RUSSIA ADMITS 'SATISFACTION' AFTER MEETING
Secret Session Held With 27 Nations Attending

LONDON, Oct. 9. (U)—A Russian expression of "satisfaction" came today from a secret session of 27 European states pondering the continental crisis created by Moscow and Madrid charges of Fascist assistance to Spanish insurgents.

A Soviet representative was satisfied with the proceedings, and it was learned that already Soviet, Italian, British, French, Belgian and German delegates had spoken.

In Edinburgh, the British Labor party's conference approved a demand that both Britain and France open arms markets to Madrid if it is shown that neutrally paid is ineffective or breached.

In Paris, informed sources said that Premier Blum and Foreign Secretary Eden of Britain had to exert every effort to prevent the collapse of the non-intervention accord.

FRENCH COMMUNISTS DEFY GOVERNMENT
PARIS, Oct. 9. (U)—French communists defied government attempts today to restrict their meeting in Alsace Lorraine. Threats of virtual civil war in border provinces were heard as the party declared they were proceeding with plans to hold widespread demonstrations. They claimed 50,000 followers there and said they had refused to curtail activities "because such is the desire of Fascists acting on orders from Berlin."

NRS EMPLOYEES TO BE RE-INTERVIEWED BY ORGANIZATION
All Eligibles Must Take Exam Before November 1

The U. S. Department of Labor has ordered the National Reemployment service to re-interview all WPA employees and all applicants now certified as eligible to work on WPA projects, it was announced today.

This re-interviewing must be completed by November 1, and all reports made to the WPA or any project office in the N. R. S. district office in Abilene.

Those certified applicants who have not been re-interviewed by November 1 will have their certifications of eligibility cancelled and cannot work on WPA or any project financed in part or whole by 1933-34-35 federal funds until they have been re-interviewed. It will cause them to lose at least a week, possibly more, and they may not be certified at all.

The purpose of the re-interviewing is to get a more complete work history of applicants and what they are best fitted for in the commercial working field, and to try to give each and every applicant an occupational classification in some line of work he or she can best do, taking into consideration age, health, physical handicaps, experience and education.

All applicants are requested to call at the NRS office at 319 E. Texas avenue for a re-interview.

'Best Baby' Winner Eats Plenty of Meat

NEW YORK, Oct. 9. (U)—The best baby of 1936 is being held up as a model after winning the "Most Perfect Baby" prize at the annual baby show of the Coney Island Mardi Gras.

His name is Cyril Rycroft, Jr. These are his measurements:

Height, 35 inches; weight, 29 pounds. He is 13 months old. His hair is golden and curly, his eyes are blue and he had eight teeth at the last counting. Cyril has boundless energy and has never been ill a day.

His parents have fed him carefully prepared meat three times a week since he was 10 months old.

The contest was judged by Charles Atlas, physical culturist; Mrs. George Pomroy, wife of the aviator; Marie Craig, baby specialist, and "Jolly Bill" Steinke, radio entertainer.

Believe Measure To Provide 8 Million Per Year

AUSTIN, Oct. 9. (U)—The senate passed a bill today setting up a state system of unemployment compensation under the federal security act. The house had previously passed a bill which differed in numerous sections therefore, the senate action on the bill is not final.

The senate approved the bill after strong opposition from Senator T. J. Holbrook, Galveston, who charged the federal social security board sought to purchase the consent of states to a dictatorship over relations between employers and employees.

The senate approved the bill after strong opposition from Senator T. J. Holbrook, Galveston, who charged the federal social security board sought to purchase the consent of states to a dictatorship over relations between employers and employees.

AUSTIN, Oct. 9. (U)—The House of Representatives today passed and sent to the Senate the Frazier-James omnibus tax bill to raise revenues for old age pensions. Sponsors estimated the proposal would provide approximately \$8,000,000 more each year for pension payments.

It was altered considerably before representatives tired of discussion and voted to bring the main question to an immediate vote. The important 37 1/2 per cent tax increases on oil, sulphur, natural gas and utilities, however, were left unchanged.

Most of the revisions were eliminations of taxes contained in the original bill. The chief exception is addition of a tax of one per cent each on cigars.

In addition to the one-cent levy on nickels and dime cigars, the bill would tax large cigars retailing at 3 cents or less three-tenths of a cent each and little cigars, one-tenth cent.

The amendments tax section without a barrage of amendments except that one was added placing a ten per cent levy on passes. Picture shows costing 50 cents or less remained exempt notwithstanding determined efforts to include those charging between 25 and 50 cents.

Rep. Clarence Farmer of Fort Worth chided his colleagues for making a "gesture" by taxing their passes and the refusing to tax admission to the picture shows which issued these passes. Spokesmen for the majority replied that a levy on picture show admissions was subject to the same objections as a general sales tax—that it was a tax on the average man.

The bill would place a ten per cent tax on admission to shows, operas, baseball games, football games, tennis matches and golf tournaments where the admission price was more than 51 cents and a like tax without exemption on admission to boxing and wrestling matches, horse, dog, motorcycle and automobile racing, dance halls, night clubs and skating rinks.

RETURN SUSPECT TO LEAVENWORTH FROM DALLAS JAIL

Disappearance of 4 Tourists Not Yet Solved

DALLAS, Oct. 9. (U)—An escaped Iowa convict, detained here in the disappearance of four Illinois tourists in 1935, will be sent "at least temporarily" to Leavenworth penitentiary prison on a Dyer act charge.

The man has been sought for over a year in connection with the disappearance of Mr. and Mrs. George Lorius and Mr. and Mrs. George Heber from near Albuquerque.

Officers are attempting to identify the man as the one who cashed Lorius' travelers checks.

