

Roosevelt Calls on Labor for Jobs

Thousands Take to Subways in Bombardment of Madrid

Page The G-Men--Sports Editor May be Object of Ruthless Extortion Plan-- Or Maybe It Is A Plot Meriting Praise

Page the G-Men! Call out the National Guard! Call all cars! The sports editor of the Reporter-Telegram is either being made the object of an extortion attempt, is to be the victim of a new method of self-assassination, or is the object of a crude sense of humor by some person or persons.

Following is a letter received by him today from Monahans in which a new, novel plan is suggested for someone to lose money, someone to gain money, and for him to lose all. (Note to postal authorities: The letter bore no finger prints.) Here is the letter as it was received:

Dear Mr. Rodgers:

This is being addressed to you because we believe that you are in a better position to be in close contact with Midland sportsmen than any other persons and might have some influence on them which in the end might be directly to their advantage.

How much money could be pooled and offered to this source to assure a victory over here Friday afternoon? Of course it is realized that you and your team and the Midland citizenry as a whole consider the game in the proverbial bag, but you know anything might happen.

Perhaps you had not thought of it, or maybe you have, should

Monahans defeat Midland they would be tied with either Wink or Pecos for the district championship and the title would have to be decided by the district committee and that body has already passed out its Christmas present to your team by the Pecos-Midland decision and they might be slow in giving them the title. Had you thought of that? Think it over. Talk to your backers.

If you consider such a move worthwhile make it known through columns of your newspaper and carry out the following instructions: Go to El Paso by train, catch the east bound plane leaving there at 6 p. m., having money locked securely in a 3-ton safe. As you pass over Poyote it will be dark, turn on your flashlight at this point and proceed in the plane due east 8,350 feet, approximately one mile and a quarter, you will see an unusually large mesquite, 87 feet beyond you will note a strange formation of cacti, have the pilot pull up to 38 feet, lay flat of your back, pull the safe over your middle section and slide out the door. Be sure the safe stays on top in your descent and as you hit, so as not to damage the money. We will be waiting near the spot for you.

It is to YOUR interest.

Death Halts Career of Mme. Schumann Heink

Famed Operatic Star Succumbs to Death At Age of 75

HOLLYWOOD, Calif., Nov. 18 (AP)—Mme. Ernestine Schumann-Heink, beloved operatic and concert singer, died at her home in Hollywood-lands last night at 7:21 o'clock (P.-ST.).

The singer, who celebrated her 75th birthday last June 15, lapsed into a coma some three hours before and her physician, Dr. Samuel Alter, announced she was sinking.

She suffered a renewed attack last Saturday of an ailment which caused hemorrhages in the throat and lungs, and several blood transfusions were administered.

She rallied slightly during Monday night and Tuesday morning but her strength failed again as evening approached.

Her pulse became irregular and her respiration more labored as the end neared.

At her bedside when the end came were Mr. and Mrs. Henry Schumann-Heink and their two daughters, Barbara and Kathryn; Mr. and Mrs. Ferdinand Schumann-Heink, Mrs. Charles Fox of San Diego, a daughter, and two of the diva's other grandchildren. Ditt Schumann-Heink, daughter of Hans Schumann-Heink, the singer's son who was killed in action during the world war as a German soldier, and Hans Schumann-Heink, son of August Schumann-Heink of the American Expeditionary Forces.

Other surviving children are George W. Schumann of Hollywood, Walter Schumann of Chicago and Mrs. Charlotte Grief of Leipzig, Germany.

The great singer found a final triumph in the movies.

But like many another before her,

Mme. Schumann Heink

she met defeat and disappointment in her first attempts in Hollywood and at the end, she was disappointed because her health prevented her from consolidating a partly-won success.

Some eight years ago, she branched the subject of a film career to Edwin Carewe, then one of the top-ranking producers in the business. Carewe placed her under contract, and prepared to film a story based on her own life.

His plans never came to fruition, however, financial difficulties assailing him before he could start on the project. Deeply chagrined, Mme. Schumann-Heink sued him.

NIGHT OF TERROR SPENT AS CAPITAL RAKED BY SHELLS

Property Loss High As Lull Comes In Battle

MANY LIVES LOST

Death Toll Mounting From Raids By Airmen

MADRID, Nov. 18. (U.P.)—Thousands streamed from Madrid's packed subway station today after a night of terror to view skeletons of buildings, bomb and shell scars in the heart of the capital. Bombardments and fires took many lives and caused great property loss.

A lull came in the battle today for possession of the capital city. An early morning insurgent air raid was being directed to the big guns of the Fascist invaders were limited to occasional shots. Government batteries Tuesday night shelled University City in the northwestern section of Madrid where Fascist insurgents stubbornly defended their positions.

The once beautiful campus of the modern university in a few hours became a crater-pocked no man's land, its spacious lawns and parks the newest battlefield of the bloody Spanish civil war which will be four months old Wednesday.

The roar of shot, shell and bomb rumbled over all of Madrid Tuesday.

An unestimated number of the city's war-weary populace was killed in two raids by Fascist war planes from which bombs streaked down into the center of the city.

