

America's Voters Flocking to Polls

State Shivers Under Coldest Spell of Season

PRESIDENT, MANY OTHER OFFICIALS TO BE DESIGNATED

Indications Point To Record-Smashing Balloting VOTE SLOWED UP Cold Weather Over Nation Due To Cut Total

By Associated Press America's voters applied themselves today to the duty of choosing a president and a host of other public officials with a mighty outpouring of ballots.

Indications pointed to a record-smashing total but with rain and snow in many sections statisticians could not tell immediately whether the 45,000,000 prediction would be reached.

Both President Roosevelt and Governor Landon made final appeals to the voters last night. The voters over the country today will name a president and vice-president, governors of 33 states, 35 seats in the Senate and decide control of the House of Representatives filling 432 places.

DEMOS PREDICT 650,000 MARGIN FOR PARTY TODAY

Say Roosevelt Will Retain Lead He Made In 1932 MILLION TO VOTE Record Balloting Is Forecast For State

AUSTIN, Nov. 3. (AP)—Heads of the regular democratic organization in Texas predicted today the state would furnish President Roosevelt a majority as large as they did in the 1932 election.

Roy Miller, director of the Roosevelt campaign in the state, predicted a million votes would be cast today, with the president winning by a majority of 650,000.

Next interest in the state is in the congressional contest in San Antonio between Representative Maury Maverick, liberal democrat, and Ernest Clemens, republican.

Six constitutional amendments are also before the voters. Rain, sleet and cold were expected to cut the vote in portions of the state but one of the heaviest general election votes in history was forecast despite the weather.

GAUGE COMPLETED ON FOSTER WELL

Barnsdall Producer Pumps 252 Barrels On 24 Hour Test

By FRANK GARDNER Barnsdall Oil Co. No. 2 H. C. Foster, new well in the Foster pool in Ector county, pumped 252 barrels on the official 24-hour potential test.

Also in the Foster pool, Broderick & Calvert No. 1, Johnson, section 12, block 43, township 2 south, is drilling below 4,200 feet in lime. It had a show of oil from 4,050-55, 4,093-4,100 and filled up 1,800 feet at 4,115-25, with another increase from 4,144-49. It struck an increase in gas at 4,191 and put 105 barrels in the tank in two hours and a half. Steel line corrected 4,191 from 4,233.

Shell No. 1 E. F. Cowden, a half-mile west of the Broderick & Calvert discovery well in the Harper pool, is making rapid progress below 7-inch pipe set at 3,850. It had reached 4,128 feet in lime this morning. Location is 660 feet from the south and east lines of section 26, block 44, township 2 south, T. & P. survey.

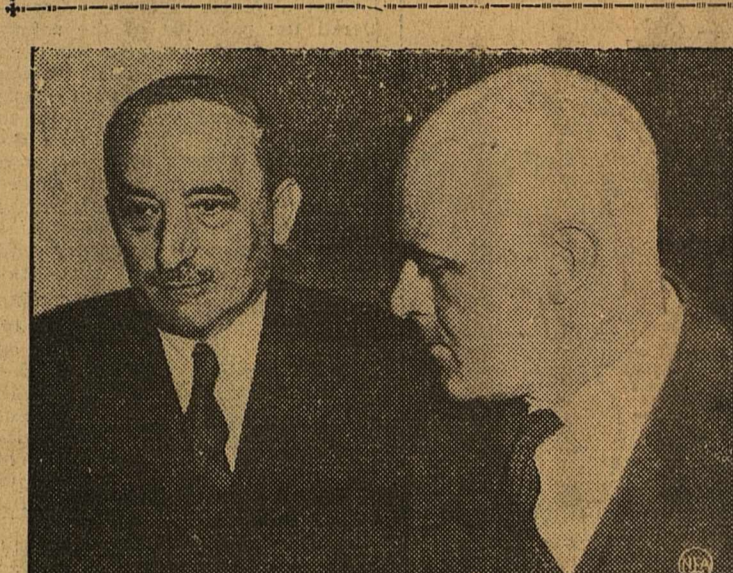

Another big well was completed in the Emperor pool of south Winkler when Skelly No. 15 Halley registered a natural potential of 1,062 barrels in 24 hours flowing through casing. Located 1,650 feet from the north and west lines of section 16, block B-11, public school land, it topped sand pay at 2,538 and is bottomed at 2,881.

In the Keyes pool, J. C. Maxwell No. 1 Gartex, section 23, block 26, public school land, flowed 842 barrels through 2-inch tubing on the 24-hour test. With top of pay at 2,898 and total depth at 3,107, it was shot with 310 quarts.

