

Hitler, Eva In Patagonia

By The Associated Press
Adolf Hitler, variously reported dead or escaped to one place or another, was brought back in the news again today by a report that he had taken up residence on an island in the Antarctic.

Following a statement by Cesar Ameghino, Argentine foreign minister, that there was no truth in a published rumor that Hitler and his alleged bride had reached Argentina by the German submarine U-530 and were living in Patagonia, the French Brazzaville radio relayed a report that the pair were in the Antarctic.

The broadcast, heard last night by NBC, quoted "the South American newspaper, La Critica," as saying that Hitler and Eva Braun had taken refuge on Queen Maude Island, a former base for German Antarctic explorers, after being landed by the U-530, which surrendered last week to Argentine authorities.

The Argentine government announced that the U-530, which surrendered July 10 at the Mar Del Plata naval base, would be handed over to the United States and Great Britain.

Truman Returns Diplomacy Calls

By ERNEST B. VACCARO and KENNETH L. DIXON
POTSDAM, July 18 (AP)—President Truman, grasping the reins as presiding officer of his first Big Three conference, went calling today to talk things over separately with Prime Minister Churchill and Premier Stalin.

Potsdam skies were cloudy, but the party atmosphere appeared considerably cleared.

The president first conferred and ate luncheon with the prime minister and then visited the Soviet generalissimo for a similar personal session later in the afternoon.

Mr. Truman was selected yesterday as conference chairman.

With him on at least the latter visit was Secretary of State James F. Byrnes, the president's erstwhile Capitol Hill partner in many a compromise mission to smooth the congressional pathway for wartime commitments which the late President Roosevelt made at just such international sessions as this.

It was a new and far more spectacular setting to an old story for both of them—on an international basis now. Truman's swift step to get down to cases individually with both Churchill and Stalin indicated the Missouriian was taking the Potsdam program right in his stride.

Truman's visit to the other two members of the Big Three followed the order in which they had visited him—Churchill on Monday and Stalin on Tuesday—thus conforming to diplomatic protocol.

An unconfirmed report said Premier Stalin had come to Potsdam ready to make definite commitments concerning the war in the Pacific.

The first joint communique from the three world leaders was issued last evening.

It was reported that Premier Stalin had nominated Truman to preside over the conference and that his nomination won a quick second from Prime Minister Churchill.

Chinese Surround Kweilin, Air Base

CHUNGKING, July 18 (AP)—Killing between 300 and 400 Japanese troops, Chinese forces in a sudden six-mile gain have appeared to within 11 miles northwest of Kweilin, while other Chinese troops have closed in on the former American air base city from two other directions, the Chinese high command reported today.

The enemy troops were surrounded and killed at Ining, highway center 11 miles northwest of Kweilin. Another Chinese force advanced from the west to within 12 miles of the triple-field air base.

Chinese forces operating east of the Hunan-Kwangsi railroad captured Liangfeng, 15 miles south of Kweilin, Chinese reports said.

Liangfeng is only two miles from the railroad, and its possession by the Chinese would threaten a Japanese retreat along that route.

In the southwest, Chinese forces striking up the railroad from recently recaptured Luchoo advanced seven miles and reached a point less than two miles from Yungfu, 31 miles southwest of Kweilin.

The high command at the same time confirmed the Chinese capture of the city of Kanhsien, in southern Kiangsi province.

Aussies Feeling Out Enemy Strongpoints

MANILA, July 18 (AP)—Australian combat patrols felt out enemy strongpoints along the highway to Samarinda, and in the Sambodia area where the diggers are consolidating for a drive through derricks and oil installations, Gen. Douglas MacArthur's communique said today.

They had advanced yard by yard to a point seven miles northeast of Balikpapan, with Samarinda 60 miles distant.

Seplingang airfield near Balikpapan meanwhile was put into use, two weeks after its capture.

Resistance continued in northern Luzon, where desperate remnants of the Japanese garrison were resorting to makeshift weapons and mines in an effort to halt the Sixth division's drive on Kianggan. The Sixth was counting an average of 50 dead Japanese a day.

In one of the oldest battle-grounds of the Pacific, Australian troops on Bouganville in the Solomons also were meeting almost constant small-scale attacks by Japanese who have held fast to their Kahilti strong-hold through three and a half years of war.

Ceiling Prices On Potatoes Increased

WASHINGTON, July 18 (AP)—Revised price ceilings for white potatoes grown in Arkansas, Oklahoma, Texas, Kansas, Missouri and Nebraska will be higher by 15 cents a hundred pounds July 22 through 31. The Office of Price Administration announced yesterday.

The increase is allowed to compensate for a reduced crop yield. It is only half as much as the allowance producers were permitted to add for the current period, because OPA said reduction in yield has been lighter than anticipated.

Hitachi Plants Look Like July 4 In Hell

By JAMES LINDSLEY
WITH HALSEY'S THIRD FLEET OFF JAPAN, July 18 (AP)—The Hitachi boys, who make up one of Japan's ruling industrial families, really took a beating from the powerful bombardment force of the U. S. Third fleet today.

Their name was over the front entrance of most of the vital war plants wrecked by the ship's big guns as they steamed leisurely along the Japanese coast to a point nearly opposite Tokyo, hurling more than 2,000 tons of explosives shoreward.

The Third fleet, which apparently dares to go any place where it can keep a little salt water under it, started pumping its shells toward the shore at 11:10 o'clock last night and kept it up for 55 minutes. Firing ceased at five minutes after midnight today.

For hours we were within fighting range to Tokyo. During the bombardment we were within six miles of the Honshu island shore. Yet at no time was any at-

Killed By Car

DALLAS, July 18 (AP)—R. L. Morrison, 79, of Corpus Christi died yesterday of injuries suffered when struck by an Automobile here July 7.

British Bombers May Join Yanks In Raiding Japan

Nine Allied Air Groups Dropping Destruction On Jap Homelands
By HAMILTON W. FARON
GUAM, July 18 (AP)—British heavy bombers may join American fliers in the Pacific, increasing to ten the Allied air groups coordinating their devastating raids on the Japanese homeland.

Lt. Gen. Barney M. Giles, deputy commander of U. S. army strategic air forces (USASTAF) has completed a series of conferences with British Air Marshal Sir Hugh Lloyd involving "the possible assignment of a British heavy bomber force to work under USASTAF," Giles' office reported today.

Already engaged in daily assaults on the Japanese homeland with fire, fragmentation and high explosive bombs, rockets and strafing are the 20th Air Force's B-29s; fleet airwings 1 and 18; the 5th and 7th AAFs; the army's 7th fighter command and the second and fourth marine aircraft wings.

At least four other air forces also are attacking the Japanese empire, but not the homeland. These are the 13th AAF and Seventh fleet aircraft, from the Philippines area, and the 11th AAF and the north Pacific fleet airwing, which among them attack from the Solomons to the Kuriles.

Japan's DOMEI agency said 60 American Liberator and Mitchell bombers dropped explosives on Shanghai yesterday, hitting the industrial area and eastern part of the city.

On Sunday, Gen. Douglas MacArthur announced in today's communique, 7th fleet mariner patrol planes wrecked more than 100 river ships in attacks at Amoy, Swatow and the Hongkong area of China. A navy Liberator strafed Japanese troop concentrations 50 miles northeast of Swatow.

Bretton Woods Final Approval Expected Today

WASHINGTON, July 18 (AP)—Administration leaders drove toward a final vote on the Bretton Woods world bank-fund plan today. They expected senate approval but not without a stiff fight on a series of proposed amendments.

Chairman Wagner (D-NY) of the banking committee said he hoped for a decision by nightfall. The senate geared for a long day by convening an hour earlier than the usual noon meeting time.

Wagner told reporters he didn't expect more than 15 votes against the bill which proposes a \$9,100,000,000 world bank to help nations reconstruct and an \$8,800,000,000 fund to stabilize their currencies.