President Visits 'Tugwell Town'

Rarely photographed during the presidential campaign, Rexford G. Tugwell, resettlement administrator, is shown here with President Roosevelt as the chief executive inspected the \$9,000,000 Greenbelt Resettlement project, commonly known as "Tugwell Town," near Berwyn, Md. Riding in an open car with Tugwell through crisp autumn air, the president expressed satisfaction with the resettlement community.

'FAIR SHARE' FOR AGED, UNSKILLED OBJECT OF PLEA

Re-Employment Over Country Shows Big Gain

DEPLORES POLICY

Scores Companies In Not Hiring Men Over 40

WASHINGTON, Nov. 18. (U.P.)—President Roosevelt called on industry to give a "fair share" of jobs to older workers and to unskilled labor.

In a statement issued at the White House as the President traveled toward South America, it was said that re-employment had increased rapidly with the result that relief rolls in August were 28 percent under the peak of 5,316,000 reached in January, 1935, but deplored the policy under which he said "many of the largest industries will not hire workers over 40 years of age."

"Despite the decline," he said, "a large number of unemployed remain on WPA and other governmental agencies." He added that these persons were to a large extent unskilled.

In industrial circles, the opinion obtains that private business will take up the unemployed in the next twelve months made possible by returning prosperity and more encouraging industrial balance sheets. A series of conferences and meetings are scheduled for the next few weeks, among them the annual convention of the National Association of Manufacturers and Congress of American Industry to be held at New York Dec. 9 and 10. At this meeting, it is understood, the basic industries will be asked to consider the problem and to indicate their approach to the solution which, as all interests hope, will absorb the unemployed, whose number is not known, will be left to States and other local subdivisions.

REXFORD TUGWELL RESIGNS AS CHIEF OF RA PROGRAM

Chief Deputy Named To Succeed Him By President

WASHINGTON, Nov. 18. (U.P.)—Rexford G. Tugwell, under-secretary of Agriculture and the Resettlement Administration, announced today that he had resigned to become an executive of the American Molasses company of New York.

Tugwell said that Dr. W. W. Alexander, Resettlement chief deputy, would succeed him to that post. It is not known who will be named under-secretary of Agriculture in Tugwell's place.

President Roosevelt, in a letter of acceptance, said: "Later on I fully expect to ask you to come back and render additional service."

'Big Game Party' to Be Held by Exes of Stanford and Calif.

The annual Stanford-California Big Game Party will be held during the afternoon and evening of November 21st at the Midland Country Club.

The program consists of listening to radio reports of the game beginning at three-thirty o'clock in the afternoon, followed by a banquet and dance in the evening.

The Stanford-California game marks the oldest football rivalry on the west coast, and is perhaps the most colorful game in the entire country.

French Official Is Suicide Victim

Ten Turkeys Given To Lucky Holders of Tickets at Ritz

LILLE, France, Nov. 18. (U.P.)—Minister of the Interior Roger Salengro died today in a sealed, gas-filled room, a suicide, his brother said, because of the Rightist "campaign of infamy."

His death created grave problems in Premier Blum's French government. Observers considered the possibility of Rightist opposition, which repeatedly has charged Salengro was a war-time deserter, and might base a new attack on the grounds that the government protected a "guilty" man.

Both the court of honor and the chamber of deputies recently cleared Salengro of desertion charges. At the same time it was learned in Paris that the cabinet had received new, secret charges against Salengro during its meeting Tuesday.

ROOSEVELT IS OFF TO SOUTH AMERICA

Will Open Conference Of 21 Republics On December 1

CHARLESTON, S. C., Nov. 18 (AP)—President Roosevelt left today on a good-will journey to South America to open the Inter-American peace conference December 1 at Buenos Aires in which 21 American republics will participate to discuss promoting the spirit of peace on the western hemisphere.

Mrs. Kidd Honors Supper Club Here

Mrs. Barron Kidd was hostess Tuesday evening to the Tuesday Evening Supper club at her home, 1010 W. Missouri at eight o'clock.

Those who attended were Messrs. and Mrs. Ben Black, Tom Sealy, A. H. Thompson, Barron Kidd, and the hostess.

H. E. Cummins Is Honored On Birthday

Mrs. M. E. Cole Jr. honored her father H. E. Cummins on his birthday Monday evening at 7:30 at a forty-two party.

Those who attended were Messrs. and Mrs. J. V. Stokes, Jean Cowden, J. T. Ragsdale, Clyde Barron, Claude Cowden, and Mrs. Brooks Pemberton, Guy Goldsmith, Jim Barron, L. A. Denton, W. C. Cochran, J. H. Harrison, Mr. Arthur Johnson, Mrs. Cole, and the honoree.

Midland Boy Frat Officer at State

AUSTIN, Nov. 18.—Formal initiation of five pledges of Pi Epsilon, honor petroleum fraternity at the University of Texas, was held recently at that institution. Those initiated were Albert Sweeney of Breckenridge, Scott Keeling of Austin, Louis Shearer of Austin, Madison Taylor of Austin, and Gordon Fisher of Austin.

Officers of the society who were elected last spring are Herbert Karsch of San Antonio, president; Stan Ross of Dallas, vice president; and Jack Lawton of Midland, secretary-treasurer.

