REBEL PLANES IN ANOTHER VISIT TO MADRID. 3 KILLED Children Victims Of Air Raid Near Capital PUSH CONTINUES Three Towns Fall To Insurgents After Bitter Fight

MADRID, Nov. 2. (P)—Insurgent warplanes, made their eighteenth visit to the environs of besieged Madrid today, killing three children and injuring eight adults with bombs in suburban Vallecas. The fliers did not bomb the capital, evidently turning back after shelling the suburb.

Government troops evacuated the civil population from Getafe, another suburb, and hurried reinforcements into their defense lines. The insurgents captured Brunete, west of Madrid, after taking three other towns in bitter fighting.

The fascists are but nine miles from the capital at Fuenlabrada, and military authorities said the "zero" hour in the fate of Madrid had arrived.

The murderous Blackbirds of Rebel Gen. Francisco Franco appeared over Madrid three times Sunday, but instead of bombs they dropped propaganda appealing for the capital's surrender.

Meanwhile the battle between rebels and loyalists on the southern front fifteen miles from Madrid raged fiercely with both sides employing infantry, tanks and airplanes. At the end of the rebel positions were slightly bettered.

Premier Francisco Largo Caballero sought to strengthen the Government's economic position by a decree militarizing all industries in Alcaete, Castellon and Murcia Provinces related directly or indirectly to military activities. He authorized confiscation of all factories, shops, vehicles and other materials considered necessary for defense.

SALT WATER IS ENCOUNTERED BY TERRY WILDCAT Operators Will Run Pipe In No. 1 Brownfield

Attention centered upon the Terry county wildcat of Uscan and Illinois No. 1 Brownfield today when it was reported that the test was flowing salt water from red sand at 4,260-25. It is now shut down pending delivery of a string of 7-inch casing which operators will run to shut off the water. The test is located in section 54, block K, public school land.

Operators were still swaging out the bottom joint of 7-inch pipe collapsed by the shot last week in Honolulu, Cascade and Devonian No. 1 E. B. Duggan, southeast Cochran county discovery producer. The well gauged 115 barrels on a temporary perforation test taken Saturday, but the flow of oil was retarded by two minor bridges and the damaged casing. The well was shot with 160 quarts from 5,019 to 5,060. It is bottomed at 5,063, plugged back from 5,098. Location is in the center of labour 13, league 55, Oldham county school land.

According to the operator, the Dawson county discovery, Ray Albaugh et al No. 1 Robinson, will be shot sometime this week. It is now shut down at 5,038 in hard time, with the hole nearly full of oil.

Extension To Treat Empire No. 1-C Cummings, two-mile northwest extension to the Cummings pool in Ector county, will be acidized at 7:30 tomorrow morning, using a compound treatment with 3,500 gallons, improved formula. The well flowed 80 barrels of oil the last 24-hour period, but flow was shut down for three days, two barrels of sulphur water were recovered. In order to prevent the acid from penetrating the water horizon, 50 feet of jelly seal will be pumped in through tubing. This jelly, about the consistency of art-gum, protects the formation for 36 hours, then automatically liquefies and passes out of the hole with the oil.

At the northwest edge of the Penn pool, extending it about a quarter of a mile, Skelly and Republic No. 2 McKenzie, 660 feet from the south and 1,980 feet from the east line of section 28, block 45, township 2 south, T. & P. survey, is flowing an estimated 100 barrels daily thru bridge while cleaning out. It was shot with 800 quarts from 3,513 to bottom at 3,700.

As Cummings, McCraw Got Together

Texas Attorney General William McCraw, left, and U. S. Attorney General Homer S. Cummings put their heads together at Lancaster, Pa., traditional Republican stronghold, where they made stirring New Deal addresses before the largest Democratic gathering in city's history as their parts in an aggressive campaign to capture Pennsylvania's 36 electoral votes for President Roosevelt and Vice President Garner. Speaking from the same platform, the two attorney generals whipped the record crowd into repeated uproarious demonstrations. In the past week, Cummings and McCraw have been carrying on determined Democratic speaking drives in the Midwest and East, but their campaign trails crossed for the first time at Lancaster.

Democrats Elected Five Times to The Presidency Since Civil War of States

WASHINGTON, Nov. 2. (U.P.)—Since Abraham Lincoln was elected to the presidency 76 years ago, republicans have been in power 56 years and democrats 20 years.

In that time only three democratic presidents have served—Grover Cleveland, Woodrow Wilson and Franklin D. Roosevelt. The two former served two terms each.

Cleveland was elected first in 1884 to break a republican succession that had lasted from Lincoln through Ulysses S. Grant, Rutherford B. Hayes, James A. Garfield and Chester A. Arthur. Cleveland was defeated for re-election by Harrison in 1888, but he turned the tables to defeat Harrison in 1892.

Following the Cleveland administration, the republicans won succeeding elections with William McKinley, Theodore Roosevelt and William H. Taft as their standard bearers. Then in 1912 Woodrow Wilson defeated President Taft for re-election. In this campaign Theodore Roosevelt split the republican vote with his Bull Moose party. Wilson was re-elected in 1916 over Charles Evans Hughes.

