Lazbuddie Students Learning AutoCAD

TSTI VISITS LAZBUDDIE SCHOOL--Wednesday, four representatives from TSTI visited the Lazbuddie School and gave presentations on AutoCAD, which is computer-drafting. Pictured from left are Jeff Smith, TSTI drafting student; Patsy L. Van Leer, TSTI representative, Lubbock; David Cooper, TSTI drafting student; Mack Brad Blenden, TSTI program chairman; and Mark Scisson, drafting and woodworking teacher, Lazbuddie. (Journal Photo)

4-H Youth At El Paso To Exhibit

The Bailey County Extension office has reported the following results by 4-H youth in the El Paso Livestock Show:

THREE WAY 4-H

Keith Kindle - 9th place medium weight Duroc. Keith is the son of Joey and Carolyn Kindle.

Kyle Kindle - 11th place light weight OPB and 14th place medium weight OPB. Kyle is the son of James and Sharron Kindle.

Joshua Tooley - 2nd place in the short steer class; second and third place in Southdown ram class; 10th and 11th place in the light weight Southdown class. Joshua is the son of Howard and Jan Tooley.

MULESHOE 4-H

Katie Black - won the Beef Showmanship Award. She also won 5th place in the heavy weight Cross lambs. Katie is the daughter of Rex and Brenda Black.

Shane Schuster - 4th place heavy weight Southdown class and 19th place Medium Wool.

Melinda Schuster - 1st place medium weight OPB and Reserve Breed and 18th place medium weight Cross.

Carolyn Schuster - 4th place light weight OPB and 18th place Fine Wool Cross.

All three Schusters are the daughters of Alec and Lindy Schuster.

Jason Harmon - 1st place medium weight Hamp and Reserve Breed. Jason's parents are Bill and Jo Harmon.

We congratulate all of these 4-H'ers on their placements and are proud of all those who represented their county and club at this show in such a fine way.

Computer-Drafting Age Prevalent In Projects

Students in junior high and high school at Lazbuddie are fortunate enough to be learning a unique process -- computer drafting.

Mark Scisson, their instructor, is providing the 40-45 students in his classes instruction not generally available in a school as small as the Lazbuddie School.

In the woodworking building at the school, three computers, and drafting software is available for the youngsters, who first design their projects on computer, by scale, then make actual scale models of their work.

Wednesday, they heard Mack Brad Blenden, program chairman from TSTI in Amarillo, as he talked to the students, and interested instructors about the Drafting and Design Technology classes at TSTI, and what their students in Amarillo learn from the computer drafting process, called AutoCad.

He was accompanied to the Lazbuddie school by two students from Amarillo TSTI, David Cooper from Wataga, Ill. and Jeff Smith of Amarillo. Also accompanying the trio Patsy L. Van Leer, TSTI admissions officer, from TSTI's Lubbock office.

Blenden, who presented two one-hour seminars during the day, showed the students how computer drafting is used at TSTI, and how a drawing of a house, for example, can be changed and re-arranged, on computer, before a scale model is printed out.

He said this method can be adapted to many things the students may work on as projects and will save time. "When you put a drawing in the computer, you never have to do it again," he said. "You can make any changes on the computer screen, like adding doors and windows, stairs, porches, or anything else, print out your revised drawing, then save the master copy."

He also told the group that unlike handdrawn models, or plans, the computer has an accuracy of .00000001, or one hundred millionth, of an inch.

Also, plans can be drawn up full size on the computer, then can be shrunk down until details become 'pinpoint' size until zoomed up close for printing out or checking, or changing.

AutoCad, as learned by the students is Computer Age Drafting, and has the ability to do 3-dimensional drawings.

Blenden explained that new cars are designed on computers, and used the Corvette as an example. He said the Corvette was designed by hand, then a test model had to be made to check aerodynamics.

By computer, a new car can be designed on the computer, as CAD allows the designed to build a model on the screen, then check it, test it and make corrections before it ever leaves the computer screen.

Also, he reminded, the programs he was running for the students were not even available on computers 10 years ago.

He showed the solar system, and drew up a part of it and kept enlarging the moon from a tiny 'speck' to show vivid details.

"The drafting field is a field very diversified, very satisfactory. Page 6, Col. 1

EMS Delivers Mendoza Baby In Ambulance

Just before midnight on Tuesday, February 13, the ambulance from the Bailey County Ambulance Service started a routine O.B. run to University Medical Center in Lubbock.

But, 29 miles east of Muleshoe, the ambulance pulled off the highway onto the shoulder and Paramedic Jeff Isom delivered a six pound, 14 ounce, 19 inch long boy to 25-year-old Rebecca Mendoza.

The official time of the infant's birth was 12:22 a.m. on Wednesday, February 14, making him a real "Valentine."

He is the fourth child born to the Mendoza family.

After the delivery, the ambulance diverted to the Littlefield Hospital, where both mother and newborn son were admitted in good condition.

Other emergency personnel on the ambulance at the time were Joe Don Prather, Mary Bonham and J'Don Kube.

Criminal Trials Begin Monday; Prospective Jurors Will Report

Beginning at 9:30 a.m. tomorrow, Monday, criminal jury trials are scheduled to get underway in 287th Judicial District Court before Judge Jack Young.

More than 20 cases are listed

around muleshoe

During a special meeting on Thursday night, members of the Muleshoe ISD scheduled the election for new board members for May 5.

Three school trustees will be elected this year.

The West Plains Scottish-Rite Assn. said they would like to invite the people from Muleshoe and the surrounding area to a program at the Muleshoe Masonic Lodge on Wednesday, Feb. 21 at 7:30 p.m.

This special program will be presented by Jan Morris, director of the Scottish-Rite Learning Center of Texas.

She will be presenting a slide show on the detection and treatment of dyslexia and other learning problems. Especially invited are teachers, not only from Muleshoe, but also from area schools.

Karen McLaughlin was named Educator of the Week at Watson Junior High School for the past week. She teaches eighth grade math.

Principal's awards went to Samantha Caswell, sixth grade; Jason Barrett, seventh grade and Marisa Orozco, eighth grade.

