RESULTS OF THE RED CROSS DRIVE

At first glance, one may see in the results of Saturday's Red Cross drive a pessimistic note, but on closer consideration the fund of \$265 raised in a few hours bears out distinct optimism.

To begin with, Midland's quota in the past has been only \$300, whereas this year it was placed at \$500. Then too, the area takes in Odessa and some outlying communities which have not yet been reported on.

Added to that, Saturday was one of the worst days of the year from the standpoint of weather. Those on the streets were there because it was necessary to be out, and most of them went hurrying on their way as quickly as possible.

The fact that enough citizens stopped to contribute a total of \$265 speaks well for the citizens themselves and for the young women who braved a cold and blustery day to keep the campaign booths open.

ADVERTISING TEXAS

That crust of severe dignity which encases the Beaumont Journal was sufficiently thawed Wednesday to permit the printing of one of the best among recent samples of newspaper humor.

According to that Texas paper, California, fearing the achievements and progress of Texas would focus the attention of the world upon this section, pulled off a train robbery.

Seriously, Texas could learn a lot about the advantages of publicity from the native sons of the Pacific's favorite shore. California believes in advertising, and lots of it. And why shouldn't she? Through advertising she created a prosperous industry from a motley bunch of orchards and vineyards. Through advertising she built great cities from small villages. Through advertising she made the California climate and California scenery synonyms for Paradise.

Texas has the resources, the climate, the scenery—everything necessary for duplicating, and even improving upon, California's notable advertising triumphs. She lacks only the conviction that advertising is the answer to her problems.

Wherefore, in addition to a good five-cent cigar, Texas needs a salesman capable of selling Texas upon the worth of the modern worker of miracles, advertising.

A CONFIDENTIAL MATTER

The coming session of Congress will be asked to pass a law authorizing the Census Bureau to furnish state officials with the names and addresses of illiterate persons, to be used confidentially in campaigns to reduce illiteracy. Under existing law, this information cannot be given out.

The proposal is a good one, and deserves to pass; nevertheless, one may hope that it will not set a precedent. The information that a citizen is compelled by law to give a census enumerator is, and ought to be highly confidential; a secret, so to speak, between the citizen and his Uncle Sam. It ought to remain that way; must, in fact, if the census is to have any value.

This particular measure is undoubtedly a good one. But congress will do well to insist that there shall be no more moves in a similar direction.

IF GERMANY SHOULD DEFAULT

Former Ambassador James W. Gerard's prediction that Germany will repudiate her war debts within 18 months serves, usefully, to call attention once more to the fact that the problems raised by the World war are not by any means all solved.

It is easy to see how tangled and vexatious international politics would become if Mr. Gerard's prediction should come true. Among other things, as he points out, the United States would have scant hope of ever getting back its loans from its former allies. An enormous amount of re-arranging in the world of international finance would become necessary, and there is little doubt that it would breed a good deal of bad feeling.

There are sound reasons for believing that Mr. Gerard was no more pessimistic than the facts warrant. If so, it might be a good thing for us to begin now to make up our minds what we are going to do, if and when that situation arises.

STICKLERS

THE grocer has one quality of sugar worth 5 cents per pound and another quality worth 8 cents per pound. He wishes to make a mixture of 100 pounds worth 7 cents per pound. How many pounds of each quality must he use?

Solution of this problem will be found on the comic page today.

Daily Washington Letter

Soviet Russia Is in the Spotlight Again and the "Red" Issue Will Be Plopped Into Short Session of Congress From Several Angles—Fish Report Likely to Be Condemnatory

WASHINGTON, Nov. 18.—Well, here's Soviet Russia again. You simply can't keep her out of the news. The Soviet Union began its 14th year the other day and since then we have had the discovery of an alleged international conspiracy to invade Russia, renewal of the Fish committee's hearings, further determined agitation against importations of Soviet manganese, lumber and coal and assurance that the "Russian issue" will be plopped into the coming short session of Congress from several directions.

The House Committee, chaired by Representative Hamilton Fish of New York, designated to investigate communist activities in this country, plans to make an early report to Congress along with recommendations for legislation.

Judging from the attitude of Mr. Fish, the report will be emphatically condemnatory and is likely to propose measures to curb communist propaganda and movements in the United States, declare against recognition of Russia and perhaps suggest embargoes against some Soviet exports.

Senator Odde of Nevada has promised to introduce a bill for an embargo on manganese ore to meet the alleged Russian "dumping" policy. Senator Reed of Pennsylvania recently joined with Senator-elect Davis in favoring an embargo on Russian coal.

Representatives of the lumber manufacturers recently went to the White House to ask President Hoover to bar Russian lumber as the product to "convict labor." The lumber industry is well represented in both House and Senate.

Many Other Issues But the short session will be so overcrowded with one thing and another that although quite a little may be said about Soviet Russia, it is likely that nothing will be done unless one party or the other decides that it's a smart gesture to make a patriotic issue out of Soviet exports.

Nevertheless, the whole issue is likely to become more pressing as time goes on. The more violent anti-bolsheviks in America apparently have realized the failure of their efforts to convince the country that the Reds were likely to bring about a revolution in the United States if we weren't eternally vigilant. Americans have refused to rise in moral indignation because the Russians prefer another type of government.

But in the economic field the super-patriots have found firmer ground and a better argument. So they make common cause with lumber, manganese, coal and other interests which desire to bar Soviet exports.

History demonstrates that the joining of a moral issue with an economic issue sometimes has far-reaching effects, as in the anti-slavery and prohibition movements.

The Town Quack

Reserves the right to "quack" about everything without taking a stand on anything.

I wish to acknowledge with thanks the recognition given me by the Editor and Publisher, published at Philadelphia, the outstanding trade journal of the newspaper profession. Now that I am famous, I will keep it in mind hereafter.

What do you think about the prohibition talk that is getting louder every day? The W.C.T.U., quite naturally, made some strong resolutions at the national convention and even decided to forego the next convention in order to concentrate

on electing dry senators, presidents and minor officers. Anywhere you go you will find as many as two fellows with their heads together, discussing prohibition. The Baptist convention at Amarillo made it a major issue, which may be bad on

ever exports Russia produces offer an entirely new brand of competition in markets of the world. Unfortunately for the embargoists, however, export and import figures just issued by the Department of Commerce for the first nine months of 1930 as compared with the first nine months of 1929 show that among 38 foreign countries Soviet Russia was the only one which showed an increase in the value of goods bought from the United States.

