## Britain 'Intervenes' In Spanish War

### Roosevelt Quiet on Proposed Amendment Plans

RECEIVES CHEERS  
OF THOUSANDS ON  
HIS RETURN HOME

New Deal Objectives  
Not Revealed By  
President

TO BUENOS AIRES

Peace Conference To  
Be Attended By  
Executive

WASHINGTON, Nov. 6. (P)—Whether a constitutional amendment to carry out some of the new deal objectives to be proposed went unanswered today by President Roosevelt, given an auspicious welcome upon his return to the capital after a sweeping election.

He laughingly parried all inquiries, but did say, however, he was considering a trip to Buenos Aires for the opening of the Inter-American peace conference December 1, and that he would talk today with members of the maritime commission and Secretary Perkins regarding the Pacific coast strike.

He said he had given no thought to new cabinet appointments and filling other important posts now vacant.

With final tabulations being slowly accumulated, the total popular vote reached 41,872,227 last night. Returns still were missing from 15,000 of the nation's 122,000 precincts, but President Roosevelt had a lead of 25,247,591 to 15,795,236.

Speculations about an equivalent to NRA ranged from an early attempt to obtain such an amendment to a recommendation for interstate compact legislation regulating business. Some felt a new attempt might be made to get supreme court approval of federal action without an amendment. If and when such a move is made a party-wracking debate in congress is looked for.

BROTHER OF WPA  
HEAD IN TEXAS IS  
KILLED IN WRECK

Two Men Figuring In  
Crash Arrested  
By Officers

WACO, Nov. 6. (P)—Frederick Gerald Drouth, San Antonio, brother of H. P. Drought, state works progress administrator, was killed and a woman companion, Miss Shirley Johns, Waco; and two men identified as being from Illinois were seriously injured in an auto collision on the Waco-Temple highway today.

Officers said the two men in the auto figured in the collision with the Drought car were from Mount Vernon, Illinois, according to papers they were put under technical arrest for suspected theft of an auto belonging to R. E. Ford Reagans, of Mount Vernon, Illinois, and a stolen car when the accident occurred.

Drought was employed by the Brazos river conservation and reclamation district with headquarters at Temple.

Later officers charged Charles Hoeffner and Aleck Wagner, the two men driving the stolen car, with theft of over \$50.

NOTICE TO BURGLARS POSTED

LONDON. (U.P)—The owner of a house on Brighton Road which thieves robbed several times put up this notice on the front gate: "Will the two burglars, well known to the occupants of this house, who have entered these premises three times within the last nine months, note that all money and valuable are being removed."

The Fall, Not The Kick, Hurt Parks

How Roy Parks came to walk with a cane is somewhat like the story of the man who was cleared of a murder charge when he proved that his victim died from the fall and not from the kick. Parks was trimming the feet of an old, gentle bull at his ranch when the bull got one leg through the corral fence. Parks was tugging at the bull's leg when the animal kicked him squarely in the back.

"The kick didn't hurt much," Parks said, "but I managed to sprain my ankle some way when I was falling over and getting up."

### All Midland Stores to Close Armistice Day

Party Was News

The fact that Mrs. Stockwell Reynolds Albertini, wife of the American millionaire, gave a party costing \$5000 was a matter of public interest, Justice Swift ruled in London, finding judgment against her in a suit charging she was libelled by publication of the story. It was stated that she provided 600 bottles of champagne and expensive foods for her 500 guests.

Petition Signed By Merchants of The City Today

Wednesday, November 11, Armistice Day, will be observed as a holiday in Midland, local merchants agreeing to close shop on that day, according to an announcement issued by the Midland chamber of commerce office today, after a petition, calling for the observing of the holiday, had been circulated over the city by Secretary Bill Collins. Approximately 70 business houses here agreed to remain closed for the holiday. Cafes, filling stations and drug stores were not contacted but it was thought that most of the drug stores will observe Sunday hours on that day.

The merchants also indicated they will observe Thanksgiving and Christmas, the two remaining holidays of 1936.

Six Holidays Next Year

As suggested by the Retailers Committee of the chamber of commerce, in session last Tuesday morning, Collins also circulated a petition regarding the observing of the six major holidays of next year, New Year's Day, Fourth of July, Labor Day, Armistice Day, Thanksgiving and Christmas Day, thereby doing away with the necessity of canvassing the town before each holiday.

Sixty-six local merchants signed the petition agreeing to observe each of the above mentioned holidays, and it is practically assured that the six holidays will be observed by the entire city, practically all of the merchants contacted being highly in favor of closing shop on these days. Midland merchants are now aware of the holidays during the next year, and may plan accordingly.

Smiling Wave of Thanks For Tidal Wave of Votes

First Acknowledgment of one of the greatest votes of confidence ever given an American president seeking re-election was this smiling wave of greeting given by President Roosevelt to Hyde Park neighbors who marched to his home, carrying red flares, as returns showed the sweep of the Roosevelt tidal wave. This telephoto picture shows the scene as the president greeted his admirers, with his son, Franklin, Jr., and Mrs. Roosevelt by his side.

HIGHER WAGES TO EMPLOYEES GIVEN BY CORPORATIONS

Extra Dividends Are Announced By 2 Companies

NEW YORK, Nov. 6. (P)—News of higher wages, dividends, heavy freight movements, advancing price in metals and selected securities came today.

The Chrysler corporation announced a \$4,000,000 bonus for employees, and the Columbia steel company announced a ten per cent wage increase.

The Standard Oil Company of New Jersey ordered an extra dividend of 75 cents per share. The Standard of Indiana ordered an extra dollar.

The Bethlehem Steel Corporation announced a wage increase for all employees.

KANSAS DEMOCRAT MAY ASK RECOUNT

Committeeman Dissatisfied With Totals Shown In Senator's Race

TOPEKA, Kan., Nov. 6. (P)—Lynn Broderick, Democratic National Committeeman for Kansas, Thursday night telegraphed all county election boards to hold their boxes, indicating a demand for a recount.

Broderick said he is dissatisfied with the totals shown for the senatorial race in which Senator Arthur Capper, Republican, won reelection. Other races also were viewed as demanding a recount, Broderick said.

Broderick pointed out that Capper's lead was 1,800 votes on a total of 800,629 votes cast in the senatorial race and that this total was more than 30,000 votes less than the total cast in the gubernatorial race. Capper's opponent was Omar B. Ketchum.

In the gubernatorial race, Walter H. Huxman, a Democrat defeated William G. West, Republican, by more than 21,000 votes and the total vote in the race was 821,277.

The Lieutenant Governor race in Kansas still was a tossup with 100 votes separating the contestants. In the presidential race there were 845,513 votes cast, or almost 46,000 more than in the senatorial race.

Senior Girl Still Leading Race for Queen of Catoico

Pady Sue Whitcomb, senior, today retained her lead over 11 other contestants in the race for annual queen of the Catoico, high school annual, when a count of the votes registered so far showed her to have a total of 7,933, a total of 994 votes over Eddie Jean Cole, freshman, her nearest competitor in the outstanding school award of the year.

