

ROOSEVELT SAYS NATION 'AROUND THE CORNER' NOW

Monetary System Of Country Called 'Safest'

GOP 'PITIFUL'

Claims Party First To Seek PWA Aid At All Times

DENVER, Oct. 12. (U.P.)—President Roosevelt, in a speech here today, coupled a declaration that "we are around the corner" with a statement that America's monetary system is the safest in the world.

He addressed his first far west campaign speech to citizens of the great metal mining regions. He told them that it is a "pitiful spectacle" to see republican leaders call the public works of the nation waste and extravagance, they being the first to ask for federal aid when their own state, city, or county is involved.

NEW CRANE WELL LARGER PRODUCER

Henderson No. 1-C Hughes Makes 550 Barrels In 18 Hours

BY FRANK GARDNER
R. H. Henderson, Midland operator, and associates have completed another large producer on their Hughes lease in the McCamey district of Crane county. The No. 1-C Hughes pumped and flowed 550 barrels the first 18 hours of test, and with only three feet of storage left in a 250-barrel tank, was taken off pump and allowed to flow the remainder of the gauge. Twenty-four hour production figures are not yet available, but the rating of the well is believed to be in the neighborhood of 600 barrels.

The No. 1-C Hughes is a half-mile west of the I-B Hughes which found a new pay for the area last August under the regular production horizon. The 1-C drilled into sulphur water 2,414 feet, and was plugged back to 2,130, later treating with 2,500 gallons of acid. It is located 600 feet north and 330 feet of the south corner of the west 95 acres of section 4, block R, G.C. & S. F. survey.

Pool Well Gets Water
An unusual occurrence was recorded in the Waddell pool of northern Crane county when Magnolia No. 7 Edwards, offset to the north by Tide Water No. 1 Edwards, a 4,001-barrel well, and to the south by Magnolia No. 4 Edwards, a 10,484-barrel well, missed the pay of the pool and encountered a hole full of sulphur water from 3,610 to 3,614. The well is now shut down for orders but may try to develop production from a section at 3,288 which showed oil. It is located 2,310 feet from the south and 330 feet from the west line of section 2, block B-23, public school land. This is the second well in the pool within the last few days to develop sulphur water; Gulf No. 6 Henderson, west offset to Tide Water No. 1 Edwards, is being plugged and abandoned at 3,622.

Pumps Oil And Water
Floyd C. Dodson & Barney A. Duffey No. 1 J. G. Carter heirs, recent north-central Glascock strike pumped 106 barrels of oil and about the same amount of water on the first 24-hour gauge. It pumped 50 barrels of oil the first four hours, then rate of yield declined. The well was plugged back from 2,669 to 2,684 but evidently failed to get a good shut-off of bottom hole water. It was treated with 2,000 gallons of acid to increase natural rating of 82 barrels per day. Whether the well will be plugged back farther has not been announced. It is located in the southwest corner of section 8, block 33, township 3, south T. & P. survey.

Cleaning Out
Now cleaning out cavings at 100 feet off bottom. Landreth No. 1 Kirk, Gaines well, is estimated good for 45 barrels of oil and 25 barrels of water per day. It was shot week before last with 560 quarts, but caving hole has retarded a gauge.

Standole No. 1 Dewey Davis, extension wildcat northwest of the No. 1 Kirk, is drilling lime at 4,641 feet.

Northwest of Seminole, Amerada No. 1-A Averitt is drilling below 3,410 feet in anhydrite.

Logs Oil Shown
Slight showings of oil were reported from 4,160 to 4,165 and from 4,175 to 4,180 in York & Harper No. 1 R. L. York, wildcat four miles east of Penwell in Ector county. Drilling had reached 4,215 feet in time at last reports.

Continental No. 1 Edwards, south Ector wildcat, is drilling lime below 3,392 feet.

Sinclair-Prairie No. 1-A Johnson, Ector wildcat in section 42, block 42, township 1 south, T. & P. survey, is rigging up rotary at 4,563 feet.

Present Stage of 'Elopment'

Marriage of Viv Oliver, comedian-producer, may be among the plans of Sarah Churchill, daughter of Britain's Winston Churchill, but the evidence so far points to the fact that she came to America to appear in one of Oliver's shows. The comedian (right) here directs Miss Churchill and her dancing partner, James Struthers, in a routine for her Broadway debut. Her "elopment" to America last month caused a sensation.

