ANDREWS WELL RESPONDS TO SHOT AND FLOWS BY HEADS

MAY BECOME BEST WELL IN COUNTY

To Set Pipe Tuesday In Northern Ector County Test

Andrews county's best producing oil well may have resulted from the shot given Deep Rock Oil Co. No. 1 Kuykendall late Saturday, the well having filled and flowed by heads Sunday.

Gas Increases

Gas began increasing immediately after the shot, being estimated at 3,000,000 cubic feet; and the well began spraying oil.

Two hours later, oil had risen 2,000 feet in the hole and in another five hours had risen to a total of 4,200 feet after which the well cleaned itself. The well flowed by heads at 12 o'clock Sunday noon and again at 7 o'clock in the evening.

Reports that a slight gas showing had been encountered at about 3,950 feet were not verified.

Lions Club Asks For Magazines

More magazines are needed by the Lions club for distribution to people in Midland unable to afford subscriptions or purchase of periodicals, it was announced today.

TWO HURT IN WRECK

VICTORIA, March 23. (UP).—Benjamin Shaeffer, 15, is believed dying in a hospital here and Ernest Shultz is critically hurt following a motorcycle accident.

COURT ADJOURNS

WASHINGTON, March 23. (UP).—Supreme court adjourned today until April 13.

VISITS FAMILY

R. W. Patterson returned Sunday afternoon from San Angelo where he spent the week end visiting his wife and baby.

A. L. Houston, One of Oldest Settlers, Dies

A. L. Houston, 73, one of the oldest settlers of Martin county, died at his home in Stanton Sunday night.

Driving a herd of 500 cattle before him, Houston and his wife, who still lives, went into Martin county about 45 years ago and settled in the midst of a 45-section pasture.

At the time of death, he still owned most of this land, was president of the First National bank of

Stanton, and a director of the First National in Big Spring.

Houston had been ill for many months, of hardening of the arteries.

An uncle of Mrs. G. W. Tom of Midland, the dead man is survived by five sons, one daughter and his widow. The boys, W. G., S. C., W. C., H. A. and A. R., all live in Stanton. The daughter, Mrs. Grady Spruce, lives in Dallas.

Funeral services were held in Stanton this afternoon.

BAPTIST CHURCH BREAKS ALL-TIME ATTENDANCE MARK

The First Baptist church set an all-time attendance record for Sunday school services in Midland Sunday morning, when 556 were present.

Total Sunday school attendance of the four churches that reported was 1140. These churches were: The First Baptist, First Methodist, First Christian and the Presbyterian.

Only three of these churches turned in attendance for morning worship. These totalled 408. The First Methodist church did not count its crowd.

Sunday school attendance by churches: First Baptist, 556; First Methodist, 354; First Christian, 148; Presbyterian, 82. Morning worship: First Baptist, 226; First Christian, 105; Presbyterian, 77.

BROTHERS JURY IS COMPLETED EARLY TODAY

CHICAGO, March 23. (UP).—A jury of twelve men, all of whom said they were ready to return a death verdict if evidence justified, was obtained and sworn early today to try Leo Brothers.

Midland Relief Crew Saves Amos

Amos 'n' Andy were almost put out of commission Sunday night in Big Spring, and Midland saved the program of the popular black-face pair by going to the rescue.

The great transcontinental lead of the Southwestern Bell Telephone and Telegraph company was burned in two, three 150-foot spans of it. The line carries Amos 'n' Andy, transcontinental telephone traffic, television and telephoto messages, according to District Manager Hunter.

The trouble was reported at 11:30 Sunday night. A trouble-shooters crew left Midland immediately and the damage was repaired after one hour and 40 minutes fast work.

CC Membership Gets "The Limit"

The limit was reached Monday! The Limit joined the chamber of commerce. Mr. and Mrs. Jay King, who operate a pig and soda water stand on Wall street, took out a membership in the chamber. The name of their sandwich shop is "The Limit."

INTERESTING CAR

A Blitz automobile, the first ever seen by many Midland people, was parked for a short time this morning near Hotel Scharbauer.

CONGRESSIONAL DISTRICTS ARE MAPPED AGAIN

AUSTIN, March 23. (UP).—Numerous changes in the proposed redistribution of counties to form 21 Texas congressional districts has been made by the house committee to which the original redistricting bill was sent.

The committee is reporting a substitute amendment. It marks the following distribution:

First: Bowie, Cass, Red River, Franklin, Titus, Wood, Morris, Camp, Marion, Upshur and Lamar.

Second: Jefferson, Orange, Hardin, Tyler, Jasper, Newton, Sabine, San Augustine, Nacogdoches, and Angelina.

Third: Van Zandt, Smith, Cherokee, Rusk, Panola, Gregg, Harrison and Shelby.

Fourth: Grayson, Fannin, Collin, Hunt, Delta, Rockwall, Rains and Hopkins.

Fifth: Dallas.

Sixth: Ellis, Navarro, Anderson, Kaufman, Henderson and Hill.

Seventh: Galveston, Calhoun, Chambers, Matagordi, Brazoria, Fort Bend, Wharton, Jackson, Victoria, Goliad, Refugio, Aransas, Bee and San Patricio.

Eighth: Harris.

Ninth: Fayette, Colorado, Lavaca, DeWitt, Gonzales, Guadalupe, Wilson, Karnes, Atascosa, McMullen, Live Oak, Jim Well and Nueces.

Tenth: Hayes, Caldwell, Bastrop, Travis, Williamson, Lee, Burleson, Washington, Waller and Austin.

Eleventh: Falls, Bell, Coryell, McLennan, Milam and Bosque.

