TEXAS IN GRIP OF COLD BLAST

America's Most Dangerous Criminal Taken to Chicago

PENN STARTS ACROSS TABLE AFTER MOODY DURING HEARING

APOLOGIES GIVEN TO COMMISSION

Prices Posted Today By Magnolia for "Etex" Oil

AUSTIN, March 27. (UP).—R. R. Penn, chairman of the central proration committee, started across the press table for Dan Moody today as a climax of a series of word clashes in the hearing before the state railroad commission.

Moody had insisted on specific answers while cross examining Penn.

"It is not necessary to answer 'yes' or 'no,'" Penn said.

"It is necessary to tell the truth," retorted Moody.

"Do you mean to say I'm not telling the truth?" Penn asked, starting toward Moody. "Public decency demands that something be done," he said to the commissioners.

"If you want to fight somebody, fight me, you big bully," Carl Estes, Tyler editor, attending the hearing on crutches, said.

As the excitement subsided, Moody said he did not mean to say that Penn was not telling the truth. Penn apologized to the commission for his "loss of temper" and the hearing went on.

Prices Are Posted

DALLAS, March 27. (UP).—The Magnolia Petroleum company today posted first prices for crude oil of East Texas, following proration order issued by the state railroad commission and accepted by the Lathrop area in Gregg county.

The prices varied from 40 cents for oil of 26 gravity and below to 67 cents for 40 gravity and above.

Church Well Is Example

AUSTIN, March 27. (UP).—East Texas' famous Church well took the limelight today in the hearing before the railroad commission. Edmond Lacy of Longview, protesting consideration by the commission of an agreement between producers and refiners at which land owners were not represented, used the Church and its well as an illustration.

"It is well known how the congregation held services at opening of the well and supplicated divine blessings upon it and the prayer was answered. They ought to have added their supplication that the Lord soften the heart of this modern Pharaoh of proration," he said.

Sinclair Not Importer

The proposed agreement for the Lathrop area, Lacy said, comprises 90 per cent of the productivity in Gregg county but does not protect the interest of from 500 to 1,000 landowners and a similar number of lease and royalty holders.

A telegram was read from H. L. Phillips of Tulsa denying that the Sinclair company is importing oil.

Cross examination of R. R. Penn continued today.

MAJOR OPERATION

Mrs. Baker of Crane was brought to Midland yesterday to the clinic hospital and underwent a major operation this morning. She is resting quietly this afternoon.

MOVES HERE

Mrs. John Hix arrived in Midland Thursday evening from Abilene to make her home. The Hix' recently bought the Home Practical in West End.

Their daughter, Annie Laura, who is attending Simmons university, will join them after the spring term.

TO LUBBOCK

Mr. and Mrs. Addison Wadley left yesterday for Lubbock where they will spend a few days on business and visit friends.

Wealthy San Antonio Man Shot as He Talks to Wife

Court Orders Whipping for Wife-Beater

Victim of the second whipping post sentence to be imposed in Maryland in the last two decades was John Kawalski (left). Strapped to a post in the city jail at Baltimore, he took ten lashes on the back as punishment for having beaten his wife (right). Judge Eugene O'Dunne passed the sentence upon Kawalski despite the testimony of a daughter, that Mrs. Kawalski had struck her husband before he attacked her.

RECORDS SHOW MANY GARMENTS DISTRIBUTED

So little has been heard about what is being done to relieve the needs occasioned by unemployment and general depression, that has to a degree been in Midland the same as every other town and community, that one is almost dumbfounded when the records are reviewed.

In the clothing department, for instance, who would have thought that 2500 garments had been dispersed, thus serving a total of 672 persons from 165 families. Five hundred and twenty-one pairs of shoes have been distributed, of which number 54 pairs were bought, 26 new pairs donated and the balance given by Midland citizens. Some 30 or more quilts and blankets have been provided and even 8 mattresses given. The sewing committee has made more than 85 garments, such as nightgowns, infants garments, women's and children's dresses at an average cost of only 40 cents. School children have been enabled to keep up their school work because of the 158 pairs of hose bought and distributed. Lives of new born babies have without question been spared because of the clothing provisions made for them.

Contributors should also bear in mind that most of the above was to relieve people in Midland. The clothing department has responded to the call of only 12 transients. Negroes and Mexicans numbering a total of 69 have had their clothing needs provided for from the totals above. So business like has been the administration, that this department now has on hand quite a lot of certain items to meet the calls, but of course on some items, especially in children's wear, such as shoes, etc., there is always a need for more. Seasonal demands are naturally lighter in this department but clothing can always be used.

Big Spring to Hold Election

BIG SPRING, Mar. 27.—A city election will be held on April 7, to elect two city commissioners to succeed H. Hinman and W. A. Gilmour whose terms expire and who are candidates for reelection. Other candidates are W. J. Wooster, J. S. Winslow, J. L. Webb, Walter Vestine and W. L. McCollister.

FATHER OF HAAG PASSES AWAY AT JACKSBORO HOME

B. Frank Haag, Midland attorney, received news this morning that his father, E. Haag of Jacksboro, had passed away. Mr. and Mrs. B. Frank Haag, Mrs. Laura Haag and Merwin Haag left immediately for Jacksboro where it is expected that funeral services will be held Sunday afternoon.

E. Haag, a pioneer of the Jacksboro section, was 88 years old. He was preceded in death by his wife two years ago.

Surviving members of the family include B. Frank Haag of Midland, E. L. Haag of Abilene, Mrs. Douglas of San Antonio and Mrs. Flenister of Jacksboro. Several grand children survive.

Tom Connally to Address the WTCC

STAMFORD, March 27.—Senator Tom Connally will attend the annual West Texas chamber of commerce convention in Lubbock May 14, 15 and 16, and will appear on one of the programs of the session. Acceptance of an invitation to attend the meeting was received from Senator Connally, by General Manager D. A. Bandoen of the WTCC this week.

Woman, Former Candidate For Governor, Is Jailed

FLORESVILLE, March 27. (UP).—A woman giving her name as Mrs. K. M. Johnson, purported to have been once a candidate for Texas governor, was held in jail today charged with forgery in connection with alleged forgery of the signature of former Governor W. P. Hobby to a \$700 check deposited in the bank here a week ago.

GALVESTON, March 27. (UP).—M. G. Trueheart, wealthy San Antonio contractor, was shot seriously while talking to his wife in a hotel here.

R. G. Scott, former partner of Trueheart in San Antonio, who is charged with the attempted murder, told police that he shot Trueheart over money the latter owed him. He said Trueheart cheated him out of profits from a government contract.

SATURDAY LAST DAY TO GET NAME ON CITY BALLOT

Final opportunity to have names on the ballot for the city election, to be held April 7, will be Saturday morning at 9 o'clock, it was announced by city authorities today.

Requests have been made by voters expecting to be absent from the city for ballots as provided by the absentee voting law, requiring that ballots be ready 10 days before the election.

Those planning to announce for places on the ballot are advised to see the city secretary before 9 o'clock Saturday morning.

Eight Students in Declamation Finals

Four boys and four girls survived the finals of junior high school declamations this morning.

Dorothy Lou Speed, Anna Beth Bedford, Melba Lee, Leola Kirby, C. A. Goldsmith, Robert Rankin, Bob White and J. B. Thomas will represent Midland at the district meet at San Angelo.

The complete list of students who went into the finals this morning: Robert Rankin, James F. Cowden, John Ed Crabb, Tom Waddell, Odell Ponder, C. A. Goldsmith, Robert Prothro, J. B. Thomas, Bob White, Leola Kirby, Isabel McClinton, Melba Lee, Dorothy Lou Speed, Jane Dunagan, Lillie Jewel White, Carleen Sisk, Melba Lee and Anna Beth Bedford.

Judges were Mrs. George T. Abell, Mrs. P. J. Mims, John S. Bonner, the Rev. Edwin C. Calhoun and James P. Harrison.

Warm Building for Methodist Banquet

About 100 men of the First Methodist church, and several women guests will attend a banquet given in their honor at the Masonic building tonight at 7 o'clock.

The building was being made ready for the affair early today and will be heated sufficiently.

The program to be given follows: Music, direction of Miss Lydia G. Watson; toastmaster, Fred A. Wemple Jr.; invocation, Edwin Calhoun; sing song, leader, Dewey Winstead; pianist, Lillie B. Jowell; sermon, James S. Noland Jr.; music, orchestra; comedy skit, "Belt Stretchers"; Mr. and Mrs. Marion F. Peters; solo, "Swing Low Sweet Chariot"; Mrs. Peters; address, M. C. Ulmer; round table discussion; hymn, "Blest Be the Tie That Binds"; benediction, N. G. Oates.

FRED BURKE AT LAST IS PICKED UP

Tracks Lost to Law Following Great Massacre

ST. JOSEPH, Mo. (UP)—Sullenly and defiantly, Fred Burke, known as America's most dangerous criminal, who was captured without a struggle yesterday in a farmhouse near Milan, Mo., greeted Chicago detectives this morning seeking to return him to face murder charges of the St. Valentine's day massacre of 1929.

Meanwhile as many as 18 states, in which Burke is wanted for charges ranging from robbery to murder, began to fight for his custody.

A Dozen Murders

Burke is charged with a dozen or more murders, and robberies totaling at least a million dollars.

