Liquor Situation Reported as 'Worse Than Darkest Days of Saloon' By Pastor

MINERAL WELLS, Nov. 13. (AP)—Sharp criticism of "wide open" drinking, gambling and immorality in Texas was embodied in a resolution adopted by the Baptist general convention's closing session today. The civic righteousness committee reported the liquor situation was "worse than the darkest days of the saloon," chairman Dr. John L. Whorton, Longview, urging a vigorous campaign against the vices he said were desecrating home life and ruining the morals of the citizens. Dr. Porter Bailes, Tyler, objected to Sunday amusements and movies saying the "transformation is making Sunday into 'Sunday'."

Among members of the executive board named were J. H. Hankins, Childress; W. H. Andrews, Bryan; W. H. Brown, Jacksonville; and Winston F. Borum of Midland. A budget of \$600,000 was proposed Thursday for the Baptist general convention of Texas in the coming year—an increase of 25 per cent over the amount for the last convention year. Big Spring Baptists to Observe 50th Anniversary of Services Sunday

BIG SPRING, Nov. 13. — First Baptist church of this city will observe its fiftieth anniversary Sunday in special services.

Conspicuous on the program will be Rev. L. R. Millican, El Paso, early missionary pastor of the church, and Mrs. Mary E. Willis, only living charter member of the organization. Sunday will also mark the sixth anniversary of Rev. R. E. Day as pastor of the church.

The First Baptist Church was organized Nov. 13, 1886 with eight charter members under the leadership of Rev. S. P. Galloway missionary from the State Baptist Convention. After serving for one year, Rev. Galloway was succeeded by Rev. Millican who covered the West Texas territory from Sweetwater to El Paso.

During his pastorate the original plant was erected and served until 1897 when a cyclone virtually de-

and we are convinced that insofar as our denominational affairs are concerned, we have come upon the hour of recover, the annual report of the executive board said.

The board added its conviction that no additional debt should be imposed and proposed that steps be taken immediately to retire all debts.

A report of George Mason of Dallas, treasurer, showed the value of Baptist property in Texas exceeded \$31,000,000. The executive board report listed other gains, including 32,582 members added to the church by baptism. "This interesting review of our struggling beginning, unusual growth and development of our work, as represented in the religious activities at the Dallas Centennial exposition, should inspire us to plan heroically and aggressively for larger accomplishments in the future."

It was proposed, in connection with retirement of the board debt, that a five year period be designated in which to pay off the obligation in the regular cooperative budget. By the end of five years, the board said, the church should be receiving at least \$1,500,000 annually for its cooperative program.

BIG SPRING, Nov. 13. (Spl.)—Thomas Oviros Staton, 35, was killed instantly at 1 p. m. Wednesday when his car was struck broadside by a westbound Texas and Pacific freight train on a grade crossing near Cossden refinery.

His car was carried approximately a quarter of a mile and had to be pulled from the cow catcher of the engine.

Madrid's mountain barracks and their whole line of fortifications in the vicinity of the Segovia bridge were bombed in a daring insurgent air raid today several hours after government planes won a victory in a battle over the capital, shooting down six Fascist ships.

General Jose Mija, Socialist defense chief, said the Spanish capital was "prepared to withstand years of siege."

Simultaneously, French communist demands for last-minute intervention in Spain to aid Socialist defenders in Madrid led to new threats of a rift in Premier Leon Blum's government. Moderate supporters of the Blum regime warned they would bolt if he yielded to the communist demand.

FORMER OFFICER ARRESTED FOR THE MURDER OF WOMAN

Inquest Into Death Is Halted By Action

NE WCASTLE, Ky., Nov. 13. (AP)—The arrest of Brig. Gen. Henry H. Denhardt, on a warrant charging him with the murder of Mrs. Verna Garr Taylor, attractive and socially prominent La Grange, Ky., widow, dramatically off an inquest into her death Thursday.

Before a court house crowd of 1,000 persons, Sheriff Evan Harrod arrested the former Kentucky national guard adjutant general after he declined on "advice of my counsel" to testify regarding the circumstances of her fatal shooting. Her body, shot through the heart, was found in a roadside ditch about 200 yards from Denhardt's automobile Friday night.

Coroner D. L. Ricketts, who called Gen. Denhardt as the first witness, postponed the inquest indefinitely. The arrest followed a demand of Denhardt's counsel that the inquest go on despite his refusal to testify. Arraigned before County Judge A. S. Morgan, Gen. Denhardt was released on \$25,000 bond for his appearance at an examining trial here Nov. 20. E. S. Garr of La Grange, a brother of Mrs. Taylor, swore to the warrant against Denhardt.

