

Symbol Of Marine Greatness—

Japs Salute American Flag Over Wake Island

WAKE, Sept. 5 (AP)—The American flag was raised on Wake Island—symbol of marine greatness—at 1:50 o'clock yesterday afternoon (9:50 p. m., Monday, Central War Time.)

The Japanese rear admiral who had commanded Wake since Dec. 13, 1942—ten days less than a year after it fell—saluted the Stars and Stripes. So did his staff and 40 of his garrison troops, who came to attention as a marine bugler sounded "colors." They saluted as the flag was hoisted and their eyes followed as it rose, inch by inch, up a flagstaff which had been carried ashore from the American destroyer escort Levy.

Brig. Gen. Lawson Sanderson, commander of the Fourth Marine Aircraft Wing, and 75 officers and men from three U. S. destroyer escorts reverently watched the flag raising after Rear Adm. Sbigematsu Sakabara, the island commander, had signed a formal surrender document aboard the Levy.

This did Wake return to American possession—1,362 days after it fell, despite one of the war's most courageous fights waged by Marine Maj. (now Lt. Col.) James P. S. Devereux, and 378 officers and men of his First Marine defense battalion.

Sakabara said Wake had cost the Japanese 3,000 lives—100 killed in the Japanese invasion and by subsequent American air raids and naval bom-

bardment, and 2,000 of malnutrition and disease.

"He surrendered 1,200 troops. He said all were suffering from malnutrition, that their last supplies were only half of a submarine cargo brought in months ago, and that all were so weak they could not have sabotaged their installations if they had wanted to."

Commanders of all six marine divisions in the Pacific had requested the assignment to recapture Wake.

To every man in the marine corps, Wake was a symbol of fighting courage. With only 12 Wildcat fighter planes and six 5-inch naval guns, Devereux's garrison held out, day by day, against repeated Japanese bombings. It turned back one invasion task force.

There were 1,787 Americans—servicemen and civilians—on Wake. On Dec. 23, Devereux messaged, "Island under gunfire. Apparently landing." At 5 a. m. he sent his famous last message:

"Enemy on island. Issue in doubt."

Every one of the 12 marine planes had been lost. Even with the Japanese ashore, they would have continued the fight with their bare hands, one survivor said recently, but they feared the unarmed civilians would be slaughtered. All of the marines did not yield, however. In the next 50 days, 50 were killed—but they killed 500 Japanese in that time.

Congress Faced With Debatable Peace Problems

Truman Slated To Give Session Views Of Most Important Issues

By JACK BELL
WASHINGTON, Sept. 5 (AP)—A dozen issues freighted with controversy today faced a congress returning for its first peacetime session since 1941.

Neither house, scheduled any work this week, beyond receiving a presidential message tomorrow.

The senate planned to recess today in respect to the memory of the late Senator Hiram Johnson (R-Calif.) who died during adjournment. The house expected to quit for the day after hearing a few speeches.

Legislative leaders will learn from President Truman the problems he considers most urgent now. But whether he mentions them all at this time, his Capitol Hill lieutenants know that peace is bringing them even tougher issues than they confronted in war.

As the situation stands, here is how these stack up:

Pearl Harbor—many legislators want their own investigation. Atomic Bomb—Congress is undecided whether the secret should be given to other nations.

Taxes—there is general agreement that some downward revision in rates must be made soon. Demobilization—families of fighting men want them out, and quick. Families of teen agers don't want them polling foreign lands.

Peacetime Draft—Legislators hope for a solution that doesn't involve conscription. Employment—a national planning act is likely to be passed.

Wartime Controls—most congressmen want them wiped out as quickly as possible without danger of inflation.

Foreign Affairs—the administration probably will get a relatively free hand for the president to determine when to join with other United Nations on the security council to enforce peace. Congress will insist this country keep strategic Pacific islands.

Reorganization—Truman may get some limited power to shift or merge government bureaus. Surplus Property—Mr. Truman's proposal for a single administrator has general support.

Truman Sounds Economy Note

WASHINGTON, Sept. 5 (AP)—President Truman sounded an economy note today as congress reassembled.

The president sent to Capitol Hill recommendations for cutbacks of \$3,500,000,000 in appropriations for civilian war agencies.

At the same time congress received a resolution, calling for an investigation of the Pearl Harbor attack. Representative Brown (R-Ohio), who announced introduction of the resolution, said that "no one is satisfied with the recent army-navy report."

Approximately 150 house members were on hand for the first house session, which lasted one hour and 22 minutes. The senate, reassembling after a five-week vacation, adjourned after 17 minutes out of respect for Senator Hiram Johnson of California, who died during the recess.

Speaker Rayburn disclosed meanwhile that he had told President Truman that Capitol Hill's attitude toward the Pearl Harbor case is "bad." The Texas told newsmen after a White House conference of legislative leaders that the meeting but he did not know if the president would mention the subject in his forthcoming message to congress.

General To Move Headquarters To Tokyo Saturday

YOKOHAMA, Sept. 5 (AP)—The occupation of Tokyo will begin Saturday (Friday U.S. date).

The U.S. First (dismounted) cavalry division, first into Manila, where it liberated Santo Thomas internment camp last February, will enter the bomb-shattered capital city then.

General MacArthur is expected to move his headquarters from Yokohama to the United States embassy building in Tokyo about the same time.

The supreme commander of the Allied powers announced plans for the First cavalry movement today shortly after he issued a far-reaching directive which drove home to the full impact of defeat on Japan.

The directive demanded forthwith all information—including coded—necessary for swiftly disarming Japan's war machine, and ordered the beaten nation to place vast facilities at the beck and call of steadily enlarging occupation forces.

Russell, Benton Nominated State Undersecretaries

WASHINGTON, Sept. 5 (AP)—President Truman today nominated Donald S. Russell of Chicago and William Benton of Southport, Conn., as assistant secretaries of state.

At the same time, he sent to the senate the nomination of Benjamin V. Cohen as counselor of the state department.

Russell, a former law associate of Secretary of State Byrnes at Spartanburg, S. C., succeeds Dean Acheson, recently promoted to undersecretary of state.

Benton, a former New York advertising man and now assistant to the chancellor of the University of Chicago, succeeds to the post made vacant by the resignation of Archibald MacLish.

