Willie Brown Dies Of Gunshot Wounds At Noon

## BULLET IN HEART

Explanation Is Not Given For The Affray

Lucien Davis, negro, was placed in jail by officers this afternoon for the alleged murder of Willie "Little Jack" Brown, Odessa negress. The negress was reportedly shot down during the noon hour in front of the negro hotel in Moody Addition. Davis was reported to have fired "four or five shots" at the woman, three of them taking effect. One bullet hit her in the right arm, one in the little finger of the right hand and another, the one causing death, was thought to have pierced the heart. Cause of the trouble was unknown to officers at press time. They reported the dead woman had a gun in her hand at the time she was shot. She had not fired it, they reported. Davis was reported to have recently returned to Midland after having been gone for several months.

Hills of the Amerada Petroleum Corporation was named the new secretary-treasurer. A brief business session was held at which it was voted to reduce the yearly dues of members from \$2.00 to \$1.00. E. Russell Lloyd and John Emery Adams led a discussion on the "Origin of Oil" in which many members participated.

## No Paper To Be Printed Friday

The Reporter-Telegram Friday will observe its one absolute holiday of the year—Christmas Day! On other holidays, the paper is published as usual, often the night before, but always published. On Christmas, however, no paper is issued. Comics and other regular features of the paper will be "doubled up" on Thursday evening, the next edition being Sunday morning. Advertisers, also those having news announcements for the paper, are asked to note the change from the usual routine. The Thursday evening paper will carry the Christmas greeting advertisements from Midland merchants and business institutions.

## G. O. P. Chief's Smile Missing Here

That wry expression on National Republican Chairman John D. M. Hamilton's usually beaming countenance was appropriate to the task he was proposing to perform when he met with national committeemen in Chicago to offer his resignation. For the vote of confidence which seemed assured him carried with it the job of supervising the payment of a party deficit of more than \$900,000. Pictured with the erstwhile Landon manager at the Chicago meeting are, left to right, J. Henry Roraback of Connecticut, Mrs. J. Worthington Scranton of Pennsylvania, and Ralph E. Williams of Oregon.

## NEW REFORM BILLS ARE PROPOSED BY MEMBER OF HOUSE

Would Retire All Of Supreme Court On Age Limit

## ASKS TRIBUNAL

Would Have Group To Try All Federal Judges

WASHINGTON, Dec. 21 (P)—Chairman Sumners (Texas) of the House judiciary committee proposed three new reform bills today, one to permit supreme court justices to leave the bench at retirement age and pursue lighter judicial duties. He proposed to make the act affecting retiring district, circuit and federal judges applicable to the supreme court members. Another act would provide mandatory notice to the attorney general, with the privilege of intervening, before a federal judge could hold a law unconstitutional. He said he would probably introduce a bill to create a special tribunal to try the breach of "good behavior" clause in reference to federal judges.

## HUMBLE 1 COWDEN FLOWS 760 FIRST 19 HOURS OF TEST

Cummins-Goldsmith Link Is Still Gauging

BY FRANK GARDNER Humble No. 1 Cowden, new Ector county strike in territory between the Cummins and Goldsmith pools, flowed 760 barrels through 2 1/2-inch tubing the first 19 hours of potential test started yesterday. The well had been acidized twice, with 1,000 and 2,000 gallons, and had been flowing 35 barrels an hour when shut in late last week after filling storage tanks. Previously, it had been shot with 300 quarts from 4,185 to 4,275, the total depth, but wouldn't flow when tubing was run. It is located 1,980 feet from the south and 660 feet from the west line of section 30, block 44, township 1 north, T. & P. survey, a mile and a half southeast of the Cummins pool wells and two miles and a half northwest of Goldsmith production. Devonian Oil Company No. 1 Scharbauer, extension test a mile east of the north end of the Goldsmith pool, is testing for bottom hole water at 4,225 feet. It had its last oil increase from 4,200 to 4,209. Location is in section 34, block 44, township 1 north, T. & P. survey. York & Harper and Sloan & Zook No. 1-B Foster, semi-wildcat northeast of production in the Foster pool in Ector, is drilling at 3,845 feet. It is in the southwest corner of section 8, block 42, township 2 south, T. & P. survey. Logs Oil Stains Oil stains were reported present in samples from 5,398 to 5,404 in Uscan & Illinois No. 1 Brownfield, southwest Terry county wildcat over ten miles east of the Bennett pool opener in Yoakum county. The No. 1 Brownfield, located in section 54, block K, public school land, is now drilling lime at 5,470. Top of anhydrite has been called at various points from 1,980 to 1,998 in Getty, Inc. Superintendent To See Game As Present W. W. Lackey, superintendent of the Midland public schools, will see the Rose Bowl game between Washington and Pittsburgh universities as a Christmas present from friends. The trip will not be in connection with the high school football team's excursion which also was made possible through contributions of local citizens. Lackey plans to leave early this week, spending several days at Los Angeles in advance of the game. Mr. and Mrs. James H. Goodman returned from Austin Sunday where they have been on business for the last week. See (OIL NEWS) Page 3