The capture which ended a nationwide search for the man so badly wanted that \$90,000 in rewards have been offered for his apprehension, was the result of a farmer's observation, E. M. Matthews, chief of the St. Joseph police said today.

Noticing that Burke displayed bills of large denomination and never left his automobile when visiting neighboring towns, the farmer reported his suspicions to the department of justice which requested St. Joseph officers to investigate.

Officers armed with machine guns rushed into Burke's room at dawn yesterday, seized him before he could reach for his gun on a nearby chair, after three months of watching the gunman. Besides his gun, officers found \$765 in Burke clothes.

Thought Gang Had Him

Burke apparently believed he was to be meted gang vengeance. He expressed relief when he found his captors were officers instead of gangsters.

Burke talked from the St. Joseph city jail by telephone with John Norton, Chicago chief of detectives. Officers reported that he told Norton, "I am not a damn bit afraid to come back to Chicago."

The gangster, said to be possessed of mania for murder, graduated from the Eagan Rats school of crime in St. Louis. After the St. Valentine massacre his trail became obscure.

Midland Man on State Committee

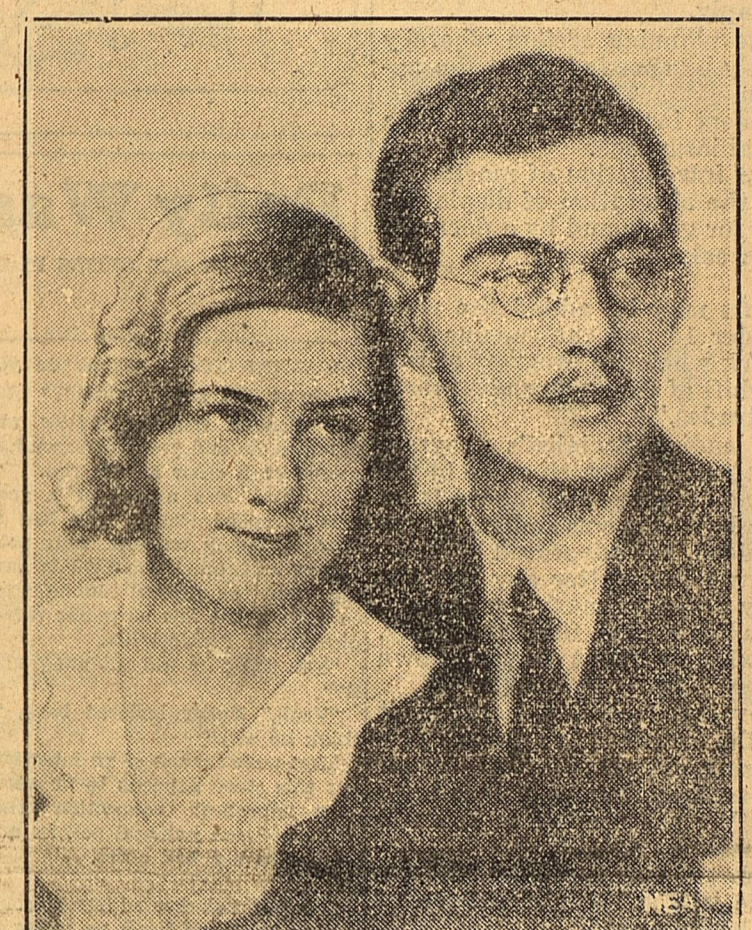

Appointment of Paul T. Vickers of Midland as a member of the Texas Agricultural Workers association was made at the last meeting of the body. The Midland man received his commission Friday as a member of the historical committee, authorizing him to collect historical material, books, manuscripts, newspaper files and various other data sources for permanent placement to serve the best interests of Texas.

The whole committee is: T. C. Richardson, Dallas; Eugene Butler, Dallas; J. E. Stamford, Bryan; Mrs. Ethel Hill, Port Arthur; Mrs. Phoebe K. Warner, Claude; Victor Schoffemayer, Dallas; Fred W. Mally, San Antonio; R. W. Persons, College Station; H. M. Madison, Houston; W. L. Stangel, Lubbock; M. B. Oates, Wichita Falls; G. V. McNalle, Tyler; Paul T. Vickers, Midland; Riger Davis, Longview; J. B. Lane, Comanche.

Hoover's Ship Is Nearing Homeland

WASHINGTON, March 27. (UP).—The battleship Arizona carrying President Hoover and his party homeward sailed the navy department at 8 o'clock this morning that it was 800 miles southeast of Cape Hatteras.

Scorns Sweden's Royalty for Her

Photographed together for the first time, Prince Lennart of Sweden and Mlle. Karin Nissvandt, to marry whom he will renounce his royal birthright, are shown here in an exclusive Reporter-Telegram-NEA Service picture taken after their engagement was announced. For love of Mlle. Nissvandt, daughter of a wealthy Stockholm industrialist, the youthful prince has agreed to give up all rights of possible succession to the Swedish throne, and because he is marrying a commoner he will enjoy no royal title.

Bank Is Robbed Here; Negro Is Fined in Court

The Personal Insecurities bank of Lucille Melton, negress, was gone into and robbed by George Wilson, negro.

Said bank was Lucille's stockings, and the bank was held up while Lucille was in it, thus causing a lively commotion which was resumed, round for round, Thursday afternoon in the sheriff's office, with Lucille representing the party of the first part and the robber that of the second.

George pled guilty in justice court this morning and was fined \$5 and costs and given the alternative of remaining in jail for 25 days.

It seems Lucille had banked on finding the money in her personal depository later in the night, but she neglected to take into account the draft to come through George. While the two were scuffling at the home of another negro, George is supposed to have taken the proverbial three shakes and to have opened, thus automatically closing, Lucille's bank account.

Lucille, feeling justifiably deflated and not exactly in sympathy with George's self-appointed role of bank examiner, turned on the alarm.

Lucille will keep her money out of her stockings from now on—especially when George is between her and the horizon.

Broker Kills Self After Hurts Sons

HONOLULU, March 27. (UP).—Dudley Wallace, wealthy New York stock broker, died in a hospital here today of bullet wounds inflicted in a suicide attempt after he attacked his two sons with an axe.

Dudley, 42, and Donald, 9, were in a critical condition. Wallace's wife is said to be confined to a New York sanitarium for six weeks after heavy losses in the stock market.

FREEZE IS PREDICTED FOR NIGHT

Low Mark of Year Is Registered in Midland

DALLAS, March 27. (UP)—Texas today felt one of the winter's most disastrous blasts, which robbed sections of the state of bumper crops, sent fruit tree blossoms swirling to the ground and splashed greening pastures with patches of snow.

The freezing wave traveled south at 32 miles an hour. It is due to break its force in the lower Rio Grande valley tonight.

A general freeze is predicted throughout the state tonight. Fruit, livestock and early truck crops are in great danger.

Clarendon was virtually isolated by a snowstorm. Temperature was seven degrees there this morning.

18 Degrees Here

The winter's low mark of 18 degrees was hit by the mercury here in last night's winds that howled off the snows from northward.

It was generally believed that early fruit was killed, as were flowers and vegetable plants.

Thunder caps floating in a warm sky yesterday afternoon were swallowed up in an overcast sky sometime after 5 o'clock; wind started blowing in jerky gusts and rain fell for a short time late in the afternoon. Sand started whipping before dark and a gale was blowing at 3 o'clock.

Tight Freeze Here

The cold descended fast. Eighteen degrees registered at 7:30. By 9 o'clock the mercury stood at only 23, at 10 o'clock it was 26, 1 o'clock this afternoon 37.

Several motorists reported burst radiators. Sinks that had not frozen all winter were closed tight, housewives said.

Ice on the streets was plentiful most of the forenoon.

Five-hundredths inch rainfall was registered at the observation station, Buster Howard reported.

Denver Paralyzed

DENVER—A blizzard, out of Medicine Hat, blew into the Rockies Thursday.

Automobile traffic throughout Wyoming and northern Colorado was at a standstill.

Temperatures dropped as rigid winds lashed the Rocky Mountain states, driving snow and sleet before them.

In the Canadian provinces the temperatures were below zero.

Cold in Amarillo

AMARILLO.—A blizzard struck here at 10:45 o'clock last night bringing a new menace to livestock after fruit blossoms already were doomed. The mercury dropped to 11 degrees above zero at 11 p. m., and threatened to fall lower; Texline at 10 o'clock had 7 degrees and expected zero before morning.

Other Sections

Conditions in other sections reported early last night included: Dallas, thundershowers, 50 degrees. Fort Worth, cloudy, warm. Waco, clear, warm; Austin, hot and sunny day; San Antonio, warm, Corcoran, sunshine after inch rain; Temple, clear after light rains; Texarkana, rain, turning colder; Paris, light hailstorm with little danger, rain of 45 inch.

In the far southwest El Paso reported high winds with drizzling rain and lowering temperature. Slightly above freezing weather was expected in the upper Rio Grande valley. Galveston, on the coast, reported a light southeast breeze after high winds and rain yesterday morning. (See COLD WAVE page 6)

ROTARY BIRTHDAY WILL RECOGNIZE SWEETWATER CLUB

Sweetwater Rotarians will occupy an important position when they, with their wives, attend the ladies' night program to be given by the local club April 9. The party will be in celebration of the third anniversary of the Midland club. Sweetwater Rotarians were active in organizing a Rotary club for Midland, having been commissioned to do so by the district governor. Representatives from that city delivered the charter here three years ago and donated a handsome silver bell and gavel.

