

Crops, Ranges Assured By Rain Here

San Angelo Flood Damage Estimated Over \$2,000,000

RECEDING WATERS END WORST FLOOD IN TOWN'S HISTORY

Hundreds Homeless As Rivers Drop Today

300 HOMES LOST

500 Others Damaged By Swirling Streams

SAN ANGELO, Sept. 18 (P)—The receding waters of the Concho rivers ended the most destructive flood in San Angelo's history today, leaving damage estimated to be more than \$2,000,000.

Nearly 300 homes were washed away and 500 damaged. Many had water from one to four feet inside them when the floods were at their worst.

Estimates placed the homeless and destitute at 400. Extra police were patrolling the city to guard against looting.

A drinking water shortage failed to materialize, and electric power was back on last night.

The north branch of the Concho, cutting through the city, receded five blocks from the high mark of yesterday.

Danger from high water was reported in other parts of the state. Coleman firemen received a distress call from a family marooned on a house near the Colorado river.

There was much damage in the Coleman sector.

The Valenzuela ranch in Webb county had heavy damage. The Wichita river is out of banks and still rising.

A tourist camp and several homes were damaged in Wichita Falls.

400 PERSONS ON ISLAND MANAGE TO REACH SAFETY

Night of Terror Put In By Residents Of Isle

NORFOLK, Va. Sept. 18 (P)—Four hundred persons, trapped on Ocracoke Island, North Carolina, emerged safely today from a night of hurricane terror while a great windstorm swept northward along the sea coast, battering the Carolinas, Virginia and Maryland. A great loss of life is expected.

The winds reached a 90-mile velocity to do terrific damage and high waters are flooding the streets of many coastal cities.

Coast guards went to the rescue of two ships and a barge in the New York-New Jersey area prepared for emergencies as the storm sweeps north.

A thousand miles of Atlantic coast was lashed by the hurricane. There is no way of determining immediately how great is the loss of life and property. Two were listed dead in early reports. Full gale warnings are posted to Maine.

Rogers, Post Plane Remains Are Shipped

SEATTLE, Wash. Sept. 18 (P)—The famed Arctic trading schooner, C. S. Holmes, and her scholarly young skipper, Capt. John Backland, were back in home port Thursday—the Holmes to discharge the propeller, motor and flying instruments of the plane in which Will Rogers and Wiley Post lost their lives and Backland to get a shave and a haircut.

"It was a job getting the engine aboard at Barrow," Backland said. "It's a 750-horsepower engine and weighs close to a ton. We built a casaman of Eskimo boats to get her from the beach.

"Pratt & Whitney (airplane motor manufacturers) wanted only the engine, the propeller and the instruments. The rest of the plane is worthless. The pontoons are smashed, the tanks are split, the seat in which the men sat is pushed forward."

VISIT WRECK VICTIM

W. P. Wagner, Charlie Heyer of Fort Worth, and Dr. L. A. Barber of Seymour left today from a brief visit with S. J. Criss, recent wreck victim who is being cared for in a local hospital.

ON BUSINESS TRIP

Carl Mayfield, manager of United Dry Goods Co., is in El Paso on a business trip.

TNT Blast Fails to Rout Defenders From The Alcazar

Romance (?) Enjoys a Premiere

Appearance of comedian Charles Chaplin and attractive Paulette Goddard, as shown in top photo, and Mary Pickford with Charles (Buddy) Rogers, below, at a premiere in Hollywood bowl the other night, didn't exactly stir up a new crop of romantic rumors about the two couples, but it did give Talkietown another peg for speculation.

BAPTISTS TO MAP BUILDING PLANS

Session Called Sunday Afternoon Of The Membership

Planning a building program, both for present and for future needs, members of the First Baptist church have called to attend a business session at 3 p. m. Sunday.

The meeting is the outgrowth of a brief session last Sunday morning and of numerous conferences of the building and finance committees.

Motions were passed last Sunday morning for programs to repair and remodel the interior of the church building, also to begin raising money for a large building program. Details of the program, as suggested by the building committee, will be brought out at the Sunday afternoon meeting, with full discussion invited by the membership.

REPORT OIL GAIN IN DAWSON WELL

Albough No. 1 Robinson Drills Ahead To 4,971

By FRANK GARDNER A report that Ray Dawson et al. No. 1 Robinson, northwest Dawson prospect, had encountered an increase in oil by deeping from 4,964 to 4,971 was circulated today, and just before press time, was confirmed. The well was ordered shut down for a short period last late yesterday, but plans were to drill ahead today. About 1,800 feet of oil was reported standing in the hole, having risen to that point overnight.

Interest has been considerably revived in the Albaugh well since the determination that water in the hole was not coming from bottom-hole formation. Analysis of the See (Oil News) Page 6

Besiegers Slain As They Attempt To Rush Fort

MADRID, Sept. 18 (P)—Besieged Fascists in Toledo's Alcazar withstood an explosion of a ton of TNT today and fired machine guns from cellars of the ruined fortress to hold off government troops.

The explosion today was one of the three mines planted under the fortifications where 1,700 insurgents including women and children, have barricaded themselves. There was no way of determining the number of casualties.

Powerful syndicalists in Madrid said that the only effective way to crush Fascism was by conscription of all able bodied men.

