NEBRASKA BANDITS MAKE \$50,000 HAUL IN BANK JOB TODAY

TWENTY PERSONS WITNESS

Two Texas Robberies Reported; Boy Is Shot

LINCOLN, Nebraska, September 17. (UP)—Six bandits, armed with two machine guns and revolvers, robbed the Lincoln National bank today and escaped with from \$40,000 to \$50,000 in cash, bonds and securities.

Twenty patrons and employees were forced to lay down on the floor as the bandits went through the cages. Four bandits entered the bank and two waited outside in a car in which all six fled following the robbery.

Hold Up Bus TYLER, September 17. (UP)—East Texas officers were on the look-out today for two youthful unmasked bandits who held up a Southwest Transportation company bus on the Waco-Tyler line late last night and escaped with about \$100.

Ernest L. Cross, operator of the bus, said when he arrived here near midnight that the robbery occurred 23 miles west. The driver and four men passengers were the victims. A woman passenger was not molested.

Cross said the pair hailed the bus, apparently wanting a ride, and threw a gun on him when the door opened. One held the gun and the other collected valuables. Three suspects have been arrested.

Shot by Bandits HOUSTON, September 17. (UP)—M. L. Wallace, 22, was shot three times in the leg when he followed two unmasked bandits from a downtown cafe which they had just held up and robbed of \$200.

One of the bandits stuck a gun on Miss Edna McCarter, night cashier, forced her to open the cash register. Ten persons were in the cafe, and all sat quietly except Wallace.

Sterling May Talk To Midland Crowd

There is a possibility that Ross S. Sterling may speak in Midland as he stops over for a few minutes en route to El Paso to attend the opening of the new Hilton hotel.

A letter asking him to speak in Midland was received by the democratic nominee for governor a few days ago and his answer said he would be glad to come to Midland if a trip to the north does not prevent his going to El Paso.

Invitation was made through J. M. Caldwell and other Sterling supporters.

Negroes Held for Running Over Boy

FORT WORTH, Sept. 17. (UP)—Raymond Meador, 6, son of W. H. Meador, former Lake Worth policeman, was crushed to death today when he was run over by two negroes with a truck load of brick near Lake Worth.

The negroes fled after turning the truck over but were caught an hour later. The boy died en route to a hospital.

ESTABLISHES BRANCH

C. W. Post, proprietor of the Texas Music company, has opened a branch house in Hobbs. He is staying in the New Mexico oil town until the business becomes better recognized.

POSTPONES GLOBE CIRCLE ROOSEVELT FIELD, L. I., Sept. 17. (UP)—Ted Lundgren of Los Angeles today announced abandonment of his contemplated flight around the world in 15 days until next year.

Cardinal Pitcher Says He Was Forced to Drink Rum, And to Stay Intoxicated

NEW YORK, September 17. (UP)—President John Heydler of the National League was asked today to investigate a story told by Flint Rhem, St. Louis Cardinals pitcher, that he had been abducted by armed men and forced to drink and remain intoxicated for 24 hours.

Cardinals in the current crucial series with Brooklyn. He left the club's hotel Monday night and returned last night, apparently suffering from the effects of alcohol, and told a rambling story of being kidnapped, held prisoner and forced to drink.

SALVATION ARMY STARTS CAMPAIGN OFF HERE FRIDAY

The annual campaign of the Salvation Army will begin Friday morning at 9 o'clock. Raising of a quota of \$300 will be started.

"Midland has never failed to raise her quota," Capt. F. C. Scott of Big Spring, said while in Midland today. "While three hundred dollars was Midland's quota last year, the city gave twenty-six dollars and a half more than that amount."

Soliciting will begin under the direction of the local advisory board, of which M. C. Ulmer is president, Clarence Ligon, secretary, and R. M. Barron, treasurer.

Last year's campaign was 364 days ago.

Shamrock Disabled; Today's Race Off

NEWPORT, Sept. 17. (UP)—Sir Thomas Lipton's Shamrock V was disabled 45 minutes after a beautiful start against the Enterprise in the third match for America's cup today.

The mainsail came billowing down on deck. The accident brought the race to an end and the Enterprise came about.

RELIEF FROM DROUGHT

WASHINGTON, Sept. 17. (UP)—The weather bureau today reported the drought "substantially relieved or effectively broken" during the past week over most of the area between the Rocky mountains and the Appalachians, particularly in states previously most dry.

Deluded Couple Say They Hold Government Together

Hobbling along in his patched clothes and great, broken shoes and leading a burro hitched to an ill-starred conveyance whereon sat an old woman talking oddly to herself as her body swayed, an old man, self-styled apostle of a "Be your own master" doctrine came into Midland this morning.

"I am here to keep the government together," he said, looking straight into a reporter's eye. His face was matted with beard, his hands were rusty with dirt, the whole atmosphere about him was saturated with mean poverty. Behind him on the old wagon the woman, dressed in a mixture of women's and men's clothes, mumbled in agreement.

"I got my hip knocked down," she said, her speech forming no relevancy to what the man was saying. "Yeh, brother, she got hurt when my other burro was killed by an auto just this side of El Paso. We belong to the Salvation Army and the government pays us our rations and expenses to keep it together. No we don't lecture much. It ain't necessary. The thing I tell everybody is 'Be your own master.'"

Thus did the man talk and the woman break in on him with conversation that had no bearing on the discussion. The man and woman

PATTERSON FIRST TO BUY EL PASO SPECIAL TICKET

Alvon Patterson, California Oil company employe, bought the first ticket to El Paso on the Midland grid special, chamber of commerce officials said this morning shortly after the ticket sale began.

A booth was to open on the streets sometime today, and Superintendent Lackey was to have it operated by high school girls. Beyond this, 100 tickets were taken to the school for sale by the superintendent.

Saturday night is the deadline. If 150 tickets are sold by that time the special will be run to the Sept. 27 football game. If not, those who have bought tickets will be refunded their money and no train run. A record of each ticket purchased is kept on file at the chamber of commerce, sponsor of the grid special, to facilitate making refunds.

A letter from C. A. Land, secretary-manager of the Odessa chamber of Commerce, said that a canvass will be made of Odessa for determination of the number of fans who will want to ride the Midland special from that point. Invitation to Odessa and Stanton was made last week by the Midland chamber of commerce. Land said publicity to the Midland special would be given in the Odessa newspaper.

FIGHTING BOB MARRIED

MADISON, September 17. (UP)—United States Senator Robert LaFollette and Miss Rachel Young of Washington were married here today.

PRIMARIES DESCRIBED AS CALORIC

Referendum Shows A State to Be for Liquor

WASHINGTON, September 17. (AP)—Three state primaries and two conventions were held yesterday. Philip LaFollette, brother of United States Senator Robert LaFollette, gained the bitterly contested Wisconsin republican nomination; William M. Butler, dry, was chosen by Massachusetts republicans for their senatorial nominee; New York's republican congressman, S. W. Dempsey, chairman of the house rivers committee, lost to Gresham Andrews, wet.

The Delaware democratic convention nominated former Senator Thomas F. Bayard, wet, for the United States senate, adopting a platform favoring repeal of the eighteenth amendment.

The Connecticut republican convention nominated Lieutenant Governor Ernest Rogers, dry, for the senate.

Concedes Wet Vote CHICAGO, September 17. (AP)—George B. Safford, state superintendent of the Anti-Saloon league, today conceded victory to the wets in Illinois in the referendum to be voted in November. The league previously had urged members to disregard the referendum.

KELLOGG ELECTED TO WORLD COURT; REPLACES HUGHES

GENEVA, Sept. 17. (AP)—Frank B. Kellogg, former United States secretary to state, today was elected a member of the permanent court of international justice, or world court, replacing Charles Evans Hughes who resigned to become chief justice of the United States supreme court.

Big Spring Not to Hold County Fair

BIG SPRING, September 17. (AP)—At a recent meeting of the officials and department superintendents of the Howard County Fair association, it was decided to call off the Fair for this year, which was to have been held on October 3-4. The decision was made after several meetings were held by the officials of the association who deemed that conditions would not justify the expense of holding the fair this year.