The party April 9 will honor Mr. and Mrs. Clarence Scharbauer, the date being near the third anniversary of Hotel Scharbauer where the weekly meetings are held. Scharbauer is a member of the club.

Big Spring Rotarians and their wives are also being invited to attend the celebration here, adding to friendships developed by other parties in the two cities.

Committees in charge of the party will be announced shortly. Plans are being made whereby Rotarians and their wives will have other guests, so that with the representatives here from Big Spring and Sweetwater, the largest crowd ever to attend a Midland Rotary meeting is expected.

School Election Ballots Printed

Ballots for the election of school board members Saturday, April 4, have been printed.

Only three names are on the ballots, Dr. John B. Thomas, physician and surgeon; R. V. Lawrence, manager of the Rockwell Bros. Lumber company; George Ratliff, cattleman.

The candidates have just completed their term as board members. No one else announced.

Hold-over members of the board are J. E. Hill, president; John Howe, W. A. Yeager and B. Frank Haag.

ACCEPTING NEW IDEAS
BY BRUCE CATTON

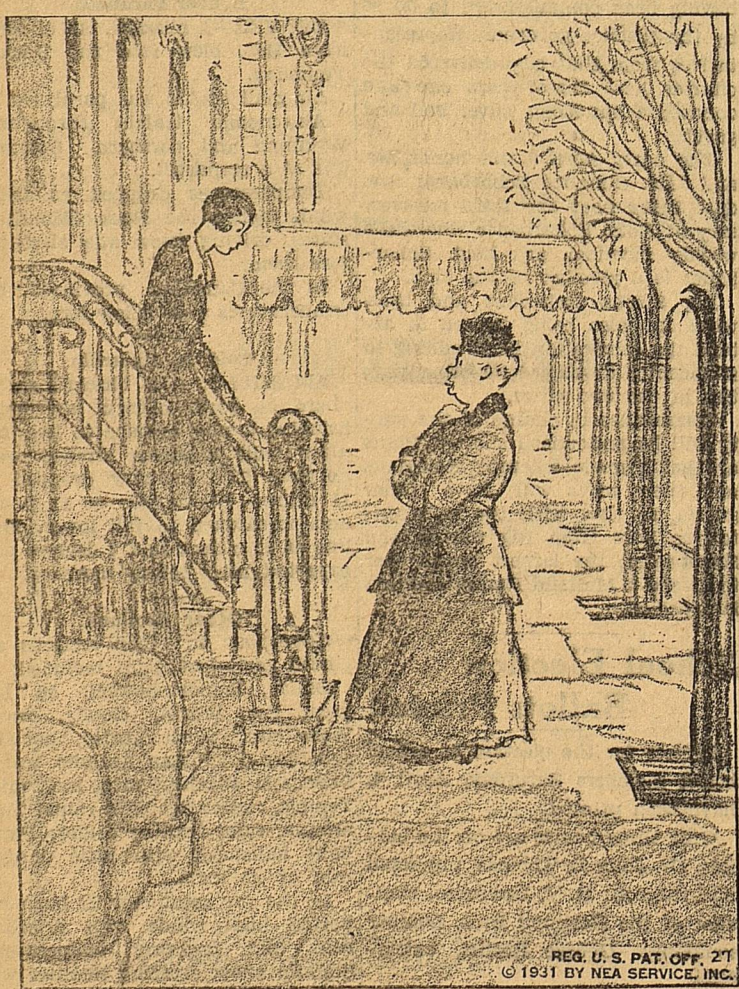

It is a common saying that the radicalism of yesterday is the accepted program for the conservatives of tomorrow. Sometimes, however, even the radicalism of today does not look so terribly radical when it is examined closely. Norman Thomas, Socialist candidate for president in 1928, has just written a book called "America's Way Out."

1—Ascertaining from month to month the number of the unemployed, "at least as accurately as we now know the number of pigs."
2—Setting up a system of public, non-profit-making employment agencies to connect the unemployed worker with a job efficiently and cheaply.
3—Adopting a long-range planning system whereby useful public works can quickly be speeded up at the approach of business depression.
4—Setting up unemployment insurance as part of a comprehensive scheme of social insurance.
5—Controlling the rate of introduction of machinery so as to give time to plan for the absorption of displacing workers by increased demand for goods and by a decrease in the length of the working week.

HOW FAST CIVILIZATION CHANGES

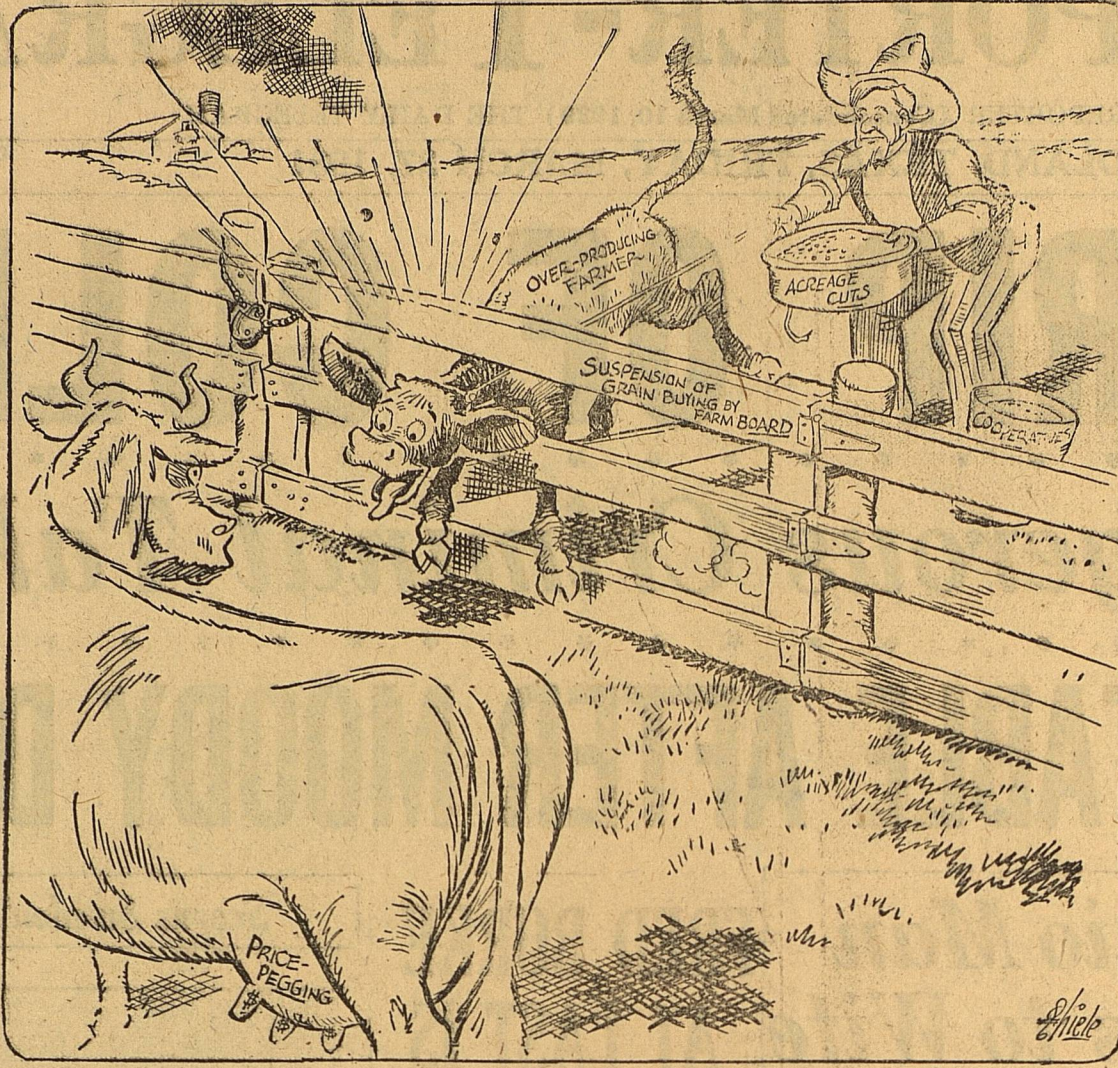

Not much of a stir was made when recently three of our greatest cities—Chicago, Los Angeles and Boston—placed cows on public exhibition so that children might see what they look like. Yet here, when you think of it, is one of the most poignant signs of our changing civilization. It would have seemed incredulous a generation ago to be told that in 20 years a fourth of the school children in Los Angeles, as it is estimated, would not know what an ordinary bossy looked like.

Side Glances by Clark

"I ask a bit more than most, Ma'am, but I've worked for nearly every family in the neighborhood and you'll find me interesting to talk to."

Weaning Time!