Insurgent forces occupied a part of Orto in northwest section. Both sides claimed the capture of Sigüenza, near here.

Government leaders who earlier had announced a terrible decision to blow up the fortress and all the men, women and children within, postponed action to give the occupants one last chance to surrender their women and children. The men, they said, were doomed.

The government is casting about for more and more reinforcements, remembering Franco's boast that he could hurl 1,000,000 men against Madrid in two weeks if he desired to do so.

ROOSEVELT, KNOX MAKE PITTSBURGH TALKS SAME DATE

Residents To Hear Two Candidates October 1

PITTSBURGH, Pa. Sept. 18 (P)—Pittsburgh faced the unusual situation Thursday of having to choose Oct. 1 between listening to President Roosevelt and Col. Frank Knox in pre-election speeches.

President Roosevelt was booked unexpectedly Wednesday night to speak here on that date.

Two weeks ago the Republican National Committee announced Knox running mate of Gov. Alf M. Landon, Republican presidential nominee, would speak at Duquesne Gardens.

For a time Thursday there was prevalent as belief both parties expected to use the same auditorium.

James H. Duff, Republican county chairman, settled the question of which would use the gardens by showing a contract and shortly afterward James P. Kirk, Democratic county chairman, said he was negotiating for use of Forbes Field, home of the Pittsburgh National League baseball club. Forbes Field seats more than 40,000 Duquesne Gardens 8,000. They are about twenty blocks apart.

Whether Roosevelt and Knox will speak simultaneously has not been determined.

FHA Loan Information Is Explained By Field Representative Stationed Here

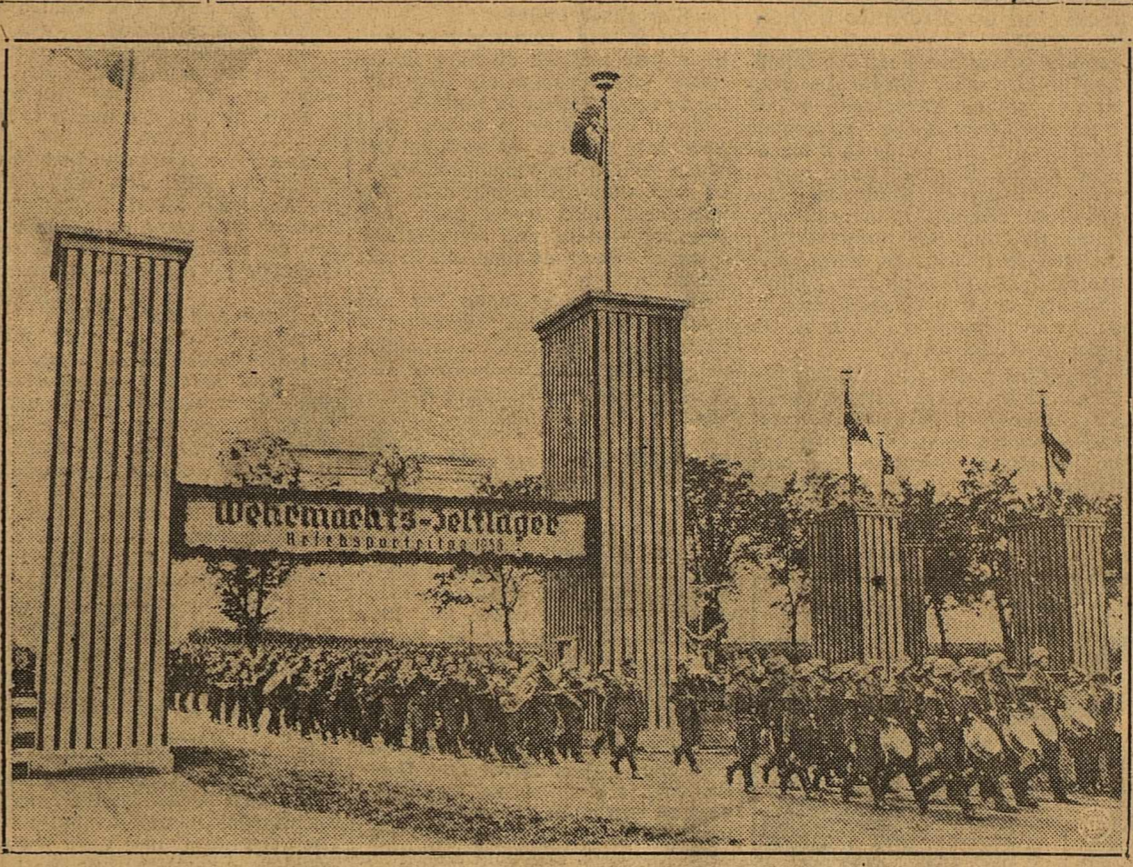

The following pertinent questions are typical of those asked by local residents who are interested in financing the building of homes through the Insured Mortgage Plan of the Federal Housing Administration. The questions are answered herein by R. E. Sikes, field representative of the Federal Housing Administration, who is at the chamber of commerce office this week assisting prospective home owners in solving their problems on house financing.

For what purpose can such loans be made? To purchase or build a home, or to refinance existing indebtedness against a home.

Who makes these loans? Lending institutions approved by Federal Housing Administration.

Who are eligible for such loans? Any responsible individual with a steady and satisfactory income and a good credit.

