Violence Breaks In Maritime Strike

Generalissimo of Government Military Seizes Control

CLINGS GRIMLY TO BESIEGED CITY AS INSURGENTS ENTER

Has Full Powers For Any Action He May Deem Necessary

CITY IS WRECKED Residents Are Panic Stricken As War Rages

MADRID, Nov. 7 (AP)—Sebastian Pozas, generalissimo of the government forces in Madrid and surrounding area, seized complete command of the capital's affairs Saturday in the absence of the government. With desperate workers he clung grimly to the besieged city.

Because the head of the safety council was in command after government ministers left before dawn for Valencia, he will continue to advise Pozas, but the latter has been granted full powers to take any steps he deems necessary in the capital's interest.

It is not known whether the government will establish headquarters at Valencia, Barcelona or Alicante.

The battle for possession of the Spanish capital is near a climax. War ministry officials said the next 72 hours would tell the story.

Every able-bodied man was pressed into service and women volunteers were asked.

Spanish fascist insurgents Friday night captured Madrid's radio station at Mampampeno and one of the city's airports at Cuatro Vientos. Slaying through unexpected government resistance, the fascists drove to within four miles of the heart of the besieged capital.

In contrast to earlier retreats, the government militiamen estimated at 5,000 broke and fell back only after a heavy bombardment by four fascist fighter batteries.

The government forces used tanks and an armored train.

The train puffed along a line to Getafe, paused inquisitively, and then puffed back into Madrid under bombardment.

At Getafe the fascist line was split in two fronts.

One faced Madrid directly and another was encamped near the abandoned government airport.

RAILROAD PAYS TAX BILL EARLY Entire Amount of School Taxes for Year Sent in Check Oct. 29

Check for the total amount of school taxes due for the year by the Texas & Pacific Railway Co. has been received by W. I. Pratt, tax collector.

W. L. Holder, tax commissioner for the road wrote: "Thinking it would be of assistance to your school, we made special effort to secure funds with which to pay in October, the total taxes due by the Texas and Pacific Ry., amounting to \$900,000, and check was sent to you on October 29th. Please note those concerned. We trust this early payment will be of benefit to your school."

Dr. John B. Thomas, president of the school board, expressed Saturday his thanks for the early payment of taxes by the rail line.

CATTLEMAN WILL MEET HERE NOV. 10 Protective Association Members Urged To Attend

All cattlemen of this section have been invited to attend a meeting Tuesday afternoon at 2 o'clock in the county court room, called by the Midland-Ector-Andrews Cattleman's Protective Association. George Glass, chairman of the board, will preside.

Ranchers of Pecos, San Angelo, Stanton and Big Spring territories also were invited.

Conferences on butchering and trucking problems will be held, as well as other matters pertaining to the cattle ranching industry.

Cats Ignore Goldfish And Drink From Bowl

ROANOKE, Va. (U.P.)—Mrs. G. I. Higgins of Roanoke is the owner of four cats which for years have been drinking from a goldfish bowl without harming the fish. Mrs. Higgins said that when the cats drink curiosity apparently brings the fishes to the surface, but they consistently live to return to the lower level. She also said that her cats and a pet white rat play together at times.

Harpo's Bride

When Arthur "Harpo" Marx film comedian, mentioned to President Roosevelt, in a letter thanking the latter for an autographed picture, that "Harpo" had been married since September, it was learned the bride was Susan Fleming, above, former Follies girl. She is a native of New York City and was educated in Forest Hills, Long Island.

STOCKHOLDERS TO BE 'STUCK' FOR THE DAWES BANK DEBTS Judge Rules Loan To RFC Must Be Paid By Them

CHICAGO, Nov. 7 (AP)—Federal Judge James Wilkerson ruled Saturday Illinois stockholders in the defunct Central Republic bank and trust company were liable for a share of the \$90,000,000 "Dawes loan."

The decision was in favor of the Reconstruction Finance Corporation which loaned the money to "Dawes bank" in 1932, against the 3,000 Illinois citizens who owned about \$12,000,000 worth of the shares. The ruling called for payment of dollar for dollar.

The personal holdings of Charles G. Dawes, bank chairman when the loan was negotiated, were not affected.

PLANE FALL TAKES LIFE OF AVIATOR

EDINBURG, Nov. 7 (AP)—George Schneider, Natchitoches, Louisiana, was killed today when the plane he was piloting over a citrus orchard releasing dust struck a high tension wire, crashed and burst.

Mrs. Billy Smith of Odessa spent the week-end with her mother, Mrs. Ellis Cowden.

JUDGE REFUSES TO DISMISS SUIT OF 19 AGAINST TVA Authority Alleges Authorship Of Bill Vague

COOKVILLE, Tenn., Nov. 7 (AP)—United States Judge John Gore refused Saturday to dismiss the suit of 19 private power companies against the Tennessee Valley Authority on a claim that the authorship of the bill was vague, indefinite, and raised no special issues. The suit was directed at the TVA power program.

The judge said the motion to dismiss the suit was not the proper remedy for the authority to seek in view of criticism against the power companies' bill.

Twenty festive boards of Midland will be graced with free turkeys on Thanksgiving Day this year due to the fact that the Midland Lions Club, through the courtesy of J. Howard Hodge, manager of the Yucca and Ritz Theaters, will give away 20 of the coveted fowls at the Ritz theater on two separate Tuesday nights preceding Thanksgiving, 10 turkeys being offered on each of the nights.

The turkeys will be given to the holders of lucky numbers as in the usual drawings of this nature. A person must be present at the drawings in order to win. The distribution of tickets will be started this week according to an announcement issued yesterday by George Philipppus, chairman of the turkey night committee of the Lions Club. Others on the committee are Frank Stubbsman and Bill Colby.

The two turkey nights are scheduled for the Ritz on Tuesday, November 17 and on the following Tuesday evening, November 24.

Through the courtesy of Mr. Hodge, the proceeds derived by the Lions Club will be used in its slight conservation program and in other charitable work, especially the annual Christmas program.

20 Festive Boards To Be Graced With Lions Club Turkeys

DEARBORN, Mich., Nov. 7.—As a guest of the Ford Motor Company, Marion Flynn, Dealer or Flynt Hubbard Motor Co. was in Detroit today to take part in the first general meeting of Ford dealers from all parts of the United States and Canada held with Henry Ford, founder, and Edsel Ford, President, since the company was organized 33 years ago.

Seven thousands dealers were expected.

Unveiling of the new Ford V-8 cars for 1937 and presentation to Henry Ford in Greenfield Village of the historic three-centuries-old Cape Cod windmill which once stood at the four corners at West Yarmouth, Mass. are the high spots on the program.

Mid-Western Church Observes Centenary

BELLEVILLE, Ill., Nov. 7 (U.P.)—St. Philip's Catholic church, established in 1836 in French Village near here by early settlers, is still in existence—100 years later.

The first mass was held in October, 1836, with about 20 persons present. Some members came directly from France and others from Cahokia in the early part of the 19th century, to live on the farms of the American Bottoms.

The mission's territory then included East St. Louis, which was known as Illinoistown.

Welfare Issues Call In Behalf of Needy

There are four cases of tuberculosis in our town that could be cured if the Midland people would come to the aid of these unfortunate people.

The Carlsbad sanitarium will take these people but they must have suitable clothing. They must have night clothes, a night robe, bed slippers, and a few other necessary garments in order that they may enter the sanitarium.

It is pitiful to think that such a matter as this should stand in the way of these persons being cured of this malady.

