## Methodist Minister Addresses Union Service Today

### CHRISTIAN CHURCH IS SELECTED

"Glancing Backward, Looking Forward" Is Subject

Using the theme, "A Backward Glance and a Forward Look," the Rev. Edwin Calhoun, pastor of the First Methodist church spoke to an absorbed audience this morning at union Thanksgiving services held at the First Christian church.

Taking the unusual text "Lord, I Thank Thee That I Am Not as Other Men," Mr. Calhoun gave a sermon about the ideal Thanksgiving words.

The lecture was divided into three parts: the first, "Looking Backward," explaining that a person's future depends largely on his past. "Being Thankful is one of the great perils of a moral mood," said the minister, explaining that the first instinct of thankfulness is to measure one's good in contrast to the other man's... being thankful that one has kept what another has lost, or that one has gained more than another; that this type of thankfulness drifts into selfishness, which is next door to right righteousness.

The second point, dealing with the present, with the theme of "Life's Present Accomplishments," dealt with late developments of science and inventions, the closer human relationship now prevalent; the brotherhood of man.

Taking up the third point, "The next Great Forward Movement," the speaker emphasized the fact that the movement was not along industrial, economic or political lines, but was a spiritual awakening. Mr. Calhoun stressed four proofs of this fact, the first being "Spiritual Unrest in the Life of the Individual," in which he brought out the fact that the individual wants satisfying spiritual experience.

The second thought under this head took the line of the coming together of men in business relationship. In the words of the talker, "There is more cooperation and less competition among business men; more boosting and less knocking." The fact that the service clubs, such as Lions and Rotary, had helped to create a spiritual attitude in the life of business. The names of several men who are great leaders in America today, who predicted that the next great movement would be a spiritual one, were mentioned; such names as Henry Ford, Roger Bobson, and Owen J. Young.

"Our Youth are Clean," the third sub-head, brought out in its explanation that the peril was not with the young people, but with the people who influence their lives.

The great issue of christian unity was the fourth proof, Mr. Calhoun saying that a greater spirit of unity prevails among denominations today than ever before. He mentioned several instances where prominent church leaders had striven toward unity of churches. Three lines from Tennyson's, "The Death of Arthur," that famous king of the Round Table illustrated this closing point.

The old order changeth, yielding place to the new, and God fulfills Himself in many ways.

Lest one good customer should corrupt the world.  
Services were held from 10 o'clock to 11, with W. P. Deatherage, singer and choir director during the Christian church revival now in progress, leading the musical hour.  
The services were opened with the (See UNION SERVICE page 6)

### Did You Know There Is a Raleigh 'Roll Yer Own'?

Officer Has Best Cigarettes in Town; Miss Cragin a Prodigy? Sees Long Tailed Bodies

By R. C. HANKINS

Who smokes the best flavored cigarette in Midland? If you haven't had the pleasure of smoking one of Raleigh D. Lee's hand-rolled varieties while sitting over your coffee, you don't know. Brown paper rolled as tight as ever fashioned by the most fastidious "bad man" of Western epics, tobacco of a brand little known to most of the manufactured cigarette addicts—and the big officer talking to you of the days when there was no railroad and cattle were sometimes driven as far as Abilene, Kans.—there you have the elements that make for a pleasant evening.

The officer is a genuine product of all that has passed in the annals of cattle country. He put cattle to streams out of their banks; left the wagon in late March and got home in time for Christmas; saw the rise of the cattle barons; lived in Midland 20 years ago when there were approximately 1500 people here and 19 millionaires—all stockmen; quit his outfit to "grow rich" railroading—and now protects property in his role of peace officer. And he rolls his own and would like to see the "good old days."