The president and Secretary Byrnes thus completed appointment of top personnel to the state department for the Byrnes administration.

Benton, 45 one-time business partner of OPA's Chester Bowles, was named to direct the department's far-flung postwar propaganda and cultural activities.

Russell's specific duties were not immediately defined.

Cohen, attorney and author of much early new deal legislation and long associated with the White House, will be one of Byrnes' most influential advisors on long range foreign policy.

District Grand Jury Indicts 13

Thirteen indictments were returned against seven men by the 7th district grand jury Wednesday morning.

The grand jury continued in session with Acting District Attorney James Little and there was a possibility that still other indictments will be announced.

Capias returns reported by George Choate, district clerk, include those against: Lee Andrew Holmes, four cases for forgery and passing a forged instrument; John H. Williams, forging and passing a forged instrument; two cases against Vernon Hill for forging and passing a forged instrument; William T. Hensley, who entered a plea of guilty to a charge of forgery and was given a two-year suspended sentence; Felix Dominguez, five cases of burglary; Telesforo Gallan, Jr., assault with intent to murder; L. E. Patterson, theft over \$50.

Dominquez was charged in connection with a wave of house prowling.

In the court, the damage suit of W. W. Ault, et ux versus J. W. Brawley and Don Mize was dismissed on motion of the plaintiff, and Walter E. Buckner was granted a divorce from Daisy Lou Buckner, suit for divorce.

A six-year search for James Willis, alias Bill Berryhill, wanted for theft by baillee, was climaxed by the imposition of a two year prison sentence by Judge Cecil Collins. Credit was given for 17 days in jail. Berryhill was returned here recently by the sheriff's department after a search since April 6, 1939 when he was indicted.

ITALIANS JEALOUS

ROME, Sept. 5 (AP)—Jealous Italian youths seized two Italian girls from an American jeep last night and disrobed them, setting off a mob scene which was broken up by Allied military police who swung clubs and unleashed police dogs.

Admiral Thinks Japs Don't Know We Are Better Men Than They

By KENNETH L. DIXON
HONOLULU, Sept. 5 (AP)—Neither the Japanese war lords nor the rank and file consider themselves defeated, in the opinion of Vice Adm. John S. McCain.

The peppy, diminutive skipper of the famous naval task force 38, whose planes shepherded the Allied victory delegation into Tokyo Bay, aired his views at a press conference here late yesterday.

"The Japanese generals are not half licked yet," he said. "They're going to take a lot of killing at some future time. Thank God, I'll probably be dead by then."

At the surrender ceremonies aboard the U.S.S. Missouri in Tokyo Bay the Japanese generals were "staring us up—measuring us just like you measure a man you're going to hit the next minute," he said.

More than that, he added, the majority of the Japanese fighting men—still in military control in their own country and the conquered territories—feel the same way.

"They don't know they're licked yet," he added. "They don't know we are better men than they are."

Chamber Reports On Several Plans

Chamber of commerce directors, battling summer quorum problems, heard several reports at the regular meeting Tuesday evening.

Otis Graff, chairman of the Junior college committee, said that he and R. T. Piner, chamber president, and perhaps other members of the committee, plan a trip to Galveston to contact the state board of education in connection with a petition which has been submitted to the commissioners court calling for a district creation and bond election.

Enroute, they plan a stop in Austin to contact the state parks board with the view of securing an appropriation for improvement of the Big Spring State park on scenic Mountain.

Directors considered a suggestion for adapting the USO club into a teen age center if and when the USO program is ever terminated here.

Need for both industrial and residential housing was cited by President Piner.

TO ATTEND CONFERENCE—Henry Clark will leave for Abilene Thursday to attend a two day conference of USES managers. The subject for discussion is to be "Post-War Problems and How to Meet Them."

The Enemy We Fought—

With Animal-Like Ferocity, Japs 'Mistreated' Prisoners

WASHINGTON, Sept. 5 (AP)—Japanese troops captured an American flier forced to parachute into the sea off New Guinea.

They beat him with sticks virtually all that day, throughout the night, and until 3 o'clock the next afternoon.

Then, while the troops screamed wildly, a Japanese civilian named Inouye hacked off the American's head with six slashes of a sword.

The state department told about that incident and others like it today in a report it would not issue during the war for fear the Japanese would increase their butchery and shut off all shipment of relief supplies to Allied prisoners.

Secretary of State Byrnes observed with restraint at his news conference yesterday that the re-

Men Over 35 Or With 45 Points May Be Released

WASHINGTON, Sept. 5 (AP)—The army hinted broadly today that it expects to discharge within a year all enlisted men 34 and older as well as those who had 45 points up to May 12.

It dropped the hint in an announcement which said men in those categories no longer will be sent overseas.

On Capitol Hill, meanwhile, the house military committee resumed its study of ways to step up at once enlistments in the regular army. The reason: So inductions between now and next May 15 can be held to a minimum. The draft law expires May 15, and committee members have all but abandoned any plan to kill it off before then.

The army's announcement last night was issued, it said, because the occupation of Japan is going on as scheduled. Except for about 1,000 men, it added, there will be no more overseas shipments for soldiers who:

- 1. Have 45 points or more, based on the May 12 (original) computation.
- 2. Are 37 years old.
- 3. Are 34, 35 or 36 and have a year of honorable service.

It was estimated there are about 665,000 men in this country covered by those three points.

All men no longer subject to assignment overseas, the army said, will be screened out of units being redeployed to the Pacific. There have been complaints from soldiers of several divisions scheduled for Pacific duty after service in Europe.

However, the 86th division already is at sea and will continue. Likewise, all of the 97th division except one battalion is on the way. The remaining battalion will be screened to eliminate men falling in the new categories.

A similar screening will be given the 95th division which is scheduled to go out.

Fox To Replace Horn In City Health Office

L. M. Fox, formerly with the Health Unit at Weatherford, is expected to arrive this week to replace Henry D. Horn as city health officer here. Horn resigned August 15th but remained in Big Spring because of the epidemic of polio.

Horn assisted in planning the city clean-up campaign. He will make his home with his family in San Angelo where he will enter a private concern.

Fox has been with the State Health Department for a number of years.