NEW PIPE LINE IS STARTED BY SHELL CO. IN WEST TEXAS

Largest Project In Area Since 'Boom Days' of '28

Work was started Tuesday on one of the largest pipe line projects in West Texas since the "boom days" of 1927 when workmen started digging trenches and laying pipe on a new Shell Pipe Line Corporation line that will extend from the Hendricks tank farm of the company in Winkler county to the McCamey.

Crews will be started at both ends of the line this week it was reported, the men at north end of the line not yet having started. Approximately 225 men will be in each group.

The new line will be 10-inch electric welded and is to be built at an estimated cost of \$650,000. It will augment two 6-inch lines of the company at both McCamey and the Winkler tank farm.

The company recently completed a 10-inch line from the Lea county field to the Hendricks tank farm and the new line will form a direct transportation method to McCamey where the production is to be split, part of it going to the gulf coast Illinois. The company's largest refinery in the country is located in Wood River.

Carl Marquis, superintendent of construction for the Shell Pipe Line in West Texas is in charge of the laying of the new pipe.

EX-TROOPER TAKEN AS HE PUTS HAND ON KING EDWARD

Later Released As Record Cleared By Officers

BOVERTON, Wales, Nov. 18 (AP)—King Edward's bodyguard today seized a middle-aged former soldier who placed his hand on the monarch's arm in the course of the latter's trip to the Welsh mining areas.

However, the man was released when it was found that he wanted only to talk over wartime experiences. He said he was a member of the King's first guard of honor.

HUMBLE OFFICIAL HERE

L. P. Teas of Houston, assistant chief geologist of the Humble Oil and Refining Co., is visiting the local offices of the company today.

MURDER CHARGES FILED AGAINST 2 IN ROBBERY TRY

NTAC and Arlington School Students Arrested

FORT WORTH, Nov. 18. (U.P.)—Murder charges were filed against two youths today after the death of Roy Tipson, kidnaped and shot during a robbery attempt last night.

Charges of assault to murder and assault to rob had previously been filed against Noel Cowden, 17, North Texas Agricultural College cadet, and Kenneth Eberly, 18, Arlington high school student.

Tipson died in a hospital after telling officers he was forced to drive with two youths, one in a military uniform, to a point west of Arlington where he was fatally wounded in a struggle for a pistol.

LIONS OFFICIAL IS VISITOR HERE

Special Representative Of Organization Is Here Tuesday

G. D. Thatcher, special representative of Lions International, spent Tuesday afternoon in Midland conferring and working with officials and members of the Midland Lions Club. Mr. Thatcher called on several prospective members while here, and was successful in adding several new memberships to the local club roster.

Additional interest is being manifested in Lionism over the state of Texas, many new clubs are being organized and many new members are being secured, according to Mr. Thatcher, who said that Lions International is now the largest service club on the North American continent.

1,000 Cattle Sold By Scharbauer Co.

Sale of approximately 1,000 head of mixed cattle by Scharbauer Cattle Co. has been reported, with deliveries scheduled for late in the week.

The company sold to Roy Adams of Nogales, Ariz., 720 head of cows and four bulls. Adams is known to the rodeo world as one of the leading bronc riders a few years ago.

Sam Rayburn of Los Angeles, who is buying several strings of mixed cattle here, bought 210 head of cows from Scharbauer ranches.

Walter Hightower of Deming bought 37 head of bulls from Scharbauer.

Watt Taylor of the Humble Oil and Refining Company of Wink was in Midland yesterday on business.

EVANGELIST IS GUEST SPEAKER

Dr. Gray Addresses The Lions Club Members At Luncheon

Dr. W. Bristow Gray of El Paso, who is here conducting a revival at the First Presbyterian Church was the guest speaker at the regular weekly luncheon of the Midland Lions Club today noon. Dr. Gray speaking on "Service Club Ideals." In his interesting and inspirational address, which was greatly enjoyed by all in attendance, Dr. Gray told of the good the various service clubs are doing and of the great need they are filling in the lives of American business men.

Rev. Gray was introduced by Rev. W. J. Coleman, pastor of the First Presbyterian Church.

Val Borum, talented high school student, was featured on the musical part of the program, rendering a coronet solo which was greatly appreciated. Borum was accompanied at the piano by his mother, Mrs. W. F. Borum. Lion Bill Collins was in charge of the program.

A 90 percent attendance, with only three members absent, was registered at the luncheon, three H. Mims, and J. M. Foster, being introduced.

President J. P. Butler announced that the regular quarterly meeting of Group 5, district 2-T will be held in Colorado tomorrow evening, and urged a large representation on the part of Midland Lions. Lion M. C. Ulmer will be one of the speakers on the program. It was also voted to invite the next group meeting to be held here.

Lion J. H. Hodge reported on the turkey night affair staged at (See EVANGELIST, Page 4)

GAS ENCOUNTERED BY TERRY WILDCAT

Uscan and Illinois No. 1 Brownfield Now At 4,666 Feet

By FRANK GARDNER. The Terry county wildcat of Uscan and Illinois No. 1 Brownfield attracted some interest today when it was reported that it had struck gas at 4,668 feet. The amount of gas was not estimated, but it is of sufficient quantity to bubble up through the hole full of salt water the well is carrying which was encountered at 4,620. The fact that the gas would not burn caused some to class it as "air," but it is probably an inert gas.