In third place was Wanda Ticknor with 3,768 votes. The nine other contestants were far behind the three leaders. The last bonus votes will be awarded Monday and the contest will be ended Tuesday. The seven highest girls in the contest will be in the coronation pageant.

Name	Paid Bonus	Total
Velma Johnson	630	106 736
La Moine Shindorf	500	100 600

Five Persons Lose Lives in Fire Today

CAMBRIDGE, Ohio, Nov. 6. (P)—Five persons were burned to death today in a fire that destroyed their home here. The dead are George Sayre, Mrs. Mary Wiley and children Betty, Robert and Myrtle.

TO SEE TECH

Mr. and Mrs. Al Reese and Mr. and Mrs. Bill Blevins left Midland this morning for Lubbock where they will attend the Texas Tech-Oklahoma A. & M. game.

RETURN FROM DALLAS

Mr. and Mrs. George Phillips have returned from Dallas where they visited their daughter, Evelyn, student at Hockaday school there.

RETURN FROM EL PASO

Mr. and Mrs. W. H. Morrison have returned from El Paso.

GOVERNMENT MAY INTERVENE IN THE MARITIME STRIKE

Roosevelt and Labor Secretary Will Meet Today

WASHINGTON, Nov. 6. (P)—Possible intervention by the government in the maritime strike which has tied up west coast shipping and interfered with east coast traffic hinged today on a conference between President Roosevelt, the maritime commission and Secretary Perkins of the Labor department.

Efforts of the assistant secretary of Labor have been unsuccessful in settling the strike and it is now spreading to other ports, tying up scores of ships.

One ship operator in New York charged strikers with instituting a "reign of terror" to spread their work without there. The strike leader retorted that ship owners had hired "mobsters" to beat pickets.

Seamen's union "insurgents" attempted anew to tie up the port of Boston. Many strikers were under police detention in Galveston and New Orleans.

Food prices soared in strike-bound Honolulu. Travelers competed with each other for passage between Hawaii and the mainland.

DUCK SEASON TO OPEN NOVEMBER 26

Christmas Day Last For Killing Geese And Ducks in State

Warning was voiced today by game warden Tom Grammer to hunters who seek to hunt ducks before opening day of the season November 26. The season will extend through December 25.

Bag limit on ducks will be ten per day, in the aggregate, and anyone with more than this number in his possession will be subject to prosecution. On geese and brant the daily bag limit is four.

Persons hunting are warned to have both hunting license and federal duck stamps. The stamps and licenses can be purchased for only a small cost. The licenses are not required for persons hunting in the county of their residence but permission must be had at all times to hunt on another person's property.

All persons using automatic shotguns in hunting ducks or geese are warned not to have more than three shells in the gun at one time. Blinds may be built along shore lines this year. Last year hunters had to build them 100 feet from shore line.

23 New Students Are Enrolled Here

Reports showing that 23 new students have been enrolled in the Midland school system during the past week swelling the total to 1450. The following chart shows the distribution of pupils per school building:

High School	385
Junior High School	486
North Elementary	233
South Elementary	248
Mexican School	25
Colored School	73
TOTAL	1450

Hungry Family Needs Shoes Bad As Food

Did you know that there are approximately a hundred people living in our midst whose sole means of existence is the charity that they receive? These twenty five families are classed as "unemployable" because it is absolutely impossible for them to work and make enough money to cloth and feed their children, who are ragged, undernourished, and live in fifth and squatter that is difficult even for Midland citizens in extremely moderate circumstances to imagine.

An authentic example of one of these cases is that of a man, afflicted with sciatic rheumatism, who lives in a tent which resists very little of the rain and cold that struck here, and whose diet consists of anything edible that his freezing and starved family can find for him.

His wife could alleviate the situation some by picking cotton, but she has not a pair of shoes that will stay on her feet, and it is impossible for her to tramp all day long in the bitter cold fields without any protection for her feet.

Faced by such privations as these, the citizens of Midland are certain to take compassion on these helpless people and go to the extra "trouble" of gathering together some kind of shoes and clothes. This family would gladly take any old pair of shoes or boots which they could patch with paper and wear. Moth eaten or mildewed, just as long as clothes are warm, they will be more than thankful to have them.

Will you help this family? Then please bring any shoes or clothes for adults or children to the Relief Office at 319 E. Texas in the old Higginbotham-Bartlett Lumber company next Tuesday.

VISITING DAUGHTER

Mrs. John M. Gholson and sons, John and Howard, of Ranger, are visiting her daughter, Mrs. A. W. Cherry.

TO SAN ANGELO

Miss Joyce Holliman went to San Angelo today to visit with her family and friends during the week-end.

Hill Calves Sold To Kansas City Buyer

Zach Martin of Kansas City, here to buy calves for feeder customers in the corral belt, was reported this morning to have bought the J. E. Hill calves, off of the "Figure 2" ranch in Adrews county.

Martin has been coming to Midland each year for more than a quarter of a century and is one of the nation's heaviest buyers.

PASTOR MOVES HIS RESIDENCE HERE

New Minister of Church Of Christ Here Now From San Angelow

The Rev. James M. Camp, with his wife and three children, have arrived in Midland to take up his duties as pastor of the Church of Christ. They are living at the church's home, 503 North San Angelow.

Coming here directly from San Angelow, the Rev. Camp formerly was pastor at Ozona and before that time in southwestern Oklahoma.

He stated today that he is enthusiastic over his new field and expects to like Midland especially well. He offered his services in any worthwhile community undertaking.

TEACHERS DEPART

Miss Ruth Anderson left today for Midlothian, her home near Dallas, to spend the week-end. Miss Jesse Price also left for Fort Worth for the week-end.

HUGHES TOOL MAN

O. R. Cole of Houston has been transferred here where he will be associated with the Hughes Tool Company.

MAN SERIOUSLY HURT WHEN AUTO IS OVERTURNED

George Bumpers Not Expected to Live, Reported

George Albert Bumpers, 24, son of Mrs. Georgia Bumpers, associated with the J. C. Penney Company here, was critically injured last night when the car he was driving overturned fifteen miles out of Odessa on the Crane highway. Only minor injuries were received by the girl in the front seat with Bumpers, and a boy and girl in the back seat escaped with a few bruises.

Bumpers, who is associated with the Gulf Oil Company at Crane, was returning home from Odessa at approximately nine o'clock when the accident occurred. He, and the girl with him, were taken into Odessa to a hospital where Bumpers did not regain consciousness until this morning. It is reported that his chances for recovery are slight.

MAN PLUNGES TO DEATH IN DALLAS

World War Veteran Dives From Office Window To The Street

DALLAS, Nov. 6. (P)—A man identified as H. Lovell Bowman, world war veteran recently released from a government hospital at Fayetteville, Arkansas, plunged to death from the top floor of an office building here today.

GO TO DALLAS

Mr. and Mrs. Charles Houpt left Midland at noon today for Dallas where they will attend the Centennial and the A. & M.-S. M. U. game.

