HEAVY RAINS OVER STATE CAUSE CROP DAMAGE; TRAFFIC IMPEDED

LIVINGSTON FACES SECOND FLOOD OF SEASON

LIVINGSTON, May 28.—(UP)—Just as Polk county towns were recovering from the worst flood in its history a fortnight ago, a new flood menaced the citizens today after they had put up an all night battle against it.

RAINED OVER STATE

Lockhart reports through the United Press that two inches of rain fell there last night. Reports from Austin say that all Central Texas streams are reported full to the banks, delaying highway traffic and doing great damage to crops.

INFLUENCE OF E. G. BEDFORD FELT IN RESOLUTIONS

E. G. Bedford, Midland president of the Texas division of the Midcontinent Royalty Owners Association was the guiding factor in resolutions favoring oil tariff for prevention of foreign crude importation and those denouncing proposed Interstate Oil Compact.

Women and Girls Asked to Dance

Girls and women of Midland are invited to attend the aviators' dance tonight, beginning at 9 o'clock. Because of the large number of aviators, 56 officers and enlisted men, no one except women are being asked.

Lindy and Anne Turn Reporters Topsy-Turvy

Sutton Addresses Rotary Convention

Israel Bird Sutton, or "Tom" Sutton, as he is called, is the first president of Rotary International who lives outside the United States or Canada.

He had unusual opportunity to qualify for the responsible post, to which he was elected by acclamation at the Minneapolis convention in June, 1928. The office requires more than ordinary attainments in view of the fact that Rotary has members in 44 countries and that in addition to diplomatic and executive qualities needed, the president has little, if any, time for his own business for two years after his election.

"Tom" was born in Saginaw, Mich., April 29, 1884. When he was 11 years old his family moved to Denver where he continued his education, later studying mining at the University of Colorado. In 1908 he found employment in mining districts of Mexico and in 1912 became partner in a machinery supply company at Tampico and Mexico City.

Old Timers Have Reunion Soon At Big Spring

BIG SPRING, Texas, May 28.—The old settlers of this county have set July 25th for their annual reunion according to J. H. Johnson, president of the Old Settlers Association. The following committees were named in a meeting here Saturday. J. B. Cauble, arrangements; Shinn Phillips, Eli Satterwhite, F. Gary, Finance; J. T. Parrish and Frank Lester, grounds; B. Reagan and C. S. Holmes, program; Tom McKinney, tickets and regulations; W. W. Lay, L. S. McDowell, Mr. Knapp and G. L. Brown, barbecues; J. F. Wolcott, Pete Johnson, and Nat Shick, transportation and Wendell Medichek, publicity. It is necessary to be a resident of Howard county 22 years before you are eligible to be called an old settler.

FRESHMAN DECIDES TO QUIT

Race Scheduled From San Antonio To St. Louis

SAN ANTONIO, May 28.—(UP)—Earl Rowland took off at 7:50 this morning as the only entry in the San Antonio to St. Louis lap of the Gardner Trophy race. Three other entries withdrew. Ellsworth Rogers, 16 year old high school freshman, announced his withdrawal last night. J. J. Mattern of Fort Worth damaged his plane in a forced landing.

ATTEMPTS SOLO MARK LOS ANGELES, May 28.—(UP)—Herbert Fahy, Lockheed Aircraft Company test pilot, hopped off early today in a second attempt to better the solo non-stop mark of 35 hours and 33 minutes.

Duke's Son Dead; Wanted Girl, But Was Only Nineteen

PARIS, May 28.—(UP)—Howard de Tallegrand, son of the Duke de Tallegrand, died at a private hospital today from a self-inflicted bullet wound. The youth shot himself two weeks ago when his mother, the former Anna Gould of New York, refused to let him marry the girl he loved because he was only nineteen.

THREE DROWN IN DALLAS LAKE AS BOAT OVERTURNS

DALLAS, May 28.—(UP)—Three high school students, members of a fishing party, apparently were drowned last night when their light boat overturned. A fourth youth in the boat, Guy Watson, 16, of Dallas, was rescued after he had clung to the overturned craft for several hours.

The missing are Clifford Hall, 18, of Richardson, Roy Groves, 19, of Wythe, and Albert McGuire, 17, of Clear Lake. The boys were thrown into the water when one attempted to pass from one end of the boat to the other, Watson said. Rescuers Escape Death DALLAS, May 28.—(UP)—Several persons narrowly escaped death in White Rock Lake today when a construction—where the largest fish hatchery in Texas, and a reservoir to care for 150,000 people are under the western hospitality and feel an obligation to their visitors—where golf courses are in the center of the city—where swimming, polo and other sports are the daily habit—where hotels as modern as grace the large cities await your arrival. "See Texas First" is a popular slogan. We invite you to see this part of Texas—many of your associates for the first time. "We offer the best convention facilities and GUARANTEE you a good time."