The No. 1 Brownfield is making slow progress, partly because of the hole full of water and partly because of having to underream the string of 7-inch casing, which is swinging. It was drilling last night at 4,666 feet in sand and red rock. Location of the wildcat is in section 54, block K, public school land, in the southwest part of the county.

The Texas Company No. 1 Slagater, southwest Hockley county wildcat in labour 38, league 38, Zavalla county school land, is waiting for cement to set around whipstock. It had to junk the lower part of the hole when eight joints of 8 5/8 inch casing were lost on bottom at 3,065.

Honolulu, Cascade and Devonian No. 1 Duggan, new pool opener in Cochran county, last night ran all but two joints of tubing and was to complete the job this morning. The well will then be put on production for a potential test through tubing. It flowed 115 barrels through casing on a 24-hour test made after shooting with 160 quarts from 5,019. It is cleaned out to 5,060, eight feet above the plugged-back depth, with total depth at 5,098. (See OIL NEWS) Page 4

SOME MORE ANSWERS TO QUESTIONS ABOUT THE SOCIAL SECURITY ACT

(Editor's Note: The Reporter-Telegram answers below some more of the many questions pouring in from the public about the operation of the social security act.)

By The Associated Press WASHINGTON, Nov. 18.—I'm a bookkeeper, what about this old age pension tax on my income?

You make no return. The employer is liable for your tax as well as the one he pays. Next year he is required to deduct one cent of every dollar paid you up to a limit of \$3,000 in wages, or \$30 in tax; and match it himself. Does it stay at one percent? Only through 1939. The next

three years it is 1 1/2 percent, then increases to two percent from 1943 through 1945, then to 2 1/2 through 1949. In 1950, or in 1949, the rate reaches 3 percent and stays there.

Does the \$3,000 liability limit hold?

Yes, for wages received from an employer in one year. Also, that is all that will be credited to the account; the government will keep your earnings, on which the amount of monthly pension after 65 will be based. The more you earn before retirement up to \$3,000 a year, the bigger your pension.

If I get \$1,200 a year, the tax on me and my boss will be \$12 each for 1937?

Yes, and your employer must also match the tax on wages paid other employees. Do I have to do anything about the tax? No. But you will soon be asked to fill out an application blank for recording it. Well, how will they keep track of my wages on this "account"? The employer is required to make periodic reports, showing how much was paid you. Your record will be kept from that information. Suppose I change jobs? Both your former and the new

employer must report the change name.

How will this be checked up?

The employer must keep available for inspection by tax officials a record of wages paid, to whom and for what services. You don't report, but can write to Washington at any time for information about your account.

Can I draw or borrow on my account? No. If I have two jobs, am I taxed twice? Yes, the tax applies to the first \$3,000 in income from each.

CHAMBER MERITS CITY'S SUPPORT

"No city is any greater than its chamber of commerce," a statement made by Hon. Harry Hines at a recent banquet in this section, shows beyond a doubt the value of a wide-awake chamber of commerce, and should forcefully bring home to every alert citizen the fact that the chamber of commerce should be given the unlimited support of every citizen in order that the chamber might reflect the true character of a town or city.

All of which brings about the question, "JUST HOW CHAMBER OF COMMERCE-MINDED IS MIDLAND?" Midland has always been known as a chamber of commerce-supporting city whose wide-awake citizenry has ever been alert to the opportunities offered.

Yet, the recently disclosed fact that over 70 business concerns now doing business here do not have chamber of commerce memberships tends to devalue the veracity of the above statement and makes one wonder if the movement in Midland is slipping.

The annual membership drive of the Midland chamber of commerce will get under way next Monday morning, and it is planned to contact every firm not maintaining a chamber of commerce membership.

LET'S BE 100 PER CENT CHAMBER OF COMMERCE-MINDED, THEREBY REFLECTING THE TRUE CHARACTER OF OUR GROWING CITY.

