Russia Threatens Open Support of Spaniards

ORGANIZATION IS SHOWING A LARGE GAIN IN MEMBERS

2,000 Names Listed On Rolls of The Group

COMPLETE WORK Success of Several Enterprises Is Announced

Executive committee of the Texas & Southwestern Cattle Raisers Association, in regular session here this morning, found the organization steadily advancing in membership and in the number of cattle rendered by members, when secretary's reports were read and adopted. More than 2,000 cattlemen now comprise the membership, with more than 900,000 head of cattle rendered by members.

Financial reports of the association and of the official publication, The Cattleman, were read and adopted, showing gains in both divisions.

Traffic measures were reported on showing success in the matter of securing 50 per cent freight reductions on cattle shipped back to Texas from Oklahoma and Kansas grass. Drouth rates on feed in 52 counties also had been secured, to terminate November 17 of this year. Reports on other traffic matters which are pending also were given.

One of the outstanding reports was the success of the "Eat More Beef" campaign conducted throughout the nation during the month of August. Several livestock organizations cooperated with representatives of the chain store organizations, securing an advertising campaign which cost the 45,000 cooperating stores over \$2,000,000. The results found increases of beef sales from 50 to 200 per cent, with the beef business in those stores still holding up. The government report showed that more cattle were killed during that month than in any previous month on record. The campaign was originated to offset the expected rush of cattle to the markets during the month of August.

Albert Mitchell of Albert, N. M., president of the American National Livestock Association, also reported on the success of the venture and predicted that with cooperative effort, beef sales could be built up permanently through effective advertising.

Reports on combating cattle diseases, cattle theft and other phases of the organization's work were being discussed during the morning.

At noon today, the visitors were honored with a check wagon dinner at Roy Park's ranch, many local cattlemen and business men also being guests.

The visitors were to be honored at Midland Downs again this afternoon and were guests at a Cattleman's dance at Hotel Scharbauer last night.

H. F. McGill of Alice, president of the association, presided with secretary E. B. Spiller aiding him. Early arrivals of the executive committee included Jay Taylor, Amarillo; J. D. Jackson, Alpine; S. C. Arnett, Lubbock; E. S. East, Brainerd; Canadian; T. T. East, Kingsville; H. A. Fitzsimmons, San Antonio; K. N. Harwood, Dallas; Fred A. Hobart, Canadian; S. E. McKnight, Carrizo Springs; Roy Parks, Midland; W. D. Price, Pampa; M. H. W. Ritchie, Paluduro; T. L. Roach, Amarillo; D. H. Snyder, Colorado; A. J. Swenson, Stamford; R. B. Thomas, Strawn; G. R. White, Brady.

Other members of the executive committee were arriving throughout the morning, with expectation that a majority would be present.

NEW WINKLER POOL OPENER TREATING WITH ACID BOTTOMED AT 3,204 FEET

Fields, Cherry and Findley Discovery Flows 10 Barrels an Hour, Natural, On Test

Winkler county's newest pool opener, the Bert Fields, A. W. Cherry and D. J. Finley No. 1 Lum Daugherty is treating with acid today after showing natural production of 10 barrels an hour. Using oil circulating fluid, it was drilled to a total depth of 3,204, and after flowing live and dead oil into pits for several hours, was turned into tanks when the flow had cleared up, gauging 10 barrels hourly for the last two hours. Operators have run tubing and will give the well an injection of 3,000 gallons of acid today. Preliminary estimates on the well's possible rating after acidizing put it at between 500 and 1,000 barrels a day. Gas volume is upwards of 2,000,000 cubic feet.

The discovery well forges an important link in the chain of lime pools extending for over a hundred miles on the west edge of the West Texas-Southwest New Mexico Permian Basin. It is in the northwest part of Winkler county, less than a half-mile from the New Mexico line. The closest previous production in Texas was the Leek pool two miles to the south. It is about the same distance southeast of the Eaves area production in Lea county.