Sounding Martial Note In Big Nazi Show

The Nazi cohorts at the Nuremberg congress of the party were treated to a lavish display of Germany's growing military strength. Headed by a drum corps and band the arrival of a detachment of 17,000 troops at camp is pictured.

COLORADO FLOODS BALLINGER, MANY RESIDENTS FLEE

Tension Grips City Of 6,000, Homes Destroyed

BALLINGER, Sept. 18—The Colorado river at 32-foot flood stage early Thursday night, had remained practically stationary for more than six hours, but there was no relaxation in the tension that had gripped Ballinger's 6,000 residents since 11 o'clock this morning.

As a precaution sandbags were placed tonight to pack doors to business buildings, as the water reached Hutchins avenue, the main business thoroughfare at a point a block from Main street.

On either side of the highway 30 bridge the river spread out into a torrent a mile wide, while in the lowlands it was wider. Rainfall was heavier just after dark, nearly an inch falling in an hour, to send the week's total past 10 inches.

Such loans? The interest rate is 5 percent, to which must be added 1/2 percent for service charge and 1/2 percent for mortgage insurance, making a total of 6 percent.

How much money may be borrowed under this plan? No loan can be made for more than \$16,000.

For what period can a loan be made? As agreed between the borrower and the lender but not to exceed 20 years.

How must the loan be repaid? The repayment of the loan must be made in installments, payable on the first of each month.

What do monthly payments include? The monthly payments cover all costs, including interest, taxes, hazard insurance, service charge, mortgage insurance and repayment of the loan itself.

Can monthly payments be made in advance? Yes, as many advance payments may be made as desired, for which an adjustment of interest is made.

Are any restrictions made regarding location of property? Yes, loans can be made only on urban properties and is restrictive on residences and four unit apartments.

What other requirements are made for such loans? The loan cannot exceed 80 percent of the purchase price or appraisal value, or whichever is lower of the two, and there can be no See (FHA Loans) Page 6

THREE INCHES FOR CITY SINCE EARLY WEDNESDAY NIGHT

Feed, Just Heading, Yield Expected To Be Raised

DROUTH BROKEN

Airport Registers 2.09 Inches Of Rainfall

Slow, steady, soaking rains, falling over the Midland farm and ranch area since Wednesday night in amounts varying from two and a half to five and a half inches, have assured winter grass for the ranchmen and have benefited both late feed and cotton crops.

Due to the fact that the rain went directly into the ground, rather than to fall hard for a short period, the moisture was credited with a hundred per cent extra value. The drouth of several weeks was considered definitely broken and practically all of this section of the state was covered.

Feed crops, many just heading out, were considered to be boosted from twenty to one hundred per cent in both grain and forage value. Cotton, much of which had not yet opened, will have larger bolls and longer staple as result of the rainfall. However, such cotton as was open and unpicked will be damaged somewhat, thereby offsetting the benefit to some extent.

Rainfall at the Southern Ice & Utilities Co. gauge reported 2.98 up to 11 a. m. today. The army always gauge reported 2.09 inches, with 1.77 falling in the 24 hour period prior to 7 a. m. today. J. G. Annett caught 2 1/2 inches in a measure at his farm on the northeast corner of the city and R. D. Hamlin gauged three inches at his place at the mill.

T. O. Middifft said that two inches fell at his ranch up to last night, a hard rain setting in thereafter and adding another three inches. Draws were running and lake water stood this morning.

The precipitation lasted longer and fell more steadily than any rain of recent years, not to have had hard showers. At about 3 a. m. today, however, the rainfall was heavy for a brief period. Paved street were carrying wide streams of water early this morning, many cars drowned out and the unpaved streets were described as "lob-lollies," many of them making traffic difficult.

RAILROAD MEN TO STRIKE SATURDAY

500 Ordered to Quit Jobs After Demands Are Refused

GREENVILLE, Sept. 18 (P)—T. J. Driver, local chairman of the brotherhood of locomotive engineers, announced today that 500 employees of the Louisiana Arkansas, Texas railway companies had been called to strike tomorrow.

Refusals of the roads to reinstate agreements recognizing the standard rates of pay and the rules of working conditions were given as the reason for the strike.

CUB SCOUT UNITS TO BE ORGANIZED IN MIDLAND ZONE

New Program Start To Be Made Soon, Wilson Says

Darold F. Wilson, field executive of Buffalo Trail Council, arrived yesterday to confer with John Howe and Scout Commissioner Claude Crane concerning the organization of Cub units in Midland.

Cubbing is a program for boys, nine, ten, eleven years of age, which leads into the regular Scout program. It is a home centered program based on natural urges of boys, bringing the parents into closer contact with the boys. It is concerned about stimulating creative doing, and crafts, encouraging boy hobbies and natural learning. There are a series of achievements the doing of which advances a Cub from one rank to another.

Each age level needs the challenge of new experiences and expanding horizons; hence the activities of Cubbing are distinctly different from Scouting. Cubbing seeks to save Scouting activities for boys of Scout age.

The unit in Cubbing is called the pack, which is made up of neighborhood groups known as dens. The head of the pack is known as cubmaster. Each den has a den dad, den mother, and a den chief, who is a trained Boy Scout. Each den has a boy leader known as the denner. It is usually made up of a neighborhood group of eight boys.