McCurdy and McCurdy No. 3 Pure-McCutcheon, section 16, block B-3, public school land, rated daily initial production of 1,496 barrels flowing through 2-inch tubing. It topped pay at 2,789, stopped drilling at 2,975, and was shot with 290 quarts.

Fields, Cherry & Finley No. 1 Lum Daugherty, recent discovery in northwest Winkler two miles north of the Leck pool, still showed water in two flows made yesterday, so will be cemented back another 10 feet today. It was originally thought to have been cemented back to 3,150 from 3,204, the total depth, but a check on the top of the plug showed it to be at 3,190. This discovery well is in section 3, block C-23, public school land.

Hold Spotlight in Ship Strike

Conferring during the futile effort to prevent the maritime strike, affecting 4000 miles of coast line, Thomas G. Plant, right is shown with Edward F. McGrady, assistant secretary of Labor. Plant represents the Coast Committee of Ship Owners, which sought to iron out differences with employes over wages and other points.

A new outstanding personality in the maritime strike which has paralyzed Pacific coast shipping and threatens a food shortage in the far west is Harry Lundberg, left, shown with E. H. Fitzgerald, federal conciliator in San Francisco. Lundberg, 42, has been a prominent figure in negotiations which aimed at preventing the walkout of thousands of longshoremen.

VOTING IN COUNTY ABOVE ESTIMATE

568 Votes Recorded In Precinct 1 By 1:30

Approximately one-fourth of the qualified voters in Midland county had cast their votes at 1:30 this afternoon, 568 ballots having been recorded in precinct one.

Despite the inclement weather, a steady line of voters were marching to the polls to signify their preference for president, governor and other officials in today's general election.

The total vote today is not expected to approach that recorded in the democratic primary in the county when slightly more than 2,000 votes were recorded.

Lack of opposition for all persons seeking election to the county offices and only meager campaigning by democratic opponents in the state has kept interest in the election down, thereby cutting the number of voters.

SLEET FLURRIES. RAIN FALL OVER A PORTION OF TEXAS

15 Below Freezing Is Registered Today At Amarillo NO RELIEF SEEN Freezing Condition Forecast In Area Tonight

By Associated Press A stinging norther whistled through Texas today, flurries of sleet and chilling rain falling over the north portion and temperatures falling below freezing on the northwest plains.

The temperature was 17 degrees above zero at Amarillo, 39 at Wichita Falls, 23 at Lubbock, freezing at Abilene, 20 at Borger and 16 at Pampa.

A light rain over north Texas was rapidly extending southward. The mercury dropped to a new season low here last night when a reading of 30 degrees was recorded in town. The same temperature was registered at the airport ten miles west of town.

The chill wind hit Midland at about 11:30 last night, flurries of sand being driven through the streets from the northeast.

The maximum temperature in Midland yesterday was 77, recorded at 3 o'clock in the afternoon. The 47 degree drop was registered at 7 today.

For the first time this season ice was visible on exposed tanks and around hydrants. The mercury started a slow climb after sun-up, reaching 39 by noon today.

Divorces Lead All Other Cases Heard In District Court

A resume of the docket of the fall term of district court, just completed here, shows that 62 cases were listed with 32 of them being heard, 22 of them postponed, 3 of them settled out of court and 8 of them dismissed.

Only eight criminal cases were listed to be heard during the term and of these two sentences for driving while intoxicated, two men were sentenced for passing forged instruments, one assault to murder charge was dismissed, one rape case ended in a hung jury and was postponed until next term, two robbery cases were continued and the only murder case on the docket was carried over until next term when witnesses failed to appear.

Of the cases tried 17 of them were for divorces. There were 17 divorces granted, one dismissed and one continued.

TWO NEWLY-BORN QUADRUPLETS DIE

One Other Member of The Quartet Said To Be Near Death

SENATH, Mo., Nov. 3. (AP)—Two of the quadruplets born last night to Mr. and Mrs. James Bridges died today in their isolated River Valley cabin. The condition of another is believed critical.

Mr. and Mrs. John Edwards are visiting in Midland from their ranch in Monahans.

Saved From Fall

Prisoner for eight hours on a narrow ledge at the brink of a 1000-foot cliff, with one leg broken, Lloyd Rawson, 21, Sandy, Utah, radio service man is shown as he was rescued, lowered with ropes from his perilous trap. Rawson was struck by a falling boulder while hunting deer and was hurled down the mountainside. He attracted attention to his plight by building a fire of twigs.