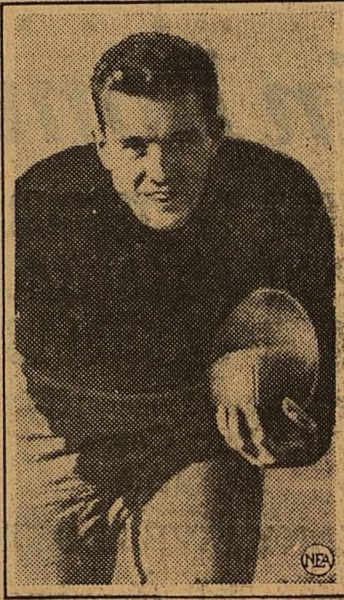

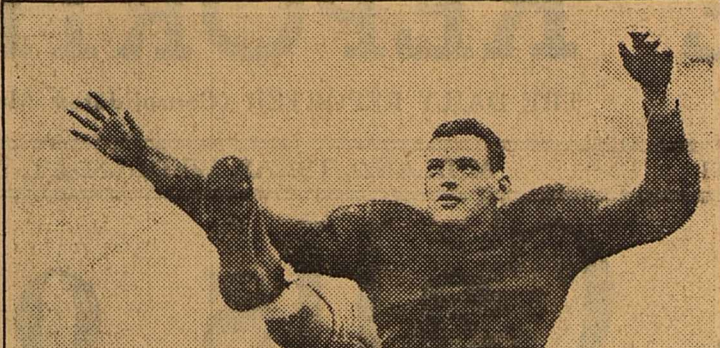

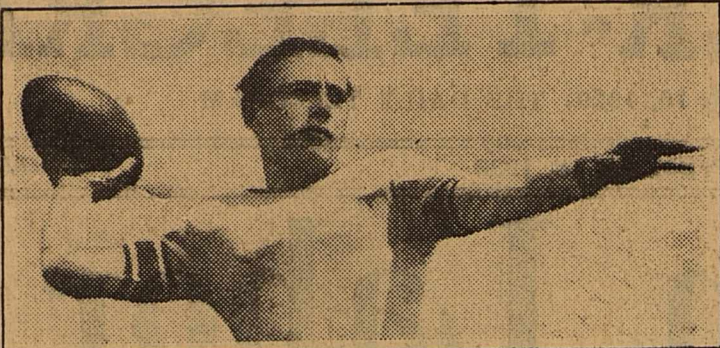

Whenever you see a car dash down the street through heavy traffic and around the corner on two wheels, don't jump to the conclusion that the engine is full of pep—the driver may be full of rye.

We wonder if the fellow who drives into a filling station and seeks information, Wind and Water would be classed as an I. W. W.?

Business magnate says John Hamilton is a poor man. There are many who think he was a poor campaign manager, too.

The farmers of Kimberly starved while their children played with diamonds, until the fact was advertised.

BEAR DOWN FOR BIG PUSH ON PIGSKIN FRONT

Firing will be heavy on all football fronts Saturday, Nov. 21, as traditional rivalries are renewed and intersectional battles of importance are fought in all sections. Above are a few of the outstanding gladiators who will tear up the turf. Upper left is a fellow whom Notre Dame must watch—Ollie Adelman, Northwestern halfback, who pitches passes against the Irish at South Bend. Below Adelman, left to right, are Forest (Spee) Towns, Olympic hurdle winner and Georgia end, who invades New York against Fordham, and Ken Sandbach, Princeton halfback, a big threat against Dartmouth in Princeton. Kicking is Al Hessberg, Yale back, whose ball-kicking ability will test the Harvard line at New Haven. Inset at left is T. C. U. Capt. Walter Roach, expected to catch some of Sammy Baugh's passes against Rice at Houston. Inset at right is a Stanford tackle California will back at Berkeley.

BEARS-MUSTANGS CLASH SATURDAY ON BRUINS' FIELD

WACO, Tex. Nov. 18—(Special)—After two weeks of hibernation from Southwest conference grid play, the Baylor Bears will emerge Saturday for their annual battle with the Southern Methodist Mustangs, and if you'll peep into the records, you'll find that the Bruins have a time-worn tradition to uphold.

The Jenningsmen have come from their pair of clashes with Sooner opponents with revived spirits. First they handed the Oklahoma City University eleven a 48-6 licking, and last week they journeyed to Stillwater, Okla., where they counted seventeen first downs to one for the Oklahoma A. & M. team for a 13-0 victory.

Lloyd Russell's stock found abundant buyers among the Oklahoma grid fanatics as the Dallas speed merchant six-stepped his way to unprecedented ball-carrying glory. Against the Oklahoma Cityans he tallied two touchdowns one a 43 yard sprint through the center of the line. Proof of the undaunted spirit of a thoroughbred came last Saturday when Russell, the Bears scoreless for fifty-six minutes, raced madly over the Aggie gridiron to tally two markers in the last four minutes of play.

As for the Mustangs, Russell says, "They were lucky to win from us last year. Wait until we get a crack at them Saturday." It's an old Baylor custom to play their best game of the season against the Ponies. Last year the Bears opposed a mighty Mustang eleven, tabbed by experts as the greatest in the nation in 1935, but were felled in the fourth quarter after scaring Methodist fans half-way out of their Rose Bowl dreams.

Regardless of the jinx, and regardless of the fact that both the Ponies and the Bears have been ousted from the Southwest title quest, a Baylor-S. M. U. match is a natural for Central Texas fans. The heated rivalry of the two teams always draws Waco's largest grid crowd of the season, and this year's contest is no exception. It now appears. Advance ticket sales are booming and promises are bright for a packed stadium when the Grizzlies hop back into the Southwest turmoil Saturday.

Cusack Baby Born

Mr. and Mrs. J. P. Cusack are the parents of a six pound boy, Michael Francis, born to them today at a local hospital.

BRONCS BEAT BULLDOGS—LOCAL SPORT WRITER TO RECEIVE CASH REWARD FOR PROVIDING INSPIRATION TO WINNERS

ODESSA—The Land of An Over-rated Football Team and High Tempers. Something written in this column last week was decidedly irksome to some of the residents of that place. So irksome, in fact, that Ralph Shuffler, publisher of the Odessa Weekly (pardon, Weekly) and Murry H. (Himself) Fly, superintendent of the Odessa schools, have reported they are taking up a collection to donate to this writer for the article made the Odessa football team so mad that they have already beaten the Bulldogs. And for giving the boys inspiration that the coach and town could not I am to be rewarded with a cash present.