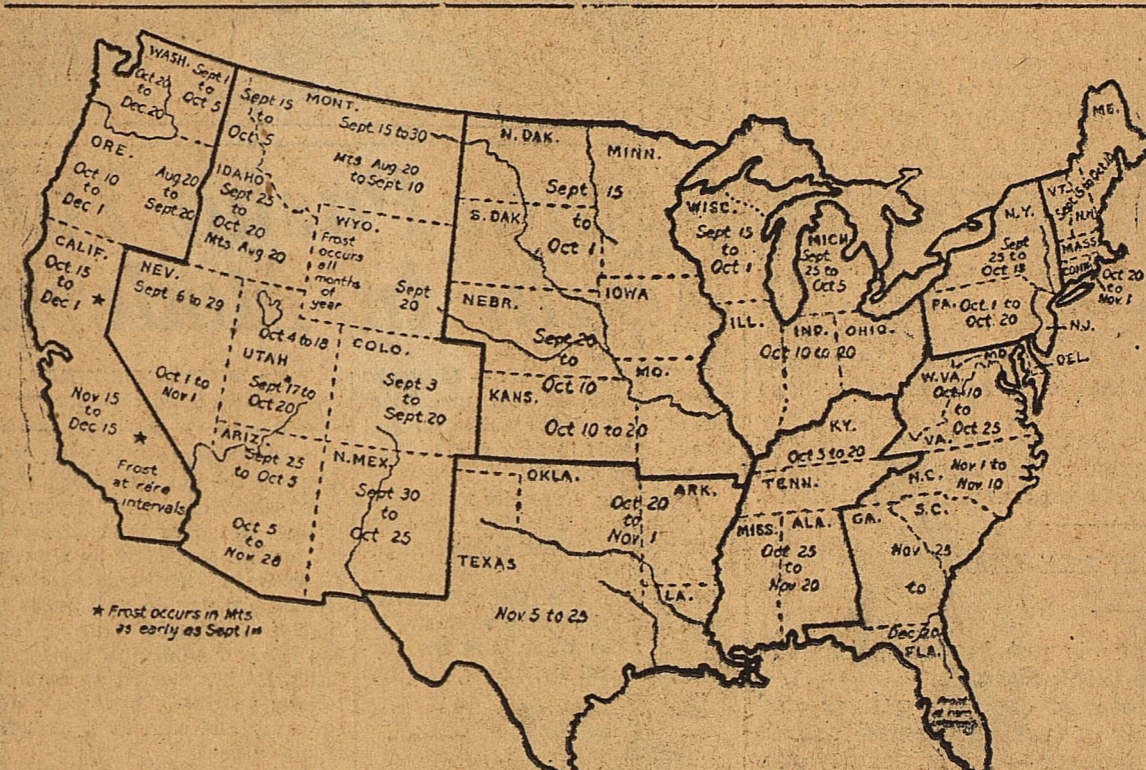

The annual winter poultry show will be held according to C. T. Watson, manager of the Big Spring chamber of commerce.

Goat Glands Are Revokation Cause

TOPEKA, Sept. 17. (AP)—The Kansas medical board today revoked the certificate authorizing Dr. John R. Brinkley, of Milford, Kansas, goat gland specialist, the right to practice medicine and surgery in Kansas. The doctor was accused of gross immorality and unprofessional conduct.

The doctor performed two operations Monday for the gathering. The glands are said to give a person not only a more youthful appearance, but a more animalistic feeling.

Old Man Winter Just Around the Corner

And he's been whistlin' in his hoary beard these last few mornings. Midland people who have sighed at the continuance of warm weather are themselves doing some whistling as they envision the time when top coats will be dragged out of storage and additional blankets will be needed.

GOODWILL TRIP IS SUCCESSFUL

ANNUAL FOOTBALL GAME WITH PASO URGED IN LETTER

An attempt to make of the Midland-El Paso football game an annual affair was expressed in a letter this morning from Assistant Principal W. W. Wimberly of the Austin high school to Supt. W. W. Lackey of the Midland public schools.

With the sale of tickets begun here today and the El Paso school working hard to make the occasion a success, Midland people have been asked to give every assistance to the ticket sale possible. If 150 tickets are sold by Saturday night the T. & P. railroad will run a special train to the border city.

Wimberly's letter said, in part: "I notice by the Reporter-Telegram that your school has started, and I hope that the rush is over enough for us to seriously consider this football game on Sept. 27."

"Probably Mr. Vickers or Paul Barron or both have shown you the general invitation I sent the school and town today to make Saturday Sept. 27th MIDLAND DAY in El Paso, by sending this SPECIAL TRAIN of rosters and citizens. Paul seems to be giving you considerable advanced publicity on the proposition and I believe the T. & P. rate is low enough.

"Mr. Lackey, this is a personal invitation to you and your student body to be our guests in El Paso on Sept. 27th. We hope we can beat you playing football but at all other times we want you to feel you are just at a big house-party. We hope to have nothing but the most friendly relations between the two schools and trust we can make an annual affair of this Midland-El Paso game.

"As for entertainment, (both amusement and Saturday night board and lodging) we cannot make definite plans until hearing definitely from you about the certainty of this special train. I feel sure our Parent-Teachers association will take the full responsibility of overnight entertainment for students.

"I hope to send you a cut of our new building within a few days, also a few individual ones of our players. We would appreciate a few pictures from you. We would use these in El Paso newspapers.

"Do not fail to call on me for any assistance which we can help you in. On about Sept. 15 I am going to send a circular letter to each former (See FOOTBALL GAME page 6)

McCamey, Crane and Odessa on Final Lap of Trip

Returning to Midland at 6:45 Tuesday evening after a goodwill visit to five towns, a group of 30 local business men had a good report to make. The trip was made in a chartered bus to Rankin, Iraan, McCamey and Crane, with an informal stop at Odessa on the return trip.

Report on the first half day was made in this paper yesterday, telling of the stops at Rankin, Iraan and arrival at McCamey for lunch. Public speaking on the principal business street at McCamey followed the lunch, official welcome being presented by the Rev. Backett of that place.

On account of running an hour behind schedule, the Midland men missed a special feature of McCamey hospitality, the Lions club having planned to entertain the guests at the noon luncheon.

A feature of the McCamey visit was when C. W. Culp, driving the midget Austin car along with the large bus, drove into the Security State bank, up to the cashier's window, and cashed a check for a dollar.

Leaving McCamey for Crane, a new stretch of paved highway was run over in southern Crane county. Much of the remainder of the paved highway through the county is under construction, necessitating detours at several points. Survey is being made by the county now for a paved street through the town of Crane, 100 feet wide.

Judge Ben Allen welcomed the visitors to the city after which John Bonner, Paul T. Vickers, Albert Oreck, Kenneth E. Ambrose, J. R. Martin, T. Paul Barron, Claude Crane, George Phillipus and Fred (See GOODWILL TRIP page 6)

ALFONSO JOHNSON MAKES ADDRESS IN MIDLAND OCT. 1-2

Alfonso Johnson, former United States trade commissioner to Japan, will come to Midland Oct. 1 and 2 under auspices of the Midland chamber of commerce to address the Lions and Rotary clubs at their luncheons, and to speak to employes and employers of every store in Midland on the night of Oct. 1.

Johnson comes to Midland as director of the trade extension division of the Dallas chamber of commerce, and his expenses are paid by the Dallas body. His services are free to Midland. The Midland meetings are being arranged by the auto and retailers committee of the Midland chamber for the benefit of retail merchants of Midland.

The Dallas man is said to have a national reputation as an authority on merchandising, though he claims to have no cure-alls. He comes to Midland, and goes to larger and smaller cities, giving merchants and clerks the benefit of his wide experience.

He was former business manager of the Japan Advertiser, business editor of the Dallas News about five years, first dean of the Dallas Advertising institute, and served two terms as president of the Dallas Advertising league.

The interest merchants are taking in the coming of Johnson was indicated Wednesday when Clyde Y. Barron, manager of Grissom-Robertson, came in as a letter from Johnson was being opened. "I'll be there and our 11 employes will attend the lecture Oct. 1," Barron declared. All of the dry goods stores, groceries, furniture, hardware, auto service, filling station, and employes and employees of all lines are expected to attend. T. S. Patterson of Everybody's, Ily W. Pratt of Hasen's were others who learned of Johnson's coming and approved the idea.

Latin Countries Mend Relations

WASHINGTON, Sept. 17. (AP)—Secretary Stimson today announced an order to American diplomatic representatives in Argentina, Peru and Bolivia to resume normal diplomatic relations tomorrow.

DIXIE SERIES STARTS

Fort Worth Has Beat Memphis Club Two Times

MEMPHIS, Sept. 17. (AP)—Ft. Worth Panthers and Memphis Association Champion Chicks today faced each other in the tenth Dixie series. The same teams have met twice before in the Dixie series, Ft. Worth winning both.

The Panthers made an overnight trip from Ft. Worth, arriving with a heavy hospital list. The Chicks are in good shape and the weather and field are ideal.

Pitching selections are Memphis: Harry Kelly or Walter Beck; Ft. Worth: Red Roberts or Dick Whitworth.

Chicks Ready to Go It is the opinion that the Chicks have their best chance to defeat the Cats since the two teams inaugurated the series in 1921.

Victory of the Cats over Wichita Falls in the final game of the series was received with joy by Memphis Mayor Watkins Overton and also Tom Watkins, president of the Memphis club.