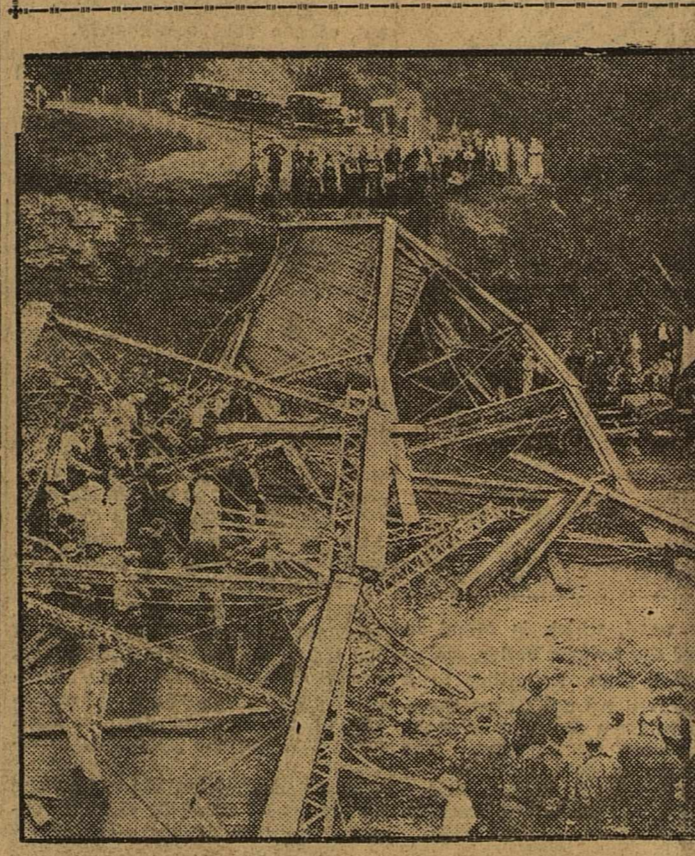

Student Body At Schools Growing

Enrollment in the Midland public schools, in a report issued today, showed a gain of 83 over the same date last year. The table follows:

1935-36	1936-37

Death, Ruin in Truck-Bridge Crash

Tremendous havoc wrought by a runaway truck is vividly pictured here, with death and ruin the toll of a mad plunge around a curve and down a steep hill. The driver, Earl T. Megson, 40, Buffalo, N. Y., lost control of his truck, loaded with several tons of scrap metal, as it sped toward the Catteraugus Creek bridge at Springville, N. Y. The vehicle smashed into the abutment of the 150-foot steel span and catapulted into the stream, being crushed beneath the collapsing bridge. The driver was killed and his helper, hurled through the cab roof, badly hurt. The ruin shows wrecked truck.

WES-TEX FOOD MARKET BUYS 4-H CLUB CALVES OF MIDLAND COUNTY MEMBERS
Price Averages Better Than 10 Cents Per Pound For Stock Purchased

Wes-Tex Food Market, late Thursday, bought seven of the ten Four-H club calves exhibited by Midland county boys in the recent show at Midland Fair, Inc. The deal was private, rather than at auction. Prices averaged better than ten cents per pound, the calves averaging in weight more than 800 pounds. The meat will be sold at the local market of the Wes-Tex.

Calves bought by the Wes-Tex were from Marshall Dale, Midland county prize winner; A. L. Stewart, Jr., county second prize winner; T. E. Bizzell, Jr., Jewella Jones, Clayte Graham, Turney Linney and Harry Hamlin.

County Agent S. A. Debnam said today that four of the calves averaged better than two pounds per day gain and most of them had shown a profit, despite the fact that the calves were bought on a high market and sold at a lower one. The calves were dry lot fed.

Midland and Martin county Four-H calves were financed by the Midland Production Credit Corporation, with the Midland Rotary club endorsing the notes. The calves were bought from local ranchmen and were of good average class and breeding.

TO JOIN HUNDREDS OF OTHERS IN TRIP AT 10:30 TONIGHT
Students to Present Program Sunday In Dallas

Midland school children will join with hundreds of others of this area for a trip to the Texas Centennial central exposition tonight, W. W. Lackey, superintendent of schools announced today.

The Texas Pacific railway has offered special rates to the Centennial, only \$3.40 being charged for the round trip.

Approximately 100 students with faculty member sponsors will leave here tonight at 10:30, arriving in Dallas early in the morning. While in Dallas the students will stay at the Lone Star hotel.

Sunday, 11 a. m. the students of Midland schools will give a 30 minute program in the State of Texas building. Readings and musical numbers will be rendered by the students.

Superintendent Lackey has been requested to remain in Dallas with the students until Monday in order that the students might put on a program to be broadcast but refused so that the students might not miss any school work.

Superintendent Lackey today said the trip for the students had been made possible through the assistance of the chamber of commerce, Rotary club and commissioners' court and that the school was deeply indebted to them for their cooperation. Several of the fares were paid for by the organizations.

Also eligible for the trip are school children who take includes supper, lodging and breakfast, admission to the grounds, admission to "Cavalcade" lunch and supper on the grounds.

The program to be presented Sunday morning is as follows:

Choral readings:
(a) "The Chambered Nautilus" Holmes
(b) "Ruth 1:16-17" Bible
(c) "One Hundredth Psalm" Bible

SPAIN LOOKING TO RUSSIA FOR AID AS INSURGENTS GAIN
Loyal Cities Fall To Rebel Groups Today

MADRID, Oct. 9. (U)—The Spanish government, disappointed over the fall of Sierra de Gredos, looked to Soviet Russia for possible aid today.

Socialists awaited the outcome of a meeting in London of the international non-intervention committee, scheduled to hear Russia's warning that it will abrogate the neutrality agreement unless Fascist nations cease alleged aid to insurgents.