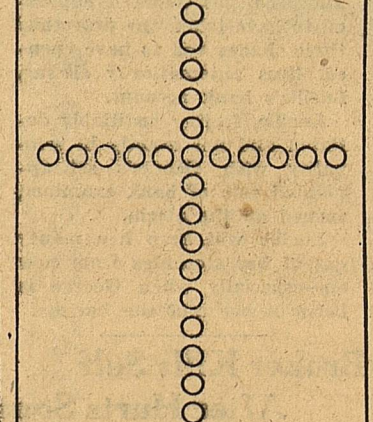

Daily Washington Letter
By Rodney Dutcher
POLITICS IN BIG CITIES PLAY BIG PART IN NATIONAL POLITICS; PHILADELPHIA PROHIBITION ROW IS FELT IN WASHINGTON

WASHINGTON.—"What do you think of this buy Schofield?" Major General Smedley Butler was asked as he and our correspondent passed each other on the run. "I think he's a hell of a good fella!" replied Butler, who had at least as many troubles with politicians as Lemuel Schofield is having when the general himself tried to enforce the law as public safety director of Philadelphia.

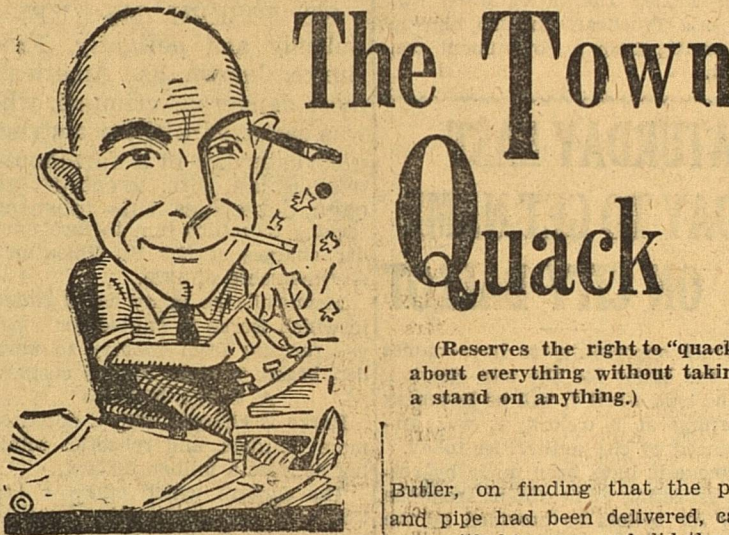

Schofield has created terrific commotion in Philadelphia by trying to enforce prohibition on everybody, a much broader application of the law than the federal enforcement organization has ever used. He has made Philadelphia a far drier town than either Chicago or New York. And, by getting the big politicians there to fighting over his policies and tactics, he has called attention to the fact that our other largest cities are going through periods of great political excitement whose reverberations are more than audible in Washington.

The New York situation is most engaging for politicians at the moment. Tammany is fighting the investigations which have exposed graft and corruption in the city's judiciary and its police department. Governor Roosevelt is the outstanding candidate for the next Democratic presidential nomination. His future attitude toward Tammany may be the cause of his political ruin or it may be sufficiently bold and effective to rouse the country to the point where his nomination will be almost certain.

STICKERS

The vertical line of the above cross contains 15 circles. Also, starting from the bottom of the vertical line and turning left, or right, at the intersection, there are 15 circles. Can you remove two of the circles in such a position that the full vertical line, or the vertical line to the intersection and then to the right or left, still add to 15?

Jake Cole, who for two years has been working at Billy Bryant's Three-Wells place 12 miles south of town, was the first to use our new hitching rack. He got to town Thursday afternoon just as the pipe was being bolted to the posts, and expressed himself freely in commendation of "whoever furnished this outfit."

But we shouldn't kick. We had spring weather all the winter. Flowers bloomed even on the coldest days and nobody was uncomfortable to any great extent. We can't expect to live anywhere, Florida and California included, and not have a disagreeable day now and then. Come to think of it, March is almost gone and the sand storms have been much more lenient than usual.

That's a bum job," a critic remarked while looking at a sculptor's model of a tramp. One writer says that civilization is decaying, to which another replies, "Rot!"

AIRPLANE CARRIES TRIO TO MICHIGAN PRISON
MT. CLEMENS, Mich. (UP).—Macomb County authorities take no chances with Chicago gunmen.

In Philadelphia, Mr. Schofield has the support of our old friend William S. Vare, long the undisputed Republican boss of the town. Charles Hall, one of the old Vare leaders and now apparently head of the opposition to him, is trying to drive Schofield from office.

EXPERIENCE IN AFRICA

NOTE—Shades of Stanley Livingston! what's this? That great and fearless explorer, Barney Grafa, has started on another one of his exciting journeys. This time he is traveling to deepest, darkest Africa after that great animal, the goo—goo. This animal is considered by scientists as one of the most sought-after and the rarest of animals.

Chapter I
My Arrival at Port Banana

My, but the sun was hot! Not a sign of breeze could be felt. The water was motionless. The great Atlantic ocean, however, brought a small odor of dampness on the deck. The small boat sailed close to the dark continent of adventure, Africa. As I stood by the rail, looking at the coast of this dark continent, I realized the adventure that was before me.

Our conversation was broken by the dull blast of the whistle on the boat. I found out that we were nearing Port Banana. A few minutes later an opening in the coast could be detected. There was a wide, sluggish river greeted our eyes. Truly, this was the Congo which we had heard so much about. Many people were gathered around the place where the gangplank would be let down.

The young lady and I became very friendly and that evening were pulled around in carts by two natives. These natives took us to places of interest in Port Banana. Later we had dinner at Hotel Banana and a delicious course of food was served to us.

After seeing the lady safely to her room, I retired in mine, since I was tired from the long trip and partly sick on account of the elephant chowder. That night I dreamt of the adventures that were very near me. This ended my first day in Africa, at Port Banana.

MURPHY SPEAKS
"As a man thinketh in his heart, so is he" was the text used for a talk made by the Rev. Thos. D. Murphy to the high school assembly Monday morning.

SHIRTS
Blue, brown, pink, orange, black. One would think he was entering an art school if he had come in Midland high school in the last few days. Maurice blossoms forth in a flaming orange shirt Monday and lo and behold! a bevy of the pigment bearing shirts was seen on the campus for the rest of the week.

He closed with the expressed desire that all the students of the Midland high school would live a life true to their convictions.

NEWS FROM THE KENNEL

It seems that everything happens all at once. Some of our freshmen girls seem to wish it were Leap Year. They say that Laura talks about Paul even in her sleep, and Charline seems to think as much about Joe.

Weren't you surprised at the way the declamations came out? Of course we expected great things of Merwin and B. C. Herman made an inspiring speech to the band telling the members how hard they ought to work. Better be careful, Loree.

WITH OUR EXES

Lillian Dunaway made three A's and four B's at T. W. C. during the first semester, making the honor roll for the highest ten per cent in the school. She is now doing secretarial work in Midland.

Annie Laurie Hix is distinguishing herself as an artist at Simmons university this year, one of her sketches with a grade of A-1 receiving honorable mention by the fine arts faculty.

Margaret Francis made one A, three B's and one C at Ward Belmont the first semester, winning the B average honor roll for that institution. At the Texas banquet she was on the program for one of the "stunts," and received a vociferous encore.

SICK MAN'S THOUGHTS

I don't know what's making me feel the way I do. There just seems to be something lazy and indefinite under my skin that keeps calling for utterance, not loud and strident utterance, but smooth and peaceful—just as if the words could flow out through the pores of my skin whispering in a never-ending phrase, "I've got spring fever."

There are exercises and gymnastics and the use of right braces that do much for these patients until they become strong enough to undergo the more rigorous forms of treatment.

AUSTIN—Every attic contains scores of fascinating surprises for the adventure hunter. At the end of the fourth flight of stairs in Sulton Hall at The University of Texas is an attic that is no exception to the rule.

The United States Golf association was organized in 1894.

DEBATE NEWS

The debate with Big Spring has been postponed until next Tuesday due to the illness of Mary Caroline Simms, Georgia McMillan and one of the members of the Big Spring team.

Daily Health Talk

By DR. MORRIS FISHBEIN
Editor, Journal of the American Medical Association, and of Hygeia, the Health Magazine

Round Shoulders Are Easily Corrected if Treated Early

A straight back is a handsome attribute. Round shoulders indicate relaxation, weakness and fatigue. Steeped or round shoulders may result from incorrect sitting or standing. It may be due to the habitual carrying of a heavy load on the back.

This type of faulty posture is easily corrected by proper instruction, proper dress and suitable exercises. It may be necessary in some cases for a specialist to apply a brace or some apparatus to hold the shoulders and back in proper position long enough for the person to develop a correct posture.

Associated with this curving of the spine may be digestive disturbances, and sometimes pressures on the lungs and on the heart, sufficient to cause difficulty in breathing, pain, and a rapid pulse.

As anyone can realize, the earlier treatment is begun the greater is the possibility of complete cure. The children, who incline to have twisted spines are generally delicate, weakly children who need proper diet and suitable hygiene in order to build up their nutrition and to increase their resistance.

South Ward P. T. A. Starts Study Of Congress Library; North Ward Group Hears Program Given by Young Students

South and North Ward Parent Teacher associations convened Thursday afternoon for discussions of furthering the activities of the organization and to hear entertaining numbers presented by students of the school.

Study of the Congress library was started at the South ward with Mrs. Oren Collins, president, in charge of the first lesson from the book, "The New Force in Education."

Others parts of the series to be studied include the 1931 yearbook, National handbook and Parent Education.