50 PERSONS KILLED AS TYPHOON HITS THE PHILIPPINES

400 Missing After Island Washed By Flood

MANILA, Oct. 12. (U.P.)—One of the worst typhoons ever to strike the Philippines caused at least 310 deaths and left hundreds unaccounted for as it spread additional destruction tonight. The storm swept across Luzon island an area quickly.

MANILA, Oct. 12. (U.P.)—Fifty persons were known dead Sunday and 400 were missing, probably washed away by flood waters, as the result of a typhoon which swept across Luzon Island Friday and Saturday.

Reports indicated the storm was one of the worst in the history of the Philippines from the standpoint of human toll.

Forty-seven bodies were recovered from several villages in Nueva Ecija Province north of Manila, and three persons drowned in Camarines Norte Province, southeast of here.

The 400 missing were believed to have been swept away by the flood waters of the Pampanga River, which rises in Nueva Ecija Province and flows southward into Manila Bay. Loss of life was heavy in Cabaatuan provincial capital and at near-by Santa Rosa.

The China Clipper at Wake Island, 2,800 miles away watched the course of the storm to determine whether to delay its flight to Guam and Manila with several newspaper men making the first airplane tour of the Pacific preparatory to inauguration of regular passenger service.

Revival Service At Christian Church
A special service of prayer beginning promptly at 7 o'clock and ending at 7:30 o'clock has been called by the Pastor, Rev. J. E. Pickering, at the First Christian Church tonight.

In making the announcement the pastor said: "Our revival meeting begins Wednesday night at 7:30 o'clock. No church can have a successful revival unless her people seek God in prayer. I am calling our people and friends together for a session of prayer at 7:00 o'clock. There will be no speech-making or talks; only a prayer silently unto God that our souls may become a fire with the Spirit of God; that we breathe a prayer for God's people and that we shall pray for some definite person; that they may know the Christ of Eternity! There will be only the playing of soft music calling to prayer and worship and the membership and friends of the church are asked to come and leave quietly, remaining as long during the prayer service as you choose."

SPENCE JOWELL ILL
Spence Jowell, here a few days ago from his ranch near Quay, N. M., is ill at a San Angelo hospital. He was reported to be improving today. His son, Myrl Jowell is here on business.

HOUSE PROBE OF ACTIVITIES OF HALEY PROPOSED

Anti-New Deal Work Brings Demand For Investigation

AUSTIN, Oct. 12. (U.P.)—An investigation of the anti-New Deal activities of J. Evetts Haley and Dr. A. B. Cox of the University of Texas was proposed in the House of Representatives today.

The resolution was aimed primarily at Dr. Cox and charged his interpretations of data conformed with "ideas and propaganda of anti-New Deal."

Haley, chairman of the Jeffersonian democrats of Texas, is actively fighting Roosevelt's reelection. The proposal was by A. B. Tardwater of Plainview. Action was deferred until tomorrow.

It was announced several weeks ago that Haley was no longer connected with the university after having been on the faculty for several years. His contract was not renewed, presumably for his anti-New Deal activities. Haley said at the time that it was "allright" with him, and that he intended to continue his activities with the organization.

SENTENCES GIVEN TWO FOR FORGERY

Five and Two Year Terms Handed Out by Judge; One Is Suspended

Two penitentiary sentences, one of them suspended were handed out by District Judge Charles Klapproth in district court here this morning after guilty pleas had been entered by plaintiffs.

C. A. Clark of Breckinridge was assessed two years in the penitentiary after pleading to passing a forged instrument, and Brooks Lee Ramsey was given five years suspended sentence on a guilty plea on a similar charge.

Petit jurors called to the court room this morning were dismissed until Thursday at which time one of the civil cases now on the docket will be heard.

SUPREME COURT STICKS BY EARLY WAGE LAW RULING

New York's Minimum Salary for Women Act Defeated

ACTION REFUSED
New Deal, Foes Both Lose Decisions Today

WASHINGTON, Oct. 12. (U.P.)—The supreme court today stuck by an earlier decision on New York's minimum wage law for women, again ruling it unconstitutional and simultaneously agreed to review an attack on a similar Washington state statute today.

Preparing for current terms, during which much new deal legislation will be ruled on, the court agreed to review or refuse to consider a score of cases brought to the bar.

They agreed to review an attack on the railway labor act authorizing collective bargaining between employees and the railroads; refused to reconsider holding the municipal bankruptcy act unconstitutional; refused to review the Missouri ruling upholding the constitutionality of the Frazier-Lemke farm mortgage moratorium; refused to review efforts to postpone action in lower courts involving the utility holding company act.