Twelfth: Tarrant, Johnson, Parker, Hood, Somervell.

Thirteenth: Hardeman, Foard, Wilbarger, Baylor, Archer, Clay, Jack, Montague, Wise, Wichita, Cooke, Denton and Young.

Fourteenth: Bexar.

Fifteenth: Cameron, Hidalgo, Starr, Zapata, Webb, Jim Hogg, Dimmitt, Maverick, Uvalde, Kinney, Duval, Brooks, Kennedy, Zavala, Frio, La Salle, Willacy and Kleberg.

ARREST IS FRAMEUP, THEY SAY

Former Austrian Now Faces Definite Charges

Paul Kassey was indicted by the Summit county grand jury on a charge of criminal syndicalism today.

AKRON, Ohio, March 23. (UP).—The district communist party announced today that it would furnish bond for Paul Kassey, accused of plotting destruction of the navy dirigible Akron. The party charged Kassey's arrest as part of a nationwide movement to discredit the communist party.

Miss Jennie Cooper, district organizer of the International Labor Defense committee of Cleveland, announced that she would come here today prepared to furnish the \$40,000 property bond.

The action was taken following a return of the defense committee attorney, Mrs. Yetta Land, who was sent to Akron to investigate the cause. She reported the arrest was a frameup, Miss Cooper said.

BUILDING FOR COOKING SCHOOL SECURED TODAY

Arrangements were completed today for use of the former Dodge garage building for The Reporter-Telegram cooking school, to be held April 7-10, inclusive.

The building, owned by R. B. Cowden, is 50 by 150 feet in size, has an attractive display room at the front which will be used by merchants and firms participating in the school for demonstration of their wares, and will provide ample room for seating the hundreds of women expected daily. The building is located at the corner of Loraine and Missouri, a half block south of the post office.

Announcement will be made within a few days of the firms and products to be represented in the school and also of prizes to be awarded in connection with attendance at the various sessions.

Mexia Man Near Death From Crash

MEXIA, March 23. (UP).—D. L. Franklin, 30, was near death today as a result of a collision of his car and a southbound Southern Pacific passenger train at Wortham. He was alone when the train struck his car on the main street of Wortham.

Body Marshall Painter Found

JEFFERSON, March 23. (UP).—Bisected from the head to the waistline, the body of Frank Smith, Marshall painter, was found on a Texas and Pacific track near here today. It is believed that he fell from a freight train.

LAND AT PORT

M. W. Jarenby, Dallas to Los Angeles, in a Monocoup, and Miss Suzanne Garvin of the Warner Aircraft company, en route to San Diego in an Inland Sport, landed at Sloan field this morning.

President's Party Leaves U. S. Shores

President Hoover and his official party are shown here on the deck of the battleship Arizona just before casting off from Norfolk, Va., on their cruise to Porto Rico and the Virgin Islands.

Midland Cattlemen Cause Swing of Meet to El Paso

Three Midland cattlemen were responsible for throwing the 1932 convention of the Texas and Southwestern Cattle Raisers association to El Paso, it was revealed here today. El Paso won over San Antonio by four votes.

Elliott C. Cowden, Foy Proctor and Clarence Scharbauer had intended voting for San Antonio until a few minutes before the election; but, on conferring, they decided the meeting would be more advantageous to Midland if held at El Paso, in that cattle buyers attending the meeting could be induced to come here more easily from the western border city.

Had they voted for San Antonio, that city would have won by two votes.

PRESIDENT GETS OFF ARIZONA AT SAN JUAN TODAY

SAN JUAN, March 23. (UP).—President Hoover arrived at the capital of Porto Rico today after a six-mile journey from Ponce.

PONCE, Porto Rico, March 23. (UP).—President Hoover landed at 7:45 this morning on the first stop of a Caribbean cruise.

He came ashore after a conference with Governor Theodore Roosevelt aboard the Arizona.

A large crowd greeted the president.

Final Police Entry Comes With Killing

HOUSTON, March 23. (UP).—The 24th and last entry alongside the name of Dale Barnwell, 24, was made today. It read "Killed by Detective R. F. Johnson while robbing a safe."

The detective shot when Barnwell whirled with a sledge hammer as he was surprised with Bert Seymour in robbing a safe. Seymour was held. Barnwell had been arrested 23 times.

The "isms" and "istics" are what's wrong with American art. —Frank Lloyd Wright.

PRORATION PROTEST IS VOCIFEROUS

Oil States Meeting Is Called at Texas Capital Soon

LONGVIEW, March 23. (UP).—Nearly 500 east Texans will leave for Austin today and tomorrow, on a special train and special cars, and tomorrow will launch a protest against institution of proration rules in east Texas oil fields.

The delegation will appear before the railroad commission Tuesday morning.

Call Oil States

AUSTIN, March 23. (UP).—A general conference of officials of oil states in Austin was officially ordered today when the house of representatives adopted the senate resolution.

It is understood that Governor Sterling would sign the resolution though his signature is not needed to make it effective.

The date will not be fixed until a full Texas committee is named.

Drop Continues in Income Tax Payment

WASHINGTON, March 23. (UP).—Further drop in income tax collections was revealed today in reports showing total collections to March 20 for the month as \$283,229,295, compared with a total last March of \$460,328,715.

Bodies Removed From Crack Train

EIGHTON BUZZARD, Eng., March 23. (UP).—Relief crews and doctors labored throughout the night to remove the injured and dead from the wreckage of three Royal Scot express coaches which were derailed at the station here late yesterday with a loss of at least six lives.