Cubbing is a program used by local institutions. A pack committee selected by the institution controls the policies of the Cub pack. There is a splendid opportunity in this council to bring as many boys into Cubbing as there are in Scouting.

45 PICNICKERS ON NILE RIVER DROWN

Boats Collide, Rescue Work Is Hampered By Swift Current

CAIRO, Egypt, Sept. 18 (P)—Forty five Egyptian workmen, their wives and children were drowned today in a collision between an outing steamer and a sailboat in the flooded river Nile. Only four of a holiday party were saved, the swift current hindering rescue work.

TO REFUSE SEATS FOR SELASSIE'S GROUP AT LEAGUE

Not Representatives Of Government, Heads Say

GENEVA, Sept. 18 (P)—Big European powers, convening at Geneva amid new war fears, are expected to refuse seats at the assembly table Monday to Haile Selassie's delegation on the grounds that they do not represent an effective government.

Officials said, however, the league was not prepared to recognize the Italian conquest of Ethiopia which it tried so hard to stop or declare and independent Ethiopia non-existent or out of the league.

C. P. Couch, president of the lines, warned engineers, trainmen and yard employees they would sever connections with the company if they left.

The Town Quack

(Reserves the right to "quack" about everything without taking a stand on anything.)
Our San Angelo neighbors really have suffered disaster. Many a Midland citizen lay awake last night, thinking a lot of the hard luck of those good people over there. I know of a lot of phone calls which were attempted, of short wave radio stations staying on the job and a lot of interest shown. It looked like nobody could help, but the interest and sympathy were shown just the same and unrelenting.

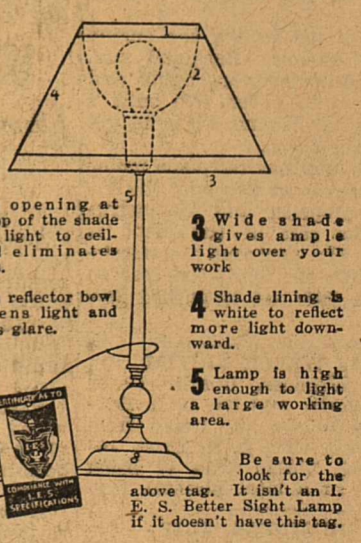

CHEAP Electricity WORKS NIGHT and DAY in YOUR HOME!

Not an hour passes in the night or day but that CHEAP ELECTRICITY is making your home more comfortable, keeping it well lighted and helping with the multitude of daily household chores and kitchen tasks. And yet the cost for electricity is only a few cents a day—one of the smallest items of household expense.

With fall and winter approaching, look to the lighting in your home. You'll be surprised how much a good reading light improves the appearance of a room, and how little it costs to have plenty of light for reading or studying.

J. P. Henderson of Crane returned home today after undergoing a tonsil operation in a Midland hospital.

George Friday has been admitted to a Midland hospital for treatment.

Between Seasons Is Time to Try New Make Up

BY ALICIA HART
NEA Service Staff Writer
This is a fine time to experiment with new makeup and a new coiffure. If you have worn your hair the same way ever since you can remember, why not try something different? You may love your center part, but perhaps one high on the right side would be even more becoming. Anyway, changing the part now and then is supposed to be good for your hair.

It is possible that the bun on the back of your head isn't as attractive as you think. If every hairdresser you know and every friend you have keeps on urging you to cut your hair, there may be something to what they think. You could try a bob anyway. If you don't like the effect, you can always let your hair grow again.

On the other hand, the appearance of one who has had short hair for years and years might be enhanced by a low chignon, a halo

Pennsylvania Dutch Plum Cake

There's no excuse at this season for not having dozens of inspirations for delicious fruit desserts. The markets offer variety of fruits that dazzles the eye and immediately suggests any number of fascinating ideas.

Pennsylvania Dutch plum cake is one of those simple affairs that is quickly mixed and bakes in a very short time.

When you see the results—a golden crust oozing with purple fruit and chopped nuts and cinnamon—you'll take even greater pride in your ability as an artist in the kitchen.

Pennsylvania Dutch Plum Cake For Eight

One-quarter cup shortening, 3/4 cup sugar, 1 cup flour, 1/4 cup milk, pinch salt, 2 eggs, 1 teaspoon vanilla, 1 teaspoon baking powder, 1/2 cup chopped nuts, 1/4 cup sugar, 1/2 teaspoon cinnamon, 2 pounds blue plums, 2 tablespoons butter.

Beat the sugar and shortening to a cream.

Break in the unbeaten eggs, one at a time.

Add the milk, then the flour, sifted with the baking powder and salt. Add the vanilla.

Now spread the dough evenly with a spatula or large flat knife on a large, well-greased shallow cookie sheet about 15 by 10 inches in size.

Wash the plums and cut them along the side in half, remove the stones and lay the fruit, cut side up, close together in even rows on the dough. Let them overlap slightly.

Mix 1/2 cup of chopped nuts with 1/4 cup of sugar and 1/2 teaspoon of cinnamon and strew this mixture over the fruit.

