

THE MIDLAND REPORTER

AND GAZETTE-EXAMINER

VOLUME XXVI

MIDLAND, TEXAS, FRIDAY, MARCH 3, 1922

NUMBER 22

HENRY M. HALFF SELLS HERD BULLS

SALES LATELY PROMPT COMMENT UPON ADVERTISEMENT IN THIS PAPER

In view of sales made lately The Reporter is pleased to comment on the advertisement of Henry M. Halff, of Midland, which appears in another part of this paper, and which expresses Mr. Halff's ambition in the Hereford business. Mr. Halff's hobby, or motto, or ambition is to "Save the Freight." If you ask him why he is raising registered Herefords he will tell you that there is a demand in his home town and in his home county for large numbers of registered Hereford cattle. Although he and his father before him have been in the cattle business for the last fifty years, it was only about fifteen years ago, or to be exact, in 1907, that Henry M. Halff realized that the land which he owned in Midland County had become so valuable that nothing but pedigreed Hereford cattle would produce a satisfactory income on the present values.

At that time Mr. Halff was offering to sell this land at \$15 to \$20 an acre. He estimates that 20 acres will more than sustain one cow, and since his cows produce for him more than \$100 per head per annum, this land is making an income of 10 per cent on a \$50 valuation, 5 per cent on \$100 valuation, or 50 per cent on a \$10 valuation, the last named figure being the price he paid for this land, whereas the best farming lands in the United States will hardly produce over 3 per cent on their present valuation.

It is true that Mr. Halff's cows do not produce a calf crop of 100 per cent, although some of his best cows do have a calf every eleven months; and although he sells some of his cattle at \$100 or even less, the average is more than twice that much.

Mr. Halff is very proud of the fact that every breeder of registered Hereford horned cattle in his county has bought herd bulls from him, and many of them have repeated, to say nothing of the females he has sold to his neighbors.

Although he makes a special effort to trade with his neighbors, he has sold many herd bulls to breeders all over Texas, Oklahoma and Missouri.

To My Friends and Supporters

Having become associated with the Hon. John L. Dyer, in the practice of law at El Paso, Texas, I am withdrawing my candidacy for District Attorney of the 70th Judicial District. I want to thank my friends and supporters for the courtesies shown me during the time that I was a candidate and for the assurance of their support. Respectfully,
Clem Calhoun.

Cattlemen report stock badly drawn as a result of the extreme cold and snow Monday, Tuesday and Wednesday, and the nights thereof, though very little loss. Some poor cows have died, but most stock in the Midland Country are in good winter condition and the loss was correspondingly small. This has been our severest weather of the winter. The snow, however, was not sufficient to put out any moisture.

MRS. STERLING WRITES OF VISIT TO ROCKPORT

The letter following will be of interest to the many friends of the writer, Mrs. C. L. Sterling:

Rockport, Texas.
Dear Reporter:
This would be a lovely wintering place were it not for the wind. It blows almost perpetually, but it is from the water and not full of sand. It interferes with the fishing, which is done from a narrow wharf aligning a small part of the harbor of the shipyard. It is true that we have caught many fine trout, plenty of fan fish, some halibut and several eels. Oysters are to be had for the finding and opening, but the easy way is to buy them at 50 cents per hundred. There are no promenades on all this shore line, which are covered with oyster shells. In fact it is the most unsightly shore I have seen anywhere. The storm of two and a half years ago, left a track of destruction to be seen everywhere, much of the

live oak timber was destroyed. It is a healthful pleasant climate, orange trees are to be seen but it is not an industry to raise them, though they are raised on this and a lower parallel of latitude. We cut only Texas grown oranges and grapefruit, and they are quite as sweet as the Florida grown citrus fruit.

I quote what G. H. M. Wilson, formerly and for some years pastor of the Baptist church in Midland, wrote me from Mathis, Texas, where he lives now and has an orange grove.

"We are convinced that this country from Brownsville to the mouth of the Guadalupe river and 50 miles north from the coast line, cannot be excelled anywhere in Florida or California for growing citrus fruits with the same care and attention. This section is decidedly the most healthful I have ever been in."

I was greatly surprised at this authentic information. This indicates a wonderful development in view for Texas. All of us are well. Mrs. Cowden has had no touch of illness here, and John M. is robust and working hard for a living. Hoping to see The Reporter next week with all the home and staked plains news,
We are very truly yours,
Mrs. C. L. Sterling.

BIGGEST MOVEMENT IN PAST SIX MONTHS

The biggest movement of cattle from Texas points to northern markets within the last six months, has been on for the last three weeks, W. V. Galbreath, general live stock agent of the Missouri, Kansas & Texas Railway, with headquarters at Fort Worth, said in San Antonio Saturday.

Galbreath predicted a better cattle market and brisker trading toward the middle of the summer of 1922, and advised investors who can, to purchase cattle now at the present low price levels and hold them until next fall when the market will be greatly improved.