Government circles said they had been crippled in all operations by a "successful" arm blockade which prevented us getting what we needed.

West of Madrid, Fascists smashed through the rugged terrain to capture vital points.

Heavy government reinforcements rushed into line on the Biscayan front where the Balboa defense is the chief concern.

TOP WEIGHT ON POMPOUS GENIE FOR 'HANDICAP'

Local People Urged To Turn Out For Final Day

NEED THE MONEY
Large Attendance Is Expected From Over Area

Eight outstanding thoroughbreds have been nominated for the \$1,000 added Merchants' Handicap race, to be run Saturday afternoon over the mile route, the feature of the closing day and of the entire meet.

Although scratches will be allowed up to the usual time, it was believed that all of the eight horses would go to the post to contend for the big added purse. A nomination fee of \$10 per horse was paid. For each horse starting, an additional \$20 will be paid. All added fees go to the winning horse in addition to his \$600 share. The place horse wins \$300 and the show horse \$100.

Listed in the entries were the following: Hedley and Weaver's mare, Saucy Maria, carrying 110 pounds; C. N. Brewer's two choice animals, Wee-Did-It carrying 112 and Cornelia Powell carrying 116; Tobe Deal's horse, Bobby Sweep, carrying 104; the George Jenkins gelding, Pompos Genie, carrying 120 (top weight); Jack Shisters' filly, Marveltina, carrying the minimum weight, 98 pounds; Mrs. J. R. Drigger's Light Breeze, carrying 102; Steve Knight's Air Zon, carrying 103 pounds.

The last day of the Midland Downs eight day fall meet, Saturday was expected to draw heavily from race fans of Midland and the surrounding country. A large per cent of each day's crowd has been out of town spectators, with less than the expected patronage for home people, officials said after a daily survey.

A last rush of "home folks" to assist in making the meet pay off financially was urged by officials and interested citizens this morning.

A full program of races, at the regular 40 cent admission price, awaits the fans Saturday, with the first race called at 2 o'clock.

ROOSEVELT OPENS WESTERN TOUR IN DUBUQUE TODAY

Landon Prepares To Deliver Talk In Chicago

DUBUQUE, Iowa, Oct. 9. (U)—President Roosevelt opened his western campaign today with a declaration that he was not "worried" so long as the future conduct of the nation remained in the hands of the people.

The president said "a great moral lesson is pointing the direction our country must needs go" citing from an oration given by Father Sheehy at a funeral several months ago for Senator Murphy of Dubuque.

He quoted from the tribute "drastic measures were necessary to meet social problems when Murphy took office. While some may have been unwise the senator couldn't stand idly by and do nothing."

Meanwhile, Governor Landon, republican candidate, arrived in Chicago for one of his major addresses tonight.

Paving of Alley Is Started Thursday

Paving of the alley immediately north of the Thomas building, running from Loraine to Colorado street was started yesterday by city officials. Laborers were started at leveling up the ground and all obstacles being cleared from it.

Paving of the alley is a part of an extensive pavement program for the city during the next few months.

ADOPT CHILD
Mr. and Mrs. H. K. Paulette have filed adoption papers for a girl baby, Mary Jo, seven pounds and nine ounces, who was born in a Midland hospital today.

Every Night Is Hallowe'en From Now On

HERBLOCK

BEHIND THE SCENES IN WASHINGTON

By RODNEY DUTCHER
Reporter-Telegram Washington Correspondent

WASHINGTON, Oct. 9.—WPA officials in Washington are chuckling over a little "boondoggle" which has already netted the government a profit of \$2,000,000 above its cost and may yield a great deal more. When the profit mounts a few more millions, they're going to do a little public chortling.

This "boondoggle" includes three projects for "white-collar" WPA workers, set up by the Bureau of Internal Revenue. One is for reviewing income tax returns, one for reviewing miscellaneous tax returns, and one for investigating liquor dealers.

Together they cost a little more than \$3,000,000. And they've already collected more than \$5,000,000 in taxes and made possible the assessment of \$8,627,000 more, which the regular bureau administrators are moving to collect.

All WPA workers on the project were taken from relief rolls, but of course they were pretty carefully selected and 3185 of them were given a three-week training course, with a little more than 200 non-relief accountants and investigators to furnish guidance.

The point is that the regular staff of the Bureau of Internal Revenue never has been big enough to comb through all the income tax reports. Usually the members check

only the big ones. This WPA project made it possible to comb thru a great many more, and the added tax revenue is the result. Incidentally, they found something more than 2000 who had overpaid their taxes and had refunds coming.

Chiselers Are Trapped

The liquor tax investigators worked by dropping in on saloons and taverns and suddenly testing the liquor on the spot. They made it tough for a lot of chiseling proprietors who were palming off bootleg stuff on unsuspecting customers who were satisfied with a legal-looking label.

These tax investigations were made not only in Washington but in other places. The Texas tax board for instance, set up a project to ferret out untaxed land.

It seems that lots of land in Texas was surveyed in the early days only by the rudest means like counting the revolutions of a wagon wheel as it traversed the land. Tax officials there believe that, as a result, perhaps 10 or 12 per cent of all Texas land is untaxed.

WPA project people were put to work on that, some 3600 of them, and already they've put on the tax duplicate land never listed there before. It is expected to bring Texas as more than \$300,000 annual revenue.

Virginia is sponsoring a similar project for digging up untaxed land, and in Pittsburgh, similarly employed WPA tax project workers actually found a \$6000 residence that had been overlooked by the assessors for 15 years. They found at least 100 unassessed buildings.

Some 800 former relief workers are doing this WPA job in Allegheny county.