Jeffrey Hicks of Muleshoe has been inducted into the Psi Zeta chapter of Phi Theta Kappa at Western Texas College, Snyder.

Hicks is a freshman theater major with a minor in medicine. He plans to continue his studies at the University of Texas at Austin following graduation from WTC. He is the son of Jerry Hicks and Shirley Hicks, both of Muleshoe.

MPD Chief Wayne Holmes said on Tuesday, April 17, at 7

Cont. Page 6, Col. 3

to go before the court when a jury is seated.

Docket call was held at 10 a.m. Friday, February 16, preceded by pre-trial motions and preliminary matters.

Cases to be heard include:

Luis Carlos Diaz, subsequent DWI; Norman A. Morgan, theft; Bertrand Jerome Tucker, forgery; Sammy Gonzales, theft; Alfredo Lujan, delivery of a controlled substance; Jose Isidro Torrez, subsequent DWI; James Douglas Eady, theft; Amado Prieto, burglary of a vehicle; Raymond Sanchez, aggravated assault (two charges); Larry DeWayne Ross, indecency with a child and Calos Galan, burglary of a building.

And, Doyle VanCleave and H. W. Koonsman, theft of cattle; Boyd Keith Overturf and Cecil Everette Nixon, securing execution of document by deception; Jimmy Don Hughes, subsequent DWI; Jesse G. Garcia, subsequent DWI; Vincente Daniel, subsequent DWI; Charlie Ray Johnson, subsequent DWI; and Hector Flores, burglary of a building.

Also, Louis Edel Germain and Andy Valdez, burglary of a habitation. (two charges); Jack Charles Stovall, Jr., subsequent DWI; Jeffery Phillip Carpenter, subsequent DWI; and Benjamin Gonzales and Dimas Rodriguez, theft of cattle.

Prospective jurors notified to report at 9:30 a.m. tomorrow, Monday, include:

Dorothy Perry St.Clair, Margaret Ryan Buhrman, Stanley Max King, Gertrude Simpson Fred, Elmer R. Davis, Bettie Logan Harrison, Oliver Joe Wheeler, Naomi Fine Julian, Eva Ivy Stephens, Natalio Flores Garcia, Doyle Wayne King, Ilene Willingham Watts, Pete Tarlton, Mrs. Frances Bryand Perez, Judy K. Lambert, Kenneth Ray Harris, Nettie Marie Lane, Tommy Ray Sisemore, Frances Robertson Bruns and Carolyn Tiller Swint.

Also Clara Harbin, Benedeto Torrez, Bryan David Swain, Charles Lee Fisk, R.B. Cunningham, Don Seales, Verna Owen Ferris, Hermon Raymond Nichols, Edith Roebuck Lee, Miguel F. Garcia, Mrs. Leamon O. Stancell, Bettye Moses Noble, Jerry Ratliff Smith, W. Jim Young, Alez Castorena, John

Sowder, Mary Graves Liles, Amalia Rodriguez Villalobos, Johnnie Taylor Ferris and James Wilson Lee.

Also Debbie Denise Fahrtrapp, James Len Turnbow, Della Smith Snell, Michael Bruce Slayden, Nora Burch, Lori Richards Bales, Marvin George Davenport, Sharon Middlebrooks Grant, Charles Larry Gist, Dana Wilkinson, Frances Mendoza Garza, Richard R. Bonham, Kay Cont. Page 6, Col. 2

Latest Tax Rebate Check Shows Decline In Area

State Comptroller Bob Bullock said Friday his office sent checks totaling \$156 million in local sales tax rebates to cities and counties in Texas.

This month's total is the second highest monthly rebate in the state's history with last February's payments of \$157 million to cities and counties setting the state's record.

Total payments last February were \$1.2 million higher than this month because a number of large audit payments were credited to the books last February, Bullock said.

This February's payments to cities totaled \$143 million.

Muleshoe's payment is down for the pay period and down for the year. Net payment this period was \$25,219.64, down 10.92 percent from the \$28,311.13 at the same time a year ago. This brought 1990 payments to date to \$40,662.46, down 9.26 percent from the \$44,811.87 at this time last year.

From Morton, in Cochran County, a decrease was also reflected. Morton's payment at this time last year was \$7,629.05, and decreased by 18.66 percent to \$6,205.85 this year. Current 1990 payments to date show \$10,998.14, down 2.88 percent from the \$11,324.10 at this time a year ago.

Littlefield, in Lamb County, shows a decrease of 28.18 percent in current payments. New payment this period was \$27,286.81, and at this time last year, was \$37,994.98. For the year, the payments show a decrease of 19.32 percent. Total payments to date last year were

\$52,913.83 and were \$42,689.55 at the same time this year.