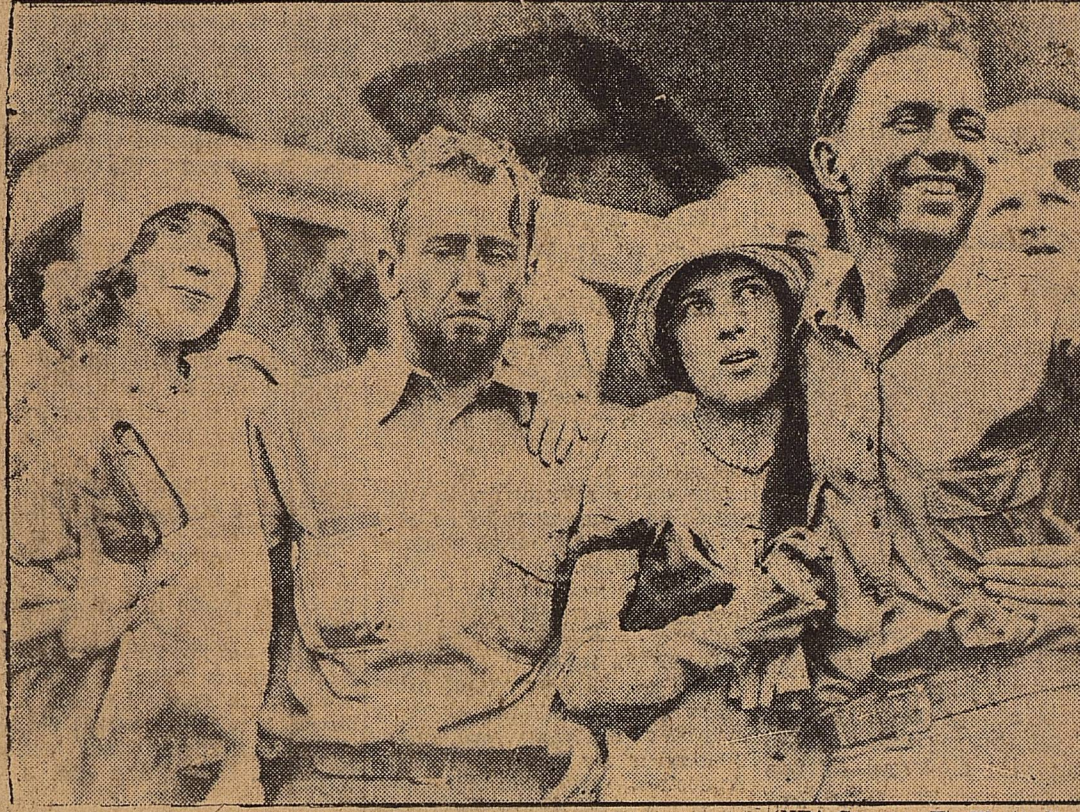

Mrs. Willebrandt Resigns Her Post

WASHINGTON, May 28.—(UP)—Mrs. Walker Willebrandt submitted her resignation today as assistant attorney general, effective June 15. The resignation was accepted by President Hoover. Mrs. Willebrandt has received an offer regarded as unusual, and the president does not feel he can ask her to remain longer in her present post.

FIELD-MANAGER LEARNS DISTINCTION BETWEEN 'LADY' AND 'MISS'

When Lady Mary Heath, noted English flyer who is remembered for her daring solo flight from England to Africa, spun down, made a nicely calculated glide and three point at Sloan Field this morning, H. M. Becherer, field-manager, did not know he was accosting an aristocrat. With his habitual smile of greeting a begoggled flyer, he was at the side of the cockpit of the small English Avian shouting in the slip stream of the Cirrus, "Nice landing, boy; glad to have you."

Wives Were Inspiration For Flyers

Wives of Jim Kelly, left and Reg Robbins, were the first to greet their famous flying husbands Sunday afternoon at Fort Worth when the two men brought their ship to the ground after 172 hours in the air. The two men in a Ryan brougham "Fort Worth", set a new world's record in the air, beating the 150 hour record of the "Question Mark."

Midland Quartet Breaks Into Print In Dallas News

The string quartet of Ned Watson broke into the state limelight today through the columns of the Dallas News. A two-column picture had the following cut-lines beneath it:

Ned Watson, Midland orchestra director, brought his string quartet into the limelight when he issued a decree banishing from his Tri-City Orchestra not only those who played jazz in his organization, but those who even sounded a jazz note elsewhere. Members of his quartet are Lillian Dunaway, Catherine Dunaway, Charles Sandidge and Mr. Watson. Watson has been teaching music for a quarter century. He has always been an arch-enemy of jazz and Midland people credit him and his sister, Miss Lydia G. Watson, piano teacher, with being influential factors in creating a love for classical music in West Texas.

M STORE OWNERS BUY HOKUS POKUS

Terry Elkin and J. M. Speed, owners of the M System stores number from R. C. Crabbe the Hokus Pokus Grocery, located on North Main street. They took possession of the new business Monday, giving them twice up-to-date grocery stores in Midland. Roy Stockard, who has been actively connected with the management of the Hokus Pokus Grocery during Mr. Crabbe's ownership, continues as manager. Mr. Crabbe, who owns considerable city property here, states that he will continue his residence in Midland. He has been in bad health for some time and will take a good rest.