Find "Hidden" Assets

A number of local communities have set up similar projects to employ people who had been on relief or WPA jobs. A Houston, Texas, survey of municipal water bills, run in the same manner, showed why

Light Work

These extremes in human lengths do their best to get a light from the lamp post in the Midget Village at the Texas Centennial Exposition in Dallas, where Jack Earle, eight and a half foot giant of El Paso, visited his Lilliputian pal of circus days, Vance Swift.

the city was carrying \$300,000 of unpaid water bills on its books. The WPAers dug up 40,000 errors in names, addresses, initials, in 55,000 water accounts. This showed how many people had been ducking their water bills, and brought cash clinking into the city hall.

Most of the criticism of WPA "boondoggling" has been aimed at "white-collar" projects, and thus WPA officials in Washington are watching these "profitable" white-collar operations under WPA with considerable satisfaction and counting on them as a potential source of defense ammunition when they have mounted to an even more impressive total.

Measurement of Farm Lands By Extension Service Well on Way

COLLEGE STATION—Work on measuring compliance with agricultural conservation plans which entitled farmers to grants of money is about one-third completed, it is estimated.

This work began about the fourth week in August and the measurements have been made by using the same ways employed in measuring compliance in previous programs, except that in 20 counties aerial maps are being used.

Officials are finding that the aerial map method is very satisfactory, being speedy, accurate, and practical.

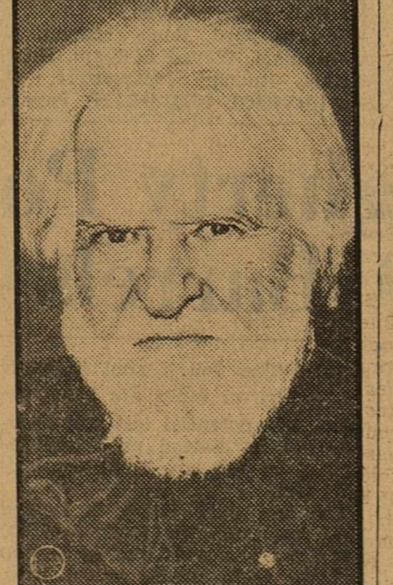

Not every farmer has believed in this new-fangled method of measuring his land. But the results are justifying its use as illustrated by a story of a man who protested his payments being based on this method and—standing over the map—demanded to be shown how the thing worked and how many acres the instrument indicated that his farm contained. Being shown and told that his farm was 155 acres according to the calculations he said, "I knew it was wrong; I knew it couldn't do it. My farm has 185 acres in it. I bought it from Mr. so-and-so 15 years ago and paid him for 185 acres and have been paying taxes on 185 acres ever since."

The Agricultural Conservation committeeman with whom he was arguing thought enough of the man's word to take his chain and go out and measure the farm. The measurement turned out to be 155 acres. The farmer who had been paying taxes on 185 acres is now threatening to sue for the return of the purchase price of 30 acres of land which he did not get.

It is planned to be through the measurement in the State of Texas by October 20. One district has completed the work already.

On May 11, 1937, astronomers will have the best chance in 1000 years to determine whether the planet Mercury has an atmosphere. On that day the tiny planet will appear to skim the sun's face.

Famed Poet Is Convalescent

Effects of a light stroke of apoplexy have been overcome by Edwin Markham, above, poet, famed especially for his "The Man With the Hoe." He was stricken after a lecture tour of the middlewest and now is convalescing at his home in Westerleigh, Staten Island. Markham is 84.

The Town Quack

(Reserves the right to "quack" about everything without taking a stand on anything).

while his wife has her faults, she hates his enemies like fury. And that's some sort of devotion for you.

Bob Hickey, publicity man for Cole Bros. Circus, says they have a clown with as sad a face as a man who has bet on seven races and lost eight.

A visiting Californian says the sun rises out west are beautiful. He can't fool me. I know the sun rises in the east.

A doctor advised a local man to take iron and wine. But the wine couldn't pep him up enough to offset the weight that settled from the iron. And now he sits in a chair all the time.

A local philosopher said today that there is no such thing as free love. All of it costs money and some of it costs your reputation.

Winter is coming and it's a great season. If it were not for winter, the American home would be abolished. The folks have to come in out of the cold occasionally.

A columnist said that when Al Smith took his walk, he went all the way.

The Town Grouch admits that

City Will Vote Oct. 30 On Acquiring Rival Utility

SPRINGFIELD, Ill. (U.P.)—Residents of Springfield will participate in a referendum vote on Oct. 20 on the question of whether the city's electric service plant shall purchase a rival private utility's electric business.

The proposed transaction, which would give the municipally owned plant a monopoly on the electric current business here, entails expenditure of \$7,200,000, the purchase price agreed upon by officials of the two groups.

City Commissioner Willis J. Spaulding, who has been head of the water and electric light plants here for years, and Arthur D. Mackle, vice president and general manager of the Central Illinois Light Company, are the principals involved.

At present Springfield enjoys one of the lowest rates for electric cur-

rent in the United States. A huge artificial lake recently was completed here with a 40-mile shore line to add to the city's power properties.

The referendum will cost approximately \$9,000 and will be paid out of earnings of the city's plant.

The city also proposes to pay for the private utility's business from its earnings over a period of 20 years.

Police Woman Prefers Home

PASADENA, Cal. (U.P.)—This city will lose its chief police woman, Miss Emeline Elizabeth Jones, when she marries Prof. Frederick Mason Chace, internationally known Harvard geologist. Despite the marriage the bride will continue her police duties for the period required by the department rules.

Defending the Olympic committee's action in barring Eleanor Holm Jarrett from competing with the American swimming squad because of drinking, Avery Brundage, president of the committee, is shown here as he arrived in New York and discussed the situation that has been the talk of the country. Brundage revealed that he was retiring from the presidency of the A. A. U., and that the Olympics had cost him \$15,000 of his own money.

