# Reds Strike Across Naktong As Massive Offensive Nears

## Europe Wants US Chieftain

By JOHN M. HIGHTOWER  
Associated Press Staff  
WASHINGTON, Aug. 12.—Strong sentiment is reported developing among North Atlantic treaty nations, with some support here, for the creation of a supreme military command over Western European defense forces.

French officials, whose government has requested more American troops in Europe, have informally told American representatives the commander should be an American.

Britain and other countries are said generally to share this view. They feel the United States has a kind of final responsibility for the defense of the west because of its total resources.

The major reluctance to creating a single military leadership for the Atlantic area has stemmed from military authorities here in the past. They have felt, according to authoritative information, that assumption of such leadership by the United States might cause the Europeans to ease up on their defense program. Now, however, expanded to meet the new threats of Red aggression arising from the Korean crisis.

Public attention has been focused anew on the problem of top military organization by the action of the European consultative assembly in approving Winston Churchill's proposal yesterday for a unified European army. The assembly asserted the European defense establishment should be headed by a single defense minister.

American officials said they welcomed the assembly's action and the support which it obtained from such leaders as Belgium's Paul Henri-Spaak. But they would not commit themselves at once on whether the Churchill plan should be put into effect by the European nations.

The American government has long advocated non-Communist unity in Europe. But in the present world emergency American policy makers appear to be primarily concerned with promoting the unity of non-Communist countries everywhere. They regard the problem of European defense as part of a larger problem of North Atlantic defense.

## First Atmospheric Disturbance Of Hurricane Season

HAVANA, Cuba, Aug. 12 (AP)—The Cuban national observatory today reported the first atmospheric disturbance of the fall hurricane season, 400 miles east of the northern tip of the Windward Islands. The windwards are near the northern coast of Venezuela.

## AND IT WAS ONLY FIVE YEARS AGO

# Peace—It Was Wonderful On V-J Day, August 1945, And Everyone Was Happy

HARRY S. TRUMAN

GEN. GEORGE MARSHALL

CHIANG KAI-SHEK

PREMIER JOSEPH STALIN

By SAUL PETT  
NEW YORK, Aug. 12 (AP)—It was only five years ago, you know. Just five years this week. Only 1,826 days.  
On August 14, 1945, at 7 p. m., eastern war time, in the first week of the atomic age, Harry S. Truman announced the surrender of Japan, World War II was over.  
First Pearl Harbor, three years and 250 days before, then Bataan, Hill 609 in Tunisia, Anzio, Guadalcanal, Midway, Normandy, Paris, Bastogne, The Elbe, Saipan, Guam, Manila, Iwo Jima, Okinawa, Hiroshima, Nagasaki and finally the end of the line, everybody off. Count your discharge points, sweetheart. You can say that again. Going home...  
"Who says I'm essential in an army of occupation? All I know is I got 85 points and want out."  
"What does real milk look like?"  
"How do you learn to talk to nice people again? Do you say, 'Mother, please pass the—butter'?"  
"In the next war, they'll have to catch me to draft me."  
We blew our tops that day from Times Square in New York to Market Street in San Francisco. We yelled, we snake-danced, we kissed strangers, we sang, we climbed on autos and street cars, we watched two nude blondes bathe in a lily pond, we made bon-fires out of war bond booths, we sounded air raid sirens, we rolled out beer barrels and tapped them on the sidewalk and we got awfully drunk.

But we also went to church and when the churches filled up we knelt on the sidewalks outside and thanked God that the many young men who surely would have died the next day or the next week or the next month would now live.  
People said many things in those days after the victory.  
President Truman: "This is the day for the Democracies. This is the day when we can start on our real task of implementation of free government in the world. I know we are going to do it."  
Mrs. Martha Truman, mother of the President: "I'm glad that Harry decided to end the war."  
Winston Churchill, like Herbert Hoover, warned of the spread of communism, and said of the atom bomb: "There are perhaps three or four years before the great progress in the United States can be overtaken. In these three years we must remold the relationships of all men in such a way that these men do not wish, or dare to fall upon each other for the sake of vulgar, outdated ambition or for passionate differences in ideologies, and that international bodies by supreme authority may give peace on earth and justice among men."  
Joseph Stalin to Chiang Kai-shek: "I wish to express the certainty that friendship and cooperation of our countries together will serve the cause of universal peace."  
Gen. George C. Marshall warned

ALLIED FORCES HALT NORTH KOREANS — Open arrows show where U. S. and South Korean forces struck at Communist invaders along the Korean front. U. S. Forces (A) strengthened positions within two miles of Chinju. Along the Naktong River line (B), allied units beat back two North Korean attempts to carve bridgeheads across the river north of Waegwan and near Taegu. The Communist bridgehead southwest of Changnyong was compressed by strong U. S. attacks. Defenders counter-attacked in heavy fighting at Pohang (C) where U. S. troops still hold the airfield and port facilities, outside the town proper. Reds continued pressure above Ulsong in the North. (AP Wirephoto)

# Plans Completed For X-Ray Survey

Plans for staging Howard county's mass chest x-ray survey were completed Friday as members of the local Tuberculosis association set Sept. 1 as dates for the anti-tuberculosis campaign.  
Charles H. Hoover, field representative for the tuberculosis division of the State Health Department, met with the group to help map plans for a large-scale educational campaign aimed at getting as large a participation in the survey as possible. If possible, every Howard countyman will be urged to submit to the chest x-rays. Committees were named to push the various phases of the campaign. The x-ray machine, to be set up in the Taylor Appliance store at 212 E. 3rd street, will be operated daily except Sunday during the nine days of the survey here, according to Jack Y. Smith, general chairman.  
Technicians will be on hand during Labor Day to accommodate those unable to be x-rayed on working days. Hours for the survey are 9:30 a. m. to 6 p. m. daily.  
The x-ray program is to be held in an attempt to locate all "hidden" cases of tuberculosis in the county. Dr. J. M. Woodall, president of the Howard County Tuberculosis association, pointed out the X-ray will reveal any possible infection of the disease permitting early treatment.

## UN Units Rush To Sagging Line

TOKYO, Sunday, Aug. 13 (AP)—Korean Communists struck across the Naktong today in new crossings near Taegu and American headquarters said a massive offensive by more than 60,000 Reds may be near.

As the threat mounted to the key communications center on the west front of the United Nations beachhead, U. S. Air Force planes abandoned the vital airfield near the burning ruins of Pohang on the east coast. Pohang, once the second best supply port for the Allies, was a no-man's land.

The new Red crossings put 600 to 800 troops across the Naktong on the American-held front at dawn. They followed a tank-supported North Korean division that got across Saturday.

Units of the U. S. 25th Infantry Division rushed up from the southern front to help hold the sagging river line. New concentrations of Red forces also were reported on the northern front which is held by South Koreans.

## KOREAN WAR AT A GLANCE

By The Associated Press  
KOREAN FRONT — Hundreds more North Korean troops cross Naktong River on heels of full division already across, launch attacks which may be start of mass offensive — see vital supply base of Taegu. Units of U. S. 25th Infantry Division rush north to strengthen line. American planes abandon vital fighter airstrip near Pohang as Reds bring fire under mortar fire. South Korean and American armored reinforcements still hold port facilities at Pohang.  
AIR WAR — B-29s blast Najin near Soviet frontier with 500 tons of bombs.  
INDOCHINA — Official sources report Red China aids Communist guerrillas in Indochina with arms and training camps.  
STRASBOURG, France — Churchill and political leaders in 9 other countries demand a unified West European army.

Total Communist strength massed on the western side of the Naktong for the expected all-out offensive was estimated at 60,000 troops. The new Communist thrusts hit a one-two punch aimed at both banks of U. S. First Cavalry positions west of Taegu, front line supply base.

The North Korean's expected offensive which U. S. officials predicted would be a "massive" one probably will come from the Waegwan area 12 air miles northwest of Taegu.

The Reds already had cut the main supply route 25 miles southwest of Taegu. They had road-blocks at two points on this road. Taegu is 55 air miles northwest of the major port of Pusan.

An intelligence officer at Gen. MacArthur's headquarters said if the long-awaited all-out Red drive hasn't already begun, "it will any minute now."

At dawn Sunday the Reds forged two new crossings with from 600 to 800 men. One force got to the east bank at the northern end of the First Cavalry. This was in the area of Waegwan where they already had established a bridgehead and where most of the 60,000 North Korean troops were massed.

It was behind the Chahngnyong Bridgehead that the supply route was severed by the Red road-blocks. One was at Miryang, 25 miles south of Taegu. The other, at Yung-an, cut off supplies to the 24th Division.

The Naktong threats were the most critical of three points of heavy action along the Korean war front.

In the Chinju sector, near the southern anchor of the 140-m 114 front, desperate Communist troops had thrown a road block across the main road supplying the Army's 25th Division and Fifth Regimental combat team.

The Red tactics apparently were designed to harass the Americans who have snapped shut a trap on some 1,000 North Koreans in the area.

## Six Children Die When Train Hits Wall In Holland

GRONINGEN, The Netherlands, Aug. 12 (AP)—Six children were killed here today when a train knocked down a stone wall under construction at railroad marshaling yards.

The train ran through a terminal block and crashed into an iron gate. The gate was hurled against a wall behind which a group of children were playing. Several children were rescued but six were caught beneath the fallen stones and mortar.

## Stanton Soldier Said Wounded In Korean Fighting

The name of Corporal James E. Trumble, son of Mrs. T. L. Trumble of Stanton, has been added to the list of wounded in Korean warfare.

Corporal Trumble was included on the casualty list of the Department of Defense issued Saturday. No further information was given. His mother's address is given as Box 62, Stanton.

# What To Do If A-Bomb Hits

By DOUGLAS B. CORNELL  
AP Staff  
WASHINGTON, Aug. 12.—If that atom bomb hits, fall flat and double up. Don't make for cover if it takes more than a step or two to get there.  
Whether you live or die may depend on how fast you move in the very first second — about the time it takes to say "one hundred and one."  
The governor says so in a new book on "The Effects of Atomic Weapons." For the first time it gives you some definite points on what to do in case of an atom bomb attack.

The main idea is to get something between you and the explosion, even if it's only your clothing. Protect exposed skin.  
The book was put out by the Atomic Energy Commission. It was prepared by atomic experts under direction of the Los Alamos, N. M., scientific laboratory, which the University of California operates for AEC.

Much of it is too technical for the average person to understand. Much of it is old stuff warmed over. But there are new trimmings and details.

The book, and AEC defense officials familiar with it, do say that you needn't worry about talk that atomic explosions might contaminate the entire earth with radiation.

## Big Spring - Week -

With Joe Pickle

The schools loomed in the news this week. Date for the opening of the city schools was set as Sept. 5, Howard County Junior College will open on Sept. 11.

The public school plant has had its biggest and best face lifting in probably a score of years, with some \$9,000 being spent on various renovation projects before it's all over. Much of this work has been long overdue, but there has always been a money problem. With new classrooms at some units, the housing situation will be better than last year, but still inadequate.

Progress, however, is being made on the new high school plant and above-ground construction (on the shop wing) may be seen before long. Work at the new HCJC site is coming long nicely, too.

Incidentally, the HCJC budget. See THE WEEK, Pg. 6, Col. 1

U. S. 24TH INFANTRY DIVISION HEADQUARTERS IN KOREA, Aug. 12 (AP)—Two Texans and a New Mexico man were among 12 enlisted men and five officers decorated for valor in action in the fighting around Taegu and Yongdong, 24th Infantry Division headquarters announced today.  
Capt. Lyndell M. Sutherland, Tyler, received a Silver Star posthumously and Sgt. James L. Matthews, Waco, was given the Bronze Star.  
Sgt. Daniel Patrick Sullivan, Artestis, N. M., was awarded the Silver Star.

## 36th Division Guardsmen Ready For Maneuvers

AUSTIN, Aug. 12 (AP)—National Guardsmen of Texas' famed 36th Infantry Division next Saturday will begin a movement by truck and rail, to converge on North Fort Hood Aug. 20 for two weeks of field training.  
This year's summer camp will be the third for the T-patchers since reorganization of the division following World War II.  
Maj. Gen. H. Miller Ainsworth is division commander.

## Two Houston Men Die From Injuries

HOUSTON, Aug. 12 (AP)—Two men died today in City County hospital from traffic accident injuries. They were John W. Smith, 60, and John D. Lewallen, 69, both of Houston.  
Smith was struck by an automobile July 29.  
Lewallen was struck by a vehicle Aug. 9.

**MILITARY COSTS WAY UP**

**Johnson Calls For Immediate Price Control As "Necessity"**

By The Associated Press  
WASHINGTON, Aug. 12. — Sen. Lyndon Johnson (D-Tex.) called tonight for immediate control of prices as "a military necessity."  
Such action is imperative, Johnson added, because price increases on military goods within the last six weeks "have reduced the purchasing power of our defense dollars as much as 500 per cent in some instances."  
The Texas senator quoted the secretaries of the Army, Navy and

Air Force as saying the recent sudden price increases "are one of the major problems complicating our preparedness planning at this time."  
Johnson spoke out as two Republican leaders joined with Senate Democratic chiefs in predicting passage next week of a home-front mobilization bill giving President Truman broad powers over the nation's economy.  
The Senate measure — like the bill already overwhelmingly ap-

proved by the House — would let Mr. Truman invoke wage-price-rationalizing controls whenever he saw fit.  
"I think the Senate will pass its bill by next Thursday in substantially the same form as the House bill," said Sen. Wherry (R-Nebr.), the minority leader.  
Sen. Millikin (R-Colo.) chairman of the conference of all Republican senators, told reporters: "As of now, it looks as though the Senate bill in its final form will be pretty much like the House measure."  
Johnson, a member of the Senate Armed Services Committee, concentrated in his statement on the rising cost of defense items. But he did not suggest that price control be limited to those materials.

**State Dems Seek To Assist White**

By DAVE CHEAVENS  
OF STAFF  
Formation of a statewide committee, including many organization Democrats to aid John White in his race for agriculture commissioner was disclosed here Saturday.  
Eight of the 12 members of the group beginning a statewide direct mail attack on J. E. McDonald's party loyalty status are members of the State Democratic Executive Committee.  
The appeals are going out under the letterhead: "State Democratic

Committee for John White." It doesn't say "Executive Committee" but its slogan is: "A Democrat for the Democratic nomination."  
The State Democratic Executive Committee tried to bar McDonald's name from the ballot because he has supported Republicans. It failed in a court test. McDonald subsequently has been endorsed by the Republican state convention, which did not put up a GOP candidate for commissioner of agriculture.  
Herman Jones of Austin, a long-time Democratic organization stalwart in Texas, is chairman of the White-for-commissioner committee.  
There were other political developments Saturday.  
The illness of Ben Ramsey, candidate for lieutenant governor in the Aug. 22 run-off primary, has been diagnosed as acute gastritis. His doctor said that meant irritation of the stomach resulting from his strenuous routine, and probably started by food poisoning.

He issued a statement asking his friends to step up their efforts while he is ill.  
Pierce Brooks will take his campaign for lieutenant governor to South and East Texas next week.  
There was no word from McDonald on his campaign plans for the week, if any. He has said he would be too busy working at his job to campaign. White, his opponent, will be in Dallas Monday and Tuesday, Fort Worth Wednesday, Houston Thursday.

**118 Job Placements Made This Week By TEC Office Here**

A total of 118 job placements were made through the Texas Employment commission office here last week. Leon M. Kinney, manager, reported Saturday. Forty-five of these were in non-agricultural positions.  
The TEC made a total of 172 referrals, including 83 to non-agricultural jobs. A total of 27 new job orders, listing 45 openings were received. New work applications totaled 46.  
There were 12 new and continued claims actions filed, and a total of 450 visits to the local office.

PHOENIX, Aug. 12 (AP) — A defense motion to dismiss the first degree murder charges against two Texas teenagers was denied at their trial here today.  
The case is being heard in Maricopa County Superior Court before Judge Francis J. Donohue and a jury of four men and eight women.  
On trial are Elbert Gene Riddell, 19, and Charles Ray Ople, 18, both of Waco. They are charged with the shooting of Gustave A. Beausseau, 36, Los Angeles and Boise, Ida., last March 19.  
The jury and an alternate man and woman juror were selected late yesterday after three days picking from a 52-juror panel.  
County Atty. Warren I. McCarthy said, in his opening statement, that the state will produce evidence showing that Beausseau gave the youths a ride from Globe, Ariz., 91 miles northeast of Phoenix, toward Phoenix; that, in a robbery attempt, they shot him; and that he died at Mesa, 16 miles east of Phoenix.  
Atty. Jack C. Canyess, counsel for Riddell, moved for dismissal of the murder charges on the ground the killing was not premeditated. The court denied the motion.  
First witness called was Jess Melidrum of Mesa, the undertaker who was called to the motel near Mesa where the mortally wounded Beausseau had stopped his car. He testified Beausseau died in the ambulance while being taken to the hospital at Mesa.  
Other witnesses were Dr. Abraham Cheiker, Mesa physician, and D. L. McGovern, superintendent of the Maricopa County Sheriff's Identification bureau.  
Trial adjourned at noon and will be resumed Monday morning.

**Dallas Girl Gets Nod For Duchess**

AUSTIN, Aug. 12 (AP) — Miss Dale Cochran, University of Texas student from Dallas, (2829 Potomac Avenue), today was designated by Gov. Allan Shivers as Duchess of Texas for the October 6-8 Texas Rose Festival at Tyler.  
The brown-haired, hazel-eyed Miss Cochran is a member of Pi Beta Phi Sorority at the University.

**Prominent Rancher Dies At Kerrville**

KERRVILLE, Aug. 12 (AP) — Jerry Eugene (Gene) Cowden, prominent West Texas ranchman and director of the Texas Sheep & Goat Raisers Association, died early Saturday at his home here after an illness of only a few days.  
Death claimed the native West Texan on his 53rd birthday.  
Services are set at 4 o'clock Sunday afternoon from the First Presbyterian Church in Kerrville with the Rev. William Logan, pastor officiating. Burial is to be in the Garden of Memories Cemetery.  
Cowden was born Aug. 12, 1897, at Midland. He moved to this vicinity 23 years ago to continue the family ranching tradition. During his 14-year residence in Kerrville, he was a member of the city school board and was a deacon in the First Presbyterian Church. He was a veteran of World War I.  
Survivors include the widow, Mrs. Lorene Cowden five sons, J. E. Jr., and Harry of Crane, George and W. H. of Mountain Home, and Charles of Kerrville five brothers and three sisters.

NEW YORK, Aug. 12 (AP) — The Associated Press wholesale commodity index this week advanced to 184.19 from 183.50 a week ago, and compared with 153.85 a year ago.  
It was the eighth consecutive week-end advance in a row for this index of 35 important wholesale commodity prices. The base year, 1926, equals 100.

**Transfer Sgt. Cox To Abilene Office**

Sgt. Cldney H. Cox, Army and Air Force canvasser for the Big Spring Recruiting station for the past year, has been transferred to the staff of the Abilene recruiting Main station.

He will go to his new assignment Tuesday. Transfer of Sgt. Cox leaves only M-Sgt. Thomas H. Bumsh to conduct recruiting activities for the Army and Air force here.

Mrs. John W. Geary, 840 Ursuline St., New Orleans, La., says that life lately is sure wonderful—she didn't dream the world was such a fine place to live in. She thinks things look different—like she had just taken off dark glasses for the first time and saw things as they really are. She was suffering from deficiencies of Vitamins B1, B2, Iron, and Niacin, which HADACOL supplies in generous quantities.

Here is Mrs. Geary's statement: "I had been sick for some time. It affected my stomach so much that I was unable to eat regularly, and lots of times I was unable to hold the food on my stomach. Then I heard about HADACOL. After the first few bottles I could tell a definite improvement. Now my stomach doesn't trouble me at all. I eat anything I want to and the most glorious thing is that my nerves are just as normal as can be. HADACOL is wonderful—it must be; it did so much for me. Thanks again to HADACOL."

HADACOL Has Been a Blessing to thousands of folks whose systems were deficient in Vitamins B1, B2, Niacin, and Iron. HADACOL can help you, too, if you will just give HADACOL a chance—if you suffer from stomach distress, nervousness, insomnia, constipation, aches and pains of neuritis, or a general rundown condition, caused by such deficiencies, let HADACOL help you as it has helped others all over the country. Even hundreds of doctors are now recommending HADACOL to their patients suffering from such deficiencies.

Give remarkable HADACOL a chance to benefit you. Remember, you have nothing to lose. HADACOL will make you feel great after the first few bottles you take, or your money will be refunded. Only \$1.25 for Trial Size; Large Family or Hospital Size, \$3.50.

**'Please Don't Cry Mommy,' Said Little 'Evac' Girl To Her Mother**

TOKYO, Aug. 12 (AP)—The little girl stood in the waiting room at the airport, wide-eyed with the excitement of airplanes, loud-speakers, soldiers coming and going, and all the other little children. She was about seven. She wore a pink playsuit and her eyes sparkled behind spectacles with blond rims—the color of her hair.

Suddenly, half dancing, she skipped across the room to a woman sitting in one of the big leather chairs.

"When do we go, mommy?" she asked "and where's daddy? Isn't daddy coming with us?"