The Enemy We Fought—

With Animal-Like Ferocity, Japs 'Mistreated' Prisoners

WASHINGTON, Sept. 5 (AP)—Japanese troops captured an American flier forced to parachute into the sea off New Guinea.

They beat him with sticks virtually all that day, throughout the night, and until 3 o'clock the next afternoon.

Then, while the troops screamed wildly, a Japanese civilian named Inouye hacked off the American's head with six slashes of a sword.

The state department told about that incident and others like it today in a report it would not issue during the war for fear the Japanese would increase their butchery and shut off all shipment of relief supplies to Allied prisoners.

Secretary of State Byrnes observed with restraint at his news conference yesterday that the re-

port was not a pretty story. The guilty will be punished; war crimes will be prosecuted in Japan just as in Europe, Byrnes pledged.

The report told of 240 protests against mistreatment of prisoners sent to the Japanese government through Swiss intermediaries by former Secretaries of State Hull and Stettinius; Undersecretary Acheson, and former Undersecretary Grew. An example:

On May 19, Grew asked the Swiss to tell the Japanese government the United States was "profoundly shocked" over "the brutal massacre on December 14, 1944, of 150 American prisoners of war" in the Philippines.

The incident: Japanese guards forced the 150 Americans into tunnels used as air raid shelters. The

guards then emptied buckets of gasoline into the tunnel entrances and threw blazing torches into them.

Screaming victims who rushed from the shelters were bayoneted or machine-gunned. The guards threw dynamite charges into the tunnels to take care of the Americans left inside.

About 40 got out and hurried themselves over a 50-foot cliff on to a beach. Shore sentries and landing barge gunners shot some. The Japanese captured others and buried them alive.

In a note dated March 10, Grew protested treatment of 750 American prisoners crowded into a Japanese freighter which was torpedoed and sunk off the Philippines on September 7, 1944.

The prisoners starved, thirst-

Indians Land At Singapore

Troops Find Japs Burning Oil Farm, Violating Terms

By CHARLES A. GRUMICH
SINGAPORE, Sept. 5 (AP)—Indian troops landed at Singapore today and began occupation of this one-time bastion of the British empire which was surrendered to the Japanese Feb. 15, 1942.

The Second battalion of the First Punjabi regiment made the initial landing from light craft at the main wharf.

The Japanese, in apparent violation of the surrender terms, had set fire to the oil tank farm at Port Dickson. A huge column of smoke was observed there yesterday from the troopships enroute to Singapore.

Troops of the Fifth Indian division went ashore this morning from landing craft without opposition and marched past tamed Japanese sentries and cheering Allied prisoners of war still behind barbed wire.

Prisoners in a camp near the quay pressed against the wire and roosted in the trees, cheering their liberators.

An arriving Australian, recognizing some of his countrymen, shouted: "Hello, you beauties."

At first observation the damage to the harbor appeared slight, although some red-flagged superstructures in the harbor indicated sunken ships—probably victims of Superfortress raids.

The occupation, which will include the Johore causeway leading to the mainland of Malaya, began a day ahead of schedule.

The British East Indies fleet was anchored in the harbor. Chinese flags appeared everywhere.

One Japanese sentry raised his rifle at a barrier as our car passed into the area not yet occupied by the troops, but he stepped aside at the honk of the horn.

Chinese Expect Formal Surrender Of All Jap Troops Within Week

Information From War Prisoners To Be Used In Trials

By DONALD HUTH
NANKING, Sept. 5 (AP)—Gen. Leng Hsin, commander of Chinese troops now in Nanking, said today the formal surrender of all Japanese troops in China would probably occur "within a week," and other competent sources expected the ceremony to take place Sunday.

The general said in a press conference that plans had been made for dispersal of Japanese troops in China after the official surrender, but the details were not announced.

After the formal surrender ceremony Japanese troops will give up their arms, ammunition and other war materials.

Gen. Leng declared revised figures showed the Japanese had 18,000 officers and men, 14,000 sick and wounded, and 7,800 Japanese civilians in Nanking at the present time.

In addition, he said, there are some 7,500 puppet troops in the city.

Chinese Sixth army troops were expected to begin arriving today, and Leng has ordered the Japanese to move out of the Chinese military academy so the new troops may be billeted there. The troops are being flown in a mass airborne movement from Chihkiang.

In Nanking American correspondents who have arrived for the surrender ceremonies have been confined to the Metropolitan hotel and the International club for the present as a safety measure.

Up to now there have been less than 1,000 Chinese troops in the city.

Baruch Charges In Report Human Side Neglected For Vets

WASHINGTON, Sept. 5 (AP)—Bernard M. Baruch said today the "human side of demobilization is being neglected tragically."

The veteran adviser to presidents asserted that returning soldiers and sailors must be reintegrated into their communities "socially, economically and humanly."

"One terrible danger of failure," Baruch said in a report to Gen. Omar N. Bradley, new veterans administrator, "may be to set the veteran off from the rest of the nation, cherishing the grievance of having been wronged, at odds with fellow-Americans, his feelings an explosive fuel ready to be ignited by some future demagogues."

To correct the situation he said he found, Baruch proposed that:

A. Immediate steps be taken to provide jobs for all workers.

B. The medical and non-medical functions of the veterans administration be separated and streamlined.

C. The GI Bill of Rights be liberalized; and

D. Veterans going into business be given special incentive tax rates.

Baruch studied the problem at President Roosevelt's request. Bradley asked for the findings, which were made public today.

Tigers Expect Strong Competition From Yanks

By JACK HAND
Associated Press Sports Writer

Steve O'Neill expects the Yankees, to give his Detroit Tigers the toughest wrestle for the American league flag despite the humiliating 10-0 walloping the New Yorkers took in the opener of their seven-game series.

With a 2-1-2 game lead and 27 to play, Minooka Steve hasn't time to keep looking back over his shoulder at the pursuing mob, but he does highly respect the Yank threat, at least until the Bengals are safely past the stadium.

"Washington, St. Louis and New York are right on our heels," observed the Tiger manager before yesterday's opener in the stadium. "But I think the toughest club is this Yankee team. Washington's knucklers bother us. However, we should be about ready to even up some old scores there. And St. Louis, like us, has to play most of its games on the road."

Dizzy Trout shut out the Yanks with seven hits yesterday.