START PETITION OVER CLOSING OF STORES ON NOV. 11

To Announce Decision After Merchants Contacted

Petitions were being started today by the chamber of commerce, to ascertain if Midland business houses will be closed in observance of Armistice day and Thanksgiving day. A meeting was held by the retailers' committee, resulting in the decision to seek hundred per cent signing before making definite announcement.

Some merchants declared they would close on Armistice day, regardless of decisions of others. Some said they would close if all others in the same line of business would do likewise.

The committee also authorized Collins to circulate a petition to see if stores will close on six principal holidays in 1937, thereby eliminating the necessity of holding meetings for each date. The days included in that petition are New Years, Fourth of July, Labor Day, Armistice, Thanksgiving and Christmas.

ELECTION DATA AT A GLANCE

## Business Men See Dark Clouds Ahead

## BEHIND THE SCENES IN WASHINGTON

By RODNEY DUTCHER  
Reporter-Telegram Washington Correspondent

WASHINGTON, Nov. 3.—When you consider all the reams of publicity devoted to it and the fact that it commanded the support of some of America's most accomplished "rabble-rousers," you have to admit that the Union Party, under Congressman Bill Lemke, wound up as a first-rate fizzle.  
The immediate effect will be further to whittle Father Coughlin, Doctor Townsend, and the Rev. Gerald L. K. Smith down to statures more or less corresponding to the size of the vote their combined efforts managed to pile up for the Hon. Mr. Lemke.  
The long run effect probably will be insurance that none of these gentlemen will assume any particular importance in the political struggles of the future.

strength was in accordance with predictions which most of the cagier veteran politicians made when the congressman's candidacy was announced.  
They were positive in the conviction that a third party couldn't get anywhere unless it had some central driving theme — that either Father Coughlin hammering away for government ownership of banks, or Doctor Townsend vehemently preaching his old age pension plan, probably could get more presidential votes than a candidate not so well known who sought to take in their followers and those of the late Huey Long under one tent.  
Twas A Grudge Fight  
Lemke himself failed to "rouse 'em — to use the terminology of the Reverend Gerald. It may be said now, in case it hasn't been revealed before, that Lemke's candidacy was part of a "grudge fight." For years Lemke had faith in Franklin D. Roosevelt — faith that Roosevelt would not stand in the way of his pet Frazier-Lemke bill, a highly inflationary measure under which the federal government would have assumed farm mortgages.  
After two years of patient effort, he forced his bill to a vote in the House and the administration's steam-roller tactics in defeating it enraged him to the point that he thought any effort was worth it if he could beat Roosevelt for re-election.  
The only appeal the Union Party conceivably could have had was to the discontented, "under-privileged" elements. Roosevelt made his appeal to such groups and it was too bad for Lemke.

Hoover, there was much question—certainly in many areas—whether much of the vote he seemed destined to get at the high water mark of his campaign wouldn't have gone to Landon anyway, in case Lemke hadn't been running.  
The slogan "A vote for Lemke is a vote for Landon" had some effect. So did "Don't waste your vote!"  
Other potential Lemke voters drifted away as it became evident that Landon could use any anti-Roosevelt votes anyone could give him; polls indicate that Landon was in most areas the one to profit from Lemke defections.  
Coughlin's Power Wanes  
Father Coughlin's prestige declined perceptibly during the campaign. Many proud Roman Catholics acutely deplored his lack of balance, his attacks on Roosevelt as "a liar" and "anti-God," his assaults on a Boston newspaperman, the conspicuous smugness and arrogance of the man.  
Reports that the Vatican was annoyed by Coughlin's performance and the broadcast censure by Monsignor Ryan of Washington also cut away from the Coughlin following.  
The Rev. Gerald L. K. Smith's efforts to assume the late Huey's mantle have been funnier than successful and most of Huey's other old pals have repudiated the pastor. Smith's speeches do not make sense and his call for a Fascist army of a million men to handle the ballot boxes has panicked along with the caller.