For a moment the woman simply sat there, unmoving, with stony eyes staring out through the great curving glass front.

Then suddenly she buried her face in her hands and her shoulders quivered.

A Red Cross worker hurried to the woman's side. A second worker took the little girl by the hand. They persuaded the woman to go into the room with the sign "dependent's lounge."

Through her tears she was saying: "I heard from his commanding officer. He said he was killed instantly. He didn't suffer. I hope they buried him. They will know where to find his grave. Won't they?"

She was a war widow. Only a week ago she had been a soldier's wife living in Japan with their little girl. Now she was waiting for a plane to take them three planes a day are leaving Haneda Airport now, taking women and children back from the Orient under special Army orders. Not all of them are

"casualty evacs" as the nurses say. The majority are simply families being sent home by their husbands in the services.

They can only take a little baggage. They seldom come equipped with enough sterile bottles, diapers and formula to last the trip. They don't know where to change their money or how to have their clearance papers checked or what inoculations are necessary.

The majority are frightened, lonely, helpless.

When her mother came out of the room the little girl ran to her. She was still delighted with the ride she was going to take in the airplane. Nobody had told her why. "Don't cry, mommy," she said. "Please don't cry."

**Old Maids Due To Be Honored**

DENTON, Aug. 12 (AP)—Thanks to one's frankness, Denton County old maids are going to be honored Tuesday evening.

Miss Dorothy Babb, instructor at North Texas State College here, announced recently she thought there should be an "Old Maid's Day" and that it should be observed by giving gifts to old maids.

She estimated she had spent \$1,500 in 25 years on presents called for by Mother's Day, Father's Day, bridal showers, weddings, etc. She said this stream of gifts shouldn't be a one-way affair.

The words were hardly out of her mouth—and on front pages of newspapers—before gifts began arriving. Elaborate garters from an exclusive Dallas store. A watermelon from a former student. A free pressing and cleaning certificate from another.

But the best is yet to come. The Denton Record-Chronicle is publishing coupons which old maids can fill out to attend a country club tea to be given Tuesday. There'll also be a stage and picture show. Also, candy, popcorn and soft drinks. All free. Even corsages.

A special section in the center of the theater stage will be roped off for the old maids.

**Explosion Rips Meadowbrook Club**

PALESTINE, Aug. 12 (AP)—An explosion ripped the Meadowbrook Country Club house here today and the fire that followed destroyed the big building.

No one was in the house at the time of the blast. Mrs. O. L. Miles, wife of the club grounds keeper, said she heard the blast from her home several hundred feet away. She said the explosion had knocked out her telephone—an extension from one in the clubhouse—and prevented her from immediately calling firemen.

N. D. Crutchfield, a member of the club, drove up just after the blast and drove her to get help.

A. E. Sutton, club secretary, said escaping gas apparently caused the explosion.

The loss was only partially covered by insurance. Furnishings of the building and equipment and equipment of scores of golfers were valued at around \$25,000.

Theo S. Maffitt, the architect who designed the club house, said it could not be "replaced for \$50,000."

**Wife Of Texas Ranger Dies At Junction Home**

JUNCTION, Aug. 12 (AP)—Mrs. Gully Cowser of Junction died at 115 o'clock Saturday morning in a Kerrville hospital after an extended illness. She was the wife of Capt. Gully Cowser of the Texas Rangers.

Funeral services are set at 3:30 o'clock Sunday afternoon from the Junction Methodist Church, the Rev. Ennis B. Hill of Dallas, officiating. Burial will be in the Copparras Cemetery near Roosevelt Survivors other than her husband include a daughter, Mrs. W. T. Meriwether of Alpine, two sons, Gully, Jr., and K. Cowser of Junction, and four sisters.

**Texas Daily Oil Production Is Up**

AUSTIN, Aug. 12 (AP)—Texas' crude oil production allowable rose to 2,613,575 barrels daily today, an increase this week of 7,309.

A Railroad Commission report also showed a completion of 186 oil wells during the week, bringing the state's total to 122,005. There are 1941 separate fields.

Well completions this year have totaled 6,474, compared to 5,231 the same period last year.

**Angelina County Crash Kills One**

LUFKIN, Aug. 12 (AP)—Mrs. Will Adams of Angelina County was killed last night in a auto-pickup truck collision just west of here. She was riding in the back of the pickup.

Six members of her family and one other person were injured. Most seriously hurt were Mrs. Orbralay Adams and Shirley Adams, also in the back of the truck. Other family members injured were Will Adams, Joe Adams, Gordon Cheatum and Jimmie Miller. Charles Rye of Lufkin, an occupant of the car, was hurt. His companion, Jack Palmer of Lufkin, escaped injury.

**Jet Pilot Escapes As Fighter Crashes**

VICTORVILLE, Calif., Aug. 12 (AP)—An F-86 jet fighter plane crashed in flames today and touched off a brush fire in the foothills near Hesperia, 10 miles to the south, but the pilot parachuted to safety.

He is Charles D. Roby, 21, of Iowa Park, Tex., based at George Air Force Base here. Spotted from the air he was rescued by an Air Force ground crew.

A U. S. Forest Service crew brought the brush fire under control after a five-hour fight.

**Boy Evangelist Recovering From Fractured Jaw**

ST. PETERSBURG, Fla., Aug. 12 (AP)—Fifteen-year-old David Walker, nationally known boy evangelist, is recovering from a water skiing accident.

The little minister was injured seriously yesterday when he struck a piling as he was being pulled

behind a speedboat. Mound Park Hospital attendants said he suffered a fractured jaw and was unconscious for several hours after the accident.

The youth, who formerly lived at Phoenix, Ariz., has conducted evangelistic services throughout the nation and in foreign countries.

His father, the Rev. Jack L. Walker, was steering the speedboat at the time of the accident and his mother was taking pictures of him from the shore.

**Son Of Pioneer Dies At Richmond**

HOUSTON, Aug. 12 (AP)—Dr. Edward P. Newton, 61, a dentist in Richmond for the past 38 years and a grandson of one of the first pioneers of Texas, died in his home at Richmond today. He had been ill a year.

A native of Madison, Ga., he attended Georgia Military Academy in Atlanta and graduated from the Texas dental college here in 1912.

Dr. Newton was a descendant of Brig. Gen. William T. Austin who served in the Civil War and the Mexican War. Gen. Austin settled in the Stephen F. Austin colony near Brazoria in 1832.

### Bridges Ends Week In Jail; Power Wanes

SAN FRANCISCO, Aug. 12. (AP)—Harry Bridges ended a week in jail today amid reports that his strength is waning in the CIO Longshoremen's Union he heads.

The San Francisco Examiner said that Bridges' own Local 10 of the International Longshoremen's and Warehousemen's Union, (ILWU) twice repudiated their president last night.

The paper said a local meeting voted 2,082 to 887 for a resolution calling on Bridges to resign either the union leadership or presidency of the Maritime Federation of the World, and 1,963 to 982 to dissolve "fraternal affiliation" with the maritime federation.

The resolutions also called for support of U. S. policy in Korea by ILWU headquarters, the paper said.

The maritime federation is a part of the assertedly Communist-dominated World Federation of Trade Unions.

Union leaders either were unavailable or refused to comment on the report.

The first clear indication of Bridges' strength in the union probably will come next week when 300 ILWU delegates gather at Coos Bay, Ore., Monday for a three-day caucus.

Bridges has been in jail as a Communist-perjurer since his \$25,000 bail pending appeal was revoked a week ago.

### Three Hospitals Get Checks Under State Program

AUSTIN, Aug. 12. (AP)—The state today mailed \$36,935 to three hospital construction projects.

The payments were under terms of a state-sponsored cost-sharing hospital building program. As of June 1, 89 projects had been approved.

Today's payment went to these: South Plains Health Unit, \$17,324 as a second installment toward a total construction cost of \$82,000. This is a local health center, located in Brownfield, which covers a five-county area of Dawson, Hockley, Garza, Yoakum, and Terry Counties.

The 22-bed San Saba County Hospital, a fifth and final payment of \$4,240 on a total cost of \$168,500. This project is complete and in public service.

Memorial Hospital of Martin County in Stanton, 29 beds, \$15,371 as a third installment on a total construction cost of \$205,000.

### Non-Farm Placement Total Is 40,287

AUSTIN, Aug. 12. (AP)—A total of 40,287 Texans were placed in non-farm jobs in July, the Texas Employment Commission said today.

This was an increase of 1,770 from June and 6,100 greater than in July last year. It was still 2,390 under the peak for 1950 which came in May.

Farm job placements in July totaled 104,648—25,318 more than in June. Cotton picking was responsible

### Rodgers Joins Wife In Hospital After Mishap

County Attorney A. Mark Rodgers, who has been visiting his wife in a local hospital the past several days, doesn't have to move very far to see her anymore.

Rodgers himself wound up in a hospital bed after he had broken his arm in an automobile mishap, which occurred several miles northwest of Big Spring early Saturday morning.

The county attorney was a passenger in a state highway patrol car driven by D. D. Williams that overturned as it was giving chase to a speedster on a dirt road several miles west of Fairview.

The police car was badly damaged but Williams escaped with only a minor bruise. Damage to the vehicle was estimated at about \$500.

The alleged speedster eventually was stopped by another highway patrolman. In the car was Frank Wynne, the driver, and James Childers, both of Loveland.

Wynne was charged in justice court here Saturday with speeding and officers said he would be similarly charged in Dawson county, since the chase started there.

Authorities said Wynne's car was a Ford but had a Cadillac engine.

### Food Order For \$3.06 Is Worth \$938 More--Has Man's Savings

CHICAGO, Aug. 12. (AP)—Adam J. Zabor, a hard working vegetable peeler in a North Side grill, is looking for a customer who paid \$3.06 for an order of food Thursday night.

Zabor's life savings of \$938 were in the cardboard box in which the order was placed by Zabor's boss.

Zabor, 35, by his simple style of living had saved \$938 for the "rainy day" of sickness or old age. His bank was an ordinary cardboard box in the cranny between the platts in the bottom of the box. Zabor carefully stowed his hoard.

Each night after work Zabor carried the box to his home and brought it back to the grill with him each day.

On Thursday a well dressed man, about 30, placed a "carry out" order. Owner John Dimas was unable to find any paper bags in which to place the order. But he found an old square cardboard box on a kitchen shelf and placed the food in it.

Ten minutes later Zabor, flushed with excitement, asked Dimas if he had taken the cardboard box. The puzzled owner confirmed Zabor's fears.

"It had my money!" My savings! \$938!" the stricken man moaned.

Zabor and Dimas are hunting the customer—appealing to him in a newspaper advertisement to contact them.

"Important for personal reasons," their ad reads.

### Car Ownership Now Had By A Third Of Texans

AUSTIN, Aug. 12. (AP)—There is now more than one automobile for every three persons in Texas.

The State Highway Commission announced registrations at 2,700,000 for this year so far have exceeded those for 1949. The total is expected to reach 3 million.

String all those cars together bumper to bumper and they would stretch out for 10,000 miles. State Highway Engineer D. C. Greer, figuring it another way, said they would completely fill a 12-lane super highway from El Paso to Galveston.

### Wreck Is Fatal

GREENVILLE, Aug. 12. (AP)—E. M. Bateman, 33, a welder foreman at Houston, died in a hospital here Friday night shortly after his automobile left the highway and struck a tree.

### Texas Research Program Geared For A Total War

AUSTIN, Aug. 12. (AP)—If total war comes, the University of Texas Research program is ready for it.

J. Neils Thompson, director of the research center, said today the program could be geared quickly to full war needs.

In a report to the U. S. Office of Education, he noted that the off-campus center already has five laboratories in eight buildings doing research—some of it secret—for the Navy, Air Force, Atomic Energy Commission and other federal agencies.

Thompson also released a brochure detailing assets at the research center which would expedite expansion. Principally they were: Availability of electric power from generators of the Lower Colorado River Authority, the research center's own railroad spur leading to the main line of the Missouri Pacific Railroad, excellent rail and air transportation facilities in and near Austin, including Bergstrom Air Force Base for accommodation of scientific personnel or equipment arriving in military planes, the center's own water and sewage disposal systems, its large supply of heavy machine tools, the availability of approximately 353 acres of land for construction of additional buildings on the 393.5-acre tract, and the research center's security system, including a nine-foot-high chain link fence, and an around-the-clock patrol of the premises by a staff of competent guards.

The brochure also has been forwarded to proper authorities in Washington, Thompson said.

Lena Wahnund of Lafayette La. is here visiting her sister, Miss Purse Felter and her niece and nephew, Mr. and Mrs. H. F. Jarrett.

# Brief Review Given On Call Of Reserves

WASHINGTON, Aug. 12. (AP) — Here in brief, is the situation regarding the calling of reservists and National Guardsmen to active duty:

**ARMY**  
Reserve units: An undisclosed number of units smaller than a division are being called up. Individual reservists not assigned to organized units, 9,444 officers, both active and inactive, in reserve training programs, are being called involuntarily. Of these, 7,862 are captains and lieutenants in 16 arms and services. The remaining 1,582 hold ranks up to ma-

for in the medical and medical service corps, lieutenant colonel in the dental corps, and major in the veterinary corps. In addition, 62,000 enlisted reservists who are not members of organized units will be called during September and October for 21 months' duty. Women reservists of the nurses corps and the WACS are not yet being called involuntarily. Ground forces: Four divisions and two regimental combat teams have been called into service with the Army. The divisions are the 28th Infantry of Pennsylvania the 104th Infantry of California the

43rd Infantry of Vermont, Connecticut and Rhode Island, and the 45th Infantry of Oklahoma. The regimental combat teams are the 196th of South Dakota and the 278th of Tennessee.

**Air units:** No call-up of units of the Air National Guard has been announced, but a limited number of ground support groups is expected to be called to support the mobilized guard soldiers.

**MARINES**  
Reserve units: All organized ground units have been called to active duty and more organized air units are being called.

Individual reservists not assigned to organized units: The Marine corps has announced that this group, totaling about 80,000 and named the volunteer reserve, will be mobilized. Initially, about 50,000 officers and enlisted men will be called between Aug. 15 and Oct. 31. They will be mainly officers of the rank of captain and below and enlisted men of the rank of sergeant and below with combat-type military occupational specialties. A few officers and men above these grades who have hadly needed skills will be called.

A few women Marines also will be called.

**AIR FORCE**  
Individual reservists not assigned to organized units: An "initial requirement" of about 50,000 reserve officers and airmen is being called, involuntarily, if necessary. Of this number, about 8,000 are officers, mostly captains or below. The remaining 42,000 are enlisted reservists with specially needed military skills. The greatest need for officers is in the fields of navigators, bombardiers and radar specialists. Combat pilots, medical and dental officers, and a long list of other skilled reservists are being called also. The airmen (enlisted men) most needed are in the fields of airplane and engine mechanics, radar and radio specialists, armament specialists, and medical personnel.

Some women reservists of the WAF, both officer and enlisted, are included in the call up.

**Reserve units:** An undisclosed number of reserve units has been called up.

**NAVY**  
Reserve units: An undisclosed number of naval air squadrons has been called.

Individual reservists: An undisclosed number of reservists in the organized and fleet reserves are being called involuntarily. The organized reserve is composed of reservists who are members of organized units the fleet reserve is made up of those who have had 20 years' naval service but have not yet attained the 30 years necessary for retirement.

Members of the volunteer reserve, who are individuals not assigned to organized units, are being called involuntarily when quotas cannot be filled from the organized and fleet reserves.

**WAVES** and enlisted retired personnel are not being called involuntarily at this time.

**SELECTIVE SERVICE**  
The Defense Department has asked selective service to call up a total of 100,000 inductees for the Army during September and October. These are being selected by local draft boards from men aged 19 through 25, who are not veterans of World War II.

**Funeral Set For Woman Fatally Hit By A Stray Bullet**  
CORNICANA, Aug. 12. (AP) — Funeral services will be held tomorrow for a Navarro County woman who was struck fatally by what officers said appeared to be a stray .22 long-rifle bullet.

L. B. Strange of Oak Grove found his wife, about 60, lying Peace Melvin Penny said a stray bullet apparently struck her in the left side.

The woman, Mrs. Ethel Greenglass Rosenberg (above), 34, was taken into custody by FBI agents in New York City in connection with roundup of Americans accused of aiding leak of atom bomb secrets to Russia, the Justice Department announced. She is the wife of Julius Rosenberg and sister of David Greenglass, both arrested last month on charges of obtaining highly classified atomic information for the Soviet Union. (AP Wirephoto)

**STALIN TITLE -- "RED DEVIL"**  
NEW YORK, Aug. 12. (AP) — Mrs. Oksana Kasenkina, who today observes the second anniversary of her third-story leap from a window of the Russian consulate here, is writing a novel about Josef Stalin. "It will be titled 'The Red Devil,'" said Mrs. Kasenkina. "Of course the red devil is Stalin. Who else?"

The former Russian school-teacher made her memorable leap to escape being returned to Russia.

**Flash Flood Strands Movie Film Company**  
KANAB, Utah, Aug. 12. (AP) — A flash flood stranded 64 members of a film "shooting" company in the mountains 40 miles east of here Friday.

The party included Actors Robert Ryan and Walter Brennan and Actress Claire Trevor.

The party went hungry for hours, but some were hurt.

A torrent seven feet deep filled Buckskin Creek after a heavy rain and hail storm near the creek prevented the film players from crossing to the highway that leads to Kanab, their headquarters.

The party was filming scenes for the RKO movie "Best of the Bad Men."

## B-29 Raid Hits Within 17 Miles Of Soviet Land

TOKYO, Aug. 12. (AP) — U. S. B-29s roared within 17 miles of Russian territory today and dumped 500 tons of bombs on military targets in the North Korean port city and rail center of Najin.

Najin, one of the best ports on the east coast of Korea, is 17 miles south of the meeting place of the borders of Korea, Manchuria and Russia's maritime territory. It is 110 miles southwest of Vladivostok.

On this northernmost mission of the war, the B-29s struck by radar in heavy overcast.

The bomber crews said on their return to Bases in Japan and Okinawa that they were unable to see the results of the attack.

U. S. Navy twin-engine Neptune planes set 10 enemy ships afire off the North Korean coast Friday.

The U. S. Fifth Air Force reported that the B-29s destroyed air, rail tanks, damaged 12 others, and wrecked much enemy equipment in 200 sorties Saturday along the battle front.

They also inflicted heavy casualties on guerrillas threatening the American east coast airstrip near Pohang.

and cure in cases where it has not advanced to dangerous stages.

Members of the various Parent-Teacher groups in the city, assisted by Boy and Girl Scouts, will make a house-to-house canvass, urging Big Springers to submit to the X-ray. They will distribute literature explaining the purpose of the survey.

X-rays can be taken in a matter of minutes without the necessity of removing clothing or other inconvenience, Dr. Wodall said. They will be administered free of charge.

In the various committee appointments, B. M. Keese was named to head the publicity division. Mrs. Gilbert Gibbs was appointed chairman of clerical and hostess or reception committees.

A ministerial committee, headed by R. Gage Lloyd, Lewis Patterson and James A. Harrison, will arrange to have plans for the survey announced in all local churches on at least three Sundays preceding the survey. Mrs. J. C. Lane, chairman of the PTA council, is to direct canvassers.

Mrs. B. E. Winterwood, Mrs. Eunice D. Myers, and Mary Cantrell are to be in charge of public relations phases of the program. Elton Taylor is in charge of location while Jaycees will supervise the loading and unloading of equipment.

## Largest Air Evacuation Over Water

WASHINGTON, Aug. 12. (AP) — Seventy-four patients, including Korean war-wounded, were flown to the United States today in a single plane in the largest air evacuation flight over water in history.

This was announced by the Military Air Transport Service. It said a Douglas C-47 Globemaster brought the patients from Honolulu and discharged them at Fairfield-Suisun Air field in California.

Westover Field in Massachusetts and Brookley Field in Alabama.

Thirty-five of the patients were wounded in Korea. The remainder were routine patients from Army, Navy and Air Force stations in the Pacific. In addition to the 74 patients, four medical attendants, two nurses and 10 crew members brought the total number aboard to 94.

MATS said the largest previous evacuation flight over water brought home 67 patients three weeks ago.

## Mother Asks Unborn Child Go To Hubby; Court Refuses Her

CHICAGO, Aug. 12. (AP) — An expectant mother was refused a court order yesterday under which the would-be father would be allowed to see her estranged husband.

Mrs. Marion Hiller, 26, who expects her child late this month, told Superior Judge Rudolph Desort she feared she would be unable to support the baby.

Her husband, George C. 25, accused of cruelty in her long separate maintenance suit, had approved her proposal.

"I never heard of such a proposal," Judge Desort said, "and I won't enter the order. Mrs. Hiller might change her mind after the child is born and she has had a chance to see if she must be given every opportunity to reflect."

## British And French Exchange Teachers To Arrive In U. S.

WASHINGTON, Aug. 12. (AP) — Aboard the Queen Mary when it docks tomorrow at New York City will be 115 British and French exchange teachers who will spend the 1950-1951 school year teaching in the United States.

The foreign teachers and a like number of Americans with whom they will trade jobs for a year will be received by President Truman next Thursday.

The American teachers will go abroad this month.