And the increase, comparatively speaking, was enormous. Our exports to Russia rose from \$53,000,000 for

WASN'T it windy Saturday and Sunday? M. M. Seymour started to buy a new hat Saturday but forgot it. On Sunday morning, as he walked down Main street, his hat blew away and he told a young boy standing by to run it down and Seymour would give him a nickel. When the boy got back, he brought Seymour a better hat and he hasn't had to buy one yet.

OTTO, tall for his age, dark-haired, dark-eyed, rather handsome, is not so sure as is his mother. He has something of the weak will of his late father, Ex-Emperor Karl. His story and his own bitter experiences as a child have made him a doubter. He looks into the history of his family and is almost convinced that for 90 years a curse has lain on the Hapsburgs.

EDITOR'S NOTE—This is the first of six stories by Milton Bronner, European manager of NEA Service, on the young Archduke Otto who, becoming of legal age on Nov. 20, is eligible for the throne of Hungary that his father lost. Bronner tells what lies behind it all as he paints a picture of the tragic past and the ominous future.

By MILTON BRONNER, European Manager, NEA Service (Copyright, 1930, NEA Service, Inc.)

LONDON, Nov. 18.—The ancient curse of the House of Hapsburg has risen once more to cast its evil shadow over Europe and once again the continent stands at what may be the crossroads of history.

Hungary, reaching the legal age of 18 on Nov. 20, began to make plans to recover the throne that his father lost in the World War and thus plunge Europe into another great conflict?

Count Bethlen, prime minister of Hungary and undisputed boss of the country under the regency that holds control, says he will not allow it.

Count Apponyi, oldest, wisest and most powerful of the great Magyar aristocrats who look upon Otto as their rightful king, says no attempt to secure the throne by force will be undertaken.

Statesmen of Czechoslovakia and Yugoslavia say they will mobilize their armies and march into Hungary the moment a "putsch" is attempted.

His Mother—Vision of Greatness The young play-king says nothing. And, what is more significant, his iron-willed and determined mother, Ex-Empress Zita, keeps silence. But her busy brain is always planning. Otto knows. Otto understands.

His mother has held the vision before him. He is king by divine right of the Hapsburgs, who have been rulers for centuries—the oldest royal family in Europe.

Revolutions, wars, resolutions by parliaments, statements by political leaders—all these things Zita tells him can not abrogate the rights that come to him from Providence. He is king. He shall be king.

She unfolds her dream: First he will take the iron crown of St. Stephen, the thousand-year-old symbol of the power of the Hungarian kings. Some day, somehow the monarchists of Austria will overthrow the republic. Otto will become king of Austria. Some day there will be a big war in Europe. While the great powers are fighting among themselves, the Croats will throw off the yoke of Yugoslavia. Otto will become king of Croatia. Thus by degrees he will build up some semblance of the old Austro-Hungarian empire, which existed before the World War smashed it to bits.

Otto, tall for his age, dark-haired, dark-eyed, rather handsome, is not so sure as is his mother. He has something of the weak will of his late father, Ex-Emperor Karl. His story and his own bitter experiences as a child have made him a doubter.

He looks into the history of his family and is almost convinced that for 90 years a curse has lain on the Hapsburgs.

Tears, Blood Fill Past The pages of that story reek with blood and tears. No annals in history stated period in 1929 to \$92,000,000 in the first three-quarters of 1930.

Russia was also the only country from which we took an increasing volume of imports. But that increase was comparatively slight, from \$16,000,000 to \$17,500,000. And the balance of trade, of course, remains preponderantly in our favor.

Naturally, these figures furnish a strong argument for those who oppose embargoes or other measures tending to discourage Russian-American trade.

tory equal them for tragedy. Murder, suicide, assassination, insanity, revolution and wars, above all wars, are linked with the Hapsburg clan. Millions of the youngest and best of Europe's civilization lie in untimely graves because of his family. Millions of women still mourn because of it. Millions of families are still in poverty because of it.

And when Otto communes with himself and dreams of the first 10 years of his short life, he sees sorrow piled upon sorrow, grief heaped upon grief. If he reflects on his brief but eventful past it probably runs like this:

"Summer of 1914. I was only one and a half years old, only a baby, but an eldest son. We had been so happy in the provincial town where Papa was commander of an army corps. Soldiers, soldiers everywhere. The music of fife and drum so thrilling to a baby's heart.

"And then something a baby could not understand—Franz Ferdinand, a relative, has been killed. And Papa and Mamma and all of us are going to Vienna, a big, big city. We are going to live in Schoenbrunn, a big, big house where dwells an emperor—a kinsman of Papa's, but so powerful that even Papa stands in awe of him.

Hard to Understand "We move to Schoenbrunn. The old gray emperor stoops to look at me. Calls me 'Little Highness, Ottochen.' But I do not love him. He is old and cold.

"There is a big war. Something else a baby cannot understand. It is all something about soldiers going away to fight other soldiers, because there is a danger to us all. Papa goes, too, and Mamma says he is a hero. That means he is a brave man who is not afraid. And he has beaten the Italians. The Italians are people who are a danger to us. It is necessary to beat them.

"November 21, 1916. I am four now. The palace is very quiet. People go about talking in whispers. Mamma tells me the old gray emperor is dead. That means he has gone to sleep forever. And because he will not wake up and command in the castle, Papa is emperor and king.

"Mamma hugs me and tells me I am a crown prince now. Some day I, too, will be king.

"A few days later they take the old dead man away. Papa and I go in the procession with him. The streets are filled with silent people who stare at us. They do not cheer. Neither do they seem sorry. Papa whispers it is because of the war. So many soldiers are dead like the old gray man. And those who are living like us are often hungry and cold. It is because of the war. Papa says he hates the war as much as do the people in the streets, but does not know how to stop it.

The Empire Collapses "November, 1918. I am six. Papa tells Mamma everything is going to pieces. The common people—those men who bake the bread and bring the meat and sweep the streets—those people no longer fear the soldiers and the police and their king, who is Papa. They say they will not let him be king any more. We must go away from the big palace.

"One dark night we slip away in an auto. We go to an old castle called Eckartsau. It is not so nice as Schoenbrunn. Often there are no lights and we do not get as much to eat as we used to. Then we all get sick, my brothers and sisters and Papa, too. Flu, the nice doctor calls it. Soon we all get well except Papa. And that makes such a sad Christmas, because he has to be wheeled in an armchair to give out the presents and these are not as nice as usual. We all cry. We feel so sad and lonely and ill.