Electricity is Cheap— Eyes Are Priceless
Safeguard Eyesight With Better Light

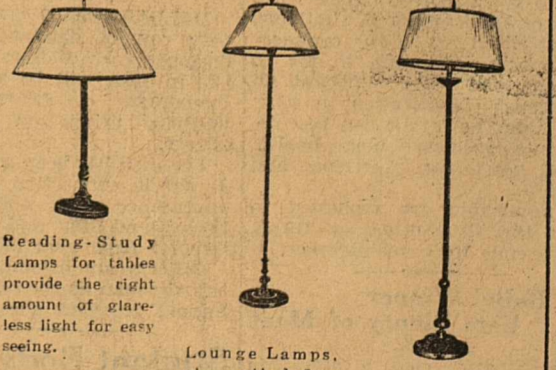

A few cents for cheap electricity is all it costs to safeguard priceless eyesight. Many women have found that the difference between the cost of ordinary lighting and GOOD lighting adds only a few pennies a day to the electric service bill.

But what a difference it makes in protecting the eyesight of members of the family who read regularly! And what a difference it makes in the appearance and comfort of the home!

The new I. E. S. Better Sight Lamps are scientifically designed to provide the right kind of soft, glareless light for reading, studying, sewing or any other task which demands extra work from the eyes. See these new lamps at our store and at electrical dealers.

Texas Electric Service Company
R. L. MILLER, Manager

The I. E. S. Better Sight Lamps

Reading, Study Lamps for tables provide the right amount of glareless light for easy seeing.

Lounge Lamps, also called floor reading lamps, are placed by easy chairs or lounges.

Floor Lamps serve a dual purpose—for reading and for general illumination.

Be sure to look for the authorized certification tag on the lamps you buy. It isn't an I. E. S. Better Sight Lamp if it doesn't have this tag.

Society and Clubs

Valley View H. D. Club to Elect New Officers Oct. 20th

At a meeting of the Valley View home demonstration club in the home of Mrs. M. E. Payne, the organized 4-H pantry was discussed. Mrs. Lura Hollingsworth C. D. H. A. gave an illustrated talk on the arrangement and needs of a well organized pantry. She especially stressed the placing of the meats, vegetables and fruits that were the most likely to spoil. If the pantry is in the kitchen these products should be placed in the lowest shelves, as heat naturally rises and the cold air settles, making this location the best at all times.

The next meeting on Tuesday, October 20, 1936, will be at home of Mrs. J. D. Bartlett, with the wardrobe demonstrator Mrs. Lois Lewis, giving a demonstration on Tailored Finishes. The officers for the coming year will also be elected at this meeting.

At the close of the business refreshments of hot cocoa and tea cakes were served to Mrs. Lura Hollingsworth, C. H. D. A., Mmes. W. S. Hudson, Louise Harrison, G. C. Brunson, Lois Lewis, H. L. Mat-teson, J. D. Bartlett, and the host-esses.

Woodman Circle Holds Meeting

A regular session of Queen City Grove, No. 967, was held Thursday evening at 7:30 p. m. with Mrs. Laura Furgason, state auditor and district manager of the society from San Angelo, presiding at the meeting.

Several committees were appointed and plans were made for a special meeting to be convened in the near future in honor of the State Manager, Miss Bessie Dolan of Taylor, Texas, and Mrs. Furgason.

The officers announce that work in the recently reorganized grove is progressing rapidly, and plans for a drill team are near completion.

Another class initiation will be held in November, patterned after the September initiation in which the Big Spring Grove honored the first class.

ANTELOPE TOO PLENTIFUL

BOISE, Ida. (U.P.)—The state game warden doomed 150 Idaho antelope when he issued that number of special licenses to hunters to kill the deer out of season. There are too many deer in the state, he said, after finding 15,000 head in a recent census.

CHILDREN

Who are now wearing glasses say "Skippy" glasses bring happiness to children who need glasses... and we have a beautiful novelty for children who call for them.

HAVE Y-O-U-R CHILD'S EYES

Examined before the strain of school retards them.

"In The Bag" For Steamed Pudding To Make A Hit

By NEA Service

A bountiful ending makes the whole meal good. If your dinner menu seems a little thin, break a 9-ounce package of dry mince meat into pieces, add 1/2 cup cold water and boil until almost dry. Cool. Beat 1 egg slightly, add 1/2 cup finely chopped nuts, 1/2 cup orange juice, 1 teaspoon grated orange rind and 1 1/2 cups dry cake crumbs. Mix well then add the moist mince meat. Pour into pudding mold or into large, thoroughly cleaned coffee tin, filling 2/3 full. Cover tightly. Steam 1 hour with boiling water half way up on mold. If necessary, add more water. Serve warm with Foamy Sauce.

Foamy Sauce

Foamy sauce is easy to prepare. Beat 1 egg yolk together with 1/2 cup sweetened condensed milk.

Add 1/8 teaspoon salt and 1/2 teaspoon vanilla. Fold in 1 egg white, stiffly beaten. Pour in chilled pitcher. This makes 1 cup of the sauce—enough for the above pudding.

Here's another hefty autumnal dessert that will carry its burden of required nourishment. Beat 1 egg, add 1/2 cup milk. Dissolve 1 teaspoon baking soda in a little water, then add to milk and egg. Stir in 1/3 cup chopped meat, 1 1/4 cup orange marmalade and 2 1/2 cups dry bread crumbs. Mix thoroughly. Pour into buttered steaming mold. Steam for 2 hours, counting time from the moment water begins to boil.