In a statement Federal Security Administrator Oscar R. Ewing said eleven of the British teachers are bringing dependents. Fifteen of the American teachers also will take wives, mothers and children to Europe.

The exchange will include two American and two British couples.

## Malik Fails To Halt UN Action In Korea War

By A. I. GOLDBERG  
Associated Press Staff

LAKE SUCCESS, Aug. 12. — The moves of United Nations members to reinforce UN ground forces in Korea are going on quietly but effectively, UN source said today.

The Security Council procedural deadlock that opened when Russian Delegate Jakob A. Malik assumed the presidency Aug. 1 has neither halted the military measures and relief steps taken by the council in June and July nor slowed the pace of nations that have since offered fighting men, ships, planes, food and medical supplies.

Fifty-three of the 59 UN members are supporting the UN campaign to throw back the North Korean invaders.

The big problem now is to get the offers collected and put on the Korean front. Transport and supply difficulties figure in this.

The UN informant said the first news that the men of other nations are fighting alongside American GIs and South Koreans under Gen. Douglas MacArthur's UN flag may be a brief announcement that the troops of X country today did such and such. The next day, he said, there may be a similar announcement of troops of Y country, and so on.

He would not say how soon that will be.

The military situation was described as "serious but not critical" by Col. Alfred G. Katzin, a South African, talked with Lie's executive assistant, Andrew Cordfield, by telephone from Tokyo this morning.

"The morale of the UN troops is high," Katzin said. "I have only the highest admiration for the way the GIs and the troops of the South Korean Republic have fought."

His telephone talk disclosed that two British correspondents, and Col. Jinnal Naray, India's alternate member of the UN Commission on Korea, were killed when their jeep hit a land mine near Taegu yesterday. The correspondents were identified as Christopher Buckley, of the London Daily Telegraph, and Ian Morrison of the London Times.

## Mexico Considers Border Construction

MEXICO CITY, Aug. 13. (AP) — President Miguel Aleman has forwarded to Finance Minister Ramon Beteta for study and action a list of proposed construction works in and near the border city of Nuevo Laredo.

The list was brought to the President yesterday by Jesus Vidales, head of Nuevo Laredo Municipal Improvement

projects include construction of Jardin Dam, to irrigate 75,000 acres of land; bridges and culverts on the Anahuac Highway; highway to the new Falcon Dam; improvements to the Civil Hospital; construction of a manual training school and six other schools, and a new customs building.

The horses and bicycles were recovered several days ago and have been returned to their owners, Slaughter said. Arrangements for the youth to enter the boys ranch was made by County Judge John Dibrell and Slaughter.

## Youth Picked Up For Theft Admitted To Boys Ranch

An 11-year old youth, who was picked up here on two occasions following theft of horses and bicycles has been admitted to the boys ranch near Lindale in East Texas, according to County Juvenile Officer Jess Slaughter.

The horses and bicycles were recovered several days ago and have been returned to their owners, Slaughter said. Arrangements for the youth to enter the boys ranch was made by County Judge John Dibrell and Slaughter.

## Parts Of Building Crumbles In F-W

FORT WORTH, Aug. 12. (AP) — A portion of one of the oldest buildings in downtown Fort Worth crumbled and fell this afternoon, causing city officials to condemn the entire structure.

A wood, brick-covered, two-story building on the southwest corner of Main and 15th, built before 1900, parted in a cloud of flying bricks and crumbled mortar.

No one was injured.

## Navy Plane Crew Claims Attack By Red Fighters

PEARL HARBOR, Aug. 12. (AP) — Crew members of a U. S. Navy patrol plane said today at a news conference that their plane was attacked July 23 over the Formosa strait by two American-built F-51 fighters "with Communist markings."

The Navy Privateer patrol bomber, one of a squadron assigned to watch over the Chinese Nationalist stronghold of Formosa, escaped without damage and without firing a shot, the fliers said.

The U. S. plane was one of a squadron of Privateers that returned to Hawaii two days ago after a month of patrol duty in the Okinawa-Formosa area.

Crew members said the attacking planes carried the Red Star and blue circle markings of the North Korean Air Force, but added "they must have been Chinese Communist planes."

## Wife Upholds Mate In Fatal Slapping Of Infant Child

NEW YORK, Aug. 12. (AP) — A 25-year-old father has been accused of fatally slapping his infant daughter because her crying disturbed him as he watched a television show.

The father, Walter Dorn, was held without bail on homicide charges in felony court pending a hearing Aug. 25.

The child, Deborah, nine months old, was found dead in her crib by her mother, Bernice Dorn, 21, after she returned from her job as a telephone operator. An autopsy disclosed the baby died of a fractured skull.

Assistant District Attorney Harold Birn said Dorn admitted he slapped the child.

Sobbed Mrs. Dorn, "He's always been a good father and a good husband. He's innocent, no matter what anybody says. God moves in strange ways. It might be all for the best."

## Charges AEC Made A-Bomb Story Difficult

MADISON, Wis., Aug. 12. (AP) — Publication of the atomic energy commission's new book on "The Effects of Atomic Weapons" was hampered by the commission itself, the chairman of the book's board of editors charged tonight.

Dr. Joseph O. Hirschfelder, a University of Wisconsin chemist, made the statement simultaneously with the issuance of the official publication.

Preparation of the book, he declared, "was made exceedingly difficult because of the lack of active support of the Atomic Energy Commission."

### Retail Sales Climb In June 12 Per Cent

AUSTIN, Aug. 12 (AP)—Sales of Texas retailers in July climbed 12 per cent over June.

The University of Texas Bureau of Business Research noted without comment that durable goods (such as refrigerators and other household appliances which have been in high demand since the start of war in Korea) were up 16 per cent over June and 54 per cent over July, 1949.

The bureau gave these additional figures:

Household and appliance sales were up 33 per cent; farm implements, 32 per cent; automotive stores, 22 per cent; furniture, 13 per cent; hardware, 12 per cent; and jewelry, 3 per cent over June.

Sales of building materials during the monthly period were down 3 per cent.

In comparison with July 1949, farm implement sales were up 87 per cent.

Other sales increases over a year ago were: Automotive stores 60 per cent; building material, 50 per cent; household and appliance stores, 45 per cent; hardware stores, 22 per cent; furniture stores, 21 per cent; and jewelry stores, 17 per cent.

Filling stations, with a 25-per-cent gain, turned in the largest sales increase in July from June in the nondurable goods group.

Other increases: Country general stores 11 per cent; department stores, 9 per cent; general merchandise stores, 5 per cent; eating and drinking places, 4 per cent; food stores, 3 per cent; drug stores, 3 per cent; and apparel stores, up fractionally.

### Draft Calls Hard To Tell Before Hand

AUSTIN, Aug. 12 (AP)—Selective Service headquarters said today there are some frequent questions it just can't answer.

Two of the most often asked of local boards are:

"When will I have to take my physical exam?" and "When will I be drafted?"

"These are two questions which local boards cannot answer," Brig. Gen. Paul L. Wakefield, state selective service director, said.

"These two questions can't be answered because there are too many intangible factors involved."

Gen. Wakefield listed some of the reasons why local boards can't answer these questions:

1. Local boards do not know whether calls will be for an increased number of men or not.
2. Local boards cannot tell how many of their registrants will be found acceptable for military service or how many will be rejected.
3. Local boards cannot tell whether the world situation will improve or get worse.
4. Local boards cannot tell how many men will enlist for service in the armed forces now and in the future.

"All these things have a bearing on the numbers which will be called for physical examination and induction," Gen. Wakefield said.

"Therefore, the local boards cannot say with any degree of certainty when a man's number will be reached in the selective service process."

# High Demands Push Refineries To Peak

By MAX B. SKELTON  
HOUSTON, Aug. 12 (AP)—A record gasoline demand is pushing the nation's oil refineries to near peak production.  
Heavy gasoline consumption also is aiding oil states in recovering a portion of taxes lost during the heavy crude oil production cutbacks of 1949 and early 1950.  
Domestic refineries last week processed 3,944,000 barrels of crude oil daily. It was the second all time high established since July 8.  
At the same time, crude production crept to within striking distance of its record 5,772,100 barrel daily output of December 1948. August increases in allowables boosted current production to 5,640,350 as of last Saturday.  
This is an increase of 936,550 barrels daily since cutbacks sent output to a postwar low of 4,702,800 in July of last year.  
Gasoline production last week totaled 19,783,000 barrels. Storage stocks dropped another 7,133,000 to 498,995,000 barrels, only 454,000 below the year earlier total.  
This means gasoline demand since April 1 has taken all of week-

ly production—averaging in excess of 19 million barrels—and reduced stocks by 27 million barrels.  
Heavy military demand for motor fuels has contributed to the gasoline boom since the outbreak of fighting in Korea but civilian consumption already was skyrocketing.  
Motor fuel tax receipts in Texas for the fiscal year ending September 1 totaled a record \$94,799,306 compared to \$84,369,014 the same period last year.  
The Texas tax is 4-cents per gallon on gasoline and 6-cents on other liquid fuels.  
The motor fuels tax increase offsets the current slump in the state's income from a gross production tax on crude oil. The 11-month crude tax total was \$79,933,133 compared to \$87,968,521 the same period last year.  
This actually is not a fair comparison, however, in that a 10-cent per barrel increase in the crude tax became effective in January. All of last year's production was taxed at a rate of 4 1/4 per cent of market value. A crude tax revenue record of \$85,792,211 was set in 1948.  
Continuation of recent monthly increases in Texas crude production allowables would send 1951's gross income above \$100 million mark.

The head of the American Petroleum Institute this week credited postwar expansion investments with being responsible for the oil industry's current ability to set production records.  
Frank M. Porter said American oil companies have plowed back more than \$8 billion into their businesses the past five years. This includes expenditures for exploration and development and improvement and expansion facilities.  
Porter said the industry now is better prepared than ever before to meet any national emergency. He gave these industry statistics:  
Proved reserves of underground oil have increased 24 per cent since the World War II demand peak.  
Crude oil production capacity has increased 27 per cent.  
Last week the Interstate Oil Compact commission notified President Truman the industry could turn out over 6,800,000 barrels of crude oil daily if needed for the national emergency.  
A commission survey among the 21 member oil producing states indicated an excess productive capacity of 1,314,487 barrels of crude daily on August 1.  
This is the amount by which oil producing states believe they could increase output if all wells were permitted to operate at a maximum rate without waste of oil or damage to the reservoir.

and 330 feet from north lines of ET survey No. 123.  
Drill site is three miles southeast of the C. B. Bree No. 1 O. C. Sykes, recently completed Gardner sand discovery No. 26.  
The proposed No. 1 Dennis & King is slated to go to 4,500 feet. The Gardner sand production in the Bree No. 1 Sykes is at 2,874.94 feet.  
In Central-East Runnels, Jay Kirkman has staked his No. 1 E. S. Malone for immediate drilling.  
Drill site will be seven miles northeast of Ballinger and 612 feet from east and 1,189 feet from south lines of tract 38, M. J. Parramore survey No. 26.  
Slated depth is 3,000 feet. It will be a rotary operation.  
Drilling samples in a lower Pennsylvanian lime in Central-East Iron County has yielded strong possibilities of production.  
The good shows were recovered on Wilshire Oil Company and Halboa Oil Company of Midland No. 1 Lawrence D. Brooks, located five miles southwest of Tankersley, which is across the line in Tom Green County.  
The venture entered a lime at 2,028 feet, which was equivalent to the samples to 7,118 feet. From 7,118 to 7,122 feet shale was encountered. Another lime with porosity was topped at 7,140 feet.  
From 7,158 to 7,160 feet, present total depth, the samples showed good possibilities of oil and very good porosity. The section from 7,140 to 7,160 feet has 100 per cent fluorescence.  
Operators plan to cut a diamond core and possibly will take a drillstem test early Saturday morning.  
This prospective discovery is 660 feet from north and west lines of section 21, block 3, H&TC survey. It is slated to test all formations down to and including the Ellenburger at approximately 8,000 feet

## Appoint Greene To C-C Group In West Texas

J. H. Greene, Big Spring Chamber of Commerce manager, has been appointed to a committee, representing the Chamber of Commerce Managers Association of West Texas, to assist in the reorganization of the West Texas Chamber of Commerce at Abilene next Wednesday.

Announcement of Greene's appointment was made Saturday by E. O. Wedgeworth, Pampa, president of the CCMA. He is to represent district No. 6 of the CCMAWT.  
The CCMAWT committee will meet at 7:30 a. m. Wednesday at the Windsor hotel in Abilene to formulate recommendations for "reorganizing and revitalizing" the West Texas Chamber, Wedgeworth said. The committee has been set up at the suggestion of Raymond Lee Johns, Abilene, acting manager of the WTCC.  
Recommendations of the group will be presented at an afternoon meeting of the WTCC directors. The latter session is to be held for the reorganization of the West Texas chamber, Johns stated.

## Ector May Have A New Shallow Lime Discovery

SAN ANGELO, Tex., Aug. 12.—Twelve miles south of the Susan Peak field in southeastern Fannin Green county, Plymouth No. 1, Mrs. Cora Thomerson, a north central Schleicher county wildcat, was testing further after reworking 30 feet of slightly oil-cut mud and 30 feet of fluid which was half oil and half mud on a two-hour drillstem test from 3,220-65 feet in a lower Cisco lime section. It topped the Cisco at 3,240 feet. Location is 660 feet out of the northeast corner of section 16-7-N-GH&SA.  
Appearing to have made a new and shallow discovery from a lime, said by some geologists to be lower Grayburg and by others to be upper Grayburg and by others to be upper San Andres, Eastland Oil Co. No. 1-B J. L. Johnson Jr., cut-out to production from the Holt lime in the Donnelly field in Ector county, was to drill plugs and make production tests. The prospect was credited with having flowed an eastern part of 50 barrels of oil hourly for the last 12 hours of the 18-hour drillstem test from 3,975-4000. Seven-inch casing has been cemented at 3,975 feet. If a well can be made at the present depth, the test will not go to original objective of 6,000 feet to test the Holt zone.  
Production from the Grayburg would be more important than that from the San Andres since the test, located 2,135 from north, 235 feet from the west line of section 42-43-1a-T&P, is farther from Grayburg wells in the Johnson field than it is from San Andres producers in the Donnelly field.  
A prospective Strawn strike six miles northwest of a Bend discovery in the eastern part of Somervell county was standing with 7-inch casing set at 5,124 feet. Deep Rock Oil Corp. No. 1 C. B. Long showed gas to surface in 23 minutes and recovered 2,400 feet of free oil and 30 feet of mud-cut oil on a two-hour drillstem test from 5,130-37 feet. The Strawn was topped at 5,129 feet. Location is in section 2-B-F. T. Oliver, Union Sulphur Co. of Lake Charles, La. No. 1 R. B. Robbins, Gulf and others, southeastern Crane county wildcat, killed an estimated flow of 50 to 60 barrels hourly from the upper Clear Fork with mud. The test found the Devonian barren in drilling to 5,502 and plugged back to 3,452 feet. Ninety-two perforations from 3,407-30 feet were acidized with 1,000 gallons. Changing to a heavier control head and more testing is planned. Location is 690 feet from northeast and southeast lines of section 27-35-H&TC 1/2 miles west of the Crosssett 3,300-foot (Holt) field.  
Sun No. 1 J. Price Maddox, small discovery Ellenburger producer in southwestern Nolan county, was installing pump after swabbing 21.65 barrels of oil with no water at 8,800 feet. Natural testing is in open hole between 7,112-2 feet with mud. The test found the Devonian barren in drilling to 5,502 and plugged back to 3,452 feet. Ninety-two perforations from 3,407-30 feet were acidized with 1,000 gallons. Changing to a heavier control head and more testing is planned. Location is 690 feet from northeast and southeast lines of section 27-35-H&TC 1/2 miles west of the Crosssett 3,300-foot (Holt) field.

## Amerada Completes Its No. 1 Coates

Amerada has completed its No. 1 Morgan Coates in the East Vealmoor field of south-central Borden county, following a 24-hour flow that produced 554 barrels of 45.3 gravity oil.  
Flow was through a quarter-inch choke, and it included one-tenth of one percent water.  
Total depth is 7,445 feet, and five and a half inch oil string was set at 7,435 feet.  
Gas-oil ratio was 1,311-1, while tubing pressure was 1,175. There was no casing pressure.  
Location is 667 feet from the south and 652 feet from the west lines of Sec. 14-27-H&TC survey.

Top of the reef was picked at 6,886 feet, on a minus datum of 4,221. It cored from 6,877-732, recovering 25 feet out of the 50-foot cut. Recovery included 21-feet of black shale and four feet of reef lime, with fair porosity and stain, and fair saturation and bleeding oil. Top of the reef is calculated to be 279 feet above water level. Operator will drill through the reef and then run casing and make a production test.  
In Martin county, Gulf No. 1 E. B. Glass was fishing for junk at 12,500 feet in upper Ordovician lime and chert. Plans are to drill ahead to the Ellenburger.  
The Weiner No. 1 Lenoran B. Epley in west central Martin county was preparing to take a drillstem test from 5,028-65 in the San Andres lime. Its location is in the center of the northeast quarter of the northeast quarter of Sec. 43-36-2a-T&P.  
Weiner No. 1 W. T. Epley, in the center of the southeast quarter of the southeast quarter of Sec. 44-37-2a-T&P, was preparing to ream thirteen and three eighths inch surface casing, which was set at 410 feet. Weiner No. 1 Russell was drilling below 390 feet.

## Kent Outpost Tops Reef Near Water Level

Spartan Drilling Company and others No. 1-118 J. W. Young, south west outpost to the Salt Creek Canyon field in West-Central Kent County, has topped the reef lime dangerously near the water level of that producing area.  
Reef top called at 6,492 feet on a minus datum of 4,465 feet, which is approximately 120 feet low to the Holt Heysler and others No. 2 Lohman, nearest completed producer one and one-half miles to the east.  
On a core from 6,628 to 6,638 feet, recovery was 10 feet of dense lime with small porous fractures and slight stain.  
A drillstem test was attempted 6,631-28 feet, but the tool became plugged there was no recovery.  
Operator is now conditioning hole to take another drillstem test.  
The No. 1-118 Young is 660 feet from north and east lines of section 16-7-N-GH&SA survey, and seven and one-half miles southwest of Clairmont.

## Hockley Offset Flows On Test

Honolulu Oil Corporation and Signal Oil & Gas Company No. 1 Hopper, north offset to the recently completed discovery in Central-East Hockley County, flowed an estimated rate of 110 barrels hourly on a drillstem test in the reef lime pay of the discovery well.  
On the test taken on 9,327-75 feet, the tool was open one hour. Gas surfaced in five minutes and oil in 10 minutes.  
During the next 50 minutes, operators estimated the rate of flow at 140 barrels per hour. Tool was pulled at last report, and operators plan to core deeper, with the intention of determining the water level of this new producing area.  
The No. 1 Hopper, located one-quarter mile north of the No. 1 M. D. Underwood, discovery well in the area, topped the lime pay at 9,289 feet, reportedly seven feet low to the discovery. Seven-inch casing is set at 9,253 feet.  
The above test is the first one in the lime zone on which the Hopper has developed flowing production.  
It is located 510 feet from south and east lines of labor 8, league 5, Wilbarger County School land survey.

## Daniel Ready To Testify On Tideland Bill

AUSTIN, Aug. 12 (AP)—Texas was ready today to suggest changes to a proposed Interim Tideland Control Bill now before the Senate Interior and Insular Affairs Committee.  
Attorney General Price Daniel left for Washington today to testify against parts of the bill proposed by Sen. Joseph O'Mahoney (D-Wyo.).  
Daniel said he, Gov. Allan Shivers, and Texas Land Commissioner Bascom Giles are in agreement individual states should maintain operations of the tidelands until the Supreme Court and Congress make final settlement of the title controversy.  
O'Mahoney's bill would turn management of the tidelands over to the Department of Interior for a three-year period.  
Daniel said such a plan is "highly objectionable and prejudicial to the rights of Texas."  
Texas, Daniel said, already has the personnel and facilities to operate the tidelands. It would be foolish, he added, for the federal government to duplicate this machinery and personnel for an interim period.  
The Texas official also plans to advise the Senate committee that tideland states obtain much larger sums of money for leases and rentals than does the federal government.  
Texas has received an average of \$30 an acre for its tideland leases, he said, compared to only 25-cents per acre received from similar lands by the federal government.  
Bills designed to recognize both federal and state ownership of the tidelands are pending in Congress but have made little progress this year.  
O'Mahoney offered his interim suggestion after the Supreme Court on June 5 recognized the federal government's paramount rights to the tidelands of Texas and Louisiana. The court took similar action on California's submerged lands in 1947.  
Texas and Louisiana have filed petitions for rehearing.  
Daniel will speak before the International Law Association in Copenhagen late in August on the Tideland question. His speech will deal with international aspects of the tidelands.  
After completing his work in Washington, Daniel will leave for New York Monday. He sails on the Queen Mary Tuesday.

## Dallas Man Dies From Car Hurts

DALLAS, Aug. 12 (AP)—Yancey A. James, 58-year-old Dallas liquor store employee, died early today of injuries suffered last night when he was hit by a car. He was Dallas' 26th traffic victim of 1950.  
Police said he ran across Denton Road, that one car stopped to keep from striking him, and that James then ran into a second vehicle approaching from the opposite direction.