The first showing in the No. 1 Daugherty came in at 2,945, with

Half-Million Higher Than Forecast Sept. 1

WASHINGTON, Oct. 8. (AP)—The 1936 cotton crop was indicated by October 1 conditions to be 11,609,000 bales, the department of agriculture announced today.

The new estimate is a decrease from the August 1 prediction but an increase of over 480,000 bales for the September 1 report.

Cotton prices moved up a dollar a bale on the New Orleans market. New York showed a gain of from 55 to 60 cents.

The estimate was generally higher than had been expected but due to increased consumption and a good spot demand, the market rose approximately 25 points. It later declined to practically the same figure as was quoted before the report and closed at approximately the same figure as Wednesday.

BIG SPRING MAN IS INJURED IN ACCIDENT HERE

Leaps From Railway Motor Car, Skull Is Fractured

Neel Lester, 31, Big Spring, axman on the T. & P. railway, received a fractured skull and other injuries Wednesday afternoon east of Midland when he jumped from a moving railroad motorcar in an effort to avoid a collision with another car.

According to an attending physician, Lester and two companions, P. W. Moore and C. F. Duvall, were enroute to Midland from Big Spring to Midland and were about one and one-half miles east of town at the time of the accident. Lester's companions remained on the car and were uninjured as the two cars were stopped before hitting each other. Lester was brought to a local hospital by a highway patrolman who was near the scene of the accident. Lester's condition was pronounced favorable today and recovery is foreseen unless complications ensue.

Cattlemen Honored With Big Barbecue At Roy Parks Ranch

Ranchmen from all over Texas, cattle buyers, commission men, bankers, oil men and others engaged in the various walks of life gathered several hundred strong at the Roy Parks headquarters ranch west of the city at noon today for a real West Texas ranch barbecue, which was given by Roy Parks in honor of visiting cattlemen who had gathered here to attend the stock show and the executive committee meeting of the Texas and Southwestern Cattle Raisers Association.

The barbecue, prepared and served in a typical chuck wagon style, was served beneath the beautiful shade trees which surround the spacious headquarters ranch house. The menu consisted of barbecue, delicious steaks, frijole beans, chili, sourdough biscuits, onions, pickles, beer, black coffee, and was topped off with chuck wagon cobbler of cherry and peach variety. The large crowd in attendance could not make a dent in the supply of food which had been prepared.

The Parks chuck wagon was manned by a personnel of cow camp cooks who are recognized as the West Texas champions in that line. Among the cooks who prepared the fine barbecue were Tom Grammer, Earl Ray, Castleberry, Punk Barron, Gilbert Brunson, Poke Bagsley, Estill Henderson, Dick Bagsley and John Henderson.

Preceding the barbecue, the cattlemen spent considerable time in the corral looking over a herd of fine calves typical of the approximate 5,000 head of cattle which roam the 150 sections comprising the Parks ranch. Mr. Parks has won two grand championships on his calves this week, and the Parks calves are recognized as prize winners over the nation.

Visiting cattlemen went away from today's barbecue declaring it as one of the best they had ever attended. It was indeed typical of the fine spirit of the Midland country.

PRESIDENT'S SON FREED OF CHARGES

Nye Says Nothing Illegal Was Done, Case Is Said Closed

WASHINGTON, Oct. 8. (AP)—Chairman Nye (R-ND) of the senate munitions committee, who yesterday ordered publication of a deposition saving President Roosevelt's son Elliott had contracted in 1934 to sell military planes to Russia for a \$500,000 commission, Wednesday declared the incident closed.

"Since no sales were made, it is obvious that the president's son did nothing illegal, and so far as the munitions committee is concerned the incident is closed," he told a press conference.

Nye asserted that the deposition, made by Anthony H. G. Fokker, former dutch airplane manufacturer, would not have been released without a public hearing had it not been for an intimation by an aviation magazine (Aero Digest) that the committee had concealed evidence and facts.

BEHIND THE SCENES IN WASHINGTON

By RODNEY DUTCHER
Reporter-Telegram Washington Correspondent

NEW YORK, Oct. 8.—The best way to discover the secret campaign plans of a major party seems to be to hang around the opposition headquarters and see what the scouts and spies have brought in.