LINCOLN MCCONNELL MARCH THE NINTH

The coming of Lincoln McConnell, the seventh number of our lyceum course, will be welcomed by all Midland people, whether subscribers to the course for the winter or not. Mr. McConnell enjoys the reputation of being one of the greatest lecturers in the South. His subject is "The Guy that Delivers the Goods," and he delivers the goods. Rev. W. A. Smith, of the Methodist church of our city is personally acquainted with him and will introduce the speaker on next Thursday evening in the Methodist church.

For a quarter of a century Lincoln McConnell has been "delivering the goods"—to steal the famous title of his famous lecture. In hundreds, yes thousands of lyceum and chautauqua communities throughout the length and breadth of the land, "Linc. McConnell" and "The Guy that Delivers the Goods" are synonymous. It is his latest talk—and folks everywhere proclaim it his best. It is a miracle lecture—a most exhilarating and refreshing "tonic talk" which actually

ACQUIRE INTEREST SHREVEPORT FIELD

MIDLAND MEN RETURN FROM THERE FIRST OF WEEK MUCH ENTHUSED

A number of Midland business and professional men are interested in the famous Bell View shallow oil field near Shreveport, La., having acquired holdings there and will develop them as soon as an outfit which is at present en route to the field can be set up and put in shape to begin operations, it became known here the first of the week.

These men are Dr. J. G. Hall, J. M. Jemison, O. P. Jones, J. A. Haley and the Messrs. Cowden. They have 329 acres in this field which is acknowledged to be the greatest shallow oil field in the world and is the location of many producing wells, all of which are flowing at various rates per day, the largest making around 800 barrels, at a depth of only 312 feet. The Bell View field is the wonder of all oildom and is the scene of activities by practically all of the larger operators of the United States.

In speaking of the Bell View field, Dr. J. G. Hall, one of the men who are engaged in the venture said: "This field presents a scene of hectic activity. Vast sums of money are being spent in this field for drilling, pipe lines, tank farms, loading racks, and all the many items that go with the development of a great oil field."

"Inasmuch as the pay sand is found at a very shallow depth the expense connected with drilling is much less than in any other locality and this has caused great interest to be manifested in the development of this particular section.

"We plan to begin work on the actual drilling on our holdings in this field at an early date and will continue until they are fully developed. We have a complete drilling outfit on the way and it will be fitted up as soon as it arrives at the field and actual drilling operations will be under way within a short time."

puts punch in "peppless" people. Nothing can ever be like it—for it is typically Lincoln McConnell—that's all.

As to McConnell, he is the busiest man in lyceum. He is booked ahead so far now that he won't have a vacation for the next ten years. Everywhere he appears the lyceum family insists on a return date. He is a top notcher in platform work. Ralph Parlette says of him:

"I wish everybody who don't like lectures could hear McConnell. He preaches out of his life—not his library. You laugh and cheer, and wipe away the tears—and all the time he is saving you!"

The Reporter had much difficulty with its issue this week. Our linotype or the burner thereof, went to the bad, and we lost more than two days of typesetting. This was bad enough, on top of the snow storm, and the paper is only half size this week.

J. H. Yates, of Van Horn, was in the city Sunday and Monday.

OIL DEVELOPMENT IS ON INCREASE

BOTH BIG SPRING AND PECOS PAPERS AGAIN ENTHUSE OVER PROSPECTS

So often has The Reporter recited that there are now no activities in oil development immediately adjacent to Midland that a repetition is unnecessary. We emphasize, however, that discovery of commercial production at either Big Spring or Pecos will renew interest at Midland, and for this reason our oil and "potash" prospects have not "gone by the board" by any means. Midland people take a lively interest in the activities of these fields of wildcatting, and the following is from the last issue of the Big Spring Herald:

Morrison well No. 2 of the Underwriters Oil Company in Mitchell County has attracted much attention the past week and hundreds of automobiles have conveyed visitors to the well.

It is estimated that more than 500 automobiles were there on Wednesday when it was planned to drill the well in. After drilling about two feet, however, it was decided not to go deeper. We learn that the well will be deepened by easy stages.

From all accounts the well continues to show up stronger and with an increasing gas pressure. Some of our folks who were at the well Wednesday reported that it flowed by heads for thirty minutes. A telephone message from Colorado, Thursday night gave the information that the well flowed by heads one hour and 28 minutes Thursday.

Two big 500-barrel storage tanks have recently been installed at the well to take care of the oil that is now being secured from this well. Oil men state that the oil in Morrison No. 2 is quite different from the oil in T. & P. No. 1 and the Foster No. 1.

It is hoped that Morrison No. 2 can be brought in a gusher but even though it isn't, it has shown that it is going to pay to continue development in an effort to locate a big pool in this section of West Texas.

We were unable to get any information as to the depth of the Brunson well, 35 miles southwest of Big Spring this week, as the drillers were off duty when a representative visited the well this week.

With a fuel shortage and a fishing job to contend with, not much progress has been made the past week on the Enders-Cushing test, twenty miles southeast of Big Spring. A car of coal, now 13 days overdue, seems to have mysteriously disappeared in Oklahoma City, and it has been necessary to haul coal from Big Spring, which is somewhat of a job. The tools were successfully recovered so everything is now O. K.