The Broncos seem to be overlooking one thing! That game is scheduled for Nov. 28. But that is not bothering the boys. Since reading the article written over here (it is reported Fly and Shuffler made about 1,000 reprints and stuck them up all over town so the boys would see it every where they went) the team members have been on a nail-biting binge that has seriously depleted the nail supply of all hardware stores in the village.

But, like the Bulldog coaches, we are satisfied to forget the Odessa game until next week. The local team has a real battle this week with Monahans.

Not long ago we predicted Monahans would cause the Bulldogs more trouble than Odessa. Our warning seems to have gone unnoticed by members of the club here.

The Bulldogs are READY to get their ears knocked down in a big way. Not all of them, but several, have an exaggerated opinion of themselves that is liable to be crammed down their throats Friday afternoon. Some of the boys have recently shown very plainly that any form of training is unnecessary to take the Lobos into camp.

These boys think just because Monahans has been beaten by Wink, Pecos and Odessa that they will be "duke soup" for them. Monahans has the largest and one of the best clubs in the district. Maybe the best. They have been torn all season because of internal dissension between players. But they have a veteran aggregation that is capable of knocking over Midland or any of the other clubs unless they are at their best if the team ever gets together.

The Lobos are about due to play one game like they are capable of playing. They have everything. Power, passing, a big line and all other requisites of a championship club.

Midland players have made no secret they would hold only contempt for the Ward county boys. This news has reached the Monahans camp and those big boys are determined to come out on top.

In Hary and Ellithorpe the Lobos have two of the best backfield men in the district. Those who have seen Ellithorpe in action this year claim he is the hardest man in the district to stop short of a gain. Weighing 200 pounds or more, he is quick to start and almost impossible to stop until he has picked up a few yards. Hary is probably the shiftest back in the district. He is fast as a streak

against the Aggies, but T. C. U. did better against Texas and Arkansas.

A. & M. barely nosed out Rice, 3 to 0, while they won from T. C. U. 18 to 7. Rice beat Texas 7 to 0, while T. C. U. beat the state eleven 27 to 6. Arkansas defeated the Owls 20 to 14, but lost to the Frogs 18 to 14.

Table with 4 columns: Year, Place, T.C.U., Rice. Rows include 1914 Houston, 1915 Houston, 1916 Fort Worth, 1917 Houston, 1923 Fort Worth, 1924 Houston, 1928 Houston, 1929 Fort Worth, 1930 Houston, 1931 Fort Worth, 1932 Houston, 1933 Fort Worth, 1934 Houston, 1935 Fort Worth.

MORE FULL-BLOODED INDIAN BERKELEY, Cal. (UP)—American Indians are more than keeping their own when it comes to maintaining a pure-blooded race. Indian Commissioner John Collier reported that during the period of 1930 to 1936 the number of full-blooded Indians in the United States increased by 5.3 percent.

BRITISH POTTERIES BOOM LONDON (UP)—Demand for coronation commemorative china has led to a boom in the potteries and in the clays and china stone quarries of England's West Country. The direct cause is King Edward's wish that all coronation china shall be of British design and manufacture.

But it won't be an upset. Monahans should enter the game a favorite with the bettors unless the attitude of the Bulldogs undergoes a change.

FROG-OWL BATTLE LOOMS AS BEST IN STATE THIS WEEK

PORT WORTH, Nov. 18—All of the victories that Rice holds over T. C. U. were won in Houston.

Saturday the Frogs and Owls meet for the 15th time—and in Houston.

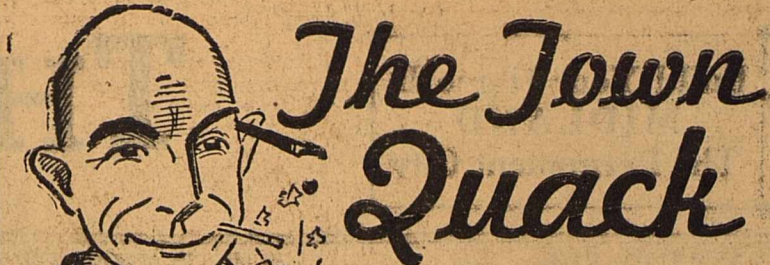

Eight times the two teams have met in the Bayou City, according to the record books. Four of these contests were won by T. C. U., three by Rice and one was a scoreless tie.

Frogs vs. Owls has been played six times in Port Worth, with the Christians victorious five times and one contest a tie—and nary a victory for the Institute.

The Owls had never finished better than third in the conference until 1934, when they came up with a real championship aggregation and carried off the southwest flag, though defeated 7 to 2 by T. C. U. Last season they dropped back into a tie with Baylor for third place.

The comparative records to date this season give the Frogs a slight edge for the game coming up in Houston Saturday.

Rice made a better showing

The Town Quack

(Reserves the right to "quack" about everything without taking a stand on anything). who gave their support to other applicants, made it plain that they were not trying to oust the present P. M. Appointed under the Hoover administration, it seemed a foregone conclusion that he would check out, sooner or later. Al Tolbert will make a good postmaster and likewise will have the good will of the public. It looks now, however, like he may have to do the moving job where it looked for a while as if John would get to move the postoffice furniture just in time to turn over the job.