## Mounting Toll of Dead in Quake at San Vicente Feared by Officials

Rest and Relax Is New Strike Technique

Rhum instead of rock-throwing, sandwiches instead of sabotage, and rest instead of ruckus is what you see in the "sit-down strike," the increasing prevalence of which recently has threatened production in the rubber, steel and auto industries. These men are employees of the Libby-Owens-Ford glass plant in Toledo, just a few of the 6000 or more flat glass workers who similarly stopped production of auto and plate window glass in plants all over the country. The plan involves a simple and sudden refusal to work, meanwhile standing by the machines in the plant so that nobody else can replace the striking men. They spend their time in playing cards, loafing, and devising a temporary regime within the plant to keep order and prevent damage. Sandwiches have been brought in to these men, who pass the time in a rhum game, refusing to leave their posts until their demands are granted or the plant is closed.

## OVER 200 KNOWN TO HAVE LOST LIVES DURING WEEK END

Many Villages Hurt By Disturbances Sunday

## RESIDENTS FLEE

Santa Rita Volcano Erupting, Adds To Dangers

SAN SALVADOR, Dec. 21 (P)—Officials expressed fears today of mounting toll from an earthquake which razed San Vicente and killed at least 200 over the week end. Residents fled from the menacing volcano Santa Rita, reporting to be erupting, adding to the epidemic threat. Accurate reports were difficult due to disrupted communications to the stricken city. Neighboring villages were also damaged. The whole of the rich central area of El Salvador was twisted by the shocks. San Vicente, fifth largest city in the republic with a population of 26,000, was reported in ruins. Scores were buried in the wreckage of homes and buildings in this town alone. The towns of Topititan, Apastepeque, Vera Cruz, San Esteban, San Cayetano, Tecoluca and San Sebastian were said to have been damaged.

## ARMS EMBARGO ACT OF 1934 IS UPHELD BY SUPREME COURT

Reverse Ruling Of A Federal Court In New York

WASHINGTON, Dec. 21 (AP)—The supreme court today held constitutional the 1934 arms embargo act, authorizing the president to forbid the sale of munitions for use in the recent Chaco war between Bolivia and Paraguay. The court reversed a ruling by the New York federal court that the measure was an invalid delegation of power, the government contending the decision would nullify legislation to "preserve American neutrality." The action was interpreted as having important bearing on forthcoming consideration of neutrality legislation. The court also agreed to review the controversy involving constitutionality of the Frazer-Lemke Act granting three-year moratorium farm mortgage foreclosures. It refused to review the case challenging the constitutionality of the act broadening federal regulation of commodity exchanges.

Condition of P. J. O'Donnell, his wife and daughter, Patsy, was reported satisfactory by physicians today. The three were injured Saturday midnight when the car in which they were riding collided with another near Wartfield. Both O'Donnell and his daughter received fractured legs. Both legs of O'Donnell were broken, one of them near the knee. Patsy O'Donnell received a fractured ankle. Mrs. O'Donnell's injuries consisted of cuts and abrasions, her most serious injury being a severe head gash. The driver of the other car L. D. Baldrige, 40, Andrews, succumbed in an Odessa hospital to injuries received in the crash. A head injury was blamed for his death.

Funeral services were to be held this afternoon in Big Lake for Baldrige. At the time of his death he was employed as a pumper for the Humble Pipe Line Co. He is survived by a wife and three daughters.

