85.33 PER CENT PASS AND 170 cent. Last year the enrollment went WIN DISTINCTION IN GRADES ENROLLMENT INCREASING

the first six weeks show that 85.33 three rooms averaged above 98 in per cent of the pupils passed in their attendance. They were: work and 170 won distinction in grades Miss Melton's room 98.70 per cent. for the six weeks. There were also Miss Tucker's room 98.11 per cent. 12 additional pupils in high school Mrs. Power's room 98.00 per cent. partments, which follow, will show per cent. the per cents by departments. It will be recalled that conditions in the high school are rather crowded, and that has some bearing on the subject, there being 55 in the ninth grade, 43 in the tenth grade and 35 in the eleventh grade. Under present conditions, these can not be sectionized and are required to recite in one class. When we recall that 30 pupils to the class is the maximum number allowed by the Department of Education in high schools of the rank of ours, we can have some idea of how badly we are crowded.

The reports also show an increased enrollment over last year. Last year same being indicated by H. R. after the first month enrollment was 463. their respective names. This year our first month enrollment | The lists follow by departments:

year the second month showed 478 This year the second month shows 527, an increase of 49. Figures of averages for the two months for each year, this is an increase of 11.25 per to 607 during the year. At the sam rate of increase, the enrollment thi

#### FREE DEMONS FRIDAY, NOVEMBER 13th

Seven persons out of every ten have some form of foot trouble. It may be weak or broken-down arches, weak ankles, corns, callouses or bunions or probably a case of tired, aching, painful feet. Regardless of what may be the nature of your suffering, you will find quick and permanent relief, this week, at our Foot Comfort

Foot Comfort Expert to Serve You For the benefit of all foot sufferers, this store has arranged with The Scholl Mfg. Co., for the services of one of Dr. Scholl's most skilled demonstrators, who will be at our store to give free foot comfort demonstrations on the above date. Every foot sufferer should take advantage of this exceptional opportunity.

Free Pedo-graph Picture Made of Your Feet In a few seconds' time, without removing the hose, he can make a photographic print of your foot that positively shows if you do have foot troubles and to what stage the trouble has progressed. This service is absolutely free and places you under no obligation whatever.

#### FREE SAMPLES

Do you want to know how to stop corns hurting instantly? Come in and get a sample of Dr. Scholl's Zino-pads. They remove the cause of corns—friction and pressure. Thin, antiseptic, healing.

Bring your foot troubles to this store during this demonstration and learn the true meaning of foot comfort.

START NOW AND SAVE SOMETHING EACH WEEK

FIRST NATIONAL BANK MIDLAND, TEXAS

New Evangelistic Record for Nation for Five Years Set Up in South.

WOULD DEVELOP MEMBERS

Effort to Enlist Entire Constituency of 3,500,000 in Regular Giving Planned Soon.

More than one million new members have been received into the Baptist churches of the South by baptism alone during the past five years, according to a survey by Dr. E. P. Alldredge, statistical secretary of the Southern Baptist Convention The exact figures, 1,037,550 baptisms,

DR. ELLIS A. FULLER, Superintendent of Evangeiism.

ern Baptists, but for any evangelical body in America, the records reveal. This achievement is equivalent to Texas. 24 baptisms for every hour, 576 for every day, 3,990 per week, 17,292 per month and 207,510 per year.

Prominent in the achievement of Atlanta, Ga. This board, organized board have within that period raised and disbursed in mission work in the South, Panama and Cuba the sum of \$18,213,336.10.

Last 22 Years Productive

The larger part of these achieve ments of the Home Board has come during the past 22 years, cov ering the secretaryship of Dr. B. D. Grav. Under Dr. Gray's administration the workers of the board have baptized 662,497 persons, received 1,-122,344 persons into the churches and organized 4,997 new churches Within the same period the agents of the board have raised and disbursed in mission work the sum of \$14,723,595.87.

The evangelistic department of the Home Mission Board has been its greatest single evangelistic asset. This department has been without an active head recently, but the board has just called to that position Dr. Ellis A. Fuller of Green ville, S. C., and he entered upon his work October 1. He is a young man of college and seminary training and has been unusually succesful in soul winning and other phases of work as a pastor.

Southern Baptists have been far more successful in winning converts and church members than they have been in the general spiritual development of the members, it is pointed out. In the hope of bringing about a development of the 3,574,531 members of the denomination to the point where all of them will have a share in supporting all the missionary, educational and benevolent work fostered by the denomination, an Every Member Canvass will be conducted in a majority of the 27,000 Baptist churches throughout the South, during the late fall and winter, the majority of the states employing the week of Dec. 6-13.