Underreaming has been in order this week to cut off all water and insure a dry hole so plans for drilling in the well can be successfully completed.

A black shale has been encountered and oil men who have visited the test recently claim it should not be much deeper to oil and those in

charge are going to have the well in shape should oil be found below this favorable looking shale.

The operations of the General Oil Company are temporarily suspended pending a decision of the court proceedings to be held at Houston.

The question of whether the affairs of the company would remain in the hands of the receivers, or the entire holdings sold at public auction was to have been heard before a district judge in Houston, Texas, last Saturday but we understand the hearing was postponed.

We did not learn the date set for the settlement of this question.

DISCOVERY WELL STILL AN ACTOR IN PECOS FIELD

"Watchful waiting" still attends the operations of the drillers in the Pecos oil fields, so far as the general public is concerned, in spite of the fact that there is no waiting policy on the part of the operators nor their crews of drillers.

The advanced development of the Toyah-Bell naturally holds the interest of the public here at home, as it has with each day during the week appeared to gain in strength in both oil and gas, emitting a flow of oil which is almost continuous in variable volumes.

In talking with one of the owners of the well this noon, the Enterprise editor was informed that drilling was steadily proceeding at a depth around 4500 feet, following a temporary shutdown for minor repairs.

Mr. Ramsey stated that the formation in which they were drilling was a black sandy shale, which is sufficient inducement to continue operations to lower levels with a hope of uncovering the big pay.

D. W. Brunson returned last week from a business trip to El Paso.

MIDLAND WILL BE WELL REPRESENTED AT SHOW

On March 16th, when the Stock Show at Fort Worth opens its doors there will be found some ribbon winning cattle from the Midland Country. These cattle will be the pick of three herds, and will be entered by B. N. Aycock, Jno. M. Gist and Henry M. Halff. Mr. Aycock is to enter 10 head, males and females, from his prize males, Champion Hector and Beau Blanchard. All of them will be young Hereford breeding cattle.

Mr. Gist is to enter about 15 prize winners, the choice of his herd. This herd contains some of the finest cattle in West Texas, and those picked for show will be hard to beat. This herd will be shipped next Saturday. Mr. Gist has some of the finest yearlings to be seen in all the Midland Country.

Mr. Halff is to ship 12 head, mixed, as follows: Four nurse cows, Herefords; 2 bulls and 2 cows, Herefords (registered); 2 steers, yearlings (registered); 1 grade Hereford steer, and one Holstein cow (registered). These were picked from Mr. Halff's complete herd, and will be entered with the hope of winning the blue ribbon.

Mr. Gist is taking some choice cat-

RANCH AGENT FOR MIDLAND SECTION

WILL WORK CO-OPERATIVELY WITH EXTENSION SERVICE OF A. & M.

Representatives of the Texas Agricultural and Mechanical College visiting Midland Tuesday, Feb. 28th, and meeting in conference with representative cattlemen of the Midland section, formulated plans for an organization of cowmen similar to the Highland Hereford Association, with a representative whose headquarters will be at Midland and who will assist the members in every way possible.

Jno. N. Simpson, who is a graduate of Texas A. & M. College, and a ranchman of wide practical experience, has been selected by the extension service of A. & M. College in co-operation with the cattlemen of the Midland Country, as a representative to work in the capacity of ranch agent.

Mr. Simpson will move his family within a few days to Midland, which place will be his home and headquarters in every way possible in dealing with and handling all ranching problems co-operatively in character, and also to give whatever individual assistance he may be able to offer.

The conference consisted of some fifteen representative cattlemen and was presided over by B. N. Aycock as chairman. Much interest was made manifest in the project and round table discussion continued until about 4 o'clock in the afternoon.

Mr. Simpson's office headquarters will be designated soon by a committee of five of which Mr. Aycock is chairman.

Representatives of the A. & M. College present were: H. H. Williamson, State agent of the extension service; W. T. McGee, animal husbandman of the extension service, and Jno. N. Simpson.

tle down to sell at auction. These cattle will, in all probability, top the market.

Mr. Halff has sold 36 head of registered stock since Jan. 1st, at an average of \$175 per head. One bull was sold to J. H. Yates, of Carlsbad, N. M.

LITTLE GIRL KILLED BY ROLL OF WIRE FALLING ON HER

Word was received here this week that Consulla Smith, young niece of Mrs. Chas. B. Herrmann, had been killed by a roll of wire falling on her. Many will remember the little girl who visited her aunt in Midland some months ago, as being a bright, winsome and most intelligent child, and all are indeed sorry to learn of her most untimely death. The Reporter joins in with our entire community in offering condolence to the bereaved.

Roy Parks and Byron Bryant left via automobile Tuesday morning for Fort Worth. They will remain until after the Fat Stock Show and Live Stock Exhibition which begins on the 11th of this month.

Henry M. Halff, one of our prominent cattlemen, visited in Sweetwater Tuesday night, returning to Midland Wednesday.

EXPLOSION CAUSES CONSIDERABLE DAMAGE

An explosion wrecked the dry room of the Middleton Tailor Shop here on last Monday morning at about 10:30 and caused damage estimated at \$300.