Hal Newhouser wasn't with the club when it hit New York, remaining at home for another examination of the muscle he pulled in Saturday's game with Cleveland. Although Lefty Hal is expected to rejoin his mates today, it is possible the heavier burden of the Detroit drive now will fall on Trout's shoulders.

McCarthy pulled a fast one on the leaders, inserting Paul Schreiber, his batting practice pitcher, to work the final three and a third innings. The 43-year-old right-hander who last pitched in the big

leagues with Brooklyn in 1924 and has never thrown a ball in a regular game in his nine years as a Yankee, stopped the Bengals without another hit.

The National league popped up with another headache, similar to the "suspended game" of July 20 in which Brooklyn's 10-4 margin over Chicago in eight innings can't be legalized until Sept. 15. St. Louis and Pittsburgh went 12 innings to an 8-6 tie, called to allow the Pirates to catch a train for home. It appeared unlikely the game would be finished unless the

National league orders it replayed on an open date during the final week of the season.

With the Cardinals trailing Chicago by four games, this contest could prove vital in the pennant race.

Billy Southworth used five pitchers and Frankie Frisch used six during the marathon tilt in which 36 players participated. The Cards tied it up in the ninth on a walk, Tom O'Brien's error and an out-field fly.

All other teams were unscheduled.

Golf Kings Getting In Practice Rounds On Greens In Dallas

DALLAS, Sept. 5 (AP)—Golf's star-spangled brigade moved in today for tune-up rounds preparatory to the 72-hole \$10,000 Dallas open that starts a four-day stand tomorrow.

The Dallas Country club course, pronounced by Pro Bill Mackenzie as in its best condition in history and stretched as long as it will go—6,397 yards—has proved a pretty tight par to golfers who have already gotten in practice rounds, but long-hitting Johnny Bulla of the touring professionals coming here from the Nashville open, clipped it by three strokes yesterday with a 36-33-69. Bulla was one of the first of the pro troupe to test the course.

Sammy Snead played with Bulla and Dale Morey and had an unsatisfactory 73 while Morey was three over par.

The best tune-up rounds thus far have been turned in by Raymond Gafford of Fort Worth and Erwin Hardwicke of Dallas, pros not making the tour. They each had a 67.

Ben Hogan and Byron Nelson will test the course today along with the other pro stars—Harold (Jug) McSpaden, Vic Ghezzi, Jimmy Thomson, Leonard Dodson, Tony Penna, et al.

The tournament is sponsored by the Salesmanship club for the benefit of the permanent endowment fund of that organization's underprivileged children's recreation camp with more than \$20,000 expected to be raised.

Ministers Name Porterfield As New President

Rev. W. L. Porterfield, pastor of the Wesley Methodist church, Monday was elected president of the Big Spring Pastors' association.

Other officers included Rev. J. E. McCoy, pastor of the First Christian church, vice-president, and Rev. Edwin Spears, pastor of the Airport Baptist church, secretary.

The association formally thanked the civic clubs for response to requests for financial support of the high school Bible course and expressed appreciation for support of many individuals thus far. Elizabeth Akers, the ministers were told, had been engaged as teacher of the course, to be offered for freshmen and sophomores and for juniors and seniors.

Several churches pledged \$180 per annum toward support of the course.

Ministers renewed their plan to keep the Gospel before the community not only from the pulpits, but by radio and newspaper as well. During September Rev. Cecil Rhodes, West Side Baptist pastor, will speak each Saturday evening over the radio. Rev. W. R. Hutchins, pastor of the Main Street Church of God, is to write copy for the association's newspaper campaign.

Rev. P. D. O'Brien, First Baptist pastor, gave thanks for Peace and asked for healing of the scars of war as well as Divine intervention in a current local epidemic in the invocation.

Others attending were Maj. L. W. Canning, Salvation Army, Coley Arender, East Fourth Baptist, Rev. J. E. Moore, First Presbyterian, retiring president, Rev. J. O. Yeatts, Assembly of God, Rev. H. Clyde Smith, First Methodist, and Rev. James Safford, assistant pastor of the First Methodist, a new member.

TCU Team Better Than Last Year, 'Dutch' Optimistic About Winning

(This is another in a series discussing Southwest conference football prospects.)
By HAROLD V. RATLIFF
FORT WORTH, Sept. 5 (AP)—Texas Christian University is in the unusual position of having a much stronger team than last year when it went to the Southwest conference football championship yet not being picked to finish with the top eleven.

All of which isn't bothering Coach Dutch Meyer and his Horned Frogs who dearly love to pull surprises.

At this time most forecasts put the Frogs down to about fourth in the standings. But wait until you hear all the details before making that the final selection.

The defending champions are probably 50 per cent stronger than last season from the angle of power. The Frogs are big—the line averages 216 pounds to the man—and they're tough, and there is enough experience that no team should have much over them in football savvy. And this is a major point—Texas Christian has the reserve strength.

Meyer hasn't had so many capable substitutes in several seasons; in fact, the second team is about as strong as the first. His starting outfit is almost as big as the 1938 crew that was undefeated, led, champion of the Sugar Bowl and acclaimed as national king of college football. Think that doesn't spell trouble for conference foes?

Meyer says he has a good team, that it's much better than last year and that he has power to burn. Sure, Dutch always is optimistic. But he's outdoing himself this time.

There are nine TCU lettermen of the past three seasons. There also are three lettermen from other senior colleges, one junior college letterman and one who was on the TCU freshman team in 1942. Then, there is Leon Joslin, a freshman who didn't get to play enough in the backfield in high school and transferred to end. Joslin is the current comparison with Sam Baugh and Davey O'Brien, Texas Christian's great passers of the thirties.

Meyer says the slender 175-pound youngster from Waxahachie is as good as Baugh and O'Brien were in their first years.

Colorado City Man Located In Prison

COLORADO CITY, Sept. 5—The news that her brother, 1st Lt. Ilo B. Hard, has been located in a Japanese war-prisoner camp in Thailand and was liberated by American forces on August 20 has reached Graham Hard, Mitchell county home demonstration agent of Colorado City.

Lt. Hard, 30, a former member of the Lubbock police force, was captured at the fall of Java early in 1942. For nearly two years his family heard no word concerning him beyond the brief war department message that he was missing in action.