Cream Sauce

Serve with the following sauce: Cream together 1 cup powdered sugar and 1/3 pound butter or oleo-bargarine. Stand saucepan over hot water. Slowly add the beaten yolk of 2 eggs. Continue to stir until the mixture thickens. Keep warm, but do not cook any more. When dessert time arrives, fold in 2 stiffly beaten egg whites, 1 teaspoon vanilla and 1/4 teaspoon almond extract. Your dinner will be a success.

Hunter Loses to Hornets

HOLLISTER, Cal. (U.P.)—Leon Latapine, has the hardest luck story of the deer hunting season. He had spied his first large buck and kicked over a stone in order to get solid footing for a shot. There was a hornets nest underneath the stone. The decision was in favor of the deer.

Governors Enjoy Health

LINCOLN, Neb. (U.P.)—Eight former governors of Nebraska—every chief executive in the past 30 years except one—are living. Gov. R. L. Cochran found when he sent out invitations to them for a roundup at the Indiana - Nebraska football game here on Oct. 17.

Just 2 Guesses: Who Are They?

Star-hunters have a new "Who's Who?" game since film celebrities started wearing dark glasses for disguise at public events. For instance, would you have guessed the miss in top photo is Constance Bennett? Or that in disguise in the lower photo are the attractive features of Rochelle Hudson? The actresses are pictured at a Los Angeles tennis meet.

'Soup's On' Becomes Reality In Autumn

By NEA Service

As soon as the weather gets cooler we begin to plan our meals with a first course in mind.

In hot weather, when appetites lag, we are likely to simplify meals and get along with a main dish, salad and dessert.

But there's little or no excuse for doing without a good home-made soup when the days are cold.

Personals

Mrs. H. S. Henton of Odessa visited in Midland today.

Mrs. F. H. Longbaugh and Mrs. K. L. Sappington of Odessa visited in Midland yesterday.

Reagan Hill and Duke Hill of Rankin visited in Midland Thursday.

Mr. Edgar Beckton, and Mrs. M. Gerry and children of Big Lake were in Midland yesterday.

Sam Ashley of Wink was in Midland on business today.

Mr. and Mrs. Jack Edmiston and son of Houston are visiting friends in Midland.

Mr. and Mrs. Sam Warren have moved from Crockett to Midland. Mr. Warren is with the Humble Oil Co.

Melvin Slale and W. P. Bostwick have gone to Fort Worth for the week end.

Mrs. J. Tom White is in Midland from her New Mexico ranch.

Mrs. W. S. Blodgett of Wickett is visiting in Midland today.

Mrs. Downey Honors Alpha Birdge Club

Mrs. Roy J. Downey, 1210 W. Indiana, complimented the Alpha Club members Thursday afternoon at 3 o'clock in her home at a bridge party.

Two tables of bridge were arranged for the guests. Mrs. Jack Brown won high score, Mrs. George Bennett, second high, and Mrs. L. L. Payne, high cut.

The club guest was Mrs. W. Worden of Houston, who is visiting Mrs. Jack Brown.

Refreshments were served to Mmes. Leslie Weatherall, Tom Rainbolt, George Bennett, L. L. Payne, J. R. Crump, Jack Brown, and the hostess.

If you think soup is too much trouble or haven't the time to prepare it, you might serve such a simple first course as boneless, skinless sardines on lettuce with French dressing, or canned salmon with capers and vinegar. Shrimps on lettuce, with a sharp horseradish chili sauce, are another appetizing combination.

Most people—men especially—enjoy a home-made vegetable soup that has many tid-bits of vegetables in it. Here is a tried-and-true recipe. The housewife who serves this soup will find it well worth the effort of preparation.

Country Vegetable Soup for Six

One-half cup olive oil, 6 to 8 onions, pepper, paprika, salt, 3 carrots, 1 cup shredded cabbage, 2 cups tomato juice, 2 or 3 left-over cooked potatoes.

This is the simplest method of making a good soup if you don't happen to have any meat stock in the house.

Cook the chopped onions very slowly until brownier, in the olive oil in a large kettle.

Meanwhile cook the cabbage and sliced or diced carrots in just enough water to cover.

When the onions are tender, add the carrots and cabbage and the water in which they were cooked.

Add the 2 cups of tomato juice, salt, pepper and paprika to taste.

Left-over cooked meat may be ground and used also. Add the potatoes, diced fine.

Do not let soup boil after adding the tomato juice; simply let it simmer for ten or fifteen minutes.

If you are having vegetable cutlets for dinner, don't throw away the scraps of veal that trim from the cutlets. Put them in a kettle, cover with water, add an onion, a carrot sliced, salt, pepper and paprika and let this boil for two hours. Strain and you have delicious meat broth with all the fine flavor of the meat.

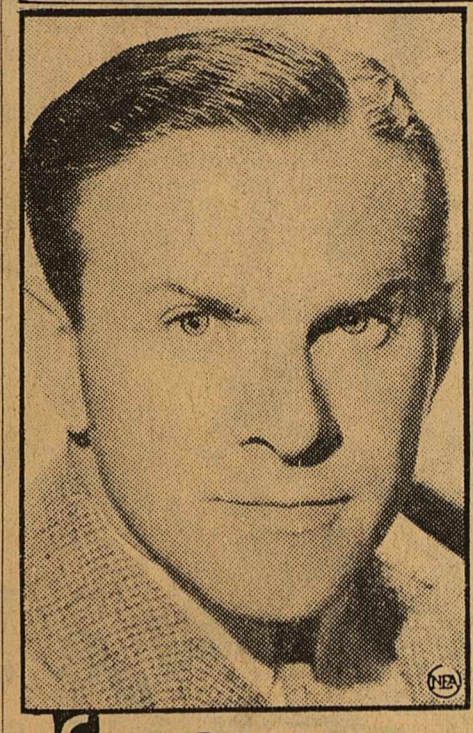

Serve very hot in bouillon cups with chopped parsley and croutons.