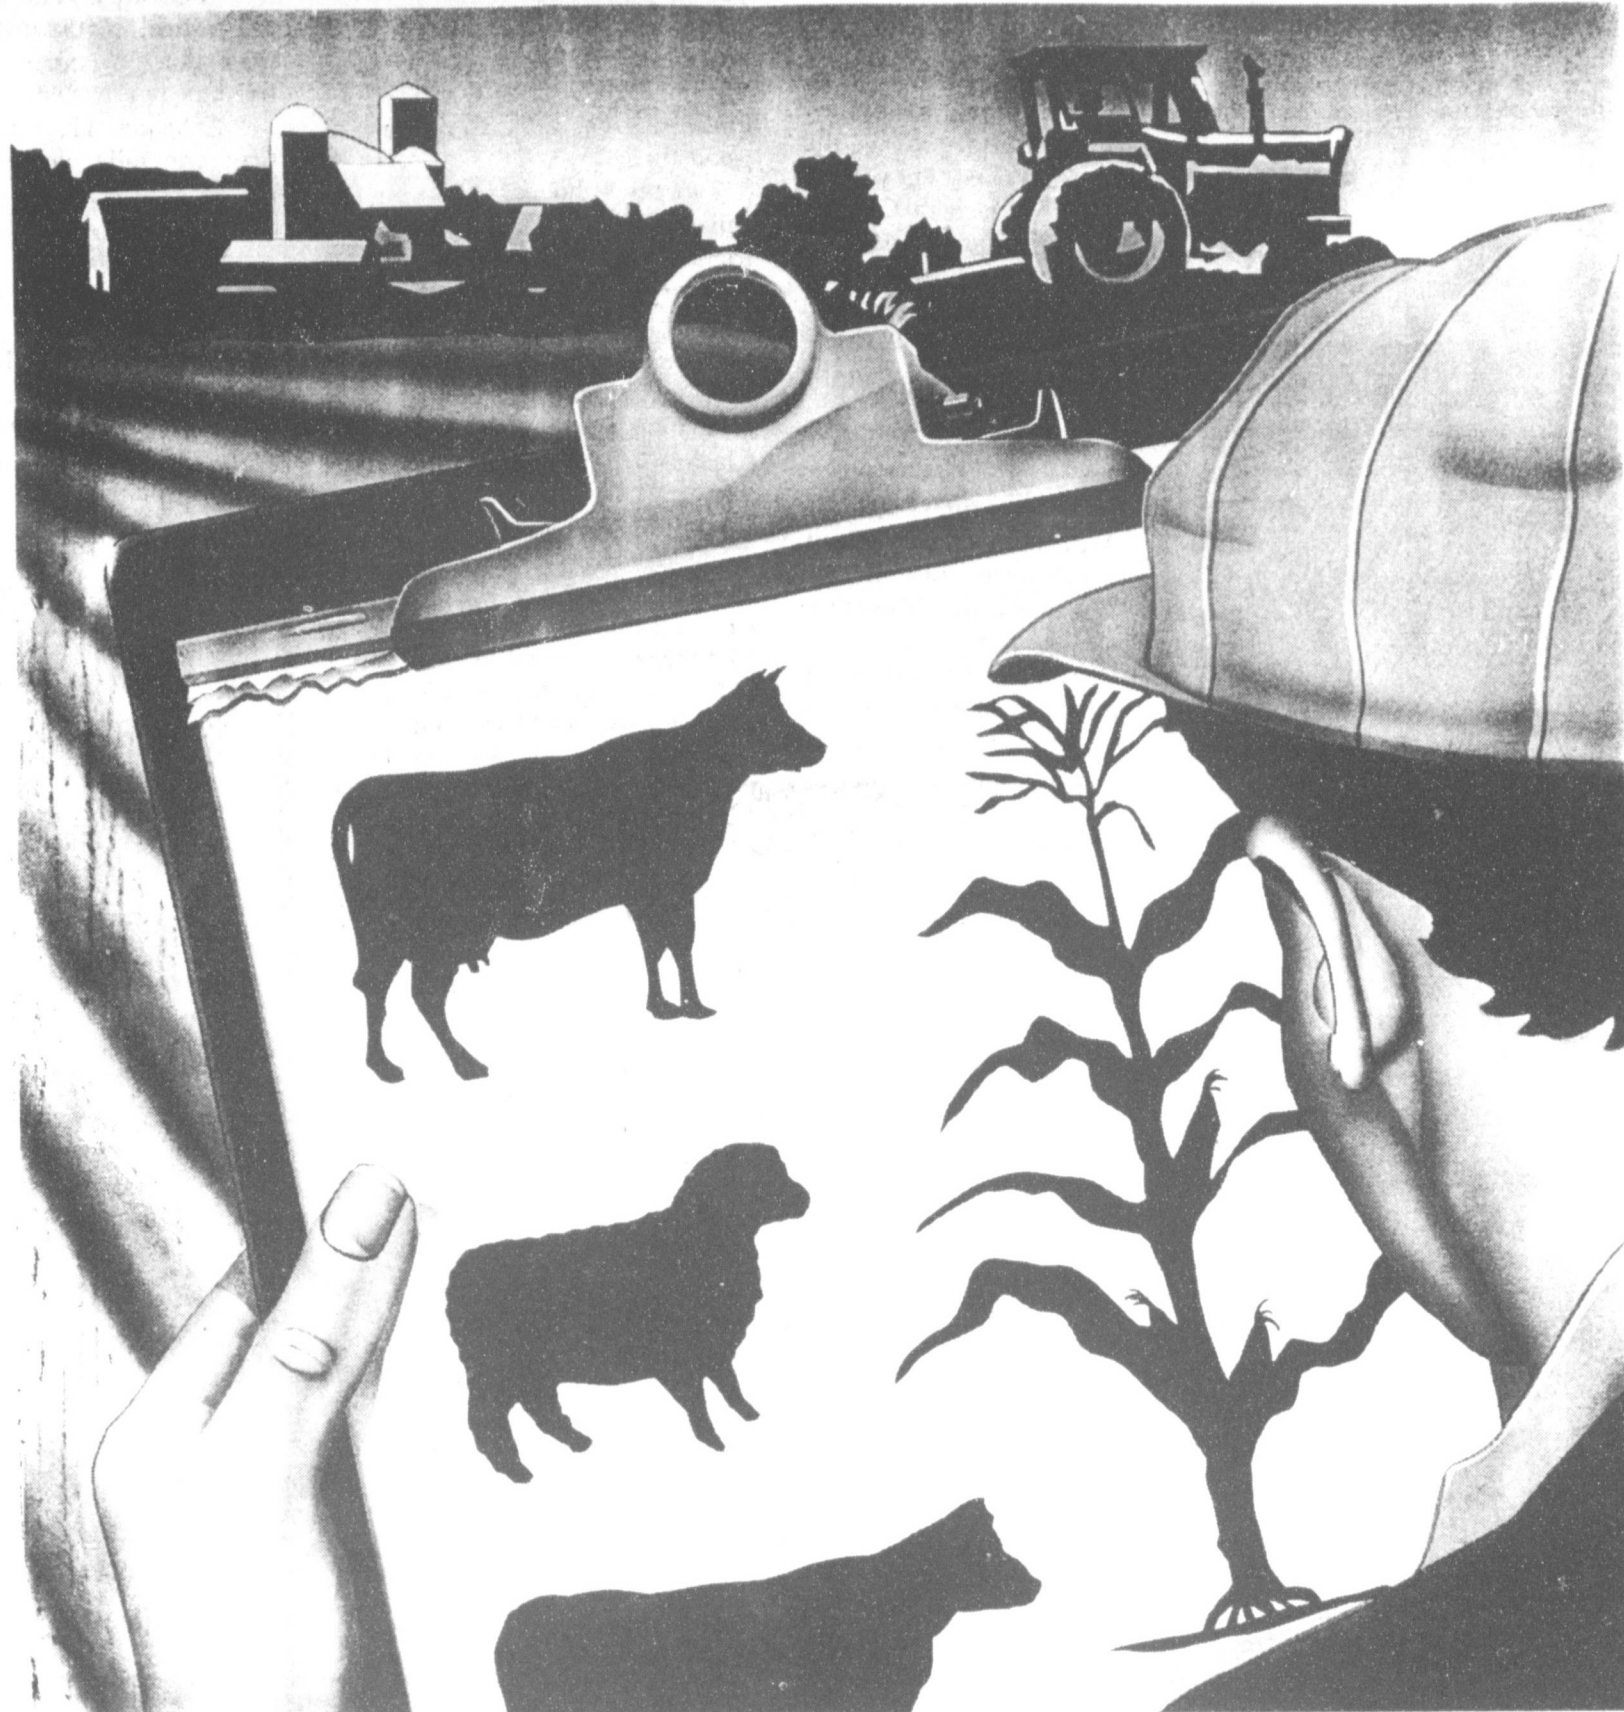

Making it unanimous in the area, Friona is also 'down' for the current period, and for the year. Friona received \$13,009.00 for the current net payment, down 10.30 percent from the \$14,502. Cont. Page 6, Col. 3

THREE WAY LADY EAGLES' NAMED TO DISTRICT VOLLEYBALL TEAM: Following a very successful season, six Three Way Lady Eagle Volleyball players were named to the District team. Standing from left are Shelby Bray, coach; Lupe Silva, Melinda Turney, and Carrie Kindle. Kneeling from left are Maggie Landeros, Malisa Guillen and Denise Duarte. (Journal Photo)

FIRE AUXILIARY SWEETHEART RECOGNIZED--Becky Churchman, left, went to the meeting of the Muleshoe Fire Department Wednesday night to present the plaque to the annual Fire Department 'Sweetheart.' Recipient Jack Dunham was out of town, so accepting the plaque on Dunham's behalf was Jimmy Mills, MFD fire marshal. (Journal Photo)

Health Fair At ENMU-Clovis Set For Area

On Saturday, February 24, Eastern New Mexico University-Clovis, will be hosting a Health Fair as a part of the National Community College Month celebration.

If you want to know more about your health, the health fair will be in the Student Activity Center, 10 a.m. until 2 p.m.

You can have your blood pressure checked, learn more about personal cardiac risks, and have the health care professionals from Clovis High Plains Hospital do a total blood cholesterol and blood sugar screening. The cost of the cholesterol and blood sugar screening is \$7 per person and the results will be ready in about five minutes.

Other activities and tests include: free computerized body composition analysis, diet analysis, blood pressure screening, hearing checks sponsored by ENM Hearing Aid Center, free information from the American Cancer Association, American Diabetes Association information and jump rope for heart demonstration.

Beginning at 12 noon, a Low-impact Aerobic Exercise class will be conducted and a Wallyball Tournament will begin at 10 a.m. There is a \$1 registration fee for

the tournament.

Take your heart to heart, and join ENMU-Clovis on Saturday, February 24, and enjoy a day of personal fitness and health. For more information or for registration materials contact John O'Connell, 505-769-4153.

Fire Department News

by: *Ralph Sanchez*