ASKS INSURGENTS CONFINING BOMBS TO ARMY OBJECTIVES

Failure Meets Try At Aiding Hostages In Capital

REBELS HALTED

Artillery Keeps Up Rain of Fire On Madrid

LONDON, Nov. 6. (P)—Great Britain asked the Spanish insurgent junta at Burgos today to confine its bombings to purely military objectives, it has been learned.

The request was described as "gentle but firm." It explained the British representative at Madrid was unsuccessful in efforts to mitigate the suffering of 10,000 hostages held there.

It was stated that England was gravely disturbed by the rebel peril both to its own nationals and Spanish non-combatants.

Reports of a mediation appeal with France to Madrid were discounted.

Advancing insurgent troops were temporarily halted at suburban Carabanchel by Socialists fighting to save the capital.

Artillery battles between Fascist and government batteries continued to fill the air with blasting shells on Madrid's outskirts.

Capital advisers, however, denied earlier reports that insurgent shells were falling in the heart of the city and that rebellious guards were fighting militiamen in the streets.

Madrid women have joined men in defense of the city.

It was reported two additional insurgent planes had been shot down during a fight in the Alcala-dehenas and Leganes sectors.

Fascists captured Eliceros-de-anales, two miles southeast of Getafe.

SEMINOLE WELL DRILL-STEM TEST SHOWS ONLY GAS

Amerada 1-A Averitt Preparing To Deepen

BY FRANK GARDNER

Amerada No. 1-A Averitt, southwest of the Walsh and Adams discovery in Gaines county, showed one and a quarter million cubic feet of dry sulphur gas on a drill-stem test taken early this morning. Total depth was 4,960 with a wall-packer set at 4,920. The testing tool was left open several hours, and, after cleaning itself of drilling mud, the well blew gas and showed no oil. Crew is now coming out with drill-pipe and will drill ahead.

The drill-stem test of the Amerada well gauged only the lowest gas showing logged, that from 4,927 to 4,936. It had also shown gas from 4,886 to 4,890 and from 4,896 to 4,917, but no test was made as to the size of these shows. It is to be presumed that the gas from the upper shows would amount to around 12,000,000 cubic feet daily, since the Walsh and Adams well struck that much in a similar horizon at 4,910.

Location of the No. 1-A Averitt is 660 feet from the north and east lines of section 228, block G, W. T. R. R. survey. It is being drilled in the quarter-section obtained from Walsh and Adams by the Amerada Petroleum Corp. Geophysical findings which indicated the presence of a structure in the area was substantiated by the many gas horizons logged in the Yates section by the discovery gasser.

Cummins Well Gauged

Twenty-four hour gauge on the Empire No. 1-C Cummins, two-mile northwest extension of the Cummins pool in northwest Ector county, showed production of 700 barrels flowing through tubing. The well is bottomed at 4,291 feet in time and was treated with 3,500 gallons of acid. It flowed 80 barrels through tubing on a 24-hour gauge made before it was acidized. Day time was entered at 4,190. The well is located 2,200 feet from the south and 440 feet from the east line of section 22, block 45, township 1 north, T. & P. survey.

Drilling was halted at 4,280 feet in Shell No. 1 Cowden, Ector semi-wildcat, and hole is being bailed down for a test of an oil showing at 4,180. Rotary returns while drilling the last 100 feet showed a small amount of oil. The Shell test is located 660 feet from the south and east lines of section 26, block 44, township 2 south, T. & P. survey, a half mile west of the Broderick. See (OIL NEWS) Page 8

You Get Only 80 Per Cent of The Cash If You Get "Bank Night" Donations Now

Under terms of the new omnibus tax measure, passed at the recent special session of the legislature and signed into law last Saturday by Acting Governor Woodul, the state this week is beginning to collect on its levy on "bank night" prizes and similar give-away propositions. The law became effective immediately after Woodul's signature was attached, and thus affected recipients of "bank night" funds this week for the first time. Last night was the first "bank night" of Midland theaters since the act became effective.

## BEHIND THE SCENES IN WASHINGTON

By RODNEY DUTCHER  
Reporter-Telegram Washington Correspondent

WASHINGTON, Nov. 6—Senator James Hamilton Lewis of Illinois whose celebrated pink whiskers will soon be white if he doesn't do something about them, is one of the wise old birds in American politics.

After extended travel about the country and in his own state of Illinois, the senator gave voice to what many other politicians have been thinking, as follows:

"There are no political parties in America. The country is done with labels.

"There are political organizations, organizations in behalf of candidates. But the people are not influenced by political programs and will vote according to the personal principles enunciated by the candidates.

"All the talk of the country, its welfare and Constitution is interesting to intellectuals but to the ordinary citizen the question is which of the doctrines preached by the president of the United States and the governors of states best serves his business and the personal interests of his family.

"We have entered a new era. The liberal will go in one direction with other liberals. The conservative will join conservatives of his neighborhood.

"Whoever is elected president will find a new political alignment, neither Democratic nor Republican party, but economic and commercial industrial and financial—everything on a business basis and not political abstracts."

"Few who paid any attention to the campaign will dispute Jim Ham.

**Already They Talk of 1940.**  
Already the insiders in the administration are asking one another, who will be the "crown prince?"

They figured all along that if Roosevelt were re-elected, he would be in position to name a candidate to succeed him in 1940, whereas in case he were not elected he would either seek the presidency four years hence or else be in position to exert great influence toward a nomination.

Whether there will be three important parties in the field in 1940

or whether the contest will be confined chiefly to a conservative Republican party and a liberalized Democratic party sufficiently radical to head off a strong new farmer-labor party is good for an evening's argument in Washington any old time.

There are those who feel that the most important progressive politicians and labor leaders are too individualistic to stand together for a new party.

There will be more and more talk about this, but recently the two men who have seemed to command the most 1940 support among those around Roosevelt have been Secretary of Agriculture Henry Wallace and Senator Robert M. La Follette of Wisconsin.

Of course the old-line Democratic politicians are for the most part thinking in other directions.

**Famous? Not So Very**

Young Mrs. Jimmy Roosevelt walked into headquarters of the Democratic national committee women's division in New York and asked how about tickets for the final big Roosevelt show in Madison Square Garden.

"Is that so?" responded a young woman who didn't recognize her. "Well, you can just get a bottle of milk and an apple and stand in line like the rest of us here are going to do."

The president's daughter-in-law then asked to see a certain woman she knew.

"She's right in there," was the reply, "but it won't do you any good."

Young Mrs. Jimmy was given a good seat eventually.

**Court Book Stirs Capital**

No end of folks in Washington who are always interested in the prospective longevity of members of the United States Supreme Court are speculating as to possible effects of the book "Nine Old Men," a critical picture of the court and its history which shows the present justices in very frank detail.

One danger is that some of the conservative justices will suffer apoplectic strokes and another is

## Sympathy Strike Leader in East

In defiance of union officials, Joseph Curran (above) has organized the Seamen's Defense Committee to induce crews of ships arriving in New York harbor to join a sympathy strike designed to aid their West Coast comrades to victory.

that one or two of the liberal justices will die laughing.