Born east of Abilene, his friends will tell you he had a total of three pair of shoes during his time—but he threw each pair away. He wears boots and did so while stoking a locomotive, breaking and engineering. His idea of comfortable house shoes is a pair of cattleman's heavy boots. He did not get out of railroading before experiencing the thrill of a wreck. His engine went through two box cars at Sweetwater. One of these was loaded with lumber, and his escape from flying splinters and shock-sawed planks was marvellous. The engine went off the track but he suffered no injury. And he got out of railroad work just in time, for the man who took his place went to his death a few months later—at the same town where the Midland officer went through the lumber.

But he was in the business long enough to become tinctured with the railroad man's honesty to union labor. As I have a habit of hunting the big officer when I want to smoke a cigarette that really satisfies me and find that he is never too busy to roll one for me (I can't roll 'em), I decided to ask him about his brand of tobacco. "Well, it's like this," he began. "I always smoked such-and-such a brand of tobacco until the company that makes it started usin' scab labor. All us railroaders quit the brand the day we heard of it—and stayed quit. This tobacco is better, anyway, and we pay more for it. Can't always get it, though. It's pure tobacco, cut off the plug."

Wonder if Lexie Jane Cragin is to be a musical prodigy? She has written a composition for the piano that is harmoniously perfect. She has changed the key once or twice and then let the theme flow back into its original course. And she doesn't seem to know how good it is.

Henry Biggs of the Ritz theatre, Clarence Massey and Jack Laird of Odessa, bring back another tale from a deer hunt. Seems everyone is trying to drag in a better one than everyone else. First, J. B. Ford kills a couple of deer and cuts off 75 steaks for his friends and the unemployed of the town. Then George Glass and party come back, with George getting the limit for the fourth consecutive year. Dee Ethridge starts the boldface boxes on most of the newspapers of the state by robbing a buck. Hollis Scarborough plays hide and seek with a buck that doesn't respect a shoot-

### We thank Thee, God-

BY BRUCE CATTON

We thank Thee, God, that once again  
The need we have to share with others  
Has wakened, in the hearts of men,  
The charity that makes us brothers.

We thank Thee for the inner spark  
That will not let us shut our eyes  
When men are hungry, in the dark,  
And ask our help with humble cries.

We thank Thee for the glowing light  
That radiates from human kindness  
And shines through the eternal night  
To strike away our human blindness.

### Old Slave Negro Is Dead After Long Life

BEAUMONT, Nov. 27. (AP).—"Uncle Ed" Jones, negro who was a grown slave during the civil war, recently died here at the age of 100 or more. "Uncle Ed" was the slave of Mr. and Mrs. J. K. Price, of North Carolina and, after being given his freedom, made use of it but a short time before he returned and asked to be taken by his former owners.

### Mrs. Sterling Likes Governor's Mansion

AUSTIN, Texas, Nov. 27. (AP).—Mrs. Ross S. Sterling of Houston, wife of the governor-elect, displayed more than passing interest in the executive mansion on a recent trip to Austin. Mrs. Sterling was the guest of Mrs. Dan Moody at luncheon at Texas "White House" and spent several hours going over the mansion and grounds with Mrs. Moody.

## DISTRICT 8 TANGLE

By R. C. HANKINS.

I see in the personal column where Sam Timmons of Stanton was in Midland Wednesday. I seem to remember something about Mr. Timmons being over about July 4. And somebody said something about him being over at Monahans Tuesday. He gets around "right considerable." And, judging from the past few days, a person may miss seeing him when he's around, but it will crop up several months later that he was hobbled out on one's familiar territory.

Can't resist the temptation to take a dig at you, Sammy. Kinda like you, at that. It isn't everybody that can pitch good baseball like you. But take a tip from me and tell Ed Kelly not to give his galley devil a nickle anymore while you're pitching. The ump might think the editor was subsidizing your game to the extent of a Coca-Cola. And if a lady ever drops her purse don't forget and be polite enough to pick it up for her; it might be fatal. Someone might notice and the courtesy might be used against you as a technicality.