## POPE DESIRES TO GIVE BROADCAST

Would Reassure World In Regards To Health

VATICAN CITY, Dec. 21 (P)—Pope Pius, confined to his bed with circulatory congestion, expressed a wish today to broadcast a Christmas eve message. He said he believed a yuletide radio statement would modify the world-wide concern over the state of his health. The pope suffered a fainting spell Sunday afternoon and a specialist on the ill of old age was called in for consultation. The pontiff recovered quickly from the fainting attack but was reported very weak, suffering a high fever and possibly influenza to complicate his already manifold ailments.

# How Xmas Comes to You By Mail Today's Picture Story

This girl's neatly wrapped gift package is on its way to join millions of others now being pushed through Uncle Sam's efficient postal mill for pre-Christmas delivery. The clerk stamps the package and stamps it for insurance before sending it on.

Now, down a long, curving chute, the package rides into this busy sorting room. Out of the confusion in which they arrive, the packages soon are placed in order in baskets, according to their destinations, by this crew of highly trained workers.

At last sorted, checked, and placed in mail bags, the packages are hauled from postoffice to railway station and loaded into mail cars. There, as they speed across country, the packages may be sorted again for delivery to individual towns and cities.

Finally, far from the starting point, a carrier gets the original parcel, punches the time clock, and starts his rounds. It is the final step in this vast plan, involving thousands of employees and requiring many extra hours of work, to spread Christmas cheer.

# The Town Quack

(Reserves the right to "quack" about everything without taking a stand on anything).

One wonders if Gabriel, who plays a trumpet, plays by note or by ear.

When a dog has a bone, another dog comes along and tries to get it. We presume that is initiative.

The way to improve a deaf man's hearing is to ask him for a dollar.

Sin wouldn't appear so bright if religion were made to appear bright, instead of drab.

Many a flirtation is the beginning of doom.

A local man: "I'm pretty sure the devil is a grass widower. I think I married his former wife."

We often refer to hard times. How come no one ever uses the phrase, "soft times?"

A parson: "I think times are a bit better. Last Sunday there was a new dress in my congregation."

It seems to us that a preacher should be so intently interested in his text that he wouldn't notice a new dress in his congregation.

We poor folks like to think that their money has made the rich folks terrible sinners.

The affair, staged each year just before Christmas, is expected to attract a record attendance this season, committee members have predicted. At least 1,500 boys and girls are expected to be at the door of the Yucca theater when it opens promptly at 10 a. m. Thursday.  
Members of the two service clubs, cooperating with Manager Hodge, will be on hand to assist in seating the children and in distributing the gifts. thereof. Every member of the squad will make the trip.  
A committee composed of Clarence Scharbauer, Fred Turner, Bob Hill, W. A. Yeager, Marion Flynt, and Allen J. Watts solicited the merchants and professional men in the raising of the money to pay for the trip. Local citizens contacted gave liberally and all appeared to be highly in favor of the movement.  
Initial efforts to secure tickets to the game were futile and for a time it appeared as though the tickets were not to be had at any price, but through the help and cooperation of C. W. Koerner, city manager of Pasadena, the tickets were secured. Koerner, a personal friend of W. A. Yeager, school board member, secured the coveted tickets after a long distance telephone conversation with Yeager. Thanks for his successful efforts on behalf of the entire citizenry of Midland was extended Mr. Koerner by telegram.  
The trip will be made by train, a private Pullman having been chartered to carry the team. The squad will leave Midland on Monday, December 23, and will arrive in Pasadena on December 31, starting the return trip on January 2.

The Edelweiss club was entertained at the annual Christmas party in the home of Mrs. Joe L. Crump Saturday afternoon.

The Christmas tree was artistically decorated with many beautiful ornaments whose vari-colored lights were reflected on the mounds of "snow" adorning the lower branches and base of the tree. The mantle mirror reflected its scene of illuminated "snowballs" flanked by lighted tapers against a background of beautiful smilax.

Potted poinsettias were arranged about the room, their vivid colors blending in with the center piece on the punch table and the red tapers in the candelabra.

Mrs. Hal Peck won high score for the afternoon, and Mrs. John Dublin won second high.

A refreshment plate emphasizing the Christmas colors was served to the club members, Misses Clyde Cowden, John Dublin, J. R. Martin, Hayden Miles, Tom Nance, Roy Parks, Hal Peck, Foy Proctor, Harvey Sloan, J. M. Speed, Mayme Stokes, Hugh Corrigan, Hall Edwards, A. P. Shirey, Chapple Davis, and the hostess.

Judge Chas. Gibbs of San Angelo is here today on a business trip.