Some of you who read this article have these clothes in your possession which you are not using now and probably never will use. It would be a deed of mercy if you would bring them to the Charity offices in the old Higginbotham-Bartlett lumber building on east Texas avenue so that the proper authorities can give them to these needy people.

GARAGE IS STOLEN

GRAND RAPIDS, Mich. (U.P.)—The Grand Rapids Sheriff's department has an unusual crime on record—that of a stolen garage. Nick Kooker went to his garage the other day and found that somebody had stolen it.

New Pastor Here

Rev. James M. Camp, who with his wife and three children, have arrived in Midland to take up his duties as pastor of the Church of Christ, Rev. Camp, coming here directly from San Angelo, formerly was pastor at Ozona and before that time in Southwestern Oklahoma.

TO INVESTIGATE PENSION CLAIMS OF AGED IN STATE Only Those In Need Will Be Aided Hereafter

AUSTIN, Nov. 7 (AP)—Orville Carpenter, acting state old age assistance director, announced Saturday a reinvestigation of each recipient of old age pensions whose eligibility under the law was doubtful had already begun.

The new law, approved at the recent special session of the legislature, made need only a basis for eligibility, those receiving the funds of necessity must be in necessitous circumstances.

November's \$7,000 checks will be mailed about Nov. 20.

CONSTRUCTION ON BUILDINGS OVER CITY, \$165,000 25 Jobs Under Way At Present Time It Is Reported

NEW HIGH IS SET Highest Total In Six Years Registered By Permits

Total construction on residences, stores and other buildings in Midland at the present time totals \$168,775, it was announced yesterday.

Twenty-five building permits have been issued for the works now under construction. Included in the \$59,000 post office. Prices on the structures run from an estimated \$45,000 on one residence to \$100 "shacks."

There is a total of 16 residences under construction at a cost of more than \$2,000. Three of them call for expenditures of more than \$5,000 and two of them for more than \$10,000.

Several of the buildings are to be completed and ready for occupancy within a short while. Others will not be completed until about the first of the year.

Additional permits, expected to be released before the end of the month, are believed to be enough to place the total for the year in the city above the \$300,000 total. This figure is the largest that has been granted in several years, 1930 being the last year in which this figure has been approached.

Work on the post office building is proceeding rapidly and contractors expect to have it ready for occupancy by the first of the year. Steel work on the top has been going forward for the fast week and all roofing will be completed shortly.

Blatz Dealers On Trip to Brewery

Called in for an "expense paid" trip to the Blatz Brewing Company factory, Walter Russell and J. R. Harrison left Friday night for Milwaukee, Wis. Russell led the southern in distributors' sales and Harrison led in retail sales of Blatz products. They will be gone for a week or ten days.

Miss Elma Graves has returned from a visit of several days with friends in Carlsbad, New Mexico.

Miss Jon Jo McReynolds of Sanger, Texas, is visiting her cousin here, Miss Helen Mays.

Seminole Well Shows Gas On Second Drill-Stem Test

BY FRANK GARDNER

Another drill-stem test, the second, was made yesterday in Amerasia No. 1-A Avertit, and like the first, showed only dry sulphur gas. Packer was set at 4,953, with bottom of the hole at 4,973, and 971,000 cubic feet of gas showed through 3/8-inch bottom choke in the 30 minutes the testing tool was left open. The well is now being drilled deeper.

Located 660 feet out of the north-east corner of section 228, block G. W. T. R. survey, the Amerasia test is the south-west corner of the Walsh & Adams No. 1 Avertit, discovery gasser drilled early this year on the Seminoe structure in Gaines county. Gas gauging 12,368,000 cubic feet was struck by the first well, blowing tools up the hole and causing a fishing job which finally resulted in the hole being junked at 4,910 feet. The Amerasia well encountered gas from 4,885-90, 4,898 to 4,917 and from 4,927-36, and gauged 1,040,000 cubic feet on a seven-hour drill-stem test of lowest show, with packer set at 4,920 and total depth at 4,914.

Farther south in Gaines county, Stanolind Oil & Gas Company No. 1 Dewey Davis, section 18, block A-21, public school land, is drilling line below 4,949 feet, with no change reported since slight oil showings from 4,912-14 and 4,918-24.

Stanolind No. 1 J. A. Morrow, in section 20, block A-24, public school land, three miles west of the No. 1 Davis, is still shut down for orders at 265 feet in red beds.

HOEPEL AND SON REMANDED TO JAIL TO AWAIT HEARING Must Stand Trial On Charge of Selling Appointment

RICHMOND, Va., Nov. 7 (AP)—Representative John W. Hoepfel, California, and his son Charles were remanded to jail today to await a hearing Monday on a request of a writ of habeas corpus.

They were arrested Saturday and charged as "fugitives" after their conviction for selling a West Point appointment.

1937 Chevrolets Are Put on Display Here

Large audiences Saturday saw the initial showing of the 1937 model Chevrolet cars at the Elder Motor Co. here. The company sold all cars on the floor during the first day's sales of the new model.

Many new improvements have been made on the models this year with no advance in price. Prices on the new cars range from \$731 to \$980. On the latter priced car approximately \$100 worth of additional parts are placed for the convenience of the owner.

SAN FRANCISCOAN DIES AFTER FIGHT AND SAILOR HELD Action Replaces 'Sit Down' Strike In The East

THREATS VOICED Refinery Workers At Port Neches Will Join Walkout

(By Associated Press)

Active resistance crept into the maritime strike Saturday, replacing the "sit down" action on the east coast which followed the walkout of 37,000 workers on the Pacific coast.

In the San Francisco bay region the strike was further complicated by a walkout of ship yard workers. It was estimated 6,000 persons were affected.

New York seamen threatened to tie up all American vessels and delay the sailing of United States delegates to the inter-American peace conference in Buenos Aires which will open Dec. 1.

The first violence in Baltimore resulted in charges against 11 persons.

At San Francisco a striking stevedore was arrested after the death of a seaman injured during a fight. A mob stormed a poultry company's warehouse at Oakland and attacked two men.

The district council of oil field, gas well and refinery workers at Port Neches, Texas, telegraphed President Roosevelt of a strike to close down refineries employing from 40,000 to 50,000 persons in the gulf coast area within 10 or 15 days.

MERCURY DROPS TO NEW LOWS IN THE PANHANDLE AREA Cold Wave Moving To South; Will Hit Here Today

(By Associated Press)

Sub-freezing temperatures crept into Texas again Saturday. Panhandle readings falling to 26 degrees, and the cold wave was moving southward.

The Dallas weather bureau posted livestock warnings in the Panhandle and forecast snow with freezing weather in all of North Texas.

C OF C DIRECTORS WILL MEET MONDAY Full Attendance Urged By President For Meeting

Directors of the Midland Chamber of Commerce will meet in regular monthly session at the chamber of commerce office Monday evening at 8:30 o'clock. A full attendance being urged by Clarence Scharbauer, president.

Due to the fact that last month's regular meeting was postponed because of conflicting engagements several important matters, including the naming of a new vice president and a new director, are due to come before the meeting.

An early adjournment is promised if the directors will meet promptly at 8 o'clock.

BEHIND THE SCENES IN WASHINGTON

By RODNEY DUTCHER
Reporter-Telegram Washington Correspondent

NEW YORK, Nov. 7. — This dispatch presents the writer's conception of a glimpse into the next four years under Franklin D. Roosevelt.

SIDE GLANCES By George Clark

Jerry always has dreamed of having at least one boy who would grow up to be an All-American halfback.

A Prospect for Some Unemployment Insurance

that his administration would prove itself "master" of the "forces of selfishness and lust for power," he was portraying his personal conception of political history in the next four years.