Seriously, the matter is settled and I'm behind Stanton to win this afternoon. I want that club to win. Stanton and Midland are more than neighbors; the two towns have community of thought and action. We hold religious the old law of Solon, "an eye for an eye and a tooth for a tooth." "Tit-for-tat." "Katy did." "She didn't do anything of the sort!" Etc. Last year Midland grabbed the Buffalo by the royal tail and ran it through the wringer. This year Stanton tied a can to the Bulldog tail and put in a few marble baseballs of Mr. Timmons and turned

### Shiflett Will Talk To Coaches This Week End

Efforts to get a game between the Midland Bulldogs and a "good Class A" team, probably Abilene, San Angelo or Sweetwater, are under way today by D. D. Shiflett, high school principal, who is in Lubbock to attend the Tech-Simmons game. He expects to see coaches of several teams before returning here, and hopes to land for Midland one or two more games, the best of the season.

Big Spring was approached for a game, but the coach said late yesterday that the team was being disbanded after the game with Colorado today, practice to be started early next week on basketball.

"We want to see just how good the Bulldogs are," Shiflett said, "and are trying to get a game with a good Class A team."

### Harley Sadler and His Troupers Here

Today marks the entrance of Harley Sadler and his company of forty performers to Midland. The show will remain through Friday and Saturday. Performances will be in a big tent each night.

"Your Uncle Dudley," is the opening play tonight, and is a comedy of merit, according to reports. There will be vaudeville acts between scenes of the play and good music throughout.

The show is brought here under the auspices of the Midland fire department.

## TOM SHOOK AMONG THOSE INJURED; NOT EXPECTED TO LIVE, SAY REPORTS

Convicts Push Guards off Truck and Grab Guns; Two Fall at First Discharge; Shook's Arm Amputated

Two Huntsville convicts are dead and one guard is injured from a gun battle that resulted when a prison truck carrying 27 convicts had to halt because of insubordination. Wheeler Mc Culley and Tony Corona were killed and Tom Shook, former chief of police in Electra was badly injured. One of his arms was amputated in the prison hospital later. He is not expected to live.

The 27 men were riding along under guard of three men who were on the fenders of the truck. Suddenly the convicts threw the guards from the fenders, grabbed guns and the firing commenced. The two dead men fell at the first discharge of guards in a machine following the truck.

### Negro Own Lawyer; He Wins His Case

TEXARKANA, Ark., Nov. 27. (AP).—Sol Henry, 45-year-old typical negro farmer of Miller county, says he doesn't know anything about law, but several members of the Texarkana bar declare he is a legal opponent to be feared and cite his record in Miller county courts.

Sol Henry's latest appearance in court involved a charge of cotton theft. Acting as his own attorney, the negro heard Judge Louis Joseph rule that the state evidence was insufficient to hold him to the grand jury. Sol questioned every state witness closely, successfully impeaching the complaining witness, and then took the stand in his own behalf to tell what the judge termed "a straightforward story," which state cross-examination failed to shake.

"This is nothing new to Sol," said Judge Joseph. "I remember a case in circuit court where Sol made the argument before the jury instead of his attorney and won an acquittal." The case to which the judge referred was one in which Sol was charged with assault. He admitted biting the nose off another negro during a fight, but contended that he was fighting to save himself.

In his most recent case, Sol and Walter Hardin, another negro, were charged with stealing 1,070 pounds of cotton from a neighboring farmer.

The complaining farmer said he found wagon tracks near his barn like those made by Sol's wagon. Sol countered by proving by another state witness that his wagon was so "broken-down that it wouldn't haul that much cotton." Another state witness testimony that Sol had sold him 200 pounds of cotton was countered with a receipt from the gin. Sol was successful in having ruled out testimony that Hardin, accused with him, had said the cotton was given to him by Sol Henry.

A large following of negroes congratulated Sol on his triumph in the role of attorney, and urged him to become a "professional lawyer," but Sol, dressed in overalls bearing numerous patches, allowed that he would stick to farming.