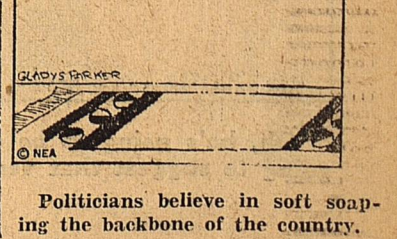

W. R. Chancellor Is Now Improving

W. R. Chancellor, formerly of Midland, was improved today from an illness in Roswell, Dr. John B. Thomas has learned.

First reports received by Dr. Thomas said Chancellor was dying of heart disease.

Chancellor was at one time cashier of the First National bank and dealt in real estate here.

FLAPPER FANNY SAYS

Politicians believe in soft soaping the backbone of the country.

AD VALOREM TAX ABOLITION GAINS STEP IN SENATE

AUSTIN, March 23. (UP).—Abolition of the state ad valorem tax won its first step toward victory in the senate today when the proposed constitutional amendment for that purpose was engrossed.

Ad valorem taxes now raise about \$25,000,000 of the state's annual revenue. If such a tax is abolished it will make a difference in special taxes.

The constitutional amendment to free homesteads of tax up to a valuation of \$5,000 also was engrossed.

Pre-Easter Church Services to Begin

The pre-Easter revival at the First Methodist church begins next Monday, with the Rev. S. L. Batchelor of San Angelo, doing the preaching.

Pre-Easter prayer services begin at the church tonight, and will go through Thursday evening. Each service begins at 7:30 and lasts a half-hour.

Body of Man Is Recovered Today

DURANT, Okla., March 23. (UP).—Farmers recovered the body of Joe Beason, 25, who fell from a bridge into the Red river nearly three months ago, 30 miles below the bridge, late yesterday.

TO PECOS COURT

G. W. Dunaway, Midland attorney, and Fisher Pollard, sheriff's deputy, went to a court session in Pecos this morning. Dunaway was in a civil case there.

MAKESHIFT JOB RELIEF BY BRUCE CATTON

An Omaha judge during the past winter has found an ingenious and sensible way of dealing with unemployed workers. He has arranged for several hundred of them to go to various Nebraska farms, working throughout the winter at farm chores in return for their room and board; and most of the employers have promised to pay the men regular wages when the spring season opens.

In this way approximately 100 men a month have been kept from hunger and cold throughout the winter; and the judge, naturally enough, has drawn a good deal of praise for his practical solution of a tough problem.

However, it is quite possible to pour out too much praise for this scheme. The judge is to be commended for arranging things in the way he did, of course; but admiration for his ingenuity ought not to blind us to the fact that the while thing, at best, is only a pitiable makeshift.

That is the trouble with all of these plans for unemployment relief. When they work out well, we are apt to get too satisfied with them—apt to feel that because they are working so well we need not worry very much about the general question of unemployment.

The problem of the unemployed worker, in fact, is probably the biggest problem the nation faces today; and it is not a problem that will be ended when prosperity returns and the men go back to work. For our present economic system seems to call for recurring waves of unemployment. It seems to be fated, under the present dispensation, that poverty and hunger shall descend on millions of Americans every eight or 10 years. But because we have a few years of prosperity between these depressions, and because, when the depressions come, clever stunts are devised to ward off actual starvation, we manage to pretend that the problem is not, after all, so very pressing.

What have these jobless Nebraska men been given, anyway? A chance to work all winter long for no pay; a chance to give the best efforts they have in order to keep from starving or freezing to death. They get, in other words, the absolute minimum; and it is not taking anything away from the intelligence and kindness of this judge to say that they are not getting nearly enough.

The danger that confronts us now is that we may be too easily satisfied. It is not enough to know that hungry men have been kept from dying. The defects in our civilization which put them in danger of dying in the first place still remain; and until we have made a determined and whole-hearted effort to remove those defects we can have no excuse for feeling that things are being managed properly.

INCOME TAX

It now appears that there are income taxes and income taxes.

In Texas, for instance, there might have been a scientifically devised system of income taxation which would have brought order out of chaos—a tax which was uniform and equitable, acceptable to business, to agriculture, to industry.

Not a few newspapers, and for that matter a great many industrialists, had been inclined to look upon the income tax resolution sponsored by Elbert Barron, of Grayson county, as the beacon which might lead us out of the labyrinth of discriminatory and expedient taxation which now makes conditions so uncertain in Texas.

Mr. Barron had painted his income tax proposal in such a light, but it seems that he lacked sincerity.

All income tax which would have replaced all the special forms of taxes now levied against Texas industry and business would have been almost a Godsend. But an income tax, in addition to a dozen other forms of unrelated and unscientific levies, would simply add to a situation which is now almost hopelessly confusing and uncertain.

As chairman of a sub-committee to which tax bills have been referred Mr. Barron has consistently voted for new and discriminatory levies against this Texas industry and that Texas industry. He has done this, even while sentiment was building behind his income tax proposal. He

IDEAS that have made JOBS for thousands

Motion Pictures Took 400 Years to Perfect; Industry That Furnishes Jobs for 325,000 Is the Product of Many Great Minds

BY WILLIS THORNTON NEA Service Writer

The dream of pictures that would move is almost as old as pictures themselves. Leonardo Da Vinci, the great Florentine artist, architect and inventor, predicted them at the same time when he was trying to build a flying machine, 400 years ago.

Today's realization of the dream is the product of many minds, each of which advanced a little farther the idea that occupied them all. Daguerre and Herschel advanced photography. The Englishman, W. G. Horner, invented his toy "Wheel of Life" or Zoetrope, a rotating cylindrical box through which you could look at pictures within, which seemed to move jerkily as they passed the opening. Then came the Englishman, Eadweard Muybridge; the American, Edison; the Frenchman, Lumiere, and others.