STORIES IN STAMPS
By I. S. Klein
The Artist Queen

FOR 46 years, Queen Wilhelmina has ruled the Netherlands. Now, at the age of 56, it is reported, the world's only reigning queen and the senior among sovereigns has made up her mind to abdicate in favor of her daughter. She will give up her throne to Princess Juliana, who has just become engaged to Prince Bernhard zu Lippe-Biesterfeld of Germany. Since 1890, when she was 10, Queen Wilhelmina has been the idol of her people. Much of her income of \$5,000,000 a year, from her Dutch East Indies interests, has been turned over to her country's charities. She herself has found amusement in water color painting, in reading all sorts of books about her own lands, and in taking special interest in the government of the country. Next to Queen Victoria, the ruler of the Netherlands has been pictured on more types of stamps than any other ruler in the world. The stamp shown here is one of a set issued in 1923, on the 25th anniversary of her accession to the throne in 1898.

Popovers As Sunday Breakfast Treat

By NEA Service

One of the finest meals in a well-run American household is the Sunday breakfast. For once, the family is assembled for breakfast and can eat the meal without thinking of the morning train to the city, getting the children off to school, or the many other reasons for watching the clock of a morning.

A good Sunday breakfast is what you make it. If you serve the identical fare you do on week-days, it's just another meal. Most of us eat sketchy breakfasts, anyway, and Sunday is just the time to have something that can be eaten with leisurely appreciation.

Something like cornbread or popovers in place of toast or rolls for example.

There's a school of thought that is firmly convinced that good popovers can only be made in iron popover pans. Others favor muffin tins. Whichever you use, here's the recipe:

12 Large Popovers

Two eggs, 1 cup milk, 1 cup flour, 2 teaspoons melted butter, 1/2 teaspoon salt.

The real trick in making popovers no matter what kind of pan you use, iron or tin, is to be sure the pans are piping hot before you put the batter in. Bear this in mind, and your popovers will be all you could hope for.

First grease the pans thoroughly and put them in a hot oven until the fat begins to steam.

In the meantime, beat the eggs about two minutes, add the milk and beat again.

The more you beat them, the more air in the batter, making lighter, better popovers.

Put in the flour, mixed with the salt.

Lastly add the melted butter.

Now, pour the batter into the steaming hot tins, filling them half full.

Place in a moderately hot (350 degrees) oven for 20 minutes.

When the popovers are done they will pop over the sides and top of a m. in the Crystal ballroom. Mayor M. C. Ulmer is teacher.

Mother of Two is Veteran As Professional Wrestler

LONDON (UP)—Mrs. Mary Elizabeth Brewer, who says she is the only married woman wrestler in England, is without a husband. She charged he deserted her and sued him for maintenance. Brewer admitted leaving her and was ordered to pay his wife \$6.25 a week. Mrs. Brewer is 28, weighs 128 pounds, and the mother of two children. When she wrestles at London stadiums her children Joyce, 10, and Leslie 9, go to watch her. She gets \$6.25 a match, and \$10 if she wins.

"Books are only of real interest when they are out of the bookcase."—Beecher.

"It improves the figure and keeps me in perfect health," she declares. "And what is more I don't have to diet. Since I began wrestling two years ago I've won and lost dozens of bouts. We always have six rounds of five minutes each and use most of the grips practiced by men.

"I have beaten Miss Jubilee, the Chesterfield girl, who is England's champion woman all in wrestling. I'm friendly matches, and am meeting her in the Yorkshire championship this year."

GRIDIRON HEROES

IOWA has turned out some great gridiron heroes in Big Ten competition. One of the greatest was Aubrey Devine, captain and All-America quarterback in 1921. With Duke Slater, giant Negro tackle, opening huge holes, and Craven Shuttleworth and Glen Devine mauling interference, Aubrey probably gave the greatest exhibition of his career against Minnesota that year, the Hawkeyes winning, 41-7. Devine scored four touchdowns and made five of six place kicks after touchdown for 29 points. In addition, he passed to Lester Belding for Iowa's other two counters. The likable field general did all of his team's punting in addition to most of the ball carrying. His total yardage on return of punts and plays from scrimmage was 342, and his longest gain was 50 yards on a kickoff. At present he is assistant to his old Iowa coach, Howard Jones, at Southern California.

EXPECT HOME CLUB TO WIN DECISION WITHOUT TROUBLE

Starting time on the Midland-Bulldog district 7-B football game will be started at 7:30, 30 minutes earlier than the usual time, in order that many students of the schools may get aboard the Dallas bound train at 10:30.

The game tonight should prove the easiest for the Bulldogs of any so far this season. Constant improvement in their play and their record so far this season bears out predictions they will not be seriously challenged by the invaders.

In three games played so far this season the Winkler county boys have won one, tied one and lost one, rolling up only 14 points while the opposition has made two points less.

In the initial game of the season Kermit lost one to Odessa that most observers were unanimous in saying they should have won. The score was 7-12. In their second game they proved better mudders than Stanton and won out by a score of 7-0. Last week they were held to a surprising nothing to nothing tie by the Class-C Seminole club.

Kermit officials failed to send a copy of their roster (which means there will be no programs at the game tonight) thereby making consideration of their club mostly guesswork, but observers of the team in action say the Midland club will carry a weight advantage in this game as in all others they have played this season.

Coach Baumgarten indicated this morning that he might start his "shock troops" but the regulars will get into the game before it is very old even if they do not start.

