## DUCK SEASON TO LAST TWO MONTHS UNDER NEW RULE

Sportsmen are going to be in for a good season in West Texas this fall, according to George D. McCormick, manager of Midland Hardware company. President Hoover has created a two month duck season, open in this area from November 1 to December 31, inclusive. Four days will be devoted to the prairie chicken season, September 1 to 4, inclusive. The dove season opens September 1 and will continue through October 31. The duck season is twice the period allowed last year, thirty days having been set at that time because of the drought which had existed for several months. Conditions of drainage in the breeding grounds are much better this summer. Bag limits remain at fifteen, except that the bag shall contain not more than ten birds in the aggregate of canvas backs, redheads, greater and lesser scaups, ring-necked, blue wing, greenwing and cinnamon teal, gadwalls and shovellers. Opening and closing dates of the duck season in the respective states follow: October 1 to November 30—Michigan, Wisconsin, Minnesota, Iowa, Nebraska, South Dakota, North Dakota, Montana, Wyoming, Colorado, Utah, and Nevada. October 16 to December 15—Maine, New Hampshire, Vermont, Massachusetts, Rhode Island, Connecticut, New York, Pennsylvania, Delaware, Virginia, Ohio, Indiana, Illinois, Missouri, Kansas, Oklahoma, New Mexico, Arizona, Idaho, Oregon, and Washington. ## Pair Loots Store In Daylight Raid

ODESSA, Aug. 17.—Three men entered the Nash Tucker Dry Goods store here this week and walked off with 40 pairs of dress pants. The robbery was committed in broad daylight. Tucker explained that one of the men pretended to buy something on the other side of the store and while it was early in the morning and only one clerk had reported for duty, the other two men carried out the pants and loaded them into a car waiting at the rear of the building. Officers have been attempting to trace the robbers but have met with no success.

A Midland troop for the second consecutive year won first honors at the annual boy scout water carnival held at Pagoda pool, when Troop 52 Tuesday easily defeated Troop 1 of Big Spring 90-70 for total points. Scouts estimated at 346 were present from Rotan, Sweetwater, Roscoe, Big Spring, Forsan, Colorado, Barstow, Wink, Balmorhea and Pecos. ## ONE OF KIDNAPERS OF N. M. OFFICER BELIEVED WOUNDED

SAN ANTONIO, Aug. 17.—One of the two men who kidnaped Deputy Sheriff Joe Johns in Carlsbad, N. M., giving rise to rumors which said the official had been beheaded, and forced him from the automobile here Monday was believed to have been wounded in a gun battle with a deputy sheriff at Wharton Tuesday but escaped. The fight occurred when officers intercepted two men and a woman driving two cars, one of which was said to have been stolen from C. H. Hawkins, of Victoria, while another car abandoned by the trio was identified as the one in which Johns was brought to San Antonio from Carlsbad. The Hawkins automobile was stolen just after Mrs. Hawkins had driven it into the garage and she saw a man backing the car out and notified officers. The officers traced the car to the Houston highway and started in pursuit after notifying state officers between Victoria and Houston. It was seen leaving Victoria at a high rate of speed with a man driving and was closely followed by another car containing a man and a woman. The fugitives were intercepted at a bridge by the Wharton officers and turned back toward Victoria. The deputy sheriff attempted to flag the car and, when the man failed to stop but opened fire on the officers, the deputy fired on both cars. The man and the woman in the trailing car were transferred to a stolen automobile near Carlsbad and escaped. The abandoned car bore a Cherokee county license number and there were extra license plates in the car. John reported to Sheriff Albert Hausser here Monday that he had been kidnaped while looking for a stolen automobile near Carlsbad and forced to accompany the trio here. He returned home after giving officers the license number of the car and a description of his captors.

## AUTO RACING EVENTS TO BE HELD ON 28TH

An automobile racing event, something which has not been seen here in years, will be staged at Cowboy park Sunday, August 28, by the Wilmot Auto Racers, group that has been organized longer than 10 years and which is said to never fail to please the great customers. J. M. Wilmot, president of the group, was in Midland today, making preparations for the race. He signed a contract with B. W. Floyd for use of the park track and was busily engaged in putting out advertisements.