Then sprinkle 2 tablespoons of melted butter on top of the cake and set the pan in a moderate (350 degrees) oven to bake 30 minutes. Test

Message by Air

By Helen Welshimer

DEAR, if a voice can find its way Across a town or plain, And climb a mountain, skirt a sea, And never mind the rain;

AN unseen, disembodied thing, Ethereal and thin, That sings a song to anyone Who cares to listen in;

THEN surely, surely if I please My love on air lengths, too, Somewhere a wave will pick it up, And carry it to you!

(Copyright, 1936, by NEA Service, Inc. All reprint and song rights reserved.)

braided or even a high bun. Especially with Empire gowns and swallow-tailed, Directoire jackets, there is much to be said for long locks.

If you have worn the same shade of lipstick, nail polish and rouge for years and years, better investigate some of the new fall colors before you replenish your supply. Generally speaking, older skin requires deeper powder and darker rouge than the complexion of a teen age girl. If you can afford a second lipstick, see that it is vivid. There are days when the brighter the lipstick the less dull life and daily duties seem to be.

Never use face powder that is the slightest bit darker than the natural tone of your complexion. As a matter of fact, it is a good idea to have powder one shade lighter than your skin. Put it on lavishly over foundation and cream rouge, let it set, then whisk off the excess. This way, you'll get that light, almost luminous look that is smart for fall.

Oregonian Asks Refund On Unused 1881 Ticket

ALBANY, Ore. (U.P.)—Fifty-five years ago Frank B. Tichenor, now justice of the peace at Port Orford, Ore., bought a ticket to the Linn County fair. But that Saturday, Oct. 1, 1881, was rainy and Tichenor never used the ticket. Recusing the ticket, and requesting a refund, he added, "It should have been written Albany's mayor, enter some interest, don't you think, after the use of my money all these years?"

An albino frog is rarer than human quintuplets. One such frog now exists at the American Museum of Natural history in New York City.

The average man shaves more than 20 square miles of face during his average lifetime.

NOTICE OF DISSOLUTION OF PARTNERSHIP AND INTENTION TO INCORPORATE

Notice is hereby given that the partnership lately subsisting between R. O. Miles and W. T. Moreland, of Midland, Midland County, Texas, under the firm name of "West Texas Appliance Company" will be dissolved by mutual consent on October 15, 1936. All debts owing to the said partnership are to be received by the said R. O. Miles and W. T. Moreland, and all demands on the said partnership are to be presented to them for payment.

Notice is also given that it is intended to incorporate the said "West Texas Appliance Company," without change of the firm name, on or after October 15, 1936.

R. O. MILES, W. T. MORELAND, (Sept. 11-18-25-Oct. 2)

Fine Arts Exhibit At Tri-State Fair

AMARILLO, Sept. 18—Loan exhibits this year in the fine arts department of the Tri-State Fair will include pictures from the outstanding colonies of the southwest.

All entries in this department, located in the remodeled automobile building and arranged attractively, closed at 5:30 o'clock Saturday evening.

Miss Betty Zelle, the department superintendent, considers the exhibits, especially the loans, the best ever shown at the exposition.

The superintendent is assisted by Mrs. G. H. Turnley and Miss Maude Vaughn.

One of the guest artists is Miss Adelle Brunet of Dallas, a teacher this summer in the Palo Duro School of Art. She has exhibited here at previous times and is quite popular in this section.

By invitation there are loan exhibits from Miss Isabel Robinson, director and teacher in the Palo Duro School of Art, from Mrs. Darrell Jackson, Amarillo artist, Harold Bugbee, Clarendon artist popular for his western illustrations and paintings and Sister Marie Del Socorra of St. Mary's Academy and director of the Mora Art Colony in Mora, N. M.

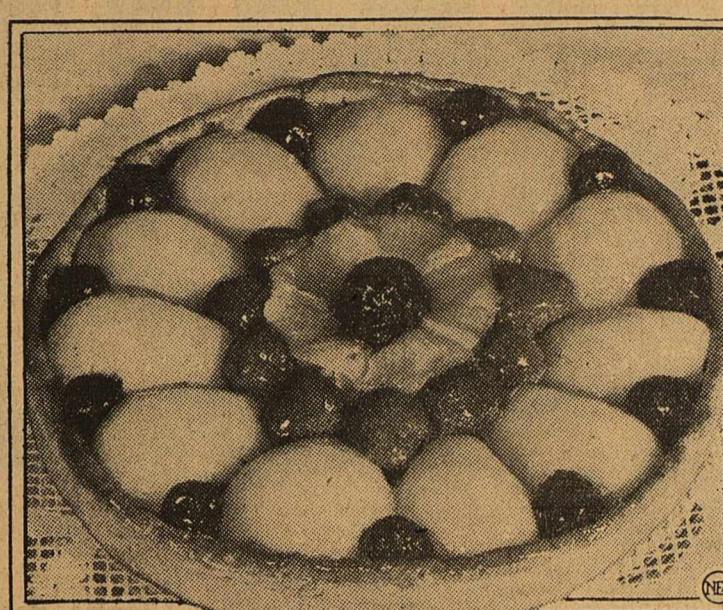

Water colors, oil paintings and drawings are included.

Students whose work is shown include Miss Hester Gates of Friona, Mrs. Ira Cochran Young of Borger, Miss Ethel Bourland of Childress, Mrs. T. M. Moore of Canyon, Mrs. Irene Jones Becket of Pampa, Miss Leona Bowlin of Lubbock, Miss Margaret Hill of Amarillo, Mrs. Cecil Foster of Sudan, Mrs. Cassis Nelson of Claude and Mrs. C. C. Slaughter of Amarillo.