Delegates to represent the association at the Congress convention in Rankin next month are Mrs. T. O. Midkiff, Mrs. Tyson Midkiff, Mrs. C. V. Dale and Mrs. F. F. Lineberry.

Tea and cakes were served at the close of the meeting to more than 40 mothers and teachers attending.

Program Given The song, "My Texas," opened the North Ward meeting and was sung by students of the second and third grades.

Following were several fine arts selections. Mary Helen Walker read "The Red Cross Nurse"; Jane Hill read "A Big Bite"; Billy Ruth Adams, James Mims, and Nell Ruth Bedford also gave readings.

Musical numbers included "Tie a Strong Around Your Little Finger," sung by Mary Louise Cowden; a piano solo by Billy Nobles and a piano duet by Helen and Jo Anna Barber.

Appointment of Mrs. E. C. Adams as a delegate to the P. T. A. convention in Rankin was officially made.

A pep song arranged and submitted by Mrs. Clyde Barron and sung by Dolores Barron was accepted by the club.

The picture given for the largest attendance of mothers was won by Mrs. John E. Adams' room.

C. A. Ribble of the Ribble Floral company of Big Spring was in Midland yesterday afternoon.

Marion M. Seymour, manager of the Home Furniture company, made a business trip to Odessa Thursday afternoon.

Happy Birthday! Mrs. A. B. Anderson. Spring Affair Compliments Thursday Club.

Interesting Questions to be Answered at Class. The following questions will be answered in Mrs. George F. Brown's Bible class next Sunday morning at the First Baptist church.

Mrs. Preston Hostess to 1928 Members at Bridge. Pretty sweet peas massed in bunches graced the playing suite of the home of Mrs. S. R. Preston yesterday afternoon.

Announcements. Saturday. A meeting of the Edelweiss club will be held at the home of Mrs. Harvey Sloan, 1404 West Illinois, at 3 o'clock.

Mrs. Raymond Arnold and son, Billy Ray, are in Alpine this week visiting relatives. They also plan to visit in San Antonio before returning home.

C. C. Hambrick returned to Abilene this morning after spending a few days here. J. L. Ramsay, Eldorado, Kans. cat-buyer, is in the city this week.

Claude E. Nichols representing the Southwestern Portland Cement company of El Paso was in Midland Thursday. Mr. and Mrs. L. H. Locklar and son, Otis, left this morning for Corsicana after receiving word that Mr. Locklar's brother, A. B. was seriously ill.

A. S. Legg, manager of the Texas Electric Service company, returned yesterday after a business trip to Fort Worth. George Howard Sparks has come to Midland from his former home in San Antonio to live with his aunt, Mrs. I. E. Daniel and brother, Ernest Sparks.

Garden Fancies

- What to Plant, How to Plant, When to Plant, What Some Are, Planting Now. Includes a small illustration of a woman in a garden.

The troubles and the rewards of the home vegetable and small-fruit gardeners will be discussed in the mid-April meeting of the Progressive Garden Club.

TUESDAY, APRIL 14—"Meeting, Progressive Garden Club," W. R. Beattie, Bureau of Plant Industry, presiding.

THURSDAY, APRIL 16—"The Household Calendar," by Mrs. Rose Schmidt Carpenter, Bureau of Home Economics; "The Rice Situation," by Dr. O. C. Stine, Bureau of Agricultural Economics.

FRIDAY, APRIL 17—"The Farm Business Library," by M. S. Eisenhower, Director of Information, U. S. Department of Agriculture; "The Week with the Farm Board," by Frank Ridgeway, Director of Information, Federal Farm Board; second Farm Board speaker to be announced.

The following stations will broadcast the National Farm and Home Hour programs: Broadcast from 12:50 to 1:10 P. M. Eastern Standard Time; 11:50 A. M. to 12:10 P. M. Central Standard Time; 10:50 to 11:10 A. M. Mountain Standard Time by the following stations associated with the National Broadcasting Company:

No. 2378 In District Court Midland County SHERIFF'S NOTICE OF SALE Real Estate R. C. Crabb, et al vs W. E. Woods, et al Date of sale April 7th 1931 Published in the Midland Reporter-Telegram on the following dates March 13-20-27, 1931 SHERIFF'S SALE

NOTICE IS HEREBY GIVEN That by virtue of a certain Order of Sale issued out of the Honorable District Court of Midland County, on the 11th day of March 1931, by Nettie C. Romer, Clerk of said District Court for the sum of Ten Thousand Nine Hundred Eighty-three and 68/100 (\$10,983.68) and Eleven Hundred Fifty and 75/100 (\$11,500.75) Dollars and costs of suit, under a Judgment, in favor of Plaintiff in a certain cause in said Court, No. 2378 and styled R. C. Crabb and Wm. Cameron & Co., Inc., vs W. E. Woods and Wife, Clemmie Pruitt Woods, placed in my hands for service, I, A. C. Francis, as Sheriff of Midland County, Texas, did, on the 11th day of March 1931, levy on certain Real Estate, situated in Midland County, Texas, described as follows, to-wit:

First Tract: The North 50 feet of the Northwest Quarter of Block 40, Homestead Addition to the Town of Midland, Midland County, Texas. Second Tract: Lots 13, 14 and 15 in Block 65 of the Original Town of Midland, Midland County, Texas, and levied upon as the property of W. E. Woods and wife, Clemmie Pruitt Woods and that on the first Tuesday in April 1931, the same being the 7th day of said month, at the Court House door, of Midland County, in the City of Midland Texas, between the hours of 10 A. M. and 4 P. M., by virtue of said levy and said Order of Sale I will sell said above described Real Estate at public vendue, for cash, to the highest bidder, as the property of said W. E. Woods and wife, Clemmie Pruitt Woods.

CHURCHES

FIRST CHRISTIAN CHURCH In the Heart of Midland For the Hearts of Midland Howard Peters, pastor

9:45 a. m. Bible School. 11:00 a. m. Communion and sermon. The subject of the sermon will be "The Triumphant the Suffering Christ."

6:30 p. m. Meeting of all Endeavor societies. 7:30 p. m. Sermon. "A Christian Democracy."

There were 148 in our Bible School last Sunday. Every department was brimming over with enthusiasm. WHERE IN THE WORLD WERE YOU?

The audiences are steadily increasing at all our services. Last Sunday night the young people gave one of the best programs we have ever heard. WHERE IN THE WORLD WERE YOU?

We are planning for a great day Sunday. In the morning service Prof. R. E. Shrader will play "The Palms" as a cornet solo. You will want to hear this number. Try and be present at all the services. Don't expect us to give you absent treatment.

FIRST METHODIST CHURCH Edwin C. Calhoun, pastor Regular services during the day: Sunday school at 9:45 Preaching at 11 a. m. and 7:30 p. m. Epworth leagues at 6:30.

CHURCH OF CHRIST Bible study at 10 a. m., communion service at 11:30 a. m., and at 7:30 o'clock p. m. Prayer services on Wednesday evening at 7:30 o'clock. Ladies Bible class Tuesday at the church at 3:00. Young People's meeting at 6:30.

PENTECOSTAL HOLINESS O. W. Roberts, pastor Preaching service at the tabernacle in the morning at 11 o'clock and evening at 7:30 o'clock. Sunday school at 10 o'clock.

CHRISTIAN SCIENCE SERVICES Schedule of services: Sunday school—9:45 Morning worship—11 o'clock. The meetings are held at 215 N. Colorado.

THE FIRST PRESBYTERIAN CHURCH "The Home Like Church" Thomas D. Murphy, Minister. The schedule of services follows: Sunday school at 9:45 a. m. Worship at 11 a. m. Junior Endeavor at 4 p. m. Senior Endeavor at 6:30 p. m. Prayer meeting Wednesday 7:30 p. m.

NOTICE OF SALE No. 305 Estates of W. C. Rayburn, Mrs. Dora Rayburn and Mrs. Dillie Morrison, deceased. In the County Court in and for Midland County, Texas. W. D. Rayburn, Administrator. Notice is hereby given that I, W. D. Rayburn, administrator of the estates of W. C. Rayburn, Mrs. Dora Rayburn and Mrs. Dillie Morrison, deceased, will, on the 7th day of April, A. D. 1931, being the first Tuesday of said month, at Midland, in the County of Midland, State of Texas, sell at public auction to the highest bidder the following described tract or parcel of land belonging to said estate, to-wit: The Southwest one-fourth of Section 22, Block 39, Township 2-South, Abstract No. 707, Certificate No. 3368, containing 160 acres of land, more or less, situated in Midland County, Texas.

THE FIRST BAPTIST CHURCH

George F. Brown, Pastor Sunday school at 9:45 Morning worship at 10:50 B. Y. P. U. at 6:30 Evening worship at 7:30

"Missions Our Mission" will be the pastor's theme for the morning hour. Special offering for missions. We call ourselves Missionary Baptists. Are we worthy of that name? If so, let us prove it Sunday morning by making a worthy offering to missions.

"Quitters and Stickers" will be the evening theme. Why do quitters quit? Why do stickers stick? There is a reason. The pastor will answer these questions Sunday night.

If you have the courage to face facts come to church. The pastor proposes to state simple facts in a simple way. Christ said, "You shall know the truth, and the truth shall make you free." Do we want the truth? Some time we much face it, why not now.