With Wilmot are 11 racers, including Posey Reeves, of Oklahoma City, holder of the Oklahoma state driving speed record, Billy Hespin of Carter, Okla., Jake Thompson and Clyde Mills of Amarillo, Mile Parnell of Houston, Boy DeMouth of Houston, D. O. Williams and Johnnie Lee of San Angelo, Clarence Rogers of Plainview and A. B. Davis and Stuart Champlain of Lubbock. Eight races are carded, with the possibility of a stock car race in which any contestant may enter. The drivers use Frontiac, Houston Chevrolet Special, Model A, Ford Special, S. V. Special (oldsmobile), Dodge and Chrysler Specials. A race between a Ford and a Chevrolet is also likely.

## CANDIDATES TO CUT CAMPAIGNS TO A MINIMUM

By RODNEY DUCHER, NEA Service Writer WASHINGTON—It begins to look as if the presidential candidates and perhaps those of the future, insofar as the two candidates are concerned, were going to become bogged down in "masked marvels." There will be very few of our 120,000,000 people who, if they want to get a good look at President Hoover and Governor Franklin D. Roosevelt, this year, will not have to content themselves with newspaper photographs and newsreels. At any rate, the old practice of extended personal tours is certain to be discarded by one candidate and still a matter of conjecture for the other. President Hoover may not leave Washington at all, although it is possible that he will journey to one or two nearby cities. The plans of Governor Franklin D. Roosevelt are not yet completely out. Some of his friends are arguing against his personal desire of a coast to coast speaking tour.

Hoover's Position Hoover is in a better position to stay put, as anything he loses by failing to make outside personal appearances is likely to be offset by the favorable impression created of an executive eternally on the job, striving with great, vital problems and too busy working for the public welfare to go off barnstorming. There is a belief here that the White House also takes into consideration the possibility that there is danger in a president traveling too widely during these troublous times, although there is no encouragement of such a belief from administration sources. The fact that Vice President Curtis was guarded by machine guns at Las Vegas is interesting if not significant.

Roosevelt's Offensive Roosevelt has much more magnetic personality than Hoover, however, and a fine oratorical delivery. While he may not take full advantage of that in a real swing through the country, he is certain to do more "getting around" than Hoover. After all, Roosevelt is on the offensive and although he may not be as aggressive as Hoover, he is sure to be more so.

## ARMY FOOTBALL Star Marries

BOSTON, Aug. 17. (UP)—Ray Stecker, former army football star, and Miss Jacqueline Densten, 21, of Brookline, were married Monday at Hudson, New York, it was revealed today. Stecker, a member of the 1932 class, is to report at Randolph High, San Antonio, next month.

## DALLAS YOUTHS REPORTED SUSPECTS

DALLAS—City and county police today believed two Dallas youths, accompanied by a young woman, may have been the kidnapers of Deputy Sheriff Joe Johns of Carlsbad, N. M. Police suspect the trio of two slayings and a series of robberies. They believe the youths killed an undersheriff at Atoka, Okla., last week and also killed a filling station attendant at Hillsboro, Texas, in a holdup a month ago. Johns, in San Antonio, said that the trio related crimes which are punishable by death. He said they admitted to him the automobile in which they were traveling was a stolen car.

## GIRL WITH KIDNAPERS KNOWN TO OFFICERS

## Democratic Standard Bearers Meet for First Time

"Well, how are you, John?" "Jimmy but you look fine, Governor!" It was the first time since the opening of the Democratic national campaign that Governor Franklin D. Roosevelt and the party's presidential nominee, had met his running mate, Speaker John Garner. And here you see them—Governor Roosevelt left as they stood together on the speaker's stand during a cornerstone laying ceremony for a new armory at Fiskeville, N. Y. Afterward they conferred on arrangements for the campaign.