When Mayor Overton was informed of the large delegation coming to Memphis he said, "They are welcome to our city and I hope to see the Chicks beat one of the greatest teams in minor league baseball and from one of the most progressive cities in the South.

"It was my hope that Fort Worth win the pennant and play us," said Watkins. "I am certainly happy."

Memphis Special As a return compliment for the large crowd of Texans a special will leave Memphis Friday night over the Missouri Pacific with the largest delegation that ever accompanied a Memphis team on its invasion of Texas. The crowd will be headed by Mayor Overton.

In addition to Tom Watkins, president of the club, the four other directors will make the trip. They are Joe Wade, Frank Bragg, Frank Gailor and Homer K. Jones. Joe Engel, president of the Chattanooga club, and a party of fans will join the Memphis crowd. W. D. Smith, president of the Birmingham club, will be there.

The Rotary boys band of 55 pieces will be taken and will lead a parade of the Memphians when they step off the train Saturday morning. It is possible the ball team will leave there after Thursday's game.

Chicks Take Firsts Fort Worth twice has met the (See CATS AT MEMPHIS page 6)

LESSONS FROM THE BUS TRIP

A lot of things were brought out yesterday by the good will trip to Rankin, Iraan, McCamey, Rankin and home by way of Odessa. One thing was that when a comparatively small party contemplates such a trip, the chartered bus is the ideal means of conveyance.

Another discovery was that the citizens of the towns visited were eager to hear more about Midland. Not only did they announce proudly that many of them are coming here already, but those who were not familiar with this city and its advantages proved to be good listeners when the story of Midland was told by local speakers.

One of the advantages of such a trip is the publicity that results. The local chamber of commerce had sent out stories in advance to papers in those towns and it was discovered that front page position had been given. Publicity had appeared on two occasions in several of the state daily papers.

Publicity in the Midland paper today will be sent each of those towns and, according to custom, will be clipped and reprinted in papers there. In other words, publicity about Midland and the trade trip gets about three weeks of play, which is valuable advertising for this city.

And, one of the chief advantages of the trip, was to throw Midland business men closer together, making possible greater local cooperation on community problems.

A NAVY IN PEACE-TIME

The uses to which a navy is put in peace-time are rather odd, when you stop to think about it.

Built for the sole purpose of destroying lives and property, warships have a way of turning themselves into humanitarian enterprises whenever—as is usually the case—there are no wars going on.

What happened recently at Santo Domingo is a case in point.

A hurricane hit the capital city, killed three or four thousand people and wrecked most of the houses.

Immediately a Dutch gunboat proceeded up from Paramaribo under forced draft to give what relief it could.

An American destroyer slid out of Hampton Roads and shot down with a load of medical supplies, while other American warships brought sailors and marines and doctors to the scene as fast as they could.

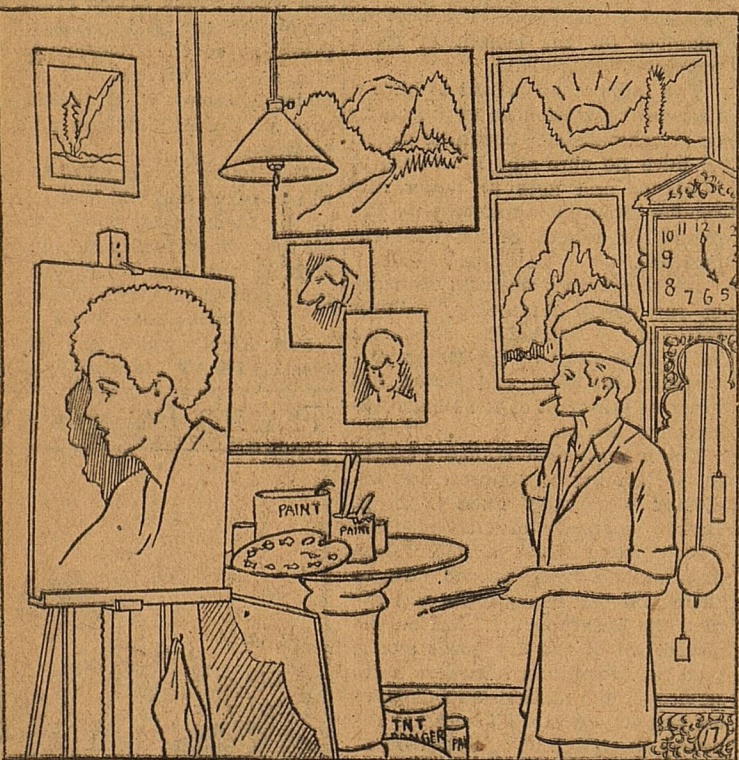

At this moment, six American gunboats are conducting a sporadic war in China against bands of roving brigands—not because this country has the slightest desire to mix unduly in Chinese affairs or grab any land or protect any commercial sharks, but simply as a measure of protection for some unlucky individual who can't get out of the way.

And so it goes. Built for destruction, warships have a way of paying for themselves many times over in work that is the exact opposite of destruction.

Measured by the amount of fighting it has done in the last decade, the American navy, like most other navies, has been a dud. But measured by the service it has rendered to humanity it has been a good investment.

Navies are useful in peace as well as in war. Fighting is far from being their sole excuse for existence.

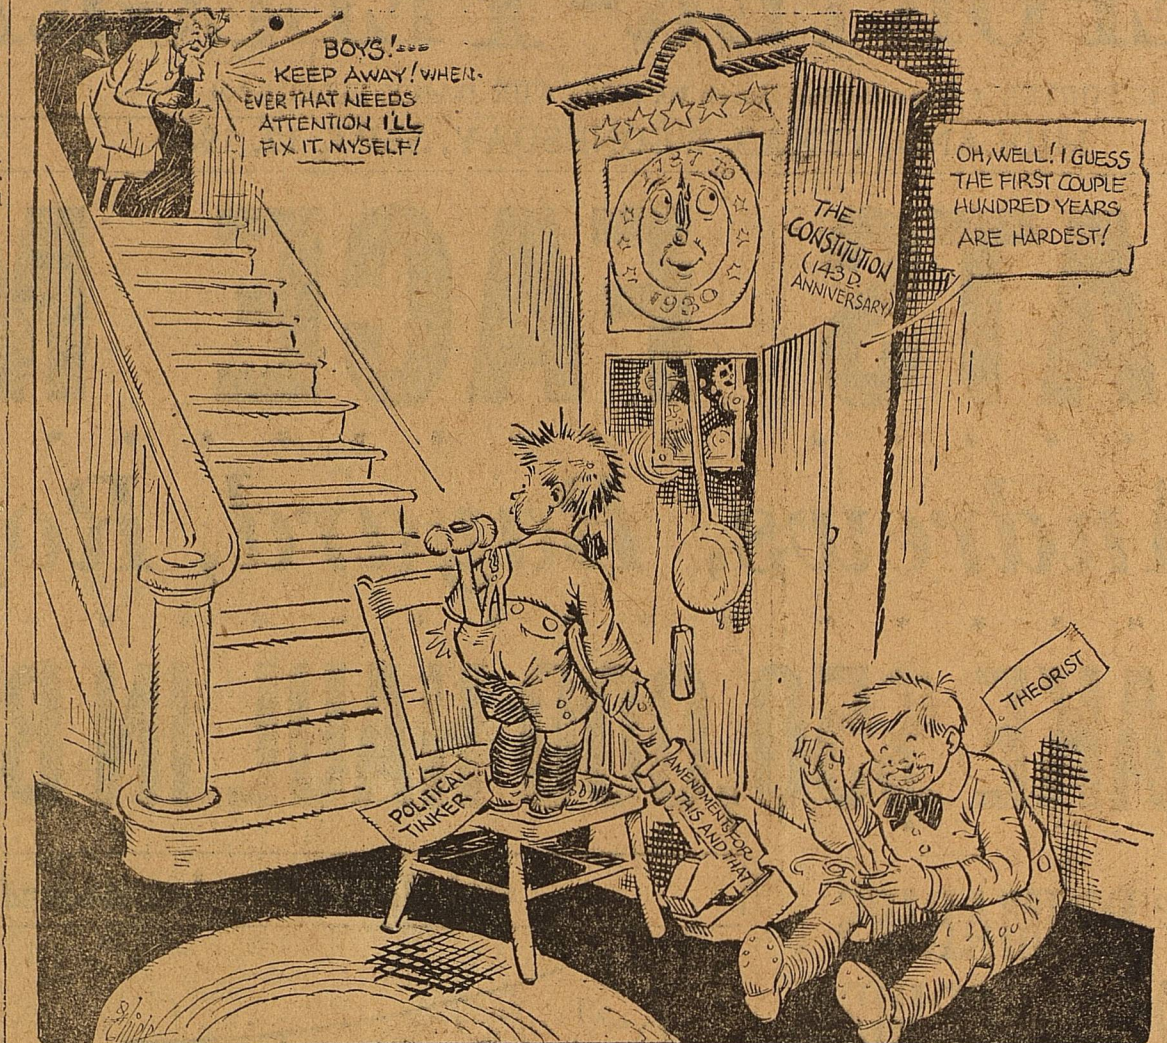

ERRORGRAMS

What most artists paint.