Following the eight-year tenure of Wilson was a succession of three republican presidents—Warren G. Harding, Calvin Coolidge and Herbert Hoover. It was broken in 1932 when Franklin D. Roosevelt was elected to the highest office by the greatest majority ever accorded a nominee in the electoral college.

LANDON PREDICTS AAA, NRA AGAIN TO BE INSTITUTED 'Plain Inference' Of FDR Speech Is Cited

TOPEKA, Nov. 2. (P)—Governor Landon said today that the "plain inference" of President Roosevelt's Madison Square Garden speech was "you're going to have the NRA, AAA, and everything else all over again."

He was asked whether he thought the address answered questions he had asked the president and said they didn't specifically but the inference was plain.

When asked about the president's desire to be master of business he replied "that's what I meant."

BANKS TO CLOSE It was announced today that both the Midland National and the First National Banks of Midland would be closed Tuesday, election day, a holiday for all banks.

When the fish are about, Rastus makes a perfect dive and emerges with at least one mullet in his mouth.

TEXAS DEMOCRATS WORK FOR RECORD VOTING TUESDAY

Governor Predicts Million Ballots To Be Cast

STATE A 'CINCH'

Republicans Admit Texas In Demo Column

AUSTIN, Nov. 2. (P)—Texas democrats, admittedly winner in tomorrow's election, sought to bring out a record vote today to safeguard representation in the national conventions.

Governor Allred, campaigning in New Mexico for the democratic national ticket, forecast a million votes if "Texas democrats do their duty."

Six state constitutional amendments will be submitted to the state voters. The creation of a state liquor monopoly, limit to the governor's clemency powers, retirement fund for public school teachers, worker's compensation to state employees, raise in salaries to the governor and certain other state officials and a limit to the county legislative representation to seven unless there is more than 800,000 residents in it.

The governor and Roy Miller, state campaign chairman, who likewise foresaw a possible million votes, asked party members to bear in mind that future representation in national conventions would be based on the party vote and Texas would be penalized if it did not show its true democratic strength.

Miller said more than \$200,000 of Texas' \$250,000 campaign "war chest" fund had been subscribed, and urged county chairmen to a final drive to reach the quota.

Texas cast 849,986 votes in the 1932 election, 753,304 for Roosevelt, and 96,682 for Hoover. In this year's July democratic primary a total of 1,017,372 votes was the highest in history.

VOTERS ARE URGED TO CAST BALLOTS IN TUES. ELECTION Representation In All Conventions Is Stressed

Midland county voters tomorrow will march to the polls to vote on all county, state and national offices.

There will not be contests within the county for the voters to decide on, only members of the democratic party having field for election this year.

Precinct one voters will cast ballots in the basement of the county house.

How To Vote If you desire to vote a straight democratic—to cast your ballot for only democratic nominees—simply draw a line or large X down through all other party names appearing on the ballot.