Part of the famous "lost battalion," the 1st Field Artillery, he is the son of Mr. and Mrs. George B. Hard of Shallowater and the husband of the former Mary Swift of Lubbock. The war department has informed them that the lieutenant's physical condition is considered "good," but that he is now hospitalized, somewhere in the India-Burma theater.

Cavarretta Passes Holmes In Batting

NEW YORK, Sept. 5 (AP)—Chicago held the lead in both major league batting races today as Phil Cavarretta of the Cubs passed Tommy Holmes of Boston in the National and Tony Cuccinello of the White Sox clung to the American pinnacle.

Cavarretta is out of the lineup with a shoulder injury that sent him back to the bench after one game last weekend. Cuccinello's aging legs prevent him from playing every day.

Holmes dropped six degrees to 359, two points behind Cavarretta's leading 361.

George Case of Washington remains Cuccinello's closest competitor although his 308 is 10 points behind Coach's 318.

Coach Has Hopes For Third Big Six Flag

OKLAHOMA CITY, Sept. 5 (AP)—Head Coach Dewey (Snorter) Luster of Oklahoma already has begun sewing on his third consecutive Big Six football flag but he will readily admit his hands are a trifle shaky.

"We'll have a hard time keeping near the top," Luster announced as he pointed out the remainder of last year's squad. Only eight of 28 lettermen returned. The rest of the lineup will be made up of freshmen and naval trainees.

Luster picks Missouri as the toughest team in the Big Six as he points to the Tigers' list of 15 lettermen.

Japs Set Up Rules During Occupation

SAN FRANCISCO, Sept. 5 (AP)—The Japanese Domei agency in a broadcast has acknowledged "comparatively strict military discipline" among occupation forces, but charged the Americans with "six cases of brutality, 38 cases of looting, and other unlawful conduct."

The Domei report, entirely lacking in confirmation in any quarter, also carried this suggestive series of rules which it said the home ministry had asked the people to observe in an effort to minimize such "incidents":

1. Lock doors.
2. Women, wear clothing conservatively.
3. Avoid traveling at night—women especially.
4. If someone is breaking into your home, scream.
5. As to resisting attackers, one should bite, scratch—and tear off insignia for evidence.
6. Neighborhood associations should cooperate to guard against such incidents.
7. If you have become a victim, prove it to proper authorities.
8. Don't display watches, fountain pens or other valuables.

Troops Distributing Food To Civilians

By The Associated Press

A Domei dispatch broadcast over the Tokyo radio said today that American occupation troops were distributing food to the residents of Yokosuka, including candy and chewing gum for the children.

The broadcast said 38 truckloads of medicine, blankets, tea, flour, wheat, canned goods and dried edible seaweed were distributed among the citizens yesterday and today.

State A Little Warm For Santa Claus Now

By JACK RUTLEDGE Associated Press Staff

Santa Claus was in Dallas recently and, says a local gazette, he was hot under the collar.

B. Donohue of Fort Worth sometimes doubles for Santa. He did this August. He came to Dallas to appear in a movie sequence urging early mailing of overseas Christmas packages.

The summer sun was almost too much.

"Oh, brother," he said, sweating

through his false whiskers and red felt. "This is no time for Santa Claus outfits."

But just a few days after Donohue was so hot under the collar, the weather took a sudden drop. It got downright cool.

Detective Sergeant Bob Davis of the Dallas police force was peeved. He had just spent a lot of money installing an attic cooler.

And speaking of the heat, there was the Dallas negro and his hot checks.

The negro was carrying two pads of blank counter checks. He was caught by City Detective Bob Reeves as he was trying to cash a pretty good-sized check.

The Pulitzer prize alibi: "I had a vision last night that I had \$200,000 on deposit and that I could write as many checks as I wanted against the account."

All steamed up was a discharged veteran at Marshall. He was trying to buy underwear. (Have you tried recently?)

"You fellows sure let the home front go to pieces," the veteran said in disgust, giving his pants a hike.

FOR PUBLIC WORKS
WASHINGTON, Sept. 5 (AP)—More than \$5,000,000 was allocated yesterday to communities throughout the country by the Federal Works Agency for use in planning public works.

CONSTIPATION Is the cause of MUCH SUFFERING

Constipation may cause no symptoms for a long time, but unless corrected will finally impair the health. Symptoms associated with advancing constipation are loss of appetite, heavily coated tongue, tired feeling and mental depression. Headache, dizziness, anemia, and skin disturbances such as acne, are commonly experienced. In severe cases, neuralgia and joint pains occur. Indigestion, with gas formation and colic, and piles and fissures frequently add to the discomforts of severe chronic cases.

No matter how many other medicines you may have tried for constipation, we urge you to try B-L PREPARATION, with the understanding that B-L PREPARATION must bring you satisfactory results or your money back. Caution: Use only as directed.

Navy Man So Happy War Over, Now Can Play Tennis Again

By VERN HAUGLAND

KURE, Japan, Sept. 5 (AP)—"It's all finished. It is good."

With these words, Vice Adm. Masao Kanazawa, commander of what was once Japan's greatest naval base here, heartily, smilingly greeted a party of news correspondents—the first non-Japanese to reach battered Kure on southwest Honshu.

"Now we can play tennis together again," he added.

Kanazawa speaks fair English. He was the Japanese naval spokesman through 1939, and later naval attache to the Nanking puppet government.

The short, stocky admiral said about half the sailors at Kure already had been demobilized and sent home. He estimated Japan had about 10,000 Kamikaze or suicide pilots left when the war ended, but "you know all our pilots are potential Kamikazes," he continued.

The Japanese people "went into this war on orders and stopped fighting on orders," he remarked.

"The reason for the latter orders is something I don't understand—a matter of higher policy."

Asked if Kure was Japan's largest naval base, Kanazawa made a sweeping gesture toward the harbor outside the window. "It was," he said, "but there are no big ships left."

About ten destroyers lay in the harbor. Beyond them were the hulks of many ships, including carriers, transports, assorted other warships and submarines. The battleship Haruna, listing sharply, to port, lay on the far side of the harbor.

The admiral apologized because he was unable to provide the press party with any great amount of transportation. Most available facilities had been required by the imperial messenger who arrived at Kure with the surrender receipt, he said.