There are at least four mistakes in the above picture. They may pertain to grammar, history, etiquette, drawing or whatnot. See if you can find them. Then look at the scramble by switching the letters around. You can see how near a hundred words you can find.

Sometimes We Wonder How Grandfather's Clock Has Survived as Well as It Has!

Kemal Pasha Talks Turkey Again in Modern Program

LONDON, Sept. 17. — Mustapha Kemal, President and undisputed boss of the Turkish republic, has just shown himself to be a dictator in a class all by himself.

When King Alexander made himself dictator of Yugoslavia, he abolished parliament and suppressed political parties.

When the late General Rivera made himself dictator of Spain, he did the same thing, and his successor, General Berenguer, also has

to wear European headgear. He is adopting the modern system of letters instead of the old Turkish alphabet. He shows his contempt for old moslem prejudices by appearing at balls in immaculate evening clothes, dancing to jazz music and sipping champagne—whereas Moslem law is dead against intoxicating drink. He has started an ambitious railway program, has modernized his army and seen to it that it is regularly paid.

Much of this has been accomplished under the Premiership of his friend, Ismet Pasha, who is Vice President of the Popular party of which Kemal is President.

But there is a reserve side to the ledger. Business is bad in Turkey, taxes are high, the financial situation is in a critical state and people are dissatisfied.

A Friendly Enemy This was brought home to Kemal by another old friend of his, Fethi Bey, Turkish Ambassador to France. It appears that Fethi, who has the European outlook, wrote the President-dictator that the situation of the home country filled him with alarm. Kemal replied suggesting that Fethi come home, form a new party and re-enter political life, as he had been Premier once before.

Fethi, therefore, came. He, Kemal and Ismet Pasha talked all night about Turkish politics. The next day Fethi announced the formation of the Liberal Republican party with the blessing of Kemal. A place will be made for him in the National Assembly and about 25 per cent of the deputies, who now follow Ismet Pasha, will go over to Fethi. They will form the opposition until a regular election takes place in 1931.

Fethi has announced that his new party will be republican, nationalist and laic. It will stabilize the Turkish currency, thereby encouraging foreign capital to come into the country; it will suppress the Con-

stantinople port monopoly and reduce railway tariffs and port duties; wage a war against corruption and speed up the administration of justice; make an extension of women's suffrage; cultivate good relations with Turkey's neighbors, and favor her entry into the League of Nations.

Gains Wide Support Fethi already has established offices in Constantinople, where thousands of applications for admission

to his new party are being received. Ismet Pasha has stated that he and Fethi are personal friends, although they differ on the program for Turkey. There are those who already are saying that Kemal showed the craft of a fox by allowing Fethi to form a new party. Kemal may have feared Ismet was getting too strong and might be an aspirant for his own power. By putting Fethi against Ismet, he will make his own dominance more secure.

Vet Cowboy Praises Code of "Bad Men" CHEYENNE, Wyo., Sept. 17. (UP). —R. J. "Happy Jack" Allen, Wyoming state law enforcement commissioner and one-time cowboy, believes outlaws of the early West were more honorable and trustworthy than the bad men of today.

Allen, who once served as a bronc rider with Buffalo Bill's show, rode the Wyoming range in the 90's and has been in many a gun battle with cattle rustlers who in the early days maintained almost inaccessible haunts in the mountains of Jackson Hole country.

"The old time outlaw had a code of honor which forbid him taking the life of a fellow man unless his own safety depended upon it, and even then he usually warned before he struck," Allen said.

"The commissioner knew personally 'Butch' Cassidy, 'Kid' Curry, alias 'Pug Nose' George, the 'Dago Kid,' Harvey Wraith and other outlaws of the Hole-in-the-Wall country.

"Their word was as good as gold," Allen said. "They were fine fellows, but they had one bad streak—cattle rustling. And they were a lot better than these modern bad men who never warn before shooting."

The timepiece of Louis XIV of France was so small that it was set in one of his finger rings.

By MILTON BRONNER, NEA Service Writer.

French Use More Drugs, Report Says MARSEILLES, Sept. 17. (UP). —By seizure here on board an East-West bound liner of a ton of opium, customs authorities revealed that illicit traffic in dangerous drugs goes on as usual, despite activities of world agents of the League of Nations.

Customs officials admit the League's drugs commission, with its ramifications in all big ports throughout the world, has done much to curb the traffic in narcotics, but to stamp out the trade is impossible, in view of the big profits attaching to the business.

The port of Marseilles, with vessels clearing to and from the East every day, long has been headquarters for the international drug ring, which is estimated to have a financial backing running into millions of dollars.

It makes little difference in watering the lawn whether the water is applied in small daily amounts once or twice a week. Regular watering of one sort or another will almost double the growth of grass during the dry season.

In the Middle Ages the seal on documents of great importance contained three hairs from the sovereign's beard, as a sign that matter of much moment were concerned.

Daily Washington Letter By Rodney Dutcher

The Battle Between Capital and Labor Is Supposed to Have Ended, but Recent Exposure by The Electrical Union of Employers' Activities Show the Conflict is Still On

WASHINGTON, Sept. 17. — The two Germans in Siberia who learned just the other day that the World War was over haven't anything on a lot of the participants in the celebrated struggle between capital and labor which is also supposed to have become a matter of history.

There are still labor leaders who believe certain capitalists are out to destroy unionism and there are still employers who believe that labor unions are the principal national menace. And both are likely to act accordingly.

The International Brotherhood of Electrical Workers, which might be described as one of the more wideawake unions, is undertaking to expose an employers' organization known as the League of Industrial Rights, which it accuses of waging class warfare against labor. The league's membership is supposed to be secret, but the brotherhood says it has found out who was at its last annual "secret" meeting and the list includes a number of prominent manufacturers.

The brotherhood estimates that the league spends up to a million dollars a year of employers' money in pressing cases against labor unions, which it has been doing since it was founded as the Anti-Boycott Association in 1902. Members are assessed in proportion to the size of their payrolls.

"The co-operating employers are of the old-fashioned type—men without the scientific or social point of view—men filled with the lust for power," says the brotherhood in its expose issued here.

"Co-operation in meeting the common peril," is said to be one of the league's slogans and it is quoted as proclaiming:

"In Great Britain there is no League for Industrial Rights and none of this protection exists, and closed shop prevails. The collapse of government in protecting liberty and property during industrial strife is an outstanding menace in our country."

The brotherhood says: "Finding, after 25 years of test cases, that it can not completely tie up labor activities with legal knots, the league is now seeking to pass bills through state legislatures. These bills will forbid picketing absolutely. They will make strikes illegal. They will make labor unions suable on any pretext."

League literature is quoted in an attempt to prove that this is the nature of the employer organization's legislative program. The league has also gone into the colleges with propaganda, it appears, for it says:

"The League for Industrial Rights has undertaken to counteract this influence by furnishing speakers who will overcome this radical propaganda and will endeavor to inculcate sound principles of industry and government. Departments of economics and sociology, and sometimes student bodies of the entire university have been addressed upon this most important subject. Our speakers have met with cordial co-operation of college faculties and students and in every case they have aroused great interest on the part of the students. The experiment has brought to the attention of the officers of the league an amazing ignorance of those phases of the industrial problem to which the league has devoted its attention."

The league also boasts a long series of test case victories over labor unions in the courts, including injunction cases at great monetary cost.

With a total length of almost three miles, the longest cable railway in the world was recently put into operation up the 7,300-foot-high Nebelhorn mountain near Munich.

The inventor of citric acid was a London chemist and, having his own prices as long as the way of manufacturing the acid was a secret, realized a large fortune.

The Town Quack

Reserves the right to "quack" about everything without taking a stand on anything.

Austin car up to the cashier's window at the bank and cashed a check for a dollar. The other men couldn't even cash a check there.

Speaking of Ingagi, we are like the British scientist who asked why man ever ceased to be an ape. Just at this time a movie actor in Hollywood is bringing suit for wages during the time he took part in a gorilla film of African life.

In Bavaria, we read that the jobless are fed limburger cheese. Try that on professional beggars or tramps in this county and watch them go back to work.

News that the British polo players sold their mounts after losing to the American team, should occasion no surprise. That was probably their retaliation for being taken for a ride.

