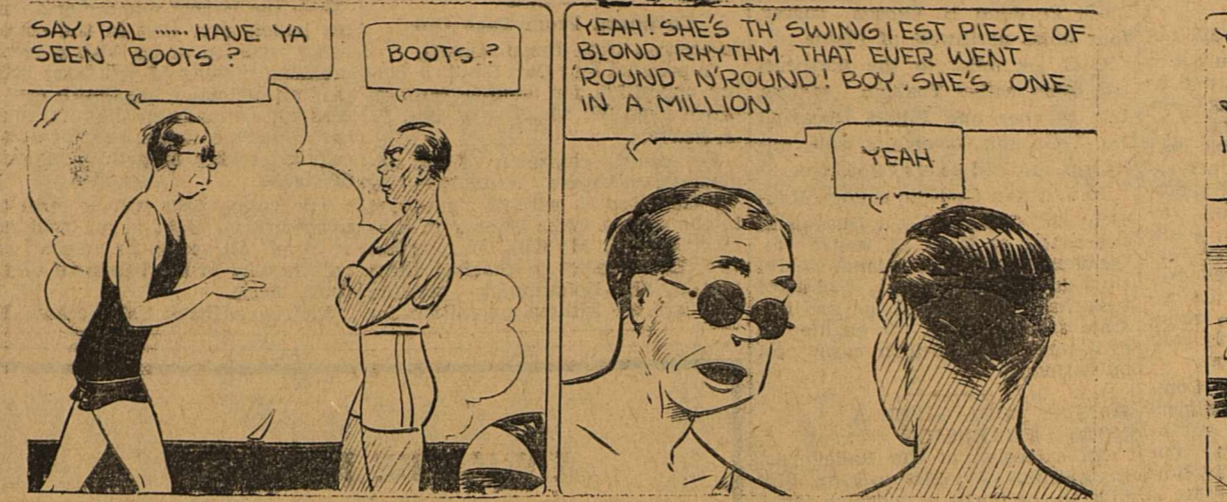

At a height of 15 miles, an observer in a stratosphere balloon above Chicago could see nine states with the unaided eye: Illinois, Indiana, Iowa, Michigan, Minnesota, Missouri, Kentucky, Ohio and Wisconsin.

NEW DUCK HUNT PLAN SUGGESTED

Weekends Preferred By Commission to 30 Days Straight

An alternative to the federal regulation of a proposed 30-day duck-hunting season was submitted by members of the Game, Fish, and Oyster commission at their recent meeting in Austin, according to Mrs. Hal C. Peck, Midland woman and only feminine member of the commission, who has returned from the capital city.

"Of course we have to submit to the federal regulations on duck season and migratory birds," Mrs. Peck said, "but instead of their proposed 30 days season, we submitted our preference of week-ends, ten in all making the 30 days, or second choice two week end days covering 15 week ends or less week ends in preference to the straight 30 days hunting season."

The meeting occupied itself with business and bills were drawn by the group for submission to the next Legislature.

Game wardens and field men, including hatchery men were called into Austin the past month for a four-day school and Mrs. Peck said that it is hoped to make this school-

ing period an annual summer affair.

According to an official of a game bird magazine, a recent check-up of breeding conditions in Canada shows that water and food conditions are better than during the same period last year and that most observers report a marked increase in the number of breeding ducks. With the continuance of favorable weather in the three Canadian provinces which produce the bulk of ducks, it is believed that there will be another increase in the duck crop.

"Yet there can be no doubt that the duck situation is still precarious," Mrs. Peck warns, "and that the question of a proper open season, equitable to all states, is again a vitally important one."

Japanese Typhoon Is Fatal to 42 Persons

TOKYO, July 24. (AP)—Forty-two persons are known dead and 27 injured and 24 others missing today after a typhoon ravaged the western part of Kyushu Island. More than 800 homes were destroyed.

SEE EXPOSITION

Rev. and Mrs. W. R. Mann and children returned Thursday from Central Texas. While away they spent two days at the Central Exposition at Dallas. The "Cavalcade" and the Midget City, the latter being the dwelling place of scores of the tiny humans who run their own hotel, barber, and beauty shops, and other businesses, won special praise from Mr. Mann who reported as his third choice of favorites the "Black Forest".

TO EAST TEXAS

Rev. and Mrs. T. H. Bass plan to leave Monday for East Texas where they will spend a month. He will conduct meetings at Sidney and at Arp, Texas, while away.

Land and sea breezes are caused by differences of temperature between adjacent land and water areas. These differences are due to the fact that land areas take on heat and cool off with greater rapidity than do water areas.

The Troglodythys Rosae, an eyeless fish that lives in underground caverns, dies of pneumonia when placed in warm water.

that point. In testing for water, a small bailer was rigged up and run to bottom.

Although the No. 1 Kirk did not head following the bailer out, it is believed to have had gas as well as oil increases while deepening and would probably flow through tubing. The present rating of 180 barrels a day is expected to be increased to 250 or 300 barrels by shooting. Located in the southwest corner of section 22, block A-21, public school land, the Landreth discovery is the first producing oil well ever drilled in Gaines county. Its increase in performance as a result of drilling deeper will probably guarantee it a pipe-line connection.