The fight is expected principally on amendments by Senators Taft (R-Ohio), Millikin (R-Colo.) and Thomas (D-Okla.). These would specify that the fund could not be used "as an excuse" to abrogate existing debt or trade treaties, spell out the requirement that other nations eliminate currency restrictions and place silver on the same monetary base as gold.

Taft, contending the American contribution is "pouring money down a rathole," told the senate yesterday the American dollar is "the only stable" currency. Other nations will be anxious to buy up dollars, he said, and "we'll get nothing."

The resultant scarcity of dollars in foreign exchange, the Ohioan insisted, will force upon the U.S.A. "moral obligation" to lend more money to other nations.

Ex-Jap Prisoner In Serious Condition

FORT WORTH, July 18 (AP)—The condition of Corp. James E. Newman, the former prisoner of the Japanese who was given only a slight chance to live when he was brought home, was reported by his doctor today as "grave."

Newman was flown home from an army general hospital at Santa Fe last month, suffering from malnutrition, tuberculosis of the lungs, and laryngitis, developed while he was in a prison camp on Luzon. His parents, Mr. and Mrs. O. F. Newman, had asked he be returned after army physicians had said he would not survive.

But once at home he seemed to improve.

Today came news that he had suffered a relapse and his condition was poor.

Franco Waiting For Return Of Monarchy

MADRID, July 18 (AP)—Generalissimo Francisco Franco last night proclaimed that he is only acting as head of the Spanish government pending return to a monarchy which would perpetuate falange ideals and the national syndicalist state.

In a 35-minute speech to members of the falange national council, Franco said Spain was entering the preparatory period for return of a monarchy but he did not say when the changeover would be made. He declared the monarchy must guarantee the "essentials" of the falange movement.

Soldier's Wife Dies In Post Hospital

Mrs. Jeraldina Marie Johnson succumbed Tuesday at 5 p. m. at the post hospital.

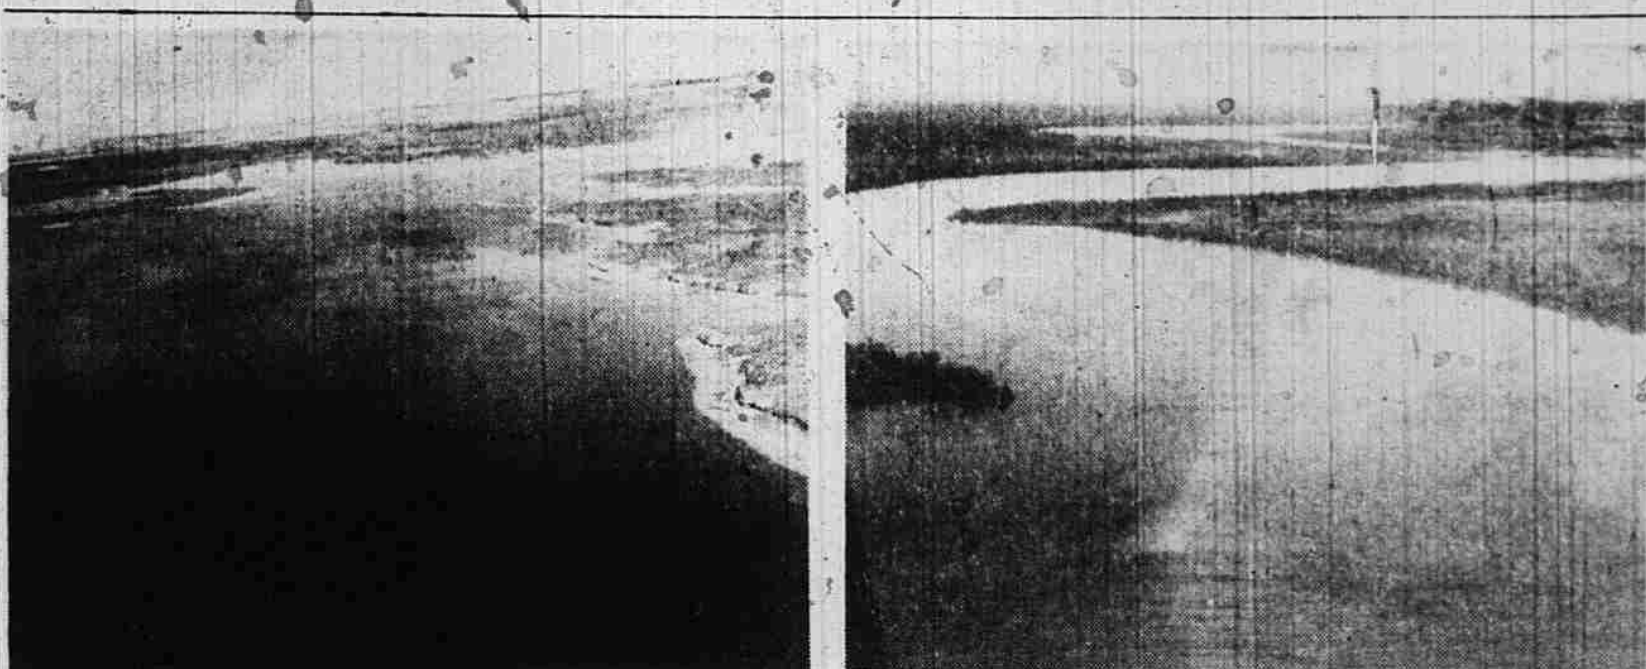

She was born Jan. 22, 1920, and formerly lived in East St. Louis, Ill. She has resided in Big Spring during the period her husband has been stationed at the Big Spring Bombardier school.

Survivors include husband, Pvt. Leo P. Johnson; two children, Robert Sidney and Kathleen Delores; parents, Mr. and Mrs. William R. Smith of East St. Louis, Ill.; and brothers, Robert Smith and George Smith of East St. Louis, Ill.

The body will be shipped to East St. Louis for funeral services and burial.

Arrangements were made by the Eberley-Curry funeral home.

Japs Fear New Blows

Water, Water and Water

Heaviest July rains since 1902 have turned Howard county into a land of lakes, breaking the most tenacious drought since 1917. Almost every day of the first two weeks brought showers somewhere in the county, with July 14 rains completing the job of filling natural and artificial lakes and tanks. Upper left is a small stretch of Mustang Draw, east of Lomax community in southwest Howard county, which was turned into a lake several miles long. Upper right is one of the many lakes on Sulphur Draw 10 miles west of the city. Big Spring has the appearance of a water front city as viewed from One-Mile lake, immediately west of town. Below, Moss Creek lake, jinxed on rainfall for several years, is brimming. The thin, white line at left is the only visible portion of the dam. (Pictures courtesy U. & S. Flying Service and Southland Studio).

'Nevada' Stays In Fight

WASHINGTON, July 18 (AP)—The Nevada's damage was repaired overnight, and the next morning she was back on the firing line.

In the Kamikaze attack, the Nevada's anti-aircraft guns assisted in splashing two of the attackers before a "Wal" dive bomber streaked out of the haze apparently bent on striking the open bridge. Light machine guns scored hits on the plane, but too late to stop her.

Marine gunners of the 20 mm battery, however, managed to "say off" the plane's right wing, which fluttered into the sea. Its course diverted, the plane crashed into the main deck at the ship's superstructure, their guns barking until the second the plane struck.

Fires started by the Kamikaze crash were extinguished in three minutes, but not before considerable material damage was done to the main battery turret and one 20 mm gun.

It was the Nevada's first damage since Pearl Harbor, although she was "straddled" by German shore batteries during the bombardment of Cherbourg.

At Pearl Harbor, she was the only capital ship to get under way during the attack. About 40 minutes after the Japanese hit, she cleared her berth unassisted and started down the south channel. Heavily damaged and drawing water, she was beached to prevent blocking the channel.

Leopold Exiled

BRUSSELS, July 18 (AP)—Leopold III, king of the Belgians who refused to abdicate voluntarily, was made an exile by law today by parliament.