Fact for today: Fellows whose duty it is to pull the Zeppelin from the hangar always walk with a noticeable blimp.

A single female oyster can produce as many as 6,000,000 children.

Granite is the lowest rock in the world. It is the bedrock of the world.

Worst Is Past, Says Business Expert

Business "appears to be turning the corner and an industrial activity seems to be increasing," according to Colonel Leonard P. Ayres, vice president of the Cleveland Trust company, and one of the country's best-known business experts. Above are some charts just prepared by Colonel Ayres to illustrate his contention. Study the six illustrations and you will see how the bad slump at the end of 1929, partially overcome early this year, was followed by a more severe depression, which at last seems to have hit rock bottom and is now giving indications of being on the way upward. In each case the silhouette represents from month to month the percentages by which the output of the industry in question has risen above its computed long-term normal level, or fallen below it since January 1, 1929.

Mrs. McWorkman Is Honored by Mmes. Cowden and Inman With Shower of Gifts

As a compliment to Mrs. Holt McWorkman, recent bride, Mmes. J. P. Inman and Claude Cowden entertained with a miscellaneous shower at the Cowden home Tuesday afternoon.

Upon the arrival of the bride, a messenger boy called bringing a message containing directions for the honoree to find her "oil well." A cleverly constructed derick centered the dining room table and was covered with gifts for Mrs. McWorkman.

Local Housewives' Choice Recipes

Chocolate cakes are favorites of most anyone. Probably the housewife needs a new recipe for the cake so today we publish a recipe for the cake and frosting. Both have been tested and will prove a valuable addition to your cook book.

Chocolate Cake

3-4 cup fat
1 cup sugar
2 eggs
5 tbsp. milk
5 tbsp. water
1 3-4 cups pastry flour
2 tsp. baking powder
1-2 tsp. soda
2 squares chocolate
1-2 tsp. salt
1-2 tsp. vanilla

Measure flour after sifting once. Resift with baking powder, soda and salt. Cream fat and sugar thoroughly. Add well beaten eggs and cream until the mass is light-colored, fluffy and free from sugar granules. Add the chocolate that has been melted over hot water, and stir until well blended. Add flour and milk, diluted with water, alternately to the creamed mixture, beginning and ending with flour. Add vanilla the last few stirs. Pour immediately into pan that has been well oiled or lined with paraffin paper. Bake in moderate oven (350-375 degrees F.).

Chocolate Frosting

1-2 squares chocolate
1-3 cup milk
1 egg yolk
Few grains salt
1-2 tsp. butter
1 cup confectioner's sugar
1-2 tsp. vanilla

Melt chocolate over hot water. Add evaporated milk gradually. Continue heating until thoroughly blended. Pour over beaten egg yolk. Add salt and butter, and enough confectioner's sugar to make the right consistency.

Jerusalem Church Discussed at Bible Class

"The Jerusalem Church" was the lesson reviewed by the Ladies Bible class at the Church of Christ Tuesday afternoon, Mrs. D. E. Gabbart was the lesson teacher.

Class members present included Mmes. T. L. Cantalou, C. D. George, O. L. Jones, A. G. Bohannon, W. F. Hejl, D. E. Bryant, and Miss Christine Golladay.

Mrs. H. R. White and daughter, Mrs. Charles M. Cree, and Mr. Cree arrived in Midland last night from their home in White Oakes, New Mexico, for a visit with Mrs. White's sister, Mrs. Spence Jowell.

Famous Store Is Its Own Bureau of Standards

By WILLIAM H. BALDWIN
Author of "The Shopping Book"
Written for NEA Service

One of America's famous department stores is celebrating the third anniversary of its testing laboratory which functions as a bureau of standards for the merchandise. During this three-year period upwards of 27,500 samples—including such a diversity as bath towels, prepared dog rations, feathers, for bedding and fur coats—have been subjected to tests of their materials, their workmanship and their ability to live up to what is reasonably expected of them.

Such testing requires a thorough knowledge of chemistry and physics, as well as no end of laboratory equipment. It is therefore beyond the scope of the housewife, but the shopper should encourage the development of this merchandising policy as a definite step in raising the standards of the wares from which she selects her purchases.

TOMORROW—Furniture upholstery.

County Fair Sidelights

4-H Club Girls
September 25 is the last day for 4-H club girls to enter club work at the county demonstration agent's office. At this time a large group of entries are expected to be presented. Attractive prizes are offered for each exhibit at the county fair which opens Friday, September 26.

Meeting Tuesday

Fifteen men and women were enthusiastic in their plans for the fair at a meeting at the Warfield school house Tuesday evening. Plans were announced for an agricultural booth at the fair and a meeting for complete arrangements will be held Monday afternoon, September 22, at 2:30 at the home of A. C. Blackman.

Canning at Ray Home

Women of the Valley View club canned fruits and vegetables at the home of Mrs. D. A. Ray Tuesday afternoon. The canning was done for booths at the county fair.

Picnic-Bridge Affair Honors Mayfair Club

Tuesday evening hours were made interesting for members of the Mayfair club and their husbands by Mmes. D. E. Shoemaker and Marion M. Seymour who entertained with a pleasant picnic-bridge function.

Supper was served on the lawn of the Shoemaker residence and was followed by games which were played at tables placed about the yard.

Trophies were presented to Mr. A. E. Horst, who held highest score for men, and to Mrs. Horst who scored high for the women players. Mr. Leroy Williams, high cut, and Mr. S. M. Warren, low scorer, also received favors.

Guests enjoying this merry occasion were Messrs. and Mmes. S. M. Warren, H. B. Dickinson, Letoy Williams, John E. Adams, M. E. Smith, A. E. Horst and Messrs. Shoemaker and Seymour.

"COMMON CLAY" SHAPES FATE

Can a girl who has made a mistake ever rehabilitate herself? These are some of the absorbing questions that are fearlessly answered in "Common Clay," Victor Fleming's remarkable production for Fox movietone featuring Constance Bennett and Lew Ayres, which opens tomorrow at the Ritz Theatre.

Closely following Cleve Kinkead's noted Harvard prize play in its theme and story, the screen version is said to be even more gripping and dramatic than the original. Miss Bennett enacts the role that carried Jane Cowl to fame before the footlights.

The story centers around a pleasure-loving girl who takes a job in a speak-easy because of the gaiety and music she craves. When the establishment is raided, she sees the dangers of the path she is following and abandons the bright lights for a position as a maid in a fashionable home. Here, however, she finds herself subject to the same unwelcome attentions and eventually falls in love with the young heir of the house, played by Lew Ayres who betrays her.

Her subsequent efforts to secure justice for herself and her child, with the unexpected turn of events at the climax, form a basis for one of the most interesting screen offerings of recent months. Miss Bennett's work as the girl is acclaimed by critics as a triumph of audible films. A distinguished cast, including Tully Marshall, Beryl Mercer, Hale Hamilton, Purnell B. Pratt, Matty Kemp and other favorites, enact prominent roles.

SUNBURN ANTELODE

If you get sunburned and must wait for lotions or salve specially prepared for such occasions, use butter lavishly over all the burned surfaces and you will find it an effective first aid.

National Speaker Will Arrive for Meeting Thursday

Final preparations are being made by the local W. C. T. U. committee for the visit of Miss Helen Louise Byrnes, national field secretary of the W. C. T. U., in Midland Thursday and Friday.

Miss Byrnes comes to Midland directly from Los Angeles, her home. Earlier in the summer she spent ten weeks in interest of the organization in Alaska and later a month in Washington.

All members of federated clubs and religious organizations and civic leaders have been especially invited to hear the national speaker at the Presbyterian church Thursday afternoon at 3:30 o'clock. A social hour is being planned to follow the address.

A press release telling of Miss Byrnes' work in Washington says, "Miss Byrnes' charming personality, and her abundant fund of knowledge so wonderfully expressed, made a lasting impression on her hearers."

Quilting Done By Ladies Aid

One quilt was completed and another prepared to quilt by the Ladies' Aid of the Christian church at a meeting with Mrs. Woody Elkin Tuesday afternoon.

Members present were Mmes. C. L. Stephens, C. R. Jones, J. V. Stokes, J. S. Cordill, Pennington, J. T. Ragsdale, Thomas Holcomb, Tandy, Stephens, M. A. Erickson, and Elkin.

FUR GADGETS

There is a vogue for fur trim on the earliest of new fall frocks. You can have your collar, cuffs, belts or bows of fur and be quite smart.

COLLARET FAD

A gray coat for fall has a gray and black caracul collarlet that is detachable and can be worn with suits as well.

Announcements

Thursday
Country Club semi-monthly party at the club house at 8:15 o'clock.