Midland sports fans will do well to be getting Monahans minded, preparing to go there Friday afternoon for the crucial test to see if the Bulldogs stay on top for the final round Thanksgiving day with Odessa.

Personally, I think the Bulldogs are two touchdowns better than the Monahans team, but two touchdowns make very little difference if the other team plays over its head or if the locals let down.

I don't think they have any idea of letting down, but a good strong delegation of local backers at the Monahans game won't do the Bulldogs any harm.

The anonymous letter Jess received from Monahans this morning sounded a good deal like blackmail at first, but developed, toward the end, into scolding sarcasm. Midland won't have a backer in the entire territory west of El Campo Moderno when the Bulldogs go out on the Monahans gridiron. All the friends will be from Midland or eastward. Pecos, Wink, Odessa and all the fans in that territory are hoping to see Midland lose a game, thereby throwing some of those squads back in the running for the title.

About every three or five years, I get worked up to some extent over a football game, and this is the first for quite some time. After we get through with Monahans, I am going to get worked up over Odessa, but not until then.

Midland's meanest man is limping this week. He kicked a cast iron dog while walking in front of a local residence the other night. And nobody seems to give him any sympathy.

John Howe: "I see by the paper where I won't be postmaster much longer."

Which reminds me that I haven't heard of a person who wanted to see John replaced for the job. Many

Progress Made In Negro Health Work

Mary Graham reporter of the Midland County Health Board for the colored people, has concluded her survey of the sanitary conditions with the following facts: The I. W. Watson Hotel is doing some excellent work around the building, including the new screens, new toilets and general repair work. The manager invites inspection of his premises. Eugene Franklin's barbecue pit was inspected and found to be up to the standards required for a good pit. U. S. Williams has cleaned up his alley and toilets and assures the Health Board they will be kept that way and asks cooperation of the other people in doing it.

George Ferris' place of business was passed favorably in the survey as being clean and sanitary. The M-B Beauty Shop, managed by H. W. Beatty, invites the patrons to inspect it at any time.

COLLEGE KEEPS "DATE" FILE CHICO, CAL. (UP) — Chico State College has decided to install a "date" bureau. Files will be kept on the social proclivities of all students, both male and female, and an effort made to develop as many "peaches of a pair" as modern business methods will permit.

AUSTRALIA BREAD BASKET SYDNEY (UP) — Australia is rapidly gaining importance as a supplier of Britain's bread. Latest statistics show that Australia this season has an exportable surplus almost half as large as that of Canada, the largest exporter of wheat.

Tuesday Program At North Ward P.T.A. Meeting Applauded

The North Ward P. T. A. met at the school house Tuesday afternoon at 3 o'clock for their regular meeting.

Mrs. Harry Griffin from the South Ward P. T. A. made an announcement speech to the members about the opening of their book shop in the Thomas Building Thursday, urging all the North Ward women to cooperate with them.

Mrs. R. W. Hamilton, president, then presided at a short business meeting at which Mrs. Duke Kimbrough gave a report on the Safety-Traffic work which was being done with the cooperation of the Boy Scout Troops of Midland.

An excellent program was arranged by Mrs. Harry Frickett and Mrs. Bob Norris at which Miss Elizabeth Wright, librarian for the Midland high school, gave a talk on the books for children, illustrating the interesting and clever talk by posters of the new books.

Miss La Moine Sindorf, student at the high school, gave a proclamation for the Red Cross, followed by Mrs. L. C. Thomas, who has been conducting a physical examination in cooperation with the Midland County Health Board and who presented an interesting summary of the children's needs in regard to this work.

Evangel Class Honors Husbands at Social Tuesday Evening

The officers of the Evangel class entertained the members of the Evangel class and their husbands Tuesday evening at a "bug" party at the Baptist parsonage at eight o'clock.

The decorations carried out the idea of the "bug" game, the tallies being ornamented with a clever bug design.

Many different games were played and enjoyed throughout the evening, after which refreshments were served to approximately forty people.

The officers who were in charge of the social were Mmes. Winston F. Borum, L. Waldo Leggett, H. S. Collins, Eula Mahoney, W. N. Cole, Roy Stockard, J. E. Baker, Bill Davis, Lenton Brunson, Louise Pope.

Final Plans For Book Shop Made By South Ward P.T.A.

The officers and book committee of the South Ward P. T. A. met at a special meeting Tuesday afternoon to discuss last minute plans

Calotabs Help Nature To Throw Off a Cold

Millions have found in Calotabs a most valuable aid in the treatment of colds. They take one or two tablets the first night and repeat the third or fourth night if needed.

How do Calotabs help Nature throw off a cold? First, Calotabs are one of the most thorough and dependable of all intestinal eliminants, thus cleansing the intestinal tract of the germ-laden mucus and toxins.

Second, Calotabs are diuretic to the kidneys, promoting the elimination of cold poisons from the blood. Thus Calotabs serve the double purpose of a purgative and diuretic, both of which are needed in the treatment of colds.

Calotabs are quite economical; only twenty-five cents for the family package, ten cents for the trial package. (Adv.)

for their book store which is to open Thursday morning in the lobby of the Thomas Building.