One party's high command usually knows—or thinks it knows—just what coup the high command of the other party is about to perpetrate.

If the Republicans are ignorant of the nature of the spectacular grandstand play which they expect Roosevelt to pull off on the eve of election—as one gathers they are—there's a fair bet that the president and his advisers haven't worked that one out yet.

This writer's observation has been that the New Deal strategists have usually been only about one jump ahead of the gun in deciding where to place the next shot.

There's a fairly straight tip, however, that Roosevelt will deliver a last-minute radio blast aimed at alleged slush funds and at avalanche

of delayed propaganda in the doubtful tier of states running from New York to Michigan.

That, however, will be a counter-attack in response to a major Republican effort of which Democrats have had advance notice.

Gigantic Drive by Mail
About 400,000 letters, according to tips received by Roosevelt leaders, will be mailed from G. O. P. sources to employes and stockholders in the last two or three days before election.

These it is said, will be of the "scare" type and the mailing list will be taken from stockholders and payroll lists furnished by corporations and other employers. The idea would be to reach nearly every voter, offsetting favorable business news by forecasting disaster to business, employment, and investments in case of Roosevelt's re-election.

This story may be exaggerated but Democrats are taking it seriously enough to be planning on a fast, punchy comeback from Roosevelt over a national hookup.

Lionism Founder To Speak at Centennial

DALLAS, Texas.—The founder of Lionism, Melvin C. Jones, of Chicago now secretary-general of the Lions International Club, will speak to 4000 Lions club members Oct. 10 at the Texas Centennial Exposition.

The day will be celebrated as Lions International Club Day, in honor of the first international board of directors meeting to be held in Dallas. Twenty years ago the first Lions club was founded in Dallas.

Forty-one international directors from Canada, Mexico and the United States will attend the board meeting Oct. 8 and 9, and will observe Lions Day Oct. 10 at the \$25-300,000 world's fair. Members representing the 258 Texas Lions Clubs and clubs of Oklahoma and Louisiana will hear addresses by their founder, and their international president, Edwin R. Kingsley, of Parkersburg, W. Va., when they speak at the Exposition.

Governor James V. Alford, himself a Lions club member, and Mayor George Sengert of Dallas will welcome the visiting club members to the Texas world's fair at 10 a. m.

Chairman W. B. Bell of the G. O. P. finance division long ago notified National Chairman John Hamilton, in case Hamilton didn't already know it, that the big money was to be saved for the last days, when it would be plunked into the key states.

According to Democrats in Pennsylvania, the biggest financial effort will be made in the Keystone state. Political charges for public consumption are to be discounted and the assertion of Pennsylvania Democrats that Republicans are raising a five-million dollar fund for use at the polls Nov. 3 probably is just guesswork.

It appears, however, that Chairman Joe Grundy of the Pennsylvania Manufacturers' Association recently urged that business men of Berks county contribute \$500,000 as their share. Inasmuch as \$3,000,000 has been spent in the Keystone state on a single senatorial primary fight, such a figure would not be astonishing.

Big business men in Pennsylvania are aroused, especially because of the political alliance between the administration and organized labor. President Ernest T. Weir of the National Steel Corporation—a leader in the National Association of Manufacturers, the American Liberty League, and the state Republican organization—has circularized business interests to the effect that "no ordinary scale of giving will meet the situation."

Weir and his associates feel fully justified in their efforts, despite all cries of "slush funds" and "buying the election." Because says Weir: "We must overcome the activities of the greatest army of officeholders ever enlisted under any political banner, plus enormous governmental expenditures, skillfully managed to produce New Deal votes."

Be that as it may, the Democrats—whether they like it or not—realize the best antidote they have for the anticipated flood of money and propaganda is the personality and voice of Roosevelt.

After Big Money
It appears, however, that Chairman Joe Grundy of the Pennsylvania Manufacturers' Association recently urged that business men of Berks county contribute \$500,000 as their share.