Women's Christian Temperance Union will meet for monthly session at the Presbyterian church at 3:30. Miss Helen L. Byrnes, field secretary of the National union, will be special guest.

Mrs. Ernest McKinney will be hostess to members of the Bien Amigos club at her home at 3 o'clock.

Scharbauer Hotel Beauty Shoppe now open. Agnes Decker in charge. 165-32

Tomorrow's Birthdays in Midland

In Midland the following the celebrate their birthdays tomorrow. Send them a greeting by phone, card, wire or by a visit.

Mrs. L. B. Lancaster

Personals

Mr. and Mrs. Holt McWorkman left this morning for Wink where they will transact business several days.

C. N. Swanson, representative of the Continental Supply company, made a business trip to Hobbs today.

W. A. Yeager made a brief business trip to Odessa Tuesday afternoon.

Miss Ann Smith, daughter of Mr. and Mrs. L. O. Smith, leaves today for Oklahoma city where she will enroll for college studies.

Rodger Ray of Dallas is a business visitor in Midland today.

Dick Bryan of Plainview transacted business in Midland Tuesday afternoon.

John Howe returned yesterday from Lubbock where he met Mrs. Howe's niece, Miss Marguerite Strickler, who accompanied him here for a visit. Miss Strickler is a tricycle rider in the Ringling Bros. circus and will stay here a few days before going to San Angelo to join the circus.

Miss Mary Elizabeth Newman, who received minor injuries when a horse struck her Monday afternoon, is rapidly improving today.

Stanton Brunson is in from the Brunson ranch today transacting business.

Mrs. Radney Ellison underwent an appendicitis operation at the Midland hospital Tuesday evening and is reported resting well today.

Mrs. A. Q. Quincy of Odessa visited friends in Midland Tuesday afternoon.

Owen Cochran left yesterday for Carlsbad, New Mexico, where he is transacting business for several days.

Mrs. S. R. Preston left this morning for Houston where she will visit her daughter, Mrs. Louie Douglas.

Mrs. Clyde Smith of Stanton visited in Midland Tuesday afternoon.

Mrs. Lester Deer of Odessa was in Midland Tuesday afternoon visiting relatives.

Ainslee Estes left yesterday for El Paso in his new Austin American car. He will enroll in the School of Mines for second year studies.

Mr. and Mrs. H. E. Cummins were in from their ranch northwest of here Tuesday transacting business.

Mrs. Cora Ham arrived Monday from El Paso for a visit with her sister Mrs. E. C. Adams.

Mrs. M. A. Jared of Dallas is a guest in the home of her daughter, Mrs. Claude White. Mrs. Jared formerly lived in Midland.

Prather Benedict of the Naval Aviation corps is in Midland visiting his parents, Mr. and Mrs. C. P. Benedict.

Among some African tribes, twins are regarded as a dreadful happening. Rigid restrictions are placed on the children and mother until the twins attain their sixth year, after which they are treated as normal beings.

Old Timers to Rope at Angelo

SAN ANGELO, Sept. 15.—Two brands of rodeo, both known to West Texas fans to be highly entertaining, are to be exhibited at the 35th annual West Texas exposition here Sept. 22 to 27, it was revealed here by Louis Kubitz, of Fort Worth, arena director for three performances in which the foremost talent of the nation will take part, and R. J. (Bob) Mimms, of Water Valley, director of the Pioneers Jubilee rodeo, which will be a feature of the opening program Monday, Sept. 22.

While Kubitz already has signed some of the stellar performers in the modern rodeo world to help make his show a success, Mimms has gathered into his camp some of the old timers who held world's championship records in the 80's, many of whom still are able to wield efficient ropes despite their accumulation of years.

No men under 55 years of age will be permitted to take part in the rodeo performances which are to be held under the directions of

Mimms, and calf roping will be the one performance in which they will take part.

Twenty head of broncs, property of the Crockett County Fair association at Ozona, have been loaned the exposition, which purchased 30 head of wild steers from that association.

Pioneers of West Texas who take part in the Jubilee rodeo will have an easy time as compared to their tasks in rodeo arenas in the early days, Mimms pointed out. While calves will be used for their roping performance at the exposition, longhorn steers that weighed 1,050 to 1,200 pounds were used in the rodeo arenas of the 80's. Mimms explained.

The correct name of whalebone is baleen (and it is not a bone, having none of the properties of bone). It is found attached to the upper jaw of the whale and serves to strain water taken into the whale's mouth.

Within the next few days we will have the new RINGLETTE machine in operation. Scharbauer Hotel Beauty Shoppe. 165-32

Mrs. Frank Cowden Entertains for Enigma Members

Enigma club members and several club guests called at the home of Mrs. Frank Cowden Tuesday afternoon for bridge games.

The hostess arranged four tables for the afternoon which closed with Miss Lois Patterson holding high score for club members and Mrs. M. C. Ulmer for the guests.

Guests at the Cowden home were Mmes. Elliott F. Cowden, Ellis Cowden, C. M. Goldsmith, Harry Tolbert, Allen Tolbert, Clarence Scharbauer, Joe Youngblood, Guy Cowden, Clifford Hill, O. B. Holt Jr., Harry Neblett, Homer Rowe, George Glass, Hayden Miles, M. C. Ulmer and Miss Lois Patterson.

SERVICE—QUALITY—VALUE

RUTH, SIMMONS, GEHRIG, CRONIN ON ALL-STAR AMERICAN TEAM

Local Polo Team Plays Texon Handicap Game at Texon This Afternoon

BLUEGEE SAFE BY A ONE-VOTE COUNT IN THE POLL

EDITOR'S NOTE: Yesterday a jury of 10 baseball writers named an all-star National League team. The all-star American League team chosen by the same jury is given below. Tomorrow the jury will name an all-star team for both leagues.

By WILLIAM BRAUCHER
NEA Service Sports Editor

Remarkable unanimity of opinion prevails in the choice of an all-star American League team chosen by 10 baseball writers.

Two infielders, two outfielders and a catcher and pitcher were picked by every member of the jury. These were Babe Ruth, Al Simmons, Lou Gehrig, Joe Cronin, Mickey Cochrane and Wes Ferrell.

The lineup as chosen by the writers is:

- Averill, Cleveland.....2b
- Gehring, Detroit.....2b
- Ruth, New York.....1f
- Simmons, Philadelphia..1f
- Gehrig, New York.....1b
- Cronin, Washington.....ss
- Bluege, Washington.....3b
- Cochrane, Philadelphia..c
- Dickey, New York.....c
- Ferrell, Cleveland.....p
- Grove, Philadelphia.....p
- Lyons, Chicago.....p

One of the jobs was hotly contested. Marty McManus of the Tigers polled three votes for third base and Tony Lazzeri of the Yanks polled three. Four of the writers chose Bluege.

Nine Choose Gehring—There was only one dissenting vote against Gehring at second

- ALL-STAR JURY**
- Baseball writers who selected NEA's All-Star American League team are:
- Stuart Bell, Cleveland Press.
 - Daniel M. Daniel, New York Telegram.
 - Ralph Davis, Pittsburgh Press.
 - Bill Dooly, Philadelphia Record.
 - Kenneth E. Fry, Chicago Post.
 - Nick Flatley, Boston American.
 - Sam Greene, Detroit News.
 - Sid Keener, St. Louis Star.
 - Tom Swope, Cincinnati Post.
 - John O'Rourke, Washington News.

base. One of the writers named Andy Reese for the job.

Earl Averill got six votes for the center field assignment. The rest of the votes went one each to Manush, Rice, West and Combs. The fact that Manush, Rice and West play in the outfield on the same team, the Senators, was one of the queer quirks of the poll.

Each of the writers was asked to name two catchers and three pitchers. Cochrane was chosen unanimously, Dickey running second with six votes. Rick Ferrell of the Browns got two votes, and Luke Sewell of the Indians and Roy Spencer of the Nats one each.

Ferrell, the young Indian who is on his second big league season, led in the choice for pitchers with 10 votes. Lefty Grove was next with nine, and Ted Lyons, who has been having a big year with the weak White Sox, got seven. The rest went to George Earnshaw of the A's.

An Argument?—There are points about the team that seem to the writer to be left open to dispute. Thus, Bluege was chosen for third above McManus, though McManus has been batting nearly 40 percentage points higher

Purple Depends on Atkins

NOBLE ATKINS
CAPTAIN 1930 HORNEFROG FOOTBALL

Noble Atkins, all-Conference center with the championship Horned Frog eleven of 1929, will captain the Christians this year as they defend their championship. Atkins has also been named captain of the Frog basketball team. He thus has the job of leading on the gridiron, where T. C. U. finished in the lead, and on the basketball court, where his school finished in a tie for last place. The Frogs play their first game Friday at Denton against the Teachers.