They were all hot on the trail of the great idea which today furnishes work to 325,000 Americans. Only 75,000 of these are actually concerned with producing the pictures shown.

The rest are employed in distributing them and in operating the 22,371 theaters in the country exhibiting them. It is estimated that 115,000 Americans pay admission to movies every week. As the living stage was not killed off by the advent of movies, this tremendous number of more than a quarter of a million jobs is almost clear gain.

One of the earliest men to make a true "moving picture" of an object actually in motion was Muybridge. He became acquainted with Governor Leland Stanford of California in 1878. The governor was a racing enthusiast, and very rich, so he was the ideal man to back Muybridge.

The Englishman wanted to make a series of consecutive photographs of a running horse. A row of 24 cameras was erected along the track on poles, and a series of strings attached to the shutters was stretched across the track in such a way that the horse would strike each string in turn, and take his own picture as he passed.

Muybridge was principally interested in analyzing the movements of the horse for the use of artists, but he tried projection by attaching a series of glass photographic plates to the rim of a wheel which he rotated around the lens of a magic lantern. It was too clumsy to be practical. Several others worked along the same lines.

But Thomas Edison then became interested. Procuring some of George Eastman's newly-developed flexible celluloid film, he developed the Kinetoscope, a sensation of the '90's. This was a box with a peep-hole in the top. An endless band of film was run beneath the peep-hole on rollers, and beneath this was a light.

From this it was only a step to projection, and Edison's projector, called the Vitascoper, gave a public showing at Koster & Bial's Music Hall in New York in April, 1896.

Moving pictures at last a reality, inventors fought to be the first to improve them, and in 1902 the first "Nickelodeon" was opened in Los Angeles. For a nickel you could see two reels lasting about 20 minutes. Here was shown "The Great Train Robbery," forerunner of the screen drama. Within two years there were 5,000 "Nickelodeons," and the rise of a great industry from these beginnings lies within the memory of most of us.

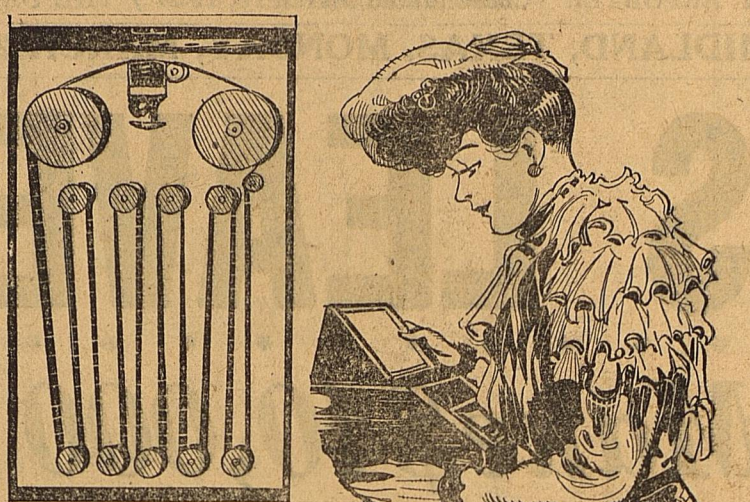

NEXT: The automobile puts a lot of horses out of jobs, but brings work to millions.

FIRE ALARM EDUCATION

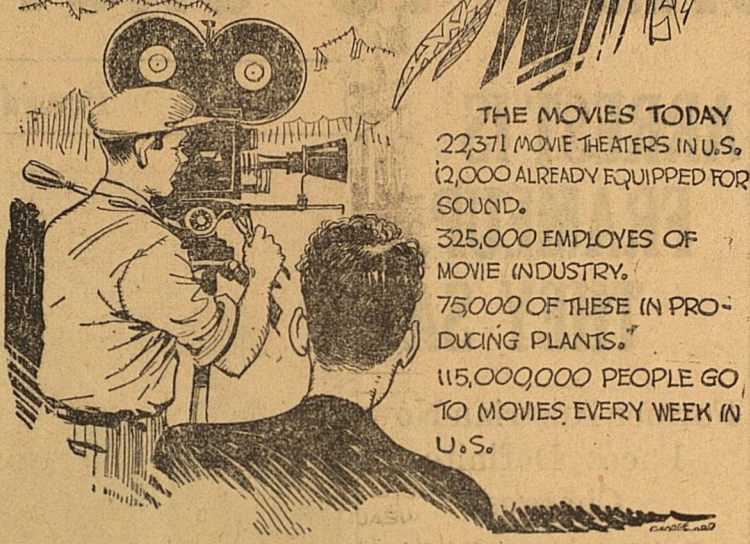

ELLINGTON, Conn. (UP)—The town fathers have instituted a campaign to educate residents of this rural community in use of the fire alarm. Farmers prefer to telephone individual members of the fire department on their party lines instead of ringing in the alarm.

SOCIETY

Heads of Unions Selected at Sunday Meetings

Mr. and Mrs. L. H. Hall were elected Sunday evening to be the directors of the B. Y. P. U.'s of the First Baptist church. At the same time, separate unions selected officers to be in charge of work during the new quarter.

Miss Obera Hines is president of the Young Peoples' Union, Nez Cooper, vice-president; Ida Mae Houston, recording secretary; Evelyn Adams, corresponding secretary, Alton Gault, treasurer; Joe Mitchell, and Mrs. L. H. Hall, group captains; L. H. Tiffin, daily Bible readers' leader; Evelyn Adams, pianist and Leon Arnett, chorister.