Stangers in Midland are most cordially invited to meet and worship with us. Bring your unsaved friends.

ST. ANN CATHOLIC CHURCH Mass at the church at 10 o'clock Sunday morning. Sunday school for

the children following. Sunday school Wednesday afternoon for the children. Lenten devotions at 7 o'clock at the church Wednesday evening. No Thursday services in Midland. At Stanton

Mass Thursday morning at 8 o'clock. Good Friday afternoon at 3 o'clock The Way of the Cross.

One of your 5 danger spots STOMACH

Here is where food is made available to keep your body strong. Indigestion, that age-old enemy of human health, arises, and in its various forms taxes the skill of medical science to prescribe the proper remedies. A healthy digestion is necessary to an entire bodily well-being. There are many ailments of other organs which may cause serious stomach troubles. Merely dosing the stomach gives only temporary relief. You should tune up your entire physical system. Dr. Pierce's excellent tonic has the indisputable evidence of sixty years of success back of every bottle. Ask your dealer for Dr. Pierce's Golden Medical Discovery, in liquid or tablets.

any way you look at it... There are few foods you can buy that give you as much satisfaction for your money as Kellogg's Corn Flakes.

That is why wise buyers will accept no substitute for genuine Kellogg's. They know that imitations are never "just like" the original of all corn flakes. Look for the red-and-green package at your grocer's. With the exclusive inner-seal waxtite wrapper that keeps the flakes oven-fresh even after opening. Made by Kellogg in Battle Creek.

It's double acting. KC BAKING POWDER SAME PRICE FOR OVER 40 YEARS 25 ounces for 25c MILLIONS OF POUNDS USED BY OUR GOVERNMENT

“PIRATES OUGHT TO WIN FLAG--WITH BREAKS,” SAYS JEWEL ENS

“LITTLE POISON” OUGHT TO BE BIG HELP

BY PHIL SINNOTT NEA Service Writer

SAN FRANCISCO, Calif., March 27.—Jewel Ens felt that he was holding pretty much of a pat hand for the 1931 flag game at the time his ball playing talent began assembling at Paso Robles. And after the weeks of moiling, he now feels that he has backed this pat hand with some hole cards that mean real reserve strength. “Last year,” said Ens, “Traynor and Lloyd Waner were lost much of the time, and we lost. This year, we have not only a great team but fine reserves—and are keeping our fingers crossed. With reasonable breaks, we ought to get a pennant.”

games to give that leg a chance to heal thoroughly. Comorosky is right in shape. And last year he led the league in triples and sacrifices. Morsol, a left-handed batting pinch-hitter, is with us to make the 1931 outfield intact. “This year, we have more reserves than in some years—something we’ve found to be of value. In the outfield, there’s Jensen, from the Western League, who not only hits well but fields splendidly. Pete McCannahan, from the Texas League, a right-handed swinger, and Dugan, also are being carried until we determine which does the best in major competition.” “And that Pirate infield?” Ens declared. “Look over the regulars: Gus Suhr at first—he had a brilliant start last season—Grant at second and Captain Pie Traynor at third. Great men on any team. And we feel we have a steady influence to the combination in Tommy Thevenow, who came from the Phils in the Bartell trade. He’s great on double plays, that Tommy.”

SPORTS REPORTS

Those fellows who laughed at weather forecasts yesterday and said they would be out on the country club links this morning bright and early must have got a surprise of their young lives when they opened their drowsy eyes and found goose bumps on their golf balls. One of them told us about 10 o’clock that his pet putter shrank so during the night he couldn’t find it in his bag. This department is inclined to discount that remark as being too bright for the coldness of the day. We did learn, however, that, instead of putting around the yellow flowers that look so pretty to the women who play and make the men cuss when a discolored ball hides out among their freshness, the ambitious golfers who had made the threat came down to work late and dunked a flock of doughnuts into their coffee and blasted away with their long iron tongues at the weather prophets.

is hoped that 30 golfers will be qualified by Sunday.

The Midland Hardware company tore into the De Luxe laundry playground ball crew yesterday afternoon, winning 13-7. A sort of run-around, as the score keeper might tell you. The Reporter-Telegram grabs a tough customer this afternoon on the playground ball lot, meeting the Texas Electric Service company. This latter bunch of boys are so hardened they slide into bases with their pliers in their hip pockets. They play at the high school diamond and a crowd is expected to be out this pleasant spring day, wrapped in mufflers, pot coats and blankets. Mrs. Alice Mason has the concessions on foot warmers, the electricians announced this morning.

And here is a letter from our enterprising “unknown,” who writes on the City Baseball League. We need more of these contributions. Those on the outside hear many plans. Write them to this department. The letter, in part, follows:

“The latest rumor regarding a sixth team for the contemplated City Baseball League is that Texas Electric employees are trying to make up their minds to come in. Several of them are now working out with other teams who would definitely like to sign them up, but the possibility of an electrified combination is cause for hesitation.

“There’s no doubt but what Midland is going to have a baseball league here this summer, even if only five teams are entered. But, the fact is, there are more baseball players available who want to get in.

“Double headers are planned on Sundays in the City League. Two regular entries playing, while a third engages a visiting team from one of the many surrounding towns. This will leave two or three Midland teams open to out-of-town games, and all visiting combinations will thereby have a chance at all that Midland has to offer.

“Next Monday night, at the chamber of commerce office, eight o’clock, a general meeting of all baseball managers, players and fans. All are invited and a sixth team is anticipated to be heard from at that time if not before.

“A roster of 15 players is so far agreed upon, and the five teams already entered are working out at

INTER-CITY MATCH

Two station agents from neighboring towns had it up and down at the course yesterday. E. Price of Stanton popped off about how much better he was than Paul Frane of Odessa, at golf, of course. Both men being station agents of the T. & P. it was comparatively easy to swipe a ride to a neutral course. W. C. Tatom of the depot here and Forrest King, grain man of Stanton, accompanied the two around. The Odessa man scored a 51, the Stanton man a 50. Rumor has it the stakes were a hamburger. King shot a 51, but Tatom had to leave before the round was completed. Caddies said he was up with the leader at the time he made his demise.

convenient intervals. Managers are just about decided on his crew, which means that many likely rookies will have to cast adrift, available to a sixth team. Why not sign them up and let them play?

“No player is to receive payment in the City league, and ‘only for the sport of the game’ are the present teams and players entered. When visitors are entertained here, they will make their arrangements for a percentage of the gate, and when our boys play them a return game, or, away from home, their arrangements are entirely up to their manager.

“All of the players of the playground league are regular baseball

(Continued on Page 6)

where a newspaper is published, to appear at the next regular term of the District Court of MIDLAND County, to be holden at the Court House thereof, in Midland, Texas, on the third Monday in April A. D. 1931, the same being the twentieth day of April A. D. 1931, then and there to answer a petition filed in said Court on the 19th day of March A. D. 1931, in a suit, numbered on the docket of said Court No. 2449, wherein R. D. HEATLEY is Plaintiff, and ABE FISHMAN is Defendant, and a brief statement of plaintiff’s cause of action, being as follows:

Now comes the plaintiff, R. D. Heatley and for his cause of action herein states that he is a resident of the City of Midland, County of Midland, and state of Texas; that the residence of the defendant, Abe Fishman is unknown and can not with reasonable diligence be ascertained.

Plaintiff further states that on or about 30th day of May A. D. 1929 one certain G. T. Ball, together with his wife, Sarah E. Ball, and S. M. Ball acting through his agent, G. T. Ball, executed and delivered to this said defendant, Abe Fishman, their certain Warranty Deed conveying to this defendant the following described real estate, to-wit: Being the North one half of Block 13 and all of Block No. 14, Langford and Weathered addition to the City of Midland, Midland County, Texas, said deed being recorded in Deed Record 45, page 97 Midland County Records of Deeds.

That in said deed the grantor G. T. Ball retained a vendors lien in

and to said lands, which lien is evidenced by two vendors lien notes then duly executed and delivered by said defendant Abe Fishman, copies of which notes, together with all endorsements thereon are hereinafter set forth; that after the execution and delivery of said notes and before maturity, for value received, the said G. T. Ball sold and transferred and assigned said notes to this plaintiff.

(A copy of said two notes is contained in Plaintiff’s Original Petition)

Plaintiff further avers that he is now owner and holder of said described notes and that said notes have not been paid except as indicated by the endorsement thereon; that there remains due and unpaid on the note first above described the principal sum of Twenty-Five Dollars (\$25.00) together with interest at the rate of ten per cent per annum from the 2nd day of October A. D. 1929, and on the note second above described the principal sum of Three Hundred, Ten Dollars (\$310.00) with interest thereon at the rate of ten per cent per annum from the 30th day of May A. D. 1929.

Plaintiff further states that each of said notes contains the agreement of the maker thereof that if said notes are not paid at maturity and the same are placed in the hands of an attorney for collection or if collected by legal proceedings the maker will pay ten per cent additional on the principal and interest due thereon as collection and attorney’s fees; that this plaintiff has agreed to pay his attorney

herein said amount of ten per cent and that the same is a just and reasonable compensation.