PNEUMONIA FATAL TO PIONEER WOMAN RESIDENT SUNDAY

Funeral Services To Be Held Tuesday For Mrs. J. C. Roberts

Funeral services will be held Tuesday morning at 10 o'clock at the Ellis funeral home for Mrs. J. C. Roberts, 66, wife of County Commissioner J. C. Roberts, pioneer resident of Midland, who died early Sunday evening of pneumonia following a short illness.

Mrs. Roberts, who had been a semi-invalid for several years, was stricken with the fatal illness only last week and her condition became rapidly more critical during the last few days.

Mrs. Roberts was born Mary Elizabeth Maxwell in Parker county November 23, 1869. She moved to Eastland county while still a young girl and it was there that she met and married J. C. Roberts in 1890.

Leaving Eastland in 1898, the couple first made their home in Glascock county, moving to Midland in 1906. Since their arrival here they had lived at the same location, 211 West California street.

Mrs. Roberts was the mother of six children, five of whom survive her. A girl, Leon, died at the age of three. Besides her husband, she is survived by three sons, Frank, Cecil, J. C., all residents of Midland; and two daughters, Mrs. A. W. Stanley, Midland; and Mrs. Raymond Doyle, Ranger. Also six grandchildren, A. W. Stanley Jr., Mrs. Percy J. Wm. Louis Raymond and Anna Bess Doyle, Mary Frances and Nancy Roberts. One great-grandchild, Elaine Wallace, also survives her. Uncle, Henry Maxwell, also is living at Eastland.

The Rev. W. J. Coleman, Presbyterian pastor, will be in charge of funeral and interment rites, assisted by Rev. Cliff Epps, pastor of the Methodist church here.

Active pallbearers are A. C. Francis, Lawrence Beauchamp, Chas. L. Klapproth, Elliott H. Barron, Clarence Schaubauer, W. T. Forehand. Honorary pallbearers are A. Pasken, J. R. Arnett, Stanton; Roy Parks, Tom Preston, Bill Yates, Geo. Ratliff, H. G. Bedford, W. S. Kelton, J. P. Collins, S. M. Francis, T. O. Midkiff, Billy Bryant, Bob Preston.

Ben Driver, S. R. Preston, Foy Proctor, Leonard Proctor, Tom Grammer, John Castleberry, J. G. Porter, Lubbock, M. C. Ulmer, Fount Armstrong, Jno. Dublin, W. J. Spies, J. A. Johnston, R. E. Estes, Aldridge Estes, T. R. Wilson, John Tolbert.

Chas. Allen, T. E. Bizzell, D. L. Hutt, Carl Smith, B. T. Graham, Fisher Pollard, J. E. Turner, Fred Turner Jr., Bud Estes, Addison Wadley, Harry Anderson, T. N. Wilson, E. O. Finley, Pecos; L. W. Anderson, Pecos; Frank Kelton, Pecos; E. B. Dickenson, R. M. Barron, C. M. Goldsmith, Young Lee, Geo. Lee, J. E. Hill, Fred Bird.

Russian Intervention Possibility Spurs Insurgents In Madrid Drive

How Roosevelt Looks To Campaign Throngs

Attended by a regiment of newspaper correspondents and cameramen, President Roosevelt heads the most elaborate political argosy organized for a presidential campaign in his 5000-mile invasion of 10 midwestern states. Pictured as he stands on the rear platform, you get a good glimpse of the fighting face he will show throngs along the route. At his right is Mrs. Roosevelt; at left, their daughter-in-law, Mrs. James Roosevelt.

REFUSE SET ASIDE KIDNAPER'S TERM IN PENITENTIARY

Attorneys to Carry Robinson's Suit Higher

LOUISVILLE, Oct. 12. (U.P.)—The new trial motion of Thomas Robinson, Jr., serving a life sentence for the \$50,000 ransom kidnaping of Mrs. Alice Stoll, was overruled today but the court deferred entering the order for ten days to give counsel time to submit additional affidavits.

Defense attorneys said they would go to the United States appeals court if they failed to have the sentence set aside in district.

Heart Attack Fatal To Roswell Citizen

Frank Ingham and wife left today for Roswell where tomorrow they will attend funeral services for Arthur Ingham, 70, cousin of the local man, who died there Thursday following a heart attack.