Political charges for public consumption are to be discounted and the assertion of Pennsylvania Democrats that Republicans are raising a five-million dollar fund for use at the polls Nov. 3 probably is just guesswork.

HAPPY RELIEF FROM PAINFUL BACKACHE

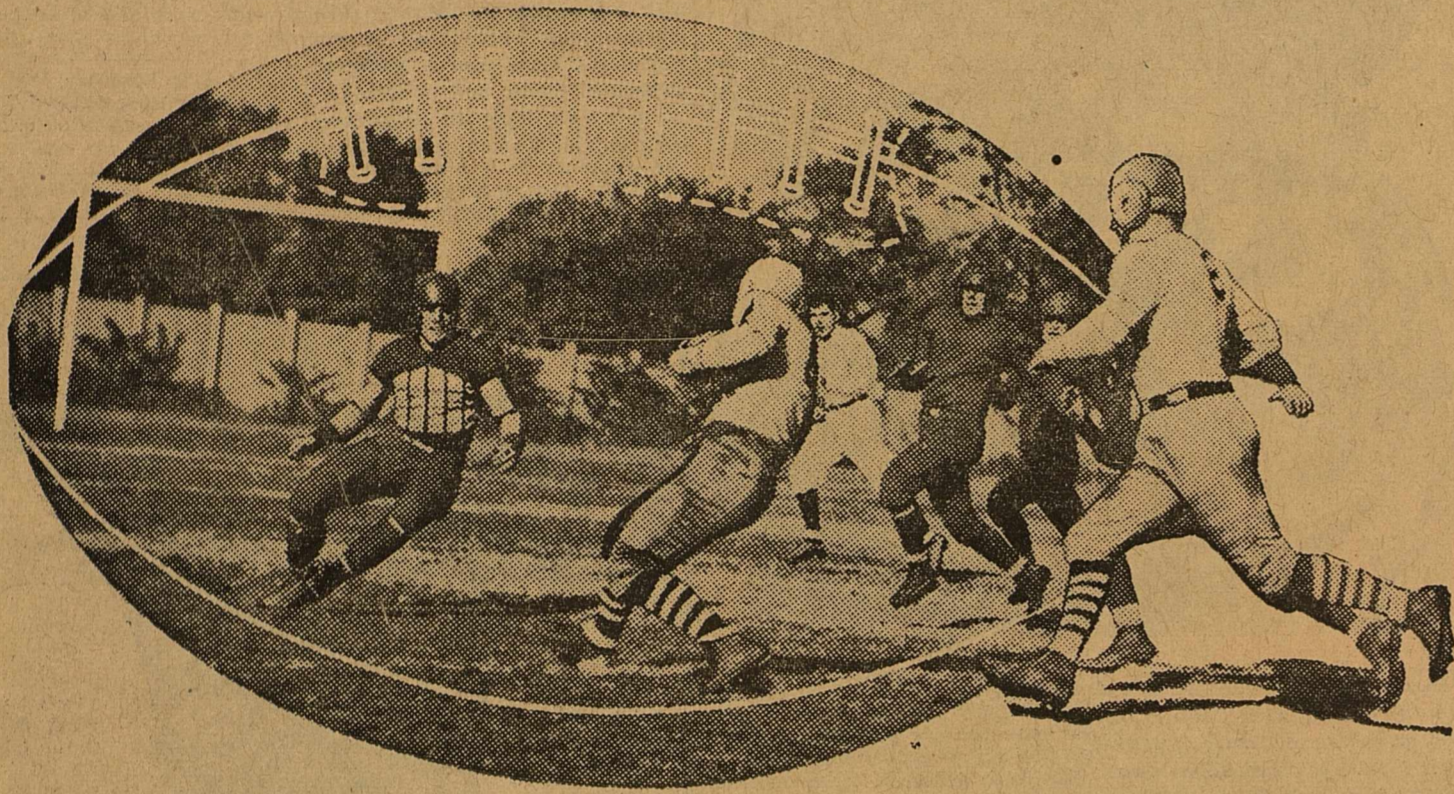

Caused by Tired Kidneys
Many of those gnawing, nagging, painful backaches people blame on colds or strains are often caused by tired kidneys—and may be relieved when treated in the right way. The kidneys are Nature's chief way of taking excess acids and poisonous waste out of the blood. Most people pass about 3 pints a day or about 3 pounds of waste. If the 15 miles of kidney tubes and filters don't work well, poisonous waste matter stays in the blood. These poisons may start nagging backaches, rheumatic pains, lumbago, leg pains, loss of pep and energy, getting up nights, swelling, puffiness under the eyes, headaches and dizziness. Don't wait! Ask your druggist for Doan's Pills, used successfully by millions for over 40 years. They give happy relief and will help the 15 miles of kidney tubes flush out poisonous waste from the blood. Get Doan's Pills.

Women's Wednesday Club Enthusiastic Over new "Atlantic Panel Plan"

The initial meeting of the Women's Wednesday club was held Wednesday afternoon at 1 o'clock in the home of Mrs. John Perkins, when the society was entertained at a luncheon.

Four quartet luncheon tables were an impressive contrast to the beautiful cut roses from the garden of Dr. W. G. Whitehouse, which were arranged in the rooms.

George Glass, Mrs. O. B. Holt, Mrs. J. M. Caldwell, and Mrs. J. M. DeArmond.