BEHIND THE SCENES IN WASHINGTON

By RODNEY DUTCHER Reporter-Telegram Washington Correspondent

WASHINGTON, Nov. 13. — No one ever knows how much money has been spent during a presidential campaign. Experts have estimated a normal outlay of \$20,000,000 to \$25,000,000, and all the evidence indicates that the campaign of 1936 was abnormal enough to set an all-time record.

The last pre-election statements of the Republicans and Democratic national and congressional committees showed the G. O. P. had spent about \$7,500,000 and the Democrats about \$3,500,000.

Those sums included neither the big last-minute effort to get out the vote nor the final payment of bill. Even if they had, the official total wouldn't have been the half of it.

Lots of money gets slipped surreptitiously in a campaign, in such way that it can't be traced.

How much, for instance, did the great payroll-envelope campaign—in which employers tried to arouse workers against the New Deal Social Security Act—really cost? Employers paid most of the bill and were not required to report expenses.

No one could guess the total of personal expenditures designed to help elect candidates. Private campaigns against certain phases of the New Deal, costing tens of thousands of dollars, needn't be reported as campaign expenditures.

No one knows the total of expenditures by state, county and city committees. County expenditures are often larger than state committee expenses, because they usually cover the big cost of getting out the vote.

The Democratic national committee originally estimated its budget at \$2,000,000, raised that to \$3,000,000, and was going much stronger than that at the finish.

The Republican Committee's budget was \$8,636,000 and almost

certainly no less than that was spent.

The American Liberty League, the National Union for Social Justice, and the United Mine Workers each spent more than \$500,000 this year. Labor's Non-Partisan League, with its state organizations, spent an estimated million dollars. The Good Neighbor League and the Progressive National Committee, both working for Roosevelt, each spent more than \$100,000. So did the Jeffersonian Democrats.

Personal expenditures of congressional and senatorial candidates have been estimated as high as \$2,000,000 and money spent for local and state tickets has been placed between five and ten millions.

About \$2,000,000 appears to have been spent by political parties for radio — Republicans and other anti-new Dealers buying at least 50 per cent more than the Democrats.

Other large sums were spent for newspaper advertising, billboards, sound trucks, campaign literature, buttons, office space, thousands of paid workers, and travel expenses.

Organized labor raised or contributed more than a million dollars in the campaign. But even more valuable was the assistance it gave in organizing the Roosevelt vote.

Conspicuous Republican contributors who gave \$5,000 or more included William Randolph Hearst—first reported down for \$30,000 and later for \$15,000 more—John D. Rockefeller, Ogden Mills, Paul Mellon, J. P. Morgan, George Whitney of Morgan & Co., Irene duPont and Lamont duPone, George F. Baker, Alfred P. Sloan, Ernest T. Weir, Robert and Daniel Guggenheim, H. S. Firestone, Winthrop A. Aldrich of Chase National Bank, Mrs. J. Ogden Armour, Thomas E. Wilson, William K. and Harold Vanderbilt.

Democratic contributors of large sums included W. L. Clayton, cotton magnate; Floyd Odlum of the huge Atlas Corporation, Ambassador Robert W. Bingham, Fred Pabst of Milwaukee, August Busch of St. Louis, Secretary of the Treasury Henry Morgenthau, S. Clay Williams, tobacco magnate; RFC Chairman Jesse Jones, W. A. Harriman, Cutris Bok, Joseph P. Kennedy, a loan of \$37,000; Ambassador

50 Elevens in Honolulu Barefoot Football Loop

HONOLULU, (U.P.) — Honolulu is in the midst of its annual football championship series with 50 barefoot teams competing for the title. The league is believed to be the biggest and oldest in the United States.

The teams, composed of youngsters between 14 and 21, are sponsored by the City of Honolulu, and organized and trained under the direction of Superintendent Arthur K. Powlison of the City's recreation Commission.

The games are played off every Sunday on the city's and county's playgrounds. Teams are coached by qualified men and the games officiated by the same officials who handle the University of Hawaii's intercollegiate games.

But there is just one difference. The 50 teams sponsored by the city play barefoot, do not wear any pads, and wear old clothes instead of uniforms.

That bare feet are not a handicap to punting is indicated by the fact that the punting record of the last season was 65 yards and the record drop-kick 47-yards in the 135-pound class.