February 7, the Muleshoe Fire Department had their monthly business meeting. President Larry Rasco called the meeting to order.

The fire department had a guest speaker, Marilyn Cox. Mrs. Cox is running for Bailey County Judge. Mrs. Cox is the wife of Reagan Cox. They have two daughters, Marleca Crittenden of Moody, Texas and Stephanie Cox of Muleshoe, a senior at Muleshoe High School; and Brandon Cox of Austin, Texas.

Good Luck, Marilyn Cox, in the up coming election!

Larry Rasco and Richard Ronek presented a CPR class to the employees of Muleshoe State Bank. Muleshoe State Bank donated \$100 to the fire department. Thank you, Muleshoe State Bank!

Paul Poynor, of Poynor's Home and Auto, donated a rear sliding window for one of our fire

trucks, Unit 209. Thank You, Paul Poynor!

Fire truck Unit 209 was repainted by Jimmy Mills of Muleshoe Body Shop and the truck is currently in Lubbock getting a new bed put in.

Tony Scoley was voted in as a new member of the fire department. Tony, we're glad to have you as part of our team!

The Fireman's Ball will be held on April 28, 1990, tickets will cost \$5 a couple. Everyone is encouraged to attend and have a good time.

Two fire schools are coming up this month. They will be held at the fire station.

The classes will be on Burlington Railroad, Railroad Crossing Safety -- February 21, 1990 at 7 p.m.

A Fire Service Management Class will be -- February 26 - March 1, 7-10 p.m.

FIRE CALLS

February 1-15, 1990

* February 4, 3:04 p.m., grass fire, near miniature golf course, 12 firemen responded.

* February 10, 10:29 p.m., vehicle wreck and fire, four miles east on HWY 70 and two miles

south on FM 3269, one injured. 13 firemen responded.

* February 11, 4:44 a.m., smoke scare caused by electrical at a mobile home in Progress, Texas, 15 firemen responded.

* February 11, 12:30 p.m., grass fire, 13 miles east on Hwy 70 and three miles north on Hwy 303. 17 firemen responded.

* February 11, 6:01 p.m., grass fire, seven miles east on Hwy 70, 2 miles south. 17 firemen responded.

* February 12, 3:45 p.m., hay fire, one mile west on FM1760 and one mile south. 14 firemen responded.

* February 12, 10:50 p.m., Helicopter call, Carelink. 8 firemen responded.

* February 13, 12:10 p.m., grass fire, 10 miles east on Hwy 70 and four miles south on Talk Station Hwy. 12 firemen re-

* February 13, 8:03 p.m., tumbleweed fire, one mile north

from Watson Alfalfa. 8 firemen responded.