THURSDAY DECORATION DAY

Decoration Day is Thursday, and the American Legion is asking that everyone remembering the storm swept days of the World War fly a flag to symbolize remembrance. The Lynch W. Post No. 19 of the American Legion is sponsoring the flag day here. At 10 o'clock, at the Baptist church, services will be held, and everyone is asked to be present. Immediately after the services decoration of graves of ex-soldiers of all wars will be decorated.

RITZ RECEIVES EQUIPMENT FOR VITAPHONE FILMS

Installation of the newest equipment for showing Vitaphone and other talking pictures has been received by W. H. Williams, to be installed in the Ritz Theatre as soon as factory representatives can arrive, and Mr. Williams expects to be using the new equipment by Sunday. He declares that there is no better talking picture equipment in the state. Meanwhile, the equipment which has been in the theatre almost since its completion is being used and will be transferred to the Palace Theatre, also a Williams theatre.

Howard Farmer Is Profiting by C. C.

BIG SPRING, Texas, May 28.—Warner Robinson, age 15, living northeast of Big Spring, is fast becoming a dairy farmer through the efforts of the Big Spring Chamber of Commerce. Warner is now the owner of a cow and a heifer calf having won second prize, a pure bred jersey heifer, in the "More Maize on five acre contest" here in November 1928. He produced 4300 pounds per acre of milo on his five acres. The contest was sponsored by the Big Spring Chamber. The first prize was won by Wallace Rhodes, a registered Jersey heifer who produced 4598 pounds of milo per acre.

Lady Heath Was Not Nonplussed By Shoe Loss

An interesting incident regarding Lady Heath, noted English flyer, who landed here today, cropped out in the morning news.

When the endurance flyer, Reg Robbins and "Cowboy" Kelly landed their "Fort Worth" monoplane after vibration set in from a cracked propeller, the lady ran with the crowd at Mechem Field, through the mud to the ship. In the melee, the lady lost her shoes; without a thought of appropriateness or inappropriateness, she made her way to the ship barefooted in her stockings. After the barefooted to the Fort Worth Club began, Lady Heath went as she has, appearing on the floor of the hall in muddy stockings for shoes.

Senate Questions Of United Press

WASHINGTON, May 27.—(UP)—Paul Mallon, chief of the United Press Washington staff, refused today to reveal to the Senate rules committee the source of the Lenroot roll call which he recently obtained for the United Press. When he took the stand, he read the following statement: "I am advised by counsel that I am not obliged to appear before or testify to this committee on the ground that this committee is without authority to subpoena me. The United Press, to which I am responsible, believes the public welfare can best be served by making all news quickly and easily available when it is to the public interest to do so. Therefore, notwithstanding the lack of committee's authority, I am here to answer questions if I can do so without violating the confidence reposed in me by the United Press. Senator Smoot, Republican of Utah, moved adjournment because of lack of jurisdiction. The motion lost, and Mallon was questioned. To Amend Rules WASHINGTON, May 27.—(UP)—The Senate moved today to amend its rules for publicity of executive sessions immediately after Mallon had appeared before the rules committee. It adopted by unanimous consent an agreement for referring all proposed amendments providing for publicity to a committee which will take them up tomorrow and report by next Tuesday to the Senate.

SMITH LANDS FOR INTERVAL BEFORE FLYING WESTWARD

Dave Smith, flying old man, landed his Curtiss-Robin monoplane at Sloan Field Monday—and straightway took off for El Paso and the Roswell area, where he will look over some of his holdings. There is still a chance for every man with the girl who wouldn't marry the best man on earth.

WIRE FROM SPATZ WAS RECEIVED

Dinner and Dance to Be Given Men By Sloan

The fleet of 21 bombers, pursuits, training ships, and transport planes formerly announced as bound for landing at Sloan Field at 3 o'clock Tuesday, will land here at 5 o'clock this afternoon for a night stop, according to a wire from Major Carl Spatz, flight commander, to Frank D. Gore, member of the aeronautical committee of the chamber of commerce and a captain in the aviation reserve. One Ship Less in Flight The ships are manned by 56 officers and enlisted men, and have been taking part in the elaborate battle of Red and Blue forces over Ohio. Where 22 ships went eastward, only 21 will fly back. One bomber cracked up during the maneuvers, and a pilot was killed when his parachute became fouled. Dinner and Dance A ranch dinner on the Scharbauer place adjoining the air field will be given officers and men by Harvey Sloan, manager of the port. Hotel Scharbauer is giving a dance for them in the crystal room, later. No men save the entertainment committee and the aviators will be at the dance, due to their large number. Girls and women are asked to come, however. All Preparations Made Mrs. Aubrey S. Legg is in charge of the invitation committee assisting Hotel Scharbauer in getting escorts for the flyers. Arrangements for quick handling of service details at the port have been made by Field-Manager H. M. Becherer. Time of take-off Wednesday morning for the west has not been announced.