Wants No Class Clash
Roosevelt doesn't regard himself as in a fight against "Big Business," but only against a selfish minority of monopolists, speculators, and greedy, labor-exploiting profiteers.

He is intensely anxious that there be no class bitterness such as might lead to a strong American Fascist movement and he may be expected to make efforts to avoid that.

The biggest single objective in his next administration is expected to be a federal corporation law under which corporations would be required to meet certain standards in their relation with investors, creditors, labor, and the public.

This and the corollary struggle against monopoly and several intermediate skirmishes will lead—unless Roosevelt changes his present plans—to the most bitter battle in the next two congresses.

The administration will seek early action on the ever-normal granary and crop insurance plan for agriculture; on the Wagner housing bill, which would provide subsidized housing for lower income groups; the revised Guffey coal bill, and a program of government reorganization.

The administration probably will prove sympathetic to a demand from organized labor that the old age benefit program, belabored by Republicans in the pay envelope campaign, be revised to throw more of the financial burden on income taxation—which means on profits. Another attempt will be made

Homing Pigeon Lost For 8 Years Returns

SYDNEY, Nov. 7 (U.P.)—A homing pigeon released in a long distance race in October 1928, has reached its destination at last. The bird belonged to A. G. Went, a railway employe formerly stationed at Lithgow, 100 miles west of Sydney, but now living at Hamilton, 100 miles north of the city. After scoring several successes, the bird was entered in a long race in 1928. During the race a storm broke, and the pigeon failed to return. Years passed, and recently a former neighbor of Went at Lithgow saw an exhausted pigeon land near the site where Went's pigeon loft once stood. The bird was caught, identified by its numbered ring, and sent to Went at Hamilton.

DOG GALLANT TO WOMEN
LODI, Cal. (U.P.)—The city pound has an Australian shepherd dog that bitts only men and boys, but never a woman. It will be given to some woman who needs a good watch dog.

TOUGH MEAT "TENDERIZED"
HONOLULU (U.P.)—The "tenderizing" of tough meat has been successfully solved in the Hawaiian Islands. It is cooked in papaya leaves. That goes profusely on the islands.

HAWAIIAN GARDENS FREE
HONOLULU (U.P.)—Tree gardens and orchards are being furnished by the sugar planters of the Hawaiian Islands to their employes.

teprises, which either gobble up or drive out the little fellows.

Delay Corporation Drive
An early request for new federal legislation as to investment companies is probable, since they have become an important instrument of concentrated financial control.

The fight for a federal corporation law will be delayed, because it is reasoned within the administration that present state corporation laws sets such low standards that any immediate congressional fight over the issue would result in a compromise law which would be far from what the administration considers adequate for investor and creditor protection.

You may expect an early recommendation for an excise tax on corporations which incorporate in states where they do no substantial proportion of their business.

This will be an assault on the "tramp corporation" law of Delaware and will be designed to drive corporations to states such as New York, Illinois and Massachusetts, where corporation laws are strict.

In this way, New Dealers hope, the standard of state laws can be forced up to a point where an adequate federal law might be produced.

The administration theory as of this date is that the U. S. Supreme Court has so definitely killed the Sherman anti-trust act, as it was designed against monopoly, that there is no sense in trying to enforce it.

What is sought is a simplified law which can be enforced without danger of being nullified by supreme court decisions or beclouded by lawyers through long legal battles.

(Reserves the right to "quack" about everything without taking a stand on anything).

son, the father ran to his assistance, and in doing so ran into a barbed wire fence, cutting a hand-full of flesh from his anatomy and ruining a \$4 pair of pants.

The old cow took advantage of the hole in the fence, got into the corn field and killed herself eating green corn. Hearing the racket, the farmer's wife ran out of the house, upsetting a four-gallon churn full of cream into a basket of kittens and killed the whole flock. Slipped on the cream and fell downstairs breaking her leg and a \$19 set of false teeth. The baby, left alone, crawled through the cream into the parlor and ruined a \$40 carpet. During the excitement the daughter eloped with the hired hand and took all the family's savings with her.

T. R. Wilson has placed cellophane wrappers, advertising Curlee suits, on a lot of dollar bills. When the bills are handled as change and then spent somewhere else, they automatically call attention to this product. When asked how many he had out in circulation, Wilson said he had wrappers for a lot of them, but ran out of dollar bills.

If you haven't been watching the Bulldogs play, you have been missing something. It looks now like they have a mighty good chance to be district champions, but they have two tough games to play yet—namely Monahans and Odessa. The boys are using a lot of team work, have made a good showing with reasonable backing from school and public, but Midland is as yet lukewarm to this popular sport. In the games with Monahans and Odessa, the Bulldogs deserve the closest cooperation from the people of Midland. Get behind these Bulldogs and let them know you want to win the district flag.

To hear a lot of the street talk, Wafford is a one man team. No fooling, he's a remarkable football player, but he isn't doing that job out there by himself. He has a flock of other players putting up every ounce of stuff they have to open holes, take out tacklers and block the opposition. They are an eleven-man team, and don't forget it.

They are well coached, getting smarter and shifter every game and will furnish some football players to colleges before it's over.

Once there was a man who was too stingy to take the newspaper in his home town and always sent over to borrow his neighbor's paper.

One evening he sent his son over to borrow the paper, and while his son was on his way he ran into a large swarm of bees and in a few minutes his faced looked like a summer squash.

Hearing the agonized cries of his

 Velma Joanson, known around school as "Pug", is the short peppy blonde type. Her favorite pastime is riding around in the rain with La Moine Sendorf—just to show the teachers, parents and friends that she is in good company. Spinach is her favorite dish, along with every thing else which is eatable. She stays awake part of the night thinking of ways to reduce, and dreams the other part about a short brunette.

The Bullpuppies
 The Junior High football team (Bullpuppies) has had a very successful season so far. They have played five games and have won four of them. This is about three thousand per cent better than last year. The puppies did not win even one game last year. Only one touchdown was made and that was made against Monahans by "Pee Wee" (center) who intercepted a pass.

The puppies have some fair players among them. Francis seems to be the star puppy. He calls signals and does most of the ball carrying, passing, and kicking. He also converts the extra points. He is a "fish" in high school, but is ineligible for the Bulldogs. In a year or two when some of the puppies have grown into dogs, you will get a chance to see them play for good old M. H. S.

La Moine Sendorf is the dark, mysterious kind. One look from her alluring blue eyes puts every boy in a trance and gives him high blood pressure. Next to riding around in the rain with Ralph Lamar, her favorite pastime is riding around in the rain with "Pug". Her highest ambition is to get married and then, in her spare time, go to college.

You won't find another girl in high school with that original personality that Pady Sue Whitcomb has. Her long black hair and clear complexion appeal to many, especially a blonde in the senior class. Corresponding with a certain Mr. X in Panama is her hobby. Watch out, boys, she and Professor Lackey are two of Midland's most ardent music supporters. Also she likes to study—once in a while.

Bulldogs, Beat Monahans!

Permanent Markers for Famous Old Cow Trail Suggested By Oklahoman

Bluebonnet Girl Points Way

Frances Nalle, official Bluebonnet girl at the Texas Centennial in Dallas, which closes November 29, is wearing a real blue bonnet here and a dress of the period when great herds of cattle were moved over the Chisholm Trail out of Texas. Miss Nalle is standing before a marker which was sent to the Ford exhibit by P. P. Ackley of Elk City, Oklahoma, who as a one-time cattle driver is interested in permanently marking the famous cow trail. Miss Nalle is an employe of the Firestone Tire and Rubber Company, co-exhibitor in the Ford building.

tions of the Chisholm trail, has been trying to stir interest in marking the cattle route permanently. He has made several of the markers such as has been installed on the replica of the trail at the Ford building.