Justice and Mrs. Owen J. Roberts are reported to be boiling over with wrath. Justice Roberts, however, is in excellent health and presumably can take it.

## Mr. Jess Rodgers Marries Roswell Girl In Carlsbad

Mr. Jess Rodgers and Miss Barbara Hubbard were married in Carlsbad, New Mexico, Sunday November 1, in a double ring ceremony performed by Rev. A. L. Goodwin of the First Methodist Church.

Mrs. Rodgers, who is the daughter of Mr. and Mrs. D. W. Goad of Marlow, Okla., was graduated from the Duncan, Okla., high school, later attending Mills School for Girls in Oakland, California. During the past three years she has been on the staff of radio stations in Honolulu, and Los Angeles transferring from the local station, KRLH, during the first of the year to accept a position in a Phoenix station, going from there to Roswell, where she is now located.

Mr. Rodgers, who is the son of Mrs. Ida Rodgers, was graduated from Midland High School in 1927. He is well known in Midland and West Texas for his contributions in the Sports Horn, sports column of this paper, and as city manager of the Reporter-Telegram, a position he assumed over a year and a half ago.

Mr. and Mrs. Rodgers will make their home in Midland.

**AUTO TARRED AND FEATHERED**

## 'Friendly Builders' Elect New Officers At Business Social

The Friendly Builders class of the First Methodist church met at the home of Mrs. J. A. Andrews, 420 South Loraine, at 3:30 Thursday afternoon for their regular lesson study.

Mrs. Ira Cole, Mrs. Floyd Counsell, and Mrs. Bill Counsell entertained the group.

Mrs. H. C. Barnes led the devotional after which a business meeting was held and officers for the coming year were elected.

Mrs. Jess Barber was elected president; Mrs. Roy McKee, secretary-treasurer; and Mrs. Horace Newton, reporter.

Refreshments were served to approximately twenty-five members and guests.

## Mrs. Paul Osborne Compliments Club At Bridge Party

Mrs. Paul Osborne was hostess to the Thursday Club, yesterday afternoon at her home.

Mrs. R. W. Hamilton won high score, and second high went to Mrs. John Cornwall.

Club guests for the afternoon were Mrs. R. C. Tucker and Mrs. William Holmes.

A party plate was served to club members Mrs. Harvey Conger, John Cornwall, Harris Eastham, R. W. Hamilton, O. C. Harper, Bert Hemphill, R. W. Patteson, Johnson Phillips, W. A. Yeager, Paul Oles, and the club guests and hostess.

Scheduled air service between the Irish Free State and England is now in operation, an intermediate stop being made at the Isle of Man

## PTA Hears Report Posture Examination Made at North Ward

At the regular meeting of the Junior High P. T. A. a report on a new phase of Health Education, sponsored by the North Ward P. T. A. and the Midland County Health Board, was given by Mrs. L. C. Thomas.

"Through the interest of Mr. Lackey and the help of Mrs. Alma Thomas, Miss Betty Wilson and Mrs. L. C. Thomas have made a Health and Posture Examination in the North Ward School Building, 211 children were inspected. In most cases one of the child's parents was present at the inspection. The posture examination is usually a part of an organized physical education program, but in the North Ward Building the Health Board and the North Ward P. T. A. sponsored the project.

The posture examination was of marked interest to parents and children. Among the results of this survey it should be mentioned that special instruction was strongly recommended for 14 per cent of the children, and suggested advisable for another 7 per cent. The survey in general showed that 59 per cent received an average grade of C, and that approximately the same percentage as capable of receiving a grade of B, with some instruction.

Poor posture is habit forming, hence, from a preventive aspect it is particularly desirable that training in good sitting, standing and walking habits be given while the child is young.

The talk was illustrated by a number of enlargements of the posture pictures made during the examination at the North Ward Building. Approximately 25 boys and girls from the North Ward School demonstrated various types of normal posture found in the survey.

## CHURCHES

11:00 a. m. Pre-Revival Message: "Soul Winning."  
7:30 p. m. Evening sermon subject: "Duty of Cooperating."  
NOTE: Watch Sunday's paper for revival announcements.

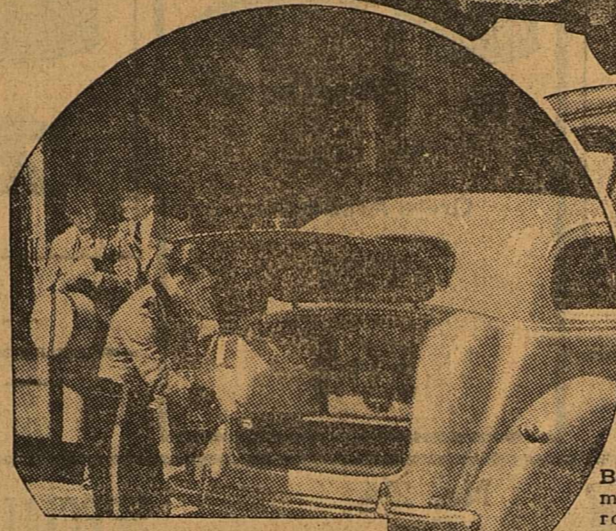

## Performance, Beauty and Safety Mark Chevrolet's Completely New Cars

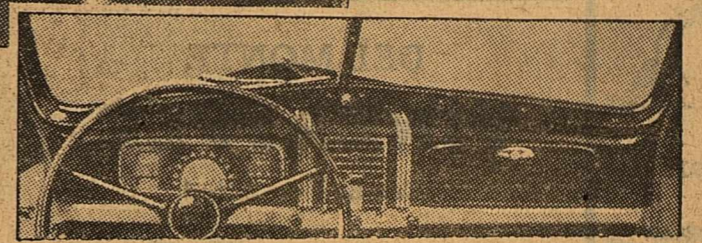

Chevrolet's 1937 engine is completely new, but adheres closely to time-proved Chevrolet engineering principles. It is of six-cylinder valve-in-head type, smoother, more powerful, more economical, and lighter.

A representative model from Chevrolet's new line, typifying its beauty and grace—the Master De Luxe Sport Sedan with trunk. Note the distinctive "speed line" extending back from the side of the hood.

Beauty and utility mark the new Chevrolet instrument panel. The windshield is of greater area, with narrow corner posts, affording better vision.

United construction joins the floor, cowl assembly, panels, and Turret Top of Chevrolet's all-steel body, to form one integral structure, welded in all joints, and reinforced and braced for permanent silence and safety.

Luggage capacity in Chevrolet's new trunk models has been greatly increased, as has interior luggage space in other models.

New power, economy, durability, safety and comfort, coupled with striking new beauty, characterize Chevrolet's new models for 1937. They are offered in two series, Mastert and Master De Luxe, virtually identical in appearance.

Chevrolet's fully-enclose Knee-Action is furnished at no extra cost on the Master De Luxe models; and new Syncro-Mesh transmission, and safety plate glass all around at no extra cost, feature all models of both series. The new models will be on display Saturday at Elder Chevrolet Co.