## Warehouse At Laredo Destroyed By Fire

LAREDO, Aug. 12 (AP)—Fire early today destroyed a two-block long freight warehouse and its contents here today. Fire Chief George Renken estimated the loss at \$150,000 to \$200,000.  
The building was owned by the Missouri Pacific Railroad, which had leased it to the Universal Carloading and Distributing Company.  
Fire equipment from Nuevo Laredo, Mexico, just across the Rio Grande, joined Laredo units in fighting the blaze.

## 17,900-Foot Test Drilled In Mississippi

By CHARLES HASLET  
WASHINGTON, Aug. 12 (AP)—The Interior Department heard this week of one of the deepest oil tests yet drilled—a 17,900-foot hole in Mississippi—and immediately assigned one of its field geologists to investigate.  
George Vason of Oak Park, Ill., whose Wiggins, Miss., Tung oil farm is the site of the test, was here to tell the department about it. He said no oil has been produced but that the drills have penetrated 800 feet of the Smackover limestone formation, the big producing stratum in Arkansas and northern Louisiana, and that he plans to carry the test still deeper.  
Interior Department records show that the two deepest tests yet drilled in this country went down 20,321 feet and 18,734 feet. The 20,000-foot hole was drilled in Wyoming, the other in California. The records show that neither produced any oil.  
Watson J. Monroe, head of the department's Eastern field investigation section, told a reporter that cores taken from the Mississippi test should provide valuable information in connection with the continuing quest for long-range oil reserves.  
Vason said he started drilling in the fall of 1946 and at 17,000 feet geologists told him it would be a waste of time and money to go deeper. But deeper he went—and into the Smackover lime formation.  
He said that at Smackover, Ark., the Smackover stratum is only about 15 feet thick and about 7,000 feet down, as contrasted with 800 feet of it more than 17,000 feet down in his test, which is about 35 miles from the Gulf of Mexico.  
Vason told a reporter he came here to offer the government a free look at the cores from his deep hole. He said 130 cores, each of which is 27 feet long, have been recovered.

## Kent Location Is Staked By Humble

Humble Oil & Refining Company has staked a location on the extreme south edge of the Salt Creek-Canyon field in West-Central Kent County.  
Humble's No. 2 Lela Knight and others will be 2,030 feet from north and 700 feet from east lines of section 115, block G, W&NW survey.  
Slated depth is 6,500 feet. Operations are to begin immediately.  
The proposed venture is to be one-half mile southwest of the Estill Heysler and others No. 2 Lohman, recently completed two and one-quarter mile south extension to the Salt Creek field.

## Terry Wildcat Tops First Reef Lime

Union Oil Company of California No. 1 Cotton, 12,000-foot wildcat in East-Central Terry County, topped the first lime in the Pennsylvanian reef at 9,992 feet. Elevation is 3,582 feet.  
Operator is now reworking for a drillstem test at 9,900-28 feet. Total depth is 9,928 feet.  
Drill site is 660 feet from east and 1,987 feet from north lines of section 91, block T, D&W survey, four miles southeast of the city of Brownfield.  
This wildcat is being drilled on an 80-acre farm tract from Phillips Petroleum Company. The deal was worked up by J. W. McMillen of Midland. McMillen turned part of his interest to Union to drill the well. Union has 2,365 acres of scattered leases in the area.

## Deep Wildcat In Upton Takes Core

Sinclair Oil & Gas Company and Magnolia Petroleum Company No. 1 G. R. Davis recovered 25 feet of dolomite with some porosity on the bottom 11 feet on a core from 13-313-38 feet.  
Operators are now drillstem testing at 13,338 with packer set in pipe at an unreported depth.  
The No. 1 Davis is a wildcat in Northwest Upton County, 660 feet from north and east lines of section 20, block 41, T&P survey, T-5-S.  
The wildcat was originally scheduled to be drilled to 13,000 feet to the Ellenburger, which was topped at 13,105 feet.  
Drill site is six and one-half miles southwest of the south side of the Pegasus field.

## Shallow Wildcat Is Staked In Crockett

A shallow cable tool wildcat has been staked in extreme Central-West Crockett County, four miles northeast of Sheffield.  
The proposed venture is the Ben Banner of Fort Worth No. 1 Clara Couch, located 660 feet from south and 330 feet from west lines of section 32, block GG, W. S. Riggs survey.  
Operations are to begin immediately.

## Eddie Hooper Hurt In Freak Accident

Eddie Ray Hooper, 1506 Settles, was injured, probably not seriously, Saturday morning in a freak accident at the West Texas Sand and Gravel company shops.  
The mishap occurred when a jack handle slipped out of Hooper's hand as he was lowering a truck on which he had been working. The end of the handle struck him in the throat, knocking him unconscious for a time. He was taken to Big Spring hospital in an Eberly ambulance.  
Hospital authorities said he would remain there "two or three days" but that his injuries were not believed serious.

### HCJC Plans Workshop With Odessa JC

Howard County Junior College is proceeding with plans for holding a faculty workshop in cooperation with Odessa Junior college. E. C. Dodd, HCJC president reported Saturday.

The HCJC board of trustees authorized expenditures up to \$150 for that purpose at its meeting Thursday night.

Dr. Woods, consultant on Junior College Education for the United States Office of Education, Washington, D. C., will head the workshop.

Dates have been set for Sept. 5-6-7-8, with Dr. Woods scheduled to spend two days in Big Spring and two days in Odessa.

The theme of the workshop will be "The Services of a Junior College." Some of the services to be discussed include: meeting the community needs, adult education, extracurricular activities and terminal (or vocational) work.

In stressing the outlined points there will be open discussions and reports from various faculty committees. Mornings will be spent in general sessions, while afternoons will be devoted to specialized reports from the various committees.

Dr. Woods also will discuss the role of Junior Colleges during the National Emergency. The Defense Department will likely send recommendations to all colleges in the near future asking that they train civilians for arduous jobs.

Howard County Junior college at present training bookkeepers, typists, stenographers and machinists who are in demand in defense as well as civilian jobs.

He has termed her claims of apparitions as being "of extremely questionable nature."

The prelate reminded Catholics that next Tuesday also is a church holy day, the Feast of the Assumption of the Blessed Virgin, and that members of his faith must then attend mass.

By his order, St. Francis Church here will have only two parishes masses.

The Milwaukee road cancelled its planned special trains from Chicago and Milwaukee after the bishop's statement Wednesday.

Before that, indications were that as many as 100,000 persons planned to be present at the farm home.

Bishop John Treacy of the La Crosse Diocese has forbidden special religious services in this small village on the day when Mrs. Van Hoof says the Virgin will appear to her for the seventh time since last November.

### SHIVERS HONORARY CHAIRMAN Texas Health Council Lists Members Of Advisory Board

DALLAS, Aug. 12 (AP)—Members of the state advisory board of the Texas Health Council were announced today by Jerome K. Crossman of Dallas, president of the organization.

Gov. Allan Shivers is honorary chairman of the council, organized last year to weld the medical and allied professions together with business and civic leadership to establish community health councils.

Long-range purpose of the council is to devise ways and means of improving health conditions throughout the state and serve as a clearing house for information on health services and facilities.

Names of those organizations which have designated official representatives of their groups to serve on the state advisory board of the Texas Health Council are:

Drug Industry: R. P. Wall, Southwestern Drug Corporation, Dallas; Medical Service Society: Dell Mason, secretary-treasurer, Medical Service Society of America, Dallas; Rural Health Council: Dr. Daniel Russell, president, Rural Health Council, College Station.

State Medical Association of Texas: Dr. L. L. D. Tuttle, Houston; Woman's Auxiliary, State Medical Association of Texas: Mrs. Samuel M. Hill, Dallas; Texas Association of Osteopathic Physicians and Surgeons: Dr. Ralph H. Peterson, member of the Texas State Board of Medical Examiners, Wichita Falls.

Texas Congress of Parents and Teachers: Mrs. J. H. Moore, President, Deport; Texas Education Agency: Dr. J. W. Edgar, commissioner of education, Austin; Texas Graduate Nurses' Association: Miss Olga M. Breihan, RN, president, Dallas; Texas Hospital Association: Mrs. Ruby Buchan Gilbert, president-elect, Temple.

Texas Hospital Auxiliaries: Mrs. Eugene Hodges, president, Dallas; Texas Press Association: Russell W. Bryant, publisher, The Italy News-Herald, Italy, Texas; Society for Crippled Children: Dr. J. G. Flowers, president, San Marcos; Texas State Dental Society: Dr. Phillip Earle Williams, Dallas; Woman's Auxiliary to the Texas State Dental Society: Mrs. G. Rankin Hardy, president, Gainesville.

Texas State Department of Health: Dr. L. P. Watter, Austin; Texas State Society, American Medical Technologists: Jack Valtair, president, Dallas; Texas Tuberculosis Association: Dr. David McCullough, Kerrville; Texas Safety Association: Charles A. Miller, Houston; State Veterinary Medical Association of Texas: Dr. R. A. Self, Dallas.

Other appointments will be announced as soon as representatives are named by their respective organizations, Crossman said.

### Lady Mendt Estate Valued At Million

LOS ANGELES, Aug. 12 (AP)—Lady Elsie De Wolfe Mendt, famed socialite and hostess to the world's celebrities, left an estimated \$1 million estate, mostly in stocks and bonds, when she died at age 92 last July 12.

Her will, filed for probate Friday, bequeathed \$350,000 to her friend and secretary of 28 years, Mrs. Hilda West Douglas. A charitable organization, the Elsie De Wolfe Foundation, Inc., will receive \$100,000.

The remainder of the estate after payment of bequests, will be placed in trust to provide a \$10,000 yearly income for her husband, Sir Charles Mendt, 79. Income in excess of that will go to Mrs. Douglas. Upon her deaths, the principal will go to the foundation.

Lady Mendt, a former actress who became a leader of international society, died in Versailles, France, but was a legal resident of Los Angeles County.

### Woman Intends To Proceed With Anticipated Vision

NECERAH, Wis., Aug. 12 (AP)—Mrs. Anna Van Hoof intends to proceed with her anticipated vision of the Virgin Mary next Tuesday even though her Roman Catholic Church bishop is skeptical.

"I must go ahead with it or our blessed mother will punish me," the 40-year-old farmwife said yesterday.

"If she (the church) doesn't recognize it, then I will have to bear my cross all the harder."

Bishop John Treacy of the La Crosse Diocese has forbidden special religious services in this small village on the day when Mrs. Van Hoof says the Virgin will appear to her for the seventh time since last November.

He has termed her claims of apparitions as being "of extremely questionable nature."

### Woman Intends To Proceed With Anticipated Vision

NECERAH, Wis., Aug. 12 (AP)—Mrs. Anna Van Hoof intends to proceed with her anticipated vision of the Virgin Mary next Tuesday even though her Roman Catholic Church bishop is skeptical.

"I must go ahead with it or our blessed mother will punish me," the 40-year-old farmwife said yesterday.

"If she (the church) doesn't recognize it, then I will have to bear my cross all the harder."

Bishop John Treacy of the La Crosse Diocese has forbidden special religious services in this small village on the day when Mrs. Van Hoof says the Virgin will appear to her for the seventh time since last November.

He has termed her claims of apparitions as being "of extremely questionable nature."

The prelate reminded Catholics that next Tuesday also is a church holy day, the Feast of the Assumption of the Blessed Virgin, and that members of his faith must then attend mass.

By his order, St. Francis Church here will have only two parishes masses.

The Milwaukee road cancelled its planned special trains from Chicago and Milwaukee after the bishop's statement Wednesday.

Before that, indications were that as many as 100,000 persons planned to be present at the farm home.

### Mother, Daughter Both Give Birth

ASHLAND, Ky., Aug. 12 (AP)—Mrs. Horace L. Greening, 41, and her daughter, Mrs. William G. Massey, Jr., 19, occupy the same room in a hospital here after giving birth to babies just seven hours apart.

Mrs. Greening gave birth to her sixth child, Horace, Jr., last Saturday. Seven hours later the infant was an uncle and Mrs. Greening was a grandmother for the first time, with the arrival of Debra Lyn Massey.

### New Book Calls Mansfield King Of The Steer Ropers

"King of the Steer Ropers" is the title pinned on Big Spring's Toots Mansfield, in a chapter devoted to rodeo roping in general and Mansfield's prowess in particular, in the new book, "Rocky Mountain Empire."

Available on local bookshelves, "Rocky Mountain Empire" is a collection of feature articles that have appeared in the Denver Post. It was edited by a member of that paper's staff, Elvon L. Howe.

The chapter dealing with Mansfield was written by Franklin Reynolds of New Mexico, a former newspaperman in Texas cities, including San Angelo.

The article deals specifically with steer roping, explaining the technicalities that differentiate this art from calf roping. Mansfield, Reynolds recites, has been champion in both events. The writer refers to the matched steer roping contest in Clovis, N. M., on Labor Day, 1947, when Mansfield picked up \$17,500 first money for roping five Mexican steers in 101.8 seconds elapsed time.

The chapter concludes with this reference to Toots: "Toots already has become something of a legend among the home folk. You can curse the Texas heat, the rattlesnakes, the dust, Pappy O'Daniel, even Tom Connally. But Toots Mansfield stands with John Garner, and one word that ain't nice about him and you'd better be fast on the draw."

### 44 Claimed Heirs Contest Will Of Pampa Woman

PAMPA, Aug. 12 (AP)—Forty-four claimed heirs to the million-dollar estate of Mrs. Fannie Lovett of Pampa are contesting her will which left the money to charity.

Ernest May, Fort Worth attorney representing the group, filed an answer and cross-action to a previous suit in Gray County Court here Friday. The action claimed Mrs. Lovett, who died last October, was "not of sound mind" when she signed her last will.

The will left \$10,000 annually for 10 years each to Brite College of the Bible, the Panhandle Plains Historical Society and the Juliet Fowler Orphan's Home. It also awarded \$500 a year to Pampa's first Christian Church and left the remainder to "charitable, scientific, literary and educational purposes" in Gray County.

In the earlier action last Jan. 24, executors of the estate asked the court for a declaratory judgment on the ground that heirs would fight the will.

The retired chief of the U. S. Air Force came here to attend a southwestern Civil Air Patrol meeting.

Spatz was asked if he favored using atomic bombs in Korea if the military situation should get worse.

"No," he said, shaking his head vigorously. "There is no military target for an A-bomb in Korea and the repercussions would be too serious to warrant it."

DALLAS, Aug. 12 (AP)—Gen. Carl Spaatz says chief credit for the foothold United Nations forces still have in Korea can be given American airpower.

DALLAS, Aug. 12 (AP)—Public assistance checks went to 253,340 recipients this month still short of their full authorized grants because of insufficient funds.

The State Department of Public Welfare announced Friday 227,251 checks were mailed to old age assistance recipients. The average check was for \$33.66 with each grant 50 cents short. Total was \$7,649,658.

The blind were sent 6,549 checks, averaging \$38.07 each, short 50 cents. Total was \$249,336.

Aid for dependent children went to 19,540 families representing 54,909 children. Family payments averaged \$43.70, reduced 14 per cent.

### Infestations Now At Peak In Cotton Fields

Bollworm and leafworm infestations are probably now at their peak in most Howard county cotton fields, Jack Waide, assistant county agent, said Saturday after an inspection of crops in most sections of the county.

Control of the insects between now and the end of the week will probably determine the extent of damage, provided weather conditions remain hot and dry, Waide said.

Extensive dusting and spraying operations conducted for the past 30 days were expected to continue unabated as farmers fought to nip the menace at its most critical stage.

Tiny leafworms, just hatched, were found on the underside of leaves in most fields examined Saturday, Waide stated. He indicated they would have to be poisoned immediately to prevent extensive damage.

Lightest infestation was found in the Vincent area where farmers enjoyed sunshine while the rest of the county received showers during the past two weeks.

Dusting operations which already have cost Howard farmers thousands of dollars this year have kept both boll and leaf worms under control in most sections. The latest hatch, to be dealt with during the next few days, will probably be the last major outbreak of the season if the present crop of worms is killed, Waide said.

More rain, if it kept farmers from poisoning during the next three or four days, could mean the loss of much of the 1950 cotton crop.

### Woman Asks Annulment From Mother's Ex-Hubby

NEVADA, Mo., Aug. 12 (AP)—A 20-year-old woman will try again to have annulled her marriage to a man from whom her mother received a divorce.

Mrs. Helen Sexton was granted a divorce from Leo E. Sexton in circuit court Friday. At the same time a petition for annulment filed by Mrs. Sexton's daughter by another marriage, Marge Ann, was dismissed. Attorneys for Marge Ann said annulment proceedings would be started again Monday in another circuit.

Both women had borne Sexton a child. The older woman was married to Sexton in 1938 at Stevens, S. D., and they have an 11-year-old daughter, Marge Ann married Sexton in 1948 at Grantsburg, Wis., and of that union a son, now two years old, was born. The petitions of both mother and daughter alleged that Sexton seduced Marge Ann in June, 1948, and "to cover up his wrong doing, married this 17-year-old girl without first having divorced her mother."

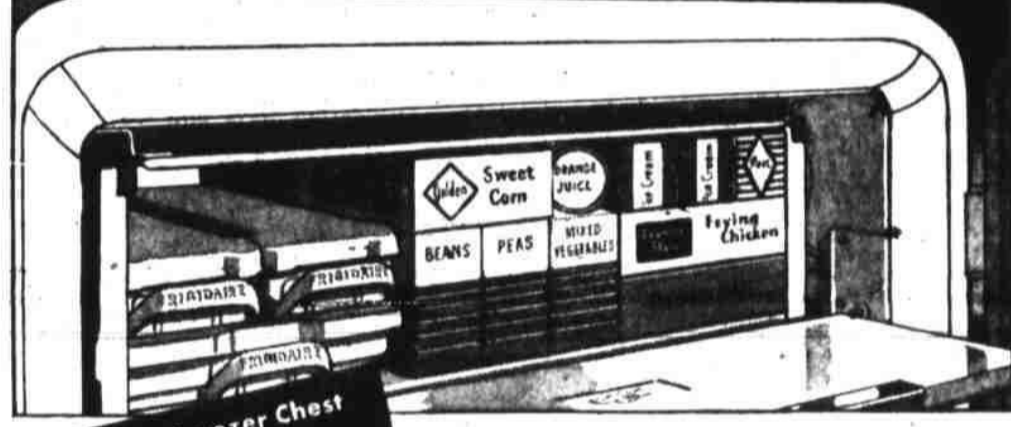

Sexton is a middle-aged part-time laborer and farmer living about 25 miles east of here.

**Howard County Junior College Keeps Pace**

Howard County Junior College is striving to keep pace with a growing Howard County not only in its physical plant but in its course offerings and competent teachers.

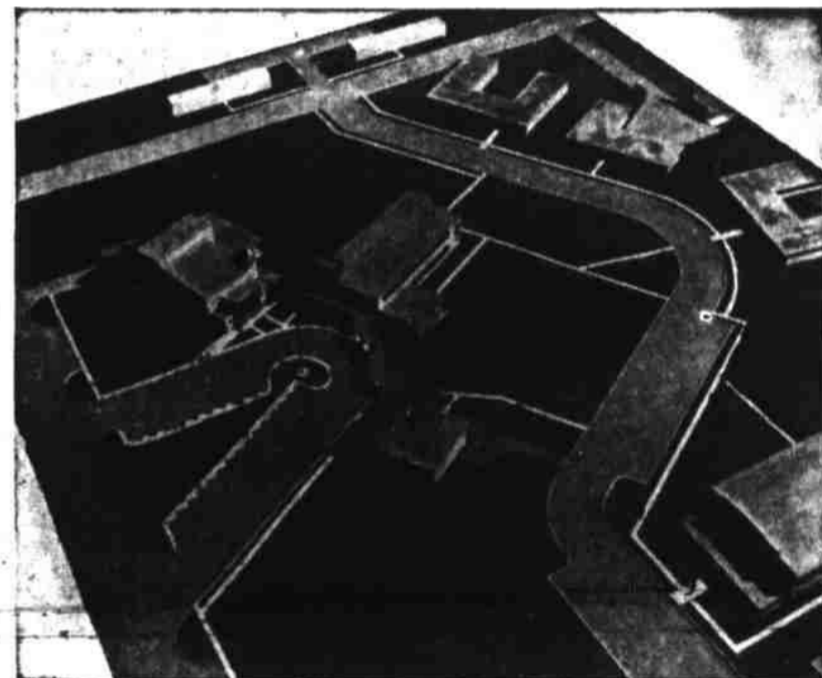

Howard County Junior College was started in 1946 for the purpose of giving the first two years college work and adult education.

Since 1946 many vocational courses have been added such as Machine Shop, Leathercraft, Engineering Drawing and Woodwork. In 1949 a course in Basic Education was started for those students who did not have the opportunity to get their basic training while youngsters.

The administration is awaiting further information as to what additional courses to offer during the present emergency.

Howard County Junior College will open its doors on September 11 for its fifth session. The Board of Trustees and the faculty are considering ways and means of utilizing further the facilities of the College during the present national emergency...

The college is now offering a full time business course both day and night. This will be expanded if necessary during the emergency.