BOXER, GETTING OVER HIS HONEYMOON, PROVES HE HAS DYNAMITE IN FISTS

The latest foreign boxer to make good, Justo Suarez of Argentina, seems destined to go on and duplicate if not improve upon, the feats of his countryman, Luis Angel Firpo. If Suarez' showing in his three fights here means anything, the dark, smiling Argentine should some day take a world title back to the River Plate.

Although the "Little Firpo" has fought but three times in this country the leading lightweights already are beginning to dodge him.

At present he probably is the most popular fighter for his size among the foreign contingent here and that is quite an honor considering the large number of Spaniards, South Americans and Cubans fighting in New York rings.

Along with Victorio Campolo, the Argentine heavyweight, Suarez is helping to build up a new respect for South American boxers here. The convincing manner in which he flattened Bruce Flowers, considered one of the toughest scrappers in the game, proved to the doubtful that he had dynamite in his right and was a very game battler.

In the ring he remains one of that tough Argentine Firpo, who almost carried the heavyweight championship of the world away from the U. S. Suarez fights aggressively throughout, slashing out at the first bel hand shooting his blows in every angle with a savageness seldom displayed by a lightweight. Experts here consider him to be of the Jack "Kid" Berg type, only much better. While Berg assumes the offensive and bores in constantly, his blows do not do any great harm to his opponents as was demonstrated in his fight against "Kid" Chocolate. When Suarez gets inside and brings over a good punch, his opponents are usually hurt.

In his first fight in this country Suarez failed to impress anyone. He beat Joe Glick but not convincingly. He was then put up against Her-

PETROLEUM INDUSTRY INTEREST IN MEXICO IS SHOWING BIG REVIVAL

By HARRY W. FRANTZ
United Press Staff Correspondent

WASHINGTON, Sept. 17. (By Air Mail)—Mexico, once the second petroleum-producing country of the world but now barely ahead of Persia in fifth place, has prospects for a revival in production, according to private expert opinion here based on Mexican official reports and the consensus of ideas reflected by American and British trade publications.

Reawakened optimism is the dominant note of foreign opinion concerning a possible future important increase in Mexican production, but this optimism is tempered with evident caution as figures for the first half of the current year do not indicate an increase over 1929, and there may be a slight decline.

The more hopeful long-range outlook for Mexico has been engendered by the following circumstances:

- (1) The energetic campaign by the Mexican Ministry of Industry, Commerce and Labor to discourage exploration and development work;
- (2) Modifications during the last year in Mexican taxation which put petroleum taxes on a sliding scale based on prices which tends to relieve the burden on producers;
- (3) The chaotic condition in the international petroleum situation caused during the last few years by tremendous expansion in California and Venezuelan production tends to be relieved by better organization and in the United States by proration efforts. A relief in the general situation would tend to benefit Mexico.
- (4) Mexican petroleum production in recent years was to some extent adversely affected by the fact that it was less suitable for gasoline manufacture than the petroleum of United States oil fields which were producing to excess. Experts now believe this disadvantage may in the future be offset by larger markets for bunker fuel and for heavy oil to be used in asphalt manufacture. Mexican oil is well adapted to these purposes.

During that decade, the reduced profitability of Mexican petroleum investments caused foreign interests to look to Venezuela and other new fields. Now, with new tax laws intended to encourage Mexican production, it is not improbable that foreign companies in Mexico will plan larger operations.

Mexico's relative position in world petroleum production is indicated in the following statistics, based on official reports from the several countries:

United States—1927, 901,129,000 barrels or 71.4 per cent of world total; 1928, 901,474,000 barrels or 68.0 per cent; 1929, 1,006,000,000 barrels or 67.6 per cent.

Venezuela—1927, 63,134,000 barrels or 5.0 per cent; 1928, 105,749,000 barrels or 8.0 per cent; 1929, 137,000,000 barrels or 9.2 per cent.

Russia—1927, 77,018,000 barrels or 6.1 per cent; 1928, 84,704,000 barrels or 6.4 per cent; 1929, 103,000,000 barrels or 6.9 per cent.

Persia—1927, 39,688,000 or 3.2 per cent; 1928, 43,461,000 barrels or 3.3 per cent; 1929, 45,220,000 barrels or 3.0 per cent.

Mexico—1927, 64,121,000 barrels or 5.1 per cent; 1928, 50,151,000 barrels or 3.8 per cent; 1929, 44,639,000 barrels or 3.0 per cent.

After Mexico, the countries next in order were the Netherlands, East Indies, Rumania, Colombia and Peru. Remaining oil-producing countries of the world did not produce as much as 10,000,000 barrels each.

Singling is a most valuable exercise for the lungs.

Time Savers

THE great American instinct is to save time—a lot of time—and then some more time. In the big affairs and the little things of life, time is the most valuable thing at our command.

Limited trains, automatic telephones, special editions of newspapers, sixty-miles-an-hour automobiles, airplanes still faster—we have these things in answer to our demand for speed. And an equally important time saver in the lives of people today is advertising. Just as surely as any other modern service, the advertisements bridge hours and days for people who have wants to be filled.

Readers of advertisements are the same people who demand the utmost efficiency in communication, in business, in their daily life. They know that a few minutes' reading of the advertisements will tell them more about products, values and the intelligent spending of their money than they could discover in days by any other method.

And like the other great time savers, advertisements save money and energy, as well. The reading of them is a genuine human economy.

MAJOR OIL PRODUCING AREA SEEN IN NEW ACREAGE BLOCK IN PECOS COUNTY; NEW COMPANY IS FORMED

By A. GARLAND ADAIR

McCAMEY, Sept. 17.—The Charlesworth-Messinger Oil company is the latest entry into petroleum circles in the Permian basin. Capitalized recently, and chartered under the laws of Texas, this \$48,000 company is already in the pay with a producer on block 54 of section 55 in the C & M field in the northwest part of Pecos county.

The incorporators and stockholders are announced as follows: Roy Charlesworth, C. S. Messinger, and J. A. Woolsey of Royalty; E. L. Churchill of Crane; John Turmes of Fort Stockton; John Jackson and Fred Shumate of Mountain Aire, New Mexico, and Millard Parkhurst and W. E. Anderson of McCamey.

Some 60 days ago the well was drilled to a depth of 1365 feet when it touched the top of a sand that began to yield approximately 75 barrels of high gravity oil daily.

The organization of the company was then begun and storage sent to the lease. Three 500-barrel and two 1000-barrel tanks were set up, which have since filled and pipe line connections are now being secured which assures the company of an outlet to market.

The company has a 120-acre lease and the test is in the northwest corner. The Magnolia is offsetting on the west. A fishing job was encountered the latter part of the week at a depth slightly below 1100 feet when a drill stem was broken off in the hole.

Considerable attention is being attracted to the promising area and scouts are to be seen on the lease daily, watching progress and development.

Charlesworth, president of the company, who himself drilled the well, is one of the best known drillers in the Permian basin. He drilled the discovery well in Ward county and the second producer in Crane county.

Messinger's outfit was used in

drilling the well which more than a quarter of a mile east of the nearest production.

"Located near pipe lines or on the main road, where the field could be more easily reached, this area would be in the big play," was the observation of an oil man who listened to the churning of the flowing oil in one of the storage tanks when it was deepened two feet last Friday.

To reach the producing center, one may go from McCamey to Fort Stockton and double back over the Grand Falls road or he may go to Girvin and then turn northwest. This road, recently given a working and on which no rain has yet fallen, is almost impassable. Over this latter route it is 48 miles from McCamey.

Surrounding acreage is held by independent operators, except for that held on the west by the Magnolia.

A new test has been announced for a location two sections east of the Charlesworth-Messinger well. The Texas company recently plugged a well about three miles east which had for some time been making approximately 18 barrels daily.

The consensus of opinion of geologists and oil men who have been studying the territory is that a major oil field is due to be discovered and developed somewhere in the vicinity of this play.

Headquarters for the Charlesworth-Messinger Oil company are located in McCamey, according to Charlesworth who is enthusiastic over the success of the test which has been the inspiration of the company in which his name figures.

Big Spring to Be Host to Dentists

BIG SPRING, September 17.—The West Texas Dental association meeting will convene here on Friday and Saturday of this week. More than 100 are expected to attend. The meetings and clinics will be held in the newly completed Settles hotel, which will be opened for the occasion. The opening session will be held at 9 o'clock Friday morning with addresses by Mayor J. B. Pickle, C. T. Watson of Big Spring and Dr. A. Brann of Sweetwater, president of the association. On the afternoon of the first day, a golf tournament will be played at the country club links. At the same hour in the afternoon, the members of the Big Spring gun club will be host to visiting dentists. Trophies will be awarded to the winners in each event at a luncheon on Saturday. The Rotary, Kiwanis, and Lions clubs will be host to the visiting dentists on Friday.