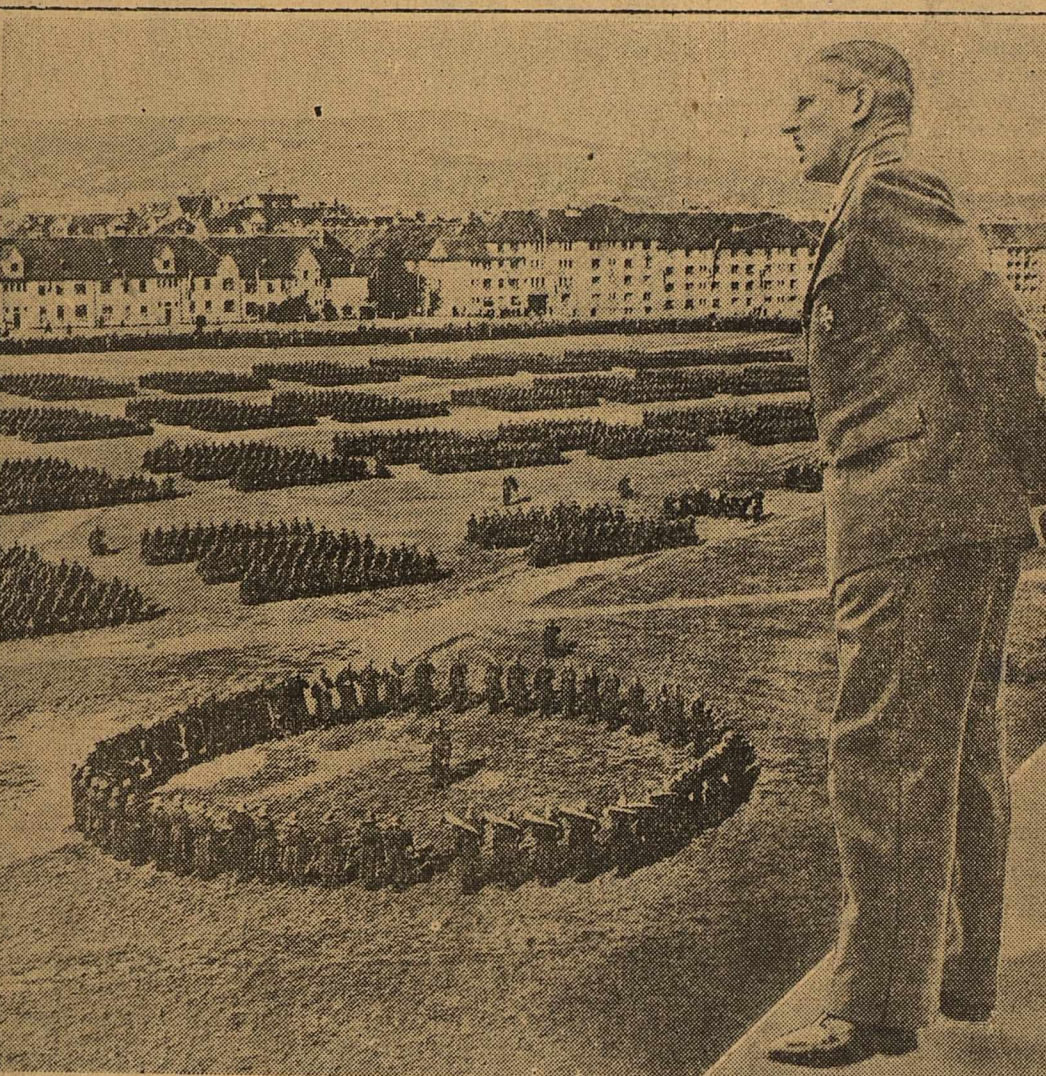

If you want to vote a "split ticket," for republican national nominees and democratic state nominees—or any alternate nominees—cross out the names of the persons you do not wish to vote for.

For instance: If you want to vote for Roosevelt for President and Harris for Governor, draw a line or an X through all presidential electors appearing at the top of the ballot, then draw one through the name of all other contestants for Governor.

Following precedent, the county once more is expected to go heavily for the Democratic national and state officers. The Roosevelt-Garner ticket scored heavily in the 1932 election in the county and their margin is expected to be equalled or increased this year, political observers believe.

Members of the Democratic party have been spending more work trying to get the voters out tomorrow rather than trying to tell them how to vote. With state and national convention delegates being allowed on a basis of the number of democratic votes cast in the county in general elections now in force, leaders have been stressing the importance of the people going to the polls in order to grant maximum representation at the conventions.

As Austria Re-established Conscript Army

Dictator-Chancellor Kurt Schuschnigg of Austria, in semimilitary uniform, is pictured (inset) as he took part in administering the oath of allegiance to the first recruits drafted into the army under the recent law re-establishing conscription and greatly augmenting his country's military forces. A general view of the impressive assemblage of 10,000 recruits at the Vienna garrison is shown. By a recent, far-reaching cabinet decree, Schuschnigg seized supreme power for himself in Austria and became Europe's newest dictator.

STRIKES SPREAD TO GULF AND EAST PORTS BY WORKERS Attempts To Settle Situation Made By Officials

(By Associated Press) "Sit down" strikes spread to eastern and Gulf ports today as Rear-Admiral Hamlet of the maritime commission summoned employers and workers to a conference at 8:30 p. m. in an attempt to settle the situation.

Representatives of the sailor's union of the Pacific walked out on a hearing, declaring they would not submit to controversial issues.

At Houston, where a strike was called Saturday, members of the International Seaman's Union refused to allow longshoremen to pass through picket lines to work on ships.

The strikes at Houston and Port Arthur in sympathy with the Pacific coast workers spread today to Galveston. At Beaumont, two tankers and two dry cargo vessels were lifting cargoes while pickets at Port Arthur patrolled the docks.

ODESSA, MIDLAND SCOUTS IN RALLY

'Get-Acquainted' Program For Boys Is Held By District Chiefs

The Boy Scouts of Midland including Troop 52 and 54 piled into the big Mayfield truck Saturday afternoon and rolled over to Odessa for a get-together rally and field-meet with the Boy Scouts of Odessa.

The big idea in having this rally was for the Boy Scouts in the Midland District to become better acquainted with each other and to pave the way for friendly gatherings in the future.

The field meet consisted of the following contests and races: Antelope Race, Water Boiling without matches, Chario Races, Knot Tyings, Obstacle Races, Tug of War, Signaling.

Keen interest and enthusiasm was shown by all boys present. The competition was close and the winner was anybody's guess until the scores were counted.

A Pow-Wow was held after the races and refreshments served. The hospitality of the Odessa boys was quite worthy of note and Midland hopes to reciprocate at an early date. As a matter of fact, plans are being made for similar friendly rally to be held with other towns in West Texas. Most likely our next meet will be with the Boy Scouts at Sweetwater.

Election Extra

The Reporter-Telegram will publish an extra edition tomorrow night giving election results over the nation as they are compiled and distributed by the Associated Press.

The public address system and scoreboard that were used in the primary election will be eliminated tomorrow night due to most of the interest here being centered upon the presidential election.