The Belgian senate passed, 77 to 58, the measure already approved by the chamber of deputies which prevents the absent king from returning to the throne until parliament consents.

Radio Tokyo Says Shelling Attacks Last Two Hours

Radio Tokyo Says Shelling Attacks Last Two Hours

By LEIF ERICKSON
GUAM, July 18 (AP)—Through smoke that spiraled north of Tokyo, Japan watched today for the next blows to be loosed against the home islands by the combined might of American and British warships.

Tokyo made no effort to conceal its fear of new bombardment by Adm. William E. Halsey's Third fleet and its companion British ships. Radio silence has concealed their course since they broke off shelling Honshu's east coast at 12:05 a. m. today.

In the sky the Nipponese watched for return of carrier-based planes sent out by Vice Adm. John S. McCain's prowling task force 38.

(The Japanese radio said new attacks already had come. London reported hearing a broadcast that the Honshu east coast was bombarded for an hour at noon today by 16 Allied warships.

"Tokyo said American and British carriers sent 500 planes back over the Tokyo area today, following up yesterday's raid by 1,500 carrier aircraft.

"The enemy admitted Japanese helplessness by stating that the Allied fleet is "able to attack us at any chosen time and place.")

More than 2,000 tons of explosives were showered on targets for 20 miles along the Honshu coast in the midnight bombardment. The fleet went about the job leisurely and kept its radio working as it hovered only six miles offshore.

Targets were picked carefully from Mito, 55 miles northeast of Tokyo and 10 miles from the sea-coast; to Hitachi and Sukegawa, about 80 miles northeast of the capital. With no opposition, the results were devastating.

Despite an overcast sky which hindered aerial observation, ships' crews were able to watch the flashes of their big shells landing amidst enemy war plant buildings. The thunder of their explosions drifted back clearly on the wind.

Shells from the big King George V and lesser escorting warships of the British Pacific fleet were the first fired from British guns against the homeland of Japan.

Correspondents with the fleet said the bombarding ships steamed deliberately within six miles of shore during the attack. They broke radio silence at that time—so that their exact location must have been known to Japan. Nevertheless, there was no opposition.

"It is vitally necessary that we preserve our strength," the Japanese Domei agency said a few hours later. "We must not move until the time is ripe."

Results of yesterday's carrier assault have not been received.

Minesweeper Loss Announced By Navy

WASHINGTON, July 18 (AP)—The navy announced today the loss of two motor mine sweepers in the Borneo area as a result of enemy action.

The ships, the YMS 30 and the YMS 365, had a normal complement of about 35 each.

There were none killed or missing the navy said, but no information was available on the number of wounded.

Loss of the two craft raised to 324 the total naval vessels of all types lost in the war.

The YMS 50 was engaged in convoy escort in the Solomon Islands area in September, 1943, and on one action against enemy aircraft helped to shoot down one plane and damaged three others. Three months later she was attacked again by enemy aircraft while in patrol in the Arawa area and shot down another Japanese plane.

Wanted: Christmas Tree By August 1

WICHITA, Kans., July 18 (AP)—Wanted, on or about August 1: One Christmas tree, with all the trimmings.

The idea is a serious one to Irene Virginia, 10, Johnny, 11, and Mary, Lee, 8, daughters of Mrs. J. E. Shofe, of this city.

The children promised their father, Private First Class Fred Capell, when he was fighting on Leyte, that they would have Christmas for him when he got home, no matter what time of year it was. And Fred, who has served overseas since December, 1942, is scheduled to arrive home for a 90-day furlough about August 1st.

Does anyone know where a guy can get a Christmas tree?

CAA Inspector Due To Examine Fliers

W. H. Wisener, inspector for the CAA, was here today and Thursday to give examinations and flight checks to private flying students.

Written examinations were to be given this afternoon and evening and flight checks are scheduled for Thursday at the U. & S. Flying Service field north of town.

Social Calendar Of Events For Week

THURSDAY
HOMEMAKERS' CLASS of the First Baptist church plans to have a luncheon in the church at 3 o'clock.
FRIDAY
TRAINMEN LADIES plan to meet at 2:30 p. m. in the W.O.W. hall. FRIENDSHIP CLUB meets in the home of Mrs. C. M. Shaw at 2:30 p. m.

Miss Tucker And Lt. Andre Are Married Here Tuesday

Miss Frances Tucker, daughter of Mr. and Mrs. John Tucker, became the bride of Lt. A. C. Andre, son of Mr. and Mrs. Lee Andre of Jackson, Ore., in a single ring ceremony read Tuesday evening in the parlor of the First Methodist church parsonage by Rev. H. Clyde Smith.
The bride wore a brown suit with contrasting accessories and a corsage of gardenias. For the traditional something old she wore a ring that had belonged to her brother, Sterling, who was killed in action overseas, something new

Visitors Come And Go In Forsan For Weekend Stays, Summer Vacation

FORSAN, July 18 — The Woman's Society of the Forsan Baptist church met Monday afternoon in the Cosden camp with Mrs. R. A. Chambers, who directed the Bible study.

Present were Mrs. C. V. Wash, Mrs. Earl Thompson, Mrs. George Overton, Mrs. Jesse Overton, Mrs. Jewell White, and Mrs. Audrey Chambers.

Mrs. Clint Porter underwent an emergency appendectomy Friday in a Big Spring hospital. Marjorie Oglesby is visiting in Mullen with relatives.

Mrs. Lillie M. Johnson is in Fort Worth with her mother, Mrs. Daisy Cook, who is ill. Pfc. Kenneth Butler returned to Harmon hospital in Longview after his 60-day furlough.

Mr. and Mrs. Russell Savage and family of the Sun Ray Oil Co. have moved to Odessa. Daunabel McRae has returned home from Del Rio, having been away for a week.

Mr. and Mrs. E. B. Prescott of the Sun Ray Oil Co. are vacationing in Houston with relatives. Mrs. James Madding was a weekend visitor with her husband, Pvt. Madding, at Camp Hood.

Lovera Wilson left Tuesday for a visit in Brownwood with her sister, Mrs. Arthur Barton. Mrs. Pearl Scudday is in Brownfield with relatives for several days.

Cadet Nurse Doris Jean McElreath, from Shannon hospital, San Angelo, is spending her three weeks vacation with her parents here.

Juanita Archer of Lamesa was a guest of Boots Jones recently. Mr. and Mrs. D. A. Oglesby and daughters Fredda Nell and Mary Frances of Hobbs, N. M., were week-end guests of relatives in Forsan and Chalk. Mary Frances stayed over several days.

Dwight Painter, Robert Millican and Glen Smith have enrolled in Jhn Tarlton Junior college for the fall term. All are 1945 graduates of Forsan high school.

Young People Elect Officers

Young People of the St. Paul Lutheran church met in the home of Mrs. Albert Hohertz Tuesday for election of officers and a regular business session.

Officers elected include Loleta Marino, chairman; Gilbert Pachall, vice-chairman; Ruthie Pachall, secretary; Bobbie Gene Hohertz, treasurer; Daryle Hohertz, reporter; and Mrs. Albert Hohertz was re-elected assistant chaplain.

A message from the pastor, Rev. O. H. Horn, was given, and a social hour followed.

Those present were Loleta Marino, Gilbert Pachall, Ruthie Pachall, Eloise McMurry, Bobbie Gene Hohertz, Daryle Hohertz, Evelyn Hohertz, Richard Weinkauff, George Weinkauff, Jerry Don Rogers, Mrs. Walter Pachall, Rev. O. H. Horn and the hostess.

Installation Service For Mrs. Thompson

Mrs. Tracy Thompson was installed as inside guardian of the Rebekah lodge Tuesday evening when members met in the IOOF hall. Mrs. Jocie McDaniel, district deputy president, was in charge of the installation.

Mrs. Beatrice Bonner presided over the business session. The resignation of Mrs. Mabel Glenn, team captain, was accepted.