With the Crane game to be played next week the local coaches are sure to give their first-string men all the rest possible during the game tonight to prevent any possible injuries that might result.

Coaches have worked hard to get the club in first class shape for the game tonight, hoping to run up a score early enough in the game to let the first team spend a lot of time on the bench.

More diversified action should be seen tonight than in the previous games. The Kermit club is undoubtedly weak enough that the entire burden of carrying the ball will not fall on Wafford. He has made every point scored by the club this season.

The invaders are reported to have a fair passing attack with at least one "speed merchant" in the backfield. They will undoubtedly try a lot of passes to overcome the weight disadvantage that will be theirs.

The SPORTS HORN

BY JESS ROGERS

They went and done it.
 Professor Lackey was notified today that there would be a district meeting of school officials to rule on a protest by Pecos of their defeat by Midland last Friday on the penetration-first down ruling. The meeting was scheduled for Saturday but local officials got it postponed until Tuesday in order to make the Dallas trip tonight.

The school officials at the meeting are to be asked for their interpretation of the rule covering the question raised by the Pecos bunch.

The decision in question is as follows:
 Early in the second quarter the Eagles managed to advance the ball inside the 20 yard line, to about the four, in fact, before losing it. Wafford then attempted to punt out of danger but the ball soared out of bounds on the Midland 10. Pecos then made another futile attempt to score. Pecos officials maintain this should be counted as two 20-yard penetrations despite their having brought the ball into that zone only once. Officials unanimously agreed only one penetration should be scored for the Eagles.

Should the district officials overrule the decision of the referee, head line man, umpire, the matter can still be carried to the state interscholastic league for a decision. Roy Henderson, chief of the state body, earlier in the week said, in his opinion, that Pecos was entitled to credit for only one penetration on the decision in question.

A few shots on tomorrow's games.
 Alabama vs. Mississippi State—About time for Miss. to finally defeat the 'Bama.
 Arkansas vs. Baylor—This will be one time when a Razorback will whip a Bear.
 Brown vs. Harvard—The broad-A boys should win this one.
 California vs. Oregon State—The Golden Bear should bounce back after a defeat by St. Mary's.
 Chicago vs. Butler—Whoever heard of Butler?
 Centenary vs. Tulane—The Gentlemen will prove they can win without Norton.

Clemson vs. Duke—The Red Devils torture Clemson.
 Colgate vs. Georgetown—A little late in the season for warmups, but that's all Georgetown will be.

Columbia vs. Army—Tramp, tramp, tramp, the Cadets will march.
 Dartmouth vs. Holy Cross—Out on a limb—Dartmouth.
 Fordham vs. S. M. U.—Southwest Conference prestige lowered.
 Georgia vs. L. S. U.—Louisiana is double tough.
 Georgia Tech vs. Kentucky—The Georgia boys are coming back into their own this year.
 Illinois vs. Southern California—Howard Jones appears to have another strong club—U. S. C.
 Indiana vs. Michigan—Just a guess—Michigan.
 Iowa vs. South Dakota—Oze Simmons should get a chance to go places for the Iowa boys in this one.
 Minnesota vs. Nebraska—We'll string with Minnesota until someone proves they can be beaten.
 Missouri vs. Kansas State—Missouri in an upset.
 Northwestern vs. North Dakota State—If Northwestern loses this one the Republicans will carry Texas.
 Notre Dame vs. Washington U.—A push-over for the Ramblers.
 Ohio State vs. Pittsburgh—Would rather skip it. But here goes a weak vote for Pittsburgh.
 Oklahoma vs. Texas—Texas on their showing against L. S. U.
 Purdue vs. Wisconsin—The Badgers haven't rebuilt enough to take the Bollermakers.
 Rice vs. A. & M.—The Aggies appear to have what it takes.
 T. C. U. vs. Tulsa—The Frogs seem to have hit their stride.
 Texas Tech vs. Wichita—The Red Raiders continue winning.
 Navy vs. Virginia—The Navy hoists anchors.
 Vanderbilt vs. Southwest—The Vandy boys are pretty well up on the Morrison system by this time.
 Yale vs. Penn.—Yale, without too much trouble.

of 1934 Mr. Lindsey left the Hagenbeck-Wallace shows to become treasurer. He is very active in his executive position and has a great number of friends throughout the country.

Mrs. Lindsey is also with the circus. Professionally she is known as Pat Lindsey, aerialist.

FEASTS ON 144 EGGS
 JACKSON, Cal. (U.P.)—"I'm putting all my eggs in one basket," Amaya Porfirio declared when he ate 144 raw eggs in the care of Wong Lee, Jr., and called for more. Porfirio says his real record was established in Mexico where he ate 300 eggs at a single sitting.

Ex-Odessa Resident

In Cole Bros. Circus

Earl Lindsey, former Odessa resident will be in Midland Tuesday as treasurer of the Cole Bros.—Clyde Beatty circus. Mr. Lindsey left Odessa in 1929 to become secretary to Jess Adkins, manager of John Robinson's Circus, resigning a position with the Texas company to enter the circus field.

When the Cole Bros.—Clyde Beatty circus was launched in the fall

A total of 6,750,620,000 letters, parcels, telegrams, and wireless licenses was handled by the British postoffice in 1931.

In Pennsylvania, there are "ice mines," where icicles form in hot weather and melt when comes.

Announcement

DUE to rising costs of materials used in beauty work, it has been necessary for the Midland Beauty Shops to study the situation co-operatively. This group, after analyzing the situation carefully, believes that the only solution to the problem is to adopt standard prices in this city. This step is necessary in order to keep up the standard of beauty shop work that has been maintained here for years. The standard prices of work are listed below, together with various shops that have pledged themselves to work co-operatively in this program of giving better service in the face of advancing costs of materials used.