The first Atlantic Panel Plan topic was "The Pull of the Printed Word," an article by William Seathier from the "Atlantic Monthly."

A general discussion was held, and the enthusiasm and lively response of the members predicted a successful year for the "Atlantic Panel Plan" which the club unanimously acclaimed as one of the most interesting and influential subjects in the club history.

Those who attended were Meses H. C. Barnes, John P. Butler, J. M. Caldwell, J. M. DeArmond, Frank Elkin, Andrew Fasken, George Glass, James H. Goodman, M. R. Hill, O. B. Holt, R. L. Miller, W. T. Walsh, W. G. Whitehouse, and the hostess.

Delicate Salad Affords Delicious Contrast to Heavy Winter Foods

Midland H. D. Club Arranges Attractive Display at Hardware

A very attractive display, arranged by the Midland County Home Demonstration Council, is on display in one of the Midland Hardware show windows.

The main placard which reads, "Any Month is Gift Month on the Farm," is surrounded by suggested gifts for each month of the year attractively wrapped and artistically arranged.

This display will remain on exhibit over the week end, and every one is cordially invited to stop by and inspect it.

The Home Demonstration Council also arranged a window showing the proper equipment that makes home canning not only preferable, but a genuine pleasure to a thorough and economical house wife. Be sure to see this interesting and instructive exhibit.

The Home Demonstration Council includes representatives of Valley View, Prairie Lee, North Midland, and Cotton Flat Home Demonstration clubs.