Wherefore plaintiff prays that the defendant be cited to appear and answer herein according to law; that he may be granted a judgment against the defendant in the sum of Twenty-five Dollars (\$25.00) with interest thereon at ten per cent per annum from the 2nd day of October A. D. 1929 and ten per cent additional on the principal and interest as attorney fees; and a further judgment against said defendant in the sum of Three Hundred Ten Dollars (\$310.00) with interest at the rate of ten per cent per annum from May 30th 1929 and ten per cent additional on the principal and interest as attorney fees; that the plaintiff may be given a decree of foreclosure against the defendant on the lands in this petition described and that the same may be ordered sold and the proceeds applied to the payment of such judgment, and costs, and for all such other and further relief, special and general, in law and in equity, that the plaintiff may be entitled to.

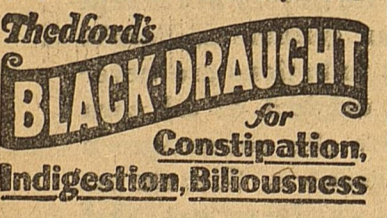

HEREIN FAIL NOT but have before said Court, at its next regular term, this writ with your return thereon, showing how you have executed same.

Given under my hand and seal of said Court, at office in Midland, Texas, On this 20th day of March A. D. 1931. NETTIE C. ROMER, Clerk, District Court, Midland County, Texas. (Seal) By Virginia Warren, Deputy. Mar. 20, 27, April 3, 10

SICK HEADACHE WENT AWAY

Texas Lady Benefited By Taking Black-Draught For Constipation Troubles.

Corsicana, Texas.—Mrs. E. C. Grinnett, of 1215 West Twelfth Street, this city, writes: “When a child, I suffered from constipation, and my mother gave me Theford’s Black-Draught. It always helped me. Since grown, I have continued to use Black-Draught, as I have never found anything else so good. “I used to have sick headaches so much, caused from biliousness and constipation, but I don’t have it any more, I am thankful to say. “I give it to my children in a tea for colds and biliousness, as I have always found it helpful. “I believe Black-Draught helped my husband more than anything he ever took for stomach trouble. He would have attacks of indigestion and would often have to go to bed. Black-Draught would rid his system of the poison caused from this trouble. We think Black-Draught is a fine medicine.”

There are plenty of infield reserve, too. Bill Regan from the Red Sox, young Piet from Waco with lots of second base ability. Clark, farmed to Fort Worth last year, is another good shortstop and third baseman. Sankey, the youngster carried last season and Harry Geisberger, a San Francisco shortstop who seems destined to bloom into a great infield, are being carried. And from these youngsters, Ens will pick one to join Regan in utility work.

Practical paeans resound throughout the Pittsburgh ranks when pitching is discussed. Ens speaking: “We have Wiz Kremer, who led the league in games won and innings pitched; his southpaw teammate, Larry French, who won 17, and pitched more innings than any National League southpaw; Brame, whom I expect to win around 25 this year; Swetonie and Meine who will be better than last year; Willoughby, from the Phils and big George Grant, right-hander drafted from Rochester—and they’re not all, either.”

There are, sweet looking youngsters who must be considered. Charlie Wood, a southpaw, won 21 and lost three with Wichita before the Pirates took him late in the year. He pitched great ball for the Pirates. Spencer has been under the tutelage of “Old Doc” Crandall at Paso Robles. And Crandall says the lad has as much stuff as any young right-hander he’s watched. Andy Bednar, who won 20 games for Wichita, Bivens and Kennedy, youngsters round out the pitching staff.

There’s added strength in the catching department, too. Ralston Hemsley, the lad who caught more than 90 games last year, will be the first string catcher. But a man of his speed is liable to injury, so Phillips, from the Tigers by waiver, has been added as an experienced padman. Another youngster whom Ens believes can go as far as Hemsley is Hal Finney. He’s just under six feet

AVIATION HAPPY OVER THE LOOKS FOR THIS YEAR

BY SWANEE TAYLOR (Transport Pilot)

NEW YORK. (UP)—All branches of the Aeronautical Industry are viewing business prospects this year in a quietly optimistic spirit. There is, to be sure, no hope beyond that of a normal increase in profits over the past year.

Aviation has doffed the rose-colored goggles that went with the boom days, and is back in the flying business. But we do foresee a definite increase in the use of the airplane, and that means more business for all of us.

Manufacturers, as a group, are most hopeful. With the coming of the economical, light airplane they anticipate a great increase in what is known as "private" flying—with attendant brisk sales throughout the land. This power-glider type of aircraft—sometimes called Tom Thumb, or Pee-Wee planes—sell for less than \$1,500 and fly 25 miles on a gallon of gasoline.

Low Operation Cost

The low cost, economical maintenance, plus a high factor of safety will, doubtless, overcome much sales resistance which has been unsurmountable in the past. In the meantime they continue to develop the heavier ships to be used for commercial purposes.

In the field of passenger and mail transportation there exists considerable hopefulness. The attitude of air lines operators is aptly expressed by Miss Amelia Earhart, Vice President of the Lufthansa Line, operating hourly passenger service between New York, Philadelphia and Washington. Miss Earhart said:

"There is little doubt that the public does travel by air when transport operators provide convenient schedules, reliable service and fairly low tariffs. The solution, however, for so doing economically lies first, in having available less expensive equipment with a greater range of usefulness; and secondly, in better management in the establishment and operating of air lines."

Flying schools and airports progressed somewhat even during the depression in 1930. There are fewer schools, but those in existence did show profit. During the past winter months they have conducted class room work in "ground school" subjects, with heavy student enrollments.

Airport Development

While airport development has gone forward to the point where by February more than \$20,000,000 for construction had already been allotted at different points. There can be no doubt that the 1,655 airports in operation at the close of last year, will be increased by more than 500 new fields this year. The Aeronautical Chamber of Commerce reports that by late summer that all the proposed Airways will be completed.

But happiest of all are our aeronautical engineers and designers. Once more they are given a free hand to forge ahead with the development of aircraft and engines. Airplanes are already considered to be reasonably safe. Now the cry is for more and more speed—without sacrifice of safety.

Upton County Meet Saturday

McCAMEY, March 27.—The scholastic championship of Upton county will be determined Saturday when Rankin and McCamey school children meet on the field of contest and in the forum of rivalry on the campus of Rankin's school Friday and Saturday of this week.

Such is the announcement of Interscholastic league officials. The events will include athletic, literary and public speaking contests, representing the physical and mental natures of the county's future citizens and builders.

Cold Wave—
(Continued from page 1)

Beaumont had showers, temperature 64.

Snow and Rain

El Paso had a high temperature of 70 Wednesday and a low of 45 Thursday.

A foot of snow covered the air field at Las Vegas, N. M.

Reports of rain and snow were general throughout the southwest. Snow was reported between Tucumcari and Carrizozo and from Tucumcari to Dawson. Precipitation, either in the form of rain or snow, was reported at Albuquerque, Santa Fe, Abilene, Del Rio, Roswell, Austin, Phoenix and Tucson.

FLY TO ROSWELL

Garrett Donnelly, Eastland Oil company official, and H. M. Becherer, manager of Sloan field, took off today at noon on a cross country flight to Roswell. They expect to return to the Midland field this evening.

MR. KERR BETTER

Charles W. Kerr, who was critically ill Wednesday night and Thursday, is resting quietly today though he is still weak.

Mr. Kerr has been suffering from burns received in an accident at a local garage several weeks ago.

What Would You Do Were You to Sustain Accidents Such as These; Man Swallows Tacks When Slapped on Back; And More

Those who watch out for the safety of the nation see it that there are buffed enough dreadnaughts to insure protection on the seas but it is left for the individual to prepare for his own bodily comfort and resistance to disease. How is this best accomplished? By having a health examination regularly and climbing to top-notch condition.

Besides periodic examinations, both young and old should learn what to do when overtaken by painful or highly injurious accidents such as are sustained from fire or water.

Below is given a list of unusual accidents that were compiled by a large indemnity insurance company. What would you have done had such happened to you or any of your family?

"Insured and wife were trying to keep police dog away from roasted chicken. Both grabbed for chicken at the same time. Wife had carving knife in hand which cut insured's index finger, right hand."

"Insured was trimming window and had tacks in mouth. Swallowed one when someone slapped him on back."

"Standing in bathtub he touched a pipe, received an electric shock and fell out of the window."

"In bed, playing with three-year-old baby. Baby struck him in mouth with milk bottle, breaking two front teeth."

"At home dancing with woman companion when pin in her hair pierced his right ear drum."

"Insured had hot water bag on her stomach while in bed. Bag burst, scalding abdomen and leg."

"Insured was sleeping and awoke suddenly, choking, but was unable to get his teeth which were going down his throat."

"While leaving home, slipped on rubber heels, fell on left thigh, breaking a glass flask which severed two arteries in hip."

In a Utah schoolroom, a group of boys played a joke on a fellow student by placing a tack on his seat in the schoolroom. Blood poisoning developed from the wound and the boy did not recover.

The problem of home safety is an individual problem for each home. Home safety demands home safety planning and home safety habits. As much as possible, home accident hazards should be removed. There should be, as little examples, safe receptacles for used safety blades, metal containers for the hot ashes from the furnace, hand rails for hazardous stairways, lights for all dark corners of the basement and the attic.

To insure home safety habits there must be a home safety engineer. This is usually the mother. The mother, to be a good home manager, must also be a good safety manager.