Publicity On The Airport Sent To Aero Journals

Stories on the Midland airport were mailed from the publicity committee of the chamber of commerce Friday to eight aeronautical publications, and maps were sent to plane manufacturers. The chamber of commerce receives a stack of requests each day in the mail for strip maps of the Midland to El Paso flight, for information of the landing ground at Sloan Field, and other data.

SMITH LANDS FOR INTERVAL BEFORE FLYING WESTWARD

Dave Smith, flying old man, landed his Curtiss-Robin monoplane at Sloan Field Monday—and straightway took off for El Paso and the Roswell area, where he will look over some of his holdings.

There is still a chance for every man with the girl who wouldn't marry the best man on earth.

AN AIRMINDED CITY

Midland has displayed remarkable air-mindedness in being prepared to entertain as guests a fleet of army planes such as are stopping over night here.

Such eminent authorities as Major Spatz, Captain Eaker, and Col. Lindbergh have repeatedly expressed their pleasure at landing at Sloan Field, have complimented the service there, and have predicted that the airport will mean much in making Midland an important point in national aeronautics.

With a spacious landing field, splendid service facilities, airport officials and attendants who are actual flyers and who know what the visiting airman want, Sloan Field can accommodate scores of ships and give them quick service on short notice.

Midland's air-mindedness is not confined to the airport or its facilities.

The citizenship deems it a pleasure to turn out at any time to greet army flyers, to extend them a welcome and to provide the best available accommodations and entertainment.

ALWAYS A SAFE HAVEN

Sloan Field, Midland's well equipped airport, is a safe haven to the visiting plane at any time of the year, regardless of weather conditions. If the weather is such that a plane can fly, the airport is always in condition for landing or for taking off.

Just as old fashioned roads cramp the style of the modern or advanced style automobiles, so do flying fields typical of the early days of aviation handicap the successful landing and taking off of the modern plane.

The modern airplane delivers reliable performance at remarkable economy in operation, yet the majority of the landing fields make the beginning and the end of the plane's journey difficult. Airports are not yet on a par with airplanes.

Midland is fortunate in having a field which has natural drainage, springy or solid soil, and planes of even the heavier type have never experienced difficulty in landing or taking off easily, with their own power.

If commercial aviation is slowed up over the country on account of limited landing facilities, surely Sloan Field is doing its part by providing a field suitable for all types of ships, as was evidenced May 11 when the fleet of army bombers and pursuit ships stopped here, and again today when they made a return stop.

HARDING'S PROPHECY

"The men of the American Legion will be summoned with confidence to deal with the problems of today and the possible crises of the future," President Harding predicted a short time before his death.

One of the most amazing features of the veterans' organization of nearly one million members is its freedom from the contaminating influence of party politics and its altruistic stand for all that is essential to maintain prosperity and peace in America.

Harding, a keen student of national affairs, delighted in the Legion's successful avoidance of the pitfalls prepared by the old-time politicians and in their surprise at the higher spirit that pervaded the Legion organization.

In all its legislative efforts—and the Legion has fought for many measures affecting a variety of interests other than its own—the organization has never succumbed to the temptation of throwing the weight of its powerful influence into any political camp. As a result, the Legion has been able to appeal to both major parties on issues Legionnaires deemed above the maelstrom of partisan machinations.

Efficient relief of disabled fighters is now a reality due principally to the Legion's influence; it has achieved adjusted compensation; it dealt a death blow to radicalism in this country at a time when a spark might have set fire to the nation's foundations.

Modernizing its program, the Legion is now interesting itself in children, seeking to care for the orphans of disabled veterans and attempting to promote community activities in the 11,000 localities in which it exists with the hope of "helping the town".

Through association with other allied fighters, Legionnaires are spreading a sentiment for world peace and have asked Congress to adopt the principle of universal service in future wars as a means of preventing world conflicts.

Perhaps in time the vigorous young men composing the Legion will realize their unselfish program. At any rate they have earned the ungrudging admiration of all elements of citizenry for their efforts toward a laudable end.

Reporter-Telegram Blanks

The prize typographical error of 1929 appeared in a Colorado weekly, according to The Publishers' Auxiliary, as follows: "John S. Larsen, 43, suffered painful bruises when he fell 15 feet Tuesday, while washing a widow above Loring's grocery store."

One professor, in advising graduates what to read after commencement, refers them to the Help Wanted column.

A corn belt editor says "Just because people are laughing at you is no sign you are a comedian."

Traffic jam is free, but it's a bad thing to feed children, a modern philosopher writes.

This next story is almost like the one about the man who wrote a book on "How to live to be 100," and then died at the age of 23.

The Oil Weekly tells of a man who brushed his teeth twice a day, Had a physical examination twice a year, Wore his rubbers when it rained, Slept with the windows open, Stuck to a diet with plenty of vegetables, Relinquished his tonsils and traded off several worn out glands, Guffed, but never more than 18 holes at a time, Never smoked, drank or lost his temper, Although he was all set to live to be 100, his funeral will be held Wednesday. He is survived by 18 specialists, four health institutes, six gymnasiums, and numerous manufacturers of health foods and anti-septics.