The ladies aspire to make enough money out of this worthy project to furnish a library, or at least, to start a library for the children of the South Ward school and they deserve full fledged co-operation from the people of Midland in this work.

After definite plans for the book shop were outlined, plans for a Father's Night, December 8, were started, and Wednesday afternoon was set as the date for the next meeting.

Those who attended were Mmes. J. H. Foote, W. L. Zichner, Harry Griffin, Iris N. Bounds, W. L. Sutton, Bert Rosenbaum.

Autumn Luncheon Entertains Club Women at Party

Miss Leona Mc Cormick was hostess Tuesday afternoon at a luncheon honoring the Edelweiss Bridge club at one o'clock at her home.

The rooms were richly decorated with bright colored carnations and sweetpeas, and a color scheme of orange and brown was carried out in the autumn leaf mints on the luncheon plate, the prize wrappings, and the table appointments.

Mrs. Hugh Corrigan won high score and Mrs. Foy Proctor won second high. Club guests for the afternoon were Mrs. J. Howard Hodge and Mrs. Ralph Barron.

Those who attended were Mmes. John M. Speed Sr., Clyde Cowden, Joe Crump, John Dublin, J. R. Martin, Hayden Miles, Tom Nance, Roy Parks, Foy Proctor, Harvey Sloan, Mayme Stokes, Hugh Corrigan, Hall Edwards, A. P. Shirey, Chapple Davis, J. H. Hodge, Ralph Barron and the hostess.

Now At Yucca

Jack Haley and Betty Furness in "Mister Cinderella" When Jack Haley goes romantic it is to laugh! The comedian has one of his funniest roles as the barber who "goes society" in "Mr. Cinderella," new Hal Roach feature-length hit, showing today and tomorrow at the Yucca. Betty Furness plays the hard-to-get debutante.

Evangelist

(Continued From Page One) the Ritz Theatre by the club last night.

Guests present at the luncheon included J. M. Crane of Dallas, J. C. Hudman and Rev. Jas. M. Camp of Midland.

The luncheon was served by the members of the Busy Bee Club.

Oil News--

(Continued From Page One) cation is in the enter of labor 13, league 55, Oldham county shool land.

T. P. Coal & Oil company No. 1 Bennett, diagonal northwest offset to the Honolulu and Cascade discovery in Yoakum county, is reported by some to have logged the top of the Yates sand at 3,175. The same marker in the pool opener will be reviewed by Mrs. W. B. Ammerman. Free to the public.

No C. I. A. Club meeting will be held Saturday afternoon due to the Business and Professional Woman's silver tea which is to be held at the same time in the county court house.

was called at 3,210 feet.

Seminole Well Tested
Tested for eight hours this morning through 1 inch bottom choke on tubing, Amerada No. 1-A Averitt, Seminole discovery well in Gaines county, flowed 8 1/2 barrels of oil and 107 barrels of drilling fluid. Gas volume has increased to 7,000,000 cubic feet. The well is being allowed to flow to dissipate the water which was pumped into the formation while it was drilling. A report from Seminole this morning stated that trucks had hauled oil to the location last night, indicating that operators will probably treat it with acid within the next few days. Total depth is 5,022 feet in lime.

Stanolind No. 1 J. A. Morrow, Gaines wildcat, five miles west of the Goldsmith pool, is preparing to plug and abandon after developing 600 feet of water in drilling the last seven feet. A steel line measurement corrected total depth of 4,732 to equal 4,758. The No. 1 Slater failed to find an appreciable amount of oil showings, having some oil with sulphur water at 4,450-51 and another showing of sulphur water from 4,502-05. The failure is located 580 feet from the north and west lines of section 26, block 45, township 1 south, T. & P. survey.

Reagan Wildcat Location
Bahan & Rhodes, well known West Texas oil operators, have staked location for a wildcat in Reagan county, the No. 1 Kloh, located in the center of the southeast quarter of section 37, block 37, township 5 south T. & P. survey. Tools were moved in last night by Albert Lynch, contractor. Contract depth is 3,900 feet unless sulphur water in the lime or oil or gas in commercial quantity is struck at a shallower depth.

METHODIST ANNOUNCEMENT
There will be no prayer meeting at the Methodist church tonight because of the revival meeting at the Presbyterian church.

Oil-Plated Engine

OFFICIAL COUNT of last year's emergencies handled by the American Automobile Association shows "3,200,000 motorists caught with depleted batteries... and 2,000,000 had starter difficulties." Don't let it be you this Winter. Have your electrical system checked, of course. Buy good gasoline. And give your engine the big extra surety of modern Oil-Plating.

Oil-Plating with Conoco Germ Processed oil—patented—leaves a definite Plating of oil on every engine part continuously. Continuously!

Then Oil-Plating is always there to head off wear, not only while you drive, but between times, too. Through hours of cold at the curb or at night—when other oils drain down—your engine remains completely Oil-Plated. For the patented Germ Process actually enables this oil to unite with bearings, pistons, cylinders and other parts, to Oil-Plate them for smooth, slippy, dragless starts. Since there cannot be a moment of "missing oil," the greatest cause of Winter wear is out, as you change to Conoco Germ Processed oil and its exclusive Oil-Plating. Continental Oil Company

CONOCO GERM PROCESSED OIL