"March 24, 1919. The people who said they would not allow Papa to be king any more have made us leave Eckartsau. We took a train and rode through big mountains all covered with snow and came into a strange country. We stay a few days at the castle of Wartegg, which is on a little lake. We find a lot of people who are kinsfolk of Papa. It is not so lonesome as at Eckartsau. Soon we move to a villa called Prangins.

The Throne Is Lost "March 25, 1921. I am nine. Papa has gone back to Hungary on a surprise visit. My teacher tells me he is going back to be king again and we will join him soon. But a few days later Papa comes back, looking sadder than ever. He says men had not been true to him, their

king. "October, 1921. Mamma and Papa have gone away in an automobile. They told us they were going away to celebrate the date on which they were married. They said they would be back soon.

"But they never come back. We wait and wait. And after a while relatives tell us children that Mamma and Papa had really not gone away to celebrate their wedding, but to fly back to Hungary in an airplane and get back their throne. But again Papa failed. They have made him a prisoner and he is being taken away on a big ship to some island.

"April, 1922. I am 10 now. We are at Funchal in Madeira. Papa and Mamma were forced to go there and, after a while, older people look us children there. We live in such a poor house. We live almost like common people. We have no candy and few toys. And it is cold and bare in the house and Papa has been sick.

"Papa gets worse and they send for me and tell me he is dying. And now he is dead and we have no Papa any more.

Looking to the Future "Mother is being very brave. She took me into her arms and said I was her little king now and must be very good and study very hard so as to be worthy of my Papa and my crown some day.

"Now we are moving once more. This time to a country called Spain. There we are going to settle down and Mamma hopes to have us all together and have us taught our lessons so we will grow up to be wise men and women.

"I am to have little time for play like other little boys and girls. I must learn the job of being a king. Mamma says it is a very hard job. But I am a Hapsburg and must learn it. It is my duty. It is my inheritance. I shall obey Mamma."

TOMORROW: How Otto has been trained, from the cradle until now, to be a king.

Birthday Party Entertains Younger Folk

Miss Nancy Lee Goodman, young daughter of Mayor and Mrs. Leon Goodman, was hostess to a group of friends at the Scharbauer hotel ballroom Monday afternoon...

The children played various games, among them the interesting one of "pinning the donkey's tail," in which prizes went to Loris Lynn Pemberton and George Wallace.

The hostess' mother presented the little guests with balloons and waxed paper bags of candy as favors. Tables at one end of the long hall were set for refreshments after the hour of games, and carried colors of orchid and yellow.

Guests were Roy Parks Jr., Frances Hill, Clarence Scharbauer, Jr., G. W. Wolcott, Jean Ann Cowden, Guy Thomas Cowden, Jane Hill, Alec Seymour, Elma Jean Noble, Russell Lloyd, Lucile Head, Gerald Noble, Emily Jane Lamar, Dorothy Sue Miles, Doris Lynn Pemberton, George Wallace Jr., Mary Sue Cowden, Ted Crane, Billy Barron, Dolores Barron, and Leon York.

Misses Leonore Rae Goodman, sister of the little hostess, Eddie Blanche Cowden, and Virginia Moore, assisted Mrs. Goodman in the entertainment.

Presbyterian Women Plan Food Sale

Containing a study of the book of Romans, with the fourth and fifth chapters as the topic for discussion, a good percentage of the members of the Presbyterian Women's Bible class were present to hear the lesson taught by Rev. Thomas D. Murphy, Monday afternoon at the church.

Plans for a food sale, to be held the day before Thanksgiving, were made, and committees appointed to take care of the various phases of the work.

John Madden of Colorado transacted business in Midland yesterday.

Leonard Spoons of Colorado had business in Midland Monday.

Modern Touches for the Thanksgiving Table

Fresh, colorful vegetables have gone artistic, at least as far as Thanksgiving feast centerpieces are concerned. Pictured here, for instance, is a cleverly arranged combination of cauliflower, artichokes, eggplants, mushrooms and cress.

Local Housewives' Choice Recipes

Food for the sick is often a difficult problem for the mother. A few suggestions for the sick room tray which are nutritious and attractive:

Oatmeal Jelly: 1-3 cup rolled oats, 1-1 cup boiling water, pinch of salt.

Add the oats gradually to the boiling water, add the salt, boil for 2 minutes and then steam in a double boiler for 45 minutes. Force through a fine strainer, mold, chill and serve with sugar and cream.

Eggnog: 1 egg, 3-4 tablespoon sugar, Flavoring of nutmeg or vanilla.

nilla: 2-3 cup cold milk or hot beef broth, Few grains of salt. Beat the egg slightly, add the sugar, salt, and the liquor and then the milk gradually. Strain and serve.

Beef Juice: Broil a small piece of round steak, cut into small pieces, squeeze the juice from it into cup, season with salad and serve.

Announcements

Wednesday: Mothers' Self Culture club meeting at the home of Mrs. E. I. Head at 3:30. Mrs. W. P. Knight leader.

Mrs. A. C. Neal will entertain the Mid Week club at her home at 2:30 o'clock.

Play Readers will meet at the home of Mrs. H. N. Bayer, 1607 West Holloway, at 3:30 o'clock. Mrs. S. B. Cragin will read.

Thursday: Mid Alpha Delphain chapter will meet at the home of Mrs. R. A. Verdier at 3 o'clock. Mrs. George Ratliff, leader.

Regular country club party at the club house at 8 o'clock. All members are invited.

Martha Fidelis class will have a party at the home of Mrs. W. E. Collier, 106 East Maiden Lane, at 3 o'clock. Mrs. J. C. Hudman will be co-hostess.

B.W.M.U. Circles Have Study on China

A study of mission work in China occupied the time of members of the Baptist W. M. U. Monday afternoon at its regular circle meetings. General topic for all circles was "A New Day in an Old World."

Reagan Circle: Mrs. A. B. Coleman's home was the meeting place of the Reagan Circle with 17 present, which had Mrs. J. H. Williamson for its leader. Mrs. F. H. Lanham was co-hostess and assisted Mrs. Coleman in serving at close of the meeting.

The meeting opened with a song and prayer, after which Mrs. Dean Tucker gave the Scripture reading, "China's Triangular War."

Talks were given by Mrs. J. M. White and Mrs. W. A. Hyatt, before prayer by Mrs. B. A. Wall, with Mrs. Bob Osborne giving the concluding talk.

All members present participated in a general discussion led by Mrs. Bill Davis and Mrs. J. H. Burris, on "Sunshine and Shadows in the New Day."