While opinions differ as to the cause of the detonation, it is thought that a short in a fan which had been placed in the dry room was responsible for the explosion.

The dry room was demolished and the plate glass front of the building that houses the Inman jewelry store and the Middleton Tailor shop was shattered into a thousand fragments. No one was injured but it is safe to say that many were rendered extremely nervous by the proximity of the exploding steam and gasoline vapors. The fire department was called out and almost before the fire whistle had ceased sounding they were on the job and giving efficient aid in suppressing the flames which sprang up.

FOLLIES OF 1922 PULLED SOME "SHOW" MONDAY

The "Follies of 1922," an aggregation of jazz fiends, slap-stick comedians, and bobbed haired chorus girls made their initial appearance in Midland last Monday for a two-nights' engagement at the Rialto, but upon arriving in town they pulled an early afternoon matinee which would have made Jack Dempsey hang his harp upon the willows and sit down. We have been informed that the matinee consisted in a free for all, strictly modern, up to date jazz fight between themselves which resulted in several eyes going into deep mourning. The dispute, we are informed, arose in the "ghost" failing to walk in scheduled time, the various members demanding back pay and the manager couldn't or wouldn't, "come across with the needful." The show passed us up; some went east, some went west and some went—darn'd if we know where!

Mrs. B. F. Dyer left Sunday for an extended visit to her son, Frank, in Dallas.

Billy Rankin, a student of Daniel Baker at Brownwood, was here last week visiting friends and relatives.

Our esteemed old townsman, "Uncle Chris" Scharbauer, has been quite ill lately and confined to his bed. Friends will be much pleased to know his condition is improved.

Dear Milady: Hurry down to see what the express man brought us! Some very beautiful hats, both tailor and picture sports in all the new and standard shades. We shall be glad to remodel that old favorite of yours, so bring it along. Lack of space compels us to discontinue the sale of gingham for kiddies, so you may have them for a tiny bit of a "song" during next week. Remember, we are west of the First National Bank. Have a hat for every purse. Your own, Whitmeyer's Shop. adv

CITATION ON APPLICATION TO SELL REALTY

The State of Texas. To the Sheriff or any Constable of Midland County—Greeting: You are hereby commanded to cause to be published once each week for a period of twenty days before the return day hereof, in a newspaper of general circulation, which has been continuously and regularly published for a period of not less than one year in said Midland County, a copy of the following notice: The State of Texas.

To all persons interested in the estate of J. R. Dublin, deceased, John Dublin, administrator has filed in the county court of Midland County an application for an order to sell the following property of said estate, situated in Midland County, Texas, to-wit: All of section 29, block 39, t.s.p. 1-south, T. & P. Ry. Co., grantee, cert. No. 3134, Midland County, Texas, and two acres, Survey 28, block 39, t.s.p. 1-south, T. & P. Ry. Co., grantee, Midland County, Texas, and described by metes and bounds as follows:

Beginning at a point on the west line of said Section No. 28, which said beginning point of said two acres is directly opposite and due west of a certain well which is now located on the west side of said survey No. 28, and known as the C. C. Johnston well. Thence south on section line 150 feet for corner; thence east 300 feet for corner; thence north, 300 feet for corner; thence west 300 feet for corner on section line between section No. 29, block 39, t.s.p. 1-south, and section 28 as mentioned above; thence south with said section line 150 feet to the place of beginning, containing 2 acres of land and further described in Deed Records of Midland County, vol. 17, page 412, and vol 21, page 183, which will be heard at the next term of said court, commencing on the second Monday in March, A. D., 1922, the same being the 13th day of March, A. D., 1922, at the court house thereof, in Midland, Texas, at which time all persons interested in said estate are required to appear and show cause why such sale should not be made, should they choose to do so.

Herein fail not, but have you before said court on the said first day of the next term thereof this writ, with your return thereon, showing how you have executed the same.

Given under my hand and the seal of said court at office in Midland, this 8th day of February, A. D., 1922. C. B. Dunagan, Clerk County Court, Midland Co., Tex. 20-3t

The New Modart Corsets for Spring Are Here

J. P. Rankin and J. E. Smith, firm Rankin & Smith, ranching in Upton County, recently sold to Lee Bivins, of Amarillo, about 700 coming 3s and 85 cows. The price of the steers was \$50 around, with the cows at \$40.

F. H. Fujohn and wife of El Paso, were visitors here last week.

W. T. Mann, of Garden City, was a guest of the Llano Thursday.

BACKACHE IS A WARNING
Midland People Should Not Neglect Their Kidneys

Backache is often nature's most frequent signal of weakened kidneys. To cure the pains and aches, to remove the lameness when it arises from weakened kidneys, you must reach the cause—the kidneys. If you have pain through the small of your

back, urinary disorders, headaches, dizzy spells, or are nervous and depressed, start treating the kidneys with a tested kidney remedy.

Doan's Kidney Pills have been proved good and are especially for weak kidneys. Doan's have been used in kidney trouble for over 50 years. Read Midland testimony.