Two Extraordinary Pork Chop Recipes

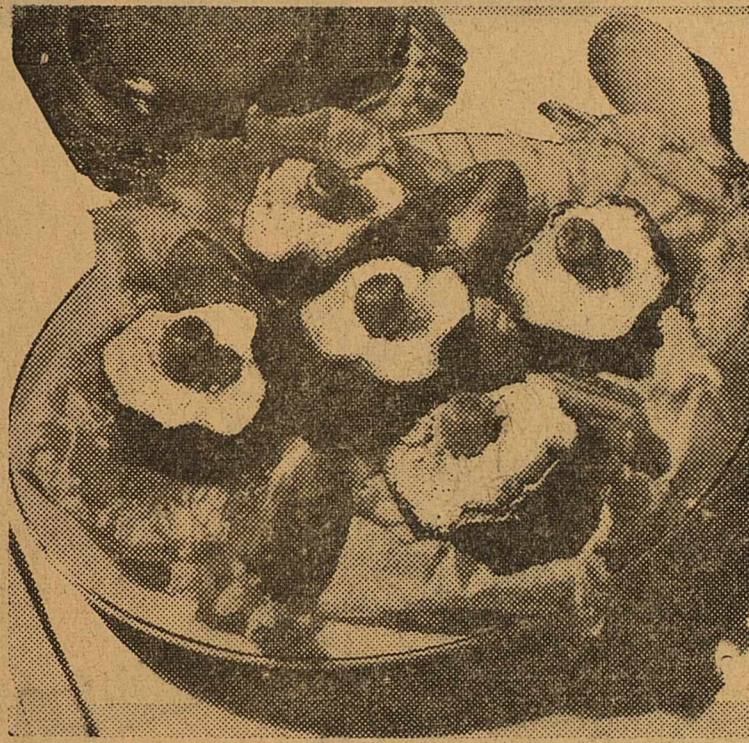

By NEA Service

Pork Chops can be more than just that. Give them a fling, with pineapple and tomatoes, chaperoned by the reliable potato, and they will reveal undreamed of friskiness.

Take 6 of them, 1 1/2 lbs., season with salt and pepper, then brown lightly in a well greased skillet. Park them in a 2 quart earthenware or heat resistant glass utility dish.

Now the fun begins.

Over each chop lay one slice of canned pineapple. On top of each slice of pineapple balance a blushing half tomato. Call in 15 very small potatoes, or larger potatoes cut into 15 small balls. Arrange

Every member of the family will enjoy this novel salad! Cut and hollow green pepper halves; parboil them for five minutes, allow to cool, and fill with fresh, flaked crab-meat

seasoned and masked with mayonnaise. In a good food center such as this, you can get every ingredient for his delight—as well as countless more delicacies for a delicious contrast to the heavy winter foods.

these in dignified order around the elevated tomatoes. Melt 1 tablespoon butter and sprinkle it over this gay party and season lightly with salt and pepper. Be more touch of color—2/3 cup pineapple juice added to the utility dish—and into the oven for a hot time. The heat must be moderate and the baking last one hour.

Then Garnish With Peppers
When the chops are done, garnish them with strips of green pepper and hasten them to the table.

brilliant, tender, and full of surprise.

Pork chops plumped up with a vegetable stuffing—well, read on and see how they taste. Get 6 rib pork chops about 1 inch thick. Tell the butcher you want to stuff them and he will make a cut through the center of each chop. Insert the filling in this "pocket."

To make the filling, combine 1 cup bread crumbs, 1/3 cup chopped celery, 1/5 cup chopped onion, 1 tablespoon dropped watercress

Mrs. Barber Honored On 86th Birthday

The Wesley Bible class of the First Methodist church met Wednesday afternoon at 3 o'clock at the home of Mrs. Fred Barber to attend a surprise birthday party in honor of "Grandmother" Barber. Mrs. Pat Barber and Mrs. Fred Barber were co-hostesses.

The program was started by a devotional given by Mrs. M. C. Coleman from the thirty-first chapter of Proverbs. Mrs. Emma Bailey gave a reading entitled, "To a Friend On Her 86th Birthday." An interesting letter from Mrs. Amelia Hawkins, former class member who now lives in Austin, was read to the class by Mrs. M. D. Johnson.

JEFFERSONIAN DEMOCRATS Offer Proof of Anti-New Deal Charges

We recently made charges in this paper that Mr. Roosevelt and his administration were not Democrats, and had no claim to Democratic loyalty. We charged that continuation of his administration would undermine the economy of the nation, and threaten its institutions. We charged that he had opened the sluice-gates of the federal treasury, and through Boss Farley, had Tammanyized the nation. We charged that he had surrounded himself with radicals, and had more nearly discharged their radical platforms than his own. We are offering the proof of our charges through our paper, the Jeffersonian Democrat.

We reassert that we are regular Democrats. We would prefer to vote the regular ticket. But we refuse to put party loyalty above our loyalty to America. In scratching Roosevelt we violate no party pledge, for the primary ballot contained a pledge to vote for the nominees of that primary. Mr. Roosevelt's name was not on that ballot. Furthermore, the Texas law instructs the voter how to cast a mixed ballot, and the Supreme Court has upheld that right.