WISCONSIN SEEKS OIL  
KEWAUNEE, Wis. (UP).—Although several companies, formed to dig oil wells in Kewaunee county, have failed, another group has revived interest in two new wells in the Scarboro district. Backed by sufficient capital, the organization has had geologists survey the territory and has announced that it will dig more wells if the first two are not successful.

### Dr. Thomas Plans Visit Big Clinics

Dr. John B. Thomas, Midland physician and surgeon, will leave Friday night for Chicago and New York, planning to spend time in clinics of those two cities. He expects to be gone for a month. Dr. Thomas owns the Midland Clinic-Hospital.

### WILL STOCK RANCHES

SAN ANGELO, Texas, Nov. 27. (AP).—Juan Trevino, manager of the Orient railroad in Mexico, has bought a string of bulls in the Big Bend country. He planned to load them out at Uardiz, on the new extension of the Santa Fe from Alpine to Presidio. A good many inquiries are being received by ranchmen in the Big Bend from ranchmen in Mexico. Thus far the trade on the new international line has been largely in cattle.

### SLEEPING BOY SMOTHERS

SYRACUSE, N. Y. (UP).—A mother's fear of disturbing her infant's slumber led to the death of five months' old Robert Steiser, son of Mr. and Mrs. Frank J. Steisser. Mrs. Steisser placed the baby in a carriage on the porch. She glanced at him from the window several times and he appeared to be sleeping, so she refrained from disturbing him. Later she tried to rouse him, but he was dead. He had turned over and had suffocated.

# STANTON BUFFS STEAM AWAY FOR DISTRICT GAME AT MARFA

## HYDEMEN EXPECT TO WIN THE AFFAIR

By virtue of the fact that Stanton is slightly east of Midland and that Stanton, not Midland, plays the game with Marfa this afternoon for the percentage that will result in one line-up getting the gon-falon, Thanksgiving fell on this morning before it did on Midland.

A confident Buffalo team left for Marfa. Rooters were numerous, according to reports. The Buffs expected to storm the stronghold of the border lads and will likely do just that.

Midland was automatically denied the right to meet Marfa for the district game when ineligibility charges were proved against James White, Midland line man, this week. Midland defeated Stanton 13-0 in a game here last week, the sub-district championship joust.

ton's sore back. The year after Stanton will have to stick a burr under the tail of the Midland high horse. And so it goes, with only a few getting mad, only a few more feeling in the mood to keep their bridge-work hidden behind tight lips, and most of us grinning like banshees soon after it's over. That's the way to play football. We're all in the jolly little old U.S.A. and have no fight to make with anyone. If we do a bit of razzing—why it's just razzing, that's all. So here's to Stanton today against Marfa, a town that likewise has earned our respect. We like Marfa for a clean, gentlemanly place and a center that plays football because football is a game, not a political issue. But Marfa is farther away and we must choose Stanton to support.

The fellows about town, "may they forever lose their great toes" (as Chilo remarked in "Quo Vadis") are giving suggestions for a new name for this sports column. "Tangle" hardly describes the issues now pulsing in the district, they say. Today may untangle a few matters, however, chief among them the district champion. Then what will there be to write of? Football has been vastly interesting this season. Possibly we can organize a city basketball league, or we can get a game or two with such teams as McCamey, Big Spring, Sweetwater or San Angelo.

T. Paul Barron, publisher of this newspaper, wired Supt. Lackey of the city schools asking him to arrange while in Austin for a game with McCamey if that sort of arrangement meets with interscholastic league rules.

In the meantime, a bunch of boxers and wrestlers here will give a charity benefit within a few days, it is said. The boys will charge nothing for their moments in the ring. Definite announcements may be made right away.

Members of the football team bear up bravely, but they are disappointed a lot. The ruling out of the Bulldog machine came as a solid blow to most of the crew. There was more than a little open weeping of pep squad girls at the assembly period, Wednesday, and a bunch of the Bull Doggies bit their lips until white crescents stood out. That is the trouble with most cases; the innocent suffer more than the guilty. There was nothing histrionic about the deep feeling in the school. It was honest, deep.