Mrs. J. H. Shepherd, Baird St., says: "Quite a few years ago I had occasion to use Doan's Kidney Pills. I had a great deal of trouble with my kidneys and back and at times my back felt so sore and lame, the least work was drudgery. I had headaches and on stooping, I got so dizzy everything in front of me turned black. My kidneys were irregular and I was all played out, with no ambition to do anything. I started taking Doan's and they cured me entirely so I haven't been troubled since."

Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Shepherd had. Foster-Milburn Co., Mfrs., Buffalo, N. Y. adv 22-2c

**IMPORTANT MEETING
DURING STOCK SHOW**

A Texas Tariff Congress to organize all associations, industries and individuals who believe that Southern products should receive the same tariff treatment as those of other sections has been called to meet in Fort Worth March 15th.

The meeting will be held in conjunction with the meeting of the Texas and Southwestern Cattle Raisers Association, which will be in session here March 14th, 15th and 16th and which will recess at noon on March 15th, in order that the session may be given over to the deliberations of the tariff congress.

The call for the congress is signed by N. A. Shaw, of Texarkana, chairman of the Texas division of the Southern Tariff Association, jointly with John H. Kirby, president of the Southern Tariff Association.

Southern members of congress who continue to vote against a tariff on Southern products in the face of the expressed wishes of 80 per cent of the producers of the South for a compensatory duty, will be the main topic of discussion, and schedules desired by the different lines of Southern industry will also be taken up.

The sessions will be held at the Texas Hotel and a large attendance of those interested in securing a tariff on livestock, hides, peanuts, vegetable oil, petroleum and other products is expected.

**DRILLING RESUMED AT
MORRISON NUMBER TWO**

The Morrison well has continued to flow by heads regularly about every twelve hours during the past week and speculation as to what the well would produce when drilled deeper into the gas sand is running high. The sand that is now producing has been drilled into only three feet up to Wednesday afternoon at 2:30 o'clock when drilling was resumed at 2946 feet. The well was drilled two feet Wednesday afternoon.

J. L. Vaughan, an official of the Underwriters Producing and Refining Company, stated Thursday morning just before leaving Colorado for the well that in all probability the Morrison would be given a nitro shot within the next one or two days, in case deeper drilling did not result in a gusher. W. J. Thomson, the contractor, stated Wednesday night while in the city, that he believed the well would come in for a big producer if shot.

Drilling is progressing at Zilpha Morrison No. 1 and Smith No. 1 at each of these locations, the water shortage has handicapped operations materially, but A. C. Spaulding, contractor at the Zilpha Morrison well, has perhaps lost less time than any other contractor on account of water shortage. He is taking water from wells at the T. & P. well, one and one-half miles east.—Colorado Record.

COURTESY SERVICE FIRST STABILITY

With the Mind's Eye

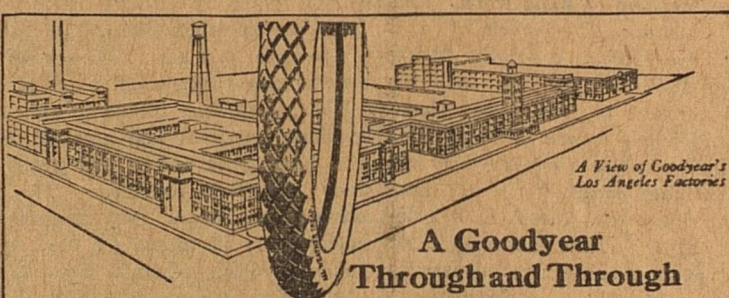

Men first "see" what they create. They visualize things that do not exist. Because of this imaginative power to portray things unborn, the world progresses.

Picture in your mind the future you desire. What station in life do you hope for at forty? How near to it are you now?

Begin at once to attain this goal. Money will help. Start to accumulate a reserve—we welcome growing accounts.

WESTERN MADE—FOR WESTERN TRADE

A Goodyear Through and Through

Without especial ceremony, the Western factories of the Goodyear Tire & Rubber Company started tire manufacture a year and a half ago.

Today these factories employ many hundreds of skilled workmen, and the finished product supplies the entire West.

Today cotton from Arizona and the Imperial Valley, and rubber from the plantations of Sumatra, here are fabricated into tires that in every respect deserve the Goodyear name.

For the identical factors of design, material, construction and inspection that prevail in the Goodyear factories in Akron, Ohio, and Toronto, Canada, prevail also in our factories on the Pacific Coast.

You can buy these Western-made Goodyear Tires through your Goodyear Service Station Dealer, and better tires never were built.

You can buy them at the lowest prices in Goodyear's entire history—far lower, even, than before the war. This combination of genuine Goodyear quality, with the present low prices, assures the user maximum tire service at minimum cost.

Because Goodyear Tires do deliver maximum service at minimum cost, more people ride on Goodyear Tires than on any other kind.

Mrs. H. M. Horton on last Tuesday morning sustained a severely painful and serious accident. She slipped and fell on the ice, at the ranch home southeast of town, and her hip has been intensely painful since. The doctor does not think the member broken, but she has been confined to her bed, and even this morning she still suffers greatly. We all hope she may soon recover.

We are glad to report Mr. and Mrs. B. F. Whitefield now able to be up after several days illness.