February 14, a.m. fire, gave mutual aid to La. border. Fire Department eight miles north on FM 214. 11 firemen responded.

Aquino plans peace talks to stabilize Philippines.

Low Fat, Cholesterol Snacks Important part Of Diet

The next time your children are home on a rainy or snowy day, instead of turning on the cartoons, why not have some fun and help your children understand the good sense and great taste of making a healthful snack/treat.

"Low-fat, low-cholesterol snacks can be an important part of a healthful diet," says Linda Turner, president of the American Heart Association's Bailey County Chapter. "And if we teach our children the importance of a healthful diet while they are young, it may become a lifetime gift of good health."

According to the American Heart Association an elevated level of blood cholesterol is a major risk factor for diseases of the heart and blood vessels, the nation's leading killer.

Cholesterol is a fat-like substance found in foods from animals such as whole milk dairy products, meat, fish, poultry, animal fats and egg yolks.

Guild Circle

Meets In

Curry Home

The Guild Circle of the Sudan United Methodist Women met Monday, Feb. 5 in the home of Eloese Curry with Mary Tollett presiding. The opening prayer was led by Grace Lopes.

A brief introduction to the study, "World of Islam" was given by Mary Tollett. Leaflets on a "Time Line of Islam and Christianity" and maps showing areas of Muslim religion in the world were handed out. The first part of the study was presented by Frances Potter. This lesson included five reasons for our need to know about Islam and an explanation of their symbol. A group discussion followed.

Minutes of the previous meeting were read and approved. Dorothy Drake reported that the date had been changed for a group tour of Methodist Hospital. It was changed to March 7, due to conflicts. A report was made on the District planning meeting which was held Saturday, Feb. 3 with Margaret Smith and Mary Tollett attending.

It was reported that Trinity United Methodist Church in Amarillo is hosting a Fun Cruise for the NW Texas Conference on Feb. 24. Members were encouraged to attend. Other meetings for the year were mentioned with details to be presented at a later date.

Get well cards were signed by all those present and sent to several persons. The benediction was repeated in unison.

Refreshments were served by the hostesses, Eloese Curry. Those present were: Thelma Lewis, Mae White, Thettie Mae Walker, Mary Tollett, Frances Potter, Caroline Hawthorne, Mary Smith, Glynna Harrison, Jackie McAlpin, Grace Lopes, Dorothy Drake, Anita Wallace and a visitor, Kathleen Goodwin.

"The American Heart Association recommends that all healthy Americans over the age of two limit cholesterol intake to less than 300 milligrams per day," Turner says.

So when you've got that extra time with your children, try the following recipe for raisin-oatmeal cookies from the American Heart Association Cookbook, Fourth Edition. Your children will enjoy making them and love eating them. And don't forget a glass of cold, low-fat or skim milk!

RAISIN-OATMEAL COOKIES

1 cup flour, sifted
1/2 tsp. baking soda
1 1/2 cups quick-cooking oats
2 egg whites, slightly beaten
1/4 tsp cinnamon
1 cup brown sugar
1/2 cup oil
1/2 cup skim milk
1 tsp. vanilla extract
1 cup seedless raisins
Sift together flour, baking soda and cinnamon. Stir in the oats. Combine egg whites, brown sugar, oil, milk, vanilla, and raisins and add to flour mixture. Mix well.

Drop batter a teaspoon at a time onto an oiled cookie sheet. Bake at 375 degrees F. for 12 to 15 minutes, depending on texture desired. Shorter baking time results in a chewy soft cookie, the longer time in a crisp one. Makes 3 dozen.

Nutritional Analysis per Cookie:

72 Calories
1.3 g Protein
2.3 g Total Fat
.3 g Saturated Fat
1.3 g Polyunsaturated Fat

For more information, contact your local American Heart Association at 792-6394.

The American Heart Association is the nation's largest voluntary health organization dedicated to the reduction of disability and death from heart and blood vessel diseases, which annually kill almost one million Americans. Last year the AHA spent more than \$150 million for research support and public and professional education and community programs.

Each year more than 300,000 people die of heart attack before they reach the hospital. Many of them might have been saved, says the American Heart Association. Studies indicate that 50 percent of heart attack victims wait more than two hours before getting to an emergency room.

Know the warning signs of a heart attack! 1. Uncomfortable pressure, fullness, squeezing or pain in the center of your chest lasting two minutes or longer. 2. Pain may spread to the shoulders, neck or arms. 3. Severe pain, lightheadedness, fainting, sweating, nausea or shortness of breath may also occur. If you show these symptoms, the American Heart Association says "Get help immediately!"

ARTIST OF THE MONTH--Joannah Gartin was named Artist of the Month of February at the Muleshoe Public Library and some of her paintings are on display at the library. Ms. Gartin is a member of the Muleshoe Art Association and stated that she has been busy the past year doing Juried Art Shows in Santa Fe, Albuquerque, Roswell, Carlsbad and Ruidoso, N.M.; Midland, Kermit, Texas; and Tempe, Ariz. Although Ms. Gartin paints in oils, pastels, acrylics, she stated that water color is her favorite. She also stated that she now has two sets of prints and does her own framing. Mrs. Gartin has six children and 12 grandchildren. (Journal Photo)

Jennyslippers Noon Meeting Held Tuesday

The Muleshoe Jennyslippers had a lengthy agenda when they met at noon Tuesday in the Old Depot for their regular meeting. Pat Langfitt called the meeting to order followed by the reading of the minutes of the previous meeting by Bobbie Harrison and a treasurer's report by Norma Bruce.

Billie Downing reported that there was a good turn out for the Scholarship Seminar Monday night.

A report was given on the Texas Toast, scheduled for March 2, by Nelda Merriott, Nancy Kidd, Chamber of Commerce and Agriculture manager, is coordinating a rest stop at the Mule Memorial, possibly between the hours of 10 a.m. and 6 p.m. "We'll have the water available to Toast Texas and will have brochures to handout--as well as information on Muleshoe-Mule Shoes and Muleshoe Pitching Sets for sale" said Mrs. Merriott. "At 2 p.m. everybody is invited to join us at the Mule Memorial for a special Toast to Texas, with dignitaries and a short program. Local businesses are encouraged to pause at 2 p.m. and Toast Texas, no matter where they are, and even if they can't come to the Muleshoe Memorial" Mrs. Merriott continued.