Leaguers Attend Shepherd's Union At Water Valley

Twelve Midland young people of the Senior Epworth league were among the 80 people attending the quarterly conference of the Shepherd's union at Water Valley Sunday.

Lunch was served to the delegates by the host church and an inspiring program followed.

The local union's contribution to the program was a debate on the question, Resolved that Boys Are Better League Officers Than Girls. Affirmative contenders were Ray Gwyn and James Killough and their opponents were Misses Esther Mae Hodo and Nellie Stephenson.

Selection of Midland as the next meeting place was done in the business session.

Churches represented were Miles, San Angelo First Methodist, San Angelo Trinity, Midland, Sterling City and Water Valley.

Midland delegates were Misses Alta Mae Johnson, Esther Mae Hodo, Nellie Stephenson, Mamie and Mabel Dale and Messrs R. T. Whitmire, James Killough, Pope, Ray Gwyn, Donovan Gwyn, Dee Thurman McCleskey, and Uel Feeler.

Mary Elizabeth Newman Has Party On 11th Birthday

MARY ELIZABETH Newman had an Easter party given by Mary Elizabeth Newman Saturday afternoon marked the celebration of her eleventh birthday. The party was given at the home of her mother, Mrs. G. C. Newman.

Merry games were directed by Mrs. Paul F. Vickers and Mrs. F. J. Middleton during the play hour.

Favors given at the tea hour were bunnies carrying small baskets of Easter eggs. Ice cream and cake for the green and pink color motif with bunnies featured in the ice cream.

Little friends calling to honor Mary Elizabeth were Gloria Swan, Dorothy Speed, Dorothy Nell McKee, Mary Beth Scruggs, Anna Beth Bedford, Virginia Gay, Leola Lemoine Sidorff, Mary Louise Cowden, Ann Lloyd, Jesse Lynn Tuttle, Myrtle Jean Butler, Beulah May Coleman, Phoebe Ann Jones, John and Billy McGrew, James Franklin Cowden, C. A. Goldsmith, Billy Estes, Aldredge Estes, John Gay, Fred Gordon Middleton, Edwin Ferrell and B. C. Girdley.

A. J. Harper, G. M. A. C. representative of El Paso, is in the city today.

L. W. Mann, Deep Rock Oil company man of Andrews, spent Sunday in Midland.

Mr. and Mrs. Elliott F. Cowden returned yesterday from Corpus Christi where they attended the Cattleman's convention.

R. V. Scott, Texas company geologist, returned to Midland Sunday evening from San Antonio after spending a few days at the geologists convention.

Al Ladner of Rankin spent the week end visiting in Midland.

Happy Birthday!

TODAY Mrs. Euna Henderson TOMORROW Charles Post Neil Bounds Thomas D. Murphy Jr. Duke Kimbrough

Announcements

Thursday Mrs. George T. Abell will be hostess to the Thursday club at her home at 3 o'clock.

Mid Alpha Delphian chapter meets with Mrs. Charles Klapproth at 3 o'clock. Mrs. H. B. Dunagan will lead.

North Ward P. T. A. meets at the school building for a business meeting at 3 o'clock.

Epsilon Sigma Alpha sorority meets with Miss Stella Maye Lanham at 8 o'clock.

South Ward P. T. A. will meet at the school building for business at 3 o'clock.

Friday Belmont Bible class meets with Mrs. J. C. Hudman, 607 North Main, at 3:30.

Community Bible class meets with Mrs. D. E. Shoemaker, 711 North D street, at 3 o'clock. Study will be taken from the fourth and fifth chapters of the course.

Mrs. R. M. Barron will entertain for the Jol De Vie club at her home at 3 o'clock.

Garden Fancies

What to Plant How to Plant When to Plant What Some Are Planting Now

Parsley is used largely for decorative purposes on table dishes. Poor stands of this crop are frequent. Seed covered with chipped ice for 24 hours and then soaked in warm water for 24 hours will usually germinate to a good stand. Hamburg Rooted is a good variety.

Peppers stand a good deal of heat and are grown quite similarly to eggplants. Harris Early Giant, Ruby King and World Beater are good varieties.

Radishes must be grown rapidly or they will become tough, bitter and pithy. Seed may be sowed as soon as the last hard freeze is over in rows only 6 or 8 inches apart as the crop matures before there is need for cultivation. Three or four seed per inch is enough in the row. The button variety matures much sooner than the long type. Scarlet Globe is a favorite variety of the former while Charters is an excellent long red type.

Rhubarb is a hardy perennial plant of acid flavor used largely in pies. In planting this crop the roots should be planted deep (6 to 10 inches), but the crowns should not be covered more than 2 to 3 inches deep. The rows should be 4 to 5 feet apart, setting the plants 2 to 3 feet apart in the drill. It is hard to make soil too rich for rhubarb.

H. W. Lowrie Jr., has returned to Denver after a business visit in the city.

Barron Kidd of the Furman Oil company is expected to return to the city tonight after a trip to East Texas.

Miss Vida Fletcher of Pyote is spending a few days visiting Mrs. Beulah Hiler.

Splendid Program Given at First Christian Church

The fourth Sunday of each month has been set aside at the First Christian church as Young Peoples' night, when the entire church service will be devoted to a program presented by the young people.

The first of these was given Sunday evening, twelve people participating in the program. Features were piano solos, vocal solos, readings and instrumental music. Scripture and lesson talks were also given.

Miss Georgia Kirk Davis and Mrs. Lige Davis returned to their home in Big Spring yesterday afternoon spending a few days with Mrs. R. T. Bucy and Mr. Don Davis.

News from Mrs. Evelyn Herrington, who recently underwent an operation, says that she is improving and expects to return to Midland the latter part of the week.