Mr. Lackey has gone to Austin, where it is reported he will perfect a look for keeping football men in their cradles while the coach is away during the summer. He is expected to get protection in the form of "patents pending" on a sort of pacifier, also.

Two-Gun Holster, christened by his mother as D. E., had a visitor from McCamey Wednesday. "McCamey will pay Midland five hundred dollars to play McCamey at McCamey after Thanksgiving," he said. Isn't that nice? Hope the superintendent finds out whether we can play McCamey. That club poured it on Snyder and should be the strongest club in the running.

"The donation," Mr. Whalen stated, "represents a total sum that is expected to exceed \$150,000. In return for this contribution the committee has awarded to Philco the nationwide broadcast rights which previously had been donated to the committee by the Columbia Broadcasting system and the National Broadcasting company. Thus, the Salvation Army receives the largest sum ever realized for broadcasting privileges.

## Interviews--

(Continued from page 1)

He has an idea he could enjoy Thanksgiving better after formally introducing himself to the ferry.

I understand we are to have a dance tonight in the beautiful ballroom of the Hotel Mr. and Mrs. Scharbauer put up at the cost of several shekels. The name Scharbauer reminds me how hard it was to get the spelling right when I bumped into an unfinished wall of the structure a few months ago, about the time I first came out "West." (This really is west to me, having been only as far in that direction as Pecos.) But now, not an aviator or traveler but pronounces the name and spells it. That means the place is well known between the oceans.

Tinkling in various interpretations upon the night air and cascading to the street level, a piano may be heard almost any night in the southeast corner of the Petroleum building. I finally found the source—in the musical studio of Wallace Wimberly. He was playing something from Victor Herbert when I crashed his gate. "No, No, Nanette," I believe. At any rate, my old radio favorite, "For I'm Falling in Love with Someone," was what made me feel under obligation to him for life. More Victor Herbert—"Babes in Toyland," "Naughty Marietta," "The Old Mill," etc.

New scores for the little theatre orchestra, which is directed by Wimberly. A stack as high as your knees. That orchestra will surprise the public before the final curtain is rung down this season. And, remember this, you will start going to see plays as much to hear the orchestra as anything else. The young director went over the scores with me, playing each section's part. He got enthused and, Walter Elkin and I will make affidavit, he lost a leg off his piano during the hour. He had not found it early this morning. He is as non-plussed about the matter as the Lions and Rotarians were Wednesday when John Bonner got up after Wimberly had played a Romberg arrangement and a follow up of "Turkey in the Straw" and announced that, as far as turkey was concerned, the turkey must "still be in the straw." The clubs were eating pork on the day before Thanksgiving!

Hope you have a pleasant Thanksgiving and that you don't forget that someone else may not be eating turkey today. Send something to someone else you know—someone who is not quite so fortunate. This might create a day of thanksgiving to people who know of the occasion only through the calendar that hangs as the only color on their drab walls.

Gooding ruled that Wisconsin statutes give cows the right of way.

#### WHAT DOES A HOME COST?

Rent a \$5,000.00 house for 11 years at \$50.00 per month (which is very nominal rent) and you have paid your landlord \$6,000.00. All you have to show is a number of rent receipts. All these years you have been a tenant, living in a rented house. Not only your neighbors, but even strangers, know it, for a rented house is not a home and shows it.

Buy a \$5,000.00 home on a monthly payment plan at \$50.00 per month. At the end of 11 years you have paid for your home with rent money, plus about \$1,200.00 for taxes and insurance.

Now to sum up in one case you have spent \$6,000.00 and have nothing. In the other case you have spent \$7,800.00 and have a clear deed to a \$5,000.00 home. Your home has cost you \$1,200.00.

We have homes in every part of Midland—attractive homes at reasonable prices. We are closing out our real estate business, expecting to handle oil properties only, and it will be to your advantage to see us now.