He forgot about trains and grade crossings.

An enthusiastic Texan at an International convention, according to the Pure Oil News, was making a speech and said: "We represent the State of Texas. The first white woman born in Texas is still living—she now has a population of over three millions."

After a brief silence, one man in the audience shouted, "Send that woman out to Wyoming, we need her."

SOCIETY

School Teachers Honored at Breakfast

Honorees of a sunrise breakfast given by the members of the J. O. Y. S. S. Class this morning were Misses Allie Mae and Annie Frank Stout, J. Emaline Claspay and Lura Bess Birdwell, who are leaving this week for their homes after a term as teachers in the public schools here.

A group of members met at the Baptist Church and motored to Poplar Grove where breakfast was cooked and served to the honorees, and the following guests: Misses Bertha Schwartz, Virginia Bohne, Pearl Wimberly, Dora Wall, Tatum, McCormick, Laura Helen Sowell, Dorothy Snyder; Messrs. C. M. Bird, Claude White, Arthur Walter, Arlie Cassie, Preston Bridgewater, Robert Sappington, Geo. Bennett, C. T. Mayo, Jerry Urban; Dr. D. K. Ratliff; Messrs and Mesdames G. T. Sandidge, J. M. White and T. T. McCasland.

Quilts Made By Christian Aid Society

One quilt was completed and another was started by members of the Ladies Aid Society of the Christian Church who met at the home of Mrs. Ben F. Whitefield yesterday afternoon.

The entire afternoon was spent sewing on the comforts and also in making plans for future work of the organization.

Tea drinks were served by the hostesses during the afternoon.

OIL KING'S HOME IN "JAZZ AGE"

The palatial residence of E. L. Doheny, oil millionaire, was used as a "location" for scenes in the FBO production, "The Jazz Age," the attraction at the Grand Theatre tomorrow.

Located in Beverly Hills, Calif., near "Pickfair," the home of Mary

Well Known Rankin Couple Wed Last Week

News has been received here of the marriage of Miss Rowena Holland to Mr. A. H. Liwyd both of Rankin and well known to many Midland people. The wedding was held in Dallas last week with the Rev. Liwyd, father of the groom and minister of an Episcopal Church in Muskogee, Okla., officiating. A brother of the groom from Muskogee also attended the wedding.

The bride has been a teacher in the public schools in Rankin for the past three years and is a popular member of social and literary groups there.

Mr. Liwyd is scout for the Prairie Oil & Gas Company making headquarters in Rankin for the past several months and working out of the local office in Midland.

They have returned to Rankin after a short wedding trip and will make their home in the Harlan Hotel.

Chicken Fry Given for Three School Teachers

Miss Dora Wall is among the hostesses honoring teachers who are leaving this week for a vacation at their homes. Misses J. Emaline Claspay, Annie Frank and Allie Stout were honor guests at a chicken fry given Monday evening by Miss Wall.

The supper was served to guests at the Wall home and was followed by bridge games and other entertainment.

Guests besides the honorees included Misses Lillie B. Williams, Thelma Lee Rippey, Messrs Arlie Cassie, Ben Wall, Preston Bridgewater, Jack Nunn, Chas. Vienier, Dr. D. K. Ratliff, and Mrs. E. A. Wall.

Pickford and Douglas Fairbanks, the Doheny house and grounds are one of the show places of the West.

Baptist Women Hold Successful Monthly Meeting

Members of the Women's Missionary Society of the Baptist church were guests of Mesdames J. O. Nobles, M. D. Cox, D. W. Brunson, Merle Jowell and M. R. Hill at the Nobles home yesterday afternoon. The meeting was the regular monthly social and mission study class gathering and was one of the best in attendance and program held this season.

In the absence of Mrs. M. R. Hill, chairman of the Lockett Auxiliary in charge of the class, Mrs. J. M. White was leader. Her devotional was based on the subject "Sure Cure for Every Evil" and was taken from the third chapter of John.

The discussion of the program was on "Christianity's Contribution to World Progress." Those assisting Mrs. White on the program were Mesdames N. W. Bigham, I. E. Daniels, T. T. McCasland, R. A. Verdier, G. T. Sandidge and R. V. Lawrence.

As a special number the group was delighted with a solo by Mrs. Paul T. Vickers. She sang "I Am Satisfied With Jesus."

At the social period refreshments were served to members attending.

Carl W. Krause of the Mid-Kansas Oil Company is here on business from his home in San Angelo.

A. D. Martin, manager of Barrow Furniture Company, made a business trip to Big Spring this morning.

Mr. and Mrs. D. E. Rose and family of Odessa visited in Midland yesterday.

TEXANS LET'S TALK TEXAS

and now CARNATION comes to Texas.

TEXANS have talked Texas again with splendid results. The Carnation Milk Products Company, after a tour of intensive investigation of the possibilities of dairy development in Texas, is now building a \$300,000 milk condensery at Schulenburg.