Hymns and benediction closed the study hour. The Auxiliary packed a Christmas box to be sent to Miss Lucille Reagan, the missionary in Africa for whom the circle is named.

Lockett Circle: Mrs. W. E. Umberson presided over the meeting of this circle, which was at the church. Mrs. Stockton, chairman of the program committee had an interesting program arranged, with the lesson taken from the Royal Service program on China.

Mrs. M. B. Robertson, president of the missionary union, visited with the Lockett Circle.

Mrs. W. W. Wimberly, leader, opened the discussion, and Mrs. A. M. Gantt was at the piano for the opening song, "Faith of Our Fathers." Prayer and devotional followed.

Talks were made by Mmes. T. C. Sisk and T. O. Midkiff.

During a business hour, it was decided that the circle would send a hundred hens to the Buckner Orphan home in Dallas. Sewing is to be begun on clothing to make up a Christmas box to be sent to the Home.

Mrs. N. W. Bigham as chairman of the benevolence committee, was selected to take care of these matters.

"The Gospel Among the Red Men," a mission book, was taken up for the next study.

Walker Circle: This group met with Mrs. Nora E. Holcombe, who also acted as leader of the discussion.

After opening ceremonies, Mmes. D. W. Brunson, E. W. Cowden, and Mrs. Alvin Hicks gave talks on the missionary work in China.

Plans were made for future activities during a business hour that followed.

Mr. and Mrs. J. P. Fields of Abilene, who have been transacting business in Midland, left for their home Monday, expecting to return in a few days.

W. R. Ross, cattle buyer, of Fort Worth, is in Midland today.

M. E. Society To Have Reception

The monthly business meeting of the Methodist Missionary society was held at three o'clock Monday afternoon at the church. Mrs. M. D. Johnson led the devotional.

Reports of committees revealed the facts that 67 visits had been made to sick persons and strangers; 12 trays taken to the sick; 45 garments distributed, and 19 bouquets given to the sick.

Mrs. O. B. Holt Sr., chairman of the nomination committee for officers for 1931, made a report, which was accepted and the following officers elected to take office January first:

President—Mrs. Charles Coffee. Vice President—Mrs. Terry Elkin. Recording Secretary—Mrs. Chambers Peak.

Corresponding Secretary—Mrs. B. G. Grafa.

Treasurer—Mrs. Holt Jowell.

Local Treasurer—Mrs. J. M. Speed.

Superintendent of Study—Mrs. J. D. Young.

Superintendent of Young People—Mrs. A. P. Baker.

Superintendent of Children—Mrs. Jess Prothro. Superintendent of Local Work—Mrs. B. F. Haag. Superintendent of Publicity—Mrs. H. A. Holt. Superintendent of Supplies—Mrs. C. E. Smith. Superintendent of Social Service—Mrs. George Glass.

Voice Agent—Mrs. J. S. Noland. The president announced the monthly social meeting, which will be with Mrs. George Glass, 911 West Texas avenue, next Monday. This meeting will be in the nature of a reception to the new pastor and wife, Rev. and Mrs. Edwin Calhoun. Any member of the church is invited to attend.

Personals

Ben Wall of Midland has gone to Merkel after his sister, Mrs. E. H. Brown, who will spend a week in Midland.

E. Eubanks, assistant manager of the Hussman hotel, El Paso, with a party of three, spent Monday night in Midland, on their way home by plane from Tulsa.

Mr. and Mrs. Charles McClinic left Monday night for Marlin, where Mrs. McClinic will be under treatment at the sanitarium there.

Fritz Klinkin of Hobbs, New Mexico, was in Midland Monday on business.

G. W. Frazier of Midland left yesterday for Fort Worth, where he will take a position. He plans to move his family there in a short while.

Mr. and Mrs. A. W. Little of Long Beach, California, were the weekend visitors of Mr. Little's sister, Mrs. J. D. Young of Midland. They left today for Fort Worth.

W. C. Horan of the department of commerce, went to El Paso Monday on business.

Mr. and Mrs. J. O. Walton of Stanton were in Midland today.

Mrs. L. O. O'Neal and Mrs. John Webb of Odessa visited in Midland this morning.

Mr. and Mrs. Eli Jones and Mrs. Tom Jones, all of Odessa, shopped in Midland yesterday.

Reinhart Circle To Include Older Women

An unusually good attendance was noted at the regular weekly meeting of the Reinhart circle of the Christian church Monday afternoon, when Mrs. A. B. Anderson was hostess.

The Will H. Evans study, which was the topic of a general discussion at the meeting, was dropped in favor of a study which will be conducted by the Rev. Howard Peters.

During a business hour, it was decided to invite the older ladies of the church to take part in the circle, the younger ladies having been the only members in the past.

The next meeting will be on Monday of next week at the home of Mrs. H. H. Meeks.

Mrs. Sarah Guthrie is in Midland visiting her son, Fred, and expects to stay a month or more.

Claude Holley of Stanton was in Midland a short while Monday visiting with friends, on his way to Odessa.

"The Public Appreciates"

Says

EMIL E. FUCHS

President Boston National League Baseball Club. Former Deputy Attorney General of the State of New York.

"The trend of modern industry is towards taking the public into its confidence. That is why I know you are wise to state frankly to the public the facts of the use of the Ultra Violet Ray in Toasting the LUCKY STRIKE. I have found the public appreciates confidence."

Emil E. Fuchs

Everyone knows that sunshine mellows—that's why TOASTING includes the use of the Ultra Violet Ray. LUCKY STRIKE—the finest cigarette you ever smoked, made of the finest tobaccos—the Cream of the Crop—THEN—"IT'S TOASTED." Everyone knows that heat purifies and so TOASTING removes harmful irritants that cause throat irritation and coughing. No wonder 20,679 physicians have stated LUCKIES to be less irritating!

"It's toasted"

Your Throat Protection—against irritation—against cough

Consistent with its policy of laying the facts before the public, The American Tobacco Company has invited Mr. Emil E. Fuchs to review the reports of the distinguished men who have witnessed LUCKY STRIKE'S famous Toasting Process. The statement of Mr. Fuchs appears on this page.

THE KNIT-TEX COAT WILL STAND HARD KNOCKS

KNIT-TEX COAT \$30

Sometimes you crush your topcoat into a suit case or sit on it. Frequently you wear it in your car, and drive all day in it. Knit-tex is splendidly wrinkle-proof, and it outwears the average topcoat three to one.