Future Home of Howard County Junior College

Due to the ever growing trend for our farm population to migrate to the cities for jobs in industry, the College will strive in the future to offer a well rounded practical program of Agriculture. In the present crisis we all realize the importance of producing more and more food and clothing with less man power.

Howard County Junior College is a member of the association of Texas colleges and is approved by the Texas Education Agency and the Veterans Administration, credits are transferred at par to other colleges.

# Phillies Clout Giants In 11 Heats, 5 To 4

PHILADELPHIA, Aug. 12 (AP)—Fists flew and tempers flared today as the league-leading Philadelphia Phillies edged the New York Giants, 5-4, in 11 innings.

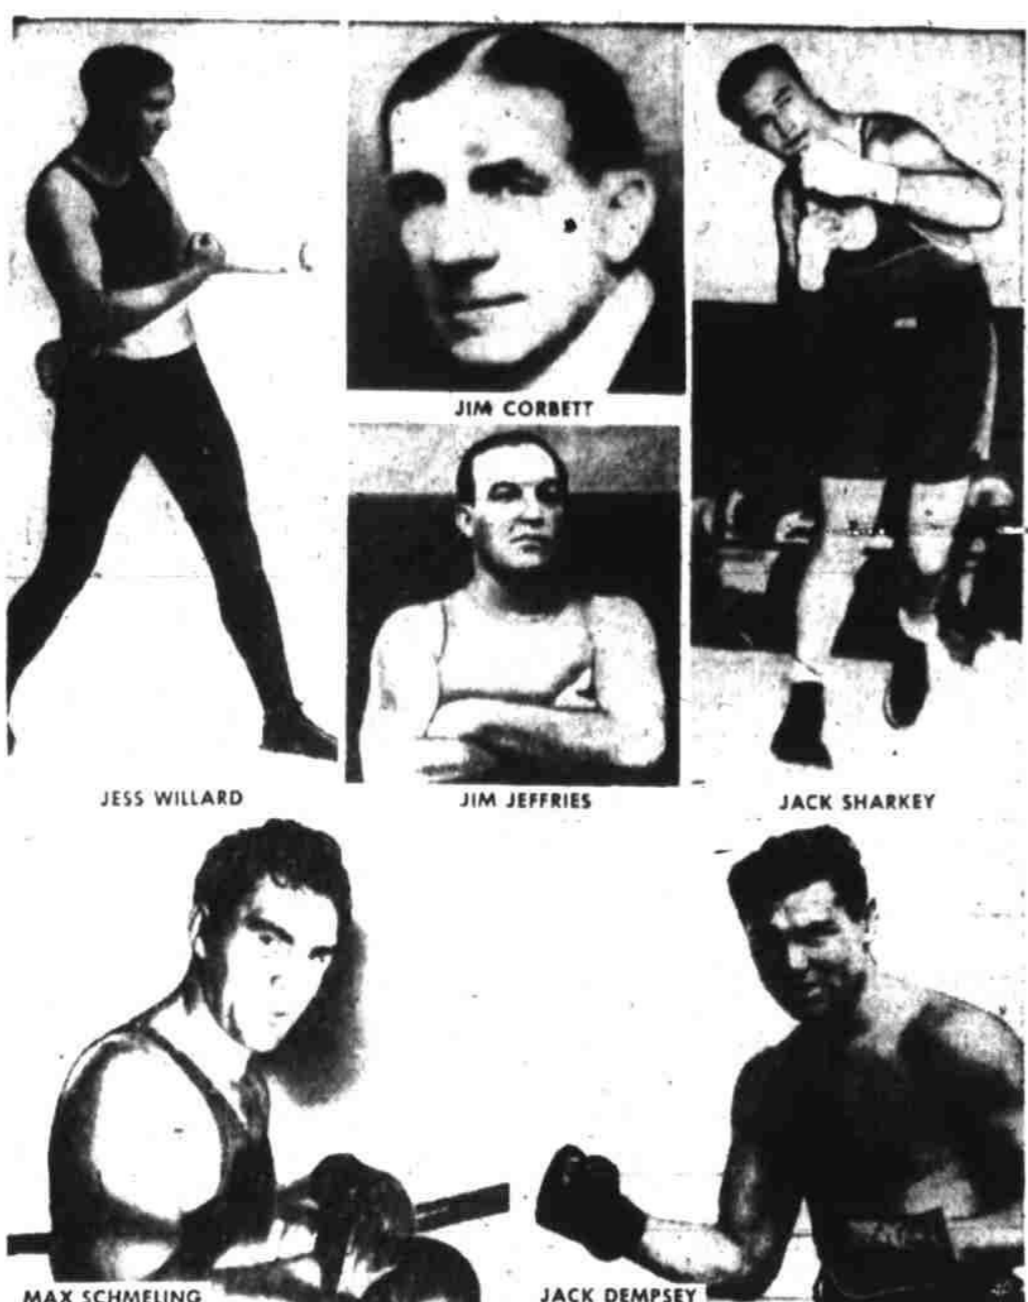

The tussle occurred in the fourth inning and led indirectly to the winning of the game. In the fourth Catcher Andy Seminick of the Phils and Bill Rigney of the Giants were banished for fighting.

Sian Lopata replaced Seminick behind the bat for the Phils and tripled and scored the winning run in the 11th. Lopata connected with one out against Reliever David Koslo. Koslo intentionally passed the next two hitters to load the bases but Ed Waitkus sent a fly to centerfield and Lopata scored after the catch.

Before the busting of Rigney and Seminick, Ed Stanky of the Giants was heaved out for waving his arms at second base to distract the Philadelphia batters. Stanky had done this against the Phils and Braves previously and before the game it was announced he would hold off this tactic today. The Giants played the rest of the game under protest following Stanky's removal. There's nothing in the rules to prevent such a maneuver.

Seminick incurred the wrath of the Giants as early as the second inning when he bumped hard into Third Baseman Hank Thompson. Thompson was knocked out and removed from the game. In the fourth, Seminick got on base on an error Mike Gollat then bounced to Alvin Dark who tossed to Rigney to force Seminick. Seminick slid hard into Rigney and the two swapped punches.

NEW YORK (AP)—The case history of retired world's heavyweight champions is just that they never come back. Thus, Joe Louis, whose last fight was more than two years ago, starts out with two strikes and a heavy income tax burden as he prepares for a comeback. The precedents are stacked high against the Brown Bomber. Gentleman John Corbett was the first to try a comeback. That was 53 years ago. He was only 30 at the time, yet he failed. Jim Jeffries tried one in 1910 and couldn't make it at 35. Jess Willard made a comeback in 1923 at 39 but two knockouts changed his mind. Jack Dempsey hit the trail in 1931 at 36 and quit after two years of barnstorming. Jack Sharkey, after idle two years, returned to the squared circle at 33 in 1935. He knocked out an aplynamed Unknown Winston in two rounds at Boston. The following year he lost, won and drew before his finale. It was a three-round kayo at the hands of Louis. More recently another ex-heavyweight champion, Max Schmeling, found that a fighter must fight in shape. He tried his comeback in 1947 at the age of 32, without success, of course.

## Ransom Ahead By 3 Strokes

CHICAGO, Aug. 12 (AP)—Texan Henry Ransom galloped ahead by three strokes today in the stampeade of money-hungry pros for the \$11,000 Tom O'Shanter pro golf meet's first prize.

The 39-year-old campaigner, whose former home is Dallas, forged a solid third round of 36 (71) in the "world" championship for a 54-hole count of 210. This was six under par for the regulation 36-hole course, trampled today by some 10,000 spectators.

Entering tomorrow's final round with second place good for \$5,000, Ransom also the halfway leader had seven tough stretch-drawing colleagues in combat with him.

Three taps behind him at 213 were Chick Harbert, the long-limbed Detroit'er who slumped into a challenge with 23 (54) and Chandler Harper, the 1950 national PGA champion from Portsmouth, Va., who posted a brace of 26c

# Colts Square Off With Big Spring

San Angelo's Colts, gunning for fourth place in Longhorn league standings, move into town today to open a two-game series with the wobbly Big Spring Broncs. Starting time of today's struggle is 3:30 o'clock.

At least two of three players who arrived in town last night are due to see action for the Steeds today.

The newcomers are Wilfredo Calvino, a veteran catcher; Pat Jimenez and Anthony Iglesias, both left handed pitchers and both rookies. (The Broncs already have a Tony Iglesias on their roster, that one a right handed hurler).

The Colts remain in town Monday night for an 8:15 engagement with Big Spring.

The Roswell Rockets pulverized the resident Broncs, 15-7, here Saturday night to sweep a two-game series from Pat Stacey's gang.

Luis Gonzales started on the pitching rubber for Big Spring but failed to retire a man. A terrific home run smash by Julian Pressley with two on sent him to the showers. Pressley later caught a cripple thrown by Jesus Uley and buggy-whipped it over the wall to account for his 16th circuit smash of the season.

Tom Jordan crashed one over the center field barrier with a mate on in the seventh to make it 32 for the season.

Round trippers by Potato Pascubi (his 16th) and Ray Vasquez (his first) saved the Hooses from an even more one-sided rout.

Frank Hill went all the way on the rubber for oswell, although he was touched for a dozen hits. He achieved his 19th win in the process, compared to nine losses.

Pressley was easily the hitting star of the night, with two doubles in addition to his two four mashes in five official trips.

Gabe Casteneda and Vasquez starred at bat for Big Spring. Casteneda collected a triple and double while Vasquez had a single in addition to his homer.

## Colts Purchase Two Pitchers

The San Angelo Colts of the Longhorn league have purchased Pitchers Bill Ewen and J. B. Mays from Lubbock of the WT-NM league, it was learned Saturday.

Outfielder Jesse Serrano was returned by Amarillo to San Angelo. Ewen won four and lost four for Lubbock. He is a limited service player. Mays owns a 3-3 record and is a rookie.

# McGlothin Hurls No-Hit Contest

SHREVEPORT, La., Aug. 12 (AP)—Pat McGlothin pitched a brilliant no-hitter here tonight against the Shreveport Sports as the Fort Worth Cats won, 2-1. Two first-inning Fort Worth errors marred his efforts and permitted the Sports one unearned run.

It was the first no-hit game in the Texas league this year.

McGlothin, 27 year old right-hander who lives at Knoxville, Tenn., retired 26 men in rotation from the first inning and on walked only one man—in the first inning. He struck out four. It was his third no-hitter in organized baseball.

DEL MAR, Calif., Aug. 12 (AP)—The Circle M Farm's War Poppy raced to a length and a half victory over the favorite Blue Reading, owned by Mr. and Mrs. C. Hirsch, in the \$10,000 added Coronado Handicap here today.

# Justice Is Named For Star Award

CHICAGO, Aug. 12 (AP)—Charlie Choo Choo Justice shifty sprinter who sparked the college football All-Stars to a spectacular 17 to 7 triumph over the Philadelphia Eagles, was named the most valuable all-star player today.

The flashy North Carolina half-back was selected by newspapermen who covered the game last night in Soldier Field. He outdistanced his nearest rival, Eddie LeBaron, College of Pacific quarterback, by a two to one margin.

Six other all stars, all linemen, received votes.

NEW YORK, Aug. 12 (AP)—The case history of retired world's heavyweight champions is just that they never come back. Thus, Joe Louis, whose last fight was more than two years ago, starts out with two strikes and a heavy income tax burden as he prepares for a comeback. The precedents are stacked high against the Brown Bomber. Gentleman John Corbett was the first to try a comeback. That was 53 years ago. He was only 30 at the time, yet he failed. Jim Jeffries tried one in 1910 and couldn't make it at 35. Jess Willard made a comeback in 1923 at 39 but two knockouts changed his mind. Jack Dempsey hit the trail in 1931 at 36 and quit after two years of barnstorming. Jack Sharkey, after idle two years, returned to the squared circle at 33 in 1935. He knocked out an aplynamed Unknown Winston in two rounds at Boston. The following year he lost, won and drew before his finale. It was a three-round kayo at the hands of Louis. More recently another ex-heavyweight champion, Max Schmeling, found that a fighter must fight in shape. He tried his comeback in 1947 at the age of 32, without success, of course.

### Roswell Stops Big Springers In 11 Frames

The Big Spring Broncos fought Roswell to a standstill for ten innings here Friday night. Then the Roswell Rockets edged in the 11th.

Tom-Tom Jordan's Rockets crowded four tallies across the dish in that frame to cap an 11-7 decision. Most of the damage came at the expense of Potato Pascual but Bertie Baez was saddled with the loss, having put the winning run on base before he exited in the 11th.

The winner was Dean Franks, old Bronco nemesis, who came on to spell Fred Parker in the seventh.

The Broncos played catch-up until the eighth, when Felix Gomez crashed out his tenth homer of the season with Baez on the basepaths to deadlock the count at 7-7.

Big Spring had numerous chances to grab the advantage, before and after Gomez's long blow, but couldn't make the ripple.

Five Bronco misplays paved the way for the Roswell win. Four of those bobbles came in the first four frames and helped to give the New Mexico club a 4-0 advantage.

Parker couldn't hold the whip hand over the Steeds, however, and Franks came on with the sacks jammed and none out in the seventh. The Hosses managed a rally in that canto but a double play rubbed out their chances of hanging up on Dean. The win billing was one of four the Rockets guided during the game.

ROUNDING THE SACKS—Pascual plainly showed the effects of a sore arm when he went to the mound, never once cutting loose with his famed fast ball. Felix Gomez, who has been on a batting rampage of late, collected four blows to up his season's average to .290. Manny Junco, another torrid hitter of late, crashed out two singles in four trips to push his mark to .302. Gomez has been hit 496 times officially, more than any other performer in the league, except Stan Hughes of Midland, and stands a good chance of beating Bobby Fernandez's all-time league record of 586, set back in 1948. Danny Concepcion allied a foul ball down third base way in the fifth inning that hit Coach Tony Iglesias in the "back of the lap". Junco used his speed to beat out a base hit in the second.

### LOOKING 'EM OVER

With Tommy Hart

If it's any consolation to local baseball fans, the Big Springers could finish in the Longhorn League cellar if they lost all their remaining games. . . Al Monchia, the Odessa Oilers' skipper, is hitting around 40 percentage points less this season than he did in 1949. . . Vic Michalec, a pitcher of the Big Springers in other days, has been shipped by the Roswell Rockets to Stockton of the California State League. . . Midland's Indians have released George Hart and John Dotson, rookie hurlers, who were kept very active in a recent series here. . . Charlie Grimm, the Dallas baseball chieftain, has a 20-year-old son in the Marine Corps. . . Big Spring has won 10 of 17 starts against Odessa this season, need only one more victory in the remaining four games to assure itself of a season's split with the league leaders. . . Odessa has never won a season's series from the locals. . . The Washington Senators, parent club of the Broncos, will hold their annual baseball school at Winter Garden, Fla., from Jan. 4 through Feb. 1. . . Sid Hudson, Early Wynn, Ray Scarborough and Gil Coan are among the name players who have graduated from there to stardom. . . Havana, Cuba, must be a sports writers' paradise. . . Eight per cent of all the gates in all Florida International League games played in Havana go to the scribes.

### Give Vasquez Time To Come Around

Give Cookie Vasquez time and he'll make the Broncos a valuable hand. Cookie rode the bench in Havana, wasn't in very good shape when he arrived here for that reason. But he's coming around and could be real poison in the playoffs, in event the Steeds get that far. Incidentally Vasquez has changed his stance in order to try to hit to all fields. . . Ray Miller, the Odessa lefty, had a nice pitching record of his own going into he hurled against San Angelo last Wednesday night, having pieced together a string of 27 scoreless innings. However, the Colts got to him for two runs in the initial inning. That was 13 1/3 frames off potato Pascual's mark. . . The Sweetwater Swatters have released Don Zehner, Gene Jaroch and LARRY Shaw, the latter an ex-Bronco.

The magazine Parade maintains the perfect hitter would have the brain of Eddie Stanky, the x-ray vision of Ted Williams, the biceps of Ralph Kiner, the wrist action of Joe DiMaggio, the forearm of Stan Musial and the legs of Jackie Robinson. Bert Baez came near returning to Havana recently, rather than Bert Garcia, Washington Scout Joe Cambria, who issued the order that sent Garcia home, was struck with Bert's know-how on the hill. His team mates thought Garcia lost confidence in himself, which is the reason he failed. A Roswell radio announcer said Pat Stasey would never get a cheaper hit than the one when he caught the second baseman out of position. He should know that all hitters consistently strive to take the enemy out of position.

### Aggies Gunning For Five Wins

Jim Wilson, the Pacific Coast league's "winningest" pitcher this season, lost his first five starts. He's with Seattle. The Alabama State League will respect an Aug. 21 closing date. The Texas Aggies, who have enjoyed lean pickings in a football way the past several years, have a motto that suggests better things: "Fifty-fifty (or better) in 1950." The Farmers play Nevada, Texas Tech, Oklahoma, VMI, TCU, Baylor, Arkansas, SMU, Rice and Texas in that order. Sixteen players being carried on Southwest Conference football rosters hail from schools now comprising District 3AA. They are George Cook, Steve Dowden, Walter Bates, Tommy Tucker, Glen Taylor and Hayden Fry, all with Baylor and all from Odessa; Howard Bennett, Baylor Midland; Ike Robb, SMU; Big Spring; Bill Richards, SMU; Midland; Bill, Bob and Tommy

Moonman, TCU, Odessa; Don Thompson, TCU, Odessa; Teddy Vaughn, TCU, Odessa; Byron Townsend, Texas, Odessa. Thompson will probably wind up at Odessa JC, however, as will Sonny Mobley, who attended Texas Western last year. Gordon Madison of Big Spring may attend school over there, too. Look for Maryland university to come up with a crack grid team next fall. In case you're interested, Odessa high school's Bronchos will play exhibition games with San Jacinto of Houston, Pascual of Fort Worth and Abilene at home this Autumn. Don't be surprised if the Los Angeles Rams turn out to be the surprise team in the National pro grid league. Clyde LeForce and Camp Wilson, who performed for the Detroit Lions in '49, are through with pro football. Wilson is in the steel business in Michigan.

### College All-Stars Upset Eagles By 17-7 Count In Grid Classic

CHICAGO, Aug. 12.—The Philadelphia Eagles, ranked as one of the greatest pro football machines ever assembled, were picking up their wreckage today. The All Stars ripped through the National Football League champions 17-7 before nearly 90,000 enthralled customers in Soldier Field Friday night. Sharpening the attack were 20-year-old Eddie Le Baron, the 165-pound quarterback from College of Pacific, and North Carolina's Charley "Choo Choo" Justice. Justice was every inch an All-America—a ball of fire lashing 133 yards in nine carries, including

runs of 47, 31, 28 and 12 yards. Justice, who has decided not to join the major pro ranks, herded the All-Stars on a 54-yard scoring drive in the first period. Ralph Pasquariello of Villanova punched over from the one-yard line. In the second quarter, Justice snared a 35-yard scoring pass from Le Baron, who was nearly trapped 23 yards behind scrimmage by several mountainous tacklers before squirming loose and spotting his receiver. Minnesota's Gordon Soltau placekicked both extra points and added the coup de grace with a 24-yard field goal in the final period. Just prior to the fielder, the Eagles appeared to be recovering with a 57-yard touchdown surge capped by Steve Van Buren's one-yard smash. Then they lost their steam again.

### More Merchants Offer Tickets

Tickets for the Merchants Night baseball game at Steer park, which will be played Monday, Aug. 21, between Big Spring and Ballinger, have also been made available to the public at the following business houses: Gregg Street Cleaners, Hull and Phillips Grocery, Firestone store, Rutledge Grocery, Fashion Cleaners, 7-Up Bottling company and Texas Electric Service company. Holders, who can obtain the ducats free of charge, have only to pay the 15 cent tax to gain admission to the park. Club officials are hoping for an all-time record attendance for that night.

Michigan State's basketball team began playing Notre Dame in 1908, but have only 18 victories to show against 45 defeats.

## Hawks Meet Knapp Today

### Loop Gonfalon Is At Stake

All the blue chips will be showing when the Howard County Junior college Jayhawks and Knapp's Lions tangle in a double bill at Coahoma, starting at 2:45 o'clock today.

The teams finished one-two in regular Tri-County league standings and now have advanced to the finals of the playoffs.

The first teams to win two games wins the title copped a year ago by HCJC. If a third game is needed to decide the titlist it will be played in Knapp a week from today.

The Hawks have three pitchers ready to go against the Lions. Howard Jones will probably work the first game and either A. J. Cain or Donnie Carter the second. The collegians will be at full strength with the exception of Floyd Martin, who has gone into

professional ball. The Hawks rallied to overtake Knapp in the regular race after getting off to a relatively poor start.

Such hitters as Harold Berry and Roy Baird and a fine defensive lineup make them a feared aggregation. Each engagement today will be limited to seven innings.

### Local Brigades Midland Foes

The luck of the draw will send one Big Spring team against another in the Midland Junior Chamber of Commerce softball tournament, which gets underway tomorrow night in that city.

Pitted Wednesday will be Roundtop and Texas and Pacific, both of Big Spring. Starting hour is 7:30 o'clock.

Roundtop finished first in City league play completed here recently. T & P was runner-up. Entry fee for the tournament was \$20. First prize has been advertised as \$100. A single loss eliminates a team.