At the time of making the announcement of the location of the Schulenburg condensery, the Carnation Milk Products Company also announced the purchase of a building site at Sulphur Springs. This action is indicative of the sound faith which this great company has in the possibilities of milk production in Texas.

The coming of Carnation to Texas, right on the heels of the coming of Borden, brings to this state the world's largest buyers of whole milk. These products plants will pay millions of dollars to Texas farmers each year. There is probably no other type of manufacturing plant which would sustain a payroll of such economic significance.

As Carnation and other great organizations extend their activities in Texas, our Texas farmers will gain a new appreciation of the solid value of the dairy cow as a source of daily income; and business will gain a new respect for the economic importance of manufacturers who use farm products as raw material.

The Texas Electric Service Company takes this occasion to commend the foresight of the Carnation Milk Products Company in coming to Texas. This Company also expresses its commendation of the efforts of those Texans who worked so diligently in helping the Carnation executives in making their decision to come to Texas.

It is this sort of "talking Texas" which means much to the rapid and sound development of Texas. Texans, let's talk Texas!

Sept. 28—University of Texas at Abilene.
Oct. 6—Texas Christian at Breckenridge.
Oct. 12—Open.
Oct. 19—West Texas Teachers at Amarillo.
Nov. 1—Austin College at Abilene.
Nov. 8—Trinity University at Waxahachie.
Nov. 22—St. Edward's University at Abilene.
Nov. 29—Howard Payne at Abilene.
G. T. Sandigke left this morning on a business trip to Abilene.
Mrs. F. E. Rankin left this afternoon for her home in Rankin after shopping and visiting in the home of her son Porter Rankin and family.
Bob Willingham of Hamlin and Roy Willingham of Rankin are business visitors here for a few days.

Colts Come Here For Three Games With Ballinger Club

LOSE LAST GAME TO SAN ANGELO 11-9

Midland, after taking five out of ten games on the road, opens a three game series with Ballinger at Cowden park this afternoon. After the three base circling afternoons the Colts go to Big Spring.

San Angelo took the deciding game of the series from Midland Monday, 11-9. Midland had taken the Sunday game, 9-8.

Midland fans are elated at the showing the club made on the road trip. Arthur Johnson, Midland prexy said Monday that a club in order to win has only to win 50-50 with other clubs when on the road; the rest of the season will take care of itself. The annals of baseball show conclusively that he is right.

Johnson warned that Midland must support the Colts if continued wins are chalked up.

Monday's box score:

MIDLAND—		AB	H	O	A
Van Landingham	5	0	1	2	
Flowers, m	3	2	3	0	
King, lf	4	2	1	1	
Kallina, 1, p	3	0	4	2

AVIATORS TRAIN AT DALLAS

SAN ANTONIO, Texas, May 29.—(UP)—At least 175 Air Corps reserve officers will receive active training at Hensley Field, west of Dallas, from July 7 to 14, it has been announced at the eighth corps area headquarters here.

Both observation and attack type planes will be flown by the reserve pilots during their active training period. The instruction will be conducted by Capt. Harry Weddington in charge of air corps reserve activities at Dallas.

A 16-room club house at Hensley Field will be at the disposal of the reserve officers during their stay at Dallas.

Baylor University Ex-Students Plan Meeting in October

Dr. L. E. Finney, former Midland Baptist pastor, but now executive secretary of Baylor University, was a visitor to Midland last week and while here he conferred with Baylor ex-students as to holding a banquet and meeting here early in October to work out Midland's part in the Greater Baylor campaign of which he is in charge. October 4 was tentatively adopted.

Dr. Finney was greatly surprised to see the development Midland has made during the few months since he was last here.

Ab Jenkins Makes Interesting Drive With Studebaker 8

Midland friends of Ab Jenkins, race driver who stopped here in the record breaking Studebaker President 8 roadster recently, will be interested in the following story:

With twelve men packed in the rumble seat and clinging to the running boards and fenders a stock Studebaker President Eight Roadster recently staged an amazing hill climbing feat by surmounting a 47 per cent grade on a test hill near Alhambra, California. The car was driven by Ab Jenkins, whose hobby is breaking records with Studebaker cars.

The hill, located on the outskirts of Alhambra, is nearly a quarter of a mile long and rises steadily with more than a 40 per cent grade, the steepest pitch measuring 37 per cent. Several thousand people who had gathered to see the demonstration of the President Eight's power saw Jenkins take his car up the hill repeatedly carrying ten to twelve people.

Carrying only four passengers the President sped up the steep grade in second gear. To prove that the achievement was not merely a matter of skillful driving, a bystander who was asked to take the wheel negotiated the hill with the same certainty and ease as Jenkins.

To prove the safety factor in Studebaker's amplified action four wheel brake system, Jenkins several times brought the car down the hill carrying the same twelve passenger load with which he made the climb, stopping and holding the car on the hill as the descent was made.

Influence of

(Continued from Page 1)

thousands of independent producers of the United States.