Mrs. Marion Gardner, who until recently made her home in Midland, is now living in Tyler where she is connected with the Sun Oil company.

Mr. and Mrs. John Haley Jr., who have been in Corpus Christi attending the Cattleman's convention, passed through Midland yesterday en route to their ranch.

Mr. and Mrs. W. W. Patrick are expected to return tonight from San Antonio where they attended a geologists meeting.

Mr. and Mrs. W. C. Kinkel returned late Sunday from San Antonio where they spent several days at the American Association of Petroleum Geologists.

Mr. and Mrs. A. J. Florey returned to the city Sunday after a week end visit with her parents in Mineral Wells.

Mr. and Mrs. D. E. Holster and sons and Mrs. Ben Reed visited in Big Spring Sunday afternoon.

Mrs. P. K. Smith of Abilene spent the week end transacting business in Midland.

Mr. and Mrs. Fred Morely of Roswell are in Midland this week. Mr. Morely is with the Griffith Amusement company.

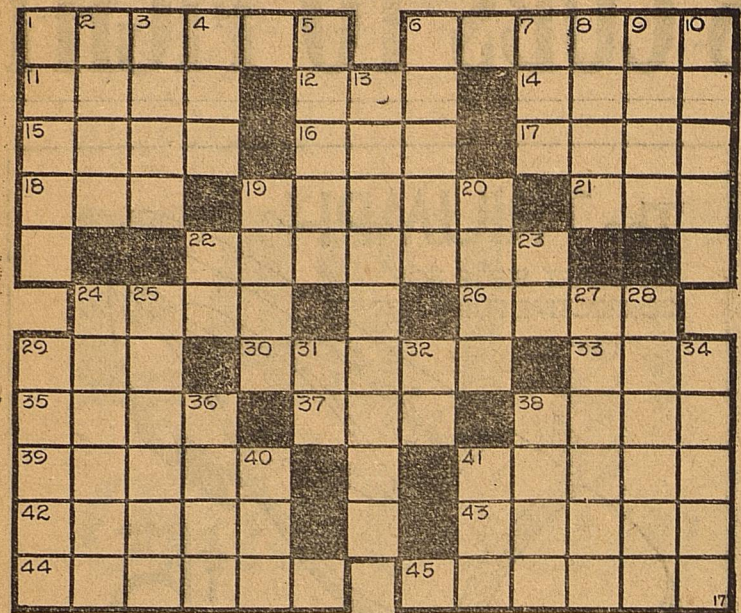

Mr. and Mrs. T. Paul Barron and son Charles, Mrs. J. P. McClarty, Mrs. J. H. Barron and Mr. and Mrs. Elliott Barron visited in Big Spring Sunday afternoon.

ROCKET AIRPORT

BERLIN—Just like regulation aircraft has airports, so do the new rocket planes being tried out in Germany. One such port has been erected outside this city. It is two and a half miles square and is equipped for experimental rocket flights. Laboratories and shops working out and constructing rocket craft are all on the grounds.

HORNSBY PLACES MUCH FAITH IN ABILITY OF HIS CUBS TO FIGHT

Ellis Cowden Elected Head of West Texas Golf League

MOUND STAFF SET FOR SCHEDULE, IT SEEMS

By DAN THOMAS, NEA Service Writer.

LOS ANGELES, March 23.—"I'm not saying we'll win the pennant this year — but I'm not saying we won't, either."

The words are the Rajah's, the great Hornsby, who, as the new commander-in-chief of the Chicago Cubs, will be the only playing-manager in the big leagues this year.

The Cubs may not nail up another pennant but any team that

beats them out will have to fight. Generally speaking, Chicago will have the same crew this season that won in 1929 and was barely nosed out by the St. Louis Cards last year.

And what is assuredly of more importance, Hornsby seems to have restored harmony, displacing the internal dissension which constituted the Cubs' biggest handicap of last summer.

Reports that Joe McCarthy was to be fired and his subsequent discharge did almost as much last year to beat the Cubs as the famous stretch drive of the Cardinals. Joe was popular and the gang hated to see him go. The Rajah faces a task of winning the players to his side, even though he is a pretty good egg, too.

"I know the Cubs have the fight and are capable of coping the championship," the new Cub boss told me when the Bruins engaged the Los Angeles club of the Coast League in a recent series. "What the final outcome will be depends largely on what kind of breaks we get, because the breaks count a lot in baseball. We'll be out fighting to make our own breaks."

Hack Wilson was the center of a row in the Club ranks shortly after the team reached Catalina Island to open the training period. The 1930 home run king, whose 56 homers were seven ahead of Babe Ruth's circuit clouts, rose up in arms when Hornsby mentioned shifting him from center to right field. Hack interpreted this move as meaning that he had lost his speed and couldn't satisfactorily cover the center pasture any longer.

All must have been settled, however, for the pudgy Wilson still is playing his old position. And thus far there has been nothing to show that his batting eye became dimmed during the winter lay off.

"One of the main things a club needs is plenty of reserve strength," Hornsby remarked. "We'll have an edge on some of the clubs in that respect this year. Our reserves are almost as strong as the regulars."

Certainly the Cubs shouldn't have any pitching troubles this season. Practices have brought out seven right handers and three southpaws who are ready to step into a championship game any day now. Fred Blake, Guy Bush, Pat Malone, Jess Petty, Bob Osborne and Charley Root, all regulars last season, are back again this year. Augmenting that array of pitching flesh are Les Sweetland, whom the Cubs got from Philadelphia; Ed Baecht, who was one of the mainstays of the local Coast League team last year; Frank May, Cincinnati Reds southpaw; and Bob Smith, a right-hander obtained from the Braves.