T & P will make the trip already fortified with pitchers. Lee Shattell, Newell Derryberry and Winnie Cunningham will probably do the hurrying for the Railroaders.

### East Trims West

SAN MARCOS, Aug. 12.—The East beat the West, 37-34, Friday night in the All Star basketball game at the Texas Six-Man Football Coaches association school. Bill Barber, Prairie Lea, topped West and game scorers with 13 points.

Vigil Bennett of Forsan was a member of the West squad.

# BY THE WAR Short Cuts Taught To Auto Industry

By DAVID J. WILKIE  
AP Automotive Editor  
DETROIT, Aug. 12 (AP)—World War II taught the auto industry some manufacturing short cuts but it added little to the mechanical advancement of the motorcar.  
The importance of the war-developed production techniques, however, cannot be over-estimated. But for them we might be paying a minimum of \$2,500 for the lowest price automobiles.  
Many automotive engineers probably will challenge the assertion that the war added little to today's car. They will emphasize that the post-war automobile is far superior to the vehicle built before 1945. Nobody will deny this. It is true, though, that virtually all the mechanical developments of today's cars were blueprinted long before the last war.  
The engineers themselves will say they worked for years on today's high compression engines. They will tell you, too, that the newer type of automatic transmissions were in the experimental stage before Pearl Harbor.  
The power plants and additional automatic gear-shifting devices are the major advances apparent in the post-war auto.  
Many persons can recall the wartime predictions about the car of the post-war era. Some predictions verged on the fantastic. Soon after the war, it was suggested, the automobile would be a 100 per cent push-button job.  
There were going to be front wheel drives and car-engine models. There was going to be a car with a swinging rear axle to facilitate turns. A lot of experimental work was done with these ideas but they haven't materialized, in any car currently in volume production.  
Neither has anything else basically different from the models that were in production before the war. And nothing radically different is in prospect in the foreseeable future.

# White Asks Agriculture Council Aid

RUSK, Aug. 12 (AP)—John C. White, candidate for Texas agriculture commissioner, proposed today that an advisory council be set up to work with the commissioner.  
The youthful Wichita Falls candidate said all sections of the state, and all of the various agricultural fields, should be represented on a council "with clear-cut authority set out by law" to advise the commissioner.  
White spoke at a political rally sponsored by the Rusk Lions Club as part of its annual rodeo and fiesta.  
"The present commissioner has not sought the advice of the state's dirt farmers, and in fact has ignored that advice," he said. "I will want and need that advice."  
"Growers of wheat, cotton, citrus, peanuts, livestock producers, wool growers—all the facets of Texas agriculture—should be working with the commissioner. I propose that the Legislature provide for an advisory council and that the various agricultural organizations, as the governor who he should appoint. Then the commissioner won't be a king on a throne dictating to the farmers without seeking their advice."  
White charged that incumbent J. E. McDonald, his opponent in the Aug. 26 run-off primary, virtually killed the Cotton Council by overruling its recommendations.

# New York Bus Strike Ends After Two Days

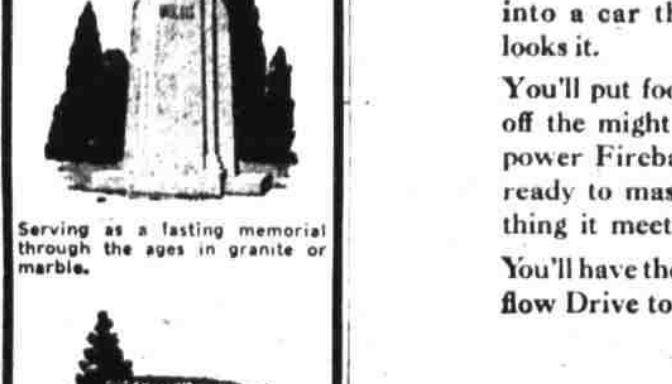

NEW YORK, Aug. 12 (AP)—A drivers on lines carrying 350,000 daily passengers was called off to two-day-old wildcat strike by bus day.  
Service was resumed immediately on the 16 affected lines.  
James O'Shea, Local 100 shop steward of the CIO Transport Workers Union, said the men went back to work "pending further negotiation with the company on their grievances."  
Neither the drivers nor management had complained that the vehicles were "dirty," but management said other union demands were also involved.

# 36 Men To Take Draft Physicals

Second group of men to be called by Draft Board No. 71 for pre-induction physical examinations will leave for Amarillo Wednesday morning.  
Two other groups are due to go to Abilene later this month. To make a total of 120 called by the local board since the outbreak of the Korean war.  
Thirty-six men are scheduled to receive examinations Wednesday, while two groups of 30 each will go to Abilene on Aug. 21 and Aug. 29, respectively.  
Men now being called for pre-induction physicals presumably will fill the local board's quota for induction calls expected in September and October.

# Houston Probes "Pay-Offs" Of Police Force

HOUSTON, Aug. 12 (AP)—Investigator C. L. Albertson of Dist. Atty. A. C. Winborn's staff has gone to another county to question a witness about reputed "pay offs" by cafe operators to Houston police officers, the Houston Chronicle learned today.  
More evidence on payoffs to a police sergeant has been obtained, City Atty. Will Sears said.  
Sears has taken a written statement from a Negro cook at a dine and dance place regarding a reported pay off.  
At the district attorney's office halliffs had a list of Houston police officers they are to summon before the grand jury. The jury convenes Wednesday to probe charges against a sergeant and a night police chief. Both were fired Thursday by Police Chief B. W. Payne after a conference with Dist. Atty. Winborn, Mayor Oscar Holcombe and City Atty. Sears.  
Police Inspector W. P. Haley released yesterday a "partial" list of places which he said an officer had ordered uniform officers to "pay off of."

# No Americanos May Perform In Mexican Clubs

LOS ANGELES, Aug. 12 (AP)—Mexico's Panchos and Pablos, Juans and Joses, have had their last look at a prime U. S. export—currys, long-stemmed chorus girls.  
The Mexican government has decided to enforce a law requiring night club performers to be of Mexican birth.  
This was disclosed Friday by Miss Ginger Lee who is head of the Ginger Lee Agency, annually contracts for hundreds of variety and vaudeville acts with south of the border cabarets.  
"The police tell the managers that they will be fined or penalized if they allow us on the floor," Miss Lee said her showgirls told her.  
"The Mexican consul general here confirmed it. It is a federal regulation in effect for some time. Monday they started enforcing it," he stated.

PATROLMEN SURPRISE ALLEGED SARECRACKERS — Jack H. Moore (foreground) and an unidentified companion in western garb (left) hold guns on two men they said they caught in act of burglarizing a drug store in Lubbock, Tex. Moore, co-owner of a bonded patrol, said the two suspects had cracked one safe and battered knob off another, released flood of tear gas which, together with warning shot from patrolmen, drove men from store. Charges of burglary and possession of narcotics were filed against Louis M. Murphy (standing against building) and Melvin Cecil Hodges (lying on sidewalk). # BIG MOMENT - with a Double Impact

It's a big moment when any new car rolls up to your door and you start out fresh and spanking bright. Think, then, what it's going to mean when that new car is a ROADMASTER like this one pictured here.  
You'll swing wide the door and slide into a car that's truly fine—and looks it.  
You'll put foot to treadle and touch off the might of a great, 152-horsepower Fireball straight-eight that's ready to master any road—or anything it meets there.  
You'll have the silken magic of Dynaflo Drive to simplify your driving,

ease your way. A handsome flexible steering wheel, automatic windshield washers, soft Foamtex cushions, and many other items that are "extras" elsewhere are standard equipment here.  
But even while you enjoy all that, you've a still deeper satisfaction enriching your pleasure.  
For here you have not only a fine car, but a sound and frugal investment as well.  
You have paid less per pound than any comparable car costs—and automotive men will tell you price per pound is the soundest measure there

is of solid, thoroughgoing merit. You've bought quality—top quality—all the fine things a fine car should provide. But you haven't spent a penny more than a fine car need cost. And that can mean a lot. For instance—  
Drop in on your Buick dealer. Try out a ROADMASTER. Match it, feature by feature and point by point, with any other fine car on the road. Then get the price.  
You may well find that you can get not only a new ROADMASTER for the sum you had in mind—but maybe a new fur coat for your wife as well!

FOUR-WAY FRONT

## Fine Progress Being Made On HCJC Buildings

Satisfactory progress on actual construction, and excellent response to requests that material be acquired early have been reported by architects on the Howard County Junior college building project.

All foundation work for the new buildings should be completed soon, said Olen L. Puckett, architect.

For the most part, Puckett said contractors have managed to approach schedules that were mapped at the outset of the job. In some cases schedules have been altered because of delayed shipments of materials, but not enough to seriously affect the overall project.

All three major contractors have acquired substantial amounts of materials and moved them to the building site. Both the plumbing and electrical contractors have

**NEW HCJC PLANT IN MAKING**—Workmen at Howard County Junior college's prospective new campus east of the city are nearing completion of foundation work for new buildings. Construction will "come out of the ground" in the near future. At the upper left of the picture is a frame building recently moved from the present HCJC site at the former Army Air Field. Building was moved by Busboom and Rath, general contractors, who will use it as a warehouse. It will subsequently be turned over to the college. The foundation will enable erection of an outside brick wall for the old building if the college desires. (Culver Photo)

and electrical contractors have quantities of materials on hand and ready for use, and shipments of materials for general construction are arriving periodically, Puckett said. College officials have expressed satisfaction with progress that has been made to date on the new plant, and the board of trustees is urging citizens to inspect the building project as it advances.

## OLD JACK FROST He Has A Lot To Say About Prices

By The Associated Press  
WASHINGTON, Aug. 12.—Jack Frost may have a lot to say about next year's supplies and prices of meats, dairy and poultry products.

Current production prospects for feed grains—the raw material for livestock product foods—are quite favorable. But an early frost, the Agriculture Department noted today, could change all this.

Unusually cool, rainy weather in some heavy corn producing areas during July kept this grain from developing as it should. Consequently, the later planted corn would be subject to damage from freezing weather.

Insects, such as the corn borer and grasshoppers, also pose a serious threat to the crop in some areas, the department reported.

Corn production prospects made virtually no change during July. Forecast at 3,168,000,000 bushels, such a crop would be a little smaller than last year's 3,377,000,000 bushels. But it would be sharply above a production goal of 2,627,000,000 bushels set by the department before the international situation raised needs.

A big reserve of corn from last year assures ample supplies for the current rate of livestock production. But any material cut in size of this year's crop could be expected to influence next year's livestock operations. Higher feed grain prices could well prevent a desired expansion in some lines.

A record soybean crop is indicated. This commodity has been in the news spotlight because of speculative trading in futures markets, whose prices have skyrocketed since the 1949 crop was harvested and sold by farmers. Soybeans are an important source of food fats.

The total volume of crop production this year is expected to be relatively large. The department said that if current prospects are borne out, the volume would be 24 per cent above the 1923-32 average and not far below the war and post-war average.

Included would be record crops of soybeans and sugar beets, a near-record crop of grain sorghums, well-above average outbursts of corn, oats, rice, sugarcane, cherries and hops, and slightly above average harvests of hay, potatoes, tobacco and apples.

## Murray Given Dem Nod Again

OKLAHOMA CITY, Aug. 12.—Johnston Murray today—for the second time—was officially declared winner of the Democratic nomination as governor in Oklahoma.

The State Election Board announced the official canvass of the recount showed Murray won by 960 votes.

The total vote was Murray 235,830; Coe 234,870.

The first official count of the July 25 runoff showed Murray won over William O. Coe by 1,969 votes. That was July 28.

But Coe demanded a recount in all 77 counties.

The election board refused. Coe appealed to the State Supreme Court and got the recount. It started last Saturday and was completed Wednesday night.

Murray is a son of former Governor William H. (Alfalfa) Bill Murray. Coe is an Oklahoma City lawyer.

The board certified Murray as the Democratic nominee.

Murray said "Thank you." He will oppose Jo O. Ferguson, Republican, in the general election. Ferguson is a newspaper publisher at Pawnee.

## Miss Big Spring Goes To College

Girls from first-grade age to college senior phase are in a hurry these days, getting ready for a new school season.

Typical of the collegiate group is Peggy Lamb, who wears the title of "Miss Big Spring" this year as a beauty contest winner. Peggy will be a freshman at North Texas State this fall. She plans to major in voice.

But right now the building of a campus wardrobe is uppermost in plans. Peggy has toured the Big Spring stores, with resulting "finds" pictured on this page. Her selections are examples of many choice items available in local shops and getting the attention of Co-Eds.

(All photos by Culver)

FOR SODA SIPPING between classes there is nothing better than this two piece corduroy outfit (right) of kelly green worn with a black broadcloth blouse. For costume jewelry, Peggy prefers plain ear clips and, of course, a charm bracelet.

HER FIRST FUR is one that can go to church as well as to football games! Peggy (at left) wears a three-quarters number of chocolate brown with a light tan shawl collar of muskrat. Her shoes of suede feature the popular ankle strap.

TEA TIME means a black dress. Above, Peggy models a dress of pebble crepe with beaded pearls and crystal at the throat. Long fitted sleeves and straight skirt with a slit in the back follow the style trend for this fall.

FOR THE 'BIG MOMENT' DRESS (above) there is nothing quite like nylon net over satin with rows and rows of tiny ruffles on the full skirt. This strapless formal could be any college girl's choice for the formal of the year.

READY TO HOP THE COLLEGE SPECIAL, Peggy chooses a suit of English tweed (above) that features big pockets and a suede belt. Her hat is of black beaver and she carries a fitted hand bag. For the trek between campus and home there is a four piece set of brown alligator grain luggage.

A SEPARATE SPECIAL is this corduroy skirt and suede cloth blouse with the cocked collar, pictured at right. The skirt can be worn with other blouses and sweaters and the same goes for the blouse.

CLASS HONORS go to this dress (left) of rust colored corduroy with imitation leopard collar and belt. For classroom shoes Peggy votes for these black suede loafers trimmed in leather of the same color.

## Wrong Time Of Year Is Right Time For Co-Eds To Do Spring Cleaning

The perennial spring cleaning and room redecoration will stage a surprise comeback at the wrong time of the year for all the returning college students this fall. Besides the wardrobe provisions and book and notebook supplies wise collegians will be planning to take back new ideas or at least ideas of a different color to brighten his or her room at school. The administrators may revarnish the halls of learning and prune the ivy crawling over the stone walls of the institution, but inside the dormitory rooms, it's up to the occupant.

Since unknown fish and absent-minded upperclassmen always lay siege to the campus stores as soon as they arrive, it is a good idea to take your basic decorations along in order to have an attractive dormitory home.

Whether you have good or poor taste in room decoration, the color scheme is all important. This should be worked out to blend wall, bed-spread rug and curtain hues. Even if you're planning to live in "artistic disorder," these can be chosen before you go. Be sure to check your choices with roommates. Color trouble may come right down to your corner wastebasket too. If you don't find it clumsy for packing, you can match that item up too by buying it before you leave. Campus

stores traditionally give souvenirs and household goods a price boost to catch the extra spending money floating around before everybody is pinned down to an allowance. If you are lazy, you can make your own wastebasket and save emptying it so often. A big ice cream container discarded by the drug store redone with left-over ketchup will allow you to match it with your other furnishings, and costs practically nothing.

Articles, not exactly decorative but necessary, are best taken along too, unless you will have a better opportunity at a club rummage sale after you get there. This miscellany includes such as brooms, shoebags, bookcases, and alarm clocks.

In most colleges, dorm mothers have a phobia against mutilated walls, and as a result, most rooms need a bulletin board (beaver-board or soft wood) to display pin-ups, souvenirs, and other collected loot.

It's almost like having someone from home around if you have a pet, either alive or stuffed, in the boudoir. That is the only pay-

chology that has ever been figured out on why college students have collections of "animules" ranging in number from menageries to zoos. If you have no favorite to guard the room while you are in classes, you might want to wait and get one with college colors and initials. If you have a turtle, horned toad, or goldfish you can't part from, then it's best to bring yourself on climactic conditions etc. before transferring it, or them.

And give heed to fragile or delicate radios or phonographs you plan to take. Some record collections and instruments just can't be transported except by a u. l. o. (Check with roommate again to see what equipment she's bringing.)

Some of the little touches of course, you'll want to add later such as ivy or pot plants. These can easily wait until you get there. And so it is with a lot of superfluous baggage.

When you're packing just remember you'll have to bring it all home plus the years' accumulations, sooner or later.

His sweater is of cotton and bears the ever favorite western design. Meiba June Smith, daughter of Mr. and Mrs. Jeff L. Smith, 902 Runnels models a pre-teen outfit which includes a gray blue gabardine skirt and nylon sweater of pale yellow. Her billed cap is of navy velvet. These hats are popular for her age group in felts and gabardine as well as velvet.

## College Plans Set By Local Students

By KITTY ROBERTS

Since the time is arriving when hundreds of Big Spring students will go back to school, it is about time to catch up on some of these.

Our college Freshman roster looks something like this: MONT Moad, HCJC; June Cook, Texas Tech; Betty Raley, HCJC; Howard Jones, HCJC; Omar Pughan, New Mexico Military Institute; Janelle Beene, HCJC; Deffie Mersworth, HCJC; Howard Washburn, HCJC; Judith Lawson, HCJC; Maxie Younger, Baylor; Cheesy Horne, HCJC; Joyce Chate, HCJC; Rita Wright, North Texas State College; Rodney Stagg, HCJC; Peggy Lamb, North Texas State College; Woody Wood, Kemper Military School; Booneville, Missouri; Larry Dillon, HCJC; Marilyn Carpenter, HCJC; Jackie Jennings, HCJC; Lou Ann Craighead, Baylor; Rolly Seawell, Texas Tech; Donald Wren, HCJC; Dee Jon Davis, Kemper Military School; G. H. Hayward, HCJC; Billy King, HCJC; Geraldine McGinnis, HCJC.

Some of our students are returning or transferring for their second, third and fourth years at college.

Kenneth Curry, who took his first year at Schreiner Institute is attending North Texas State College in the fall.

Jean Pearce is returning to North Texas for her second year, as is

Rose Nell Parks.

Kelley Lawrence chose to return to the University of Texas for his second year.

Billy Satterwhite is returning to Schreiner for his second year.

Jane Stripling, who spent her first two semesters at Southern Methodist University, is planning to resume her studies there.

Returning to HCJC are Char-lotte Williams, Jimmy Jennings, and Patsy Young.

Marilyn Martin is returning for her second year at TCU.

Charles Rainwater is returning as a sophomore to Tech.

Joyce Beene and Lynn Puster are both returning to Austin College at Sherman, Texas.

Sue Nell Nall and Mary Louise Porter will be entering Abilene Christian College in September.

Jean Robinson, an ex-Jayhawker, is starting in at North Texas State College at Denton.

Peggy Stringfellow is returning to Wayland College in Plainview.

Mary Evelyn Johnson is finishing her schooling in January at West Texas State College in Canyon, Texas.

## LISTEN CLOSELY!

Another weekend is here! Soon the Church bells will again tell us that it's Sunday morning.

How are we to spend this day? A picnic or an outing might be fun, or maybe a visit to Aunt Mary's. Of course, we can turn over and go back to sleep, or maybe we should complete that delayed chore. As individuals, we have these choices to make—and more.

But as human beings whose destiny is guided by a greater power, we have no choice. Our blessings and our very lives have been bestowed and not earned. They have been entrusted to our care while on earth, and they are not ours to squander or to abuse.

If you begin now to attend Church regularly and to support its work, you will want no other choice—for you will be turning an obligation into a great joy. As men and women, it is our divine privilege to dedicate one day each week to the glory of our Benefactor.

Listen to the Church bells ringing on Sunday morning! Listen closely, for this is a day of worship, of prayer and thanksgiving.

**THE CHURCH FOR ALL . . . ALL FOR THE CHURCH**

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake, (2) For his children's sake, (3) For the sake of his community and nation, (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

**New Liquid Kills Roaches and Ants**

**New Way to Kill Pests Discovered by Scientists**

ROACHES are the most difficult household pests to control, and they can be brought into any home from the market in a bag of potatoes or other groceries.

Science has just come forth with a new discovery that kills cockroaches and ants, and that stays effective for months. It is called Johnston's NO-ROACH coating.

It's just as simple and easy to use as it looks. You paint the coating on surfaces frequented by roaches and ants, woodwork near the sink, baseboards, garbage pails, window and door sills. When these crawling pests come in contact with this invisible, odorless, stain-

less coating they slowly become paralyzed, turn over on their backs with legs waving in the air, and die. Then the coating stays effective for months to kill any strays that get into the home and that walk over it.

Science has seen to it too, that this product contains no DDT, no sodium fluoride, and no phenol. Johnston's NO-ROACH is not a contaminating spray, or a messy powder. It is colorless, and may be brushed just where you want it, without having to move all your dishes and pots and pans.

Prices are 8 oz. for 89c, pint for \$1.69, and a quart for \$2.98.

tion when comes the time to start shopping tours for the college wardrobe. Why the excitement about clothes? Take a peek at some of the new trends and "understand" will be your middle name.