Would Enlist Every Member The canvass will be conducted under the general auspices of the Cooperative Program, which is fostering state, home and foreign missions, the Baptist schools, hospitals and orphanages, and the work of ministerial relief. The ideal toward which the commission is striving is that of every member, giving every week to every cause in proportion to his ability, through his local church. As fully as possible individual Baptists are being urged to give a tenth of their income to Christian work.

So extensively have the various missionary and benevolent enterprises fostered by Southern Baptists grown in recent years that it now requires a minimum of \$12,000,000 per year to keep the work growing. Each state is being asked to provide its proportionate share of this amount. The state boards, in turn, are asking the respective associations in their states to accept definite quotas for 1926, and the associations, in turn, are asking the local churches to assume a definite proportion of the associational objective

## hen Business is Good

CATURDAY night is a mighty good time to ask yourself this question: "Is our community sending more money out of town than is coming in each week?" Of course the only safe answer is "NO!"

This means that we folks in this neighborhood must patronize local supply men and merchants if we expect our town to prosper and "stay on the map."

Frankly, it means that every citizen will find it most profitable to read the advertisements in this paper every issue, and to follow their good advice.

Our advertisers are all personally interested in this town-and in YOU. They are helping you build a better home community. When business is good, their profits are being shared with you in an endless chain of co-operative betterment.

Read the Ads in this Paper and save yourself money by trading at home

# THOROUGHLY CLEANED

# PERFECTLY DEODORIZED!

Such will be the condition of your clothes when they are sent back from the Harry Tolbert Cleaning and Pressing Shop

#### Important Announcement

We have just installed and are now operating THE GLOVER CONTINUOUS-FLOW CLEANING SYSTEM, the most practical, efficient, and up to date equipment to be had.

We have spared no expense in buying and installing the best machinery, in order to give our patrons the maximum in service at a price no greater than before.

This service gives Midland something never introduced here before.—A service just as efficient as will be found even in the largest cities.

Phone 150 and give us a trial. You are invited to call and see our new equipment.

#### Note the Advantages

Our new cleaning equipment treats your clothing with a continuous flow of pure, clean gasoline.

No dirt or impurities are allowed to remain in the cleaner with your garments. They come out thoroughly cleaned.

They are then placed in the Dryer, or Deodorizer-A little machine of concentrated sun and wind. When the garments emerge, the gasoline odor is gone.

No wear and tear, Silks and fine Fabrics are handled with perfect safety.

> First—A river of pure clean Gasoline! Second—Concentrated Sun and Wind!

Result—Perfectly Cleaned Garments, ready for our Skillful Pressing.

Vernon

### Concrete Streets TEXAS

And Vernon has reason to be proud of its streets. Main Street was concrete paved in 1913. Twelve years have fully demonstrated the economy and durability of concrete. The maintenance cost has been negligible. Any taxpayer in Vernon will tell you that this pavement has paid handsome dividends in satisfaction and service.

Concrete pavement meets the challenge of twentieth century traffic. It is a safe pavement because it is skid-proof. And it is cheapest in the long run because it costs least to maintain.

If you keep these facts in mind, you will make certain that your streets are paved with portland cement concrete.

Our free booklet R-4 gives many interesting facts about concrete streets. Would you like a copy?

J. L. Hankala, Midland farmer, who has put up thousands of gallons of ribbon cane and seeded ribbon cane syrup in East Texas, where syrup making is an art, has agreed to put in a first class mill and make syrup on a toll basis if as much as 100 acres is assured. He will guarantee that the cost to the producer for getting his syrup made will not be over fifty per cent of the syrup made. It may be less.

County Agent Snyder has already had a request from a large grocery wishing to buy the product of the Midland mill. The syrup made here is of extra fine quality. A good local market as well as out-of-town market is assured.

Farmers who want their own syrup or wish to sell syrup should see the county agent at once. More than 25 farmers have already agreed to raise some of the Japanese seeded ribbon ane next season.