Gabby Harnett and Zack Taylor again will divide most of the backstop work. And we don't mind saying that it's hard for a team to go

Bad Stomach Cause of Bad Skin

You can't expect to have a good clear fresh-looking complexion if your stomach is weak and disordered. Undigested food sends poisons through your whole body. Pimples appear in your face, skin grows sallow and muddy and loses its color. Your tongue becomes coated, breath most unpleasant. But these troubles will end quickly and skin clear up if you will start today taking that simple herbal compound known to druggists as Tanlac.

Tanlac contains nothing but herbs, barks and roots which have a cleansing, healing effect on a poor upset stomach. Just a tablespoonful before each meal stimulates the digestion naturally so that you can eat what you want without fear of distress. And when your stomach is in good shape again see how much keener your appetite is—watch how quickly skin begins to grow free of disfiguring eruptions. The cost of Tanlac is less than 2c a dose. Get a bottle from your druggist today. Money back if it doesn't help you.

SPORTS REPORTS

"Go on out and qualify for the ladder tourney," the sports-greens committee said today. "The days have been bad lately, but another extension of time is granted. We will hang names on the ladder Saturday night. Matches can start Sunday. Every golfer, especially those who have a chance to get in the 20 highest on the ladder, is asked to aid us." There will be a big bunch on the links every afternoon that is favorable, we'll bet. To see if we're right, we'll go out there on pleasant afternoons and find out.

Here are the ones highest on the ladder at present, and in the right order: Ellis Cowden, H. S. Forgeron, Billy Hoey, F. H. Day, Joe Chambers, Delo Douglas.

Glad now we didn't trundle around a set of clubs with Delo the other Sunday. He said he had never played the game, him with the upper half dozen. Can you beat that! And the winners were to have been staked on the outcome!

The Bushers and Southern Ice baseball teams had the ghost walking in Cowden park Sunday afternoon. They could no more resist playing than the crowds could watching. A sprinkling of the old time crowd was there in the bleachers and in the stands.

No one knew the score at the end of the four innings played. We failed to see the third out called on the Bushers. It might have been called, but someone smacked one for three bases, scoring about three runners, someone else grabbed off a hit—and the game stopped. That was the way it looked to us. A minute or so before, a fielder missed a ball in left field and threw up his glove and quit, telling the coach on the third base line to "send someone out there who can play."

Some lively hit balls, good base running, a pretty good brand of pitching made the game look all right, however. Maybe the lure of the diamond will start regular Sunday afternoon games. We hope so.

Here's what the cowpunchers and ranchers were waiting for, the account of the Agua Caliente handicap. It's an Associated Press report:

"Springing a decided first, Mike Hall of the Robert M. Eastman Stable, Chicago, Sunday won the Agua Caliente Handicap in its second re-

wrong when Gabby is in there. He not only is one of the league's best catchers, but he slugs the old apple and he knows how to inspire his mates. Bill Campbell, whom the Cubs got from Memphis, and Bob Grace, who was farmed out to Reading, Pa., last year, are being carried as reserve catchers.

The infield regulars probably will consist of Grimm at first, Hornsby at second, English at short and Bell at third. There also has been a lot of talk about Bill Jurgas, another youngster from Reading. Some of the experts think that he will make English hustle in a big way in order to keep his berth. Jurgas has been showing up mighty well in practice games. Beck and Blair also will be held in reserve for infield duty.

The outfield won't see any change over last season. Wilson again will be in center, flanked by Cuyler in right field and Stephenson and Johnny Moore alternating in left field. These four, plus Harnett, will furnish most of the hitting strength.

BOB SCOTT IS TO BE SECRETARY-TREASURER

Ellis Cowden, chairman of the sports-greens committee of the Midland country club, was elected president of the West Texas Golf league at a meeting of officials in Big Spring Sunday.

Bob Scott, well known golfer of Colorado, was made secretary-treasurer.

Five clubs definitely stated desire to enter the loop and Snyder asked for more time to consider the proposition. This arrangement was acceded to by officials.

The season will begin April 12, with Midland playing at Texon. The five towns in the loop are: Big Spring, Midland, Texon, Lamesa and San Angelo.

newal and took the net first place winnings of \$100.00.

"He defeated the Choctaw by a neck, running the mile and a quarter in two minutes, three seconds.

"The winning time was one-fifth of a second better than the track record set by Victorian last year.

"Plucky Play finished strong for a close third.

"The big train, Sun Beau, racing for the right to be called the world's greatest money maker, was unable to stand the pace and finished far in the ruck, failing to get into the money. Alexander Pantages finished fourth.

"Sun Beau trailed in fifth, more than six lengths behind the leader. Only once, on the back stretch, did Willis Sharpe, Kilmer's 5-year-old take the lead. The favorite by odds of 2 to 5 at post time was in trouble thereafter.

"Mike Hall paid \$20.80 to win on \$2 par mutual tickets. He paid \$6 to place and \$4.20 to show. The Choctaw paid \$4.60 to place and \$4 to show, while Plucky paid \$14.20 to finish third.

"The antics of Caruso at the starting gate, which delayed the start more than five minutes, probably had much to do with Sun Beau's weakening, for he carried an impost of 129 pounds, 13 more than any of the other starters.

Tonight's the night at the chamber of commerce—8 o'clock. Baseball meeting. Six or eight clubs in the league? This will be decided.

Messrs. Shelburne and Kelly of Stanton write of this and that in their sports reviews. The former opines he barely escaped a hair pulling when over here last week. Gave Mr. Lackey's institution the big credit for his fright, but came out with an explanation that a school debate was all that inspired the fear.