Focus an x-ray machine on the luggage of the gal catching the college special and this is what you will see in the way of fabrics: velveteen, seads of corduroy, wool jersey, suits of tweed and corduroy (again) and a prom-trotter of velveteen and one of fluffy nylon. Fabrics sound pretty but take a listen to these colors: Coffee and cream, cinnamon and toast, gold, gray, teal green, slate blue, chocolate brown and party black. Classrooms this fall will look like a color chart. Add in your shopping, don't forget plaid. Plaids come in shirts, blouses, dresses, coats (in the linings, too), shoes, bags and hats. Some are solid with just a touch of plaid here or there and some are plaid all the way.

Now, just a special word for the college classic—corduroy. It comes in suits, in jackets, in skirts and blouses. Mix it with other materials or wear it solid. There is no limit on color and style where corduroy is concerned so latch on to the fabric of the age.

When you start to shop don't forget your wardrobe extension plan on separates. Remember and get blouses, jackets, sweaters and skirts that can be mixed and matched in a jigsaw puzzle sort of way.

For classroom wear you will pack your skirts and sweaters and dresses of wool jersey. For the five o'clock tea, choose a dress of purple velveteen on black crepe with a pencil thin skirt. For the prom and party affairs you may want nylon-velvet or taffeta. Here is another case where separates can do wonders to produce a number of formal. Choose the kinds you can switch and this way you will reap more outfits. Don't forget a pair of blue jeans or two, they are still the vogue for picnics and hikes. For the 'long winter sleep' tommy coats take a heavy vote. Tommy coats come with full swing backs and can be had in three piece sets with the pajamas to match.

**Take Off Ugly Fat With This Home Recipe**

Here is an inexpensive home recipe for taking off unsightly weight and helping to bring back slender curves and graceful slenderness. Just get from your drug store four ounces of liquid Baracitrate. Add enough grapefruit juice to make a pint. These take two minutes to mix and a day. Wonderful results may be obtained quickly. Now you may slim down your figure and lose pounds of fat without back-breaking exercise or starvation diet. It's easy to make and easy to take. Contains nothing harmful. If the very best bottle doesn't show you the simple, easy way to lose belly weight and help regain slender, more graceful curves, return the empty bottle and get your money back.

Fire wagon red flannel short nighties dot the dorms, too.

For the style sidelines: hats are small and set back on the head, coats have fur trim, hose are sheer, shoes are of suede, both high and low heel, skirts are a wee bit shorter, so are hair styles.

Yes, the time is ripe to choose the wardrobe for the coming fall and winter, but one last word of advice: pick a basic wardrobe, but remember to allow moola for adding to your selections at a later date. Don't have all your fun in one hour, a new dress or a new sweater will give you a morale pick up when the original wardrobe starts getting that stale look.

**---Where to shop for what---**

**HELENS HINTS**

**PUSH THOSE FISH HOOKS OUT OF YOUR WAY**... drag up a sump and chat with me as I finish transferring the contents of our house to the family automobile. We're leaving on vacation! So help me... whether we're going to Coahoma or California, we always end up toting everything we own... plus a few essentials from the neighbors. I shopped early this week and encountered quite a number of college students stocking up on fall wardrobes for the coming school season. The better buys centered around:

**SANTA CLAUS IS COMING TO TOWN**... and even though his annual visit is still some time away, McCrory's are making certain he brings the best!! They're staging their annual August lay away sale on dolls, and as little as 39 cents assures the 'play' mother at your house the prettiest doll in Santa's pack. The Baby Belles with life like arms and legs have flexible arms and washable skin. Their frothy little dresses are lace trimmed and they are completely outfitted from their heeled to their toes. McCrory's dolls range from \$2.98 to \$18.98.

**THREE PIECE SUITS THAT ARE SET TO GO PLACES!!** These are the suits you'll find in the new-for-fall-and-winter collection at Zack's of Margos. Pick of the week is a worsted check, fabricated exquisitely in all-wool and a plenty good buy at \$58.50. The suit jacket is nipped in for a trim companion to the silhouette skirt while the top coat is fashioned with a wide sweep and full flare.

**THE KID'S SHOP SUGGESTS YOU** wise up like Mister Squirrel... and store away for winter. Their convenient lay-away plan is offered to customers who like the idea of outfitting their tots for the entire season on one shopping spree... and a good idea it is. When stocks are complete at the beginning of the season it's an open road ahead with no detours on substitutes. As you need Junior's togs (and as the budget allows) you pay them out with the shopper plan.

**ENJOY THE NEW FREEDOM FROM TIRING ARM-WORK** of cooking, baking, and meal preparation by investing in Sunbeam's finest... the Master at Hester's Supply company. Only Sunbeam gives you special advantages you seek when purchasing a mixer, plus such patented features as the automatic juice extractor and selector band whereby you dial your favorite recipe. At Hester's your Sunbeam retails for \$38.50.

**JUST THE RIGHT CARPET** poses a problem for shoppers here... but Elrod's Furniture store is fast remedying the rugged situation. Shopping Elrod's, learned that deep rich shades, muted contrasts and interesting patterns are the keynote to good taste in the newer floor coverings. Available is Mohawk's famed Grosvener in a grey pattern of carved frieze... This lifetime with-woven carpet is easily kept and sells at \$11.95 per square yard. Less expensive but equally beautiful is the two-frame Wilton pebble weave in solid colors. Ask to see Elrod's Axminster Carpet samples in loop pile intermingled designs that retail at \$7.50 per square yard.

**SECRET-RUCKY CANYON AND MOSS-PUMPKIN** are only a few of the heavenly hues used in the weave of the new matelasse upholstery fabric at Lucelle's Interior Decorators. Designed for bedspreads, chair and sofa coverings and drapes, the gorgeous new materials are ideal as cornices. The heavy cotton and rayon combination also comes in Hopi red with matching solids for contrast. Strictly modern are the metallic Purlotweeds and the metallic plaids for tailored surroundings.

**BETTER HURRY TO FURR'S FOR THE REST OF YOUR ALUMINUM!** I'm told that the local store will not re-stock this waterless cookware so that additional merchandise can be added to grocery stores. Only \$5 in purchase at Furr's prices and stocks are still good in various pieces. Made by Household Institute, utensils are molded of top quality cast aluminum with cool insulating handles. Buy now and save 40 to 50 percent of the actual cost.

**THERE'S AN INTERESTING BIT OF NEWS** behind the glorious chrysanthemums arriving now at Faye's Flower shop. From San Francisco, Calif., these elegant beauties are shipped in refrigerator cars to the local shop. Mums ordered on Monday arrive in Big Spring Wednesday morning fresh as the proverbial daisy. Thanks to a forced growing process in California hot houses, the buds are blooming early this year and supplies are abundant. With football season just ahead it's a good time to mark that calendar for corsages, made up especially in school colors with trailing satin ribbons.

**"DEAR MOM AND POP"...** THANK YOU SO MUCH FOR THE THOUGHTFUL GIFT and wonderful luggage. It's all the rage here at school and believe it or not... I didn't have to press a single thing when unpacked. That might well be an excerpt from an excited letter from home if your college coed is outfitted with Samsonte luggage from Zales jewelry store. Offered in six delightful colors, Samsonte has available these pieces: vanity and overnight cases, wardrobe, hat and shoe bag, gullman case, hand wardrobe, two suitcase, and man's companion bag.

**IF YOU'RE BUZZING OFF TO SCHOOL** come September, you'll want to remedy one problem right now... that of a personality haircut and permanent wave to see you through the rushed season of football games, sorority parties and other opening festivities. Any one of the experienced operators at the Settles Beauty Shop can give you a quick education in handling the smart coiffure they cook up especially for you. Make an early appointment for future assurance of good grooming with a minimum of care.

**UP-TO-THE-MINUTE NEWS IN THE SEASON'S FASHION** has scurried Mrs. Lina Fleweller, manager of Mi-Lady's Accessories, to Dallas where she will attend a three-day market. Her select line of lingerie, skirts and blouses, handbags, gloves and other smart accessories keeps mi-lady attired in the nation's smartest, and just such pop trips... assures the latest in seasonal selections.

**... back to school**

We choose this one-piece, fine pinwale corduroy with its smooth rib effect neckline, and pony-trim belt as our favorite of the season. You'll love its new sheath line, its smoothness all the way from tip to toe. Its a JACKIES NIMBLE—in beautiful shades.

# Newspaper Fight Between El Paso Dailies Enlivens Congressional Scrap Between Ken Regan, Paul Moss

By The Associated Press  
There's nothing like a good newspaper fight to liven up political scrap.

That's what is happening in the vast 18th congressional district of West Texas. Voters there will choose in the Aug. 28 second primary between incumbent Rep. Ken Regan of Midland and the challenger, District Judge Paul Moss of Odessa.

The El Paso Herald-Post is for Regan, a 57-year-old real estate man and oil operator seeking his second full term.

The El Paso Herald-Post is for Moss, a wealthy Ector County ranchman, lawyer, oil man and author.

They pull no punches. The Times says the Herald-Post editorials are "inconsistent and big-breasting." The Herald-Post's staff writer in Washington is dubbed "Hatchet Man" Marshall McNeil.

The Herald-Post studies Regan's record and says he owes like a Republican. The Herald-Post says Regan must share the blame for the Korean situation because he voted against economic aid to South Korea early this year. "Low blow," cries the Times, which says our military leaders didn't recommend the aid at that time.

Editors of the two newspapers can, if they wish, exchange glares close-hand. Both newspapers are published in the same building. Business, circulation and mechanical departments are merged. But competition for news, and difference of opinion in editorials, is brisk.

Editor of the Herald-Post, owned by the Scripps-Howard newspaper group, is energetic, able Ed. M. Pooley who punches a trenchant editorial typewriter. Editor of the Times is sage, friendly Wm. J. Houtelo, a West Texas old timer, who knows nearly everybody in West Texas, New Mexico and Mexico. General manager of the printing company which issues the battling dailies is Dorrence D. Roderick, well known in publishing circles throughout the country.

Regan and Moss have recognized the Korea-aid issue as one likely to catch the public eye.

Moss has said: "When South Korea needed help, he (Regan) voted no."

Regan says that economic aid at that time would have been folly. "I have seen \$200 million in planes dumped into China, only to be taken over by the Communists."

The newspaper wrangle has served to make Regan and Moss probably the most well-known of congressional contenders in the August campaign. The only other run-off primary for Congress is in the 18th (Panhandle) district, where Mrs. Altavene Clark of Amarillo and Walter Rogers of Pampa are sparring.

Regan carried 14 of the district's 19 counties in amassing an unofficial 22,280, to 18,022 lead over Moss in the July 22 first primary. In third place, with 8,921 votes,

was Fred Harvey, El Paso restaurant owner.

Moss calls himself a "middle of the road" man, politically. Regan doesn't classify himself but stresses his vote against "socialistic measures... including FEPC, socialized medicine, federal aid to education, repeal of the Taft-Hartley act." Moss says the Taft-Hartley law should be amended to set "a fair balance between labor and management."

Moss helped raise campaign money for the 1948 Truman campaign. That didn't make him popular with many anti-administration Democrats in Texas. But it did cement friendships with strong administration men.

Regan has made capital of the fact Moss made two unsuccessful

runs for district judge before being appointed to the bench. "When he was appointed to the office for which his people had rejected him," says Regan, "he immediately left the bench to begin campaigning for Congress."

Moss backers inserted a big advertisement in El Paso newspapers to answer that one. They said the only time Moss was not handling his own court work was when he was "exchanging benches with other district judges at their request to lend them assistance with their dockets."

Regan, 57, was born at Mt. Morris, Ill., attended Vincennes University in Indiana for three years, served as a Signal Corps flier in World War I, and then came to Texas. He moved to Pecos in 1920, became an oil wildcatter, Pecos mayor, and also acquired farm and ranch interests.

Tall and handsome, Regan is a good mixer. He was elected president pro tempore of the Texas Senate while a freshman member in

1933—an honor not usually accorded a youngster. He is a concise and very clear speaker.

Regan was in the Air Corps as an intelligence officer during the second world war. He went to Congress in 1947 after winning a special election to fill the vacancy created by resignation of Robert Ewing Thomason of El Paso, who was appointed to a federal court. Regan won his first full term in 1948.

Moss was Odessa's first city attorney. He held that post from 1926 to 1934. Older than Regan, Moss has been active in many fields. He has practiced law, raised cattle, written books, dealt in oil, and is president of Southwestern Broadcasting Corporation. His dozen books include "Little Church In The Valley."

Moss was appointed district judge Jan. 1, 1949, to replace Cecil C. Collins of Midland, who was advanced to the 11th Court of Civil Appeals. He is married and has two children.

### WOMAN HAD STOLEN SUGAR

NEW YORK, Aug. 12 (AP)—Three children rang neighbors' doorbells yesterday trying to sell two-pound bags of sugar for 25 cents each.

A housewife called police. The children, 8, 10 and 11 years old, led authorities to the alleged source of the sugar—Mrs. Mary H. Somers, 18-year-old mother of a two-year-old son, and her sister, Evangeline Harpst, 18.

Police said the two women got the three neighborhood children to peddle the sugar.

The sisters were arrested last night and charged with stealing about 30 pounds of sugar from an East Side restaurant which has been closed for the summer.

The children were not identified and no charges were placed against them. The women were booked on burglary charges.

### Navy Arm Shown By Chinese Reds

HONG KONG, Aug. 12 (AP)—Chinese Communists recently showed off a fleet of 15 to 20 warships in Shanghai—but it wasn't much of a navy by today's standards.

Eyewitness reports reaching here from Shanghai said the craft were anchored along the Bund during an "Army Day" celebration on Aug. 1. The fleet consisted of one destroyer, two destroyer escorts, one gunboat, one armed trawler and various landing craft.

Reports said the vessels probably were Japanese repatriation ships which were well-armed and had what appeared to be American-made radar. Landing ships (tanks) (LSTs) also were part of the fleet.

### British Lawmakers To Talk Defense At Sept. 12 Meet

LONDON, Aug. 12 (AP)—Britain's Parliament will meet Sept. 12 to discuss national defense.

The legislators recessed July 28 and were not scheduled to reconvene until Oct. 17.

Prime Minister Clement Attlee sent out the summons after a lengthy Cabinet session at which, it is believed, members held a wide-ranging discussion of Britain's defense position.

There were unconfirmed reports that the Cabinet is considering raising military pay and lengthening draftee service.

The Labor government has already laid down a \$9 billion rearmament program, but it is not believed to be far enough along for Parliamentary discussion.

### Reds Label Security Measures By America As "Atom Hysteria"

MOSCOW, Aug. 13 (AP)—The Communist Party newspaper Pravda reported today that Finns are angry at Americans searching Finnish ships for atomic weapons when they approach United States harbors.

It was the first public mention here of American searches of foreign ships, which the newspaper called "atom hysteria."

### Premier For Poles In Exile Is Dead

LONDON, Aug. 12 (AP)—Tadeusz Tomaszewski, 69, premier of the Polish government-in-exile died at his office last night. He had been suffering from heart disease.

Tomaszewski formed the exile regime in April, 1949, as a spokesman for the Polish nation "now oppressed by the Moscow-imposed communist regime." It has served as a rallying point for the Polish National Council, composed of Poles living in exile.

### RED RIDING HOOD AND MRS. F. D. R.

LENOX, Mass., Aug. 12 (AP)—Mrs. Franklin D. Roosevelt shared bows with Conductor Serge Koussevitzky last night at the final concert of the Berkshire Music Festival at Tanglewood.

Mrs. Roosevelt acted as narrator with the Boston Symphony Orchestra's performance of Prokofiev's "Peter and the Wolf."

With Dr. Koussevitzky, she was recalled several times for bows by an enthusiastic crowd of 8,800.

**TEXAS TODAY**  
**Little Church To Hold Homecoming**

By WILLIAM C. BARNARD  
 Associated Press Staff  
 A little East Texas church with only 50 members will be the shrine of Texas Baptist Sunday.

It's the Baptist Church at Independence, Washington County, established in 1839 and Sunday it will have its annual "homecoming."

The first co-operative Baptist work in Texas—the Union Baptist Assn.—was organized by this church in 1840. In 1945, Baylor University, now at Waco, was founded and built at the site of the Independence Church. And the same church, in 1854, baptized a great Texan—Gen. Sam Houston.

All the Baptist initiative of pioneer years of Texas history had its center at the Independence church. It was the early site for state Baptist conventions—10 conventions were held there. The convention's executive board nearly always held its meetings there. Mention some big name among early Texas Baptists more than likely, during his career, he led a worship service at the Independence church.

The original church building burned, but a duplicate was raised on the spot. Baylor University was moved to Waco in 1886. The old campus now is a state park. Frank E. Burkhalter of Waco, president of the Baylor Historical Assn., said his group is raising money to preserve the old pillars of the old campus.

The Rev. John A. Held of Houston, editor of the Gulf Coast Baptist, is president of the Independence Homecoming Assn. Speakers for the day-long program Sunday will include the Rev. J. L. Rayburn and Mrs. T. C. Jester of Houston, Judge Ray C. Crane of Sweetwater, son of a former pastor of the church and former president of Baylor, and Mrs. W. A. Wood and Mrs. Lily M. Russell of Waco.

Near the Independence church is the little creek where Sam Houston was baptized by Dr. Rufus C. Burleson, church pastor and president of Baylor.

An unconfirmed story is told that when Burleson and Houston waded into the creek, Burleson suggested Houston should remove his hip flask. Houston replied he thought it well to baptize the money as well as himself.

**Admiralty Probes Carrier Incident**

LONDON, Aug. 12 (AP)—A metal file has been found jammed in a boiler tube of the 23,000-ton aircraft carrier "Illustrious," but there was no damage, an Admiralty spokesman said today.  
 It was believed that a careless workman was responsible, but routine investigations are continuing, he said.  
 The warship is undergoing repairs at Devonport.  
 This is the third time this year Naval Intelligence has been called on to investigate accidents on the carrier. Once signal flares were found in the boiler room and another time water was discovered in the supply of aviation gasoline.  
 There have been other recent cases of damage to warships. Loose bolts were found strewn in the gearbox of the destroyer Cavendish, and sand was found in the bearings of the submarine Talyho while she was being retired at Devonport.

**GERMAN INDUSTRY Dismantling To Be Finished Oct. 1**

FRANKFURT, Ger., Aug. 12 (AP)—Western allied authorities said today that the dismantling of German industry will be completed by Oct. 1 except for one plant.

This coincided with authoritative reports that America, Britain and France are considering the industrial rearmament of the Germans to bulwark the western defense system.

Occupation officials said there has been no slackening of dismantling since the Korean war erupted. However, the tense international situation has forced consideration of the role German industry could play as a producer of West European armament.

Thus while one group of allied officials is pushing dismantling to a conclusion, another group is exploring ways to use German industry to shore up Western Europe against the Communist threat.

Allied officials said the dismantling program is so nearly completed that a stoppage now would have no effect on West Germany's industrial potential.

Only 44,000 tons of equipment remain to be dismantled in the British zone—home of the Ruhr. In the French zone, dismantling has ended. Only 1,200 tons remain to be yanked out in the American zone, the officials said.

**Registrants Under Old Draft Need Not Advise Status Change**

Some men past 40 and 50 years old who were registered under the World War II draft act are attempting to advise local boards of changes of address and status, although these draft boards have been out of existence for years, according to recent reports.  
 As a result, such cards and letters are flooding present local boards, the state Selective Service headquarters has reported.  
 "These men no longer have to advise of any change of address or status as the law under which they registered was terminated by Congress in 1947," said Gen. Paul L. Wakefield, state director of Selective Service.  
 The only men obligated to keep local boards advised are those registered under the Selective Service Act of 1948, which became law on June 24, 1948, it was explained.  
 "Any man who has registered with Selective Service in 1948-49-50 is obligated to advise his local board of address and status changes. Any man who registered with any local board prior to those years is not required to do so."

**Canine Veterans Not Obligated To Return To Duty**

WASHINGTON, Aug. 12 (AP)—Privately-owned "war dogs" which saw service during World War II have no obligation to return to active duty, the Army said today.  
 Many dogs were loaned to the Army by their owners during the war. They were used to guard depots and to go on patrols. Some of them became rather fierce and had to be "deprived" before they became tame enough to return to their homes and civilian life.  
 "Some of these canine veterans is to be recalled to active duty, an Army spokesman today reported.  
 "We have all the dogs we need now," he said.  
 The Army's own dogs have had a good many families since the war, he explained, and the regular canine crops now totals around 500.  
 These dogs are trained at Fort Riley, Kan. Trained dogs are stationed in Germany and Okinawa, and a number of sledge dogs are on duty in Alaska.  
 No dogs have been sent to Korea, the Army said. They will be dispatched there if requested by General MacArthur's headquarters, but the dogs—like U. S. troops—might have difficulty telling a South Korean Republican from a North Korean Communist.

Early, Complete Organization Vital To Success Of Chest

It is worth noting that Dallas, one of the major cities which consistently has had outstanding success with its Community Chest, has completed organization for its 1951 Chest campaign.

Imposition on the chairman. This was, we think, not due entirely to unwillingness on the part of the public.

The Nation Today—James Marlow

Confusion Could Result If Agencies Handled Controls

WASHINGTON. (AP)—PRESIDENT TRUMAN has left at least one American mystified. That's me.