FARMER BANNED FROM TOWN

HANFORD, Cal. (U.P.)—City and county, like Kipling's East and West don't mix for Edward Richards, local farmer. After allegedly disturbing the peace in the former, Richards was sentenced by Judge Brenton not to come to town again for 60 days.

MRS. INGHAM RETURNS

Mrs. Frank Ingham has returned from a visit of a month in Arizona with friends and relatives.

YWA WILL NOT MEET

It is announced that the Y W A of the First Baptist church will not meet until next Monday.

Mr. and Mrs. Dick Simpson of Big Spring visited in Midland Sunday.

MAGAZINES WANTED
The Midland County Library is endeavoring to bring up to date a file of the "Magazine News Week," and would be glad to have anyone who subscribes to give the magazine to them.

Wreath Given By Ellis, Buddy's

The wreath which was placed on Pompous Genie, winner of the \$1,000 added Merchants Handicap race Saturday, was donated by Wynnie Ellis and Buddy Flowers and not by the chamber of commerce.

The Reporter-Telegram misconstrued an announcement made at the track and gave credit to the wrong donor.

Ellis and Buddy's Flowers gave the wreath for the second consecutive time, having furnished it also at last spring's meet.

THUGS BREAK JAIL AND BEAT SHERIFF

WREATH GIVEN BY Ellis, Buddy's
Three small-sized Indiana hoodlums who had bragged they would outdo the late John Dillinger and his murderous gang overpowered the Sheriff and escaped from the Hancock county jail Sunday where they were awaiting trial for the slaying of an Indianapolis police sergeant.

They took the car of a citizen who attempted to aid the Sheriff as he struggled with the men on the sidewalk in front of the jail and drove toward Indianapolis, twenty one miles west.

The three hoodlums, Alfred Brady, 26; James Dahlhoffer, 29, and Clarence Lee Shaffer Jr., 20, all less than five feet six inches and slight build, were scantily clad and without money when they made their break.

As Sheriff Clarence Watson explained the escape, the men were in a hall outside the cell block exercising after breakfast. As he opened the door leading into the hall he said Brady lunged at him. As he scuffled with Brady, Dahlhoffer seized an iron bar, which they had worked loose and struck the Sheriff over the head. Shaffer, who was some distance away joined in the fight.

Mr. and Mrs. Dick Simpson of Big Spring visited in Midland Sunday.

Gave Program Sunday
The Midland group of approximately 100 singers gave a program of choral readings, glorias, amsens, and choruses in the auditorium of the Texas state building on Sunday at eleven o'clock. Due to the fact that this was church hour throughout the city, and due to the further fact that the Catholic program was going on at the same time, possibly not more than 200 people composed the audience, but among those in the audience were: Deputy State Superintendent Mann, Mrs. Beale, educational director of the Centennial schools, and a number of other prominent citizens.

MIDLAND SCHOOLS, Page 4

SUPREME COURT REFUSES TO ACT ON WAGNER BILL

Decline Review Of Lower Court's Decision

WASHINGTON, Oct. 12. (U.P.)—The supreme court refused today to pass on a case attacking the constitutionality of the Wagner act which established the national labor relations board to settle industrial disputes and guaranteed collective bargaining.

The judges declined to review a lower court decision which refused to enjoin the labor board from holding hearings in labor disputes.

Calf Crops Figure In Cattle Deals

Roy Parks, whose two "show loads" of steer calves were bought at Fort Worth and Midland auction sales by C. G. Rohrer for the Sibley Farms, Sibley, Ill., sold his entire steer calf crop to the same buyer, it was reported today. The Parks steer calves were bought by Rohrer a year ago.

Foy Proctor is reported to have contracted the calf crop of O. B. Holt and Mrs. Ida Wolcott.

Legionnaires Meet Monday Evening

The American Legion will meet tonight at 7:30 on the third floor of the county court house for a business meeting, and a report from the delegates who attended the District Convention in Van Horn the 3rd and 4th of this month.

All Legionnaires and World War veterans are urged to attend.

Fire Hazard Greater In Some Timber Areas

WASHINGTON, Oct. 12. (U.P.)—Extreme drought—"fire weather"—in several forest regions this year has increased the hazard of fires, which last year burned more than 40,000,000 acres of forest land in the United States, the Department of Agriculture reports.