## HE MADE A TEN-YEAR TEST WITH ALL-BRAN

Say good-bye to the headaches, the low spirits, the sleeplessness that often follow common constipation. Just read this letter:

"In 1926, I started using ALL-BRAN. And now, after ten years, during which I have put Kellogg's ALL-BRAN to a long, hard test, I am writing you this letter. It is better to eat this food and be in condition, than to resort to laxatives."  
—Bernard Altman, 63 Goodale Road, Mattapan, Mass.

Kellogg's ALL-BRAN will help you too. Its "bulk" absorbs moisture within the body, forms a soft mass, gently cleanses the system. Tests prove it is safe and effective. ALL-BRAN is guaranteed. Try it a week. If not satisfactory, your money will be refunded by the Kellogg Company.

Just eat two tablespoonfuls daily. Either as a cereal, or in recipes. How much better to use this food than to take patent medicines. Buy ALL-BRAN at your grocer's. Made by Kellogg in Battle Creek.

Latin America to Become A New Quinine Source

CHICAGO, (U.P.)—Discovery of a new source of quinine "near home" is expected to forestall scientific anxiety over a threatened shortage of the drug, according to Paul C. Standley, assistant curator of the Field Museum herbarium.

Specimens of Cinchona pubescens, the plant from which quinine is obtained, were found by Standley in a shipment of plants from the "wet forests" of San Ramon, Costa Rica.

Heretofore it was believed that cinchona trees were to be found only in South America, and in the East Indies, where the trees were introduced at great difficulty and expense some years ago. The domestic supply for this country was obtained chiefly from the Indies.

"It is of considerable scientific interest to find wild cinchona trees growing in South Central America," Standley says, "because of the ruthless manner in which wild cinchona trees were long exploited."

Standley estimates that the propagation of this new source will supply the commercial quinine needs for several years.

Girl Hikes 3,000 Miles And Still Hunts a Job

EDMONTON, Alta. (U.P.)—Miss Lenora Mooth, 21, has walked more than 3,000 miles in search of a job and hasn't found one yet.

With \$12 she left Toronto early this summer and hitch-hiked across the country to the Pacific Coast. She found several jobs, but none of them was steady. Now she is returning to Ontario—still looking for a job.

In a survey of the colored schools the following report is given: Seven three colored children are enrolled with an average daily attendance of 65 pupils.

The teachers are **Henretta Curtes**, principal and **Mattie Wells**, primary teacher.

The children have just completed their six weeks examinations and all grades show an excellent progress for this time.

All preparations for the Christmas Seal sale were completed Tuesday afternoon, under the direction of the committee chairman, **Mrs. E. H. Ellison**. The final folding, stamping and addressing of the envelopes was done by **Mrs. Chas. Vettes**, **Mrs. John P. Butler**, **Mrs. R. S. Dewey** and **Mrs. W. N. Cole**.

The official opening of the seal sale will be on Thanksgiving Day.

## 'Anthony Adverse' Will Open at Yucca Theatre Here Sunday

Hervey Allen's monumental literary classic, "Anthony Adverse," brought to the screen with all its wealth of color and dramatic fire, has been booked by the Yucca theatre where it will have its local premiere Preview Saturday night at 11:15 p. m.

Fredric March has the stellar role, with beautiful and talented speaking parts, 2,250 bit players and Gilda de Havilland playing the leading feminine role.

In order to give this sweeping panoramic story the magnificence and magnitude it merited, Warner Bros., the producers, are said to have spared neither time, nor effort, nor cost. In fact more than two years were spent in preparing the script, in research work to make perfect the atmospheric settings, and in the actual filming of the many and intricate scenes.

There never has been a cast to approach this one in size, and few that will equal it in talent. There are ninety eight principals with extras, and nearly 3,000 artisans and technicians worked behind the cameras to make the picture letter perfect. More than 1,000 scenes were "shot" for a production on 131 mammoth sets.

The colorful and picturesque backgrounds are set in five countries on three continents. The scenes open in France, in the beautiful country side and a great chateau, sweep through the Swiss and Italian Alps to the quaint city of Leghorn, Italy, then to Havana, Cuba on to Africa and the great slave markets of other days, back to Italy and again to France to the court of Napoleon Bonaparte.

Billy Mauch plays the part of Anthony when he is a boy of ten. Mervyn Leroy directed the picture from the screen play by Sheridan Gibney.