But at least OPA was under one roof, with many branches scattered around the country, and under one boss.

MAYBE THE REGULAR DEPARTMENTS—like Agriculture, Labor, Commerce—could do the job successfully.

SUPPOSE THE PRESIDENT GAVE A future OPA job to the Commerce Department. It would have to recruit businessmen, experts in their special fields.

AND DAILY GROUPS AND INDIVIDUALS TROTTED DOWN TO Washington an OPA, asking special consideration.

Take wage controls. Suppose, instead of a war labor board like the one we had during the war, the Labor Department itself took over the job of holding down wages.

Sentiment To Aid Chiang Now Increasing, Survey Reveals

By GEORGE GALLUP, Director, American Institute of Public Opinion. PRINCETON, N. J., Aug. 12—Washington's changed attitude today toward Chiang Kai-shek, who is now slated to receive war materials and equipment, is closely in line with a changed attitude on the part of the American public toward re-arming Nationalist China.

The vote was 25 per cent in favor, 44 per cent opposed and 31 per cent no opinion. The MacArthur Visit. The issue of aiding Chiang was captured into the news last week by the visit of Gen. Douglas MacArthur to Chiang's headquarters in Formosa.

Spotlighting A Week Of News

New Chapter Being Written In Korea As UN Troops Move Over To Offense

Five bitter weeks, steady retreats one after another, disheartening setbacks in men and material—that was the story of the Korean campaign during its initial stages with American participation.

SEN. CLAUDE PEPPER

On the other side of the world, at Lake Success, N. Y., the United Nations Security Council still is stymied by what President Truman called a Soviet "filibuster."

WINSTON CHURCHILL

The Reds, however, managed to exert tremendous pressure on South Korean troops defending the northern line, but the defense appeared to be lightening.

Affairs Of The World—DeWitt MacKenzie

Korean Stalemate By Soviets Could Break Open UN Group

LONG CONTINUANCE OF RUSSIA'S obstructive tactics in the United Nations might have the ultimate result of breaking the peace organization wide open.

charges are pure bunk. The UN members know it's bunk, because they have charged North Korea with aggression and have called for UN nations to give military aid to the southern Koreans.

THE MALIK TACTICS AT FIRST blush seem like school-boy stuff—and in a sense they are. Yet the manner in which they are employed by the shrewd Muscovite representative makes for the propaganda which Russia wants to spread throughout the world—and especially in Asia.

MEANTIME, OF COURSE, MALIK'S tactics are hamstringing important activities of the peace organization. Indeed, if the Russian crusade of obstruction continues it may, as already remarked, result in breaking the UN wide open.

Editors' Roundtable

Russian UN Conduct Confirms Belief Reorganization Needed

A considerable minority of editors feel that the conduct of Russian Delegate Malik, since returning to the Security Council, confirms the earlier expressed belief of Herbert Hoover that the U. N. should be reorganized without Russia.

The general impression is that the problem could be taken to the General Assembly. But Malik has given more than a hint that the task of dealing with Soviet propaganda and maneuvers is not going to be a short or easy one.

PHILADELPHIA (Pa.) INQUIRER (Ind-Rep): "Malik can, and undoubtedly will, veto efforts in the Security Council to halt any new acts of aggression elsewhere by Russia, or any of its stooges."

#### Old-Timers To Meet At Roundup At Colorado City

COLORADO CITY, Aug. 12. — (Sp) The annual reunion of Mitchell County oldtimers will be held August 17th, the second day of Colorado City's 15th Annual Frontier Roundup and Rodeo, according to Mrs. E. A. Barcroft, president of the Mitchell County Pioneer Association. Mrs. Barcroft is an old-timer herself, having come to Mitchell County in 1909. Mrs. Barcroft built the Barcroft Hotel in 1916 and although Mr. Barcroft died in 1928, Mrs. Barcroft continued to own and operate the hotel until 1947.

The oldtimers' reunion has been a red letter day for Mitchell County and still is, tho it has become incorporated into the four day Rodeo celebration. This year, Mrs. Barcroft has plans for a full day of entertainment at the Legion Hall at the corner of Third and Chestnut. Registration will be held all day. An old timer's contest will be a feature of the morning, and the three judged to be the best will play that afternoon from four until six. Three square dance teams will perform, the Tom Burris Team, the Wiley Kinard team and a team well known as the Girls Team. Dr. Harry A. Logsdon's Colorado Cowhands will play and a group of pioneer grandchildren dressed in period costumes will sing John Chapman, son of L. A. Chapman, will give a recitation of "Down on the Plantation." As a climax to the afternoon, prizes will be given to the oldest and youngest present, the old timer longest in the County and a travel prize for the old timer traveling the longest distance to be present.

Mrs. W. F. Taylor of Brawley, Calif., and Mr. and Mrs. Jack West and family of El Centro, Calif. are here visiting their mother Mrs. Roy Eddins. Mrs. Eddins is in the Big Spring Hospital recuperating from a major operation.

**OAKIE DOAKS**

PRINCESS POMONA HAS GOTTEN OAKY AWAY FROM PRINCESS PATINA AND IS BRINGING HIM BACK TO THE ROYAL CASTLE...

IS YOUR FATHER REALLY PLANNING TO SELL THE KINGDOM?

YES OAKY! AND IF HE DOES I'LL NEVER BE QUEEN!

AND NEVER WEAR THE CROWN JEWELS!

AND NEVER BE ABLE TO MAKE YOU KING!

GOOD! THAT I COULD TAKE, POMONA!

MEANWHILE, IN KING CORBY'S OFFICE...

YOUR EMINENCE! WHY TALK THE SWORD?

I ALWAYS PUT IT ON THE TABLE WHEN I TALK BUSINESS, YOUR MAJESTY!

"Quickies" By Ken Reynolds The Thrill That Comes Once in a Lifetime

HAVE YOU SEEN A LITTLE FOX TERRIER? HE HAS A BLACK SPOT OVER HIS LEFT EYE

HE WENT THATAWAY, STRANGER. I RECKON YOU'LL FIND TH' CATTER DOWN IN THAT ARRANGING NEAR TH' REAL ESTATE OFFICE

AIRING A RECENTLY ACQUIRED WESTERN LINGO

"... most profitable cat we ever owned - seven times we've sold her with a Herald Want Ad and she always comes back home."

## Colorado City Prepares For Roundup, Rodeo

COLORADO CITY, Aug. 12—(Sp) August 16th, will mark the opening date for Colorado City's 17th Annual Frontier Roundup and Rodeo with the rodeo parade scheduled to move out at 6 p.m. on that date. Sheriffs poses and bands from neighboring towns have been invited and in addition, floats prepared by local townspeople and hundreds of horses will pass in review. Mitchell county pioneer, Mrs.

B. F. Dulaney is preparing a float featuring the frontier theme, the Zetaganian Study Club will have a wagon and the Tananka Camp Fire Girls will enter a float depicting Oregon scenes. The Mitchell County Federation of Women's Club will have a car with banners, the Jayceettes are preparing a float portraying a swan, while KVMC, the Voice of Mitchell County, will be represented by an elderly Buick, painted fire engine and topped with a small replica of the antenna mast which rises on Colorado City's west hills. Other floats are being prepared. Prizes of \$20, \$30, and \$50 will be given for the top 3 floats prepared. The parade will start from the street in front of the courthouse and will move thru second street, and on out to the Rodeo arena located at the east edge of Riddick Park.

## Western Concert Draws 5,000 At Colorado City

COLORADO CITY, Aug. 12—(Sp) Colorado City home talent and KRBC's Hillbilly Circus combined to play before an overflow crowd of 5,000 in Colorado City's Riddick Park amphitheatre Friday night. With Colorado City's 15th Annual Frontier Roundup and Rodeo less than a week away, western music featured the evening program.

The program was opened by Dr. Harry A. Logsdon and his Colorado City Cowhands, including A. T. Broadwell, Senator Pat Bullock, Oscar Smith, Virgil Morgan, Harry Railiff, Lester Watson, and Bob La-water. Other Colorado Citizens appearing on the program were the square dance teams with the Wiley Kinards, the Joe Mosers, the Paul Hunters and Lottie and Raphael Harris, also from Colorado City was Les Watson and his Skyriders, a local western band and Frances Prexcott, guitarist.

Out of town talent featured, the Hillbilly Circus with Raymond Odum, Gene Stansbury, Fay Martin, Slim Willett and the Blue Sage Boys. Willett is a composer and sang some of his songs.

LIL ABNER

BY AL CAPP

20,000,000

I CAN'T SLEEP THINKING OF THE DIRTY TRICK WE PULLED ON THOSE 'EARTH PEOPLE'—LEAVING THAT MONEY-HA-HA THERE!!

What is a Money-ha-ha?

—It's a perfectly ordinary critter from whose ears comes nothing but money. The inhabitants of Pincus No. 2, having more intelligence than human beings, have gotten rid of it knowing that money is the root of all evil.

GOODNESS KNOWS HOW MUCH MONEY WE GOT ALREADY!!—THOUSANDS!!—MEBBE EVEN HUNDREDS!!

LE'S GO SPEND IT!! MONEY IS TH' ROOT OF ALL PLEASURE!!

WE'LL LEAVE TH' LIL MONEY-HA-HA HERE, TO AMOOZE ITSELF IN ITS OWN PROFITABLE LIL WAY!!

AH!! I'LL PLUG UP BOTH ITS EARS, SO IT WON'T LEAVE NO TRAIL!!

MY!!—IT'S GITTIN' HEAVIER!!

GASP!!—UGH!! AH CAINT S-STAGGER ANOTHER STEP!!

OH, TH' PORE LIL MONEY-HA-HA!! ITS EARS IS ALL CORKED UP!!—IT LOOKS READY T'BUST!!—IT'S HAVIN' A FINANCIAL CRISIS!!

THAR, NOW—YO'LL FEEL BETTER IN A MINUTE!!

POD!!

WE GOT QUITE FEW MILLYUN DOLLAHS NOW, THANK YO, WE WON'T NEED NO MORE FOR A FEW WEEKS!! STOP!!—PLEASE STOP!!

BAH-H!!—HE WON'T STOP!!—HE GOT NO CORN-SIDER-AYSHUN FO' US!!—AH HATES BEIN' A MILLYUNAIRE!! IT'S A STRAIN ON TH' BACK!!

TH' PART AH HATES IS NOT GITTIN' NO SLEEP!!—STAYIN' UP ALL NIGHT, GUARDIN' THIS MONEY—AN' TH' MORE YO' GUARDS IT, TH' MORE YO' GITS T' GUARD!!

Vic FLINT

by Michael Stanley and Ralph Lane

WHAT GIVES, PRINT? YOU TELL ME YOU'VE BEEN SLUGGED, YOU TELL ME LIBBY LANG ROUNDED THE BODY OF A GUY NAMED LIMPY LORENZO. WHAT'S IT ALL ABOUT?

ALL I KNOW IS THAT A POMPUS LITTLE FAT GUY INVADDED MY OFFICE AND ASKED IF I'D SEEN A MAN WITH A LIMB.

THEN THE FAT GUY WHACKED ME WITH A GUN BUT AND KNOCKED ME COLD.

I FOUND VIC COMING TO, AND HEADED FOR THE JANITOR'S CLOSET FOR SOME WATER...

...BUT WHEN I OPENED THE DOOR, OUT TUMBLED THE BODY!!

I'M SURE THAT'S WHO HE IS, INSPECTOR. LIMPY LORENZO--A BIG LIQUOR RACKETEER HERE TILL ABOUT A YEAR AGO.

SO THIS LIMPY MUST HAVE BEEN THE LIMPING MAN MY FAT FRIEND WAS TALKING ABOUT.

OKAY, WE'LL ROUND UP EVERY FAT MAN IN TOWN. BUT NOW YOU TWO COME BACK TO THE STATION FOR STATEMENTS.

WE CAN COME BACK LATER, LIBBY, TO PICK UP OUR THINGS.

Meanwhile, at the parther club...

SO CHESTY PIGEON TAPPED THIS YEGG WHILE HITHER TAUGHT LIMPY MUMBLETY-PEG. ALL THIS GOES TO INDICATE WHAT HAPPENS WHEN YOU MEDDLE WITH THE SYN-DI-CATE!

SWELL, HITHER! OUR PATRONS WOULD GET A BELT OUT OF THAT LITTLE DITTY--IF IT WASN'T SO STRICTLY PERSONAL!

WELL, LIMPY'S DEAD--AND I GO RIGHT ON WITH THE SHOW LIKE NOTHING HAD HAPPENED.

AND DON'T YOU WORRY, WE'LL BRING IN WITNESSES WHO SAW YOU FEEDING THE PIGEONS IN TIMES SQUARE THIS AFTERNOON, IF NECESSARY.

JUST ONE THING BOTHERS ME--WHERE DID I LOSE MY FAVORITE ZITHER PICK?

Batey...

WE'VE GOT EVERYTHING NOW, LIBBY, BUT WE'D BETTER TRUDGE DOWN THE STEPS IF YOU'RE IN A HURRY. THE NIGHT JANITOR NEVER HEARS THE ELEVATOR BELL.

THAT MEANS WE'LL BE USING THE SAME PATH HMPY'S MURDERER ESCAPED BY, DOESN'T IT?

GROUND FLOOR!

WHAT'S THAT THING CAUGHT IN THE DOOR?

# RUSTY RILEY

SOMETHING WILL HAVE TO BE DONE ABOUT BIG BLAZE TONIGHT! IF I DON'T KEEP HIM OUT OF THAT RACE, CORRY WILL GET ROUGH.

WELL, COME ON, TAFFY... IT'LL LOOK FUNNY IF WE STAY AWAY FROM THE PARTY ANY LONGER.

I'LL HAVE TO FIND SOME EXCUSE TO SLIP AWAY AND PHONE CORRY... HE MAY HAVE A SUGGESTION.

OKAY... NOW GET BACK TO THE DINING ROOM... I'LL BE THERE IN A MINUTE.

I THINK I SAW A MAN'S WALLET STICKING OUT OF THE POCKET OF ONE OF THOSE COATS ON THE SOFA!

I S'POSE I SHOULD'VE STAYED IN THERE WITH THOSE COATS AND THINGS, BUT I'VE GOT TO SEE TEX OR MR. MILES AND TELL THEM WHAT I HEARD!

AH! I THOUGHT SO! THIS IS MY CHANCE TO FIX THAT INSUFFERABLE RUSTY, AND I MEAN FOR GOOD!

PATTY! I'VE GOT TO SPEAK TO YOUR FATHER! WILL YOU ASK HIM IF I CAN SEE HIM? - IT'S AWFUL IMPORTANT!

JEEPERS! WHAT'S THE MATTER RUSTY? SURE I'LL ASK HIM IF I CAN FIND HIM...

HERE'S DADDY, RUSTY. I FOUND HIM.

GEE, MR. MILES... I HAD TO SEE YOU! MR. AND MRS. ALLERDYCE ARE PLANNING TO DO SOMETHING TO BIG BLAZE!

LOOK HERE, RUSTY... YOU... AND TEX... ARE IMAGINING THINGS!... THIS IS ABSURD!

PLEASE, MR. MILES... I'M NOT IMAGINING! I HEARD...

THAT'S ENOUGH, RUSTY! TO HUMOR TEX, I'M SENDING BLAZE TO THE TRACK IN THE MORNING... NOW DON'T LET ME HEAR ANY MORE ABOUT IT!

GOLLY! WHY WON'T MR. MILES BELIEVE ME? TEX HAS THE NIGHT OFF... I'LL HAVE TO HANDLE THIS ALONE!

JEEPERS! THAT'S MRS. ALLERDYCE GOING INTO RUSTY'S ROOM!... NOW WHAT COULD SHE WANT IN THERE?

THIS IS SOMETHING FOR THE HISTORY BOOKS! AN INDIAN MEETS THE BEAUTIFUL DESCENDANT OF THE SPANISH EXPLORER WHO CONQUERED HIS PEOPLE!

YOU SAY CAPTAIN FERODEZ MURDERED YOUR PEOPLE, RED MAN, BUT HE NEVER RETURNED FROM THE NEW WORLD, AND WHY? BECAUSE YOUR ANCESTORS MURDERED HIM!

TRUE, MISS FERODEZ! LEGENDS SAY HIS CRIMES WERE AVENGED, BUT THE PROPERTY HE TOOK WAS NEVER RETURNED!

THIS MAP MAY SHOW WHERE IT WAS HIDDEN, SO I'M PUTTING IT IN A SAFE PLACE!

THAT IS A WISE DECISION, CAPTAIN EASY! PERHAPS LATER YOU WILL DECIDE THAT IT BELONGS TO ME!

MAYBE, MISS FERODEZ! AND MAYBE NOT!

LATER-- HOWDY, SHERIFF! WHAT BRINGS YOU OVER FROM THE COUNTY SEAT?

I'VE GOT SOME BAD NEWS FOR YOU, EASY!

ONLY MARSHAL BAGWELL KNOWS THE COMBINATION! HE WON'T BE BACK TILL TOMORROW!

NIGHT--

IT LOOKS A MITE HEAVY TO CARRY ON HOSSBACK! I RECKON I'LL HAVE TO STAY HERE AND WATCH IT ALL NIGHT!

AND YOU'D BETTER TURN IT OVER TO THE SHERIFF RIGHT AWAY!

TOO LATE, PIOBERRY! I JUST LOCKED IT UP IN THE SAFE!

AN EMISSARY FROM CAESAR! STRANGE! I'VE HAD NO REPORT OF A SHIP IN FROM BRITAIN!

I SWAM OVER, SIR! CAESAR HAS NO SHIPS! HIS FLEET WAS COMPLETELY DESTROYED!

EH? CAESAR'S FLEET DESTROYED? WHY-- THAT COULD MEAN DISASTER FOR THE GENERAL!

YES SIR! THAT'S WHY I'M HERE! HE MUST HAVE SHIPS-- OR PERISH!

AH! A PITY THAT CAESAR'S BONES SHOULD ROT IN BRITAIN!

WHAT? WITH ALL THOSE SHIPS OUT THERE IN TH' HARBOR?

SHIPS? I HAVE NO SHIPS... TO SEND CAESAR! DO YOU WISH TO MAKE SOMETHING OF IT?

I DO...

AND I WILL!

ALL RIGHT, GENTLEMEN, NOW LET'S GET DOWN TO BUSINESS!

I MOVE LEGIONNAIRE COP BE PROMOTED TO GENERAL OF TH' ROMAN NAVY AND DISPATCHED TO BRITAIN WITH ALL AVAILABLE SHIPS IMMEDIATELY!

DO I HEAR ANY NAYS?

OKAY, THEN TH' MATTER IS SETTLED! CONFERENCE ADJOURNED!

GOOD MORNING, GENERAL!

**Synopsis:** HAP-ATLA SWORE ON HIS FATHER'S DEATHBED THAT HE WOULD TAKE AND RULE THE LAND OF THULE. HIS WELL-LAID PLANS COME TO NAUGHT BEFORE A SEEMINGLY EMPTY CASTLE THAT DEFIES CAPTURE, AND THE ARMY HE SHOULD HAVE SURPRISED IS BEHIND HIM RAIDING HIS OWN KINGDOM.

THEN ALETA MAKES FRIENDS WITH HIS QUEEN AND LEADS HER INTO THE CASTLE!

WITH GREAT GALLANTRY, HAP-ATLA LEAVES THE PEACE CONFERENCE AND ENTERS THE CASTLE IN SEARCH OF HIS WIFE. IN ALETA'S APARTMENT HE FINDS HER TRYING ON GOWNS.

HIS BRAVE GESTURE ENDS IN A WAVE OF CONFUSION AND EMBARRASSMENT.

EVEN THE MOST PATIENT AND DUTIFUL OF QUEENS CAN LOSE HER TEMPER. . . . "AND," SHE ENDS, "I AM STAYING HERE UNTIL YOU SETTLE YOUR OLD WAR. AND HAVE MY BABY SENT IN TO ME. ALREADY HE HAS THE SNIFLES FROM SLEEPING IN A DRAFTY TENT!"

AS HE BACKS AWAY, ALETA GIVES HIM A PARTING SHOT: "YOU CANNOT TAKE THIS FORTRESS; THE WARRIORS OF THULE ARE BEHIND YOU. . . . SO YOU WILL PAY FOR EVERY BIT OF DAMAGE YOUR NONSENSE HAS CAUSED. YOU WILL KEEP YOUR ARMY HERE UNTIL OUR MEN HAVE RETURNED TO THEIR HOMES. THERE IS TO BE NO MORE FIGHTING. . . AND TELL KING AGUAR DINNER WILL BE SERVED IN AN HOUR!"

HAP-ATLA STRODE INTO THE CASTLE A WARRIOR KING. . . . HE COMES OUT LIKE A SMALL BOY CAUGHT IN SOME MISCHIEF.

KING AGUAR SMILES. "I KNOW JUST HOW YOU FEEL," HE SAYS SYMPATHETICALLY. "SHE HAS BEEN RUNNING MY KINGDOM EVER SINCE SHE CAME HERE!"

"BUT COME, SIR, WE MUST NOT KEEP DINNER WAITING. EVEN KINGS CAN GET A SCOLDING. . . . AS YOU NOW KNOW!"

NEXT WEEK - A Vow Is Kept.