WILL H. MAYES Former Dean Department of Journalism University of Texas

Rural School Graduation Exercises. Here is a suggestion that is worth more than this newspaper will pay for these articles in ten years. It is not my idea, but came to me from Mrs. George R. Felter, county school superintendent of

Fravis county, and is not copyrighted. It was adopted unanimously by 70 leachers of rural schools when it was proposed in that county. It is merely to hold graduation exercises for all sounty schools at one time and at ome central point in the county. It is a wonder that it has not been done before. Think what a crowd of happy ounty school graduates and still happier parents it will bring together, and with what pride each school will show the others its achievements of the rear. Such a thing would not have been possible anywhere in Texas a 'ew years ago, but good roads and au-omobiles make it altogether practical

Pageantry and Pies.

It is proposed to include in the exerises, which will continue all day, an mpressive historical pageant, in which each school will have a part. Schools aving bands will bring them along or single band and massed band conterts. There will be some speechnaking, of course. There will be a pig picnic dinner of fried chicken and to more and such things. pig picnic dinner of fried chicken and tomemade pies and such things. The shildren will be dressed in their best. They will proudly wear their school solors with the school names on armonds and hatbands. The delivery of liplomas will be impressive. Goodactured rivalry will exist between schools and the less ambitious will be difficulated to greater effort. It will timulated to greater effort. It will be an event to inspire every child who sees it to strive for a coveted county chool diploma and to make every parent eager to sacrifice, if need be, that he ambitions of their children may be gratified. There is plenty of time or this county to start such a move-

The Headlight Law. It is stated that in some counties ninety per cent of the car owners rave complied with the headlight law while in others forty-eight per cent have ignored it. That observance of he law increases safety of night ravel all agree, and it is also easily een that the driver of a car with ights properly adjusted is at a dis Idvantage when meeting a car with ights out of adjustment, and is then n greater danger than if he were vioating the law instead of observing it. Public sentiment and public safety lemand that this law be observed and hat indifferent officers be invited to ee that it is enforced. Observers of he law are entitled to the protection of the law. Public officials owe it to

Confidence in Officials Weakened. Charges and counter-charges are nade with such frequency in regard o State highway transactions these lays that weekly papers can hardly geep pace with them even if they hould try. The average man hardly mows what to think under such conlitions, for he can not be sure that he mows the facts on which to reach a conclusion. The questions now being nost closely studied are: Is the State, if which we are every one a part, pay-bg too much for maintaining its hightays, in which we are all interested? f it is paying too much, to whom is his money going, and why? What can je done to prevent the waste of pubic monies and to insure efficiency in public officials? Will grand jury nvestigations and court actions or leg-Since the grand juries are already hat before reaching any decisions That is the conservative view of good itizenship.

Making the Streams Work.

Down Cotulla way they have worked ut preliminary plans for spending 17,300,000 to make the Nueces river get to work in the interest of the val-ey instead of allowing its waters to to to waste. It is the same old story o much heard lately of conservation, rrigation and water power in the opration of manufacturing industries. This writer can't think hard in terms f millions, but he knows that it means hat Texans are deciding that Texas asn't been doing all that it should hey must be no longer wasted, but

Deserves the Compliments, But-Although the Dallas News deserves Il the compliments being paid it and eproduced in its columns, readers are leginning to wonder if it will get brough publishing the nice things aid about it on the occasion of its ortieth anniversary before it has anther birthday and has to start all over

What About the Quality?

Some of the largest cities of Texas re quarreling about the number of seople the census bureau is crediting hem with having, all of them claiming nore than the bureau found in them. Why complain of a little thing like hat? I know some towns of a thouand or so people that are far more lelightful living places than any of he cities of the country, and there re hundreds of rural districts that are nore inviting than the towns. Quanity of population and congestion are agre often harmful than helpful.

SHERIFF'S SALE

THE STATE OF TEXAS,

Notice is hereby given That by virtue of a certain order of sale issued out of the Honorable District Court of Midland County, of the 26th day of September 1925, by District Judge of said 70th Judicial District for the sum of twenty two dollars and 02-100 Dollars and cost of Suit, under a judgement, in favor of State of Texas in a certain cause in said Court, No. 1773 and styled State of Texas vs. J. E. Hinds, placed in my hands for service, I A. C. Francis as sheriff of Midland County, Texas, did on the 16th day of October 1925, levy on certain Real Estate, situated in Midland County, Texas, described as follows, to-wit:

160 acres of land being the SE survey 28 Block, 38 South situated in Midland County, Texas, and levied upon as the property of J. E. Hinds and that on the first Tuesday in December 1925, the same being the 1st day of said month, at the Court House door, of Midland County, in the town of Midland, Texas, between the hours of 10 A. M. and 4 P. M. by virtue of said levy and said order of sale.