## POLICE ROUT RIOTING FARMERS

SIOUX CITY, Ia., Aug. 17. (UP)—Police and special deputies early this morning repulsed an attack of 450 striking Iowa farmers on the Sioux City stock yards. The farmers, armed with clubs and brick bats, stormed the yards after more than twenty livestock trucks had eluded pickets on nine paved highways leading to the city. Twenty deputies and 25 city policemen repulsed the attack as the farmers attempted to take livestock from pens and trucks, running a blockade. There was no gunfire.

## Midland's Grid Enemy Is Ready

Football practice has begun for one of Midland's traditional grid enemies. Coaches of Austin High in El Paso began tuning up their football machine Tuesday with a weather eye on the city championship, and anxiously the intersectional tilt slated there with Midland.

## Wants to Buy 50,000 Lambs

Wanted: 50,000 lambs. I. E. Gaskill, formerly with the cattle loan firm of Coets and Mack, of Kansas City, is in Midland today, seeking to get that number of lambs for the market. He plans feeding them out on wheat and other grain rations, and last year fed out 127,000 lambs.

## Nolan Gets 39 Inches of Rain

SWEETWATER, Aug. 17.—The two-inch rain that has fallen in the past 40 hours brings Nolan county's total rainfall for the year to 39.73 inches, a record for all time. The rains throughout the year have not been accompanied by wind or hail, and there has been no damage done to terraces or crops.

## Pagoda Victims Are Improving

Two victims of accidents at Pagoda swimming pool this week were reported satisfactorily improved today. Jack Reed, 10, son of Mrs. C. H. Olson, may be removed from a hospital to his mother's home this afternoon and Jack Pickle of Big Spring returned Tuesday, after resting at the home of Wallace Wimberly from injuries sustained Monday, a day after young Reed fell. Both victims fell to the concrete walk surrounding the pool. Jack fell from the highest diving board Sunday afternoon, sustaining a skull fracture and a broken left arm, and Pickle and a youth named Smith, also of Big Spring, fell while trying to ride the trolley "double." Pickle received cuts and bruises, but Smith, who fell on Pickle, was virtually uninjured. Both accidents were due to carelessness, pool guards said. Nearly 400 boys swam in the pool Tuesday and not an injury was reported.

## HURRICANE DEATH TOLL INCREASES

### Forty Known Dead as Relief Workers Tabulate

ENID, Okla., Aug. 17. (UP)—Flood waters swirled down northwestern Oklahoma stream beds today, causing death, injury and huge property loss. A thousand families were after torrents of floodwater, five to eleven inches of water, swept across the country and the town. Many were drowned and five were missing. Corn and wheat were broken and trains ran slowly. Many bridges were washed out.

HOUSTON, Aug. 17. (UP)—The hurricane death toll stood at forty today as relief workers, mounted on horses, invaded the jungle-like coastal river bottoms, carrying food and clothing to destitute survivors. Mound Creek, a settlement of 100 near West Columbia, isolated since the storm, was reached and medical attention was given to most of the survivors. It was believed that most of the bodies had been found. Many were in such condition that it was necessary to bury without attempting identification. The number of destitute and homeless was estimated at 2,000.

## Relief Plans Extended

Coordinated relief efforts extending over the hundreds of square miles of the storm area south and southwest of here were in Houston laying plans for further efforts at rehabilitation, both for the present and the future. The number of seriously injured in the hurricane was known to be beyond 50, though many were being treated in an emergency hospital at Freeport, 12 at Angleton and 14 at Houston.

These bruised, cut and otherwise injured only slightly numbered more than 200, under the estimates of relief workers at Angleton, Freeport and West Columbia, the three hardest hit. Dr. J. L. Bothright at Angleton said he has probably were 500 other persons throughout the area with similar injuries who had not been reached by relief workers. He said the county roads had been impassable. He also estimated about 300 had been treated at various points, other than at the relief headquarters. The total damage ran into millions of dollars, though there was no way to obtain authoritative, specific estimates.