MACEDONIA CHURCH NOTES (As Turned in)

Sunday March 22 was a night day with the Greater St. Luke A. M. S. church with the cooperation of the Macedonians and the Net Rose Baptist church both in Sunday school and evening services.

In the 8 o'clock service there was a crowded house. Sermon by Rev. H. Y. Tyler, pastor of the Greater St. Luke with other ministers and Pastor Rev. S. L. Davis of the Macedonia Baptist church. All services were made spiritual through the whole day.

Rev. S. L. Davis pastor B. L. Smbow reporter

Greater St. Luke A.M.E. Sunday school is progressing splendidly under the leadership of Rev. H. Y. Tyler, pastor in charge.

C. P. Wyatt, teacher of Class No. 1, Beulah Clarkson, teacher of Class No. 2, Mrs. H. Y. Tyler, teacher of Class No. 3.

We have raised this quarter \$23.85. We hope to do bigger and better things during the next quarter.

Rev. H. Y. Tyler, P. C. Bro. C. J. Johnson, supt. Bennie Anderson, secy Mrs. E. L. Loftin, reporter

Kelly was telling of a new way to skin alligators, I believe—although this may not have been the literal interpretation.

Senor Campbell from his sports hacienda on The Herald, Big Spring, congratulates Midland on wanting to play Big Spring at football on Armistice. Incidentally, he has given Midland's coach a new monicker—"Ask-Me-Another Barry." The coach would be glad to play Big Spring such a whole of a game that Big Spring would take over the name Midland has given him—"Napoleon."

Norths and Souths Tied up Sunday

Total attendance at the big class of men at Hotel Scharbauer Sunday was 222. Re-check of attendance on the two sides following the initial count showed that the North and South sides tied Sunday, which leaves the North side still five men in the lead in the barbecue race. The men were entertained Sunday with a hot minstrel sermon by Jimmie Noland, 5-year-old son of Mr. and Mrs. James S. Noland. A telegram was received from the big Victory Bible class of Abilene congratulating Midland on its big Men's debate was all that inspired the fear.

CHRISTIAN SCIENCE CHURCHES

The lesson-sermon subject in all Churches of Christ, was "Matter," Sunday, March 22.

The golden text was from Isaiah 42:3: "I am the Lord; that is my name: and my glory will I not give to another, neither my praise to graven images."

The service included the following passage from the Bible (Psalms 46:6): "The heathen raged, the kingdoms were moved: he uttered his voice, the earth melted."

These citations from the Christian Science textbook, "Science and Health with Key to Scriptures," by Mary Baker Eddy (pp. 281 and 97), were also read: "Our false views of matter perish as we grasp the facts of Spirit . . . He uttered His voice, the earth melted." This Scripture indicates that all matter will disappear before the supremacy of Spirit."

HERE SUNDAY

House guests of Mr. and Mrs. H. H. Meeks Sunday afternoon were Mr. and Mrs. J. T. Allen of Big Spring.

VISITS DAUGHTER

Mrs. Clara Hershfield of Chicago has come to Midland to spend several weeks visiting in the home of her daughter, Mrs. Leon Goodman.

WILL YOU DONATE?

Especially acute is the need for children's clothing and shoes, according to the welfare association. Bed clothes are also needed.

If you have anything to donate this organization, telephone 106, the Texas Electric Service company, and a truck will be sent to your home for your bundle.

The TRIUMPH
A SMART SHOE FOR CORRECTIVE PURPOSES

\$5

The makers of Friendly Five Shoes have produced a corrective shoe with steel arch support that maintains to the last degree the smart style traditional of this line. Combination Lasts insure a snug fit, and the heel, seamless, cannot rub. There are other features exclusive with the Triumph that provide such comfort as is not found in any other shoe—whatever it may cost; for the Triumph is unusually smart and friendly to the feet. You will enjoy wearing it.

PLAYGROUND GAME

The Texas Electric Service company and the Gulf pipeline will meet in a playground ball game this afternoon at 6 o'clock.

The Southwestern Bell and the Midland Hardware company were to have met, but the change was made when several members of the scheduled teams were out of town. The game will be played at the high school diamond.

VISIT IN EL PASO

Mr. and Mrs. L. C. Monday of the Gulf Pipe Line company visited in El Paso and Juarez over the week end.

Mrs. Dera Kinsolver has returned from Dallas where she has been for the past week.

Drama of a Great Love Romance of a Great Beauty

One man won her love—and destroyed it.
Another won her beauty—and robbed her of it.
She sought joy—she found sorrow. Seeking peace, she came face to face with tragedy. Pride made her reckless, but her heart would not let her forget. Dreams of youth fading in the bitterness of reality.
Does life exact too high a price for love—for beauty—for pride? Let your own heart find its answer in the eloquent, soul-awakening drama—

Dutch Oven Goodness

The secret of Dutch Oven cooking was not lost—just forgotten for awhile because women don't have the time to take the infinite care which old-fashioned Dutch Oven cooking requires.

But modern women have found a way to duplicate the famous goodness of Dutch Oven cooking, and less time is required than in ordinary cooking. The Westinghouse Flavor Zone Oven cooks foods in a retained heat that gradually recedes. It cooks automatically, without the slightest bit of attention. No basting, no tending, no watching—just place the food in the oven and the automatic clock will start the food cooking at any time you choose.

Cooking by electricity is the simplest, best and most satisfactory way of preparing foods.

The QUICK COOK Unit
30 to 50% faster platform cooking, with 10 to 20% more efficiency. This new unit gives you boiling and frying heat with a speed and efficiency never equaled before.