## STORIES IN STAMPS

By I. S. Klein  
**ELECTRIC WIZARD**

SOME scientists scoff at him for his amazing theories, but Nikola Tesla has so heroic a record of achievement in electrical science that the world must take him seriously. Born July 11, 1856, in what is now Yugo-Slavia, this sharp-faced, wiry bachelor of 80 holds more than 700 basic patents, among which are the coils, motors, dynamos, condensers, and electric lamps which bear his name, the arc light, and many other electrical aids.  
Tesla came to the United States when a youth. Here he discovered the principle of the rotary magnetic field, and since has been working on other ideas which seem so futuristic as to cause more conservative scientists to ridicule him. Yet, while he divulges his secrets of a proposed death ray, or a mysterious source of new power, or the photography of thought, he also scoffs at Einstein's theory of relativity and the general belief that the sun is cooling off gradually.  
Recently, on the occasion of Tesla's 80th birthday, Yugo-Slavia issued a set of four stamps picturing the scientist.

# The Town Quack

**(Reserves the right to "quack" about everything without taking a stand on anything).**

An old country boy came to town for the first time and he went into a big clothing store. He purchased a pair of socks and he sure did a lot of looking around. While he was looking a city man came in and purchased a pair of night shirts.  
"What was them things that fellow got?" the old country boy asked the clerk.  
"Night shirts, how about selling you some?"  
"Not me," replied the country boy. "I don't set around much at night."  
It was out in a cow town and one of the cowboys died and most of his friends were so distressed that they became very, very drunk. One old cowboy was just barely able to get inside the house where they had the body and his mind and vision were so blurred that he mistook an open piano for the casket. And he thought he had to say something so he knelt in front of the piano.  
"Poor old Bill," he sobbed, "he sure did have a fine set of teeth."

## Soil Payments Total 18 Million in North Dakota

FARGO, N. D., Nov. 3 (U.P.)—Approximately \$18,109,000 has been allotted North Dakota for conservation payments under the 1936 Agricultural Conservation program, it was announced by George Farrell, director of the Western Division of the Agricultural Adjustment Administration.  
These conservation payments will include soil conserving and soil building grants under the original soil conservation program and payments for the 1936 range improvement program, which terminates Dec. 31, 1936, Farrell said.  
Under the former adjustment programs the maximum amount of government benefits distributed in North Dakota by the A.A.A. totaled about 16 million dollars annually.  
Payments of the grants will begin as soon as applications have been approved by county committees and the North Dakota Agricultural Conservation Committee.

Severe Winter Certain, Vows Indian Prophet

MARQUETTE, Mich., Nov. 3.—Charley Big Knife came out of the north country for his winter supplies today and warned: "Ketch on big snow and plenty cold before next moon." Charley has been the Chippewa weather prophet of the Huron mountain country for the last 40 years and says he has never missed. His almanac is nature and his patron Gitchi Manitou, the Great Spirit. Like the beaver, the mink, the frog, the bear, the muskrat and the wild goose, Charley prepared for a winter he said would be equal to that of 1917-1918. He bought extra blankets, cornmeal, sugar, bacon, a hot water bottle for his squaw, and a blow torch to thaw out his traps. Then he, his squaw and their two children leaped into a driving snow and sleet storm and headed back for their Big Bay camp.

Billroy's Comedians Here; To Give All Election Returns In Heated Tent Tonight

The big show is here! Billroy's Comedians, arrived in Midland this morning with the finest equipped outfit that has ever pitched a tent in this city, preparatory to their showing here tonight at the corner of West Texas and Marientfield streets. The entire show is brand new and the equipment is a marvel to see. Eighty people are with the show this season, including 17 star vaudeville acts, headlined by the queen of fan dancers, "Daphne" and her company. There are "so many girls you can't count them all" and the largest, prettiest, fastest stepping and best costumed chorus in America under canvas. A brand new play is being presented this season entitled "Morning, Noon and Night," a three-act comedy farce, featuring that inimitable comediienne, Miss Bonnie Mack, better known as "That Funny Old Lady." Billroy's comedians have never played in Midland before but have been keeping faith with the public for years and are well and favorably known.

A new act with the show this season is the original "Hicksville Trio," said to be the funniest "hill-billy" act on the American stage. There are 35 huge trucks, cars and busses with the show. The big tent is located as stated above at West Texas and Marientfield streets near the high school. There is plenty of free parking space with attendants to watch the cars for which there is no charge.

The doors open tonight at 7:15 and the Palls Royale orchestra will be heard at 7:30. The curtain rises at 8:15 p. m. Popular prices will prevail and ladies accompanied by one paid adult ticket, will be admitted free. Billroy's Comedians will appear for the one performance only tonight, moving from here to Big Spring for the Wednesday performance and San Angelo Thursday.

The show is sponsored by the local post of the American Legion. Election returns will be given at the show tonight as fast as they come in. The big tent is heated and positively waterproof. All roads lead to Billroy's tonight. The big show is here!