The first extras are expected to be placed on the streets at approximately 10 p. m. and will furnish important information on how early returns from over the nation place the republican and democratic candidates for national offices.

A sample copy of the ballot to be used in tomorrow's elections will be found elsewhere in this paper today. Voters who wish to study this ballot can thereby save much time at the polls tomorrow.

Large Feeding Program Held Near Seagraves

County Agent S. A. Debnam returned Sunday from a visit to Seagraves where he inspected the large feeding program and use of trench silos being carried out there by Fred Snyder of Lubbock.

Snyder is going in for the trench silos in a mammoth way in West and North Texas this year, placing approximately 30,000 tons of silage in the silos at Seagraves, Levelland and White Face. The Seagraves project is the smallest of the three, about 8,000 tons of the feed being placed underground there.

Steam shovels are being used by Snyder to dig the large number of pits necessary for the storing of the feed. An estimated 100 acres has been prepared for the feed at Seagraves. Snyder is purchasing the feed while it still stands in the field, then having it cut and hauled to the site of the silos. Here it is ground and placed underground.

Snyder is paying for the feed at the rate of seven cents per bundle. According to Debnam, the farmers are coming out far ahead on their feed this year, the seven cent price bringing them approximately \$40 per acre for all kinds of feed-stuff.

BODIES OF WRECK VICTIMS MOVED TO HOMES FOR BURIAL

Pair of Men, Injured In Crash Reported To Be Improving

The bodies of Harvey Davis and wife, Los Angeles; victims of a head-on collision one mile east of Midland Saturday morning, were removed today to Fort Worth for funeral services to be held there Tuesday. The body of W. B. McAnelly, Hot Spring, Arkansas, another victim of the wreck, was taken to Jonesboro by relatives. Funeral arrangements for a fourth victim, Miss Wilma Hines, Long Beach, California; are pending the arrival of relatives here.

Two persons injured in the wreck, Wayne South of Long Beach, and Robert H. Miller of San Antonio, are still in local hospitals. Their conditions were reported improving by attending physicians today.

TRUCK EXPLODES, TOWN WIPED OUT

Driver Escapes Injury By Fleeing Scene Of Accident

BEDFORD, Pa., Nov. 2. (U.P.)—A gasoline truck carrying 5,000 gallons of fuel overturned while rounding a curve fifteen miles north of here Sunday, exploded and showered flaming gasoline a distance of 500 feet, wiping out Dogtown, a small hamlet.

Four buildings, including a telephone exchange, were destroyed. Damage estimated at \$150,000. James Bowman, 22, Altoona, the driver, miraculously escaped with cuts and bruises when he succeeded in leaping clear of the wreckage before a spark from the motor ignited his dangerous cargo.

Bowman had refueled his truck at Cessna and was on his way to Osterburg, a small town a few miles north of Dogtown, when the accident occurred. He lost control of his machine while rounding a highway a few feet from the hamlet.

A terrific explosion occurred a few minutes after the driver fled the scene.

The truck was owned by the Sun Oil Company. A one-story frame dwelling, owned by Alice Bowser, and occupied by a general store, was the first to ignite. Another building, a short distance away, which had been vacated by two families Saturday night, followed. Miss Bowser's residence and the telephone exchange, occupied by the United Telephone Exchange Company, ignited quickly. The buildings were reduced to a mass of burning embers within a short time.

'SWEEP' OF VOTES FORECAST FOR THE DEMOS BY FARLEY

Hamilton Predicts 60-Vote Margin For Landon

SPEECHES AT END

Both Candidates To Make Last Talks Tonight

(By Associated Press)

Strong expressions of confidence were heard from both major political parties today as they waited for the voice of voters in tomorrow's national election.

It is expected that 45,000,000 ballots, a new record number, will be cast in the 48 states during the voting time.

James Farley, national chairman of the democratic party forecast a "sweep" of the country by Roosevelt and chairman John Hamilton of the republicans predicting 320 electoral votes for Landon, 60 more than necessary for election.

President Roosevelt has scheduled a 60-mile tour through three counties before speaking tonight from the Poughkeepsie balcony at Hyde Park. Governor Landon speaks tonight from Topeka, Kansas.

Thirty-two senators and 432 national representatives will also be elected in the voting tomorrow. Predictions differed also in sectors outside the party headquarters. A survey of prognostications published today by Washington correspondents who have toured the country showed a large majority forecasting that Roosevelt would win.

SOME, however, outlined the possibility of a Landon victory. Many contended the popular vote would be close, and all conceded the presence of doubtful factors that only next Tuesday's voting could settle.

BREAKS PRISON IN 1919, IS TAKEN BY CHICAGO OFFICER

Respected Citizen To Fight Return To Michigan

CHICAGO, Nov. 2. (P)—Police Sergt. Edward Dooley had under arrest Sunday a man he said admitted he was Howard Fulger, 56, one of fourteen convicts who staged a sensational escape from the Old Jackson, Mich., penitentiary in 1919 by tunneling under the wall.