## Known Dead

The known dead: John Baggett, 24, Angleton; Edward "Long" Higgins, 6, Oyster Creek; M. F. Briscoe, 25, Freeport; Briscoe's 6 year old son; Mrs. Frank Briscoe, 36, Angleton; S. E. Giesbach, 25, West Columbia; Ruby Bothright at Angleton said he has probably were 500 other persons throughout the area with similar injuries who had not been reached by relief workers. He said the county roads had been impassable. He also estimated about 300 had been treated at various points, other than at the relief headquarters. The total damage ran into millions of dollars, though there was no way to obtain authoritative, specific estimates.

## Chewing Still Setting Records

This boy Leon Chewing, who played in the playground loop at Midland last year, is having a good year in the Whittenburg softball league, judging from the records. Chewing has pitched and won 35 games, struck out 497 men and hit 32 home runs. He is using a 10 inch insam ball, which is much more live than the 14-inch ball used in the Midland Nocturne league.

## Great Sunflower 15 Inches Across

The sunflower size has nothing on Midland for state of sunflowers grown, believes C. M. Mills, who exhibited a flower in Midland today that measures 15 inches in diameter. It looks like a shield and weighs five and a half pounds. Mills planted one seed, and got but one blossom—but this is so filled with seed that the farmer can easily plant an acre from it. It was grown on the J. M. King place, 10 miles east of Midland.

**A BROTHER'S HEROIC EXAMPLE**

Recent months have not been a good time for people who like to keep a strong faith in human nature. There has been a good deal of news of stupidity, venality and perversity in high places—almost enough to convince one that the race is a pretty shabby affair.

But now and then there will be a little story about some utterly unknown, perfectly ordinary individual that will turn the tide; a story that helps to restore one's belief that mankind is, after all, capable of very great and noble things.

Such a story got into the papers the other day from Canon City, Colorado.

Tom and George Embleton, brothers, were digging a well, assisted by their father. They got the well shaft 60 feet deep, and then George was lowered to the bottom in a bucket to set off a dynamite blast. He lit the fuse and ordered them to hoist him out. They began to do so and the rope broke. George fell to the bottom, knocked unconscious, and lay right on top of a charge of dynamite that was certain to explode very shortly.

The two men at the top of the well would have been amply justified in staying there, waiting in frozen horror for the tragedy. But Tom, without hesitation, got into the bucket and ordered his father to lower him into the well—into the well where a high explosive was due to go off in a few seconds.

Unfortunately, he was unable to save his brother. The dynamite went off when Tom was only half way down the shaft. He went on to the bottom, picked up his brother's broken body and brought it to the surface, but it was too late. George was fatally injured.

But you will go a long way before you find a finer example of real bravery than Tom displayed.

Physical courage, of course, is common enough. Millions of soldiers displayed it in profusion during the war. But there is always something immensely heartening about it. To see a man who is ready to act on the belief that there is something immensely more important than saving his own skin restores one's faith in the entire race.

**MUSSOLINI'S PLEA FOR BABIES**

The minds of great men sometimes move in channels which are incomprehensible to lesser mortals.

Mussolini recently ordered bargain excursion rates on trips to Rome for all honeymooners. Couples who can show that they are newly married can get an 80 per cent reduction in the price of their tickets; and all of this, it is explained, is done in the hope that it will encourage more Italians to marry, for Il Duce believes that Italy needs more babies and yet more babies, in a steadily increasing flood.

Why should Italy's dictator have that notion, anyway? For years the great trouble with Italy has been overcrowding. The peninsula cannot find room for all of its inhabitants now; it has not been able to do so for decades; a further increase in population would strain things unbearably.

Why should Mussolini or anyone else feel that Italy's great need is for a still higher birth rate?

Bulgarian writers have formed an organization against war, to prove in practice that the pen actually is mightier than the sword.

Why is it that cartoonists who advocate repeal of the Eighteenth Amendment as a "temperance move" portray what they claim to be increased support of that view by pictures of drowsy standing knee-deep in flowing liquor and with umbrellas raised to ward off raining bottles? If the pictures are actually illustrative of what repeal sentiment means, they hardly illustrate the "temperance" which many wets avow to be their goal.

**Quicker Freezing.**  
 In freezing ice cream or less make sure that your pans and ingredients are cold before you begin. This hastens the freezing process.