GRISSOM-ROBERTSON Department Store

DETAILS OF STANTON GAME COMPLETED; NET PROCEEDS SPLIT

STANTON BUSINESS MEN WILL CLOSE DOORS; HOPE ENTERTAINED MIDLAND MERCHANTS WILL DO SAME; ALL JAKE

Stanton will be here Friday and will get a sizeable pot as a reward for keeping its team in the district running. Behind the prosaic business terms agreed to yesterday, when Midland sent its athletic council over to Stanton, lies a good story that shows Stanton is as alive in a business way as it is in the field of football.

For Midland will deduct expenses of the game and split the gate with the eastern village.

Considering the fact that Midland has paid out a sizeable sum for constructing Lackey field this agreement is rather extraordinary. A contract held by Midland read that this town was to give Stanton \$50 to play the game, but officials came to quick agreement and decided to take the big scissors and start clipping dollar treasury notes around the 50-yard line.

"Stanton will be over one thousand strong for the game," Superintendent C. L. Sone of the Stanton schools said. "Stanton merchants have said they will close their doors for the occasion—and the whole town is expected to empty itself in a stream toward Midland."

Rufus Hyde, Stanton coach, was tactful about chances.

"I don't care to say too much about the game," he said.

"My reason for this should be evident. The relative strength of the Midland and Stanton teams is too close to give me good nights—and I'm sure the same condition is true in degree with Coach Barry in Midland."

Hyde said his men are in tip-top shape and that there should be no alibis after the game has been decided.

The initial kick-off will be at 3 o'clock sharp.

TROJANS SIMPLY MUST FIND SOME ONE WHO KICKS

This is the time of year when fans may begin that game of guessing the name of the young man from Southern California who will be "put on the spot" in the annual football game with Notre Dame. In other words, those of you who are interested may begin wondering who the Trojans will nominate to miss the tying or winning point after touchdown, if any.

Since 1928, Howard Jones, the "head man" at the Los Angeles school, has seen his team defeated in five important games because there was no one handy who could kick a football between a couple of goal posts at the right time. Stanford and Notre Dame won from the Trojans in 1926 by 13 to 12 scores; Notre Dame did it 7 to 6 in 1927 and 13 to 12 again in 1929; Washington State College turned back the Thundering Herd 7 to 6 only a few weeks ago. And all this is causing Howard Jones to become gray about the temples.

If it actually comes down to the point where a kick or two will decide the issue this semester, young Johnny Baker, stocky running guard, is going to be the Trojan hero or goat. He's the best in the dropkicking business on Jones' squad, and has been doing all of the booting on kickoffs and touchdown conversions.

Baker is a good dropkicker—no Brickley, nor Gipp, nor Frosty Peters, though, by a long way—and has a fair average for this season. After missing his first three attempts, he registered six boots for points after touchdowns in Southern California's 74-0 slaughter of California. That kind of kicking, however, probably won't do the Trojans a world of good in the Notre Dame game, for Baker may not be given the warm-up kicks he took against the Golden Bears.

Notre Dame's topheavy victory over Pennsylvania and Southern California's runaway win over California would indicate that the Dec. 6 contest at Los Angeles between the Herd and the Irish will be another battle of offensives.

Washington State's victory over the Trojans has not taken way any of their class; it has served to make them stronger. Coast fans are calling the Jones creation one of the greatest machines they ever looked

at. They believe that Mohler, Duffield, Pinckert, Apsit, Musick, Shaver, Kirkwood, Tipton and Maloney will run stride for stride with Notre Dame's Schwartz, Savoldi, Brill, Mullins, Carideo, Koken, Kaplan, O'Brien and O'Connor.

PARIS. (UP).—A four language cinema house is being constructed here and soon will be opened to a cosmopolitan audience. On Mondays and Tuesdays the sub-titles will be in French and English, on Wednesdays and Thursdays, French and German, on Fridays and Saturdays, French and Russian. Later talking films will be shown in Russian, German, Spanish, French and English.

FAMED NAMES ON HAT

NEW HAVEN, Conn. (UP).—E. J. Hickey, self-styled "hitch-hiking cowboy from Texas university," now has the names of the largest and smallest of noted athletes inscribed on his "ten-gallon" combrero. Albie Booth, the Yale football star, wrote his name near that of Primo Carnera, Italian pugilist. Calvin Coolidge and Rear Admiral Richard E. Byrd are others whose names are written on the hat.

GIRLS DEBATE PUNISHMENT

ASHINGTON (Northumberland) Eng. (UP).—Young women here haven't decided what penalties they will assess youths who formed a bachelor club and pledged themselves to renounce feminine companionship.

DISTRICT 8 TANGLE

BY R. C. HANKINS.

I really thought when I started this morning that I would have something to write about, but the "Town Quack" has been talking to me over the telephone and has me all upset. Then the editor dropped in and gave me the usual morning raking over about the two daily stories I write, told me my tie didn't match and said I needed a shine and a hair cut. 'S a funny thing how the Higher Intelligence can get up at six bells and shine his shoes, comb his hair, bounce his handsome young son about on his knee for five minutes, gulp down a cup of coffee and then come to the office wide awake enough to find fault with a sports writer.

An attempt to get serious: Everything's arranged for the Stanton-Midland game over here in Mr. Lackey's dog-kennel Friday. The ball will leave White or Wilson's toe at 3 o'clock, and I hope Midland will be as patriotic as Stanton about closing doors for the contest. Why not make the final elimination smell like burning venison. We must win the Buffalo game in order to represent this end of the district at Marfa (or to entertain Marfa here, as the case may be) and every man and his poodle should be out to root and bark for the Bulldog eleven.

Coach Barry comes out with another "says." This time he allows as how Stanton has a three-touchdown better club than the day the Bison herd held Midland to a scoreless tie early in the season. Glad to hear the coach say that, for it's the truth. Stanton showed plenty of reserve in the Wink game last week—enough, I'd say, to score another touchdown or two on the Winkler lads had the day been of the same temperature under a sky that was serulian rather than sand-swept.

But I do not agree that Stanton has any chance with Midland. I believe on a sports desk that one should say what he believes and not what is calculated to keep a smudge fire built up near the bed of the opposition to keep off mosquitoes of unweariness from peaceful slumber. I want to see a game that is hot from the opening to the closing whistle and I expect to see it. But I have seen enough football to know that Midland has a stronger team than Stanton. Nothing I hear is likely to influence that belief—for I have seen the two clubs and I know that a more uniform team is clothed in the purple and gold of Midland than that sportsmanship group that goes under the same colors over in the stronghold of the Bison.