The era of Texas cow trails was well under way by 1867. They followed the natural water courses and connected producing and consuming areas. From 1867 to 1896, more than 98 million cattle and 19 million horses were driven from Texas to northern markets and sold for more than 243 million dollars. Texas was the chief producer of livestock in the western states.

The Chisholm trail was named after John (Jesse) Chisholm, a half-breed Cherokee trader and frontier stockman of Paris, Texas. He was the first to use the trail in supplying the frontier forts of Kansas with foodstuffs. The trail ran from the Rio Grande in Cameron County, Texas, to Dodge City, Kansas.

students didn't vote they should know something of the government of the United States.

Mrs. Caldwell, representative of the American Sealing Company, visited assembly Wednesday morning. She complimented the students on their reading and singing and said that she enjoyed it very much. The student body is learning the "Anvil Chorus" this week. An anvil is being made to go with the music.

Diversified Occupations Class
 The diversified occupations class has reached an enrollment of twenty students with a probable increase. These twenty students are ambitious girls and boys who want to prepare themselves early to make their own way in this world. Each has chosen the occupation which he is interested in learning and is entering into that line of training with special interest and ambition. All of these students have been rated by their employers as doing very good work with very good possibilities for the future. In rating the student each employer checked him on the following points:

- (1) Interest in the work he is doing.
- (2) Ability to learn the occupation.
- (3) Willingness to take instructions.
- (4) Punctuality.
- (5) Appearance.
 - a. Neatness.
 - b. Cleanliness.
 - c. Personality.
- (6) Dependability.

Every person must have at least an average of the above qualities to successfully fill a responsible position. Every D. O. student has been rated by his employer as being above the average. This means that these students have selected their occupations wisely and will soon be trained to do that thing which they have selected well. They are to be highly commended for their unusual ambition and early efforts to place themselves in this world where competition is strong. Realizing that many people spend the first thirty or thirty-five years of their lives trying to find themselves, and some never do, I feel that we should take our hats off to those girls and boys who are making an early start while they are yet in their teens.

Bulldog Bites
 ("Winchel" English)
 Love affairs of the football team are making progress. You know it is a lovely thing to see "Big Dave" walk down the hall holding the hand

of our fairheaded Louise Elkin. At last, I think Woody (the boy with the curly hair) Adams has found his true love. Yes, folks, it is no other than the charming Miss Wanda Ticknor.

Another romantic fellow of the team who plays guard, "Pinky" Cowan by name, is all smiles when Fredda Pae is around. But the question is, "Is Pinky bashful?" It is just natural to see Thurman Bryant with Lucy. Did you know she is the one who got Thurman out for the team—

"Ike" Miles, that woman hater of the team, has gone soft-hearted. Yes folks, he's giving you all a break.

"Pretty Boy" Rettig says that when the season is over he aims to win the love of our sophomore beauty, Jessa Lynn Tuttle.

Girls, a great tragedy has happened in our school. E. B.'s heart has gone astray. Yes, all the way to Odessa.

The Battle Ax
 "Elmer" Miles is a free bachelor now. One at a time, girls, one at a time!

We see that Owen Jeffers has a constitution that won't withstand temptation. Eh What, Guffey? (Va) Borum and Jack Walton are bitter enemies; it must be because of Virginia Ann, our smartest girl. May the best man win.

Just imagine, Wanda Ticknor breaking dates with Mitchell, Fuller and Willis to go with Adams.

Eddie Jean seems to prefer "Button" Estes rather than Robert Filson.

Has any one ever seen or heard of B. C. not worrying about Anna Peitz?

Can you imagine Jane Bouds being quiet?

Oie has another boy on her string. It couldn't be Newmie, could it?

Mr. Shifflet makes a habit of ruddy wakening a girl that is politely snoozing in the Chemistry class by throwing chalk at him.

Who sends for the sandwiches every day? The third period while the principal has a class?

We wonder how Walker Fuller got his black eye?

Did you know that Helen Ruth had three boy friends while she was in Dallas?

Speaking of Dallas, a "case" started while on the train—Lynn Stevens and Geraldine Griffith.

Bobby Walker had better be care-

ful or "Caveman" Fuller is going to capture his girl.

John Lewis and Jack Nobles have made up. Guess Margie will have to turn her eyes to Fred Gordon now.

Jay Francis (Springer) and Grabada seem to be getting along just fine.

That Van Dyke fellow certainly has the girls "nuts" about him; but he can't help it.

These Guffeys can do all right! Lois had a date with Boyd Woods while Thurman was at practice. So to fix things, Saturday night, she had Boyd take her home early and then she went with Thurman.

Cheating gum in chapel proves fatal to certain Sophomores—Mr. Lackey charged with the case.

"Pinky" and Fredda—the most contented "Old Timers".

Mary Jane Harper proves to be a fast worker, eh, Marvin?

Who isn't proud of "Little Dutch"? John Turner is casting wistful eyes at Rebecca Epps.

We all miss our beloved member, Wimpy.

Bill Estes seems to have it bad. Can you imagine our "Fish" boys being tall, dark, and handsome?

Does E. B. ever make a teacher really angry?

Rumors have been flying around about Anna Beth having a crush on a football player. Who could it be? Guess B. C. will go out for football.

Gleen Bruson likes Shirley Jolly; but she doesn't know it yet. Initiation times: knees knocking, teeth chattering, hearts pounding! Oh, what a lot of noise!

If you have an ax to grind, just write a note or letter, stating your case, and put it in the yellow box in 202 study hall. Results will follow immediately!

What The Class '36 Is Doing
 I hear that Margaret Hoffman is now attending the Pasadena Junior College at Pasadena, California. From all reports she is enjoying the beautiful California sunshine but also misses all of the gang at old M. H. S. She plans to attend the Junior College two years and then take two years in the University of Southern California in Los Angeles. She is taking orientation, orchestra, geology, composition, Spanish, and Latin.

Raye. She prefers the strong, dark, athletic type—too bad B. C., you will have to dye your hair and eat your spinach. Believe it or not, her pet hobby is collecting poems—sounds sorta romantic to me. Horse back is her favorite sport, and her highest ambition is to raise a football team.

When it rains, Adale Reiger likes to walk around with Dorothy Lou, and in fair weather she divides her time between cooking and selling tickets at the Ritz. Her favorite movie actor is Robert Taylor, but her secret love is a blonde—doesn't make sense to me. Her favorite sports are football and tennis.

Wanda Ticknor, one of the most popular juniors, possesses a most captivating beauty and radiant personality. She is very prominent in school activities. When she isn't with Jimmy Walker you are sure to find her riding horseback or at a football game. Along with Pady Sue and "Prof" she also is a lover of music.

If you are in need of a good speaker just call Dorothy Lou Speed. In case she isn't at home you will find her playing tennis or walking with Adale. Green is her favorite color because it reminds her of Hallowe'en. Which reminds me of the brunette she has a crush on—I wonder if he speaks Spanish too.

Mary Jane Harper prefers the tall dark, handsome type such as Marvin Parks. It's funny—a certain senior girl also has a warm spot in her heart for him. She wants to be Mr. Taylor's private secretary when she grows up—but don't we all. I wonder if that is the reason she likes Math so well.

Who is this cute, brown-eyed, little number often seen in the company of Bobby Walker? She is a lover of all sports and pecan pie. Jessa Lynn Tuttle is one of the neoinesses of the Sophomore class.