There also are exhibits by Miss Militia Hill of Alpine, A. W. Mack of San Antonio and Frank Klepper of Dallas.

A full sized chair, weighing only a pound, can be made from the giant yucca plant.

Hold Flower Show At Esplanade of State

DALLAS, Texas, Sept. 18.—The myriad-lighted Esplanade of State, which has made many travelers declare the Texas Centennial Exposition superior to all previous world's fairs, will be the setting Sept. 23 for the annual Flower and Fashion Review of the International Florists' Telegraph Delivery Association.

A 14-foot runway is being built down the center of the 750-foot reflecting basin, with a stage at one end on which will play a rame orchestra, yet to be chosen. There are 18,000 light changes in the normal lighting of the Esplanade, but extra fixtures are being installed for this one night. Glowing valleys on each side of the runway and overhead will bathe the mannequins continuously in light as they pirouette only a foot above the waters of the reflecting basin. Seats for 32,000 persons will be installed. There will be standing room for many thousands more.

"The models not only will wear the latest styles in clothes, but also the latest flower fashions created to go with them," said Otto Lang, international president of the Florists' Telegraph Delivery Association. "Islands of flowers will float on the surface of the reflecting basin, while airplanes will bombard the crowd and the exposition grounds generally with 10,000 Texas Centennial roses. "This review always makes the

ANNOUNCEMENT
Mrs. J. B. Leonard announces that her classes in piano and voice will open about the middle of October or the first of November at her home, 1209 West Indiana. She holds the Masters Degree in Piano, has had 20 years teaching experience, has studied with the leading teachers of Texas and has had special work in the University of Kansas. For further information phone 357.

RETURNS HOME
Mrs. Norman Woody returned home from the hospital today.

UNDERGOES TONSILECTOMY
Jack Sewell, son of Mr. and Mrs. Ray Sewell, underwent a tonsil operation in a local hospital Thursday.

Lions live chiefly in sandy plains and rocky places. They are entirely jungle inhabitants.

YES, THIS FOOD ENDS YOUR CONSTIPATION

Look out for those half-sick days, when you feel listless, headachy, out-of-sorts. Your trouble may be constipation. The real cause of common constipation is too little "bulk" in meals. Your system misses its regular exercise.

Get this needed "bulk" in a delicious cereal: Kellogg's ALL-BRAN. Within the body, its "bulk" absorbs moisture, forms a soft mass, gently sponges out the system.

Why keep on feeling bad when you can feel good? Millions of people use ALL-BRAN. Tests prove it's safe and effective. ALL-BRAN is guaranteed. Try it a week. If not satisfactory, your money will be refunded by the Kellogg Company.

Two tablespoons daily are usually sufficient. Serve as a cereal, with milk or cream, or cook into recipes. Remember, ALL-BRAN also supplies vitamin B and iron.

Certainly you'd rather eat a food than take pills and drugs. Buy ALL-BRAN at your grocer's. Made by Kellogg in Battle Creek.

Trophies Added To Horse Show Prizes

DALLAS, Sept. 13—Added to the cash prize list of \$12,000 to be distributed at the Dallas Charity Horse Show September 23-27 at the Texas Centennial Exposition, will be twenty-two beautiful trophies. E. O. Cartwright, vice chairman of the sponsoring committee, announced today.

The trophies, valued in excess of \$2,000, are the gifts of Texas business houses and citizens.

They will be presented at the closing night of the classic in the Coliseum of No. 1 Hall of Livestock of the \$25,000,000 World's Fair.

Eight of the trophies will be assigned to amateurs. The twenty-seven amateur events compose the largest number ever accorded non-professionals at a Texas show.

Amateur trophies will be awarded winners of the boys' and girls' saddle classes, ladies' and gentlemen's amateur-owned five-gaited classes and Texas Centennial Exposition boys' and girls' championship class.

Trophies will also be awarded in the junior five-gaited stake class, model class, junior fine harness stake, stallion stake, three-gaited combination class, fine harness horse stake, model three-gaited class, \$100 Texas owned five-gaited stake, ladies' five-gaited class, plantation class, stake for champion foal of 1936, Texas Centennial Exposition championship three-gaited stake, \$250 five-gaited Texas owned stake, Texas owned three-gaited class, Texas Centennial Exposition five-gaited championship stake, ladies' three-gaited saddle class.

Killed Attacker to Save Dad

Barely able to hold back his tears, Al Tipton, 12, is pictured after he shot and killed one man and wounded another to save his father during a free-for-all fight at Scottsboro, Ala. Al, held for assault with intent to commit murder, said that at his father's command he grabbed his father's gun and fired when the elder Tipton was attacked by three men with whom he had been arguing.

MIDLAND AND BIG LAKE TO CLASH REGARDLESS OF WEATHER

Bulldog Starters Outweigh Visitors

Rain or shine, sleet or snow, hot or cold—the Midland Bulldogs and the Big Lake Owls will meet on Lackey field at eight o'clock tonight in the initial football game of the year for both elevens. Admission will be 50 and 25 cents.