We ask all true Democrats to weigh the proof before voting for a continuation of government by irresponsible radicals. Unlike the New Deal we have no ready made organization to spread our propaganda and raise money for our campaign. We will appreciate your support and whatever donations you can make us.

Write us for copies of The Jeffersonian Democrat, and help us distribute it throughout your county. J. EVETTS HALEY, Chairman Jeffersonian Democrats of Texas, Austin, Texas.

THE SPORTS HORN

BY JESS RODGERS

Midland vs. Kermit.

There should be only one answer to the outcome of that one. The Bulldogs should take the invaders by at least three touchdowns. In fact, it should be a swell chance for some of the other members of the backfield other than Wafford to make a few scores.

Very little dope is available on the Kermit club other than their record so far this season. They lost to Odessa by one touchdown, defeated Stanton by the same margin and played a scoreless tie with Seminole.

Incidentally the Bulldogs should be in better physical condition this week than last. Both Rountree and Lawson have managed to partially get rid of their charley-horses and should be able to put up a defensive battle.

The coaches haven't let up on the boys this week because they are tackling one of the weaker members of the league. Some of the glaring errors of last week will be straight-

ened out by game time tomorrow night.

Claims and counter-claims still fly over the outcome of the game last week. Pecos supporters allege three penetrations for the Eagles compared to a pair for the Bulldogs. Their claim comes from that had punt of Wafford's from near the Bulldog goal line. As you remember, Wafford attempted to kick from behind the goal and the ball sliced off his toe and went out of bounds on the 10-yard stripe. Pecos had already advanced the ball inside the 20 and claim their receiving of the punt there should entitle them to another penetration.

Roy Henderson, who is practically THE Interscholastic League, and who will be the one to make a final decision on the matter if it is carried to him, notified local officials this week that he considered it only one penetration.

Lions Club officials are not losing any time in putting into effect their agreement made Wednesday to erect a scoreboard at the football field. Plans have already been drawn and erection of the board is to be started immediately. It is doubtful whether the board will be ready for use by tomorrow night but it will be by the game with Wink October 16.

Not only are they going to build their lone touchdown—Toby Greer, head lineman, said he called them like he saw them—Too much should not have been expected of him—He hails from Monahans—And speaking of Monahans—Their

telephone connections to work between the head lineman, press box and scoreboard. And school board members have promised to put a lock on the pressbox door and turn the key over to this department. Pretty soon they are going to have that place fixed up better than many of the furnished apartments people are trying to rent here.

A letter from Andy Northington chiding us on our picking the Giants in the World Series and our statement about whether or not Gehrig got a foul off Hubbell—Also wonders if Hubbell can pitch softball—Well both Hubbell and Mancuso swear Gehrig hit one that wasn't even a strike. (And how like Andy that is. As we remember, Andy could hit one around his ears or ankles but hated one down the middle—T. C. U. has won seven, tied one and lost one game of night football but still say it is the worst handicap yet invented for a team—Envelopes bearing Hardin-Simmons University literature earlier in the season announced a scheduled game with Texas Mines to be played in Wink or Midland but it is not on the recent ones sent out—Both Baumgarten and Taylor say they are satisfied with the officiating at the game with Pecos despite a Pecos man being far off-side when the Eagles scored their lone touchdown—Toby Greer, head lineman, said he called them like he saw them—Too much should not have been expected of him—He hails from Monahans—And speaking of Monahans—Their

"The Great Ziegfeld" Opening Friday At The Yucca, Will Show Thru Tuesday

"The Great Ziegfeld," Metro-2 col 18 THE GREAT GSDP..... Goldwyn-Mayer giant picture opens tomorrow at the Yucca Theatre for five big days, can be described in three words, world's greatest entertainment!

Challenging all competition, "The Great Ziegfeld" has more first-rate entertainment values crowded within its sixteen reels than any other picture labeled "musical" or otherwise.

Aside from being a musical extravaganza this story of America's greatest show and the glorification of the American Girl also possesses a fine dramatic quality. It has a triple-star threat—William Powell, Myrna Loy and Luise Rainer — to tell a story suggested by the career of Florence Ziegfeld with Powell as Ziegfeld, Miss Loy as Billie Burke and Miss Rainer as Anna Held.

