### Sul Ross Students From All Parts of The State of Texas

ALPINE, Sept. 10 (Special)-The ideal climate of the Big Bend, the bicturesque scenery of the Davis and Chisos mountains and the supervised and scheduled health-building recreational program at Sul Ross are attracting students from all parts of Texas. especially students who love the big out of doors of the open west or such as are affected with asthmatic or sinus all-ments. Dr. W. E. Lockhart, M. D., has been employed as college physiclan, and he will devote all his time to the health program of students and the giving of courses in health education

As shown by the United States weather hureau maintained by the physics department of Sul Ross State Teachers College, the climate at Alpine lends itself admirably to an outdoor program of golf, tennis, handball, volley ball, archery, rifle practice, horseback riding and hik-ing. The weather bureau for 1935 shows the following record:

Mean temperature (June, July, August): 76.7 degrees. Mean temperature (December, January, February): 50.4 degrees. Clear and cloudy days for the year 1935): Clear 219, partly cloudy 115, loudy 30.

As shown by the state board of education's report, Sul Ross has a larger distribution of student at-A standard distribution of states at tendance on the per cent basis of any other college in Texas except A. & M. college. The 1936 mid-se-mester honor roll, which is a cross-section of the entire student body, registered students on the honor roll from the following towns: Fort Stockton, Carrizo Springs, Karnes City, Lamesa, Cotulla, Columbus Ohio; McCamev, Marfa, Livings-ton.