Tobacco Tax Bill Finally Suffocated

AUSTIN, March 27.—So much smoke was raised over the Farmer tobacco tax bill in the house Thursday that it was finally suffocated, 87 to 40, this coming after an hour of turmoil, members jumping up all over the house to interrupt Representative Ray Holder who has been fighting for some kind of a tobacco tax bill. Wednesday the house killed the Hatchitt tobacco tax measure, and with Thursday's action the Texas legislature has voted down proposed tobacco taxes eight times. It begins to appear as if there is some truth in the report that such a tax is unpopular and a nuisance.

Holder was planning to call up the Farmer bill, but not Thursday. Instead Representative Frank Patterson did it for him, precipitating a battle. At the close Representative J. C. Duvall's motion to table the minority report prevailed.

Amid constant interruptions, Holder continued to speak on personal privileges, members insisting that he was discussing the merits of the bill instead of anything personal and frequently Speaker Minor was called upon to decide whether the Lancaster man had the right to continue his speech.

French Protest Radio Station

PARIS. (UP)—If the Germans are complaining against the construction of a powerful French station at Strassburg, near the frontier, then France is protesting against the many-tongued wireless propaganda coming from Moscow to French listeners.

The protests became more audible with the recent announcement that the Soviets intended to more than double the power of their Tower of Babel in Moscow. With the increased power, Frenchmen claim it will be nearly as easy for French listeners to plug-in on a Moscow program as it will a French program.

The French do not begrudge the Soviets their wireless station, but they do protest against their use of French to spread Soviet propaganda through France and French colonies. Several times every week a program is given in French, one French listener remarking the following statement:

"The Treaty of Versailles is the work of a bunch of brigands and bandits who signed in order to reduce to slavery tens of millions of persons."

The "ECHO de Paris," discussing this matter, points out that France's strongest station, recently inaugurated at Strassburg, confines its programs to the French language, therefore avoiding protests that a French station is trying to install its propaganda and thought in the minds of foreign citizens.

The Germans, however, claim that the Strassburg station was erected near the frontier to drown-out German stations.

ELKIN PLEASES ROTARIANS

"It is a real pleasure to hear someone play one of those generally useless things (saxophones) after hearing so much of the slap stick sob and jazz stuff," wrote a member of the Rotary club at Alpine, following the appearance of Walter Elkin, Midland boy, on a program before that organization.

Elkin is a student in Sul Ross college and was invited to play before the club.

COMPROLLER CALLS

WASHINGTON, March 27. (UP)—The comptroller of currency today issued a call for a statement of the condition of national banks at the close of business on March 25.

L. B. Hawkins of Dallas was a business visitor here this morning.

An elephant can haul a load of 15 tons, lift half a ton and carry three tons on its back.

Eat Everything without Fear of Indigestion

Are there lots of foods you can't eat—for fear of gas, bloating, pains in the stomach and bowels?

Do you have to pass up favorite dishes—while the rest enjoy them?

That's a sign you need Tanlac! For more than ten years Tanlac has restored to vigorous health thousands who denied themselves their favorite foods just as you have to.

Mrs. Arvena Bowers, of 1230 Jackson St., Topeka, Kans., says: "Five years I was troubled with gas, bloating and dizzy spells. But Tanlac toned up my whole system and increased my weight 10 lbs."

If you suffer from indigestion, gas, dizziness, headaches, constipation or torpid liver—give Tanlac a chance to help you! The first bottle often brings the needed relief.

Tanlac is a good, pure medicine, made of roots, barks, and herbs that are recognized by the United States Pharmacopoeia. Get it from your druggist today. Your money back if it doesn't help you.

Class Favorites Hi School Named

Class favorites of the high school were decided in voting Thursday.

Dorris Harrison of the senior class, Leland Murphy of the juniors, Allen Dorsey of the sophomores and Alma Lee Hankins of the freshmen were choices.

Miss Harrison led Herman Walker in heavy voting of seniors, 1809 to 1435, for the most exciting race. Other class voting was rather torpid.

A total of \$58.17 was raised for "The Catolic," high school yearbook which is going to press by sections. Votes were a cent each, and classrooms buzzed with interest taken in races of candidates.

Complete results are shown in the following tabulation prepared in the office of Superintendent W. W. Lackey, candidates arranged by class sections:

11-A, Herman Walker, 1435
11-A, Dorris Harrison, 1809
11-B, Marguerite Bivens, 88
11-B, Ray Park, 11
10-A, Leland Murphy, 125
10-B, E. E. Estes, 25
10-C, G. B. Hallman, 7
9-A, Jack Garlington, 118
9-B, Allen Sherrod, 240
9-C, Allen Dorsey, 317
8-A, Kathleen Scruggs, 274
8-B, John Nobles, 276
8-B, F. H. Lanham, 120
8-B, Lela Mae Miles, 154
8-B, Alma Lee Hankins, 342
8-C, Juanita Cox, 259
8-D, Sadie McCullough, 24
8-D, Lloyd McLeod, 193
Total, 5817

McCamey Finds More Business

MCCAMEY, March 27.—Local business men see a gradual upward trend in business circles. This is due not only to the fact that Easter purchases are now being made, but because buyers are regaining their confidence, according to many merchants interviewed on the subject this week.

The upward incline began about the first of the present month and is manifested in growing deposits in the local Security State bank.

Probably \$10,000 has been let loose here in the past three weeks through the payments of adjusted service certificates to world war veterans. Much of this amount has gone into the paying of debts, some into general circulation for automobiles, dry goods, groceries and other necessities, some into bank deposits which some has been, as expected, simply sluffed off.

On account of the demoralized conditions existing in oil field activity, many men have been dropped from the payrolls of this portion of the Permian basin, but most of those let loose, were single fellows and their departure from the communities is said to have shown very little effect on trade.

Those without employment are urgently calling for help and a gospel of hiring home labor wherever possible is being preached by working-men and business leaders alike.

The proximity of a county site removal election is the occasion of much talk among laborers who see in the move, in case McCamey wins, a chance for additional numbers to be placed on payrolls.

It is believed that the worst has already come and that gradual improvement will be noted until the entire section will be back on a normal basis.

NURSING AT TECH

LUBBOCK, Texas, March 27.—Texas Tech will soon be another of the colleges where mothers bring their children to school.

During the summer sessions a course in nursing will be sponsored by the school of home economics. Miss Margaret W. Weeks, dean of the school, said this of the plan:

"It is planned to offer the school for children between the ages of two and six. We are offering this course on the condition that the mothers or parents study with us. The school is for the training of parents as well as children."

Doubters and Those Who Believe Asked

Two classes of men are particularly wanted Sunday morning at 9:45 at the Men's class in Hotel Scharbauer, those who doubt the Divine and those who believe, but don't know why they believe in God and His creation except that they always have and just because the Bible says so. The lecture is designed to set forth rational reasons for the Christian religion. More old-fashioned singing will be featured. The south side is making a desperate effort to even the score in the barbecue contest, the north side still being five men in the lead.

Sports Reports
(Continued from page 4)

players and want to continue on after their season ends April 25. They have been in training and all willing to sign up with any new entry or with those already entered.

Prizes are contemplated for outstanding players in the City league, who make the most home runs, two-base hits, triples, stolen bases, et cetera. Midland will draw baseball fans from a considerable radius this summer, and when the end of the season in August comes, all kind donations will be gratefully received.

Athletic authorities at Texas Tech announced that entries in the high school relay meet sponsored by the college must be made by April 6. Tech officials invited all class A and B high schools in Texas, New Mexico, and Oklahoma to participate in the meet free of charge. The program, five relays and five special events, will be run off the afternoon of April 11 in accordance with the rules of the Texas Interscholastic league. Preliminaries will be held in the morning for the special events which include the 50 yard dash, 100 yard dash, 200 yard hurdles, javelin throw, and high jump.

The relay events will consist of a quarter mile relay, a half mile relay, a mile relay, a medley, and a special relay. In the latter the first man runs 120 yards low hurdles, the second 220 yards, the third 120 yards, and the anchor man one quarter mile.

The team entry scoring highest number of points will be awarded the 28 inch engraved trophy presented by the Lubbock Avalanche-

Journal. Second highest scoring team will receive a large loving cup. Winners in the relays and special events are to receive silver track statuettes while the runners-up are awarded loving cups. The two high point men of the meet will be presented with wrist watches. Suitable prizes, donated by local business firms, will be presented third place winners.

Captain Jack Durham, Hamilton, will call out his varsity and freshman football men at Texas Tech, March 29 in preparation for the grueling schedule booked for the Matadors next fall. Besides games with Baylor, Haskell Institute, and New Mexico university, the Texas Tech eleven is scheduled to battle the Colorado miners.

ADDISON WADLEY CO.
"A Better Department Store"

BARGAIN DAYS ARE HERE

THE PRICE IS THE LOUD SPEAKER

It would be foolish for us to tell you that we had good merchandise and cheap prices if we did not back it up—but we have both. And we are here to back it up. Did you know we had been selling goods here for more than a quarter of a Century and there has never been an article sold from this store to cause a single case of ptomaine poison? We handle as good merchandise as money can buy. Yes, we sell some cheaper goods, but you take no risk—as everything we sell carries with it a money back guarantee. Every article in our store is marked in plain figures and we want you to know our prices. Compare them with what you are paying and if you are not trading with us you will be after you have made the comparison.