June Green won the door prize.

Guests present included: Marsha Lewis, Kay Swent, Jerrie Sevento, Rita Mason and Mary Franklin.

DATES TO REMEMBER
Feb. 27, General Membership Meeting
March 2, Texas Toast
March 24, Walkathon
March 29, Chamber of Commerce luncheon
April 7, Easter Egg Hunt

The death rate from heart attack has declined nearly 29 percent in the last 11 years, says the American Heart Association, but heart attack remains the number one cause of death. The AHA estimates approximately 1.5 million Americans will have a heart attack in 1990, and more than 500,000 will die.

Honorable Mention went to Marie Tidwell, oil painting, "Texas Spring; Theda Cobb, oil painting "Aspens"; Theda Cobb pastel, "Copper Kettle"; Joannah Gartin, water color "Winter's Peace"; and Gene Fudge, oil, "Desert Blossoms".

The judge was Larry Hilburn of Hollis, Oklahoma.

High blood pressure adds to the workload of the heart and arteries, which may contribute to stroke, heart attack, kidney failure and congestive heart failure. There is accumulating evidence that lowering blood pressure reduces the risk of stroke and coronary heart disease, according to the American Heart Association.

Poultry, Seafood Best Buys At Meat Country Counters

Best buys at meat counters in February will continue to be poultry and some classes of seafood, since beef and pork supplies are limited, said Dr. Dick Edwards, a food marketing expert with the Texas Agricultural Extension Service.

Edwards said a number of cuts of beef and pork will be featured in food advertisements this month, however, including chuck roasts, round steak, sirloin, pork chops and picnic roasts.

"Both chicken and turkey will be among good buys," he said. Look for specials on whole chickens to be about 49 cents a pound. Turkey specials will range from 60 to 75 cents a pound.

Farm-raised catfish will be featured frequently in February, Edwards said.

Seafood items featured this month will include scallops, ocean perch, turbot and shark, as well as medium shrimp priced at less than \$3.50 per pound, and orange roughy and hake from New Zealand, ranging from \$2 to \$4.00 a pound.

Edwards said lettuce, spinach and broccoli from California and Arizona, which were not affected

by the December freeze, will be available in normal supply.

Domestic greens, such as collard, kale, mustard and turnip greens, weathered the cold without severe damage and will be available in good supply and occasionally put on special.

"Imported fruits from Chile are arriving at local markets just in time to supplement the losses from the devastating freeze that hit both Texas and Florida," Edwards said.

Included will be peaches, plums, nectarines, raspberries and grapes. The latter item sparked a great controversy last year, when two Chilean grapes laced with cyanide were found in Philadelphia, Edwards recalled.

"The scare halted supplies a while last year, but also had a long-term beneficial effect. Now, all supplies that arrive from Chile undergo a much more stringent inspection for tampering and unwanted chemical residues," he said.

Consumers also will find fewer and more expensive tomatoes, cabbage, squash, green beans and sweet corn at produce counters as a result of the freeze, Edwards said, as well as limited citrus offerings from areas other than Texas and Florida.

"In some cases, consumers may have to turn to canned or frozen products to satisfy their vegetable needs," he said.

Cold weather food items such as canned soup will be among best sellers in February, along with nonfood choices such as cough and cold remedies.

For St. Valentine's Day gift-giving, most supermarkets also will feature cards, candy and a variety of floral offerings in their selections. Flower arrangements that focus on carnations, mums, and tulips will be plentiful, as well as a large selection of container plants.

For shoppers who wish to capture the essence of Valentine's Day with roses, these should be priced from \$12 to \$15 a dozen. Edwards cautioned that supplies of roses will be sold very quickly at these prices, so consumers should shop early.

New Arrivals

Wilson Lloyd Pepper

Tom and Lavayne Pepper of Oklahoma City, Okla. are the proud parents of a son, Wilson Lloyd Pepper, who was born at 8:55 a.m. January 31 in Mercy Hospital in Oklahoma City.

Wilson Lloyd weighed seven pounds and 12 ounces and was 20 and a fourth inches long. He has a sister, Kristina.

Grandparents are Mr. and Mrs. Gerald Pepper of Odessa and Mr. and Mrs. Dewayne Lloyd of Muleshoe.

One in three adult Americans has high blood pressure, according to the American Heart Association.

SORORITIES CROWN SWEETHEARTS--Saturday night, the local sororities crowned their sweethearts during their annual Valentine Dance held at the Country Club. Those crowned include: (Standing from left) Annette Bonds, Xi Omicron Xi; Pam Atwood, Alpha Zeta Pi (Seated) Rickie Warren, Prector Rho. (Journal Photo)

Nursing Home News

by: Joy Stancell

Ella Faubus was visited by Sandy Gregory Wednesday afternoon.

Thank you Lula Maye Shanks, Louise King and Mrs. Robert Gilliland for baking and bringing us an assortment of homemade pies. Lula Maye Shanks and Louise King assisted by Dustie served them to the residents in and out of their rooms.

We wish to extend our heartfelt sympathy to the family of Margaret Atchison.

Among those visiting the nursing home this week were Susie Whatley and Mrs. Sebring.

Friday afternoon Brownie Troop 300 came to visit and pass out Valentines they had made for the residents.

Our thanks to Barbara Lust and her home ec. department for the nice Valentine place cards.

Virgie Lee Murphy of Hobbs, N.M. visited Mamie Askew and gave ten very nice large lap robes to the Care Center as a living memorial to Mrs. Askew.

Inez Allgood's son and daughter-in-law, Dr. and Mrs. Homer Allgood, hosted a birthday reception in her honor in her room Sunday afternoon. Many of her friends and family dropped by to wish her a happy birthday.

Marquita Adamson brought Valentines that her FHA class had made to the residents.

Tuesday morning Louise Legg came to give ceramic lessons to the residents.