For fourteen years, Dooley, said Fulger has resided here under the name of Howard Law, with a wife thirteen years older than he who in their seventeen years of married life had never known her husband's past.

Dooley and Police Sergt. Donald Coakley arrested Fulger Saturday on advice from Michigan. Finding him in his neat and well furnished apartment, they bared his arm, they said, and found his tattooed marks of the escaped Fulger. Dooley said they confronted the prisoner with his own fingerprints at the Detective Bureau and he admitted his identity.

In Chicago Fourteen Years At the time of Fulger's escape, Dooley said, he had served two years of a ten to twenty-year sentence for rape. After he had dug his way out of the prison—a three-month job—Fulger went to Clinton, Iowa, and married a widow, Dooley said he told him.

Fourteen years ago the couple came to Chicago. For the last nine years, Dooley said Fulger had been an engineer in a lake shore apartment building.

PATTERSON IMPROVED Tom Patterson, who underwent further surgery in a Dallas Hospital several days ago, was reported by family members today to be showing steady improvement.

GRADE CROSSINGS DWINDLE WASHINGTON, (U.P.)—Highway railroad grade crossings in existence on Jan. 1, this year, totaled 234,231, a reduction of 8,578 compared with the record number on that day in 1930, the Association of American Railroads reports.

BEHIND THE SCENES IN WASHINGTON

By RODNEY DUTCHER
 Reporter-Telegram Washington Correspondent

PHILADELPHIA, Nov. 2. — The class struggle aspect of the presidential campaign, if you want to call it that, reaches full heat in Pennsylvania.

Organized workers and the low-income groups in the industrial centers have in many cases worked up a hysterical devotion to Roosevelt which sometimes approaches fanatical frenzy. Labor has built itself a powerful political organization to work hand in hand with the Democratic machine.

Grimly opposed to Roosevelt and his labor allies are the industrial tycoons of this great steel, coal, and manufacturing state. Also worked up into a lather, they have launched a titanic effort of money and propaganda to keep Pennsylvania's 36 electoral votes, so vital to Landon, from the clutches of Roosevelt and—as they see it—of John L. Lewis.

They have taken control of the battered but active Republican machine which has served them so loyally in the past and hope, with the aid of white collar and other conservatives, farmers and frightened workers, to save the Keystone state.

This is more than a political fight. In the background are threats of strike and violence and the knowledge of stores of machine guns and gas in steel mills and factories.

The election result will only mean that one side or the other will find more or less sympathy in Washington and will be more or less solidly entrenched in the state.

No one knows how the election battle in Pennsylvania will result. There is spirit, drive, youth, direc-

tion, and leadership on the Democratic side, as opposed to superior financial resources and the inherent conservatism of this second biggest state in the Union.

Big politicians on both sides are laying bets at even money. The man on the street says it looks like Roosevelt and that assertion has been made more and more frequently these last few weeks. Some of the most competent political writers in the state assert privately that this is true; others are uncertain.

One confidential poll in which your correspondent has great faith was asserted by its taker 10 days before election to indicate that Pennsylvania was approximately a 10 to 9 bet for Landon; no better, no worse.

All of which is news. Pennsylvania hasn't gone for a Democratic presidential candidate since James Buchanan was elected in 1856. She stood firm in the 1932 Roosevelt landslide, although in 1934 she elected her present outstanding Democratic leader, Senator Joe Guffey and Gov. George Earle—who are now closely allied with Lewis.

Wealthy Men Rule G. O. P.

The three biggest bosses of the Republican party in the state are wealthy industrialists—Joseph Pew, of the Sun Oil Co., Ernest T. Weir, the steel man in whose company towns union organizers meet bitter opposition; and Joe Grundy, of the Pennsylvania Manufacturers' Association.

Landon versus Roosevelt is the big issue, since the governorship is not at stake this year. A state auditor, state treasurer, a legislature, and a state of congressmen will be elected.

Republican victory is dependent on a backlog of conservatism in rural counties, mostly in central Pennsylvania and some very populous. Reports differ as to whether farmers are more or less numerically against Roosevelt than in 1932, but these farmers received little AAA money and dairy farmers are especially against the New Deal.

Warn of "Tax on Wages"

Probably more important is the stuffing of hundreds of thousands of pay envelopes with notices of next year's old age social security tax, described as "tax on wages."

These circulars fail to mention that employers must pay equal sums toward the contributory old age pension fund and often assert that the money is to go for general federal expenses.

Republican leaders say: "Workers didn't know Social Security wasn't a free handout. They're greeting the news with consternation."

Republicans also predict that many victims of political coercion on WPA rolls will be heard from election day and they're flooding the mining areas with assertions that New Deal water power projects will ruin the mines and eliminate miners' jobs.

Huge Sums Spent

Republicans have spent huge sums—mostly, they say, for billboards and newspaper advertising. Democrats charge a \$5,000,000 slush fund and it is generally conceded that expenses will break records, with Republicans contending that WPA money is equivalent to a campaign fund.

Political racketeers will keep much of the campaign money. Democrats scornfully predict that Pew and Weir will find they have been taken for suckers or, as they say in the political business, "fat cats."