It was announced that the Grand Lodge session will be held in Waco August 6. Twenty-five members were present.

Big Spring Couple Married Recently

Billie Joy Horn, daughter of Mrs. Pat Duncan of Big Spring, and Pvt. Thomas Wendell Campbell, son of Mrs. C. M. Campbell, repeated vows recently in a single ring marriage ceremony in the Nolanville First Baptist church.

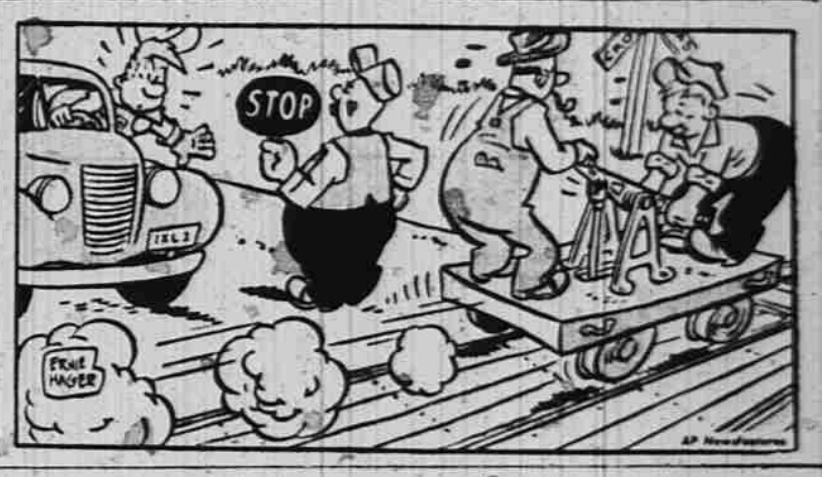

The Rev. Doan officiated, and Pvt. and Mrs. Charles Campbell were the only attendants. Pvt. Thomas Campbell is stationed at Camp Hood.

Vows Are Read For Couple By Rev. Smith

Ellen Mae Winslow of Big Spring and Edward Nellesnak, Passaic, N. J., were married Friday in a ceremony in the parsonage of the First Methodist church, with Rev. H. Clyde Smith officiating.

Others present were W. R. Purser and Katie Hasey.

Mickey Mouse Navy Boys Want To See The Sea, Not Apra Harbor

By ROBBIN COONS
APRA HARBOR, Guam. (AP)—There is a great yearning for the seven seas among sailors who man dozens of U. S. Pacific fleet boats—if you can hoist it aboard a ship, it's a boat, gate—which daily dart about this great war harbor.

They joined the navy to see the sea. And most of them complain that all they are seeing is Apra Harbor, Guam. It's a busy, interesting harbor to the newcomer but, like anything else, it could no doubt become tiresome in time.

"And how!" chorus the four "swabbies" of the "Mickey Mouse navy"—as distinguished from the seagoing "Donald Duck navy" of subchasers, escorts and the like—who operate the YTL 656 in Apra Harbor.

The YTL is a "yard tow launch" and her number, 656, shows she came along in that order when the hundreds of similar little craft were being launched for their

humble but essential service. They are tugboats of a sort, with not enough engine power to pull big ships but very useful for line-handling and other light jobs.

Day after day, the four "swabbies" take the small, gray YTL 656 on its round of chores inside the harbor breakwater and along the Guam shores.

The life of a harbor sailor? They live in a Quonset ashore, and eat ashore too. They go to movies at night, and on their one day off weekly they can play ball if they like. They're cheered by a ration of 24 cans of beer a month.

Okey Neff (inevitably "Okinawa" to his buddies) has found a novel way to break the monotony. He knows some fliers; on days off goes up to their airfield, and, by virtue of helping clean guns and such, inveigles rides. He's been on two practice bombing missions to Rota and thinks that's "fun."

Miss Hawkins Honored With Farewell Party

FORSAN, July 18—Marie Hawkins was honored Friday evening with a farewell party in the home of Boots Jones. Games were entertainment and refreshments served.

Those present were Mary Laverne McLeod, Ruth Overton, Joyce Cleaver, Norma Roberts, Dorothy Prichard, Lovera Wilson, Dorothy Gressett, Doris Jean McElreath, Evva Smith, Juanita Archer, Betty Sue Collum, Evelyn Martin, Doylene Gilmore, Jerry Duncan, Claud King, Jr., Eddy King, Gene Smith, Gene Huestis, Shorly Rainey, Joe Green.

Ray Prater, Vernon Gandy, Stanley Hayhurst, Harrell Fowler, Dan McLeod, Delmar Klahr, Bobby Wash, Charles Wash, J. C. Pve, J. R. Overton, Odis Frizzell, Bill Birdwell, Charles Long, Johnny Hooper, Terry Carter, Harry Lee, James Epler, Floyd Young, Kenneth Butler, R. L. Butler, Hubert Butler, William Bonaugh, the hostess and the honoree.

Worn out felt hats can be used to make felt appliques to ornament sweaters and jackets, or used to color worn spots.

Activities at the USO

WEDNESDAY
6:15—Hospital visiting hour at the post with Lillian Jordan, chairman.
8:30—Shellcraft class taught by Mrs. Mitty Locke.

THURSDAY
General activities.

FRIDAY
6—Bingo; three minute free telephone call home.

SATURDAY
8:00—General activities.

Eggs stored in water-glass at home are satisfactory for cooking or baking, but fresh eggs are more satisfactory for frying, poaching and scrambling.

BOSTON STARS—Two Boston Red Sox pitchers, Dave Ferriss (left), Boston Red Sox pitcher and slugger, and Tommy Holmes, Boston Braves record-breaking slugger, talk over a bat—one of the tools of their trade.

LOCOMOTIVE FERRY—An LCT which was fitted out as a locomotive ferry by U. S. and British technicians discharges a giant engine at a dock in Europe.

Cards Get Better Deal In Trading Pitchers

By JACK HAND
(Associated Press Sports Writer)

Sam Bredon's right to be known as the David Harum of baseball remains unchallenged today off incomplete returns of his Cooper - for - Barrett - and - a barrel-of-each deal with Boston.

Mort Cooper yet may win a pennant for the Braves when the millionaires owners excavate enough supporting talent but the proof is on the table that Charley "Red" Barrett is going a great job of tossing the Red Birds toward a possible fourth straight flag.

President Bredon of the world champion St. Louis Cards must have been well satisfied by Barrett's 3-2 victory over Boston last night for it was his tenth since joining the Birds and twelfth of the season.

Neither pawn of 1945's biggest deal is a spring chicken, Cooper admitting 31 summers and Barrett 30, but the red-haired chucker from California has been the more impressive. Although Cooper's won and lost mark of 9-1 is tops in the league, he has been troubled by an ailing flipper, hasn't started a game since June 27 and has worked only four complete tilts since he was sold May 23.

The Dodgers squared their series with Pittsburgh, after blowing a Sunday doubleheader, by trimming the Pirates, 5-2, taking advantage of sloppy enemy fielding.

Dick Mauney of the Phillies celebrated the birth of a second son by notching the second triumph of his big league career. The score was 3-1, and the victim was Cincinnati.

Bill Voiselle clipped Chicago's wings with a five hitter for his eleventh triumph, 2-1. The result snapped a Giant five-game losing streak and a Cub five-tilt victory march.

Chicago's loss and St. Louis' win sliced the Cubs' lead to three games as they go into an important series with Brooklyn, only

All-Stars Seek Roswell Revenge

Seeking their seventh victory and revenge for a previous defeat, the Bombardier school All-Stars will face the post softball squad from Roswell, N. M., today at 7:30 p. m. in the city park.

Cpl. Leon Bredemeyer, who has hurled an impressive 15 wins out of 19 tries, will be on the mound tonight to avenge the 5-0 shutout the opponents handed him in Roswell June 27.

But it won't be easy. The Roswell outfit has a top-notch record, both traveling and at home. However, the All-Stars will be augmented by several players who were unable to make the New Mexico trip, and their six wins in eight games don't indicate easy prey.