Eldye Gene Cole, that freshman I have already heard so much about preters horseback riding to any other sport. She admires the blonde type—exactly like Button Estes. Her favorite dish is steak and gravy—minus the onions, and her highest ambition is to get to every class on time for a whole day.

Kitty Jean Ellis, that vivacious Sophomore, likes to listen to George Burns and Gracie Allen. Boys, if you want a date Wednesday night, you had better install a radio in your car. Her favorite color is blue, but it certainly doesn't match her temperament. Kitty Jean's ambition is to be a reporter for the New York Times. I'll meet you on Forty Second Street.

Guess who. Her favorite pastimes are playing the piano and dancing. She prefers the type with black hair and brown eyes—like Lige has. She loves to cook and eat everything. Wafford is her favorite Bulldog hero. So that's the reason she is nuts about football. She plans to be a concert pianist. Well, if you haven't ready out, I'll have to tell you. This charming person is none other than Lucille Guffey.

With The Band
 The band has started off with a snap this year, and from present appearances it will get better as the year rolls by.

Mr. Armstrong, the band director, has had a band stand made on the football field. A lot of thanks go to Mr. Lackey for furnishing the lumber for building the stand. The band really appreciates it.

Mr. Armstrong is planning for a German and a Spanish band to be organized soon. This is a five piece organization consisting of two clarinets, one bass horn and one trombone. The music is especially written for these instruments.

There are also to be saxophone, clarinet and brass quartets organized in the near future.

If Mr. Armstrong isn't wrong, the band is going to have a very successful year.

Assembly Programs
 Assembly was called Monday morning, November 2, and Mr. Lackey discussed the six amendments to be added to the constitution, which were voted on Tuesday at the polls.

The amendments were: (1) That the state have liquor traffic; (2) teachers retirement insurance; (3) workman's compensation insurance; (4) should the salary of the governor be raised to \$12,000, the attorney general's to \$10,000, and the secretary of state and secretary of treasury to \$8,000; (5) limitation of the pardoning power of the governor; and (6) limiting number in the legislature to seven people from each county.

Mr. Lackey said that even if the

YOU'LL wish you had a thousand miles to cover, when you first sample this dazzling beauty on the road.

It gets away like a skylark—it eats distance like a transport—whatever you ask for it's got plenty.

You sit in a seat that fits you. You look over a bonnet that's just the right eye-height. You operate controls that seem half to anticipate your next move, so nicely do they respond.

You can tell from the eyes on the sidewalk that you're traveling spry and handsome—you FEEL it, in the firm, smooth, poised mobility of the car as it streams steadily along.

Why shouldn't it thrill you—this brilliant and buoyant 1937 Buick?

It's plain truth you've never ridden in a car like it before. More POWER, more ROOM, more PERFORMANCE—more SIZE, more STYLE, more FINISH—these are only the bleak outlines of the glorious difference between it and the cars you've known.

You want to be out in front in the car you buy next time—see this gorgeous new Buick and you see how to do it. Whether you buy the spirited SPECIAL, the cyclonic CENTURY or the big ROADMASTER or LIM-ITED, you get the grandest money's worth you ever enjoyed from an automobile.

It's Buick again!

Mrs. J. H. Chapple Honors Mesdames Colin Reith and James Chapple At Tea

Mrs. James H. Chapple entertained Friday afternoon, November 6, from 3:30 until 5:30 at her home 1201 W. Texas with a tea in honor of her mother-in-law, Mrs. James Chapple, and her friend, Mrs. Colin Reith, who has recently returned from Bahrain on the Persian Gulf.

An early autumn motif was suggested in the dining room where the tea table, set with a beautiful Italian cut work cloth, held a pottery bowl of delicate yellow roses and vivid yellow chrysanthemums.

At either end of the table, the handsome tea and coffee services were presided over by Mesdames F. P. Winger, Fred Wright, Joe L. Crump, and D. C. Sivalis.

Assisting in the dining room were Mesdames Joe Haygood, James Fitz Gerald, C. C. Duffey, David Googins, and H. C. Wheeler.

Over fifty guests attended during the afternoon.

Gay Autumn Party Honors Child On Fifth Birthday

Royce Ray McKee was honored on her fifth birthday by a party given by her mother, Mrs. Roy McKee at their home, 207 E. Pennsylvania, Friday afternoon from three until five.

The children in their bright autumn clothes had a gay time playing the games provided for their amusement, one of the funniest being "Shoot the Turkey," which was won by Frank Allen Roberson.

A novel birthday cake delighted the small guests with its tall candy "May Pole" sticking up from the middle of the pink iced cake, and pink and blue ribbon streamers running from the top of the pole to little animal crackers which marched around the edge of the cake ornamented with pink rose buds and candles.

Children who helped Royce Ray celebrate the date of her nativity were Mary Frank Smith, Rebecca Helen Golladay, Billie Prothro, Arliss Ann Kleiboid, Paul Dale Smith, Frank Allen Roberson, Dorothy Wolfe, Billie Wolfe, Jimmie Kathryn Kendrick, Charles Nolan, John Dewey Nolan, W. H. Spaw, McDeese Burris, Betty Sue Bibb and Billie McKee.

Minuet Club Dues Voted On Friday At Club Meeting

Forty three members of the Minuet club met Friday morning in the Crystal Ballroom of the Scharbauer hotel and voted the dues to be two dollars per couple per dance. Guests will come free except at supper dances where the host will have to pay one dollar. Ned Bradley and his orchestra will play for all dances.

After the business meeting, Mrs. Joe L. Crump made an appeal to the members in behalf of the needy of Midland, to contribute to the charity fund.

C. A. who is in Texas U. this year is doing well in his work. He is a member of the "Curtain Club" and also one of the few freshmen who were privileged to join the Texas Longhorn band. He was one of the best saxophone players in the Midland High School Band.

Jessie Rhoden, who is also enrolled at Texas U. was one of the boys who for the first time last year was brave enough to come out for football. He didn't get to play in very many games but when he

did get in one he fought. He is making fairly good marks in all his courses.

Jack Carrol, at one time a member of the Midland High School Band, is now a member of the Longhorn Band. As we all know, he was a very smart student and was also very popular. He, with C. A. and Jessie, sent a telegram the day of the Wink game congratulating us on our record and wishing us every success of the season. He is making a good record in college and helping keep up the good stand ard which has made the ex-students of Midland High so popular.

Three of our beautiful "brides" of 1936 have gone to C. I. A. this year. They are the three girls of whom you never saw one without the other two. Their names are: Betty Minter, Marcelline Wyatt, and Marcella Scarborough. They were three of the most popular girls in Midland and are now three of the most popular in C. I. A. They always were very eager to attend C. I. A. They are doing fine in their school work and are taking part in many activities of the school.

Our lovable little Joanna Filson is attending Ball State College in Indiana trying to gain greater speed in typing. Last year she was one of the typists in the District Meet. She won several medals for attaining certain rates of speed for High School students. As far as we know she is doing well and while she misses us very much we hope she will keep on gaining speed in typing until some day she may be the world's champion typist then we could say with great pleasure that we had the privilege of attending school with her.

Two of our band members, James Connor and Milton Johnson, are attending Texas A. & M. at Bryan this year. Milton was here this past week after being excused on account of illness. James was one of the best students in Midland High and is keeping up his good record at A&M. Milton and James were two very good actors, having been in several plays which have carried

off honors. James was one of the debating team which went to District Finals last year. He was very good in debating and public speaking during his high school career.