This is possibly the last game of the season in Midland. Marfa does not have to come to Midland, even if Midland is victor of the Midland-Stanton game. In fact, Midland would have to go to Marfa unless financial bidding turned the trick to satisfaction. So the fans of this area, Midland, Odessa, Stanton, Andrews and other towns about should come on over and enjoy the afternoon. There'll be a lot of music, color, fight and other little factors that make up football atmosphere from the east to the west coast.

Do you remember that my friend, Mr. Adair of McCamey, in disclaiming anything to do with writing the incriminating news story on the Midland-McCamey game as a post-season affair? He said such a game might go a long way towards restoring the confidence each town had in the other until a few hot stories parboiled community thought. I think the suggestion a good one. McCamey has received much publicity that said without being subs rosa that McCamey has a "wonder team." It would be mighty good to play host to such a fine club over here in our grass pasture. Somebody say something about it to the right persons and eventually it will be considered, likely.

We have a costly football layout, a team that is quoted in the football market as one of the sensations, and a group of fans who like anything that remotely smells like football. Why not play a game or two after the conclusion of the regular season. Football makes for intercity relations. Midland might have incurred animosity during the season—but not through games. Have you noticed that little disturbances have arisen just through talk? But not a one has come up as a result of Midland football men throwing a football over the unsuspecting heads of opponents and beating them to death? I'd say a game would be the

finest thing Midland and McCamey could do.

Coach Barry gave me a little bit of dope a few days ago that I have saved against this contingency. I made an unfortunate statement in a moment of simply being usual. I said that comparative scores show that McCamey is probably stronger than Midland on the gridiron. But the coach backs up a dissenting opinion in a conclusive way—with the scores themselves. Here they are: McCamey beat Marfa 13-0; Wink beat Marfa 20-7; Midland beat Wink 39-7. The coach says this tabulation gives Midland an edge over McCamey, 42-0.

Take it another way, the coach says: McCamey made six touchdowns against Odessa and Midland made only five; however, Midland made six touchdowns against Big Lake while McCamey made only five. That would make the teams on ab-

solute par as regards comparative scores, Barry points out.

There is another way. Midland tied Colorado and Colorado beat Roby, 12-0; Roby tied Big Spring and Big Spring beat McCamey, 6-0. That would place Midland in a position of being 18 points better than McCamey.

Still another way, which would make Midland a zero and McCamey 40—(that coach does a bit of figuring, does he not?): McCamey beat Snyder 12-0, and Snyder beat Stanton 28-0; Stanton tied Midland. But Snyder claims that the lineup that McCamey whipped was largely a second team and Midland was admittedly "off" two to four touchdowns the day the Midland-Stanton game was played.

We all know (and the coach is one of the strongest apostles of the statement) that comparative scores

are useless in emergency. They make for a pleasant game of speculation, however, Barry used reserves in several of the games we have mentioned, and, no doubt, several of the other clubs did the same. But it all goes to show that the coach called my hand on the statement that McCamey is stronger. And, his figures may prove interesting should Midland and McCamey play here.

You recall that there was something said about trying to get a game with Big Spring? Well, there is a bit of sympathy with the move in Big Spring, it might be pointed out. "It wouldn't be a bad idea if it can be arranged," the Big Spring Weekly News points out. "We have always been great rivals on the baseball field; so why can't we have a game on the football grid and donate the proceeds to charity?" he further says. The Town Quack started the propoganda; why can't that ubiquitous gentleman keep behind

his suggestion. Outside of the may-or-and, possibly the fire department, he has about as much influence here as anyone else. Who knows but that we may have the fire department run by a gentleman who prefers to remain incognito, anyway?

What do you think of this? "It is reported that amicable relations between football fans of Midland and McCamey have been restored following a slight rift caused by biased reports of over-zealous sports writers?" That is the lead to a story in the Iraan Herald Armistice day. And the head for the story was: "The Football War Is Over."

And then there is the story of Seminole's win over Lovington, 51-0. And this is the first year for Seminole on the diamond. Some of the boys started their first game without having ever seen a grid tussle before!

BIGGER AND BETTER

PRESENTING

THE NEW CHEVROLET SIX

Today the Chevrolet Motor Company presents the Bigger and Better Chevrolet Six, a new model of the six-cylinder car which has enjoyed such wide popularity.

In both the chassis and body of this new six-cylinder Chevrolet you will find expressed, as never before, Chevrolet's well-known policy of progress through constant improvement.

For—without departing from the basic features which have won the enthusiastic approval of over 2,000,000 buyers—Chevrolet has produced a six-cylinder car which represents an entirely new standard of quality, value and refinement in the low-price field.

Your first impression of the new Chevrolet will be one of striking fleetness, grace and beauty. The car is longer, lower and modernly smart. The radiator has been deepened and its appearance enhanced by a curving tie-bar and chrome-plated parabolic headlamps. The long

hood lines sweep back unbroken to blend gracefully into the new Fisher bodies. And never was Fisher's fine craftsmanship more evident than in the bodies of the new Chevrolet Six!

Not only are the smart, graceful, new bodies roomier and more comfortable, but as you study them you will discover many gratifying new features and pleasing refinements—many examples of that painstaking attention to detail which is the basis of true quality.

Mechanically, too, the new Chevrolet Six is a better automobile. The wheelbase is longer. The frame is stronger. The steering is easier. The clutch is more durable. There is a smoother, quieter, easier shifting transmission. In fact, wherever finer materials and more advanced design could add to Chevrolet quality or increase Chevrolet's traditional economy of ownership—improvement has been made. See the new Chevrolet Six—and you will agree that here is the Great American Value!

» » AT NEW LOW PRICES « «

Chevrolet has long been one of the lowest priced cars in the world. Yet due to the savings of volume production and increased manufacturing efficiency, the Bigger and

Better Chevrolet is offered at new low prices. Come in today. See and drive the new Chevrolet Six. Learn the new economy of owning a modern, fine quality, six-cylinder automobile.

2. For Sale or Trade

WHAT DOES A HOME COST?

Rent a \$5,000.00 house for 11 years at \$50.00 per month (which is very nominal rent) and you have paid your landlord \$6,600.00. All you have to show is a number of rent receipts. All these years you have been a tenant, living in a rented house. Not only your neighbors, but even strangers, know it, for a rented house is not a home and shows it.

Buy a \$5,000.00 home on a monthly payment plan at \$50.00 per month. At the end of 11 years you have paid for your home with rent money, plus about \$1,200.00 for taxes and insurance.