Now, therefore, be it resolved that the Mid-Continent Royalty Association of Texas, in behalf of its members and other interested parties, do hereby request our honorable Senators Morris Sheppard and Tom Connally to support and work for a bill placing a tariff on all imported oils and refined products.

Interstate Compact

Whereas, the revenues of the University of Texas and the public school lands of Texas, together with revenues of farmers, other land owners and royalty owners will be directly affected by the proposed compact between the oil producing States, we, land and royalty owners of Texas here assembled, do protest and condemn said compact for the following reasons:

1. It is an illegal initiative upon the part of Standard Oil interests controlling the American Petroleum Institute to vitiate and destroy all of these States' anti-trust laws and eventually the Sherman Anti-trust Law.

2. This effort is made when the Administration at Washington, D. C. has flatly refused to approve or countenance such action.

3. This compact places the legislative and property rights of this State and its citizens entirely in the hands of a small non-representative committee, is undemocratic, bureaucratic and promises confiscation.

4. It does not provide representation for the independent producer, independent pipe lines, independent refiners, independent distributors, the drilling contractor, supply men, farmers, land owners, royalty owners and numerous other classes of business representing thousands in numbers identified with the oil industry in the State of Texas.

5. It places the properties and destinies of thousands of families in this state in the hands of a small committee whose fidelity may be strained to the utmost even if they should have the ability.

6. Be it further resolved: That a copy of this resolution be forwarded to Honorable Dan Moody, Governor of Texas and copies be given to the press.

Our employees spend their salaries in Midland. When you buy Ft. Worth Bread, you are helping to support Ft. Worth people that ought to live here. City Bakery. 69-2

Claude Malone Marries in O'Donnell

Claude Malone (society) ... Announcement has reached here of the marriage of Miss Leta Rogers of O'Donnell to Mr. Claude Malone of Midland. The wedding took place at the home of the bride in O'Donnell Saturday evening.

Mr. Malone is well known to many Midland residents since he has made his home here for the past several years and has been connected with automobile companies during that time. He now owns interest in the Hudson-Essex Agency here.

Following the ceremony the couple left for a honeymoon trip to Colorado and will be gone for about two weeks.

With the brilliant, dazzling role of a beautiful, dance-mad daughter of old Mexico to occupy her versatile talents, the scintillating Lupe Velez never had a better opportunity in any production to be "just herself" than she has in the Paramount part-talking thriller, "Wolf Song," which comes to the Ritz for a 3 day run beginning next Sunday.

Featured with Gary Cooper, striking hero of "Lilac Time," "The Legion of the Condemned" and other famous productions; and Louis Wolheim, "hard-boiled" character actor, Miss Velez plays a part which is in effect a reincarnation of her own life. She dances and sings with the same innate fervor which brought her a part in a theatrical production in Mexico City when she was but a child and which ultimately brought her to fame on the screen.

"Yo Te Amo," which is the theme song of this flaming romance of Western frontiersmen and old Mexico in the 1840s, is a lovely vehicle for the splendid singing voice of Miss Velez. The song breathes the fervor of warm southern love and favors the production with just the proper vocal and musical touch to make "Wolf Song" the most perfect play in which the gorgeous Miss Velez has yet appeared. She is entirely "in character"—just being herself.

Other melodies which she sings pleasingly are "Mi Amado," and "To Lola." The songs have Spanish titles but they are written and sung in English.

If you have your groceries delivered, be sure you get City Bakery Bread. 69-2

MESSAGE FROM BYRD

Through Capt. H. H. Raily, American representative of the Byrd Expedition to the Antarctic, a message was sent in behalf of the National Council, informing Commander Byrd of the presentation to him of the Silver Buffalo. The Commander expressed his thanks for the honor in the following message sent thru Chief West and received in time to be read at the banquet.

"I wish to tell you, and through you Barron Collier and other members of the Boy Scout Executive Board, that there is no honor I would appreciate more than those ones from the Boy Scout organization, because I have from the first considered it is probably the greatest movement of its kind for the making of the right sort of men, manly and yet gentle, decent and yet tolerant, strong and yet kindly. Therefore, undeserving though I am, you must know how much it means to me that you feel that I have been able to do something to forward the movement.

"This is a good chance to tell you that Paul Siple is everything that I think a young man should be. He lives up to your training and he has the respect, admiration and affection of every man in the camp."

If you trade at a help yourself store be sure you get Malted Milk Bread, baked at City Bakery. 69-2

PART III
Operetta
"The Golden Whistle"—Forman. Scene I. Beffo, awaking after a nap in the woods, sees before him the Little Old Woman. On her departure, she leaves the Golden Whistle with Beffo, who soon discovers that a sound from the whistle summons all the fairy folks of the woods, as well as birds, flowers,

even butterflies. In their frolic the Golden Whistle is lost, and stolen by the White Rabbit. The Fairy Queen, having been called, causes the capture of the White Rabbit and the return of the Golden Whistle. The Little Old Woman, returning, is released from the evil enchantment, and stands revealed as a lovely young girl. The Queen bids Beffo take Alcea and lead their gay line of March.