Fire danger, however, has been reduced in recent years as a result of studies of fire conditions and the development of improved equipment. For the past 14 years the Forest Service has been coordinating weather data that now makes it possible for the ranger to determine to a certain extent the hazard of forest fires at all seasons of the year.

FASCIST LEADERS ALIGN FORCES FOR PUSH ON CAPITAL

Russian Ship Show Italians They Are Unarmed

RESISTANCE MET

Loyalists Bitterly Resist Rebels On All Fronts

By Associated Press
Cold, rainy weather and prospects of Russian intervention on Madrid's side propelled insurgent armies to new speed today.

Fascist leaders aligned forces in an assault they hope will carry them into the capital in ten days. They were being actively resisted on all fronts.

The captain of the Soviet steamer Neva invited Italian representatives to see for themselves that the ship carries no arms, a sequel to a charge before the international non-intervention committee in London that the Russian ships were carrying arms to the Spanish government forces.

The driving rains caused suffering in the government ranks because of inferior equipment. Insurgents predicting the capture of Madrid in ten days, forged forward against the increasing ferocity of the capital's defenders, whose desperation is more apparent than ever before.

Gen. Francisco Franco's Fascist armies wound up a week of steady advances with the capture of Cebreros, the fourteenth town taken in the last few days, and the key to Madrid's electric power.

Incessant hammering, Fascist headquarters said, beat back the spirited but ill-trained government militia until the insurgents' western front was welded into an unbroken semicircle around Madrid, at some points in thirty-five miles of the goal.

Capture of Cebreros and Tembu, on opposite banks of the Alberche River forty miles west of the capital, closed the flanks of the northern and southern armies in an arc from Navas del Pinar, northeast of Madrid, to Toledo, southwest of it.

General Franco's forces along that line, estimated at from 90,000 to 150,000 men, are expected to base their concerted drives from the key towns of Santa Cruz del Retiro in Cebreros, where Madrid's powerhouses are situated, and here, all seized in the last week.

LONDON ATTACKS FDR STATEMENTS IN OMAHA SPEECH

Says Export of Farm Products In 1935 Decreased

ABOARD LONDON SPECIAL TRAIN, Oct. 12. (U.P.)—Governor Alf Landon, en route to Cleveland for a major address tonight, told Ohio farmers today that President Roosevelt's Omaha statements are "more calculated to deceive than enlighten."

He said "the American farmer is suffering as a result of new deal tariff policies."

Landon took issue with Roosevelt, who, he said, indicated that agricultural exports are increasing. Landon stating "facts showed exports in terms of actual quantities declined."

HODGES RETURN
Mr. and Mrs. J. Howard Hodge returned Sunday from a week's visit to the Fort Worth and Dallas Centennial Expositions.

Maybe Al's Walk Will Be Easier

ELK CITY, Okla., Oct. 12. (U.P.)—When Governor William H. Murray threatened a "season of prayer" after the nomination of President Roosevelt in June, T. H. McLemore, Elk City farmer, sent in the Sage of Yashuba Creek a pair of knee pads "to have some comfort."

En route to New York City Sunday was a pair of old shoes to Alfred E. Smith who "took a walk" from his party and announced he would support Gov. Alf M. Landon.

McLemore's letter accompanying the gift said: "I just thought you might need them on the long walk that you are taking with Alf and Herbie. . . . I have been able under Frankie and Johnnie to buy me a new pair."

Spotlight Will Swing to Mexico In Conoco Program

If you want to visit a really foreign country—yet not take a trip across the water—just strike out for Mexico, the "Land of Eternal Spring."

That's the advice of Carveth Wells, famous explorer and reporter, who will describe scenic wonders along one of the world's finest highways—the Pan-American in Mexico—in his Sunday, October 18, radio program of "Exploring America" broadcasts for Continental Oil Company.

"I know of no place," says Wells, "so entirely foreign to the United States, yet so easy to reach, as Mexico. It is strange that we, as a nation, know so little about Mexico—especially her climate and scenery—but it is true that the average American has just as queer ideas about Mexico as the average European has about the United States."

For breath-taking scenery and

the most entertaining means of visiting this country, he recommends a motor trip down the new Pan-American Highway from Laredo, Texas, to Mexico City, "one of the most interesting cities in the world." Exactly a year ago, Wells traveled this highway by automobile and trailer on his return trip from explorations in Panama.

"Regardless of social position," the explorer explains, "Mexicans are extremely polite people. They do everything with a smile, and even if you cannot speak a word of their language, you'll find that a pleasant smile and a few signs will take you a long way."