After using bath towels, spread them out on racks to dry instead of folding or bunching them. In hot weather soggy towels can mildew over night.

Drydock Goes Thru Panama On Her Side

PANAMA, Panama, Sept. 5 (AP)—A 15,000-ton floating drydock brought here from Galveston, Texas, arrived safely in the U. S. Navy yard basin at Balboa today after an uneventful 24-hour trip through the Panama Canal on her side.

It was necessary to careen the drydock for the passage because her beam of 116 feet is six feet wider than the canal locks. Five tugs were used to push the drydock through the canal.

A seabee unit of the 15th Naval district fitted out the drydock with a complicated arrangement of bracings and pontoons for the passage. It was expected the job of returning the big drydock to its normal position would be completed tonight.

When A Birdie Isn't A Hole Won In Golf

GRAND JUNCTION, Colo., Sept. 5 (AP)—Golfer M. J. Dykstra, of Colorado Springs, "got" a birdie on the Lincoln Park course here yesterday—and it netted him the loss of the hole.

Dykstra's No. 7 tee shot, just off the turf, hit a bird—a Killdeer, by name—and killed it instantly. And, as the rule book told the Colorado Springs golf bug, that's one time when a birdie isn't a "birdie" after all.

"Borrowed" Car Used For Visiting Wives

COLUMBUS, Ind., Sept. 5 (AP)—A man who allegedly borrowed an automobile without the owner's consent was sentenced by Judge John E. Summa to two to five years in the reformatory—on a bigamy charge.

Prosecutor Charlton J. Walker said William Cash, 25, had the car for two months and was using it to shuttle back and forth between two wives.

Stolen Car Returned, It's Better Than Ever

BUFFALO, N. Y., Sept. 5 (AP)—Three weeks after Milton Osterby reported his car stolen, Buffalo police recovered it for him—with these added improvements: Straightened fenders, a paint job on the rust spots, a new fuel pump, a new leak proof gasket for the engine head, and a reconditioned tire.

Dairen Under Soviet Control, Unharmed

By JOHN GROVER

DAIREN, Manchuria, Sept. 3 (Delayed AP)—U. S. Seventh fleet forces entered this modern port city today and found it completely under Russian control and virtually undamaged.

In their thus far unsuccessful search for a party of 123 American navy prisoners of war from Guam, Wake and Corregidor, some of whom are high-ranking officers, the destroyers Evans and Hubbard made a high-speed run across the Yellow Sea to this port. The prisoners now are believed to be in the vicinity of Mukden.

The Russian commandant at Dairen and Capt. Chester C. Wood, Seventh fleet task unit commander, are cooperating in the continuing search.

Dairen is filled with blond, stalwart Russians. Parked at strategic points are low, heavy Soviet tanks. In the beautiful, hill-girt harbor bobs a lend-lease seaplane squadron.

Russian officers rode in American staff cars and numerous lend-lease Jeeps are evident. Almost every building flies a Red flag. Civilians, including an estimated 60,000 Japanese, produced bolts of red silk which they converted into Russian flags. Both Russian and Chinese government flags flew from Chinese establishments.

The Russians exhibited virtually no interest in the civilian population, and the Japanese garrison offered no opposition when the Soviet forces came in through Dairen with machine-like efficiency. The Soviet army deeply impressed civilians, and community life is virtually at a standstill, awaiting developments.

The Tokyo radio already had broadcast accounts of the surrender when the Americans reached Dairen. Many Russians had been celebrating. They waved their bottles, grinned, and asked the Americans to join them. The offer was declined, however, because of the American desire to locate their prisoner comrades without delay.

RAF Holds Memorial Services For Dead

TERRILL, Sept. 5 (AP)—The staff and student personnel of the Royal Air Force Flying School here held memorial exercises yesterday in honor of 18 young British cadets who died while training here during World War II.

As the ceremony was held, Bergstrom Army Air Field at Austin reported two more such deaths. The bodies of Thomas S. Beedie, pilot, and Raymond B. Botcher, navigator, were recovered from Lake Travis into which their training plane crashed Monday. They were on a training flight from the Terrell Field to San Marcos.

The RAF Flying School closes here next Monday and the staff and students depart for England.

Special Delivery Courtesy Railway

TUCSON, Ariz., Sept. 4 (AP)—Just as Mrs. Minnie E. Wooley was reporting the loss of her purse to railroad officials here yesterday, a past, eastbound train pulled into the yards, stopped, and delivered the purse to its harried owner.

A startled Mrs. Wooley learned that Engineer Tom Collins and Fireman N. R. Butler, riding in the cab of a train following the one in which she had been traveling, saw the pocketbook along the railroad right-of-way.

They stopped their train, retrieved the purse, and then delivered it to its owner.

Rockport Uses DDT Against Mosquitoes

ROCKPORT, Sept. 5 (AP)—Rockport residents are using DDT against mosquitoes breeding in stagnant water caused by the recent gulf hurricane.

The state health department distributed 1,500 packages of the chemical formula to home owners yesterday.

Navy planes from Corpus Christi will spray 6,000 pounds of DDT in the Port Aransas-Rockport area as a part of a health department experiment.

Locked In The Jail To Get Some Sleep

SPRINGFIELD, Ill., Sept. 5 (AP)—A man walked into the city police station and started talking fast to the desk sergeant.

"My wife," he explained as he pointed to a woman who followed him into the station, "has been nagging me. I want to be locked up so I can get some sleep."

Sgt. James Walker told the protesting woman to go home. He put her husband in a cell. Soon he was fast asleep.

V-J Day News: Man Bites Man, On Nose

LOS ANGELES, Sept. 5 (AP)—Add V-J day casualties: Clifford W. Brockman, 36, a metal worker, went to a party celebrating the end of the war with Japan.

He said an unidentified man "crashed" the party, and when he (Brockman) tried to evict him, pulled a knife. Another guest disarmed the intruder, who fled—but not before he had leaped upon Brockman and bitten off the tip of his nose.

Palestine Honors War Hero General

PALESTINE, Sept. 5 (AP)—Palestine's No. 1 war hero was honored here today. He is Maj. Gen. Roderick Random Allen, the red-haired commander of the First armored division. The homefolks honored him with a proclaimed Roderick Random Allen day. The general arrived here yesterday for a visit with relatives during his 30-day leave. Allen was a guest of honor for an all service club banquet today. He is to return tomorrow to Washington where his wife and children reside. He commanded the 12th armored division in the European war, but since the war's end has been placed in command of the First armored occupation unit. He will return to Germany by plane during the next two weeks.