W. A. Hyatt, vice president of the Midland National Bank, returned on last Sunday from a business trip to Fort Worth.

Mrs. W. E. Tatum, of Monahans, died at the home of her son in Pecos, Wednesday afternoon at 3 o'clock. W. A. Tatum, operator at the depot here, another son, and Mrs. Mike Garrett, were called to the funeral. Mrs. Garrett is a daughter. Rev. I. H. Teel of the Christian church officiated at the funeral. The Reporter extends condolence to the bereaved.

Mrs. R. V. Hyatt is convalescing after an illness of several days.

Excellent Remedy for Constipation
It would be hard to find a better remedy for constipation than Chamberlain's Tablets. They are easy to take and mild and gentle in effect. Give them a trial when you have need. adv March 1m

Citation by Publication
The State of Texas.

To the Sheriff or any Constable of Andrews County—Greeting:

You are hereby commanded to summon C. A. Atchison, Burl Holloway, T. I. Green, F. L. Torrance, F. C. Greenwood, I. W. Hamil, J. E. Wooten, B. W. Cavender, Wailes Eubank, A. R. Hartley, W. A. Kaderli, trustee, Howard B. Cox, Mason Williams, trustee, and the Vaughn Lumber Company, by making publication of this citation once in each week for four successive weeks previous to the return day hereof, in some newspaper published in your county, if there be a newspaper published therein, but if not, then in any newspaper published in the 70th Judicial District; but if there be no newspaper published in said judicial district, then in a newspaper published in the nearest district to said 70th Judicial District, to appear at the next regular term of the district court of Andrews County, to be held at the court house thereof, in Andrews, Texas, on the third Monday in March, A. D., 1922, the same being the 20th day of March, A. D., 1922, then and there to answer a petition filed in said court on the 20th day of February, A. D., 1922, in a suit numbered on the docket of said court No. 267, wherein L. B. Pemberton is plaintiff, and C. A. Atchison, Burl Holloway, T. I. Green, F. L. Torrance, F. C. Greenwood, I. W. Hamil, J. E. Wooten, B. W. Cavender, Wailes Eubank, A. R. Hartley, W. A. Kaderli, trustee, Howard B. Cox, Mason Williams, trustee, and the Vaughn Lumber Company are defendants, and said petition alleging:

This is an action in trespass to try title brought by L. B. Pemberton, a resident of Midland County, Texas, plaintiff, against the defendants, C. A. Atchison, whose residence is unknown to plaintiff; Burl Holloway, whose residence is Andrews County, Texas; T. I. Green and F. L. Torrance, whose residences are in Fisher County, Texas; F. C. Greenwood, I. W. Hamil, J. E. Wooten, B. W. Cavender, Wailes Eubank, A. R. Hartley, W. A. Kaderli, trustee, Howard B. Cox, Mason Williams, trustee, and the Vaughn Lumber Company, whose residences are unknown to plaintiff. Plaintiff's original petition alleges that on the 6th day of January, A. D., 1920, he was lawfully seized and possessed of the following land premises situated in Andrews County, Texas, holding and claiming the same in fee simple, to-wit: All of section No. six (6) in block A-50, abstract No. 337, C. A. Atchison, original title and restitution of the above described land and premises and for one hundred and twenty-eight (\$128)

grantee, containing 640 acres of land. That on the day and year last aforesaid the above named defendants unlawfully entered upon said above named premises and land owned by plaintiff and the above named defendants unlawfully ejected plaintiff therefrom, and unlawfully withheld said land and premises from plaintiff's possession to plaintiff's damage of one hundred and twenty-eight (\$128.00) dollars.

Plaintiff prays for judgment for dollars damages, and costs of suit, and for such other and further relief, special and general, in law and in equity, that he may be justly entitled to.

Herein fail not, but have before said court, at its aforesaid next regular term, this writ with your return thereon, showing how you have executed the same.

Given under my hand and the seal of said court, at office in Andrews, Andrews County, Texas, this the 20th day of February, A. D., 1922.
(seal) R. M. Means, Clerk,
District Court, Andrews Co., Texas.

"Mother, quick, look what Billy has done and spilled—a whole big box of Kellogg's Corn Flakes. I'll say he likes them a lot!"

**Tomorrow morning
by all means try
Kellogg's Corn Flakes**

Tomorrow morning—set KELLOGG'S Corn Flakes before the family! A feast for the eye and a feast for keen appetites! For, Kellogg's are as extra-delicious as they look as you pour out generous bowlfuls—all sunny brown and wonderfully crispy, crunchy! My, but how they delight everybody!

Kellogg's Corn Flakes are not only distinctly superior to any imitation, but the most fascinating cereal you ever ate! Kellogg's appeal to every age! Little folks and old folks find in them the same joyous pleasure! For Kellogg's have a wonderful flavor—and Kellogg's are never tough or leathery or hard to eat!

Insist upon KELLOGG'S—the original Corn Flakes in the RED and GREEN package! It bears the signature of W. K. Kellogg, originator of Toasted Corn Flakes! NONE ARE GENUINE WITHOUT IT!