## Announcement

**Saturday**  
The Story Hour will be held in the Junior Library at 10:00 o'clock.  
The Girl Scouts will meet in the

Baptist Annex at 2 o'clock.

Mrs. Lena Wimberly will entertain the TEL club at her home at 617 W. Texas Saturday afternoon at 3 o'clock. All members are urged to be present.

**FIRST CHRISTIAN CHURCH**  
J. E. Pickering, Pastor  
H. G. Bedford, Supt. Bible School  
Mrs. Lee Cornelius, Director of Music

Bertha Johnson, Proprietor

**NO PENALTIES FOR THROATS!**  
—It's a light smoke  
If you're hoarse at the game, it won't be from smoking... if yours is a light smoke—a Lucky. When the man with the basket yells "cigars, cigarettes," yell back for a light smoke... yell "Luckies!"

**Guard that throat!**

Block that cough... that raw irritation... reach for a light smoke... a Lucky! Whether you're shouting, and cheering the team, or just talking and singing and laughing at home, there's a tax on your throat you can hardly ignore. So when choosing your smoke, it pays to think twice. Reach for a light smoke... a Lucky... and get the welcome throat protection that only Luckies offer—the exclusive protection of the process, "It's Toasted." Next time you go places, take plenty of Luckies. They not only taste good, but keep tasting good all day long... for Luckies are a light smoke—and a light smoke leaves a clear throat—a clean taste.

★ ★ NEWS FLASH! ★ ★

"I've only missed sending in my entry 3 times"—Sailor

Uncle Sam's sailors find time to try their skill in Your Lucky Strike "Sweepstakes." Seaman Spangenberg of the U. S. S. Mississippi, an enthusiastic "Sweepstakes" fan, writes: "I've only missed sending in my entry three times—I mail them in whenever the ship is in American waters."

Have you entered yet? Have you won your delicious Lucky Strikes? Tune in "Your Hit Parade"—Wednesday and Saturday evenings. Listen, judge, and compare the tunes—the try Your Lucky Strike "Sweepstakes."

And if you're not already smoking Luckies, buy a pack today and try them. Maybe you've been missing something.

# LIGHTWEIGHT BUFFALOES INVADE LACKEY FIELD TONIGHT

## SQUAD HOPING TO UPSET FAVORITES WITH PASS ATTACK

### Win Would Please Invaders More Than A Championship

The extremely light but vastly improved Stanton Buffaloes will invade Lackey field tonight at 7:30 o'clock with hopes of ringing up their first victory over the Midland Bulldogs in several years.

The Buffaloes have a half-dozen members with previous experience but they are all lightweights with the exception of Poe, 175-pound quarterback. Poe is playing his third year on the team and is undoubtedly their outstanding man. Almost solely he defeated the Crane team by a three touchdown margin, the same margin by which the Bulldogs beat the Crane aggregation. Poe does all the passing, punting and most of the ball-carrying for the Buffaloes.

The Stanton crew has developed a better than fair passing attack and will rely on it tonight to advance them over the far heavier Bulldogs. The Bulldogs will carry a 21 pound per man heavier line than the invaders, coasting a general average of 162 pounds compared to 141 for Stanton. In the backfield the average will be slightly less, 137 to 140.

The Stanton crew won their first conference game in the last two seasons when they defeated the Crane team three weeks ago and have come through in grand fashion against a couple of class D schools since then. The Buffaloes defeated Coahoma by 19-0 and romped over Andrews by a 27-0 score.

Coach Henderson of the Stanton club is not optimistic over the chances of his club to win tonight but does promise that he will put the most aggressive club on the field tonight that Midland fans have seen all year. The Midland game is the most important one each year on the Stanton schedule and the club points for it from the opening day.

After tonight's game the Bulldogs will take a week off in preparation for the mighty Monahans Lobos. With two weeks of rest behind them they expect to be prepared to make a supreme bid for a conference championship for the first time in years.

Odessa, Midland's nearest competitor for the championship and a foe still to be met by the Bulldogs, will be over on masse tonight with their pep squad and team members giving vocal support to the Stanton club.

## AGGIES IN LAST WORKOUT FOR THE MUSTANGS TODAY

COLLEGE STATION, Nov. 6—The Texas Aggies will have one last workout Friday afternoon at Dallas on the eve of the toughest five-day period in their current football season. Two games and the longest grid trip of Aggie record are listed on their schedule.

After playing Southern Methodist Saturday at Dallas, the Aggies, who left here Thursday night thirty-four strong, will "top a rattler" to carry the Southwest Conference type of grid battle to San Francisco, Cal., for an Armistice Day game with the University of San Francisco Dons. The trip will mark the Aggies' first visit to the Pacific coast.

The Cadets have had nearly a week to recover from their 0-18 loss to Arkansas and to prepare for Southern Methodist. They will have only train meetings and a light workout at San Francisco November 10 as preparation for the Dons, who, in comparison, left their schedule open for their past week's 19-0 victory over Portland until the Aggie game.

The S. M. U. Mustangs, first opponent in the five day period, are current conference bell weathers and have won four of five games. Their one loss, a 0-7 reverse at the hands of Fordham in New York, came on an intercepted pass after the Ponies had outplayed the Rams all the way. The Dons, second opponent, have won three, tied two and lost two. The Aggies have won four, tied one and lost one.

Although the Dons' record does not appear impressive in a percentage column, they have been the only team to date to score on Santa Clara and have held St. Mary's, of California, to a scoreless tie. They have defeated Fresno State 14 to 0, San Jose State 13 to 0 and the University of Portland 19 to 0. They tied 6-6 with St. Mary's of San Antonio and 0-0 with St. Mary's of California, and lost 7-15 to Santa Clara and 7-17 to Gonzaga.

The Aggies' starting combination for both games probably will be: Bill Stages, le; Roy Young, lt; Joe Routt, lg; Zed Coston, c; Walt Pythian, rg; John Whitfield, rt; Johnny Morrow, re; Dick Vitok, qb; Dick Todd, lb; Jim Shockey, rh; and Les Cummings, fb.