Hilarious Highlights
The "Battle of a Century", Louise Elkin and Lucille Guffey. A most extraordinary prize, "Big Dave Walford." (What about it, Walford?)

We hear "Chic" got her feelings hurt because Ralph didn't speak to her, but he apologized later.

The third floor seems to be getting popular with James Frank and Rose after ball games.

Button, how do you like the kneecaption on Eddie Jean's car?
What's this scandal about one of our popular Senior "brides" that's going to wear Wedding Bells, Christmas?

We have heard rumors that Janette Hayes has to get in at twelve o'clock when she goes with Dan Greene. But it really isn't "she" who has to be home at '12. It's lil'Dan.

Martha seems to be getting along quite nicely with the college boy from Austin (Eh, Robert?)

Why did Frederick simply refuse to wear a sticker for Warda Ticknor, and then so suddenly change his mind? (Did "Pig" have anything to do with it, Frederick?)

Wanda, what would "Jimmy" do if he knew who controlled that big loving heart and believe you me, you need that heart if your S. L. returns "all the love in his heart." Does that suggest anything, P. G.?

"The Trip to Dallas"
Did you say that we had fun? No, fun is not the proper term for it. From the time we left Midland that Friday night until we returned on Monday morning, about three hours of sleep was record time. Anyone who got more than three hours sleep was counted a "sissy."

When we arrived in Dallas that morning everyone was ready to eat, because the food was rather high in the dining coach of the train. Anyway everyone was saving his money for the Centennial. After eating, almost everyone was ready to spend some change on a street car ride through Dallas. I suppose those Dallas people could tell that we were from a small town by the way we acted. At that we enjoyed the slow rides we got. As soon as possible most of our hundred and twenty six sills and teachers and what not toured the Centennial and all that was in it. I believe we explored every inch of the territory there. At any rate a few of our number got a little sleep, some got none. On Sunday A. M. we who were already up, continued; and those who slept, arose.

At ten o'clock on Sunday morning we went to the State Building to do our singing and reading. We sang "Amen," the "Gloria," "Pilgrims Chorus" and read "II," "Educational Quotations," and the "Passage From Ruth." As soon as the program was given and we were free again, the same old story came up;

eating. Almost everyone practically killed himself or quit reducing during those few days.

Sunday night rolled upon us before we knew it and soon we were on our way home. Those who could manage well went home and slept Monday morning, but most of us had to come to school.

No matter how we felt and looked, we certainly did enjoy our trip and we wish to thank Mr. Lackey and everyone who made it possible for us to go.

REPRESENTATIVE SOL. LOOM, director general of the Constitution Sesquicentennial Commission, has recommended the issuance of a series of 26 stamps and six stamped envelopes in commemoration of the 150th anniversary of the U. S. Constitution. This number may be reduced, but it is fairly certain that such stamps will be issued.

Orders for the forthcoming set of stamps to be issued on the anniversary of the Philippine Commonwealth will not be accepted by the Philippine Trade Commissioner at Washington before Nov. 7. The issue is due Nov. 15, and will comprise three stamps totaling 12 cents in face value.

To get these stamps, send U. S. Money Order covering face value of the stamps you want, and stamped self-addressed envelope, to the Philippine Trade Commissioner, 919 Barr Building, Washington, D. C.—but not before Nov. 7!

Stamps for the Eucharistic Congress to be held in Manila next year will not be on sale before Jan. 15. The exact date of sale will be announced later by the Philippine Trade Commissioner.

Poland has issued two special stamps in connection with the recent Gordon Bennett balloon race, which started from Warsaw. Some of the balloons carried mail.

Besides a new set of stamps commemorating the fourth centenary of the founding of Buenos Aires, Argentina is preparing a series depicting the heroes and other illustrious men of its early days.

Typing Classes Show Progress
The typing classes were given their first speed test Tuesday. The tests at first are three minutes long and gradually increased to fifteen minutes. The four highest scores were made by Vivian Smelly, 35.66 words, one error; Mary Beth Scruggs, 34 words, three errors; Velma Johnson, 28 words, six errors; and Wanda Ticknor, 25 words, one error. The highest score was 35 2/3 words per minute which is exceptionally high for the first speed test. The football boys are doing very good work for the amount of time they have to spend in practice. Mrs. Scruggs reports that all of the typewriters are in use every period.

Annual Progressing
The Junior and Senior class pictures are being finished this week. The Faculty and the Board of Education have been asked to have their pictures made. Students will contribute as many snapshots as possible. The Queen's race for 1936-37 has started off well. Anna Beth Bedford had charge of the poster with pictures of the thirteen candidates running for queen which is displayed in the chamber of commerce window. La Moine Sindorf called a meeting of the staff Monday for the purpose of asking the staff to be making motifs to be carried out in the 1937 Catacombs.

Continuation of Family Dietsaries
As a continuation of the family diets planned by the third year food class, Lillian Arnett's menu was served Monday Nov. 2. The problem she was to solve was to divide an income of \$1,200 and plan a day's menu for the amount of money that she was supposed to spend for the food which was 83c a day.

The father was a day laborer; the wife did the house work. They had a 14 year old daughter and a 6 year old son. She planned the following day's menu:

Breakfast
Oatmeal 12c
Milk
Coffee
Toast

Dinner
Meat loaf 12c
Stuffed Turnips
Lettuce Tomato Salad
Bread Baked Pineapple
Custard and Ice Tea
Total 64c

Supper
Sandwiches from left overs and tea.
Total 7c.
Dora West, Jerry Welch, Louise Pliska, Lillian Arnett, Mona Heidelberg, and Miss Veda Crawley enjoyed the dinner menu.

On Tuesday, Nov. 3, Mona Heidelberg's menu was served.

Her problem was to plan a day's menu for a family of four consisting of a father who worked in a garage, mother who worked in a store from 8 o'clock to 6 o'clock, a girl 16, and a boy 19 who worked for an oil company.

The family had an income of \$1,800 a year and had \$1.20 to spend on their food each day. She planned the following day's menu:

Breakfast
Stewed prunes 12c
Eggs 12c
Milk 12c
Cereal cream 12c
Bacon 12c
Coffee 12c
Total 16c

Dinner

Miss Gaal's appearance in America is due to Adolph Zukor of Paramount Pictures. But her rise came about through her own determination. Her father, said Miss Gaal, disapproved when she announced she wanted to begin a stage career. That caused her to practice a mild deception. After that her family thought she was going to school, when as a matter of fact, she was making her first entrance over the threshold of a Hungarian stage door.

The Most Powerful Driving Force

—in business is individual initiative

THERE is no substitute for the ambition and determination of men to achieve success for themselves and their families. From these personal qualities spring the steadfast purposes which have for generations kept the United States far out in front in the march of progress. They have created in America the greatest industrial and commercial systems in history.

Individual initiative has been the creative force in all successful enterprises that compose these systems, whether modest local concerns or large-scale corporations.

BULLDOGS DRUB BUFFS, 53-0 IN PUSHOVER

STANTON CLUB IS UNABLE TO MATCH POWER OF WINNERS

8 Touchdowns Made By First and Second Team Men

In a game that was only slightly interesting for the Midland supporters and far less so for the Stanton heads in the crowd the Midland Bulldogs Friday night scored as they darn well pleased, and they darn well pleased to do so often, to run roughshod over the light Stanton Buffaloes by a 53-0 count.

The only interesting points of the game were some long passes and runs by the Midland boys and they were nullified in the spectator's opinions by the apparent ease with which they were executed.