ON U.S.S. IDAHO IN TOKYO BAY—Robert Cecil Westerman, 21, yeoman, third class, USNR, 1511 Johnson, Big Spring, is serving on this battleship, which is part of the powerful Pacific fleet completing the first stages of the occupation of Japan. Under the operational control of Admiral William F. Halsey, USN, the Idaho, with 11 other battleships, 17 aircraft carriers, six escort carriers, 20 cruisers and more than 200 other U. S. ships, help-

Surprise Visits End In Surprises

CHICAGO, Sept. 5 (AP)—Three sisters, Mrs. Margaret Litta, Mrs. Mildred O'Donnell and Miss Rosemary Hunziker, packed up with two small children and started out for Springfield, Ill. Their plan was to surprise another sister, Mrs. Ruth Johnson. But they couldn't find a cab and missed the train. The next train was hours later so they turned homeward, their plan abandoned. As they got off an elevated train they blundered into Mrs. Johnson, her husband and son. They had slipped up from Springfield on a surprise visit.

How women and girls may get wanted relief from functional periodic pain

CARDUI... Many women say, they brought relief from the cramp-like aches and nervous strain of functional periodic distress. Taken like a tonic, it should stimulate appetite, aid digestion, thus help build resistance for the "time" to come. Started 3 days before "menstrual time" it should help remove pain, due to purely functional periodic cause. Try 301

Buy a summer's supply of stainless, pleasant-smelling Flit, today! KILLS FLIES, MOTHS, AND MOSQUITOES'.

The Nation Today—Congress May Backtrack On Food Prices From 'Parity' To Cheapness

By OVID A. MARTIN (Substituting for James Marlow) WASHINGTON, Sept. 5 (AP)—Cheap food may become the keystone of the administration's post-war farm programs. Before the war, the government sought to establish agricultural prosperity by increasing farm prices to a certain level—called "parity." By parity it meant prices that would give farmers their share, along with labor and industry, of the national income. The government used various devices to pull farm prices higher than those which otherwise would prevail. But this approach to the farm problem was found to have many disadvantages. It lifted American farm prices

have prevailed under the economic law of supply and demand. The above levels prevailing in world markets. As a result, foreign buyers turned elsewhere, and export markets for American farm products shrank badly. Likewise, as food prices advanced, the amount Americans bought tended to decline. Farm officials now are thinking strongly of tackling the postwar farm price problem from another angle. They feel certain that a downturn in farm prices is ahead. American agriculture is capable of producing more than markets will take at present prices. The government is committed, under wartime legislation, to support farm prices at not less than 90 per cent of parity for two years after the end of the war. The objective of this commitment is to prevent too sharp a drop in prices while farmers adjusted their production from high wartime levels to smaller peacetime crops. There is strong belief among the administration's top-rung advisers that farm prices should be allowed to drop to levels dictated by supply and demand. The difference between the free price and 90 per cent of parity—providing, of course, that the actual price is below 90 per cent of parity—would be paid the farmer in the form of government payments. It is contended that this plan has the advantage of permitting the buyer—domestic as well as foreign—to get more for his money, thus encouraging increased consumption of farm products.

Changes Indicated In Administration

WASHINGTON, Sept. 5 (AP)—Japan's formal surrender has cleared the way for more changes in the Truman administration, including a possible reorganization of the military high command. Gen. George C. Marshall, 64, who passed up an opportunity to retire nearly two years ago, may step down within months, possibly to be succeeded as chief of staff by Gen. Dwight D. Eisenhower. Secretary of War Henry L. Stimson, who will be 78 Sept. 21, also is said to be considering retirement to make way for a younger man. Meanwhile, President Truman soon will send to congress his selections for federal loan administrator and the supreme court vacancy created by the retirement of Justice Owen J. Roberts. Mr. Truman has been urged by some congressional friends to appoint Robert P. Patterson, under-secretary of war, to the supreme court vacancy.

Salad dressing is scarce so you may want to stretch it by adding top milk, lemon juice, or other fruit juices.

Who Cares About These?

Their Health Is Your Responsibility

Full of life, alert, trusting... our children are due the best start we can give them. One of the greatest heritages we owe them is a strong body which will permit them to absorb our teachings and later to live constructive, active lives. Whether they are in your home... across the fence... around the corner... or on the other side of town... they are YOUR responsibility.

Cleanliness Is the Best Weapon

Cleanliness, or to use another word—sanitation—is our best weapon. You owe it to yourself, to your little ones, to your neighbors and community to maintain a sanitary household. You owe it in assuming responsibility to see that all—not just your part—of the city is made as sanitary as possible, and kept that way. One sore spot somewhere in the city may find its way to your doorstep.

Fight Flies, Rats, Vermin

Attack flies in everyway possible. They are strongly suspected of carrying the virus of polio-myletis. They carry many other diseases such as dysentery, typhoid. Rats support fleas and other vermin that spread typhus, bubonic plague and other diseases. Both breed and feed on filth. Make sure you have tightly tight garbage cans, toilet facilities, clean premises. Put lot manure in compost boxes, treat with borax solutions (ask your health unit), haul off regularly. Drain and wrap garbage. Keep your cans clean. Don't stop... make it a continuing campaign.

SAY YOU SAW IT IN THE HERALD

First Cavalry Long Scattered In Texas

EL PASO, Sept. 5 (AP)—West Texans well remember the First U. S. cavalry division, which will occupy Tokyo Saturday. Headquarters for the First Cavalry were located here from 1921 until 1941, with five regiments scattered over West Texas and Arizona during that period.

On the outbreak of war in 1941, the units were assembled at El Paso for mechanized training, ending a "boot and saddle" era.

After brief training, they were sent to Australia, and early in 1943 saw their first action on Los Negros in the Admiralty Islands. Under the command of Maj. Gen. Innis Swift, the First (dismounted) Cavalry then joined Gen. MacArthur's forces for the sweep up the New Guinea coast.