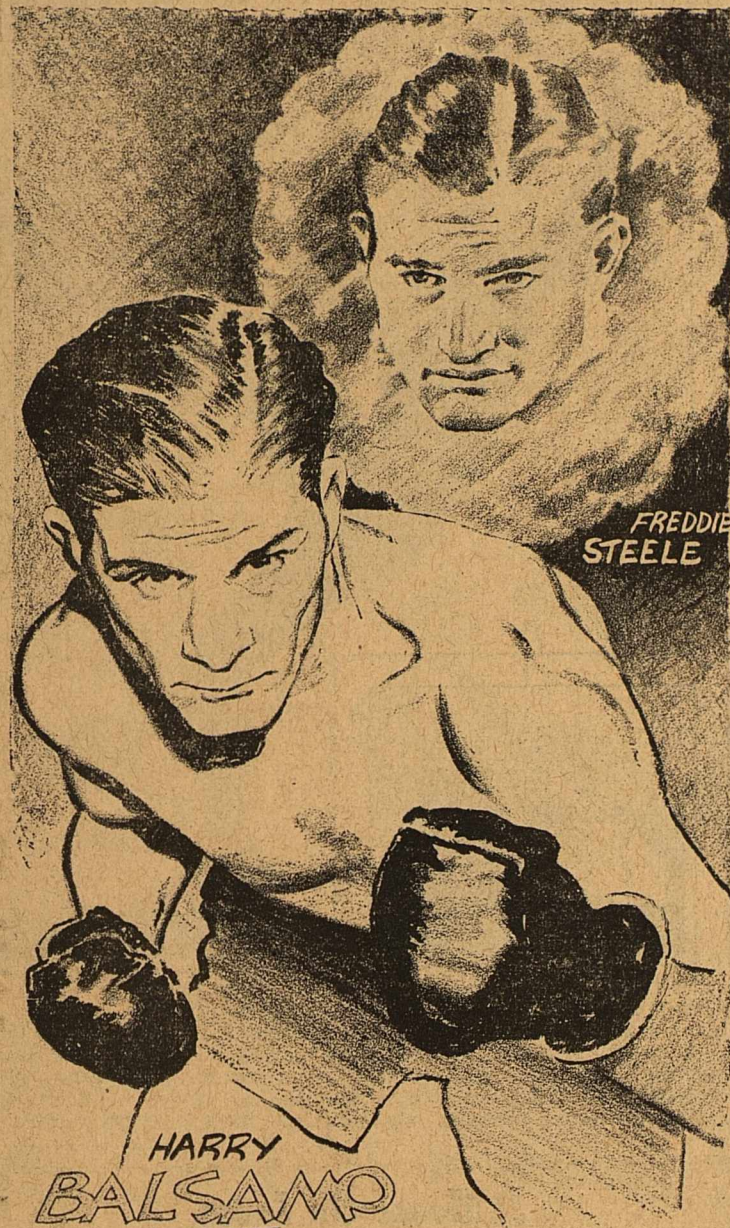

Other players who will make the trip are divided as follows: Rankin Britt, Bill Seago, Telf Sikes and Joe Turner, ends. George Branson, Warren Church, Selmer Kirby, Paul Wofford, tackles.

Bailey Drennan, Virgil Jones, Bill Minnock, and Onis Warden, guards. Charlie DeWare and Joe Wessendorf, centers.

Bob Adams, Bill Boyd, Jack Cooper, Henry Dittman, Wayton (Chink) Manning, Bob Nerssta, "Doc" Pitt-

CARNETT'S RADIO SALES 210 East Wall—Midland

1936 "NUTTY" YEAR  
BERKELEY, Cal. (U.P.)—The present year is one of the "nuttiest" for the past decade, according to forestry officials of the University of California. What makes 1936 "nuttier" than other years is the fact, they explain, that is "mast" or seed year. It is during "mast" year, that there is a greater yield of nuts on all trees and of bigger acorns on oaks.

HAWAIIAN TONGUE IS WORDY  
HONOLULU. (U.P.)—The Hawaiian language is still a living tongue although it would exhaust the average American to speak it. "1937" is simply "Hookahi kaukani eiwa hanell kanakolkumamahiku." Even the Hawaiians themselves since they were annexed to the United States in 1898 have preferred American English.

If You Have Good Eyes, Protect Them—If Not, Don't Neglect Them

Nearly every child has normal eyesight, but when eyes are used more and more for reading and studying, their efficiency is decreased. If eyes are used under poor lighting conditions, permanent damage may result.

One of the surest ways to avoid unnecessary strain on the eyes is to have the right kind of glareless light when reading, studying or doing any other task that requires close use of the eyes. The new I. E. S. Better Sight Lamps are scientifically designed to provide the proper kind of light for safe seeing.

Here's the Lamp for Reading

This Lounge Lamp, also known as a floor reading lamp, is ideal for placing by an easy chair, a lounge or table. See these lamps at our store or at furniture stores, department stores or other electrical dealers.

**STUDENTS! WIN A CASH PRIZE!**

The Texas Electric Service Company is offering \$525 in cash prizes for the best essays on "Why I Need Good Lighting at Home and at School." This contest is open to all school students in towns served by the Company. Come by our office and get your free entry blank and helpful reference material.

PRIZES: Grand prize, \$100; second prize, \$75; third prize, \$50; four next prizes, \$25 each; ten next prizes, \$10 each; twenty next prizes, \$5 each. TOTAL, 37 prizes totaling \$525.

# 'Bama, Tulane Battle for Possible Rose Bowl Selection; Gophers to Roll Along

### Sutherland Picks Irish, Colgate, Southern Cal.

BY JOCK SUTHERLAND  
Head Coach, University of Pittsburgh

PITTSBURGH, Nov. 6.—Seldom have contenders for the mythical national football championship dropped by the wayside in such wholesale lots as they have this season. So great have been the casualties that in the first week in November there are only a handful of undefeated squads in the nation.

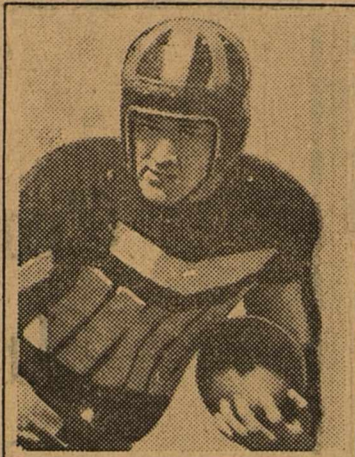

This week end the way already is cleared for selection of a Rose Bowl candidate and that team may be the winner of the Alabama-Tulane game in Birmingham.

The Crimson Tide may be a slight favorite in this game, chiefly because of the fact that Frank Thomas' team has come on fast since its tie with Tennessee.

Joe Riley may furnish the spark in this contest, that the Tide wants above any, and it will take all the strength of the Green Wave, at a peak much sooner under its new coach, Lowell (Red) Dawson, than many expected, to push back the Red Elephant's attack.

Tulane, in Bucky Bryan, has a great performer, and his duel with Riley for individual honors will make the game a great attraction.

Other games in the south find Auburn and Louisiana State, both undefeated in Southern Conference

Leading their teams into the fray as the 1936 football season enters the home stretch in the first week-end of November, these griders are out to give their all for their alma maters on Nov. 7. Upper left is Dick Bowlin, Iowa quarterback, who leads an underdog Hawkeye eleven against Minnesota in Minneapolis. Lower left is a North Carolina State star who'll be right at home when his team meets Boston College in Boston—he is Joe Ryneska, fullback, who hails from Amesbury, Mass. Kicking in center is Frank Goodin, Oregon fullback. He performs against U. C. L. A. in Portland. Inset below, Franny Murray, Penn. quarterback, shows how he'll call signals against Michigan at Philadelphia. Kicking at right is Bill Mattis, Tulane halfback, who faces Alabama at Birmingham. Inset below is William Sanders, a tackle whom Southern Methodist will pit against the running attack of Texas A. & M. at Dallas.