Local listeners who wish to tune in on Carveth Wells Sunday, October 18, may do so by dialing station WFAA at 12:30 o'clock.

Brothers Apart 43 Years
MARTINEZ, Cal. (U.P.)—Warren C. Smith, 70, of this city, and Elam B. Smith, 75, of Mexico, brothers and sons of a father who crossed the plains in 1846, met here for the first time in 43 years.

Jr. Wednesday Club Opens With Luncheon

At 12:30 Saturday afternoon at a luncheon in the private dining room of the Scharbauer Hotel the Junior Woman's Wednesday club initiated the first meeting of their new club year.

In accordance with club's course of study, Interior Decoration, a miniature model of modern American home, completely furnished and landscaped, was the center piece of the table against a background of blue and silver; the club's colors, which were emphasized in the table appointments and decorations.

After the luncheon, Mrs. John M. Speed Jr., presided at a brief business meeting. The club's new year books were presented to the members.

The social committee, Miss Ruby Hodges, Mrs. Clyde Miller, and Mrs. Alf Reese were in charge of the luncheon.

A four course dinner was served to Misses Ruby Hodges, Mary M. Sparks, Lucile Thomas and Bennie Sue Ratliff, Meses Ben Black, John M. Speed, Ralph Geisler, Frank Miller, Alf Reese, Nancy Stevens, and Hugh West.

Bob Orson of Dawson county visited his brother, Frank Orson, Sunday.

Announce Marriage Of Ernest McCall To El Paso Girl

Dr. and Mrs. C. G. McCall have announced the marriage of their son, Ernest, to Miss Jane Kendrick of El Paso.

Mr. and Mrs. McCall were married in El Paso Sunday, October 4. El Paso is the home of bride. Ernest McCall is well known here where he was born and raised and graduated from Midland High School. He is now associated with the Paso-Tex Pipe Line Company.

Naomi Class Meets With Men's Bible Class Sunday

The Naomi class met Sunday morning for the opening exercises, and then joined the Men's Bible class for the Sunday School lesson, which was taught by Mr. M. C. Ulmer.

Two new members were present; Miss Ethel Long, and Mrs. H. T. Harding.

Midland Couple Are Married in Stanton

The marriage of Miss Nora Mae Bizzell to Mr. Harvey Kiser was announced today by the bride's mother, Mrs. D. M. Bizzell.

Mr. and Mrs. Kiser were married Friday, October 9th by the Justice of the Peace in Stanton.

Mr. Kiser's home is in Loraine, but he has lived in Midland the past two years, where he has been associated with the Midland Hardware Company.

Mrs. Kiser was graduated from Midland high school in 1934, and is now assistant to Dr. W. L. Sutton.

The couple will reside at 121 N. Big Spring.

Mr. and Mrs. Jack Wilkinson of Winters are visiting friends in Midland.

Mattress Rebuilding

LET US REMAKE IT

You have discovered that your old mattresses have lost their softness and springiness. If you could see inside them you would find the material lumpy and the softness all gone. Let us rebuild them for you. The cost will be small compared to a new set, but the result will be the same. We will return them to you just as good as new.

The SPORTS HORN

BY JESS RODGERS

Looking over the district: Last week proved one thing we have maintained all season. Monahans has been over-rated. Pecos took 'em, 6-0. However, both Johnny Smith and Bob Lewis maintain the Lobos outplayed the Eagles and should have won. But a lack of goal line punch is their chief handicap. They got inside the Pecos 5 with four downs to go for a tally and failed. Against Crane they played much the same kind of game. They shoved the light Crane club all over the field but were lucky to get a couple of touchdowns, one of them after officials had placed the ball on the Crane 1. The team is far more dangerous in mid-field than near the goal line. Not that they play open football so much but they do have two or three men that are likely to get loose for a

goal-line jaunt.

At this point it looks like Wink and Odessa are about the strongest two teams in the league. And there lies a surprise, at least as far as Odessa is concerned. They were expected to be one of the weak clubs of the league. But their 24-0 defeat of Crane must place them in number one contender position. Comparative scores (which, by the way, mean very little) indicate the Bronchos are 27 points better than Monahans. Which would rate them slightly 3 touchdowns better than Midland.

Wink's 71-7 conquest of Station definitely stamps the Wildcats as the strongest club in the league again this year. According to observers of the club in action, it is one of the lightest but the fastest and best balanced in the circuit. The club will average slightly less than 150 per man but every one on it is a potential dash man.