The game is very likely to turn into a punting duel with a possible scoreless tie looming as the final score due to the soggy playing field. The grass has been watered a lot lately and the field was wet when the rains started falling, thereby falling to soak up the moisture as rapidly as it otherwise would have.

The Bulldogs will rightly be favored to win due to their advantage. They will outweigh the Owls exactly 12 pounds per man in the starting line-up. However, the two lines will have only a six-pound per man variation, the Bulldog line average being 165 and the Owl line evening up as 159 each.

It is in the backfield that the real advantage will show up. The Bulldogs, due to the 194 pound Wafford, will average 161 pounds for the starting quartet while the visitor will average only a puny 133.

Coach Nail of the Reagan county club has a jack-rabbit backfield perfectly balanced, two members weighing 133, one 134, and a fourth 132. But the condition of the field will undoubtedly do much to slow them up tonight.

The passing attack of the visitors is reported to be "ordinary", and whether or not either club is able to do much through the air tonight depends a lot upon whether or not the rains have stopped falling.

Only three regulars from last

Cooper Classic Is Coming To The Yucca

James Fenimore Cooper's immortal classic, "The Last of the Mohicans," comes to thrilling life on the screen of the Yucca theater Preview Saturday night when the Reliance Pictures filmization of the stirring tale of adventure and romance in a country in the making begins a three day engagement there.

Randolph Scott heads the imposing cast as Hawkeye, the handsome and daring colonial scout hero of the story, while appearing in important featured roles are Binnie Barnes, Henry Wilcoxon, Bruce Cabot, Heather Angel, Phillip Reed, Robert Barrat, Hugh Buckler, and Willard Robertson.

Thrilling high lights of the picture include the defense of Fort William Henry against the onslaught of the French legions; Cor's death leap from the heights of Lover's Cliff; the eleventh hour rescue of Hawkeye from the torture-stake of the savage Hurons; the barbaric war dance of the Indian tribes preparing for battle to the death between the renegade half-breed and "The Last of the Mohicans."

'White Angel' Comes To The Ritz Sunday

The lives of great men and women are more and more becoming a subject of motion picture production in Hollywood. Certainly, it is true, that entertainment and biography can go hand in hand. Such a film as Warner Bros. "The Story of Louis Pasteur," for example, has shown that the movie portrayal of a famous character can indeed be as educational as it is thrilling.

Final proof of Hollywood's excellence in the field of screen biography can be seen in First National's production of "The White Angel," starring Kay Francis in the role of the immortal Florence Nightingale. The picture is showing at the Ritz Sunday and Monday.

We all know how Florence Nightingale unselfishly devoted her whole life to bettering the conditions of the Victorian hospitals, how through her ceaseless struggle she demonstrated the need for nurses' training schools; how her final victory finally became the victory of all womankind.

"The White Angel" is a splendid chapter in screen entertainment and was directed by William Dieterle.

No. 2868 THE STATE OF TEXAS

To the sheriff or any constable of Midland county—Greeting: You are hereby commanded to summon C. C. Hayes and, if dead, the unknown heirs of C. C. Hayes, deceased, and Mrs. C. C. Hayes and, if dead, the unknown heirs of Mrs. C. C. Hayes, deceased, their heirs and legal representatives, to appear at the next regular term of the district court of Midland county, Texas, to be held at the courthouse thereof in the city of Midland on the 1st Monday in October, 1936, being the 5th day of October, 1936, then and there to answer the first amended original petition of plaintiffs filed in said court on the 4th day of September, 1936, the file number of which is 2868, in which suit H. H. Gouger and wife, Ruth Gouger, are plaintiffs and C. C. Hayes, and, if dead, the unknown heirs of C. C. Hayes, deceased, their heirs and legal representatives, and Mrs. C. C. Hayes and, if dead, the unknown heirs of Mrs. C. C. Hayes, deceased, their heirs and legal representatives and Mary E. Bivins, a feme sole, Miles G. Bivins, and Julian L. Bivins, are defendants, the cause of action being as follows:

Plaintiffs sue in trespass to try title to recover the title and possession of all lots Nos. One (1) and two (2), in block forty-three (43), West End Addition to the town of Midland, in Midland county, Texas, according to the map or plat of said addition of record in volume 17, pages 614-615, Deed Records of Midland county, Texas, together with damages, costs of suit and such other relief to which they may show themselves entitled.

You are commanded to so summon the defendants, and to serve this citation by making publication of such citation once in each week for four consecutive weeks previous to the return day hereof, in a newspaper published in your county.

Herein fail not, but have you before said court on the first day of the next term thereof this writ with your return thereon showing how you have executed the same.

Witness, Nettey C. Romer, Clerk of the District Court of Midland county, Texas.
Given under my hand and seal of said court in the City of Midland this 4th day of September, 1936.

NETTIE C. ROMER, Clerk of the District Court of Midland county, Texas.
Issued this 4th day of September, 1936.

Oil News--

Continued From Page One

water is said to have shown that it was only slightly sulphurous and mostly saline. Recent bailing tests have indicated that the water is exhausted.

Located in the center of the north-west quarter of section 46, block M. E. L. R. R. survey, the Dawson well is believed by many to presage a new pool for that area, and, as a consequence, has been responsible for a brisk play extending well up into Terry county.