Don't forget, KELLOGG'S Corn Flakes are made by the folks who gave you the JUNGLELAND Moving Pictures. Coupon inside every package of KELLOGG'S Corn Flakes explains how you can obtain another copy of JUNGLELAND.

WEAK, NERVOUS, ALL RUN-DOWN

Missouri Lady Suffered Until She Tried Cardui.—Says "Result Was Surprising."—Got Along Fine, Became Normal and Healthy.

Springfield Mo.—"My back was so weak I could hardly stand up, and I would have bearing-down pains and was not well at any time," says Mrs. D. V. Williams, wife of a well-known farmer on Route 6, this place. "I kept getting headaches and having to go to bed," continues Mrs. Williams describing the troubles from which she obtained relief through the use of Cardui. "My husband, having heard of Cardui, proposed getting it for me. I saw after taking some Cardui . . . that I was improving. The result was surprising. I felt like a different person. "Later I suffered from weakness and weak back, and felt all run-down. I did not rest well at night, I was so nervous and cross. My husband said he would get me some Cardui, which he did. It strengthened me . . . My doctor said I got along fine. I was in good healthy condition. I cannot say too much for it."

Thousands of women have suffered as Mrs. Williams describes, until they found relief from the use of Cardui. Since it has helped so many, you should not hesitate to try Cardui if troubled with womanly ailments. For sale everywhere. E.33

The pessimist only sees the hole in the doughnut; the cheery optimist sees the doughnut. At The Reporter printery tomorrow afternoon, doughnuts most delicious together with hot coffee, chocolate and whipped cream will be served by the bewitching girls of classes 10 and 13 of the Methodist Sunday School.

Pioneer Citizen Celebrates Birthday

On Friday evening, February 24th, Mrs. Sanders Estes entertained with a lovely six o'clock dinner in compliment to her husband's birthday. Born in 1861, the first year of the civil war and 61 years of age, a native Texan, and for 36 years a citizen of this western land. A ranchman of prominence and better yet, a man of that sturdy, loyal type which has given Texas and particularly the West, a citizenship which is unsurpassed anywhere else in the world. His deeds and others of his type are woven into the warp and woof of the civilization which has been built on these broad Texas prairies, and how fitting

that now in the quieter, more restful years of his vigorous useful life this honor, this evidence of wifely fealty and appreciation should be extended him. It was such a complete surprise also, for as he sat quietly by his fire side reading, and doubtless realizing that peace of which it is said the conscientiousness of duty performed gives one music at midnight, a party of relatives walked in unannounced. They ushered him into the dining room where a beautiful birthday cake illumined with its sixty-one burning tapers, centered a table already lovely and perfect in its appointments. Each guest was asked to give some events of the year 1861, and after being seated the hostess, the loyal wife, the devoted mother, tenderly offered a prayer of thanksgiving to that Giver of all good things. The dinner was sumptuous and exquisitely served, but the one shadow upon the festive scene was the absence of all the children, the two lovely young daughters, Mrs. Jeffreys and Miss Thelma Estes, of Los Angeles, Cal. and Mr. and Mrs. Al dredge Estes and baby, of Monahans. Covers were laid for the following guests:

Mr. and Mrs. Bob. Estes, Mr. and Mrs. Hi Estes, Mr. and Mrs. Bud Estes, Mr. and Mrs. Sanders Estes, Mr. and Mrs. Porter Rankin, Mr. and Mrs. Dunn Reiger, Messrs. Taut Estes, Earl Estes, Aron Estes, and Joe Rogers.

A Very Pleasant Afternoon

The T. E. L. Embroidery Club received a message that Mrs. G. H. Coyle expected them to meet with her on Friday afternoon at 3 in honor of her delightful guest, Mrs. Jordan, of Dallas. About 40 ladies responded and it was a merry crowd indeed that entered upon their afternoon task of doing some kind of hand work. This is only the second meeting of this club but we predict a bright future and feel sure each meeting will be looked forward to with great pleasure. A delicious course of angel food cake and chocolate was served by the two charming daughters of the hostess. At a late hour the T. E. L. departed after again assuring their hosts of an evening most pleasantly spent. —Reporter.

Cookery means the knowledge of Medea, and of ircey and of Helen and of the Queen of Sheba. Classes 10 and 13 have the lore of all the wise ancients in the art of making doughnuts.

Mr. and Mrs. Dewey O. Wiley, of Abilene, are rejoicing and receiving felicitations over the advent of a little eight pound son, born February 25th. Norman Cole is the pretty name bestowed upon the little man and many Midland friends will congratulate the young parents upon this added blessing which has been bestowed upon them.

Doughnuts? Yes doughnuts, crisp and hot will be served at The Reporter office tomorrow afternoon by classes 10 and 13 of the Methodist Sunday School. Hot coffee, chocolate, whipped cream and doughnuts.

Mrs. H. B. Dunagan returned Tuesday from Wortham where she was called to the bedside of her aged father, Mr. W. J. McCormick, who passed away at the age of 73 years. The Reporter, together with a wide circle of friends join in an expression of deepest sympathy to Mrs. Dunagan and other bereaved relatives. Her sister, Miss Willie McCormick, returned with Mrs. Dunagan for a brief visit.