Midland retained a place at the top of the district only because they were playing one of the bottom notch clubs. Their playing was ragged during most of the game and would have not stood the steady onslaughts of either of four clubs in the circuit. To have a chance with the Wink club the Bulldog end play will have to be far above anything shown so far. Wink's chief scoring plays are around end with one of their jackrabbit backs carrying behind better than average blocking. And when they get into a broken field they are as elusive as that greased eel you have heard about.

Midland is scheduled to go Crane Friday night. So far the Cranes haven't won a game but they may come through any time. Johnny Smith says the lights are so dim on the Crane field that opposing players are apt at any time to put a Crane man in the head and tackle the ball. Seems that the Crane boys, in direct violation of a district ruling, don't stripe their helmets, leaving them the same color as the ball.

Crane has one little backfield man who is alleged to have made several touchdowns this season but has had each cancelled by the officials. If reports are to be believed, the boy is so fast and the field so dark that officials have failed to see him on his touchdown jaunts.

By way of grapevine: Travis Moorman, Pecos scribe (?), says that Johnny Smith and I are a couple of know-nothings-about-journalism and that we should both be working on some fourth class weekly about like the Upton County Journal. As long as there is no difference in the quality of the

Famed Cole Bros.—Clyde Beatty Circus To Appear Here Tuesday; 1 Performance

Tomorrow comes the circus—Cole Bros.—Clyde Beatty. While Midland sleeps tonight, special trains will depart from El Paso, making a direct run to Midland over the T. & P. About noon-tuesday the trains are due to arrive in the T&P yards, making the 308 miles in about 12 hours. Only one exhibition—a night show—will be staged in Midland. In addition the street parade will be held late in the afternoon, the

first band wagon leaving the ground at 9th street at 5 p. m. It will be the first circus parade to be staged by a rail road circus in Midland in years. As fast as the trains arrive tomorrow they will be packed for unloading. About four hours will be required to erect the twenty-two tents, which make up the transient city. The big top measures 170 feet by 380 feet and seats approximately 10,000 people.

One of the largest circus parades ever staged in Midland will be seen on the downtown streets at 5 o'clock. There will be hundreds of horses, elephants, camels, Zebras, llamas, and more than three score of elaborately carved floats and open dens of wild animals.

Due to the recent absorption of the Clyde Beatty zoo by the Cole Bros. Circus, the managerie now contains upwards of 50 cages of wild animals 30 elephants, two car-

AERIALIST

avans of camels and the largest hippopotamus in captivity. The amalgamation of the two shows forms one of the world's largest traveling amusement institutions.

Stars gathered from 18 foreign countries will be in this season's big show. There are 400 performers who will be seen in more than 200 separate acts in the three rings, elevated stages, steel arena, aerial oval and on a giant hippodrome oval.

The trained wild animal displays are headed by Clyde Beatty, acknowledged to be the greatest wild animal trainer of all time.

Many Famous Riders Among the 60 equestrians will be the Zavatta troupe of nine champions of Europe. The petite and charming Cyse O'Dell, intrepid aerialist, comes to thrill you. From Germany will be the amazing Geronas who perform on a wire high up in the big top; other stars will be the Flying Harolds, the Aerial Illingtons and Harold Barnes, the dancing, tumbling, somersaulting juvenile on the tight wire. Sixty clowns headed by Otto Griebing will furnish fun for the little folks.

Midland Schools--

Continued From Page One

The musical critic of the Centennial, many newspaper men, an official photographer who took snap shots of the Midland organization for the daily papers, radio operators, and artists from as far away as California. These were loud in their praise of the program, one stating that he had heard the Tabernacle Choir of Los Angeles several times and that he thought the Midland high school chorus compared favorably with it. Miss Mann and Mrs. Beale both stated that it was the best school educational program given at the Centennial thus far, and in their opinion it would not be surpassed or equaled by any other school program to be given there. The Centennial officials offered to pay the additional expense of twenty singers from the Midland group if they would stay over and give a program over the Du Pont broadcasting system this morning at 10:15, the regular time for broadcasting such programs. Many Midland people had tuned in Sunday in order to hear the program, but it was understood by Midland school authorities that the program might not be broadcast unless special arrangements could be made for so doing, after arriving at Dallas.