The Bulldogs started the scoring in the first quarter and never let many minutes go by without sending another man across the goal line. In only one period, the third, did the Bulldogs fail to add to their mounting total.

shortly afterwards when Midland recovered a Stanton fumble on the Buff's 20. Lawson made 18 on an end-around and Taylor crashed the lightweight Buff line for a touchdown.

That was all the scoring for the first period but the locals came back for three more in the second quarter to gain a 33 point lead at the half. The first tally in this period came shortly after it opened when Wafford went off his left tackle, reversed and raced 20 yards untouched.

The next score came within a couple of minutes when Wafford stood on his own 45 and passed to Van Dyke on the Stanton 25. From that point the little end went on across the line untouched. The last Midland score in this stanza came when Barber fumbled a Stanton kick, finally picked it up, hesitated about which way to run but finally made up his mind to go south down the east side line and when he finally stopped he was 80 yards down the field and over the Stanton goal. Some of the players alleged Barber had stepped out of bounds a couple of times on the run but the officials couldn't match strides with him on the jaunt so they weren't in a position to say whether or not he had.

The Bulldogs failed to score in the third period but as it ended they had the ball on the Stanton 15 and soon after the last quarter started Barber went around end for a touchdown after having taken the ball from Wafford on a reverse. The next tally came about three minutes later when Big Wafford went through the right side of the Stanton line handed a stiff arm to a couple of backs and waltzed 65 strides for six points.

The last tally came when Wafford passed about 30 over the goal to Rountree for the score. The ball was on the 22 at the time.

Stanton never made a serious threat to score, about the only time they ever saw Midland territory being when they got the ball the first time. Poe kicked the ball went over the Midland goal but Roberts picked it up and carried out to the Midland 2 where he was plastered

to the sod by a group of Buffs. From there Wafford kicked out to the 30, then after Stanton advanced to the Midland 25 Wafford intercepted a Buff pass and returned to the Stanton 48 before being stopped. From that time on he was practically all Midland despite a steady flow of subs during the game.

Adams kicked goal after five of the scores.

The first downs were 18-8 but three of them made by the Stanton boys came in the last minutes of play. Midland attempted 9 passes, completed 3; Stanton tried 18, connected on 5. Midland lost 60 yards in penalties and the Buffs lost 5. Midland gained 308 yards from scrimmage; Stanton made 88.

The SPORTS HORN

BY JESS RODGERS

The only interesting thing about the Friday night game was speculating on how large the score would be. After the first couple of minutes there was never any doubt about who would win. In fact, there was no doubt before the game started.

But one thing certain—"Hendy" has a bunch of kids over there at Stanton that play because they like to play. They tried just as hard after they were eight touchdowns behind as they did in the first minute of play. And the same 11 youngsters that started the game finished it. Despite bucking an overweighing weight disadvantage all the way through.

Criticism was heard Saturday because Dutch left Wafford and Adams and some of the other Midland boys in the game for the entire 50 minutes. So far as we could see there was no reason for it. He was exposing vital parts of his foot ball machine to possible injury without needing them in there to protect the lead of the club. And it did look bad to continue to roll up the score on a bunch of kids that were fighting as hard as did the Stanton bunch.

But Dutch is running the team and his record for the season shows that he is making a pretty fair job of it. And it is not the desire of this department to tell him how to run a club that is undefeated.

If big league baseball scouts had been watching the game they would probably have started a mad rush to sign up Thurman Bryant as a pitcher. He threw one to Lawson that made Bob Fuller's fast one seem like a slow ball. It would have been a sure touchdown had the elongated end got in front of it because it would probably have dragged him across the goal.

Wafford was evidently conserving a lot of his energy for the trip to Dallas later the game. He was far in the clear a couple of times and let Stanton boys catch up and down him without making a serious effort to prevent it. Maybe he was doing it to give some of the other boys a chance to cross the goal with the ball. No one could accuse him of trying to make all the scores last night. When close to the goal one of the other boys got first chance to make the tally.

Barber is either a lot smarter than he has been given credit for or lady lucky was sitting on his shoulder when he got loose for that 80-yard punt return. He fumbled the ball, finally picked it up, then just stood and looked at it until everyone thought he would be downed where he stood. Then he really got "ants" in his pants" and headed south. Some of the local boys were

willing to take oath that Barber clipped one of the Stanton pep squad leaders he was so far out of bounds at one time on his run but he was moving so fast that the officials were making no effort to keep up with him so how could they say whether or not he quit the field?

Little "Preacher" Roberts almost gave Stanton a couple of points right quick. He let a long punt fall in front of him, studied for a while over whether or not to attempt picking it up, finally gave it a slap that sent it over the goal. But he showed no indecision about going back after it and bringing it out on the playing field before he was tackled.

And where, where did Wafford get the idea of trying to stiff-arm tacklers with the hand in which he was carrying the ball? And he probably set a new diving record the time he had the ball jerked out of his hand and had to whirl back and dive on it. He lost at least three yards on the movement but did get the ball.

Taylor "shoved up" Shifflet when he had to take time out during the game because of an injured leg. The principal had been telling the boys all year that Taylor was so tough that he would not take time out this season. But Dutch would probably be willing for some of the older boys to call a time out occasionally if they got hurt as Taylor did. He really did cut down a Stanton back as he plowed under him. And it was on his drive that caused him to hurt the leg.

The game was a dismal affair from a spectator's standpoint but it probably gave Prof. Lackey a lot better feeling than did the Bowie-Hi game. On the game with the El Paso bunch the locals cleared exactly one dollar and six-bits (\$1.75) at the gate after all expenses were paid. Friday night they cleared about \$165.

Midland is likely to come out shorter on finances this year than they generally do. The Wink game, expected to be the one that would pile a large amount of dinero into the exchequer failed to do much more than clear expenses because of the dismal weather.

If the weather man grants Midland and Odessa fair weather on Thanksgiving by far the largest crowd of the season should be out. If Odessa is successful in shaking off Pecos when they get together in Odessa Wednesday afternoon it is a cinch that the Ector county town will be over here en masse for the game.

AGGIES DEFEAT FAVORED SMU BY 22-6 SATURDAY

The A & M football club of College Station hopped back into the middle of the Southwest Conference pen and dog-fight when they ran roughshod to upset the favored Southern Methodist University Mustangs, 22-6.

The Aggies scored first when they crashed over for a touchdown in the first period of the game. They kicked goal to go seven points ahead, but were not able to hold this lead long. Coming back strong, the Ponies, alternately using line plays and passes were only stopped after they had plowed across the Aggie goal line.

The Aggies got a couple of more points in the second period when Finley Mustang full, was downed behind his own goal as he attempted to run the ball out from punt formation.

It was Vitek, Aggie half, that was the hero of the game. He stole all the thunder of his more widely known mate, Dick Tood, and led the successful attack upon the losers. It was his punting, passing, pass receiving and driving power into the SMU line that constantly kept the Methodist in the hole all through the last half of the game. Late in the game he got loose for 46 yards and a touchdown but had it nullified when a teammate was charged with holding.

The Mustangs never had a chance in the last half and made only one scoring threat.

The Aggies outpassed, outgained through the line and excelled in all departments of the game after the second period. They left no doubt in the mind of any one of the 25,000 spectators that saw the game as to which school had the better team.

District 7-B Standings

The Midland Bulldogs maintained their top seat in the district 7-B rave over the week end when they plastered the Stanton Buffaloes, 53-0.

Wink kept pace with the Bulldogs, hoping for a break that will once more pit them with the Midland club when they took the Monahans Lobos into camp, 14-0.