Why not make the graduating gift a kodak, one of the lovely hand carrying frames, or a photo of yourself. Miller's Studio. adv 22tf

W. H. Williams, of San Angelo, has accepted a position with the Sanitary Barber Shop, and has moved his family here. They made the trip by auto, and report very bad roads.

Photographs are not a luxury. The question is, can you afford not to have them? Miller's Studio adv 22tf

Mr. and Mrs. Will Elkin have returned from Lubbock, where Mrs. Elkin has been at the bedside of her mother, Mrs. Boyd, who has been seriously ill. We are glad to state that Mrs. Boyd is sufficiently improved to be able to accompany Mr. and Mrs. Elkin home.

Opal Olive Shampoo for ladies' use, in pint bottles. Also an assortment of tonics in small bottles. 22tf

Found a Cure for Indigestion "I use Chamberlain's Stomach and Liver Tablets for indigestion and find they suit my case better than any dyspepsia remedy I have ever tried and I have used many different medicines. I am nearly fifty-one years of age and have suffered a great deal from indigestion. I can eat almost anything I want to, now," writes George W. Emory, Rock Mills, Ala. These tablets contain no pepsin but strengthen the stomach and enable it to digest the food naturally. adv March 1m

CHURCH NOTICES

"Humility goeth before honor" (Solomon.) Let the brother of low degree glory in his high estate (salvation) and the rich (in this world's goods) (glory) in that he is made low (humble) because as the flower of the grass he (the rich) shall pass away. For the sun ariseth with the scorching wind, and withereth the grass; and the flower thereof, fadeth, and the grace (beauty) of the fashion of it perishes: so also shall the rich man fade away in his goings. (James 1: 9-11.)

Humility: Serving one another. Likewise, ye younger, be subject unto the older, yea all of you gird yourselves with humility, to serve one another: for God resisteth the proud, but giveth grace to the humble. Humble yourselves therefore under the mighty hand of God, that He may exalt you in due time. (1st Peter 5:5-6.)

Methodist Church

Today men are prone to criticise the church and condemn God because conditions are not what they would like them to be. Read the story of mankind as far back as it can be accurately traced and you find that people have always been too ready to place the responsibility of crimes and disasters on God; men with the wrong viewpoint have been discouraged and like Jehonah of old, we have cried out "If Jehovah is with us, why then is all this befallen us?" Worship at the Methodist church Sunday morning and hear these problems discussed in a way to help all get a clearer conception of God and His work in the world.

In this age when men are grappling for private gain and when selfish interests large determine many of our actions, it is time for us to stop and consider the lives and acts of those who have gone before and profit by their unselfish sacrifices for the cause of the Master. Hear these interesting facts discussed by the pastor Sunday evening when he uses as the setting for his sermon the act of the woman as she anointed Christ.

The program for Sunday is as follows: Sunday-School, 9:45 a. m. Jonah's Experience at Ninevah. Morning worship, 11 o'clock. "God's Work in the World." Junior League, 3 p. m.

Senior League, 7 p. m. Evening worship, 7:30. "The Anointing of Christ." W. A. SMITH, Pastor.

Baptist Church

Bible school, 9:45 a. m. We are glad to report the average attendance at Sunday School for February was 210. This is indeed a falling off, but when we think of the large number that have been kept away on account of the "flu" we feel that the above is a creditable showing. Then, too, we should all feel grateful to our Heavenly Father that out of more than 100 stricken not one case has proven fatal. Not all have recovered, but let all who have, be in their place Sunday morning, and on time. C. S. Karkalits, Supt.

Preaching hours, 11 a. m. and 7:30 p. m. The pastor will speak at 11 o'clock on "Man's Supreme Need." The choir will sing "Father, We Pray Thee" from Himmel. Miss McPherson will sing a solo. Beginning promptly at 7:30 the choir and orchestra will lead in a 20 minutes song service. Anthem "Take Thou My Hand," by Parks, will be rendered by the choir. Mr. Mims will sing "His Eye is on the Sparrow" by Gabriel.

Both senior and junior unions will meet at 6:30 p. m. Owen J. Hull, Pastor.

Epworth League

Leader—Herbert Patterson. Subject, "Better Witnessing." Scripture, John 9:4-28; Heb. 11: 13-16; Rev. 1:9. Song and prayer service. Leader's talk. "A Better Idea of the Value of a Soul"—Herman Klapproth. "Better Praying"—Alvin Johnson. Special music. "Better Living"—Olive Allen. "A Better Outlook on the World"—Betty Trammell.

B. Y. P. U.

Subject, "The Will and the Way." Prayer. Scripture reading, Phil. 4: 1-13. Leader—Curtis Nance. Introduction—Leader. Part 1—Virginia Coyle. Part 2—Ben Wall. Part 3—Ina Fay Young. Part 4—Evelyn Scarborough. Part 5—Mrs. Strickland. B. Y. P. U. meets promptly at 6:30. See the train run then enjoy an interesting program at B. Y. P. U. You are cordially invited.