HALLEY POOL GIVEN A NORTH EXTENSION

An extension of the Halley pool in southern Winkler over a half mile to the north is indicated today by Phillips Petroleum company No. 1 F. F. McCabe. The hole filled up 1,400 feet with oil from sands at 2,740 to 2,765, and the well swabbed 58 barrels of oil in eight hours. It is now drilling ahead in lime below 2,785 feet. Location of the extension well is 330 feet from the south and 990 feet from the east lines of section 1, block B-12, public school land.

YOAKUM WILDCAT NEARING FIRST OIL ZONE

Now drilling below 4,926 feet in lime, some change is expected soon in Bahan & Rhodes and Fitzpatrick et al No. 1 Alice Henard, Yoakum county wildcat. The well is not yet down to the horizon in which Honolu and Cascade No. 1 Bennett, recent discovery in the southeastern part of the county some 16 miles to the southeast, found its first oil. The No. 1 Bennett struck first pay from 5,088 to 5,090. The Bahan and

Rhodes test is in the center of the southwest quarter of section 367, block D, John H. Gibson survey, four miles northwest of Plains.

Over six miles to the northeast the other active Yoakum wildcat, Lou Stogner and Elliott Roosevelt No. 1 Googins, is drilling salt, anhydrite and red beds at 3,555 feet.

In southern Cochran county, Honolu and Cascade No. 1 Duggan in the center of labor 13, league 55, Oldham county school land, is still shut down at 2,297 feet. Standard tools have been rigged up, and operators are waiting for engine to drill plug from 10-inch casing set on bottom.

Representative of the 88th District

Asking for Re-election on the Record he has made the past two years.

1. Sponsored remission of taxes on property in Red Bluff water power control.
2. Fought against a blocked passage of bills detrimental to West Texas farmers and stockmen.
3. Introduced and secured passage of the child welfare adoption bill.
4. Voted and used all influence against all bills to raise taxes on gross income and gross production of oil.
5. Is for the 88th district to get its share of the money appropriated for the construction of new highways and for repair of old ones.

Is for reasonable old-age pension and is strictly for the interests of West Texas.

Candidates Make--

Continued From Page One

re-election from Tyson Midkiff.

In precinct four Carl Smith is facing opposition for another term in office from W. M. Stewart and R. G. Peach.

For county chairman of the democratic executive committee, R. W. Hamilton is without opposition in the county. Mike Connor in precinct one, J. M. King in precinct two, Ed Benedict in precinct three and A. G. Bohanno in precinct four are all without opposition for

positions as democratic committeemen.

With the largest number of absentee ballots ever cast in the county being recorded along with a record breaking number of poll taxes being paid all indication are that a new record will be made on the total number of votes cast and candidates are eagerly seeking to gain a majority of these.

The voting polls will be open tomorrow from eight a. m. until seven p. m. All voting in precinct one will be held in the basement of the court house.

Election officials today asked that all voters who can possibly do so vote early in the day as the polls are expected to be extremely crowded during the last two hours by persons who have been unable to leave work during the earlier hours to cast their votes.

The usual election party will be held by the Reporter-Telegram tomorrow night, the results, as they are made known, will be posted on a large black board in front of the building. Loud speaking equipment will also be used to facilitate placing the vote totals before the public. The first reports will be made shortly after the polls close and will continue intermittently until two a. m.

33 1/3% off LAMP SALE

BARGAIN OFFERS WHILE THEY LAST

Not often do you have an opportunity to choose modern lamps for your home at such a saving. All lamps in our stock are one-third off the regular price. Visit our store and see how little it will cost to make your home more comfortable and more attractive with new lamps. Convenient monthly payment terms can be arranged on all purchases.

FLOOR LAMPS
Buy another floor lamp for your home while these lamp bargains last. This offer of 1/3 off includes all tri-lite lamps and the combination direct-indirect torchiers. Make your selections before the most attractive ones are gone.

LOUNGE LAMPS
Give your eyes the benefit of one of these modern Better Sight lounge lamps and see how much easier it is to read and how much longer you can read, sew or study without tiring your eyes or becoming drowsy.

WALL LAMPS
These handy lamps pin up on walls, over tables or in corners and add to the attractiveness of any room. At one-third the regular price you can brighten up your home at small cost.

STUDY LAMPS
Scientifically designed study lamps will safeguard the eyes of all members of the family, and are needed especially by children who read or study at night.

TORCHIER LAMPS
Give your living room or dining room an entirely new appearance with a torchier indirect lamp. The soft, restful illumination banishes glare and provides a good general light throughout the room.

BOUDOIR LAMPS
When worried about what to give for weddings or anniversaries, think of modern lamps. A pair of boudoir lamps make a very acceptable gift. They also will "dress up" your bedroom or guest room.

PENNY WISE SAYS:
"With your cheap electricity you can double the amount of light in your home and yet add only a few pennies a day to your electric service bill. While other living expenses are higher, electricity is still the greatest bargain in the home."