Leyte in the Philippines was the scene of the First Cavalry's next campaign. Here Maj. Gen. William C. Chase relieved General Swift as First Cavalry commander. MacArthur picked the First Cavalry for the invasion of Luzon, and units of the El Paso-trained Cavalry liberated internees and war prisoners at Santo Tomas in Manila.

The First has been on Luzon until the fighting ended Sunday.

RICE CROP DAMAGED
DALLAS, Sept. 5 (AP)—Texas rice crop damage, caused by the hurricane last week, ranged from 25 to 35 percent, and was limited mainly to between the Bay City and Beaumont area, the U.S. Department of Agriculture estimated.

Randolph Urges More Precaution For Polio

DALLAS, Sept. 5 (AP)—Phillip S. Randolph, representative of the National Foundation for Infantile Paralysis, said Texas must prepare herself better for future polio epidemics than she has done during this summer's siege of the disease. In an effort to coordinate polio resources to combat future epidemics, Randolph and Mrs. George H. Pittman of Dallas, state representative for the foundations, are touring Texas.

The first American locomotive actually to be operated on a common-carrier railroad in the United States was the "Tom Thumb," an experimental engine built in 1829 by Peter Cooper.

"When he closes his eyes with contentment, we'll grab him." Grab yourself a big bowlful of Wheaties. "Breakfast of Champions." Those whole wheat flakes help change breakfast from just contentment in milk, fruit, and plain eating to real enjoyment.

More May Make Arrangements For Occupations Class

Twenty-one students already have made arrangements for diversified occupations work for the 1945-46 school term, and Pat Murphy, coordinator, said Wednesday that more could be accepted.

Those interested, he said, should contact him at the high school between the hours of 9 a. m. and 12 noon on Thursday and Friday. Openings exist in the electrical, auto mechanic, machine shops, secretarial, grocery, meat market, printing and retail sales fields, and possibly others.

Diversified occupations is an "on-the-job" training program whereby students (juniors and seniors except in rare cases) engage in related classroom work during the morning and make practical application of their study in the afternoon. Cooperating firms pay the trainees.

Of the number already entered, eight will be second year students. Last spring 16 members of the class graduated.

Murphy said that thus far the heaviest volume was in the electrical and retail sales fields. Students who are working at a job which they would like to continue during school might be worked into the program as well as others who are interested generally in the program.

Children Urged To Have Examinations

"Many mothers have waited until the last minute to have their children checked by doctors," said Mrs. Ann Fisher, city-county health nurse, "thus causing a rush before school begins."

All children just entering school should have been checked and vaccinated to be sure they are in a condition to do their best work.

CUSTOMHOUSE FIGURES

NEW LAREDO, Mexico, Sept. 5 (AP) — Customhouse figures released today showed total imports on imports and exports passing through this port of entry during August were \$9,967,183 pesos (\$1,993,436).

Epidemics Decline As City Cleans Up Unsanitary Sites

With the polio-typhus epidemic showing a decline, the Big Spring sanitary clean-up campaign bears down to prevent further persons from being stricken with the diseases.

Before the 700 pounds of DDT has been exhausted, the whole town will be covered. In case the DDT supply runs short, more can be obtained. Already a great improvement can be seen in the areas dusted, say officials.

The health department gave 30 notices to persons to get their property cleaned up in 24 hours. These places are to be checked this afternoon and if the owners have not cooperated they will be given notices to appear in city court. One tourist camp may be closed.

Seven men were spraying the DDT today, including the schools and a number of businesses. The picture shows were sprayed Tuesday. Tuesday the DDT was sprayed from Bell street out west of town and from the railroad to Twelfth, also all of the north side east and west of city limit lines was covered. Besides the schools and businesses today, the men were to cover from Third out east to the city limit line.

Sam Landrum, Austin, sanitarian for the state health department, R. L. Roberts, Austin, sanitarian trainee for the state department, Joe Stanley, Lubbock, state department district sanitary engineer, are to be here about two weeks to complete the sanitarian campaign. In cooperation with them are Graham Smoot, chief sanitarian for the Midland-Ector-Howard counties health unit, and L. M. Fox, city-county health unit sanitarian. These officials are trying to get several live rats. If anyone notices rat signs around their home, they are asked to call the health unit or drop a card.

Lions club members received check cards today and will begin the city-wide sanitary survey this afternoon. Leaders ask public cooperation in furnishing information.

Scouters To Review Phase Of Scouting

All scouters of the Big Spring area will be in joint session for a review of all phases of scouting at 7:30 p. m. Thursday at the high school gymnasium. Any person who is affiliated with scouting and who is of the boys are invited.

Those to be on the program are Rev. Dick O'Brien, Joe Pickle, Elra Phillips, Rev. James Moore, Sam McComb, W. C. Blankenship and H. D. Norris.

Refreshments are to be served.

What's June Got That September Hasn't?

What's June got that September hasn't got more of?

The answer is nothing—absolutely nothing—if records at the county clerk's office may be introduced in testimony.

From Tuesday noon to Wednesday noon, nine marriage licenses had been issued, one of the biggest one-day rushes on record at the office of County Clerk Lee Porter.

Curiously, the price of licenses has gone up from \$1.50 to \$2 under state law, to which Emma Rose Weir, deputy clerk, sighed: "What would have happened had it gone to \$3?"

Rank Awards Made At Court Of Honor

We C. Blankenship made the rank awards at the Boy Scout Court of Honor which was held Tuesday night in the high school gymnasium. George Melear announced the attendance award to Troop 9 and advancement award to Troop 4.

Boone Horne presented Bobby Holbert, Troop 3, with a life badge. Donald Williams of Troop 4 was given the double bronze medal by Joe Pickle and Stanley Peurifoy. Troop 1, was presented the Eagle bronze palm in absentia.

Billy Wheeler, Troop 2, was given his first class award. H. D. Norris gave the camping emblem to Mike Kenney, Troop 1, and Billy Wheeler and Billy Bob Watson of Troop 2.

BATON TWIRLERS TO MEET

Frank Wenz, director of the band, issued a call today for all baton twirlers to meet with him at 10 a. m. Thursday at the high school gymnasium. He has two experienced girl twirlers returning, otherwise, the field is wide open.

NO ARRESTS MADE

Numerous calls were answered by police Tuesday but no arrests made. Two girls were picked up for VDC.