Now to sum up in one case you have spent \$6,600.00 and have nothing. In the other case you have spent \$7,800.00 and have a clear deed to a \$5,000.00 home. Your home has cost you \$1,200.00.

We have homes in every part of Midland—attractive homes at reasonable prices. We are closing out our real estate business, expecting to handle oil properties only, and it will be to your advantage to see us now.

"State Press" Takes Up Hitler Editorial

Under the title of "Hitlers and Misslers," State Press of the Dallas News has a lively addition to make to a Reporter-Telegram editorial concerning the barking of the German propagandist, Adolf Hitler.

The Reporter-Telegram excerpt quoted is given in the first paragraph by the Dallas writer:

"In a recent article in the Review of Reviews about Adolf Hitler, the German disturber, there is the following significant statement: 'But it is youth that idolizes Hitler. The young people, who did not fight in the war, voted five million strong for their hero.' Considering the fact that Hitler stands for a program that probably would land Germany, and the rest of Europe, in a brand-new war, there is a good deal to think about in that remark. It points to a fact that we generally overlook, to-wit: a new generation, which knows the World War only by hearsay, is beginning to come on the scene, in Germany and everywhere else."

And here is State Press' rejoinder:

"The Hon. Hitler used to be a house painter, and it is suspected in some quarters that he still suffers from painters' colic. At least he talks like a man with tummy ache. It will be remembered by some old readers who were here in 1923 that it was Hitler who helped General Ludendorff push the beer cellar putsch in November of that year. The putsch didn't get across the street from the beer cellar where it was hatched, but it made Herr Hitler famous and he has been living on the proceeds of that fame ever since. Ludendorff did not fare so well. He had been a great man, and his abortive effort to born a German revolution won him world-wide ridicule. Now the old General has launched a terrific prediction upon the heads of his rather indifferent countrymen. He tells them that there will be another war in 1932, in which Germany will be annihilated. Not a very cheerful prophecy, and a distinct disservice to his friend Hitler. Hitler has been threatening to start a new war, with young soldiers who weren't in the other one. His idea is to win the next, and he has inspired some of his followers with his own confidence. But if it is to end like Ludendorff foretells it won't be popular with ever Herr Hitler's constituents. Perhaps it would be better for the valiant Hitler to become peaceable, to restrain his stalwart arm—which wasn't so stalwart in the recent war. The German people are too intelligent to be stampeded into a hopeless contest at arms. Their sensible statesmen and truly patriotic citizens are doing their earnest best to build anew rather than destroy all that which they are building to. Every country has a few Hitlers."

No Road Too Bumpy for This

Twelve speeds forward, five axles, four driving wheels, two differentials, three gear shift levers and the ability to traverse roads that would stop anything but a tractor—that's the Tatra-Car recently brought over from Czechoslovakia by Thompson Products Corp., of Cleveland, for experimental purposes. Above the car is shown taking a rough stretch of ground at its top speed of 28 miles an hour. Below is shown the unique hood and the horizontal, four-cylinder air-cooled engine.

Engrossing--

(Continued from page 1)

- 2. How Otto has been trained to be a king. An ambitious mother prepares her son for the future.
3. The Hapsburg whose touch was fatal. Old Franz Joseph, on whom the curse first descended.
4. The romantic "Mystery of Meyerling." The strange, and yet unsolved, deaths of Archduke Rudolf, heir to the throne, and his beautiful sweetheart, Baroness Marie, in a secluded hunting lodge.
5. The Archduke Franz Ferdinand, whose murder caused the World War. One bullet at Sarajevo, then a world in flames.
6. Karl's double gamble for a kingdom. The story of young Otto's ill-starred father and his two desperate attempts to regain his throne.
The first story of this outstanding series appears on the Editorial Page today, and is for release in afternoon papers of Tuesday, Nov. 18. The others will follow on successive days.

Cow Hand Uses Snake as Watchdog

SAN ANGELO, Texas, Nov. 13. (P)—Pat Stillwell pets rattlesnakes. Pat works on the W. B. Mitchell ranch in the Big Bend country and has a sideline of catching rattlesnakes during his spare time. When the snake market is good he ships them to San Antonio. Recently Pat noticed that stuff was missing from his chuck box pretty regularly so he caught an extra large rattler and placed it in the chuck box. From that day to this no one has bothered his food. He never has been bitten by a snake and says he catches them by grasping them behind the ears. Pat claims he has a pet rattlesnake which comes to the steps of the kitchen each morning where it stays until breakfast. When Pat comes out to feed it the snake sits up and begs like a dog. That's Pat's story, anyhow.

900 Veniremen in Uhr Slaying Case

SAN ANTONIO, Texas, Nov. 13. (P)—Nine hundred veniremen will be called to appear in the Thirty-seventh District court Dec. 8, when murder cases against Mrs. Clara Uhr Lexie Jones and Donald D. Walker are set for trial. Jones and Walker, Fort Sam Houston soldiers, and Mrs. Uhr, have signed statements in the slaying of Daniel F. Uhr, invalid husband of the woman. Uhr was found dead in bed the morning of October 18. Mrs. Uhr and the soldiers were arrested the same day. Judge W. S. Anderson and Walter Tynan, district attorney, decided to call 300 veniremen in each case, since they anticipate trouble in obtaining injuries.

CAN SCIENCE CREATE A LIVING MAN?

VIENNA.—Science may never be able to create a man with a soul, but Prof. Scheminsky at the Vienna Physiological Institute has succeeded in creating a "something" which is neither organism nor living cell, but which reacts something like living organisms. This humeculus, as it is referred to, takes the form of a fresh-water organism when developed in fresh water and the form of a sea-water organism when developed in sea water.

When thrown into a certain solution it will pass through all the stages of growth through which a living organism would. It passes through a stage of youth, then a stage of maturity, then collapses from old age. The professor states that he has merely proved amazing similarities between the behavior and growth of inorganic, artificially created chemical bodies and living organisms.

The estimated national wealth of Portugal in 1927 was \$3,775,000,000.

Market Report

(By United Press) Lethargic price movements continued on the New York cotton exchange today with prices moving within ten points of the range established in the previous session. Trading quieted down and at noon the list showed moderately easier tendencies, selling off 3 to 5 points after holding small gains in earlier dealings. Buying and selling orders were about evenly divided. Hedge pressure was moderate but buying power not aggressive. Dealings were practically featureless and switching of December contracts to later positions was noted, while some outright liquidation of that position also came into the ring. Brokers who usually act for cooperatives continued purchasing May and other distant positions which were sold by spot houses. Commission houses generally were on the buying side of the list.