Odessa remains tied with Wink for second place. They had an off night Friday, as did Pecos. These two clubs tangle Wednesday afternoon at 2:30 in Odessa in a game that will host one of them into second. Should Odessa win they will take undisputed possession of second place, but if Pecos wins they will be tied with Wink.

The other two members of the district, Kermit and Crane, met and Crane managed to jerk Stanton and Kermit into a tie with them for the basement when they surprised Kermit by winning, 13-0.

Present Standings:

Team	W	L	Pct
Midland	5	0	1.000
Odessa	4	1	.800
Wink	4	1	.800
Pecos	3	1	.750
Monahans	2	3	.400

Tourist Travel to Park Up 15 Percent This Year

YOSEMITE, Cal. Nov. 7 (U.P.)—Tourist statistics for the Yosemite National Park show that during the year ending September 30, 431,192 persons visited the park an increase of 15.8 per cent over the year previous.

A total of 92,287 automobile permits were granted during the same time, exceeding all previous records by 74 per cent. Park revenues from this source alone were \$184,686.

Visitors entering the park by buses showed a gain of 35 per cent over 1935, while railroads carried 3,481 passengers, a gain of 114 per cent over last year.

Automobiles from outside the state entering the park numbered 16,391, an increase of 30.7 per cent over 1935.

The automobile plates on cars entering the park represented every

state and 13 territories and foreign nations. The first 10 leading states aside from California were Illinois, New York, Ohio, Texas, Washington, Pennsylvania, Michigan, Missouri, Oregon and Indiana.

During the winter sports season, from December 1, 1935 to March 31, 1936, 47,904 persons visited the park, an increase of 6 per cent.

Loretta Young and Don Ameche Score Triumph In 'Ramona', Now at The Yucca

In the presentation of "Ramona" which is showing today and thru Tuesday at the Yucca Theatre, 20th Century - Fox has added another triumph to its already imposing roster of cinema successes. Flashing action on a far-flung scale combined with its production in the new perfected Technicolor, makes "Ramona" one of the most important pictures of the year, an exciting picturization of Helen Hunt Jackson's immortal love story.

Loretta Young is featured as Ramona, with Don Ameche as Alessandro, and the splendid supporting cast includes such players as Kent Taylor, Pauline Frederick, Jane Darwell, Katherine DeMille, and John Carradine. In addition, hundreds of persons were recruited from the Mesa Grande district representing settlers and local characters.

The Technicolor is tremendously effective because it is absolutely, indisputably true to life. Since a large part of the picture called for out-of-door scenes, the main location for the filming of "Ramona" was a 55,000-acre ranch in the Mesa Grande area of the beautiful San Jacinto Mountains in California, 140 miles southeast of Los Angeles, where the natural beauty of the region made a perfect setting.

The settings are on actual scenes of the spots where the real Ramona and Alessandro lived and loved many years ago in Old California. "Ramona" is a picture that fairly teems with high romance — fiestas, fandangos, songs, roses, secret trysts, stolen kisses, stolen hearts, tears and laughter. It is one of the greatest love stories ever unfolded on the screen. All the rainbow beauty of adventure-crowded California of the early days has been

recaptured and again as of old. Ramona goes to meet love in the purple dusk.

Loretta Young is superb in the title role, playing the part with deep feeling and understanding. Her highly artistic performance should further her career tremendously. As Ramona, Miss Young will undoubtedly win a host of new admirers.

Don Ameche is the perfect Alessandro. He has turned in an excellent performance in a most exciting part, that of Ramona's great love. This young radio favorite is bound to win a coveted place for himself in the world of filmdom.

In Technicolor Triumph

Color, perfect at last, glorifies the world's greatest love story, Ramona, new Twentieth Century-Fox hit featuring (above) Loretta Young and Don Ameche, showing today thru Tuesday at the Yucca Theatre.

In Football Frolic

Above, Jack Haley and Patsy Kelly kick every laugh muscle for a touchdown in "Pigskin Parade", 20th Century Fox merry mad musical of collegiate football as it was never played before, now showing at the Ritz.

All-American Cast Hilarious Riot In Swing Football Hit Showing at Ritz

Half-backs, laugh-backs, tunc tacklers, co-ed cuties, Boola-Boola boys and gridiron heroes clown on the campus, swing on the football field, dance on the sidelines and romance in the stands in "Pigskin Parade," the uproarious musical football hit showing today and tomorrow at the Ritz Theatre.

Featuring a cast of hand-picked for entertainment, including Stuart Erwin, Johnny Downs, Arline Judge, Betty Grable, Patsy Kelly, Jack Haley, the Yacht Club boys, Dixie Dunbar, Anthony Martin and Judy Garland, the film is a flip, fast football frolic, punctuated with torch tunes and highlighted with campus romance.

Through on error, Yipee university receives the invitation meant for another school in the state. Popped with amazement the coach, Jack Haley, and his wife, Patsy Kelly, hastily accept before the bid can be recalled.

Aghast at their error, Boola-Boola immediately begins a mammoth publicity campaign extolling the prowess of the Yipee boys and their amazing adeptness at the forward pass.

This gives Patsy an idea and she persuades Haley to use the school's basketball team, intercollegiate champions in the backfield.

Flipping the pigskin around in amazing manner, Yipee first demoralizes and then demolishes all of its opponents. Their wild climb to national fame is checked, however, when the fullback breaks his leg.

Disconsolate, the school's spirit is revived with the discovery of Stuart Erwin, a hill-billy who flips muskmelon's fabulous distances. Erwin is pressed into service in the backfield, and proves a sensation although he refuses to wear shoes and insists on playing barefoot.

After a riotous series of mirthful incidents, Yipee arrives at Boola Boola for the big game, and ends in a tornado of mirth in one of the most boisterously funny and exciting football games ever played.

The entire cast is great in their respective roles. "Stu" Erwin, Jack Haley and Patsy Kelly are terrifically funny, while Johnny Downs, Arline Judge, Betty Grable, Anthony Martin, Dixie Dunbar and Judy Garland provide fast-moving, flip-cracking collegiate romance.

"The Yacht Club boys, remembered for their sensational success in "Thanks A Million," stop the show with their hilarious numbers as they turn the tiger loose.

Yet! for youth! Laughing, singing, dancing, swinging, in this rollicking comedy and laughs, laughs, laughs.

'Grand Old Lady' of Stage Is Ill

Mrs. Thomas Whiffen, 91, "the grand old lady of the American stage," above, is reported near death at her home near Roanoke, Va. Mrs. Whiffen's stage career of 60 years and 400 roles encompasses almost a history of the American theater since the days when Broadway was "way out in the country" and Templeton, Cushman, Boucicault, Booth, Barrett, and Drew were the names that drew drama lovers to the theater.

PINWHEELING FOR A GAIN

Kloberg, Oregon State back, became a human pinwheel when Hal Hirshon, No. 33, of U. C. L. A., hit him. Kloberg did a complete spin in the air, lit on his feet, and advanced for a considerable gain before he was stopped. His tumbling was to no avail, however, for U. C. L. A. won the game, played in Los Angeles, 22-13.

FOOL-PROOF DOG POUND
ELYRIA, O. (U.P.)—Lee Minkler, dog warden, told county commissioners stories of how as many as four of his charges had been freed in one night by their owners, fewer on still other nights. Commissioners voted \$2,500 for a new foolproof pound, finer than populous Cleveland's.

DOG IS AIR PASSENGER
CHICAGO. (U.P.)—Dogdom has taken to the airways. In the cargo stowage of a United States Air Lines plane Kamel Maravian Mainstead, a speedy journey to compete in shows in different parts of the country on consecutive days.