Supporting the star triumvirate are such players as Virginia Bruce, Frank Morgan, Nat Pendleton, Reginald Owen, Jean Chatburn, Ernest Cossard, Herman Bing.

The entertainment value becomes a Parade of Ziegfeld, for the cast also features such world-famous entertainers as Fanny Brice, the ruling American comedienne; Harriet Hector, whom Ziegfeld acclaimed the Pavlova of America; and Ray "Rubber Legs" Bolger, Broadway dancing star.

Also through the story march impersonations as such memorable characters as Will Rogers, Eddie Cantor, W. C. Fields, Bert Williams, Nat Wills, Lew Dockstader, Lee Shubert, Joseph Urban, Irving Berlin, George White and Charles Froham.

The film story, produced by Hunt Stromberg and directed by Robert Z. Leonard, covers every phase of Ziegfeld's career from the time he first exploited Sandow, "Strongest Man in the World," at the 1893 World's Fair, up to the time of his death.

The musical numbers are possibly the most dazzling ever conceived either by stage or screen. Staged by Seymour Felix, formerly Ziegfeld's

School Principal Rotary Speaker

Mrs. Alma Thomas, principal of the north elementary school, gave a talk at the Rotary club luncheon today, telling interesting details of a trip during the past summer to New York City, points in Canada and of a summer session at Harvard University.

Miss Frances Gillette, member of the south elementary school faculty, played two piano numbers, both being Spanish selections.

The Rotary club voted to aid, through its student loan fund, members of the senior class who could not otherwise go on the trip of local school students to the Texas Centennial this week end. CLASSY 1

Girl Foretells Her Death

LYONS, France (UP) — Berthe Boignard, 21, who died here, foretold her own death. A few days ago, while turning out an old trunk, her mother left a letter on the ground. Without looking very closely at it, Berthe cried out: "Oh, mother, I know the writer of that letter is going to die in a few days." It was her letter.

Supporting the star triumvirate are such players as Virginia Bruce, Frank Morgan, Nat Pendleton, Reginald Owen, Jean Chatburn, Ernest Cossard, Herman Bing.

The entertainment value becomes a Parade of Ziegfeld, for the cast also features such world-famous entertainers as Fanny Brice, the ruling American comedienne; Harriet Hector, whom Ziegfeld acclaimed the Pavlova of America; and Ray "Rubber Legs" Bolger, Broadway dancing star.

Also through the story march impersonations as such memorable characters as Will Rogers, Eddie Cantor, W. C. Fields, Bert Williams, Nat Wills, Lew Dockstader, Lee Shubert, Joseph Urban, Irving Berlin, George White and Charles Froham.

The film story, produced by Hunt Stromberg and directed by Robert Z. Leonard, covers every phase of Ziegfeld's career from the time he first exploited Sandow, "Strongest Man in the World," at the 1893 World's Fair, up to the time of his death.

The musical numbers are possibly the most dazzling ever conceived either by stage or screen. Staged by Seymour Felix, formerly Ziegfeld's

Dogs of War Parade

HARBIN, Manchukuo. (UP) — A parade of a thousand dogs, all trained for war purposes, was held here during the air defense exercises. The dogs were assembled in Municipal park and paraded thru the city to Cathedral square, where they gave a demonstration of their wartime efficiency.

Incidentally the Bulldogs should be in better physical condition this week than last. Both Rountree and Lawson have managed to partially get rid of their charley-horses and should be able to put up a defensive battle.

The coaches haven't let up on the boys this week because they are tackling one of the weaker members of the league. Some of the glaring errors of last week will be straight-

ened out by game time tomorrow night.

Claims and counter-claims still fly over the outcome of the game last week. Pecos supporters allege three penetrations for the Eagles compared to a pair for the Bulldogs.

Lions Club officials are not losing any time in putting into effect their agreement made Wednesday to erect a scoreboard at the football field.