Selected by S/Sgt. Walter T. Dever of the Guards, manager, the squad's batting order will start with Lt. Robert Raske, shortstop; T/Sgt. Al Capasso, third base; Sgt. Sherman Johnson, catcher, and either Lt. Paul Radke or Pfc. Sam Kennington, first base.

Fifth in the lineup is F/O John A. Plesnick, the right fielder whose batting saved two of the All-Stars' games recently; followed by Lt. William Smith, left field; and T/Sgt. Donald Duval, second baseman who will be playing captain in the absence of Sgt. John Barbour on furlough.

Completing the list are Sgt. Harold Leeker, centerfielder; either Pfc. George Lovett or Sgt. Marvin Hamilton, short field; and Bredemeyer. Relief pitchers will be S/Sgt. Earl W. Weaver and S/Sgt. Arthur H. Valliere.

Gunder Believes He Can Run Four Mile

MALMO, Sweden, July 18 (AP)—The four-minute mile, long considered an impossibility by many leading track and field experts, is going to be accomplished soon, says Gunder Haegg, and the swift Swedish runner believes he's going to be the one to turn the trick.

The long-striding haberdashery salesman came pretty close to doing it yesterday when he was clocked in the record-shattering time of 4:01.4 in bettering the old standard set by his rival countryman, Arne Andersson, on July 1, 1943.

The old recognized mark of 4:02.6 also was beaten by Andersson who was caught in 4:02.2 in the first meeting of the two this season.

The gaunt Gunder set a blistering pace as the first quarter was reeled off in 56.6. They turned the half mile in 1:58.5. When the time was announced to the 14,000 spectators they scented a new record in the making and cheered wildly for the two runners who have been breaking all sets of middle distance records in the past few years.

Pitt Guys Protest PGA Limiting Rule

PHILADELPHIA, July 18 (AP)—Golfers' little guys are robbed by the ruling which limits PGA qualifiers to 32, says Marty Lyons, president of the Philadelphia PGA.

The group here will propose and back up an amendment at the November PGA meeting in Chicago, which would increase the number of qualifiers to 64 "unless some other section wants to sponsor the program," Lyons said.

He's Lost Both Legs Not Love For Baseball

ATLANTA, July 18 (AP)—Lt. George Poschner, Georgia's famous end who snared Frankie Sinkwich's passes with uncanny ability, is returning to Athens soon to visit his university friends.

Poschner, a patient at Lawson General Hospital here since he returned last year from France where he lost both legs in action, has lost none of his enthusiasm for football. His stock question to a steady stream of visitors is: "Do you think Georgia is going to have a good team?"

France Fooled On Strength Of Maginot Line, Gamelin Declares

(This is the third of a series of articles on France's defeat by Gen. Maurice-Gustave Gamelin.)

By GEN. MAURICE-GUSTAVE GAMLIN
(Copyright, 1945, by the Associated Press)

PARIS, July 18—I have a passion for definition before discussion. Therefore, I ask "What was the Maginot line exactly?"

On this point there are still some serious ambiguities. There are many people even in France who believe the country lay sheltered behind "la ligne Maginot" and that it protected all our dangerous frontiers. To calm public opinion and to give confidence, our governments never thought it necessary officially to correct this error.

The name "Maginot line" was given to a system of permanent fortifications erected between 1929 and 1934 on our eastern frontier.

From a technical point of view, the system was composed of a series of installations, that is to say, forts of varying strength connected by casemates.

Later we decided to complete our "Maginot line" by erecting obstacles, including a network of iron wires, fields of rails and of anti-tank mines, and by building blockhouses to give depth to the position, also to close gaps in our system of fortifications and progressively to extend it up to Dunkerque on the left and to the Jura mountains on the right by merely creating what I called "a bony framework for the battle field" composed of pillboxes and blockhouses and other barriers of various types.

Now, as every one knows, it was from west of Montmedy that the Germans exerted their main effort in May of 1940. They didn't at-

Texas League Asking Membership Rights Of Pro-Association

DALLAS, July 18 (AP)—The Texas league is moving—it hopes—toward a showdown with the National Association of Professional Leagues on the question of suspended circuits returning to play in 1946 with full privileges of leagues that have continued.

It was caused by a ruling from Judge W. C. Bramham, president of the association, and backed by the executive committee. Bramham said the Texas league, which has been inoperative since 1942, could sign players after Oct. 1 but could not transfer by sale before Dec. 1, which marks the end of the baseball draft period.

Under this ruling the circuit would be able only to make contracts with free agents.

President Alvin Gardner passed the opinion on to the club owners and the answers showed a sense of rebellion with a sentiment toward asking other inactive leagues to support the Texas league in its fight, which Gardner said, would be taken to Commissioner A. B. Chandler if Bramham and his committee do not reverse their stand.

NEW BRITISH CHAMP

LONDON, July 18 (AP)—A 24-year-old Yorkshire railroad worker, who has been fighting professionally only a short time, is the new British and Empire heavy-weight boxing champion. Hard-hitting Bruce Woodcock, who had knocked out 18 of his 19 professional opponents, made the jump to fame last night by stopping Champion Jack London in the sixth round of their 15-round title bout.

Today On The Home Front—International Monetary Fund To Keep World Currencies Stable

(Editor's Note: This is the second of three stories on the Bretton Woods agreements now being debated by the senate.)

By JAMES MARLOW
WASHINGTON, July 18 (AP)—The financial experts of this country and 43 other nations worked out at Bretton Woods in New Hampshire last year a twin plan to help put the postwar world on a sensible money basis.

One part of the plan is called the international monetary fund. The other is called the international bank for reconstruction and development. This is how the fund is supposed to work: There will be \$3,800,000,000 in the fund. All 44 nations taking part in it—others can come in later—have to put up a share.

The purpose of the fund is making the world's currency stable. An individual will have no dealings with the fund at all. It will do business only with governments and central banks.

Here's an example of how the fund would come into operation. Suppose Brazil's coffee crop failed one year. In that year it couldn't export much coffee. The value of Brazilian money—cruzeiros—would begin to fall and for this reason:

Since Brazilians had no coffee to sell abroad, they wouldn't be getting much money from abroad. Without money they wouldn't be able to buy much, say from the United States.

Americans, dealing with Brazilians, would want to be paid in American dollars. To do business with Americans, Brazilians would try to buy dollars with their cruzeiros.

But Americans wouldn't have

Post Teams Tie For League Second Spot

Squadron T, 5th Platoon, literally walked to victory last night in a 12-7 defeat over the 3rd Platoon, getting 13 walks and five hits. The game was played in the city park.

The victory tied the two teams for second place in the national softball league at the bombardier school. The determining game will be played Thursday at 7 p. m. on the post. Winner will enter the inter-league playoff.

In the first inning last night, Sgt. E. L. Brown, pitcher for the 3rd, allowed four walks and nine hits and the 5th scored three runs. Pfc. J. H. Neff replaced Brown in the second stanza and allowed six walks and two hits for eight more runs. But for the remaining five innings Neff held the 5th to three walks and two hits which made only one more point.

Pitcher for the 5th, S/Sgt. Arthur Valliere, allowed nine hits and seven walks and scored five strikeouts, while Neff whiffed two. Errors were one each.

Freedom of Enterprise

Upon the outbreak of the War the leaders of organized labor solemnly gave the President a "No Strike" pledge. This pledge was a "kiss of Judas." It has been violated by more than 13,000 strikes. Upon the basis of its continued violation by labor racketeer groups we have to say that these labor racketeers have betrayed the war effort.

INCE 1941 the American people have been conducting two wars—a foreign war against Germany and Japan and a domestic war at home against certain selfish labor groups who were far more interested in acquiring great power at home than in giving unstinted aid in the crushing of the Nation's enemies without.