Poisoned Rabbits Killing Ravens

S. O. Golladay kills ravens by feeding them dead rabbits. He poisons chopped rabbit meat and scatters the meat around his six sections and the ravens have died in such numbers that the place has almost become rid of them. Golladay says that what ravens didn't die were frightened off. "Now is the best season of the year for feeding the birds meat," he said. "They will not eat grain when there is so much green stuff growing. But they will eat meat soon after it is put out for them." Other Midland county farmers will not feed poisoned meat to ravens, because they are afraid their dogs will find and eat it. "Crops mean more to me than dogs," Golladay said.

Market Report

Despite better Liverpool than due and favorable news from Indian boycott situation cotton market showed by small gain during initial trading. Opening prices steady 4 to 11 higher, October New York 11.04, December 11.23, January 11.32, or 12 to 13 net higher during first hour. Weekly weather and crop summary came more favorable than anticipated causing some little selling but limited buying from trade sources sufficient to hold market within narrow limits. Noon list steady 2 to 8 higher. Liverpool quiet 4 to 5 higher as against unchanged to 2 lower as due. Closing quiet 3 to 4 net higher on session. Spots steady 5 higher with business moderate.

Pessimism Cause For Resignation

DALLAS, Sept. 17. (P)—Nathan Adams, first vice-president of the Dallas chamber of commerce, said he would demand the resignation of E. F. Creekmore, general manager of the American cotton cooperative association, at a special meeting of the chamber today. Adams alleged "continued expressions of a pessimistic nature."

JAPAN EXPECTED TO RATIFY PACT WITHOUT STUDY

TOKIO, Sept. 17. (P)—The London naval treaty opposition has dwindled to the extent that it was stated authoritatively that the privy council plenary session on October 1 is expected to recommend the Emperor's ratification without any qualification.

At Lions Lunch

By HARRY L. HAIGHT.

The Lions club today went into session with a good attendance. There was a general discussion on the business of the club. Lion Donald Hutt sent an invitation through Lion Marvin Ulmer for the club to get ready for his annual barbecue. A committee was appointed to arrange a date that would be most convenient for the greatest number and one that would most comfortably fit into Hutt's plans. Needless to say, Donald's invitation was accepted.

A date for it will be announced at next Wednesday's luncheon. The balance of today's meeting was taken up by a travelogue on Manhattan island, New York City.

Sheepmen May Ship Livestock to Mexico

SAN ANGELO, Texas, Sept. 17. (P)—The provision of the tariff which permits the removal of livestock to Mexico and the transfer back to this country free of duty within eight months, likely will be taken advantage of this fall as the men look for a place to locate their lambs. In the general scramble for grass on which to hold stock until it rises in value, Mexico isn't being overlooked with its cheap range. Many American ranchmen in Mexico are being besieged now to run a little stuff for American friends. Many lambs will be crossed into Mexico if the duty to be paid for crossing isn't too high.

Methodist Women Conduct Services

With an attendance of about 40, women of the Methodist church are showing interest in their prayer services each evening at the parsonage prior to the revival services conducted by the Rev. L. A. Boone. The meetings are held at 7:30 and all women of the city are invited to attend.

HORSE SHOW AT ANGELO BRINGS BIG RECOGNITION

SAN ANGELO, Sept. 17.—The first official horse show to be held in San Angelo, and the first effort of the West Texas exposition to incorporate this feature in its annual program, has brought recognition of West Texas as a horse breeding center from the American Remount association at Washington, and the United States Polo association at New York.

The remount and Polo associations will contribute premium money to supplement that offered by the West Texas exposition for the horse show classes, which will be conducted Monday evening, Sept. 22, before the grandstand. The exposition will open at the San Angelo fairgrounds Monday and will continue through Saturday.

John Burnside, superintendent of the horse show, has announced eight district classes which will make up the horse show, the first ever held as a part of the exposition program. J. G. Chenault, of Richmond, Ky., has been employed as presiding steward for the horse show and for the four days racing program which will open Tuesday afternoon and continue through Friday.

Col. John S. Fair, commanding officer of Fort D. A. Russell, Marfa, has ordered a platoon of the First Cavalry to participate in the six days exposition program, and a class of jumping horses from the fort will be included in the horse show. The jumping class will lend action to the horse show program, Mr. Burnside pointed out.

The following classes have been announced for the horse show by Mr. Burnside:

1. Mare and colt both show to halter. Colt by remount stallion. Premiums: \$25, \$15 and \$10. (Premiums donated by American Remount association.)
2. Girls riding class. For girls 15 years old and under. Premiums: \$20, \$10, and \$5.
3. Polo Ponies. Horses 3 or 4 years old, suitable to become polo ponies, to be shown in hand. Conformation and quality to count 75 per cent, disposition and manners 25 per cent. Premiums: \$25, \$15, \$10. (Premiums donated by U. S. Polo association through American Remount association.)
4. Girls' riding class. For girls 15 years and over. Premiums: \$20, \$10, and \$5.
5. Polo Ponies: Horse 4 years old or over, suitable to become polo ponies, to be shown in hand. Quality and conformation to count 75 per cent, disposition and manners 25 per cent. Premiums: \$25, \$15, \$10. (Premiums donated by U. S. Polo association.)
6. Jumping exhibitions: by first cavalry, Fort D. A. Russell, Marfa, Texas.
7. Championship polo ponies: Winners in classes 3 and 5. Premiums: First, \$25.00.
8. Stake race: Premiums, \$20, \$10, and \$5.

Goodwill Trip--

(Continued from page 1)

Wemple expounded the principles upon which Midland was making the goodwill trip.

After an informal visit with business men in their stores, the Midland men left, being piloted by F. B. Armstrong of Midland and Crane out by way of the Gulf Production company camp, a fair sized little city within itself.

Odessa was reached about 6 o'clock. The Midland men left the bus and visited citizens there in their places of business and on the streets. No public speaking was held, the informal stop being made after invitation had been extended by the chamber of commerce officials.

C. W. Culp entered the crowds by driving his midget automobile into Grissom-Robertson company's store.

The complete list of those making the trip was as follows: M. Barron, driver; John Bonner, manager of the Griffith Amusement company; Paul T. Vickers, secretary chamber of commerce; Kenneth E. Ambrose, manager Southern Ice & Utilities company; T. Paul Barron, publisher The Reporter-Telegram; L. A. Arrington, proprietor Midland Drug company; Claude Crane Mims and Crane; Lee Heard, cafe proprietor; L. D. Alexander, Hotel Pharmacy; Harry Tolbert, tailor shop; C. Y. Barron, manager Grissom-Robertson company; W. F. Hejl, manager Hall

Tire company; Curtis Bond, My Bakery; B. N. Aycock, cattleman; J. H. Williamson, contractor; E. H. Barron, Sparks and Barron; J. R. Martin, vice president Midland National bank; George Phillipus, manager United Dry Goods company; A. E. Horst, proprietor West Texas Office Supply; Fred Wemple, proprietor Ever Ready Auto Service; Albert Oreck, jeweler; Thomas McGuire, sewing machine dealer; T. R. Wilson, proprietor Wilson-Adams company; Thomas Inman, jeweler; W. R. Upham, manager Home Furniture company; H. P. Faag, Petroleum Pharmacy; B. A. Jackson, Jackson Chevrolet; J. H. Baldwin, Everybody's Store; C. W. Culp, Yellow Cab company; H. B. Dunagan, Magnolia distributor.

Cats at Memphis--

(Continued from page 1)

Memphis Chicks in Dixie series but has yet to win an opening series game with the Chicks.

In 1921 the Chicks, with Oscar Tuero tossing, defeated the Cats, 8 to 2. The two clubs opened in Fort Worth that year. In 1924 Fort Worth went to Memphis and battled the Chicks to a 3-3 tie in eight innings. Tuero started three of the games that 1921 series. Fort Worth won the series, four games to two. Joe Pate scored three of those victories for the Texans. Pate was on the mound for the

Panthers in that series opened in 1924, opposed by Cy Warrmouth. It was in this 1924 series that Clarence Kraft swatted three home runs in one game, setting a series record that still stands.

Football Game--

THERE'S a harmony between the natural loveliness of this modern age and the natural, mild goodness of Camels. And if you find them keeping company, don't be surprised.

Camel has given the world the luxury of a naturally *mild* cigarette—a cigarette that preserves all the refreshing fragrance of the choice, mild tobaccos from which it is made—a cigarette that is delightfully smooth, but never flat, never parched, never tasteless.

Modern smokers are awake to the fact that mere flatness doesn't mean *mildness*. That's one reason there's such a swing to Camels. Watch it right in your own crowd. Join them in Camels—a smoke that's enjoyable all the way—all the time.