**Vegetable Colors**  
 When you are serving vegetables, try to have a color contrast. Never serve all green vegetables. Peas, spinach and beans make an unattractive combination. Carrots re-trieve it.

A simple menu becomes more interesting when the table has a colorful tone. Lemonade glasses, spotted or striped for circus day, will add a festive note. So will deep blue or bright red glass combined.

Instead of folding an extra blanket at the foot of the bed, place it on a nearby chair just before retiring. The weight of a heavy folded cover not only interferes with freedom of movement but retards circulation.

# DRUGGISTS GIVE UNITED GOOD SPANKING

## ELLIS' CLUB UPSETS DOPE IN ITS GREAT GAME; NIGHT CAP FEATURED BY MERRY-GO-ROUND OF 29 SCORES

By HERB ROUNTREE

A ball club that has been slow in gathering momentum during the second half of the Nocturne season broke loose with a shower of base hits last night, and Petroleum Drug took an 8-5 decision from the United Dry Goods company.

The win came as a surprise to the large crowd for United Dry Goods company has been rated all year as the third strongest club in the circuit.

Slim Newton outpitched Jimmy Adamson in a slab duel, and the hustling fielders of the drug company wasted few chances.

Hokus-Pokus took a 15-14 scoring rampage from Cowden Epley in the other game. The melee was exciting and could have been decided either way up to the very last minute. Lewellen was wild as a March hare, winking eight men. He whiffed nine, however. The Fords used two hurriers, Watlington and Scraggs. Bill Jones came to bat four times and slugged off four hits and made four runs. H. Whitmire hit for the circuit in the fourth inning with one on ahead.

## So They Wheeled Him Away

Even in Olympic warfare on the cinder track, there is occasional need for the ambulance squad, as this photo shows. Lambrow of Greece, a sprinter, collapsed at the finish of a race and was borne away, gasping for breath but resting comfortably on a stretcher, to the first aid station.

### Kidnapers

(Continued from page 1)

bad, N. M., ended here after a wild ride from Carlsbad, N. M., where he had been kidnaped by two men and an 18-year-old girl.

Johns walked into the sheriff's office here as a report was circulated that he had been circled by his abductors.

Johns said he went to a farm near Carlsbad at 9 a. m. Saturday to investigate a stolen car.

He told two men at the farm to dress and go to Carlsbad with him. While he was examining the car, the two men appeared suddenly behind him and ordered him to hold up his hands, Johns said.

The deputy started to pull his gun, but a warning shot from a shotgun in the hands of one of the men changed his mind, he said.

The men were then joined by an 18-year-old girl called "Honey," whose identity is known to New Mexico officials, and a long wild drive started.

They got to San Antonio at 10 p. m., Sunday.

After driving around all night, they put Johns out of the car five miles from the city.

DEPUTY DECLARES TRIO TREATED HIM ROUGH

CARLSBAD, N. M.—Two men and a woman who kidnaped Joe Johns, chief deputy sheriff of Eddy county, treated him "pretty" rough and forced him out of a car near San Antonio, Texas, Johns said in a telephone conversation with Sheriff Walter McDonald.

The kidnaping occurred at a tourist camp two miles from here.

The deputy sheriff told McDonald he did not know the identity of his abductors, who fled after releasing him. Johns said he would leave immediately to return to his home. He was not seriously injured.

Reports that Johns had been decapitated started when a tourist interpreted a statement that "Johns' hat was shot off" as being "Johns' head was shot off."

Johns was examining the motor number on an automobile, believed stolen, in front of the tourist camp when two men and a woman came out of the camp. The men covered Johns with a gun.

Johns reached for his pistol and one of the men fired, knocking Johns' hat off. Johns was forced into the car and the party fled.

They were traced into the Guadalupe mountains between El Paso and Carlsbad, where the trail was lost.

### Candidates

reduce his personal appearances to a minimum he can hardly help acting the part.

Roosevelt, who is being boomed in some quarters as a belligerent second Wilson, has had a yen for as wide a sweep as possible. But advisers have told him that no matter how far he went it would be demanded that he stop at every large city en route.