Roosevelt lacks as an asset in Pennsylvania the hatred which existed for Hoover in 1932. But he

Waiting—For a Wax 'Mistress'

The dog's traditional devotion to its owner was expressed in the lonely vigil kept by this fox terrier at Knoxville, Tenn., as it waited outside a store window for the wax figure inside—evidently resembling its mistress—to step out of the window and start home. Not even meat, seen on a paper on the sidewalk, could tempt the dog away. But its "mistress" inside did not answer—didn't even look—and the dog, some time during the night, disappeared.

has some important new ones—most important, a superior Democratic machine.

Democrats took over at least 30,000 state jobs after the 1932 election. They have federal patronage and control of many cities—including Pittsburgh—and counties. Guffey has had everything he wanted from Washington and the machine is well oiled.

Labor Fights Hard

Labor's Non-Partisan League—its backbone the United Mine Workers the railroad brotherhoods and the textile unions in the east—has organized intensively down into every precinct in industrial areas. It circulates more than 1,500,000 weekly tabloids, propagandizing for Roosevelt and a liberal Democratic state Senate.

WPA workers and relief clients are expected to go heavy for Roosevelt. So are Pennsylvania Negroes, whose residential districts are plastered with Roosevelt posters. Jewish voters have been swinging to Roosevelt because they believe Landonites have injected race prejudice.

Within four years Pennsylvania has abolished its 50-cent poll tax. Previously, if you paid no property tax and wanted to vote in a big city, you had to go first to the assessor's office and then the treasurer's office standing in long lines indefinitely.

The independent poor man couldn't afford to take the time off. Ward heelers paid the taxes and registered citizens in huge blocks. Today it is said, the independent poor man can really vote and money isn't as important—especially since there will now be voting machines in both Philadelphia and Pittsburgh.

Roosevelt will carry the western end of the state by what his enthusiastic supporters say will be a landslide. Hoover carried Allegheny county by only 37,000 in 1932 when 50,000 Democrats were registered there as against 425,000 Republicans. This year Democrats lead in registrations.

Most observers believe Roosevelt can carry Pennsylvania if he wins in the old Republican stronghold of Philadelphia, where the Vore machine has fallen apart. Registration is 519,000 Republican and 403,000 Democratic.

Philadelphia heretofore was always machine-controlled. Hoover carried it by 72,000 in 1932, when registration was 549,000 Republican and 484,000 Democratic. Predictions are frequently made that Roosevelt will barely carry Philadelphia.

Record-breaking registration for the state includes about 2,661,000 Republicans and 2,065,000 Democrats, a total increase of nearly a million in four years. Republicans say this indicates their victory.

Democrats point out their gain is 375,000 and the Republicans about 30,000. Also, that Governor Earle won by 66,000 two years ago

When Republicans had a state registration lead of 1,200,000.

In many of the more rural counties Democratic enrollment increased while Republican registration stood still.

It's an argument which will have to be settled Nov. 3. Meanwhile, everyone in the state knows Landon can't be elected without Pennsylvania.

Beware Coughs from common colds That Hang On

No matter how many medicines you have tried for your cough, chest cold or bronchial irritation, you can get relief now with Creomulsion. Serious trouble may be brewing and you cannot afford to take a chance with anything less than Creomulsion, which goes right to the seat of the trouble to aid nature to soothe and heal the inflamed membranes as the germ-laden phlegm is loosened and expelled.

When Republicans had a state registration lead of 1,200,000.

In many of the more rural counties Democratic enrollment increased while Republican registration stood still.

It's an argument which will have to be settled Nov. 3. Meanwhile, everyone in the state knows Landon can't be elected without Pennsylvania.

J. B. "ROCKY" FORD

DEEP INTO THE BIG WOODS on a hunting trip. No luxuries here, as "Herb" Welch—famous Maine Guide—makes noon camp and serves up beans, johnny-cake, and coffee hot from the camp-fire coals, winding up with Camels all around. Hearty outdoor appetites welcome the sense of digestive well-being that smoking Camels encourages.

"Herb" says: "Anything that goes into the woods with me has to earn its way. Camels more than earn theirs. Camels are a swell thing to have on the trail... a pleasure and a necessity. I've lived on one meal a day—just dried meat and water at that—and I've dined on the best that the state of Maine offers—but no matter what I'm eating, it always tastes better and digests better when I smoke Camels. And I like Camel's cherry 'lift.'"

WHEREVER...WHATEVER...WHENEVER YOU EAT—

For Digestion's Sake—Smoke Camels!

YOU eat over a thousand meals a year! Many kinds of foods. At all times and places. Sometimes you are free of care—at others, worried and nervous. Yet, thanks to Camels, you can help digestion meet these conditions easily.

Smoking Camels speeds up the flow of fluids that start digestion off well and keep it running smoothly. Tension eases. Alkalinity increases. You enjoy your food more—and have a feeling of greater ease and contentment after eating. Mealtime or anytime—make it Camels!

To millions of men and women, Camels are the last word in cigarette enjoyment. Camels are so mild, they do not get on your nerves—or tire your taste—facts that steady smokers especially appreciate.