Thursday afternoon Winnie Berry came to play Skip-Bo with the residents.

You are cordially invited to a
Farwell Reception
 honoring
Mr. and Mrs. Neal B. Dillman

 Muleshoe, Texas

Shaping Up Easier Than Many Think

Getting in shape doesn't have to mean a rigorous exercise program of weightlifting, jogging or high-impact aerobics every day. There's an easier way.

Actually, for a fitness difference, all you need is four 30-minute workouts each week, said Dr. Bethann Witcher, nutritionist with the Texas Agricultural Extension Service.

Witcher said people who are too busy to include exercise in their schedule can get up 30 minutes earlier or go to bed 30 minutes later. If that sounds impossible, exercise at noon and eat a quick lunch afterwards at your desk. Or exercise at home while you watch a television program.

Start any exercise program slowly and gradually increase your pace and time, she advised. Be sure to include warm-up and cool-down periods to avoid unnecessary soreness and stiffness.

"If you feel you don't have enough stamina, remember that exercise ultimately gives you more energy both during and after workouts," she said. "You will feel less sluggish and discover a renewed sense of vitality."

A simple exercise program combined with a proper diet will result in a painless payoff, she said.

"If you decrease your caloric intake by eating a high-fiber, low-fat diet and start an exercise program, you'll be slimmer by the first day of spring," Witcher

said. "Not only will you look and feel better, but you also will increase your flexibility, build muscle strength and increase cardiovascular endurance."

Witcher said a creative approach to exercise shouldn't interfere with family time. In fact, a fitness activity is a great way to spend time together. Family bike rides, walks, and backyard basketball games are healthful and fun.

"You don't need fancy clothing or expensive equipment to start an exercise program," she said. "Just wear comfortable clothes and walking shoes."

Hate exercising in cold weather? Witcher suggests joining a mall walking club or swimming in an indoor pool at a community center or nearby university.

She said varying activities will help you stay interested in an exercise program. Alternate walking, for example, with aerobics, swimming or an occasional volleyball game.

The important thing, Witcher said, is to find a way to stay physically active on a regular basis.

According to the American Heart Association, high blood pressure is particularly prevalent in middle-aged and elderly people, blacks, obese people, heavy drinkers, women who take oral contraceptives, and people with diabetes mellitus, gout or kidney disease. High blood pressure is also more prevalent among men than women.

 WESTERN WEAR

JUST A LITTLE HOUSEKEEPING CHORES--Just in case wives wonder what the firemen do when they go to the fire station -- this is a classic example! Fire Department President Larry Rasco was caught with an iron and ironing board. Wonder if his wife, Deanna, knows he is this experienced with an iron? (Journal Photo)

Lazbuddie Students

Cont. From Page 1
ing," said Blenden. "Starting wages are also very generally good."

Advancement is also very rapid in drafting, said Blenden, as he cited examples for the students.

He also said, "Stay in school and graduate. I'm not saying you should attend TSTI, but get your education to where you can compete in the job market."

Accompanying the instructor, Mark Scisson, out to the wood-working building was a refreshing experience.

Enthusiastic young men were all willing to show their expertise in drawing plans on the computer and exhibiting how they can put them to practical use.

Several scale models of storage buildings, rockets, bridges and robots were on display, all first designed on the computer, then printed out, and scale models constructed.

Unique methods were used to 'make the robot' move and work, which included a most unusual hydraulic system to lift the arms and make the robot function.

With the bridges, Scisson explained the method used to test the bridges for breaking strength, using gravel.

After using gravel to test the breaking point in the bridges, then a mathematical process is used to compute the load strength for the bridge at actual full size.

The instructor, Mark Scisson, said the young students, who include both boys and girls, generally enjoy their woodworking. He showed several items which had been made by the students, and said this year, the group had joined the Technology Student Association and they will now be competing in literacy examinations, project examinations, bridge contests, graphic solutions and will enter other contests.

The students make furniture items for the school, and one student, Leland Brockman, has

just received lumber to construct an unusual project -- an outside door.

Advanced technology reached the Lazbuddie School System, and the students are proudly learning new technology which will help them in a world that is steadily advancing.

Approximately 37 percent of the calories in the average American diet are from fat, the American Heart Association says. In order to decrease the risk of atherosclerosis, heart attack and stroke, the AHA recommends less than 30 percent of calories come from fat.

First Severe Weather School Set At Anton

The first major severe storm spotter training seminar of the year for the South Plains will be held Saturday, March 3, at the Anton School Cafeteria in Anton.

National Weather Service, in cooperation with the City of Anton, would like to invite all area severe storm spotters, and anyone else with interest in severe weather spotting, to participate.

Tim Marshall, an engineer from Dallas and a tornado expert, will be the featured guest. Marshall's presentation will cover the facts and myths of nature's most awesome and violent weather spectacle -- the tornado.

Muleshoe...

Cont. From Page 1

p.m. the National Weather Service will conduct a Severe Weather Seminar in Muleshoe.

The seminar will be held at the Muleshoe Fire Department and will last two to two-and-a-half hours, said Chief Holmes.

Anyone interested in becoming a weather spotter, and learning what to watch for is urged to attend, added the chief.

St. Joseph's in Slaton will be celebrating their 20th annual Sausage Festival on February 18, at St. Joseph Hall.

Dinner will be served 11 a.m.-3 p.m. and tickets for adults are \$5, with children's plates, \$3. German Sausage will be sold by the pound for \$2.75.

A St. Joseph Fun Fest will be held at the Catholic School from 11 a.m.-4 p.m. the same day.

Check...

Cont. From Page 1

54 received at this time last year. For the year, Friona has received \$20,223.50, down 6.61 percent from the \$21,654.48 received at this time last year.

Houston received \$24 million, the state's largest payment. Dallas received the state's second largest payment of \$15 million. San Antonio received \$8 million and Austin received \$6 million.

Payments to counties totaled \$13 million this month, compared to \$12 million last February.

Merchants collect the state, city and county sales taxes and send them to the Comptroller's office with their tax returns. The state keeps its six percent share and each month sends cities and counties their portion of the sales tax.