The vast war effort of the Country has been opposed by the labor racketeers on a scale never witnessed in our history. More than 13,000 strikes in war industries have harassed the production of war goods since Pearl Harbor. Every one of these strikes hurt the country and aided the enemy. The war has been prolonged many weeks as a result of such activity on the part of those who chose to aid Hitler and Japan rather than give their loyalty to our own fighting men. As a result of that delay many an American soldier will lose his life. The blood of these lads who thus must die, not only because of the Nazis and the Jap, but because of the disloyalty of their own countrymen, is on the hands of those guilty men who treasonably refused to work while American soldiers were perishing in battle.

We are winning in our struggle against our foreign enemies. Hitler and his empire of hate has been crushed into dust. The terrible vengeance of America's wrath has beaten his foul hordes into unconditional surrender and the lurid fires of Nazi lust has been quenched in blood.

In like manner we are driving the Jap to his doom. With fire and sword we are tearing to shreds the vaunted empire of the inbred moron who sits on the throne of debased and degenerate Japan. Hirohito and his hordes are experiencing the blistering fires of a real hell—made in the U. S. A. by laborers who didn't strike and carried to Japan by brave fighters who did not shrink!

We owe these magnificent victories to our fighting men first, and secondly to the loyal American workmen who thought too much of his country to strike. The business men, the farmers, the ranchers—they all have aided in the mighty enterprise to destroy the Nation's enemies. But the vast army of 4,000,000 men who have gone on strike served not our cause—they enlisted to serve Hitler and Tojo—and they did serve them by stopping the war plants of this country for more than thirty million work days!

And yet in many instances these disloyal dopers, from whose hands drip the blood of American soldiers, receive more consideration at the hands of the War Labor Board than do many honest Americans who strive to carry forward the war effort. The fact is we are losing the war on the home front to these selfish and sinister groups who do the bidding of a labor boss rather than that of their Country. Time after time a war plant has been seized not by reason of any misdeed of the operator but because a strike was on. Recently some 250 men walked out of a war production plant. They were told to return by the War Labor Board. They refused and remained on strike. Were they punished? O, No! But the company's plant was seized, and the company was thus punished for the misdeeds of the strikers! Never in this Country's history have we witnessed such a farce of decency and justice!

We cannot afford to lose this war with these ruthless enemies here at home. If we do then we make a mockery of the sacrifice—the bloody sacrifice—our boys have made for us.

Recently the delegates of fifty Allied Nations wrote a Charter to preserve the peace of the world. In the name of all that's decent let the Congress of the United States write a labor law that will serve as a Charter of industrial peace at home. And let that Charter be dictated by decent and loyal Americans who believe in true democracy. The war strikers and their racketeer leaders have no more right to help write that Charter than Hitler or Tojo would have had to help write the one written at San Francisco.

The time has come to stop coddling treason!

Editorial --

A Dash Of Cold Water

This is another of those periods in which a little cold water possibly would not be amiss.

While all this is going on, the army continues its relentless pressure with Superforts and land-based fighters against the enemy.

Nothing could be better, yet unless a miracle is brought to pass, it isn't in the cards.

Aggressive Concerns

Big Spring takes pride in listing Cosden Petroleum Corp. and the Texas & Pacific Railway Company as its two major industries.

In our own community, Cosden stockholders have just named a new board and received the president's report which not only reflects sound progress, but plans for militant postwar activity as well.

At the same time the T&P has announced a refinancing program as well as placing of orders for the latest type of passenger equipment for its line.

Back In Multi--

War Is Hell, But...

By HAL R. COOPER AP Newswriters

WASHINGTON -- Two weeks after doffing the baggy khaki of the Air Corps I feel justified in reporting the establishment of a small beachhead on the shores of civilian life, and am regrouping my emotions for a deeper penetration.

Many major obstacles lie ahead -- the deciphering of ration books, the computing of pay-as-you-go income taxes, the foraging for food, and finding a place to live in a city where the dogs are doubling up in their kennels.

I tacked on to a block-long queue in front of a drug store this morning and wound up with two packs of a brand of face I never heard of.

Hollywood--

'No,' Says Benchley, 'It Is Written'

By BOB THOMAS HOLLYWOOD --

On behalf of the Benchley Lovers of America, Los Angeles Post, I went to plead with the actor -- humorist to return to the typewriter.

in which I watched him--"Snafu," which means even less spelled backwards.

At least Benchley is getting an education. "I have perfected the knack of reading a book on the set," he said, "and I can usually finish six or eight books during a picture."

Benchley is the amazing phenomenon of a dramatic critic who turned actor. The question arose whether his fellow players are now antagonistic toward him because of notices he might have given them as a reviewer.

It is strange why Benchley continues acting to the neglect of his literary pursuits. He doesn't like to see movies. He dislikes Hollywood. As far as recognition is concerned, he claims his roles are too minute to warrant attention from the critics, and he asserts that his friends usually say, "I saw your latest picture last night. My, that's a nice suit you're wearing."

About the only kickback Benchley ever received for something he had written was when he was playing with the late Helen Westley. When she first saw him, she said: "I didn't like what you wrote about me, you blankety-blank, and I'm going to upstage the hell out of you." She did, too, leaving Benchley's part in obscurity.

The Unseen Audience

With The AEF: Roadside Canteens Cheer Homeward Bound GIs

By GEORGE TUCKER (Substituting for Hal Boyle)

WIESBADEN, Germany, (AP) -- The army has flung a chain of roadside canteens through southern Germany, Luxembourg and northern France to cheer departing GIs on their way back home to civilian life or to the Pacific.

Let high and the sky was the limit. Saarbrücken the French occupation forces were giving the German civilians a realistic lesson in what it means to start a war and then lose.

The canteens have since and sandwiches available at all hours of the day and night. They are not under single roofs but are flung out for a quarter of a mile in separate roadside tents so that entire convoys can spill out of their jeeps and trucks and refresh themselves without having to queue up in time-wasting lines.

French MPs in immaculate white helmets, belts and leggings swarmed all over the place. French artillery wound through the rubble heaped streets. Tanks puffed in and out of central sectors and officers were everywhere barking orders.

I recently made a 200-mile trip in a jeep with Pfc. George Fitzsimmons of Hillside, N. J. We found one canteen occupying six big tents, each 100 yards apart. There were wooden benches with dozens of basins of water for the Yanks to rinse their hands. The coffee was in 10-gallon urns, scalding hot. Sandwiches were in mounds two

feet high and the sky was the limit. Saarbrücken the French occupation forces were giving the German civilians a realistic lesson in what it means to start a war and then lose.

Washington-- The Private War (If Gen. Bradley)

By JACK STINNETT WASHINGTON--

When that deceptively quiet human dynamo Gen. Omar Nelson Bradley comes back to Washington in August to take over the Veterans Administration, he will face just as tough a job on the home front as he faced in the Mediterranean and European war theaters.

th Germans in the west. However, most of that campaign he was chained to his desk--an executive directing the operations of three armies totaling a million men. The ramifications of VA, as multitudinous as they are, can be no more complex than those he already has met and mastered.

That the Veterans Administration is an antiquated bureaucracy is no reflection on Brig. Gen. Frank T. Hines, whom Gen. Bradley will succeed. Hines took over VA 22 years ago when he had to break ground with a short-handled spade.

Gen. Bradley leads a Spartan daily life. Like President Truman he's a 6:30 riser and a tireless worker. His 52 years rest lightly on him. He once was described as having "the stride, energy and bearing of a well-built farmboy." His tastes and pleasures are as simple as if he had never moved away from Moberly, Mo.

The night before I hung up my uniform I spent some time in a neighborhood tavern. It was full of beautiful girls. They swarmed around, admiring my wings and medals, and encouraging me to let about life in the wild blue yonder. My every word they appeared to believe without reservation.

Those who have been with him in this war say few men of rank command such loyalty from those who work under them. He is quick to reward merit and patient only up to a point with incompetence. Moreover, they say, he's almost famous for ignoring Army politics. If he can do all that in reorganizing VA, he will have won another major campaign.