Faculty Reaction

Following is the reaction of some of the faculty members who helped escort the various groups of students from the high school on the trip:

Books have their very important place in the education of a child, but if we give him books only we have failed in our duty to him and his generation, for life must be lived, not dreamed about.

The children of Midland are fortunate to have as the directors of their education, officials with broad vision and understanding, for it is to them that thanks should go for the high school's trip this past week end to the Texas Centennial in Dallas. The slightly more than one hundred children who with faculty escorts spent two days on the Centennial grounds were given a rare educational opportunity in that they actually saw and heard and felt innumerable things that books, no matter how excellent or how many, could never have given them. For anyone, no matter how traveled, a trip through the beautiful Texas state building is in itself inspirational, but for a child the remembrance of having given a program in such a place will be a cherished memory. To have seen "Cavalcade" is to have ridden with our ancestors the chariot of history as it passed one mile post after another on its road to our Lone

There are 500 head of horses with the show this season including 200 performing equines. They will be in charge of Jack Joyce, famous horseman.

The "Serenade of Spain", an immense spectacle will start the ball rolling in the big show and will serve as a prelude to the main performance.

7:45 p. m. Evening worship and sermon by the pastor.

Star state of today. What child could get from a history book and the class room the experience of sorrow from tragedy; inspiration from triumph over obstacles, and the final joy from accomplishment that that magnificent spectacle portrays?

Fifty years from now there will still be many of that high school group who while sitting by their fire-sides in the dusk of the evening will remember with a tingle of pride and pleasure the outstanding event of their high school career, their trip to the Texas Centennial. Jessie Belle Cummings, Public Speaking and Dramatics.

The one hundred and twenty girls and boys who represented the Midland High School at the Centennial the past week end covered themselves with glory when they presented a program Sunday morning in the Hall of State. The glory that was theirs reflected brightly on Midland and the schools as well as W. W. Lackey, Superintendent of Midland Public Schools, who sponsored the event.

The trip was invaluable because it made it possible for some pupils to attend who otherwise would have failed to see the great pageant of the history of Texas.

The students and faculty sincerely thank those who in any way made such a worthwhile and enjoyable event possible.

Praise was given the group in Big Spring, Texas, by the proprietor of the cafe where they ate breakfast Monday morning when he said, "Of all the groups of children I have fed from all over this section of the country this group is by far the best behaved."

Miss Norene Kirby, English Department

A trip to the Centennial Exposition in Dallas is the greatest thing that can be given a Texan. There is glamor and excitement and dreams come true on every point. The Midland school children who were in Dallas Saturday and Sunday will give evidence that they had the most wonderful time they could ever expect to have. Teachers and pupils for ages to come shall sing the praises of glorious experience never to be forgotten. One of the most stirring and most beneficial things seen or heard was the program given Sunday afternoon by the Dallas Symphony Orchestra with Leonard Pennario, wonder boy

musician, as soloist. Music from long ago written by great masters came beautifully and skillfully from 80 musicians and their instruments and charmed the great audience. The school group presented its program in the beautiful auditorium at the Hall of State in a most excellent manner and won praises from many listeners and admirers. The trip was educational, inspirational, and packed full of enjoyment and I know we all are happy that we can say we are a part of the great Lone Star State.

Mrs. DeLo Douglas, Public School Music.

The musical program rendered the pupils of the Midland High School at the Centennial was the best I have ever heard. I sat near three of the directors of the radio programs sponsored by the Texas Centennial and conversed with them about the program and they acclaimed it to be the best they had ever heard.

The proprietor of the Lone Star Hotel reported that he entertained delegations of high school pupils at most every day and from all parts of the State and the conduct of the Midland pupils in and around the hotel was the best and most orderly of any he had ever entertained.

J. C. Moore, History Department.

The program given in Dallas Sunday, by a group of Midland High School students was beautiful and inspiring. The trip was worth while just to hear the expressions of amazement voiced by the very appreciative audience.

Miss Marion Cartwright, Mathematics Department.

Still Coughing?

No matter how many medicines you have tried for your cough, chest cold or bronchial irritation, you can get relief now with Creomulsion. Serious trouble may be brewed and you cannot afford to take a chance with anything less than Creomulsion, which goes right to the seat of the trouble to aid nature in soothing and heal the inflamed membranes as the germ-laden phlegm is loosened and expelled.

Even if other remedies have failed, don't be discouraged, your druggist is authorized to guarantee Creomulsion and to refund your money if you are not satisfied with results from the very first bottle. Get Creomulsion right now. (Adv.)