This month's checks reflect taxes collected on December sales and reported in January by businesses filing monthly tax returns. Also included in this month's payments are sales tax collections reported by quarterly and yearly filers.

Loren Phillips, a recent addition to the Lubbock Weather Service Forecast office, will discuss the role in severe weather forecasting played by the National Severe Storms Forecast Center (NSSFC). He served as a forecaster at the NSSFC in Kansas City before coming to Lubbock this past fall.

Ron McQueen, Warning and Preparedness Meteorologist from Lubbock, will begin the training session with severe weather spotting techniques.

Registration is set to begin at 9 a.m. with the training session to start at 10 a.m. The seminar will be conducted with use of slide sets and movies.

Open discussion, along with question and answer periods, will be encouraged. There will be no charge for participation in the full-day seminar.

If you are a severe storm spotter, or have interests in severe storm spotting techniques you are encouraged to attend. Although many training sessions will be conducted across the South Plains this spring, only in Anton on March 3 will this unique seminar occur.

Registration is from 9-10 a.m., followed by a welcome to Anton by Mayor Louis Boothe.

Dennis Robinson, Anton Fire Marshall, will introduce the speakers.

A lunch break will be from 12 noon-1:15 p.m. In the afternoon, more training will be conducted, with those staying for the day-long seminar being presented certificates 4:45-5 p.m. by the Anton Volunteer Fire Department.

Americans consume 20 to 25 times more sodium than they need, and sodium can contribute to high blood pressure in sensitive individuals says the American Heart Association.

Kiwanis News

By R.A. Bradley

Thirteen Kiwanians, one honorary Kiwanian, Jon Keith Turner, Sweetheart Amy Montgomery and three guest said "Good Morning" to this Ole World at the Old Corral Friday morning. Our guest were Cody Turner who is still practicing his Muleshoe Hand Shake with Robert Montgomery. Cody likes to come with his dad, Keith Turner and likes his biscuits and gravy, but for some reason after he eats breakfast he is ready to go back home. Cody you need to practice your Muleshoe Hand Shake.

Other guest were Preston Newton and Jimmy Watson. Our one time guest of Larry Parker is no longer a guest. The Kiwanis Club is very proud to welcome Larry as a member. J. O. Parker had the pleasure of installing Larry as a member. Larry is married. He and his wife, Beverly have two children, Chad and Michelle. Larry is employed at Wheelabrator Coal Service. Larry's hobbies are Rattlesnake hunting, arrow head hunting and working with youth. Larry it looks like the arrowhead hunting is the only hobby you have that is not dangerous!! Larry, welcome again, not to be just a member but a big part of the Muleshoe Kiwanis Club.

President Jim Lutz called the meeting to order. Keith Turner led the club in the pledge to the flag and the invocation was given by Eddie Morris. R.A. Bradley had the friendship coin and said that through the years he had

always wrote nice things about all members, and had never picked on anyone but was having a hard time finding a friend. So Brad gave the friendship coin to Sweetheart, Amy Montgomery, since she was young and forgiving, and had not got set in her ways and "contankerous." Maybe Amy will be Brad's friend. Next Monday is President's Day and the U.S.A. flags will fly in Muleshoe. If you have not got one of these flags flying in front of your business, please

Muscular Dystrophy Benefits From Area Businesses

"Shamrocks Against Dystrophy," a fund-raising event to benefit the Muscular Dystrophy Association (MDA), is being kicked off for March. From now until March 17, St. Patrick's Day, customers of participating businesses can donate one dollar to MDA, in exchange for a green shamrock that bears the name of the donor.

Convenience stores, schools, restaurants, and clubs all over the South Plains area, as well as the country, will be decorating their businesses with shamrock mobiles. Many of the participating businesses will also hold Shamrock parties, auctions, and other events for the occasion.

Proceeds from "Shamrocks" will fund the MDA Children's Summer Camp at Ceta Canyon Methodist Camp, clinics at Methodist Hospital, patient services, and adult support groups. Last year's drive in the South Plains area raised over \$11,000.

For more information on how to participate at a school or business, contact MDA, 793-5632. All materials are cost-free to interested supporters.

contact one of the Kiwanians and we would be proud to put one in front of your place.

It was decided to have all four of the people who are running for County Judge to come speak to the Kiwanis Club so we might be informed about their ability and plans for Bailey County if they are elected as County Judge. Everyone should stop and think that this is not a popularity contest, but we should vote for the one we think that would do the best job in running our County the most effectively. Spend our tax dollars wisely and stop any waste and still give the service that is desired and needed. The County Judge and Commissioners Court have a BIG job in spending our tax dollars.

Don Martin was in charge of the program and introduced Judge Jimmy Watson who stated that when he took office 15 months ago he promised to see if there were ways to do things as good or better and spend less money. Jimmy stated, he was told to not Rock the Boat or make waves as things were going real

good. Jimmy stated he did not heed this advice. Many things were investigated and changes were made. Jimmy stated that some things were changed to give as good if not better service and coverage for less money. If

re-elected, Jimmy said he would probably make waves but do his best to be effective and serve this county. We should all examine each candidate and give them a fair shake and vote for the one who would best represent all of

us. Make up your own mind!!!
Expensive
When it comes to cost per mile of operation, is there any vehicle more expensive than a supermarket shopping cart?
-News, Russell, Kan.

IN NEED OF Specialized HELP

The car's acting up... sometimes he can repair minor problems himself... but this time it looks like it may require the work of a specialist. To correct this problem he needs a mechanic, someone who has the knowledge and equipment for this particular work.

In spiritual matters, individual worship is necessary and vital to one's life, but God in his wisdom has said that we need to worship with others too. At church we can receive help from those who have dedicated their lives to special service for God.

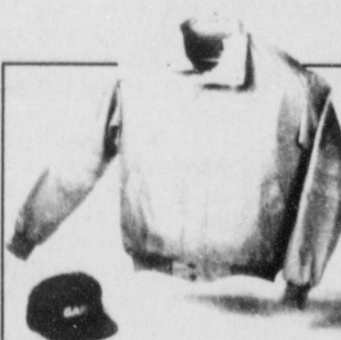

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny, the truth which alone will set him free to live as a child of God.