In 1940, however, VA was a dying agency. Had peace continued it would have lingered for many years. Now suddenly it is discovered that this moribund bureau is going to have to carry five or six times the load it carried at the peak of its efficiency, at the same time administering legislation far broader and more complicated than any that ever benefited the soldiers and sailors of the last war.

Those who have been close to Gen. Bradley through his brilliant campaigns in this war are certain he can and will do the job. Gen. Dwight D. Eisenhower once rebuked the war correspondents for not keeping a closer eye on Bradley. "He's the brains of this army," Gen. Ike said. And the boys found out he meant it. At the time Gen. Bradley was mapping out the Normandy breakthrough that led to the collapse of

Washington Merry-Go-Round--

Rye Speculation Almost Goes Awry

By DREW PEARSON WASHINGTON--

The congressional hullabaloo over attempts to corner the American rye market has only scratched the surface. This is the inside fact.

General Foods with an order to show cause why they should not be barred from the Chicago grain market.

If Congress should ever do deep enough, it will unearth one of the juicier stories of riding the grain market the country has heard for a long time. Including some of President Truman's close supporters, chiefly Ed Pauley, former treasurer of the democratic national committee.

Other democrats active in rye were Senator "Pappy" O'Daniel of Texas, Senator "Happy" Chandler of Kentucky, Attorney General Bob Kenny of California, and Senator Scott Lucas of Illinois. Senator Lucas was chiefly engaged in trying to lift transportation restrictions so the Chicago boys could unload their tremendous quantities of rye. Chandler and Kenny were let in on the deal through their friend, Ed Pauley. Their profits were relatively small, Chandler making less than \$100.

They were stowaways compared with the really big operators, General Foods, owned in part by Mrs. Joe Davies, wife of Roosevelt's former ambassador to Belgium and to Russia. General Foods, after buying 89 per cent of all the deliverable supply of rye and being stuck with it, then performed a beautiful salesmanship job in persuading the Belgian government to take a million bushels off its hands--paid for by U. S. taxpayers through lend-lease.

Meanwhile, speculation continued. Rye still was the only grain on which there was no price ceiling. It was the only grain in which speculators could operate, and by the winter of 1944-45 other people besides General Foods were in the market. In fact, a lot of money held by wealthy European refugees in this country went into rye. This refugee money played rye against General Foods. They sold short.

The department of agriculture has now ordered a hearing on the earlier rye gyrations of General Foods. However, no hearing has yet been ordered on more recent developments, including the operations of democratic bigwig Ed Pauley and the glamorous salesmanship by which a million bushels of rye were unloaded on the Belgians.

As a result of this trading, the gigantic total of one billion rye futures was out against a 30-million-bushel crop in the winter of 1944-45.

One other interesting point is why the War Production Board ordered distillers to use 10 per cent rye in making grain alcohol. Obviously this helped the General Food boys get rid of their vast rye hoard.

Belgium wanted rye as cattle feed, in order to build up its herds, seriously hit during the German occupation. Under war food rules, rye cannot be used for anything but human consumption. However, after receiving promises (but with no guarantees after delivery) that the rye would be used for human food, the Foreign Economic Administration ordered the Commodity Credit Corporation to purchase 1,044,000 bushels of rye for Belgium. Simultaneously, FEA ordered 3,005,736 bushels for UNRRA, to be used in feeding Poland, Czechoslovakia, and Yugoslavia, which are legitimate rye-consuming countries.

Finally, in May, 1944, the General Foods rye corner reached the stupendous total of 13,262,000 bushels or 89 per cent of the entire rye crop.

The rye was purchased very quietly on March 19, 1945, and officials of the Commodity Credit Corporation made a careful effort not to let speculators know what was happening.

However, some of the politicians presumably were in the know, for it was about this time that the friends of Ed Pauley came in on the deal. Pauley, now U. S. representative from Missouri, has lousy fingers. Whatever he touches turns to gold. Ed is a generous man. And several friends climbed aboard the zooming rye market.

As news of the Belgian deal leaked out, rye soared so high that the Commodity Credit Corporation

Brighten your kitchen with potted plants, colorful towels and gay pictures.

The rye was purchased very quietly on March 19, 1945, and officials of the Commodity Credit Corporation made a careful effort not to let speculators know what was happening.

sold 50,000 bushels it had left over from the Belgian transaction at a lush profit of \$20,000.

Meanwhile, the Belgians wanted more rye--at the taxpayers expense through lend-lease. But this time FEA turned them down. Finally, the Belgians offered to pay their own cash and were allowed to buy half a million more bushels on the promise that they would not use it for cattle feed. Actually, they wanted to buy even more. But the U. S. army stepped in and bought a million bushels, partly to keep it out of Belgian hands.

By this time, valuable freight-car space needed for wheat was being used to carry rye to the Atlantic seaboard. And every time a few freight cars were loaded with rye, an item appeared in the press--obviously a planted story by those interested in boosting the price of rye.

So finally the department of agriculture stepped in and embargoed rye shipments to the Atlantic seaboard. It was at this point that Senator Scott Lucas of Illinois used his influence to try to keep rye moving. He was acting at the behest of his friends on the Chicago Board of Trade, who wanted to clear rye out of Chicago. There is no evidence that Lucas was financially interested.

Simultaneously, Senator "Pappy" O'Daniel of Texas also began buttonholing officials in order to permit the movement of rye. Pappy was working at the behest of Ralph Moore, who, in turn, was working with Dan Rice, the rye manipulator for General Foods.

All the more recent senate lobbying, however, failed to budge new Secretary of Agriculture Clinton Anderson. He has remained adamant that freight-car space eastward must be used for wheat, dairy feed, and other more essential grains, rather than helping General Foods unload the millions of bushels of rye which they hoarded in one of the greatest grain speculations of the century.

Note--General Foods has come out of the deal in good shape. It looks as if they made real money. The price of rye has risen from around .52 cents a bushel, when they first went into the market in 1942, to around \$1.30 a bushel. In addition, Belgium and UNRRA came to their rescue, and finally the War Production Board has thrown out another life-saver by resuming the distilling of whisky. This means that General Foods has probably sold another million bushels of rye to the whisky distillers this month.

World War I Vet Arrives At Field

Master Sergeant Richard Ike, small arms chief at the bombardier school, met a new problem on his hands when a 75-millimeter artillery piece arrived recently to be installed on the parade grounds. An artillery technical manual, a lot of head-scratching, and a couple of former artillery men, since transferred, were all called into play to unpack and dismantle the gun for cleaning—and then to rebuild it.

Radio Officers Set Afternoon Deadline

MIAMI, Fla., July 18 (AP)—Flight radio officers in the Latin American division of Pan American Airways have set 5 p. m. today as their deadline for the airline to meet demands for wage increases. The 174 officers, members of an independent union, declared the strike call issued earlier this week still stands, despite a request from the National Mediation Board that it be delayed. The strike would affect flights from Miami, New Orleans and Brownsville, Texas to Central and South America.

PAW Increases Texas Crude Oil

AUSTIN, July 18 (AP)—A request from the petroleum administration for war that Texas increase crude oil production by 10,000 barrels daily in August to a total of 2,100,000 barrels was before the railroad commission and oil operators at a statewide hearing today.

The federal agency asked that the increased production be granted West Texas fields in commission districts 7-C and 8.

Total certification for Texas production next month, including condensates and natural gasoline was 2,356,000 barrels daily, up 13,000 barrels from the July certification.

Normally the commission adopts an allowable pattern calculated to result in production slightly above the PAW certification.

Purchaser nomination for August, the commission reported, total 2,363,464 barrels of crude oil, an increase of 18,904 over July nominations. West Texas nominations were 533,236 barrels, an increase of 7,263 over July. PAW has certified that West Texas production should be 513,000 barrels daily next month.

Negro Charged With Forgery Recaptured

Lee Holmes, negro charged with forgery, was back in the Howard county jail Wednesday after eight days of freedom following a break from the local bastille on July 8.