HOLLYWOOD RADIO TREAT! Camel Cigarettes bring you a FULL HOUR'S ENTERTAINMENT! Benny Goodman's "Swing" Band... George S. Trull's Concert Orchestra... ROUTES 100 TRAINS A DAY. H. M. Wright says: "I have to have healthy nerves and good digestion. So I smoke Camels. They do not get on my nerves. And they insure a sense of well-being at mealtimes. Camels set me right."

ANOTHER CHAMPION SMOKES CAMELS. Dorothy Holderman set a glider record for both men and women. "Imagine how gliding affects digestion!" she says. "But a few Camels at mealtime bring my digestion right back."

Mmes. Whitaker, Peck, And Perkins Entertain 250

Mrs. Edward Whitaker, Mrs. Hal C. Peck and Mrs. John Perkins entertained Saturday afternoon, October 31, from 4 until 6 o'clock with a tea at the home of Mrs. John Perkins at 602 South Main.

The spacious reception suite was beautifully decorated with bronze and golden chrysanthemums interspersed with vari colored autumn leaves.

The Halloween motif was suggested in the dining room where the tea table, set with a handsome venetian cut work cloth, bore a massive plaque of orange colored chrysanthemums with trailing autumn leaves. Four orange colored tapers in silver candle sticks, banked the centerpiece.

At either end of the table, the handsome tea and coffee services were presided over by Mesdames Marvin Ulmer, Charles Klapproth, Fred Turner, Roy Parks.

Mrs. Porter Rankin and Mrs. Jimmy Greene presided over the dining room with the assistance of Misses Elaine Meadows, Ida Beth Cowden, Ruby Hodges, and Mesdames David Gogins, Nancy Rankin Stevens, Ben Black.

Mrs. Harvey Sloan and Mrs. Joe Crump assisted the hostesses in receiving their guests. Others in the house party were Madames Chapell Davis, Ellis Cowden, W. T. Walsh and Miss Francis Gillett.

Music furnished during the afternoon by the Broussard orchestra, lent a gay note to this charming affair, in which over 250 guests participated.

Filmdom Has New Romance

Brian Donlevy, one of movie-dom's leading men, stepped into a Hollywood night club last spring and there first saw Marjorie Lane, one of the club's singers. Introduction and courtship followed and the pair, shown above, will wed New Year's Day. Miss Lane, an Omaha girl, recently was given a film contract.

Dorothy Lou Speed Party-Dance Hostess On Hallowe'en Night

Miss Dorothy Lou Speed entertained a group of her high school friends at a Hallowe'en party-dance in her home Saturday evening from 7:30 until the guests departed for the mid-night theatre preview.

Through doors from which hung long orange and black streamers or apples tied on string, the guests entered the main room, whose lurid light came from small Jack-O-Lantern lights around the wall, revealing a gaunt ghost leering at the gay spirited party from a darkened corner.

The crowd was separated into groups of five and taken into a dark room where dim candle light disclosed a human form under a sheet on the table. When the curious and cautious had seated themselves at the table, Miss Ruth Anderson, who presided at this morose occasion, told them the body under the sheet was the remains of a wreck victim that the authorities had been unable to identify, and asked them to do their best to identify the person by certain realistic articles such as ears and eyes that were passed around under the sheet.

After the harrowing experience, the festive makers danced off their jitters until Mrs. John M. Speed, Jr., came in with a candle and a pumpkin full of blank papers whose writings came to life, revealing their fortunes, when wafted above the candle flame.

Several other fun provoking stunts took place in between the dances, after which a refreshment plate was served to the following guests:

Misses La Moine Sindorf, Mary Beth Scruggs, Anna Beth Bedford, Adale Reiger, Louise Elkin, Velma Johnson, Freddie Faye Turner, and Ralph Lamar, James Frank Miles, Robert Payne, Bernard Westerman, Russell Wright, Remmell Cowan, John Rettig and the hostess.

inch strips and then break up into 1/2 inch cubes a wire or egg beater by stirring slowly.

Place on a low fire and heat slowly to 100 degrees. It should take 30 to 40 minutes for heating.

Hold the curd in the whey at 100 degrees until it becomes quite firm and rubbery; this will take from 45 minutes to 1 hour. Stir occasionally while holding.

When curd becomes sufficiently firm, drain off the whey and keep the curd stirred to prevent its matting together. This should continue until the curd is quite dry.

Salt the curd at the rate of one ounce to three pounds of curd and allow salt time to dissolve. Then the curd is ready for the press. A cheese mold can be made from a syrup bucket by removing the bottom and rim at the top, thus having a cylinder.

Line the can with cheese cloth. A lever over the mold will serve for pressure by using about fifty pounds of weight on a six foot lever.

The curd should be kept in the press at least 12 hours, then removed and placed in a clean, cool place to dry on the outside. Turn same over two or three times daily while it is on the drying shelf.