**BRRRR-BRRR - COME ON BATTERY, DO YOUR STUFF**

**New Super-Power Battery Starts Motor without coaxing**

Here's a battery that will keep you happy all winter long. This new super-power Electro-Pak will turn over your motor quickly and smoothly, even in coldest weather. And that Power-Saving Top Cover which you'll find only on Electro-Paks protects all exposed points of the battery against dirt, moisture and corrosion. It's a great battery. Get an Electro-Pak today.

LOUISIANA STATE'S CANDIDATE FOR ALL-AMERICA CENTER.  
TIPPING THE SCALES AT 210, THIS IRON MAN OF THE TIGERS IS A 60-MINUTE PLAYER WHEN THE GOING IS TOUGH... HE SAW MORE SERVICE THAN ANY MAN ON THE SQUAD LAST YEAR...

shouldn't have a lot of trouble with Brown, Princeton's powerhouse seems to be too much for Cornell's sophomores, and I'm afraid that Penn State doesn't look as dangerous to Pitt as it did a month ago.  
Still, this is THE game for the Lions, and we have to guard against the situation that prevailed in the game with Duquesne.  
Kentucky is too powerful for Manhattan in their scheduled New York game, Harvard should take Virginia, and Carnegie Tech should prevail over New York University, although the Tartans will have to guard against taking the game too lightly.

**Gophers Roll Along**  
In the Big Ten section, Minnesota meets Iowa and should have little trouble rolling along. Chicago does not offer Ohio State too much competition, and Northwestern should be able to handle Harry Stuhldreher's improving Wisconsin team, although the Badgers are about due to upset someone's progress.  
Cyracuse journeyers to Bloomington to take on Indiana, and it appears that Vic Hanson's Orange is due for another defeat. Michigan State is too fast for Temple, but the game at East Lansing will be close.  
Nothing probably will happen in the Missouri Valley to take away Nebraska's claim to the Big Six title. The Huskers will have little trouble from Kansas, while Kansas State is expected to jolt Oklahoma to remain undefeated in the Conference.  
The race on the west coast is narrowing down, and the two favorites, Southern California and Washington, aren't expected to have much trouble with their opponents of the day—California and Stanford, respectively.  
The closest game on the Pacific coast will be that between U. C. L. A. and Oregon with the latter team favorite. Washington State shouldn't have much trouble with Oregon State.

## INJURIES ONCE MORE WRECK THE H-S-U BACKFIELD

ABILENE, Nov. 6 (Special)—Hardin-Simmons' veteran backfield underwent a drastic change today that resulted from injury to Ed Cherr, fullback, and Conway Frost, half, almost on the eve of the Cowboys' inter-sectional game with Kansas Wesleyan university.  
Kimbrough, shifting reserve strength to meet the sudden setback, plans to play Headstream, 180-pound Roby letterman, and Burns McKinnor, Wichita Falls speedster, at the halfback positions. Co-captain Tyler will drop back to full and St. Addington, regular Pt. Worth starter at quarter, will take his usual post.  
Both Cherr and Frost were injured anew when Cowboys upset undefeated Creighton university in Omaha October 24, but until the middle of this week were considered sufficiently recovered to take the field against Kansas.

Saturday's melee with the invading conference holders brings the Abilene eleven face to face with an aggregation that has taken five of eight conference titles, is defending champion of the Kansas conference, and has a record of six straight wins this year.  
Workouts in preparation for the Coyotes center about Kimbrough's plans to take care of Wesleyan's offense that Coach Mackie is reportedly running from an unbalanced line, single wing and long punt.

**MORE PHILIPPINE GOLD**  
SACRAMENTO, Cal. (U.P.)—Production of gold in the Philippine Islands exceeded that of Alaska last year, R. R. Allison, Manila Mining engineer, said, during a visit here. The 1935 gold production of the islands amounted to \$25,000,000 he said.

**OWL AND POSSUM FIGHT**  
MONROVIA, Cal. (U.P.)—Patients in a local sanitarium watched when an owl and possum met. It was a real fight, until police appeared and the owl winged off in one direction and the possum trekked in the other.

## FOOTBALL TINTYPE

Vincent McCormick, a referee of 1876, gives final instructions to Paul Brown, Pennsylvania captain with the pigskin under his arm, and George Kelleher, Princeton leader, before an old-time mock game celebrating the 60th anniversary of the football competition between the two institutions. The game was played on Franklin Field between halves of the 1936 edition of the real thing. Students composed both clubs.

### Strewl Faces Second Trial in Abduction

CATSKILL, N. Y., Nov. 6 (U.P.)—Manning Strewl's second trial on charges of participating in the O'Connell kidnaping in 1933 probably will start within a few days. The case has been scheduled for the November term of the Supreme Court.  
Strewl was convicted at his first trial in Albany, N. Y., and was sentenced to 50 years in prison. After serving one year, the state's high courts granted him a new trial. His attorneys obtained a change of venue. Although the second trial will be held in Greene county, the cost will be borne by Albany county.

Lieut. John J. O'Connell, of the National Guard, nephew of the powerful upstate political O'Connell's was abducted and held for 21 days in New York City. He was released upon payment of \$40,000 ransom.  
Strewl acted as go between in the ransom negotiations. He denied any connection with the abduction. Federal and state authorities are searching for three upstate characters wanted for questioning in connection with the case.

OAKLAND, Cal. (U.P.)—The parents of Lucy Stassart, 17-month-old, believe that eventually she is going to be a professor of zoology. Instead of dolls, her two favorite

### playmates are a baby alligator and a horned toad.

he got his start in Dallas catching rattlesnakes on Turtle Creek in Highland Park. His home in Oak Cliff was a landmark for residents from miles around because snakes, coyotes, baby lions and monkeys were always sunning on the lawn. Since that time, Mr. Buck has become nationally and internationally famous, and returns to his home town amid a blare of trumpets. The jungle show exhibit, which includes almost a hundred animals, will be open continuously from 1 to 11 each day, with special performances at 2:30 and 8:30.

**Motor Accidents For CCC Enrollees Low**

**FORT SAM HOUSTON, Nov. 6**—Civilian Conservation Corps motor vehicle accidents in which enrollees of the Eighth Corps Area are involved has been reduced to a very few accidents a month due to a careful schedule of selecting competent drivers, periodic inspection of drivers and vehicles and the establishment of training courses for CCC drivers. This fact is made evident in the

current report issued from Eighth Corps Area CCC headquarters for the quarterly period ending September 30, 1936, which reveals that the average accident repair bill for CCC vehicles in the Eighth Corps Area was approximately \$1.25 per month, based on reports from 254 camps operating a total of 1035 vehicles.

The accident repair cost per 1000 miles traveled was sixty cents per month.

There are operated in the CCC establishment of the Eighth Corps Area, some 828 trucks, 92 passenger cars and 115 ambulances, all under army supervision. Each of these vehicles is driven an average of 2300 miles per month, over all kinds of roads, from the Colorado mountain by-ways to the desert roads of Arizona, and in all kinds of weather.