What Roosevelt will do remains to be decided.

Of course the radio is the thing that threatens to make "masked marvels" out of our candidates. And if you are only hurling things through the air from the quiet of your study you don't risk the embarrassing incidents which have often injured or ruined peripatetic candidates of other election years.

Tragic "Swings"

"Swings around the country" have been traditionally tragic. There was Wilson, who collapsed in his attempt to "sell" the League of Nations. His tragedy was spectacular although he was not barnstorming as a candidate.

Bryan went more places and made more speeches—1898, 1900 and 1908—than any other candidate ever did. Traveling from coast to coast, he drew enormous crowds. But he gained only the reputation of the man who ran for president continually and never won.

Charles Evans Hughes—now chief justice, went as far as the Pacific

### Youth Has Its Fling in Film

(Continued from page 1)

"New Morals for Old," filmization of the John Van Druten London and New York stage success, "After All," will end a two-day engagement at the Yucca theatre today.

Robert Young, who recently scored an outstanding hit in "The Wet Parade," has the leading male role with Margaret Perry, star of the Broadway production, playing opposite him in her original stage role. The film marks the first appearance on the screen of Miss Perry, who first received critical acclaim for her portrayal of the Southern girl in the original stage version of "Strictly Dishonorable."

Lewis Stone, the distinguished stage star, Laura Hope Crewes, and Myrna Loy also play prominent parts in "New Morals for Old" with the large supporting cast including David Newell, Jean Hersholt, Ruth Selwyn, Kathryn Crawford, Louise Closser Hale, Mitchell Lewis, Elizabeth Patterson and Lillian Harmer.

The story of "New Morals for Old" deals with the age-old struggle between old-fashioned parents and modern children. Hampered by constant restrictions and supervision at home, a brother and sister resolve to lead their own lives, defying conventions and the wishes of parents who refuse to understand.

The son longs for a career as a painter and thumbs his nose at his father's wallpaper business. The daughter falls in love with a married man and scorns puritan inhibitions. The result is both leave home, one for a vivid life in the Bohemian quarter of Paris, the other for her clandestine romance. Both experiences result in dramatic climaxes of a spectacular nature.

### PLANES TAKE OFF

Two commercial planes took off from Sloan field Tuesday. One, a Halliburton airlines plane, landed here Saturday. It was flown by J. Taylor and was bound for Hobbs and Amarillo from Tulsa. The other was a Stinson-Detroit, flown by Lee Smith and contained three passengers. It was bound for San Antonio from El Paso.

PITTSBURGH.—Six years ago a water well was drilled on the farm of J. Henry Forrest and J. A. Patterson. Just recently Forrest went to the well to get water and found it had stopped flowing. In its place was a well full of oil. It is estimated the well will yield a barrel a day if it keeps up its flow. It will bring about two or three dollars a day.

### ONE CENT CAUSE

LOS ANGELES.—Just one copper penny was the cause of a \$500 court action brought by the mother of five-year-old Robert Harris against a weighing machine company here. The suit was filed on the grounds that a year ago, when the boy climbed aboard a scale and deposited his cent in the slot to weigh himself, the machine toppled over and inflicted serious cuts.

The boy appeared in court with his mother, who testified in his behalf.

FORT WORTH (UP)—On his first night off in 20 years as a motion picture theatre employe, Harry Gould went to a movie and enjoyed it.

When the Palace theatre closed here recently, Gould, its manager, had his first free night in two decades of service as treasurer and manager of theatres here, in Dallas, and in Waco.

"That was the first picture I ever thoroughly enjoyed," Gould said. "I didn't have to worry about it."

LOCKHART (UP)—Freak election bets are being made here on the outcome of the race between Mrs. Miriam Amanda Ferguson and Governor Ross Shaw Sterling for the gubernatorial nomination.

Edgar Vogel, assistant cashier of the Lockhart National Bank, will push Alvin Pfeiffer, bank bookkeeper, around the public square in a wheelbarrow if "Ma" is elected. Pfeiffer will do the trundling if Sterling wins.