Sheriff Bob Wolf said he was arrested in Odessa on Monday after he had received a tip as to his whereabouts. Together with the Ector county sheriff, Wolf made the arrest. Holmes, said the sheriff, had set up housekeeping under a loading platform at the Odessa stockyards. As Wolf neared, the escapee made a break for it and ran smack into the arms of the Ector county sheriff.

Holmes made his escape by prying a previously sawed section in the runaround and cutting the jail screens.

Construction To Start On New Grocery Store

Construction is to start soon on a new grocery building for Thornton Food store, Jess Thornton, owner, announced Wednesday.

The building is to be located on Eleventh Place just north of the Donley street intersection, will be of brick tile and steel construction with oval roof. The front will have burnt brick columns with tile walls to be white stuccoed. Dimensions are 40x70 and construction cost is approximately \$6,000. Contract has been awarded to the Gary Construction company.

School Transfers Slow In Coming In

Transfers between districts within the county continue to come in slowly, said Walker Bailey, county superintendent, Wednesday.

Failure to transfer, in most cases, means that the parent or guardian of the child which is taken to school in another district will have to pay the amount of the state per capita, which is \$30 this year. This is based on the premise that the transfer is out of a district which offers the grade to which the child is assigned.

Poor Digestion? Headachy? Sour or Upset? Tired-Listless?

Do you feel headachy and upset due to poorly digested food? To feel cheerful and happy again your food must be digested properly.

Each day, Nature must produce about 10 quarts of a vital digestive juice to help digest your food. If Nature fails, your food may remain undigested—leaving you feebly and irritable.

Therefore, you must increase the flow of this digestive juice. Carter's Little Liver Pills increase this flow quickly—often in as little as 30 minutes. And, you're on the road to feeling better.

Don't depend on artificial aids to counteract indigestion—when Carter's Little Liver Pills aid digestion after Nature's own order. Take Carter's Little Liver Pills as directed. Get them at any drugstore. Only 25¢.

Bond Set For Man Held For Burglary

Bond of \$2,000 was set by Justice of Peace Walter Grice Wednesday when Jessie Coy Kimbrough waived examining trial on a charge of burglary.

Kimbrough, who had worked in oilfields out of Odessa, was charged with breaking and entering the package store operated immediately north of town by Lottie Marchbanks.

The alleged incident occurred on July 10, 1945, according to the complaint. A 22 rifle and 17 cases of whiskey were missed from the store.

Kimbrough was taken into custody at Big Lake and Sheriff Bob Wolf, who returned him here, said that after a plaster cast of tire mark was produced, the prisoner made a statement.

Wolf said also that four other men were being held in various places in connection with this and other cases, and that another was being sought. Sheriff Wolf said that cases in Odessa and Big Lake were involved.

The July 10 burglary was the second in seven months for the local package store, a loss in excess of \$700 having been reported in November 1944.

Mrs. Clara Driscoll Dies In Penthouse

CORPUS CHRISTI, July 18 (AP)—Mrs. Clara Driscoll, 64, former national democratic committee woman from Texas, well-known business woman and philanthropist, died at her home here last night. She had been ill for many weeks in her penthouse apartment atop the Driscoll hotel, which she owned.

Tentative funeral arrangements have been made for her body to lie in state in the Alamo from 10 a. m. to 1 p. m. tomorrow. Services will be held at St. Marks Episcopal church, San Antonio, at 2 p. m. tomorrow, and burial will be in the family mausoleum in the Masonic cemetery there.

To Texas, Mrs. Driscoll was known as the "savior of the Alamo" for her work in preserving the Alamo as a permanent Texas shrine.

Sailors Charged In Constable Killing

LAREDO, July 18 (AP)—Two sailors charged jointly with murder in the shooting of Deputy Constable Juan Novoa here July 7 will be turned over to the navy, District Attorney E. J. Kazen said yesterday.

The pair, Seaman 1 C George A. Baker of Louisville, Ky., and Seaman 2/C Thomas J. Larkin of Queens, Long Island, N. Y., will be taken to the Kingsville naval air station, where they were held. Baker is only 16 years old, and thus cannot be prosecuted under Texas felony laws, naval authorities informed Kazen. Larkin is 18.

Berlie Fallon Made Captain In Italy

Mrs. and Mrs. Claude Fallon have received word of the promotion of their son, Berlie Fallon, to the rank of captain.

Capt. Fallon, previously in a technical service, was transferred to special services with the fall of Germany but is still stationed in Italy. His new assignment, he wrote, has turned out to be a bigger job than his original work. He hopes to be back home in a few months.

Moore Trustees Will Open Bids

Trustees of the Moore common school district will open bids at 2:30 p. m. Saturday for the construction of a school building.

The district's building was destroyed by fire last spring. Walker Bailey, county superintendent, said no bids have been received but several contractors have made inquiry about the job.

Saturday between the hours of 8 a. m. and 7 p. m. the Knott County Line Independent school district will hold an election of a \$10,000 school building issue. Proceeds would be used to finance the construction of one central plant to replace several frame buildings now in use.

Youths Charged In Bludgeoning Death

LAREDO, July 18 (AP)—Murder charges have been filed against three youths in the bludgeoning death Monday of J. I. Pruitt, 62, night watchman for a Port Arthur night club, Police Chief Claude Goldsmith said yesterday.

One of the boys, Eltren Mendez, 17, was arrested by Webb county officers at Laredo yesterday and he stepped from a San Antonio bus. The others, Darrell Colunga, 17, and Romero Rivera, 16, were arrested here.

Pruitt died soon after he was found unconscious from blows inflicted possibly by a hammer.

Tuesday Service One Of Best Of Revival

Church of Christ members counted Tuesday evening's service as the best of the current revival meeting.

J. D. Harvey, minister, said that five confessed Christians were baptized, one was restored and three introduced to fellowship. Raymond Keley, who is the evangelist, is bringing some of the best gospel messages heard at the church, said Harvey. Response in attendance is unusually good, reported the local minister. The meeting continues daily through Sunday.

Crumbling Culvert Drops Bus In Water

RICHMOND, Va., July 18 (AP)—A bus carrying what Richmond police said was a load of some 42 or 43 passengers was borne into a swift-running stream around 3:30 a. m. today by a culvert which crumbled under the impact of swollen waters.

William E. Jones, filling station operator whose business place is near the scene, said the bus was an incoming Greyhound bus from Norfolk.

The accident occurred within the city limits of Richmond, approaching the Williamsburg highway.

It had not yet been determined whether there were any fatalities. However, a large number of persons including women and children, were assisted from the bus and taken to the medical college hospital here.

Police and other authorities were at the scene attempting to reach the bus in an effort to determine whether anyone was still in the water-filled vehicle.

Panhandle Promised German Laborers

DALLAS, July 18 (AP)—Rep. Eugene Worley of Shamrock said yesterday the Eighth Service Command had promised to send as many German laborers to the Panhandle as the area can absorb under government requirements.

Worley has just returned from a two-month tour of Europe. In an interview here, he said that America must retain its interventionist policy after the war. The \$300,000,000 war debt can be retired only by building up a strong foreign trade sufficient to keep up production in America, Worley declared.

Soil Conservation Checks Received

What county AAA officials believe to be the last block of soil conservation checks on 1944 practices have been received.

Total now stands to \$151,483.64, according to tabulation by Mrs. Felton Smith, Sr. and cover 860 participating farms with 973 checks.

M. Weaver, county administrative assistant, previously had estimated that the total would be \$150,000.

PILOT KILLED

PLYMOUTH ARMY AIR FIELD, July 18 (AP)—Pvt. Henry W. Sahr, 24, of Chicago, Ill., was killed yesterday when a single engine plane he was flying crashed a mile north of Plymouth Field, Col. Algene E. Key, commanding officer, announced last night. Next of kin have been notified.

Stirring air into foods while they are cooking causes vitamin destruction.