Of material assistance in forming good habits of safe driving among the corps of enrollee drivers has been the institution of safe driving contests in all of the 15 CCC districts of the Eighth Corps Area. In this connection drivers of each camp in a district vie for honors in their respective sub-districts and the competition among sub-districts for the

district record of the fewest accidents is very keen.

Paying a compliment to enrollee drivers, Governor E. W. Marland of Oklahoma recently presented trophies to the eight most careful CCC drivers in the Oklahoma City district, representing the eight sub-districts at which time he said:

"I want to pay a compliment to the drivers of CCC trucks. I have never seen more careful and courteous drivers. In the past few days I have followed several of the machines through the city; it just happened that on these occasions the car in front of me would be one of the CCC trucks.

"Naturally I watched the driving closely and I can not see a single traffic violation occurring, no matter how slight. The drivers would practically stop at every block (stop signs or no stop signs) and at the stop corners the machines would be brought to a complete halt.

"I also noticed that the drivers would carefully give all hand signals. Not only the drivers would also give the turn and stop signals to any drivers of the machines following.

"There are so few really careful drivers I wanted to take this means of complimenting the CCC men."

During the period of January 1, to June 30, 1936, 72 vehicles of the Oklahoma City district were driven a total of 388,507 miles during which period no major accidents occurred and only three minor accidents were reported. The total repair bill for the three months for all vehicles was \$10.

During the last quarter, ended on September 30, the Tucson, Arizona district of the CCC, where trucks are operated from 13 camps, reported no major or minor accidents.

CCC trucks frequently are used in the transportation of enrollees to and from athletic contests. The Silver City, New Mexico CCC district recently established a unique record in this connection.

From September 1, 1935, to September 12, 1936, district schedules were arranged for basketball and baseball among the various camps comprising the Silver City district. The schedules required 82 games for each sport, necessitating 164 truck trips between each camp for completion of the schedule. Throughout the completion of both

schedules, 1230 enrollees were transported 23,218 miles without a single truck accident. These trips were made on hazardous mountain roads in southwestern New Mexico and southeastern Arizona.

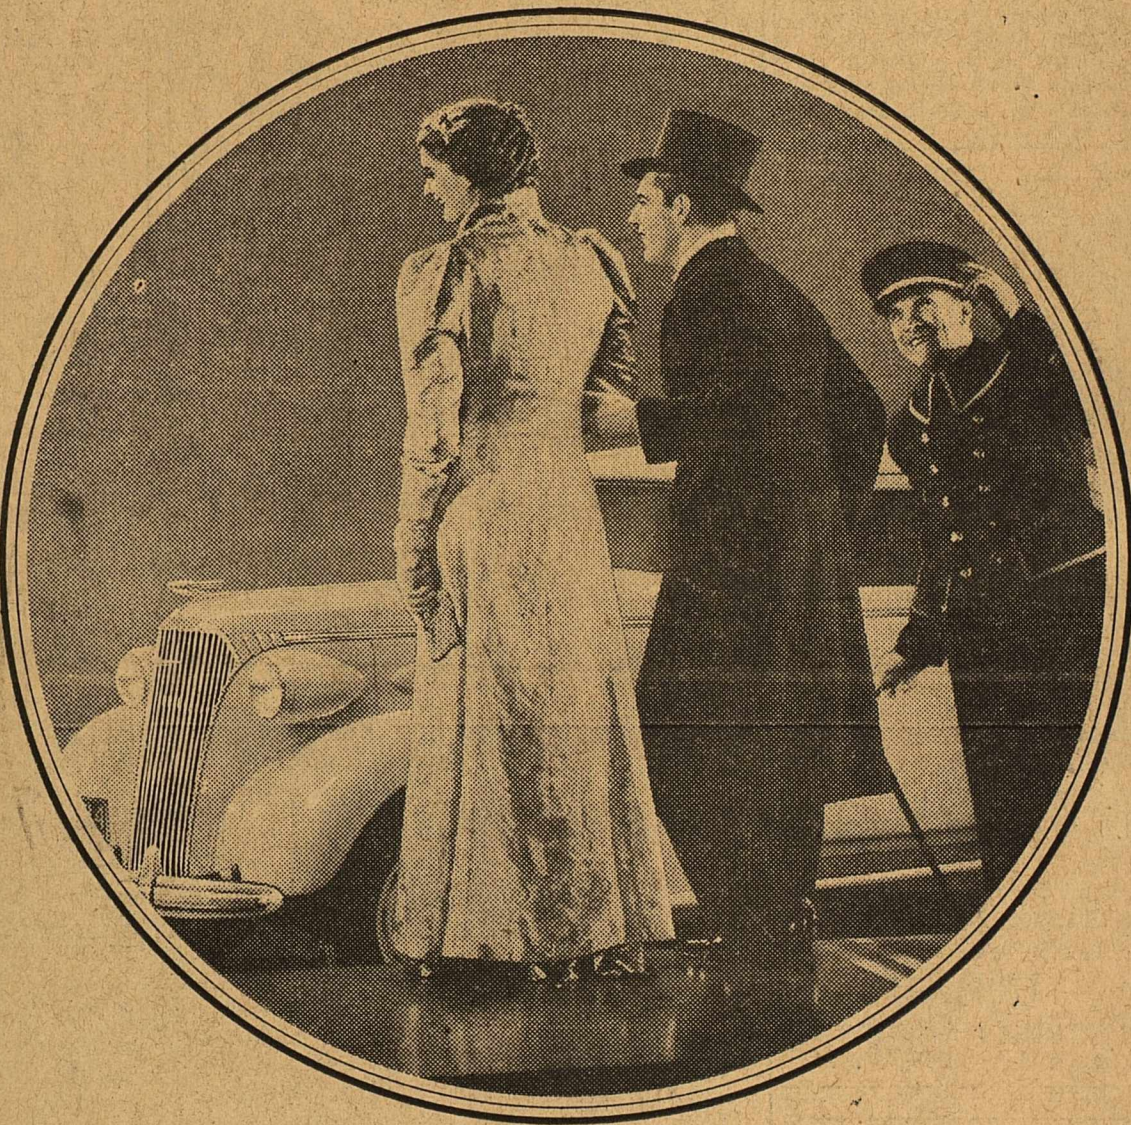

Before any CCC enrollee is selected as a driver, he is given a careful physical examination and other tests to determine his efficiency in the matter of caring for his vehicle, its proper operation and his ability to act safely under stress or in emergency.

He is responsible for the cleanliness of his car or truck. Periodic inspections in the camp and at the district maintenance garage are made to insure the safe operation of the vehicle and to ascertain if the vehicle is receiving proper operation and maintenance care from the driver.

Experienced drivers are assigned and no other enrollee is permitted to drive the vehicle. Each driver usually has an assistant or relief driver who is as thoroughly trained.

Tests frequently are conducted to locate other proficient drivers to take over driving duties when the regular drivers take discharges from the CCC or for other reasons are incapacitated.

**New CHEVROLET 1937**  
 The Complete Car - Completely New  
 ON DISPLAY TOMORROW