Winkler Test
Read & Duffey No. 1 Sealey, southeast Winkler "trend test" of the deep Permian pay found in the Tubb area wells of western Crane county, was last reported drilling at 2,160 feet. Contract depth on the test is 4,000 feet. It is in the northwest corner of section 8, block A. G. & M. M. B. & A. survey.

Shot with 320 quarts from 2,770 to 3,000 feet, the total depth, Bert Fields No. 1 Pure-Cowden, sand strike east of the Hendrick pool in Winkler, noted an increase in gas from an estimated 2,000,000 feet before the slot to between 15 and 20 million feet after. No gauge has been made on the amount of oil the well is now capable of flowing; the last natural gauge showed production of 35 barrels in eight hours. The well found broken sand and lime pay from 2,890 to 2,994. It is in section 26, block B-5, public school land.

May Abandon
It was reported likely that Humble No. 1 Eubanks, Gaines wildcat, would be abandoned in the near future. Operators were plugging back the hole and testing. At last reports the test had been cemented back to 4,700. It reached a total depth of 6,192 and was prevented from drilling deeper when dril-pipe was junked.

Shut down for orders after encountering sulphur water in drilling to 5,351 feet, abandonment also loomed for Stogner & Roosevelt No. 1 Roosevelt (Googins), Yoakum

No. 2892 THE STATE OF TEXAS

To the sheriff or any constable of Midland county—Greeting: You are hereby commanded to summon H. H. Taylor and, if dead, the unknown heirs of H. H. Taylor, deceased, their heirs and legal representatives, and J. E. Taylor and, if dead, the unknown heirs of J. E. Taylor, deceased, their heirs and legal representatives, to appear at the next regular term of the district court of Midland county, Texas, to be held at the courthouse thereof in the city of Midland on the 1st Monday in October, 1936, being the 5th day of October, 1936, then and there to answer a petition filed in said court on the 4th day of September, 1936, the file number of which is 2892, in which suit Elma F. Graves, a feme sole, is plaintiff, and H. H. Taylor and, if dead, the unknown heirs of H. H. Taylor, deceased, their heirs and legal representatives, and J. E. Taylor, deceased, their heirs and legal representatives, are defendants, the cause of action being as follows:

Plaintiff sues in trespass to try title to recover the title and possession of all lots 4, 5, 6, 7, 8 and 9, in block 31 West End Addition to the town of Midland, Midland county, Texas, said lots constituting the west one-half (W 1/2) of said block, together with damages, costs of suit and such other relief, either at law or in equity, to which plaintiff may show herself entitled.

You are commanded to summon the defendants, and to serve this citation by making publication of such citation once in each week for four consecutive weeks previous to the return day hereof, in a newspaper published in your county.

Herein fail not, but have you before said court on the first day of the next term thereof this writ with your return thereon showing how you have executed the same.

Witness, Nettey C. Romer, Clerk of the District Court of Midland county, Texas.
Given under my hand and seal of said court in the City of Midland this 4th day of September, 1936.

NETTIE C. ROMER, Clerk of the District Court of Midland county, Texas.
Issued this 4th day of September, 1936.

NETTIE C. ROMER, Clerk of the District Court of Midland county, Texas.
(Sept. 4, 11, 18, 25)

wildcat in section 215, block D, John H. Gibson survey, north of Plains. The well failed to find any oil or gas shows of consequence in drilling to its present depth.

Engineers say that under extremely high temperature and a full load, the span of the George Washington bridge, in New York, sags eight feet below normal.

There were no signals in the early days of railways—when engineers met on a single track they had to argue it out. Later a post was erected midway between stations so that "the who passed the pillar must go on, and the other go back."

Botanists says the longest that wheat grain can live is about seven years, disproving the statement that wheat grains found in the tombs of ancient Egypt have sprouted when planted.

CITATION BY PUBLICATION No. 2884
The State of Texas.

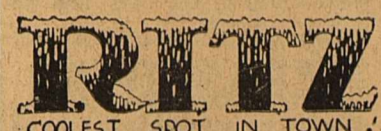

To the sheriff or any constable of Midland county—Greeting: You are hereby commanded, that you summon by making publication of this citation in some newspaper published in the county of Midland if there be a newspaper published therein, but if not, then in the nearest county where a newspaper is published, once in each week for four consecutive weeks previous to the return day hereof, William P. Baker whose residence is unknown, to be and appear before the Honorable District Court, at the next regular term thereof, to be held in the county of Midland on the first Monday in October, A. D. 1936, the same being the 5th day of October, A. D. 1936 at the court house thereof in Midland, Texas, then and there to answer a petition filed in said court on the 5th day of August, A. D. 1936, in a suit numbered on the docket of said court No. 2884, wherein Ruth Long Baker is plaintiff and William P. Baker is defendant. The nature of the plaintiff's demand being as follows, to-wit:

Plaintiff asks for divorce on grounds of cruel treatment, and asks that her maiden name of Ruth Long be restored to her and prays for such relief.

Herein fail not, and have you before said court, on the said first day of the next term thereof, this writ with your endorsement thereon, showing how you have executed the same.

Given under my hand and seal of said court and issued at office in Midland, Texas, this, 4th day of September, A. D. 1936.

NETTIE C. ROMER, Clerk District Court Midland (SEAL) County, Texas.