As soon as the cheese is dry on the outside, three or four days after taking from the press, it should be paraffined. Heat the paraffin to 220 or 230 degrees and roll the sides of the cheese and dip the

Here Are Two Moore Stand-Ins

Every star has a stand-in—a "twin" who poses for long, tiring periods while photographers focus cameras and arrange lights. Lynn Rodney, left, for instance, is the posing stand-in for Grace Moore, center, singing star. But Miss Moore also has a "singing stand-in." She's Irene Crane, right, who handles all Miss Moore's vocal rehearsals before the star herself warbles for the final recording. An accomplished singer in her own right, Miss Crane, a Boston girl, has sung in America and abroad.

Mrs. L. C. Thomas To Speak at PTA Meeting Tuesday

Mrs. Leonard Thomas will conduct the program on "Posture Education as a Phase of Health Education," based on facts gathered in our own town, at the North Ward School, when the Junior High P. T. A. will have its regular meeting on Tuesday, November third, at 9:30 o'clock in the assembly room on the first floor of the school.

Her talk will be brief in order to give an opportunity for general discussion and to ascertain the extent to which this important phase of education has been adopted by other school systems in or outside of Texas. All parents and teachers are urged to attend.

Film Notable's Wife Is Freed

Nagging which sent her to a hospital for treatment of "frayed nerves" was charged against Busby Berkeley, famed film dance-master, by Norma Kennedy, above, in testimony which won her a divorce on cruelty grounds in Los Angeles court. The red-haired former leading lady for Charley Chaplin was granted \$7500 alimony.

Minuet Club Has "Tacky Dance" In Crystal Ballroom

The Minuet Club entertained Hallowe'en night at a "Tacky Dance" in the Crystal Ball Room of the Hotel Scharbauer with music by Jimmy Ross and his orchestra.

Approximately a hundred and fifty people attended, with the majority in costume. The dance was one of the most successful of the year, with the club member's enthusiastic response resulting in habitations of every variation from Mrs. Paul Osborn's pink flannel night gown to Lem Peter's 1880 model full dress suit.

Excellent Recipe For a Home Made American Cheese

Mrs. S. L. Alexander, home food supply demonstrator of the North Midland Home Demonstration Club using surplus milk to make American cheese for her family. By following the recipe below, Mrs. Alexander has an excellent cheese:

Put milk in a straight sided vessel such as a lard can or wash boiler and bring to eighty six degrees.

Five gallons of milk will make a very nice size cheese.

For five gallons of milk use one half of a color tablet, and one half of a number two rennet tablet. Dissolve these in one half cup of water each, and add to the milk after it has been brought to eighty six degrees. Mix the rennet and color thoroughly with the milk.

After rennet and color has been mixed in, allow to stand undisturbed until a firm curd is formed, from twenty to thirty minutes.

After the curd is firm, cut both ways with a long knife into 1/2

ends into the paraffin. The paraffin must be hot, to prevent too thick a coat from remaining on the cheese. A thin coat is preferred to a thick scaly one.

After the cheese is paraffined, it should be stored three or four weeks for curing and a temperature of around 60 degrees is most desirable.

NOTE: It is best to use morning's milk. However the night's milk may be mixed if it is sweet and fresh.

MORGAN NEIL BESTS FORGERON IN THE FINALS TO COP COUNTRY CLUB TOURNEY

Morgan Neil, Odessa, who was medalist in the Midland Country Club golf tournament held Sunday also won the championship prize when he defeated H. S. Forgeron 1-up in the final round. Neil and Forgeron went into the semi-finals with Cagle and Robbins and Neil ousted Cagle and Robbins was taken out by Forgeron. Pat Riley won the consolation prize for the championship flight. In the second flight Bennett, Dozier and Kidd finished all even but Bennett was awarded first prize and Dozier runner-up after tossing for the awards. Consolation prize in this flight went to Ben Crites. In the third flight Henderson won out in the finals over 14-year-old Billy Wells for first prize, leaving the youth runner-up trophy. Mobeley was the consolation winner. The fourth flight was captured by Bob Scruggs, lone entry in this flight. There was a large field of contestants for the many prizes offered by local merchants, and play was barely completed before darkness would have stopped play. Merchants of the city offered 18 prizes ranging from a zipper bag for the winner of the championship flight to golf balls for consolation winners. The Texas Electric Service Company gave a large tri-light floor lamp as prize to the medalist, Neil. In the championship flight, Addison Wadley gave the first prize, a zipper bag, Barrow Furniture gave a smoking set to the runner-up and J. C. Smith gave a wool jacket to the consolation winner. In the first flight the Scharbauer hotel gave a leather jacket to the winner, J. C. Penney Company gave a pair of golf shoes to the runner-up and the Petroleum Pharmacy gave one-half dozen Kro-Flight golf balls to consolationist. In the second flight Midland Hardware gave a golf club to low scorer, Buck York gave a leather vest to the runner-up and the 'M' System Grocery and Market gave a box of groceries to the consolationist.

FISHHOOK - SPEAR PATENTED HONOLULU, (U.P.)—At least two fishermen on the Island of Waialua are convinced they have something to teach American anglers in the way of fishing.