Characters
Beffo, a Little Boy—Clinton Buffington; Little Old Woman With a Long Cloak, Vida Harrison; Fairy Queen, Ruth Ella Jeffrey; Queen's Attendants, Joyce Beauchamp, Armeele Romans, Irene Prime, Frances Heard; Rabbit, G. T. Sandidge; Robin Red Breast, Sam Midkiff; Cardinals, Walter Deere, Ozell Beckham.

Butterflies: Florine Hamlin, Paulene Glenn, Beatrice Perry, Mammie Turlington, Annie Ruth Bledsoe, Jane Dunagan, Melba Nixon, Clea Dee Tate.

Francis Lyn Meeks Honored on 3rd Birthday

A number of friends of little Miss Frances Lyn Meeks assisted her yesterday afternoon in celebrating her third birthday at the home of her parents, Mr. and Mrs. H. H. Meeks.

Assisting Mrs. Meeks in entering was Miss Lou Annice Reeves who directed numerous out-of-door games and contests. In the dining room the table was centered with a large bunch of pink and white roses and the honoree's plate was marked by a white birthday cake topped with pink and white candles and other decorations.

Many lovely birthday remembrances were brought by the little guests who included Mary Lou Fer-

rell, Betty Ruth Smith, Elma Jean Nobles, Doris Lyn Pemberton, Sarah Jean Smith, Dolores and Billie Barron, Nell Ruth and H. G. Bedford, Jr., Lady and Man Rankin, Gene Jean and Erleen Roberts, Duffey and Miles Stanley, Bob and Joan Dozier, Ruth and Beth Reeves, Raymond, Jack and Virginia Harrison, Jessie Lyn Tuttle, Adile Reiger, Ernest Marton Sprayberry, Billie Meeks and Mrs. Paul T. Vickers.

Years of service in MODEL T FORDS

THE Model T was so strongly and sturdily built that it is still rendering reliable, economical service to motorists in every section of the country. Millions of these cars can be put in shape for two, three and five more years of use at very small cost.

So that you may have this work done economically and satisfactorily, the Ford Motor Company is still devoting a considerable section of its plants to the manufacture of Model T parts. It will continue to do so as long as they are needed by Model T owners. The following list gives the approximate labor charges for reconditioning the Model T Ford:

Engine	
Tune motor (including replacement of commutator case, brush and vibrator points if necessary)	\$1.00
Grind valves and clean carbon	\$3.75 to 4.00
Overhaul carburetor	1.50
Refine detachable car transmission bands	1.50
Install new pistons or connecting rods	6.00
Tighten all main bearings	6.00
Overhaul motor and transmission	\$20.00 to 25.00
Rear System	
Replace rear axle assembly	2.50
Install universal joint	3.00
Refine brake shoes	1.50
Replace rear axle shaft, drive shaft pinion, or drive gear	5.00
Overhaul complete rear axle assembly	\$5.75 to 7.00
Rebush spring and perches	1.75
Oil and graphite springs	3.00
Front System	
Overhaul front axle	\$4.00 to 5.00
Rebush spindle bodies and arms (both sides)	2.50
Replace or straighten spindle connecting rod	.75
Tighten radius rod or steering ball cap	.60
Tighten all sockets and joints of front end	1.50
Replace front spring tie bolt or new leaf	2.50
Straighten front axle	3.00
Chassis	
Replace rear fender	1.75
Overhaul steering gear	3.50
Repair muffler	1.00
Overhaul radiator	7.50
Repaint Coupe	25.00
Repaint Sedan	25.00
Repaint Touring Car	20.00
Reupholster Runabout	8.00
Reupholster Touring Car	15.00
Replace top deck (Coupe or Sedan)	4.00
Overhaul starting motor	3.00
Overhaul generator	2.60

These prices are approximate and are for labor only, because the need and number of new parts depend on the condition of each car. The charge for these parts is low, however, because of the established Ford policy of manufacturing and selling at a small margin of profit.

FORD MOTOR COMPANY

The new Frigidaire Cold Control... a simple patented device invented by Frigidaire.

These special features mean greater convenience every day

Only Frigidaire will give you all these features:

- The Frigidaire Cold Control... which speeds the freezing of ice cubes.
- Beautiful cabinets... with all mechanisms completely concealed.
- Food shelves at convenient height.
- Patented self-sealing ice trays.
- Surplus power... which keeps foods safe... no matter how warm the weather.
- Quiet operation... you don't hear it start, stop, or run.
- New low prices.
- Liberal General Motors terms.

BUILT BY BUICK

SATURDAY

On this new automobile has been concentrated all of Buick's seasoned manufacturing experience gained through its long leadership in fine car building. The Marquette has the distinction you expect in the smartest of modern cars, with bodies by Fisher, and the added value you anticipate in a Buick-built product. But foremost among all its fine qualities is a type of performance never before achieved in any car of comparable price. See the Marquette when it goes on display this coming Saturday.