Business Does Not Rule in This State

GALVESTON, Texas, Nov. 17. (P)—Texas has no counterpart for former Ambassador James W. Gerard's 60 "rulers" of America but if this state does have any behind-the-scenes dictators they are limited to about half a dozen men in business, politics and the church. That conclusion was reached in an article for publication Sunday, Nov. 16, by The Galveston News, quoting leading Texas citizens.

Ross Sterling and Jesse Jones of Houston made every one of the lists of "Texas rulers" quoted by The News. Sterling, governor-elect, is a Houston capitalist and publisher. Jones, also a Houston capitalist and publisher, is influential in the state and national democratic party. Other "rulers," according to the judges, are George B. Dealey, Dallas publisher; Amos G. Carter, Fort Worth publisher; Dr. George W. Truett, Dallas Baptist minister; Dr. S. P. Brooks, president of Baylor university, and James E. Ferguson, former governor.

Texas requested to select lists corresponding to Mr. Gerald's national list were Gene Howe, editor of the Amarillo Globe; Peter Molyneux, editor of the Texas Monthly and Texas Weekly; James E. Ferguson, Dr. H. Y. Benedict, president of Texas university; an unnamed South Texas man prominent in various state activities and an unnamed woman interested for years in state affairs.

Dr. Benedict, Mr. Ferguson and Mr. Molyneux dissented from the Gerald theory, declaring that no business or other group rules the affairs of Texas. The woman observer believes that certain interests—railroads, public utilities and oil have considerable influence in legislation and that their representatives could be classed among the "rulers" of Texas. Gene Howe included two Amarillo men on his list, W. H. Fugate and Col. Ernest O. Thompson.

At the Library

I have books beside the bed On a bookshelf by my head. Mother bought them so that I Should have books to grow up by. "Books," she said, "will teach you, dear." But I read and would not hear. All these books I've loved of old Bound in blue and bound in gold. I have looked at them with pride, Colored pictures safe inside. I have books beside the bed On a bookshelf by my head. Mother bought them so that I Should have books to grow up by.

The John Newberry medal is the highest award made to children's books. It is awarded each year by the Children's Librarians' section of the American Library association for the most distinguished contribution to children's literature during the preceding year.

The awards so far have been as follows: Hendryk Van Loon, "The Story of Mankind," 1921; Hugh Lofting, "The Story of Dr. Dolittle," 1922; Charles Finger, "Tales from Silver Lands," 1923; Charles Boardman Hawes, "The Dark Frigate," 1924; Arthur B. Chrisman, "Shen of the Sea," 1925; Will James, "Smoky," 1926; Dhan Gopal Mukerji, "Gay-Neck," 1927; Eric P. Kelly, "Trumpeter of Krakow," 1928; Rachel Field, "Hitty: Her First Hundred Years," 1929.

The Midland County library has all of these books.

Children's Book Week November 16-22 "More Books in the Home"

O. Henry's Love Story Is Printed

AUSTIN, Tex., Nov. 17.—"O. Henry's Own Love Story" is the appropriate sub-title for the new book, "The Dimity Sweetheart," by Frances Goggin Maltby, a copy of which has just been received at the University of Texas library. The book, quaintly bound in a dainty, flower-sprigged dimity, tells the story of Athol Estes Porter, first wife of William Sidney Porter, whose stories of Austin and the South have won him the recognition as one of the early American masters of the short story. Two other valuable items of O. Henry memorabilia in the Stark Collection at Athol Estes Porter; one is a tin-type showing her in a dimity apron, the other is a letter from Porter, asking her to go on a

buggy ride with him—probably one of the first letters he ever wrote to her. This letter was recently unearthed in a water-logged old desk which was found in a second-hand dealer's shop here.

"The Dimity Sweetheart" is simply told, with a delicacy and restraint that is pleasing. Mrs. Maltby was a schoolmate of Athol Estes, and her reminiscences have been supplemented by talks with other contemporaries of the writer's first wife, including Mrs. Forney Beaumont Lacey and Mrs. Lillie Carver Haynie. The author also conferred with L. K. Smoot of the State Library and with Mrs. G. P. Roach, mother of Athol Estes Porter.

The frontispiece to the book shows a picture of Mrs. Porter, with the following explanation: "Athol always wore dimity, because I could not afford better," Will Porter is quoted as saying. He dressed many of his heroines in dimity in remembrance."

"The Dimity Sweetheart" not only pictures the girlhood romance of Athol Estes with Will Porter, his rivalry with other young swains for her hand, their fidelity to each other, and her touching devotion to him during his imprisonment, but it also presents a charming sketch of Austin's existence, its social life and its natural beauties, during the last decade or two of the Nineteenth century.

DIES DURING SILENCE

LONDON, (UP).—During a two-minute silence in honor of the R-101 dead, Henry George Maxwell, 46, retired naval commander, dropped dead at a football game from a heart attack.

Movies Seen Today at The Reporter-Telegram

The Reporter-Telegram had its own movies this afternoon when C. D. Knight, factory representative of the Intertype Corporation, erected his own screen, used his own movie projector and a four reel film showing the working parts of the well-known Intertype type-setting machine. The film has been shown in only three Texas cities, Dallas, Houston and Big Spring. Knight has been on a tour of New Mexico with it and is now preparing to cover most of Texas with the demonstration. All employees of The Reporter-Telegram and Commercial Printing company saw the film here today.

The Great Lakes form the largest body of fresh water in the world, with an area exceeding 90,000 square miles.

SOON GOT OVER PAINFUL SPELL

Lady Who Had Been Run-Down Tells How Cardui Helped Her Get Well.

Mayo, Fla.—"I was greatly benefited after I took the Cardui Home Treatment," says Mrs. W. H. Trawick, of this place. "For several months I had been in bad health. I was run-down and weak. I dragged around from day to day, not feeling fit for anything. My back ached and often my sides hurt all night long. I could not sleep, and my nerves gave me a good deal of trouble. I had used Cardui several years before for a similar spell, so I got some for my trouble. I soon recovered and felt better than I had in a long time. After taking Cardui for several weeks, I began to feel stronger and to rest better. It is a fine medicine, and I have recommended it to friends. Cardui is a purely vegetable reconstructive medicine which thousands of women praise for the benefits they have felt after taking it. Try Cardui for your troubles. Get a bottle, today."

TAKE CARDUI Used by Women For Over 50 Years. A companion medicine to Cardui—Theford's Black-Draught for Constipation, Indigestion, Bloatingness.
